The Secret History of the International Court of Justice  
VII

**The third International Court of Justice trial  
over the suspect**

**I-A**

The following reconstructs the operation of Homeland Security CO chief and the Secret Society women against the “suspect” and the associated International Court of Justice trial from 30 October to 12 November, 2015.

The Secret Society women consist of (as of November 2015): ANG (Angelina Le Beau Visage: G), KRN (Kiersten: J), SDW (Maura: M), Dr P (Pettersen), and the German Lady (Karin: K). Along with auxiliary members such as the female victims of the suspect’s vandalism (Pamela (PD), JW, DRCRR, and others), Aamoy and his LUG buddies, etc.

The new convention should be noted again. IP addresses that are traced during the rewrite (i.e. more than 6 years later) will simply be marked with \* instead of being noted in a footnote.

**RESUME**

In the preceding we have seen that, no sooner has the suspect got out of jail and reactivated his website than ANG and the rest of the Secret Society women file a stalking claim against him at the TMU, fully confident that the TMU would this time be forced to validate the victim status of both her and her companions; that the TMU has (under the Invisible Hand’s direction) immediately demonstrated that they shall not do so; and that the Secret Society women then almost lose their battle in the defense of Joao (GR). We are now in a new phase, and it shall begin with the TMU’s dismissal of ANG’s stalking claim along with the Homeland Security warning about the suspect – putting the Secret Society women right back to where they have started.

Here are the essentials in the period under consideration here:

**30.10:** 8 AM, Dr P instructs her husband David to report on “ANG’s naked picture” from Starbucks, Westwood.

**31.10:** Homeland Security CO chief wants the suspect to search for the German Lady’s information online.

**01.11:** did the TMU send in “Chris”?

**02.11:** the TMU dismisses the Homeland Security warning, and the previous ICJ trial is at risk of being reactivated again. Shocked, the Secret Society women are now back to their perennial task of mobilizing volunteers to brainstorm.

**03.11:** the Secret Society women mobilize volunteers to brainstorm. Midnight: Marine's website is unavailable.

**04.11:** the Boss' family intervenes, and the DGSE officer gets ready too. ("Nostratic Pantheism.")

**05.11:** ANG calls up Angel in the morning and the Boss' family becomes heavily involved. (The German Lady's German language meetup.) Many volunteers from the Chicago region start focusing on "asmatpoles.jpg". Past midnight, Dr P's husband David again.

**06.11:** SDW discusses the suspect with the Israelite and another German volunteer. The suspect gets paranoid about the SS women's impending meeting with the DA.

**07.11:** both SDW and ANG discuss the suspect's chapters about them with volunteers, and Ekaterina wants to get the North Korean government to complain about the suspect.

**08.11:** did North Korea intervene? Midnight, Homeland Security CO chief has the suspect watch the important documentary on the FN.

**09.11:** the DGSE officer starts debating with the CIA/ TMU. The "cybestalking" of SDW. The big fuss about "asmatpoles.jpg" in the Chicago region. Before and after midnight, the TMU sends in Aamoy and Shizuka to sabotage the Secret Society women's business with the French.

**10.11:** given the failure of the French to validate the Homeland Security warning about the suspect, the Russians begin discrediting the chapters which the CIA would use as evidence against them. Homeland Security CO chief then instructs the Secret Society women to complain to Microsoft, and even Dr P's husband David has participated. Then the Boss' family also intervenes. Past midnight: the "Marine" essay.

**11.11:** the Secret Society women begin reporting to "Marine". The Boss' family joins in too. But the CIA then demonstrates to the French that the suspect wants to use his fake suspect status to share his theories with America's enemy, and the French are again unable to validate the Homeland Security warning. Homeland Security CO chief thus instructs the Secret Society women to go meet with the DA in order to be able to intercept the DA's affirmation of their testimonies about the suspect into the ICJ as evidence. The German Lady cancels her meetup. From midnight onward, SDW brainstorms with volunteers.

**12.11:** the Secret Society women call up the DA to set up an appointment for the 13<sup>th</sup>. Homeland Security CO chief prevents the CIA from bringing the suspect's recordings into the ICJ as evidence. Past midnight: the DGSE instructs the Partisans to let the suspect in.

### **30 October (Friday)**

First, a note about the suspect. He leaves home 8:30 AM. He's at Cal State LA to attend the job fair. Congresswoman Judy Chu is there. 11:15 AM, at Chrysalis. He gets another pair of shoes. 1:15 PM, at Regency Bruin for the job interview. It merely lasts 5 minutes. The manager obviously has no interest in the suspect. He will not get the job, but he's not too upset. He stays at Starbucks the whole afternoon. He again uploads his "Marine" essay to his Gmail account for backup. 9:30 PM, he's at Zinque. It turns out that there is no French gathering at all, and no sign of Omar. He's increasingly worried about the alert which the Secret Society women would supposedly want law enforcement to broadcast about him. (This is not the case.) He returns to Starbucks, Westwood.

The strange thing is that this is the CISCO volunteer we have last seen on 25 October, and yet he is at the Starbucks in Westwood Village! (This is the Starbucks' AT&T IP address.) 16 seconds later, he comes back to the Gallery:

107.85.105.83 - - [30/Oct/2015:09:00:32 -0600] "GET /gallery/official-pmotw-ring-seal.gif HTTP/1.1"

WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/46.0.2490.80 Safari/537.36"

This is why we know that this is Dr P's husband David. On 8 July, 2018, David posts a picture of a famous sign from this Starbucks on his Facebook page – he must have been at this Starbucks that morning around 9 AM. We should therefore not be surprised by the fact that he was also there on the morning of 30 October, 2015. In fact, it must be Dr P who has sent him there – so that he would frequent this Starbucks from now on – because she knows that the suspect hangs out there almost every night.

He's evidently here to make a special (false) report to the TMU saying (again) that the suspect does have ANG's naked picture on his website.

Is this part of the Secret Society women's operation?

**31 October (Saturday)**

The third ICJ trial over the suspect, I-A  
Lawrence C. Chin  
Aug. 2016; rewritten Jul. 2022

First, a note about the suspect. He passes the night in Westwood Village and wakes up 6 AM. Starbucks. 9:30 AM, he's at Ackerman. He checks his website from there (Googling the German Lady's name, etc.). Lunch. 11 AM, he takes a nap in the TV lounge. Around 12:05 PM, he's awakened by a campus police officer. "Are you on probation? Do you have unpaid tickets?" But the officer doesn't check the suspect's ID. The suspect leaves, and checks his website again in Ackerman Bookstore. Then, Starbucks, Westwood. Then, storage. He puts in DVD-484 and 486, and takes out his Toshiba. He comes home by 5:45 PM. Then, his Asus' charger begins to malfunction. Then he's on Talk Shoe.<sup>1</sup> He's at home all night. Almost 11 PM, he searches online again for the German Lady's new information.

Now the Secret Society women's operation on the suspect's website for today. 5:22 AM,

The last time was 8/ 9 October. Note that the HK Hacker has stopped after “Karin’s Meetups”. We assume this: because the TMU is about to dismiss the Secret Society women’s stalking claim and throw out the Homeland Security warning about the suspect, the women are looking for new evidence to

justify the stalking claim and the warning. They are looking specifically to see if the suspect might have updated the German Lady's name (since they do know that the suspect knows that the German Lady has changed her name in order to avoid people's Googling for her name and coming upon the suspect's story). If the suspect did update the name, then that's proof that he *does* intend to use his website to harass his women victims (so that the stalking claim is valid).<sup>5</sup>

<sup>5</sup> Of course the suspect has never updated any names in his story. But is this why Homeland Security CO chief has wanted the suspect to search for the German Lady's information online yesterday?

## **2 November (Monday; ANG/ the stalking case dismissed)**

When the suspect arrives in Union Station around 12:30 PM today, he sees a woman sitting at a table reading something. She looks so much like ANG. But of course the suspect doesn't dare check her out. He turns around and leaves. He then spends the whole afternoon in the downtown area. Chrysalis or Starbucks. After men's group, he comes to Angel Brewery. Then, home.

We have already recounted today's important sting operation in our "Summary-2020-7" (and those before that as well). As their final step in proving that the Homeland Security warning about the suspect is false – and that the Secret Society women themselves know it to be false – the TMU asks ANG to run a sting operation on the suspect. They ask her to use her (or her companions') "psychic power" again to predict where the suspect will be at what time and then instruct her to be there as a way to test the suspect, to see if he will go bother her as she claims he will (since he's supposedly obsessed with her and dying to harm her). Not knowing that this is a trap, ANG does likewise. She thus comes to the Union Station to wait for the suspect to appear. Since the suspect didn't bother her, the TMU promptly dismisses the Homeland Security warning along with ANG's stalking claim. The Secret Society women are now about to go into a frenzy.<sup>6</sup>

Again, merely a screenshot of an IP address trace (mail.airport.kg). Since, by this time, the TMU would have already dismissed the Homeland Security warning about the suspect so that there is now evidence in the ICJ putting the previous ICJ trial at risk of being reactivated, we have to wonder whether it's Homeland Security CO chief and the Russians who have together orchestrated this visit – in order to produce some temporary evidence (that the suspect's website is indeed full of pornography) to lock up the previous ICJ trial for the time being.

3:33 PM, somebody is visiting from Ackerman (using the iPad on display):

169.232.212.172 - - [02/Nov/2015:16:33:20 -0700] "GET /thermex2.html HTTP/1.1" 200 568

AppleWebKit/601.1.46 (KHTML, like Gecko) Version/9.0 Mobile/13B143 Safari/601.1"

41 seconds later:

169.232.212.172 - - [02/Nov/2015:16:34:01 -0700] "GET  
/scientificenlightenment1/generalrelativity.pdf HTTP/1.1" 200 3984677

What's going on? Recall that the suspect was visiting his website on Ackerman's iPad on the 31<sup>st</sup>. It seems that somebody is at the moment checking out the iPad and opening up the suspect's website from the browser's cache. Did Homeland Security CO chief instruct an Ackerman employee to do this? To produce some temporary evidence?

Again, he stops at “Karin’s Meetups”, just like yesterday. It seems that it’s just the German Lady wanting to check one more time to see if the suspect has updated her name (one last chance to save the stalking case). But of course – no!

The third ICJ trial over the suspect, I-A  
Lawrence C. Chin  
Aug. 2016; rewritten Jul. 2022

First, a note about the suspect. He arrives in Union Station around 11 AM. Bail Hotline. Then he's at Casbah, until 4 PM. A strange black man wearing earphones and carrying nothing comes to the bus stop with the suspect. (Is Homeland Security CO chief running surveillance on the suspect now that he's in trouble again?) The suspect comes to Urban Ministry to volunteer. Almost 7 PM, he's at the Forum. Stephanie didn't show up for the third time. The other Stephanie is here, and the suspect sits with her and Angela. Mike has come back from Greece. The suspect leaves on 9:17 PM. Home. Around 2 AM, Marine's website is inaccessible. (More no this later.)

Now the Secret Society women's operation on the suspect's website for today. 4:04 AM, 69-176-142-200.stellarbb.com, East Lansing, Michigan,\*

This volunteer was just here yesterday morning. He continues to brainstorm how to prove to law enforcement that the suspect did plagiarize.

The third ICJ trial over the suspect, I-A  
Lawrence C. Chin  
Aug. 2016; rewritten Jul. 2022

First, a note about the suspect. He arrives in Casbah past noon. Soon he begins to be troubled by severe headache. He spends two hours applying for jobs at FedEx. He is sitting next to a white female who is a journalist. He leaves on 6:30 PM or so. He attends the Draw Anything LA Meetup. He leaves on 9:30 PM or so. Severe headache all night. He misses the Silver Streak, but then catches up with the Silver Line which is more than 5 minutes late: almost 11 PM. Then he almost misses the last 282 bus at El Monte station. Sick, he immediately goes to bed upon arriving home.

Now the Secret Society women's operation on the suspect's website for today. 4:26 AM,

This Israelite volunteer was last here on 10 October, 9:40 PM and 9:51 PM. On that day he was also  
looking for the same chapter: the Secret Society women have assigned him to this chapter. Note also  
that, today, he is using his phone rather than his Linux laptop, and with a different IP address as well.  
12:39 PM, he comes again:

Again, just to brainstorm how to prove to American law enforcement that the suspect has indeed  
developed delusions about his women victims' going after him (gang-stalking him), just as the  
Homeland Security warning has claimed.

It's up today! By this time, the same DGSE official has of course also got the bad news that evidence has again appeared in the ICJ making it possible for the CIA to reactivate the previous ICJ trial. He shall thus make use of the suspect's growing fascination with Marine to save the Homeland Security warning.

This "SHWI" seems to be either some sort of Internet Service Provider or an organization of manufacturers' representatives. If the latter, then the Secret Society women would have again recruited a volunteer from the strangest place in the world to brainstorm how to falsely report the suspect for plagiarism. (This volunteer would have then received the link to the image in his company email account.)

<sup>8</sup> Today's recording is: "sickChrysaisupset\_11\_5\_15\_256PM.MP3": 1:06:00, in Chrysalis. 1:45:00, with Tanisha. Just the job thing. The suspect cries when he has learned he has answered questions wrongly at the FedEx application yesterday. Then he continues to lament about how he would not be able to find a job and would soon get sent back to jail. 2:47:00, the suspect leaves Tanisha. 2:54:00, the retention group. 9 We have to wonder whether this volunteer is in fact Angel (Velasquez). See the Hacienda Heights visits on 20 and 22 December next year. Is Angel a MAC person? If this is Angel, then she's visiting because ANG has just told her the bad news: after all this time, the TMU has dismissed the Homeland Security warning about the suspect once more. ANG will then be asking Angel if she can figure out how to convince the TMU that the suspect did paint ANG naked in this painting.

This volunteer, using a proxy to disguise himself, is asked to examine the suspect's crazy postings on the Prison Planet forum in order to see how all this could be used to convince the TMU that the Homeland Security warning about the suspect is accurate. He then clicks on this link – is he examining the suspect's grand "delusions" about the Great Boss?

Around this time, somebody leaves a comment for the suspect's movie "126" – it's not clear whether this is related to the Secret Society women's operation:

YouTube video player showing a video titled "Patron : \"Je n'aime pas les Arabes\" - Complément d'enquête 8 octobre 2015". The video content shows a hand pointing at a green board with the text "COI INTERIM". A red banner at the bottom of the video reads "Complément d'enquête : Touche pas à ma bagnole ! 29/10/2015". The YouTube interface includes a search bar, an "Upload" button, and a notification panel on the right. The notification panel shows a comment from "226 (1989)" with a video thumbnail and a comment from "關根竜一" stating "This is just fiction that is related by the actual incident. Not truth". The browser's address bar shows the URL "https://www.youtube.com/watch?v=mu5e6CZL2Ak". The Windows taskbar at the bottom shows various application icons and the system clock indicating 10:08 PM on 11/5/2015.

This seems to be the same CISCO Houston volunteer (108.171.132.160) we saw on 25 October, 5:14 PM, and 30 October, 8 AM (when he was somehow at the Starbucks in Westwood). Namely, Dr P's Husband David. How did he end up in Florida today? Since this same IP address, upon later tracing, would turn out to be Target's, perhaps David is not in Florida today but simply in a Target store (perhaps we have an error here).<sup>12</sup>

---

12 Then the question is: what is he doing in Target in the middle of the night? Since it's stocking hours, perhaps he works in a Target store.

## **6 November (Friday)**

First, a note about the suspect. Early morning, he's at the Goodwill recruitment and interview. Worksource. Then, Starbucks, Westwood. He's in a good mood. But soon he discovers what he thinks is the Secret Society women's new agenda. His mood is dampened. He's now barely able to concentrate on anything. Then he discovers all these men's rights websites. (A lot more about this is to come.)

13 The recording for this late afternoon: "strbkwstwdDerrick\_11\_6\_15\_401PM.MP3": Starbucks. The suspect calls somebody at the courthouse: not there. He calls the court again and asks how to change his public defender. Then, Ms Warren's supervisor. Out, 1:49:00. 1:51:40, siren. 1:53:50, back inside. There is no talk with Derrick at all. Instead, see the next recording, "Derrick\_11\_6\_15\_850PM.MP3": 1:20:10, while the suspect is on the bus, Derrick calls. The podcast over the weekend, and whether Derrick is about to form a new group. The suspect complains about DeDe and her participation in the "gang-stalking" enterprise against him. Then the Secret Society women's operation. Then the activism of TIs who are not from FFCHS. The suspect asks about Beltram, Dr Hall, and the Euro-group. Then, the suspect's court case. Then the Secret Society women's operation again. 1:49:30, the call ends.

The search terms are again about “gang-stalking”, and he’s most likely here to brainstorm how to prove to American law enforcement that Homeland Security is indeed right about the suspect’s delusional belief that his women victims are gang-stalking him. Since this documents contain SDW’s relatives’ names as well, we might wonder whether SDW has also wanted him to report that the suspect is harassing her family members here.

Another volunteer from Iraq!

Around this time, the suspect has also discovered “Antimisandry”. He also registers an account here (“vivreendehor”). He then continues to explore other online men’s rights resources. Then, he discovers the earlier visits from the Secret Society women. Panicking, he quickly removes the documents “timelinepartIII-s.pdf” and “11\_08\_81.pdf” from his website. He also messages “Biggs” on Prison Planet Forum asking him to remove his earlier postings about the Secret Society women there. The suspect is developing a wrong idea here: not knowing that the Secret Society women are more concerned with proving to any law enforcement authority that the Homeland Security warning about him is correct (in order to preserve their status as “victims” and “expert witnesses”),<sup>16</sup> he believes that they are simply here collecting evidences in order to get ready to meet with the DA in his vandalism case.<sup>17</sup> This is why, as noted, he starts getting depressed, seeing grave troubles coming his way.<sup>18</sup>

16 And of course the suspect also doesn’t know that Homeland Security CO chief, as well as Ekaterina on the Russian side, is entirely concerned with the reactivation of the previous ICJ trial – should the warning in question be proven false.

17 Since the suspect’s wrong ideas are summarized in his blog posts during this period (here, the blog post for 08.11.2015), we shall not get into the details here.

First, a note about the suspect. He wakes up still upset about the Secret Society women's latest operation. (He doesn't know that he has misunderstood the situation.) Storage. DVDs put in: 487 and 489. He leaves 2:30 PM or so, in a very bad mood. He can't concentrate on reading either. Starbucks, Westwood. He works until 8:30 PM. Home.

Now the Secret Society women's operation on his website for today. 4:28 AM, Jamia Millia Islamia University New Delhi, Noida, India,\*

8 November (Sunday)

First, a note about suspect. In the morning, he's at St Sophia. Then, Starbucks, Westwood.<sup>20</sup> By 7 PM, he has become terrified that the Secret Society women will get him arrested tomorrow: his finger would hurt when this thought comes up. (It seems that it's just Homeland Security CO chief and the Monkey trying to drive up his paranoia in order to prompt him to say something crazy.) He leaves 8:30 PM. Home. Then, a little past midnight, he watches on Youtube Canal Plus' special report "FN: L'oeil de Moscou". This documentary is about how a Russian front bank has once lent 11 million Euros to the National Front (the FN). The suspect is surprised to learn that the FN is far more deeply into the Russians than he has ever thought. This is however no accident: from monitoring the suspect's Internet connection, Homeland Security CO chief does know that the suspect is almost finished with his "Marine" essay, which would be a chance for the DGSE to step in and create evidence that the Homeland Security warning about the suspect is true. To prepare for this, Homeland Security CO chief wants the suspect to watch this video first in order to build up his "obsession" with Marine. However, while the video might be cause for the French to demand access to the suspect's online accounts, the TMU/ CIA team would use this as ground for refusal: "He is pro-Russian, and so pro-FN. He aims to benefit Marine. He means no harm." Meanwhile, the suspect is so worried about the Secret Society women's upcoming actions that he is unable to fall asleep.

---

20 The recording of the first half of the day: "strbkwstwd\_11\_8\_15\_1226PM.MP3": The suspect has just arrived in church. 1:01:00, the service done, out. The suspect greets Phil. 1:09:30, Johanna. The suspect complains about the Secret Society women: "The women that are going after me... so aggressive... they want to remove my website..." Again, the suspect doesn't yet understand the Secret Society women's real agenda. 1:29:30, Johanna is almost 39. 1:35:00, about the Bible in different languages. 1:48:00, discussion about literature-reading. Johanna has just read *Brave New World* on her phone! 1:51:30, the suspect talks about his "hypothetical scenario" about a "US government plan" for a microchipped society. "The ultimate good is not happiness, but the development of one's potentials." 1:57:20, the suspect mentions he's reading Marine's book and proclaims he loves her. (*The French would love to hear about this!*) Then the conversation is unintelligible due to the loud music. 2:17:00, the suspect is walking Johanna to her car. The suspect recounts how he wants to be an activist and describes the "targeted individuals". Then, MUFON. 2:21:00, the suspect bids Johanna goodbye. 2:22:00, with a woman briefly, and then the suspect leaves. (Reviewed until 2:38:00.)

This is the Kind Edward's Witley Independent Co-Educational School. Plagiarism.

Thus, just before the DGSE is about to take action, the Secret Society women are merely mobilizing volunteers to continue to brainstorm – mostly about how to prove that the suspect did plagiarize so that at least one thing can be said to be true in the Homeland Security warning about the suspect.

## 9 November (Monday)

First, a note about the suspect. He wakes up past 9 AM. He doesn't feel like going to Worksource due to severe anxiety associated with (what he thinks is) the Secret Society women's upcoming assault. Casbah. Then, 3 PM, Chrysalis. He cries to Tanisha about Secret Society women's actions.<sup>21</sup> Then he comes to Starbucks and does a Google search on SDW. A suspicious Hispanic guy having two cellphones seems to be a surveillance agent watching over him. Indeed! This must be what's going on. The same DGSE officer has at last raised an issue about the suspect's "obsession" with Marine this morning using the Homeland Security warning about the suspect as a way to cause some temporary evidence to enter into the ICJ. Then, while the TMU/ CIA is debating with him about whether this Homeland Security warning is correct, Homeland Security CO chief sends in this surveillance agent (having instructed the Monkey to remotely control the suspect to "cyberstalk" SDW right at this moment) so that the DGSE officer can point to this instance and say: "The women's claim that he is stalking them because he is obsessed with them is correct! He is cyberstalking one of them again! The Homeland Security warning is correct! Marine does have a case!" When the suspect returns to Chrysalis for dinner, he is reprimanded by George. Afterwards, he goes to Urban Ministry and has another talk with Fr. Bob about his "problem". Fr. Bob is incredulous. Has Homeland Security warned him? Most likely!<sup>22</sup>

- 
- 21 The first recording of the day is: "chrysaliscry\_11\_9\_15\_1133AM-536PM.MP3": the suspect is at the bus stop. A suspicious Hispanic male is next to him. (Homeland Security surveillance? Very likely, given the intervention from the DGSE officer this morning.) 4:50, on the bus. 6:20, Goodwill (Santa Monica) calls: an interview is scheduled. 45:30, the suspect is connected with Ms Warren: how ANG and her companions will go to the DA to request the addition of a stalking charge. Is there a way to tell the DA that the materials in question are already removed? (Again, the suspect doesn't quite know that his scenario isn't correct.) Ms Warren just asks the suspect to take his website down. 54:00, Ms Warren hangs up, completely uninterested in the suspect's concern. 1:13:00, off the bus. 1:16:50, the suspect tries to call Ms Warren's supervisor for the second time. 1:37:00, on the bus again. 1:39:00, the suspect calls Fr. Bob but doesn't leave a message. 1:40:20, he is connected with Ms Warren again. He claims he needs more time with her in order to explain things about ANG and then asks about the possibility of changing lawyer. Ms Warren gives him her email address. 2:14:00, off the bus. 2:26:00, in Casbah. 3:58:00, the suspect has left and is on the bus. 4:30:00, in Chrysalis. 4:47:00, the suspect talks to Fr. Bob on the phone. About whether to come in tonight. 4:51:00, the conversation is over. 5:16:00, the suspect is talking to somebody and, immediately, he goes in with Tanisha. He describes how the Secret Society women are about to "launch a major assault" in his vandalism case: "They are all going to the DA to add a new stalking charge." Worksource, Monday, 9 AM. Then the suspect goes on talking about the Secret Society women's operation on his website and how much time he has to spend everyday checking their visits. Tanisha asks him to leave and he starts crying. 5:38:00, he's out. 5:43:00, loud siren. In Starbucks.
- 22 The second recording of the day is: "mensgrupFrBob\_11\_9\_15\_537-1049PM.MP3": The suspect is still in Starbucks. On 27:10, the suspect asks the surveillance agent why he has two phones. Then, he's out. 35:30, in Chrysalis. George wants to talk to the suspect about his outburst earlier. The suspect almost cries again. "People going after me trying to get me convicted." The suspect explains. 1:13:00, after everyone has eaten, men's group. 2:10:00, the suspect is out of men's group. 2:19:00, on the Metro. 2:30:00, on the bus. 2:42:50, the suspect is at Urban Ministry. 3:12:00, a brief chat

with somebody. 3:16:00, Fr. Bob shows up. The suspect explains his predicament with the Secret Society women – he doesn't know that his scenario is not quite correct. "I can only survive when the authority is relatively sophisticated... but here the DA and the detectives are all so dumb... the system is so biased toward women... women can say anything..." Then he describes the Secret Facebook Group with thousands of people in on it. Fr. Bob is incredulous: "You portray a classic persona of somebody with paranoid schizophrenia." And yet Fr. Bob doesn't even understand what the suspect is saying: "Thousands of people on a website..." In reality, *tens of thousands of people from all around the world* are already participating in these secret Facebook groups or secret online canals devoted to discussing the suspect: the reality is far worse than Fr. Bob is ever willing to believe. By 3:53:10, the suspect bids Fr. Bob goodbye. He now knows that all his worship of Fr. Bob as a great person has come to naught: this man, even though he's quite educated, is still not smart enough to understand the suspect and his problems. The suspect will gradually give up on Fr. Bob as a trustworthy confidant. (Reviewed until 3:58:30.)

This is "Saving GR, Part II". 11:42 PM, he comes back to the front page:

Almost two minutes later, he's directed to look for the letter to UNHCR-WA:

Having downloaded it, he is then asked to check out the suspect's recent portraits:<sup>23</sup>

Aamoy has spent 10 minutes on the suspect's blog. We can easily understand what's going on. Now that the DGSE is involved, the French diplomatic protection service asks the Secret Society women for their "expert testimonies" again about this suspect on Homeland Security's watchlist. After the volunteers have spent a whole day reporting how the suspect has plagiarized, Aamoy is mobilized. To confirm for the French that the Homeland Security warning is correct, he is instructed to report on the suspect's harassment of him by blogging about him. But there is no mention of him on the suspect's new blog. And so, instead, the Secret Society women ask him to report on how the suspect has been motivated by his delusions to write letters to the UN and how he has been prompted by his obsession to blog about SDW and Marie. These should confirm for the French that Homeland Security is all right about the suspect. However, since Aamoy is an informant for the TMU, we can expect him to then report to the French behind the Secret Society women's back that these women are committing this and that fraud. This is how the CIA will have disabled the DGSE's attempt to save the Homeland Security warning about the suspect.

## 10 November (Tuesday; the “Marine essay”)

First, a note about the suspect. This morning, he’s late for his interview. While on the bus, he calls, and is able to change the interview time to noon. Finally, he’s at Goodwill for the interview. Well done this time. Then, he’s in the SM library. He sees the Swedish math woman again. Then, Starbucks, Westwood. He’s now in a better mood, even after checking the log. He emails Ms Warren.<sup>26</sup> Past 6 PM,

---

26 His long email runs thusly: “Hi Tammy, I haven’t finished the summary about the Law Library woman Angelica’s past actions with me. I have to first inform you on the current development of the daily battle between her group and me online. As I have told you, she and her companions have been sending 10 to 20 people to my website to collect evidences every single day since I was released from jail. Before it was regarding the two other cases which this Angelica has against me concurrently with our vandalism case. (You already know about one of them.) It has been very troublesome, because my website is so large that it has several hundred folders and webpages, so that I don’t always remember what I actually have on my website. When I removed some materials, I usually wouldn’t delete them, but would store them in non-public archived folders. To dig for things she wants to use as evidences against me, she and her friends would contract computer hackers overseas to use hacking software to discover and gain access to the non-public sections on my website. And then, when I discover it, I would have to manually delete them. Tracking their activities and removing materials would cost me 3 to 4 hours each day. It has become a part-time job. It seriously impedes my effort to find employment, for which I would spend another 2 to 3 hours per day. Meanwhile, she and her friends have already cached the entire content of my website more than a dozen times over, in the past three years. By earlier last week, the two other cases have either run out of steam or been settled, and yet Angelica and her friends have never accomplished their objective, which is to get me convicted of stalking and cyberstalking and remove my website. And so they are about to bring their issue about my website to our vandalism case, the only open case. By Sunday, I have posted on my blog a description of what they are about to do in our vandalism case. This is what I usually do as defense, since, whenever they plan a new round of assault, they will also check my blog to see if I have discovered what they are planning and blogged about it. And, if I did, they would then change their plan. Please look at this latest blog post on my blog describing what they are most likely planning to do in our vandalism case: <http://lawrencechin2011.com/blogs> What they are planning to do, I fear, is very very serious. The only question is

whether the DA will accept their arguments and evidences. I'm asking you to take 5 minutes to read through the arguments they want to make to the DA, to assess if the DA might accept them. Please ignore the opening line: 'Law enforcement source has revealed the following.' It's just BS. Also don't bother with the Apache server log entries if you are not versed with Apache server. I don't know if they have talked to the DA yesterday. But last night they seem to have discovered the latest blog post, and [gone] into another scrambling again. I don't know if that means they are going to abandon the arguments they were planning to make and come up with something new instead. It usually takes at least several days of observation of their activities on my website to be able to figure out what they are planning to do. I just think that you should be informed of all the activities that are currently going on between me and the witness on cyberspace, since I probably will be forced to go to trial, and she is about to launch very aggressive assault, backed by several of her companions. OTHER ISSUES: Another issue is that you have very little knowledge about what I am and what I do each day. I don't know if it's relevant to the defense of your client to understand a little bit about him. If it is, can you hear the following? I feel that you have grossly underestimated me all the time. You put me down every time we talk, and it always hurts very much after talking to you. Last time you said: "Why do you not have time to represent yourself in court? You don't work. You have all the time in the world." You constantly describe me [as] just the opposite of what I really am. As I have said, every day I spend 3 to 4 hours tracking the witness' gang's activities on my website; 2 hours looking for employment; 3 hours to do my own writing projects; 1 hour watching news; 1 hour reading. I barely have time to breathe each day. I have a lot of talents. I am an amazing writer and an artist, which you can see on my website. It's full of great literature, essays in all subject matters, and beautiful drawings and paintings which I have produced in my whole life. I refuse to remove it just because, among the 300 webpages and documents on it, some uneducated psychopath woman is talked about on a few of them. You seem to think that I'm too mentally confused to be competent enough to stand trial, whenever I make suggestions which appear stupid to you or ask questions which you have already heard of before. What I don't understand is that, whenever I overhear other defendants' conversation with their public defenders, they all ask stupid questions like I do. Nobody I met in jail understands anything about laws or how the court system works, and their public defender has to laboriously explain everything over and over again to them. What you find annoying about me seems to be the most common characteristic of all defendants: suggesting something stupid. But other public defenders don't yell at their clients or give them put-downs. I don't think lacking expertise in one domain of human knowledge is the same as being mentally confused or incompetent. I just want to point this out because I feel like I have got 'preferential treatment'. Can I ask you to be more patient with me? Might not this be important if we go to trial? I do believe I have made the right decision by bailing myself out, since I didn't have the impression that the Law Library was going to produce the receipts. My impression, correct or not, was that this Angelica was purposely obstructing the process in order to keep me in jail. All this doesn't mean that I didn't notice that you are very dutiful, and are doing your best to defend me despite how unlikable I am." As if Ms Warren, this stupid and shallow woman full of prejudices, had the time and brain power to absorb all this pleading from the suspect! In any case, this email is evidence of the suspect's wrong understanding about what's going on – the Secret Society women are complaining to the French instead of planning to meet with the DA – and yet, right after the French have failed to get anywhere in reviving the Homeland Security warning, the women gang will indeed decide to meet with the DA to talk about the suspect's website!

27 The suspect's night is recorded in: "forum\_11\_10\_15\_509PM.MP3": in Starbucks, Westwood. 1:16:00, the suspect leaves. But, then, back to Starbucks. 1:45:00, he leaves again. 1:59:20, on the bus. 3:12:00, in Forum. 3:21:30,

somebody asks the suspect. "Awful. People trying to get me." 3:28:00, the suspect asks Mike for his number. How the Secret Society women are determined to put him in jail forever (to intercept him before he comes up with money). How they are determined to add a stalking case. They tell thousands of people online their made up stories about his criminality, and yet he has no one to tell his side of the story. Mike says it's the Internet. The suspect: no, it's about gender stereotype: no one wants to hear stories about "bad women". Did Mike tell him to move away? The suspect: he's fighting a whole system of gender stereotypes, it's going upstream, too hard. They lie and lie... and he can't fight. Mike is not sympathetic. 3:37:50, prayer. 3:48:30, who is the suspect talking to? In the entertainment industry. 4:00:00, who is the suspect talking to? He lives in Pasadena. 4:02:30, the meeting has started. 4:17:00, the suspect uses the example of blind people trying to talk about "colors" after hearing about it. 4:46:30, the suspect asks another question: the atheists hate God. 4:52:30, the suspect asks a third question: utopianism as "making God's paradise ourselves". 4:57:30, the meeting over, the suspect is talking to the Syrian woman. She's now going to the Egyptian church. 5:05:00, out, with a lot of food. (Reviewed until 5:11:00.)

This visit is special. Clearly, because of the sabotage from Aamoy and Shizuka last night, the French diplomatic mission is unable to validate the Homeland Security warning about the suspect within the international diplomatic circle. Then, as you have seen earlier, the evidences for the suspect's delusions about his women victims and harassment of Ekaterina's family members have also disappeared. The previous ICJ trial is now at risk of being reactivated! Desperate, the Russians therefore need some evidence to demonstrate that the chapters which the CIA would use as evidence against them are illegal materials and shouldn't be admitted into the ICJ as evidence.

Is this an employee at Microsoft? Clearly, desperate now that the French have been unable to validate the Homeland Security warning about the suspect, Homeland Security CO chief instructs the Secret Society women to complain to Microsoft hoping to generate some temporary evidence with which to lock up the previous ICJ trial for the time being. (Here, how the suspect does suffer from bizarre obsession with, and delusions about, the German Lady.)

It's the CISCO volunteer again, i.e., Dr P's husband David. He's at the same place as on 6 November, and yet we can't be sure whether this place is in Florida or whether he really is just using the Wi-Fi in a Target store in Southern California. (Again, Target's IP addresses supposedly all get traced back to the headquarters in Minneapolis.)

A final note about the suspect. Today is a very important day for him in another connection. Past midnight, before going to bed, he finally finishes his “Why we support Marine LP” and uploads it to his website. Presumably, because of the damaging reports from Shizuka and Aamoy from last night, the DGSE officer has wanted the suspect to do this so that tomorrow he can go argue with the TMU/ CIA again: “The Homeland Security warning is correct! He’s becoming obsessed with our ‘Marine’ again! He will soon act on his delusions!” Since the suspect has already been working on this essay for a long time, what Homeland Security CO chief has done is presumably merely remotely controlling him to speed up his writing process so that he can save the French’s case just in time. Thus, thinking that he is in grave danger, the suspect decides that he must finish the essay as fast as possible. However, what Homeland Security CO chief didn’t pay attention to is the fact that the suspect has somehow introduced his essay with the warning, “Endorsement from the Most Detestable might very well be the kiss of death.”

### **11 November (Wednesday; Amy/ Marion)**

First, a note about the suspect. In the morning, the suspect would finish watching “Tokyo Girls” before leaving home. He leaves home 11:30 AM. 12:30 PM, he’s at Bail Hotline. By early afternoon, he has arrived in Casbah. For the whole afternoon he is wondering what the TMU detectives might think about Marion, etc., and has difficulty in concentrating on writing the summary which he has been preparing of the Secret Society women’s operations against him. (This would become “Being gang-stalked by a group of women...”) Then, when he sits outside Casbah, this “Amy”, a PhD student studying Chinese at UCLA, comes to sit with him. The suspect has seen this before: this “Amy” is clearly a CIA operative. She skillfully leads the suspect to confess his admiration for the Chinese president Xi. Meanwhile, another Homeland Security operative is standing in front of them taking pictures of them both.<sup>29</sup> Evidently, the TMU/ CIA is debating with the French about the suspect again. Even when the suspect has put up his “Marine essay” on his website, the TMU/ CIA team is still preventing the French from reading it. The French note that, because the suspect has noted in regard to the essay, “Endorsement from the Most Detestable...”, this sounds like a threat. Namely, precisely in accordance with the Homeland Security warning about the suspect, the suspect has become obsessed with Marine and written about her and now wants to hurt her. The Agency is thus compelled to test the suspect this afternoon. From his confession emerges clearly the fact that the suspect has nothing but admiration for everyone on Russia’s side – which thus includes “Marine” – and that Homeland Security’s, and the Secret Society women’s, claim that the suspect poses a danger to whoever he admires is all but nonsense. The CIA would point out that the suspect’s admiration for “Marine” is motivated by geopolitical considerations and has nothing to do with heterosexual obsession. The Secret

29 The recording of this afternoon is: “bailcasbahEmilyChns\_11\_11\_15\_125PM.MP3”: (reviewed from 41:00 onward.) On the Metro. 48:30, off. 53:30, on the bus. 1:00:00, in Casbah. 2:19:00, the suspect talks to the woman who is trying to open her own consultant business. 2:30:45, the suspect is sitting next to Amy telling her “Look, he’s taking pictures of you.” Presumably Homeland Security CO chief has sent this guy in to take pictures of the suspect so that the new victim, “Marine”, can know what her “stalker” looks like. The suspect then comes back inside. But then he starts talking to Amy again from 3:18:30 onward. He professes his love for President Xi. The conversation is finished by 3:39:00. 5:32:00, the suspect is watching “Marina”. (That would be almost 7 PM.) From 5:37:00 onward, the Swiss Germans’ chatter can also be heard. 5:57:50, the suspect asks them where they are from. One of them is in UCLA Extension (Business).

Society women's claim that the suspect would get obsessed with women out of sexual perversion and then stalk them and hurt them not only is false, but doesn't even apply here. When the suspect goes back inside, he begins looking for online forums for FN discussions. Then, a group of Swiss Germans comes in – they seem to be testing the suspect again. (More operations from the CIA, that is.) Then, the suspect notices the strange visit to his website from Marion, Ohio, on 5:41 PM: it looks to him so much like a signal from the “Macrospherians”: that they plan to have “Marion” (namely, the rising star of the FN and the niece of “Marine”) implement his program for “New Feminism”. In fact, this is a trick which the CIA has directed the TMU to play on the suspect. Thus, half intentionally and half accidentally, the suspect watches Marina's “Run” on Youtube (where she is riding the bus in front of Kremlin). The CIA has thus obtained the evidence they have desired. They would argue that the suspect has mistaken their “fake message” for a real message from the Russians, evidenced by the fact that he has attempted to return a “message” (going to Kremlin). Thus, evidence to support their claim that the suspect is attempting to use his status as a “terrorist cyberstalker of women” as a cover under which to share his suggestions with “Marine”. It's “conspiracy”, fraud. Then, later in the night, when the suspect goes to his Draw Anything LA Meetup, he would meet “Christine”, another PhD student in English at UCLA. Presumably this is not another operation. The suspect leaves 9:30 PM to go home.

The CIA has won the argument today. The suspect has a history, so they would argue, of coming up with ideas to help Russia and its allies advance their interests and power status in the world and then causing them to stumble upon his ideas while being required to investigate him (thanks to all these Homeland Security warnings about him). The Invisible Hand does not tell anyone that he has in fact a secret ICJ trial going in which these ideas are evidence of the suspect's conspiracy with BOL against him so that he can eventually adopt them for the US' benefits. Meanwhile, because the CIA's evidence today is clear and unequivocal, the French have had to retreat again, leaving the Homeland Security warning invalidated once again and the previous ICJ trial at risk of being reactivated. This would cause Homeland Security CO chief to contemplate another avenue – and suggest to the Secret Society women that they do precisely what the suspect has wrongly supposed they are planning to do, i.e. to meet with the DA and, there, to complain about the suspect's website.

Now the Secret Society women's operation on the suspect's website for today. Presumably, because of the suspect's new essay about Marine, the women get to mobilize their volunteers to report to the French diplomatic protection service once again. 4:08 AM,

This is the judge's order for a case management conference in the suspect's lawsuit against Mr Fradkov in 2009. Because of what happened last night, the Secret Society women can thus act as "expert witnesses" again and explain to Marine that the suspect is frequently motivated by his delusions about famous people to write to them or file lawsuits against them. (Here, the suspect has not only written letters to the NK ambassador to the UN and the UN High Commissioner for Refugees, but has also filed a lawsuit against a foreign government official.)

## 12 November (Thursday)

First, the suspect. He wakes up 10:30 AM. He rides the bus to SM to drop off a “Thank You” card at Goodwill. He notices that he has come under heavy surveillance. (Even though the French have failed yesterday, Homeland Security continues to run surveillance on him for Marine’s sake.) After the drop-off, the suspect stays at the SM library to check his log, from 3 to 3:40 PM. Then, he’s on the bus to come back to Chrysalis, but he couldn’t make it on time. He goes to Casbah instead. Severe headache all night. Then, a boy and a girl falsely accuse him of recording them with his computer. What? The suspect has also begun requesting entry to the “Partisans of Marine” online forum and Facebook group.

Then, a strange episode with leganord.org. He then notices more surveillance on bus 4 when going back to downtown.<sup>30</sup>

Clearly, what has happened is that Homeland Security CO chief is afraid that the Agency might bring to the ICJ suspect's recordings of his conversations (taken from his website) as evidences. This means that, with the French failure yesterday, the Invisible Hand is indeed ready to reactivate the previous ICJ trial and that the first thing he will do is to introduce the suspect's recordings as evidence in order to invalidate the remaining claims which Homeland Security CO chief has entered. The latter thus sends in two operatives to pretend to be strangers and to falsely accuse the suspect while he is under surveillance. He will then bring the surveillance to the ICJ as evidence and argue that these two strangers' expressions indicate that the suspect is a "criminal recorder" so that his recordings should be banned from the Court as evidences. Meanwhile, his Homeland Security thugs continue to put the suspect under heavy surveillance as if "Marine" still had a case. And it's of course Homeland Security CO chief himself who has remotely controlled the suspect to make a request to join the Partisans: the French continue to be ready to validate the said Homeland Security warning.

Now the Secret Society women's operation on the suspect's website for today. 4:47 AM,

Then: "casbahhm\_11\_12\_15\_608PM.MP3": on the bus. The suspect checks his messages again. 34:00, he's reading something about Russia in German. 41:30, off the bus. 53:00 – is the suspect eating outside 711? 1:05:30, in Casbah. 1:22:20, siren. 2:15:30, the couple ask the suspect: "Are you recording us on your computer?" "No, I'm playing back my recording." "Oh, we thought you were recording us on your computer." They were polite and not hostile. 2:18:20, who did the suspect call? Stephanie? Then he leaves a message for Mike. (He wants to talk to him about something.) 2:49:40, Mike calls the suspect back. Just one minute of talk. 3:34:00, the suspect leaves Casbah. 3:42:00, on the bus. 4:02:00, on Metro. (Reviewed until 4:10:00.)

That is, even though the Secret Society women have by now already obtained an appointment with the DA for tomorrow, they are still thinking about how to prove to law enforcement that the Homeland Security warning is correct.
