The Third ICJ Trial over the Suspect, Part VII
Lawrence C Chin, January – March, 2017

The third International Court of Justice trial over the suspect

Part VII
2 May – 16 May, 2016

RESUME

The following reconstructs the Secret Society women's operations against the "suspect" and the associated International Court of Justice trial from 2 May to 16 May, 2016.

The Secret Society women consist of (as of May 2016): ANG (Angelina Le Beau Visage: G), KRN (Kiersten: J), SDW (Maura: M), and the German Lady (Karin/ Carine: K). With auxiliary members like Dina B, VJ, the female victims of the suspect's vandalism (PD, JW, DRCRR, and others), the "Berlin Plagiarizer", etc. It's not clear whether Dr P (Petterson) is still involved with the Secret Society's operation. Some old members, like SDW's Tampa friends, haven't been involved for a long time.

Now a brief summary of the course of events during this period. In the early days of May, the Secret Society women are still talking to the Phoenix Lawyer, submitting false reports about the suspect's website to him (mostly about his supposed plagiarism) and trying to persuade him to find a way to ban the suspect's website. With Partisans' help, who are still trying to revive the current ICJ trial. When the project seems increasingly hopeless, the women, on 5 and 6 May, again complain to Microsoft and Bluehost. If Microsoft or Bluehost can take actions, it will be evidence to revive the ICJ trial. No luck. On the night of 6 May and the early morning of 7 May, the Secret Society women recruit a Chinese guy to their campaign – someone whom we shall nickname the "Long Keng volunteer" – who will play an important role in their operations for the next 10 months. On 7 May, when the Secret Society women have finally given up on the Phoenix Lawyer, they find a "Fourth Lawyer" (so-called because his location is unknown). Just when this is not going anywhere, however, the suspect suddenly writes, on 9 May, a nasty message to Chevalier du Temple to complain about Partisans' alliance with the Secret Society women. Both the Secret Society women and the Partisans are jubilant: it's evidence which sort of confirms that Homeland Security's false profile of the suspect is correct after all. Thus, finally, on 10 May, the Russian side is able to reopen the ICJ trial: "New evidences found, the previous ICJ judgment must be reconsidered...." Because of this, both Marine's Partisans and Frauke's team could reopen their case about the suspect with the Secret Service, and the Secret Society women can now resume complaining about the suspect's website to them. By late night, 10 May, the women have hired their Israelite hacker again to index the suspect's website in its entirety. The Secret Service, however, acting on TMU's warning about these women, merely resume their investigation of them to debunk them. Thus, by 12 May, the Secret Society women have already run into an impasse. While they and their

French allies are feeding the Secret Service with the same stories (that the suspect has become dangerously obsessed with Marine, ANG, and the rest of the Secret Society women entangling them in his delusional mind with bizarre government conspiracies, in addition to plagiarizing and stealing other people's artworks), the latter is again picking holes in their claims about the suspect's plagiarism. At a loss, the Secret Society women have to again mobilize the Berlin Plagiarizer to forge evidences (to create a plagiarized version of the suspect's writings). This of course doesn't convince the Secret Service. Thus, from 12 May onward, the Secret Society women are again caught in a never-ending debate with the Secret Service about whether the suspect has plagiarized – even though this is officially a terrorism and a stalking case.

Something stands in need of clarification. On 12 and 13 May, when the Partisans report the suspect's analysis of Marine's ideology (in "American response") to the Secret Service as evidence for the suspect's dangerous obsession with their chief, normal people of course wouldn't be able to fathom how these philosophical and political insights could have anything to do with obsession, terrorism, and stalking. The fact is that the Partisans are adopting the Secret Society women's worldview, their *Weltanschauung*. According to this worldview, a man, when he sees a woman, does nothing other than drool over her and want to rape her: it's a relationship of a predator to its prey ("delicious meat"). Because ANG, Dr P, KRN, and SDW have very simple minds, they can't really imagine a male having any other sorts of desires than to get hold of his prey and rape her. Because they aren't educated, they can't understand that a man, when he sees a female ideologue, may be thinking about something other than sex, e.g., revolutionary ideals to change the world for the better. The Secret Society women are, in other words, "sex-obsessed" because they don't understand anything else. When the suspect analyzes Marine's political stance, therefore, they think he is "sex-obsessed" with her (even though Marine is, by common standard, not an attractive woman) – because that's all they can ever fathom in this universe. This has of course only made the Secret Society women's claims ever more ridiculous to the Secret Service: how did the suspect's political endorsement ever become an issue of "stalking" and "obsession"? The ridiculousness of the whole case becomes even more apparent when, later on, the Secret Society women try to report the suspect's "obsession" with Trump in the same way. (They somehow couldn't fathom the suspect's endorsement of Trump in any other way than "obsession with him" – as if Trump, this elderly white man, were some sort of "delicious meat".) From the Secret Service's point of view, the whole case is clearly a waste of their time and resources. That's what happens when dumb women who couldn't understand anything are allowed to assert claims in the law enforcement system. (The German Lady and the Partisans, of course, know better, but are going along with the dumb women for their own idiosyncratic interests.)

Now, some statistics. During this time period, the Secret Society women have (via their volunteers) visited the suspect's existent website (1998.com) 119 times and his non-existent website (2011.com) 11 times. This doesn't include special visits by the Berlin Plagiarizer,

the Long Keng volunteer, Chevalier du Temple, and so on.

2 May (Monday; 6:1:4)

First, let's examine the suspect. He wakes up before 7 AM. Starbucks. Log. Then, past 8 AM, he is on the bus going to Chrysalis. Read Peeter's *Derrida*. Arrived 9:30 AM. 10 AM, he meets with Erin. The first appointment. 11 AM, out, lunch at a Taco place. Then, he comes to Stay on Main to reserve a bed. Then, storage. Picked up jeans and DVD burner. He comes back to Stay on Main on 2 PM. Got a room, 3 PM. MST. 4 PM, Chrysalis, men's group. Left, 5 PM. Starbucks, log. Back to the hotel, laundry. Past 7 PM, MST again. 10 PM, he is out to check his log. Wi-Fi can't be detected at Starbucks, he comes to Spring Time in New York. Back to the hotel. Derrick called: 10:43 PM. Introduced to Donaldson. Then, a big fuss: he has almost damaged the hotel's computer by inserting his DVD into it.

Now let's examine the Secret Society's operation. After a long discussion with the Partisans, 5:51 AM, they send the first volunteer to the suspect's new domain: 77.168.55.215, direct-adsl.nl, Grave, Netherlands

77.168.55.215 - - [02/May/2016:06:51:29 -0600] "GET /1/guth_2.jpg HTTP/1.1" 200 14461 "https://www.google.nl/" "Mozilla/5.0 (Windows NT 6.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

The last time that the Secret Society women have looked up this image is 22 February, such a long time ago! False testimony about the suspect's plagiarism to send to the Phoenix Lawyer.

6:17 AM, it's Chevalier du Temple: 24.164.155.126, si.res.rr.com, Staten Island,

24.164.155.126 - - [02/May/2016:07:17:36 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25684-presentation" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

He's the third Partisan to check out the suspect's portrait of Marine. We recall that the Partisans were probably discussing the suspect with the Secret Society women from 1:20 AM onward. After the discussion, one of the Partisans must have left a message for Chevalier. 9 AM (New York time), when Chevalier wakes up, he discovers the message and comes to take a look.

7:26 AM, the first person of the day comes to look at the suspect's new thread at Bluehost forum: 104.207.146.169, vultr.com, Miami, Florida,

104.207.146.169 - - [02/May/2016:08:26:34 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/4.0 (compatible; MSIE 8.0;

Windows NT 5.1; Trident/4.0; .NET CLR 2.0.50727)"

It's curious that this person is using Windows XP. Most likely a volunteer for the Secret Society women.

7:54 AM, the fourth Partisan comes to check out the suspect's portrait at Partisans' forum: 82.120.249.248, abo.wanadoo.fr, Conflans-Sainte-Honorine (near Paris),

82.120.249.248 - - [02/May/2016:08:54:04 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25684-presentation" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

8:22 AM, the suspect has posted Marion's portrait on Partisans' forum.

8:32 AM, the fifth Partisan comes to check out the suspect's portrait of Marine: 92.143.76.28, abo.wanadoo.fr, Montpellier, France,

92.143.76.28 - - [02/May/2016:09:32:05 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25684-presentation" "Mozilla/5.0 (Windows NT 5.1; rv:45.0) Gecko/20100101 Firefox/45.0"

Another Windows XP!

8:38 AM, the 1:14 AM Amiens Partisan comes back after 7 hours.

82.246.87.118 - - [02/May/2016:09:38:57 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 397366 "http://www.partisansmarine.com/t25684-presentation" "Mozilla/5.0 (Windows NT 6.1; WOW64; Trident/7.0; rv:11.0) like Gecko"

The news is spreading fast among the Partisans: how to make a complaint out of this ("This dangerous stalker is obsessed with our Marine and is harassing her by drawing portraits of her to associate her name with his on the Internet") in order to help the Secret Society women ban the suspect's website. The Partisans, for this purpose, have probably already connected up with the Phoenix Lawyer.

9:50 AM, the strange visit again:

157.122.147.184 - - [02/May/2016:10:50:08 -0600] "GET /2012/92012-8.png HTTP/1.1" 404 571 "http://image.baidu.com/search/wiseala?tn=wiseala&iswiseala=1&ie=utf8&wiseps=1&word=%E8%84%91%E6%8E%A7%E5%8F%97%E5%AE%B3%E8%80%85%E8%81%94%E7%9B%9F%E5%90%A7&pn=11&spn=0&gsm=96&simid=3392999930,279365191&u=2449277834&objurl=http%3A%2F%2Fimg.blog.163.com%2Fphoto%2FI_89-LAUsHGSRdYalqe_tQ%3D%3D

10:01 AM, more than an hour and a half after the suspect has posted Marion's portrait, the first Partisan comes to check it out: 90.15.66.219, abo.wanadoo.fr, Lyon,

90.15.66.219 - - [02/May/2016:11:01:28 -0600] "GET /drawLA/drawla-100815/marion.jpg HTTP/1.1" 200 292577 "http://www.partisansmarine.com/t24438p25-un-admirateur-de-marine-a-l-etranger-se-presente" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/49.0.2623.112 Safari/537.36"

10:10 AM, this Lyon Partisan comes to look at Marine's portrait. He's the sixth Partisan to see it.

90.15.66.219 - - [02/May/2016:11:10:54 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25684-presentation" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/49.0.2623.112 Safari/537.36"

10:26 AM, the second Partisan comes to check out Marion's portrait: 78.245.121.29, fbx.proxad.net, Baden, France,

78.245.121.29 - - [02/May/2016:11:26:04 -0600] "GET /drawLA/drawla-100815/marion.jpg HTTP/1.1" 200 292539 "http://www.partisansmarine.com/t24438p25-un-admirateur-de-marine-a-l-etranger-se-presente" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

We have seen this Baden Partisan on 15 April (PC Books). On that day he was supposedly in close contact with Chevalier du Temple. The Lyon Partisan, the Baden Partisan, and Chevalier du Temple must be discussing with other Partisans and the Secret Society women about the option of complaining about the suspect's cyber harassment of Marion as well.

10:49 AM, the 5:51 AM Grave, Netherlands, volunteer comes back:

77.168.55.215 - - [02/May/2016:11:49:24 -0600] "GET /1/guth_2.jpg HTTP/1.1" 200 14461 "https://www.google.nl/" "Mozilla/5.0 (Windows NT 6.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

Is he revising his testimony for the Phoenix Lawyer?

11:19 AM, the third Partisan comes to look at the suspect's portrait of Marion: 92.145.48.94, abo.wanadoo.fr, Saint-Gely-du-Fesc, France,

92.145.48.94 - - [02/May/2016:12:19:25 -0600] "GET /drawLA/drawla-100815/marion.jpg HTTP/1.1" 200 292539 "http://www.partisansmarine.com/t24438p25-un-admirateur-de-marine-a-l-etranger-se-presente" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/49.0.2623.112 Safari/537.36"

The news is spreading fast among the Partisans.

11:42 AM, the second person of the day comes to look at the suspect's new thread at Bluehost forum: 23.112.32.50, lightspeed.austtx.sbcglobal.net, Austin, Texas,

23.112.32.50 - - [02/May/2016:12:42:30 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_10_5) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

This is presumably another volunteer for the Secret Society women. Both the Secret Society women and their group on the one hand and the Partisans on the other are presumably telling the Phoenix Laywer about the suspect's habitual harassment of women in online forums.

1:12 PM, the Secret Society women send the second volunteer to the suspect's new domain: 208.54.36.139, tmodns.net, Lawrence, Massachusetts,

208.54.36.139 - - [02/May/2016:14:12:36 -0600] "GET /1/languagechangecycle.gif HTTP/1.1" 200 2694 "https://www.google.com/" "Mozilla/5.0 (Linux; Android 5.1.1; LGMS631 Build/LMY47V) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/43.0.2357.93 Mobile Safari/537.36"

The last time the Secret Society women have looked up this image was 28 April. This time they are presumably offering this to the Phoenix Lawyer as evidence for the suspect's habitual plagiarism.

1:14 PM, the third volunteer: 128.74.247.59, broadband.corbina.ru, Kazan, Tatarstan,

128.74.247.59 - - [02/May/2016:14:14:08 -0600] "GET /kulturindustrie9/kulturindustrie9k.pdf HTTP/1.1" 200 630522 "http://yandex.ru/clck/jsredir?from=yandex.ru%3Bsearch%3Bweb%3B%3B&text=&etext=1042.mG9lqscCgyZMcyRH7G-7f-AH_R3ptDmrEw6H64SyUEw6-mUepp6jkqO7hJ6qRIqz.796c0d1c4547a9fe3e469378885dffa148aedd27&uuid=&state=AiuY0DBWFJ4ePaEse6rgeAjgs2pI3DW9J0KiE5XNXd0dp0ZMwFHoviUoYa6nzP7MFsomsouu4qehF5ts5MwpA_UJwSdF3jZTa9Ak4LdGUDoY96OAnX_dcvfL6aDaP6bXpwXHpRh8LkXLjHEGxds5D2z3UNfDnWI_Rc6f4pTzVS2XW36i5P4XcIYOCpbFyRb6Wtg4Db1HlWofq0tpXb-VOA&data=UlNrNmk5WktYejR0eWJFYk1Ldmtxa2lrWGl3TVhjSHZ1bUNYMV9oNWFneDB2bG9EdU9BbUU4R29iSEsxMjJ0YVU2aXFlMnhCeGpyR0ZydW8zcmc2UjNXM0w5ZGlPTmdOcTFTSXF2THBjdVVKZ3kycXM3UlVZNWludDFhNTN4eVo0Q0RaeHhlVTdodGhPR3V6dTFyUTZVU3V4SUV5ZS1KcTI2TUtDS2loWXBr&b64e=2&sign=ee213f3d72b3885d07dd9f117364af29&keyno=0&l

At the same time: 46.147.123.65, JSC ER-Telecom Holding, Rostov-on-Don,

46.147.123.65 - - [02/May/2016:14:14:08 -0600] "GET /farrights/farright5_noftntb.pdf HTTP/1.1" 200 246768 "http://yandex.ru/clck/jsredir?from=yandex.ru%3Bsearch%3Bweb%3B%3B&text=&etext=1042.sZCnIzu_KaFYveswiWmwHZDS_1PharkRMAVAQXQDq2Rf5HaQqBQ751OSXPbuJ-qm.045d83c69783cc98f4496a79996311c336cdaf83&uuid=&state=AiuY0DBWFJ4ePaEse6rgeAjgs2pI3DW9J0KiE5XNXd0dp0ZMwFHoviUoYa6nzP7MFsomsouu4qcBrQUm_9bsCq1ATyWdF4RkEmep2q3fVaVON77VTFiaoP_Nae2emUKxFL7rPR4Fcf2bOAGRO9JNGzkkC5ZgAgvpe5orcvUg5Vv-IwSC1EUIs4Wczn--HAr0ZuxWImVsOjp-9hb0TpR9iw&data=UlNrNmk5WktYejR0eWJFYk1Ldmtxa2lrWGl3TVhjSHZ1bUNYMV9oNWFneDB2bG9EdU9BbUUwQWVFTHliNDBJNXFfRHp2eEU2ay1aRlVOZkl3NEd0OTR2Ymo3elhkX2NLT3dhbVdpcU5hSUFLN0lJNFZFdzhueXplT3RzWlJjT2tSU2NpSXgzaFk5ZVNaTEpoS21saDB2akZqSSHE1VEZrcQ&b64e=2&sign=1610a7a730ad05cc4a7f436f1bb7d14d&keyno=0&l10n=ru&cts=1462193499774&mc=7.43554220026" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:25.0) Gecko/20100101 Firefox/25.0"

One really has to wonder whether these two visits come from the same person (the same user-agent). Assuming it's not a robot! This third volunteer, probably located in Russia – again assuming it's not a robot! – must be an associate of the Partisans. Since “Political Correctness...” is one of the principal evidences by which the ICJ trial is dismissed, this search must have been conducted to produce evidences for the ICJ casting doubt on the authenticity of these two essays. This visit is therefore most likely to send evidence directly into the ICJ and not related to the current effort directed at the Phoenix Lawyer.

1:49 PM, the Secret Society women send the fourth volunteer to the suspect's new domain: 50.205.155.82, static.hfc.comcastbusiness.net, Somerville, Massachusetts, (Both Lawrence and Somerville are close to Boston.)

50.205.155.82 - - [02/May/2016:14:49:57 -0600] "GET /1/trnaribozyme.jpg HTTP/1.1" 200 30134 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

The last time they have looked up this image is 20 April (two times, with the Philadelphia Lawyer). Presumably a false testimony about the suspect's plagiarism for the Phoenix Lawyer. (This Somerville volunteer is presumably related to the Lawrence volunteer.)

4:05 PM, the Secret Society women send the fifth volunteer to the suspect's new domain: 68.5.31.199, oc.oc.cox.net, Aliso Viejo, California,

68.5.31.199 - - [02/May/2016:17:05:36 -0600] "GET /petition-/attachment23/fake%20profiles%20at%20meetup.com/www.meetup_fake_memb_1.pdf HTTP/1.1" 200 164724 "https://www.google.com" "Mozilla/5.0 (Windows NT 6.3; WOW64; rv:45.0) Gecko/20100101 Firefox/45.0"
68.5.31.199 - - [02/May/2016:17:05:37 -0600] "GET /favicon.ico HTTP/1.1" 200 408 "-" "Mozilla/5.0 (Windows NT 6.3; WOW64; rv:45.0) Gecko/20100101 Firefox/45.0"

A false testimony about the suspect's habit of impersonating strangers on social media sites?

4:57 PM, the third person of the day comes to look at the suspect's new thread at Bluehost forum: 73.167.148.196, hsd1.ma.comcast.net, Leominster, Massachusetts. It's about 100 miles west of Boston.

73.167.148.196 - - [02/May/2016:17:57:21 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (iPhone; CPU iPhone OS 9_3_1 like Mac OS X) AppleWebKit/601.1.46 (KHTML, like Gecko) Version/9.0 Mobile/13E238 Safari/601.1"

Probably a volunteer for the Secret Society women.

6:41 PM, the fourth person of the day comes to look at the suspect's new thread at Bluehost forum: gtcom.net, Bristol, Florida,

216.227.87.192 - - [02/May/2016:19:41:26 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 6.2; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/49.0.2623.112 Safari/537.36"

Most likely another volunteer for the Secret Society women.

7:40 PM, the log is cut off.

7:48 PM, the log is archived.

10:52 PM, 88.183.70.14, the fourth Partisan comes to look at the suspect's portrait of Marion: fbx.proxad.net, Cagnes-sur-Mer, southern France,

It's been almost 12 hours.

Presumably a testimony for the Phoenix Lawyer that 2011.com – which the suspect uses to harass the Secret Society women – is full of plagiarized contents.

2:25 AM, the Secret Society women send the sixth volunteer to the suspect's new domain: 86.136.72.141, btcentralplus.com, Ascot, UK.

They have already reported to the Phoenix Lawyer about this drawing on the early morning of 1 May (and looked at it again on the afternoon of 1 May).

2:47 AM, the Secret Society women send the seventh volunteer to the suspect's new domain: 202.73.35.202, hibe3x2.vqbn.com, Singapore,

The last time they have looked at this image is 8 PM, 30 April, shortly before they were connected with the Phoenix Lawyer.

3:46 AM, Site Lock.

3 May (Tuesday; 11:1:3)

First, let's consider the suspect. He wakes up in the hotel, 9 AM. Breakfast. MST. He checks out, there is no notice about the computer business from last night. Starbucks, no Wi-Fi, the other Starbucks, Wi-Fi cut off, rebooted, log, Wifi cut off. Then, storage. This “Donaldson” calls. He turns out to be an idiot. Put in DVD 525. Left the storage. Bru-Coffee. Very depressed: over the Secret Society women's actions and the fact that “nothing will happen”. Mr Homeland Security informant “Gonzales” is here until almost closing. He works: he has finished reconstruction up to 21 January. Almost 8 PM, he eats noodle at 711. (He has skipped over the Forum after seeing the notice on its Facebook.) 8:40 PM, he is on bus 2 coming back to Westwood. Starbucks, 10 PM. 11 PM, unaware of Partisans' harmful intent toward him, the suspect sends a message to Chevalier on Partisans' forum. (See below.) 12 AM, he also sends a message to Derrick explaining what kind of help he needs to deal with the Secret Society women. The message is for the most part identical to his letter to Mr Rava and Mr Baker.[1] Finally, he

posts another short message on Partisans' forum.

Now let's consider the Secret Society women's operation. Almost 4 hours later, 6:26 AM, they send the first volunteer to the suspect's new domain: 71.176.215.150, rcmdva.fios.verizon.net, Richmond, Virginia,

71.176.215.150 - - [03/May/2016:07:26:49 -0600] "GET /gallery/perspective1.jpg HTTP/1.1" 200 40580 "https://www.google.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_3) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.86 Safari/537.36"

somebody who can understand the below:

There is a group of women who have been complaining about me and about my website to various law enforcement agencies for four years. Their goal has been to put me in jail and remove my website, and they typically tried to do this through falsely reporting to law enforcement agencies about seeing devilish contents on my websites while prohibiting law enforcement from looking at my website themselves under the pretext of protecting their “victim confidentiality”.

Because all their past attempts with law enforcement agencies have failed, currently I expect them to seek new ways by going to lawyers and by working on the judge of my vandalism case, for which I'm currently on probation, and in which one of them has served as “witness” against me. Their modus operandi is to first ask for a confidential hearing with whichever authority. They will then ask for confidentiality saying (lying) that, because my website contains slandering information about them, the authority they are reporting to should not be allowed to look at it but should solely rely on their testimonies about the contents of my website. Once that is granted, they will then submit false testimonies saying my website is filled with hacking software, obscene pornography, plagiarized writings and stolen paintings and drawings, racist and sexist rambling, and, last but not least, delusional slander about how they have been going after me. They have also been impersonating me on the Internet posting sexually explicit messages about themselves on social networking sites so that they can lie to the authority saying I posted these to harass them. With all these false testimonies and forged evidences they hope to convince the authority they are reporting to that I have been harassing them on online forums and on my own website, so that my website should be banned. Because the hearing will be confidential, I'll not be notified, so that I will not be able to respond and point out that the evidences they have presented are false or forgeries. My website will simply be blocked without explanation.

They have succeeded once in my vandalism case, back in January, after my case was settled and I was put on probation. They sought a ex-parte, confidential hearing with the judge and, with the above tactic, convinced the judge that I was violating my probation by harassing the “witness” and her friends online and on my website, so that the judge issued an order for my website to be banned in California. But the women then lifted the ban because the judge's order didn't go beyond California. After that, they sought to repeat this fraudulent scheme, first with another law enforcement agency, and now with I don't know who, in order to obtain a global ban of my website.

It's not just my website, I myself could be at risk as well. I still have to go to court in late June, to meet with the judge of my vandalism case to report my progress on probation. The judge could very well be persuaded by this group of women to order my arrest instead.

I need help with gathering evidences proving that this group of women has been trying to frame me. Foremost are those sexually explicit messages they have posted about themselves on social networking sites to frame me. I need to obtain proof showing that it is they themselves who have posted these messages. But seeking out a lawyer to subpoena the social networking sites is too costly. I don't have money. That is really my greatest obstacle.

They have just looked at this image on 28, 27, and 26 April. False testimony for the Phoenix Lawyer about the suspect's plagiarism of his theory on linear perspective?

7:58 AM, the Secret Society women send the second volunteer to the suspect's new domain: 175.120.35.10, SK Broadband, Seoul, Korea,

175.120.35.10 - - [03/May/2016:08:58:28 -0600] "GET /thermh2.html HTTP/1.1" 200 45281 "http://www.google.co.kr/url?sa=t&rct=j&q=&esrc=s&source=web&cd=7&ved=0ahUKEwiw86LWlL7MAhXHspQKHfojArQQFgg9MAY&url=http%3A%2F%2Fenlightenment1998.com%2Fthermh2.html&usg=AFQjCNFA-8CDx4stuusC4elU2tFhw2se4A" "Mozilla/5.0 (Windows NT 10.0; WOW64; Trident/7.0; Touch; rv:11.0) like Gecko"

Is this brainstorming?

8:39 AM, the Secret Society women send the third volunteer to the suspect's new domain: 69.158.148.129, dsl.bell.ca, Toronto,

I then need help with discovering what avenues the group of women is currently exploring to seek a global ban of my website, and maybe to even cause me to be falsely imprisoned.

My website consists of two parts: my theoretical writings and artworks and then chronicles here and there documenting how this group of women has been gang-stalking me in order to get me arrested and ban my website using law enforcement and the criminal justice system. The group of women is targeting my theoretical writings because there is a critique of feminism in there, which offends them. But what bothers them especially is the chronicles of their operations against me, because these reveal their criminal conducts. They have been having great success in convincing everyone that I suffer paranoia schizophrenia and have imagined up all their operations, but they still would like to assassinate me in order to prevent me from talking.

Thank you very much."

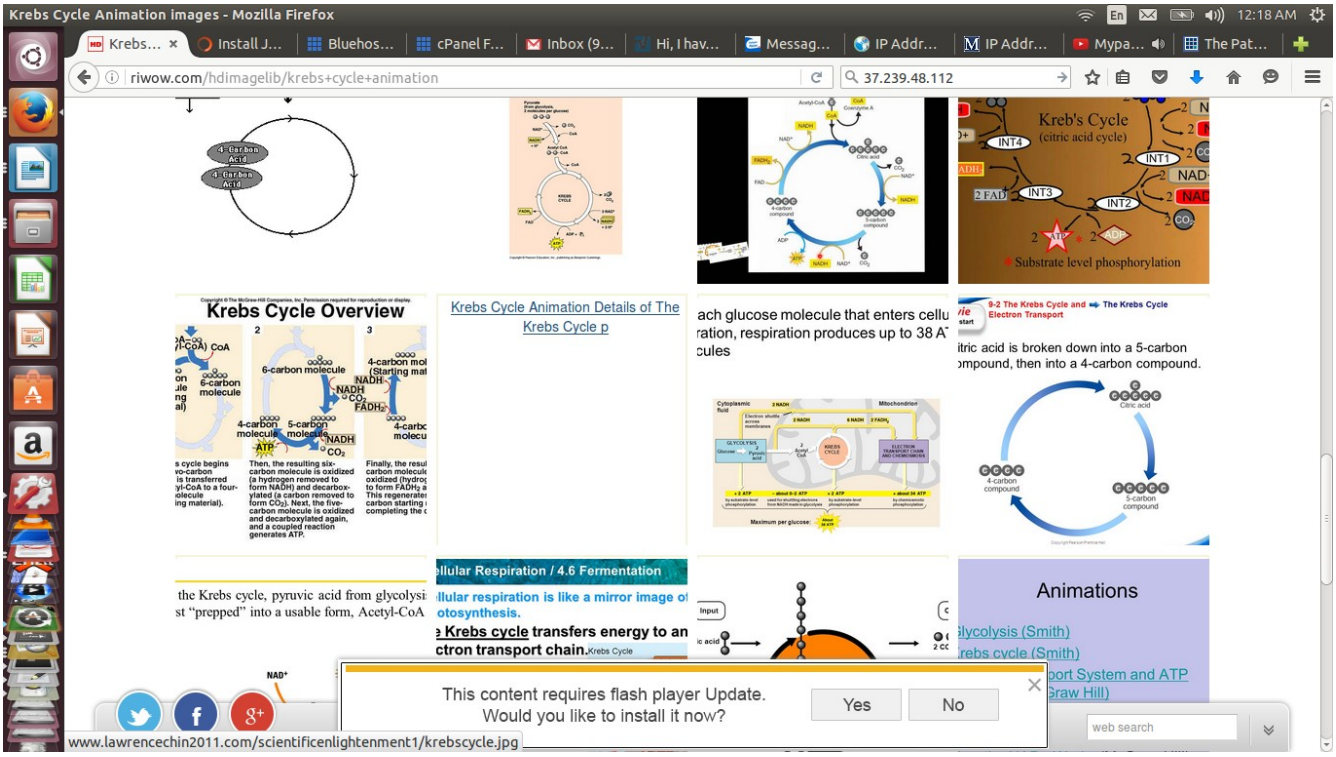
This is the exact same visit as that from 11:13 PM, 24 April. At that time it was also a volunteer from Iran – even the user-agent is the same. Is this the same person? The last time it was to report to the Baltimore Lawyer. This time for the Phoenix Lawyer, presumably.



10:34 PM, the Secret Society women send the eighth volunteer to the suspect's new domain: 64.233.172.132, Google proxy, Edmonton, Alberta,

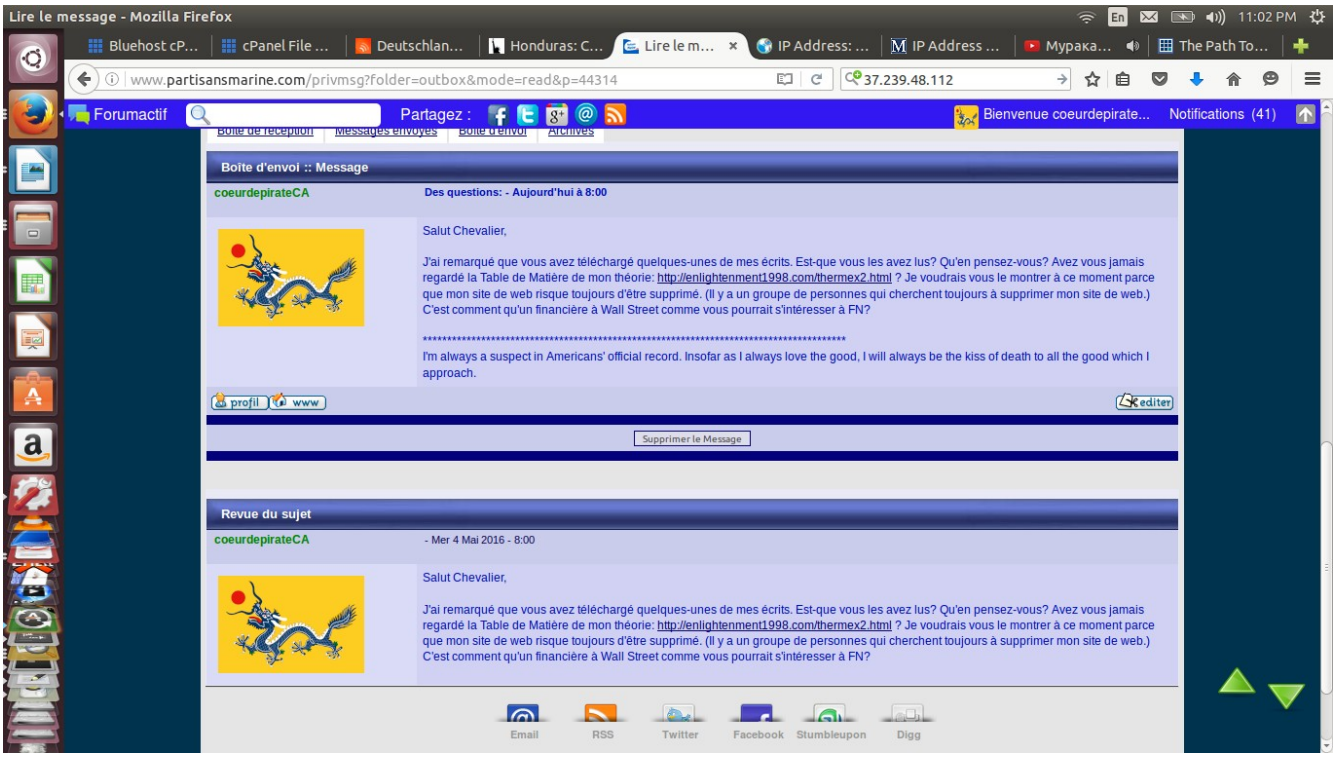
They have just looked up this chapter this morning! The second visit of the day.

11 PM, the suspect writes a short message to Chevalier du Temple, including therein the link to his Thermodynamic Interpretation of History.



How bizarre that the suspect mentions “people wanting to ban his website”. It's precisely Chevalier's Partisans who also want to ban it!

12 AM, the suspect emails to Derrick.

12:28 AM, almost an hour and a half after the suspect has sent the message, Chevalier du Temple discovers it. He clicks on the link the suspect has sent him:

24.164.155.126 - - [04/May/2016:01:28:57 -0600] "GET /thermex2.html HTTP/1.1" 200 530 "http://www.partisansmarine.com/privmsg?folder=inbox&mode=read&p=44314" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

12:29 AM, he looks at the Table of Content for a minute, and then clicks on the second page of the summary.

24.164.155.126 - - [04/May/2016:01:29:54 -0600] "GET /thermh2.html HTTP/1.1" 200 45281 "http://enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

Recall that the Secret Society women have already looked up this page two times today! Then, 34

seconds later, he clicks on the Table of Contents for Scientific Enlightenment from the side panel:

24.164.155.126 - - [04/May/2016:01:30:28 -0600] "GET /scientlitfr.html HTTP/1.1" 200 10673 "http://enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

20 seconds later, he clicks on HTcontribution-philosophy.htm, also from the side panel.

24.164.155.126 - - [04/May/2016:01:30:48 -0600] "GET /HTcontribution1-philosophy.htm HTTP/1.1" 200 13928 "http://enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

Almost two minutes later, 12:32 AM, he clicks on oldtestament3.pdf from the side panel.

24.164.155.126 - - [04/May/2016:01:32:24 -0600] "GET /readings/oldtestament3.pdf HTTP/1.1" 200 495737 "http://enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

He looks at it for almost three minutes. Then, 12:35 AM, he clicks on “Secret History” from the side panel,

24.164.155.126 - - [04/May/2016:01:35:11 -0600] "GET / HTTP/1.1" 200 3624 "http://enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

Within 20 seconds, he clicks on “Owl Academy” from the side panel:

24.164.155.126 - - [04/May/2016:01:35:31 -0600] "GET /acad.html HTTP/1.1" 200 5050 "http://enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

He has spent almost 10 minutes exploring the suspect's website. It's clear that he is brainstorming: how to help the Secret Society women make false reports about this website? (How to falsely accuse the suspect of plagiarism, for example.) Because he has tremendous expertise for biblical studies, he would soon focus his attention on the suspect's notes on the Old Testament (oldtestament3.pdf).

12:41 AM, the suspect posts another message on Partisans, “Marion donne le discours”.

1:03 AM, 28 minutes after he last surfed onto the suspect's website, Chevalier du Temple replies.

As you can see, he's pretending to not know what the suspect is talking about in order to hide his involvement with the Secret Society women. (He has probably just forwarded to these women the suspect's message for him.) The suspect is dumb enough to believe that the Partisans might be on his side against the Secret Society women!

1:32 AM, the Secret Society women send the ninth volunteer to the suspect's new domain: 42.61.205.27, singnet.com.sg, Singapore,

42.61.205.27 - - [04/May/2016:02:32:11 -0600] "GET /gallery/perspective13.jpg HTTP/1.1" 200 130393 "https://www.google.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_10_4) AppleWebKit/600.7.12 (KHTML, like Gecko) Version/8.0.7 Safari/600.7.12"

They have never visited this image in recent months. (It's always perspective1.jpg or perspective2.jpg.) False testimony for the Phoenix Lawyer? Perhaps brainstorming on new materials?

2:07 AM, the Secret Society women send the tenth volunteer to the suspect's new domain: 194.228.11.28, broadband.iol.cz, Prague,

194.228.11.28 - - [04/May/2016:03:07:06 -0600] "GET /1/obcell1.jpg HTTP/1.1" 200 38281 "https://www.google.cz/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11) AppleWebKit/601.1.56 (KHTML, like Gecko) Version/9.0 Safari/601.1.56"
194.228.11.28 - - [04/May/2016:03:07:06 -0600] "GET /1/obcell2.jpg HTTP/1.1" 200 88291 "https://www.google.cz/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11) AppleWebKit/601.1.56 (KHTML, like Gecko) Version/9.0 Safari/601.1.56"

The last times they have looked up these two images are 15 and 10 April. Namely, before the Baltimore Lawyer has come into the picture.

2:14 AM, the third person of the day comes to look at the suspect's new thread at Bluehost forum: 89.233.160.234, T-Mobile Czech Republic, Prague.

89.233.160.234 - - [04/May/2016:03:14:05 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 5.1; rv:21.0) Gecko/20100101 Firefox/21.0"

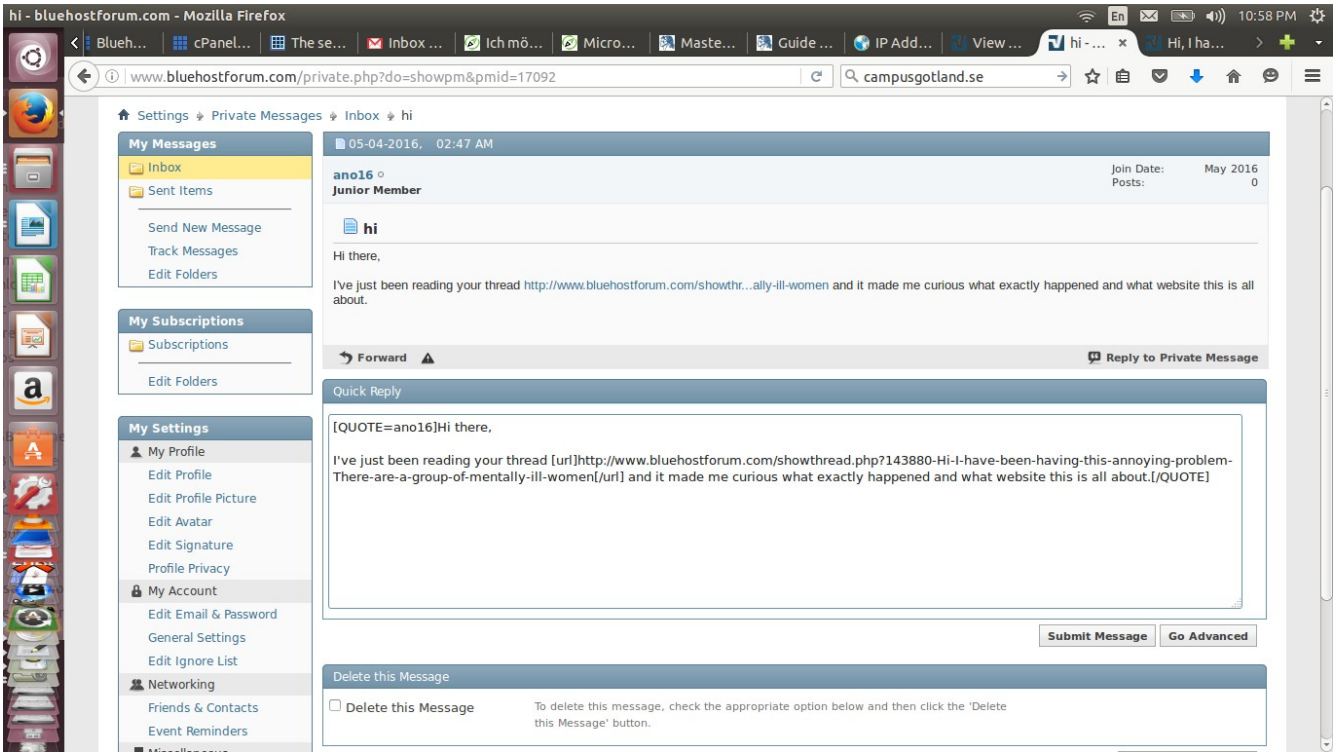
This is presumably ano16, a volunteer for the Secret Society women, as you shall see. The two volunteers from Prague must be related to one another.

2:16 AM and 2:17 AM, the Secret Society women send the eleventh volunteer to the suspect's new domain: 187.104.171.248, virtua.com.br, Americana, Brazil,

187.104.171.248 - - [04/May/2016:03:16:54 -0600] "GET /1/chemoton.jpg HTTP/1.1" 200 86462 "https://www.google.com.br" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10.10; rv:45.0) Gecko/20100101 Firefox/45.0"
187.104.171.248 - - [04/May/2016:03:17:50 -0600] "GET /1/chemoton.jpg HTTP/1.1" 200 8374 "https://www.google.com.br" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10.10; rv:45.0) Gecko/20100101 Firefox/45.0"

This is the second visit of the day to this image.

2:47 AM, ano16 sends the suspect a private message on Bluehost forum.



You thus see what's going on. The Phoenix Lawyer must have informed the Secret Society women some time tonight that their case about the suspect's supposed plagiarism is rather insufficient for requesting a ban on his website, and that his posting on Bluehost forum doesn't constitute harassment because, therein, he has never identified his website nor who the Secret Society women are. After midnight, the women must be looking for solutions. By 2 AM, they have found two volunteers in Prague. 2:14 AM, they send one of them, ano16, to the Bluehost forum posting wanting to show him the “problem”: “He has never identified who we are nor which one is his website.” This ano16 therefore pretends to be somebody interested in the suspect's story and sends him a message luring him to identify the website in question. There will then be evidence for “harassment”. But, of course, the suspect will never fall for the trap.

3:17 AM, Site Lock.

4 May (Wednesday; 8:2:3)

First, let's examine the suspect. He wakes up before 9 AM. Starbucks. Soon, on the bus going toward downtown. Vermont, checked out Walgreens. No Zyprexa. Korean restaurant. Past 1 PM, going to Bru-Coffee. The suspect calls Rita at Public Defender, and leaves a message for Dr Burns. Finally finished Prelude B-16. Uploaded it. Changed the links to all chapters of "Kiersten's Vengeance": robot text. Ate at 711. He then comes back to Bru-Coffee, and sends another message to Chevalier. 7:45 PM or so, Draw Anything LA across the street, in House of Pie. The suspect draws a portrait of Frauke. He leaves, 9 PM. At Starbucks, charging. Almost 10 PM, on bus 4. Kinkos, Westwood. He scans the new portrait onto the Internet. Starbucks, he posts the new portrait on Frauke's Facebook, and then discovers "Sexy Frauke" Facebook Group.

Now let's examine the Secret Society women's operation. Almost three hours later, 5:13 AM, the Secret Society women send the first volunteer to the suspect's new domain: 77.78.5.122, networx-bg.com, Rousse, Bulgaria,

77.78.5.122 - - [04/May/2016:06:13:46 -0600] "GET /scientificenlightenment1/yihsuieh16.jpg HTTP/1.1" 200 95957 "https://www.google.bg/" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

The last times they have looked up this image are 25, 12, and 5 April.

7:49 AM, the Secret Society women send the second volunteer to the suspect's new domain: 212.175.166.246, hbys.trt.net.tr, Ankara, Turkey,

212.175.166.246 - - [04/May/2016:08:49:11 -0600] "GET /cheneyplanintro/cheneyplanintrob.pdf HTTP/1.1" 200 478378 "https://www.google.com.tr/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"
212.175.166.246 - - [04/May/2016:08:49:12 -0600] "GET /favicon.ico HTTP/1.1" 200 408 "http://www.enlightenment1998.com/cheneyplanintro/cheneyplanintrob.pdf" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

The last times they have looked up this chapter are 26, 23, and 17 April.

9:36 AM, somebody is accessing deep into VJ's Facebook.

173.252.74.98 - - [04/May/2016:10:36:49 -0600] "GET /gallery/lookingglassgirldetail.jpg HTTP/1.1" 200 190231 "-" "facebookexternalhit/1.1 (+http://www.facebook.com/externalhit_uatext.php)"

31.13.97.115 - - [04/May/2016:10:36:52 -0600] "GET /gallery/healer2.jpg HTTP/1.1" 200 352939 "-" "facebookexternalhit/1.1 (+http://www.facebook.com/externalhit_uatext.php)"

Related to the Secret Society women's operation?

10:06 AM, the first person of the day comes to look at the suspect's new thread at Bluehost forum: 162.198.77.50, lightspeed.sntcca.sbcglobal.net, Redwood City,

162.198.77.50 - - [04/May/2016:11:06:12 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

Is this volunteer related to the Redwood City decoy seen so many times in December and January?

10:49 AM, the second person of the day comes to look at the suspect's new thread at Bluehost forum: 67.185.130.250, hsd1.wa.comcast.net, Spokane, Washington,

67.185.130.250 - - [04/May/2016:11:49:42 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women&s=a3f38f6be15d00e6718cd22f4ce5e074" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

Presumably another volunteer for the Secret Society women.

11:39 AM, 221.145.183.167, it's the Korean scout.

221.145.183.167 - - [04/May/2016:12:39:02 -0600] "GET / HTTP/1.1" 200 523 "http://absolutebeta.com" "Mozilla/5.0 (compatible; MSIE 9.0; Windows NT 6.1)"
221.145.183.167 - - [04/May/2016:12:39:03 -0600] "GET / HTTP/1.1" 200 472 "https://www.google.co.kr/" "Mozilla/5.0 (compatible; MSIE 10.0; Windows NT 6.1)"

The last three times he was here were 1 May, 26 April, and 22 April.

11:42 AM, the Secret Society women send the third volunteer to the suspect's new domain: 50.200.231.209, Comcast Business, Hopkinton, Massachusetts,

50.200.231.209 - - [04/May/2016:12:42:07 -0600] "GET /1/biopower2.jpg HTTP/1.1" 200 8868 "https://www.google.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

They have last looked up this image on 29, 28, 27 (2), and 6 April. One wonders whether this person

has anything to do with the University of Massachusetts crowd from 3 April.

12:58 PM, the Secret Society women send the fourth volunteer to the suspect's new domain: 131.125.11.1, Kean College, Union Township, New Jersey,

131.125.11.1 - - [04/May/2016:13:58:31 -0600] "GET /1/trnaribozyme.jpg HTTP/1.1" 200 30134 "https://www.google.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_9_5) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/537.86.5"

They have just looked up this image on 2 May.

2:30 PM, the Secret Society women send the fifth volunteer to the suspect's new domain: 50.141.33.1, Comcast Cable, Fremont, California,

50.141.33.1 - - [04/May/2016:15:30:03 -0600] "GET /gallery/perspective2.jpg HTTP/1.1" 200 45645 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/49.0.2623.112 Safari/537.36"

They have just looked up this image on the early morning of 3 May.

6:04 PM, Google Web Preview.

64.233.172.175 - - [04/May/2016:19:04:48 -0600] "GET /gallery/perspective1.jpg HTTP/1.1" 404 579 "http://biliykamin.com/page/25/" "Mozilla/5.0 (X11; Linux x86_64) AppleWebKit/537.36 (KHTML, like Gecko; Google Web Preview) Chrome/27.0.1453 Safari/537.36"

It appears that, between 2:30 PM and 6 PM, the Phoenix Lawyer has again found the Secret Society women's case (about the suspect's plagiarism) to be insufficient. The women decide to remake the case about 2011.com: while the suspect supposedly uses this website to plagiarize other people, he also uses it to sexually harass the Secret Society women.

Thus, by 6:20 PM or so, the Secret Society women have sent two volunteers, one from Easley, South Carolina, and the other from Toronto, to skim through the suspect's Prison Planet posting to report to the Phoenix Lawyer about the frightening things he has written about his poor women victims. 6:22 PM, the volunteer clicks on one of the links on the posting: 75.137.124.104, dhcp.gnvl.sc.charter.com, Easley, South Carolina,

75.137.124.104 - - [04/May/2016:19:22:10 -0600] "GET /timeline9/timeline9d.pdf HTTP/1.1" 404 579 "http://forum.prisonplanet.com/index.php?topic=260320.0" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:45.0) Gecko/20100101 Firefox/45.0"

The Easley volunteer reports on the posting and (non-existent) document for about 8 minutes. Then,

6:28 PM, the Toronto volunteer (cable.teksavvy.com) also clicks on one of the links:

173.230.188.184 - - [04/May/2016:19:28:24 -0600] "GET /thirdrunoutline7/thirdrunoutline7d.pdf HTTP/1.1" 404 593 "http://forum.prisonplanet.com/index.php?topic=260320.0" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:45.0) Gecko/20100101 Firefox/45.0"

Meanwhile, the Easley Volunteer continues clicking on the links:

75.137.124.104 - - [04/May/2016:19:28:52 -0600] "GET /blogs/2013/04/ HTTP/1.1" 404 569 "http://forum.prisonplanet.com/index.php?topic=260320.0" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:45.0) Gecko/20100101 Firefox/45.0"

6:32 PM, the Toronto volunteer continues,

173.230.188.184 - - [04/May/2016:19:32:39 -0600] "GET /timeline9/timeline9d.pdf HTTP/1.1" 404 579 "http://forum.prisonplanet.com/index.php?topic=260320.0" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:45.0) Gecko/20100101 Firefox/45.0"

6:51 PM, the Toronto volunteer continues:

173.230.188.184 - - [04/May/2016:19:51:21 -0600] "GET /blogs/2014/12/29/early-phase-of-kierstens-secret-societys-operation-on-me-august-december-2012/ HTTP/1.1" 404 650 "http://forum.prisonplanet.com/index.php?topic=260320.0" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:45.0) Gecko/20100101 Firefox/45.0"

The reporting on the Prison Planet forum posting thus goes on for about 40 minutes. Again, the Secret Society women emphasize that the horrifying delusion he has developed about them (about their going after him) is the reason why he is a danger to them (“He could act on his delusions and hurt us”) – which somehow means that his website and Internet forum postings should be banned. But the Phoenix Lawyer remains apparently unconvinced that this is enough legal ground.

7:48 PM, the suspect, as noted, sends a private message to Chevalier du Temple replying to his questions.

> Si vous regardez mon théorie de très près, vous verrez un critique du féminisme américain. Il semble que ç'a vraiment irrité ce groupe de femmes, qui me considèrent 'misogyne', et qui on cherché depuis trois ans à supprimer mon site de web. Biensûr, il y a d'autres matières sur mon site de web qui ont agacé ces femmes, tel que mon confession qu'elles cherchent à supprimer mon site de web.
>
> Tout ça me déprime beaucoup. J'ai mis mon théorie en ligne il y a 11 ans, et jamais une personne n'a reconnu son valeur extraordinaire. Mais maintenant ces femmes, qui ne sont

> pas eduquées et qui ne peuvent pas en comprendre même un seul mot, cherchent à le supprimer. La situation est semblable à celle de Marine. Marine est contre l'immigration parce qu'elle est contre la mondialisation, mais la plupart des gens ne peuvent pas penser et ne savent que la désigner comme 'raciste' en écoutant 'anti-immigration'. Mon théorie n'a rien à voir avec le misogynie, c'est un critique de consommation.
>
> Est-ce que donc votre famille se compte parmi les 'anciens combattants' chez FN? C'est comment qu'un adhérent de FN est arrivé à travailler pour les financières américaines?

You see how idiotic the suspect's explanation is for Chevalier. Chevalier, since he works intimately with the Secret Society women, understands their situation better than the suspect. He has certainly immediately forwarded the suspect's message to other people in FN and the Secret Society women themselves so that everyone may brainstorm whether a story can be made out of it about the suspect's intention to harm these women, etc.

Around 8:20 PM, the log is cut off.

8:24 PM, the log is archived.

9:38 PM, the third person of the day has come to look at the suspect's new thread at Bluehost forum: 110.175.103.183, tpgi.com.au, Henley Beach South, Australia,

110.175.103.183 - - [04/May/2016:22:38:08 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 10.0; Win64; x64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

Certainly another volunteer for the Secret Society women. Probably a report to the Phoenix Lawyer about the same thing after he has rejected the women's claims as insufficient.

10:42 PM, the Secret Society women send the sixth volunteer to the suspect's new domain: 71.37.220.133, phnx.qwest.net, Mesa, Arizona,

71.37.220.133 - - [04/May/2016:23:42:25 -0600] "GET /scientificenlightenment1/justiceinrepublic2.html HTTP/1.1" 200 62438 "https://www.google.com/" "Mozilla/5.0 (iPhone; CPU iPhone OS 9_2 like Mac OS X) AppleWebKit/601.1.46 (KHTML, like Gecko) Version/9.0 Mobile/13C75 Safari/601.1"

Presumably to fortify their claim about the suspect's plagiarism.

11:16 PM, the Secret Society women send the seventh volunteer to the suspect's new domain: 72.241.40.150, buckeyecom.net, Toledo, Ohio,

72.241.40.150 - - [05/May/2016:00:16:46 -0600] "GET /gallery/peniswomen.jpg HTTP/1.1" 200 297908 "https://www.google.com/" "Mozilla/5.0 (Linux; Android 6.0.1; SM-G930V Build/MMB29M) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.89 Mobile Safari/537.36"

The last times they have looked up this image are: 1 May; and 27, 26, and 25 April.

11:59 PM, smredathena.jpg is called up on Facebook. The Secret Society women are accessing older portions of the Secret Facebook Group (after December).

12:29 AM, the suspect has posted his new portrait on Frauke's Facebook, with a link to his portrait series. He doesn't know that this will provide Frauke's team with more ammunition to complain about him. (“He is becoming seriously obsessed with Frauke and will become a danger to her.”)

He has also posted the same portrait on “Sexy Frauke” Facebook Group. This time without including a link, however.

12:51 AM, 21 minutes after the suspect has posted his portrait, the first person follows the link and checks out his portrait series: 91.37.220.160, ipconnect.de, Erfurt, Germany,

91.37.220.160 - - [05/May/2016:01:51:09 -0600] "GET /gallery/drawLA.html HTTP/1.1" 200 1178

"https://www.facebook.com" "Mozilla/5.0 (Windows NT 10.0; Win64; x64; rv:45.0) Gecko/20100101 Firefox/45.0"

Not necessarily working for the Secret Society women or Frauke's team.

12:57 AM, a second person has followed the link on Frauke's Facebook: 89.0.40.141, netcologne.de, Eschweiler, Germany,

89.0.40.141 - - [05/May/2016:01:57:20 -0600] "GET /gallery/drawLA.html HTTP/1.1" 200 1178 "https://www.facebook.com" "Mozilla/5.0 (Windows NT 10.0; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

12:57 AM, the suspect posts a short note on Bluehost forum: “The group of women is currently making major progress with petitioning their next authority to ban my website.”

1:55 AM, a third person has followed the link: 188.108.252.58, pools.vodafone-ip.de, Hamburg, Germany,

188.108.252.58 - - [05/May/2016:02:55:57 -0600] "GET /gallery/drawLA.html HTTP/1.1" 200 1178 "https://www.facebook.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/49.0.2623.110 Safari/537.36 OPR/36.0.2130.65 (Edition Campaign 67)"

1:56 AM, a fourth person: 217.225.193.113, ipconnect.de, Hamburg,

217.225.193.113 - - [05/May/2016:02:56:39 -0600] "GET /gallery/drawLA.html HTTP/1.1" 200 1178 "https://www.facebook.com" "Mozilla/5.0 (Windows NT 6.3; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

2:01 AM, a fifth person: 77.10.192.7, Delmenhorst, dyn.telefonica.de,

77.10.192.7 - - [05/May/2016:03:01:13 -0600] "GET /gallery/drawLA.html HTTP/1.1" 200 1178 "https://www.facebook.com/" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

2:02 AM, a sixth person: 139.30.240.187, rds1.uni-rostock.de, Verein zur Foederung eines Deutschen Forschungsne...

139.30.240.187 - - [05/May/2016:03:02:48 -0600] "GET /gallery/drawLA.html HTTP/1.1" 200 1178 "-" "Mozilla/5.0 (Windows NT 6.3; WOW64; Trident/7.0; Touch; rv:11.0) like Gecko"

Note that this is the University of Rostock, the third oldest university in Germany. Given the fact that it

is a direct visit, it's clear that somebody has simply sent him the link. This means that the first or second person to have checked out the suspect's link (from 12:50 AM or so) must have been a close associate of Frauke's team who knows about everybody's alliance with the Secret Society women to go after the suspect's website. After he saw the link, he also sent it to another close associate of Frauke's team, this time somebody working at the University of Rostock. They are brainstorming a way to make out of this new portrait of Frauke a claim that the suspect is harassing and terrorizing her with his obsession with her.

2:12 AM, a seventh person: 84.165.81.242, t-ipconnect.de, Siegburg, Germany,

84.165.81.242 - - [05/May/2016:03:12:23 -0600] "GET /gallery/drawLA.html HTTP/1.1" 200 1178 "https://www.facebook.com" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:45.0) Gecko/20100101 Firefox/45.0"

2:18 AM, an eighth person, 95.90.248.228, dynamic.kabel-deutschland.de, Hamburg,

By this time the Secret Society women must be in contact with Frauke's team about the suspect's new portrait of Frauke. Perhaps they are discussing how to report the suspect's terrorization of Frauke to the Phoenix Lawyer. Nonetheless, on 2:19 AM, the women send the eighth volunteer to the suspect's new domain: 202.62.16.161, Internux, Jakarta, Indonesia,

202.62.16.161 - - [05/May/2016:03:19:11 -0600] "GET /gallery/peniswomen.jpg HTTP/1.1" 200 297908 "https://www.google.com" "Mozilla/5.0 (Windows NT 6.3; WOW64; rv:45.0) Gecko/20100101 Firefox/45.0"

They have just looked at this image three hours ago. This is certainly the continuation of the previous visit.

2:24 AM, a ninth person: 84.151.239.13, ipconnect.de, Cologne, Germany,

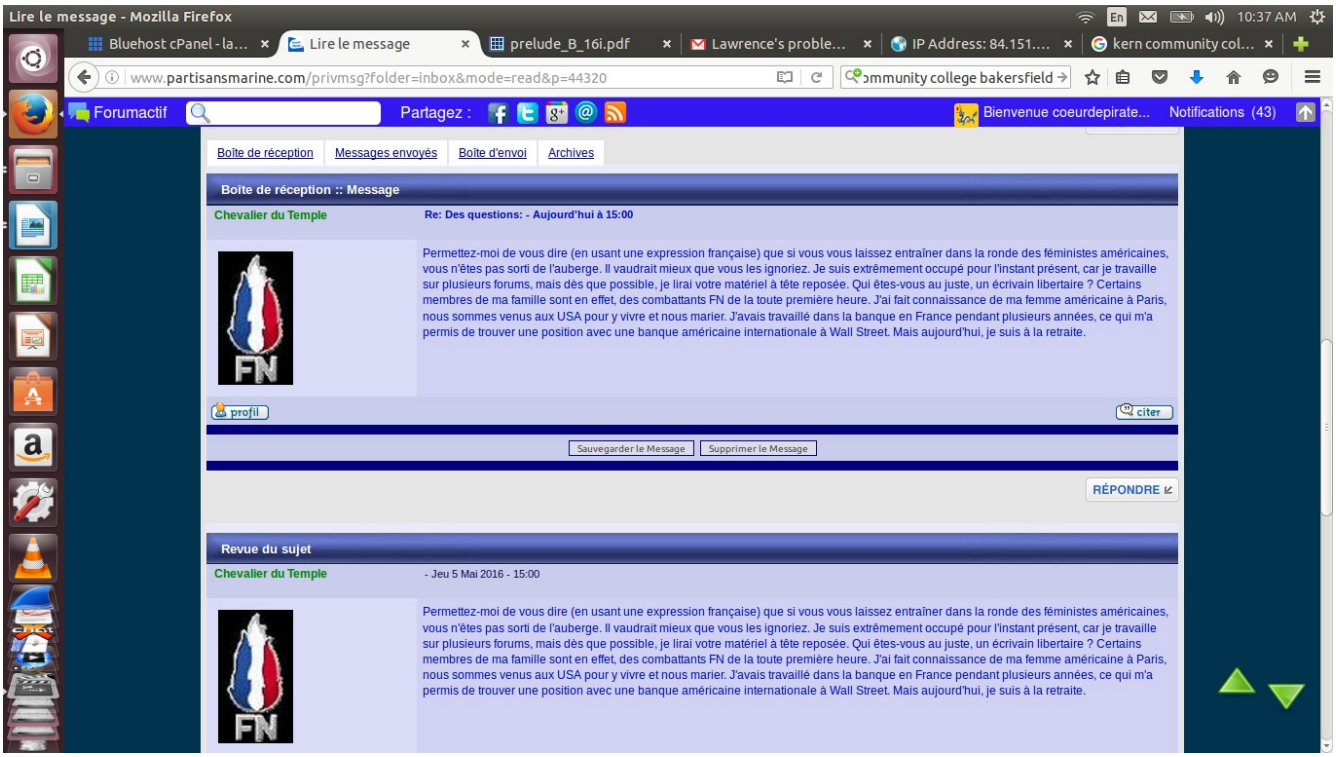
5 May (Thursday; 6:0:3)

Let's first consider the suspect. Around 9 AM, he calls Derrick. He changes the time of his meeting with him to next Tuesday, but then gets angry while talking to him about the Secret Society women. Starbucks. Then, he gets on bus 2. Bru-Coffee. Mr Homeland Security informant ("Gonzales") is not there. He calls Rita. He leaves a message for Mr Philip Dube (Public Defender). He stays until 4:30 PM. Then, Chrysalis. Dinner. It's Rolando, George is on vacation. 6:15 PM, he leaves. Culver City, Spanish language meetup. Nobody there is interested in the suspect. Starbucks. Around 10 PM, he is on bus 733. SM. Then, Westwood. Starbucks. He spends an hour writing another message to Chevalier. (See below.) Then, almost 2 AM, he goes to sleep by the apartment building.

Now, let's consider the Secret Society women's operation. 6 AM, Chevalier du Temple has replied the suspect.



There is malice in Chevalier's words. He wants the suspect to ignore the Secret Society women's current operation because all the Partisans, together with their new German allies, are doing their best to help these women ban his website. It would be all the better if the whole matter just flies over the

suspect's head. The suspect doesn't understand that these Partisans – whose ideology he supports – don't give the slightest crap about him. They all know that these women's claims about the suspect – as reflected in Homeland Security's false profile of him – are completely bogus, but they are perfectly willing to sacrifice him to gain the political advantages which his sacrifice would entail.

On 7:24 AM, 7:25 AM, and 7:32 AM, there comes a strange robot to the suspect's non-existent website: 41.45.164.202, tedata.net, Cairo, Egypt,

41.45.164.202 - - [05/May/2016:08:24:53 -0600] "GET /gallery/gallery.html HTTP/1.1" 404 575 "http://www.google.com/url?q=http%3A%2F%2Fwww.lawrencechin2011.com%2Fgallery%2Fgallery.html&sa=D&sntz=1&usg=AFQjCNFxUI3nXvMxILrh6ev_-cAaGiWTtg" "Mozilla/5.0 (Windows NT 10.0; Win64; x64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/46.0.2486.0 Safari/537.36 Edge/13.10586"

41.45.164.202 - - [05/May/2016:08:25:04 -0600] "GET /gallery/gallery.html HTTP/1.1" 404 575 "http://www.google.com/url?q=http%3A%2F%2Fwww.lawrencechin2011.com%2Fgallery%2Fgallery.html&sa=D&sntz=1&usg=AFQjCNFxUI3nXvMxILrh6ev_-cAaGiWTtg" "Mozilla/5.0 (Windows NT 10.0; Win64; x64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/46.0.2486.0 Safari/537.36 Edge/13.10586"

41.45.164.202 - - [05/May/2016:08:32:28 -0600] "GET /gallery/gallery.html HTTP/1.1" 404 575 "http://www.google.com/url?q=http%3A%2F%2Fwww.lawrencechin2011.com%2Fgallery%2Fgallery.html&sa=D&sntz=1&usg=AFQjCNFxUI3nXvMxILrh6ev_-cAaGiWTtg" "Mozilla/5.0 (Windows NT 10.0; Win64; x64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/46.0.2486.0 Safari/537.36 Edge/13.10586"

It's not clear whether this is related to the Secret Society women's operation.

8:04 AM, the first person of the day comes to check out the suspect's new thread at Bluehost forum – the Secret Society women would discover for the first time the short note which the suspect has posted 7 hours ago: 152.51.48.1, North Carolina Research and Education Network, Wayne, Pennsylvania.

152.51.48.1 - - [05/May/2016:09:04:34 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 6.1; WOW64; Trident/7.0; rv:11.0) like Gecko"

8:16 AM, 76.3.112.21, the second person of the day comes to check out the suspect's new thread at Bluehost forum: dhcp.embarqhsd.net, Lilington, North Carolina.

76.3.112.21 - - [05/May/2016:09:16:53 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-

The 8:04 AM and 8:16 AM volunteers are presumably related to each other. The Secret Society women are probably trying to bundle their claim that the suspect is harassing them and terrorizing them online with Frauke's team's claim that he is also harassing and terrorizing Frauke on her Facebook page.

9:22 AM, the Secret Society women send the first volunteer to the suspect's new domain: 147.126.81.6, Loyola University Chicago,

147.126.81.6 - - [05/May/2016:10:22:33 -0600] "GET /scientificenlightenment1/genealogy_of_morals.htm HTTP/1.1" 200 26177 "http://www.google.com/url?sa=t&rct=j&q=&esrc=s&source=web&cd=4&ved=0ahUKEwjWmr37q8PMAhXKGB4KHaMxAgsQFggrMAM&url=http%3A%2F%2Fwww.enlightenment1998.com%2Fscientificenlightenment1%2Fgenealogy_of_morals.htm&usg=AFQjCNHSmaLp61s3CErgwX1CLE5W7FDFcA&sig2=Qs884ystUXnP_jQbLkChgQ" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_8_5) AppleWebKit/600.8.9 (KHTML, like Gecko) Version/6.2.8 Safari/537.85.17"

They have not looked up this chapter since a long time ago. Plagiarism.

9:22 AM, the Secret Society women send the second volunteer to the suspect's new domain: 198.189.7.28, Kern Community College District, Bakersfield, California,

198.189.7.28 - - [05/May/2016:10:22:45 -0600] "GET /1/merging_forces.gif HTTP/1.1" 200 6723 "https://www.google.com" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10.11; rv:45.0) Gecko/20100101 Firefox/45.0"

They have also not looked at this image since a long time ago. Plagiarism.

11:15 AM, the suspect posts a new message on Bluehost forum:

> I would suppose that these women's first step – when they find a new lawyer or a new authority to petition about banning my website globally – is to prove to her that I suffer from this paranoiac delusion about how they are going after me trying to ban my website and keep talking about it on Internet forums (like here) and on my website. As I'm talking about it here right now, they will want to take this thread to the new lawyer and the new authority as evidence on the basis of which to argue that, since I believe, in my paranoiac delusion, that they are going after me trying to ban my website, I pose a danger to them, so that justification can be had to keep the whole proceeding confidential from me, so that, when they shall succeed in getting the new authority to ban my website globally, I will not be notified and not be given the chance to respond and to point out that all the horror

> stories they have gathered all their online friends to make up about my website are made up false stories. The key to their success is therefore the lack of time and will of the new authority to inquire what the women have done before, since the women will not tell her and I will not be there to reveal it to her.

11:43 AM, the Secret Society women send the third volunteer to the suspect's new domain: 126.61.41.214, bbtec.net, Kyoto,

126.61.41.214 - - [05/May/2016:12:43:23 -0600] "GET /1/languagechangecycle.gif HTTP/1.1" 200 2694 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

The last time they looked up this image is 2 May.

2:45 PM, 70.197.10.37, the third person of the day comes to look at the suspect's new thread at Bluehost forum, myvzw.com, San Francisco,

70.197.10.37 - - [05/May/2016:15:45:19 -0600] "GET /2012/91413-61.png HTTP/1.1" 200 139918 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 6.1; rv:45.0) Gecko/20100101 Firefox/45.0"
70.197.10.37 - - [05/May/2016:15:45:19 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 6.1; rv:45.0) Gecko/20100101 Firefox/45.0"

Presumably a volunteer for the Secret Society women. They would thus see the suspect's new post three and a half hour after he has posted it.

3:49 PM, good_honest sends a message to suspect on Interpals: soon after he has logged onto Interpals for the first time in a long time. “My name is Modou, I'm living in Gambia and you?” Not clear whether it is related to the Secret Society women.

3:53 PM, the Secret Society women send the fourth volunteer to the suspect's new domain: 76.24.47.59, hsd1.nh.comcast.net, Nashua, New Hampshire,

76.24.47.59 - - [05/May/2016:16:53:25 -0600] "GET /scientificenlightenment1/yih110.jpg HTTP/1.1" 200 169274 "https://www.google.com/" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

They have just looked up yih111.jpg on 3 May. And yih108.jpg on 29 April. This image itself on 27 April.

Then, 3 hours later, 7:07 PM, Drake Holdings, Las Vegas,

204.79.180.57 - - [05/May/2016:20:07:16 -0600] "GET /sufferingwoman/sufferingwomand.pdf HTTP/1.1" 200 417881 "http://www.bing.com/search?q=american+suffering+woman&form=MSNH14&sc=8-4&sp=-1&qs=n&sk=" "Mozilla/5.0 (compatible; MSIE 9.0; Windows NT 6.1; Trident/5.0; Trident/5.0)"

Recall that this seems to be the Microsoft person first seen on 15 November, 2015. He was last seen on 19 April ("Lawrence" and "Eva"). Then, on 24 January (redathena.htm) and on 13 January (originofnationstate.htm). It seems that, while the Secret Society women are finding every way possible to ban the suspect's website and generate evidences to revive the current ICJ trial, they have once again decided to complain to Microsoft about the suspect's online harassment of women (in this case, SDW) asking them to exclude the suspect's website from Bing's search results. The exclusion itself could become evidence to revive the ICJ trial.

What is so coincidental is that the suspect has just done the same search on Bing on the night of 2 May while he was staying in Stay on Main. It seems almost as if the Microsoft personnel is replicating the suspect's search from three nights ago after accessing customers' search records.

From the fact that the Secret Society women will send no more visitors to the suspect's website in the next six hours we can surmise that, after Microsoft has refused to comply with their request, the women go into another round of intense brainstorming, perhaps together with their French and German allies.

8:26 PM, the log is cut off.

8:27 PM, the log is archived.

12:49 AM, the suspect sends a private message to Chevalier:

> Salut,
>
> J'espère que vous me donnez de bonne conseil (ignorer les opérations de ce groupe des femmes visant à supprimer mon site de web). Si je les ignore et si elles réussissent à ce qu'elles visent, mon site de web disparaîtra sans que je ne sache pourquoi, tout comme ce qui est arrivé en janviers.
>
> Pour répondre à votre question, il y a long temps j'étudie la philosophie, j'écris, je travaille parfois, je fais mon étude aux universitaires... Mais, dès que ce groupe de femmes commencent à me poursuivre il y a trois ou quatre ans, elles n'auront pour le but de leur vie que d'être mes victimes, et elles ont déjà réussi à me faire arrêter et imprisonner, donc ce que je suis maintenant c'est un criminel. J'épargne l'argent à ce moment pour pouvoir un

> jour quitter ce pays dangereux et retourner au pays de mon naissance, où, du moins, les gens n'essayeront normalement pas de toute leur force d'être les victimes des crimes comme si c'était le sens ultime de la vie humaine. De sorte que, par là, j'espère, on ne m'obligera plus à être un criminel et me laissera étudier et écrire la philosophie en paix.
>
> En revue de tous vos messages chez Partisans, j'ai noté que vous passez presque toute la journée en écrivant en ce forum, surtout sur la religion chrétienne. Est-ce que vous êtes un des dirigeants de Partisans? Votre famille devra alors être proche de la famille Le Pen? Ce serait génial!
>
> Ce qui m'a motivé à m'intéresser au FN c'est le livre de Marine, quand j'ai noté la ressemblance de son anti-mondialisme à mon propre théorie. Je crois que vous vous intéressez au FN parce que vous voudriez protéger la France et la tradition chrétienne de la France; mais moi j'estime que ce qui sera plus signifiant c'est l'influence positive que le FN pourra introduire dans le monde quand Marine sera élue le Président de la République. Je m'intéresse à cette question, si le FN pourra introduire dans le monde une altérnative positive au modèle américain. Est-ce que vous pensez jamais à cette question?

Another stupid message. The suspect is still vainly courting friendship with the Partisans – not knowing that they are here to help the Secret Society women get him!

Strangely, 36 minutes later, 1:25 AM, the Secret Society women send the fifth volunteer to the suspect's new domain: 92.132.197.66, abo.wanadoo.fr, Boulogne-Bilancourt, France, near Paris,

92.132.197.66 - - [06/May/2016:02:25:22 -0600] "GET /scientificenlightenment1/capra7777.html HTTP/1.1" 200 21549 "https://www.google.fr" "Mozilla/5.0 (Windows NT 10.0; WOW64; rv:45.0) Gecko/20100101 Firefox/45.0"

Is this a Partisan? Has Chevalier already seen the suspect's message? (It would be almost 4 AM in New York!) Did he alter the suspect's message before passing it around to others in order to forge evidence showing the suspect unable to write French? Did the Partisans then decide to send somebody to the suspect's website? The Secret Society women haven't looked up this chapter since late January.

1:29 AM, the Secret Society women send the sixth volunteer to the suspect's new domain: 222.107.111.128, Korea Telecom, Seoul,

222.107.111.128 - - [06/May/2016:02:29:31 -0600] "GET /gallery/wine.jpg HTTP/1.1" 200 33836 "https://www.google.co.kr/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

They have just looked up this image on 3 May, almost 72 hours ago.

3:04 AM, Site Lock.

6 May (Friday; 5:0:3; the Long Keng group)

First, let's consider the suspect. He wakes up 9 AM or so. Starbucks. Log. The suspect deletes his signature from his profile at Partisans. (See below.) Then Diary Review, until 1 PM. Found noodle on the bench. On bus 1, SM court, probation check in. Called Step Mother. He then checks his site from the MAC store. On bus 704, slept on the bus, near Stories, hair cut. Then, he comes to Sabor. Comedy Night. Left, 10 PM. He feels very sad. (Sadden by Chevalier's response: see below.) He cries on Metro. Starbucks, Westwood, 11:30 PM or so. Midnight, the weird fat white guy appears.

World: Japanese Prime Minister Abe meets with Putin in Sochi.

Now let's consider the Secret Society women's operation for today. 6:52 AM, a Partisan checks out the suspect's portrait of Marine in his posting: 90.109.126.126, abo.wanadoo.fr, Romilly-sur-Seine, France,

90.109.126.126 - - [06/May/2016:07:52:58 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25684-presentation" "Mozilla/5.0 (Windows NT 10.0; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

8:21 AM, the Secret Society women send the first volunteer to the suspect's new domain: 130.126.225.138, bandrad.scs.uiuc.edu, University of Illinois, Urbana, Illinois,

130.126.225.138 - - [06/May/2016:09:21:26 -0600] "GET /1/chemoton.jpg HTTP/1.1" 200 86462 "https://www.google.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.86 Safari/537.36"

They have just looked up this image on 4 and 3 May.

9:05 AM, the Secret Society women send the second volunteer to the suspect's new domain: 180.234.229.165, qubee.com.bd, Dhaka, Bangladesh,

180.234.229.165 - - [06/May/2016:10:05:50 -0600] "GET /gallery/perspective2.jpg HTTP/1.1" 200 45645 "https://www.google.com" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:40.0) Gecko/20100101 Firefox/40.0"

15 seconds later, he looks up the image again:

180.234.229.165 - - [06/May/2016:10:06:05 -0600] "GET /gallery/perspective2.jpg HTTP/1.1" 200 45645 "https://www.google.com" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:40.0) Gecko/20100101

Firefox/40.0"

They have just looked up this image on 4 and 3 May.

9:32 AM, a first person of the day comes to look at the suspect's new thread at Bluehost forum (the first page): 81.135.82.5, btcentralplus.com, Glewstone, UK,

81.135.82.5 - - [06/May/2016:10:32:02 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

This is presumably a volunteer for the Secret Society women.

10:48 AM, the suspect has deleted his signature from his profile at Partisans ("I'm always a suspect...").

11:16 AM, a second person comes to look at the suspect's new thread at Bluehost forum (the first page): 99.18.220.152, dsl.tpk2ks.sbcglobal.net, Salina, Kansas,

Presumably another volunteer for the Secret Society women.

11:32 AM, the Secret Society women send the third volunteer to the suspect's new domain: 24.222.138.185, eastlink.ca, Annapolis Royal, Nova Scotia,

1:34 PM, the Secret Society women send the fifth volunteer to the suspect's new domain: 107.77.72.59, mycingular.net, Manor, Texas,

107.77.72.59 - - [06/May/2016:14:34:03 -0600] "GET /scientificenlightenment1/presocratics222.html HTTP/1.1" 200 9843 "https://www.google.com/" "Mozilla/5.0 (iPhone; CPU iPhone OS 9_3_1 like Mac OS X) AppleWebKit/601.1.46 (KHTML, like Gecko) Version/9.0 Mobile/13E238 Safari/601.1"

107.77.72.59 - - [06/May/2016:14:34:04 -0600] "GET /scientificenlightenment1/athd2.jpg HTTP/1.1" 200 12082 "http://www.enlightenment1998.com/scientificenlightenment1/presocratics222.html" "Mozilla/5.0 (iPhone; CPU iPhone OS 9_3_1 like Mac OS X) AppleWebKit/601.1.46 (KHTML, like Gecko) Version/9.0 Mobile/13E238 Safari/601.1"

They have not looked at this chapter since a long time ago.

6:12 PM, almost 5 hours later, a very special visit: 74.220.197.113, unifiedlayer.com, Provo, Utah,

74.220.197.113 - - [06/May/2016:19:12:54 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (X11; Ubuntu; Linux x86_64; rv:46.0) Gecko/20100101 Firefox/46.0"

This is the mysterious visitor from 5 April whom we have suspected to be a Bluehost administrator. Note that his Firefox has been updated from 45 to 46. 6:14 PM, he looks at page two of the posting.

74.220.197.113 - - [06/May/2016:19:14:10 -0600] "GET /2012/91413-61.png HTTP/1.1" 200 139918 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women/page2" "Mozilla/5.0 (X11; Ubuntu; Linux x86_64; rv:46.0) Gecko/20100101 Firefox/46.0"

Are the Secret Society women complaining to Bluehost administrator about the suspect's harassment of them on Bluehost forum? Very likely: if the Bluehost administrator takes action, it could be an important piece of evidence indicating that the women's complaints about the suspect might be correct after all – namely, the evidence needed to revive the current ICJ trial.

7:19 PM, Chevalier has replied the suspect. This is the reply which would sadden the suspect.

7:50 PM, 221.145.183.167, it's the Korean scout.

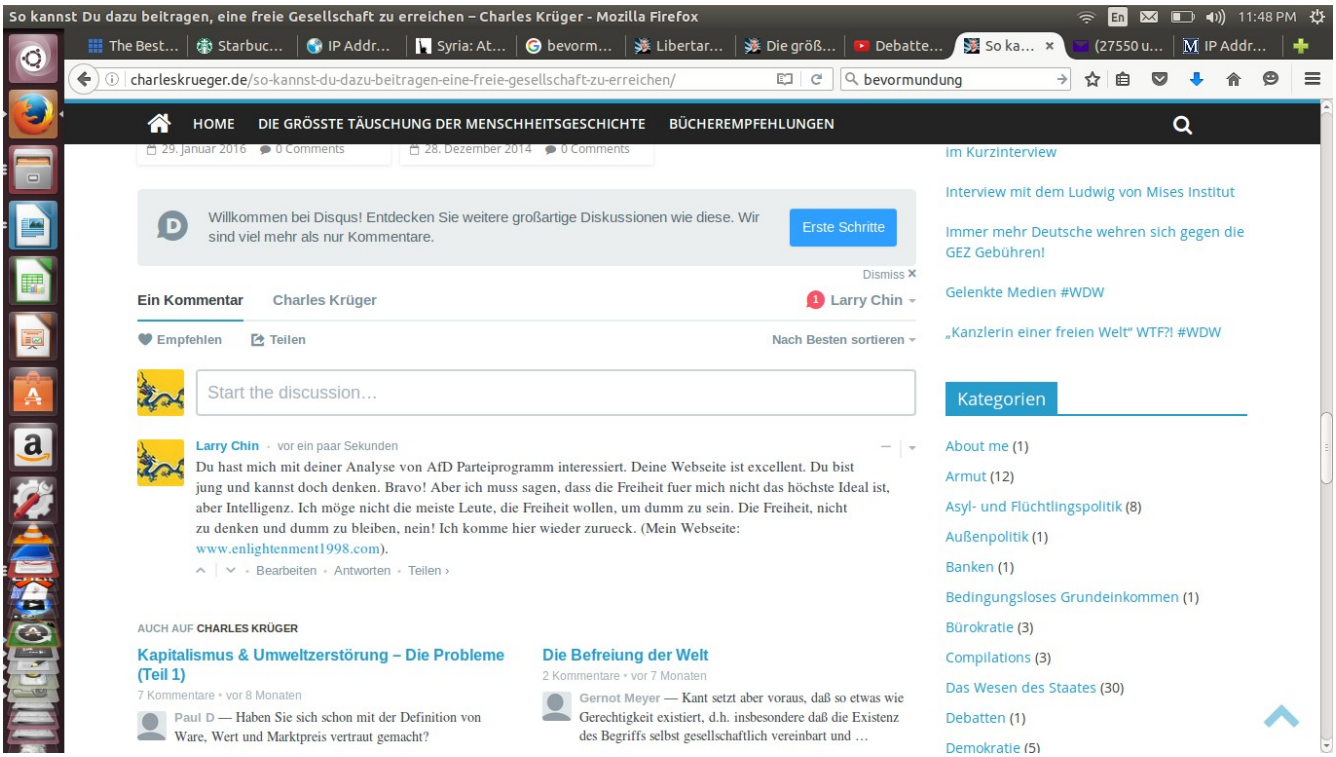
221.145.183.167 - - [06/May/2016:20:50:26 -0600] "GET / HTTP/1.1" 200 523 "http://nationalweather.com" "Mozilla/5.0 (compatible; MSIE 9.0; Windows NT 6.1)"
221.145.183.167 - - [06/May/2016:20:50:27 -0600] "GET / HTTP/1.1" 200 472 "https://www.google.co.kr/" "Mozilla/5.0 (compatible; MSIE 10.0; Windows NT 6.1)"

The last time he was here is 4 May.

8:47 PM, the log is archived.

9:21 PM, SDW posts a reply to her own 23 April posting on her Facebook Group: “Gangstalking is a huge part of the harassment, particularly by neighbors and HOA's. I think many [people] like this couple don't realize they are targeted.” This is her first time since 23 April.

11:48 PM, the suspect has commented on Kruger's website, leaving him a link to his website.



1:42 AM, a very special volunteer comes: 123.185.18.162, dynamic.163data.com.cn, Shenyang, China, NT 6.1, Firefox 43.0.

123.185.18.162 - - [07/May/2016:02:42:29 -0600] "GET /thermex2.html HTTP/1.1" 200 530 "http://r.search.yahoo.com/_ylt=AwrTcdBoqi1XcfYA4Q4nnIlQ;_ylu=X3oDMTE0NmNoOGJjBGNvbG8DZ3ExBHBvcwMzBHZ0aWQDRkZVSTNDMV8xBHNlYwNzcg--/RV=2/RE=1462639337/RO=10/RU=http%3a%2f%2fwww.enlightenment1998.com%2fthermex2.html/RK=0/RS=qXgUbYn0dw6HfhHQrI6mwbJ.LKg-" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:43.0) Gecko/20100101 Firefox/43.0"

Strangely, this IP address is found on the visitors' log of Marzon Hotel's website (Kalibo). It's not clear whether this is a proxy. In any case, this visitor is an associate of what shall be nicknamed the “Long Keng volunteer”. 1:43 AM, he looks up the suspect's notes on the Old Testament.

123.185.18.162 - - [07/May/2016:02:43:54 -0600] "GET /readings/oldtestament3.pdf HTTP/1.1" 200 495737 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:43.0) Gecko/20100101 Firefox/43.0"

How is he able to find this document within one minute? Obviously, it's Chevalier who has advised him to look at it. Since the Bluehost administrator has rejected the Secret Society women's request, the women and their Partisan allies must have gone into brainstorming. Within 7 hours, they have found

two volunteers who are Chinese to help them. (These two volunteers could even be related to the Chinese intelligence service.) Chevalier tells this Shenyang volunteer that the suspect has this documents about the Bible out of which it might be possible to make a case of plagiarism. The Shenyang volunteer thus takes a look.

Then, within two minutes, 1:45 AM, what shall be nicknamed the “Long Keng volunteer” comes: 104.237.91.164, Univera Network, Long Keng, Hong Kong,

104.237.91.164 - - [07/May/2016:02:45:55 -0600] "GET /scientlitfr.html HTTP/1.1" 200 10673 "-" "Mozilla/5.0 (Linux; U; Android 4.1.2; en-us; LG-F200K/20h Build/JZO54K) AppleWebKit/534.30 (KHTML, like Gecko) Version/4.0 Mobile Safari/534.30"

The Long Keng volunteer must be communicating with the Shenyang person, the Secret Society women, and the Partisans (Chevalier) while clicking on the link which they have sent him. Note the “en-us” in his user-agent: although Chinese, he appears to be located in the United States.

1:46 AM, the Long Keng volunteer also looks at the suspect's Table of Contents. He is again sent the link.

104.237.91.164 - - [07/May/2016:02:46:21 -0600] "GET /thermex2.html HTTP/1.1" 200 530 "-" "Mozilla/5.0 (Linux; U; Android 4.1.2; en-us; LG-F200K/20h Build/JZO54K) AppleWebKit/534.30 (KHTML, like Gecko) Version/4.0 Mobile Safari/534.30"

Within 6 seconds, he follows Chevalier's suggestion and also looks up the suspect's notes on the Bible:

104.237.91.164 - - [07/May/2016:02:46:27 -0600] "GET /readings/oldtestament3.pdf HTTP/1.1" 200 495737 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Linux; U; Android 4.1.2; en-us; LG-F200K/20h Build/JZO54K) AppleWebKit/534.30 (KHTML, like Gecko) Version/4.0 Mobile Safari/534.30"
104.237.91.164 - - [07/May/2016:02:46:30 -0600] "GET /readings/oldtestament3.pdf HTTP/1.1" 200 495737 "-" "Dalvik/1.6.0 (Linux; U; Android 4.1.2; LG-F200K Build/JZO54K)"

Now he's also studying how to make a case of plagiarism out of this.

1:47 AM, the Shenyang volunteer clicks on scientlitfr.html in Table of Contents.

123.185.18.162 - - [07/May/2016:02:47:00 -0600] "GET /scientlitfr.html HTTP/1.1" 200 10673 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:43.0) Gecko/20100101 Firefox/43.0"

1:48 AM, or two minutes later, the Long Keng volunteer clicks on “Old Testament” again. Note the

"Dalvik 1.6.0" in his user-agent.[2]

104.237.91.164 - - [07/May/2016:02:48:26 -0600] "GET /readings/oldtestament3.pdf HTTP/1.1" 200 495737 "-" "Mozilla/5.0 (Linux; U; Android 4.1.2; en-us; LG-F200K/20h Build/JZO54K) AppleWebKit/534.30 (KHTML, like Gecko) Version/4.0 Mobile Safari/534.30"
104.237.91.164 - - [07/May/2016:02:48:27 -0600] "GET /readings/oldtestament3.pdf HTTP/1.1" 200 495737 "-" "Dalvik/1.6.0 (Linux; U; Android 4.1.2; LG-F200K Build/JZO54K)"

2:53 AM, a third person comes to look at the suspect's thread at Bluehost forum (page 2): 64.233.173.156, Google proxy India,

64.233.173.156 - - [07/May/2016:03:53:43 -0600] "GET /2012/91413-61.png HTTP/1.1" 200 139918 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women/page2" "Mozilla/5.0 (Linux; Android 5.1.1; YU5510 Build/LMY49J) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/46.0.2490.76 Mobile Safari/537.36"

The Secret Society women and the Partisans must be telling this volunteer about their difficulty: Bluehost has refused to consider this thread as constituting harassment.

3:08 AM, Site Lock.

7 May (Saturday; the Fourth Lawyer; 10:0:3)

First, let's consider the suspect. He wakes up almost 10 AM, by the apartment building complex. Starbucks. Log. Message for W. ISO, ramen. He watches Kruger's AFD Analysis. On bus 720. Walgreens. The line is too long. He leaves. Bru-Coffee. Mr Homeland Security informant "Gonzales" is not there. 5:06 PM, he calls W, and W answers it, but only after the answering machine has gone off.

Here are the details of the conversation: (1) How could the Secret Society women have obtained the recordings of his conversations. Strangely, W suggests that they have obtained them by breaking into his storage unit and stealing his DVDs. This is of course not possible. Perhaps he has been instructed by (Russian-controlled) Homeland Security to suggest bizarre scenarios so that, should the suspect be persuaded, he could conform to Homeland Security's false profile of him as suffering severe delusion about the Secret Society women's going after him. (2) The suspect mentions that he is sad and depressed the whole past week. W: "You are depressed because of your website, but you are homeless, and yet you couldn't care less, whereas other people would...." The suspect: "The Secret Society

2 Wikipedia: "Dalvik is a discontinued process virtual machine (VM) in Google's Android operating system that executes applications written for Android. Dalvik is an integral part of the Android software stack in Android versions 4.4 "KitKat" and earlier, which is typically used on mobile devices such as mobile phones and tablet computers, and more recently on devices such as smart TVs and wearables. Dalvik is open-source software, originally written by Dan Bornstein, who named it after the fishing village of Dalvík in Eyjafjörður, Iceland."

women's operation is picking up....” Then he talks about Chevalier du Temple, how he has discovered this old man has connections with the Secret Society women. He continues: “Life is becoming pointless; I have but a website and yet only the Secret Society women ever bother to visit it, and they are illiterate.... I can't stand this world, people are just too dumb....” W: “You have got to go back to academia...” Then W suggests that the suspect call up Dr G and have lunch with him. This is of course a terrible idea and the suspect says so. Why is W making such a bad suggestion? It's quite possible that he is following another Homeland Security instruction to lead the suspect into a trap. That is, Dr G would probably accuse the suspect of harassing him, which would become evidence in favor of the Russian side. The suspect retorts that he would rather spend time with the “Bohemian Philosopher” (RD). “But he only shows up when he has a mission.... He only shows up when it's time to gather more evidences from me....” W: “You think about yourself too much....” (3) The suspect then gives the result of his reconstruction (which you have seen at the end of Part II): “The previous ICJ trial thus does not matter anymore; once evidences are replaced, the justification will have been established for orchestrating the current ICJ trial, which would result in an ICJ judgment that is sought after in the previous ICJ trial.... FN will come to power... I have focused too much on the role of my ideas in this trial, it's in fact all just geopolitical interests....” The suspect then bemoans: “Since I'm a terrorist, all my ideas are now terrorist ideas.... I will therefore never get anywhere in life, the whole world will be required to obstruct the implementation of my ideas....” This is not exactly what will happen: the suspect is wrong. The CIA is doing its best to remove the suspect's status as a terrorist. The suspect continues to speculate: the compensation for the Invisible Hand (i.e. the CIA) is that Trump will come to power and that the Republican party will thereby be destroyed (or transformed). Trump's function is to cause neoconservatism to be marginalized in the Republican party. He is only half-correct here: Trump is not the compensation for the CIA. He concludes: “It's thus all about geopolitical alignment, it has nothing to do with my ideas. And it's easy for FN to come to power: just as long as NULND does nothing to prevent them.... But the Secret Society women don't care who comes to power, and all these FN Partisans are helping them: are they for real or are they pretending? I suppose it's just pretending, for my website means nothing for other people....” He's quite wrong: the Partisans are not pretending at all. They really do hate him and want his website banned. (4) Now thanks to W's encouragement, the suspect decides that he should go to school in Germany, in Berlin, perhaps. “But for that I should go to Taiwan first, I should leave this country, there is nothing here left for me.... But if all my ideas will be banned, what's the point?....” W: “Germans don't get along with the French...” It's not clear why W is saying this. What is clear is that, now that the suspect has decided to apply for graduate schools in Germany – he shall immediately implement this decision – the German government (the German “Establishment”) will have a reason to become party to this ICJ trial on the side of the CIA and against Frauke's team. In fact, this is probably why W has suggested that the suspect should “go back to academia”: the Invisible Hand knows that the suspect would rather go to universities in Germany than in the US. W is thus alternately carrying out Russians' and CIA's instructions. Now the suspect continues to speculate on the negative effect of a ICJ judgment on his ideas. W: “They don't like America, they are not part of the ICJ....” Nonsense. The suspect continues: “Professors will not know about any ICJ judgment.... I can then just get a degree and go to China to teach Western philosophy.... My hope to save the world with my ideas, this is simply not likely, even when my ideas are not banned....” W: “You have become a reality TV star....” Nonsense again. And so the suspect retorts:

“What you said didn't correspond to what I said...” W continues: “If you are an intellectual, you will have no influence, but if you become a reality TV star...” The suspect qualifies this: “You'll have to say something stupid; if you say something intelligent, you will only have a small following....” The suspect continues to complain: “The Secret Society women will always be complaining about my website... They will do this until the end of time... I have wasted so much time tracking them on my website.... They are so lucky, they have a meaningless life, but I don't want to end up like them.... Why does everybody else find meanings in these worthless activities....” W: “The worst thing in the world is to know that what you are doing now is a waste of time...” The suspect: “It takes time away from doing meaningful things... I wish I could read Habermas all day instead.... My regret is that I have never finished school, now I'm so old.... I need to be part of some institutions....” W: “You can create your own institution...” (5) The suspect continues: “The Secret Society women do all this because I'm an easy target, I have no social skill, and people all want to pick on me....” W: “That's why you need to be part of academia, like Sartre....” The suspect then recounts his current reconstruction of what happened in 2013: how KRN got all excited when she found out about ANG and the German Lady; how he was an easy target for her. “Lenny beat her down when she pulled the same shit behind his back.... When she went after me, however, she noticed how easy it was, she could make up any story about me, and everybody would believe it... It's all because I'm not sociable....” W: “You can learn these things....” The suspect laments: how he was burdened with this requirement to “finish his mission” from the previous ICJ trial, how chips were implanted in his brain, how he was remotely controlled to write crazy things and to cut himself, how he now can't recover from it all: all these wounds on his body, and yet nobody can understand it, he has sacrificed all this to reactivate the ICJ trial, and yet nobody can understand it. “I want to help FN come to power, but they all see me as an enemy.... I'm already weird enough, and now there are chips inside my brain....” W: “Why are you so concerned with what other people think?...” The suspect continues: “That's why I'm such an easy target; you have to worry about what other people think, for if you don't, you might get targeted, you might run into KRN who's always looking for targets....” W tries to comfort the suspect by describing how he has also been unfairly treated in academia: although he is more qualified, he is less regarded; although he does more work, he is paid less, but that's life. The suspect cries. Then about tuition and the Pell Grant. W dislikes critical theory, and the suspect wants to work on why people are so stupid: “People are not just stupid, it's rather that they are incapable of interacting with the reality outside their mind....” W: “Stupid people can now affect reality... Now people are listening to them, it's Marcus...” The suspect: “Also Ortega.... People are not just stupid, but close-minded, and stupid people have become the dominant aspect of society....” The suspect then talks about his desire to finish his thermodynamic interpretation of history. About W's dissertation. The suspect: “According to my theory itself, my theory will not be accepted by the majority.... I will always have to do reconstruction, and this will take time away from my study... I haven't even finished reconstructing the previous ICJ trial, and now there is an even more massive trial process to reconstruct, my life all revolves around people pulling shit behind my back.... What about my website? They want to ban it forever....” W comforts the suspect: “When you have no social skills, you can hang out with the intellectuals in Germany, it's like the TV series 'The Big Bang Theory', these kids – they don't like each other, but they are bonded to one another because they are all so smart, that's academia, the people there have no social skills, but they are bonded with one another by being able to say something smart....” Finally, the suspect: “I hope my website wouldn't be gone soon...”

That's the conversation for today. Afterwards, past 6 PM, the suspect has dinner at 711. The suspect stays in Bru-Coffee until 8 PM. Then, on bus 2 coming back to Westwood. Starbucks. He browses through Ortega. Until 12:20 AM.

Now let's consider the Secret Society women's operation. 5:21 AM, they send the first volunteer to the suspect's new domain: 41.142.76.184, Maroc Telecom, Meknes, Morocco,

41.142.76.184 - - [07/May/2016:06:21:33 -0600] "GET /cheneyplanintro/cheneyplanintrob.pdf HTTP/1.1" 200 478378 "http://www.google.com/url?sa=t&source=web&cd=116&rct=j&q=25%20point%20plan%20adam%20weishaupt%20en%20pdf&ved=0ahUKEwiBy6Tk-cfMAhXlA5oKHRqWCYo4bhAWCCcwBQ&url=http%3A%2F%2Fwww.enlightenment1998.com%2Fcheneyplanintro%2Fcheneyplanintrob.pdf&usg=AFQjCNFtvHHa2l2xLmnPlYJw06PJCM8nig" "Mozilla/5.0 (Linux; Android 5.1.1; SAMSUNG SM-J120F Build/LMY47X) AppleWebKit/537.36 (KHTML, like Gecko) SamsungBrowser/3.5 Chrome/38.0.2125.102 Mobile Safari/537.36"

5:29 AM, the Meknes person comes again.

41.142.76.184 - - [07/May/2016:06:29:10 -0600] "GET /cheneyplanintro/cheneyplanintrob.pdf HTTP/1.1" 200 553820 "http://www.google.com/url?sa=t&source=web&cd=116&rct=j&q=25%20point%20plan%20adam%20weishaupt%20en%20pdf&ved=0ahUKEwiBy6Tk-cfMAhXlA5oKHRqWCYo4bhAWCCcwBQ&url=http%3A%2F%2Fwww.enlightenment1998.com%2Fcheneyplanintro%2Fcheneyplanintrob.pdf&usg=AFQjCNFtvHHa2l2xLmnPlYJw06PJCM8nig" "Mozilla/5.0 (Linux; Android 5.1.1; SAMSUNG SM-J120F Build/LMY47X) AppleWebKit/537.36 (KHTML, like Gecko) SamsungBrowser/3.5 Chrome/38.0.2125.102 Mobile Safari/537.36"

He would come back several times in July (14 and 17 July), always looking up this chapter: he's assigned to it.

Now today seems to be a new day for the Secret Society women. It would seem that last night's commotion has borne fruits. The women, under encouragement from both the Partisans and Frauke's team, have located a new lawyer – whom we shall designate as the “Fourth Lawyer”. This Fourth Lawyer is probably located in the east coast. In other words, the women are in contact with him since 8 AM in the morning and begin sending volunteers to report to him about the demonic things they see on the suspect's website. This Meknes volunteer reports seeing bizarre conspiracy theories which furthermore appear to be plagiarized.

5:53 AM, the Secret Society women send the second volunteer to the suspect's new domain: 31.220.196.2, London, UK,

31.220.196.2 - - [07/May/2016:06:53:31 -0600] "GET /1/sexdispositive.jpg HTTP/1.1" 200 31789 "https://www.google.co.uk/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_2) AppleWebKit/601.3.9 (KHTML, like Gecko) Version/9.0.2 Safari/601.3.9"

They have just looked up this image on 3 May. But, this time, this London volunteer reports (falsely) that the suspect has plagiarized diagrams from other people's websites.

8:49 AM, more than two and a half hour later, the Secret Society women send the third volunteer to the suspect's new domain: 173.168.57.109, res.bhn.net, Largo, Florida, near Tampa,

173.168.57.109 - - [07/May/2016:09:49:52 -0600] "GET /1/layereduniverse.html HTTP/1.1" 200 34894 "https://www.google.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_10_5) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

They have not looked up this chapter since a long time ago. This is another report to the Fourth Lawyer about finding entire chapters copied from other people's websites.

9:07 AM, the Secret Society women send the fourth volunteer to the suspect's new domain: 89.133.113.73, catv.broadband.hu, Jaszbereny, Hungary,

89.133.113.73 - - [07/May/2016:10:07:39 -0600] "GET /farright_sum/farright_sum2.pdf HTTP/1.1" 200 119081 "https://www.google.hu/" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.87 Safari/537.36 OPR/37.0.2178.32"
89.133.113.73 - - [07/May/2016:10:07:39 -0600] "GET /favicon.ico HTTP/1.1" 200 408 "http://www.enlightenment1998.com/farright_sum/farright_sum2.pdf" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.87 Safari/537.36 OPR/37.0.2178.32"

This is the whole section on “American response”. Presumably another false report to the Fourth Lawyer about finding the suspect plagiarizing other people's predictions on international affairs.

9:51 AM, a very special visitor has come to the suspect's new domain: 175.143.254.104, TM Net, Puchong Batu Dua Belas, Malaysia,

175.143.254.104 - - [07/May/2016:10:51:08 -0600] "GET /gis-1-/investigation_of_a_schizophrenic_part_1_(repaired).pdf HTTP/1.1" 200 135226 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

This is the Fourth Lawyer himself. Because the suspect was able to identify the Baltimore Lawyer the last time, the Secret Society women have instructed this lawyer to use a proxy. Apparently, the women have run into the same problem again. They want the lawyer to petition the government to ban this

website on the ground that it is entirely plagiarized, and yet tell him: “Don't look at it. Let us tell you what's on it.” The Fourth Lawyer is however emphatic that, if he is to petition to ban this website, he will have to look at it himself. The women therefore direct him to search for chapters from the Secret History. Here it is – thus the women tell him: “You see, he suffers severe paranoid schizophrenia and he writes about it.”

10:14 AM, the Secret Society women send the fifth volunteer to the suspect's new domain: 73.190.222.129, hsd1.ga.comcast.net, Evans, Georgia,

73.190.222.129 - - [07/May/2016:11:14:40 -0600] "GET /gallery/healer2.jpg HTTP/1.1" 200 352939 "https://www.google.com/" "Mozilla/5.0 (iPhone; CPU iPhone OS 8_3 like Mac OS X) AppleWebKit/600.1.4 (KHTML, like Gecko) Version/8.0 Mobile/12F70 Safari/600.1.4"

They have just looked up this image yesterday. Just another reminder for the Fourth Lawyer that the suspect has stolen this drawing from Robin and claimed it as his own work.

10:23 AM, the Secret Society women send the sixth volunteer to the suspect's new domain: 188.94.65.194, DNA OY, Espoo, Finland, near Helsinki,

188.94.65.194 - - [07/May/2016:11:23:17 -0600] "GET /1/appendix.html HTTP/1.1" 200 76534 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"
188.94.65.194 - - [07/May/2016:11:23:18 -0600] "GET /1/athd2.jpg HTTP/1.1" 200 12082 "http://enlightenment1998.com/1/appendix.html" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"
188.94.65.194 - - [07/May/2016:11:23:18 -0600] "GET /1/languagechangecycle.gif HTTP/1.1" 200 2694 "http://enlightenment1998.com/1/appendix.html" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"
188.94.65.194 - - [07/May/2016:11:23:18 -0600] "GET /favicon.ico HTTP/1.1" 200 408 "http://enlightenment1998.com/1/appendix.html" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

The last time they have looked up this chapter is 16 April. Another false report to the Fourth Lawyer about the suspect's habit of plagiarism.

10:35 AM, the first person of the day comes to look at the suspect's new thread at Bluehost forum: 193.45.96.183, guest.kalmar.se, Kalmar, Sweden,

193.45.96.183 - - [07/May/2016:11:35:30 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10.10; rv:46.0) Gecko/20100101 Firefox/46.0"

10:36 AM, he looks up page two:

193.45.96.183 - - [07/May/2016:11:36:16 -0600] "GET /2012/91413-61.png HTTP/1.1" 200 139918 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women/page2" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10.10; rv:46.0) Gecko/20100101 Firefox/46.0"

Certainly a volunteer for the Secret Society women. He is reporting to the Fourth Lawyer that the suspect, because he suffers from severe paranoid schizophrenia, imagines up these women going after him and writes about it in online forums to slander them and embarrass them.

11:55 AM, a second person of the day comes to look at the suspect's new thread at Bluehost forum: 76.24.242.218, hsd1.vt.comcast.net, Morrisville, Vermont,

76.24.242.218 - - [07/May/2016:12:55:43 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (X11; Fedora; Linux x86_64; rv:38.0) Gecko/20100101 Firefox/38.0"

Certainly a volunteer for the Secret Society women. He is here to confirm the Kalmar volunteer's testimony.

12 PM, the Secret Society women send the seventh volunteer to the suspect's new domain: 197.38.172.242, tedata.net, Alexandria, Egypt,

197.38.172.242 - - [07/May/2016:13:00:26 -0600] "GET /gallery/perspective2.jpg HTTP/1.1" 200 45645 "https://www.google.com.eg/" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

They have just looked up this image yesterday. Another reminder for the Fourth Lawyer about how the suspect has plagiarized his theory on linear perspective. (Note the strange visit from Egypt on 5 May: related?)

12:08 PM, or 13 minutes later, the Morrisville person looks up page two.

76.24.242.218 - - [07/May/2016:13:08:37 -0600] "GET /2012/91413-61.png HTTP/1.1" 200 139918 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women/page2" "Mozilla/5.0 (X11; Fedora; Linux x86_64; rv:38.0) Gecko/20100101 Firefox/38.0"

Still confirming Kalmar volunteer's testimony. The Secret Society women will then take a break for the

next seven hours. They have made their case for the Fourth Lawyer: that the suspect uses his website to violate other people's intellectual property rights; to propagate his paranoid delusions about government conspiracies; and to broadcast his paranoid delusions about his women victims' going after him. They are now awaiting the lawyer's response.

5:06 PM, the suspect is connected with W.

6:16 PM, his call with W is finished.

7:05 PM, the Fourth Lawyer is back: 210.195.89.9, TM Net, Puchong Batu Dua Belas, Malaysia,

210.195.89.9 - - [07/May/2016:20:05:51 -0600] "GET / HTTP/1.1" 200 3624 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"
210.195.89.9 - - [07/May/2016:20:05:51 -0600] "GET /dot_clear.gif HTTP/1.1" 404 1322 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

He must have found the Secret Society women's case to be insufficient. He tells the women that he will have to examine the suspect's website for himself just a little bit more. The women thus direct him to Google for this website, and he comes to the front page. 7:06 PM, the Secret Society women direct him to look up “Cheney Plan”:

210.195.89.9 - - [07/May/2016:20:06:48 -0600] "GET /cheneyplanintro/cheneyplanintrob.pdf HTTP/1.1" 200 478378 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

The Meknes volunteer has already reported on this chapter. So how much of it is bizarre conspiracy theory? How much of it is plagiarized? The lawyer wants to see it for himself. This is of course absolutely bad news for the Secret Society women. Once he has looked at it, it's quite possible that the lawyer will find absolutely nothing wrong with this chapter at all.

The Fourth Lawyer has spent merely four minutes on the chapter. 7:10 PM, the Secret Society women direct him to look up the summary of the suspect's prediction.

210.195.89.9 - - [07/May/2016:20:10:08 -0600] "GET /farrights/farright_sum.pdf HTTP/1.1" 200 265589 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

The Jaszbereny volunteer has already reported on the suspect's “American response”, and now the lawyer also wants to look at it for himself. So this short paragraph is all plagiarized? 7:11 PM, the Fourth Lawyer is directed to look at “Conclusion to the Syrian scandal.”

210.195.89.9 - - [07/May/2016:20:11:36 -0600] "GET /conclusionrev10-2/conclusionrev10-2-cnsrd.pdf HTTP/1.1" 200 751221 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

The Secret Society women must be desperately nervous: their new lawyer is about to discover that their whole case is bogus. And so they want him to look at this "Conclusion": "See, what he does is that he imagines us to be involved in some grandiose government conspiracy against him..."

This time they have caught the Fourth Lawyer's attention. The discussion goes on for about 30 minutes. Then, 7:45 PM, 210.195.89.9, the Lawyer is directed to Google for these chapters from the Secret History:

210.195.89.9 - - [07/May/2016:20:45:34 -0600] "GET /howihave72bg2/how_i_have_72_bg2.pdf HTTP/1.1" 404 590 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

210.195.89.9 - - [07/May/2016:20:45:34 -0600] "GET /favicon.ico HTTP/1.1" 200 321 "http://www.lawrencechin2011.com/howihave72bg2/how_i_have_72_bg2.pdf" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

The chapter is no longer there (from 2011.com). But the Secret Society women might have succeeded in convincing the Fourth Lawyer that the suspect suffers from severe paranoid schizophrenia believing that he is in involved in some grandiose government conspiracy.

7:49 PM, four minutes later, the Secret Society women send the eighth volunteer to the suspect's new domain: 219.79.190.182, netvigator.com, Hong Kong,

219.79.190.182 - - [07/May/2016:20:49:57 -0600] "GET / HTTP/1.1" 200 3624 "-" "Mozilla/5.0 (Windows NT 5.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/49.0.2623.112 Safari/537.36"
219.79.190.182 - - [07/May/2016:20:49:58 -0600] "GET /dot_clear.gif HTTP/1.1" 404 1322 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Windows NT 5.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/49.0.2623.112 Safari/537.36"
219.79.190.182 - - [07/May/2016:20:49:59 -0600] "GET /favicon.ico HTTP/1.1" 200 408 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Windows NT 5.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/49.0.2623.112 Safari/537.36"

Note that it's a direct visit. Could this be the HK Hacker? (It's Windows XP.) In any case, this must be related to the current discussion with the Fourth Lawyer.

8:56 PM, the log is archived.

9:54 PM, or two hours later, the Secret Society women send the ninth volunteer to the suspect's new domain: 71.94.207.13, reno.nv.charter.com, Reno, Nevada,

71.94.207.13 - - [07/May/2016:22:54:31 -0600] "GET / HTTP/1.1" 200 3624 "-" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_1) AppleWebKit/601.2.7 (KHTML, like Gecko) Version/9.0.1 Safari/601.2.7"

Recall the visitor from Reno, 3:59 PM, 21 February 2014. This person is an old member of the Secret Society. The debate with the Fourth Lawyer has apparently continued for another two hours, and he is unconvinced that the women have a case. This old timer therefore comes to help out. 9:55 PM, he looks up “Far Right”.

71.94.207.13 - - [07/May/2016:22:55:27 -0600] "GET /farrights/farright5_noftntb.pdf HTTP/1.1" 200 246768 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_1) AppleWebKit/601.2.7 (KHTML, like Gecko) Version/9.0.1 Safari/601.2.7"
71.94.207.13 - - [07/May/2016:22:55:33 -0600] "GET /dot_clear.gif HTTP/1.1" 404 1322 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_1) AppleWebKit/601.2.7 (KHTML, like Gecko) Version/9.0.1 Safari/601.2.7"

Then, one minute later, he looks up “Hillary Doctrine”.

71.94.207.13 - - [07/May/2016:22:56:28 -0600] "GET /hil_doc/hil_docc.pdf HTTP/1.1" 200 64693 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_1) AppleWebKit/601.2.7 (KHTML, like Gecko) Version/9.0.1 Safari/601.2.7"

The women apparently are now trying to convince the Fourth Lawyer that the suspect's website is also filled with racist and anti-women hate speech.

12 AM, the suspect sends a private message to Chevalier du Temple,

> Je vous demande de me pardonner. Je vous ai pris pour admin de Partisans par erreur. En tout cas, je vous demande d'oublier ce que j'ai dit: je ne retourne pas au pays de mon naissance. C'est une métaphore. Moi aussi j'attends que Marine remet la France dans le droit chemin, la France gaulliste comme elle l'était avant.
>
> Il semble que des gens sur la net sont en train de vous aider à m'identifier, est-ce que c'est vrai?

1:42 AM, a third person of the day comes to look at the suspect's new thread at Bluehost forum: 159.8.69.157, static.sl-reverse.com, Clichy, France, near Paris, listed as a proxy,

159.8.69.157 - - [08/May/2016:02:42:24 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635

"http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

Although this is listed as a proxy, we have to suspect that it's a Partisan. Apparently, the Fourth Lawyer has found the Secret Society women's case to be insufficient. The women and their Partisan allies then discuss among themselves for three hours. A Partisan then comes to look at the suspect's posting on Bluehost forum, trying to see if it's still possible to make out of it a case of online harassment or terrorism.

5 minutes later, he looks up page two.

159.8.69.157 - - [08/May/2016:02:47:21 -0600] "GET /2012/91413-61.png HTTP/1.1" 200 139918 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women/page2" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

2:24 AM, athd2.jpg (from 2011.com) is called up on Facebook. Very old portions of the Secret Facebook Group are being accessed. This of course means that the Secret Society women are brainstorming.

66.220.146.24 - - [08/May/2016:03:24:49 -0600] "GET /scientificenlightenment1/athd2.jpg HTTP/1.1" 404 589 "-" "facebookexternalhit/1.1 (+http://www.facebook.com/externalhit_uatext.php)"

3:10 AM, Site Lock.

3:21 AM, the Secret Society women send the tenth volunteer to the suspect's new domain: 110.76.72.54, Korea Advanced Institute of Science and Technology, Daejeon, Korea,

110.76.72.54 - - [08/May/2016:04:21:23 -0600] "GET /1/sexdispositive.jpg HTTP/1.1" 200 31789 "https://www.google.co.kr/" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

They have just looked up this image less than 24 hours ago. Just brainstorming how to convince the Fourth Lawyer.

8 May (Sunday; 8:0:0)

First, let's examine the suspect. He wakes up around 9 AM, awakened by the security guard. Not enough sleep. Starbucks, log. 10 AM or so, on bus 20 going to downtown. Got off the bus, Normandie/ Wilshire, 11:21 AM. He gives up going to church. Korean restaurant. Watched more of Krueger's analysis. Then, Union Station, going to PSDN. 2 PM, at Corner Bakery, French language meetup. The

coincidence with “Bryoni”. Past 4 PM, he leaves. On bus 181. He reads more of Habermas. Starbucks, Vermont/ Sunset. Charged. Log. Burrito. Then, on bus 2 going back to Starbucks, Westwood. He gets there around 9 PM.

Now let's examine the Secret Society women's operation. 4:56 AM, leaseweb.com, Netherlands,

95.211.190.197 - - [08/May/2016:05:56:34 -0600] "GET / HTTP/1.1" 200 523 "http://www.bluehostforum.com/forumdisplay.php?2-General-Questions&s=ae6071c741768ca6b9a79c90ab0e357d" "-"

It's not clear whether this is a real visit.

8:58 AM, the Secret Society women send the first volunteer to the suspect's new domain: 90.39.121.30, abo.wanadoo.fr, Montigny-les-Metz, France,

90.39.121.30 - - [08/May/2016:09:58:32 -0600] "GET /1/boltzmann.jpg HTTP/1.1" 200 20843 "http://images.google.fr/imgres?imgurl=http%3A%2F%2Fwww.enlightenment1998.com%2F1%2Fboltzmann.jpg&imgrefurl=http%3A%2F%2Fwww.enlightenment1998.com%2F1%2Flayereduniverse.html&h=277&w=349&tbnid=sFQI2Mcnb_URXM%3A&docid=wHrUIeCvtkFDtM&itg=1&ei=H2IvV7T_JceUaMHjhrAN&tbm=isch&iact=rc&uact=3&dur=1&page=1&start=0&ndsp=43&ved=0ahUKEwj0ivyX7MrMAhVHChoKHcGxAdYQMwg_KBEwEQ&bih=857&biw=1680" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10.11; rv:45.0) Gecko/20100101 Firefox/45.0"

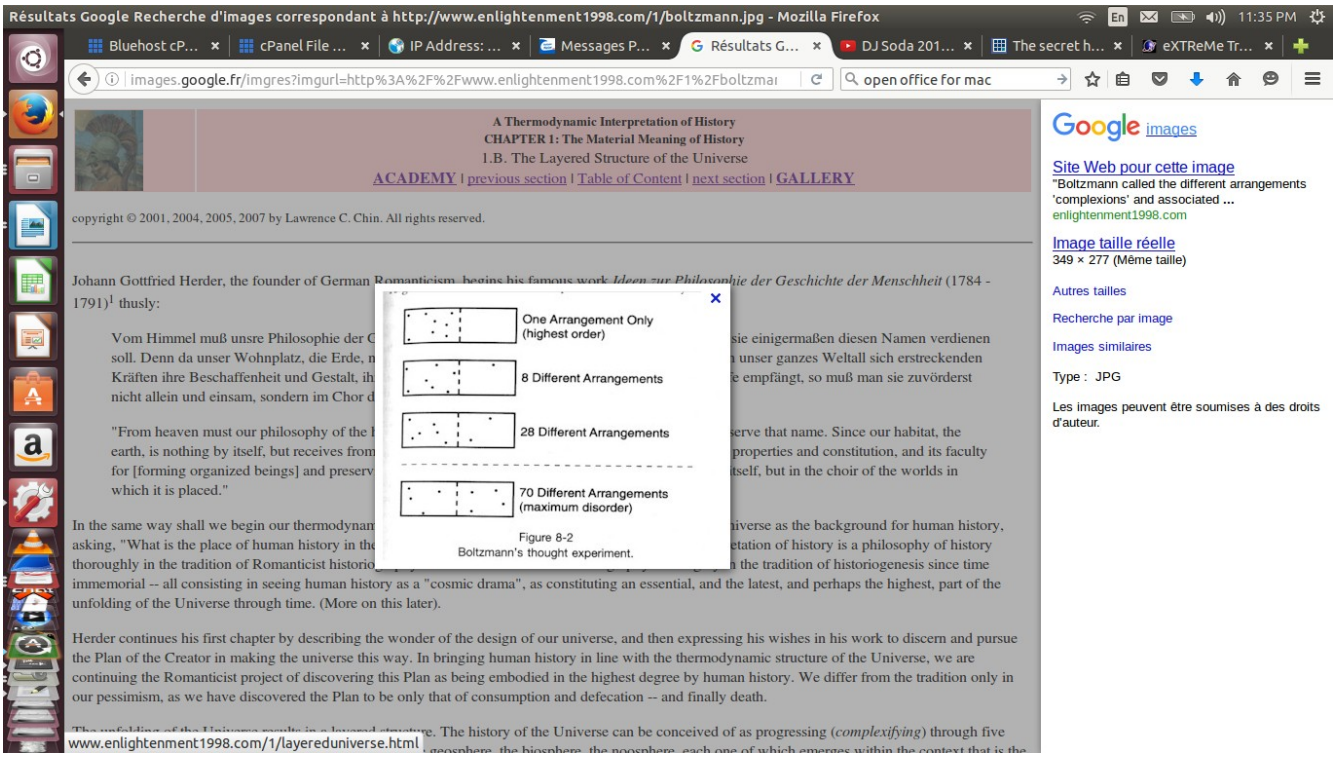
This is evidently a Partisan who is working with the Secret Society women. This is what he is looking at:



8:59 AM, the Metz Partisan begins copying boltzmann.jpg onto his Open Office.

What is going on is obvious. Because the Fourth Lawyer has considered the Secret Society women's case to be too weak, a Partisan adopts the women's most common strategy: copying parts of the suspect's chapter, deleting the references therefrom, and turning in the “plagiarized version” to the Fourth Lawyer saying this is what is found on the suspect's website.

Then, 9:32 AM,

173.252.123.139 - - [08/May/2016:10:32:38 -0600] "GET /dot_clear.gif HTTP/1.1" 404 1322 "-" "facebookexternalhit/1.1 (+http://www.facebook.com/externalhit_uatext.php)"

Does this mean that somebody (from the Secret Society) is looking at the suspect's message on Frauke's Facebook? Or perhaps accessing the Montreal volunteer's Secret Facebook Group?

10:18 AM, the Secret Society women send the second volunteer to the suspect's new domain: 66.102.6.196, Google Web Light,

66.102.6.196 - - [08/May/2016:11:18:23 -0600] "GET /scientificenlightenment1/plato444.html

Another false testimony for the Fourth Lawyer (plagiarism).

10:26 AM, the Secret Society women send the third volunteer to the suspect's new domain: 89.186.28.65, nowanet.pl, Lublin, Poland,

89.186.28.65 - - [08/May/2016:11:26:13 -0600] "GET /owl.JPG HTTP/1.1" 200 11541 "https://www.google.pl/" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

The last times they have looked up this image are: 27, 24, and 20 April. False testimony about the suspect's plagiarism.

2:53 PM, the Secret Society women send the fourth volunteer to the suspect's new domain: 174.56.80.90, hsd1.nm.comcast.net, Farmington, New Mexico,

174.56.80.90 - - [08/May/2016:15:53:50 -0600] "GET /gallery/himiko.html HTTP/1.1" 200 1547 "https://duckduckgo.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

They have not looked at this webpage or this image since a long time ago. Is this a false report saying the suspect has copied somebody else's painting or is it saying he has painted ANG nude?

5:33 PM, the Secret Society women send the fifth volunteer to the suspect's new domain: lv.lv.cox.net, Las Vegas,

68.104.11.179 - - [08/May/2016:18:33:58 -0600] "GET /gallery/healer2.jpg HTTP/1.1" 200 352939 "-" "Mozilla/5.0 (iPhone; CPU iPhone OS 9_2_1 like Mac OS X) AppleWebKit/600.1.4 (KHTML, like

They have just looked up this drawing yesterday. Fixing the earlier testimony?

9:03 PM, the Secret Society women send the sixth volunteer to the suspect's new domain: 176.65.188.174, Tiran, Isfahan, Iran,

176.65.188.174 - - [08/May/2016:22:03:30 -0600] "GET /gallery/peniswomen.jpg HTTP/1.1" 200 297908 "https://www.google.com/" "Mozilla/5.0 (Linux; Android 4.4.2; CHM-U01 Build/HonorCHM-U01) AppleWebKit/537.36 (KHTML, like Gecko) Version/4.0 Chrome/30.0.0.0 Mobile Safari/537.36"

They have just looked up this image two times on late night, 4 May and early morning, 5 May. False testimony for the Fourth Lawyer about how the suspect has stolen this drawing from his family members.

9:06 PM, the log is archived.

1:48 AM, after four and a half hour, the Secret Society women send the seventh volunteer to the suspect's new domain: 85.76.83.108, elisa-mobile.fi, Tuusula, Finland,

85.76.83.108 - - [09/May/2016:02:48:05 -0600] "GET /drawLA/drawla2/reb3.jpg HTTP/1.1" 200 401110 "https://www.google.fi" "Mozilla/5.0 (Windows NT 10.0; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

They have virtually never looked at this drawing before. (A lousy portrait of Rebecca from Draw Anything LA.)

3:03 AM, Site Lock.

3:51 AM, the Secret Society women send the eighth volunteer to the suspect's new domain: 49.151.75.44, pldt.net, San Roque, Philippines,

False testimony about finding hacking software on the suspect's website.

9 May (Monday; 7:1:4: deletion at Partisans')

Early morning, the suspect is awakened by the security guard. (Apartment complex.) He changes to his usual place (Denny's). Then, woke up 9:30 AM. Too late for Erin's appointment. Peet's Coffee. He emails Erin. Log. Then, his severe worry has begun: Those Partisans want him arrested and his website taken down. Correct! Panicking. Got on bus 20 without eating. Almost 2 PM, he has arrived in the Public Library. Ate. He then writes a message to Chevalier to express his fear. Then, Chrysalis. 3 PM, Tanisha. He gets some new shoes. Starbucks. 4 PM, he comes back to Chrysalis. Rolando's group. Left, almost 5 PM. Suddenly, Mr Dube calls the suspect. The suspect calls him back. About the "ex-parte" meeting to ban his website. Mr Dube yells at him and considers him insane. The suspect is very angered: here is another public defender who is out of touch with reality and yet considers *him* to be out of touch with reality. It's perfectly normal to suspect the "ex-parte" meeting. On bus 720. Got off LACMA, strenuous walk (backpack too heavy) to the Farmer's Market. Can't even find the Spanish Language Meetup. Even more annoyed. Another strenuous walk back to LACMA. On bus 720, Starbucks, Westwood. He has calmed down from worrying over Partisans' actions. He sends an email to Humboldt University to inquire about the master program. Now the German government will become a party to the current ICJ trial. Habermas. The suspect works until 12:30 AM. He then goes to sleep by the apartment complex.

Now let's examine the Secret Society women's operation. 5:13 AM, they send the first volunteer to the suspect's new domain: 195.142.131.218, sifa.edu.tr, Izmir, Turkey. This is Sifa University at Izmir.

195.142.131.218 - - [09/May/2016:06:13:48 -0600] "GET /1/trnaribozyme.jpg HTTP/1.1" 200 30134 "https://www.google.com.tr/" "Mozilla/5.0 (Windows NT 6.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

The last time they have looked up this image is 4 May. False testimony for the Fourth Lawyer about the suspect's plagiarism.

6:25 AM, the first volunteer of the day comes to look at the suspect's new thread at Bluehost forum: 136.162.34.1, cray.com, Chippewa Falls, Wisconsin,

136.162.34.1 - - [09/May/2016:07:25:00 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 6.1; Win64; x64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/51.0.2704.36 Safari/537.36"

9:29 AM, the Secret Society women send the second volunteer to the suspect's new domain: 149.68.7.123, St John's University, New York City,

149.68.7.123 - - [09/May/2016:10:29:16 -0600] "GET /scientificenlightenment1/hierarchyofneeds.jpg HTTP/1.1" 200 73405 "https://www.google.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_10_5) AppleWebKit/601.4.4 (KHTML, like Gecko) Version/9.0.3 Safari/601.4.4"

The last time they have looked up this image is 3 May. False testimony for the Fourth Lawyer about the suspect's plagiarism.

10:06 AM, they send the third volunteer to the suspect's new domain: 103.51.92.187, Blue Line Infotech, Pune, India,

103.51.92.187 - - [09/May/2016:11:06:54 -0600] "GET /gallery/perspective2.jpg HTTP/1.1" 200 45645 "https://www.google.co.in" "Mozilla/5.0 (Windows NT 10.0; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

10:12 AM, the Pune volunteer looks up another image of the same series:

103.51.92.187 - - [09/May/2016:11:12:14 -0600] "GET /gallery/perspective1.jpg HTTP/1.1" 200 40580 "https://www.google.co.in" "Mozilla/5.0 (Windows NT 10.0; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

They have just looked up perspective2.jpg yesterday, and perspective1.jpg on 4 May. Just fixing their earlier testimony about how the suspect has plagiarized his theory on linear perspective.

11:14 AM, it's Chevalier du Temple: 24.164.155.126, si.res.rr.com, Staten Island,

24.164.155.126 - - [09/May/2016:12:14:47 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25684-presentation" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

Presumably, continual discussion with the Fourth Lawyer.

1:15 PM, a strange, direct, visit to the non-existent domain: 138.232.132.172, uibk.ac.at, University of Innsbruck,

Recall the visitor from University of Innsbruck on 29 June, 2014: it's the same blog post. And recall also the Terfens and Umhausen volunteers from 28 June, 2014: also the same post. Somehow the Secret Society women have contacted their old Innsbruck friend who then checks the link they have sent him almost two years ago.

Then, 1:50 PM, it's a strange indexing of every link on the suspect's web gallery: 188.143.232.123, Petersburg Internet Network, reported forum spam source, St Petersburg, Russia.

Presumably the Secret Society women are compiling a list of the URLs on the suspect's website which they would then turn over to the Fourth Lawyer saying these are all the stolen artworks, etc. (And they get a Russian hacker to help them do this.) They are consolidating their story about the suspect as a fraudulent artist (stealing other people's works and plagiarizing his linear perspective method).

3 PM, the suspect, as noted, sends a private message to Chevalier du Temple.

> Je crois que vous faites parti de cet entreprise universel pour supprimer mon site de web. Bravo! Biensûr, je comprends maintenant très bien qu'un site de web trop plein d'intelligence est l'ennemi de l'humanité et ne doit pas exister et que je suis bien digne de mon statut en tant que la personne la plus détestée du monde avec un site de web le plus détesté dans l'histoire de l'internet. Vous pouvez bien prendre jouissance à savoir que j'ai finalement découvert à mon tour combien vous et vos amis sont dégoutants. Dès maintenant je vous tous détesterai juste comme vous me détestez.
>
> Normalement, si vous n'aimez pas les essais que j'ai écrits pour soutenir votre parti, vous n'avez qu'à le dire. Il n'est pourtant pas nécessaire de travailler furtivement à supprimer le site de web en entière sans rien dire.

Thus, as the suspect has come to a comprehension that the Partisans are helping the Secret Society women ban his website, he finally couldn't help but express it to Chevalier. And he feels nothing but disgust for the Partisans. Unfortunately, or fortunately for the Russians and their allies, it will become evidence to confirm that Homeland Security's false profile of him might be correct after all, i.e. that he

detests those he loves, such as the Partisans. Chevalier must be jubilant when he sees this message: while everybody has been unable to persuade any lawyer to petition the authority to ban the suspect's website, this admission might do the wonder of reviving the ICJ trial.

4 PM, the Secret Society women send the fourth volunteer to the suspect's new domain: 66.87.117.253, pools.spcsdns.net, New York, New York,

66.87.117.253 - - [09/May/2016:17:00:10 -0600] "GET /gallery/healer2.jpg HTTP/1.1" 200 352939 "https://www.google.com/" "Mozilla/5.0 (Linux; Android 6.0.1; SAMSUNG SM-G860P Build/MMB29M) AppleWebKit/537.36 (KHTML, like Gecko) SamsungBrowser/4.0 Chrome/44.0.2403.133 Mobile Safari/537.36"
66.87.117.253 - - [09/May/2016:17:00:20 -0600] "GET /gallery/healer.html HTTP/1.1" 200 1160 "https://www.google.com/" "Mozilla/5.0 (Linux; Android 6.0.1; SAMSUNG SM-G860P Build/MMB29M) AppleWebKit/537.36 (KHTML, like Gecko) SamsungBrowser/4.0 Chrome/44.0.2403.133 Mobile Safari/537.36"

They have just looked up the image yesterday, although not the webpage.

5:14 PM, the second volunteer of the day comes to look at the suspect's new thread at Bluehost forum: 75.27.245.61, lightspeed.gldlca.sbcglobal.net, Placentia, California, east of Fullerton,

75.27.245.61 - - [09/May/2016:18:14:36 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

5:41 PM, he looks up page 2.

75.27.245.61 - - [09/May/2016:18:41:06 -0600] "GET /2012/91413-61.png HTTP/1.1" 200 139918 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women/page2" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

Apparently he has spent 25 minutes reading the first page! He is certainly working for the Secret Society women. The women must be telling him about their predicament: the difficulty in using these “delusional slanders” as ground on which to ban the suspect's website.

8:04 PM, or more than two hours later, the third volunteer of the day has come to look at the suspect's new thread at Bluehost forum: 122.62.189.30, Spark New Zealand, Tauranga, New Zealand,

122.62.189.30 - - [09/May/2016:21:04:01 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-

problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

8:06 PM, he looks up page 2.

122.62.189.30 - - [09/May/2016:21:06:11 -0600] "GET /2012/91413-61.png HTTP/1.1" 200 139918 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women/page2" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

By this time, everybody must have already received the good news that the suspect has written a statement to express his disgust for the Partisans. But, to revive the ICJ trial, everybody is looking for more supporting evidences to confirm that the Secret Society women's description of the suspect's morbid psychology is correct.

8:16 PM, the Secret Society women send the fifth volunteer to the suspect's new domain: 68.119.154.196, ahvl.nc.charter.com, Riverside, California,

68.119.154.196 - - [09/May/2016:21:16:47 -0600] "GET /scientificenlightenment1/representation.html HTTP/1.1" 200 24611 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/49.0.2623.112 Safari/537.36"

They have looked up representation222.html three times since mid-February, but not once this chapter. Plagiarism.

9:14 PM, the suspect begins deleting his past postings on Partisans' forum (using cross-outs to obliterate them).

9:30 PM, the log is archived.

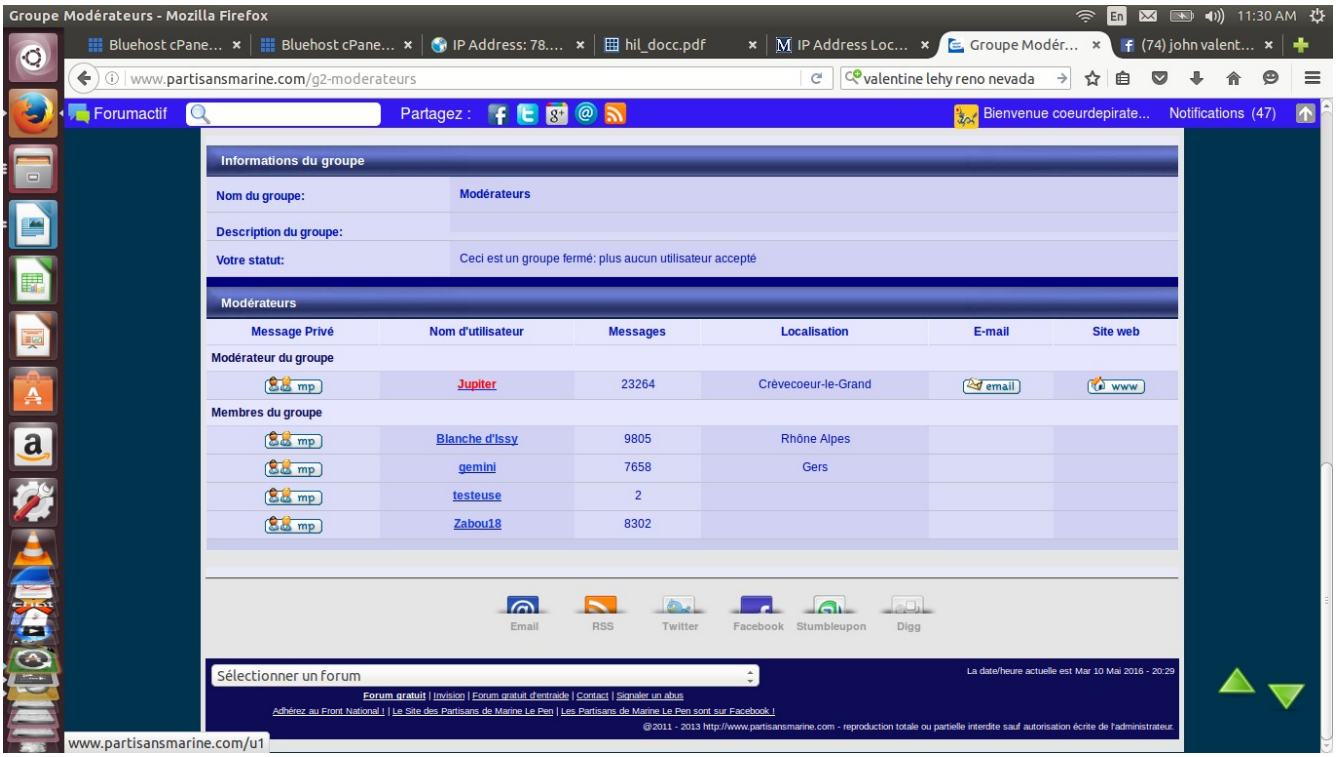
9:40 PM, the suspect has finished deleting his postings. He has also posted his portrait of Marine in “Comment le monde...” in order to track visitors to this modified thread.

It seems to have taken the Partisans three hours to notice that the suspect has deleted everything of importance he has ever posted in their forum. 1:16 AM, 89.170.9.45, rev.sfr.net, Crevecoeur-le-Grand,

89.170.9.45 - - [10/May/2016:02:16:29 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (X11; Ubuntu; Linux x86_64; rv:46.0) Gecko/20100101 Firefox/46.0"

This seems to be Jupiter. He has now noticed that the suspect has deleted that most important posting which has convicted Homeland Security on 14 February. Something is wrong with this guy today!

First, his message to Chevalier, then, this. Jupiter would quickly delete even the cross-outs, so that there will now be no traces left to ever indicate that the suspect has posted anything at all.



Then, 1:39 AM, another Partisan comes to the posting “Comment...”: 81.251.81.30, abo.wanadoo.fr, Pezenas, France,

81.251.81.30 - - [10/May/2016:02:39:53 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 5.1; rv:46.0) Gecko/20100101 Firefox/46.0"

1:40 AM, the fourth volunteer from the Secret Society comes to look up the suspect's new thread at Bluehost forum: 87.139.92.213, ipconnect.de, Cologne, Germany,

87.139.92.213 - - [10/May/2016:02:40:18 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

Presumably somebody from Frauke's side. Both the French and the Germans must be discussing the suspect with the Secret Society women: he has deleted this and that; he still has this and that online...

1:42 AM, a third Partisan comes to look at “Comment...”: 92.145.96.207, abo.wanadoo.fr, Lunel, France,

92.145.96.207 - - [10/May/2016:02:42:31 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

2:14 AM, “navarre” posts a reply on “Comment”.

As you can see, this “navarre” has not divulged his location on his profile. But it's very likely that the Lunel volunteer is this “navarre”. He has, in other words, spent 30 minutes posting this worthless message about Trump. What is going on is quite clear. Jupiter has detested the suspect like every other Partisan for bringing troubles to them. He is in fact quite happy that the suspect has eliminated his weird message from this thread. Because he has considered this weird message – even though it is this message which has saved Marine's party by convicting Homeland Security – to be a stain on the sacred space of the Partisans, he now asks other Partisans to post discussions about Trump in order to make this thread look like it was originally devised to discuss Trump (a rather normal topic, that is). Thus, “navarre” is the first person to heed the request. Others will soon come.

2:27 AM, a fourth Partisan has come to look at “Comment”: 86.235.8.229, abo.wanadoo.fr, Nancy,

France,

86.235.8.229 - - [10/May/2016:03:27:36 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

2:44 AM, a fifth Partisan has come to look at “Comment”: 88.122.123.113, fbx.proxad.net, Varihes, France,

88.122.123.113 - - [10/May/2016:03:44:03 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 10.0; rv:46.0) Gecko/20100101 Firefox/46.0"

3:03 AM, the Secret Society women send the sixth volunteer to the suspect's new domain: 137.219.127.229, James Cook University, Townsville, Australia,

137.219.127.229 - - [10/May/2016:04:03:59 -0600] "GET /1/elementarystructures20.htm HTTP/1.1" 200 23370 "https://www.google.com.au" "Mozilla/5.0 (Windows NT 6.3; WOW64; rv:38.0) Gecko/20100101 Firefox/38.0"
137.219.127.229 - - [10/May/2016:04:04:00 -0600] "GET /1/athd2.jpg HTTP/1.1" 200 12082 "http://www.enlightenment1998.com/1/elementarystructures20.htm" "Mozilla/5.0 (Windows NT 6.3; WOW64; rv:38.0) Gecko/20100101 Firefox/38.0"
137.219.127.229 - - [10/May/2016:04:04:00 -0600] "GET /favicon.ico HTTP/1.1" 200 408 "-" "Mozilla/5.0 (Windows NT 6.3; WOW64; rv:38.0) Gecko/20100101 Firefox/38.0"

The last times they have looked up this chapter are: 1 April; 20 March; and 28 February. To produce evidence for the suspect's plagiarism.

3:14 AM, the Secret Society women send the seventh volunteer to the suspect's new domain: 116.93.111.212, Manila, Philippines,

116.93.111.212 - - [10/May/2016:04:14:42 -0600] "GET /gallery/perspective2.jpg HTTP/1.1" 200 45645 "https://www.google.com.ph/" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

They have just looked up this image 10 AM in the morning.

3:20 AM, Site Lock.

3:30 AM, a sixth Partisan has come to look at the modified “Comment”: 176.182.65.35, ncc.abo.bbox.fr, Albigny-sur-Saone,

176.182.65.35 - - [10/May/2016:04:30:25 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 10.0; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

3:34 AM, a seventh Partisan has come to look at the modified “Comment”: 78.245.121.29, fbx.proxad.net, Baden, France,

78.245.121.29 - - [10/May/2016:04:34:22 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

Note that he was looking at the suspect's portrait of Marion on 2 May, 10:26 AM.

Then, 3:46 AM, another Partisan: 90.5.252.46, abo.wanadoo.fr, Villefrance-du-Queyran, France,

90.5.252.46 - - [10/May/2016:04:46:08 -0600] "GET /drawLA/drawla-100815/marion.jpg HTTP/1.1" 200 292539 "http://www.partisansmarine.com/t24438p25-un-admirateur-de-marine-a-l-etranger-se-presente" "Mozilla/5.0 (Windows NT 10.0; WOW64; rv:45.0) Gecko/20100101 Firefox/45.0"

The Baden Partisan must be telling this Villefrance Partisan: “He has also drawn a portrait of Marion... I have seen it over there...” The Villefrance Partisan thus comes to take a look. Not just Marine, but also Marion is now considered a “victim” of the suspect's misogynist obsession and stalking.

You can imagine that, in the morning, the Russians will have new evidences to present to the ICJ: “Here is his hatred for those he loves. The Homeland Security's profile of him is correct. He has also deleted his 14 February evidence. It's all because he is aware that we have won the previous episode of this trial. It's a conspiracy against us: to dismiss the current ICJ trial! This trial should be revived from its current dismissal!”

10 May (Tuesday; 6:0:0; indexing; ICJ trial revived)

First, let's examine the suspect. He is awakened by the Ambassador. He changes to his spot by Denny's. 8:20 AM, Derrick calls to wake him up. Derrick tells him he wants to change their meeting again to Thursday. The suspect gets up around 10 AM, Peet's Coffee. Log. He is nervous again about what the Partisans might do to him. Note that Donaldson has also called the suspect. Almost noon, on bus 720 going to downtown. Vermont/ Wilshire, the Korean restaurant (Krueger). He gives up on Wallgreens again: the line is too long. Then, storage. He takes his Asus and jeans to Starbucks. He revises “Poison Friends, I”. MST in the restroom (jeans). Back to storage, where he works until 5:40 PM. Left, on Metro going back to downtown. Very depressed throughout the whole day. Still angry over Mr Dube's

comment. Starbucks, the Pershing Square. Log. Then, can't find bus 4 stop. He gives up the idea of going to the Forum. Very tired. He buys a hot dog at 711. On bus 720. He accidentally spills his Coca-Cola, and the bus is shaking violently, which further angers him. 8 PM or so, Starbucks, Westwood. The weird fat white guy is standing in the middle of the coffee house. He then discovers Ren's email.

Now let's examine the Secret Society women's operation. Since the ICJ trial is reopened this morning, FN is able to oblige the Secret Service to reopen their case on the suspect. The Secret Service thus calls up the Secret Society women and begin receiving again testimonies from them about the suspect's website. The women are of course jubilant that they are back in business.

First, 6:07 AM, an eighth Partisan comes to look at “Comment”: 91.160.12.132, subs.proxad.net, Merignac, France,

91.160.12.132 - - [10/May/2016:07:07:04 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 6.1; WOW64; Trident/7.0; rv:11.0) like Gecko"

6:33 AM, the Secret Society women send the first volunteer to the suspect's new domain: 112.202.51.18, pldt.net, Kisante, Philippines,

They have just looked up this chapter on 7 May, and this image on 5 May.

6:51 AM, a ninth Partisan comes to look at “Comment”: 5.50.157.196, dsl.sta.abo.bbox.fr, Le Grand-Pressigny, France,

They have just looked up this image yesterday.

7:21 AM, a tenth Partisan comes to look at “Comment”: 82.246.87.118, fbx.proxad.net, Amiens, France,

They have just looked up this image on 4 May.

9:57 AM, an eleventh Partisan comes to look at “Comment”: 78.227.52.209, fbx.proxad.net, Beauvais, France,

78.227.52.209 - - [10/May/2016:10:57:32 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

This Partisan has once responded to the suspect's call to check his website (24 January). It seems to be “l'apotre”.

10:40 AM, Donaldson calls the suspect.

12:06 PM, a twelfth Partisan has come to look at “Comment”: 90.29.33.220, abo.wanadoo.fr, Lyon, France,

90.29.33.220 - - [10/May/2016:13:06:40 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

12:17 PM, “Furtif” posts one more reply under “Comment”. It's supposed to be a reply to “navarre”. Just more pretending for the sake of good appearance.

> Certes Navarre. Mais Philippe de Villiers sans les centaines de bénévoles, n'aurait jamais réussi. Or le bénévolat ne nourrit pas son homme. Il n'a pas créé une entreprise, mais un

association qui sans bénévoles ne peut survivre.

J'ai lu son dernier livre.

12:28 PM, a thirteenth Partisan comes to look at “Comment”: 81.251.81.30, abo.wanadoo.fr, Pezenas, France,

81.251.81.30 - - [10/May/2016:13:28:22 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 6.1; WOW64; Trident/7.0; rv:11.0) like Gecko"

This Partisan seems to have been here on 1:39 AM, but his computer has suddenly changed from NT 5.1. Apparently, he uses two computers: one Windows XP, another Windows 7. He is just pretending to be involved in the discussion about Trump.

12:38 PM, a fourteenth Partisan comes to look at “Comment”: 86.217.196.63, abo.wanadoo.fr, Bordeaux, France,

86.217.196.63 - - [10/May/2016:13:38:07 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 5.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/49.0.2623.112 Safari/537.36"

2:01 PM, Ren emails the suspect.

2:07 PM, a fifteenth Partisan comes to look at “Comment”: 82.246.87.118, fbx.proxad.net, Amiens, France,

82.246.87.118 - - [10/May/2016:15:07:54 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 6.1; WOW64; Trident/7.0; rv:11.0) like Gecko"

This Partisan was already here on 7:21 AM.

Note that between 3:14 PM and 3:18 PM, KRN would make four entries on her Facebook page: all neolithic sculptures, penis and goddess, etc. It's her first posting since 25 April. She must have received the good news from (Russian-controlled) Homeland Security that the ICJ trial has been revived thanks to the suspect's angry message to Chevalier yesterday. Jubilant, she posts things on her Facebook to perfect her persona for her French audience: some sort of spiritually endowed Goddess genie with affinity for primitive shamanic power. She might also have posted them in order to enable the Secret Service to intercept the suspect “cyberstalking her” (to lure the suspect to visit her Facebook).

4:56 PM, the Secret Society women send the fourth volunteer to the suspect's new domain: 73.0.32.34, hsd1.fl.comcast.net, Fort Lauderdale, Florida,

73.0.32.34 - - [10/May/2016:17:56:27 -0600] "GET /gallery/healer2.jpg HTTP/1.1" 200 352939 "https://www.google.com/" "Mozilla/5.0 (iPad; CPU OS 8_3 like Mac OS X) AppleWebKit/600.1.4 (KHTML, like Gecko) Version/8.0 Mobile/12F69 Safari/600.1.4"

They have just looked at the webpage for this image yesterday, about one hour after the suspect has sent the decisive message to Chevalier. By now it's certain that they are falsely reporting the suspect to the Secret Service. Here, that the suspect has stolen this drawing from Robin.

6:16 PM, the Secret Society women send the fifth volunteer to the suspect's new domain: 190.142.83.169, Telemic, Barquisimeto, Venezuela,

190.142.83.169 - - [10/May/2016:19:16:10 -0600] "GET /gallery/perspective1.jpg HTTP/1.1" 200 40580 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

They have just looked up this image yesterday morning. False testimony to the Secret Service about how the suspect has plagiarized his theory on linear perspective.

9:43 PM, the log is archived. The suspect would miss all the visits between 9:43 PM and 11:18 PM because of the massive indexing.

10:04 PM, the suspect replies Ren.

11:05 PM, massive indexing, 82.80.249.158, dcenter.bezeqint.net, Israel. The indexing covers up the whole log such that the suspect would not be able to check prior visits.

11:50 PM, the suspect, having just discovered the indexing, blocks this IP address. A futile effort.

12:01 AM, strangely, a visitor comes: netvigator.com, Hong Kong,

This is Secret Society women's volunteer. Perhaps, because the suspect has blocked the Israelite IP address, the women send him to take a look.

12:01 AM, the Israelite hacker changes his IP address and resumes indexing: 82.80.230.228: cablep.bezeqint.net, Israel.

12:09 AM, the suspect has blocked this new IP address as well. And yet the Israelite hacker continues despite being blocked.

12:12 AM, the Israelite hacker has stopped.

The Israelite hacker has indexed every single link on the suspect's website, in contradistinction to Open Link Profiler's indexing. This hacker seems to be the same hacker seen on 10:08 PM, 30 December. That night the indexing continued until 4 AM.

We can quite imagine what is going on. Because the ICJ trial is revived this morning, the Secret Society women, jubilant, resume making false reports about the suspect's website to the Secret Service. After they have reiterated the various manners in which they claim the suspect has violated the intellectual property rights of others – plaigiarized his theory on linear perspective, stolen Robin's drawing to claim it as his own, and copied images from books to put on his website – they begin planning for a new phase of operation. They need to clone the suspect's website anew in order to plan for new operations. For some reason, they decide not to use Open Link Profiler. Instead, they contact the same Israelite hacker whom they have hired on 30 December last year. Since the hacker operates privately, they instruct him to index all contents on the suspect's website – including his latest essays and those Secret History chapters. They have wanted Open Link Profiler to avoid these documents because OLP's indexing will be available to the public, but the Israelite hacker's cache is only available to the Secret Society women. This is probably why they have decided to hire the Israelite hacker again: they need a cache of every single file on the suspect's website.

1:51 AM, it's the Baden Partisan here to participate in the discussion about Trump: 78.245.121.29,

fbx.proxad.net, Baden, France. He was here on 3:34 AM yesterday, less than 24 hours ago.

78.245.121.29 - - [11/May/2016:02:51:16 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

3:22 AM, Site Lock.

11 May (Wednesday; 11:2:1; Long Keng)

First, let's examine the suspect. He wakes up almost 10 AM: the security guard. Starbucks, log. 11 AM or so, a pretty AWF (UCLA hospital) comes in. It seems to be the same pretty AWF from 18 January. The suspect realizes that he was mistaken the last time: she's not a member of the Secret Society. 12 PM, left, lunch at a Sushi restaurant. Then, on bus 20 going to downtown. He sleeps on the bus. Walgreens. This time he has picked up his medication. Then, Bru-Coffee. He works until 8 PM. He leaves two messages for W. No response. Dinner, 711. Skylight, he looks over Derrida's *L'écriture et la différence*. A reading is in process: Iranian authors. Past 9 PM, on bus 2 coming back to Westwood. Starbucks, past 10 PM. He stays until 11:30 PM.

KRN would make one entry on her Facebook page today: Sunnydaze copper and slate heart tabletop fountain (from Pinterest). She continues to perfect her “persona” for her French audience and hope that the Secret Service might discover the suspect “cyberstalking” her. She would not make another entry until 27 May.

Now let's examine the Secret Society women's operation. 4:36 AM, a seventeenth Partisan comes to look at “Comment”: 80.12.35.0, Orange France Wireless, Paris,

80.12.35.0 - - [11/May/2016:05:36:13 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

4:39 AM, Quiberon posts a reply on “Comment”.

> Et alors c'est extraordinaire sa réussite, cela prouve sa force et sa détermination 'souverainiste', quel homme de Philippe De Villiers, j'ai lu son livre et je l'apprécie toujours autant, c'est un exemple de réussite dans le monde entier, d'ailleurs je crois qu'il a reçu le trophée du meilleur parc d'attraction du MONDE, ce n'est pas rien, il est reconnu dans le monde entier!

Presumably this Quiberon is the 4:36 AM Paris Partisan. He continues the Partisans' effort to polish

this problematic thread (to normalize it).

4:42 AM, it's Chevalier du Temple:

24.164.155.126 - - [11/May/2016:05:42:36 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

This is indeed the first time that Chevalier is looking over this polished thread.

4:45 AM, a nineteenth Partisan is looking over “Comment”: abo.wanadoo.fr, Lunel, France,

92.145.96.207 - - [11/May/2016:05:45:06 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

He was here on 1:42 AM, 10 May, or 27 hours ago.

7:46 AM, a twentieth Partisan is looking over “Comment”: fbx.proxad.net, Bordeaux, France,

78.202.69.139 - - [11/May/2016:08:46:41 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436980 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 6.3; WOW64; Trident/7.0; rv:11.0) like Gecko"

8:05 AM, the Secret Society women send the first volunteer to the suspect's new domain: 39.48.51.2, PTCL, Islamabad, Pakistan,

39.48.51.2 - - [11/May/2016:09:05:48 -0600] "GET /scientificenlightenment1/plato444.html HTTP/1.1" 200 10747 "android-app://com.google.android.googlequicksearchbox" "Mozilla/5.0 (Linux; Android 4.4.4; SM-G530H Build/KTU84P) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.89 Mobile Safari/537.36"
39.48.51.2 - - [11/May/2016:09:05:48 -0600] "GET /scientificenlightenment1/athd2.jpg HTTP/1.1" 200 12082 "http://enlightenment1998.com/scientificenlightenment1/plato444.html" "Mozilla/5.0 (Linux; Android 4.4.4; SM-G530H Build/KTU84P) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.89 Mobile Safari/537.36"
39.48.51.2 - - [11/May/2016:09:05:49 -0600] "GET /favicon.ico HTTP/1.1" 200 408 "http://enlightenment1998.com/scientificenlightenment1/plato444.html" "Mozilla/5.0 (Linux; Android 4.4.4; SM-G530H Build/KTU84P) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.89 Mobile Safari/537.36"

This is their first visit to this chapter since the indexing. They have had 8 hours to look over the cache. False testimony about the suspect's plagiarism.

8:37 AM, the Secret Society women send the second volunteer to the suspect's new domain: 45.56.152.22, SimpleLink LLC, Long Keng, Hong Kong,

45.56.152.22 - - [11/May/2016:09:37:05 -0600] "GET /thermh1.html HTTP/1.1" 200 23988 "https://www.google.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_2) AppleWebKit/601.3.9 (KHTML, like Gecko) Version/9.0.2 Safari/601.3.9"

It's the Long Keng volunteer! He was here on early morning of 7 May: his first appearance. This time he is not using his Android phone, but his MacBook. Immediately (within 5 seconds), he goes to the Table of Contents, and then (9 seconds later) looks up “Old Testament” – the same piece he has looked at the last time.

45.56.152.22 - - [11/May/2016:09:37:10 -0600] "GET /thermex2.html HTTP/1.1" 200 530 "http://www.enlightenment1998.com/thermh1.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_2) AppleWebKit/601.3.9 (KHTML, like Gecko) Version/9.0.2 Safari/601.3.9"

This time he gets to repeat to the Secret Service the story which Chevalier has invented about how the suspect has plagiarized his comments about the Bible.

8:53 AM, 82.246.87.118, the twenty-first Partisan comes to look at “Comment”: fbx.proxad.net, Amiens, France,

82.246.87.118 - - [11/May/2016:09:53:28 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 6.1; WOW64; Trident/7.0; rv:11.0) like Gecko"

He was here on 2:07 PM yesterday. This is his third time.

9:21 AM, the Secret Society women send the third volunteer to the suspect's new domain: 83.112.126.161, abo.wanadoo.fr, Nogent-sur-Marne, France. (In the suburb of Paris.)

83.112.126.161 - - [11/May/2016:10:21:58 -0600] "GET /scientificenlightenment1/menard.htm HTTP/1.1" 200 23755 "https://www.google.fr" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

This is evidently a Partisan here to help the Secret Society women. Could the Partisans be communicating with professor Menard as well? About how to falsely report the suspect as having plagiarized him?

10:34 AM, the Secret Society women send the fourth volunteer to the suspect's new domain: 67.41.9.48, albq.qwest.net, Albuquerque, New Mexico,

67.41.9.48 - - [11/May/2016:11:34:49 -0600] "GET /scientificenlightenment1/hierarchyofneeds.jpg HTTP/1.1" 200 73443 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.2; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

They have just looked up this image on 9 May, hours before the suspect has sent to Chevalier the decisive message. False testimony about the suspect's plagiarism.

10:40 AM, the Secret Society women send the fifth volunteer to the suspect's new domain: 58.60.1.21, Shenzhen, China,

58.60.1.21 - - [11/May/2016:11:40:06 -0600] "GET /1/elementarystructures.htm HTTP/1.1" 200 18268 "http://r.search.yahoo.com/_ylt=A0SO80hrbjNXXHUALC1XNyoA;_ylu=X3oDMTByb2lvbXVuBGNvbG8DZ3ExBHBvcwMxBHZ0aWQDBHNlYwNzcg--/RV=2/RE=1463017196/RO=10/RU=http%3a%2f%2fwww.enlightenment1998.com%2f1%2felementarystructures.htm/RK=0/RS=07o4sWON47HYPpT68NTSIPWpE8w-" "Mozilla/5.0 (Windows NT 6.3; WOW64; Trident/7.0; rv:11.0) like Gecko"

They have just looked up the second chapter on 10 May. Is this person related to the Long Keng volunteer?

11:01 AM, the twenty-second Partisan comes to look at “Comment”: 82.232.116.107, fbx.proxad.net, Marignane, France,

82.232.116.107 - - [11/May/2016:12:01:02 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Linux; Android 4.4.2; fr-fr; SAMSUNG SM-T520 Build/KOT49H)

2:07 PM, the first volunteer of the day comes to look at the suspect's new thread at Bluehost forum: 204.232.90.2, static.123.net, Southfield, Michigan,

204.232.90.2 - - [11/May/2016:15:07:38 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_10_5) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

2:10 PM, he looks at page 2.

204.232.90.2 - - [11/May/2016:15:10:16 -0600] "GET /2012/91413-61.png HTTP/1.1" 200 139918 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women/page2" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_10_5) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

False testimony to the Secret Service about how the suspect is broadcasting his dangerous delusion about his women victims (going after him) in online forums.

2:37 PM, the Secret Society women send the sixth volunteer to the suspect's new domain: 177.98.172.141, adsl.gvt.net.br, Cocal, Brazil,

177.98.172.141 - - [11/May/2016:15:37:03 -0600] "GET /gallery/owl.jpg HTTP/1.1" 200 11541 "https://www.google.co.uk/" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

False testimony about the suspect's plagiarism.

6:22 PM, 113.227.63.54, China Unicom Liaoning. Not sure whether this is a real visit.

113.227.63.54 - - [11/May/2016:19:22:03 -0600] "GET /thermex2.html HTTP/1.1" 200 530 "http://www.enlightenment1998.com/thermh1.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

7:06 PM, almost 5 hours later, the Secret Society women send the seventh volunteer to the suspect's new domain: 74.105.53.242, nwrknj.fios.verizon.net, Westwood, New Jersey,

74.105.53.242 - - [11/May/2016:20:06:06 -0600] "GET /gallery/healer2.jpg HTTP/1.1" 200 352939

They have just looked up this image yesterday, about 26 hours ago. Are they revising their story about the suspect's theft of Robin's drawing?

7:25 PM, the Secret Society women send the eighth volunteer to the suspect's new domain: 45.56.152.3,

45.56.152.3 - - [11/May/2016:20:25:10 -0600] "GET /readings/oldtestament3.pdf HTTP/1.1" 304 124 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

This appears to be the Long Keng volunteer. He was already here 8:37 AM this morning. But his MAC was 10.11.2 11 hours ago, and now it is 10.11.4. Did he update his MAC OS within the past 11 hours? Or is he using a different MacBook? Or is this his friend using the same proxies? (Namely, are there two Long Keng persons?) We shall call this volunteer “Long Keng volunteer (2)”. (The log entry however suggests that the webpage is already cached in his browser, which means that it's still the same computer.)

8:38 PM, the Long Keng volunteer (2) comes again,

45.56.152.3 - - [11/May/2016:21:38:20 -0600] "GET /readings/oldtestament3.pdf HTTP/1.1" 304 124 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

9:14 PM, he comes again,

He has been working on falsely reporting “Old Testament” as plagiarized.

9:46 PM, the log is archived.

9:56 PM, the Secret Society women send the ninth volunteer to the suspect's new domain:

66.102.6.202 - - [11/May/2016:22:56:51 -0600] "GET /gallery/healer.html HTTP/1.1" 200 1160 "http://www.google.com/search" "Mozilla/5.0 (X11; Linux x86_64) AppleWebKit/537.36 (KHTML, like Gecko; Google Web Preview) Chrome/27.0.1453 Safari/537.36"

This is probably his real IP address: hsd1.il.comcast.net, Chicago,

73.36.33.184 - - [11/May/2016:22:56:51 -0600] "GET /gallery/healer2.jpg HTTP/1.1" 200 352939 "-" "Mozilla/5.0 (iPad; CPU OS 9_3_1 like Mac OS X) AppleWebKit/600.1.4 (KHTML, like Gecko) GSA/14.1.119979954 Mobile/13E238 Safari/600.1.4"

It would appear that he is using his iPad to look at the suspect's webpage on Google's cache. The women have just looked up this image less than 3 hours ago. This must be a reinforcement of the Westwood volunteer's (revised) false report..

10:27 PM, the Secret Society women send a volunteer to revisit the non-existent domain: 103.16.183.246, Information Technology Center, Kuala Terengganu, Malaysia,

103.16.183.246 - - [11/May/2016:23:27:05 -0600] "GET /scientificenlightenment1/nostratic2.jpg HTTP/1.1" 404 594 "http://www.junglekey.in/search.php?query=Austric+languages&type=image&lang=en&region=in&img=1&adv=1" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

The last time they have done this search is 28 April, if you recall. As the new round has started, the Secret Society women still want the Secret Service to believe that 2011.com still exists.

10:29 PM, the Secret Society women send the tenth volunteer to the suspect's new domain: 106.51.232.10, broadband.acttv.in, Bengaluru,

106.51.232.10 - - [11/May/2016:23:29:31 -0600] "GET /scientificenlightenment1/yihsuieh16.jpg HTTP/1.1" 200 95957 "https://www.google.co.in" "Mozilla/5.0 (Windows NT 10.0; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

Note the Bengaluru volunteer from 28 and 20 April checking over Bluehost forum posts (Android). Also the Bengaluru volunteer from 13 April. False testimony about the suspect's violation of

intellectual property laws.

1:01 AM, a second volunteer tries to look up an image from the non-existent domain: 107.167.112.86, Opera Mini.

107.167.112.86 - - [12/May/2016:02:01:40 -0600] "GET /scientificenlightenment1/orthorhombic.jpg HTTP/1.1" 404 596 "http://incolors.club/collectionodwn-orthorhombic-crystal-structure.htm" "Opera/9.80 (Android; Opera Mini/13.0.2036/37.8346; U; en) Presto/2.12.423 Version/12.16"

Another attempt to validate the existence of 2011.com (and how it is filled with plagiarized contents).

2:01 AM, the Secret Society women send the eleventh volunteer to the suspect's new domain: 95.91.226.109, kabel-deutschland.de, Lueneburg, Germany,

95.91.226.109 - - [12/May/2016:03:01:14 -0600] "GET /scientificenlightenment1/yixuai455.html HTTP/1.1" 200 5775 "https://www.google.de" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10.11; rv:44.0) Gecko/20100101 Firefox/44.0"

False testimony about the suspect's plagiarism.

3:40 AM, Site Lock.

12 May (Thursday; the Berlin Plagiarizer/ Long Keng volunteer; 12:2:1)

Let's examine the suspect first. He wakes up early, he changes his spot (Denny's). Then he wakes up: it's past 10 AM. Peet's Coffee. Log. Severe distress: FN will help the Secret Society women put him in jail and take down his website. Past noon, he is going to the storage facility. He meets up with Derrick and shows him the storage unit. The suspect pays him 40 dollars, Derrick leaves, and the suspect works on his storage unit until 4:20 PM. Then, Chrysalis. After dinner, 5:41 PM, W finally calls the suspect back.

Here are the details of the conversation (from 1:50:00 onward). The suspect is hysterical, yelling about how the FN's Partisans helping the Secret Society women to complain about his website. He actually understands the reason correctly: the FN wants to justify Homeland Security's false profile of him in order to obtain an ICJ judgment guaranteeing that they come to power next year. The suspect cries: “Everywhere I go there are only enemies for me because I'm a terrorist, and I don't even know why I am a terrorist, Homeland Security has a chip inside my brain and controls me to break windows, which is presumably why I'm a terrorist.... I'm so sick and tired of being victimized, my website will not last, there are simply too many people who are complaining about it, even though there is actually nothing on it to complain about, the problem is that I don't know what the ICJ judgment is.... Why don't these judges see that this guy is a victim....? Nobody explains anything to him.... Why is FN going after me?

The Secret Society women have so much power, everywhere they go, people will help them... They always have a way to make government agencies align with their interests... Why can't people tell me why they want to go after me...?" The suspect then gives again the (somewhat) correct account as to why FN's Partisans are helping the Secret Society women ban his website: "It seems that NULND has been convicted together with Homeland Security.... And FN wants a ICJ judgment requiring the US to bring them to power... But I can't reconstruct it anymore, it will never end, people don't ever get tired of going after me... I don't want to reconstruct anymore, I want to do something else, everybody knows why FN is going after me, and yet I don't; in order to know, I have to reconstruct, but it will take another 5 years to reconstruct the happening up till today.... I want to go to school instead...." W: "How do you know everybody knows why....?" The suspect: "FN's Partisans all know why they want to go after me...." W: "FN's Partisans will not tell you so that you will have to reconstruct...." The suspect: "That's why Homeland Security controlled me to break windows: so that they can label me a 'terrorist', so that they can send me off as a patsy to convict FN and the Russians, for, even if they fail, FN will then want to go after me.... They just want to make sure that my life gets destroyed, they name me a 'terrorist' because, then, every entity on the planet will have to abide by this label, for, even though words flying out of Americans' mouth are pure bullshit, everybody has to take them seriously.... Now, why is this guy a terrorist? Because of the chips inside his brain...." W suddenly intervenes: "And so they are conducting experiments on you, to see how much they can control you.... Maybe that's the experiment..." This of course doesn't correspond at all to what the suspect has said: Homeland Security didn't chip him for any experimental purposes, but in order to control him to break windows. Obviously, it is the Russians who have commanded Homeland Security to order W to misrepresent the suspect's words (W probably gets this instruction on his cellphone): when the intercept of this conversation is taken into the ICJ as evidence, the suspect's words will be censored, so that W's misrepresentation will become evidence to support Homeland Security's false profile of the suspect as gravely insane. (The Russians: "He does suffer paranoid schizophrenia: he believes the government has chipped him in the brain as part of some experiment.... He also believes people – the Partisans and his women victims – are going after him..." without mention of the fact that the suspect is referring precisely to their project to ban his website.) W continues: "Why do they want you to be a terrorist?" The suspect gives the correct scenario again: "They want to use me as a patsy, they want me to be shunned by everybody.... FN's Partisans want me in jail and my website banned, for, then, it will look as if Homeland Security's false profile of me is correct.... This repeats the past, it is exactly what the Russians did in 2010...." The suspect has correctly noticed that it's all about the replacement of evidences from the previous ICJ trial. "That's why FN is required to do this, they want to obtain an ICJ judgment...." The suspect laments further: "I have nobody to talk to, there are chips inside my brain, and I'm on probation...." W plays dumb again: "Probation?" The suspect is frustrated: "You pretend to not understand what I'm saying... You don't know I'm on probation?" The suspect continues to complain: "I'm not really guilty, I was controlled to break windows, and yet I can't tell anybody about it, I would be taken for insane if I do.... This American system is so cruel, everybody is required to go after you, the Secret Society women are so lucky, everybody is helping them...." The suspect cries, "I'm so tired of being victimized...." W asks the suspect if it's because something particular has happened today that he is so upset. The suspect's wrong impression: "They have started reporting to a new law enforcement agency just a few days ago.... They instruct the Israelite hacker to clone my website, and

usually it means that they have started a new round...” In reality, while the Secret Society women have indeed started a new round, it's still the Secret Service they are complaining to. The suspect moans that he is stupid enough to reply to Ren, that she is recruited by Homeland Security, that she is luring him to provide confirmation that his Gmail account is still active. It's not quite clear however that this is in fact the case: that Ren is indeed involved with the Secret Society women. The suspect complains: “My understanding is so vague, I never really know why they are going after me.... what the ICJ judgment is.... The Invisible Hand must have argued that the whole case should be dismissed, and so the Russians and FN need to affirm that Homeland Security's profile is correct....” This is in fact the correct scenario, but the suspect doubts himself: “There are holes in this scenario, because there will then be a stalemate between the Invisible Hand and the Russian side, and the case can never be resolved....” Correct! “I need to reconstruct because people don't explain to me why they are going after me, but the reconstruction doesn't look correct.... I have spent my whole life trying to figure out why people are going after me....” W: “Why don't you stop?” The suspect: “Because then my website will be banned and I won't know why....” W: “Just let it be....” “But that's my entire life's work....” W: “They only want to ban it because it affects you, if it does not, they won't bother with it....” The suspect: “Mr Dube couldn't understand what I was saying.... He ridiculed me.... Where did the January order to ban my website come from, and why is it banned only in California....? Was it the detectives? But Why is detectives' order not valid outside California?” W: “Your website is still up, you make false predictions, you keep worrying about it, and yet it never comes true.... They have never taken it down.... You should get upset only when it really gets taken down.... You are wasting your time.... You are like those Evangelical Millennials.... Their prediction about the end of the world never comes true.... How do you know FN wants to ban your website...?” The suspect: “They are helping the Secret Society women....” W: “It's all speculation....” The suspect: “What if the best way to affirm Homeland Security's false profile of me as true is to help these women put me in jail and ban my website...?” Then: “Why was my website banned in January? Why? Everybody knows why, and yet nobody explains it to me....” W: “I'll tell you why, there is no reason, your website will not be banned....” The suspect: “Then why are FN's Partisans helping the Secret Society women....?” W continually assures the suspect that his website will still be up the next time they talk: “No one really cares about your website.” He continues: “It all sounds very speculative to me....”

That is the conversation. You can be sure that, while the Russians and their allies would bring the censored version of the conversation to the ICJ as evidence to confirm Homeland Security's false profile of the suspect (that he suffers from paranoid schizophrenia), the CIA would bring to the court the authentic version (where the suspect is not censored) in order to disprove any claim that the suspect suffers from paranoid schizophrenia. He has in fact understood why the Partisans are helping the Secret Society women. As to why he believes there are chips inside his brain – the CIA couldn't yet confirm this as true.

Afterward, the suspect returns to Starbucks (7 PM or so). The fat weird white guy is standing in the middle of the coffeehouse. His depression is so severe. After reconstruction, he has no more time left for reading. He leaves, past 12 AM.

Now let's examine the Secret Society women's operation. 4:31 AM, 193.11.13.8, delta.campusgotland.se, Visby, Sweden. This seems to be Uppsala University, Campus Gotland.

193.11.13.8 - - [12/May/2016:05:31:13 -0600] "GET /gallery/perspective1.jpg HTTP/1.1" 200 40618 "https://www.google.se/" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

They have just looked up this image on 10 May. False report to the Secret Service that the suspect has plagiarized his theory of linear perspective.

4:36 AM, the Secret Society women send the second volunteer to the suspect's new domain: 110.70.55.15, Korea Telecom, Seoul,

110.70.55.15 - - [12/May/2016:05:36:09 -0600] "GET /gallery/peniswomen.jpg HTTP/1.1" 200 297908 "https://www.google.co.kr/" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

They have just looked up this image on 8 May. False report to the Secret Service that the suspect has stolen this drawing from his family members.

8:34 AM, the Secret Society women send the third volunteer to the suspect's new domain: 83.162.247.200, adsl.xs4all.nl, Echt, Netherlands,

83.162.247.200 - - [12/May/2016:09:34:32 -0600] "GET /gallery/healer2.jpg HTTP/1.1" 200 352939 "https://www.google.nl/" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

Recall that they have just looked up the webpage less than 12 hours ago. Reinforcing and/or revising the previous false report?

8:35 AM, the Secret Society women send the fourth volunteer to the suspect's new domain: 80.129.23.163, ipconnect.de, Berlin, Germany,

80.129.23.163 - - [12/May/2016:09:35:30 -0600] "GET /thermh1.html HTTP/1.1" 200 23988 "https://www.google.de/" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"
80.129.23.163 - - [12/May/2016:09:35:32 -0600] "GET /favicon.ico HTTP/1.1" 200 408 "http://www.enlightenment1998.com/thermh1.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

This seems to be the “Berlin plagiarizer”. This time he is using Windows instead of Ubuntu. Immediately (within 30 seconds) he goes to the chapter on Foucault (bio-power).

80.129.23.163 - - [12/May/2016:09:36:05 -0600] "GET /1/thermhch2.html HTTP/1.1" 200 38317 "http://www.enlightenment1998.com/thermh1.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

80.129.23.163 - - [12/May/2016:09:36:07 -0600] "GET /1/biopower2.jpg HTTP/1.1" 200 8868 "http://www.enlightenment1998.com/1/thermhch2.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"
80.129.23.163 - - [12/May/2016:09:36:07 -0600] "GET /1/sexdispositive.jpg HTTP/1.1" 200 31789 "http://www.enlightenment1998.com/1/thermhch2.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

He is probably in three-way communication with the Secret Society women and the Secret Service. (It's now 11:36 AM in Washington DC.) The Secret Society women are probably instructing him to report to the Secret Service about seeing either misogynist speech or plagiarism in this chapter. Meanwhile, as soon as the ICJ trial is resumed and the case on the suspect is reopened, the Secret Service sets out to debunk the Secret Society women. They thus connect up with the women's gang. 8:46 AM, the Berlin Plagiarizer calls up the same chapter again.

80.129.23.163 - - [12/May/2016:09:46:30 -0600] "GET /1/biopower2.html HTTP/1.1" 200 24351 "http://www.enlightenment1998.com/1/thermhch2.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

8:47 AM, or 30 seconds later, he looks up the Table of Contents,

80.129.23.163 - - [12/May/2016:09:47:04 -0600] "GET /thermex2.html HTTP/1.1" 200 530 "http://www.enlightenment1998.com/1/biopower2.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

8:49 AM, the Baden Partisan comes to “Comment” for the fourth time: 78.245.121.29, fbx.proxad.net, Baden, France. He was here yesterday, 1:51 AM.

78.245.121.29 - - [12/May/2016:09:49:32 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

He is probably also reporting to the Secret Service in real time about the suspect's “growing obsession” with Marine (as indicated by his portrait of her) which makes him a danger to her.

9:03 AM, the fifth volunteer is the Long Keng volunteer (2): 104.237.91.107, Univera Network, Long Keng,

104.237.91.107 - - [12/May/2016:10:03:18 -0600] "GET /thermex2.html HTTP/1.1" 200 530 "-" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

He was just here last night, 7:25 PM. He immediately comes to Owl Academy:

104.237.91.107 - - [12/May/2016:10:03:27 -0600] "GET /acad.html HTTP/1.1" 200 5050 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

9:05 AM, or two minutes later, he cilcks on HT-contribution from the Table of Contents.

104.237.91.107 - - [12/May/2016:10:05:44 -0600] "GET /HTcontribution1-philosophy.htm HTTP/1.1" 200 13928 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

It takes the Secret Society women two minutes to direct him to there. They want him to report to the Secret Service in real time about seeing plagiarism in this short essay (that the suspect has copied this essay from Human Thermodynamics). 9:06 AM, he clicks on Scientific Enlightenment's Table of Contents.

104.237.91.107 - - [12/May/2016:10:06:14 -0600] "GET /scientlitfr.html HTTP/1.1" 200 10673 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

9:07 AM, the “Berlin Plagiarizer” comes to the front page from the Table of Contents,

80.129.23.163 - - [12/May/2016:10:07:01 -0600] "GET / HTTP/1.1" 200 3527 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Windows NT 10.0)

AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"
80.129.23.163 - - [12/May/2016:10:07:02 -0600] "GET /dot_clear.gif HTTP/1.1" 404 1322 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

24 seconds later, it's the Long Keng volunteer (2). He looks at page two of the summary introduction to the Thermodynamic Interpretation of History:

104.237.91.107 - - [12/May/2016:10:07:25 -0600] "GET /thermh2.html HTTP/1.1" 200 45281 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

Evidently, both the Long Keng volunteer (2) and the Berlin Plagiarizer are reporting to the Secret Service about the devilish things they are seeing on the suspect's website. They are doing it together – repeating the story with which the Secret Society women have fed them – in order to corroborate each other's story. 9:08 AM, the Berlin Plagiarizer clicks on “The American response”:

80.129.23.163 - - [12/May/2016:10:08:40 -0600] "GET /farright_sum/farright_sum2.pdf HTTP/1.1" 200 119081 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

He reports on this document for 5 minutes. (What? Probably saying somehting like: “He has developed tremendous delusion about the le Pen family after becoming obsessed with them”, i.e. referring to the suspect's psychological analysis of their anti-Americanism.) 9:13 AM, the Long Keng volunteer (2) comes to the index page from the Table of Contents:

104.237.91.107 - - [12/May/2016:10:13:02 -0600] "GET / HTTP/1.1" 200 3527 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"
104.237.91.107 - - [12/May/2016:10:13:03 -0600] "GET /dot_clear.gif HTTP/1.1" 404 1322 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

9:14 AM, the Long Keng volunteer (2) clicks on /1.html. Then, within 30 seconds, he clicks on “Summary in Chinese”.

104.237.91.107 - - [12/May/2016:10:14:19 -0600] "GET /1.html HTTP/1.1" 200 10175 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"
104.237.91.107 - - [12/May/2016:10:14:21 -0600] "GET /dot_clear.gif HTTP/1.1" 404 1322 "http://www.enlightenment1998.com/1.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

104.237.91.107 - - [12/May/2016:10:14:53 -0600] "GET /summaryinchinese-/summaryinchinese.pdf HTTP/1.1" 200 140413 "http://www.enlightenment1998.com/1.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

It's obviously ANG who is directing him to this document. Although the document is in Chinese, ANG's name appears one time there in both English and Chinese. Because the Long Keng person is Chinese, ANG wants him to report to the Secret Service saying the suspect is harassing her here by printing her name here for everybody to see. (Namely, the suspect has become obsessed with both Marine and ANG and written about them.) Note that this is the only place on the suspect's website where ANG's name could still be found.

The reporting goes on for about 20 minutes. 9:36 AM, the Berlin Plagiarizer clicks on “Conclusion to the Syrian scandal”.

80.129.23.163 - - [12/May/2016:10:36:46 -0600] "GET /conclusionrev10-2/conclusionrev10-2-cnsrd.pdf HTTP/1.1" 200 751221 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

Here the Secret Society women want him to say that he sees the suspect expressing bizarre delusion about his women victims – entangling them with bizarre government conspiracies. Then, 6 minutes later, 9:42 AM, the Berlin Plagiarizer clicks on the “Marine essay”.

80.129.23.163 - - [12/May/2016:10:42:25 -0600] "GET /lepen3/lepen3l.pdf HTTP/1.1" 200 714704 "http://www.enlightenment1998.com/" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

Here the women and the Partisans want him to report, again, seeing the suspect developing bizarre delusions about “Marine”. (Even though he clearly mentions here nothing which might resemble government conspiracies.)

10:57 AM, the twenty-fourth Partisan comes to “Comment”: Amiens,

82.246.87.118 - - [12/May/2016:11:57:36 -0600] "GET /drawLA/drawla-100815/marine.jpg HTTP/1.1" 200 436942 "http://www.partisansmarine.com/t25253-comment-le-monde-comprendra-le-fn" "Mozilla/5.0 (Windows NT 6.1; WOW64; Trident/7.0; rv:11.0) like Gecko"

This Amiens Partisan was here 8:53 AM yesterday. This is his fourth time here. He is probably trying to reinforce the Baden Partisan's testimony earlier. It's not clear whether the Secret Society women and their French allies have already hanged up with the Secret Service. If so, the Amiens Partisan is merely going to email his report to the Secret Service.

11:27 AM, the Secret Society women send the sixth volunteer to the suspect's new domain:

96.57.238.82, static.optonline.net, Poughkeepsie, New York,

96.57.238.82 - - [12/May/2016:12:27:49 -0600] "GET /scientificenlightenment1/hierarchyofneeds.jpg HTTP/1.1" 200 73405 "https://www.google.com/" "Mozilla/5.0 (X11; CrOS x86_64 7834.60.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/49.0.2623.95 Safari/537.36"

They have just looked up this image 10:34 AM yesterday. Revising their false report to the Secret Service about the suspect's plagiarism.

11:32 AM, the Secret Society women send the seventh volunteer to the suspect's new domain: 160.39.174.139, dyn.columbia.edu, New York, New York,

160.39.174.139 - - [12/May/2016:12:32:26 -0600] "GET /scientificenlightenment1/heidegger.html HTTP/1.1" 200 14414 "https://www.google.com" "Mozilla/5.0 (X11; Linux x86_64; rv:45.0) Gecko/20100101 Firefox/45.0"

This is the first time they look up this chapter since a long time ago. False report to the Secret Service about the suspect's plagiarism.

11:56 AM, 171.101.83.10, the first volunteer of the day comes to look at the suspect's new thread at Bluehost forum post (1): revip11.asianet.co.th, Bangkok, listed as a proxy,

171.101.83.10 - - [12/May/2016:12:56:01 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women&s=c409dc9484dc39ea0da709d56d0964e3" "Mozilla/5.0 (Linux; Android 5.1.1; SM-N915FY Build/LMY47X) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.89 Mobile Safari/537.36"

False testimony to the Secret Service about how the suspect is spilling out his delusion about his women victims' going after him in online forums.

12:01 PM, the 141.0.15.48, a volunteer looks up a (non-existent) image from 2011.com:

141.0.15.48 - - [12/May/2016:13:01:27 -0600] "GET /scientificenlightenment1/krebscycle.jpg HTTP/1.1" 404 594 "http://hdimagelib.com/krebs+cycle+animation" "Opera/9.80 (Android; Opera Mini/7.6.40234/37.8346; U; en) Presto/2.12.423 Version/12.16"

12:04 PM, he comes again,

12:08 PM, he comes again,

12:13 PM, he continues:

12:15 PM, he tries again:

141.0.15.134 - - [12/May/2016:13:15:28 -0600] "GET /scientificenlightenment1/krebscycle.jpg HTTP/1.1" 404 594 "http://hdimagelib.com/krebs+cycle+animation" "Opera/9.80 (Android; Opera Mini/7.6.40234/37.8346; U; en) Presto/2.12.423 Version/12.16"

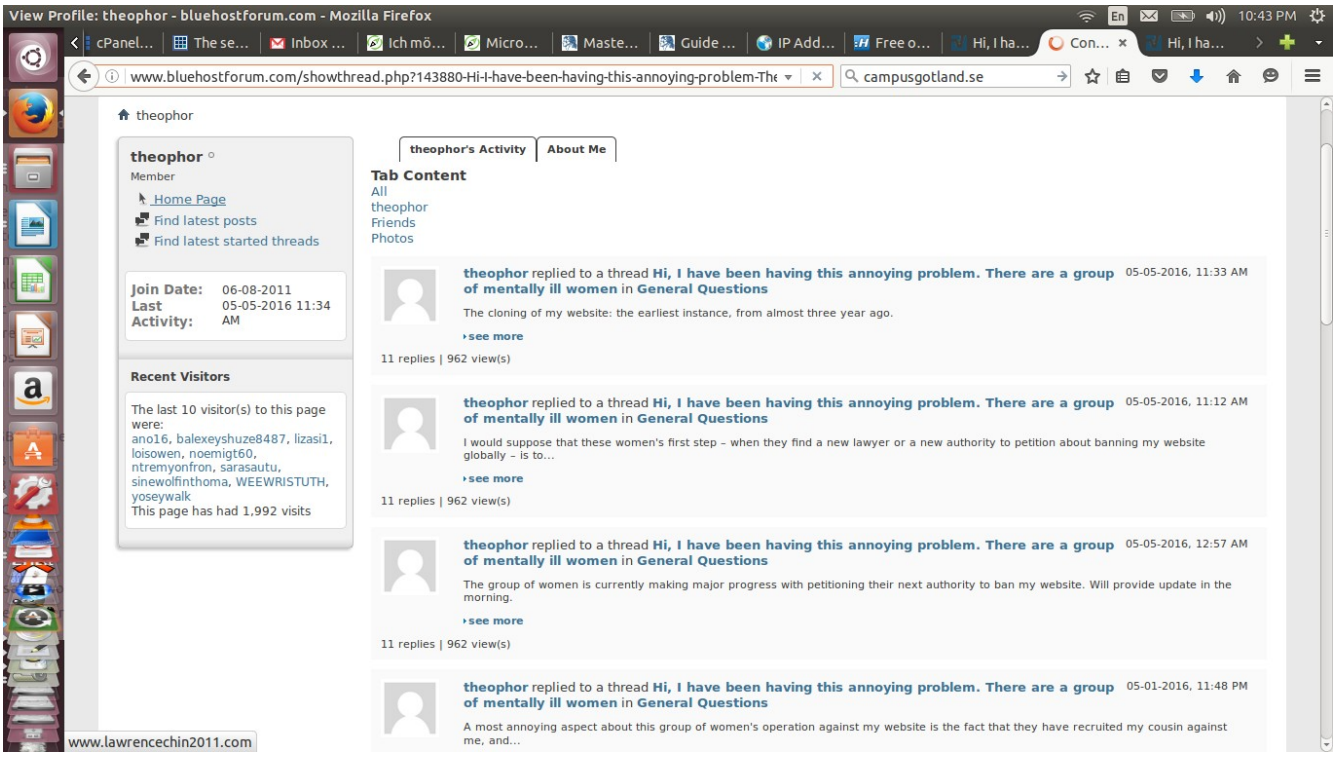
Just false testimony saying 2011.com not only exists but is filled with plagiarized content.

12:26 PM, Ren replies the suspect.

12:43 PM, the 11:56 AM volunteer comes to the suspect's (non-existent) website from his postings at Bluehost forum: 180.183.14.226, dynamic.3bb.co.th, Bangkok,

180.183.14.226 - - [12/May/2016:13:43:46 -0600] "GET / HTTP/1.1" 200 472 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women&s=c409dc9484dc39ea0da709d56d0964e3" "Mozilla/5.0 (Linux; Android 5.1.1; SM-N915FY Build/LMY47X) AppleWebKit/537.36 (KHTML,

like Gecko) Chrome/50.0.2661.89 Mobile Safari/537.36"



Since the suspect has never mentioned in these postings which website it is that these women are trying to ban, the Secret Society women have no ways of confirming that these postings actually belong to the suspect. They are however able to find a link on the suspect's profile page. But the link is to 2011.com (because the suspect has never bothered to update it). Even better! Now they can claim that the suspect is using 2011.com to harass them by placing links to it on both Prison Planet forum and Bluehost forum.

3:54 PM, the Secret Society women send the eighth volunteer to the suspect's new domain: 76.184.207.227, tx.res.rr.com, McKinney, Texas,

76.184.207.227 - - [12/May/2016:16:54:51 -0600] "GET /gallery/healer2.jpg HTTP/1.1" 200 352939 "https://www.google.com/" "Mozilla/5.0 (Linux; Android 6.0; LG-H815 Build/MRA58K) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.89 Mobile Safari/537.36"

They have just looked at it 8:34 AM in the morning while communicating with the Secret Service. They must be revising their story or responding to queries from the Secret Service.

5:25 PM, the Berlin Plagiarizer from 8:35 AM this morning comes back:

80.129.23.163 - - [12/May/2016:18:25:57 -0600] "GET /scientificenlightenment1/schuld.html HTTP/1.1" 200 25598 "https://www.google.de/" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

5:26 PM, the Berlin Plagiarizer looks at the Table of Contents from schuld.html.

80.129.23.163 - - [12/May/2016:18:26:19 -0600] "GET /thermex2.html HTTP/1.1" 200 530 "http://enlightenment1998.com/scientificenlightenment1/schuld.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

5:27 PM, the Berlin Plagiarizer looks up thermhch6d.html from Table of Contents.

80.129.23.163 - - [12/May/2016:18:27:24 -0600] "GET /1/thermhch6d.html HTTP/1.1" 200 18942 "http://www.enlightenment1998.com/thermh1.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

The Secret Society women are directing him to this chapter to report seeing plagiarism here. (There are large blocs of quotation in this chapter.) The Secret Service must be poking at the women's stories – pretending to want more information in order to find holes in their stories.

5:41 PM, W calls the suspect back.

5:50 PM, the Secret Society women send the ninth volunteer to the suspect's new domain: 108.206.178.47, dsl.rcsntx.sbcglobal.net, Red Oak, Texas,

108.206.178.47 - - [12/May/2016:18:50:51 -0600] "GET /scientificenlightenment1/hierarchyofneeds.jpg HTTP/1.1" 200 73405 "https://www.google.com/" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

They have just looked up this image 6 hours ago. They are revising their stories because the Secret Service is pretending to be skeptical or asking for more information.

6:44 PM, the Secret Society women send the tenth volunteer to the suspect's new domain: 99.230.125.82, cpe.net.cable.rogers.com, Keswick Beach, Ontario,

99.230.125.82 - - [12/May/2016:19:44:13 -0600] "GET /owl.JPG HTTP/1.1" 200 11541 "https://www.google.ca/" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

They have just looked up this image 2:37 PM yesterday. Again, revising their story because the Secret Service is asking for more information.

7:48 PM, the suspect receives an email from Bluehost: his domain is about to expire.

10:12 PM, the log is archived.

10:26 PM, the suspect replies Ren.

For four hours, there are no activities from the Secret Society women. They are evidently waiting for a response from the Secret Service. Then, 10:59 PM, they send in the Berlin Plagiarizer:

80.129.23.163 - - [12/May/2016:23:59:27 -0600] "GET /1/thermhch6d222.html HTTP/1.1" 200 29139 "http://www.enlightenment1998.com/1/thermhch6d.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

11 PM, the Berlin guy began copying the whole chapter onto his Libre Office.

Evidently, the Secret Service has told the Secret Society women that they have found inconsistencies in their story about the suspect's plagiarism. The women, at a loss, resort to their old trick: asking the Berlin Plagiarizer to copy the suspect's chapter and then delete the references therein in order to create a "plagiarized version" of it. They will then send this plagiarized version to the Secret Service as "proof" that the suspect did plagiarize.

11:06 PM, the Secret Society women send the eleventh volunteer to the suspect's new domain: 165.82.195.112, Haverford College, Pennsylvania,

2:06 AM, the Secret Society women send the twelfth volunteer to the suspect's new domain: 61.33.92.156, DACOM Corp, Seoul,

They have last looked at this image on the early morning of 6 May. Reinforcing their story about the suspect's theft of his family members' drawings.

3:05 AM, Site Lock.

13 May (Friday; the Berlin Plagiarizer/ Long Keng volunteer; 3:1:1 (Bluehost?))

First, let's examine the suspect. He wakes up around 10 AM or so. Starbucks. Checked log. The suspect becomes severely distressed: the Long Keng volunteer might be Taiwanese, which might mean that the Secret Society women are waiting to catch him in Taiwan. (A completely wrong scenario!) Almost noon, on bus 720 going to downtown. He has decided not to go to the storage facility: there are not enough files for a new DVD. He stops by TECO instead. (This will match his reconstruction later

tonight of 26 January: in TECO.) While there, he also calls up Mr Allen. Mr Allen will permit him to go out of state for school. The TECO lady doesn't even want to answer his question: she thinks him crazy. Left. Outside, the suspect begins crying. Tremendous despair: he couldn't even escape to Taiwan. At Wilshire/ Western station, he cries more. The security guards come to him. He gets on the bus and comes to Sabor. The suspect sends another private message to Chevalier du Temple.
PM (5 PM):

> It appears that you are pretending to show concern for my mental health and are getting people together to track me down online and identify me in order to help those women who are going after me. It appears that you and your online buddies are trying to report me to law enforcement agencies, including those in the country of my origin, telling them I'm gravely insane for believing that a group of women are going after me, etc., hoping that, if I return to my home country, I can get arrested and sent back to the US. Then I can get locked up in State Hospital and the women you are helping can then remove my website. If so, Bravo! You are another one of those hypocrites who preach "Jesus" to people but then do everything you can to lie and cheat in order to frame an innocent person and ruin his life. Obviously you don't actually believe in God. Otherwise: how do you think God will judge you?
>
> Let me tell you: I won't go anywhere in the world unless it's legal and authorized. I'm not returning to my home country unless I'm permitted to do so by the authority. I will never violate any laws anywhere. I'll certainly not provide you and your buddies with the chance to ruin my life. So happy waiting, you hypocrite!

After some work, W calls. Here are the details of the conversation. (1) The suspect moans about his very stressful day. About how the Secret Society women are waiting to catch him in Taiwan. About Chevalier du Temple and the Long Keng volunteer. "They are telling the Taiwanese authority about me... They are trying to cut off my backdoor, I'm thus stuck here, just waiting to get slaughtered..." The suspect is not yet aware that this is a wrong scenario. The suspect laments that he would rather do something more productive than spending day after day trying to figure out the women's operations against him. "It's already the fourth year... I'm no match for them, they don't have to work..." The suspect then laments that his guesses about the Secret Society women's operations, though incorrect half of the time, are something only a genius can do, and yet, because 50% of it is incorrect, he looks crazy. In other words, while normal people couldn't guess anything correctly when others are pulling crap behind their back, he, because he is a genius, can guess 50% correctly. And yet people – who know the crap 100% because they are the ones who are pulling it – will look only at the incorrect 50% and regard him as "crazy". When one considers the correct 50%, one would be forced to conclude that the suspect is a genius, but when one considers only the incorrect 50%, one has the impression that he is crazy. Thus the suspect (later): "I keep talking about it, it makes me look crazy because half of what I'm saying is incorrect... They are going to say you are crazy because you guess 50% incorrectly, not a genius...." This testimony is golden for the CIA: the suspect is not only a genius in being able to guess 50% of what is going on right now correctly; he is even able to estimate correctly his limitation. The

CIA would use this testimony as evidence in the ICJ to reinforce their claim that the suspect only looks insane but is quite the opposite of being insane: his insanity is just wrong guesses; in fact, if one looks at his right guesses, he appears to be a genius. (2) Then the suspect asks W: "Why did you keep emphasizing probation? You were not hinting that escaping is a trap, were you? Why did you encourage me to go to Germany?" Now the suspect is mistaken again: "They have found a new law enforcement agency to complain to.... It's probably European, because they have been banned from domestic law enforcement agencies; but it could still be a domestic agency, and that's why they need to get FN's Partisans to do it...." (3) The suspect then produces the (somewhat) correct scenario as to why FN's Partisans are going after his website: On 13 February, he has demonstrated *one time* his wish to help Homeland Security hurt FN. The CIA however must have argued that that doesn't count because he knows his harmful intent could only benefit FN. Thus the Russians have to maintain Homeland Security's profile of him as true, and, as long as they can, they don't have to worry about whether his wish to harm is genuine. "That's the most logical explanation as to why the Partisans want to help the Secret Society women.... If I end up in jail and my website gets banned, then FN can come to power per an ICJ judgment.... This is the most reasonable explanation; now the question is: whether it is correct, and, if so, what this means. Does it mean FN will have to help the Secret Society women take me down? This ICJ trial is clearly orchestrated to replace the previous ICJ trial, but, if so, it would mean that Russia will in the end get the judgment stipulating that United States helps FN come to power, but that means I'm doomed, that I'll have to go to jail...." (4) The suspect then complains how bizarre it all is as "justice": even in the previous ICJ trial, he was clearly a victim, and now he would have to be a victim again in order to compensate the so-called "victims", who are really his victimizers. "I shouldn't speculate on this any longer, it's such a waste of my time, even though only a genius can do this, but it's a life-and-death issue for me.... It's only now replacement of evidences, and this ICJ trial has already lasted 9 years, I can't waste any more of my life on this.... You must not help the Secret Society women..." But W denies that he has ever helped the Secret Society women. "Then how are they able to get access to our conversations?..." The suspect complains that he can't do any more of these reconstructions, that he can't waste his talent away like this, and he cries, "What am I going to do? I have been required to break windows, and now I am on probation, and I can't move around as I please.... The other people who are on probation are not being tracked as they move around, but, in my case, I might be in trouble if I just take off.... I can't have people going after me all my life, I don't have the time needed to write down all my brilliant ideas, I really should go to school instead.... And now I'm universally regarded as insane, all because people don't understand how hard it is to figure it out when people are pulling crap behind my back...." The suspect then mentions that, today, his probation officer has permitted him to go to school out of state, but this doesn't mean he could go to Germany. "It's better to go to Taiwan first before going to Germany.... For then I might be out of this ICJ trial.... They seem to have argued that I'm my own twin brother...." The suspect then asks W for suggestions. "Give up reconstruction... You might go crazy because of it... You are wrong 50 % of the time anyway, so what's the point?" The suspect: "But, without reconstruction, I won't know anything, and, when I do get taken down or put in jail, I would not even know why...." W insists: "By next week you will be talking to me rather than being in jail.... You will not end up in jail...." W is assuring the suspect just like yesterday. Perhaps it's because he knows – working as an informant for the Secret Service – that the US Establishment will not permit the Russian side to confirm Homeland Security's false profile of

him. The suspect expresses his wish: “Maybe the current ICJ trial could also be dismissed, then I'll be free....” W: “Now you are talking....” The suspect then cries again, “They *really* are going after me, and I can't even talk about it, for that would precisely give them reasons to put me away....” W suddenly asks the suspect when the last time was that he took a shower. The suspect doubts himself: “I don't know if my reconstruction as to why FN is going after me is correct...” Then he talks about Ren. “It appears that she's not recruited by the Secret Society women.... She's not here to verify my email address....” Then: “You are so lucky, nobody is going after you.... I have spent 9 years reconstructing operations.... I only end up making myself look crazy....” The suspect then talks about Derrida's biography: “These philosophers are so lucky, nobody is going after them, they can concentrate on doing the things which make them look good; whereas I have to concentrate on figuring out how people are going after me....” (5) Finally the suspect talks about schools in Germany, their bureaucracy. What W did in the past week (grading papers and so on). Then the suspect asks W for help: “How can I get away from the Secret Society women? What am I gonna do? I don't want to be wasted like this.... Reconstruction is the only way to be safe... But it's so much work everyday...” The suspect then concludes at once: “*The Secret Society women are trying to help FN come to power*...” Then: “By now whenever I hear of FN, I would want to vomit....” Then: “The German Lady is now over 50 year-old, KRN is almost 50, and they want to go after my website.... I should have known how unprofitable it is to fight with people without goals in their life, they have an infinite amount of time at their disposal, they work all night long everyday, they don't sleep and socialize, their perseverance is incredible...” (6) W and Alexandra have gone out for dinner earlier. W advises: “You think you are doing things to make you safe, but the more you do, the worse you make it for yourself....” The suspect: “The Invisible Hand is currently preventing me from getting arrested, but that's only if I don't violate any laws; the problem is that the previous ICJ trial has ruined my life.... Did you even understand what I was saying, why FN is helping the Secret Society women go after my website?” W: “Probably not.” The suspect moans: “What's the point of talking to people anyway when nobody can understand anything I say; people nowadays can only understand what they have already understood.... Even so with the Germans... The email of inquiry which I wrote to the lady at Humboldt University: she couldn't understand anything I said....” W: “Your college degree is never too old....” The suspect continues: “There is something very wrong with people today, they are so dumb, they can't understand anything slightly too complicated.... How can people live this life when they are this dumb....? There is no point in living this life when everything I understand nobody can understand....” The suspect continues to cry. W: “Don't you talk to a therapist?” “No.” Then about the Bohemian Philosopher RD: “He only shows up when there is a mission.... I'm so alone.... What should I do?” W: “I know what you shouldn't do, i.e. reconstructing....” It's not clear whether W is following Homeland Security's, and Secret Society women's, instruction when he persistently tries to dissuade the suspect from reconstructing the women's operations. Then W asks: “When is the last time you posted something on your website?” The suspect has not posted anything new since a long time ago, he has only made changes to existing documents. He continues: “I'm so miserable...” W: “Don't you go to French and German meetups?” The suspect complains that these meetups are in fact very boring. Then: “It's not fair, when people talk to me, I can understand them, but when I speak to them, they can never understand me....” W: “It's not fair to me either. I have a PhD, and yet make so little money....” Such is the conversation for today.

You can be sure that the wrong scenario which the suspect has expressed – that the Secret Society women are waiting to catch him in Taiwan – the Russian side will use as evidence to confirm that Homeland Security's profile of him as mentally insane is correct, while the correct scenario which he has devised to explain why FN is helping the Secret Society women the CIA will use as evidence to confirm that TMU's profile of the suspect is correct. The suspect's admission that FN makes him want to vomit and his wish for the ICJ trial to be dismissed the Russian side will use as evidence to prove that he indeed has harmful intent toward FN. Together with the Secret Society women's false reports from yesterday and the Secret Service's debunking immediately, the evidences from both sides will again cancel each other out in the ICJ, and a stalemate will result – just as the suspect has noted yesterday.

After the conversation, the suspect discovers Chevalier's reply (sent 6:07 PM):

> coeurdepirateCA, maybe you've been under the sun of California [for] too long. I don't fully understand what you're blabbing about, but obviously you have mistaken me for somebody who gives a shit. Here is a good advice for you: Fuck-Off or else I will report you! I have no time for this kind of cheap shit, so keep on walking... !

Again, Chevalier du Temple is pretending to not know what the suspect is talking about because, according to the argument of the Russian camp, the suspect is a terrorist and a terrorist is, by American rule, not allowed to know that he is a terrorist. Meanwhile, his anger toward the suspect is probably genuine. Again, these Partisans don't give a crap about the suspect. They are angry toward him because he has brought troubles to them, and don't really think about the fact that it is entirely not his fault, that he is a victim, and that *he* is the one who has saved them from these troubles on 13 February.

Meanwhile, the suspect is almost duped: is he wrong about Partisans' currently helping the Secret Society women? When the comedy night begins, the suspect leaves, annoyed by the noise. At Sunset station, he gets on bus 2 to come back to Westwood. He goes to sleep soon after midnight.

Now let's examine the Secret Society women's operation. First: 6:44 AM, Ren replies him.

7:46 AM, the Secret Society women send the first volunteer to the suspect's new domain: 61.216.161.10, hinet.net, Sansing, Taiwan,

61.216.161.10 - - [13/May/2016:08:46:58 -0600] "GET /thermex2.html HTTP/1.1" 200 530 "-" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"
61.216.161.10 - - [13/May/2016:08:46:58 -0600] "GET /athd2.jpg HTTP/1.1" 200 12082 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

This appears to be the Long Keng volunteer (2). He is using a different proxy today. From now on, he

will always use a proxy in either Taiwan, Hong Kong, or China. Recall that he was just here yesterday morning. 7:47 AM, he clicks on HT-contribution from the Table of Contents.

61.216.161.10 - - [13/May/2016:08:47:06 -0600] "GET /HTcontribution1-philosophy.htm HTTP/1.1" 200 13928 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

Because the Secret Service has, immediately after the case is resumed, found inconsistencies in the Secret Society women's stories about the suspect's plagiarism, this morning the women call on the Long Keng volunteer for help. He looks up the same short essay on which he has reported yesterday: he is probably fixing his story from yesterday in order to make it more credible to the Secret Service.

Then, 9:33 AM, almost two hours later, the Secret Society women send in the Berlin Plagiarizer:

80.129.23.163 - - [13/May/2016:10:33:46 -0600] "GET /farrights/farright5_noftntb.pdf HTTP/1.1" 200 246768 "https://www.google.de/" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

The last time they have looked up this essay was on 7 May (the Reno volunteer). And recall that the Berlin Pagiarizer has just reported on “American response” last night. Is he here to revise the story about the suspect's obsession with Marine? Within a minute, 9:34 AM, the Berlin Plagiarizer came to Owl Academy.

80.129.23.163 - - [13/May/2016:10:34:30 -0600] "GET /acad.html HTTP/1.1" 200 5050 "https://www.google.de/" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

9:38 AM, the Berlin Plagiarizer comes to the front page from Owl Academy. 21 seconds later, he clicks on sci.pdf.

80.129.23.163 - - [13/May/2016:10:38:28 -0600] "GET /index.html HTTP/1.1" 200 3527 "http://www.enlightenment1998.com/acad.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

80.129.23.163 - - [13/May/2016:10:38:49 -0600] "GET /sci/sci.pdf HTTP/1.1" 200 480129 "http://www.enlightenment1998.com/index.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

He is presumably reporting to the Secret Service about finding hate speech against women (comparing white women to chimpanzees) on the suspect's website. Almost 8 minutes later, 9:46 AM, the Berlin Plagiarizer clicks on “Suffering Woman”.

80.129.23.163 - - [13/May/2016:10:46:32 -0600] "GET /sufferingwoman/sufferingwomand.pdf HTTP/1.1" 200 417881 "http://www.enlightenment1998.com/index.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

Again, about finding hate speech against women (this time against SDW) on the suspect's website. It thus appears that he is here to add SDW to the list of women victims with whom the suspect has become obsessed (ANG and Marine). 10:03 AM, the Berlin Plagiarizer clicks on Table of Contents.

80.129.23.163 - - [13/May/2016:11:03:30 -0600] "GET /thermex2.html HTTP/1.1" 200 530 "http://www.enlightenment1998.com/index.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

He has apparently spent 15 minutes or so reporting on “Suffering Woman”. Now he would spend another 7 minutes reporting on the misogynist expressions which he pretends to see on the Table of Contents. 10:08 AM, the Berlin Plagiarizer comes to the external links page.

80.129.23.163 - - [13/May/2016:11:08:07 -0600] "GET /links.html HTTP/1.1" 200 19838 "http://www.enlightenment1998.com/index.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"
80.129.23.163 - - [13/May/2016:11:08:08 -0600] "GET /dot_clear.gif HTTP/1.1" 404 1322 "http://www.enlightenment1998.com/links.html" "Mozilla/5.0 (Windows NT 10.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

He is probably now reporting to the Secret Service about how the suspect has linked to the websites of Marine and Frauke and so on, which constitutes online terrorism against them or stalking. And this is why everybody requests that the suspect's website be banned.

12:20 PM, the suspect replies Ren.

12:50 PM, the Secret Society women send the third volunteer to the suspect's new domain: 72.43.191.50, nyc.biz.rr.com, Brooklyn, New York,

72.43.191.50 - - [13/May/2016:13:50:46 -0600] "GET /scientificenlightenment1/chusi64.jpg HTTP/1.1" 200 93184 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.1; Win64; x64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/52.0.2735.0 Safari/537.36"

False testimony to the Secret Service about the suspect's plagiarism.

3:55 PM, the Secret Society women send the fourth volunteer to the suspect's new domain: 96.32.1.193, charter.com, Woodbury, Connecticut,

96.32.1.193 - - [13/May/2016:16:55:23 -0600] "GET /1/languagechangecycle.gif HTTP/1.1" 200 2694

"https://www.google.com/" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

They have just looked at this image 11 PM last night. Probably just revising their story for the Secret Service.

5 PM, the suspect sends a private message to Chevalier.

6:07 PM, Chevalier replies, “Fuck off”. Chevalier would certainly turn in the suspect's message to him to the Secret Service as evidence for the suspect's delusion about “his going after him” – which would become Russians' evidence in the ICJ.

6:21 PM, W calls the suspect back.

7:30 PM, the call with W is finished.

7:49 PM, the Secret Society women send the fifth volunteer to the suspect's new domain: pools.spcsdns.net, Baltimore, Maryland,

66.87.81.244 - - [13/May/2016:20:49:53 -0600] "GET /scientificenlightenment1/buddha1.html HTTP/1.1" 200 7173 "https://www.google.com/" "Mozilla/5.0 (Linux; U; Android 4.4.2; en-us; LGLS740 Build/KOT49I.LS740ZV6) AppleWebKit/537.36 (KHTML, like Gecko) Version/4.0 Chrome/30.0.1599.103 Mobile Safari/537.36"

7:52 PM, or three minutes later, she clicks on the Table of Contents from there:

The links on this chapter on Buddhism have not yet been updated, and so this Baltimore volunteer arrives at 2011.com. It's not clear what the women have asked this volunteer to do. To verify that 2011.com still exists?

10:04 PM, somebody comes to check out the suspect's new thread at Bluehost forum: hsd1.ut.comcast.net, Pleasant Grove, Utah,

50.160.92.27 - - [13/May/2016:23:04:54 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635

After a minute and a half, he looks up page 2:

50.160.92.27 - - [13/May/2016:23:06:30 -0600] "GET /2012/91413-61.png HTTP/1.1" 200 139918 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women/page2" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

Pleasant Grove is merely 5 miles north of Orem. Can this visit be related to Bluehost? Since the ICJ trial has just been revived, the Secret Society women have obtained the right again to distribute Homeland Security's false profile of the suspect. They might have decided to show Bluehost this profile before asking the Bluehost administrator to remove the suspect's posting. They want Bluehost to ban the suspect's posting because the Secret Service's skepticism has become evidence against the Russian team in the ICJ so that, if Bluehost bans the suspect's postings, it would become evidence in favor of the Russian team. But, because Bluehost has also received TMU's warning about the Secret Society women, they will not comply with the women's demands.

10:23 PM, the log is archived.

3:13 AM, Site Lock.

3:22 AM, cosmicdance2.jpg and cosmicdance1.jpg from 2011.com are called up on Facebook. The Secret Society women, while brainstorming in view of the Secret Service's debunking, are accessing very old portions of their Secret Facebook Group.

14 May (Saturday; break between 6 PM and 1:30 AM; 8:0:1)

First, let's examine the suspect. Early morning, he changes to the spot by Denny's. He wakes up, 10:30 AM. Peet's Coffee. 11:30 AM, he is going to SM library. He returns Peeter's “Derrida”, and checks out John Graham's “Ortega”. Then, on bus 720 going to Beverly Hills. Panera Bread. Spanish meetup. It's boring. 3 PM, on bus 720 going to Vermont/ Wilshire. Bought new shoes. Then, Bru-Coffee. Dinner, 711. He spends a lot of time on TestDaf questions: he has begun studying for the examination. MST in the restroom. 8 PM, Skylight. Arendt. 8:50 PM, on bus 2 coming back to Westwood. Starbucks. The weird fat white guy shows up. 11:53 PM, the suspect writes an email of inquiry to Dr Solodkoff

(Humboldt). She will never bother to reply. Would she be warned by (Russian-controlled) Homeland Security? The suspect works until midnight.

World: anti-Russia summit in the White House: all Nordic countries.

Now let's examine the Secret Society women's operation. 9:28 AM, Donaldson texts the suspect: “Why did you call me if you are now going to act like I'm not worth your time?”

For almost 14 hours, there is no activity from the Secret Society women on the suspect's website. They have evidently been busy brainstorming – how to help the Russians and their French and German allies – after Bluehost's inaction. By noon – to enter into the ICJ evidences favorable to the Russian side – the women have decided to continue to revise their stories about the suspect's plagiarism for the Secret Service. Thus, 12:08 PM, they send the first volunteer to the suspect's new domain: 213.55.83.154, Addis Ababa, Ethiopia, Ethiopian Telecommunication Corporation,

213.55.83.154 - - [14/May/2016:13:08:53 -0600] "GET /1/feminismandfoucault.htm HTTP/1.1" 200 56453 "http://www.bing.com/search?q=what+are+the+strength+on+works+of+michel+foucault+in+medical+sociology&qs=n&pq=what+are+the+stregth+on+works+of+michel+foucault+in+medical+sociology&sc=0-69&sp=-1&sk=&cvid=6AF6CD2C86A7404EA5CD6164C51C52AC&first=211&FORM=PORE" "Mozilla/4.0 (compatible; MSIE 8.0; Windows NT 6.1; Trident/4.0; SLCC2; .NET CLR 2.0.50727; .NET CLR 3.5.30729; .NET CLR 3.0.30729; Media Center PC 6.0; InfoPath.2)"

False testimony about the suspect's hate speech against womankind and his plagiarism.

12:21 PM, the Secret Society women send the second volunteer to the suspect's new domain: 98.113.218.72, nycmny.fios.verizon.net, West Islip, New York,

98.113.218.72 - - [14/May/2016:13:21:43 -0600] "GET /gallery/perspective.html HTTP/1.1" 200 4787 "https://www.google.com/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_9_5) AppleWebKit/601.3.9 (KHTML, like Gecko) Version/9.0.2 Safari/537.86.3"

The last times the Secret Society women have looked at this webpage are 13 and 11 April. They are evidently revising their story about how the suspect has plagiarized his theory on linear perspective.

12:28 PM, the Secret Society women send the third volunteer to the suspect's new domain: 89.172.78.217, t-com.hr, Sibenik-zablace, Croatia,

89.172.78.217 - - [14/May/2016:13:28:53 -0600] "GET /gallery/healer2.jpg HTTP/1.1" 200 352939 "https://www.google.hr/" "Mozilla/5.0 (Windows NT 10.0; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

They have just looked up this image on the afternoon of 12 May. Are they revising their story about this drawing again?

12:32 PM, the Secret Society women send the fourth volunteer to the suspect's new domain: 168.102.134.128, Indiana University, Purdue University Fort Wayne, Indiana,

168.102.134.128 - - [14/May/2016:13:32:05 -0600] "GET /scientificenlightenment1/representation222.html HTTP/1.1" 200 6261 "https://www.google.com" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

Just another false report about the suspect's plagiarism to the Secret Service.

4:01 PM, the Secret Society women send the fifth volunteer to the suspect's new domain: 64.53.133.68, nap.wideopenwest.com, Arlington Heights,

64.53.133.68 - - [14/May/2016:17:01:32 -0600] "GET /scientificenlightenment1/capra222.html HTTP/1.1" 200 14719 "https://www.google.com/" "Mozilla/5.0 (Linux; Android 5.0.2; Lenovo TAB 2 A8-50F Build/LRX22G) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.89 Safari/537.36"

The Secret Society women have not looked up this chapter since the middle of February. Just another false report to the Secret Service about the suspect's plagiarism.

5:47 PM, the Secret Society women send the sixth volunteer to the suspect's new domain: 172.56.42.56, T-Mobile USA, Seattle, Washington,

172.56.42.56 - - [14/May/2016:18:47:37 -0600] "GET /scientificenlightenment1/appendix.html HTTP/1.1" 200 10848 "https://www.google.com/" "Mozilla/5.0 (iPhone; CPU iPhone OS 9_2 like Mac OS X) AppleWebKit/601.1.46 (KHTML, like Gecko) Version/9.0 Mobile/13C75 Safari/601.1"

They have just looked up this chapter on the morning of 7 May. Another false testimony to the Secret Service about the suspect's plagiarism.

The Secret Society women will now take a seven and a half hour break. Probably just brainstorming in regard the impasse which they have immediately run into as soon as the ICJ trial is revived.

10:36 PM, the log is archived.

10:39 PM, the suspect emails Johanna.

10:45 PM, the suspect texts Donaldson. “I'll call you tomorrow.”

1:33 AM, the secret Society women have resumed operation and send the seventh volunteer to the suspect's new domain: 93.75.61.174, portray.voila.net, Kiev,

93.75.61.174 - - [15/May/2016:02:33:07 -0600] "GET /scientificenlightenment1/yihsuieh16.jpg HTTP/1.1" 200 96607 "https://www.google.ch/" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

They have just looked up this image on 11 May. False testimony to the Secret Service to round up their story about how the suspect has plagiarized.

3:16 AM, the first volunteer of the day has come to the suspect's new thread at Bluehost forum: 67.11.88.151, rgv.res.rr.com, Pharr, Texas,

67.11.88.151 - - [15/May/2016:04:16:53 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 10.0; Win64; x64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

Less than 3 minutes later, 3:19 AM, he looks up page 2.

67.11.88.151 - - [15/May/2016:04:19:22 -0600] "GET /2012/91413-61.png HTTP/1.1" 200 139918 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women/page2" "Mozilla/5.0 (Windows NT 10.0; Win64; x64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

Probably just another false report (the suspect's delusion about the Secret Society women's going after him) to the Secret Service asking them to remove this thread from Bluehost.

3:23 AM, Site Lock.

4:03 AM, the Secret Society women send the eighth volunteer to the suspect's new domain: 31.205.35.227, ask4internet.com, Wolverhampton,

31.205.35.227 - - [15/May/2016:05:03:03 -0600] "GET /1/languagechangecycle.gif HTTP/1.1" 200 2694 "https://www.google.co.uk/" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

This is the third time they are looking at this image within the past 28 hours. Revising their story again?

15 May (Sunday; break between 6 PM and 1 AM; SDW's blog post; 9:1:2)

First, let's consider the suspect. He could not sleep (apartment complex). Got up 3 AM, bought drink at

Denny's. Then slept across the street from Denny's. Took Zyprexa. Woke up 12:30 PM! Peet's. Rushed to the storage facility. Starbucks, burned DVD 526. MST in the restroom. Came back to the storage facility. Left, 5 PM. Extremely depressed: he is struck by the feeling of meaninglessness. Returned to Starbucks, Westwood. 9:20 PM, the weird fat white guy is here. He is carrying a backpack tonight. Fatigue, and depressed.

SDW would post a new post on her blog today, the first time since 5 March: “LINK: Boston Police Department Working Agreement”. Is she trying to get the Secret Service to intercept the suspect “cyberstalking” her?

From today onward, Dina B will begin working at Rite Aid.

They have just looked up this image on the early morning of 12 May. Revising their story (how the suspect has stolen this drawing from his family members)?

10:53 AM, the Secret Society women send the fourth volunteer to the suspect's new domain: 50.35.101.14, Frontier Communications, Lynnwood, Washington,

It's on the non-existent 2011.com. This might just be scouting.

There is no Site Lock visit today.

16 May (Monday; break from 6 PM onward; 9:0:2)

First, let's consider the suspect. He wakes up 7 AM: the ambassadors. He changes to his spot by Denny's. Woke up 10:30 AM. Peet's. He calls the Goethe Institute, etc., then the key store, then he comes back to Peet's. He posts a new message on Bluehost forum (below). 3 PM, on the bus going to downtown. 4:25 PM, the Pershing Square Station, Mr Dube calls him back. He is disturbed by Mr Dube's skepticism (about going to school in Germany). Chrysalis. He cries while meeting with Tanisha. Late for group. 5 PM, on the bus going back to Westwood. The UCLA Library. Read and copied Ortega's "Mission of University". Past 9 PM, he comes back to Starbucks. 10 PM, the weird fat white guy shows up in Starbucks.

Now let's consider the Secret Society women's operation. 4:56 AM, they send the first volunteer to the suspect's new domain: 106.68.238.168, dyn.iinet.net.au, Perth, Australia.[3]

They have just looked up this image yesterday afternoon.

8:26 AM, the Secret Society women send the fourth volunteer to the suspect's new domain: 122.26.109.83, chiba.ocn.ne.jp, Matsudo, Japan,

122.26.109.83 - - [16/May/2016:09:26:15 -0600] "GET /1/trnaribozyme.jpg HTTP/1.1" 200 30134 "https://www.google.co.jp" "Mozilla/5.0 (Windows NT 10.0; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

This was part of the Berlin Plagiarizer's work on the night of 12 May, and it was, before that, looked up on 10 May. Revising their story?

8:39 AM, the Secret Society women send the fifth volunteer to the suspect's new domain: 142.255.90.62, nyc.res.rr.com, Brooklyn, New York,

142.255.90.62 - - [16/May/2016:09:39:05 -0600] "GET /scientificenlightenment1/conche.html HTTP/1.1" 200 41844 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.3; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

False testimony about the suspect's plagiarism.

8:41 AM, the Secret Society women send in the Long Keng volunteer (2) again: 61.216.163.32, hinet.net, Taipei. He was last here on 13 May, if you recall.

61.216.163.32 - - [16/May/2016:09:41:20 -0600] "GET /thermex2.html HTTP/1.1" 200 530 "-" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

It's a direct visit. Apparently he calls up the page from his browser's cache. 40 seconds later, the women direct him to the suspect's web gallery:

61.216.163.32 - - [16/May/2016:09:42:04 -0600] "GET /gallery/gallery.html HTTP/1.1" 200 4374 "http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

He stays there for two minutes. Then, 8:44 AM, he looks up Scientific Enlightenment's Table of Contents. The Secret Society women then direct him to creationmythnotes.html.

61.216.163.32 - - [16/May/2016:09:44:05 -0600] "GET /scientlitfr.html HTTP/1.1" 200 10673

"http://www.enlightenment1998.com/thermfr2.html" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko) Version/9.1 Safari/601.5.17"

25 minutes later, 9:09 AM, the Long Keng volunteer comes back to Table of Contents.

61.216.163.32 - - [16/May/2016:10:09:26 -0600] "GET /thermex2.html HTTP/1.1" 200 530 "-" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_11_4) AppleWebKit/601.5.17 (KHTML, like Gecko)"

It would appear that, in order to respond to the Secret Service's skepticism, the Secret Society women direct the Long Keng volunteer to make a special false report about the suspect's plagiarism in his chapter creationmythnotes.html.

10:36 AM, the Secret Society women send the seventh volunteer to the suspect's new domain: 193.169.124.186, TRK Gluhov, Hlukhiv, Ukraine,

193.169.124.186 - - [16/May/2016:11:36:40 -0600] "GET /1/galaxies.gif HTTP/1.1" 200 1937 "https://www.google.com.ua/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

False testimony about the suspect's plagiarism

12:49 PM, the Secret Society women send the eighth volunteer to the suspect's new domain: 217.30.64.146, aim-net.cz, Prague,

217.30.64.146 - - [16/May/2016:13:49:12 -0600] "GET /gallery/peniswomen.jpg HTTP/1.1" 200 297908 "https://www.google.cz/" "Mozilla/5.0 (Windows NT 6.2; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.102 Safari/537.36"

They have just looked up this image yesterday morning.

2:59 PM, the suspect posts a new message on Bluehost forum.

> It seems that the group of women has now found a new authority to complain to about my website. Another tactic which they persistently employ is to copy chapters from my online book and then delete all the references in these chapters, in order to create a separate version of my writings in which materials seem to be quoted from others without giving references. Namely, to create a "plagiarized version" of my writings and then to turn it in to whichever authority they are complaining to. That's how they can make false complaints about my plagiarism to authorities.
>
> My estimate is that they have by now made approximately 23,000 false complaints about my website to various law enforcement agencies, international and domestic civil authorities, webhosting companies, etc. I think they have also once complained about my writings to the Library of Congress Copyright Office in order to obstruct the copyrighting of my works. Of these 23,000 false complaints, approximately 19,000 are to falsely accuse me of plagiarism.
>
> The most troubling aspect about these women is that they don't work and don't have anything else going on in their life, so that they can devote their entire waking life to complaining about my website year after year. One of these women is from a rich family. My estimate is that each of these women spends about 50 hours a week complaining about my website. And so people who don't need to work and don't have any passion for things in this world are very dangerous. When they become fixated upon you, they are willing to spend their entire life trying to ruin your life or your work.

The beginning of this message of course refers to the Berlin Plagiarizer.

3:02 PM, it's the Gilroy volunteer assigned to the suspect's new thread at Bluehost forum.
68.167.182.21, megapath.net, Gilroy, California,

68.167.182.21 - - [16/May/2016:16:02:45 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 6.1; rv:46.0) Gecko/20100101 Firefox/46.0"

68.167.182.21 - - [16/May/2016:16:02:45 -0600] "GET /2012/91413-61.png HTTP/1.1" 200 139918 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 6.1; rv:46.0) Gecko/20100101 Firefox/46.0"

He's online, and so, 3 minutes after the suspect has posted a new message, he has already seen the alert.

He comes to take a look, and is the first person to see the new post. The last time he was here was 1 May, if you recall. This is his fourth time.

5:22 PM, more than two hours later, the Secret Society women direct a second volunteer to the suspect's new thread at Bluehost forum: 173.76.195.124, bstnma.fios.verizon.net, Braintree, Massachusetts,

173.76.195.124 - - [16/May/2016:18:22:14 -0600] "GET /2012/120912-22.png HTTP/1.1" 200 136635 "http://www.bluehostforum.com/showthread.php?143880-Hi-I-have-been-having-this-annoying-problem-There-are-a-group-of-mentally-ill-women" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:46.0) Gecko/20100101 Firefox/46.0"

The women must have been quite troubled by the suspect's identification of the Berlin Plagiarizer right in the open, for everyone to see. They seem to be telling this Braintree volunteer about it.

5:59 PM, the Secret Society women send the ninth volunteer to the suspect's new domain: 71.251.138.120, cmdnnj.east.verizon.net, Glendora, New Jersey,

71.251.138.120 - - [16/May/2016:18:59:09 -0600] "GET /gallery/healer2.jpg HTTP/1.1" 200 8374 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"
71.251.138.120 - - [16/May/2016:18:59:20 -0600] "GET /gallery/healer2.jpg HTTP/1.1" 200 352939 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/50.0.2661.94 Safari/537.36"

They have just looked up this image on 14 May. Are they brainstorming about how to revise their story?

Either because of their impasse with the Secret Service, or because they are upset by the suspect's identification of the Berlin Plagiarizer, the Secret Society women will stop operating on the suspect's website in the next 11 hours.

To summarize: from 12 May onward, the Secret Society women's case is already dead in the water: the Secret Service has already found all these holes in their stories about the suspect's plagiarism – merely two days after the case is reopened. Meanwhile, the CIA has taken the Secret Service's debunking into the ICJ as evidences to cancel out the new evidences which the Russian side has brought in. It's stalemate there all over again. Meanwhile, the Secret Society women over here are stuck once more in the never-ending debate with law enforcement about whether their suspect is a plagiarizer.
