### **KXXXXXXXX'S VENGEANCE**

#### **17**

#### **RESUME**

The following reconstructs the operation of Homeland Security CO chief and the Secret Society women against me from 18 to 31 July, 2014. This is a revision, in March and April 2023, of the original "Kxxxxxxx's Vengeance, 17", originally composed from February to April, 2019.

The Secret Society women refer to (as of July 2014): ANG (Angelina, G), Karin (K), Kxxxxxxx (J), Dr P (Pxxxxxxx), and SDW (Maura, M). Then many of their associates such as Carolyn and Peter, Dr R and her crowd, and Aamoy and his Linux User Group buddies.

Now a summary of the events of this period. We must recall that Malaysian Flight 17 was shot down over Ukraine on 17 July – the day when the NCTC authority dismissed the Homeland Security warning about me once again and expressed the desire to never hear from the Secret Society women again. Homeland Security and the Russian government were now in disarray because the previous ICJ trial was now at risk of being reactivated by the CIA. While continuing to program me to suffer pain over the most minute things (usually computer malfunctioning) so as to provoke me to commit vxxxxxxx xxxxxx, Homeland Security CO chief, in view of his current impasse, began to develop a new plan on the basis of this event in Ukraine. He asked the computer inside the control center how to proceed further, and the computer showed him the prediction that, as a consequence of this shoot-down, Ekaterina's sister (Maria) would be kicked out of the Netherlands in a few days together with her Dutch husband. The computer told him that he could enable his warning about me (Ekaterina's status as the victim of my "stalking") to regain legitimacy by remotely controlling me to blog, in a more special way, about Ekaterina and her sister. At the same time, the computer told him to remotely control me to post on my blog my thinking about how to improve Russia's soft-power so that it would look as if I had an even grander obsession with, and delusion about, Russia, of which my obsession with, and delusion about, Ekaterina were, as had been asserted, an integral part. And so, under Homeland Security CO chief's remote control, I began to create a special blog post about Ekaterina (where I would collect all the rumors I could find online about her and her sister).<sup>1</sup>

---

<sup>1</sup> As you have seen, Homeland Security CO chief had started programming me to work on this special blog post for the first time on 8 July.

On 18 July, nothing special: the Secret Society women continued to brainstorm with their volunteers as to how to prove to any authority that the Homeland Security warning about me was correct. (SDW, always the most active, had called upon the Huntington Beach volunteer again.) On 19 July, another day of brainstorming, but Homeland Security CO chief had made the first step in his plan by ordering a volunteer to search for my half-naked picture. I had also today published the said blog post about Ekaterina (“Russian lessons”). Both he and I were ready – even though I had no idea why I was doing this. Then, on the afternoon of 20 July, Homeland Security CO chief instructed the Secret Society women’s volunteers to pretend to discover “Russian lessons”: “Look, he’s talking about Ekaterina the prominent Russian daughter again! When you search for her sister’s husband’s name, his blog will show up!” Homeland Security CO chief now instructed the whole group to create a huge commotion about it.

On 21 July, the operation was in full swing. More than 30 volunteers – from the Netherlands, Estonia, Poland, and Finland – came to my blog making a big fuss about my obsession with, and slandering of, Ekaterina and her sister. Apparently I had terrorized the prominent sisters not only with my blog post but also with three images on it (my half-naked picture which was somehow tied up with Ekaterina’s sister’s husband’s name on Google searches, Best Mommy’s picture, and the screenshot of a search “Kxxxxxxx, Lawrence”). Homeland Security CO chief also instructed Wes to talk to me on the phone one last time so that he and his Russian friends can obtain new evidence of my delusional mind as well. In addition, the Secret Society women had also developed a particular focus on “asmatpoles.jpg” today as the definitive proof of my violation of intellectual property rights. (Especially the “Chicago Group”.) On 22 July, about a dozen more volunteers – from the Netherlands, Estonia, Poland, Germany, the US, and the UK – came to examine the new blog post about Ekaterina and the three “problematic” images. (Today, Wes would leave for Brazil and I would discover that SDW had in fact been complaining about my blog to law enforcement.)

On 23 July, the mayor of the city Hilversum, Pieter Broertjes, called for the expulsion of Ekaterina’s sister from the Netherlands. The Dutch public reacted with great commotion. Another dozen volunteers from a bunch of countries came to check out my new blog post about Ekaterina and the three images – from Austria, Australia, Spain, Ukraine, Taiwan, Hong Kong, and Romania as well as Estonia, Finland, Germany, and Poland. Either Gaurav or Angelo seem also to have been summoned to join in on the commotion. SDW’s Erie relative came also. Then, that night, I posted, under Homeland Security CO chief’s remote control, my first thinking about how to improve Russia’s soft-power on my blog. The plan was now ready. On 24 July, the Secret Society women’s volunteers reported my latest obsession with Ekaterina and her sister to the Russian diplomatic mission (including posting my latest blog post about Ekaterina on the Russian diplomatic mission’s secret Facebook group for me).

By night, the women gang were connected with the Russian law enforcement official to whom the Russian diplomatic mission had referred them. ANG explained that I had been terrorizing women by developing delusions about them and recording them and then posting my delusions and recordings on my website. She asked one of Aamoy's LUG buddies to testify to the Russian official as to what crazy things can be found on my website. Toward the end, SDW made her complaint as well.

On 25 July, the Secret Society women mobilized their volunteers to send more testimonies about my evil website to the new Russian law enforcement entity (plagiarism, hate speech against women, bizarre delusions about mind-control, and violent videos). Meanwhile, the Russian law enforcement entity came to the TMU to request jointly opening a stalking case against me on behalf of Ekaterina and her sister. Homeland Security CO chief and the Russian government, with Ekaterina's stalking claim against me as their evidence, were thus able to lock up the previous ICJ trial for the time being. On 26 July, the Secret Society women began mobilizing their volunteers to report my website to the TMU. However, the TMU would, within hours, dismiss the case by dismissing the Homeland Security warning about me. By night, SDW would call upon her Erie relative again.

On the morning of 27 July, when the reporting had started again, the TMU instructed the LUG buddies to leave a strange message on my blog while reporting on behalf of the Secret Society women. (To test to see if I had orchestrated this as a way to invite Ekaterina to read my blog.) That night, because the TMU had once again rejected the case, the Secret Society women were instructed to post more evidence on the Russian diplomatic mission's secret Facebook group for me. (In this case, evidence of my harassment of Kxxxxxxx.) There was then a big commotion about Best Mommy's picture, and even Marie was asked to join Ekaterina's latest stalking claim against me. On the morning of 28 July, the Russian law enforcement and diplomatic mission were somehow again able to oblige the TMU to reconsider this stalking case. While the Secret Society women continued to mobilize volunteers to report my website to the TMU (including a physicist from the Lawrence Livermore National Laboratory), SDW herself came to my blog. But the TMU, as expected, dismissed the Homeland Security warning once again. By night, Jennifer D became quite involved in the brainstorming.

On 29 July, the Secret Society women continued to mobilize volunteers to report my website to the TMU. But no. By night, Homeland Security CO chief instructed the Secret Society women to collect more evidence on my website. Kxxxxxxx insisted on her case and instructed a LUG buddy to come find evidence that I had indeed been obsessed with her on my blog. On 30 July, more volunteers in Russia, Ukraine, and the US had heard about the scandal ("The Russian First Daughter has a stalker!") and protested to the TMU. (There were even two volunteers from Amazon and IBM.) But the TMU still refused to accept Ekaterina's stalking case. In response, Homeland

Security CO chief controlled me to run into the news broadcast about Uma Blasini in order to motivate me to do things to strengthen Ekaterina's stalking case against me. On 31 July, the Secret Society women continued to mobilize their volunteers from around the world to report my website to the TMU, but the TMU still wouldn't budge. By 6:30 PM, the Secret Society women called upon the LUG buddies again to come collect more evidence. Meanwhile, I unknowingly accomplished my mission from Homeland Security CO chief by posting first another blog post about how to increase Russia's soft-power and then expanding my blog post about Ekaterina with a thorough analysis of her pictures.

The following is my diary entries plus the log for the Secret Society women's operation on my website during this period. Again, the corrections, in the current, latest version, to the original diary entries are in brackets and italics. IP addresses that are traced during this latest revision are marked with (\*).

## 18 July (Friday)

*First, a note about myself.* Woke up 11:30 AM, unable to sleep further. Perhaps it's because I didn't take sleeping pills before bed time. (Had been taking pills every night.) 1 PM, TNT, and received two articles from prof. W. Enormous urge to send her the information right away. While I was writing, my laptop couldn't emit audio again. Pain sensation, but one was bearing it. When finished, it's already 3:25 PM, and didn't have time to go find Annukka at Premier. Frustrated, and then severe pain, lasting all the way to 6 PM: required to commit crimes. Rode the bus to Stories, and, on my way, Fr. Alan called. Couldn't meet him until Monday. At Silverlake: ate, and tried to nap, for one was also tormented by extreme sleepiness. Couldn't. Because of severe pain and sleepiness, decided to go home instead. Required to commit crimes. Earphones-wearing people still caused physical pain, required to commit crimes. Arrived home on 6 PM, and took newly bought sleeping pills. Able to sleep until 9 PM. Woke up feeling okay, but my mood was very dampened by the thought that I needed to live like this (pain/crimes) forever. Checked the log, and then out to collect damages, 10:30 PM. SOTO: **10 N, 1 SMW, 1 SPC, 1 B**. Many police cars around, seemingly looking for somebody. Done by 1 AM, on Metro coming home, and another Hispanic guy wearing earphone sat down in front of me: physical pain, required to commit more crimes. (*Was this Homeland Security surveillance?*) The thought that I'll have to go through this everyday was causing me even more severe pain. I want to cry out to somebody for help: Help! Help! I really don't want to commit any more xxxxxx! Please help! I can't take this anymore. Came to Vermont station, and just didn't have any more energy to ride the bus to another new location to commit more xxxxxx there. Must find something here. **Hence, 1 W (SZZLR), 1 B (SCHL)**. Felt much better. Realized: if I accept the fact that I'm simply required to commit xxxxxx everyday for the rest of my life, pain will be lessened.

It seems that I'm still required to act out what I'm writing or what's in the recording which I'm reviewing at the moment. During pain attack, began to have thoughts about suicide again. At home, I reviewed the recordings from 08.12.2010, and therein I expressed thoughts about suicide. *My tally tonight:*

## 19 July (Saturday)

**By 5 AM today, I would have published on my blog a post about Ekaterina and her sister:  
"Russian lessons: rumors gathered from the Internet about Putin's daughter Ekaterina and her  
sister". Again, I had no idea that I was being remotely controlled to do this and what drama this  
was supposed to cause.**

*Now, a note about myself.* Slept between 6 AM and 1:30 PM. Okay. TNT, a Korean woman was reading two Korean books on Korean history. (*As if that meant something!*) Stories LA until 5:30 PM. Realized that the Panistas might be trying to commit as many crimes as possible in order to make their acts unbelievable in the future, hence they also commanded the shoot-down in Ukraine yesterday. The filter has made it that, if they want to commit crimes, they can only commit those crimes which replace evidences. (Presumably, the shoot-down replaces the USSR's shoot-down of the Korean airline jet back in 1982.) (*Again, my wrong scenarios so that I can look insane to please Homeland Security CO chief.*) Came to the Russian church on 6:30 PM. Stayed until 8:30 PM, and asked Father Martin about doing a confession. Then, going to WSTWD. At one point, road block; arrived past 10 PM. Posted a new message on Prison Planet forum (a reply for Lisa, an Evangelical who had an interest in mind-control, and then a note about the Secret Society women).

Wrote also, around 11 PM:

Finished reading Prof. W's "What is on the Horizon? What is science likely to be doing in the upcoming years?" in David Ratke, ed. *Theological Foundations in an Age of Biological Intervention*. In this article, Prof. W poses the question: what is normal.

Based on these normal variations, most scientists tend to call frequent mutations that do not cause disease "alleles" and consider them normal, and whatever mutations give rise to disease "mutations" and consider them abnormal... Usually, if a gene confers a benefit it is kept in the gene pool, and if it conveys only deleterious consequences it is lost because it results in a reduced ability of an individual to survive long enough to have offspring...

One thing that is difficult to capture in genes is the fact that humans have a cultural heritage that we pass on from one generation to the next. We certainly pass on our genetic heritage to future generations in our children and grandchildren, but we also pass on a cultural heritage that does not require genetics. Evolution operates at the level of the populations, and they (populations) preserve the genes of the most reproductively fit individuals. But humans have societal groups that are different than populations, with rules of behavior that alter "reproductive fitness" of individuals. At the same time, often

individuals who leave no progeny make significant contributions to the cumulative transmission of experience through millennia.

What is “normal” is thus defined as what enables the individual to survive, what enables the individual to maximize his/ her reproductive fitness. What exactly an individual has to do to achieve reproductive success is furthermore determined by the current structure of the social group. What is so interesting to note here is the fact that there is, in this determination of what is “normal” and what is “abnormal”, an underlying assumption about the goal of existence: i.e. survival, or to live. What if this assumption is simply wrong? In the case of the individual, it's clear that the goal of being born and then living a life is to die one day. That the goal of living is to die can be certainly deduced from the empirical fact that every person who has ever been born has ended up dead. It's probably because the goal of living is to die that the traits that are defined as “normal” are those which supposedly maximize the individual's reproductive success. Thus, ultimately, the underlying assumption which has guided the medical science's definition of normality is that the goal of the species is to survive. Now, this assumption is clearly mistaken as well. From the fact that around 99 % of all species which have ever appeared on earth have become extinct, we can similarly say that the goal of any species, the reason why it has ever appeared on earth at all, is to become extinct – to die, just like any living individual. We have thus to return to Oswald Spengler's notion of the Morphology of World History and Hegel's notion of *Geist*. A civilization – with which, in a simplistic conception, the human species may be identified – has indeed exhibited something like a life-cycle of an individual: it has a birth, then a time of maturity, then old age, and finally death (extinction). *Phylogeny recapitulates ontogeny*. That so many people have misconstrued the goal of a living species, or of a civilization, to be survival is due to the fact that, during the time of maturity, its goal indeed appears to be survival, but such will no longer be its goal when it reaches the time of old age, when its goal has suddenly inverted into death or extinction. As is noted, the current human civilization is clearly heading toward collapse or extinction, whether you look at it from the perspective of resources crunch (the end of hydrocarbon age) or from that of climate change. This is in fact the goal of the current civilization: hence the current civilization has reached old age, hence global consumerism, hence unsustainable economic growth and unsustainable exploitation of the earth's resources. This is the current *Geist*, the direction of world history at the current age. If what is “normal” in the individual is whatever trait society will enforce in the individual to facilitate its achievement of its current goal, then we can see that what is “normal” is in fact whatever trait in the individual will contribute to the death of society, rather than to its survival.

Thus we have to come back to the same question regarding “Feefee the subhuman”. The human civilization will live if everyone is like him; but he is excluded from participation in society and will never be able to mate because the goal of the current society is death and extinction. Meanwhile, if everybody is like Kxxxxxxx or Axxxxxxx, then society is irreversibly doomed, and this is why society's system chooses to celebrate them. What exactly are the traits which characterize Feefee the subhuman and which, if universalized, will contribute to the survival of human civilization? And what exactly are the traits which characterize Kxxxxxxx and Axxxxxxx and which, if universalized, will contribute to the death of society? (1) Feefee operates according to the category of truth/ falsehood. Nothing is more important to him than the exact correspondence of the content of his mind with the external reality (*adaequatio intellectus et rei*). He constantly readjusts his belief about the world and

people when he discovers that his belief is incorrect. Kxxxxxxx and Axxxxxxx, on the other hand, have no notion of truth, do not understand that there is a distinction between truth and falsehood, and couldn't care less if their belief about the world and people doesn't correspond to the real nature of the world and people. If they believe Feefee to be violent and find out that he couldn't be violent, the solution is to cause him to be violent rather than changing their wrong belief about him. For their agenda is to dominate him and win the game by winning other people over to their side; they couldn't care less about the correctness of their belief system. The "correctness of belief system" is not an operating category in their thought-process. (2) Feefee practices human morality, the "Golden Rule", reciprocity (be nice to those who are nice to you, and mean to those who are mean to you), whereas everyone else, like Axxxxxxx and Kxxxxxxx, practices ape morality, i.e. it's okay to do anything onto other people, but never allow other people to do anything unpleasant onto oneself.

Perhaps it's an exaggeration to say that society, during the death phase, promotes the "death type". But it's certainly correct to say that it suppresses the "life type" (i.e. Feefee's type). The use of mind to connect with reality and traditional morals are being weeded out from society partly because, as the brain of society's members disintegrates, nobody can understand any longer that there is such a thing as [the distinction between] "truth" or "falsehood", and so everyone automatically dismisses, and excludes, someone like Feefee who insists on such a distinction. Nobody simply understands what he is talking about. The inversion of traditional values during the death phase of society, just as the inversion of this inversion which must be effected if the Macrospherians intend to save human civilization, is reflected in the final lines of Artoklasia:

Πλουσιοι επτωχευσαν και επεινασαν, οι δε εκζητουντες τον Κυριον ουκ  
ελαττωθησονται παντος αγαθου.

The rich have become impoverished and hungered, while those who seek the Lord will  
not be deprived of any good things.

Very good reflection! (*Presumably more materials for the Invisible Hand and BOL to make something out of it.*) Generally, no pain all day. Left Starbucks almost 1 AM. **3 B (PSYCH), 2 N.** Read more of Tocqueville while on the bus. Korean restaurant near home, 2:40 AM. Then I discovered that the pack of cigarettes I had just bought had disappeared. Mood dampened. Walked to buy another new pack. **2 B (SCHL).**

Now the Secret Society women's operation on my website for today. 4:39 AM, I was revising my own blog. Then, 4:41 AM,

## 20 July (Sunday)

*First, a note about myself.* Slept between 6 and 10 AM. Came to church. Tatiana was all by herself today. I sat with Elaine and the Belize old lady. Told her about my "semi-legal problem". Soon left, called Wes, and left a message. Thought about how A/ K must have wanted to convict Russia as well for the Syrian scandal. (*My wrong scenario.*) Home, and couldn't sleep, even though I had taken two sleeping pills. All it did was make me tired. 4 PM. Ate at the Korean restaurant. Called Wes, and no answering. Mood dampened, when thinking that every time when something good was theorized, the opposite would happen. If Wes said it's 3 weeks, then it's in fact 5 weeks (a month + 1 week instead of - 1 week). Required to commit xxxxxx. Home, still couldn't sleep. Very discomforting. Got up 5:50 PM to MST (Hiroko) and call Wes. Still no answering. Came to Starbucks, WSTWD, 9:30 PM. Left 12:30 AM to collect damages in SM. Unsure for a while, until the earphone people on the bus convinced me. Near Peter's. **1 W (SCHL), 2 N, 4 B, 2 H (hardware, 2<sup>nd</sup>), 2 SPC (mirror).** Done by 1:50 AM.

This is the first visit to my new blog post about Ekaterina and her sister. Homeland Security CO chief had begun implementing his "Plan Ekaterina" now that my new blog post had been indexed by the search engines. He instructed the Secret Society women's volunteers to search for Ekaterina's sister's husband's name in order to discover my new blog post. "More evidence that the stalker is obsessed with Ekaterina the prominent Russian daughter!" The "commotion" over my new blog post about Ekaterina had started! Homeland Security CO chief would instruct everyone to make a big deal out of it and get ready to report it to the Russian diplomatic service. (Since this volunteer used AOL, s/he was very likely an associate of Dr P's.)

## 21 July (Monday)

*First, a note about myself.* I called Wes on 5:40 AM before sleep. Still reaching only the answering machine. Slept until 2:30 PM. A little upset because it was too late to go find Annukka. Father Alan called: no class tonight. Decided to go to SM anyway. On the bus, distressed over not being able to talk

to Wes before he leaves. I called his mother and left a message. Then called Wes again. Got through! In the SM library, and decided to check Aamoy's Facebook using my alternative Facebook account. (Thought about this since last night.) My laptop's webcam no longer worked. May be related to my laptop's shut-down on the 12<sup>th</sup>. My wrong scenario: the control center knew that I would rationally want to re-investigate after completing "On the Periphery of Karin's Meetups, Part I", and so I was programmed to shut down my laptop that day not only to damage the audio system but also the webcam. In any case, I was programmed to need to use the webcam just when it was malfunctioning. Severe physical pain. Panicking. Decided to use the screenshot function to capture Aamoy's Facebook. Programmed to mistakenly take a screenshot of myself and name it "Gupta", thus producing evidence for my identity with Aamoy. (*My wrong scenario to help make myself look delusional: however, later on both the Invisible Hand and Homeland Security CO chief would make tremendous use of this strategically induced "delusion" on my part.*) The thought so disgusted me as to cause me severe physical pain. Required to commit xxxxxx tonight. Also noticed that Aamoy seemed to be imitating me on his Facebook. He must have been instructed to produce similar evidences of identity. (*Really?*) Then checked K's. Couldn't see any postings she had made after 16 January, probably in relation to her establishing her stalking claim against me on 13 January. (*My wrong scenario.*) Then checked Carolyn's, but couldn't find it. (*Carolyn had by now deleted her Facebook.*) Then checked Laura's, and couldn't find it. Checked also Annukka's, but couldn't see any recent posts.

Then, Starbucks, Promenade. Thought a lot about Russia's plan to attract Asian nations with Russian pop-culture. My wrong scenario: the Russians must have been authorized by BOL to allow them to do what the Americans had done. (*This might in fact have been BOL's plan if she should ever win her bet with the Invisible Hand.*) Midnight, collection, PROM and then SM/ HGHLND. **2 W (agency, 3<sup>rd</sup>), 7 N, 3 B, 2 H (5<sup>th</sup> STDO)**. Arrived in the Korean restaurant near home. Stayed there for a long time to work and read, until the owner angrily asked me to leave. Some anger. Home, 3:30 AM.

Highlights of my conversation with Wes today (from 49:30 onward): (1) Me: why did you say if I commit more xxxxxx, then no one would believe it? Nonsense! What's so unbelievable about breaking 300 windows? Wes: either you are not a super genius because you didn't notice it right away, or the statement isn't so stupid as you have made it to be. (2) Me: the control center wanted me to tell you my cultural fatigue is programmed. Russia wanted to move its focus to Asia... making Asian people see Russian white people instead... (*Again, the Russians' evidence that I continued to suffer massive delusions about Russia.*) (3) Wes was going to Morisio's city first. (4) Me: I want to move into the church... Prof. W... she knows about BCI and can understand it, but would the control center intervene? I can only do what the control center has allowed... whoever is inside the control center has to do what the computer shows in any case... (*Homeland Security and the Russians' evidence of my delusional mind.*) Then my wrong scenario about what happened in 2013: ...  $2 + 2 = 5$  in another system... all because of that... the CIA told BOL: the laws require us to lie to you and make you believe our lies... that's how I have figured out how the trick work... and so I played that trick on the Homeland Security guy... that's why I'm all fucked up right now... (*Homeland Security and the Russians' evidence of my delusional mind.*) Wes: the reason is that math is a construct... Me: it's not clear which event was the result of human intervention... back in 2013, all the events can be seen to be leading to the crisis, they were clearly programmed... but was there any direct human intervention... in

the ICJ, even though different people are now judging the affair... but above that court is a secret ICJ court... and it's BOL judging... and she's so extremely fair... it'd be very strange if she wouldn't compensate us in the end... but if she can only obtain the judgment by sacrificing me, she'd do that too... if my fate is to be sacrificed, no one will tell me... like the movie 'Apollo 13'... if it's my fate to commit xxxxx for the rest of my life, never getting validated... the astronauts must have a suicide method... *(Again, all this wrong scenario was Homeland Security and the Russians' evidence that I indeed suffered from this massive delusion about some ICJ trial (and even about BOL). Even though there was indeed a secret ICJ trial in which BOL and the Invisible Hand were involved, nobody else knew about it in any case.)* (5) As we were about to hang up, I started crying. Wes: we are flying Malaysia Airline, and what's the chance of three crashes in a row? And he told the joke in question.

*(We can be sure of this. Now that Homeland Security CO chief and the Russian diplomatic mission had my latest blog post about Ekaterina and her sister as the new evidence with which to rekindle the debate about me, they instructed Wes to talk to me today, just before his departure, so that they can obtain a second set of new evidence as well (that I was indeed delusional). (They of course already knew beforehand, from the control center's predictions, what I would say if I were allowed to talk to Wes.) Thus it is they who had instructed Wes to wait by the phone just before 7:30 PM his time in order to pick up my call.)*

Now the Secret Society women's operation on my website for today. 4:52 AM,

Now began a series of visits to the three problematic images (the “commotion”) from Estonia and Finland. (Again, this one was the screenshot of the search “Kxxxxxxx, Lawrence Chin”.)

This might be the 11:41:29 Tartu volunteer. He shall be named the "11:43:33 Tallinn volunteer". We now have two volunteers from Estonia.

This is presumably an associate of the Johnstown volunteer from four hours ago.

The third volunteer from Estonia: the "11:44:28 volunteer".

Is this the same 11:43:33 Tallinn volunteer? (The user-agent is completely the same.)

11:44 AM, dyn.estpak.ee, Tallinn, Estonia,

This is perhaps the 11:43:33 Tallinn volunteer now using his cellphone. We can be sure that, just like the stream of Turkish volunteers on 28 June, these and the following Estonia volunteers were all Russians living in Estonia.

## 22 July (Tuesday; break from pain)

*First, a note about myself.* Slept after 6 AM. Watched the video on Concorde's crash, but was barely able to concentrate because of my worries over the possible plan to damn me and promote Kxxxxxxx. Woke up on 2:30 PM, discovering that Wes had called on 11:20 AM. Why? It seems that his bomb joke, the Concorde video, etc., had all added up to the artificial suspicion about Wes' flight (tonight, 6 PM). Wes is probably replacing the evidence of my flight to China and Nicaragua. Homeland Security is probably really investigating me as a terrorist suspect at the moment. (*All the wrong scenarios to help make myself look crazy! Except that I was indeed a terrorist for Homeland Security CO chief.*) At the storage. **1 N, 1 B.**

At the Forum. Fr Martin was here (from Protection)! The vulgar guy who looked like a Homeland Security informant was also there (had been seeing him here since last Tuesday). Stephanie also there. A new Romanian girl from Holland. Speech about love: 1<sup>st</sup> Corinthian, 13: 4 – 8.

Η αγάπη μακροθυμει, χρηστεύεται, η αγάπη ου ζηλοι, η αγάπη ου περπερεύεται, ου φυσιουται, ουκ αρχημονει, ου ζητει τα εαυτης, ου παροξύνεται, ου λογίζεται το κακον, ου χαιρει επι τη αδικια, συνχαίνει δε τη αληθεια. Πάντα στέγει, πάντα πιστεύει, πάντα ελπίζει, πάντα υπομένει.

Love suffers long and is kind; love does not envy; love does not parade itself, is not puffed up; does not behave rudely, does not seek its own, is not provoked, thinks no evil, does not rejoice in iniquity, but rejoices in the truth; bears all things, believes all things, hopes all things, endures all things.

Left on 10 PM, McDonald's, and then SPOT. I spent the whole night working out SDW's Erie relative's first visits in April. I finally realized that all this time SDW was simply complaining about my website to law enforcement. I was so angry that I posted a message on SDW's blog (using TOR) calling her a "con-woman". I was angry with Dr R as well. No pain today! My laptop was running very slowly after 2 AM, after using TOR. **2 B (SCHL).**

### **23 July (Wednesday; severe pain/ collection resumed)**

*First, a note about myself.* Slept after 6 AM: was writing my diary entry, increasingly worried about how to distinguish (the control center-programmed) delusions from reality, in geopolitical matters as well. Woke up 1:30 PM. The same worry. TNT, severe headache. 3 PM, on the bus going to SM, forgetting to bring the Telefund letter. Hurt, pain sensation, required to commit xxxxxx. Realized I would not be able to make it to SM on time to find Annukka. I simply didn't have the ability to find her at work. The inability to do simple things in daily life (disability) caused me physical pain. Required to commit xxxxxx. A Hispanic guy continually shoved me with his arm causing me physical pain. I pushed it away, and he started shouting profanity at me. I had to restrain myself from arguing and fighting with him. Moved away. Severe physical pain, body shaking, and could no longer concentrate on reading: required to commit xxxxxx. (*Did Homeland Security send this guy in to provoke me? To produce evidence that I was violent?*) Got off at Promenade around almost 4:30 PM. As expected, Annukka had left Premier already. Then discovered that the post office was locked up: couldn't buy stamps. Severe pain had intensified. Terrifying heartache. Seizure attack. Then got on the bus to go toward WSTWD. Severe physical pain lasting until 5:45 PM. Required to commit a lot of xxxxxx tonight. Starbucks, WSTWD. Writing. A black guy was talking loudly behind me. Music in the ear, still pain sensation. Then, wanted to catch bus 12 to go to Annukka's house. Upload to Sky Drive failed. 9:15 PM. Missed the bus by one minute. Severe physical pain, body shaking. Required to commit xxxxxx. Bought Tylenol: took 3 pills. Severe pain continued. Came back to Starbucks. The laptop couldn't emit audio. Severe pain. Required to commit xxxxxx. Rebooted it. Couldn't. Rebooted it. The laptop froze. It came back to normal by 9:55 PM. 30 minutes wasted. Severe pain lasted until 10 PM. Required to commit xxxxxx.

Later tonight, I posted a new post on my blog: "Diary of Targeting, 1 July – 23 July... Russian pop-culture", with a link to my July Diary. Included was also my first reflection on how to increase Russia's soft-power. *I didn't know that it was Homeland Security CO chief who had controlled me to write out this stuff about Russian soft-power. With my blog post in place, tomorrow he could order the Secret Society women and their volunteers to report me to the Russian diplomatic service. Note that, today, the mayor of the city Hilversum, Pieter Broertjes, called for the expulsion of Ekaterina's sister from the*

*Netherlands. The Dutch public was about to react with great commotion. This was the event on which Homeland Security CO chief and his Russian friends wanted to capitalize (under the guidance of the computer inside the control center).*

Then I went to collect damages, 10:45 PM. SNST: **2 W (lawyer, 3<sup>rd</sup>, building, 2<sup>nd</sup>), 1 SPC, HGHLND, 1 W (shattered, 2<sup>nd</sup>), 9 N, 2 H (PLTES, 2<sup>nd</sup>)**. Done by 12:50 PM. Sad: not enough damages collected. At Vermont, **2 H**. Couldn't W. At the Korean restaurant near home, 1:35 AM. Extremely sad. Just begging: Please, no more pain, please, I promise I'll continue to commit xxxxxx even when I'm happy. Home, **2 B SCHL**.

## **24 July (Thursday; break from pain)**

*First, a note about myself.* Slept between 6 AM and 12:30 PM. Coffee Bean, 1 PM. Then, with Fr Allan on 2 PM. He was not going to understand mind-control. It's interesting that he mentioned "Asperger Syndrome", of which symptoms apparently included extreme sensitivity to loud noises. I mentioned that I did have this problem: certain noises would cause me severe physical pain. The control center (Mr Homeland Security CO chief) had been programming me to recover my Sonophobia in the past three months, as you have seen. This got me thinking for the whole day about another proposal for my conspirators to victimize me.

Certainly, if the government shall advertise my case to make a bad example of me, they shall deny that my bad behavior is programmed by a computer through brain chips inside my brain. They, or their spokesperson Kxxxxxxx, will claim that I simply suffer from some nervous system weakness, and Asperger Syndrome, etc., which cause me severe chronic pain. But I, because I also suffer from paranoid schizophrenia, attribute the pain to brain chips and the control center and a bunch of French, American, and Mexican politicians, and to my stalking victims and Homeland Security CO chief. I do this also because I am a selfish brat who refuses to take responsibility for misfortune of my own making and wants to blame all my pains on others. So I blame my natural pain onto some other human beings, and then revenge, or relieve pain, by vandalizing the properties of the innocent xxxxxxxx around me, thinking that it's the whole society's fault that I suffer so much pain everyday and am rejected everywhere I go. The government and Kxxxxxxx can advertise this scenario, not only to make me look bad, but also to teach people about the danger of refusing to take up responsibility and blaming misfortunes that are one's own faults on others. "It's always others' fault", "Schuld sind immer die anderen", etc. (Note that, whenever I get thrown out from places for looking too dirty, I think: it's the control center's fault, it's the control center which has programmed me to look like shit"; and I would then commit xxxxxx in order to transfer the control center's, and my stalking victims', victimization of me onto others. This can certainly be advertised in the same way to make me look bad: he doesn't take care of himself, looks dirty, and then blames others when he gets thrown out from restaurants.) One stone two birds: both to discredit me and make me detestable, and educate the American public at the same time, since Americans do have the habit of not taking responsibility but expecting the government to fix problems that are due to their own faults (they have been spoiled by the concept of "rights", "human rights", "women's rights").

Since I cannot avoid looking bad, detestable, and disgusting, I'm learning to enjoy it. I like looking bad, and am anxiously waiting for the ICJ evidentiary record about me to be made public knowledge. Like Timothy McVeigh, who sacrifices himself (makes himself look bad) in order to bring infamy upon militias and bring them down, I can also make 911 Truthers, Ron Paul, and any other categories I have had association with look bad and get discredited.

Then, Home Depot. Ns and spray. **1 B (SCHL)**. Starbucks, then Red Lion: Stammtisch. Kathy there tonight. No matter, she was talking to someone else and, until the end, no chance to even speak a single word to her. Besides, it's futile to feel attraction at all. My destiny is to commit xxxxxx, speak delusional thoughts, suffer severe physical pain for the most trifling reasons, look sloppy, ugly, and dirty, and suffer cognitive dysfunction and perpetual disability – in order to prove that Kxxxxxxx's, and Axxxxxxx's father's, false profiles of me are correct. (*Even though I didn't understand what's going on, what I said here was in fact sort of correct!*) Such social outcast shouldn't even bother with attraction or friendship. Left. Waited at the bus stop. Didn't know why I suddenly got up and left, and missed the bus. Must have been programmed. Thus had to walk a long distance. Some pain sensation, and had decided earlier to fulfill my promises as much as possible, committing xxxxxx even when not in pain. **3 N, 1 SPC, 1 W (3<sup>rd</sup>), 3 B (2 at LWLB)**. At the Korean restaurant near home by 12:10 AM. Felt very sad. Came home to discover all the suspicious visits to my website.

It thus looks like this: now that the control center has programmed me to put enough xxxxx content and suicidal thoughts on my blog to confirm Kxxxxxxx's and Axxxxxxx's 2013 accusations against me (which are probably erased from records, so that now these are just my schizophrenic delusions), Axxxxxxx can this time complain about my website with righteousness. She or her relative has found the same old "Ying and Yang, Part I" again, around 7:30 PM, and then even someone in the Linux User Group was notified and was researching my website, from 8:21 to 9:30 PM, in the end confirming that this website indeed belongs to that schizophrenic who has shown up in LUG before. The LUG people might have reported my website to the police again tonight. Presumably, this time around if Axxxxxxx chooses to file a TRO against me for my website or sue me or whatever, it will pass. But she presumably will say that she comes to know the LUG people not since October last year, but some time this year, from other people's reports about my crazy blog, etc. I don't know, I'm just guessing. Kxxxxxxx will probably not appear, and, if she does, only in the end, surprised that this old schizophrenic friend of hers has suddenly gone nuts saying on his blog that she has, since last year, secretly met up with this "Axxxxxxx" whom she doesn't know and led a team to go after his website and to persuade the police to secretly hospitalize him early this year. "Oh, Lawrence, you are very sick, how did you imagine up my doing all these things? I have never noticed your blog, etc. I don't know who this 'Karin' is, and who this 'Axxxxxxx' is, until lately when I was notified that you kept inventing imaginary scenarios about these women on your blog, including me. Oh, Lawrence, you need help..."

Axxxxxxx will now have greater success because, this time, the LUG people, Aamoy, Dr R (whose Hawaii friend visited on 6 July), and many others can all complain about my writing delusional content about them on this blog.

In any case, I see troubles coming, as predicted. Something like this, though not exactly like this. Unless everybody suddenly refrains from carrying out the actions, so that I can look delusional here. Then they can just say, these visits didn't come from Axxxxxxx, etc., and I'm having another bout of schizophrenic paranoia again.

It's also quite likely that the visits were simply staged to look like visits coming from Axxxxxxx's family and the LUG members, all so that I would be deceived into piecing them together into the above wrong scenario, so that I would end up looking delusional, which could also discredit my past reconstruction of the women gang's exploit on me (September and October last year). As always, I'm required to look delusional.

Note: looking at the description of Asperger's Syndrome, <http://www.webmd.com/brain/autism/mental-health-aspergers-syndrome>, I seem indeed to have been programmed to develop this disorder. I have also been having problem with bodily coordination, etc.

*(As you can see, after I wrote up the above on this diary, I posted it on my blog, which became the blog post you see for 25 July. I was completely wrong about the meaning of today's visits.)*

Now the Secret Society women's operation on my website for today. 4:14 AM,

It seems that Homeland Security CO chief had finally instructed the Secret Society women and their volunteers to post this problematic blog post on the Russian diplomatic mission's secret Facebook group for me. The reporting to the Russian diplomatic mission had started!

This is certainly one of the LUG buddies. The reporting had started. This is probably how it worked. We have seen how all these volunteers had been, in the past few days, offering testimonies about my latest victimization of Russia's First Daughter and her family members to the Russian diplomatic mission, and how one volunteer had even, this morning, posted the evidence on the Russian diplomatic mission's secret Facebook group devoted to this schizophrenic stalker of Russia's First Family. Because the US-Russia anti-terrorism cooperation agreement was still in effect, and because Homeland Security was still a legitimate member of the US intelligence community, Russian law enforcement – even though the NCTC authority in the US had already made it clear that he wanted to hear no more about Homeland Security's warning about this schizophrenic terrorist stalker – still had the right to oblige US law enforcement (in this case, the TMU) to work on this case as long as new evidence and new circumstances had emerged. While the new evidence was my latest blog post about Ekaterina and her sister Maria, the new circumstance was the fact that, just now, many people in the Netherlands were

Kxxxxxxx's Vengeance, 17  
Lawrence C. Chin

“stalking” Ekaterina’s sister and her husband demanding that they leave the country – this is how Homeland Security CO chief and the Russian diplomatic mission were capitalizing on the affair of Malaysian Flight 17.

The Russian diplomatic mission’s plan was therefore to pass on the case to a Russian law enforcement entity (in this case, either the FSB or another division in the Ministry of Internal Affairs (MVD)) which would then contact their counterpart in the US to request cooperation – the joint cooperation on this schizophrenic terrorist stalker can then be intercepted into the ICJ as evidence to lock up the previous ICJ trial. Thus – now it’s 7:21 AM in Moscow – as soon as the relevant Russian law enforcement officer came into his office this morning, he took up the case passed on by the Russian diplomatic mission, looked at the Homeland Security warning about me and all the evidence of my latest “obsession” with Ekaterina and her sister, and contacted the Secret Society women to request their “expert testimonies” about me. Both the Russian diplomatic mission and this relevant Russian law enforcement entity would then file a stalking claim on behalf of Russia’s First Daughter Ekaterina with the TMU: “We must take this stalking case very seriously: just as the older daughter of the First Family is being stalked in the Netherlands, the younger daughter is being stalked by this schizophrenic on your Homeland Security’s watchlist in your country.” ANG, the most important witness listed on the Homeland Security warning, thus explained to the Russian officer that I was in the habit of terrorizing women by developing delusions about them and showcasing these delusions on my website and asked Aamoy and his Linux User Group buddies to report on her behalf.<sup>2</sup> This LUG buddy therefore came to my website to report to the Russian officer what crazy things he saw here. 8:24 PM, the LUG buddy came to the front page of my website:

He had by now spent more than an hour reporting on my website!

Was this part of the reporting too? (That I was supposedly also fond of scanning images from books and putting them on my website in order to pretend to be an intellectual.) Then, 9:53 PM, after another break of 30 minutes – during which the discussion about me must have continued – the LUG buddy continued:

Again, ANG was explaining to the Russian officer how terrifying my obsession was and how dangerous I was to the object of my obsession. Ekaterina was in grave danger! (Even though nobody knew where she was.) Then the LUG buddy came back to the front page:

```

```

Was this part of the reporting too? That I was also a computer-hacker? (The Hack BB forum.)

9:57 PM, the LUG buddy then came to the external links page:

```
149.142.223.115 - - [24/Jul/2014:22:57:49 -0600] "GET /links.html HTTP/1.1" 200 19311 "-" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_9_4) AppleWebKit/537.77.4 (KHTML, like Gecko) Version/7.0.5 Safari/537.77.4"

```

The LUG buddy had by now spent more than an hour and a half reporting on ANG's behalf!

10:15 PM, lightspeed.irvnca.sbcglobal.net, Montebello, California,

```
71.156.34.251 - - [24/Jul/2014:23:15:53 -0600] "GET /blogs/tag/gang-stalking/ HTTP/1.1" 200 101580 "https://www.google.com/" "Mozilla/5.0 (Linux; Android 4.4.2; XT1031 Build/KXB20.9-1.10-1.18-1.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/30.0.1599.92 Mobile Safari/537.36"
```

After ANG, it was now SDW's turn. SDW also emphasized to the Russian officer that the "stalker" had been terrorizing her as well with his blog (becoming obsessed with her and expressing delusions about her on his blog). (SDW seems to have just called upon this volunteer on the early morning of 18 July, 2:37 AM.) It was probably soon afterwards that the Russian officer hanged up with the Secret Society women – the reporting had lasted two hours!

This is part of the commotion. The Secret Society women would send the Russian officer a further note: "The suspect has been terrorizing all of them together as well as Ekaterina – with his delusion about their going after him" (which somehow had something to do with computer-hacking). It's certain that they would have also mentioned my supposed harassment and slandering of other famous women such as Shizuka and other private citizens such as the philanthropist Gaurav and his friend Angelo.

## 25 July (Friday)

*First, a note about myself.* Slept between 7 AM and 2 PM. Good sleep. Tom N Toms. Decided not to attend the German meetup tonight: the South Bay group was no good. Stories. Got an email from Wes. Replied: is deception victimization in the case of Americans? Wrote. (Quoted Tocqueville.) The Italian girl and her boyfriend, Descartes, *Passions of the Soul*. Though no pain, will collect the same amount of damages anyway for a test. Union ST: **12 N**. Then, PSDN. My laptop couldn't emit audio again, proving that the removal of any virus didn't fix the problem. Still needed to buy a radio. Fear, but no pain. **2 W (SCHWR, 2<sup>nd</sup>), 3 H (ZR), 2 B (LKCHRCH)**. Done by 1:30 AM. On the metro going home, staring at one pretty AWF and her boyfriend while looking retarded and listening to Ellie Goulding continually. Producing evidence of harassing every female who comes into view. (*My wrong scenario.*) Nervousness all day, but not painful day.

*(Evidently, Wes only wrote me today (8:39 AM) because Homeland Security CO chief had instructed him to write me. And this, because he had already seen the predictions of the computer in the control center as to what I would say if I should have a chance to write to Wes. Namely, all that garbage about Kxxxxxxx which I had already repeated on my blog. Thus, as soon as Wes had received my reply (around 5:30 PM), Homeland Security CO chief would instruct him to forward it to law enforcement in both the US and Russia – the latest evidence that I had also developed delusions about Kxxxxxxx, who*

*was also listed as my "victim" on the Homeland Security warning. (Somehow Homeland Security CO chief needed the same evidence in my emails as well as on my blog.) In this way, the Russian law enforcement entity could have more evidence with which to request cooperation from the TMU.)*

The Secret Society women were probably asking this volunteer to compose more testimonies about my delusional mind to send to Russian law enforcement and the TMU. Earlier today, they must have also been asking their volunteers to send testimonies to the Russians saying that I also plagiarized and uttered hate speech against women on my website. By this time, the Russian law enforcement entity

Kxxxxxxx's Vengeance, 17  
Lawrence C. Chin  
Apr. 2019; Sept. & Nov. 2020; rev. Apr. 2023

must have already sent somebody to the TMU to request jointly opening a stalking case against me on behalf of Ekaterina and her sister. When the Russians presented Homeland Security's warning about me (which of course included Chaya's warning about me even though the TMU had already dismissed it), the TMU couldn't refuse by virtue of either the United States' treaties with the Russian Federation or the official, legitimate, function of the Department of Homeland Security in the international domain. Ekaterina was now officially my "stalking victim". All the reports which the Secret Society women and their volunteers had submitted about me today were thus relayed to the TMU. *The game was on again* – and there was now evidence in the ICJ to lock up the previous ICJ trial for the time being.

*First, a note about myself.* Woke up almost 2 PM. Came to the Korean salon near home to get a hair-cut. No space. Came to Stories, and hair-cut in the Mexican place. Stories, and was then going to the Russian church. Began reading about Russian rightwing parties. Never got to shave. Confession with Fr Martin. My first time. He shocked me by saying: a Christian should not participate in any government program to help criminals do bad things only in order to bust them in the end (sting op). The end does not justify the means. If the government says: but there is no way to bust these criminals unless we pretend to help them first? "Tough luck," he says. Felt increasingly uneasy about practicing Christian ethics when inside the church but then, after leaving, continuing to do things my own way – even though this is how most church goers are. Pondered about the cause of the disjunction. *The truth is that my way – reciprocity: being good to those who are good to me, and mean to those who are mean to me, loving those who love me, and hating those who hate me: Human Morality – is simply incompatible with the Christian way.* Christian Morality is not Human Morality, which is not Ape Morality (the way of Axxxxxxx's, Kxxxxxxx's, etc.). Afterward, WSTWD, and gave up looking for Annuka tonight. Wrote in Starbucks until 2 AM. Posted 18 – 21 April on my blog. And what was below (the blog post for 27 July, "Deception of Americans is not victimization"). (*As you can see in the blog post, I had no understanding of what the Secret Society women were doing at the moment: the blog post was just more evidence of my delusions about my "women victims".*) No pain all day until 2 AM. Collection: **1 H (SLMWRP)**. Near home: **1 W (MLLR)**.

Now the Secret Society women's operation on my website for today. 5:08 AM, Level 3

This is sign that, by this time, the TMU had already dismissed the Homeland Security warning as inaccurate, and, along with that, the Russian law enforcement's stalking claim on behalf of Ekaterina and her sister. (Perhaps thanks to the informants' (such as Shizuka's) backdoor informing on the women victims' fraud.) Thus, frustrated, SDW called upon her Erie relative to come brainstorm and look for new evidence again.

8:37 PM, the Oakland volunteer came again:

Were the Secret Society women – under Homeland Security CO chief's suggestion – also considering  
whether to report that the terrorist stalker had also become obsessed with the Myrakami girls? In order  
to enable Russian law enforcement to have a better case against me? (Recall that the Myrakami girls  
seem already to have been warned about me months ago.) But the search terms suggest that it's SDW  
who had asked this volunteer to do this search (to find evidence of my harassment of her).

## 27 July (Sunday)

*First, a note about myself.* Slept between 6:30 and 10 AM. 10:45 AM, going to church. Very late. Sat down next to... (I forgot her name). But she was soon gone when lining up for communion. Sat with Dmitrio, then with Elaine. Home, forwarded David's email to SDW, and replied David as well. (*I would certainly have enraged SDW today.*) Ate, and was soon going to Long Beach for the German language meetup. 6 PM. Meetup okay. Strange: all the German women were fat, and the only pretty girl was again American. A reversal of roles. (*My unwarranted paranoia.*) Then, Portfolio: staring at pretty AWFs again. Around 10 PM, I posted a new message on Prison Planet Forum describing the mind-control technology used on me. (*More evidence of my delusional mind for Homeland Security and their Russian friends.*) Left on 10:30 PM. Collected damages anyway even though there was no pain. **7 N, 1 B.** But couldn't W. Came back to downtown. Some noise attack on the train, but I used music to cover it up.

Now the Secret Society women's operation on my website for today. 4:55 AM, bbtec.net, Kusatsu, Japan,

This is certainly one of the LUG buddies – the same one seen on the night of 24 July. This is indication that, thanks to the vehement effort of Russian law enforcement, the TMU had agreed to consider my case again and that the Secret Society women were thus asking the same LUG buddy to report my crazy blog and website to them. 29 seconds later, he clicked on one of the summaries:

Perhaps he had clicked on the wrong link. He immediately clicked on my blog:

He could see the blog post about Ekaterina as well as the new blog post for today. 3 seconds later, he also clicked on “Feefee and Valerie”:

Was he reporting that I was also terrorizing Marie with my story about her? Almost 3 minutes later, on 9:47 AM, he came back to my blog:

10:07 PM, the LUG buddy came to the blog post series for November 2013. He had apparently spent 7 minutes reporting on my blog posts about the Secret Society women during October 2013.

Presumably he was now reporting how I had terrorized SDW with my blog. 4 minutes later, on 10:20 AM, those for May:

```
149.142.223.115 - - [27/Jul/2014:11:20:58 -0600] "GET /blogs/2014/05/ HTTP/1.1" 200 36645 "http://www.lawrencechin2011.com/blogs/2014/04/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_9_4) AppleWebKit/537.77.4 (KHTML, like Gecko) Version/7.0.5 Safari/537.77.4"
```

Almost three minutes later, those for June:

```
149.142.223.115 - - [27/Jul/2014:11:23:35 -0600] "GET /blogs/2014/06/ HTTP/1.1" 200 37974 "http://www.lawrencechin2011.com/blogs/2014/05/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_9_4) AppleWebKit/537.77.4 (KHTML, like Gecko) Version/7.0.5 Safari/537.77.4"
```

Another minute later, those for this month:

```
149.142.223.115 - - [27/Jul/2014:11:25:01 -0600] "GET /blogs/2014/07/ HTTP/1.1" 200 78196 "http://www.lawrencechin2011.com/blogs/2014/06/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_9_4) AppleWebKit/537.77.4 (KHTML, like Gecko) Version/7.0.5 Safari/537.77.4"
```

Then, almost 8 minutes later, on 10:32 AM, he searched for “goober” on my blog:

```
149.142.223.115 - - [27/Jul/2014:11:32:51 -0600] "GET /blogs/?s=goober&submit=Search HTTP/1.1" 200 4315 "http://www.lawrencechin2011.com/blogs/2014/07/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_9_4) AppleWebKit/537.77.4 (KHTML, like Gecko) Version/7.0.5 Safari/537.77.4"
```

No results. 5 seconds later, he searched for “peanut”:

```
149.142.223.115 - - [27/Jul/2014:11:32:56 -0600] "GET /blogs/?s=peanut&submit=Search HTTP/1.1" 200 4274 "http://www.lawrencechin2011.com/blogs/?s=goober&submit=Search" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_9_4) AppleWebKit/537.77.4 (KHTML, like Gecko) Version/7.0.5 Safari/537.77.4"
```

He had spent 48 minutes reporting. But why was he searching for “goober” and “peanut” on my blog? (There were no such words on it.) If you search for “goober peanut”, you get: “Most Southerners recognize the terms ‘goober’ and ‘goober pea’ as other names for peanut. ‘Goober’ originates among the Bantu languages and is akin to the word meaning ‘peanut’ in the Kongo and Kimbundu languages, *n-guba*....” On grammarist.com, it is said:

“Primarily, a goober is a peanut. The term goober as well as the term goober pea is Southern American slang for peanut. The plural forms are goobers and goober peas. A peanut is a legume, not a nut. It was first propagated in South America, then exported to Asia, Europe and Africa. The peanut proved very popular in Africa, and it was

Kxxxxxxx's Vengeance, 17

African slaves who brought the peanut to the southern United States. The term goober is derived from the Kongo word, *nguba*. The word goober is also used to mean a foolish person or a silly person. Often, the word goober is used in a fond manner, in the same way someone may be called a goofball. A famous American character is Goober Pyle, a character on the Andy Griffith television show which was first aired in the 1960s and is still available in reruns today. Goober Pyle was a man who was not educated or very intelligent, but was good-natured and helpful.”

If we recall that the TMU had already recruited the whole Linux User Group as informants inside the Secret Society women's organization, it was likely the case that the TMU detectives had instructed this LUG buddy to communicate a “secret message” to me. Except that I have never comprehended what “goober peanut” was supposed to refer to here. Since yesterday, when the Secret Society women began reporting to them in their capacity as “expert witnesses” on Ekaterina's stalker, somebody inside the CIA had probably raised doubt that, perhaps, I had orchestrated this stalking case in order to share with Ekaterina my thoughts about how to improve Russia's soft-power. (He might just be claiming so for convenience's sake without actually believing that I would really be doing so.) The way to get Ekaterina to read my blog was to become her stalker! Otherwise, why the coincidence? (I posted the first blog post about Russia's soft-power just hours before the women began talking to Russian law enforcement.) And so, while the TMU had instructed the LUG buddies to inform on the Secret Society women – the LUG buddies would testify behind the women's back that the women had instructed them to falsely report on my blog here – they also instructed them to communicate something to me by leaving words on my visitors' log in order to test my reaction (to see if I had indeed orchestrated this).

We assume this: because the TMU had once again rejected the case from Russian law enforcement, such was again unfavorable evidence in the ICJ. To compensate, the Russian diplomatic mission thus instructed the Secret Society women to post more evidence on their secret Facebook group for me. In this case, presumably the evidence that I did harass Kxxxxxxx by blogging about her. (Apparently, Kxxxxxxx had especially requested that she be explicitly included among the Russian diplomatic mission's set of evidences against me.)

## **28 July (Monday; break from pain)**

*First, a note about myself.* Slept between 6 AM and 2:30 PM. TNT, almost 4 PM. Called Detective Pinkus: not there until Wednesday. Called Irene: no answering. Called aunt Winnie. Uncle Henry answered the call, and he was very mean. Starbucks. Began thinking about the strategy to advertise Russian culture to Asian nations as an alternative to American culture. (*Homeland Security CO chief was programming me to do more of this.*) 7:30 PM, catechism class at the church. Then, on bus 33 going to National/ Venice. Talked to aunt Winnie on the phone. Irene will go to Hawaii next month. Was looking for Annukka's home for a long time, and found it on 10:05 PM. She was shocked, and said she was sleeping. Left, and ate burger. Then my laptop couldn't emit audio again, had to reboot it, but no pain, and collected damages in CLVRCTY: **1 W (JSE: used B, 2<sup>nd</sup>), 1 N, 2 B and 2 H (GDYG, 4<sup>th</sup> time).** Then, VRMNT, **2 N, 1 B.** Home. 2:50 AM, Windows Explorer crashed, and had to forcibly reboot it. Somewhat upset.

## 29 July (Tuesday; break from pain)

*First, a note about myself.* Slept between 6:30 AM and 3 PM. Coffee Bean, Burger King, and then began writing "The development of Russian soft power: pop-culture, 'prettiness', parental attitude, and Russian White Roses". (*My mission from Homeland Security CO chief.*) Starbucks, and Forum. Stephanie not there. Depressed, but no pain. Collected damages in INDNA, **11 N, 1 SPC. Near home, 2 B.** Decided to wash my clothes. 2:50 AM, laundromat. The computer froze up repeatedly, virtually not functioning at all, with Word, PDF, all breaking down. Annoyed, but no pain. Generally, just feeling depressed.

Now the Secret Society women's operation on my website for today. 4:16 AM,

He seemed to have spent 4 minutes looking over the blog post about Ekaterina and her sister. Then,  
7:52 PM, Kxxxxxxx instructed him to search for her name on my blog:

Kxxxxxxx must have been trying very hard to become “co-victim” with the prominent Russian daughter. After the effort in the past two days, today she continued to mobilize her buddies in the Linux User Group to collect evidence for another report to the TMU about how I had been obsessed with her on my blog.

This really looks like the Steinfurt volunteer from 28 July. If not, just another volunteer from Germany to join in on the commotion.

### **30 July (Wednesday; pain resumed)**

*First, a note about myself.* The most terrible feeling must be named. I felt the urgent need to seek an alternative to American society, and yet the only alternative was Russia. But, whenever physical pain occurred, I was reminded that “It’s all the Russians’ fault”, which made Russia into an unavailable option, thus causing me severe distress, in the sense that “the only way out” was blocked.

Slept between 7 AM and 1:30 PM. TNT, and called detective Pinkus. He angrily hanged up after telling me there was no report about me filed by Aamoy. Going to downtown. Then, going to Stories. My laptop couldn’t emit audio. Pain sensation. Then it could. Programmed to press the wrong key: the PDF document turned upside down. Came inside Chinese fast food, and the TV just happened to be broadcasting Inside Edition’s breaking news: the fake Putin’s daughter identified. This “Uma Blasini”

Kxxxxxxx's Vengeance, 17  
Lawrence C. Chin

had been mistaken for Ekaterina. Excited. Then it's time for the control center's strike (programming). My laptop couldn't emit audio again. Physical pain. The awful feeling "It's all the Russians' fault" again, causing severe distress. Stories. Many pretty AWFs. One in the patio section kept staring at me. Thought about this being EKT, even though I knew this was delusional. Then the ugly Hispanic man who was always here showed up, only listening to his portable device. (*It's the Secret Society women's agent here to watch over me: Morisio. It's now all the more important since I was once again a stalking suspect!*) The thought that he might be conducting surveillance on me caused me some physical pain. Required to W tonight? The pretty AWFs actually caused depression, for one's sex drive couldn't be externalized. 9 PM, left: going to Union ST. **5 N (2 public cars)**. Dined in Denny's. Then, **LACNGA: 2 W (PSYCH, 5<sup>th</sup>), 1 SPC, 1 H**. Near home: **2 B (SCHL)**. Home, and programmed to want to look up Heather Higginxxxxxx again. Discovered she got fatter, as if pregnant. Disappointed.

*(Two things. (1) It's Homeland Security CO chief who had controlled me to walk into the Chinese fast food place just in time because he wanted me to see the news about Uma. As shall be seen, he wanted me to appear to be obsessing over Ekaterina while under surveillance and to expand on my blog post about her so that her stalking case against me could gain strength. For this I would have to be motivated by the latest gossip about her. (2) The Secret Society women were probably live-streaming their agent's surveillance on me in Stories on their Secret Facebook Group so that Ekaterina could have a good look at her "stalker"! (Ekaterina was most likely still in South Korea at this moment.))*

Now the Secret Society women's operation on my website for today. 4:30 AM, ertelecom.ru, St Petersburg, Russia,

### **31 July (Thursday; "Russian soft power")**

*First, a note about myself.* Slept between 7 AM and 1 PM. TNT, then Stories. Met a British girl who was researching for algorithms enabling search engines to search through encrypted documents without decryption. (Sarah.) The same Hispanic guy also showed up to watch over me. (*Morisio.*) Searched more on Blasini while he was watching me. (*This was part of the reason why Homeland Security CO chief wanted me to see the news about her! Now Ekaterina, seeing me obsessing over the news story about her, could report to the TMU (via the Russian diplomatic mission and law enforcement) that I was terribly obsessed with her.*) I was convinced that I was now being investigated by Homeland Security for harboring delusional beliefs about being implicated in the Syrian nuclear terrorism scandal, something which no longer existed in official records. (*My wrong scenario, even though Homeland Security had never stopped working on me.*) I left Stories on 9 PM.

I took a picture of the Secret Society women's supposed agent today  
(Later I would find out that his name was Morisio.)

Starbucks, WSTWD. Posted "Russian soft power" on my blog (!). (*Homeland Security CO chief had programmed this in order to strengthen his claim that I had a dangerous obsession about Russia (in accordance with his warning about me).*) I left around 1 AM to collect damages. **WSTWD, 1 B (PSYCH), 2 W (MARIE, 2<sup>nd</sup>)**. Done by 2 AM. Vermont/ SM: **6 N, 1 B**. Home by 4 AM. From 5 AM onward, I began expanding my blog post about Ekaterina and her sister adding in what I had just learned about the confusion of Uma with Ekaterina. (*Such was Homeland Security CO chief's purpose: it would strengthen Ekaterina's claim that I was obsessed with her and stalking her.*)

Now the Secret Society women's operation on my website for today. 4:23 AM, sd.sd.cox.net, San Diego, California,
