The Secret History of the International Court of Justice

<u>**KXXXXXXX'S VENGEANCE**</u>

<u>**18**</u>

<u>**RESUME**</u>

The following reconstructs Homeland Security CO chief's and the Secret Society women's operation against me from 1 to 21 August, 2014. This is a revision, in April and May 2023, of the original "K's Vengeance – 18", originally composed from April to July, 2019.

The Secret Society women refer to (as of July 2014): Axxxxxxx (Angelina, G), Karin (K), Kxxxxxxx (J), Dr P (Pxxxxxxxx), and SDW (Mxxxx, M). Then many of their associates such as Carolyn and Peter, Dr R and her crowd, my family members, and, most importantly, Aamoy and his Linux User Group buddies. The TMU continues to refer to the "Threat Management Unit" in LAPD.

Now a summary of the Secret Society women's operations this month. On the morning of 1 August, just after I had finished posting my analysis of Ekaterina's pictures, Homeland Security CO chief instructed the Secret Society women and their volunteers to report my latest harassment of Ekaterina to the TMU. (The women again sent in the LUG buddies, it seems.) Homeland Security CO chief also instructed volunteers to report to the TMU that I had developed a particular obsession with Russia given my latest blog post about how to increase Russia's soft-power. But the TMU still refused to accept Ekaterina's stalking case. Thus, late night, Homeland Security CO chief instructed the Secret Society women to send in the investigators to catch me doing the nxxxx. On 2 August, the Secret Society women were working with my family (most likely Uncle Chad) and asked the Huntington Beach volunteer to report to the TMU saying that I had also violated my family's privacy on my website and that my family also requested that the Homeland Security warning about me be accepted. Then, when the TMU still refused, SDW called upon her Erie relative again to come do her routine check on the latest evidence on my blog. Then, around 9 PM, a LUG buddy also prepared a report about my July Diary to the TMU (evidence of how my severe insanity had prompted me to engage in perpetual vxxxxxxxx spree). Then, the Secret Society women's volunteers (especially the Tracy volunteer) also prepared more reports about my violation of intellectual property rights on my website (especially with all my Yijing pictures).

On 3 August, the Secret Society women continued to mobilize their volunteers to report me for plagiarism, but the TMU continued to reject the Homeland Security warning. Jennifer D also participated in today's discussion or reporting, and more volunteers came to check out my harassment of Ekaterina's sister's husband (keeping his pictures on my website). (There was also one volunteer to check out Uma's picture.) Then, around 9 PM, SDW called upon her Erie relative to come check out my blog and discover my latest blog post, "Kxxxxxxx's vengeance, III". More evidence with which to pester the TMU tomorrow. (SDW was out 5 – 6 PM today.) On 4 August, the Secret Society women were truly impatient: why wouldn't the TMU accept the Homeland Security warning about me? Clearly, Ekaterina's stalking claim was going nowhere. They spent the whole day telling their volunteers (especially the University of Pittsburgh and Baltimore volunteer) how, despite my obsession with, and harassment of, Ekaterina and Shizuka, and despite all the crazy and violent contents on my website, the police just wouldn't budge. SDW was also telling others about how she was fed up with my continual obsession with and harassment of her (never ceasing to talk about her on my blog). On 5 August, frustrated with TMU's refusal, the Secret Society women continued to explain the "problem" to their volunteers from around the world: "He's so crazy and says all this crazy stuff about other people on his website and yet the police just wouldn't accept the Homeland Security warning about him and reopen the stalking case on him." SDW had especially continued to complain to people: "He's obsessed with me and writes all this crazy stuff about me on his blog in order to harass me." Her Erie relative came again today to my blog, and a fellow TI of hers from San Diego also came after 1 AM. On 6 August, while the Secret Society women continued to explain the crisis situation to various volunteers – they seem to have called upon the LUG buddies again almost 6 PM, and Kxxxxxxx seemed to be talking to Angel around 10 PM – they also mobilized other volunteers to brainstorm how to convince the TMU that I had plagiarized – take special notice of the Lilburn volunteer after 2 AM.

On 7 August, ANG seemed to be asking volunteers around how to (falsely) report me for painting her naked (how to convince the TMU that the goddesses in my paintings were actually her). The Secret Society women also continued to mobilize volunteers to brainstorm how to convince the TMU that I did plagiarize. They might also have contacted Ms Sandberg again. Around 6 PM, I left an insulting message on SDW's blog. She was furious and, two hours later, her Erie relative came to check on my blog again. On the early morning of 8 August, I finished "Syrian scandal" (Third Run Outline) and posted it on my website. The Secret Society women then spent another day explaining the "problem" to their volunteers (how I blogged out my delusions about them, painted Axxxxxxx nude, were completely insane believing I was chipped in the brain, harassed famous women like Ekaterina and Shizuka, and plagiarized – and yet how the police just wouldn't accept the Homeland Security warning about me) and brainstorming with them. Meanwhile, SDW was also explaining

the "problem" to three of her TI friends (how I blogged out my delusions about her and even about other TI leaders) and inviting them to check out my website. (She must have angrily told them about my message on her blog from yesterday.)

On 9 August, the Secret Society women continued to mobilize their volunteers to brainstorm. First, SDW's Erie relative in early afternoon, and then, at night, a LUG buddy (possibly) discovered my new blog post about SDW ("What SDW could do about my blog") and my new chapter "Syrian scandal" reconstructing (with a lot of errors) what had happened in August, September, and October last year. The gang had now more evidence to show to the TMU tomorrow to convince them that Homeland Security was right about me. Then, past 2 AM, a volunteer in the Netherlands was instructed to post "The Cheney Plan" on the Russian diplomatic mission's secret Facebook group for me. On the morning of 10 August, the Secret Society women thus pestered the TMU with their new evidence but the latter still refused to reopen the stalking case on me. In response, around noon, a German volunteer wanted to leave me a message on my blog in an attempt to befriend me. Then, 3 PM, an associate of Gaurav's came to check out "Feefee and Valerie". Was Marie talking to the Secret Society women today? SDW's TI friend the Houston volunteer also came again. On 11 August, the Secret Society women continued to pester the TMU. Around 11 AM, the Covington volunteer discovered my latest blog post about SDW ("The mystery of SDW's targeting at last solved") and immediately submitted it to the TMU. To convince the TMU that Homeland Security's assessment of me as a plagiarizer was correct, the Secret Society women had even recruited another volunteer from the California Department of Corrections. Around 5 PM, after the TMU had nevertheless refused to accept the Homeland Security warning, SDW herself examined the new blog post. She was absolutely infuriated and would spend the whole night talking to her TI friends (especially the Miami and the Grandview volunteer) about the problem.

On 12 August, the Secret Society women continued to brainstorm for solutions with their volunteers. SDW, furious, continued to invite more volunteers to check out my latest "harassment" of her. Around 9 PM, the TMU instructed the LUG buddies to leak to me what bad things SDW had said about me to the volunteers since last night as a way to test me. On 13 August, the Secret Society women continued to show the "problem" to their volunteers (how I had harassed Shizuka, Ekaterina's sister's husband, and Khalezov and how the police just wouldn't reopen the stalking case on me) and mobilize them to brainstorm how to report me for plagiarism. (A German/ Romanian volunteer also examined my external links to some famous women.) Today, the TMU might have informed the Russian diplomatic service that they were definitively dismissing Ekaterina's stalking claim against me entirely. On 14 August, the Secret Society women continued to invite volunteers to look at my website and brainstorm how to persuade the TMU to reconsider the Homeland Security

warning about me. SDW's Erie relative came to check out my latest blog post about her little girl. SDW's Miami TI friend also came to brainstorm. So did her Palm Bay friend. Later tonight, I posted on my blog my third commentary on how Russia could increase its soft-power ("Joseph Nye's ideas"). More evidence of my attempt to share my ideas with Ekaterina!

On 15 August, the Secret Society women continued to cry about the "problem" to their volunteers. Kxxxxxxxx told an Ohio volunteer how I had harassed her, Karin was explaining the problem to a volunteer from Troy, Michigan, and both the Miami volunteer and SDW's Erie relative came to check out the situation for SDW's sake. Then, after midnight, the Secret Society women asked my step-mother to make a complaint to the TMU about how I was also harassing my aunt Jennifer with my website. They hoped to revive Ekaterina's stalking claim against me in this way. On 16 August, the Secret Society women continued to brainstorm with their volunteers: Kxxxxxxx, SDW, and Axxxxxxx were all telling their volunteers how I had harassed them by talking about them on my website and yet how the police just wouldn't reopen the stalking case. One Los Angeles volunteer thoroughly examined my supposed delusions about my "women victims'" going after me as exhibited on my website (including "Timeline-9"). Then, other volunteers discovered my new blog post about Dr Bxxxxxxxxx. It seems that the Secret Society women then tried to contact Dr Bxxxxxxxxx to inform her that a "txxxxxxxx stalker" had begun targeting her (after passing onto her the Homeland Security warning about me). Since the TMU didn't respond to my step-mother's new complaint, they hoped that Dr Bxxxxxxxxx might help to revive Ekaterina's stalking case. On 17 August, with Dr Bxxxxxxxxx sent to the TMU, the Secret Society women continued to call upon their volunteers to report. (Especially about my supposed plagiarism.) The Lilburn volunteer also came again. Then, after the TMU had rejected the case once more, more "crucial evidence" was also posted on the Russian diplomatic mission's secret Facebook group for me. That night, Homeland Security CO chief wanted me to collect at Dr G's, so that the next day he could send Dr G to go argue with the TMU instead.

On 18 August, the Secret Society women continued to summon their volunteers to report. Especially about my supposed plagiarism. Note the two particular volunteers they had summoned today: one a military personnel and the other the North Korea volunteer from 26 November last year. But the TMU rejected Dr G's case once again. On 19 August, two volunteers were reporting on my bizarre delusions about Russia and Ekaterina. Then, Gaurav's friend seems to have reported on my delusions about him. From 3:30 PM onward, SDW called on 5 volunteers (including my cousin Nelson) to report how I wrote out my delusions about her on my blog to harass her. There were also two volunteers from PEMEX and the Mexican government's energy department to report on my violation of intellectual property rights. Plus a new claim about my violation of Dr Bxxxxxxxxx's intellectual property rights. Nevertheless, the

TMU definitively rejected Dr G's case. Seeing that the complaints from my step-mother, Dr Bxxxxxxxxx, and Dr G had all failed to move the TMU, Homeland Security CO chief hurt me severely tonight in order to encourage me to commit more xxxxxx. On 20 August, the Secret Society women continued to brainstorm with their volunteers. It appears that, today, they were trying to persuade both my aunt Jennifer and Dr Bxxxxxxxxx to refile their complaints against me at the TMU. They also seem to have instructed DeDe to try to set me up with somebody. Meanwhile, Homeland Security CO chief continued to motivate me with increased pain to commit more vandalism xxxxxx than usual. (He also wanted me to write a big letter to Prof. W.) Finally, on 21 August, the Secret Society women continued to brainstorm with their volunteers. They asked my step-mother to consider again whether she could get the TMU to accept her complaint on behalf of my aunt Jennifer. They also seem to have shown Dr Bxxxxxxxxx my Table of Contents in order to explain the problem to her. Then, late at night, one of the LUG buddies also came to check on my blog. During my collection tonight, Homeland Security seems also to have planted an agent in a car to catch me (in order to get me arrested).

As can be seen, although Ekaterina's stalking claim against me at first quite excited the Secret Society women, pretty soon they were disappointed because it was the same story again: the TMU continued to disregard the Homeland Security warning about me and ignore the "victims'" complaint as well as my vxxxxxxxx spree – only to dismiss the stalking claim as frivolous in the end. This, so that Mr Homeland Security CO chief could never obtain the evidences he needed to beat the CIA in the International Court of Justice. As for my torture: Homeland Security CO chief was generally speaking much more sparing this month in inflicting pain on me – both intensity wise and frequency wise – as long as I continued to be a "good boy" in committing xxxxxx perpetually. This, until 19 August, when he resumed hurting me gravely in a desperate attempt to help his case.

Now my diary entries, my commentary on them (inside brackets and italicized), and the log of the Secret Society women's operation as reconstructed from their visits to my website.

1 August (Friday; some pain)

First, a note about myself. Slept until almost 4 PM. TNT. Then, going to Little Tokyo. Dutch girls on the Metro? Kinokuniya Bookstore. Fashion magazines. Looked at: FIZZ, 创刊第二号; In CELEB, with Olivia Palermo; SPUR. (*I was doing research for my writings on how to increase Russia's soft-power!*) Then at the market downstairs. Bought ear picker, etc. The security guard was following me. Realized that it is Homeland Security CO chief who had ostracized me from society. Some anger. No pain. At Stories, 6:30 PM. The Hispanic "surveillance agent" already there. (*Morisio.*) Again, my laptop could not emit sounds. Rebooted it. Still couldn't emit audio. Physical pain started. Rebooted it again. It now emitted audio, but

my earphones were broken, only one ear had audio. Physical pain. Panicking. Punished for expressing intelligent opinions last night, it seems. Matching the recording being reviewed, it seems. Required to spend my precious money on another pair of earphones. Mood severely dampened by the thought that I will never have money to do anything. Required to commit xxxxxx, especially against xxxxxxxx. Then discovered that I had reviewed the wrong recording, 27/09/09 instead of 27/07/09. Then I worked peacefully in Stories until closing. Ate pizza, bought new earphones, etc., in the market, and was getting nervous. Wanted to collect damages in East LA, but, while on the bus, was again programmed to ride past my destination because I was concentrating on SDW's relative's visits in April. Some anger, pain sensation. But decided to collect damages on the spot. Strangely, discovered a new Déjà Vu Show Girl club which had just opened today in the neighborhood. Wondering if there was ever any significance in this**.** (*Not.*) **8 N.** A Hispanic guy followed me in his car saying he saw me placing nails on the road. He was protecting the community from me, ha! Extremely suspicious, since it was so dark that nobody could possibly see anything. Not sure if it's orchestrated. (*This could be Homeland Security CO chief's agent.*) **1 H** at David's. Walked a long distance back to downtown**. 1 W, 5 B, 2 SPC.** While in downtown, I was stopped by a purple shirt security who wanted to arrest me for breaking a bottle but who then threw me out of view. Not that upset. For the whole night I was wondering if last night's "Russian soft power" could prove the point even to the American side that xxxxxxxx are worthless trash. (They have carefully disguised this fact by joining Homeland Security and making themselves the protectors of American society from Asian nerd criminals. Like this!) (*My stupid racist attitude at the time.*) The desire to collect more damages from xxxxxxxx.

Home, 3:30 AM, only to discover that Samsung, for strange reason, had run out of battery. Wondered if Homeland Security had searched it, but the event log did not record any intrusion by someone else. And it showed that I had successfully turned it off this afternoon. Thus, unless Homeland Security CO chief had sent agents to search it, erase the search from logs, but never charge it while searching it – there must be something strange about the battery.

(*We must assume that it's because the TMU continued to refuse to accept the stalking claim from the Russian diplomatic mission and law enforcement that Homeland Security CO chief had instructed ANG and her sisters to send in the investigators to catch me doing nxxxx tonight: more evidence to submit to the TMU tomorrow to support the Homeland Security warning about me. But did Homeland Security – for this purpose also – send in agents to search my Samsung netbook today?*)

Now the Secret Society women's operation on my website for today. 4:47 AM, fbx.proxad.net, Rosny-sous-Bois, France,

I had just finished posting my latest analysis of Ekaterina's pictures on my blog. She was the first volunteer to see it! In fact, I was at this very moment still revising it. It would appear that she was discussing with SDW my harassment of her only to discover that I had posted something new about Ekaterina.

One of the LUG buddies? He was the first volunteer to see my latest analysis of Ekaterina's
pictures in its entirety. Merely one hour after I had finished it! It's most likely Homeland
Security CO chief who had instructed him to look it up. Homeland Security CO chief must be
now directing the Secret Society women and the LUG buddies to report this to the TMU on
Ekaterina's behalf: the stalker continued to be obsessed with the prominent Russian daughter!

This in fact seems to be Uncle Chad. Or the same person seen on 29 November. Just checking my website while discussing Ekaterina's stalking case with the Secret Society women. It seems that the Secret Society women were asking him for permission to file another complaint to the TMU about my stalking and harassment of my grandfather. More on this later.

8:16 PM, while at Stories, I posted the entire diary for July on my blog ("Diary of Targeting, July 2014, in entirety").

2 August (Saturday)

First, a note about myself. Slept until 3 PM. The sleep was okay. 4 PM, TNT, and booted up my laptop. Didn't emit audio. Rebooted it. Can't reboot. Rebooted it again. Took a long time. Some pain. Now it emitted audio. Decided to update OS to Windows 8.1, perhaps the only way to fix the audio problem. 5:45 PM, Metro. Water dripped from the ceiling onto my laptop's keyboard. Anger. Some pain. Required to commit xxxxxx.

At the Russian church, met Lion and Megan for the second time. Chatted with them. Home Depot. N. Starbucks, WSTWD. Wrote until 1 AM, posted "Outline of 'Kxxxxxxx's vengeance', Part III". Angered over such secret pranks against me. Ran into a girl who worked at the Beverly Hills police dispatch. She said: the system is being updated today. (*I erroneously believed it was a metaphor from the control center!*) Collected damages. **2 W (FRNTUR: 2nd), 4 B (PSYCH also), 2 SPC, 2 H (PLTS).** On bus 4 coming home. Depressed, realized: right now, SDW is complaining about me to the police, and the police will ignore her. The police have already erased Chaya's complaint in late May as ridiculous. This is equivalent to the erasure of the FBI document about me in late 2010 as a txxxxxxxx suspect. My conspirators will use the police's ignoring SDW's current complaint as new evidence to replace the evidence for SDW's frenzy with the police about me back in April and May. This will cause the police records of SDW's complaints about me in April and May to disappear also, so that, by the end of the process, my entire current story – from K's/ A's case against me (September/ October 2013, and January 2014) to the Syrian scandal to SDW's complaints about me in April and May – will have all disappeared, along with the previous ICJ trial. My entire Secret History will be my delusion only. As I continue to commit xxxxxx for life and believe in the existence of the Secret History, I will thus fit Mr B's profile about me as "violent" and "delusional" for life. In a way, my conspirators are exonerating me – because there will be no bad records about me existing anywhere whatsoever – but they are in fact harming me, by depriving my entire past eight years of experience of all reality. And, certainly, nobody who has gone through the episode with me – Karin, Kxxxxxxx, Axxxxxxx, and SDW – will ever talk about it with anyone. (*All the wrong scenarios to help make myself look crazy!*)

Then I collected a little more damages: VRMNT/SM**: 4 N (2 Asians). 1 B.** At the Korean restaurant near home by 4:10 AM.

Now the Secret Society women's operation on my website for today. 4:21 AM,

It seems that the Secret Society women were concerned that, a week after Ekaterina had filed her stalking claim against me, the TMU still wouldn't accept the Homeland Security warning about me. The same story again! After speaking with Uncle Chad yesterday, the women got the assurance from him that he would help. Thus, they asked the Huntington Beach volunteer today to prepare a comprehensive complaint on behalf of my family, that I had violated their privacy by putting my grandfather's pictures on my website. Needless to say, the TMU still wouldn't accept the said Homeland Security warning.

The third volunteer to discover my latest blog post. Hours after the Secret Society women had
discovered it, they instructed the LUG buddy to fetch my July Diary. They were going to
examine it and report it to the TMU as evidence of my severe insanity and perpetual vxxxxxxxx
spree (that Homeland Security was right about me).

3 August (Sunday)

First, a note about myself. Spent all night updating Asus to Windows 8.1. Fell asleep around 8:30 AM. Woke up 11:30 AM, and ran to the church. It was already coffee time. Ran into Stephanie, and got her phone number for tomorrow. Then stayed with Dimitrios a little. Went home, ate at the Korean restaurant, and then began writing: "The steps toward establishing Russian soft power in Asian Pacific: some applications of Joseph Nye's ideas". This would eventually become my blog post for 15 August. (*I continued to perform my mission for Homeland Security CO chief.*)

Then, watched "Russian SAS". Napped between 5 and 6 PM. TNT, 7 PM. I checked my log and wrote, and then went to collect damages. SOTO, 10:30 PM: for some reason, a lot of people on the street and many cars. Extreme difficulty in N. **9 N** in the end. Left many behind. **1 SPC (minor).** On the Metro on 11:40 PM. The train was filled with people coming back from the festival. Arrived in SPSDN: **1 W, 2 B.** (Couldn't W at one place). Somebody saw me doing B. Came back to Union Station. **2 B at LWLB. 1 B near home (SCHL).**

Now the Secret Society women's operations on my website for today. 4:43 AM,

How my delusion about being mind-controlled had made me a danger to others. As can be seen, from today onward, the Secret Society women became increasingly shocked: the TMU was clearly not going to budge in any way whatever.

4:10 AM, I was editing my blog from home.

4 August (Monday)

First, a note about myself. Slept between 7 AM and 2:30 PM. TNT, wrote. Called Stephanie. Saw a super beautiful Korean woman who spoke Chinese. Emailed Prof W, and she told me she would be free on Wednesday. Stephanie picked me up and took me to the Serbian church in Alhambra. Archbishop Demetrios spoke. Stephanie took me back. SPOT, 10:30 PM. Wrote 15 –

18.10.2013. 1 AM, Internet connection was cut off at SPOT. Pain sensation. No time for collection tonight. Home. My IP address had changed to: 104.33.31.126. Around 3:30 AM, discovered that the recording from 14.03.2012 (K) was broken, and, searching for the right file, discovered that "sony-245" was never burned. The bad news turned out to be good news.

Now the Secret Society women's operation on my website today. 4:40 AM, rdsnet.ro, Timisoara, Romania,

At the same time, the University of Pittsburgh volunteer came to the front page of my website:

It seems that he was here merely clicking on the link which the Secret Society women had sent to him. He had indeed seen how crazy my website was, and the Secret Society women continued to complain to him: "And he harasses Shizuka by putting her pictures on his website without her consent, and the police just wouldn't agree that Homeland Security is right about him!" Then, almost a minute later, he came to my blog again:

19 seconds later, he clicked on my 25 July blog post:

Two minutes later, on 4:26 PM, he came to the very beginning of my blog:

Then he came to a dead link (how did he get here?):

150.212.5.164 - - [04/Aug/2014:17:26:20 -0600] "GET /blogs/2011/04/ HTTP/1.1" 404 5053 "-" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:31.0) Gecko/20100101 Firefox/31.0"

He had apparently spent 20 minutes reading through the blog post series under /russia/ in order to understand the "situation" (why these somehow didn't prove that the Homeland Security warning about me was correct).

5 August (Tuesday)

First, a note about myself. Watched, and burned onto DVD-402 immediately, "Flowers of War" (金陵十三釵), all the way until 9:30 AM. Slept until 3:30 PM. Going to storage. On Metro, copied and pasted "erie2.txt" into a new folder, but somehow the pasted document became "timelinepartIIIb.docx". Deleted it, and went back inside the original folder "timelinepartIIIb" to look for "erie2.txt" to do it again. But the text document disappeared. Frightened. Went to the recycle bin and discovered it there. Restored it and did the whole process again. The strangest sort of malfunctioning. No pain, but was somewhat frightened by the inconvenience, because the text document was backed up in Sky Drive and on DVD-402. Put my new DVDs into my storage unit. **1 N.**

Filmed the Japanese magazines at Kinokuniya. Stories, past 7 PM: no place to sit. But not angry. The UK mathematician girl there (Sarah). The "surveillance agent" there (*agent Morisio*). Soon seats opened up. Wrote. Not successfully, however. 9 PM, went to Starbucks, VRMNT, and stayed there until closing. Still unsuccessful with writing. 29/04/14 changed my view, and one was confused. Collection: **6 N, 1 H (SCRTGRDN), 3 B, 1 W (SNMGUL). Near home, 1 B (SCHL)**. Home by 4 AM.

Note that SDW would post a new post on her blog today ("Empowering the homeless").

6 August (targeting resumed)

First, a note about myself. Slept between 8 AM and 2:30 PM. TNT, and called prof W. She would not return my call today. (*Did the Homeland Security warning about me reach her yet?*) Thought about the "Patriarchy School". The idea amused me. On the bus going to Stories. Programmed to delete my own writing, "thirdrunoutline5", by pressing the wrong key. The deletion was impossible, and yet it happened. Not totally devastated because it was backed up on Sky Drive. Was then able to restore the document. Mood dampened. It seems that I was programmed to develop happy thoughts before being programmed to feel distressed. And always programmed to believe it's because I didn't commit enough xxxxxx last night. Required to commit xxxxxx. 5:30 PM, Stories. Claudia scolded me for wanting to see Sarah's article. Sony Voice Digital Editor froze up. Ended the task from Task Manager. Mood severely dampened. Wrote while in Stories, many pretty AWFs, but was feeling awfully inhibited. Required to commit xxxxxx. 8:40 PM, looked up the bus route to the art gallery in San Pedro (Elaine's art show). When I looked up the returning trip, the Internet connection was cut off. Didn't get upset because I could do it tomorrow. Left 9 PM; it was however too early to collect damages in WHLLYWD. In Casbah. Researched more on soft power. More pretty AWFs, but inhibition.

Left Casbah on 11 PM. Waited for the bus, only to discover that I had been programmed to forget my sweater. Went back and found it. Got on the next bus 4 which came immediately. Then discovered I had been programmed to lose the newly found earphones. Saddened over my programming to become mentally retarded. Required to commit xxxxxx. One was still bothered the whole day by people wearing earphones. Required to commit xxxxxx. In WHLLYWD, **2 W (GM, 2nd).** Came back to downtown LA (reading "soft power" while on the bus) wanting to collect from Mxxxxxxx. Gave up, for it was too late**. 1 B** at Casey's. Came back to the Korean restaurant on 2:15 AM.

Note that Karin had her meetup tonight.

Now the Secret Society women's operation on my website for today. 5:02 AM, I was editing my blog from home.

It seems that he was copying the chapter onto Word. He was most likely forging evidence of my plagiarism.

Was this a LUG buddy? Did the Secret Society women call upon the LUG buddies again after
the TMU had again expressed their desire to not reopen the stalking case on me? 50 seconds
later, he clicked on:

My latest blog post should have been sufficient to convince the TMU that the Homeland Security

7 August (Thursday; K's meetups)

First, a note about myself. I was writing about the Syrian scandal until 6 AM. Slept between 8:30
AM and 2 PM. Came to the Coffee Bean on Vermont and Wilshire. 3:20 PM, was looking up the
bus routes to the art gallery in San Pedro. Again, the Internet connection was cut off when I tried
to look up the returning route. Used Firefox instead. At first it worked, but then the connection
was cut off again. Physical pain, which would intensify in the next 15 minutes when I thought
about how I was required to suffer pain for this in order to compensate yesterday's inability to
suffer physical pain over not being allowed to know how to return from the gallery. Required to
commit xxxxxx. Perhaps being punished for not committing enough xxxxxx last night. Came to
the downtown Silver Line bus stop, and the bus driver refused to pick me up. Pain. Severe
physical pain lasted until 4:30 PM. On Silver Line going toward Harbor station, but then decided
not to go: there was probably no chance to get information out of Elaine anyway. The return trip
was too difficult. Now I was going to Stories. Wondered: perhaps the program was about not
meeting Elaine. Around 5:10 PM, I posted a message on the blog of a certain "Britta Jaccard"
(mind-control-torture.blogpost.com) and left there a link to my blog. Then, on 6:02 PM, I left a
short note on SDW's blog: "It's amazing that, after spending so much time complaining about
my blog, you still have time to watch videos and write posts." Worried: mother has ignored my

[3] Two candidates come to mind. First, she has an older brother Stephen Sheehxx (b. 0.09.1966) who lived in Atlanta,
Georgia, with his wife, Cynthia Edwards Sheehxx. (His latest address is in Cumming, Georgia.) His landline (770-
887-71xx) also belonged to AT&T. The second is Miriam Joan Este (b. 1944) who lived in Lilburn, Georgia, until
September 2018 when she passed away. It's not clear what her relationship to SDW was. The first is the more likely
one. However, a search for Stephen Sheehxx's email addresses on dehashed.com has turned up these: (1) The
Experian leak (16.09.2015) lists his IP address (as well as that of his wife and another Jaspe Sheehxx) as
202.72.109.4 which today belongs to Intelsat Global. (2) The Acxiom 2020 leak lists his IP addresses as
76.97.217.159, which belongs to Comcast (hsd1.ga.comcast.net), and 69.180.23.49, which is the same

calls asking her for money. I worked on the Syrian scandal all night until closing. Called prof W. She still didn't return my call. (*We increasingly suspect that, by now, Homeland Security had already warned her that, because of my schizophrenia, I suffered from this delusion about being chipped in the brain.*) Stephanie called, saying she was at the art show. Worried that SDW/ DHS had sent agents to alert Prof W. (*Right.*) Left Stories on 9 PM, after many words with Lilian. Kentucky Fried Chickens. Saw Lilian again by the bus stop. Waited for the bus for a long time. Needed to use the restroom. Finally the bus came. Going to INDNA to collect damages. **11 N**, kids saw me, some Ns left behind. **1 B and 1 H** at LWLB. Came to 7th Street by 1:30 AM. Waited for bus 20 for a long time. No more energy for W. On the bus, and then got off at MacArthur Park, decided to do W anyway. **2 W.** Home by 3:30 AM. Around 5 AM, I finished "Third Run Outline" and posted on my blog: "The Syrian nuclear terrorism scandal: outlines..." (*More evidence for Homeland Security and their Russian friends of my delusional mind.*)

The Secret Society women were now telling *this* volunteer about the stalker's "delusions" about being chipped in the brain.

4:10 AM, the Krusevac volunteer looked up another image:

The Secret Society women were explaining the "problem" to this new volunteer: "The stalker has this insane blog where he writes about his delusions about there being chips planted inside his brain and yet the police refuse to believe that he suffers from schizophrenia!"

The Secret Society women were explaining the "situation" to this volunteer: "The stalker has this website… but the police refuse to reopen the stalking case on him..." He came to take a look.

Note that, around this time, SDW should have seen my insulting message to her on her blog. 8 August (Friday, Annukka)

First, a note about myself. Slept between 8 AM and 12 PM. Sleep deprivation! Coffee Bean, Normandie. Mother still had not deposited money. Worried about the program's requirement.

Angered. Came to Santa Monica. 3:30 PM, passed by Premier Center. Annukka was not there. Library: checked out Joseph Nye's *Soft Power*. Checked the Facebook pages of Aysha and Cindy. Noticed that Aamoy's Facebook entries seemed to be signals to me. (*Was it really so?*) Came to Annukka's home. Her boyfriend said she was with a client. Waited in a nearby Starbucks. Discovered an email from Violetta. Wondered if she could have been recruited by SDW. (*No. At least not yet.*) Came to Annukka's and chatted with her (from 1:25:00 onward). She had not seen Kxxxxxxx, Valentine, and Carolyn lately, and she emphasized that Carolyn was not friends with Kxxxxxxx anymore. She would not give out any more clues. Her guard dogs, boyfriend… these were signs that Kxxxxxxx had slandered me to her. (*That might very well be the case, but it's really the Homeland Security warning about me which had prompted Annukka to put up all these security measures for my sake.*) On the bus, people wearing earphones caused me pain, required to commit xxxxx. (*Was Homeland Security putting up surveillance on Russia's First Daughter's stalker (while the case was being debated)?*) Starbucks, WSTWD. Wrote. Then In-and-Out. Many pretty AWFs. Thoughts about a special couple (an Asian guy and a white girl). "USA is High School." Collected damages in WLA: couldn't W at the French interior design place. **1 W (THTR: 4ᵗʰ), 1 N, 3 H (SLMWRP, PLT (PD)), 3 B.** Many Ns left around. On bus 4 going home. 3 AM, Hispanic guy's feet caused me nervousness. Required to commit xxxxxx. More Hispanic males wearing earphones. Physical pain, required to commit xxxxxx. (*Homeland Security's surveillance?*) At Vermont/ SM, **8 N (all 1 N), 1 W (SNMGUL, 2ⁿᵈ, but they didn't care).** When I came home, I posted something new on my blog, what would become the blog post for 9 August, "What SDW could do about my blog..."

(*Here are the highlights from my conversation with Annukka today*: she last saw Kxxxxxxx on Christmas (1:35:00). More on the meeting with Kxxxxxxx on Christmas (1:37:00). Her last time in Florida was Thanksgiving. She just came back from Finland a week ago. The girl dog she got when her boyfriend moved in last spring, a year and a half ago. (*That must be when Kxxxxxxx first convinced Annukka that I was dangerous and that she needed to defend herself against me, namely, right after Axxxxxxx had failed her restraining order on me. (Presumably K had succeeded in doing so by showing Annukka the Homeland Security warning about me.) And so Annukka asked her boyfriend to move in.*) As for Bandit, about a year ago, last October. (*And so after Dr P had got Homeland Security to go after me as a terrorist, Kxxxxxxx convinced her again that I was so dangerous that more security measures were in order.*) More about the dogs on 1:43:00. When she got the first dog, it was just a poppy. She emphasized she didn't want any drama (1:43:00). (*She was specifically referring to Kxxxxxxx.*) She asked me if I was still friends with Kxxxxxxx (1:45:00). (*She was just playing dumb.*) Her schedule on 1:48:00. I left Annukka's house on 3:00:00.

This was probably a volunteer here to brainstorm how to falsely report me for painting ANG nude.

9:05 PM, it's the Houston volunteer from 3:35 PM:

Another volunteer had heard about the "problem" from the Secret Society women ("He wrote out all his delusions about us on his blog") and came to examine it.

9 August (Saturday; K's meetups)

First, a note about myself. Worked until 7 AM. Reviewed the recording of my session with Dr P on 10/10/12. So extremely angered. Decided that I must accept my paranoid schizophrenia and commit xxxxxx as compensation. Discovered also that SDW had not only not approved my comment on her 5 August post, but had actually deleted it from her comment box. I went to sleep around 8 AM. Then I suddenly realized the truth about SDW's targeting: the requirement to retrieve the past ICJ trial from my delusions. (*Actually, it's just another wrong scenario!*)

I woke up on 2:30 PM. TNT, and then Stories. Mood still colored by the memory of my traumatic session with Dr P. Happy that her fellow citizens were paying for her mistakes. I seemed to be under heavy surveillance on the bus: related to my message on SDW's blog yesterday? (*Homeland Security was putting up this show of protecting their "expert witnesses".*) Discovered Spokeo's fraudulent charge: lost another 20 dollars. Meanwhile, aunt Eva had deposited 400 dollars, but my mother never did. Terribly worried. Severe distress lasting until 6:30 PM. Called my bank, but couldn't file a claim unless the card was shut down. Didn't go to the Russian church either: too upset. Worked in Stories until 10 PM. Extremely saddened: one has to live one's whole life as a paranoid schizophrenic. The thought motivated me to commit xxxxxx: in order to confirm people's expectation about crazy people. Union ST: **14 N**. (Only 2 each time.) PSDN, 11:20 PM**. 2 W (FTHL, 2ⁿᵈ), 2 B (XIA), 1 H.** Came back home on 2:30 AM. People wearing earphones on the train motivated me to collect more damages. (*Did Homeland Security continue to run surveillance on me in concert with the Russian diplomatic mission? (Even though Ekaterina's stalking claim was never accepted by the TMU, both parties continued to insist there* was *a case.*)) Read Joseph Nye. **2 B (1 in MXAPRT).**

Now the Secret Society women's operation on my website for today. 5:35 AM, I was editing my blog from home. I was presumably posting "What SDW could do about my blog if she chooses to do something."

Could this be a LUG buddy? 21 seconds later, he came to my blog:

Again, he would have seen, on the very top, "What SDW could do about my blog…" The new evidence! Almost a minute later, he clicked on the blog post below "What SDW could do..."

95.211.184.137 - - [09/Aug/2014:21:57:17 -0600] "GET /blogs/2014/08/08/the-syrian-nuclear-terrorism-scandal-outlines-continually-updated/ HTTP/1.1" 200 3473 "http://www.lawrencechin2011.com/blogs/" "Mozilla/5.0 (Windows NT 6.1; rv:24.0) Gecko/20100101 Firefox/24.0"

He then immediately clicked on the latest blog post:

95.211.184.137 - - [09/Aug/2014:21:57:18 -0600] "GET /blogs/2014/08/09/what-sdw-could-do-about-my-blog-if-she-chooses-to-do-something/ HTTP/1.1" 200 4250 "http://www.lawrencechin2011.com/blogs/2014/08/08/the-syrian-nuclear-terrorism-scandal-outlines-continually-updated/" "Mozilla/5.0 (Windows NT 6.1; rv:24.0) Gecko/20100101 Firefox/24.0"

18 seconds later, he clicked on the link on "Syrian nuclear terrorism scandal":

95.211.184.137 - - [09/Aug/2014:21:57:36 -0600] "GET /thirdrunoutline7/thirdrunoutline7d.pdf HTTP/1.1" 200 912211 "http://www.lawrencechin2011.com/blogs/2014/08/08/the-syrian-nuclear-terrorism-scandal-outlines-continually-updated/" "Mozilla/5.0 (Windows NT 6.1; rv:24.0) Gecko/20100101 Firefox/24.0"

This is the first time that anybody among the Secret Society women's group clicked on this new document. The "Syrian scandal" was so full of errors that, as the Secret Society women browsed

through it in the subsequent days, it could only strengthen their righteous feeling that their claim that I was slandering them with my delusions about them was absolutely accurate (that Homeland Security's warning about me was absolutely correct). The news was out: the stalker had developed more delusions about SDW and his other women victims and was advertising them online for the purpose of harassing the poor women. More evidence to show to the TMU tomorrow! Note that I was still editing my blog at this time. I would soon post the blog post you see for 10 August, "Thoughts, 9 August, midnight".

10 August (Sunday)

First, a note about myself. Worked until 6:30 AM. Slept between 7:30 and 10:15 AM. Going to church. Father John was not there. Father Allan was there, and the sermon was all in English. Sat with Rosalie, and she told me about her life, "brain drain", and her book. Home, 1:15 PM. Ate and read *Pushkin*. Napped. Woke up on 5:30 PM. Checked my visitors' log. 9:20 PM, going to Starbucks, WSTWD. Posted "The mystery of SDW's targeting solved" and "Money problem". (*Apparently Homeland Security CO chief wanted me to write down more crazy stuff about SDW.*) It was already past 1 AM, ate, and was given food by pretty AWFs. Changed plan. Not SM tonight, but simply near home, to save time. Near home: can't W at DNTST, and can't at SZZLR (the truck). Withdrew today's op. **2 B in the end**. Home by 3:50 AM.

Today, I understood the true meaning of New Feminism (or so I thought).

12:11 PM, he came to my latest blog post:

(Windows NT 6.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/36.0.1985.125
Safari/537.36"

He was the first volunteer to have discovered this new blog post. We have to assume that, by
now, the Secret Society women had already brought last night's new evidence to the attention of
the TMU and asked for a new consideration: "The stalker is talking about committing xxxxxx
again! He has more delusions about SDW! More delusions about his women victims! The
Homeland Security warning is correct!" But, then, less than a minute later, this volunteer was
trying to log in. Perhaps to leave a message?

89.204.155.13 - - [10/Aug/2014:13:12:19 -0600] "POST /blogs/wp-login.php HTTP/1.1" 200

midnight%2F" "Mozilla/5.0 (Windows NT 6.1) AppleWebKit/537.36 (KHTML, like Gecko)
Chrome/36.0.1985.125 Safari/537.36"

This however suggests that, by now, the TMU had in fact already decided to not reopen the
stalking case on me saying the new evidence from last night didn't justify the Homeland Security

warning about me. The gang was thus back to the old plan of luring me to confess something so that the TMU could be persuaded to reopen the case on me.

Robin back in the discussion?

11:54 PM, I was editing my blog from Starbucks. I posted "The mystery of SDW's targeting at
last solved" on 12 AM and then "Money problem" on 12:25 AM. Evidently, Homeland Security
CO chief wanted me to post more damaging evidence tonight in view of the TMU's dismissal of
his case again this morning. Then, on 12:53 AM, I wrote another email to my mother: "Why are
you not depositing the money? Where are you?"

11 August (Monday, targeted; K's meetups)

First, a note about myself. Slept between 8 AM and 2:30 PM. TNT, called my mother: she had no money. Then I called Aunt Eva: she will find something. Then I called Spokeo: will be refunded. Then, at the church: the catechism class. I identified Kxxxxxxx's actions in November 2012. Angered. Wanted to xxxxxx Dr G. Metro Red Line was delayed because of an accident at MacArthur Park. Can't get to Long Beach. Extremely angered. Going to Promenade. Thought: xxxxxxxxx are after all my enemies, because they support Kxxxxxxx and Axxxxxxx. If they turn out not to be my enemies in the future and thus have caused me to waste my time, they are then still my enemies. (*Complete bullshit: it was just Homeland Security CO chief who was continuing to train me to hate the people around me*.) **4 W (Off Urgent, 3rd; Park, 2nd; 25th Park, 4th). 1 H (Dina's, 3rd). 4 B.** Done by 2 AM. Note that she would see the new blog post, "The mystery of SDW's targeting...", under this tag. She was the first volunteer to discover this new blog post and would definitely inform SDW about it: "He has new delusions about you! New evidence to demonstrate that Homeland Security is right about him!" If today's reporting to the TMU had already started, this Covington volunteer would definitely be forwarding this new evidence to the detectives right at this moment.

Either: this volunteer had just heard about the "problem" from Axxxxxxx ("He wrote out his bizarre delusions about me and put them on his website and yet the police just wouldn't validate the Homeland Security warning about him"); or: he was actually at this moment testifying to the TMU that I did harbor delusions about ANG and harass her with them.

We have to assume that the reporting to the TMU today had by this time already ended and that the TMU had once again dismissed the Homeland Security warning about me. In which case, SDW had come in order to examine why the new evidence which the Covington volunteer had just discovered and reported this morning wasn't good enough for the TMU. (She had already been angry in the past few days over my message to her on 7 August and the TMU's refusal, and now her anger would shoot through the roof when she read through the new blog post. It's likely that she was at first hearing from Kxxxxxxx how I had harassed Kxxxxxxx and was
now hearing from SDW how I had harassed SDW. SDW, you recall, must be extremely angry
today.

12 August (Tuesday; the MSSG again)

Note that, today, the IP address at Tom N Toms would change to: 23.240.6.153.

First, a note about myself. Slept between 7:30 AM and 2:30 PM. TNT, and added the 27.10.2012 recording and Juli's video on my new blog post about SDW. Violetta had replied. It seemed to me that she was communicating a "secret message" to me. (*In fact, not!*) Excited by the modifications on my blog post about SDW. Burger King, Starbucks, and then the Forum. Tatiana showed up, but soon left. Stephanie was there. Drew and Torey were back. The game at the Forum – imagining being a member of the Christian minority under persecution – seemed to echo this afternoon's review of my conversation with Wes on 27.10.2012. (*Bullshit.*) Afterward, I gave up the plan to break Dr G's xxxxxxx. Going to WSTWD. I was writing "soft power" while on the bus, and my computer slowed down. Extreme anger: always getting punished for showing signs of intelligence. Felt like the punishment came from Russia. Starbucks. Discovered the "messages" from the LUG buddies. I got on their website (linux.ucla.edu) and made a reply on their search box ("I don't give a fuck… When she fucks with me her fellow citizens' windows will break"). Past 2 AM, I walked to collect damages. Concluded: SDW was extremely angered by my blog post about her targeting. (**I was right!**) **1 W (PSYCH/ SM, 4ᵗʰ) and 5 B (including PSYCH/ WSTWD).** Home, almost 5 AM. Identified more mistakes in "Scandal".

Now the Secret Society women's operation on my website for today. 4:20 AM, bankofcyprus.com, Nicosia, Cyprus; is this correct?

Now Merriam-Webster defines "cockamamie" as: "ridiculous", "incredible". For example, "… of all the cockamamy excuses I ever heard..." What's going on? As noted, SDW had been furious with me since last night and, as she went online telling all the volunteers and her TI friends how I had posted another crazy blog post about her to harass her, she couldn't help but berate me to everyone calling me "insane in the membrane" and "out of his mind" and so on. After hearing from my mother that I asked for money again, she also made fun of me: "This guy is 40 year-old and he still asks his mother for money! 'Mom where is my money!' Ha!" Although my theory about why SDW was being targeted wasn't exactly correct, it could have some grain of truth in it after all, and, yet, SDW couldn't appreciate my attempt to enlighten her and instead mistook my effort for another attempt to "target" her. (She was gradually developing the strange impression that I was part of the gang-stalking enterprise targeting her.) The LUG buddies, who were online since last night listening to SDW's latest complaints, were instructed by the TMU to leak them to me tonight. Now, why? This was the second time that the TMU ordered the LUG buddies to communicate something to me. This is my theory: not just the Secret Society women, but also the Russian diplomatic service, had been complaining to the TMU asking them why they weren't validating the Homeland Security warning about me and reopening the stalking case on me. The TMU, guided by the CIA, had concluded that I was purposely harassing Ekaterina or SDW in order to have an opportunity to share my thoughts with them (such as my thoughts about how to increase Russia's soft-power). For this reason, they would not act: it was fraud. In order to sustain their decision, they needed more evidence. They therefore instructed the LUG buddies to leak information to me in order to see my reaction. When I later tonight left a "reply" on the LUG website, it would be the evidence they were looking for: that I was quite aware that my "victims" were complaining about my actions and therefore that I did everything intentionally. Presumably, tomorrow morning the TMU would inform the Russian diplomatic service that they were dismissing Ekaterina's stalking claim against me.

13 August (Wednesday)

First, a note about myself. I was too excited by LUG buddies' message that I couldn't sleep.
(*Stupid: I didn't yet understand that the TMU was testing me and so didn't know that the
messages were meant to harm me*.) Slept between 8:30 AM and 4:30 PM. TNT. A little worried,
but my website was still there. When I came to Stories on 7 PM, there was nobody there. I got
online and wrote. I discovered that the San Marcos visitor was actually SDW herself: I wrongly
assumed she had moved to a new place at the end of May. Home Depot, and bought spray. Went
to INDNA to collect damages. Busy writing the 1 May entry. Angered with AWFs. **8 N, 1 SPC.
The** Korean restaurant, and then home, 2 AM or so. Posted the 30 April and 1 May entries
(SDW as the intermediary).

14 August (Wednesday)

First, a note about myself. Slept between 8 AM and 12:30 PM. Coffee Bean, Normandie. I
looked for DVDs in Radio Shack, but there were none; I was not angered. Went home to
exchange things. Sunset and Vermont, and I discovered that Prof. W had called. Called her back:
she was driving and promised she would call me back, but she never did. (*Now it didn't seem
that she had already been warned by Homeland Security about me.)* Bought DVDs in the Radio
Shack there. Stories, around 6 PM. Very few people there again, and the surveillance agent
(*Morisio*) wasn't there for a second time. (*This is a sign that Ekaterina's stalking claim against
me was dismissed yesterday*.) I left for Westwood after 9 PM. Wrote "Russian soft power" in
Starbucks until 2 AM. About to collect damages, and an Asian guy gave me a whole pizza,
considerably softening my mood. But decided it wise to collect. **4 B (SLMWRP and PSYCH).
SM/ WSTHLLYWD: 2 H (Harmony & BHME), 1 ATM, 2 N, 1 B/ 1 W** (which was a
complete accident, but that made me happy because I didn't expect to be able to collect enough
damages). Home by 4:15 AM. Burned DVD-403. Failed burn: many recordings corrupted.

Now the Secret Society women's operation on my website for today. 4:40 AM, Used for Herat

It's the Miami volunteer from 11 August. (SDW's TI friend?) Here to continue to brainstorm.

9 PM, lightspeed.irvnca.sbcglobal.net, Valencia, California,

99.100.153.69 - - [14/Aug/2014:22:00:33 -0600] "GET /thirdrunoutline7/thirdrunoutline7d.pdf

AppleWebKit/537.36 (KHTML, like Gecko) Chrome/36.0.1985.143 Safari/537.36"

This is only the second visit to this new document! My delusions about my women victims'
going after me. At the same time, the Miami volunteer continued:

108.246.72.212 - - [14/Aug/2014:22:00:44 -0600] "GET /blogs/2012/04/ HTTP/1.1" 200 22716

9:47 PM, the Miami volunteer then came to:

108.246.72.212 - - [14/Aug/2014:22:47:39 -0600] "GET /blogs/2012/05/ HTTP/1.1" 200 28596 "http://www.lawrencechin2011.com/blogs/2012/04/" "Mozilla/5.0 (Windows NT 6.1; rv:31.0) Gecko/20100101 Firefox/31.0"

She thus continued to brainstorm for the Secret Society women: "Look at all the insane stuff he wrote on his blog! How do you convince the police that Homeland Security is right about his insanity?"

Again, the "Turkish Group".

1:27 AM, I was editing my blog from Starbucks. I was posting "Russian soft-power in Asian Pacific: some applications of Joseph Nye's ideas". After TMU's test on 12 August, this would be more evidence for them that I was using this stalking case as an opportunity to share my thoughts with Ekaterina.

My harassment of Ekaterina's family members. Again, most likely a Russian person living in
Turkey.

15 August (Friday)

First, a note about myself. Slept between 8 AM and 2:30 PM. As usual, Samsung can no longer
connect to the wireless network. TNT, and then Stories. Still wearing the same green vest. Read
more of Dr Bxxxxxxxxx's book. Festival at Silverlake, and stayed in Stories until 11 PM. I
posted on my blog the blog post you see for 16 August ("Dr Bxxxxxxxxx and the female brain").
(*I didn't know that I was furnishing more materials to the Secret Society women.*) Ate burritos,
the streets filled with pretty AWFs. Bottles everywhere. **2 B at the library**, 12 AM. Somebody
saw it. To SPSDN. **1 W (FGrnd), 4 B, 1 H (French); downtown, 2 B (LWLB), 2 N.** Done by 3
AM. Realized the whole plan: to mix SDW's brain scan images with mine; to mix mine, SDW's,
and Axxxxxxx's altogether; all these images can't be forged in order to construct the
fundamental version where the mind-reading computer has never been tampered with: the
images must be properly intercepted with the setting clearly functional. (*This is in fact not the
correct scenario! But we shall see later on if the Invisible Hand had any purpose in allowing
Homeland Security CO chief to make me develop this particular "delusion".*)

Now the Secret Society women's operation on my website for today. 4:15 AM,

This is the pleading paper in my lawsuit against my aunt Jennifer. It looks like my step-mother. Then, 27 seconds later:

It looks like she was trying to open up the document in Microsoft Word. On Microsoft's website it is said: "When opening documents from a URL location in Microsoft Office 2007, the Office library can make an HTTP HEAD request to the web server for the opening URL. This request is sent with a User-Agent set to 'Microsoft Office Existence Discovery'. This call is new to Office

2007." It appears that the Secret Society women or Evelyn had contacted my step-mother asking her to make another complaint to the TMU about how I had also harassed my aunt Jennifer. (All because, by this time, Ekaterina's stalking claim against me was dead in the water.) They would thus hope that a complaint from my own family members might help revive it. But of course the TMU would not care.

16 August (Saturday)

First, a note about myself. Slept between 7:30 AM and 3:30 PM. TNT, and checked the visitors' log, Home Depot, bought nails, and then came to the Russian church past 7 PM. Then came to Stories around 9 PM. The festival continued. Worked until 11 PM. Posted 2 May: identities of SDW's relatives. Ate tacos, Union ST. Decided not to xxxxxx Dr G: it's too risky, given SDW's intense actions right now. Collection: **11 N, 2 B, 1 W (textile).** Home by 2:30 AM.

What is this about? It has been 10 hours since the Secret Society women discovered that I had posted a blog post about Dr Bxxxxxxxxx. Were they trying to contact Dr Bxxxxxxxxx to inform her that a terrorist stalker had focused on her? Did they send the link to this volunteer to ask her: "Can you locate Dr Bxxxxxxxxx for us?" Or was this person Dr Bxxxxxxxxx herself? If so, they would certainly have sent Homeland Security's warning about me to her to scare her. Since the TMU was non-responsive to my step-mother's complaint this morning, the Secret Society women were perhaps thinking about using Dr Bxxxxxxxxx to save Ekaterina's stalking case.[4]

10:41 PM, I was editing my blog from Stories. I added the identities of SDW's relatives on the entry for 2 May.

17 August (Sunday, targeting resumed)

First, a note about myself. Slept between 7 and 11:20 AM. Church. The Friendly Woman with her daughter. Didn't know she had a daughter. Home, checked my visitors' log, DVD-403 burned for the second time, and a failed burn. Some anger. Napped, and then woke up on 5:40 PM. Played DVD 403-CP. Windows Media Player malfunctioned, only buzz sounds, and one had to reboot. Mood dampened. Angered. Required to xxxxxx Dr G. The Korean restaurant. Got on bus 204, and a black guy wearing earphones came to sit next to me. Physical pain, and changed seat: required to commit xxxxxx. Hispanic children making noises, pain, required to commit xxxxxx. Got off one stop past Vermont/ Santa Monica, and can't decide whether to go to Silverlake. Decided to stop by Casbah (Stories closed at 8): it was already past 7 PM. On bus 4, but was programmed to forget my plan, and rode to Stories. Angered. At Stories, and talked to Liana. Stories would be closed in 5 minutes. Went back to Casbah. Deliberated whether to go to Long Beach. Finally decided. Worked until 10 PM, and was then going to Long Beach. **1 W at Dr G's.** Full of worries, however, not knowing if it's SDW's trick (with the cooperation from Mr Homeland Security CO chief). (*It's Homeland Security CO chief's trick alright!*) **2 N.** Going to downtown Long Beach. Denny's. Wrote. Charged my laptop at the Metro station. 3 AM, went to collect more damages**. 2 W (bank, 2ⁿᵈ), 1 H, 2 B (LION, 2ⁿᵈ).** Done by 3:45 AM, came back to Denny's.

(*Moments after I left Dr G's, a guy with earphones came toward me. Most likely Homeland Security's surveillance. Homeland Security CO chief had of course known beforehand that I was going to collect at Dr G's tonight – since it's in fact he who had directed me to do it – and so he had planted his surveillance around to catch evidence of the whole thing. In the morning, his agents would definitely go inform Dr G what I had done and show him the evidence. Dr G, incensed, would then believe more firmly in his lies about me. What exactly did Homeland Security CO chief want Dr G to do at this point? Most likely, to go to the TMU to insist to them that the Homeland Security warning about me was correct and that the stalking case on me should be reopened. What else did he want?*)

Now the Secret Society women's operations on my website for today. 4:30 AM, I was editing my blog from home. I made additions to "Russian lessons..."

18 August (Monday; still unable to burn DVDs)

First, a note about myself. Didn't come home until 7 AM. Suddenly had this thought:

> Axxxxxxx is my parallel in regard to the Russians and the CIA. In 2007, I got the CIA into big trouble. How could a tiny person without any position or power do that? There was a loophole in the system; and by passing the ammunition [on] to their enemy (the Chinese). Similarly, Axxxxxxx got Russia and the CIA into big trouble. How could this stupid girl without much position do this? There was a loophole in the system; and by passing the ammunition [on] to their enemy (the French). I had more substance and was more cautious; but Axxxxxxx is not. The CIA and the Russians would really transfer my txxxxxxxx status onto her: "That teaches you to fuck with us."

(*While this was the "delusional thought" which the Russians and Homeland Security CO chief had wanted me to develop about my "women victims", the CIA indeed intended to do something like what I thought here. Besides that, ANG had never got the CIA into big troubles: it was my wrong scenario.*) Also this thought:

> How to invent an "Opposite Surveillance Camera" registering the opposite of reality: if the digital registration of the video is: 0011001010, then just change all 1s into 0s and all 0s into 1s. This won't actually register the opposite of reality (your punching me becomes my punching you), because the opposite of reality is actually just partially opposite.

Excellent insight. Slept between 8:30 AM and 2:30 PM. TNT, Burger King, and Starbucks. 7:30 PM, the church. Called aunt Eva and step-mom (9:11 PM). Obtained confirmation from step-mom that she used Cox Communication. Friday night's visit was indeed hers. SPOT from 9:20 PM onward. Emailed to Violetta, and gave her the link to my web gallery. Burned DVD-404 CP, and a failed burn again. Angered. Required to commit xxxxxx. Left on 1:30 AM. **1 W (SZZLR, 3ʳᵈ).** Home, burned DVD-404-CP again, and it failed again. Angered, physical pain. Required to commit xxxxxx. **3 B (SCHL).** (*Was Homeland Security trying to provoke me?*) Done by 3:30 AM. Checked my visitors' log. The computer froze up repeatedly. Physical pain, angered, required to commit xxxxxx. (*Homeland Security CO chief indeed wanted me to commit more xxxxxx after he had this morning sent Dr G to the TMU.*)

Brainstorming. (My supposed computer-hacking.)

19 August (Tuesday; severe targeting; K's meetups)

First, a note about myself. Slept between 6:30 AM and 3 PM. TNT, and then going to Best Buy (Fairfax) to buy a new spindle of dual layer DVDs – to see if the repeated bad burns were due to defective spindle, since usually the control center tortured me merely by programming me to run into naturally existing frustrating circumstances. (E.g. I might have been programmed to buy a defective spindle, even though this would mean that the control center would even know about the condition of the DVDs when they came out of the factory in Asia!) On my way, listened to Propaganda's Best. Excited, and so, 5 PM, came to Best Buy to discover that dual layer discs were no longer being sold. Required to buy the same Verbatim DL at Radio Shack (the same defective brand at the same place). Extreme anger, especially since I always seemed to be required to suffer physical pain and anger when becoming happy, as if it were punishment for happiness. Then realized that I was simply required to experience the opposite emotions at the same time in order to provide the foundation for my reconstruction as being delusional and non-delusional at the same time. (*Wrong scenario! Just to help make myself look crazy here for Homeland Security's sake.*) The requirement to feel happy and sad/ anger/ pain at the same time

itself caused extreme anger, my artificially constructed grotesqueness. Required to commit a lot of xxxxxx tonight.

Severe anger/ pain continued while I was at the Forum. Pain had caused me to understand that these people at the church, even though they were nice people, were not worth relating to because they didn't understand brain chips and mind-control. Began to accept the fact that the life of those "good Christians" was also not worth living, and that the lives of all people living in the United States – no matter whether they were good or bad or educated or not – were not worth living because they didn't know about how their government had already disposed of human beings' free will. I left the Forum immediately. Presumably the control center's goal was to make me lose interest in church people and in all human beings in the United States, since I could only commit the same amount of xxxxxx as usual (since I was already at my maximum capacity for commit xxxxxx). Also to make me write to Prof. W without restraint, since, if she didn't understand brain chips, then her life was not worth living, and there was no point in taking care to not offend her. (T*his might be the purpose: Homeland Security CO chief wanted me to appear crazy to Prof. W, which means that he would definitely soon send his warning about me to her.)* **2 N on the way**. Went home, and successfully burned DVD-404-CP with a disc from the new spindle. Left for Westwood to get ready to commit xxxxxx. Severe anger/ pain throughout the night, difficulty in concentrating, for the control center was maximally activating my desire to commit xxxxxx, causing me severe pain. Began losing interests in Russia too, since it's all Russia's fault. Began accepting the fact that one must derive one's meaning of life entirely from committing xxxxxx. Done with writing and checking the visitors' log by 12:30 AM. At one point, programmed to pick up the wrong earphones resulting in mistaking the Internet connection for being cut off, refreshed the recording link, only to discover my mistake. Angered, physical pain, required to commit xxxxxx. Severe pain requiring me to commit xxxxx at all cost, even though I held serious reservation, since it looked like a trick. The people in the control center already knew what damages I was going to cause and where before I had even decided it myself, and they could be communicating with SDW to set traps for me. (*Bullshit!*)

3 B (PSYCH/ WSTWDBLVD). Can't W at FRSTNE, injured my thumb. **1 W (MARIE, 3rd).** The security guard came out, but didn't chase after me. Escaped. **1 SPC, 3 N**. Came to WLTN/ SM. **1 H (Power YG), 1 SPC,** but couldn't W at the church. Walked a long distance. Came back to SM, **5 N, 1 B,** and couldn't W at many places. Came back near home. **2 W (BLDNG and the library, both 2nd).** Done by 4:45 AM. Spent 4 hours committing xxxxxx tonight! Severe anger, severe physical pain, and severe hatred for Russia. The Russians are especially despicable in making Americans pay for their mistakes, squandering away their victim status. Severe hatred for all human beings.

(*From hindsight, it's obvious that Homeland Security CO chief was simply punishing me today. Let's reconsider what might have happened in the past few days. When the Secret Society women instructed Dr Bxxxxxxxxx to go file a complaint to the TMU about me on 17 August – hoping in this way to force the TMU to accept the Homeland Security warning about me – the TMU must have refused. Since both my step-mother and Dr Bxxxxxxxxx had failed to persuade the TMU, Homeland Security CO chief then sent Dr G yesterday to the TMU to insist to them that he was right about me, but the TMU must have again refused to accept the case. With the previous ICJ*

trial again being at risk of being reactivated, Homeland Security CO chief had thus decided to hurt me more today in order to encourage me to commit more xxxxxxx, so that the TMU might be forced to respond. And yet they stood firm and continued to ignore my vxxxxxxxx spree. Here is my tally tonight:)

August so far (since 1 August): N: 83; W: 28; B: 60; SPC: 7; H: 14; ATM: 1.
From 19 July to 31 July: N: 68; B: 32; W: 15; H: 13; SPC: 6.
From 19 July to today: N: 151; W: 43; B: 92; H: 27; SPC: 13; ATM: 1.
Total from the beginning to today: W: 244; N: 2094; SPC: 331; H: 302; B: 644; ATM: 17.

Now the Secret Society women's operation on my website for today. 4:29 AM, Comcast, Lake Oswego, Oregon,

20 August (Wednesday; sleep deprivation; transformation through pain)

First, a note about myself. Slept between 6 and 11:30 AM. Tried to sleep more, but was not allowed by the control center. After 1:30 PM, got up to go out. Severe anger and physical pain continued from yesterday, urgent desire to commit xxxxxx, and yet had to wait until late night, thus causing severe pain and difficulty in concentrating. Enormous hatred and disdain for the Russians, in that they are so cowardice as to always get someone else to pay for their mistakes. Again, the victims turn out to be pathetic losers and cannot command respect. Since the avenue to Russia was closed, resolved to focus on committing xxxxxx as the only meaning of life. Should even commit xxxxxx against Russians too. Realized then that it's probably Homeland Security CO chief who had been convinced that my theory about the Macrospherians' intention to transfer my txxxxxxxx status onto Axxxxxxx was correct and who therefore had asked the computer to program me to refuse Russian help in the future (if there should be such) and to resolve to commit xxxxxx forever as the sole meaning of life, thus voluntarily wasting my life away and causing myself to be hated by everybody around me. His intention to harm me was permitted under the Macrospherian program since they needed from me brain scan images of hatred of Russia (especially just after brain scan images of wanting to help Russia were obtained) and of hatred of all humanity, not just Axxxxxxxx and Mxxxxxxx. Such malicious exploitation of course intensified my hatred and disdain for Russia (imitating the Americans in using false flag techniques to benefit itself), but would make collection of damages easier since I was now ever less discriminating in selecting targets. The extraordinary disdain for all human beings, and the new found hatred for xxxxxxxxx, all caused by yesterday's severe pain attack, had actually transformed my entire view of the people around me. I felt like a new person, having no feeling for the human beings around me other than disdain and desire to see them suffer. Evidently, I had entered my final stage of training; I was finally acquiring Antisocial Personality Disorder. And hatred for Christians as well. (*In reality, none of these scenarios about the Russians were correct; it was simply Homeland Security CO chief who wanted me to commit more xxxxxx and say something to the effect that I hated Russia and wanted to hurt Ekaterina, all so that there can be more evidence to confirm his warning about me and Ekaterina's case at the TMU might be revived.*) I came to the storage facility, absent-minded due to severe hatred. There, **1 B. 3 N**. I began composing my letter to Prof W hoping to freak her out. (*This, again, was probably also what Homeland Security CO chief had wanted me to do.*)

At Stories, 6 PM. Wrote, but was still unable to calm down, due to the urgent desire to commit xxxxxx. Left on 9 PM, ate, and collection at Union ST, **11 N, 2 B.** Writing my letter had slightly relieved tension, so that the collection proceeded with equanimity. Couldn't W. Took bus 33 to CLVRCTY. **2 W (WLLM, 3ʳᵈ). 1 H (YG, 5ᵗʰ?)** Couldn't W at two places. Seemed to have been spotted by a stranger, and another stranger at the bus stop prevented me from W at the doctor's. Spent an hour and a half there because of all these interruptions, and then realized that my conspirators had simply wanted to waste my time. Gave up. **1 N** (bus). VRMNT, **2 B (CRTZ), 1 ATM (BOA), 1 SPC (MX-APRT).** Home by 3:30 AM. Terribly frustrated because I couldn't collect enough damages to compensate the pain I had suffered. Repeated signals from the control center telling me there were cameras at the doctor's tonight.

Now the Secret Society women's operation on my website for today. 4:45 AM, the Toronto volunteer from yesterday afternoon came again:

21 August (Thursday; break from pain)

First, a note about myself. Today SDW would post a new post on her blog: "Forgiveness is a
process… I wish you'd die…". She must have posted this some time between 12 AM and 4 PM
today. She talked about the "blocking harassment" at the Laundromat. (Presumably yesterday.)

I was writing the letter to Prof. W until almost 7 AM. Slept until 2:30 PM. TNT, and then going
to the SM Library. Continued to write the letter. Returned the book, and checked my website on
the library's computer. 8 PM, French meetup. Met Ania: Polish, Denmark. Left before 10 PM.
Starbucks, WSTWD. Reflection on 11:30 PM: girl/ fish/ evolution. Enlightenment. Some
chatting with a pretty girl (who studied law). Wrote until 1 AM. Obsessed with Propaganda all
day long. Couldn't decide where to collect damages. Decided not to collect from the UKR
marriage agency. (Still should avoid immigrants.) Now Salon or ANTNA? Programmed to
decide on the latter. There, but a guy was hiding in a car nearby. Is it Homeland Security CO
chief doing his best? (*Indeed, in order to enter into the ICJ evidences favorable to him – given
the latest failure from Dr G – he might be trying again to get me arrested*.) **1 W (RMNG
instead). 2 H (repeated).** A security guard on bicycle; clearly I had aroused attention. **FRFX/
SM** also. Couldn't W at the doctor's. **1 W at the abandoned building instead. 4 N. 1 SPC.**
Done by 3:20 AM. Generally, nervousness only, the feeling of withdrawal. And still not taking
people seriously anymore.

Home by 4:45 AM. A new hypothesis about the complete process: (1) Mr B's false profile (April 2010) is not possible to reproduce in reality. (2) Homeland Security CO chief's false profile (February 2014) is not possible to reproduce in reality. (3) First make me conform to the false profile as much as possible: the modified version. This version's difference from the false profile proves that Homeland Security CO chief has committed a perfect crime (to cause the victim of the conspiracy to lose even when the conspiracy is proven): it's not possible to make me conform to it. (4) Mix brain scan images of different people together: the composite version. Still it only looks like the false profile, but not entirely identical. This proves that Homeland Security CO chief has committed a perfect crime: it's not possible to reproduce his forgery even when you reduce each person to separate characteristics and mix them with others' separate characteristics. (5) The only way to overcome the perfect crime: a dynamic/ evolutionary/ devolutionary profile. The composite versions that are very similar to the forged profile are placed before and after the forged profile on a time line as intermediaries between the forged profile and me (before) and between the forged profile and Axxxxxxx (after). Thus: I change into the modified version, which changes into the composite version, which changes into the forged profile, which changes into the composite version, which changes into Axxxxxxx. (6) This devise which the Republicans and the French have invented will be used to rewrite the original record from 2010. (7) The absence of the setting is compensated by the surveillance video of the act of forgery, which indicates at which time the mind-reading computer can no longer be trusted. Absent the "setting", the mind-reading records before the forgery are valid on the ground of circumstantial evidence (the assumption that the computer was accurate when it came out of the manufacturer) and the fact that, in 2010, objection based on the lack of proof of accuracy was not valid before the Mini-trial. (*All this is in fact wrong scenarios! Just working hard for Homeland Security to make myself look crazy. But would something like the "evolutionary approach" as suggested here happen later on?*)

Now the Secret Society women's operation on my website for today. 4:25 AM, Clear Wireless, US,

mother's, Dr Bxxxxxxxxx's, and Dr G's complaints. What should we do?"

It's not clear whether this was related to the Secret Society women's operation. (The search terms were too specific.)
