

## The Secret History of the International Court of Justice

### KIERSTEN'S VENGEANCE

#### 23

The following reconstructs the operations of Homeland Security CO chief and the Secret Society women against me from 18 to 30 October 2014. The Secret Society women are: Angelica, Dr P (Petterson), Karin, Kiersten, and SDW (Maura).

This is a July 2021 revision of the original “Kiersten’s Vengeance, 23”, originally composed in June 2020. The original version, with the file name “timeline112-9d.pdf” (last dated 21.10.2020), can still be found in the same file folder.

#### *Synopsis:*

**18.10:** The Cheonan volunteer (Ekaterina’s associate?) continued. Morisio and C in Stories. The Secret Society women’s effort today: my harassment of Shizuka and Ekaterina and my plagiarism. Around 2 PM, a volunteer looked up “Karin’s meetups: the fake Lawrence”. By night, they had got hold of this “Baltimore Lawyer” – a very important figure from now on – to help save their case. On 12:37 AM, she came to my website after Googling my name and stayed on it and on my blog for more than two hours while talking to the Secret Society women. (She even listened to the recordings of my conversation with Wes in the past few days.) In fact, she would still be on my blog until 7 AM.

**19.10:** I met with Noah. Morisio in Stories. Apparently the Secret Society women sent the Baltimore Lawyer to Washington DC to argue with some authority about the TMU’s misconduct, but the argument went nowhere. The Secret Society women then spent the day complaining to volunteers about how the TMU just wouldn’t admit that my crazy blog constituted stalking. The Egersund volunteer and one of the LUG buddies showed up again. Then the Baltimore Lawyer looked at my blog again around 4 PM. The Secret Society women then made a serious effort in asking volunteers to brainstorm how to report me for plagiarism. The first of the University of Iowa bunch showed up, and the Anchorage volunteer also came again. Around 12 PM, another volunteer looked up “Karin’s meetups: Faulty surveillance”.

**20.10:** **Morisio not in Stories.** Throughout the morning, the Secret Society women were discussing with the Baltimore Lawyer the Washington DC authority’s refusal to consider my blog posts as constituting stalking and harassment. (Both the Baltimore Lawyer and Veronica visited my blog post series /gang-stalking/.) The Secret Society women then mobilized a ton of volunteers to brainstorm about my plagiarism (the other major obstacle with the TMU). Then, 4 volunteers examined my harassment of Ekaterina. Several more volunteers from the University of Iowa and Smith College brainstormed about my plagiarism. Angelica herself might have showed up too. Late

night, one volunteer from Canada examined my delusions about Gaurav and so on. Meanwhile, Homeland Security CO chief's agent was waiting for me at the Law Library tonight.

**21.10:** Was not in Stories. The Secret Society women continued to mobilize volunteers to brainstorm in regard to the Baltimore Lawyer's failure: my delusions about the Secret Society women (including the Romeoville volunteer who came again); my harassment of Ekaterina and her family members, Shizuka, and even Jesse Beltran; my delusional mind (especially when it came to the chips inside my brain); my plagiarism (with more volunteers from the University of Iowa). Early this morning, a volunteer from Moscow also looked up my chapter "Cassie..."

**22.10:** **Morisio not in Stories.** The Secret Society women's reporting and brainstorming today (probably in response to the Baltimore Lawyer's failure): my delusions about the Secret Society women and the chips inside my brain; my harassment of Ekaterina and her family members; and my plagiarism. (In early morning, a Cape Town volunteer was copying my blog posts about the search for the chips inside my brain.)

**23.10:** At Stammtisch. Karin canceled her meetup tonight. In view of the fact that he was going to lose, Homeland Security CO chief controlled me to want to "stalk" the Secret Society women again. The Secret Society women's reporting and brainstorming today: my harassment of Shizuka and Ekaterina's family members; my delusions about the Secret Society women; the Cape Town volunteer came again (the chips in my brain); a Montreal volunteer was complaining on behalf of Professor Ménard.

**24.10:** **Morisio?** I talked to Wes while in Stories. The TMU concluded again that I was purposely "stalking" in order to create a case. Meanwhile, back in Washington DC, the Secret Society women's "envoy", the "SPH-L710" volunteer, helped the Baltimore Lawyer present the women's case again to the Washington DC authority, but the latter still rejected it. The Secret Society women's volunteers then spent the night brainstorming about my delusions about my poor women victims and the chips inside my brain. The usual brainstorming also continued throughout the day: my harassment of Shizuka, Ekaterina, and my family members (the Chicago volunteer: Evelyn's associate?). The Montreal volunteer also showed up again.

**25.10:** **Morisio in Stories.** Informed by Homeland Security CO chief about the TMU's decision, the Secret Society women scrambled to save their case. The "SPH-L710" volunteer and the Baltimore Lawyer were in Washington DC again to persuade the same authority, but failed again. All the volunteers started brainstorming for solutions. Karin again canceled her meetup tonight in order to work on the problem. 8:18 PM, the Baltimore Lawyer checked my website under Karin's direction but however concluded that what I did wasn't serious enough. Throughout the day, the volunteers also discussed my harassment of Professor Ménard and the North Port volunteer examined my "plagiarism". Meanwhile, the CIA sent an agent to Stories in order to lure me to videotape her. The TMU thus further consolidated their conclusion.

Homeland Security CO chief, panicking, ordered the Monkey to control me to develop a new “delusion” about Ekaterina: her attempt to monopolize my “solution”.  
**26.10:** Morisio? I posted “Yum yum Chinese and German women”. More evidence in favor of the CIA/ TMU. Now that Ekaterina’s stalking case against me was being dismissed at the TMU and Homeland Security CO chief was losing in the ICJ, the Secret Society women scrambled their volunteers to brainstorm how to report me for expressing delusions about them on my blog and plagiarizing. In regard to the first, note especially the Oceanside volunteer again (Bonnie?). Volunteers had also examined my delusions about Khalezov and Snowden. In regard to the second, note especially the Brooklyn volunteer who seemed to be Veronica in New York. Did she meet with an authority in New York to complain about how the TMU persistently dismissed the Homeland Security warning about me by denying that I had plagiarized?

**27.10:** not in Stories (in UCLA library). I deleted the blog post about Ekaterina, “Yum yum women”, and “Can Russia fund American feminism?”. Now that the stalking case was dismissed again, the Secret Society women were desperately asking volunteers to brainstorm how to force the TMU to admit that my blogging constituted stalking and that I did plagiarize – the two issues in regard to which the TMU had dismissed the Homeland Security warning about me: hence the big fuss about [fundamentalism2.htm](#) this morning and Veronica’s checking of my Scientific Enlightenment again. Then also all the brainstorming about how to report me for harassing my family members and expressing delusions about the chips inside my brain. Jennifer Day was also summoned. The Montreal volunteer also examined again my harassment of Professor Ménard.

**28.10:** **Morisio not in Stories.** The Secret Society women continued to mobilize their volunteers to brainstorm: how my delusions about the Secret Society women constituted stalking and how to prove once and for all that I had plagiarized: the discussion about [fundamentalism2.htm](#) continued and Veronica showed up again to brainstorm about my plagiarism. SDW’s Tampa friends also showed up. The volunteers also brainstormed how to prove that the other characteristics listed on the Homeland Security warning about me were correct.

**29.10:** **Morisio not in Stories.** The Secret Society women spent another day brainstorming what to do to save their case: Veronica showed up in the morning to brainstorm about [fundamentalism2.htm](#) again; SDW was working on my case all day long with the Lilburn volunteer (her brother?) showing up again, and on earlier evening she was also telling a volunteer from Greenwood, Indiana, about the problem. Then, after 3 AM, the Secret Society women got hold of the Baltimore Lawyer again and asked her to examine my website in details. Karin wanted her to check whether my writings about her and her meetup friends could count as “stalking”.

**30.10:** Morisio? I talked to Wes today: Homeland Security CO chief’s evidence that I harbored delusions about Ekaterina and suffered from grandiose thinking. This would temporarily keep him afloat and prevent the CIA from reactivating the previous ICJ

trial. Meanwhile, the Baltimore Lawyer came to Washington DC to argue with the same authority again, armed with Karin's complaints. Many volunteers called in, including Veronica (fundamentalism2.htm). Many testified about my harassment of Shizuka, Ekaterina, and especially my grandfather (including the Chicago volunteer from 24 October). But the claim was again rejected. Jennifer Day was also mobilized tonight, and the Reykjavik volunteer also examined my delusions about Khalezov. Most surprisingly, a volunteer from the Department of Energy!

Note that, from 18 October onward, the TMU would again instruct their agent Morisio to watch over me in Stories everyday. Then, from 20 October onward, they withdrew him. They sent him back in for one day on 25 October, the day the stalking case was to be dismissed. Then they withdrew him again.

In sum, Homeland Security CO chief and the Secret Society women had lost again – and the Russian diplomatic service had got the bad news for the second time that Ekaterina had no claim. Both the Russians and Homeland Security were terrified because the previous ICJ trial was now at risk of being reopened.

Then there was the most profound mystery during this period: Was Veronica in New York from 26 to 30 October? While it's expected that she would be working on my case everyday during this critical period, it's not clear whether she would have had to go to New York to meet up with any authority to discuss me. It all depends on whether the IP address trace on 26 October was accurate.

Now my diary entries and the log of the Secret Society women's operations on my website. As always, my subsequent corrections to my diary notes are bracketed and in italics.

## 18 October (Saturday)

*First, a note about myself.* Woke up 11 AM. Not enough. But was allowed to fall asleep until 3 PM. Starbucks, Normandie. Called Noah around 4:20 PM. He wanted to change the meeting to tomorrow. Jons, cheap chickens. Stories, around 5:30 PM. The chubby girl there. Claudia there. No Liana. **Veronica's agent there.** "C" there. Worked until 9 PM. Somewhat upset when discovering that I had wasted hours reviewing a recording I had already reviewed (Aug. 2009). Then going to Westwood. While on the bus, somewhat upset that the notes I had compiled for reviewing my video diary had disappeared. Found food in trash cans. Starbucks, Westwood. 12:30 AM, left to collect damages. Along WSTWD and then CLRDO/ 12<sup>th</sup>: **2 B, 2 SPC, 2 N, 2 W (HRMCA, 2<sup>nd</sup>)**. Done by 2:20 AM. Arriving at SM/ Vermont station, bad feeling. When I came home, I posted the blog post you see for 19 October: "What fate awaits us, me and my 'stalking victims'?"

Now the Secret Society women's operation on my website today. 4:22 AM, the Cheonan volunteer (Ekaterina's associate?) came again after 20 minutes:

This volunteer was important. The user-agent is exactly identical to what would soon be known as the “Baltimore Lawyer”. Because the iPhone user-agent is so common, we can’t be sure, but this person, as you shall see, was clearly a lawyer, and her behavior matched that of the “Baltimore Lawyer” in subsequent days. We know this to be true: because the TMU had again refused to recognize the Homeland Security warning about me and thus rejected the stalking claim of Ekaterina and the Secret Society women against me, the women decided to contact this “Baltimore Lawyer” who had an expertise in Internet laws. (More on her true identity later.) The only question is whether this happened today or around the 25<sup>th</sup>. We shall tentatively assume that it was today<sup>1</sup> and that this Baltimore Lawyer was somehow traveling outside her hometown at the moment. (More on her current whereabouts later.)

1 Again, we assume that she didn’t first appear on 9 October.

As usual, the Secret Society women, after sending her the Homeland Security warning about me, would explain to her the situation: “He is a schizophrenic misogynist terrorist stalker on Homeland Security’s watchlist. He stalked us and Russia’s First Daughter on the Internet, but the TMU refuses to recognize the Homeland Security warning about him and accept us and Russia’s First Daughter as the victims of his stalking, saying he’s not really insane and didn’t plagiarize and so on. Look, search for him. He posted all these crazy things on his website and the police refuse to acknowledge that Homeland Security’s warning, and our testimonies, about him – that he is insane – are correct.” The Baltimore Lawyer thus searched for my name to see it for herself.

I had just posted this recording hours ago! 2:55 AM, she listened to the recording from 13 October:

We'll see more of her. It should be noted at the end of today's entry that Karin had not yet added new pictures to her Meetup page since 1 October – probably because she was upset that the TMU just wouldn't consider me to be her "terrorist stalker".

## 19 October (Sunday; Noah; computer crashed; no collection today)

*First, a note about myself.* Before sleeping, downloaded Sarah Blasko's image. Suddenly desired to use her image as my desktop background. Slept while watching "Paulus, Spielfilm". Past 6:30 AM. Woke up past 1 PM. Hurried to Papa Jones to meet Noah. He was almost one hour late. Long discussion. He encouraged me to "move on" without validation and come back to church. There is no "move on" for me; only crimes if no validation. Still fearing that he might have been instructed. Going to Stories. Liana there, John there, **Veronica's agent there**. Opened up my laptop, and, for no reason, my desktop was switching background image every 30 minutes. Worried that there might be a virus inside the Blasko image. Made a copy of the image with screenshot, and deleted the original. 6 PM, while attempting to close Sarah Blasko's image, my computer crashed. Rebooted it. Got back to my website's visitors' log. Rescanned the computer with Windows Defender. This very diary had to be recovered. (Damaged.) Very distressed, some pain. Tried not to believe that the control center had directly caused the crash. Around 7:15 PM, I posted the blog post you see for 20 October: "Kiersten's Secret Society's new method for reporting me for plagiarism". Told John about Sarah Blasko, and asked him who Liana's boyfriend was. 8 PM, left Stories. A Korean (ABK) girl helped me cross the street, thinking I was feeble-minded. Very strange. Kentucky Fried Chickens. Then home. (Didn't bring extra clothing for collection.) Very tired. Decided to skip collection today. Watched the Corbett's Report on the MH-17 crash, and realized how the evidence-replacement worked in this case. (*Wrong!*) Worked past 3 AM. Angered by SDW's recruitment of all the TIs online to target me. Bathed myself.

Now the Secret Society women's operation on my website. 4:21 AM, I was editing my blog from home.

As you can see, this is the Baltimore Lawyer again. So she seemed to be traveling in the Washington DC area, probably staying with a colleague to discuss my case.<sup>2</sup> If so, her previous discussion with the Secret Society women would have lasted from 3 to 10 AM. Since the goal must be to find laws to force the TMU to admit that my behavior on the Internet constituted stalking – so as to force the TMU to acknowledge that the Homeland Security warning about me was correct – the Baltimore Lawyer might be in Washington DC to argue about the matter with a certain authority in the Justice Department, National Counter Terrorism Center, Terrorist Screening Center, or any such entity.<sup>3</sup> Presumably the argument went nowhere and she went back to her colleague's home to sleep. That would be around noon. In the meantime, the Egersund volunteer came to brainstorm about the matter. By 7:30 PM, the Baltimore Lawyer had got up and the Secret Society women asked her to check on my blog again.

- 2 As you shall see, whenever she traveled to Washington DC, her ISP would change from Verizon to AT&T MyCingular.
- 3 The Department of Justice has two locations in Washington DC, one in the center and one in the northeast. NCTC is located at 1500 Tysons McLean Dr, McLean, Virginia, about 3 miles east of Washington DC, and TSC is located at 801 Follin Lane, Vienna, Virginia, about 5 miles east of Washington DC. Although NCTC does not deal with domestic terrorists, I might be more than a domestic terrorist according to Homeland Security because I supposedly kept threatening prominent foreign persons such as Ekaterina.

On 4:12 AM, I posted another messaging denouncing SDW on Prison Planet Forum (“Some prominent targeted individuals...”).

## 20 October (Monday)

*First, a note about myself.* Slept while watching “Paulus Spielfilm” past 6 AM. Woke up 3 PM. TNT, storage. **2 N**. Jons, cheap chicken. Stories, past 6 PM. Giselle there. No Liana or Jalise. John. Veronica’s agent not there. Left on 9 PM. Collection at INDNA: **9 N, 4 B**. Almost 12 AM, LWLB: **2 B, 1 H**. There was somebody inside the library, and another vagrant was sitting on the stairs. After spraying, another man wearing earphones passed me by. On the Metro going home by 12:30 AM. Near home, **2 B (SCHL)**. Found an abandoned chair. Home. By 2 AM, realized that the Stories girls were afraid that, if they threw me out, I might become a danger to them. This caused me severe anger: now definitely seeing all xxxxxxxx as my Enemy. Motivated to xxxxxx them. (*Just paranoid over nothing!*)

*It's very likely the case that, because Homeland Security CO chief was again stuck in the International Court of Justice, he wanted again to find a chance to get me arrested and so, knowing from the Monkey's computer that I would show up at the Law Library tonight, instructed one of his agents to lie in wait for me there. But his agent didn't have a chance to report me to the police tonight.*

Now the Secret Society women's operation on my website today. 4:47 AM,

4 We can always suspect that this visit wasn't as simple as it looked. Namely, because the Baltimore Lawyer had talked to an authority in Washington DC yesterday, that authority looked into the issue today – this one. Namely, here to examine the Secret Society women's biggest complaint, that the TMU refused to recognize the Homeland Security warning about me as true because they didn't see me plagiarizing at all.

Could this be the Baltimore Lawyer again? Since Pasadena was in the southern edge of Baltimore, this means – if this was the Baltimore Lawyer again – she had returned to her home today (in northern Baltimore, as you shall see). This time she was using her iPad to examine further the issue of whether my spilling out my delusions about the Secret Society women's going after me on my blog constituted “stalking” and “harassment”. (As shall be seen later, the Baltimore Lawyer was a MAC person from head to toes – with a MacBook, an iPad, and an iPhone.

## 21 October (Tuesday)

*First, a note about myself.* Woke up on 1 PM. Okay. TNT, then Carl's Jr, then Starbucks, Normandie. I posted by 6:40 PM the blog post you see for 22 October, "Can Russia fund American feminism as a response to 'color revolutions'?" Walked to St Sophia: the Forum. Got Noah's email address. Left before 9 PM. Going to Starbucks, Vermont. Sat down with someone who looked like Mommy. (She was so extremely beautiful.) "Anybody sits here?" "You are!"<sup>6</sup> Before 11 PM, rode the 180 bus to PSDN. Wanted to try a new place, but passed it, ending up in PSDN. Couldn't W at doctor's. Eventually: **2 W, 6 N, 1 H, 4 B.** Home by 2 AM or so.

Now the Secret Society women's operation on my website today. 4:03 AM,

Obviously a volunteer who spoke Chinese. Here to examine the stalker's terrifying delusions. In particular, his delusions about Angelica – namely, brainstorming in regard to the Baltimore Lawyer's failure. (We can understand why: the Baltimore Lawyer's failure with the Washington DC authority on the 19<sup>th</sup> had become evidence unfavorable to Homeland Security CO chief in the ICJ, and so everyone – Homeland Security CO chief, Ekaterina, and the Secret Society women – was terribly nervous.)

A note about SDW at this point. She was out around 4 PM or so. As she would note in “First Responder Harassment Log, October 2014”: “4:07 pm – Passed by red Encinitas Lifeguard patrol truck as I walk North towards Beacon’s Beach. Blonde female in passenger seat sits w/arm out window. (Leucadia) 4:25 pm – White State Lifeguard patrol truck suddenly appears as I walk North to the end of South Ponto Beach. As I pass near the truck the white male driver drives South then loops back and stops directly in my path to block me. He stays in this spot until I reach the North end of the Beach and sit on the jetty. He then drives over to the jetty and parks near me, gets out of the vehicle and walks onto the jetty. Lingers nearby repeatedly staring at me, then gets back into the truck and exits the beach. Vehicle #JG (La Costa) 5:10 pm – Passed by red Encinitas Lifeguard patrol truck while walking South of Beacon’s Beach (same location as earlier – vehicle going opposite direction both times). (Leucadia) 5:36 pm – Passed by Encinitas Fire Dept. ladder truck at intersection of Encinitas Blvd. West and Balour.” It thus seems that she was out walking and exercising from 4 to 6 PM.

Kiersten's Vengeance, 23  
Lawrence C. Chin  
Mar. – Jun. 2020; revised, Jul. 2021

*First, a note about myself.* Woke up almost 2 PM. TNT. Emailed to Noah on 4:44 PM:

Hi Noah,

I want to send you the link to this document of mine I showed you last time:  
<http://lawrencechin2011.com/diaryreview2013-12-33/diaryreview2013-12-33Wc.pdf>.  
Can you look at page 21 and 22? And then can you look at this video: Budget  
Hearing, Department of Energy, Office of Science, March 25 2014:  
<http://youtu.be/Ec36BV-STRM?list=PLrLBYGaJdBvTMVjFdbHuV8vaQpS50XZrM>.  
Fast forward to 11:50, when the acting director is testifying about this  
“supercomputer”. In this case, this is a different version of the super-computer I’m  
complaining about in my document. In this case, the computer is developed for  
engineering purpose. But it’s the same principle.

I’m losing interest in the church because, while there is a lot of love around, there is  
no understanding. People want to show me love, and ask me what has gone wrong  
with me in the past few weeks, why I haven’t shown up. But if I explain my problems  
to people (my stalking case, my case with the government), nobody will understand  
what I’m talking about.

Imagine: if I go to confession, and confess, and the Father doesn’t understand what  
I’m saying, because my confession contains too much technical information, doesn’t  
this make the whole business kind of ridiculous?

I just need somebody to talk to. I have the same problem when I talk to therapists:  
they don’t understand what I’m saying. And so I’m more comfortable with talking  
with you one-on-one, when I can actually succeed in communicating some ideas.

I’m just rapidly losing interests in people, because nobody ever understands anything  
I say. Right now I can only think of applying for political asylum with some foreign  
government, because there are people in governments who can understand what I’m  
talking about.

If you look around the rest of my website, please don’t show it to others, okay?

Then I went to Jons to get cheap chickens. Got off the bus at the wrong stop, at SM/VRMNT. Had to  
walk one block. Not too upset. Then, Stories, past 6 PM. Jalise there, Claudia there, C there, Veronica’s  
agent not there. Worked quietly until 9 PM. Claudia played classical music. Went to Union Station.  
Spent 3 dollars taking pictures (Tap Card). Then out on CCHZ to collect rocks. PSDN. **8 N, 1 W (2<sup>nd</sup>),  
1 B**. Surprisingly, the security guard soon came, even though Zona Rosa was closed. Then, going to  
SPSDN. **2 W (both 2<sup>nd</sup>), 1 H, 2 B (FGNDE), 2 SPC (mirror)**. One man saw me, not sure if he even

noticed it. Ran, changed clothes, came to the Metro station by 11:40 PM. Home. Worked until 6 AM. When sleeping, suddenly got up to write an email to Louis.

Now the Secret Society women's operation on my website today. 4:13 AM, the Cape Town volunteer continued:

It seems that he was copying my blog post onto Word. Did the Secret Society women instruct him to forge evidence of my plagiarism? (Even when it came to my delusions about the chips inside my brain.)

My delusions about the Secret Society women. (In response to the Baltimore Lawyer's failure?)

8:11 AM, I was editing my blog from Stories. I was making additions to "Outline of Kiersten's vengeance, Part III." At the same time: it's the Seattle person again.

### **23 October (Thursday; severe targeting; Karin's meetup canceled)**

*First, a note about myself.* Woke up past 3 PM. TNT. Louis replied me a little past 4:32 PM. (It took him 10 hours to reply me.) He claimed that SDW had never mentioned me to him. I didn't believe him. Severe anger. Couldn't concentrate on anything. Determined, as required, to intensify my crime-spree as the only compensation for other human beings' requirement for me to not know what was real and what was true. Severe anger, causing me some physical pain and gravely motivating me to commit more crimes. This would last for the whole night. Stammtisch, past 7:30 PM. Couldn't concentrate, severe hatred for xxxxxxxxxx and other human beings. Had to leave by 8 PM. Regretted, but had to accept the fact that I couldn't learn to speak German because no human beings would ever talk to me. Other human beings do not deem me worthy enough to communicate anything to me. Severe anger, couldn't wait to commit crimes. Along the way to Sunset, **8 N, 3 B, 2 SPC** (not severe enough). At Sunset, going to Starbucks, Vermont. Determined to begin investigating my stalking victims again, for there was no other way to penetrate into reality. Sad that the government was requiring me to stalk women again in order to produce evidences. But decided: it's sad to have to waste my brain away trying to acquire such worthless information about such worthless human beings, and there seems to be the necessity of equality: I have only a vague notion about my stalking victims, just as they (and Homeland Security) have only a vague notion about me: they, because they can't comprehend my psychology due to lack of education. Rode the bus to EGLRCK: **3 W (large damages), 2 N, 1 B, 1**

**SPC, 1 H.** On the bus by 12:40 AM to go home. Ate at the Korean restaurant – hadn't done it since the 10<sup>th</sup>? **5 B (SCHL).** Severe hatred toward xxxxxxxxxx all the way until sleep, causing severe physical pain. Will attack xxxxxxxxxx more intensively tomorrow. Believed that Homeland Security is using my stalking victims to excommunicate me from human society because of my discovery of “special theory” and vacuum bomb.

My negative thought today: the human beings' rule is that it's a crime to know that you have committed a crime. I'll need to spend the rest of my life trying to find out what crimes I have committed.

*Now an explanation. First, it was probably significant that Karin had canceled her meetup tonight. Because of the Baltimore Lawyer's failure, everyone was in a state of crisis. Karin was probably busy tonight discussing the situation with Homeland Security CO chief, Ekaterina, and the other Secret Society women. As you shall see, the gang had decided to send their important associate, the “SPH-L710” volunteer, to the Baltimore Lawyer. Secondly, given that his case was not going well, Homeland Security CO chief had probably instructed the Monkey tonight to control me to want to gather more information about the Secret Society women so that he could have more evidence that the women's claim that I was stalking them was correct. (So I would be going to the Registrar Recorder Office as my first step tomorrow.) Third, this is Louis' email to me today on 4:32 PM. (All emphases are mine.)*

Hi Lawrence,

Yes, I remember you emailing me about a year or two ago. I hope that you are feeling well.

I like to separate my problems as a TI [from] the rest of my life, so in my regular life I spend my days working as an English teacher in Saudi Arabia, I have a few other jobs editing papers for a few companies as a freelancer, I spend some time talking with the other teachers, and so forth. Things have been fine at my school – my students just finished their second week of classes after their vacation for their religious holiday, and I enjoy editing papers and I have received positive reviews from clients as a freelancer.

As a TI, I have a lawsuit pending against someone and I'm planning another one, I still have my website, I periodically email with other TIs and I share information with them, etc., however as a TI I like to control the information that I see on the internet about me, so I have asked varied websites to remove my name from their sites. (To give an example that is silly, there was a gossip website kind of like the Perez Hilton site that had an article on it titled, ‘Is Louis Dezseran Gay’, and then it had an article stating that some people think that I'm a homosexual – I'm definitely not a homosexual, so I contacted that website and while I had to send them about five emails, they finally removed the article. I just google my name once every few months and I don't want any articles on the Internet about me that I don't write and/or that I don't control. Again, I know that article sounds silly and that you are having

problems so it isn't a good comparison; the main point is just that I don't want articles on the Internet about me that I don't control.)

*I do periodically email with Maura, and she doesn't write anything to me about you. I also periodically email with other TIs, and no one else has mentioned you either; so there's no reason to think that anyone is trying to mobilize against you. I wouldn't worry about Maura one way or the other – I believe that she's working as a nurse and that she also has a second job in a call center. I've never met her in person, but that's what she has written to me, and I haven't tried to get any further information on her, you, or anyone else who says that they are a TI.*

From what you have on your website, it looks as though you are a good writer. Have you considered working as some kind of language professional? There are varied companies that continue to send me work for academic editing, and you could likely help other people by editing papers or doing some kind of professional writing as well – I definitely enjoy my language work.

Best,

Louis

*Apparently he was actually telling me the truth: SDW had never talked about me to him and never recruited him. I was quite wrong. The visits from Egypt to my website in early September apparently didn't come from him. But, since I didn't believe him, I wrote him back on 4:57 PM:*

Wow, that's a lot of information.

It's certainly strange. That fact that you say that Maura has not talked about me to you is certain proof that you have been informed that revealing her stalking claim against me is a violation of her victim confidentiality – and so it's certain proof that she has talked to you about me.

Since she has told everybody about it, there is simply no possible way that she didn't tell you about me. That fact that you emphasize she has a job as a nurse is also certain proof that you have been informed not to reveal to me her stalking claim against me, since everybody knows that she's hardly working at her job anymore.

So thanks for the information.

*Then, on 9:39 PM, Louis replied me:*

Hi Lawrence,

I'm sorry if I mis-worded my last email to you about Maura and caused a misunderstanding. I periodically email with her but I've never met her in person or spoken with her over the phone, but I know that she spends a good amount of her free time emailing with others who call themselves TIs, so if I meet a new TI, then I ask Maura whether I can send her email address to the person as a means of sharing information – that's about it.

I haven't heard from Maura in several days, but she has never mentioned that she has any kind of stalking claim against you. *I think I faintly remember her writing several weeks ago that she doesn't communicate with you anymore*, and that's all that she wrote and there was nothing about a stalking claim, so there's no reason to believe that she is trying to do anything or get others to do anything to damage your life. From what I've read in her emails, it looks to me like she wants to focus on being a nurse and working in a call center, and that she wants to be able to spend time with other TIs and not be bothered by some of the things with which she has a problem (it sounds like she had a problem with the police and/or first responders in her area at some point, but it looks like she just wants to not be bothered by them – it doesn't look to me like she's trying to do anything bad to any of them).

As stated, I only email with her periodically and I have never met or spoken on the phone with her, but [in] her emails [she has] never shared any of that kind of information about you, so if I were you I wouldn't worry about it, I would spend time with other people if there is an issue with her, and I would focus on your writing and other positive activities.

*Then, a few hours later, on 2:27 AM, Louis wrote me again:*

Hi again, I had another thought about Maura. She has written me in the past that she doesn't have a relationship with her family anymore, so it's possible that someone hired one of those psychologists to try to isolate her from other people. I don't think that it's any kind of a high-level government issue, it could just be something as simple as someone not liking her and there being a psychologist in that area with little or nothing to do all day so that psychologist causes problems for other people (there are plenty of unemployed or barely employed psychologists in the Los Angeles area who pick up low-paying work for a short period of time who do these kinds of things to people). Regardless, if it's at a point where she filed a stalking claim, it's in your best interest to not contact her anymore and to focus on other things.

I'm not sure whether she's communicated her family problems with you or others, so you don't need to let her know that I wrote that to you. I definitely don't want to embarrass her, but that could be a logical explanation for the confusion between the two of you.

*By the end of today, I did a tally of the damages I had collected:*

**Total since 1 October: W: 39; N: 135; B: 77; H: 19; SPC: 15.**

**Total since the very beginning until 30 September: W: 300; N: (2207); SPC: 354; H: 339; B: 781; ATM: 19.**

**Total since the beginning: W: 339; SPC: 369; H: 358; B: 858; ATM: 19; N: (2342).**

## 24 October (Friday; Wes)

*First, a note about myself.* Woke up past 11 AM. TNT, then hurried to the Metro station, going to the Registrar Recorder Office. There by 2 PM. **2 B** at the library nearby. Looked up Dr P's birth certificate and marriage certificate. Not trusting the information on the marriage certificate. Searching for her marriage certificate on the computer, I put the years to search "2005 to 2008", and yet the certificate popped up even though it was dated 1996! Suspected that Homeland Security might have wanted me to find it because it was a fake! (*Wrong.*) Feeling uneasy, especially since the information on the certificate about David P's parents was different from that found online. No information on Kiersten either. Left by 3 PM. Called SSA while on the train, was never able to get through before reaching downtown. Then, Jons: cheap chickens. At Stories before 6 PM. Called Wes, he actually answered it.<sup>8</sup> He seemed to be pretending to be dumb when I tried to explain to him how my status as a "stalker" and "victim confidentiality" were entirely based on Chaya's warning, and not on any laws. Wes told me about a movie in which I imitated the movie, and then mentioned Nicolas Flamel. We talked past 7 PM, until my phone ran out of batteries. I then replied to Louis: "Albert, Paris, 2008." As soon as I clicked "send", however, I thought this couldn't be right. I could be repeating Dr P's post card episode. Worked in Stories until 10 PM. Somewhat excited. Then going to Starbucks, Vermont. Finally was able to concentrate on Dr P's information. Then realized that the certificate was indeed genuine. Almost lost the desire to collect damages, until I began thinking about how it was impossible for anybody to understand my thought-process: then, severe hatred toward xxxxxxxxx again, and, 12 AM, was going to SMDR. Arriving around 1:27 AM, only 40 minutes. **2 W (3<sup>rd</sup> and 2<sup>nd</sup>)**. A security guard from the nearby building however noticed it. **1 H, 1 SPC, 1 B**. On the train going back by 2:10 AM. At downtown, eerily empty. Few cars. Left Ns, but only **1 N**. As if Homeland Security had evacuated the city blocks. Home.

*My conversation with Wes today was important evidence for the CIA and the TMU. Here are the highlights:*

(1) Homeland Security was investigating me anew because of this "vacuum bomb" business. (2) How I was required to "stalk" my victims again. (3) Were the Secret Society women working with a feminist organization to use my case to persuade the legislature to pass more laws to protect women? If so, there would be a "higher purpose" to which I would gladly contribute. (4) How I was required to collect worthless information on the Secret Society women. (5) The impossibility of forming any anti-xxxxxxx terrorist group. (6) Could Russia fund American feminism? (7) The reason why I was not allowed to know who and how I had stalked: the confidentiality provision on Chaya's warning; what exactly happened with Chaya's case back in 2003. (8) My desire for the Secret Society women to generalize my case so that any man can become a "stalker" by merely blogging about women. (9) How much damage I had really caused with my vandalism. (10) A possible solution to Wes' October 2012 "oracle": did the Monkey chip a prominent Russian daughter? (11) The strange dream I had: a movie to discredit me. (12) Nicolas Flamel. (13) Cultural feminism and alchemy.

*(As the TMU wanted to dismiss this stalking case opened since 1 October with the same reason that I was purposely “stalking” in order to enable my “victims” to have a case on me, what I said to Wes today about how I wished the Secret Society women could “generalize” my case by getting new laws passed was certainly their evidence to such effect. (Here it seems that the “filter” was active again since, later on, Ekaterina and the Secret Society women would indeed adopt my suggestion.) The CIA would also soon bring the intercept of my conversation to the ICJ to argue that I wasn't anything like what the Secret Society women said I was (since I was actually trying to help them). Tomorrow night the Invisible Hand would “collect” another evidence to consolidate this argument so that, two days from now, Ekaterina's stalking case against me would be dismissed again. Note how interesting it is that I was wondering whether the Secret Society women had found a “feminist lawyer” to help them: as you have seen, they had indeed contacted a certain “Baltimore Lawyer” and had just sent their associate to Baltimore to help her with the current impasse, although it's not clear whether or to what extent this Baltimore Lawyer was a feminist. Furthermore, you must pay attention to Wes when he mentioned something like Nicolas Flamel: you never know whether he was again prophesying about the future.)*

This is somebody important – it's that person very close to the Secret Society women whom we have  
nicknamed the "SPH-L710" volunteer. Recall that we first encountered her on 29 June last year during  
the "North Korean affair":

Her phone had been updated but we can still recognize her here: “Android 4.1.2; en-us; SPH-L710 Build/JZO54K” is Samsung Galaxy S III “Jelly Bean” and “Android 4.4.2; SPH-L710 Build/KOT49H” is Samsung Galaxy S III “KitKat”. In other words, this person – whom I would later, and at times, misname as the “Elkridge volunteer” – would have merely updated her phone some time between 20 February and 24 October from “Jelly Bean” to “KitKat”. The question is of course: what was she doing here in Maryland? In the vicinity of Washington DC, in particular? We suggest this: since the Baltimore Lawyer was, on the 19<sup>th</sup>, unable to convince the Washington DC authority that I had “stalked” the Secret Society women and Ekaterina, the latter decided to send this “SPH-L710” volunteer to the Baltimore Lawyer to help her present her case better to the Washington DC authority. So the “SPH-L710” volunteer flew in from Los Angeles yesterday. Today, as the two presented their case to the Washington DC authority (how I had terrorized my women victims by blogging about them so that the Homeland Security warning about me should be judged valid by law enforcement agencies), the volunteers brought up my harassment of Kiersten (the Portland, Oregon, volunteer) and even Dr Brizendine (the Vcu Health System Authority volunteer) as concrete examples. But the Washington DC authority would not budge. And so, afterward, the Baltimore Lawyer and the “SPH-L710” volunteer continued to discuss the matter somewhere near Capitol Hill and, on 9:06 PM, the latter examined my blog to reconsider the argument that, because I believed there were chips planted inside my brain, I could be dangerous, so that the Homeland Security warning about me should be deemed to be correct. Now stay tuned for the Baltimore Lawyer’s appearance tomorrow.

## **25 October (Saturday; Karin's meetup canceled)**

*First, a note about myself.* Woke up about 2 PM. Okay. 4 PM, TNT. Because of a robot visit, no visits before 2:30 PM were visible. Immediately deleted from my website the first recording of my conversation with Wes last night. (My time at the Registrar Recorder Office was also in it.) It's not clear whether anybody from the Secret Society had pretended to download it this morning. Festival on 6<sup>th</sup> Street. Jons, cheap chickens. Stories, Jalise there, Veronica's agent there, C there. Very depressed.

Around 8 PM, a very pretty AWF showed up. Sat down with her. Wanted to lick her hands. Very excited. Secretly filmed her with my laptop. Toward the end, developed this hypothesis:

From May to July, the hardliners in the Pentagon tried to monopolize the solution to quantum gravity through “victim confidentiality”: the stalker can't be known by others and he is not allowed to know anything, because he is in possession of women's confidential information, i.e. information about the women's criminal conducts; his website contains women's confidential information, i.e. information on the women's criminal conduct. When women commit crimes, nobody is allowed to know about it, in order to protect women. Therefore, the solution found on the knower's website can't be shared with, nor utilized by, anyone other than the victims due to “victim confidentiality”. And yet, the Pentagon itself began utilizing materials from the stalker's website in violation of women's confidentiality. The Russian government, in response, began devising a plan using Ekaterina to obtain the solution, or the legal ground for using the solution. Late July, Maria was under Dutch police protection in Holland. Early August, I finished the posting on EKT's pictures online. The Russian operation began. EKT filed stalking claims against me with the US authority – especially given Homeland Security's previous warning about me as a schizophrenic obsessed with government officials, and EKT herself. Early August, EKT joined my stalking victims' Secret Society. Reason: given the MH-17 business, both she and her sister were under threat from stalkers; my posting about what she looked like constituted a threat. Homeland Security now worked with her and Kiersten's Secret Society to remove my website using stalking claims. The stalking claim couldn't however be established in August. The program in the control center then became active, eventually causing me to do something to cause the stalking claim to be established, and then causing me to become aware that I have discovered a “special theory of quantum gravity”, that it could be generalized to solve the mystery of the origin of the universe, and that, if the general theory includes the ability to control uncertainty, then a vacuum bomb is possible. As my stalking victim, EKT was able to “monopolize” it as well under “victim confidentiality”....

*I would continue to develop this wrong scenario in the coming days. You can see the whole thing in the blog post for 5 November, “The conclusion of Kiersten's Secret Society's gang-stalking of me: some hypothesis”. The final additions which you do not see in the archived versions consist of these:*

31 October, my mother deposited money. To deceive me into believing that nothing has happened at all? However, the government's true intention must be to arrest the women eventually, since there is no possible way that the government is going to continue to protect a bunch of mentally ill women and their confidentiality which is a barrier to scientists' going back to work under regular routine. Besides, the international audience must have been disgusted by the hardliners' actions and the women gang, forcing the US authority to do something about them.

The purpose of the course of events is to prove: (1) Homeland Security always messes things up; (2) women are selfish, stupid criminals who are willing to let the enemy state monopolize the “vacuum bomb” in order to avoid prosecution of their petty crimes.

Do not know if the lawyers whom EKT has hired to sue the US government in District Court are feminist, and if they are going to work on generalizing my case. If so, we can at least expect a new stalking law: when a woman accuses a man of stalking her, the police is not allowed to investigate the veracity of the woman's claim, and not allowed to notify the accused man, but is required to clandestinely dispose of the man under some other pretext in order to protect the woman's confidentiality. In this way, when the man is accused, he will not know about it, and so cannot answer for himself. This will confer absolute power upon women vis-à-vis men, and is definitely the law we most urgently need in American society. Hopefully, even when a mentally ill woman accuses the President of stalking her, the police is not allowed to notify the President and not allowed to investigate the woman's claim. But the legislature cannot possibly permit this.

Left Stories by 9 PM, even given the pretty AWF (and wanting to masturbate). Then, going to RNDO (on the way, hesitated about checking out Dr P's): **3 W (one 3<sup>rd</sup>), 3 B, 2 N, 5 H**. On the bus going to Long Beach by 12:15 AM. When I came home, I uploaded the video I shot of the pretty AWF onto my Youtube channel and emailed the link to Wes: “Can you rate this 2 minute video? Ugly sicko and pretty female, must see!”

*The pretty AWF that showed up today was in fact a CIA agent whom the Invisible Hand had sent in. As you can see in the video, she in fact knew that I was secretly filming her: well, she was told beforehand that this was her “mission”. The Invisible Hand knew what I would do: I would pretend to be a sicko by acting like a pervert and filming her and then sending the link to the video to Wes. He would then enter the whole episode into the evidentiary record at the ICJ tomorrow to argue, again, that I wasn't the sort of stalker that the Secret Society women and the Russians said I was since I was purposely acting like one in order to create a case. This served to reinforce the evidence of my confession from yesterday and, for sure, the TMU tomorrow would dismiss the stalking case against me again and notify the Russian diplomatic service that I was not a threat to Ekaterina, especially since I had purposely “stalked” her in order to offer her an opportunity. (The CIA would maintain its position that, if I had any sort of obsession with Ekaterina, I posed no danger to her because I was perennially pro-Russia.)*

*All this was of course very bad news for Homeland Security CO chief. The previous ICJ trial was at risk of being reopened! He therefore decided to control me again to do something that would make me conform to the Secret Society women's profile of me. Especially the claim that I always developed delusions about the woman I became obsessed with. He therefore instructed the Monkey to control me to develop more delusions about Ekaterina. This is how, tonight, I suddenly came up with the scenario that Ekaterina had joined the stalking case against me (true) in order to monopolize my “special*

*theory of quantum gravity” (complete nonsense). This “delusion” would also further confirm Kiersten’s claim that I suffered from grandiose thinking due to my narcissistic tendencies (again, her projection of herself onto me). Homeland Security CO chief would bring my latest “delusion” about Ekaterina and “grandiosity” to the ICJ as evidences tomorrow to argue that his case shouldn’t be dismissed (since there were still evidences that his star witnesses’ profile of me was correct) while the Invisible Hand would argue that it should be. Again, stupid as my wrong scenario might appear at this point, something like what I said might come true in the future when Homeland Security CO chief’s terrorist conspiracy against the Invisible Hand shall be reversed.*

The CIA girl tonight: she knew she was being filmed.

Then, on 8:28 PM, she came back to the front page:

```

```

35 seconds later, she looked at:

```

```

Did Karin direct her to look at this? (She had skipped her meetup tonight in order to deal with the crisis at hand.) Evidently, because the arguments about how I kept blogging my delusions about my women victims' going after me kept failing, the Secret Society women must come up with something new – and the matter was urgent because the TMU was about to dismiss Ekaterina's stalking claim definitively and Homeland Security CO chief was about to lose in the ICJ. Karin wanted the Baltimore Lawyer to see that, I didn't just bad-mouth about my victims, but had also exhibited their pictures. If this could constitute legal ground on which to force law enforcement to admit that Homeland Security – and my women victims – were all right about me, then this would be favorable evidence for Homeland Security CO chief in the ICJ. "See, he put pictures of me on his writings in order to harass me. Now the whole world would think that I have something to do with him." Given that the Baltimore Lawyer wouldn't come again until five days later, she must have concluded tonight that the evidence was simply insufficient to persuade the Washington DC authority.<sup>11</sup>

11 Now that the Baltimore Lawyer had showed up in her hometown, a word about her true identity. Recently (June, 2021), I might have correctly identified this "Baltimore Lawyer" by browsing through the membership listing of the Maryland State Bar Association and then correlating the findings with online leaked databases. The Maryland State Bar Association ([msba.org](http://msba.org)) lists a certain "Martha Lessman Katz" (b. 28.10.1952), of Lutherville-Timonium, who specializes in Internet laws and was first admitted into the California Bar Association in 1981 and then the Maryland State Bar Association in 1993. (She can also practice in Illinois and the District of Columbia.) Upon identifying her on [msba.org](http://msba.org) and [intelius.com](http://intelius.com), I did a search for her email addresses on [dehashed.com](http://dehashed.com). One of these email addresses ([mandrkatz\\_at\\_verizon.net](mailto:mandrkatz_at_verizon.net)) shows up on the [houzz.com](http://houzz.com) data breach with the IP address of 173.64.125.173 ([bltmmd.fios.verizon.net](mailto:bltmmd.fios.verizon.net), Towson, Maryland). This, along with the fact that Mrs Katz used to live in Los Angeles and San Diego before moving to Baltimore, seems to confirm that I have made the correct identification. (Since the [houzz.com](http://houzz.com) breach happened on 23 May 2018, Mrs Katz might have used this IP address some time in 2017 and early 2018.) The only problem is that this "Martha Katz" has no address history on record in Elkridge. While her June 2021 visit to my website is correctly traced to Lutherville-Timonium, it's not clear – if I have indeed correctly identified this "Baltimore Lawyer" – why all of her 2014 and 2016 visits were traced to Elkridge (as well as the visits of the Secret Society women's "special envoy" the "SPH-L710" volunteer in November 2014).

This is a private discussion forum for the students of Southern Oregon University. It's presumably the Medford person from an hour ago who had posted my image on this discussion forum. It's not clear whether this was related to the Secret Society women's operation. (Perhaps to produce evidence in the ICJ that I was bragging about my violation of intellectual property rights.)

## **26 October (Sunday; “yum yum women”)**

*First, a note about myself.* Watched a strange Chinese movie during bed time, almost 7 AM. Woke up 3 PM. TNT, around 4 PM. The cashier was not there. Meant to frustrate me? Went to Coffee Bean instead. Checked out the website of High Energy Physics Institute, to find a Chinese female physicist to stalk (to post on my blog). Then Jons, chickens. Stories, around 6:30 PM or so. But no Internet connection. Frustrated, saddened. Couldn't post the information on my blog, as if obstructed because I was about to do something important. Left. But then came back, in case it's Claudia's trick to get rid of me. Worked on my reconstruction instead. Claudia then closed early, around 7:42 PM. “Nothing is working.” Told her: “It's probably me. The government shut down the Internet here because I was about to cyberstalk some Chinese physicist.” But she didn't want to hear it. Starbucks, Vermont. Posted on my blog “Yum Yum Chinese and German women of the day.” (*The Invisible Hand would certainly use this posting as further evidence in favor of his argument: I was purposely “stalking” to create a case.*) 9:45 PM, came to Starbucks, Westwood. Worked. 12:54 AM, printed out my latest reconstruction in PDF. The margin and page numbers were messed up. I assumed that it was Homeland Security which had remotely activated “Track Changes” on my Word in order to track the changes I made on my reconstruction. (*Wrong!*) Further saddened. The scenario about Ekaterina's actions began to take shape completely. Before leaving, I finished the reconstruction of Ekaterina's actions, as seen above. Didn't

upload this diary for backup. Not sure about the effects of the “stalking” tonight. My recorder ran out of batteries for a while already. Almost 2 AM, left Starbucks, and bought batteries, **4 B, 3 W (2<sup>nd</sup>), 2 N**. On the bus past 3 AM.

Note that SDW posted something new on her blog today: “Eleanor White discusses organized stalking and technological harassment...”

A note about SDW at this point. She had left home a little past 3 PM and was now going to San Diego. As she would note in her "First Responder Harassment Log, October 2014": "3:36 pm – Passed 'traffic stop' on shoulder of 5 South Freeway just North of 805 merge. One San Diego PD patrol car w/ flashing lights. (San Diego) 5:21 pm – Passed by red ambulance on 805 South immediately after entering the freeway from Adams Ave. (San Diego) 7:20 pm – Perped x 2 by white male Fireman from La Costa Fire Dept. at Albertson's market, wearing dark blue t-shirt w/ dept. logo. Passed same fireman in 2 different aisles, the first time he was mimicking me eating a banana. (La Costa)" And so she was in San Diego doing something or meeting someone approximately from 3:45 to 5:15 PM, and then was at home from 5:45 to 7 PM. She then went shopping for groceries at Albertson's. The important question was of course: what was she doing or who was she meeting in San Diego? Something to do with me?

## 27 October (Monday, Karin's meetup)

*First, a note about myself.* Woke up near noon. Tried to sleep more. Couldn't. Got up before 2 PM. TNT. Looked up the matter of quantum gravity again, then focused on Heisenberg's matrix mechanics. But couldn't find his 1925 article online. Carl's Jr. Then home. Tried to nap a little. Got up, masturbated (AWF). Left for UCLA library by 7 PM. Made copies of the three articles by Heisenberg

in his *Gesammelte Werke*. Spent about 12 dollars on this. Out of the library, almost 10 PM. Found food in trash cans, Westwood, then Starbucks. Had been feeling tremendously pressured by “victim confidentiality”; it’s so tight certainly because of Ekaterina’s involvement. Suddenly thought of the idea of removing the blog post about her – problem solved! But why didn’t I think of this earlier? And why suddenly? What’s the intention of the person inside the control center in making me not think of this earlier and in making me think of this now? And what about the “special theory”? Did Ekaterina really make it known to others? Is everybody going to play fair and make a treaty about its application? And so I deleted the posting about Ekaterina. The strange thing: just when I wanted to look at the posting to ascertain that I already had a copy of it, the Internet was suddenly cut off – when the page was loaded halfway – clearly, the authority had shut it down; it was not normal malfunctioning. I also deleted “Yum yum women” and “Can Russia fund American feminism...” I also added this note to my “Can a vacuum bomb be possible?”

Take another look at the “special theory of quantum gravity”: It’s “special” because there are no gravity and uncertainty (gravity is 0 and [the] uncertainty principle is absent). It is thus a description of the vacuum, i.e. a description of the behavior of the Planck lengths when they don’t exist. A “general theory” thus means: a description of the behavior of the Planck lengths when they do exist.

I then worked on my reconstruction until 2:30 AM. Walked south to collect damages. **1 N, 4 B, 1 SPC, 1 W (CHRC, 3<sup>d</sup>)**. Done by 3:30 AM. On the bus going home.

*(It’s of course very bad for Homeland Security CO chief and the Russians that I deleted my blog post about Ekaterina. It would from now on be even harder for Ekaterina to accuse me of stalking her. Without such accusation, Homeland Security’s warning about me was endangered in the ICJ and the previous ICJ trial was at risk of being reopened! Perhaps it was Homeland Security CO chief who had shut down my Internet connection tonight.)*

Now the Secret Society women’s operation on my website today. 4:33 AM,

She continued to ponder the problem: “The TMU rejected the Homeland Security warning about him because they didn’t believe he has ever plagiarized. Can this chapter be evidence that he did plagiarize?”

## 28 October (Tuesday)

*First, a note about myself.* Woke up 3 PM. TNT, already 5 PM. Surveillance around me, it seems. (*Did Homeland Security CO chief send in agents to watch over me now that he was desperate to save his warning about me in the ICJ?*) The Metro was particularly full. Jons, chickens. Stories. Jalise there. Veronica's agent not there. Nitro PDF began suffering certificate error problem. Asked the computer graphics artist about the problem with my Microsoft Word: it's on "Track Changes". Realized it must be a Homeland Security operation. (*Probably not.*) Left, 9 PM. Collection at INDNA. **10 N, 1 SPC, 2 B.** Almost every driver who got nails got out of his car to check: unusual. Home by midnight. Worked on EKT's episode. Severe anger: everything was so vague. 2:30 AM, out for more collection: **5 B.** Upset because there was no time to read nor write. Burned DVD-414. MST, AWF.

Now the Secret Society women's operation on my website today. 4:08 AM,

## 29 October (Wednesday)

*First, a note about myself.* Slept past 6 AM while watching the Chinese movie “One Step Away”. Woke up around 3 PM. Severe anger upon waking up. Wanting to attack xxxxxxxxx. Reasons:

Kiersten's Vengeance, 23  
Lawrence C. Chin  
Mar. – Jun. 2020; revised, Jul. 2021

Not allowed to know anything. Not allowed to know that I have been charged with a crime. Not allowed to know who has charged me with a crime. What happens is in fact that people having a functional brain are in the process of being liquidated. Communist revolution.

Males, or subhumans, are presumed guilty until proven innocent. Females, or human beings, are presumed forever innocent and never guilty.

When you attack me, although I can't attack you back, I will attack your fellow citizens. You might not care about your fellow citizens, but your fellow citizens care about themselves. And for me it's the same thing.

People will continue to victimize me until the end of time. I can't ever get out of the fate of being victimized. Serial victim.

TNT, then Jons, chickens. Stories. Jalise there. **Veronica's agent not there.** Later Liana showed up. Anger causing inability to concentrate. 6:38 PM, Firefox began automatically downloading updates. Probably another Homeland Security operation. 7:30 PM, Internet connection slowed down tremendously. All my postings now had to go through a proxy, presumably. (*All wrong.*) Left 8 PM, thinking about going to Home Depot and then to Dr P's. But couldn't make it to Dr P's in time. Physical pain all night long because one was unable to hurt people and break things immediately as needed. To SM. At SM/ WLSHR: **9 N, 1 W (3<sup>rd</sup> or 4<sup>th</sup>).** 10:50 PM, arriving at Caocao. Not allowed to connect to the Internet. Physical pain. Stayed until 12 AM. Then collected more damages: **6 N (at least 3 Asians), 2 W (PSYCH, 6<sup>th</sup>), 1 SPC (WF), 2 H, 2 B.** On the bus by 1 AM. At VRMNT/ SM: **1 W (URGNT, 2<sup>nd</sup>), 2 B, 5 N.** Near home: **3 B (SCHL).** Home by 3 AM.

Now the Secret Society women's operation on my website today. 4:40 AM,

It's not clear whether this was related to the Secret Society women's operation.

9:07 AM, the London volunteer came back after an hour:

This volunteer must have been here before. The same thing: “The police refuse to recognize the Homeland Security warning about him because they refuse to believe he has plagiarized. Can you think of a way to prove that this is all plagiarized?”

Around this time, SDW was near UC San Diego. As she would write in her “First Responder Harassment Log, October 2014”: “1:07 pm – Passed by red ambulance from opposite direction at Genessee North immediately after exiting 805 South. (La Jolla) 1:21 pm – Passed 2 San Diego PD motorcycle cops stopped on right shoulder of Governor Eastbound and Cantor. One officer is standing on the side of the road watching my vehicle as I pass. (University City)” What was she doing near UCSD? On business related to me?

14 If this was indeed Stephen Sheehan, this means that, while out, SDW was also talking to her brother about me, which means that she might indeed be on business related to me. During the discussion the rest of the women gang then sent the link to Stephen asking him if he could make a case of plagiarism out of it.

3:17 AM, bltmmd.fios.verizon.net, Elkridge, Maryland; it's the Baltimore Lawyer:

Apparently, now that the stalking case was dismissed along with everybody being totally desperate – not in the least Homeland Security CO chief and Ekaterina who had to worry that the CIA might soon reopen the previous ICJ trial – the Secret Society women were calling on the Baltimore Lawyer again: “Can you take another look at the matter? He wrote all this crazy stuff about us; it must have violated the laws in some way!” Almost two minutes later, the Baltimore Lawyer clicked on:

The Sydney volunteer had just looked at this chapter an hour ago. Was Karin explaining the matter to the Baltimore Lawyer right now? “He wrote this story about me accusing me of being a CIA agent... and he put my pictures on it... just to embarrass me!” Then, almost a minute later, Karin directed her to the other chapters:

Karin was basically showing her how I was advertising my delusions about her whole gang on my website in order to harass them. The Baltimore Lawyer then apparently clicked on an external link. 3:32 AM, she came back to my website:

### 30 October (Thursday; Wes)

#### Mother deposited 200 dollars in my account today.

*First, a note about myself.* Slept past 6 AM, while watching videos on matrices in linear algebra. Woke up past 3 PM. TNT. Ate burger instead, because I was on the line with Social Security Administration. Was able to get through this time. Stories. Liana there. Was so extremely depressed, unable to find anyone to talk to about EKT's affair. Called Noah again. He answered it, but suggested Monday for the meeting. Angered, saying: "My stalking victims are going to liquidate me..." Thus he agreed to meet tonight, on 9 PM in Coffee Bean, Normandie and Wilshire. Then, Silvia showed up. She actually smiled at me and greeted me. Unusual. Strangely, she told me she was leaving again, and would come back only on the 15<sup>th</sup>. "But the 16<sup>th</sup> is my birthday; why the coincidence." Told her then that some Russian daughter had joined the stalking scandal to steal the "formula". Mood tremendously lightened up after my verbalizing the matter with her. But Liana cut in, not allowing me to talk to her. It was then almost 8 PM, time to leave to meet with Noah. Finally, Silvia was leaving. Caught up with her to tell her that Liana was angry with me, but Liana again cut in and forbade me to say anything more to her. Thus, never got to explain to her why I said what I said to Liana. Then, angered again, severe hatred toward xxxxxxxxxx. Then Wes called. More details about the possible change of Planck's length if the value of gravity could be altered. Then about SDW's "American Monkey Way" (Ape Morality). Almost 8:30 PM, ran to the bus stop, got on the bus while talking to Wes. About the need to retaliate against SDW's family in order to help them look good to the police. Noah was in the wrong Coffee Bean, but met with him anyway (Western/ Wilshire). When face to face with him, and after talking with Wes, I was talking normally with him, rather than with hostility such as toward all xxxxxxxxxx. But the role I played – the ugly, unkept anti-authority genius freak with only a brain and no equipment and no status, meanwhile it's the government itself which has wanted me to be anti-authority and counterculture – tremendously disgusted me. And, after all, I was not allowed to know anything. Therefore I quickly left Noah looking angry. He seemed baffled. Must attack xxxxxxxxxx. But must upload the recording of my earlier conversation with Wes to my website before collection, in case I should get arrested. Doing so at TNT (Western/ Wilshire). But the FTP connection was cut off after about one hour. Had to go home first. Home, uploaded my file, and left for collection, past midnight. SM/ 26<sup>th</sup>: **4 B, 2 W (5<sup>th</sup> and 4<sup>th</sup>), 3 SPC (2 mirrors only), 5 Ns, 3 H (one anti-xxxxxxx phrase)**. Then changed plan, heading toward LCNGA: **1 W (2<sup>nd</sup>), another shattered. 1 H (STRBK)**. Home by 5 AM. Then realized: the vagrant's words early this month: "People all over California are saying bad things about you..." Apparently everybody in the legislature is also a practitioner of Ape Morality; people are very angry with my facilitation of EKT's attempt to monopolize the solution, thinking that I did it intentionally. If the US government attempts to monopolize the solution, then it's not injustice against me. But if I allow the enemy of the US to monopolize it, then it's injustice against the US. Since nobody has to feel my feelings, other people's perception about justice differs tremendously from mine, i.e. whereas I count injustice against me as injustice, other people don't, but only consider injustice against themselves as

injustice. I have thus again perceived the opposite of reality to be the reality, due to everybody's refusal to communicate anything to me. At the same time, tremendously angry with the CIA, because it is they who are colluding with the Russians to stage this show, in obedience to D. Higgins' judgment! (*I didn't know I was all wrong here.*) Have thus decided: never associate with xxxxxxxx, even the loss of Silvia is no loss, for xxxxxxxx are very dangerous, they practice Ape Morality, and therefore cannot be reasoned with. They live in the world of "might makes right". Too dangerous. Have to obtain political asylum in other nations if one ever wishes to associate with other human beings rather than simply committing crimes.

*Now my conversation with Wes today in more detail (from 4:14:50 onward):*

(1) "The government wants me to develop such hatred for xxxxxxxx that I couldn't concentrate on doing anything. I couldn't commit any more crimes than I'm doing now." (2) Ekaterina has joined the stalking claim against me, hence the secrecy. (3) How, back in May, the Pentagon wanted this ICJ trial to go away so that they could monopolize my solutions; Ekaterina came in for the same reason. The result: the ICJ trial was open again. How all the stalking was such bullshit. (4) My solution: a special theory of quantum gravity which describes how things behave when they don't exist. Planck's constant will change if a given mass were to cause more curvature than it actually does. If you can change it, then you can make complex things pop up from nowhere. (5) SDW was upset that I had sent her a fake message and so she had been trying hard to get one fake message sent to me. (6) How I had been converted to the American "Monkey Way". (7) How I wished the government could give me an assault rifle and teach me how to use it so that I could shoot a lot of xxxxxx and then kill myself. (8) About Professor Carson. (9) The difficulty in proving Fermat's Last Theorem. (10) How to persuade the American people to expel all Chinese scientists. (11) The Wen Ho Lee case. (12) When the French objected, if they won, they would have monopolized my solution. (13) The CIA is using this opportunity to eliminate all their opponents. (14) It is SDW who had instructed Wes to mention Nicolas Flamel to me. Wes denied it. (15) Reality is merely four-dimension, the other dimensions not necessary. (16) It's better that Ekaterina had never been involved; she had complicated things. (17) Everyone left me no options but to commit crimes. (18) I had better retaliate against SDW and her family; otherwise they would look bad. Wes: "You learn how to be dangerous when you are in jail." *Is this an oracle?* How I wanted the Russians to create a terrorist group for me. Wes suggested that I not focus on the injustice I had suffered.

*(Now that Homeland Security CO chief's warning about me was doomed in the ICJ and he sought to bring in more evidences to keep it afloat, he would certainly utilize my conversation with Wes today as evidence. Again, my wrong scenario about how the Pentagon was trying to monopolize my "solution" was evidence of my grandiose thinking and my other wrong scenario about how Ekaterina had joined in also in order to monopolize my "solution" was proof that I had the tendency to develop delusions about the women I was obsessed with. (He of course didn't know that, when it shall be time to reverse his terrorist conspiracy against the CIA, all my "delusions" would become reality.) On the other hand, the CIA would advance the argument that my "delusions" were simply wrong guesses and not true delusions – especially since I had guessed right that Ekaterina had joined the Secret Society women's enterprise. To keep his case afloat, Homeland Security CO chief had also again instructed the Monkey*

*to intensify my hatred for the xxxxxxxx around me so that I would say things that would make me look like I was an anti-American terrorist. This was especially necessary after, as you shall see, the Baltimore Lawyer had screwed up again during the day in Washington DC. Hence all my negative thoughts which you have just read above.)*

Now the Secret Society women's operation on my website today. 4:16 AM, the Baltimore Lawyer came again:
