

The Secret History of the International Court of Justice

KIERSTEN'S VENGEANCE

25

RESUME

The following reconstructs the operations of the Secret Society women and Homeland Security CO chief against me from 8 to 21 November, 2014. The Secret Society women are: Angelica (Angelina, G), Dr P (Pettersen), Karin (K), Kiersten (J), and SDW (Maura). Leading them was Russia's First Daughter Ekaterina (Putina). The "TMU" continues to refer to the LAPD's "Threat Management Unit".

This is a rewrite of the original "Kiersten's Vengeance, 25", originally composed from July to September, 2020. The original version, with the file name "timeline116-9-final.pdf" (dated 25.09.2020), can still be found in the same file folder.

Synopsis:

08.11: **Morisio in Stories.** The Secret Society women continued to mobilize volunteers to brainstorm how to report me for plagiarism. Note especially the University of Bath volunteer (thermhch6d222.html). They also mobilized volunteers to examine my delusions about Khalezov and the chips inside my brain. Two volunteers also examined my harassment of Ekaterina, Angelica seemed to be telling volunteers again about how I had painted her nude, and Kiersten seemed to be telling a volunteer about how I had been blogging about her. A Lakeland volunteer was also examining my August diary. Then, late in night, I showed up at Dr P's. The Secret Society women were ecstatic and all of them, including the Baltimore Lawyer and the "SPH-L710" volunteer back in Baltimore, were watching me doing my deed in real time on their computer screens.

09.11: As soon as Dr P turned in the new video from last night to the TMU, the rest of the Secret Society women started mobilizing volunteers to report my website to them trying to prove to them that the Homeland Security warning about me was correct: first of all, they recruited almost a dozen students from Texas A&M University to report on asmatpoles.jpg. Then, to report on my delusions about Ekaterina, the Secret Society women themselves, Khalezov, ICAACT, and the chips inside my brain. The "SPH-L710" volunteer showed up again. By night, the TMU used Morisio to stage a test for me in Stories and obtained evidence to justify their refusal to reopen the stalking case against me (and the CIA's evidence too in the ICJ). Then, later in the night, my conversation with Wes: wrong scenarios which would be Homeland Security CO chief's evidence both in the ICJ and for the TMU.

10.11: Morisio not in Stories. Early in the day, the Secret Society women continued to report me in conformity to the Homeland Security warning about me. However, when the TMU informed them that they won't reopen the stalking case on me, the Secret Society women spent the night discussing their impasse with their volunteers: SDW went to her TI friend's home to participate in the discussion, and the rest of the women contacted the Baltimore Lawyer again, who then came to examine my Facebook page. (SDW's Erie relative might have appeared again). Then, at night, to remedy the situation, Homeland Security CO chief planned for my arrest and made sure I should find a laptop.

11.11: Morisio in Stories. The Secret Society women mobilized a vast number of volunteers today to brainstorm how to force the TMU to acknowledge that the Homeland Security warning about me was correct: (1) my harassment of Ekaterina, Shizuka, Dr Brizendine, and my family members (for which the Huntington Beach volunteer appeared again); (2) my delusions about government conspiracies, public figures (Khalezov), the chips inside my brain (for which the "SPH-L710" volunteer came again), and the Secret Society women's going after me; and (3) how I had painted Angelica nude (two volunteers from Poland). The Secret Society women also summoned the Baltimore Lawyer once again to consider if any ground existed on which to force the Washington DC authority to admit that my "stalking" constituted terrorism. There was also a Santa Ana volunteer looking at my web gallery. A person who seemed to be Jill (from the Libertarian Party) also looked up healer2.jpg. Finally, the Secret Society women continued to mobilize a vast number of volunteers to brainstorm how to report me for plagiarism. (Note the Sharon volunteer.) My conversation with Wes: how the government would advertise the stalking scandal – Homeland Security CO chief's evidence in the ICJ (that I was insane).

12.11: Morisio? The Secret Society women continued to mobilize their volunteers to brainstorm: (1) my harassment of my family members (the Huntington Beach volunteer for hours in the morning), Ekaterina (note especially the Swedish volunteer), Shizuka, and Dr Brizendine; (2) my terrifying delusions about the chips inside my brain and the Secret Society women's going after me; (3) my computer-hacking; (4) how I had painted Angelica nude; and (5) my plagiarism. Homeland Security CO chief wanted me to commit more crimes tonight.

13.11: I was arrested and thrown in jail. Homeland Security CO chief got a chance to forge a hard drive to submit to the ICJ as evidence: the previous ICJ trial was again temporarily locked up. By late night, the Secret Society women mobilized their volunteers to call in to offer their testimonies to the Sheriff detective that was in charge of my case, emphasizing especially how I had developed terrifying delusions about their going after me and how my delusions had made me a danger to people. (Note especially the Baltimore volunteer.) More evidence for Homeland Security CO chief in the ICJ!

14.11: I was in jail. Homeland Security CO chief notified my "victim" "Frederick" and then persuaded the Sheriff detective to enter his warning about me into the State of California's terrorism database – thus almost permanently

locking up the previous ICJ trial. He then instructed the Secret Society women to mobilize their volunteers to report my website to the terrorism database officer to confirm for him every characteristic listed on his warning about me: (1) my harassment of Ekaterina, SDW, Kiersten, and my family members (by blogging about them and so on); (2) my delusions about how the Secret Society women were going after me (note the Oakland volunteer) and how I was mind-controlled (the visit to my June Diary); (3) how I kept hacking people's computers; (4) how I had painted Angelica nude; and of course (5) my supposed plagiarism.

15.11: I was still in jail. As their next step, the Secret Society women went back to the TMU attempting to use the State of California's validation of the Homeland Security warning about me to force the TMU to recognize them as the victims of misogynist terrorism. And so the reporting: (1) from 10 AM to 12 PM, the "SPH-L710" and the Lafayette volunteer reported about my delusions about brain chips. (2) Two volunteers reported about my delusion about, and obsession with, SDW on 7:20 PM and 12:17 AM. Then there were the other usual reports: (1) my harassment of Ekaterina and her family members, Shizuka, and my own family members; (2) my computer-hacking; (3) how I had hosted Angelica's naked pictures on my website; and (4) how I had plagiarized (the Oakland volunteer came again). Both Robin and Oliver might have been in the discussion today.

16.11: I was still in jail. From 11 AM to 2:30 PM, the Secret Society women mobilized their volunteers to report my website to the TMU to establish every one of themselves as my victim: first, Ekaterina and Kiersten. Then, Khalezov (how I kept developing delusions about public figures). Then my computer-hacking. And of course my plagiarism (the Oakland volunteer came again). But then the TMU informed the women that they still didn't consider the Homeland Security warning to be valid so that there was no stalking case. And so, on 9:27 PM, Angelica instructed a volunteer to report to the TMU that I had secretly filmed her and placed the video on my website (thus qualifying herself as the victim of my stalking). Note also that the Secret Society women had in the past week recruited a whole bunch of Colorado State University students to report on [asmatpoles.jpg](#). Jennifer Day might also have been in the discussion today.

17.11: I was still in jail. Throughout the morning, a ton of reporting on my plagiarism – did the TMU again question whether I had plagiarized? Then, because of the TMU's refusal to accept Homeland Security's warning about me, the Secret Society women sent the Baltimore Lawyer to argue with the Washington DC authority again. Then followed the reports to the Washington DC authority: on behalf of Dr Brizendine on 10:41 AM and Ekaterina on 11:04 AM; my delusions about my women victims' going after me on 12:35 PM; and on behalf of SDW on 3:01 and 5:25 PM. But the NCTC would not validate the Homeland Security warning about me. Then the frantic attempts by the students from Colorado State University to forge evidences of my plagiarism in order to save the Secret Society women's case with the TMU. To keep himself afloat in the ICJ, Homeland Security CO chief also instructed Francesca to copy my Prison Planet Forum message and paste it on her Facebook page and then

ordered somebody in India to create a fake blog (prasad519.blogpost.in) to be attributed to me.

18.11: I was out of jail. My conversation with Wes tonight was Homeland Security CO chief's evidence of my delusional mind and grandiosity. Meanwhile, the Secret Society women were back to the same old game of brainstorming how to prove to the TMU that the Homeland Security warning about me was correct. Two Indian volunteers checked out my website in the morning; numerous volunteers forged evidences of my plagiarism (including the Innsbruck University volunteer on 10:35 AM); on behalf of Khalezov on 9:22 AM; on behalf of Dr Brizendine on 10:59 AM; Angelica's TRO on 11:36 AM; Nelson checked out my external links page on 12:47 PM; on behalf of Kiersten on 4:35 PM; my delusions about my women victims' going after me on 5:50, 6:53, and 7:24 PM. Ekaterina now wanted Uma to file a stalking claim against me as well. The women might have complained to Microsoft again today.

19.11: **Morisio not in Stories?** The Secret Society women continued to mobilize volunteers to brainstorm how to overcome the TMU's latest refusal: (1) my harassment of Shizuka and Ekaterina (5 volunteers today!) and my violation of Dr Brizendine's intellectual property rights; (2) my delusions about Khalezov and the chips inside my brain (note especially the Los Angeles volunteer from 3:30 PM); (3) my computer-hacking; and (4) my plagiarism (note that three students from the City University of New York had also brainstormed about *asmatpoles.jpg*, that Homeland Security CO chief had instructed another volunteer to create another fake blog, *maoategod.wordpress.com*, to attribute it to me, and that this volunteer then created a big fuss about *saxonwarrior.jpg* on Facebook). Around 3 PM and then late in the night, SDW was telling a San Francisco volunteer how I had terrorized her by blogging about her and leaving links to my website on her blog and how, yet, the TMU refused to accept the Homeland Security warning about me as valid. Finally, the Secret Society women might have complained to Microsoft again today.

20.11: **Morisio?** My conversation with Wes today: my disillusionment was counter-evidence against Kiersten's claim that I was totally entrapped in my grandiosity. The Secret Society women continued to mobilize their volunteers to brainstorm how to prove to the TMU that the Homeland Security warning about me was correct: (1) my harassment of Shizuka, Kiersten (by blogging about her: another Huntington Beach volunteer), and Ekaterina (two volunteers); (2) my delusions about the chips inside my brain and how my women victims were going after me; (3) how I had painted Angelica nude; and (4) my plagiarism. SDW seemed again to be telling the Oakland volunteer about my blog posts about gang-stalking.

21.11: **Morisio in Stories.** The Secret Society women continued to mobilize volunteers to brainstorm: (1) my harassment of Shizuka, Ekaterina, and Dr Brizendine – Ekaterina was, from 7 to 8 AM, especially talking to the volunteers from Japan about recruiting Uma and complaining on behalf of Shizuka; (2) my plagiarism; (3) how I had hosted Angelica's naked pictures on my website; and (4) my delusions about how my women victims (especially

SDW) were going after me. For this, three volunteers – one of them one of SDW's Tampa friends – came to check out the delusions I had expressed on Prison Planet Forum. Another one of SDW's Tampa friends checked out specifically my delusions on my blog about how SDW was going after me (/gang-stalking/). Yet another one of SDW's Tampa friends falsely reported to the TMU saying I had blogged about Myron May and so was likely also a danger to people. None of this mattered: the TMU continued to refuse to reopen the stalking case on me. (Note that two volunteers seemed to have visited my website's front page as well.)

A concluding comment: Homeland Security CO chief must have fallen into the Invisible Hand's trap on 14 November when he managed to get his warning about me entered into the State of California's terrorism database. Through his act, the Invisible Hand was able to obtain a certain evidence of his fraud which become, on 16 November, the TMU's evidence on the basis of which the TMU was able to refuse to reopen the stalking case of Ekaterina and the Secret Society women against me. In consequence, to save himself in the ICJ, Homeland Security CO chief forged evidences three times to frame me on 17 and 18 November: Francesca's Facebook posting, prasad519.blogpost.in, and maoategod.wordpress.com. We must thus wonder whether, by the end of this period, the California Anti-Terrorism Information Center had not decided to remove Homeland Security's warning about me from its database.

Now, my diary entries and the log of the activities of the Secret Society women and their volunteers on my website during this period. Just as before, I shall put in brackets and italicize my corrections to the erroneous thinking that I expressed in my original diary entries.

8 November (Saturday; Dr P's)

First, a note about myself. MST with Hazel 18. Slept 7 AM, while watching a documentary on North Korea and a lecture on linear algebra. Woke up past 3 PM. Some headache and discomfort. Wes left me a message. Called him, left a message. Burger. More lecture on linear algebra. Stories, Veronica's agent there. The chubby girl was working tonight. Claudia there for a brief moment. Called Wes three more times, until 8 PM. Could never reach him. Worked in Stories until past 9:30 PM. A depressing day. Looked at Roger Penrose's book. Then went for reconnaissance on DP (programmed by Homeland Security CO chief, presumably). Arriving at DGLAS on 11:30 PM. The SUV at DP's looks like hers, but has a different license plate: 5HEC372. This is the only car. Neighbor's: 6V76767, and another SUV. While puzzled over this, sat down about 100 yards away to look into my computer. Then a sports car came in front of me, turned around in order to face me, and then drove away. Presumably this was Veronica's investigator, here to film me, both to obtain evidence for my stalking and to obtain a video of me which might match the video from last night at the preschool. Thought that my stalking victims had asked the investigators to place a dummy SUV at DP's. (There was a sticker "Laker's" on the back window of the SUV.) But later discovered that the license plate was correct: the same vehicle. **1 W, 6 N, 3 SPC, 3 H, 4 B.** On the train by 1:20 AM. Walking home: thinking about

how to describe my stalking victims' operation tonight. Ate at the Korean restaurant, 9 dollars. Watched Naomi Wolf's interview.

(Again, it was certainly Homeland Security CO chief and the Monkey who had remotely controlled me to "stalk" Dr P tonight – after the Baltimore Lawyer's repeated failures since 19 October and the Russian diplomatic mission's debacle in the past two days, Homeland Security CO chief and his star witnesses desperately needed me to do something, not only so that new evidence may enter into the ICJ to temporarily lock up the previous ICJ trial, but also so that the women gang might force their way with the TMU once again. Thus, Homeland Security CO chief must have already alerted Dr P this morning that I would show up in her neighborhood tonight. By evening, Dr P would have had the investigators ready and, as soon as I settled down on the curb side, sent them in to film me. Tomorrow morning she would present the video to the TMU to argue that the Homeland Security warning about me was correct and that they must reopen the stalking case on me again. Meanwhile, Homeland Security CO chief would present the episode to the judge computer in the ICJ arguing that, insofar as I was found again conforming to the Secret Society women's claims about me, the previous ICJ trial should remain locked up.)

Now the Secret Society women's operation on my website today. 4:45 AM,

And so, already during the incident, the “SPH-L710” volunteer and the Baltimore Lawyer began brainstorming how exactly to convince the authority that, because I was so insane, I was a “clear and present” danger to people.

9 November (Sunday; Wes; Morisio)

First, a note about myself. MST with Hazel 18 again. Woke up 2 PM. Discovered Wes had called in the morning. TNT, left a message with Wes. Jons, chickens. Stories, 5 PM. "What is my IP address" continually malfunctioned, unable to accept the input of IP addresses. Homeland Security/ my stalking victims/ Ekaterina (?) again. Not allowed to trace the IP address: 105.48.84.118 (Kenya). Mood dampened, required to commit crimes. The website continued to malfunction, so that, on 6 PM, I posted the first blog post you see for 10 November ("NOTICE: 6 PM, 09/11/14). (*Again, evidence of my delusional mind which Homeland Security CO chief wanted the TMU to see and which he would also intercept into the ICJ to help temporarily lock up the previous ICJ trial.*) 6:15 PM, Veronica's agent showed up. Severe physical pain continued, lasting hours. Left two more messages with Wes, containing references to "committing crimes". (*Again, Homeland Security CO chief wanted to force the TMU to take that into evidence.*) Switched to iplocation.net. It turns out that the control center's (my stalking victims') goal was merely: (1) for me to leave references to "committing crimes" on Wes' answering machine; and (2) to force me to use a different IP address tracker. The feminist agenda here seems to include the prohibition for male stalkers to use such websites to identify his stalking victims. (*All the wrong scenarios! But, again, some of them might come true later.*) Programmed to desire again to form my own terrorist group devoted to attacking xxxxxxxxx. Then Veronica's agent stood behind me to manipulate his cellphone for 20 minutes, making me extremely uncomfortable (because of his extraordinary ugliness). Asked him to go away. I yelled at him about how I was doing my "cyberstalking" and therefore wanted privacy, and yet he wouldn't budge. I went to tell John, but John wouldn't do anything. Extreme anger, severe physical pain. Again, required to commit crimes; virtually unable to live without committing crimes. Moved to a different table, severe hatred toward xxxxxxxxx. 8 PM, left. Going to Union Station, still physical pain. Then noise attack (vulgar slang). SOTO, **7 N. 3 B.** When I was done, suddenly Wes called: it was 9:48 PM (from 45:00 onward). The feminist laws, Russia's accelerator. During the talk, another Hispanic man came to provoke me (touching my things). After talking with Wes, was feeling much better. Near home, not sure whether to go home and rest or to continue to commit crimes. Then decided to commit crimes. Came to Vine. Couldn't break anything there, too many people. Forced to walk down to SM, near K's. **2 H, 3 SPC, 3 mirrors, 3 W (1: 2nd), 3 B. There was a Hispanic man checking up on me. Veronica's investigator?** Coming home by 1:30 AM. However, still angry. Home, **5 B (both SCHL).** After 4 AM, "What is my IP address" was working again. I guess I had produced the evidences needed, and was thus let go. (*Maybe!*)

Highlights of my conversation with Wes today: (1) I was sure that the Secret Society women had access to the control center. (2) My "stalking" of Dr P last night. (3) Since the Russian government was involved, the Feminist Lawyer must be working on generalizing my case: a new law that would make the male stalking suspect disappear without his knowing why. But I didn't believe the government would allow such a law to be passed, although Ekaterina would

definitely want this law. But, if it was optimal to keep such a law in secret so that men would stalk not knowing the consequence, how to make women know such a law exists? (4) I was sure that my special theory of quantum gravity could be generalized, but once it is generalized, can the uncertainty be controlled? And I believed (erroneously) that Russia's new accelerator had something to do with my special theory! (5) And my scenario about the CIA's plan in 2009: help Cheney kill Russia, and then kill Cheney, and the Russians knew it. (*Was I correct?*) (6) My (definitely erroneous) scenario: the Pentagon's plan to monopolize my theory in May, ending up replacing evidences only. How could they have been so dumb as to fall into traps after traps? (7) Russia was ahead of everyone by 5 years. The whole point of constructing a vacuum bomb was to tell people about it. (8) To learn linear algebra and matrices. To learn to say "3 + 3" in German. (9) I was sure that Ekaterina and her boyfriend were in North Korea in July: that was the CIA's deal with Russia (giving up Ukraine but taking up South Korea). (10) The story of the American soldier who defected to North Korea. (11) Wes' paper on Rousseau's concept of the General Will. (12) Again, my prediction that I would be arrested on 16 November. "I wrote it on my blog and that should stifle the whole thing." My strategy: to blame everything that happened to me onto my stalking victims.

(You can be sure that Morisio's action today had something to do with my "stalking" of Dr P last night. As noted, this morning Dr P would have gone to the TMU to present the new evidence and request that the stalking case against me be reopened (that the Homeland Security warning about me as a terrorist be validated and that her, and her companions', status as victims of my stalking and expert witnesses on me be accepted as correct). The CIA thus instructed the TMU to run another investigation to discredit Dr P. The TMU therefore instructed Morisio to stand behind me tonight and watch what I was doing online: the CIA knew what I would do. When I yelled at him about how I was doing cyberstalking and yet he could see that I clearly wasn't, the TMU could therefore conclude, once more, that I was, last night, purposely "stalking" Dr P only in order to enable her to reopen the stalking case against me. Once again, all this "stalking" was but a fraud. Therefore, the Secret Society women would soon learn of the bad news from the TMU that they had seen no cause to reopen the stalking case on me! Again! Meanwhile, the CIA would bring the TMU's conclusion into the ICJ to discredit Homeland Security CO chief's new evidence there.

Needless to say, my hatred for xxxxxxxxx and desire to form a terrorist group devoted to attacking them were also the result of Homeland Security CO chief's latest programming (via the Monkey) in order to make me conform to his warnings about me. Meanwhile, it's not clear whether the malfunctioning today was orchestrated by him. And, although by nightfall the TMU would have evidence to justify their refusal to reopen the stalking case against me and the CIA would have evidence to refute Homeland Security CO chief's new evidence of my stalking tomorrow in the ICJ, my conversation with Wes tonight worked in Homeland Security CO chief's favor – for the time being. My totally wrong scenarios about the attempt by the Secret Society women and Ekaterina to generalize my case, Russia's new particle accelerator, the Pentagon's attempt to monopolize my special theory back in May, and Ekaterina's trip to North Korea – all these Homeland Security CO chief would present to the ICJ tomorrow as evidence that I indeed suffered from paranoid schizophrenia. (Not to mention how he would definitely want the TMU to hear all this in order to force them to admit that his warnings, and his star witnesses' testimonies, about me were all correct.) Perhaps the CIA would simply counter that I was

sometimes correct in my wild speculations, e.g. the Secret Society women had indeed located a 'feminist lawyer', the Baltimore Lawyer, although she wasn't exactly a feminist and it wasn't to pass any stalking laws.

Again, in the long run, my delusions would work in the Invisible Hand's favor. All my wrong scenarios would be input into the super computer which would soon manipulate everyone to make them come true once Homeland Security CO chief had been established in the second, secret trial as a terrorist mastermind attempting to harm the Invisible Hand. Second, what I said about the Invisible Hand's plan to "kill" Cheney once he should have helped Cheney to "kill" Russia (by installing a hidden program on the super computer which Cheney would use to orchestrate world events) was most likely true: the Invisible Hand wanted me to say this so that this could also become part of my terrorist conspiracy with the Russians against the CIA – the CIA actually didn't intend to help Cheney annihilate 90 percent of humanity and the terrorist knew it! Third, as you shall see, I would indeed end up in jail by 16 November, my birthday!

Now the Secret Society women's operation on my website today. 4:23 AM,

As you shall see, the Secret Society women would recruit a whole bunch of students from Texas A&M University today to report on how this image was proof of my plagiarism. We must wonder why: this morning, when Dr P submitted the videos from last night to the TMU, did the TMU detectives replied again that they didn't deem the Homeland Security warning about me to be valid because there was no convincing evidence that I had plagiarized?

Again, it's not clear whether this was part of the Secret Society women's operation.

4:17 PM, this seems to be the "SPH-L710" ("Elkridge") volunteer again:

```

Her IP address didn't change since last night. The question was: was she currently reporting to the Washington DC authority because the Baltimore Lawyer, with the videos from last night, went to argue with him again today? Or was she currently reporting my delusions about brain chips to the TMU?

To sum up: as soon as Dr P turned in the new video to the TMU, the rest of the Secret Society women started mobilizing volunteers to report my website to the TMU trying to prove to them that the Homeland Security warning about me was correct. It's not clear if the same thing was going on in Washington DC. But the volunteers didn't know that, by night, the TMU had staged a test for me in Stories and had thereby obtained evidence to enable them to dismiss Dr P's new stalking claim.

10 November (Monday; found a laptop)

First, a note about myself. Slept past 6 AM. Discovered MIT's Open Course on Youtube and watched all of the videos on linear algebra. Very impressed by a certain "Martina". Then fell asleep to "Paulus". Woke up past 3 PM. TNT. Downloaded all the Open Course videos, and Googled "Martina": Croatian, now in the UK. Will Homeland Security investigate her? My new stalking victim? Jons, chickens. Stories, past 6 PM. Veronica's agent not there. Noticed that Giselle was reading *Men and Feminism*. Borrowed it from her, and read some. Stunned by the way the "feminist" could just speak the opposite of reality and really believe it. Also stunned by the feminist's admission that she liked "tough boys" (and she was working on it). Stunned since – ever since seeing the assertive AWF on Metro Gold Line – one's own problem is that one finds AWFs more attractive because they are more assertive: and yet this is precisely their problem. Asked for her opinion. (She was now the prettiest.) Left, 9 PM. Was going to Union Station, but changed my mind: will do whites tonight instead. Going to PRMNDE. *Found a laptop abandoned on a bench: it was a Toshiba Satellite.* Took it: Did I produce evidences of my being a habitual thief? Placed many Ns on the road and yet no hits at all. In the end, **6 Ns (at least 7 or 8 sets left behind). 4 B. 2 W (the same building).** Couldn't hit "my first" (CNDLE). Somewhat upset. On the bus going home by 12:20 AM. While on the bus, met a physics graduate from Sri Lanka. Told him that the discovery of "quantum gravity" will soon be on the news. Home, checked on the abandoned laptop. It seems to belong to a certain "Frederick Wright" from San Francisco and Denver.

(Given what happened later, it was very likely the case that it was Homeland Security CO chief who had orchestrated my finding of a laptop tonight. Namely, that he instructed the control center's computer to cause somebody to lose his laptop and then to control me to find it. And the fact that the laptop just had to be a Toshiba Satellite made me think that the replacement of evidences was in progress: perhaps Homeland Security CO chief had also orchestrated this in order that I could continue to speculate on the replacement of evidences and thus look crazy.

This was most likely what was going on with him: the TMU's refusal to reopen the stalking case on me today was again unfavorable evidence for him in the ICJ, and so he sought to remedy the situation immediately. In order to intercept more evidence into the ICJ to confirm that his warnings about me were correct, he decided that I should be arrested. That is, three days from now. (This can be done because, without my knowing, there was now a warrant issued for my arrest.) Mr Homeland Security CO chief had obtained the prediction from the control center that, when arrested, I would be carrying the hard drive from this lost laptop which, when the police should discover it, would also become evidence in the ICJ confirming that everything my women victims had said about me was correct. And Mr Homeland Security CO chief would also have the opportunity to finally get a detective to accept his warning about me at face value. See the explanation under the entry for 13 November.)

Now the Secret Society women's operation on my website today. 4:19 AM,

Again, she would see all the postings from August. SDW was probably complaining to this TI friend of hers: despite my spilling out everywhere my delusions about being gang-stalked by the Secret Society women (in particular SDW), the TMU had again decided to dismiss the case on me and ignore the Homeland Security warning about me.

Around this time, SDW was out. As she would note in her "First Responder Harassment Log, November 2014": "8:16 pm – Passed by 2 San Diego Sheriff's Dept. patrol cars driving bumper to bumper at intersection of Hwy. 101 South Encinitas Blvd. East. (Encinitas)" And so, after hanging up with the Portland volunteer around 7:45 PM, she decided to go out. Given the circumstances, she was probably going to the place of a TI friend who was living nearby to discuss the latest debacle with the TMU.

8:15 PM, I was editing my blog from Stories. I posted the blog post you see for 11 November, "My stalking victims' possible strategy". The Monkey probably controlled me to do this because Homeland Security CO chief wanted more evidence in the ICJ of my delusional mind.

We seem to have seen this phone on 24 October, 6:44 AM. Was this the same person? Then back on 11 October, 12:16 AM, when it showed up in the San Francisco Bay Area. 8:37 PM, she continued:

Discussing with the Secret Society women how, despite my obviously delusional mind, the TMU had refused to accept the Homeland Security warning about me as true. The user-agent was identical to the Baltimore Lawyer’s, and Havre de Grace is about 10 miles northeast of Baltimore. Could this be the Baltimore Lawyer (she was somehow elsewhere tonight)? If so, then the Secret Society women must be explaining to her how, despite my “stalking” of Dr P two nights ago, the TMU had refused to reopen their – and Russia’s First Daughter’s – stalking case against me. They wanted her to consider again how my expressions of my delusions everywhere on the Internet should confirm the Homeland Security warning about me as true and so she came to my Facebook to see if something could be found here. But of course she would never find anything sufficient.

My delusions about Khalezov? (How I kept developing delusions about public figures.)

11 November (Tuesday; Wes)

First, a note about myself. Had difficulty in sleeping because I ran out of sleeping pills. Watched the MIT lectures on linear algebra until 8 AM. Fell asleep perhaps 8:30 AM. Woke up past 2 PM. Will be sleepy somewhat today. TNT, began graphing “positive” and “negative” curvature of space-time. Jon's, TNT. Somewhat nervous because of the new insight into my “special theory”. Stories. Jalise there. Called Wes on 5:26 PM – and he actually answered it (from 2:36:00 onward). The “gambler’s fallacy” and AWF’s assertiveness (the One Dimensional Woman). Excited afterward. Tried to calm down. **Veronica’s agent here.** The Russian programmer also there. Sat with him. Then another Hispanic guy tried to sit with me. Not

provoked. Before leaving, asked Jalise about Liz and Claudia. After 9 PM, Home Depot. Nails and spray. Going to Union Station. Laptop began malfunctioning: mouse pad continually froze up. Finally, mood dampened. The earlier good mood dispelled. Pessimism. Then realized that Dr G was taking pleasures in helping the hardliners. Why was I, this morning, worried about Americans' anger toward me? Everybody here treats me like a slave. INDNA: at first, virtually no hits. Finally, hits came easily. **14 Ns, 2 B.** Back to Union Station by 12 AM. Home, **4 B.** Then scanned Heisenberg's paper. Thought a lot about some "Feminist Lawyer" (?).

The highlights of my conversation with Wes: (1) The gambler's fallacy. (2) The relationship to "quantum bomb". (3) How the government was going to advertise my "stalking scandal": how this autistic Asian guy wanted to help the feminist bunch to "stage" stalking in order to persuade the legislature to pass laws to protect women. (4) White females are more attractive because they are more assertive. (5) The One Dimensional Woman: always "stalking". "No matter what they see, they say 'red'." (6) I was miserable because people were just too dumb. (Needless to say, my wrong scenarios today – how the government planned to advertise my case – Homeland Security CO chief would present to the ICJ tomorrow as evidence that I was indeed delusional. Again, to help him temporarily lock up the previous ICJ trial while waiting on the evidence of my arrest. You should again be able to guess that I was not being "delusional" but merely prophesying the future.)

Everybody was infuriated by the TMU's refusal to reopen the stalking case on me – even given my blatant act of stalking! Everyone felt injustice for Ekaterina, Russia's First Daughter! Everyone had been brainstorming all day long how to convince the TMU that the Homeland Security warning about me was indeed correct. The "SPH-L710" volunteer was no exception. She therefore came to examine my blog posts about brain chips: "This guy is clearly delusional and dangerous! He believes he's being controlled! And yet the police..."

About 50 minutes after the "SPH-L710" volunteer had examined the crisis at hand, the Baltimore Lawyer also came to brainstorm – shocked by LAPD's utter refusal to protect women victims.⁵ Her task was probably to figure out how to convince the Washington DC authority that my stalking constituted terrorism.

My harassment of Shizuka.

In summary: the Secret Society women spent another day frantically but furiously brainstorming with their volunteers how to force the TMU to reopen Ekaterina's stalking case against me (how to force the TMU to acknowledge that the Homeland Security warning about me was correct).

12 November (Wednesday; severe targeting)

Firs, a note about myself. Burning two copies of DVD-417. Allowed to do so. MST with Jenna Marble. Slept past 6 AM while watching "Die Juden". Slept until 4 PM. Left home for storage, but programmed to forget my discs. Gave up the plan. Jons, chickens. Then going to Stories. Suddenly thought of this: the Invisible Hand must be looking for a successor, for he is getting very old. The skill required is basically contemporary cultural anthropology (the ability to understand cultures and people's thought-process and to see things from other people's perspective). Somebody like me. But where is he going to find somebody like me? When it comes to cultural issues, people nowadays are only capable of repeating politically correct slogans, which describe the opposite of reality, and nobody has any ability to see, nor any interest in seeing, things from other people's point of view. Then, the logistics required to make a "me" is virtually unaffordable to anybody. The closest candidate I have ever met among CIA agents is Rod, and yet he lags behind me by a huge margin. The Invisible Hand is not thinking about Wes, is he? But Wes is incomparable to me in the understanding of foreign cultures. *(Complete bullshit for the moment. But did I get remotely controlled by the hidden program to think about this because the Invisible Hand was indeed looking for someone to run BOL's program for him 10 to 20 years down the line, when he wouldn't be alive anymore?)*

Stories, 6:30 PM. The Internet was working. Perhaps I wasn't allowed to open up my visitors' log while in Coffee Bean because somebody wanted to reduce complication. But then Firefox malfunctioned, not allowing me to use it to access the recordings on my website. Then Internet Explorer froze: not allowed to check the visitors' log using IE. Required to do so only on Firefox. Mood dampened. Angered. Required to commit crimes. Then, 7:32 PM, the Internet connection was cut off again. Physical pain, required to commit crimes. Then the connection was restored. Then cut off. Mood severely dampened. More physical pain. The Internet connection was continually cut off, and then screenshot malfunctioned. Computer continued to malfunction in all sorts of way to provoke me to commit crimes. Before leaving, asked Jalise about Liana (independent and dependent variables). 9 PM, left, and took bus 4. At SM/ WLSHR, **8 Ns**. Forgot to bring my spray paint. Then got on bus 20, planning to go to Westwood. But programmed to miss the bus stop. Physical pain, required to commit crimes. Then programmed to fall down on the floor in the bus. Severe physical pain, required to commit crimes. It looks like the control center (Homeland Security) wants evidences that I blame what is my own fault onto others. Off the bus on Promenade. Skateboard noise attack. Forced to settle down in Starbucks, Promenade. All ugly vagrants, further provoking me to want to commit crimes: all in order to suffer SDW's disease. Left on 12 AM. **3 W (CNDLE: 3rd; HRMCA: 3rd), 4 B**. Home by 3 AM.

(It's not clear whether it was Homeland Security CO chief who had disrupted my Internet connection today. In any case, all these small acts of provocation because he wanted me to

commit more crimes in view of Dr P's latest failure – this, despite what he had in store for me tomorrow.)

Now the Secret Society women's operation on my website today. 4:03 AM,

My harassment of Ekaterina.

Around this time, SDW was out. As she would note in her "First Responder Harassment Log, November 2014": "12:55 pm – Passed by San Diego Sheriff's patrol car while stopped at red light at Encinitas Blvd. East and Saxony. Patrol synced exiting business driveway to my immediate left. (Encinitas) 2:45 pm – San Diego Police Dept. patrol car in front of mine at red light on Genessee North and La Jolla Village Dr. Car #6956 CA 1340481 with all 4 windows rolled down, one officer has arm out passenger window. They pull into left lane so my car is stopped next to [theirs] at next red light. (La Jolla) 2:45 pm – As above light turns green another San Diego Police Dept. patrol car passes going South on Genessee. (La Jolla) 2:46 pm – Pass another San Diego Police Dept. patrol car stopped in left turn lane at Genessee North and Eastgate. (La Jolla) 2:57 pm – Passed San Diego Sheriff's Dept. patrol car parked on side of Hwy. 101 South at Torrey Pines State Beach (La Jolla)" It thus seems that she was out around 12:50 PM and was doing something or meeting somebody in La Jolla for almost two hours, until 2:40 PM, upon which she was on her way home. Was she on a business related to me? Apparently not: according to her blog, she was at a therapist's private home to receive EFT treatment for her PTSD.⁶ She probably returned home a little past 3 PM.

6 Her blog post for 13.11.2014, "Ode to a 'C U Next Thursday'": "I am currently receiving EFT treatment for PTSD by a therapist at her private home in San Diego. For the past 2 weeks, the parking spots in front of her home are taken, so I have to park in front of her neighbor's home. Today I snapped a shot of the vehicle parked in front of her home, an older model pickup with a worn paint job, with a trailer attached to the back. Many T1's have been sensitized to this type of rig, they are around me all the time. They love any type of vehicle that is oversized and 'takes up space'. I was early for my appt. and sat in my car for about 5 minutes. The street is very quiet/ low traffic. After about 3 – 4 minutes a gold SUV drives down the street from the opposite direction and suddenly pulls up right in front of my vehicle, inches from my front bumper. Obviously the intention was to scare me or make me think I got caught doing something wrong. It was probably a show for the neighbors too. The car reversed a few feet and parked in front of a driveway. A woman and 3 children exited the car, leaving 3 passenger doors and the trunk open. They gave the impression this was their home, but knowing perps, you never really know. If it was their home, why not just pull into the driveway? The driver was a Hispanic looking middle aged female with straight black hair. This was staged to scare me and it did. For the first few seconds I had no idea what was happening. I would like to tell this woman what a cunt she is to agree [to] harass and intimidate strangers. If she is the real neighbor, then she knows my therapist specializes in PTSD treatment and has clients over for that specific reason. I went in to my appt. feeling very upset and shook up. This bitch swooped in front of my car like it was some kind of Federal raid. I would like to send a very special 'fuck you' to this woman for harassing me and other targeted individuals. Whoever it is you are spreading your a\$\$ cheeks for, know that every single life you are helping to destroy will always be worth more than yours." Note that the two pictures she included on her blog post for the incident are dated 1:16 and 1:20 PM on that day. See the folder /2014/11/12/. Her appointment was evidently from 1:30 to 2:30 PM.

13 November (Thursday; arrested)

First, a note about myself. On 4:58 AM, I was editing my blog from home. I posted the update you see for 13 November on “Could a vacuum bomb be possible?” In the afternoon, when I was at Vermont/ Wilshire station wanting to go to the storage, a police woman caught me urinating. She discovered there was a warrant for my arrest. Apparently I was mistaken in thinking that my vandalism charge was dismissed: I had in fact missed my trial. She took me to jail. I was shocked. Severe depression. My prediction would come true in an approximate way because I would be spending my birthday in jail!

(As noted, it must be Homeland Security CO chief who had orchestrated this arrest from the control center (the Monkey had merely to instruct his computer to remotely control me to urinate at the right time and place). What was especially suspicious – I had suspected this even at the time – was the fact that, at the time of my arrest, I was carrying the hard drive which I had extracted from the Toshiba Satellite which I had picked up three days ago (I wanted to examine its content on a public computer before disposing of it). Soon afterward, when the police were booking in my things, they would remove the hard drive and I would never find out what they did with it. Presumably they wanted to investigate whether I had illegal things in it. Or perhaps they wanted to see if I had stolen it from somebody else. It's very likely that it was Homeland Security CO chief who had tipped them off about this hard drive. (More on this later.) Given what happened on 17 November, I would suppose that, with the intercept showing the police removing a hard drive from my backpack, Homeland Security CO chief had in fact forged a hard drive and turned it in to the International Court of Justice as evidence. This was my hard drive, he would say. In it he would certainly have stuffed naked pictures of Angelica and Kiersten, hacking software, private information about Ekaterina, and so on and on. With these new evidences, he could at last temporarily prevent the CIA from reactivating the previous ICJ trial: new evidences found that indicated that my victims' claims about me were correct after all! You must recall that Mr Homeland Security CO chief still had the authorization from the ICJ to forge evidences to frame me however he wanted as a way to benefit himself. And, in addition to this, he would also obtain other evidences – as shall be recounted at the end of today's entry.)

Now the Secret Society women's operation on my website today. 4:59 AM,

Just around 8 PM, SDW was out. As she would note in her "First Responder Harassment Log, November 2014": "8:00 pm – Sirens blaring near my home as I prepare to go out. 8:26 pm – 1-2 San Diego Sheriff's dept patrol cars (and one unmarked patrol car) and 1 Encinitas Fire Dept. firetruck stopped at intersection of Encinitas Blvd. West and Village Square Drive (which was my destination). All vehicles have emergency lights flashing. (Encinitas) 8:57 pm – Passed by Encinitas Fire Dept. red ambulance w/ sirens and emergency lights on as I walk into CVS on Encinitas Blvd. at Calle Magdalena. (Encinitas) 9:19 pm – Passed by Carlsbad PD patrol car at Hwy. 101 North and Carlsbad Village Dr. (Carlsbad) 9:24 pm – Passed Oceanside PD patrol car at Coast Hwy. North and Oceanside Blvd. (Oceanside)" This is therefore what we can infer: After hearing the good news that I had been arrested, SDW decided to go out. From 8 to 9 PM, she was running errands near her home. But after that she was driving to Oceanside, arriving there by 9:20 PM. What was she doing there or who was she meeting? Perhaps she was meeting the Oceanside volunteer we have seen before, such as TI Bonnie. If so, then obviously to discuss me – how I was arrested even though the TMU had rejected Dr P's stalking claim again three days ago. Perhaps, as you shall see, to prepare for the action later tonight.

As you can see, something was going on after midnight and before 1:30 AM. We have to hypothesize this: when a detective was assigned to my case and examined my backpack, Homeland Security CO chief cut in and presented his warning about me to him: "He's a very dangerous individual due to his delusions. Our Department has been onto him for 7 years." The detective was surprised. And, because the warning listed the Secret Society women as "expert witnesses", they called in to report what they (or their volunteers) saw on my website: not just my plagiarism, but also my delusions about how my women victims (the "expert witnesses" in question) were going after me as well as the manner in which my delusions had prompted me to become a danger to myself and others. (The Baltimore Lawyer and the "SPH-L710" volunteer might be on the call as well, hence the Baltimore volunteer who might have been an associate of the Baltimore Lawyer's.) The detective entered the testimonies into his file, which Homeland Security CO chief promptly intercepted into the ICJ as evidence to further confirm there that his profile of me was correct – his real objective in all this fuss.

14 November (Friday; in jail)

It's easy to summarize my situation: I was crying and screaming in solitary confinement – all because, last night, when I was talking to a fellow inmate (a black guy), I told him I would like to get a gun so that I'd have an easier way to kill myself. I was negligent: I didn't know that the Sheriff standing nearby were actually paying attention to my conversation. It's not clear whether this was also evidence in favor of Homeland Security CO chief in the ICJ.

Now the Secret Society women's operation on my website today. 4:25 AM,

Did the Secret Society women, under Ekaterina's suggestion, think that they should perhaps recruit Uma Blasini? As you have seen, they seemed to be thinking about this from time to time, but, as you shall see, they wouldn't actually carry out this plan until the end of the year.

It seems that, around this time, SDW was driving north. As she would note in her "First Responder Harassment Log, November 2014": "9:19 pm – Passed from behind by speeding Carlsbad PD patrol car at Hwy. 101 North and Salomar. (Carlsbad)" Perhaps, excited by the development today – just three hours after the reporting on her behalf, as you shall see – she hopped into her car to go to Oceanside to meet her TI friend there (Bonnie?).

How I had plagiarized my theory on linear perspective.

Now let's attempt to theorize what happened today. It must be the case that Homeland Security CO chief was today trying additional tricks to profit himself in the ICJ. This morning, when the Sheriff Department detective tested the hard drive found in my backpack, he had likely identified the owner, this certain "Frederick". Homeland Security CO chief would then contact this "Frederick" and put up his show: "We have had this very dangerous delusional terrorist stalker on our Department's watchlist for many years, he's a computer-hacker, and he has stolen your hard drive. He's now arrested for an unrelated reason and we have recovered your drive." He would then do his best to demonize me to this unsuspecting "Frederick" while accentuating the heroic role he played in protecting the public – the dumb dumb "Frederick" had no idea that it was precisely this Homeland Security officer, his supposed protector, who had orchestrated the loss of his laptop. Mr Homeland Security CO chief would then transmit a copy of his warning about me to "Frederick" and, in accordance with normal procedure, connect him to the Secret Society women who were supposedly expert witnesses on this bad-to-the-bone schizophrenic misogynist and racist plagiarizing and computer-hacking terrorist serial stalker.

Since the Sheriff detective was now thoroughly in his grip, Mr Homeland Security CO chief would then want to use him to accomplish something he couldn't accomplish on his own – to enter his warning about me into an official terrorist database. Since the National Counter-Terrorism Center and the Terrorist Screening Center were closed to him (being allies of the CIA at this point), he could persuade the detective to enter his warning about me into another database more local and accessible to the Los Angeles Sheriff Department. For example, the database of the California Anti-Terrorism Information Center. He would then instruct the Secret Society women to mobilize their volunteers to report what was on my website to the officers managing the database in order to confirm for them that everything he had said about me on his warning about me was correct. As you have seen, there was an important round of reporting from 9:50 to 11 AM, with the involvement of Veronica. Veronica and the 10:50 AM volunteer seem to have reported how I kept developing delusions about my women victims' going after me, and the Ogden volunteer then reported on behalf of Kiersten, saying I became obsessed with her and blogged about her to harass her and so on. A similar round of reporting on behalf of SDW seems to have taken place from 4 to 6 PM (the Escondido and Oakland volunteers). Along the way there were of course plenty of reports about my plagiarism, delusions about being mind-controlled, and computer-hacking and so on in order to confirm that every bad characteristic attributed to me on the Homeland Security warning about me was a correct description of me. Then a last reporting about my website around 8:30 PM. The anti-terrorism intelligence officer in charge of my case would thus enter the Homeland Security warning about me into the State's database of known terrorists with the notice that witnesses had confirmed that the warning was accurate – we have here a bad-to-the-bone schizophrenic racist and misogynist plagiarizing and computer-hacking terrorist serial stalker who was just caught in his cyber-terrorism spree. While his current victim was this "Frederick", his other victims included the Secret Society women and

Russia's First Daughter Ekaterina. Cyber-terrorism was the key here, since Ekaterina was in South Korea and there was no other way for her to become any victim of my "stalking" or "terrorism". When all of this was intercepted into the ICJ as evidence, Homeland Security CO chief would have further solidified his warning about me there and almost permanently locked up the previous ICJ trial. Ekaterina must have been euphoric all day long as she took part in today's hype.⁸

This time he was here to testify, not about my obsession with and harassment of Kiersten, but about the terrible delusions I had developed about being chipped in the brain and mind-controlled. Apparently Kiersten and the other Secret Society women were not in bed even by 4 AM because of all the excitement in being able to serve as "expert witnesses" in a case of misogynist terrorism.

8 If Homeland Security CO chief had indeed decided to explore the local resources instead, the other agencies of interest are: California's State Terrorism Threat Assessment Center; LAPD's Counter-Terrorism and Criminal Intelligence Bureau; and the Joint Regional Intelligence Center, which is the local intelligence counter-terrorism fusion center. I've got a good glimpse into the anti-terrorism industrial complex local to California in Clark Kent Ervin's *Los Angeles' Preparedness for Terrorism*, the Aspen Institute Homeland Security Program, 2009.

Is this the same Sosnowiec volunteer from earlier? (Presumably the Secret Society women had now sent him a picture on his phone.) In any case, it seems that Ekaterina was getting serious about recruiting Uma.

This is the "SPH-L710" ("Elkridge") volunteer. We have already seen her on 1, 8, 9, and 11 this month – and now today. She was still staying with the Baltimore Lawyer. How I had painted Angelica nude?

Let's comment. The Secret Society women were evidently reporting me to a law enforcement authority for the third day, and yet, after the Sheriff detective and the California Anti-Terrorism Information Center, where else would Homeland Security CO chief want his warning about me to be lodged? The examination of the next two days' activities would make us think that the Secret Society women were in fact going back to the TMU today. Probably because he had incorporated Chaya's warning into his own warning about me and the TMU was the agency which had issued it in the first place, Homeland Security CO chief still needed the TMU's validation in the ICJ in order to permanently lock up the previous ICJ trial. Recall what the deal was: only in the light of the Homeland Security warning about me could any of the insignificant things I had done to the Secret Society women be classified as "stalking" at all; thus, as soon as the State of California had officially validated this Homeland Security warning about me as valid by incorporating it into its terrorist database, the Secret Society women could go back to the TMU and, flashing the official validation of the Homeland Security warning about me by the State of California, force them to now officially recognize them as the victims of my "stalking" and so the victims of "misogynist terrorism". The Secret Society women could now resume mobilizing volunteers to report my website to the TMU fully confident that, at the end of the process, the TMU would have to officially validate them as my victims.

The most important reports today were certainly those made by the "SPH-L710" and the Lafayette volunteer about my delusions about being chipped in the brain from 10 AM to 12 PM and those made on behalf of SDW on 7:20 PM and 12:17 AM. Incorporating my delusions about brain chips into the evidentiary record of the ICJ was Homeland Security CO chief's most important task since, with an ICJ judgment, the world would have to admit that I was *really* this bad rather than being remotely controlled to *look* bad. On the other hand, SDW was the first to come forward because she had the strongest wish among all Secret Society women to become validated as a victim of "stalking". (SDW had been super-excited in these three days as she was finally able to find law enforcement authorities who would take seriously her victimization in my hands. (Again, I have no idea how I could have victimized her at all.)) When a volunteer checked

my Facebook on 12:47 AM, it was probably because the Secret Society women were also thinking about whether they should report something about my Facebook postings. Finally, it was probably in order to strengthen the gang's new case at the TMU that Ekaterina began thinking about recruiting Uma to become also my "victim".

(Again, my prediction had come true in that I had indeed spent my birthday in jail. Needless to say, I was saddened to the extreme. This was the worst birthday ever.)

This visit very likely came from southern California. Within 3 seconds, he clicked on the video inside the folder (it was the only file in that folder):

This happened to be the video I shot of Angelica fixing the newspapers in the Law Library on 13 March 2010. It's obvious that Angelica was asking this volunteer to report that I had stalked her by secretly filming her and placing the video on my website. Homeland Security CO chief was obviously behind this report since only an intelligence agency would know where, among the tens of thousands of files on my website, there existed this particular video of Angelica.

It's not clear whether this was part of the Secret Society women's operation.

Let's sum up. Today, the second day of the Secret Society women's new reporting to the TMU, the "victims" came up one after another. First, Ekaterina, on 5:55, 10:47, and 11:04 AM, and then on 12:53 AM the next morning: to demonstrate that Russia's First Daughter had indeed been stalked just as Homeland Security had claimed since the summer of 2012. Then, my family members on 11:23 AM: to demonstrate that my cousin Evelyn was also the victim of my terrorism. Then, Kiersten, on 1:26 PM (SDW's Tampa friend): Kiersten was, like SDW, also dying to be a victim of "stalking". Then, Khalezov, on 11:01 AM and 7:20 PM: to confirm that Homeland Security had always been correct that I kept developing delusions about famous people. Then, the Pointe-Claire volunteer's reporting on my computer-hacking on 2:22 PM: to justify my classification as a "terrorist" simply by my Internet activities alone. As you can see,

the reporting seems to have lasted from 11 AM to 2:30 PM. The women must have also requested that my website be removed since Homeland Security CO chief's purpose was also to intercept evidence into the ICJ that my website was banned so that the CIA would be banned from ever introducing this banned material into the ICJ as evidence. But then, something happened: the TMU informed the Secret Society women that they would not consider them to be the victims of my stalking and would not proceed to remove my website. What? The reason seems to be that the validation of the Homeland Security warning about me by the State of California was not enough. For this reason, Homeland Security CO chief instructed Angelica to come up with something drastic: to actually identify, on 9:27 PM, the video of her on my website in order to justify her claim about my stalking her using my website (how I secretly filmed her and then placed the video on my website) and so her request to have my website removed. But no. Of course! The TMU was thoroughly allied with the CIA and would always try to obstruct Homeland Security's effort to protect Russia, Ekaterina, and her father from the CIA.

17 November (Monday; Karin's meetups)

(I would be in court and meet up with a public defender today. I requested to plead "No Contest" to the charge so that my case might be dismissed given time served. The judge agreed. And I was set for release.)

Now the Secret Society women's operation against me. 4:02 AM,

Again, the focus on this image today as the definitive proof of my plagiarism.

Let's theorize what happened today. Throughout the morning, there were a ton of reporting on my plagiarism – did the TMU again question whether I had plagiarized? – and then we saw the Baltimore Lawyer in Washington DC again on 8:18 AM (or 11:18 AM over there). Evidently, because of the TMU's refusal yesterday to accept Homeland Security's warning about me even given the State of California's validation, the Secret Society women sent the Baltimore Lawyer to argue with the Washington DC authority again. Any validation from NCTC or TSC should force the TMU to swallow the Homeland Security warning about me. Then the reports on behalf of Dr Brizendine on 10:41 AM and Ekaterina on 11:04 AM, and the report about my delusions about my women victims' going after me on 12:35 PM – these were probably destined for the Washington DC authority. And then that on behalf of SDW on 3:01 and 5:25 PM. No matter. As expected, the NCTC, allied with the CIA, would not validate the Homeland Security warning about me regardless of what California officials had said. The frantic attempts by the students from Colorado State University to forge evidences of my plagiarism were probably also intended to save the Secret Society women's case with the TMU.

Note that, some time today, Homeland Security CO chief would instruct Francesca, SDW's TI friend in Switzerland, to copy my first message under my thread "Some prominent targeted individuals might be government disinformation agents" and repost it on her own Facebook page ("[Targeted] Individuals of Gang-Stalking and Mind-Control Around the World").

Now, why? Most likely, this. The Secret Society women's debacle with the TMU yesterday and the NCTC today had become evidence unfavorable to Homeland Security CO chief in the ICJ – just after he had entered such golden evidence from the Los Angeles Sheriff and the California Anti-Terrorism Information Center to justify his warnings about me in there – so that he was in immediate need of more evidences to keep himself afloat in the ICJ. Since he still had the authorization from the ICJ to forge evidences to frame me, he decided to make use of the faulty surveillance Machine again. Kiersten must have produced a new expert testimony saying that, because of my inferiority complex, I was fond of impersonating the women I was attracted to, i.e. blonds. When Francesca's post was intercepted into the ICJ as evidence, this would be Homeland Security CO chief's evidence that I was impersonating a blond on Facebook – thus more circumstantial evidence that I did fit the Secret Society women's claims about me.

At the same time, Homeland Security CO chief had also instructed somebody in India to copy part of my blog posts on brain chips and paste it onto his own blog (at prasad519.blogpost.in). The purpose was the same. You'll read more about this in the entry for 5 December later.

18 November (Tuesday; Wes; out of jail)

First, a note about myself. I was out of jail around 5 PM and soon turned on my recorder. As you can hear from the recording, I was very frustrated over the fact that the Sheriff didn't return my

glasses. At the optometry on 59:00. In Stories on 1:38:00. I was connected with Wes on 1:49:00 and then again on 1:56:00. Then I came back to Stories and told Jalise a little bit about my disaster, but of course she had no interest. In fact I was immediately interrupted. Severe anger. Left Stories by 8 PM. **2 B. Total: W: 380.**

Highlights of my conversation with Wes today: (1) The control center, days before my birthday, had already signaled to me that I was going to get arrested on my birthday, and I wrote on my blog that I would get arrested on my birthday, and yet I still got arrested on my birthday! (2) How I found a laptop last Tuesday and extracted the hard drive and kept it in my backpack on the day of my arrest so that the police could take it away from me. It was all orchestrated by Homeland Security. (*Correct!*) Homeland Security must have played tricks and created evidence that I colluded with the Russians to monopolize the solutions to quantum gravity (forged evidence to frame the Russians). (*Wrong! Homeland Security CO chief's evidence of my delusional mind.*) Did Homeland Security return the hard drive to the original owner? (3) The Internet connection was cut off at Stories just when I came in, and it had to look normal so that I could look crazy by suspecting Homeland Security. (4) Homeland Security made sure the police took my glasses away. (5) Since the laptop was a Toshiba Satellite, it was orchestrated to replace evidences. (6) How I always got the opposite of what I wanted, hence I must lose sight when I wanted to gain insight. (7) Homeland Security must have been helped by the CIA so that they could get themselves convicted: I was merely used as bait. The Russians and the CIA used me for their benefit and nobody cared how I felt because I couldn't complain anyway. All to replace evidences. (*Complete bullshit here.*) (8) I needed to get myself euthanized so as to get out of this. The only way: go to the gun range to shoot myself. (9) How I didn't actually meet any violent criminals in jail. (10) The reason why I wouldn't get arrested for continually committing crimes was that the police were too dumb. (11) The British Old Lady's clique never gave a crap about how I felt. (*Correct! Ha!*) (12) The horrible conditions in jail (solitary confinement). (13) Further details about the solution to quantum gravity (2:23:00). "If I hadn't discovered it, nobody would have discovered it." "I have again accidentally saved the world, and that's why I'm being punished." (*Homeland Security CO chief's evidence of my grandiosity.*) (14) How disgusting xxxxxxxxx were and how I wanted to form my own terrorist group solely to attack xxxxxxxxx – but that would be the British Old Lady's "program." (*Homeland Security CO chief's evidence of my delusional mind which caused me to become an anti-American terrorist.*) (15) How the Invisible Hand must be having difficulty in finding a successor – hence the reform of America's education system was the CIA's top-priority. "He might just recruit you to replace him." (*Complete bullshit: Homeland Security CO chief's evidence of my delusional mind.*)

(Evidently, as always, Homeland Security CO chief was waiting for me to talk to Wes because he needed my wrong scenarios as evidence of my delusional mind. Especially now that the Secret Society women had just screwed up again with the TMU and the NCTC. Together with the evidences from Francesca and Prasad, my "delusions" and "grandiosity" today would help Homeland Security CO chief temporarily lock up the previous ICJ trial. But, again, you never know which part of my bullshit might come true in the future.)

Now the Secret Society women's operation on my website today. 4:23 AM,

He had just heard that the stalker had this crazy blog and came to take a look. 11:41 AM, he

He seemed to be looking at the blog post "How to file a frivolous restraining order". That is,
Angelica was probably explaining to him how I was harassing her and violating her privacy with
my stupid blog post about her restraining order.

Evidently, because the Secret Society women were now back to the same old game of trying to convince the TMU that the Homeland Security warning about me was correct, they called up Nelson to ask him to brainstorm. My delusions about about Obama? (How I kept developing delusions about famous people.)

Around this time, SDW was out. As she would note in her “First Responder Harassment Log, November 2014”: “3:30 pm – Visited San Diego Sheriff’s Dept. Encinitas substation on Via Molena. 2 deputies stand near the door inside the lobby as I enter, one blocking the partition window. Deputies stood in the lobby interviewing a female DV/stalking victim until after I left. During this visit I was also subjected to color harassment, noise harassment, gesture harassment, sensitization, directed conversation, and mimicking harassment. (Encinitas)”⁹

⁹ It seems that, after being super-busy with my case in the past few days, this afternoon SDW decided to carry out one of her long-standing concerns unrelated to me. As she would write later today on her blog, “Visit to the

12 seconds later, he followed the instruction and did a search:

Sheriff": "Months ago I requested some crime stats from the Sheriff's Dept. regarding vehicle noise code violations in my city. I got the usual blow off for months and then finally a response. I would have to pay them a \$50 'research fee' for this info. So I went there today with the check and got a slew of perperly BS during my visit of course. Near the entrance to the building a large black pickup was parked with the driver side door left open. When I entered the small lobby, two deputies were standing in front of me questioning a female stalking victim. One female and one male deputy dressed in dark blue uniforms. The female deputy stood facing me with her arms crossed, blocking the partition window. I just walked towards her and she moved. The stalking victim rambled on in a shrill manner the whole time I was there. Her story included much cursing and violence, including directed conversation about acting "crazy", yay! I am sure the deputies were there for the purpose of intimidation and to reassert to all the "national security threat" that I allegedly pose to the city of Encinitas. It was obviously staged. I have visited this station multiple times and there are never deputies in the lobby. But they always have other "theater" going on. The one time I tried to report gang stalking there, some fat slob in sunglasses came out and made me step outside with him. I don't understand why some deputies dress in dark blue uniforms and others wear tan. The ones that show up at my home are always in tan uniforms. As I wait at the window for the info I requested, a female employee enters the lobby and loudly slams a door next to me. Later a bald male employee passed behind me with his hand on his abdomen. The woman who provided my report stood at the window and spoke to me with her hand over her mouth, her fingertips just below her nose. Before I left I asked another employee who a person should report to if they are being repeatedly harassed and/or intimidated by a specific deputy or group of deputies. She said to call the station or submit a report online. The stats I requested were on tickets issued for vehicular noise code violations by the Sheriff Dept. in my city over the past year. The results were disappointing and utterly ridiculous but pretty much what I expected. 'Total vehic. noise code violations in 2012- 8. Total vehic. noise code violations in 2013- 4.' Words cannot express how fucking wrong this is and how much murder these people are getting away with. I have at least a dozen violations minimum passing my home every day, and the real number is more like 2-4 times that. I hear then all over the city too, and so does everyone else. But I live in NWO Zombie Droneville, USA. After the Sheriff dept. I went to Target for some items, oh the irony! I did enjoy looking at the Christmas section though. When I arrived home the 2 tenants who live below me synced exiting their unit and blocking my path. These 2 missed abortions moved in below me a month ago and have done nothing since but stomp around and make a bunch of fucking racket every single day. A lot of it is synced with my bathroom use, work breaks, naps, and bedtime, and there is a lot of 'shadowing'. The HOA said I had to go down there and tell them the noise is disturbing me 'because maybe they don't realize it'. When I talked to them there was no apology. They actually blamed their infant who looks too young to even walk. What a nice environment for a baby! I hope they can afford the HOA fines when they start rolling in. Karma has a lot of work to do catching up to all of these skanks." SDW was thus probably out from 3 to 6 PM and then spent the rest of the day at home.

62.61.184.238 - - [18/Nov/2014:16:46:27 -0700] "GET /blogs/tag/maria-putin/ HTTP/1.1" 200 4371 "http://www.google.com.om/url?sa=i&rct=j&q=&esrc=s&source=images&cd=&cad=rja&uact=8&ved=0CAcQjRw&url=http%3A%2F%2Fwww.lawrencechin2011.com%2Fblogs%2Ftag%2Fmaria-putin%2F&ei=RtprVOTZE5LZau_SgeAH&bvm=bv.79908130,d.d2s&psig=AFQjCNH9wVcc0M5b8haZ0KQ6rUL9F00Ng&ust=1416440691438884" "Mozilla/5.0 (Windows NT 6.3; WOW64; Trident/7.0; rv:11.0) like Gecko"

And so the Secret Society women were increasingly thinking of getting Uma to file a stalking claim against me as a way to save Homeland Security's warning about me.

Let's sum up. As noted, the Secret Society women were back to the same old game of brainstorming how to prove to the TMU that the Homeland Security warning about me was correct. Two Indian volunteers checked out my website in the morning; numerous volunteers forged evidences of my plagiarism (including the Innsbruck University volunteer on 10:35 AM); on behalf of Khalezov on 9:22 AM; on behalf of Dr Brizendine on 10:59 AM; Angelica's TRO on 11:36 AM; Nelson checked out my external links page on 12:47 PM; on behalf of Kiersten on 4:35 PM; my delusions about my women victims' going after me on 5:50, 6:53, and 7:24 PM. The Secret Society women might also be trying to get Uma to file a stalking case against me as well.

Note that Karin added pictures to her Meetup site today. She also seems to have changed her name around this time. Probably: by this time Karin had realized that the TMU wasn't going to remove my website. If she didn't want people to come to my chapters about her when searching for her name, she would have to change her name instead!

19 November (Wednesday)

First, a note about myself. Woke up 7 AM. Tried to sleep a little more, but couldn't. Not too upset. Around 9 AM, got up, called the LAX courthouse, and set out for it. Apparently, no need to spend money on contacts. Continued to read Isaiah while on the bus. Arrived there, and was strangely in a good mood, rather than in a hostile mood – so programmed today. But had to wait for the Sheriff officer from the locks for a long time. Finally, obtained my glasses. Lunch there. Continued to watch Lusskind's lecture. While waiting for the bus, began thinking anew about the "special theory" and "general theory". Finally decided that one had to understand Einstein first.

At home around 3 PM. Put on another lecture, then napped. Got up past 5 PM, and was ready to go out. Stories. Disappointed because Jalise was not there. Liana and another guy. Jalise was not dragged away by the government, was she? Reading by a Welsh activist. 7:25 PM, the Internet connection was cut off. Not too upset. The connection was soon restored. Liz here. Peaceful mood continued, and was debating with myself whether to hit PSYCH at EGLRK. Could my mood be programmed to coincide with law enforcement actions? Finally decided: it's to produce evidences that I love and hate xxxxxxxxxx at the same time. Therefore should hit the target

regardless. 9 PM, asked Claudia about Jalise, and then went to Home Depot. (Spray.) Then at McDonald's. Another homeless man thrown out. After that, feeling sleepy. Began having doubt about the targets again. This time, fear for "violation of probation". Decided on Hispanics instead – since there's always tomorrow. SOTO: **8 N (1 police), 1 SPC**. Saw "Heigl" on the Metro (in the show she played a CIA analyst). Is this how the scandal would be advertised? Fear of being punished soon in order for my ideas to be used. Then **2 B, 1 H (LWLB)**. The Law Library was lighted, the trees trimmed. Walked a long distance.

Now the Secret Society women's operation on my website today. 4:19 AM, singnet.com.sg, Singapore,

Around this time, SDW was out. As she would write in her “First Responder Harassment Log, November 2014”: “1:16 pm – Passed by private ambulance on 5 South freeway at Manchester exit. Golden Health Transportation: CA 7057260 or 7U57260. (Encinitas) 1:24 pm – Passed by private ambulance at 5 South freeway and Mira Mesa exit: Pacific Ambulance. (San Diego) 2:56 pm – Passed by San Diego PD patrol SUV at Genessee South and Decoro. (La Jolla) 3:00 pm – Passed by San Diego PD patrol car #7127 at Genessee North and Eastgate. (La Jolla) 3:04 pm [–] Passed red ambulance #21 at Genessee North and 5 North freeway on ramp. (La Jolla) 5:04 pm – Passed by white CA State Lifeguard jeep while walking on South Ponto Beach.” It thus seems that, a little past 1 PM, she went out and, by 1:30 PM, had arrived in her destination in San Diego. She was doing something or meeting someone for more than an hour in San Diego and departed probably around 2:50 PM. By 3 PM, she was in La Jolla. As you shall see, it would seem that she was meeting a fellow TI in La Jolla to discuss me.¹¹ By 5 PM, she had left her TI friend and was found taking her walk on South Ponto Beach.

Presumably SDW was telling this volunteer how I had harassed her by blogging about her and then terrorized her by leaving all these links on her blog: "And yet the TMU refuses to accept the Homeland Security warning about him as valid and open a stalking case!" My computer-hacking.

3:27 PM, a volunteer was looking at the Facebook posting from 2:26 PM,

3:28 PM, I was editing my blog from home.

3:30 PM, 24.sub-174-251-177.myvzw.com, Los Angeles.

174.251.177.24 - - [19/Nov/2014:16:30:26 -0700] "GET /blogs/tag/brain-chip/ HTTP/1.1" 200 68003 "https://www.google.com/" "Mozilla/5.0 (iPhone; CPU iPhone OS 7_1_1 like Mac OS X) AppleWebKit/537.51.2 (KHTML, like Gecko) Version/7.0 Mobile/11D201 Safari/9537.53"

This seems to be the volunteer seen on 13 August, 8:05 PM. At that time she was looking at the same blog post series. My delusions about there being chips inside my brain.

Around 3:30 PM, I posted on my blog the update you see for 19 November on "Could a vacuum bomb be possible?"

3:31 PM, Asianet, Ernakulam, India,

3:40 PM, another volunteer was looking at the Facebook posting:

66.220.158.119 - - [19/Nov/2014:16:40:17 -0700] "GET /scientificenlightenment1/saxonwarrior.jpg HTTP/1.1" 200 93280 "-" "facebookexternalhit/1.1 (+http://www.facebook.com/externalhit_uatext.php)"

3:46 PM, the third volunteer,

She was still listening to SDW's complaining. (SDW was up all night discussing me with
volunteers!)

Some final comments. I wrote down the following notes on my diary some time after my release
from jail. It's all wrong scenarios; only the italicized portions are correct.

"From 28 October onward, renewed attempt from the control center to program me to conform to
Kiersten's (Angelica's father's, and Chertoff's) false profile of me. Probably: EKT is no longer
involved with the Secret Society women. The control center was raided for a second time around
24 October in order to resolve the dispute over whether I colluded with EKT. But now Homeland
Security used their authority to monopolize access to the control center. They asked the
computer inside the control center to devise a plan for them to gain a reputation of intellectual
superiority. *The plan: (1) to protect the women by remotely controlling me to conform to their
false profile of me. This will then become evidences in the ICJ, which will then be used to rewrite
records in the domestic sphere (law enforcement, etc.).* If it's not possible to control me to fit into
the false profile, then simply program me to behave and talk in a way that superficially
resembles the false profile, and then 'reinterpret' the superficial resemblance as 'deep
resemblance'.

"Then, (2) the purpose of all this is to monopolize the solution. Homeland Security, following
the plan, argued in the ICJ: if the Russians can knowingly use false information to monopolize
the solution, then they can do the same. They submitted the false information about me
(Kiersten's and Mr Chertoff's and the Monkey's profile of me) to the ICJ and probably argued
that I pretended to collude with my stalking victims in order to make it look like it was they who
were colluding with EKT to help Russia monopolize the solution. I framed my stalking victims
and compensation to the US should be to allow the US to monopolize the solution. Using the

control center, Homeland Security orchestrated my arrest on 13 November. Whereupon evidences were found for my collusion with the Russians and for my computer-hacking activities (and probably for my plagiarism of the solution; perhaps the Russians gave me the solution after they had stolen it from some Americans). Homeland Security will then have proven their usefulness to the US government. Homeland Security will also demonstrate to the police that they are able to solve the series of vandalism crimes which the police can't solve. The police will be impressed by the genius of Homeland Security personnel, not knowing that Homeland Security is able to solve these crimes because they are the ones who are programming the suspect to commit them and then using a supercomputer to solve them. (And also because they are willing to invest vast amount of resources in solving petty crimes.) Homeland Security has followed the computer's instruction in orchestrating my arrest in such a way as to intensify my hatred and disgust for xxxxxxxxx in order to motivate me to commit more crimes for them to solve.

“EKT's goal: only on the apparent level was she trying to cause the reactivation of the ICJ trial under the cover of monopolizing the solution in retaliation against US monopoly of the solution; the real goal was to reactivate the ICJ trial in order to implement the 'Korea plan' (marriage with her Korean boyfriend; unification of the Korean peninsula; Russia's soft-power in Asia).”

(If I had posted this anywhere on my blog, it would be Homeland Security CO chief's evidence that I was delusional. Nevertheless, you can see that, vaguely, I did understand something. Namely, the CIA was accusing Ekaterina of colluding with me since their argument was that I purposely caused her to have reasons to file stalking claims against me because I wanted to share my ideas with her (Russia's soft power and so on). On the other hand, some of these wrong scenarios were so stupid that none of them would probably come true in the future.)

20 November (Thursday; Wes)

First, a note about myself. I was burning DVDs until 6 AM. Then watched Dr Physics' "Einstein's..." The best video! Got excited. MST (Japanese again). I posted the following update on my "Could a vacuum bomb be possible?" on 8 AM:

“Now in the special theory (refer to Zeno's paradox of the stadium again), note that [...] the two rows of Planck lengths flying past each other at the speed of light measure each their own velocity under two values: each row sees two rows coming toward itself at the same speed of light, and yet this speed of light is measured as both 1 and 2, or 2 and 4 (passing by one of itself and then two of itself). In other words, in a quantized system, where Planck lengths (the indivisible minima of space) move at the maximal speed possible (c), as soon as there are three parties moving (or not moving) in the three possible directions, 1 is equal to 2, and 2 is equal to 4. That is, if c divided by Planck length is Planck time, Planck time times Planck length should be c (velocity equals distance traveled divided by time elapsed). But if c is divided by Planck time, you don't just get one answer (Planck length), but two answers (Planck length and two Planck lengths). In other words, $2 = 2$ and $2 = 4$. (Or half the time is equal to double the time.) The self-consistency of the system (what is indivisible must remain indivisible) produces the result that $2 = 4$ in addition to the result that $2 = 2$ – all because there are three frames of reference.

“Now when this situation is generalized – when the three rows of Planck lengths are no longer traveling (in respect to the other two) in a straight line and without acceleration – this means, following upon our previous reflection that $pq - qp = h/2\pi i$ is the direct result of the gravitational field – that this uncertainty relations between position and momentum, or the difference as the ‘commutator’, must somehow function like, or be equivalent to, the metric tensor $g(mn)$, which in Einstein’s general relativity serves as a corrective to the Euclidean way of calculating space-time distance ($ds^2 = dx^2 + dy^2 + dz^2 - c^2dt^2$) by making allowance for ds not being a straight line (in the space-time continuum).

“So what happens when we thus ‘generalize’ the situation of the stadium? Well, when you compute the space-time distance traveled by one row of Planck lengths within the frame of reference of any of the other two, another number, ds , will be equal to yet another number in addition to itself. In fact, since reality is quantized, smooth curve is impossible, ds would have a value somewhere between ds and $ds^2 = dx^2 + dy^2 + dz^2 - c^2dt^2$ (distance traveled in respect to one row) in addition to another value similarly computed (in respect to the other of the two). This enormously complicates calculation, but the good news is of course that, since spacetime jumps from 0 to 1 Planck length and 1 Planck time, the curvature of spacetime, or any distance travelled, is not really curved, but looks rather like the boundary of a hexagram (or some other geometric shapes). And since, in the special theory, the rows of Planck lengths are only traveling (from the frame of reference of the other two) on one (say x) axis, once the degree of freedom is increased (each row traveling on x , y , and z axis) altogether, yet another number would be equal to still another number in addition to itself...”

Blah blah blah. Suddenly, programmed to believe that my solution to Zeno’s paradox was in fact logically fallacious. As if half of the world had collapsed. Couldn’t believe it. Despite the effects of sleeping pills, continued to study the paradox. Then it seemed to be sound. Then trivial. Finally, began writing:

“First, this is a logical fallacy. Conclusion: it is logically impossible for two rows of Planck lengths to go past each other from opposite directions at the speed of light. And yet it is easily imagined. Why? Why is it that you can imagine the paradox of the stadium, but can’t imagine 2 is 4 as well as 2? Or could you?

“We have a mathematical system where $c + c = c$. Of course, the formula for the addition of velocities.

“If one photon comes toward me (another photon), it is as if I were stationary or the other one were stationary. But then my, or the other’s, momentum would be infinite. Momentum = mass times velocity. Well-defined mass = perfectly known position.”

At a loss, called Wes two times, but both times his answering machine seemed to have problems. But not angered, simply terrified. By 11 AM, tried to sleep. Then, lunch at the Korean restaurant: not saving money. Read Einstein’s 1915 paper. After 3 PM, clearly couldn’t sleep. Used the toilet. Miraculously, Wes called. Talked for an hour. Even then, rushed to the storage (past 4:30 PM). Was able to make it! DVDs put in: 417 and 419. Then rushed to Stories. Jalise was there,

happy. She said she drove her brother to the airport yesterday. Not sure if she was telling the truth: she had a lot of make-up on today, highly unusual. Wanted to tell her how upset I was over the fact that my "scientific discovery" might have been fallacious. She warned me not to talk to her. Stunned, not too upset, but decided to commit crimes tonight (for she was not interested in "government things"). Suddenly, the music of Ellie Goulding and Wir sind Helden caused me to cry: producing evidence of sadness over Jalise's "rudeness"? Then I posted the latest (the last) update on "Could a vacuum bomb be possible?" Left 9 PM. Kentucky Fried Chickens. Then, Vermont. Raining. Bought umbrella. Then going to EGLRK. When I arrived, there was no rain! Homeland Security wants to waste my money! Couldn't W at PSYCH. **2 W, 3 H, 1 B.** Discovered by private security (spraying). Ran away, and changed. Soon two police cars showed up, evidently looking for the vandalizer. Then, at the bus stop, a drunkard showed up harassing me for a long time, and the bus was late by 15 minutes. All Homeland Security programming? Evidence of my drinking habit? A very bad night, scared. **Total 11 N.** Will Homeland Security collect fingerprints from the bottle at the office? On the bus coming home, and everyone had to change bus in the middle of the way. Thought plenty about Prof. Carson. Home by 2 AM. Democracy Now: the story of Mark DeFriest (solitary confinement). Scared. Burned DVD-418 (videos). Verification failed just when I was writing out "the new Cold War's focus in Asia", as if the Macrospherians deemed it to be a good suggestion and so punished me for being so smart. The file "spy_china_wwii.mp4" failed. By 4 AM, was ready to sleep, and wanted to watch the videos on this new disc on my Samsung netbook. Tried to play "Supersymmetry" (the file after "spy_china") but Windows Media Player couldn't load this file and continually froze. Severe anger. Went out, **2 B at SCHL.** Witnessed by a black guy: such must be Homeland Security's objective. The school will be notified in the morning.

Highlights of my conversation with Wes today: (1) My disillusionment this morning: "Who was listening to our phone calls? I must have made a fool out of myself..." Then how I might be correct in some way after all. (2) The government wanted evidences as to whether I had plagiarized. (3) If I had never discovered any theory of quantum gravity, then my whole scenario about Ekaterina fell apart. (4) It couldn't be wrong that the uncertainty principle is the function of gravity. (5) I made a bad decision to plead "No Contest" to the vandalism charge. (6) I hoped it wasn't part of BOL's program that I should mistakenly believe I had solved the mystery of the origin of the universe so that I could make a fool out of myself. (7) Why was Homeland Security going after me? If not to prove that I was colluding with Ekaterina? (8) People wrongly assumed I knew everything and would get angry with me for intentionally causing troubles. The man who told me "You know everyone in California is angry with you, right?" (36:00) (9) The CIA and BOL would not think that I had really suffered major torture. (10) I suffered so much in jail because I was addicted to everything I normally had around me. (11) I wanted to know what the dispute about me was. Wes: "It's always worries about what other people say and think about you." (12) To apply for political asylum in another country in order to obtain the right to know the criminal charges filed against me, the right to not have electronic devices implanted in me, and the right to be presumed innocent until proven guilty. (13) Again, my hope that the Invisible Hand wouldn't recruit Wes to replace him.

(My disillusionment today really was bad news for Homeland Security CO chief since it was evidence that I was capable of developing insights and waking up from my "grandiosity". On the

21 November (Friday)

First, a note about myself. By 6 AM, calmed down, and made the recording about what was going on (I have never come up with any "special theory" and am not in the position to come up with any "general theory"). Slept until 2 PM. Okay. TNT. Thought:

What BOL has done is this. I have to commit crimes in order for her program to save the world to take effect. She therefore gave the order that a situation be created where I commit crimes, not for bad reasons, but for good reasons. This is easy. The potential in American population to bully and victimize me is so great that, a simple move to unleash this potential, and I would be committing crimes against them in retaliation. The problem: such potential probably exists in every country, even in China and Russia. Hopefully the potential (to bully me) will never become actualized in these countries so that I might not have to hate all peoples. Thus, the fault of Russia consists in causing the actualization of the American potential to victimize me – such potential might or might not be actualized under normal circumstances; but with Russia, the actualization of a mere potential has become an absolute necessity. Therefore, who to hate more? Russia which makes the contingent American hatred of me into a necessity, or America which is the embodiment of the hatred?

(Just complete bullshit. Homeland Security CO chief's favorite evidence. I had yet to realize the deeper sense in which Russia was the cause of my unfortunate circumstance.)

Then I posted "NOTICE" and the blog post you see for 22 November, "The focus of the coming cold war between Russia and the US is in Asia". *(Again, complete bullshit. Homeland Security CO chief's evidence that I was insane.)* Jons, chicken. Then, Best Buy, bought a new hard drive, and checked my website on the computers there. Stories. Party, couldn't work. Sat at the corner quietly. Liana there. Jalise not there. **Veronica's agent there.** A suspicious Hispanic male there. *(Was Homeland Security CO chief conducting another "investigation" of me now that he was desperate? (His own "investigation" can enter into the ICJ as evidence to temporarily lock up the previous ICJ trial.))* Left in 30 minutes. Starbucks, Vermont. Began getting an inkling about the operation in progress. *(Wrong.)* Decided not to collect heavy damages as a matter of "safety" (mood okay all day today). Then, I posted the second blog post you see for 22 November, "A prediction about the general theory". Left 12 AM, going to SOTO. Total: **5 B, 5 Ns, 1 SPC.**

Somewhat frustrated, because at least 7 sets were left behind without hits. Governments testing the control center's capabilities? (*Not.*) Home by 2:45 AM. Thought that the decline of visits in the past few days indicates the withdrawal of half of the members of the Secret Society because they didn't want to see me "busted all the way". Thus, those who have sympathy have escaped unharmed: such is the government's agenda to redeem its reputation. (*Wrong.*) Thought that what was going on was that, on the morning of 20 November, Homeland Security was planning with the Secret Society women for my permanent lock-up for life (solitary confinement), but that Homeland Security wanted me to not believe that it's because of my "special theory". Apparently, Homeland Security, like me, also believed that I had really developed a "special theory" and would understand a "general theory". They wanted me to believe in something false, which, however, happened to be more like the truth – because they themselves lived in delusions like I did. (*All the wrong scenarios!*)

Home: reviewing recordings of my conversations with Wes from July and August 2013. They reflected my current situation more than my situation at the time, it seems. Apparently the unsuccessful hits on tires tonight were orchestrated to coincide with the recordings I was to review at home where I talked about nails and tires. (*Wrong.*)

Now the Secret Society women's operation on my website today. 4:23 AM, tampabay.res.rr.com, Wesley Chapel, Florida,

On 4:26 PM, Derrick announced on Facebook that he was one of the 10 recipients of the Myron May packages. Myron May was the targeted individual who had shot three people at Florida State University yesterday. This would have some relevance for me tonight.

This was the third Tampa friend of SDW's today! To falsely report to the TMU that I had blogged about Myron May and was therefore also a danger to people just as he was? The strange thing was that I couldn't even find my blog at all with this search term: I had never mentioned this "Myron" anywhere on my website. How was SDW's friend able to find it? Perhaps Homeland Security CO chief had helped her by manipulating the Yahoo search engine.¹⁶ Clearly, Homeland Security CO chief was a nervous wreck by now: for four days, he had obtained no evidence from law enforcement to more securely lock up the previous ICJ trial.

This was the third volunteer today to examine my postings at Prison Planet Forum. This time to examine how I had spilled out my stupid delusions about the chips inside my brain in this garden of Alex Jones'. (Again, just like "Myron", I could be dangerous.)

¹⁶ Note that Myron May shot three people in FSU on 12:25 AM, 20 November, and SDW posted a message about this on her Facebook group on 1:37 AM, 20 November: merely one hour and twelve minutes later!

My horrifying delusions about government conspiracies? My delusion about Angelica? Was this volunteer – a person of Chinese descent – a friend of the Baltimore Lawyer's?
