

The Secret History of the International Court of Justice

KIERSTEN'S VENGEANCE

26

RESUME

The following covers the operations of the Secret Society women and Homeland Security CO chief against me and the associated International Court of Justice trial from 22 November to 3 December, 2014. The Secret Society women are: Angelica (Angelina, G), Dr P (Pettersen), Karin (K), Kiersten (J), and SDW (Maura). Leading them was Russia's First Daughter Ekaterina (Putina). The "TMU" continues to refer to LAPD's "Threat Management Unit".

At this juncture we should again perform our periodic reminder as to the progress of my writing out my Secret History – since there would be no point in any debate between the CIA on the one hand and Homeland Security and the Russians on the other if the CIA shall have no writings from me to use as evidence against the Russians. I had by this time completed three chapters from "The Birth of A Mission" (A, B, and C) and was working on the fourth (D). I had also completed Part I and II of "On the Periphery of Karin's Meetups". Together with the First and Second Supplemental Pleading, these were all the evidences which the CIA could use to convict Russia of conspiracy with me should the previous ICJ trial be reopened – hardly sufficient evidence, and yet it is this which had so driven Homeland Security CO chief, Ekaterina, and the Russian intelligence and diplomatic service up the wall.

The following is a revision of the original "Kiersten's Vengeance, 26", originally composed from September to November, 2020. The original version, with the file name "timeline118-8-final.pdf" (dated 14.11.2020), can still be found in the same file folder.

Synopsis:

22.11: Morisio not in Stories? The Secret Society women mobilized volunteers to brainstorm: (1) my harassment of Shizuka as well as Ekaterina and her family members (note the third volunteer from Switzerland this month); (2) my delusions about how the Secret Society women were going after me (note the Chula Vista volunteer, probably SDW's friend); (3) my delusions about Khalezov (note especially the Warsaw volunteer); (4) my computer-hacking; and (5) my plagiarism. Note also the Seattle volunteer, who seemed to be a close associate of one of the Secret Society women.

23.11: My conversation with Wes today: Homeland Security CO chief's evidence in the ICJ that I was delusional. Meanwhile, the Secret Society women mobilized their volunteers to brainstorm: (1) my harassment of Ekaterina, Shizuka, and the Secret Society women themselves with my website and blog (note especially the Saratov volunteer and SDW's possible TI friend in Phoenix); (2) my delusions about being mind-controlled and entangled in government conspiracies (note especially the Tel Aviv volunteer); (3) how I had painted Angelica nude; and (4) how I had plagiarized. Note the Australian and the Sacramento volunteer who tried to befriend me so as to entrap me into giving out damaging confessions, and also the "SPH-L710" volunteer who had returned to Los Angeles.

24.11: The Secret Society women tried very hard today to mobilize their volunteers to brainstorm because of the TMU's persistent refusal to accept the Homeland Security warning about me and reopen their (and Ekaterina's) stalking claim against me: a special effort (1) to examine my obsession with Russia and Ekaterina and her family members (note the Munich volunteer, the New York City volunteer, and the volunteer from Hewlett-Packard); (2) to brainstorm about my delusion about the Secret Society women themselves (their going after me as part of a government conspiracy against me) (note the Papua New Guinea volunteer); (3) to report me for harboring delusion about there being chips planted inside my brain (note the "HTC volunteer" and the Australian (Hong Kong) volunteer); and (4) to report me for harassing my family members (the Huntington Beach volunteer again). On top of all this, many volunteers continued to brainstorm how to report me for harassing Shizuka with my portraits of hers, painting Angelica nude, hacking people's computers, and plagiarizing. Note also the South Dakota State Department volunteer and the physicist from the French government's Atomic Energy Commission.

25.11: Morisio in Stories. Tremendous desperation on the part of the Secret Society women in face of the TMU's continual refusal to accept the Homeland Security warning about me and reopen their stalking case on me. Thus many special persons today. First, the "SPH-L710" volunteer showed up around noon to check again on my crazy blog posts about being chipped in the brain and mind-controlled. Then one of the LUG buddies showed up to reexamine my slandering of them on my blog. Then SDW was telling her Miami friend about my crazy letter to the North Korean ambassador to the UN. Then, for four hours in the night, she was telling a Colorado Springs volunteer (probably a TI) about the extraordinary extent of my delusions about being mind-controlled and targeted. The gang seemed also to have called upon the Baltimore Lawyer around 7:45 PM and asked her to examine the pictures of my grandfather on my website. The Oakland volunteer also showed up to examine my crazy blog again – my terrible delusion about how my women victims were going after me. So did a certain St. Louis volunteer. Then, at the end of the night, the Secret Society women were even telling somebody in Moscow (a Russian law enforcement officer?) about my terrible delusions about their going after me. Many other volunteers were here today to examine my delusion about being mind-controlled. And

more brainstorming about my harassment of ICAACT and Shizuka and my plagiarism (especially the Ypres volunteer in early morning).

26.11: I was kicked out of Stories LA. The Secret Society women had a special focus today on how I had harassed my family members with my website. A whole series of volunteers came to examine my grandfather's pictures on my website. And the San Diego volunteer – my cousin Nelson? – showed up too. On top of this, there also seemed to be a special interest today in reporting me for hacking people's computers. The Australian (Hong Kong) volunteer showed up too.

27.11: The Secret Society women persuaded another unit in LAPD to initiate an investigation of me on account of my vandalism spree. The women mobilized their volunteers to report to the new detective about: (1) my harassment of Ekaterina and her family members; (2) my harassment of my own family members; (3) my delusion about there being chips planted in my brain; (4) my delusion about SDW; (5) my delusion about how the Secret Society women themselves were going after me; and (6) my plagiarism. Tonight, the new detective sent in patrol officers to obtain the first evidence that I placed xxxxx on the road to xxxxxxxx people's tires.

28.11: Talked to Wes: Homeland Security CO chief's evidence in the ICJ that I was delusional and anti-American. The Secret Society women's volunteers examined today how I had harassed Ekaterina, Shizuka, my family members, and ICAACT and spilled out my delusions about being chipped in the brain as well as about my women victims such as SDW. Note the Los Angeles volunteer (possibly a TI friend of SDW's) and the Milwaukee volunteer's report on Kiersten's behalf. Note also the massive number of testimonies about my plagiarism, including one by a physicist from CERN. Meanwhile, Homeland Security CO chief was proceeding well with his case on me in the ICJ. For this purpose, he instructed several volunteers in Egypt this morning to link my chapter hesiod.html from a secret Facebook group, so that he might artificially collect evidence suggesting that the Secret Society women's testimonies about me were correct. Late night, Veronica's investigator again filmed me during my vandalism spree: evidence for the new detective.

29.11: The Secret Society women had an exclusive focus today on my supposed delusional mind. They had three volunteers (including a special Bangkok volunteer) report on how, because of my schizophrenia, I couldn't help but imagine them going after me. Several more volunteers then reported on my delusion about the chips inside my brain and how this delusion made me a danger to myself and others. Then a doctor from HonorHealth showed up: were the Secret Society women seeking a certification of my insanity from a psychiatrist? And a volunteer from Peru was here to examine my harassment of Ekaterina. It's not clear whether the Secret Society women had sent out an investigator to monitor me tonight when I was collecting damages and then going into a strip club.

30.11: The Secret Society women were working on my supposed plagiarism today. There were also 5 visits to himiko.jpg today. Then, as usual, volunteers examined and reported on: (1) my harassment of Ekaterina; (2) my harassment of Shizuka; (3) my delusion about being chipped in the brain; and (4) my delusion about how my women

victims were going after me. SDW seemed to have called upon another one of her Tampa friends to examine how I had spilled out my delusions about her on my blog. At the end of the night, the Moscow volunteer showed up again (Russian law enforcement?).

01.12: Even though there was no monitoring of my vandalism tonight, the Secret Society women seemed to be very busy all day long generating reports about my plagiarism to submit to the new LAPD detective. Many volunteers came to work on my plagiarism, including several Russian volunteers – perhaps to submit the same report to Russian law enforcement as well. Most notably, Veronica and Angelica met with their lawyer around noon to discuss whether it might be possible to ban my website on account of my plagiarism. Then the Secret Society women spent the rest of the day busy with reporting on my delusional mind, especially how I had imagined my women victims getting involved in government conspiracies and going after me. Note the Torrance volunteer who looked up Best Mommy's picture on 2:43 PM and the Studio City volunteer who came to examine my delusions about Angelica ("Ying and Yang, II") on 3:24 PM. The Moscow volunteer (Russian law enforcement?) showed up as well on 9:07 AM. Then, the usual examination of my harassment of Ekaterina, Shizuka, and my own family members and my supposed computer-hacking.

02.12: The Secret Society women mobilized a lot of effort today to report on my delusion about their going after me as part of some government conspiracy. (Note especially the London volunteer). Then, secondarily, my delusion about being chipped in the brain and mind-controlled. They also mobilized many volunteers to work on my supposed plagiarism. Also, 5 AM in the morning, Veronica showed up again. Then, four visits from Russia to my "Kiersten's vengeance, II" (including the same Moscow volunteer). Then, one Grand Rapids volunteer checked out one of my documents in my lawsuit against my aunt and one Los Angeles volunteer looked up my analysis of Mary Wollstonecraft. Also, one London volunteer was here to look up my delusion about Khalezov. Finally, late in night, the women gang must have again monitored my vandalism in Kiersten's neighborhood with the help of their investigators.

03.12: The Secret Society women had a special focus today again on how I always developed delusions about them and other victims of mine and then blogged about them as a way to embarrass them. Many volunteers came to examine this matter and report about it to the new detective. (Note especially the two volunteers from Vancouver.) There were also special reports about my harassment of SDW and Kiersten in this manner. Several volunteers also examined, and reported on, my delusion about being chipped in the brain and mind-controlled. There were also reports about my harassment of Dr Brizendine and Shizuka. Aamoy was also called upon to report to the new detective how I had blogged out my delusion about his going after me with his LUG buddies as a way to harass him. The strange Moscow volunteer showed up again – was he really Russian law enforcement? – and a Saint

Petersburg volunteer also showed up to examine my delusion about Russia (supposedly the cause of my obsession with Russia's First Daughter Ekaterina).

This period is marked by the continual frustration of the Secret Society women and Homeland Security CO chief with the continual refusal of the TMU to accept the Homeland Security warning about me and reopen the stalking case on me. The Russian diplomatic service was similarly frustrated. So that, just around Thanksgiving, the women, under the encouragement of Homeland Security CO chief, turned to another LAPD division and started working with a new detective there on tracking my vandalism spree around town. There was now another law enforcement investigation of me as a serial vandalizer. It seems that, at the same time, the Secret Society women also reported me to a Russian law enforcement agency in Moscow, so that, instead of the TMU, another law enforcement agency (albeit Russian) might take seriously my status as the stalker of Russia's First Daughter. A different law enforcement channel was needed because the women gang could then submit their testimonies about my website and psychopathology to a proper law enforcement entity charged with investigating me from which Homeland Security CO chief may then intercept the validation of these testimonies into the ICJ as evidence to confirm that he had always been right about me and thus lock up the previous ICJ trial.

Now my diary entries and the log of the Secret Society women's operations on my website during the period under consideration. As always, my subsequent corrections to my diary entries are bracketed and in italics.

22 November (Saturday; torture after midnight)

First, a note about myself. Before sleep, burned DVD-419 CP. Verification failed again. But damages seemed to be restricted to one unimportant file ("Stories" and "Starbucks") and so didn't cause anger. Then burned the Ubuntu ISO image. Verification couldn't proceed. Didn't try further. Already past 6 AM. Tried to sleep instead. Watched Gen. Dempsey's speech. But soon prompted to make three recordings about government's dilemma in regard to Chaya's confidentiality claim. Already 8 AM. Bought coffee and bread. Still couldn't sleep. Decided to continue the lesson with Dr Physics' "Einstein's..." Then, at the Korean restaurant. Returned home. MST (WF). Finally fell asleep past 1 PM. Incredibly, woke up past 6 PM. Jons, chickens. Stories. The chubby girl there. At one point asked her for her name. She reminded me that I was not supposed to talk to the girls here. Not angered, but decided to resume committing crimes tonight. Left 10 PM. Starbucks, Westwood.

12:20 AM, cited Heisenberg's passage. Great insight into my stalking victims' cognitive dysfunction. Hence punished by the control center. My Word froze up. Blue Screen of Death. Rebooted my computer. The Word document was damaged and went into repair. Wasted 20 minutes. Severe physical pain, tremor. Required to commit crimes and demand asylum in a nation where showing signs of intelligence will not be cause for punishment. Left around 1:30 AM. **3 W (ACS: 2nd), 2 SPC (motorcycle), 3 H, 6 B (the total for today).** On the bus going home by 2:40 AM.

Thought today that Homeland Security or the Russians must have promised SDW the opportunity to sue the US government for gang-stalking her. But how can you sue for something imaginary? Homeland Security must have devised a plan to harm the CIA via the ICJ – until they suddenly changed course on Friday morning. (*Complete bullshit! And it's not clear whether Homeland Security CO chief was indeed responsible for the Blue Screen of Death tonight.*)

23 November (Sunday; torture; Wes)

First, a note about myself. Repeated failure with the installation of Ubuntu 14 on the new Toshiba. Finally succeeded in installing the older version, 8.4. (There was a problem with the disc for version 14.) Didn't check if the Ubuntu laptop could have wireless capacity. Slept past 7 AM. Woke up past 4 PM. TNT. Realized that the malfunctioning yesterday was to produce evidence that I had plagiarized, since the destruction of the Word document had eliminated the reference to Heisenberg's literature. (*Wrong!*) 5:30 PM. Got on 754 to go south. Programmed to miss my bus stop again. Not allowed to go to the French meetup. Severe physical pain. Required to commit crimes in order to produce evidence that I blamed my own faults on others. (*Wrong.*) Rode 754 back to Vermont and Sunset. Read more of Einstein's 1915 paper. Realized then that I was merely programmed to produce evidence showing myself to be exactly like Kiersten (who plagiarized and blamed her own faults on me). Jons, chickens. Called Wes. He actually answered it (1:21:00). But it seemed that I had forgotten to bring my notebook with me (the points to be discussed were listed therein). After the conversation, discovered that I did have my notebook with me. Thus: programmed to produce evidence showing me suffering mental deficiency (like my stalking victims). (*Wrong.*) Slightly upset. Starbucks, Westwood. Worked. Past 11 PM, discovered that SDW had approved a new comment on her blog, thus proving that, contrary to my impression since Friday, my stalking victims were not arrested. Severe mental anguish: once again manipulated to harbor delusional beliefs, in order to repeat the 24 February episode. Apparently Homeland Security CO chief was following the program on the computer and making me believe likewise to fulfill the evidentiary requirement. (*Wrong!*) Angered by my inability to know my stalking victims' whereabouts whereas they could see everything I did. Thus, worried about committing crimes. 11:55 PM, on the bus going to Venice Beach. There, bus 33. **3 B, 3 H, 1 SPC, 11 N, 3 W (one: 2nd)**. On the bus going home by 2:05 AM.

Highlights of my conversation with Wes today: (1) The control center just wanted me to reproduce my stalking victims' characteristics, especially Kiersten's, and so tortured me severely today. (*This was always sort of correct.*) (2) My computer went "blue" yesterday to eliminate the reference to my quote. (3) The Secret Society women's major operation from Friday onward. (4) Homeland Security seemed to have promised SDW that she could sue the government for gang-stalking her. Perhaps Homeland Security was going to forge evidences to prove that the CIA had indeed a program to gang-stalk SDW. (*Complete bullshit.*) (5) "I'm only telling you things you already know." (6) My special theory of quantum gravity was not fallacious, but incomplete, and I was sure that somebody had already figured out the general theory (somebody on British Old Lady's team). But the version from the summer was a fake version. (*Bullshit.*) (7) Did people stage visits to my website? (8) I needed to apply for political asylum in another country. Perhaps in another country where I'd be allowed to know what was going on. Germany? (9) Wes didn't listen to the recording I sent him. Perhaps the program was to let the Secret Society women stumble and then fuck themselves up. Perhaps British Old Lady also wanted me to replace my concern with the previous ICJ trial with a new concern with the current stalking scandal. Her plan was also to let the US and Russia engage in a cold war in Asia – in order to break up global commerce. But how can you have a cold war when it is already decided in advance that nobody is going to win? (The cold war is just a pretext under which the common people can grow their brain.) (*Again, complete bullshit. All these wrong scenarios were again Homeland Security CO chief's evidence (that I was indeed delusional) to help him temporarily lock up the previous ICJ trial.*)

How I kept developing delusions about famous people, in this case Boss Cheney?

Now a note about SDW. As she would note in "First Responder Harassment Log, November 2014":
"5:21 pm – Passed by San Diego PD patrol SUV with lights/ sirens on at intersection of Adams Ave. and Felton. (San Diego) 7:34 pm – San Diego Fire Dept. firetruck passes as I exit Felton onto [Adams] Ave. (San Diego) 7:35 pm – Passed by red ambulance on Adams Ave. after Felton. (San Diego) 8:23 pm – Passed by San Diego PD patrol car after parking on K Str. at Hwy 101 South. (Encinitas) 8:26 pm – Pass same patrol car seen above while walking South on Hwy. 101 past Swami's Beach entrance. Patrol car is stopped and idling inside entrance facing the Hwy. and brighting me with patrol car headlights as I pass. (Encinitas) 9:21 pm – Passed by white Sheriff's or Fire Dept. SUV (gold star emblem on door) at Encinitas Blvd. East and 5 North on ramp. Plate # CA 1089093. (Encinitas)" It thus seems that she was out around 5 PM and went to San Diego. She was doing something or meeting somebody there for two hours. Was it related to me? To discuss my case with somebody? By 7:30 PM, she was leaving San Diego and, by 8:20 PM, although already back in Encinitas, she seemed to be running errands or taking a walk. The errands and the walk seem to have taken an hour so that, by 9:20 PM, she was still on the road. She was thus absent from home tonight from 5 to 9:30 PM.

My delusions about the chips inside my brain.

10:07 PM, the 9:51 PM Sacramento volunteer clicked on:

25 seconds later, he tried to log in to leave a message:

3:54 AM,

37.77.116.147 - - [24/Nov/2014:04:54:57 -0700] "GET /blogs/wp-content/uploads/2013/09/91313-58.png HTTP/1.1" 200 225418 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/39.0.2171.65 Safari/537.36"

In sum, today had been a very busy day. The Secret Society women were telling many volunteers about their current impasse (how the TMU just wouldn't accept the Homeland Security warning about me and reopen their stalking case on me), and two volunteers, the Australian (Hong Kong?) and the Sacramento volunteer, took upon themselves the difficult task of befriending me so as to entrap me into giving out damaging confessions. Then, the "SPH-L710" volunteer, having returned to Los Angeles, also brainstormed about how to convince the TMU that Homeland Security was right about my insanity given my belief about being chipped in the brain. In short, the Secret Society women had mobilized their volunteers today to brainstorm: (1) my harassment of Ekaterina, Shizuka, and the Secret Society women themselves with my website and blog (note especially the Saratov volunteer and SDW's possible TI friend in Phoenix); (2) my delusions about being mind-controlled and entangled in government conspiracies (note especially the Tel Aviv volunteer); (3) how I had painted Angelica nude; and (4) how I had plagiarized.

24 November (Monday)

First, a note about myself. By 6 AM, MST (Hasel 18). Tried to sleep while watching "Einstein's...". Then a Chinese movie. But couldn't sleep. After 8 AM, out to buy juice and bread. Home, tried to sleep while watching "Tensor". Succeeded. Woke up past 4 PM. TNT. Then, Jons, chickens. Stories. The guy was working, not Giselle. Discovered *The End of Physics* (David Lindley). John gave me the book. I then posted the first blog post you see for 25 November, "The end of my stalking victims' operations on me."² Got excited over the conclusion in Document B ("Urbilder"). Starbucks, Vermont. Posted it on my blog, which was the second blog post you see for 25 November "We should have gone to China to do feminism over there." Around 12 AM, going to Kinkos, Westwood. Had forgotten my chickens and grapes. Slightly upset. Did the Metro application, but couldn't send it. Only occasional damages along the way. Jack-in-the-Box. On bus 4 coming back by 2 AM. Total: **4 B, 9 N, 1 H**. Home. Checked the visitors' log. Windows Explorer froze up when I copied "Commissariat...".

Now the Secret Society women's operation on my website today. 4:07 AM,

41.133.223.169 - - [24/Nov/2014:05:07:57 -0700] "GET /blogs/wp-content/uploads/2013/09/91313-55.png HTTP/1.1" 200 169183 "https://www.google.co.za/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_10_0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/39.0.2171.65 Safari/537.36"

² I didn't post everything I had prepared. This first version was omitted: "My last hypothesis should be correct. Kiersten's Secret Society and Homeland Security are preparing, via the ICJ, a new alert about me to be broadcast, in which it is said that I'm violent, delusional, misogynist, plagiarizing, alcoholic, sexually perverted and impotent, a habitual thief, colluding with the Russian government, etc., that I suffer this strange delusional belief that Kiersten, SDW, Angelica, Karin, etc., have secretly filed stalking claims against me and making false reports about me to law enforcement, and that I believe furthermore, delusionally, that the stalking case is part of an ICJ process."

In sum, today was another extremely busy day for the Secret Society women. They were trying very hard to mobilize their volunteers to brainstorm because of the TMU's persistent refusal to accept the Homeland Security warning about me and reopen their (and Ekaterina's) stalking claim against me. First of all, the volunteers made a special effort to examine my obsession with Russia and Ekaterina and her family members: note especially the Munich volunteer, the New York City volunteer, and the volunteer from Hewlett-Packard. Second, the volunteers made a special effort to brainstorm about my delusion about the Secret Society women themselves (their going after me as part of a government conspiracy against me): note especially the Papua New Guinea volunteer. Third, the volunteers made a special effort to brainstorm how to report me for harboring delusions about there being chips planted inside my brain: note especially the "HTC volunteer" who had been brainstorming both last night and

this morning. Fourth, volunteers were called upon to look at my crazy website in general: note especially the Australian (Hong Kong) volunteer who was here both yesterday morning and this morning. Fifth, the Huntington Beach volunteer came again to examine my harassment of my family members. On top of all this, many volunteers continued to brainstorm how to report me for harassing Shizuka with my portraits of hers, painting Angelica nude, hacking people's computers, and plagiarizing. Take special note of the South Dakota State Department volunteer and the physicist from French government's Atomic Energy Commission.

25 November (Tuesday)

First, a note about myself. Worked until 6 AM. Tried to sleep while watching a Tensor lecture and then Susskind's lecture on General Relativity. But couldn't. Past 8 AM, out to buy juice and bread. Home. Eventually fell asleep. Woke up almost 5 PM. Couldn't go to the post office to send out my tap card application. Not too angry. TNT, and then going to Stories. No time for Jons chickens either. Strangely, the 40 dollars withdrawn last night were all gone. At Stories, Liana and the chubby girl were there. Jalise and John not working. Jalise eventually came in briefly. Saw her driving a pickup truck. **Veronica's agent there.** After checking the visitors' log, realized that the government must have made a decision to arrest the whole Secret Society in the end of October, for they were just too troublesome. They were probably indeed making false reports. Thought also that EKT must have promised SDW that Russia would give her asylum and validate her gang-stalking after she shall have succeeded in removing my website. (A false promise: the Russians' deal with the Americans.) (*Again, complete bullshit!*) Then, Starbucks, Vermont. 11:20 PM, on the bus going to PSDN. **4 W (2nd; doctor's, 4th, but a different office). 4 B, 3 H.** However, seemed to have missed the 1:17 AM bus. Waited in Kinkos. **1 N.** Home, past 4 AM. Checked the visitors' log: it was already changed. Slightly angered. Out: **2 B (SCHL).** Had to download the visitors' log. In an Upbeat mood all night, despite my effort to not be so: will be punished tomorrow. Wrote an email to Noah: "You didn't offend me the last time... We can meet again..."

Now the Secret Society women's operation on my website today. 4:19 AM, I was editing my blog from home. At the same time: it's the Hanoi volunteer from four hours ago:

Just here to brainstorm how to report me for plagiarism. (So the Secret Society women: "The police refuse to accept the Homeland Security warning about him because they refuse to believe that he plagiarizes. Can you take a look and see if you can make a plagiarizer out of him?")

Now a note about SDW. She was out around this time. As she would note in her "First Responder Harassment Log, November 2014": "3:12 pm – Passed by Encinitas Fire dept. ladder firetruck with emergency lights/ sirens on while stopped at red light at Encinitas Blvd. West and Quail Gardens Dr. This occurred minutes after leaving my home. (Encinitas) 4:54 pm – Passed by Carlsbad PD patrol car while exiting South Ponto State Beach on foot. (Carlsbad)" So we know that SDW left home around 3:10 PM. She might or might not have done something or met somebody, but she ended up taking a walk on South Ponto Beach. She should be home around 5:15 PM.

14 seconds later, she came to the front page:

Apparently the Secret Society women (most likely SDW) sent her a link to my presentation at the FFCHS meeting in August 2013; but she was spending more time on the front page examining the links for my "Secret History". 5:22 PM, she clicked on:

Perhaps the Secret Society women were explaining to her how I had caused another Homeland Security investigation of me last year by writing this crazy letter to the North Korean ambassador to the UN: "He's a dangerous schizophrenic frequently harboring delusions about, and becoming obsessed with, foreign government officials."

Nottingham is about 15 miles northeast of Baltimore (and the IP address is traced almost 6 years later). We have to wonder whether this might be the Baltimore Lawyer again: this would then be her first time using her MacBook. And so the Secret Society women would be asking her: "Look, he put up his grandfather's pictures on his website without permission. Can we request a ban on his website on this basis?" The ban, if possible, would certainly help validate the Homeland Security warning about me among the law enforcement circle and be good evidence for Homeland Security CO chief in the ICJ.

Lawrence C. Chin,
Nov. 2020. Revised, Aug. 2021.

The IP address is again traced almost 6 years later. This certainly had something to do with Angelica. Angelica was telling this volunteer (who was nearby) how I had put up private information about her family on my website (even though the document was about a person with the same last name but who was in fact unrelated to her, i.e. a certain "Emilio Buenrostro") and yet how the TMU had refused to consider me as "stalking her".

11:28 PM, it's the Colorado Springs volunteer from four hours ago:

73.14.81.115 - - [26/Nov/2014:00:28:01 -0700] "GET /blogs/ HTTP/1.1" 200 17674 "-" "Mozilla/5.0 (BB10; Kbd) AppleWebKit/537.35+ (KHTML, like Gecko) Version/10.2.1.2228 Mobile Safari/537.35+"

Did she spend the past four hours discussing me with SDW and the rest of the Secret Society women? Note that, on 11:32 PM, SDW posted a message on her Facebook Group. Then, on 11:36 PM, the Colorado Springs volunteer continued:

valid the Homeland Security warning about me and the Secret Society women's case against me – and
the women simply sent him the link: “Look, he believes there are chips planted inside his brain. How
delusional! And yet the police refuse to acknowledge that the Homeland Security warning about him is
true!” 4 seconds later:

What's going on here? Why did this guy have to log in in order to click on the link to my blog post? Was this person a law enforcement officer in Moscow? Very possibly – now that as, day after day, there was no evidence from law enforcement to enter into the ICJ to help lock up the previous ICJ trial, the Russians thought they could simply generate such evidence themselves by ordering a Russian law enforcement authority to pretend to take the Homeland Security warning about me seriously: this terrorist cyberstalker on American Homeland Security's watchlist was "stalking" Russia's First Daughter! If so, then the first thing the Russian law enforcement authority would do was to contact the Secret Society women who were listed on the Homeland Security warning as "expert witnesses" on this especially vicious bad-to-the-bone terrorist serial stalker. And so the Secret Society women were now explaining to him how, when I became obsessed with my women victims, I would develop delusions about how they were going after me as part of some government conspiracy against me.

192.168.42.1 is usually the Admin login for routers

In sum, another extremely busy day for the Secret Society women because their desperation had only increased in face of the TMU's continual refusal to accept the Homeland Security warning about me and reopen their stalking case on me. Several special persons had shown up today. First of all, the "SPH-L710" volunteer showed up around noon to check again on my crazy blog posts about being chipped and mind-controlled. Then one of the LUG buddies showed up to brainstorm if they could persuade the TMU with their reports about my slandering them on my blog. (As usual, the Secret Society women never had any idea that these LUG buddies were the TMU's informants in their organization and were only pretending to cooperate with them.) Then SDW was telling her Miami friend about my crazy letter to the North Korean ambassador to the UN (how the Homeland Security warning about me was thus always correct). Then, for four hours in the night, she and the other Secret Society women were telling a Colorado Springs volunteer (probably a TI) about the extraordinary extent of my delusions about being mind-controlled and targeted. The women gang seemed also to have called upon the Baltimore Lawyer again around 7:45 PM and asked her to examine the pictures of my grandfather on my website to see if these could be ground on which to request a ban on my website. The Oakland volunteer also showed up to examine my crazy blog again – my terrible delusions about how my women victims were going after me. So did a certain St. Louis volunteer. Then, at the end of the night, the Secret Society women were even telling somebody in Moscow (a Russian law enforcement officer?) about my terrible delusions about their going after me. Many other volunteers were also called upon throughout the day to examine my delusion about being mind-controlled. Finally,

as for the rest, the Secret Society women continued to mobilize their volunteers to brainstorm my harassment of ICAACT and Shizuka and my plagiarism (note especially the Ypres volunteer in earlier morning).

26 November (Wednesday; thrown out of Stories)

First, a note about myself. Worked all night until past 6 AM: watched the Corbett Report, and fantasized about meeting him. Will be punished for harboring positive thoughts. MST (Brazilian). Past 7 AM, out, juice and bread, reading C. S. Lewis. Then at the post office. Home by 9 AM. Tried to sleep while watching "Die Juden..." Woke up past 4 PM. TNT, past 5:40 PM. Left a message for Wes, past 6:15 PM. From then on would not be able to leave messages for him: his answering machine would be turned off. No time for chickens at Jons. Stories. There, a little past 7 PM. Jalise not there. The Asian/white girl there. Alex called me over and told me that, because I had talked to the girls again, I was not allowed in the store anymore. (The last time was 22 November.) Some pain. Mainly over the control center's program: if you try to win a conflict, you'll lose. You must remain passive while getting hit, and let a third party rescue you. Also, bad things must happen when you are not expecting them, in order to prevent you from thinking that you are smart: you must be made to look like a dummy, unable to understand why the people around you treat you the way they do. Also felt an urgent necessity to learn to speak German fluently: one must diversify the means of one's verbal communication in order to avoid being stuck with speaking only the Enemy's language. Starbucks, Vermont. Used the restroom. Then discovered that I had forgotten to bring my AC charger with me. Couldn't stay out for too long. Almost 9 PM, left. Going to INDNA: **13 N, 2 B**. Done by 10:30 PM. Vermont/ Wilshire. Burger. Picked up rocks. Then going to LACNGA, and arriving there past 12 AM. **3 W (2nd and 3rd), 1 H** (Starbucks). Couldn't W at PSYCH: tried three times, the window was changed to "unbreakable" glass, and was caught in the camera. Home, **1 B**. Very upset over the Stories incident. Must seek political asylum. Would soon think (*wrongly*) that being thrown out of Stories was programmed to replace the past episode of being thrown out of Law Library (April 2010).

Now the Secret Society women's operation on my website today. 4:10 AM,

To summarize: the Secret Society women had almost an exclusive focus today on how I had harassed my family members by putting up my grandfather's pictures on my website without permission. A whole series of volunteers came to examine the matter. This was probably a follow-up on the Baltimore Lawyer's examination of the same issue last night. And the San Diego volunteer – very likely my cousin Nelson – showed up too. It seems that, because they couldn't persuade the TMU, the women thought perhaps my family members could do it since, if a stalker's own family members wanted him damned, he should probably really be damned. On top of this, there also seemed to be a special interest in reporting me for hacking people's computers today. And the Australian (Hong Kong) volunteer showed up repeatedly too.

Since all this effort came to naught, Homeland Security CO chief would encourage the Secret Society women to try something different tonight. The women still had the command of the community vigilante group they had organized back in early September. They could mobilize the group to focus on my continual vandalism spree instead. Since the TMU would never accept the Homeland Security warning about me no matter what, the women, together with their investigators and community organizers, decided to go to a different division within the LAPD to report how they had been tracking this serial vandalizer in his daily vandalism spree. They immediately had the attention of a certain detective within the LAPD and, from tomorrow onward, the detective would begin to investigate me and gather evidences from me, with the help of the investigators whom Veronica had first hired. Of course Homeland Security CO chief and his women gang would show him the Homeland Security warning about me, explaining how this document perfectly illumined the nature of this bad-to-the-bone serial vandalizer at hand. The detective probably had no idea what this was really about: namely, to furnish evidence to somebody in Homeland Security so that the latter could win his dispute with the CIA and protect Russia in the International Court of Justice.

27 November (Thanksgiving; police caught me in camera)

First, a note about myself. Was able to sleep a little past 4 AM, while watching an Indian lecture on Tensors and then "Die Juden..." Woke up past 9 AM. Distressed: unlikely to fall asleep again. Out to

buy juice and bread. Left a message with Wes. Came back, and took more sleeping pills. "Die Juden..." Was able to fall asleep. Woke up almost 4 PM. TNT, almost 5 PM. Left more messages with Wes. Afterwards, his answering machine would be turned off. Discovered that Stammtisch had been changed to yesterday. Severe physical pain over my inability to learn to speak German. Completely isolated, required to commit crimes to kill pain. Also, couldn't check the visitors' log because of robot visits. Called Wes repeatedly, and couldn't get through. Physical pain. Burger. Going toward Westwood. Off the bus near Beverly Hills. Ns at Santa Monica Blvd. Lights all on. Immediately, a police car came by and flashed light on me. Evidently, the cameras which Veronica's investigators had placed on SM Blvd were still active, and the Secret Society women had contacted the TMU, who then sent the police in to take a clear picture of my face. (*This is not correct.*) I quickly departed. Total: **11 N, 7 B, 2 H**. Then arriving at Westwood. Starbucks was closed. Going to PRMNDE instead. 11:40 PM, Starbucks, PRMNDE. My laptop suddenly had a Blue Screen of Death. Rebooted it twice. Log-in disallowed. Allowed the second time. Physical pain. Required to commit crimes to kill pain. After 12:30 AM, collection in PRMNDE: **3 W (4th and 4th), 1 SPC**. Done by 2 AM.

(This is probably what had happened. Even though it was Thanksgiving, nobody was taking a break. The Secret Society women and their investigators met with the new LAPD detective tonight and, together, they were monitoring my movement when I arrived in Santa Monica Blvd. Just as I thought, the investigators still had their hidden cameras here, and Homeland Security CO chief had already informed the Secret Society women where I would be tonight. The Secret Society women were telling the detective: "See, he's about to start." When I started doing my nails, the detective now understood what these women were talking about. He instructed a police patrol nearby to come by to take a picture of me as evidence. Hence the flash. Such was the beginning of the cooperation between the Secret Society women and an unknown LAPD detective in tracking a serial vandalizer in the county of Los Angeles.)

Now the Secret Society women's operation on my website today. 4:08 AM,

Now there were far fewer visits tonight not only because it was Thanksgiving (many of the volunteers were on holiday) but also because the Secret Society women were busy with the new LAPD detective tonight. When you examine the volunteers' reports today, they were about: (1) my harassment of Ekaterina and her family members; (2) my harassment of my own family members; (3) my delusion about there being chips planted in my brain; (4) my delusion about SDW; (5) my delusion about how the Secret Society women were going after me; and (6) my plagiarism. Where do you think the women gang submitted these reports? Probably to the new detective. They thus probably explained the situation to the detective in this way: "The stalker is international and on Homeland Security's watchlist, so much so that even the Russian government is onto him for stalking Russia's First Daughter, and he is so bad that he even harasses his own family members with his website. And he's completely delusional: he believes the government has planted chips inside his brain and, when he becomes obsessed with his women victims, always develops the delusion that they are part of some government conspiracy to go after him. On top of all this, he plagiarizes because he has this morbid desire to pretend to be intellectual."

28 November (Friday; Wes; the investigator)

First, a note about myself. Worked until 6 AM. MST (Hara Mikie). Slept while watching a lecture on tensor (Bangalore). Woke up past 9 AM. Tried to sleep more. Succeeded. Woke up 4 PM or so. TNT, left a message with Wes. Feeling physical pain because of my inability to talk to Wes. Required to repeat the past episode of gasping for Wes as if for oxygen? Jons, chickens, then checked the visitors' log in Starbucks, Western. Left a second message for Wes. Amazingly, Wes called back, almost 7 PM (from 1:51:20 onward in the recording). In a much better mood. Home Depot. Bought spray. Then Sabor. Originally planned to collect damages in HRMSA. Needed to charge my laptop, and so changed my mind. Past 10:30 PM, left Sabor. N on Franklin. **10 N, 12 B**. Then going to ALLND: **2 W (PNPU: 2nd; LWRVLR: 3rd). 3 B**. Changing in a back alley. A car suddenly drove in and drove out from the other end. Was it Veronica's investigator here to film me? Severe anger: my Enemy knows every movement I make, and I don't know anything about them. Motivated to commit more crimes. Severe hatred of xxxxxxxxxx. On the train by 1:20 AM. Home, **1 B (EVRST)**. I then posted the blog post you see for 29 November ("Timeline: Kiersten's Secret Society's fifth stalking claim against me"). The SQL backup file for Word Press was 27.3 MB, compared with 27.9 MB for the previous backup file. Where was the rest 0.6 MB?

Highlights of my conversation with Wes today: (1) A lot of torture from the control center lately. (2) My getting kicked out from Stories LA was replacing the previous episode of my getting kicked out from the Law Library in the evidentiary record. (3) People don't want to hear about intelligence agencies and law enforcement investigations and stalking and so on. (4) Who's really inside the control center? (5)

Kiersten's vengeance, 26
Lawrence C. Chin,
Nov. 2020. Revised, Aug. 2021.

The Secret Society women's fifth stalking claim against me in the beginning of the month. (6) The police took a picture of me when I was placing nails. (7) The government wanted me to speculate on the theory of quantum gravity in order: (a) to make me conform to the Secret Society women's profile of me and (b) to obtain evidence that I didn't plagiarize. (8) I still believed that the real theory of quantum gravity would look something like my bullshit. How BOL did all this simply to prevent the United States from monopolizing the general theory. The person who had discovered the real theory was very likely a Chinese female living somewhere in the US. (9) I definitely needed to seek political asylum in a nation hostile to the US, and I needed to go to Germany to perfect my German: my need to diversify my language skills. BOL's program was tremendous injustice to me. (10) I got singled out to serve the function of a scapegoat because there weren't enough criminals anymore to perform this function in American society. (11) The Russians and the French were my "accidental" enemy and the Americans my "essential" enemy. (12) The two types of feminism and the two types of justice and what kind of justice BOL wanted. (13) Even though I knew SDW had chips inside her brain to program her, it didn't make me any less angry with her. And so with everybody else. (14) To find BOL to validate me... But what do I do when I do find her? I didn't have a clear picture of what I wanted to do. (15) Wes was willing to meet me in foreign countries. (16) To use the computer inside the control center, the user must chip himself, but he would discover later that it was a trap. That's how the CIA had planned to stab the Boss in the back.

(Since it was certain that the Secret Society women would also be monitoring my movement tonight together with the new detective, it's very likely that the car that appeared in the hidden alley when I was done with collecting damages belonged indeed to the investigators: I got filmed while changing my clothes. The detective thus continued to gather evidences on me. All this was good evidence for Homeland Security CO chief in the ICJ – the new detective had started buying into the Homeland Security warning about me – as well as the interception of my conversation with Wes tonight. Ekaterina and the Russian diplomatic missions were also happy as hell. Again, all my wrong scenarios about BOL's plan with the theory of quantum gravity was Homeland Security CO chief's evidence that I was indeed delusional, and my pronouncement that Americans were my "enemy" was his evidence that I was indeed an anti-American terrorist just as he had claimed. Then, my latest blog post, full of wrong scenarios, he would use to convince the new detective that I had indeed developed terrifying delusions about Ekaterina (because I had always this thing about famous people). Please note that my sense of being persecuted by society ("being singled out to serve as the scapegoat") was not really the result of any paranoia or delusions but simply due to the fact that nobody would tell me what was going on: in reality, I was always in such a bad shape because Homeland Security's operational wing had singled me out to go after me ever since 2006 and just wouldn't let me go, and I wouldn't realize this and understand why until almost six more years later.)

Now the Secret Society women's operation on my website today. 4:10 AM,

My plagiarism.

To summarize: it thus seems that the Secret Society women's volunteers had today examined how I had harassed Ekaterina, Shizuka, my family members, and ICAACT and spilled out my delusions about being chipped in the brain as well as about my women victims such as SDW. Note the Los Angeles volunteer who might be a TI friend of SDW's and the report from Milwaukee on Kiersten's behalf. Note also the massive number of testimonies about my plagiarism, including one by a physicist from CERN. Again, the Secret Society women had now shifted their attention to the new LAPD detective they were working with and were basically just trying to prove to him that every characteristic listed on the Homeland Security warning about me was correct. In this way, Homeland Security CO chief could protect his warnings about me in the ICJ and lock up the previous ICJ trial – while the CIA continued to instruct the TMU to use informants inside the Secret Society women's organization (e.g. Jennifer Day) to gather evidences which they could then use to debunk Homeland Security CO chief's case in the ICJ. For the purpose of protecting his warning about me in the ICJ, Homeland Security CO chief instructed several volunteers in Egypt this morning to link my chapter hesiod.html from a secret Facebook group, so that he might artificially collect some evidence suggesting that the Secret Society women's testimonies about me were correct.

Note that, at the end of the day today, I did a tally of the damages I had collected so far:

Total since 18 November: W: 20; H: 17; SPC: 6; B: 55; N: 69.

Total from 24 October to 13 November: B: 103; H: 31; SPC: 23; N: 136.

Total since the beginning until 24 October: W: 339; SPC: 369; H: 358; B: 858; ATM: 19; N: (2342).

Total since the beginning: W: 400; SPC: 398; H: 406; B: 1016; N: (2547); ATM: 19.

29 November (Saturday, severe depression, headache)

First, a note about myself. Slept around 5 AM, while watching Susskind's lecture on general relativity. Woke up 9 AM. Tried to sleep more. Succeeded. Woke up almost 4 PM. Feeling very tired and wanting to sleep more. But got up, TNT. It was closed. Strange. Coffee Bean instead. Already past 5 PM.

Kiersten's vengeance, 26
Lawrence C. Chin,
Nov. 2020. Revised, Aug. 2021.

Checked the visitors' log, posted the modification to the 29 November blog post, and used the restroom. Severe headache. Jons, chickens. Then picked up rocks at Home Depot. Sabor. All ugly guys. Severe depression, as if stranded in the desert. (No more entertainment in Stories as "buffer". Needed human interaction as "buffer".) Was planning to collect damages in HRMSA, but felt so extremely tired. Left, 8 PM. While on the train decided to give in, and went home instead. (Severe fatigue.) Suddenly had the desire to check out the new Déjà-vu Show Girls club near LATTC. Home, lay around for over an hour. Then, 10:20 PM, left home. **4 B (SCHL). ATM.** Then, past 11 PM, at LATTC: **1 W (3rd), 4 B, 4 N (more on the road).** Then at Show Girls. 25 dollars. Not that exciting. Left around 12:30 AM.

Realized today that I have been programmed to struggle with "contravariant" and "covariant" tensors only in order to produce the brain scan images of "vaguely understanding something": to produce identity between me and Kiersten et al (who could only have a vague understanding of the ICJ procedure). (*Complete bullshit. But did Homeland Security CO chief want me to go inside a strip club tonight? To convince the new LAPD detective that I was a pervert?*)

HonorHealth is a non-profit health system with six hospitals in Scottsdale and Phoenix, Arizona. The Secret Society women had again recruited a volunteer from the strangest place in the world. Could this volunteer be a psychiatrist? Were the Secret Society women looking for a psychiatrist to provide the new detective with certification that I was indeed completely insane?

In sum, the Secret Society women seemed to have an exclusive focus on my supposed delusional mind today. Three volunteers reported on how, because of my schizophrenia, I couldn't help but imagine my women victims going after me. (Take special note of the Bangkok volunteer: Khalezov's friend?) Several more volunteers then reported on my delusion about the chips inside my brain and how this

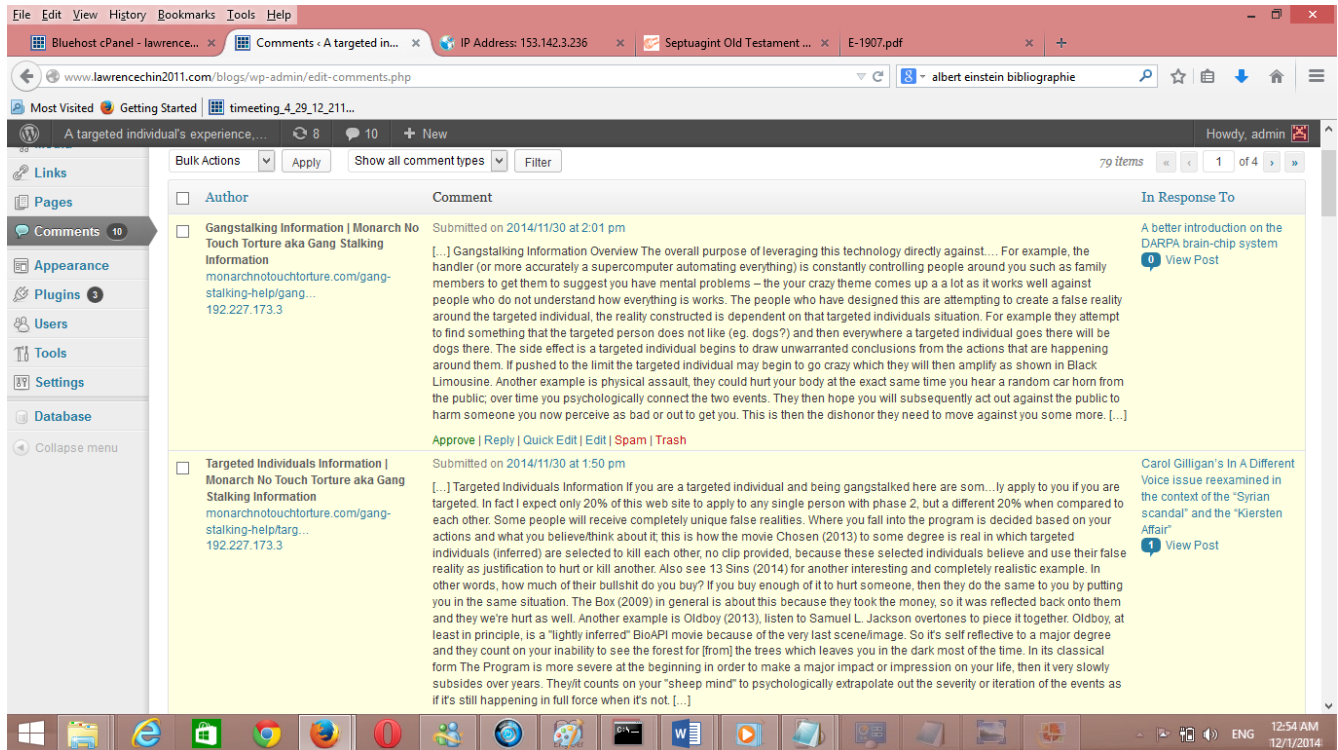

delusion had made me a danger to myself and others. Then a doctor from HonorHealth showed up, which causes us to wonder whether the Secret Society women were also seeking a certification of my insanity from a psychiatrist. The women were certainly trying to impress upon the new detective Dr P's, and other mental health professionals', assessment that I was a danger to my victims because of my severe insanity. (There was also a volunteer from Peru here to examine my harassment of Ekaterina.) On the other hand, it's not clear whether the Secret Society women had sent out an investigator to monitor me tonight when I was collecting damages at LATTC and then going into a strip club. Again, maybe it's because the investigator was monitoring me that Homeland Security CO chief suddenly controlled me to want to go into a strip club.

30 November (Sunday)

First, a note about myself. Slept a little past 4 AM, while watching Fay Dowker's lecture. Woke up 5:30 AM or so. Insomnia. Couldn't sleep any longer. Lay in bed. Past 7 AM, out to get juice and bread. Home. Lay around a little more. Couldn't sleep. Past 10 AM, at the Korean restaurant, lunch. TNT, almost noon. Discovered that the French meetup was canceled because of the rain. Worked until 2:30 PM. Home. Tried to sleep while watching a History channel documentary on Einstein. Fell asleep sometime between 4 and 5 PM. Woke up almost 10 PM. At the Korean restaurant, **1 B (EVRST)**. Then SPOT. Angered after discovering the Secret Society women's "hacking". (*They didn't hack: I was wrong.*) Left, 3 AM. **4 B, 1 H (SCHL)**. Home. The light bulb burned out on 3:35 AM. Then "a", "k", and "I" keys on my computer all malfunctioned. Physical pain. 4 AM, screenshot malfunctioned.

A little after midnight, two strange comments on gang-stalking were left on my blog (1:50 PM and 2:01 PM, Word Press time). Deleted them. Word Press backup is now 27.5 MB. (*It's not clear whether the comments were related to the operation on me. Perhaps Homeland Security CO chief had ordered a hacker to break into my blog and leave these comments there so that, when they were intercepted into the ICJ as evidence, faulty surveillance would mistake them for my postings. They would then be evidence that my schizophrenic delusions were in fact so bad that I barely even made sense. Perhaps Homeland Security CO chief was responding to the CIA in the past two days – the CIA must have pointed out in the ICJ again that I wasn't in fact delusional at all, that I was only making wrong inferences. Perhaps this also explained why, yesterday, the Secret Society women spent the entire day working on my delusional mind with volunteers and, presumably, with the new detective: Homeland Security CO chief needed more evidences because his debate with the CIA exploded again about whether I was really delusional.*)

This almost seems to be the same Moscow volunteer from 26 November, 4:03 AM, but the user-agent is different. Perhaps another officer from the same Russian law enforcement agency. Since he was in charge of Ekaterina's case, he could even be communicating with the new LAPD detective: the stalker of Russia's First Daughter was also a serial vandalizer in an American city. International law enforcement cooperation!

To summarize: the Secret Society women seemed to have gone back to working on my supposed plagiarism today: many volunteers were at it. There were also many visits (five!) to himiko.jpg today: to examine how I had painted Angelica nude? Or was it something else? Then, as usual, volunteers examined and reported on: (1) my harassment of Ekaterina; (2) my harassment of Shizuka; (3) my delusions about being chipped in the brain; and (4) my delusion about how my women victims were going after me. SDW seemed to have called upon another one of her Tampa friends to examine how I had spilled out my delusions about her on my blog. In general, just continuing to impress upon the new detective that the Homeland Security warning about me was totally correct. At the end of the night, the Moscow volunteer showed up again – was he Russian law enforcement or not?

Kiersten's vengeance, 26
Lawrence C. Chin,
Nov. 2020. Revised, Aug. 2021.

First, a note about myself. Because of the malfunctioning of my laptop's keypad, I was burning DVD-420 and 421 until past 6 AM – I must get all the data out of the computer first. Meanwhile, checking out my Toshiba Satellite. Both discs were good. Rested for an hour or so. Out, breakfast at Jack-in-the-Box. Then, storage, put in DVD-420; successfully retrieved my old external keyboard. **1 N.** Home Depot, bought nails. Home by 12 PM. Fell asleep. Woke up 4 PM. Was too tired and sleepy, and decided not to go to the Linux meetup. Continued to sleep until 9 PM. Changed my light bulb. At the Korean restaurant, TNT, until 12 AM. Was planning to collect damages near K's, but decided not to. **2 B (OASIS).** Home by 1 AM. Was able to install Ubuntu 14.04 on Toshiba Satellite using a USB flash drive. (*Note that this was my second night of not collecting any damages, which means that the Secret Society women had nothing to show to the new detective for two days. Perhaps it's because the detective was taking a break.*)

11 It would seem that the Secret Society women were trying to construct an argument that I was so delusional that I even mistook random women I saw on the bus for government secret agents. See the entry for 18 January next year. The possibility has emerged that Best Mommy had come forward to claim her victimhood in order to infiltrate the Secret Society women's organization. She wouldn't admit she was CIA and the Secret Society women would have no way of knowing she was lying. We will consider this possibility again on 18 January next year.

Again, he would see all the postings from August and July. How I had imagined my women victims going after me due to my schizophrenia.

Now SDW was out around this time. As she would note in her "First Responder Harassment Log, December 2014": "824 pm – Passed from behind by 2 SD Sheriff's Dept. patrol cars at Encinitas Blvd. West and Vulcan. Second patrol car was CA 138033. (Encinitas) 852 pm – While walking North on Hwy. 101 near Swami's Beach, up to 6 SD Sheriff's Dept. patrol cars suddenly converged a block ahead of me in front of Hansen's parking lot on 101. Patrol cars came from 3 different directions with emergency lights and sirens on and blocked both lanes of the Hwy. (Encinitas) 951 pm – SD Police Dept. patrol car exiting lot as I exit a market. (Del Mar)" It thus seems that she was out around 8:20 PM merely to take a walk along the beach, but that, after 9 PM, she went grocery shopping, probably returning home a little past 10 PM.

To summarize: even though there was no monitoring of my vandalism tonight (Homeland Security CO chief would certainly have informed them in advance about this), the Secret Society women seemed again to be very busy all day long generating reports about my plagiarism to submit to the new LAPD detective. This is probably because Homeland Security CO chief needed to establish in the ICJ that their profile of me had indeed correctly stated that I had plagiarized. Many volunteers came to work on my plagiarism, including several Russian volunteers – perhaps to submit the same report to Russian law enforcement as well.

What is particularly important about today is that Veronica and Angelica seemed to have met up with their lawyer around noon.¹³ They must have shown him the latest videos of my vandalism spree and informed him about how they had finally found a detective in LAPD willing to accept the Homeland Security warning about me. Somehow, on 12:56 PM, Veronica showed the lawyer the Table of Contents of my Scientific Enlightenment. Why? Was she consulting with him whether it might be possible to ban my website on account of my plagiarism (because Homeland Security CO chief needed more evidence in the ICJ of my plagiarism)?

¹³ Today was Monday and so Angelica didn't have to go to work at the Law Library.

Kiersten's vengeance, 26
Lawrence C. Chin,
Nov. 2020. Revised, Aug. 2021.

Then, the Secret Society women spent the rest of the day busy with reporting on my delusional mind, especially how I had imagined my women victims getting involved in government conspiracies and going after me due to my schizophrenia. Note especially the Torrance volunteer on 2:43 PM (how I had even mistaken random women I saw on the bus for government secret agents) and the Studio City volunteer on 3:24 PM who came to examine my delusions about Angelica as expressed in my "Ying and Yang, II". The Moscow volunteer (Russian law enforcement?) showed up as well on 9:07 AM. Then, there was the usual examination of my harassment of Ekaterina, Shizuka, and my own family members and my supposed computer-hacking.

2 December (Tuesday)

First, a note about myself. Worked until almost 5 AM, and then slept while watching Dowker's and Susskind's lecture. Unfortunately, woke up 9:50 AM or so, and could no longer sleep. Out to buy juice and bread. Came back, lying in bed a little more. Then out, 11:30 AM. Hair cut, bought a new backpack, lunch at the Chinese fast food, and then came back to upload the revision of "Kiersten's vengeance, I". Then out, to take the Metro to North Hollywood (2:43 PM). Missed the 161 bus (4:07 PM) at Warner Center. Stuck around for an hour, and took the next 161. At Consejo Valley German Stammtisch in time. Left a little past 8 PM. Very sleepy, and headache. At SM/ Vine, by 11:40 PM or so. **2 W, 7 N, 1 H.** Toward the end, somebody was yelling. At me? Home by 1:30 AM or so.

(Although I had a good experience at Consejo Valley Stammtisch, this would be my one and only time there because it was just so far away. Then, because I was collecting damages tonight very near Kiersten's, the women gang should have their investigators there to monitor me – I just didn't notice it. Did it have something to do with the stranger's yelling? In any case, more evidence for the new detective.)

Now the Secret Society women's operation on my website today. 4:04 AM, retail.telecomitalia.it, Padova, Italy,

Again, he would see all the postings from August. The search was clearly related to the search seen on 28 November, 10:38 AM. Since that was taken to be a volunteer, this must be one too. In other words, SDW's complaint about how I corrupted the online discourse about gang-stalking with my delusions or disinformations about her.¹⁴

To summarize: the Secret Society women mobilized a lot of effort today to report on my delusion about their going after me as part of some government conspiracy: many volunteers were at it. (Note especially the London volunteer). Then, secondarily, my delusion about being chipped in the brain and mind-controlled. They also mobilized many volunteers to work on my supposed plagiarism. Amazingly, 5 AM in the morning, Veronica showed up again to discuss with volunteers how to request a ban on my website on account of my supposed plagiarism (again, the Table of Contents of my Scientific Enlightenment). Then, four visits from Russia to my "Kiersten's vengeance, II" (including the same Moscow volunteer). What was that about? Then, one Grand Rapids volunteer checked out one of my documents in my lawsuit against my aunt and one Los Angeles volunteer looked up my analysis of Mary Wollstonecraft. Also, one London volunteer was here to look up my delusion about Khalezov. Finally, late in night, the women gang must have again monitored my vandalism in Kiersten's neighborhood with the help of their investigators.

3 December (Wednesday)

First, a note about myself. Went to bed around 3:30 AM while listening to Propaganda (had recovered from my disgust with Russia?). Woke up before 9 AM. Tried to sleep more. Succeeded. Woke up past 11 AM. Had this weird dream about being nominated as the director of the FBI. (Asked the woman who appointed me: "Why did you appoint me?" She replied: "I've begun to ask this question too." Just when I decided to leave the job, suddenly realized that I should get all the classified information about myself before leaving it.) Still not enough sleep. Carl's Jr. Starbucks, and checked my log. Was angry because my inability to know anything had tremendously distorted my philosophical reflection on my experience. Home by 1 PM. Tried to sleep again. Succeeded. Woke up past 6 PM. Draw Anything LA was at 7 PM. Rushed there. It was pleasant: I drew better than everybody else – but I had no rights. Starbucks, Westwood. The UCLA police showed up (two). Left around 2 AM. Collection on SM/

¹⁴ Again, SDW had been propagating the opposite of reality: it was she and her fake TI buddies who were corrupting the TI discourse by spreading their bullshit about their non-existing targeting and yet they blamed me, the one and only real TI, for spreading lies about my targeting.

SWTL: **2 W (PSYCH, 6th; GS: 2nd), 4 B, 3 H.** Done by 3:30 AM. Was in an upbeat mood all night, listening to Propaganda, and harboring good feeling toward Russia. Will be punished tomorrow for liking Russia.

(Note that tonight was the sixth time that damage was collected from GSL's office building. This woman was an astrologer as well as a Marriage and Family Therapist, and she would later on play some role in the community organized by the Secret Society women. We thus really have to wonder whether the women gang was again monitoring me tonight with their investigators – given the interest which Homeland Security CO chief must have had in this GSL.)

The Secret Society women had summoned Aamoy to also make a report to the new detective about how I had harassed him by blogging crazy stuff about him. At the time, not understanding what was going on, I wrote down in my diary my erroneous inference: "SDW could very well have removed Aamoy and the LUG people [from the Secret Society] suspecting them to be government moles. This might stall the ICJ trial again. But wouldn't there be other moles inside the Secret Society?" Hardly! Although Aamoy and his LUG buddies were indeed informants for the TMU, the Secret Society women never developed the sensitivity to notice that their closest associates were snitching on him.¹⁷ At the same time:

And more of Aamoy's search results:

¹⁷ This means that Aamoy was most likely here to covertly sabotage the Secret Society women's operation.

The search is almost identical to the one seen on 24 October, 5:24 PM. Perhaps the two persons were related. Could this really be part of the Secret Society women's operation?

To summarize: the Secret Society women seemed to have a special focus today again on how I always developed delusions about them and other victims of mine and then blogged about them as a way to embarrass them. Many volunteers came to examine this matter and report about it to the new detective. (Note especially the two volunteers from Vancouver.) There were also special reports about my harassment of SDW and Kiersten in this manner. Several volunteers also examined, and reported on, my delusion about being chipped in the brain and mind-controlled. There were also reports about my harassment of Dr Brizendine and Shizuka. Aamoy was also called upon to report to the new detective how I had blogged out my delusion about his going after me with his LUG buddies as a way to harass him. The strange Moscow volunteer showed up again – was he really Russian law enforcement? – and a Saint Petersburg volunteer also showed up to examine my delusion about Russia, which was supposedly part of the cause of my obsession with Russia's First Daughter Ekaterina.

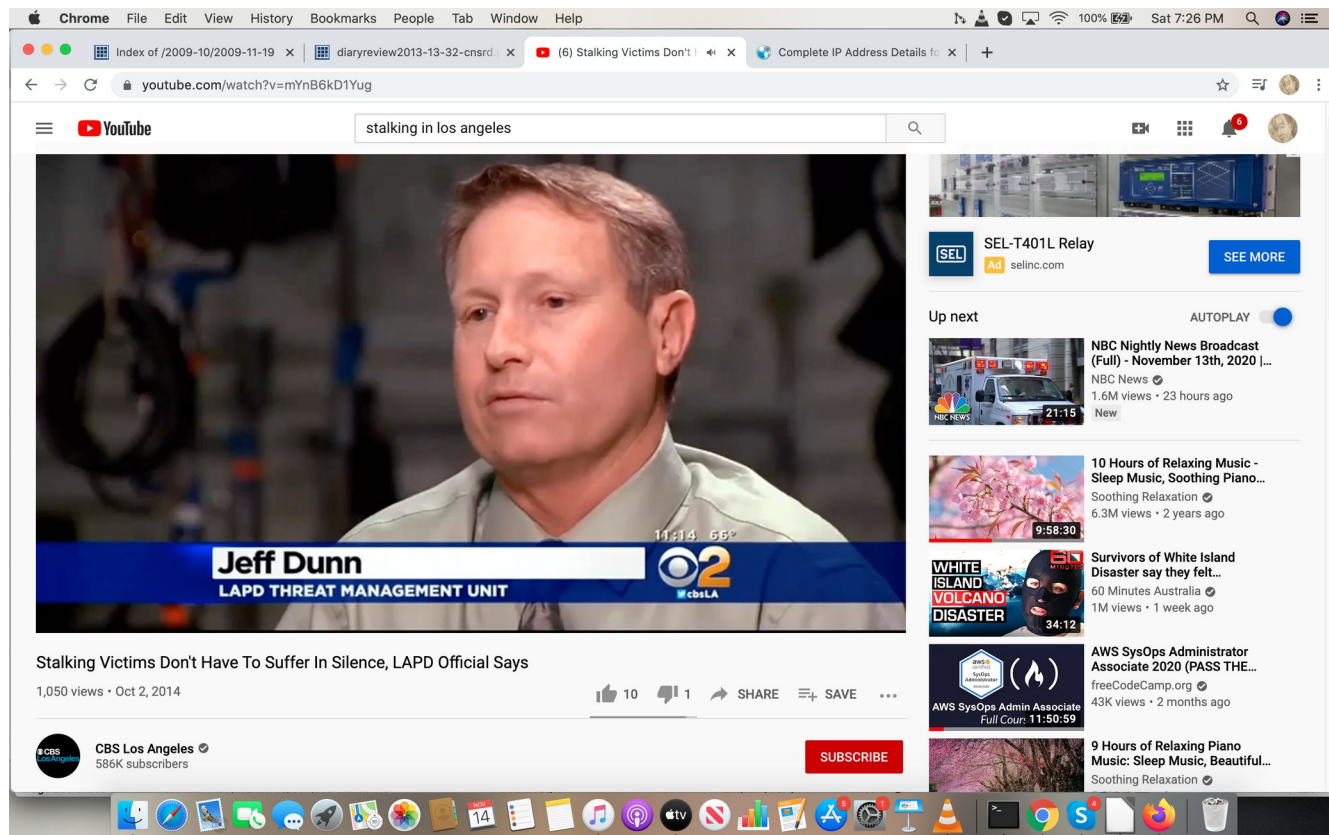

We must assume that the TMU detectives, under the Invisible Hand's direction, had already intervened to "turn" the new detective – to enlighten him on the fact that, despite my vandalism spree, these women and their volunteers were not telling the truth. As reports from confidential informants (including Aamoy and his LUG buddies) started streaming in, the new detective had realized that things weren't as they looked. He was taught to say nothing and show no sign, though. But, already, it was

decided that the Secret Society women's – and Russia's First Daughter's – case against me would go nowhere and that Homeland Security CO chief would have problems again in justifying his warnings about me in the ICJ and locking up the previous ICJ trial.

A SPECIAL NOTE

As the Secret Society women began giving up their hope with the LAPD Threat Management Unit, we should have a comment about the latter at the end of this reconstruction. At the time the TMU was under the command of Captain Kelly Mulldorfer. But another high-ranking officer in the unit who must have been involved in the Secret Society women's case and responded to the Russian diplomatic service's complaints was Jeff Dunn. Interestingly, officer Dunn was just recently hired by CBS as a technical advisor to the new TV series "Stalker", which, you recall, was being aired just around this time but which was complete garbage. Officer Dunn would stay with the TMU until March 2016, after which he would go into the private sector.¹⁸

18 At his LinkedIn page it is said of his time at the TMU: "Oversee all operations involving the LAPD Threat Management Unit. Direct and supervise investigations involving aggravated threats of violence and stalking, workplace violence, and all threats directed [at] Los Angeles city officials. Staff the City of Los Angeles Threat Assessment Team (CTAT) and act as the LAPD liaison to the FBI Behavioral Analysis Unit (BAU), U.S. Secret Service, California Highway Patrol-Dignitary Protection Unit, U.S. Capitol Police and security chiefs from the city's numerous entertainment studios."
