

The Secret History of the International Court of Justice

KIERSTEN'S VENGEANCE

29

RESUME

The following covers the operations of the Secret Society women and Homeland Security CO chief against me and the associated International Court of Justice trial from 27 December, 2014, to 9 January, 2015. The Secret Society women were: Angelica (Angelina, G), Dr P (Petterson), Karin (K), Kiersten (J), and SDW (Maura, M). And increasingly leading them was Russia's First Daughter Ekaterina from South Korea.

It was the same thing during this period: Ekaterina and Homeland Security CO chief, leading the Secret Society women, continued to look for another law enforcement agency to accept their complaints against me so that there could be evidence in the ICJ that Homeland Security's warnings about me were correct and the previous ICJ trial could remain locked up. Desperate, on New Year eve, Ekaterina finally got the attention of Uma Blasini and, on 3 January, persuaded her to report me as stalking her to the Puerto Rican police, but the latter dismissed the case within three days. Desperate, on 6 January, everybody decided to go back to my vandalism spree as the reason for which to open a case on me. They found a new law enforcement officer and this time they successfully convinced him that they were all correct about my extremely evil nature. The previous ICJ trial thus remained locked up for the CIA for the time being.

Note that Homeland Security CO chief would get increasingly aggressive with me – after all this frustration. When the previous law enforcement authority dismissed Ekaterina's stalking claim on 21 December, words must have gone around the national security Establishment that his profile of me was completely bogus so that there was perhaps some talk that maybe the CIA really should reactivate the lost ICJ trial. Homeland Security CO chief thus started on a campaign to make me look bad to all the national security Establishment bureaucrats. He instructed the Monkey to program me to suffer extreme hatred of the American people around me again so that I would make bizarre anti-American statements to Wes and he could then show the intercepts of my words to everybody in the Establishment to cause everyone to hate me and not want to hop onto the CIA's project. When the Secret Society women found their law enforcement guy on 6 January, these intercepts would also be quite handy in making him biased against me and more easily persuaded by the gang of women and, more importantly, Russia's First Daughter.

Synopsis:

27.12: It's still not clear whether the Russian diplomatic service and the Secret Society women had found another new law enforcement authority to complain to. The brainstorming today: (1) my delusions about how my women victims were going after me (including two visits to my August diary). (2) My delusions about there being chips planted in my brain (including a Hong Kong volunteer's checking out my Peace Pink comments) and the intelligence agencies. (3) My harassment of Ekaterina and Shizuka. (4) My computer-hacking. And of course (5) my plagiarism (including 3 visits to my chapter on Fermat). There were also 4 visits to my painting of Queen Himiko.

28.12: After my conversation with Wes in early afternoon, Homeland Security CO chief was ready to showcase my latest bad-mouthing among the bureaucrats in the national security Establishment. Meanwhile, the Secret Society women continued to mobilize their volunteers to brainstorm how to convince law enforcement that Homeland Security's warnings about me were correct: (1) how I had imagined my women victims going after me. (2) My delusion about there being chips planted in my brain (including the Edmonton volunteer). (3) My delusion about Khalezov. (4) My harassment of Shizuka and Ekaterina. (5) My computer-hacking. (6) My plagiarism. (7) While Kiersten was telling a Portland volunteer around 4 PM how I was obsessed with her and had harassed her with my blog, SDW was explaining to an Oceanside TI around 7 PM how I had done the same to her. (8) Finally, merely 2 hours after I had posted "The early phase", the Secret Society women's volunteers had already found it.

29.12: while Homeland Security CO chief started sharing the intercept of my conversation with Wes yesterday with his counterparts in the national security and law enforcement Establishment, the Secret Society women continued their brainstorming and searching. (1) My harassment of Ekaterina and Shizuka. (2) SDW was again showing everyone how I had harassed her by posting screenshots of my messages to her on the Internet. (3) My delusion about the chips inside my brain (the Edmonton volunteer was brainstorming from 8:30 AM to 12 PM, and he then communicated the matter to another volunteer in Montreal). (4) My computer-hacking. (5) Two volunteers tracked down my new message on Prison Planet Forum and accessed my new blog post "Early phase" from there. (6) My plagiarism. (7) Strangely, on 8:49 PM, somebody from Beijing checked out my solutions to Zeno's paradoxes specifically with quantum mechanics in mind.

30.12: the Secret Society women had continued to mobilize their volunteers today to brainstorm: (1) my delusion about there being chips inside my brain (including a volunteer from British Columbia who came to examine my postings about brain-chips on Prison Planet Forum). (2) My delusions about how my women victims were going after me. (5 times! Including one North Hollywood volunteer who came to examine my postings about the Secret Society women on Prison Planet Forum.) (3) How I had harassed SDW by posting my messages to her on my website. (4) My harassment of

Shizuka. (5) My plagiarism (including the first appearance of the Siauliai volunteer). (6) Note that, on 10:32 AM, a Hyderabad volunteer was examining all the pictures of Oliver's painting on my website.

31.12: the Secret Society women continued to mobilize their volunteers to brainstorm how to more effectively complain about me to law enforcement: (1) my delusion about how my women victims were going after me. (2) My harassment of SDW by posting my messages to her on my website. (3) My harassment of Shizuka. (4) My slandering of Angelica (the visit to "The Cheney Plan"). (5) My delusions about there being chips planted in my brain (including the Sacramento volunteer who came to examine my postings on Prison Planet Forum and the Edmonton volunteer who came around midnight). (6) My violation of my family's privacy. (7) My plagiarism. (8) Tonight Uma Blasini, while celebrating New Year eve in San Juan, finally received Homeland Security's warnings about me. The Secret Society women and Ekaterina were then able to connect up with Uma to explain to her how this schizophrenic racist and misogynist terrorist stalker had been stalking her and posting pictures of her on his website. They wanted Uma to open a case against me with the Puerto Rican law enforcement authority.

01.01: (1) The Secret Society women's volunteers today seemed to have a special focus on reporting me for harboring bizarre delusions about there being chips planted in my brain. This includes the Edmonton volunteer who was here the whole day as soon as he woke up (12:07 PM, 4:30 PM, 9:24 PM, 9:57 PM, and 10:48 PM); the Grays, UK, volunteer who, from 2:24 to 3 PM, examined all the links on my blog post series; the Poughkeepsie and Salerno volunteers who examined my "Ying and Yang, I"; and the Pasadena, Texas, volunteer who, on 6:25 PM, examined my postings about brain chips on Prison Planet Forum. (2) My harassment of Ekaterina and Shizuka. (3) My violation of my family members' privacy. (4) My delusion about how my women victims were going after me (from 2:30 AM onward). (5) My harassment of Kiersten by posting her friend's messages to me on my website. (6) Robin was probably involved in today's discussion again. (7) And of course my plagiarism.

02.01: The Secret Society women spent another day trying to find a new law enforcement authority to accept their (and Ekaterina's) stalking claim against me. (1) They seemed to have spent the first half of the day brainstorming with their volunteers how to more effectively report me for plagiarism. (2) They then called up Nelson or "Mr San Diego" on 12:40 PM asking him if he could report me for stalking some public figure to whose website I had linked on my external links page. (3) Their volunteers then brainstormed about my computer-hacking, my harassment of Ekaterina and Shizuka, my delusion about Khalezov, and my delusion about the chips inside my brain (including the Edmonton volunteer on 3:42 PM and a New Orleans volunteer on 7:15 PM who might just be Alexis de Bram). (4) The Salerno volunteer also came again on 1:22 PM to continue to brainstorm. (5) SDW was also discussing my harassment of her with the Elkridge volunteer around 8:30 PM, after which she went to meet the Oceanside TI to pick up something from her. (6) Ekaterina and Uma

then had a discussion on 12:58 AM about how to persuade the Puerto Rican law enforcement authority to open a stalking case against me.

03.01: Finally, this morning, Uma did as instructed by Ekaterina and the Secret Society women and was at the Puerto Rican law enforcement authority to open a stalking case against me. The Secret Society women immediately mobilized their volunteers to report me to the Puerto Rican authority. (1) That I was also Shizuka's stalker (without knowing that Shizuka was actually a mole). (2) The Grays, UK, volunteer then reported on my bizarre delusion about there being chips planted in my brain. (3) The volunteers then reported for a whole day on how I was a computer-hacker and had placed Angelica's naked pictures on my website. (4) A volunteer from India then reported on how I had imagined being gone after by intelligence agencies and a subject of debate in the ICJ. (5) By 11:50 AM, the CIA had instructed Jennifer Day to join the reporting in order to sabotage the Secret Society women behind their back. (6) On 1:40 PM, a volunteer from Bangladesh reported that I had also harassed Ekaterina in the same manner (by placing her pictures on my website). (7) On 2:49 PM, a volunteer then reported on how my delusions had also made me a danger to myself. (8) On 3:07 PM, a volunteer from the Netherlands reported on how I had also harassed SDW in the same manner (spilling out my delusion about her going after me on my blog). (9) By night, however, perhaps thanks to Shizuka's and Jennifer Day's secret reporting, the Puerto Rican law enforcement authority had expressed skepticism as to whether Homeland Security's warning about me was accurate. Thus, from 8:15 to 11:20 PM, the Edmonton volunteer was mobilized to report again on my delusion about the chips inside my brain. (10) Then, from 8:30 PM onward, a Tucson volunteer reported on my delusion about Cheney. (11) From 10:36 PM onward, for two hours, a Belarus volunteer also reported on my delusion about Khalezov. (12) Then, more reporting about my violation of my family members' privacy. (13) 11:43 PM, an Antioch, California, volunteer also reported on my delusion about how the Secret Society women were going after me. (14) By 2:15 AM, Jennifer Day was in the discussion again. (15) When the Puerto Rican law enforcement authority had expressed skepticism, Homeland Security CO chief instructed Wes to call me. My supremely anti-American statement in the beginning of my conversation was his evidence that he had always been right about me. He would then use the rest of my wrong scenarios to convince the Puerto Rican law enforcement authority that the Secret Society women's claims about me – how I kept developing bizarre delusions about them – were in fact correct.

04.01: During this the second day of reporting with the Puerto Rican law enforcement authority, the Secret Society women's primary objective continued to be to overcome the former's skepticism. (1) They would mobilize their volunteers for the whole day to report me for plagiarism (including my plagiarism of my theory on linear perspective), computer-hacking, violation of my family members' privacy, and hosting Angelica's naked pictures on my website. (2) On 6:39 AM, a Shanghai volunteer reported on my continual harassment of Ekaterina and Uma with their pictures on my website. (3) On 11:04 AM and 12:18 PM, a San Jose volunteer and

then a Washington State volunteer reported on my continual harassment of SDW by blogging about her. (4) On 12:29 PM, a Vancouver volunteer reported on my harassment of Khalezov with my delusions about him. (5) On 4:28 PM, a Kansas City volunteer reported on how my delusions had made me a danger to myself. (6) On 7:09 PM, a Santa Clarita volunteer reported on my harassment of Kiersten by blogging about her. (7) On 8:11 PM, my cousin Gilbert (?) reported on my harassment of SDW. (8) On 9:41 PM, a Clermont volunteer reported on my delusion about President Obama. (9) However, the Puerto Rican law enforcement authority remained incredulous, so that the Secret Society women were back to brainstorming. Jennifer Day, who was in the discussion early in the morning, came again after midnight. On 2:57 AM, the Edmonton volunteer also showed up to continue to brainstorm. Note that SDW was in San Diego doing something or meeting somebody from 3:30 to 5 PM.

05.01: (1) On 4:59 AM, a volunteer from Royal Southern Yacht Club in Southampton, UK, reported on my theft of Robin's drawing. (2) Then more reporting on my harassment of Shizuka. (3) From 9:14 to 11 AM, a Croatia volunteer was considering how to report on my newly developed delusion about Ekaterina. (4) On 3:23 PM, a Houston volunteer reported on my delusion about my women victims' going after me. (5) By 5 PM, however, the Puerto Rican law enforcement authority had definitively rejected Uma's stalking claim, and Ekaterina and the Secret Society women scrambled to make a complaint about my website to Google (my harassment of Kiersten). (6) On 6:12 PM, the Russian law enforcement was also mobilized to produce evidence for the ICJ that Homeland Security's warning about me was correct. (7) On 6:39 PM, a volunteer visited the front page of my website. (8) On 8:32 PM, another complaint on behalf of Kiersten. (9) After Google and the Russian law enforcement had saved the day, volunteers continued to brainstorm about my harassment of Shizuka, Angelica, Ekaterina, and Khalezov and about my delusion about the chips inside my brain. (10) And of course, throughout the whole day, massive reporting on, and brainstorming about, my supposed plagiarism. (11) After midnight, the Secret Society women then sent out their investigator again to film me collecting damages.

06.01: The Secret Society women met with the new law enforcement authority this morning to open a case on me, and then immediately instructed their volunteers to describe for him the serial vandalizer's additional criminal characteristics: (1) my harassment of Shizuka; (2) how I had hosted Angelica's naked pictures on my website; (3) my plagiarism; (4) my harassment of SDW by spilling out on my blog my delusion about her going after me; (5) my computer-hacking; (6) my violation of my family members' privacy with my website; and (7) my theft of Robin's drawing. Then, on 1:17 PM, Ekaterina and the Russian diplomatic service found this Dublin volunteer to report on my delusion about the Russian government (my lawsuit against the SVR director). Then the Secret Society women continued to mobilize their volunteers to prepare more reports about me: (1) My harassment of Shizuka. (2) My harassment of SDW or the Secret Society women in general, or my delusion about

their being part of a government conspiracy to go after me (the Moscow volunteer from 8:05 PM). (3) My harassment of my family members. (4) My hosting of Angelica's naked pictures on my website. (5) My delusion about Khalezov. And (6) my delusion about the chips inside my head. Meanwhile, Homeland Security CO chief and the Secret Society women sent out their investigator again to capture more evidence of my vandalism after midnight in Culver City and the DHS agent planted in my apartment building was also activated to catch me coming home.

07.01: Today the Secret Society women continued to mobilize their volunteers to offer more testimonies about my demonic website to the new law enforcement officer. (1) My hosting of Angelica's naked pictures on my website. (2) My delusion about the chips inside my head. (3) My harassment of Shizuka. (4) My plagiarism (including a volunteer from the Methodist Hospital of Indiana and another from the Central Assembly of God). (5) By 10:40 AM, Dr Brizendine had agreed to add her complaint to the new case and a volunteer from France reported on my violation of her intellectual property rights. (6) My delusion about my women victims' going after me (including how I had developed my delusion by misinterpreting the visits to my website). (7) On 11:12 AM, an Ohio volunteer reported on the recordings and videos found on my website. (8) By 1 PM, Jennifer Day, under the CIA's instruction, began her subversive activity in the Secret Society women's organization. (9) My harassment of Kiersten by blogging about her (the Singapore volunteer on 5:22 PM). Then, late at night, when I was collecting damages on Cesar Chavez, I was again monitored by the Secret Society women's investigators.

08.01: Early in the morning, the Secret Society women submitted to the new law enforcement officer the videos from last night showing me placing nails on the road near Union Station. Then they mobilized their volunteers to make more false reports about my website: (1) My computer-hacking – for the whole day, including the Fort Collins volunteer (Gilbert?) from 9:40 to 9:50 PM. (2) On 10:02 AM, my harassment of Dr Brizendine by keeping her picture on my website. (3) 10:22 AM, my harassment of Ekaterina's family members by keeping their pictures on my website. (4) For the whole day, my hosting of Angelica's naked pictures on my website (5 visits to himiko.jpg). (5) 11:49 AM, my delusion about Boss Cheney. (6) My delusion about my women victims' going after me (especially SDW (3:31 PM) and Kiersten (8:07 PM)). (7) My theft of Robin's drawing. And (8) my plagiarism. Meanwhile, when I was collecting damages in Westwood tonight, the Secret Society women sent in their investigator again to film me. Homeland Security CO chief was also ready to contact the Norwegian police and connect Anja up with the Secret Society women.

09.01: Earlier today the Secret Society women presented the videos of my collecting damages in Westwood last night to the new law enforcement officer, and, as part of his continual investigation of this extremely insane and malicious vandalizer, the officer called up Wes to interview him. Then the Secret Society women continued to mobilize their volunteers to report to him: (1) My delusion about my women victims' going after me. (2) On 8:05 AM, my delusion about Khalezov. (3) On 8:37 AM, a volunteer from Manchester City Council reported on my harassment of Angelica by

spilling out my delusion about her on my website. (4) My computer-hacking. (5) My delusion about the chips inside my head. (6) My harassment of Shizuka. (7) My violation of my family members' privacy. (8) On 2:03 PM, a volunteer from Washington State (it almost seemed to be Veronica) was reporting on my postings about the Secret Society women on Prison Planet Forum. (9) How I had stolen Robin's drawing. (10) On 2:46 PM, the Secret Society women were talking to their guy in Google. (Why?) (11) On 4:05 PM, was Oliver involved? (12) On 4:25 PM, the same Poughkeepsie volunteer was reporting on my delusion about being involved with the intelligence agencies ("My experience"). (13) My delusion about President Obama's being chipped. And (14) my plagiarism. Meanwhile, Homeland Security CO chief instructed Wes to talk to me tonight so that the new law enforcement officer could hear for himself just how deluded I was. Finally, the Norwegian police must have by tonight also opened a case on me so that my bullshit with Wes would also be heard on the side of Norway by tomorrow morning.

Now the log of the Secret Society women's activities on my website and my diary entries during the period under consideration. Again, my corrections to my diary entries are in brackets and italicized.

27 December (Saturday)

First, a note about myself. Slept around 5:30 AM, looking up Kim Ok's and Cindy's online. Then fantasized more about Anja (eunuchs). Woke up 4:20 PM. TNT. Left messages with Wes. Will leave two messages and he will not call back. Burger. Then, the Starbucks on Hollywood and Vine. Worked until 10:30 PM. Angry over Wes' not calling back. **10 N.** Checked out the Echoplex at Sunset/ Glendale. No good. Decided not to collect damages at SRRAMDRE, but came back to King King. Entered around 12:45 AM, and was charged only 10 dollars. Wrote and read Luther's Bible. An AWF kept playing with me, but my attention was fixed on the Filipino girl. Left past 3 AM. More collection nearby. **3 W (one 3rd), 11 B, 5 H, 2 SPC.** Done by 4:30 AM, missed the bus.

(Although I suspected the AWF playing with me in King King to be the Secret Society women's spy, this was most likely not the case.)

Now the Secret Society women's operation on my website today. 4:16 AM,

To conclude: again, it's still not clear whether the Russian diplomatic service and the Secret Society women had found another new law enforcement authority to complain to. Today the women seemed merely to continue to brainstorm how to report me for the things they had already reported about me: (1) my delusions about how my women victims were going after me (including two visits to my August diary). (2) My delusions about there being chips planted in my brain (including a Hong Kong volunteer's checking out my Peace Pink comments) and the intelligence agencies. (3) My harassment of Ekaterina and Shizuka. (4) My computer-hacking. And of course (5) my plagiarism (including 3 visits to my chapter on Fermat). Note that there were also 4 visits to my painting of Queen Himiko.

28 December (Sunday, Wes)

First, a note about myself. Slept past 7 AM, while, again, listening to Flunk. Wes called me around 2:20 PM. Woke me up. Talked for almost two hours. Pleasant. TNT, Jons, chickens, Starbucks, Mommylijk Hayley not there. Skylight. Saw Hilary Clinton's new memoir, and then the new translation of *Anna Karenina*. The introduction – Tolstoy's moralist message – seemed to reflect the current situation with my stalking victims. Starbucks, Westwood. Posted the latest "Early phase of Kiersten's Secret Society's operations". Worked until 1 AM. Didn't collect damages, needed a break. Generally "okay" mood. Home. Posted the link to "Early phase..." on Prison Planet Forum. Couldn't find DVD-303.

Highlights of my conversation with Wes today: (1) How I had to deliver more "gift" during the holidays thanks to the control center. (2) How a Homeland Security agent stole my glasses. (3) BOL's plan: for me to create anti-xxxxxxx hate groups in Germany and South Korea so that Americans will be thrown out and military bases withdrawn. So the Secret Society women's story *had* to be advertised. (*Completely wrong scenario: more explanation below.*) (4) The control center had controlled me to be obsessed with Flunk so that I'd have fantasies about Anja. I wanted to draw a portrait of her, but then the Secret Society women would warn her. Ekaterina still seemed to be involved, but she should tell the women not to warn more people. (*All correct here except for the last one – more on this below.*) (5) Ducret's book. (6) How the Republicans would advertise SDW's story: she believed she was like Kim Jung-II. (*Wrong scenario.*) (7) How Wes was describing the opposite of reality the last time. (*Wrong: he was right about Putin.*) (8) How I treated Wes like my social worker. (9) How Kiersten was a

pathological liar and why people believed Chaya's warning. (10) Establishing identity between me and Wes on the one hand and between me and the Secret Society women on the other (47:00). All in order to recompose the Monkey's forgeries. (*There was perhaps some truth in what I was saying here.*) (11) BOL will require Wes to be my friend. (12) It was the CIA which was concerned with feminism: the Invisible Hand was having difficulty in finding someone to replace him. And he was not content with importing brains. (*There was some truth in this.*) (13) How Dr P had no understanding of human psychology at all. (14) The difference between Cal State and UC (1:04:00). Then a long discussion about the problem with higher education: "fundamentalism." (15) The low level of moral development of contemporary Americans. Wes' concept of intelligence as recognition of patterns. The problem with Kohlberg's schema. The "selfish gene".

(My conversation with Wes today was a Homeland Security operation. It was Homeland Security CO chief who had instructed the Monkey to control me to entertain this "anti-xxxxxxx hate group" idea once again. He then instructed Wes to call me up today so that I would speak about it over the phone enabling him to intercept it into the ICJ as evidence. This would be evidence confirming that his profile of me as an anti-xxxxxxx terrorist was correct. (Never mind my pro-Russia stance.) Furthermore, as noted, he had begun his campaign to demonize me to the other bureaucrats in the national security Establishment and law enforcement professions as a way to win his struggle with the Invisible Hand.) It was certainly also Homeland Security CO chief who had instructed the Monkey to program me to become "obsessed" with Anja (although I wasn't quite capable of doing that anymore). Just as I had claimed, he wanted me to draw a portrait of Anja and present it to her so that he could communicate his warnings about me to her and connect her with the Secret Society women. He was attempting all this as a way to save his case in the ICJ and keep his warnings about me afloat in the international law enforcement channels.)

To summarize: while Homeland Security CO chief was ready to showcase my latest bad-mouthing among the bureaucrats in the national security Establishment, the Secret Society women continued to mobilize their volunteers to brainstorm how to convince law enforcement that Homeland Security's warnings about me were correct: (1) how I had imagined my women victims going after me. (2) My delusion about there being chips planted in my brain (including the Edmonton volunteer from 18 December). (3) My delusion about Khalezov. (4) My harassment of Shizuka and Ekaterina. (5) My computer-hacking. (6) My plagiarism. (7) While Kiersten was telling a Portland volunteer around 4 PM how I was obsessed with her and had harassed her with my blog, SDW was explaining to an Oceanside

TI around 7 PM how I had done the same to her – and the Oceanside TI spent some 20 minutes discussing me. (8) Finally, merely 2 hours after I had posted “The early phase”, the Secret Society women's volunteers had already found it.

29 December (Monday)

First, a note about myself. Cleaned my room, found DVD-303, etc. Played “Deep in Japan”. Slept past 6 AM, watching three Chinese news videos (including one on J-31 vs F-35). Woke up past 2 PM. At the Metro station. My tap card was rejected, and the machine ate up my 5 dollar bill. Severely distressed for a moment (because of my attribution of the machine's behavior to the control center), until I realized that the malfunctioning must have been due to the interference from my old tap card. Storage. Put in DVD 423, 424, and 426, and fetched the *Jewish Study Bible*. Home, took my discs with me. At the Santa Monica Library. I tested my discs and checked my website. Then, **8 N (1 taxi, and at least 1 AWF), 3 B.** Starbucks, Westwood. Worked past 12:30 AM. Denny's. The “Luther Bible”. The old lady from the Starbucks and her friend came in as well, sitting next to me. Savored Anja's pictures, wondering if the control center's programming of my fondness for her might have other purposes than making me produce evidence of my obsession with females (like a “substitute” for Kiersten). Will she be in the Macrospherians' future plans? What's so important about Norway? (*All nonsense: just in order to look delusional for Homeland Security CO chief's benefits.*) Then collection: **1 W, 4 H.** Worried about the possibility that my stalking victims might still have investigators around to film me. (*Certainly!*) On the bus going home by 2:45 AM.

Now the Secret Society women's operation on my website today. 4:32 AM,

(3) My delusion about the chips inside my brain (the Edmonton volunteer was brainstorming from 8:30 AM to 12 PM, and he then communicated the matter to another

(5) Two volunteers tracked down my new message on Prison Planet Forum 5 hours after I had posted it and accessed my new blog post "Early phase" from there. (6) And of course my plagiarism. (7) Strangely, on 8:49 PM, somebody from Beijing checked out my solutions to Zeno's paradoxes specifically with quantum mechanics in mind.

30 December (Tuesday; Couch Surfing)

First, a note about myself. Wrote a message on the Jewish Culture Facebook page (Synagogue Matters), asking about Tanakh study groups. (*Did Homeland Security CO chief want me to do this?*) Then realized the evidence I'm producing while being so fond of Anja is my identity with Kiersten (Nordic + Jewish). (*Not.*) Slept, past 6 AM. Woke up 4:20 PM. Chinese fast food, Starbucks (Vermont), and then going to the Couching Surfing meeting in Chinatown. At the meeting, met Laurie (?) from Latvia, and then, more importantly, Marco Benigno. Not too popular there. Left by 10:30 PM. Jack-in-the-Box. Past midnight, at SPOT, to write. No Internet connection, however. No collection today.

Now the Secret Society women's operation on my website today. 4:23 AM,

To sum up: the Secret Society women had continued to mobilize their volunteers today to brainstorm: (1) my delusion about there being chips inside my brain (including a volunteer from British Columbia who came to examine my postings about brain-chips on Prison Planet Forum). (2) My delusions about how my women victims were going after me. (5 times! Including one North Hollywood volunteer who came to examine my postings about the Secret Society women on Prison Planet Forum.) (3) How I had harassed SDW by posting my messages to her on my website. (4) My harassment of Shizuka. (5) My plagiarism (including the first appearance of the Siauliai volunteer). (6) Note that, on 10:32 AM, a Hyderabad volunteer was examining all the pictures of Oliver's painting on my website.

31 December (Wednesday; Uma Blasini)

First, a note about myself. Slept almost 6 AM. Then got up, MST (Japanese). Woke up past 2 PM or so. Okay. TNT, read a little about Nepali politics in order to verify Marco's story: still suspecting that he was a mole whom my stalking victims had sent to me. (*Wrong.*) A man was reading an Ethiopian (?) Bible. Jons, chicken, Starbucks, Vermont. Worked until 9 PM. Wanted to collect damages and then go to the parties around. SRMDRE: can't W, then gave up, and many people were around, even though it was 10:30 PM. Was in a good mood, and so didn't feel the urgency to collect damages. Back to downtown, to check out the County's party. Many pretty women, but decided not to go through bag-check. Wanted to go to Hollywood, but gave up too: already past midnight. Walking home, suddenly became angry, and wanted to collect damages: all because SDW was a perp posing as a TI, in order to turn me the real TI into a perp in the eyes of others. Will collect damages tomorrow. Korean restaurant, Ducret (Khomeini). Home by 1:30 AM. Total: **4 B**. From 1:40 AM onward, laptop began freezing up repeatedly. This diary and Firefox all froze up, causing anger.

Now the Secret Society women's operation on my website today. 4:47 AM,

Now a note about SDW. By 12:30 PM or so, she would have posted a poignant note on her blog:

Mar. – May 2021

Then she would be out all afternoon, from 12:40 to 6 PM, perhaps. As she would write on her “First Responder Harassment Log”: “110 pm – Passed Carlsbad PD patrol car at intersection of Avenida Encinas and Poinsettia. (Carlsbad) 3 pm – Passed by red ambulance while sitting [in] Ki’s restaurant on Hwy. 101 North. (Cardiff by the Sea) 423 pm – Passed by red Encinitas Lifeguard Dept. truck while walking South near Beacon’s Beach. (Leucadia) 503 pm – Passed by [the] same red Encinitas Lifeguard dept. truck while walking North near Beacon’s Beach.” It would seem that she was meeting somebody around 3 PM or so, and then took a walk on the beach from 4 to 5:30 PM.

Again, the screenshot of a search for Uma Blasini. This visit was important – was this person Blasini herself? Oh my God! (Note that Blasini was usually in the south of Puerto Rico, in Guayanilla or Ponce. But it's possible that she was spending New Year eve in the capital in the north.)¹³

My harassment of Shizuka.

On 3:56 AM, I posted a new message on my thread on Prison Planet Forum:

Kiersten's vengeance, 29
Lawrence C. Chin
Mar. – May 2021

I posted this because my suspicion that I was meeting the Secret Society women's moles during the Couch Surfing meetup was gnawing at me. I was of course all wrong here: the Secret Society women would not be arrested at all.

To sum up: the Secret Society women continued to mobilize their volunteers to brainstorm how to more effectively complain about me to law enforcement: (1) my delusion about how my women victims were going after me. (2) My harassment of SDW by posting my messages to her on my website. (3) My harassment of Shizuka. (4) My slandering of Angelica (the visit to "The Cheney Plan" by the Munich volunteer). (5) My delusions about there being chips planted in my brain (including the Sacramento volunteer who came to examine my postings on Prison Planet Forum). (6) My violation of my family's privacy. (7) My plagiarism. (8) It seems that, in order to get a new law enforcement authority to accept the complaints of Ekaterina and the Secret Society women, Homeland Security CO chief decided to get the women to recruit Uma Blasini herself. Presumably Ekaterina and the Secret Society women had been trying to get Uma's attention for quite a while already, but, tonight, Uma, while celebrating New Year eve in San Juan, finally received Homeland Security's warning about me. The Secret Society women and Ekaterina were then able to connect up with Uma to explain to her how this schizophrenic racist and misogynist terrorist stalker had been stalking her and posting pictures of her on his website. Uma got on her iPad and clicked on the link to one of those pictures which the Secret Society women had sent to her. The gang of women then asked Uma to open a case against me with the Puerto Rican law enforcement authority using the Homeland Security warning about me. Although Uma had been complaining for more than 5 months about how people on the Internet had

been mistaking her for Russia's First Daughter, this was in fact the first time she was talking to Ekaterina. All thanks to me!

1 January 2015 (Thursday)

First, a note about myself. Slept around 5 AM, watching a newly discovered Russian movie (“Die Zeit der Verwirren”, daubed in German, from 2007). The landlord's sister woke me up around 11 AM. Paid rent. Went back to sleep. Slept until 4 PM! TNT, checked the log and burned DVD-425 (videos). Carl's Jr, and watched more of this Russian movie. Then went to INDNA for the first round of collection: **10 N, 1 B**. Came back to VRMNT/WLSHR around 10 PM, and Cafe Mak was closed. Took the bus to PRMNDE: stayed in Starbucks until 12 AM. Then, took bus 4 to collect damages. Near Dina's, and then the 26th. **2 W (PRK: 6th or 7th?), 2 mirrors, 1 SPC, 2 B**. Done by 12:40 AM

Now the Secret Society women's operation on my website today. 5:15 AM, Opera Mini,

Now let's sum up. (1) While we can't be sure whether Uma had indeed helped Ekaterina and the Secret Society women open a new case against me with the Puerto Rican law enforcement authority, the Secret Society women's volunteers today seemed to have a special focus on reporting me for harboring bizarre delusions about there being chips planted in my brain. This includes the Edmonton volunteer who was here the whole day as soon as he woke up (12:07 PM, 4:30 PM, 9:24 PM, 9:57 PM, and 10:48 PM); the Grays, UK, volunteer who, from 2:24 to 3 PM, examined all the links on my blog post series; the Poughkeepsie and Salerno volunteers who examined my "Ying and Yang, I"; and the Pasadena, Texas, volunteer who, on 6:25 PM, examined my postings about brain chips on Prison Planet Forum. (2) My harassment of Ekaterina and Shizuka. (3) My violation of my family members' privacy. (4) My delusion about how my women victims were going after me (from 2:30 AM onward). (5) My harassment of Kiersten by posting her friend's messages to me on my website. (6) Robin was probably involved in today's discussion again.

2 January (Friday; severe targeting)

First, a note about myself. Woke up around 2 PM, okay. Came to TNT, was having positive thoughts, and would immediately be punished. Opened up my Ubuntu in TNT, and, all of a sudden, it could no longer detect any wireless network, seemingly in order to repeat the episode from 10 August 2009,

Kiersten's vengeance, 29

which I was writing about last night. It turned out that the Wi-Fi function was turned off, and could never be turned on again. Walked to Coffee Bean, the same thing. Severe anger, required to commit crimes. A brand new computer could never be used again, just like that. Ate at Chinese fast food, then came home, and moved all the writings and other files back to Asus. Tremendous problems, for all ODT files had to be reconverted to Word, resulting in the degradation of all the embedded images. Then hurried to the French language meetup in Glendale. On the 92 bus. For a while, couldn't find the restaurant (Bon Vivant). The screenshot of Google map had mysteriously disappeared from my Asus. Mood severely dampened: evidently the control center would always discourage me from engaging in foreign language activities. Arrived at the meetup, it was already full, nowhere to sit. Hustled by Alain to sit at a separate table with a Hispanic guy from El Salvador who didn't speak any French, whereas everybody else sat at a big table away from me. Then realized that I was simply required to produce evidence showing me to be unable to speak French. Severely angered, left quickly – the Hispanic guy might simply be my stalking victims' agent anyway. (*In fact, he could be a Homeland Security agent.*) **2 B** right there. Severe anger causing severe physical pain would last all night. Severe hatred for xxxxxxxxx.

Took the bus to Starbucks, Vermont/ Prospect. Wrote. 8:15 PM, Windows Explorer froze up. Then the copy and paste function was disabled on Open Office. Called aunt Winnie around 10 PM. Obtained Nelson's phone number. Around 10:30 PM, went for collection. **10 N**. Then, PSDN, despite programmed belief that something might happen. **3 W, 2 H, 4 B**. Still angered, severe hatred. SRMDRE: **2 W (3rd and 4th), 1 H**. Feeling slightly okay. While on the train coming back, worked on Dr G's conversation from 2 November 2012. At downtown by 3 AM. At the Korean restaurant near home by 3:50 AM. Still severely angered, severe physical pain, severe hatred for xxxxxxxxx.

(I was probably correct in suspecting that it was the control center which had programmed me to experience such hatred today: now that Homeland Security CO chief had embarked on a serious campaign to demonize me to his colleagues in the national security and law enforcement Establishment, he needed to prepare me to utter more anti-American speech the next time I should talk to Wes. He also needed me to collect more damages. Since, as you shall see, he would also order the Monkey to control me to attempt to communicate with Anja (Flunk), it would seem that the Puerto Rican law enforcement authority didn't really become involved or was not very effective once involved. The fact that he seemed to have sent in an agent to the French language meetup today also indicated that he was starting his own investigation of me if no other agencies wanted to accept complaints from Ekaterina and the Secret Society women. Furthermore, he would have collected another evidence tonight that suggested that the Monkey's profile of me was correct (that I didn't speak French).)

Now the Secret Society women's operation on my website today. 4:06 AM,

Was Robin talking to this volunteer at the moment?

Now a note about SDW. She was out between 9:20 and 10 PM. As she would note on her "First Responder Harassment Log, January 2015": "928 pm – Passed Carlsbad PD patrol car at intersection of Carlsbad Village Dr. and Hwy. 101 North (Carlsbad). 933 pm – Passed by Oceanside PD patrol car on Wisconsin Blvd. at Coast Hwy. (my destination in Oceanside). 942 pm – After leaving my destination, there is an Oceanside PD patrol car ahead of me driving South on Coast Hwy. 943 pm – Same Oceanside PD patrol car turns emergency lights on and makes a traffic stop one block ahead of me at Coast Hwy. and Cassidy (Oceanside)." This is thus what she was doing tonight: around 8:30 PM, she was discussing me with the Elkridge volunteer and then suddenly hopped into her car around 9:20 PM and came to Oceanside around 9:35 PM. Perhaps she needed to pick up something from the Oceanside TI last seen on 28 December. She stayed with her for merely 10 minutes or so. Perhaps this thing that she picked up could help the Secret Society women persuade a new law enforcement authority to accept their (and Ekaterina's) complaints about me.

Let's sum up. The visits today suggest that the Secret Society women were spending another day trying to find a new law enforcement authority to accept their (and Ekaterina's) stalking claim against me. (1) They seemed to have spent the first half of the day brainstorming with their volunteers how to more effectively report me for plagiarism. (2) They then called up Nelson or "Mr San Diego" on 12:40 PM asking him if he could report me for stalking some public figure to whose website I had linked on my external links page. (3) Their volunteers then brainstormed about my computer-hacking, my harassment of Ekaterina and Shizuka, my delusion about Khalezov, and my delusion about the chips inside my brain (including the Edmonton volunteer on 3:42 PM and a New Orleans volunteer on 7:15 PM who might just be Alexis de Bram). (4) The Salerno volunteer also came again on 1:22 PM to continue to brainstorm. (5) SDW was also discussing my harassment of her with the Elkridge volunteer around 8:30 PM, after which she went to meet the Oceanside TI to pick up something from her. (6) Ekaterina and Uma then had a discussion on 12:58 AM about how to persuade the Puerto Rican law enforcement authority to open a stalking case against me. Everyone was thus busy for another day trying to make sure that Homeland Security CO chief can continue his case in the ICJ and that his warnings about me can continue to circulate among law enforcement agencies around the world.

3 January (Saturday; break; Wes)

First, a note about myself. Slept past 6 AM, watching the latter half of "Die Zeit der Verwirren"... Woke up past 3 PM. TNT, left a message with Wes. Ate, then checked the log and burned DVD-427-CP with Ubuntu. Home by 7 PM. MST (Japanese). Then out to collect damages, past 8 PM. Suddenly, Wes called. Thus abandoned the plan to collect at RDND. Talked with Wes until past 10 PM! Afterward, mood much brightened up, but still feeling like stranded in a desert, and so went to Hollywood instead. Forced oneself to do the necessary collection, **8 N, 3 B**. Then, King King, past midnight. Feeling somewhat uneasy. But did some writing inside.

Highlights of my conversation with Wes today (from 3:04:40 onward): (1) "I was going to my insurgency warfare... just committing crimes... disgusting xxxxxxxx, who should be put into concentration camps and xxxxxx..." (*This is why Homeland Security CO chief had instructed Wes to*

call me! So that he could intercept me saying this! More on this at the end of today's entry.) (2) How I was severely tortured yesterday, how my Ubuntu was “destroyed”, and how all this was still to replace evidences for the previous ICJ trial. How my recorder was destroyed and my glasses were stolen. How all the extra money I was given during the holidays wasn't enough to cover the loss. (3) Wes instructed me not to send him money this month. (4) Yesterday, severe hatred for xxxxxxxxxx. SDW also hated xxxxxxxxxx. How I was even more determined to form my anti-xxxxxxx hate groups. But how was I supposed to get people in Germany to do this? The Secret Society women must have done something to piss off everybody. (*Not.*) (5) The Secret Society women were told that they were allowed to chip a lot of men to orchestrate violence against women on a wide scale as a way to prompt legislatures to pass feminist laws. All so that anti-xxxxxxx hate groups can also spring up in Germany. (*As you shall see, while this was complete bullshit at the moment – it was merely Homeland Security CO chief's evidence that the Secret Society women were correct about me, that I kept developing delusions about them – something like what I said here would in fact happen 6 or 7 years later, with some modification.*) (6) Why Germany had wanted it: a chance to become the leader of Europe. I was disconnected with Wes on 3:16:00 and then reconnected with him on 3:22:00. (7) My recent interests in Flunk and the Old Testament: to establish my identity with Kiersten. And something about Norway in the “Plan”. (*Again, Homeland Security CO chief's evidence of my delusional mind.*) (8) When the police arrested the Secret Society women and then released them, they retaliated against me. My suffering was thus the police's fault, in a way. To advertise my story by saying the police are racist, so as to demonize Americans. (*Evidence of my delusional mind.*) Then a long discussion about whether the police were racist. (9) About the French meetup yesterday: the control center made me look like I couldn't speak French. (*Probably correct.*) My hatred for xxxxxxxxxx was so intense. BOL had probably thought me a model human being for hating xxxxxxxxxx so much. (*Wrong.*) (10) Whether Kiersten and SDW were “typical” Americans: they had a lot of time on their hands. (11) During the rest of the conversation, it was mostly Wes talking: about his teaching style, the banned classics, the Spaceship of Ezekiel, and set theory. (*After Wes had accomplished his mission – letting me produce evidences for Homeland Security CO chief – he just rambled on about the ordinary things that were on his mind.*)

My harassment of Shizuka.

To sum up the happenings on this important day: As you have seen, desperate for Homeland Security's warnings about me to continue to circulate around in order to keep the previous ICJ trial sealed up, Ekaterina had been trying hard to persuade Uma to open a stalking case against me with the Puerto Rican law enforcement authority using Homeland Security's warning about me. Finally, this morning, Uma did as instructed and was at the Puerto Rican law enforcement authority. The Secret Society women immediately mobilized their volunteers to report me to the Puerto Rican authority. (1) That I was also Shizuka's stalker (without knowing that Shizuka was actually a mole). (2) The Grays, UK, volunteer then reported on my bizarre delusion about there being chips planted in my brain. (3) The volunteers then reported for a whole day on how I was a computer-hacker and had placed Angelica's naked pictures on my website. (4) A volunteer from India then reported on how I had imagined being gone after by intelligence agencies and a subject of debate in the ICJ. (5) Given what was going on, by 11:50 AM, the CIA had instructed Jennifer Day to join the reporting in order to sabotage the Secret Society women behind their back. (6) On 1:40 PM, a volunteer from Bangladesh reported that I had also harassed Ekaterina in the same manner (by placing her pictures on my website). (7) On 2:49 PM, a

Kiersten's vengeance, 29

volunteer then reported on how my delusions had also made me a danger to myself. (8) On 3:07 PM, a volunteer from the Netherlands reported on how I had also harassed SDW in the same manner (spilling out my delusion about her going after me on my blog). (9) By night, however, perhaps thanks to Shizuka's and Jennifer Day's secret reporting, the Puerto Rican law enforcement authority had expressed skepticism as to whether Homeland Security's warning about me was accurate. Thus, from 8:15 to 11:20 PM, the Edmonton volunteer was mobilized to report again on my delusion about the chips inside my brain. (10) Then, from 8:30 PM onward, a Tucson volunteer reported on my delusion about Cheney (i.e. how I kept developing delusions about politicians and so on). (11) From 10:36 PM onward, for two hours, a Belarus volunteer also reported on my delusion about Khalezov. (12) Then, more reporting about my violation of my family members' privacy. (13) 11:43 PM, an Antioch, California, volunteer also reported on my delusion about how the Secret Society women were going after me. (14) By 2:15 AM, Jennifer Day was in the discussion again.

As you can see, it was just when the Puerto Rican law enforcement authority had expressed skepticism that Homeland Security CO chief instructed Wes to call me. He wanted more evidences to confirm, both for the Puerto Rican authority and in the ICJ, that his (or the Secret Society women's) profile of me was correct. My supremely anti-American statement in the very beginning of my conversation with Wes was his evidence to this effect – and he would also use it to convince his colleagues in the national security and law enforcement Establishment in the US that he had always been right about me and that they should not bother to support the CIA's effort in reactivating the previous ICJ trial. He would then use the rest of my wrong scenarios to convince the Puerto Rican law enforcement authority that the Secret Society women's claims about me – how I kept developing bizarre delusions about them – were in fact correct.

4 January (Sunday; a break from collection)

First, a note about myself. Woke up around 2 PM. Already missed the French meetup in Pasadena. Decided to head toward French in Mind. Success. Then came to the Couch Surfing Meetup near my home. Was nervous. Marco showed up, even though he had withdrawn his RSVP. Tried to test him to see if he was a member of the Secret Society's women's organization. Couldn't decide. Afterwards, severely tired. No collection. **4 B.** 3 AM, completed "American women's culture as the inverse of military fascism". Then, 3:45 AM, programmed to have positive thoughts just before Google Chrome crashed to interrupt the music. Mood dampened. Again, trained to develop unpleasant mood structure in order to be motivated to commit crimes and create more waste. (*Indeed: the Monkey continued to train me to become a habitual criminal.*)

Now the Secret Society women's operation on my website today. 4:33 AM,

Now a note about SDW. She was out from 2:30 PM onward. As she would write in her "First Responder Harassment Log, January 2015": "433 pm – Encinitas Ranch security vehicle syncs passing me at trail head as I walk on loop trail near Quail gardens Dr. (Encinitas) 342 pm – Red Rural/Metro ambulance (Big time perps) syncs driving ahead of me at Adams and Iowa (San Diego). College exit – San Diego PD patrol car w/ emergency lights on. (San Diego)” The first “4:33 PM” seems to be an error: perhaps she meant “2:33 PM”. If so, then she was first out to take a walk around 2:30 PM and then, around 3 PM, came home and hopped into her car to go to San Diego. She did something and/ or met with somebody for an hour and a half in San Diego and, by 5:15 PM, was leaving. Who was she meeting with? In connection with Uma's new stalking claim against me?²²

Let's sum up. This was the second day of reporting with the Puerto Rican law enforcement authority – the Secret Society women's primary objective continued to be to overcome the new law enforcement authority's skepticism. (1) First of all, they would mobilize their volunteers for the whole day to report me for plagiarism (including my plagiarism of my theory on linear perspective), computer-hacking, violation of my family members' privacy, and hosting Angelica's naked pictures on my website. (2) On 6:39 AM, a Shanghai volunteer reported on my continual harassment of Ekaterina and Uma with their pictures on my website. (3) On 11:04 AM and 12:18 PM, a San Jose volunteer and then a Washington State volunteer reported on my continual harassment of SDW by blogging about her. (4) On 12:29 PM, a Vancouver volunteer reported on my harassment of Khalezov with my delusions about him. (5) On 4:28 PM, a Kansas City volunteer reported again on how my delusions had made me a danger to myself. (6) On 7:09 PM, a Santa Clarita volunteer reported on my harassment of Kiersten by blogging about her. (7) On 8:11 PM, my cousin Gilbert (?) reported again on my harassment of SDW. (8) On 9:41 PM, a Clermont volunteer reported on my delusion about President Obama. (9) However, the Puerto Rican law enforcement authority, thanks to the informants' reports which confirmed the warning they had received from the TMU about this gang of women, remained incredulous, so that the Secret Society women were back to brainstorming. Jennifer Day, who was in the discussion early in the morning, came again after midnight. On 2:57 AM, the Edmonton volunteer also showed up to continue to brainstorm. What is important to note is that SDW was in San Diego doing something or meeting somebody from 3:30 to 5 PM.

5 January (Monday; the police/ the investigator?)

First, a note about myself. Slept around 5:30 AM, watching "Truck Stop Striper". Woke up 1:30 PM. Lay around a little longer. TNT, then storage. Finished Ducret's chapter on Khomeini. Put in DVD 427 CP. There was not enough time to go to Long Beach (as originally planned). Thus, Starbucks, Vermont (Jons, chickens). Worked until 8 PM. Then rushed to collect: to RDND. 9:10 PM, on Metro Green Line, writing out the analysis of Chaya's warning, under the entry for 23 May 2014. The mouse pad malfunctioned to prevent me from writing. Closed the laptop, reopened it. Typed a little more, and the mouse pad malfunctioned again. Closed it, opened it, and now the keypad malfunctioned to prevent me from logging in. Severe anger: the Word document always has to be destroyed when I'm writing something important. Whenever I develop good insights into things I am required to become angry and violent in order to discredit myself. Forced to reboot the laptop. The first time, the keypad was still not functioning. The second time rebooting, and now I was able to log in. The Word document recovered. Then, while I was typing out this very paragraph, the mouse pad malfunctioned again. Closed the laptop, and reopened it. It worked. Required to commit crimes; or motivated to commit as much crimes as possible. Severe hatred for xxxxxxxxxx. Wasted 20 minutes.

At RDND. **3 W (one: 4th), 3 H, 2 B. 5 N.** It seems that I was caught in camera at one place (H: but I had changed, of course). After changing, at the bus stop. Broke two more bottles at the Civic Center. The police showed up, attempting to detain me. He ordered me to pick up the broken glasses, and then called for backup. Two more police cars showed up. The bus came. After I begged them, they let me get on the bus. Severely angered: my stalking victims probably wanted me filmed by the police cars since their investigator might have filmed me changing before collection began. Thus, they first

Kiersten's vengeance, 29
Lawrence C. Chin

provoked me by controlling my computer to malfunction to erase evidence, then sent somebody in to film me, and then programmed me to be detained by the police. Then they can claim to have helped the police solve the vandalism cases. Immediately after this incident, Cindy updated her cover photo on her Facebook. *(Again, I thought there was a connection here, but I was most likely wrong.)*

After I wrote down the above (11:10 PM), Word froze up again. My stalking victims wanted me to commit more crimes after RDND0, presumably. Severe hatred toward xxxxxxxxx. At the Airport station, picked up another jacket on the bus – somebody had left it behind. Found so much clothing in the past week, wondering if my stalking victims had placed tracking devices in it. *(Ha!)* Emptied the jacket: in surveillance I thus might look like I had just stolen it from somebody. At VNCE: **2 W (salon, 2nd), 1 SPC, 1 H, 2 N**. When done, was changing in a dark corner in an alley. A car came by and then drove out of the alley: completely unnecessary. Thus, it was probably Veronica's investigator here to film me changing. Severe anger persisted while on bus 33, couldn't concentrate on reading. Especially when a Hispanic man wearing earphones were near me. *(This could be the TMU's surveillance.)* **2 B** at DR CRTZ. Home by 2 AM. On 2:25 AM, Microsoft Paint malfunctioned. No longer allowed to take screenshots. Used Task Manager to shut down Paint, and then it worked.

(I was probably quite correct tonight in my inferences. As you shall see, by 5 PM the Secret Society women would have flunked their case with the Puerto Rican law enforcement authority. Homeland Security CO chief thus decided to use my vandalism to continue his case in the ICJ. More on this at the end of today's entry.)

Now the Secret Society women's operation on my website today. 4:08 AM,

This visit seems to indicate that the Puerto Rican law enforcement authority had definitively rejected Uma's stalking claim against me. Such is the scenario: after the rejection, Ekaterina (it was now 11 AM in South Korea) and the Secret Society women got really nervous – this would be evidence in the ICJ that Homeland Security's warning about me was false causing objections to Russia's victory in the

previous ICJ trial to be possible again – and so they immediately reported my website to their friend in Google: “Look, he is spilling out his delusions about his victim, Kiersten, in this document in order to harass her...” If Google should act on the complaint, then that would be evidence in the ICJ that Homeland Security’s warning about me wasn’t false after all.

Now, Let's sum up. This was the third day of action with the Puerto Rican law enforcement authority. (1) On 4:59 AM, a volunteer from Royal Southern Yacht Club in Southampton, UK, reported on my theft of Robin's drawing. (2) Then more reporting on my harassment of Shizuka. (3) From 9:14 to 11 AM, a Croatia volunteer was considering how to report on my newly developed delusion about Ekaterina. (4) On 3:23 PM, a Houston volunteer reported on my delusion about my women victims' going after me. (5) By 5 PM, however, the Puerto Rican law enforcement authority had definitively rejected Uma's stalking claim, and Ekaterina and the Secret Society women scrambled to make a complaint about my website to Google (my harassment of Kiersten). (6) On 6:12 PM, the Russian law enforcement was also mobilized to produce evidence for the ICJ that Homeland Security's warning about me was correct. (7) On 6:39 PM, a volunteer visited the front page of my website. (8) On 8:32 PM, another complaint on behalf of Kiersten. (9) After Google and the Russian law enforcement had saved the day, volunteers continued to brainstorm about my harassment of Shizuka, Angelica, Ekaterina, and Khalezov and about my delusion about the chips inside my brain. (10) And of course, throughout the whole day, massive reporting on, and brainstorming about, my supposed plagiarism.

As for my part: as mentioned, since Puerto Rico was a no go, Homeland Security CO chief instructed the Secret Society women to use instead my vandalism to persuade another law enforcement authority nearby to open a case on me. From 9 PM onward, the Monkey thus started remotely controlling my computer to malfunction in order to provoke me. I would thus collect a lot of damages tonight. The Monkey then programmed my citing by the police while I was in Redondo Beach, and, after midnight when I was in Venice Beach, the Secret Society women then sent in their investigator to film me

collecting damages. The women had mobilized their community vigilante group again and would present the new evidences tomorrow to some sort of law enforcement authority in LA.

6 January (Tuesday; severe targeting/ investigator)

First, a note about myself. Slept around 5 AM, using Samsung notebook to play music from DVD-425. Real Player then malfunctioned. Woke up past 1 PM. Then discovered that I couldn't actually go to the German meetup tonight because it was held on 7 PM: the bus doesn't run that late in Thousand Oaks. Tried not to be angry. 2:35 PM, Microsoft Paint malfunctioned repeatedly. It cannot be made to work again even when I shut it down and restarted it (two times). Forced to reboot the laptop. Severe anger, severe physical pain. Severe hatred toward xxxxxxxxx. Required to commit crimes. Then the mouse pad froze up again, 2:53 PM while I wrote this down. Went to Home Depot, new supply. Still physical pain and anger. Home. Checked the log, then off to PRMNDE: **7 N, 5 or 6 sets left behind. 2 B.** Insufficient, still angry. Pain. Seems that the control center especially provoked me today in order to cause me to want to attack AWFs. (*Right.*) And then to feel nervous because many pretty AWFs were in the region (thus to fit Kiersten's profile of me). Went to Novel Cafe, around 9:30 PM. Still suffering severe pain, anger, and hatred toward xxxxxxxxx. Wrote down what just came to my mind: the distinctions between power, order, goodness, and the development of human potential. Then searched for "Mongolian". Realized that this person carries the characteristics of "Levonne" (attributed to me). Then discovered SDW's happy new year post. Slightly calmed down.

Also realized that Kiersten and Homeland Security must be claiming that I forged all my recordings and screenshots (evidences for the ICJ).

By 1:10 AM, out for collection. CLVRCTY, a new place: **3 H, 2 B, 1 mirror, 4 W (3 places)**. The last one: somebody seems to have shouted in the distance. Done by 2:40 AM. Waiting at the bus stop. An SUV (male inside) suspiciously slowed down near me just as the bus was coming, and then it made a U-Turn. I might have covered my face too late (the investigator?). At Venice/ Vermont, another police car came near me. To film me and track me? **1 B (DRCRTZ)**. Entering home, the DHS agent was again standing there waiting for me, wearing earphones. I was sure that the Secret Society women and law enforcement had tracked me all night long after my collection. Thus evidence: wherever he was late at night, in the morning people would report vandalism, etc.

(Because, earlier today, the Secret Society women and their community volunteers had linked up with a new law enforcement officer to present evidences of my serial vandalism, this afternoon the Monkey continued to remotely control my computer to malfunction in order to prompt me to collect more damages tonight. And so they sent in their investigator again tonight to collect evidence that I was at it again in Culver City. Homeland Security CO chief then instructed his agent to wait for me at my home to ascertain my coming home. Both the investigator's video of me earlier and the DHS agent's surveillance of me later would be presented to the new law enforcement officer tomorrow. More on this at the end of today's entry.)

Now a note about SDW. It seems that she was out between 12:30 and 2:30 PM. As she would note in her "First Responder Harassment Log, January 2015": "1235 [pm] Passed Encinitas Fire Dept. Firetruck #F2312 on Encinitas Blvd. West at Smart and Final shopping center. (Encinitas) 114 pm – Passed by private ambulance while exiting Von's shopping center on El Camino Real. (Encinitas) 220 pm – Passed by Encinitas Fire Dept. Firetruck at Encinitas Blvd. and Balour on way to Vet. appt. (Encinitas)." It thus seems that, on 12:30 PM, she went out to buy food at Vons, and was done with shopping by 1:15 PM. She then went home to put away the groceries, and by 2:15 PM, was out again with her cat for an appointment with the veterinarians. Presumably she would be home by 4:30 PM.

The thing is that the other Secret Society women must have met with the new law enforcement authority earlier this morning. When they had persuaded the new law enforcement officer to open a case on me, they must have also instructed their volunteers to describe for him the serial vandalizer's additional criminal characteristics: "He doesn't just vandalize but is also completely delusional and stalks women, even famous women." Thus: (1) my harassment of Shizuka; (2) how I had hosted Angelica's naked pictures on my website; (3) my plagiarism; (4) my harassment of SDW by spilling out on my blog my delusion about her going after me; (5) my computer-hacking; (6) my violation of my family members' privacy with my website; and (7) my theft of Robin's drawing. Perhaps SDW was making her reports too from home by video-conferencing (in regard to (4)). Presumably, when the reporting was done around noon or so, she then went out for grocery-shopping and the veterinarian appointment.

To sum up: And so, after 1 PM, after a case had already been opened on me with a new law enforcement officer, the Secret Society women continued to mobilize their volunteers to prepare more reports about my website: (1) My delusion about the Russian government (as seen on 1:17 PM with the Dublin volunteer). (2) My harassment of Shizuka. (3) My harassment of SDW or the Secret Society women in general, or my delusion about their being part of a government conspiracy to go after me (the Moscow volunteer from 8:05 PM). (4) My harassment of my family members. (5) My hosting of Angelica's naked pictures on my website. (6) My delusion about Khalezov. And (7) my delusion about the chips inside my head. Meanwhile, as noted, Homeland Security CO chief and the Secret Society

women sent out their investigator again to capture more evidence of my vandalism after midnight and the DHS agent planted in my apartment building was also activated to catch me coming home.

Note also that, today, a certain Anne Fravallo (with her companion) requested couch-surfing *chez moi*. It's not clear whether this girl was in fact sent in by Homeland Security CO chief. (I would never respond.)

7 January (Wednesday; Draw Anything LA)

First, a note about myself. Checked meetup.com before sleep. It seems that SDW had placed more than 5 moles in my Draw Anything LA meetup. (*Wrong!*) Immediately wrote two messages on Prison Planet Forum, hoping to discourage SDW's massive operation for tonight's meetup. Evidently, the goal of placing moles in my Draw Anything LA meetup was to produce evidences (or even false reports) demonstrating that I produced my drawings with fraudulent means. (*Not.*) Then, slept past 6 AM while listening to Anja. Woke up past 2 PM, but then slept all the way past 4 PM. TNT, then going to Draw Anything LA meetup. There around 7:20 PM. It seems that last night's messages had some effect, moles identified: Ankar (Indian), Nana (Asian), and Kelsey (AWF). Amanda, Julie, Michelle, and Teri Roth (all suspected moles) didn't show up. In other words, all AWFs had retreated, save Kelsey. (Kelsey had identified herself as part of the Secret Society when she, noticing that I was looking at her iPhone which she had left on the table, immediately grabbed it and hid it away from me, terrified that I might see it: it is widely known in the Secret Society that I could track their visits to my website by identifying their electronic devices.) Nana decided to show up because she was Asian (?). (*All the wrong inferences.*) Thus, drew a magnificent portrait of Anja. The meetup was still relatively pleasant. The Korean girl (Huang) brought two friends this time, one sitting next to me. Suspicious? (*Not.*) Left 10:30 PM. Not sure about collection. **2 N at SM Blvd, then Union ST. 6 N. 3 B today in total. 2 H. (B and H at LWLB.)** Then, past 4 AM, sent Anja her portrait via Facebook Message.

A note on the recording from tonight: Kelsey (1:43:30; 1:50:30). She lives in Westwood. Sankar lives in Pasadena (1:58:00). Melinda (2:03:00). She lives in Orange County (Whittier). Nana (2:52:00). She lives in Pasadena and works in Creative Artist Agency (Century City) as a trust accountant.

(Given that the Secret Society women had mobilized again their community vigilante group and linked up with a new law enforcement officer yesterday, you can be sure that their investigators were monitoring my collection tonight on Cesar Chavez near Union Station. They already had cameras planted here in any case. Then, Homeland Security CO chief had finally succeeded in getting me to contact Anja. His Department was now ready to communicate his warning about me to the Norwegian law enforcement authority.)

Now the Secret Society women's operation on my website today. 4:11 AM, fbx.proxad.net, Limoges, France,

How I had plagiarized my theory on linear perspective.

Now a note about SDW. She was out from 1:20 to 4:40 PM. As she would note in her "First Responder Harassment Log, January 2015": "126 pm – Passed by red ambulance on 5 South Freeway near Birmingham exit (Encinitas). Ambulance was from Carlsbad Fire Dept. #2291 plate CA 1266142 w/ white male driver. 408 pm – Passed CA Park Ranger SUV parked on right shoulder of 101 South overlooking Torrey Pines State Beach. (Del Mar) 428 pm – San Diego Sheriff Dept. patrol car syncs driving ahead of me on 101 North near Marcheta as I drive North on Vulcan. (Leucadia)" It thus seems that she was out around 1:20 PM and, by 4 PM, was several miles south and then, by 4:30 PM, was one mile north. What was she doing out today?

To sum up. Today was the Secret Society women's second day with the new law enforcement officer, and they continued to mobilize their volunteers to offer more testimonies about my demonic website to him. (1) My hosting of Angelica's naked pictures on my website. (2) My delusion about the chips inside my head. (3) My harassment of Shizuka. (4) My plagiarism (including a volunteer from the Methodist Hospital of Indiana and another from the Central Assembly of God). (5) By 10:40 AM, Dr Brizendine had agreed to add her complaint to the new case and a volunteer from France reported on my violation of her intellectual property rights. (6) My delusion about my women victims' going after me (including how I had developed my delusion by misinterpreting the visits to my website). (7) On 11:12 AM, an Ohio volunteer reported on the recordings and videos found on my website. (8) By 1 PM, Jennifer Day, under the CIA's instruction, began her subversive activity in the Secret Society women's organization. (9) My harassment of Kiersten by blogging about her (the Singapore volunteer on 5:22 PM). Then, late at night, when I was collecting damages on Cesar Chavez, I was again monitored by the Secret Society women's investigators.

8 January (Thursday, "Anja")

First, a note about myself. Ulf replied around 7 AM, saying "Will get Anja to answer it too." I replied around 9 AM. I was then sleeping. Woke up past 4 PM, TNT, and discovered that Ulf/ Anja had replied on 3 PM. The portrait was posted on their Facebook and Twitter around 3 PM. The strange thing was that the notice had appeared on their Twitter around 2 PM (with the link to the Facebook posting). My reply on 5:15 PM. There are between 5 to 6 hours of gap.

Then rushed to the UUSC meetup. On the bus, a Jewish old man was reading a book "published privately, only for family members". After the meetup, I followed everyone to The Island. The Linux expert got my Ubuntu fixed! It could now again detect wireless networks! Generally a pleasant night.

Not sure if there were any moles in the meetup. Then going to Starbucks, WSTWD. Worked – almost done with “power/ goodness”, etc. Left by 2 AM. Collection nearby. **1 W (KRSMA), 3 N, 3 H.** When done, changed my clothes at the bus stop. An SUV suspiciously circled 360 degrees around the block: another investigator here to film me? (*Indeed!*) But, when he drove on SM Blvd to go straight, he ran over the nails. The driver stopped in a distance for a long while, as if not knowing what caused it. Not an investigator? Testing? (*No, he was!*) When coming back home, increasingly nervous. The scenario emerged: Kiersten, by getting information from the control center, had contacted Anja and predicted to her that I was about to send her a portrait. She must have lied to Anja saying that I got my twin brother to draw it, and then sent it to her to please her, because I was terribly obsessed with her. Before I even sent it, she had already advised Anja and Ulf to leave Oslo in order to avoid my knowing where they were (for safety reasons). They came to Trondheim, received my portrait in the afternoon, and then had long discussions with the Secret Society women and Norwegian police until almost midnight. At the end of the discussion, the decision was reached to post my portrait on their Facebook page in order to not provoke the “stalker” but to keep him calm. Then, on 1:24 AM, Anja, following Kiersten's instruction, made her first false report. It's almost certain that Anja had been briefed by the government beforehand and was recruited to infiltrate Kiersten's group. She was acting. The whole episode replaced the past episode of Angelica's escaping to Mexico. (*A completely wrong scenario!*)

(Again, to continue to feed more videos of my vandalism spree to the new law enforcement officer, the Secret Society women sent their investigator out for the third consecutive day to film me collecting damages. Then, later in the day, Homeland Security CO chief had probably indeed contacted the Norwegian police to communicate to them his warning about me and inform them that I had now focused on Anja. Soon afterward, the Norwegian police would contact Anja and then connect her up with the Secret Society women so that these supposed experts on this schizophrenic terrorist stalker could explain to her what this stalker was like and what sort of danger she was faced with. But of course Anja wasn't advised to leave Oslo.)

Now the Secret Society women's operation on my website today. 4:15 AM, was this my Facebook or the Secret Facebook Group?

What's this about? What can the Secret Society women make out of Best Mommy's picture?

To sum up. Today was the Secret Society women's third day with the new law enforcement officer. Early in the morning, they submitted to him the videos from last night showing me placing nails on the road near Union Station. Then they mobilized their volunteers to make more false reports about my website: (1) My computer-hacking – for the whole day, including the Fort Collins volunteer (Gilbert?) from 9:40 to 9:50 PM. (2) On 10:02 AM, my harassment of Dr Brizendine by keeping her picture on my website. (3) 10:22 AM, my harassment of Ekaterina's family members by keeping their pictures on my website. (4) For the whole day, my hosting of Angelica's naked pictures on my website (5 visits to himiko.jpg). (5) 11:49 AM, my delusion about Boss Cheney. (6) My delusion about my women victims' going after me (especially SDW (3:31 PM) and Kiersten (8:07 PM)). (7) My theft of Robin's drawing. And (8) my plagiarism. Meanwhile, when I was collecting damages in Westwood tonight, the Secret Society women sent in their investigator again to film me. Homeland Security CO chief was also ready to contact the Norwegian police and connect Anja up with the Secret Society women.

9 January (Friday; Wes: arrest)

First, a note about myself. Woke up 1 PM or so. Angered that Anja might have been recruited into the Secret Society, even if only as an informant. Didn't want anything to do with her in the future. Thus produced evidence showing that I love and hate women (or K, Anja being her substitute) at the same time. TNT. Got even angrier as I checked my log, since there were more visits than usual – after the Secret Society had lost half of its membership in mid-December. (*Wrong.*) Now convinced that Anja was not only recruited, but also not as an informant, as she had most likely believed Kiersten's lies. (*Correct.*) Never listened to her music anymore. Never responded to her message of 2 AM. And wondered if the scenario I came up with last night might be incorrect. Motivated to commit crimes. At the Metro station, an AWF passing me by said: "I'm American..." (*What? Did Homeland Security CO chief instruct her to say this?*) Wanted to punch her in the face: more evidence that I love and hate women at the same time. Optometry, picked up my glasses. Then going to PRMNDE – because I wanted to target AWFs, to fit Kiersten's profile of me. **12 N, 1 B.** Along the way, many pretty AWFs of course, and wanted to ignore them, but they were pretty to look at. Thus, more evidence that I love and hate white women at the same time. Then, at the Starbucks over there. 9 PM, tried to RSVP at French Events LA, not allowed. Couldn't find Nelson's number. Left a message with Irene. Wrote. Past 10 PM, ready to go to PSDN for more collection. Suddenly Wes called. Wes warned me. But after I had unloaded what was on my mind on Wes, my mood was much lightened. Going to PSDN. While on the bus, thinking hard about whether it might be too risky to collect damages tonight.

By 12:30 AM, concluded thusly about Wes' warning: He was instructed by my stalking victims to make me believe – when I should get arrested, as they believed – that I'd be locked up forever on account of the series of vandalism crimes only, not on account of anything else. (*Wrong.*) Meanwhile, the goal of the control center is to make me realize that my stalking victims have secretly blamed onto me all the "big crimes" they have committed: e.g. hacking Sony as a ploy conducted with North Korea to make North Korea look like a "victim of framing". My stalking victims do not want me to know that they have committed a whole series of sensational crimes – many on the news – only in order to blame them onto me via the ICJ mechanism. In the case of Sony hacking, A/ K believe that they should do this in order to advance US interest by making the world believe that North Korea had conspired with me to hack Sony in order to make itself look like a victim and earn sympathy from the world. Meanwhile, SDW believes that this is in Russia's interest. (She's obviously an idiot.) Meanwhile, my stalking victims are made to absorb some of the United States' past crimes. What other crimes on the news are committed by my stalking victims? Does Anja know about this? (*Complete bullshit – at least for the moment, i.e., even if some of this would turn out to be true many years later.*)

At PSDN, south on LK, a new place. **2 B, 10 H (small), 4 W (PRACTV NTWKS: 2nd).** An Asian woman in the car in the distance might have seen me. Nevertheless, not so worried anymore: convinced that my vandalism will be blamed onto my stalking victims instead – they have often initiated the desire in me anyway. (*Wrong! Even if Homeland Security did instruct the Monkey to continue to incite the desire in me to commit crimes.*) Almost 3 AM, checked the log in Kinkos by LK/CLRDO. Near home, **2 N, 3 B.**

The surest evidence about Anja's involvement was her statement to me that she used to watch cartoons a lot and collect painted pictures. She is needed to carry this particular characteristic from the assemblage of the bizarre characteristics that make up "David Chin". She probably also carries the characteristics of "love of performance" and "guitar-playing" which Mr Chertoff has attributed to David Chin. SDW's job is to carry the characteristic "posing a danger to others because of schizophrenia and delusional belief that others want to hurt her". Kiersten's job is to carry David Chin's characteristics "pathological lying", "plagiarism", and "loving and hating Jewish/ men at the same time". The "Mongolian's" job is to carry David Chin's characteristic "constant use of alias and identity theft" (like Levonne). And Angelica? Mental retardation? Extreme vengefulness? Veronica too? And Dr P? The feminist lawyer probably thinks that these women suffer these defects because there isn't enough protection of women in this society – whereas the real cause is over-protection – and so she is using the ICJ mechanism to project these characteristics onto me in order to protect the women while sacrificing me. "Women's goodness can't be expressed because they aren't protected from men", she thinks, whereas the reality is that my goodness can't be expressed because I'm not protected from these women. (*I was both wrong and correct here.*)

Highlights of my conversation with Wes today (from 19:30 onward): (1) The control center's whole goal was to make me conform to Kiersten's profile of me. (*Right.*) (2) I sent Anja's portrait to her and now the Secret Society women had recruited her. (*Correct.*) Anja was to serve as Kiersten's substitute. But could she be working as the government's informant inside the Secret Society? But no, she must be really in it, because of the "plan for Norway": to build a relationship between Norway (with all its oil and gas) and Russia and make EU closer to Russia than to the US. So the Norwegians would have to be taught to hate xxxxxxxxx. Hence Anja was going to get arrested. How I had thus lost interest in Anja's music. (*Complete bullshit: more on this below.*) (3) Wes was going to Massachusetts tomorrow to meet with Alessandra's friends. (4) The story of Esther and the origin of Purim. How Ekaterina must have a similar plan: after she shall have saved me, she'll create a holiday to commemorate the saving of the "last Mohican", the saving of the last functional brain from the evil American system. Yet SDW believed Ekaterina was here to save *her*. (*Here I was believing in the complete opposite of reality – Ekaterina, as you have seen, was here to exterminate me, the last functional brain on earth, and SDW was in fact correct.*) (5) SDW was so bad because she was mentally ill, and so Ekaterina might feel sorry for her. Her family must have made a deal with the government, to sell her out and then plead for her on ground of insanity. (*Bullshit.*) How when I formed my hate group I would also send people here to break her spinal cord. But you can only do this kind of thing if the government allows it. How retaliation served as a deterrent. I thought I had been quite considerate of the government because my hate group would not interrupt the government's official business. (6) Wes warned me: "... they let you do these things so that they can have evidences against you... they let you do your nails and so on so that they can have all the evidences [to enable them] to put you in jail forever and ever..." (42:30). Me: "My calculation is that I'm actually not going to get arrested..." (*I was completely deluded!*) (7) I continued my wrong scenario: "The Republicans are in office... the highest number of women in Congress... they are placed there to defend the government's actions... because the goal is the destruction of the feminization of culture... it would be too unpopular..." (*Bullshit.*) In the end, Wes exclaimed mysteriously: "Jerry Brown will save us... he's a man too, and he's white..." I continued: "I think I'm correct since I was remotely controlled to write all this down." (*Yes, but Homeland Security*

CO chief and the Monkey had remotely controlled me to write all this down only so that I can look delusional, racist, and misogynist.) Finally, Wes emphasized that I was falling into a trap and was definitely going to be arrested. (Right!)

(Today was the fourth day of the new law enforcement officer's investigation of me. He had seen all the videos of my breaking people's windows and puncturing tires and then heard all the intercepts of my calls which Homeland Security CO chief had shared with him in which I made all these grotesque anti-American statements. He was evidently very incensed. He must have contacted Wes some time today as part of his continual investigation of me: "How long has he been doing vandalism? Why does he hate xxxxxxxx?" He of course instructed Wes to keep the matter a secret from me because, just as Wes had warned, he wanted me to continue my crime spree so that he could have enough evidences to put me in jail for a long time. Homeland Security CO chief then instructed Wes to call me knowing that I would speak more about my wrong scenarios which could then convince the new law enforcement officer that I was indeed insane just as the Secret Society women had claimed. Just as Wes had warned, I was falling into Homeland Security CO chief's trap. This time somehow, Jennifer Day's secret reporting about the Secret Society women's frauds wasn't convincing – thanks to my continual vandalism. Homeland Security CO chief and Ekaterina had thus succeeded in keeping the previous ICJ trial locked up for now.)

Now the Secret Society women's operation on my website today. 4:31 AM, shawcable.net, Whistler, British Columbia.

My bizarre delusion about Obama's being chipped.

To sum up. Earlier today the Secret Society women presented the videos of my collecting damages in Westwood last night to the new law enforcement officer, and, as part of his continual investigation of this extremely insane and malicious vandalizer, the officer called up Wes to interview him. Then the Secret Society women continued to mobilize their volunteers to report to him: (1) My delusion about my women victims' going after me. (2) On 8:05 AM, my delusion about Khalezov. (3) On 8:37 AM, a volunteer from Manchester City Council reported on my harassment of Angelica by spilling out my delusion about her on my website. (4) For the whole day, my computer-hacking. (5) My delusion about the chips inside my head. (6) For the whole day, my harassment of Shizuka. (7) My violation of my family members' privacy. (8) On 2:03 PM, a volunteer from Washington State (it almost seemed to be Veronica) was reporting on my postings about the Secret Society women on Prison Planet Forum. (9) How I had stolen Robin's drawing. (10) On 2:46 PM, the Secret Society women were talking to their guy in Google. (Why?) (11) On 4:05 PM, was Oliver involved? (12) On 4:25 PM, the same Poughkeepsie volunteer was reporting on my delusion about being involved with the intelligence agencies ("My experience"). (13) My delusion about President Obama's being chipped. And (14) my plagiarism, for the whole day. Meanwhile, Homeland Security CO chief instructed Wes to talk to me tonight so that the new law enforcement officer could hear for himself just how deluded I was – especially about my women victims, insofar as I somehow believed that it was they who were going to get arrested. Finally, the Norwegian police must have by tonight also opened a case on me so that my bullshit with Wes would also be heard on the side of Norway by tomorrow morning.
