KIERSTEN'S VENGEANCE

30

RESUME

The following reconstructs the operation of the Secret Society women and Homeland Security CO chief against me from 10 to 23 January, 2015. The Secret Society women were: Angelica (Angelina, G), Dr P (Petterson), Karin (K), Kiersten (J), and SDW (Maura). Leading them was Russia's First Daughter Ekaterina (Putina). The "TMU" continues to refer to the LAPD's "Threat Management Unit".

Synopsis:

10.01: The Secret Society women decided today, even as they had completely gained the trust of the new law enforcement officer, to make a special effort to produce proofs that I did plagiarize. Hence the London volunteer early this morning and the three attempts to forge evidence of my plagiarism throughout the day. Then they produced more testimonies: (1) that I did hack computers; (2) that I did host Angelica's naked picture on my website (5 visits to the painting of Queen Himiko today); (3) that I harassed Shizuka with my portraits of her; (4) that I spilled out my delusions about my women victims on my blog (including a possible testimony from a LUG buddy); (5) that I violated Kiersten's privacy by posting her friend's message to me on my website; and (6) that I violated Dr Brizendine's intellectual property rights. Meanwhile, Homeland Security CO chief continued to run surveillance on me in cooperation with the new law enforcement officer.

11.01: By today the TMU detectives would have warned the new law enforcement officer about the Secret Society women and the Homeland Security warning they so cherished. Then the same scramble by the Secret Society women to mobilize volunteers to make false reports to confirm every characteristic listed on the Homeland Security warning about me: (1) my delusion about my women victims' going after me, especially SDW; (2) my harassment of Kiersten and SDW by posting my messages to them and so on on my website; (3) my delusions about Khalezov and Boss Cheney (how I frequently developed delusions about famous people); (4) my computer-hacking; (5) my harassment of Ekaterina by posting pictures of her and her family members on my website; (6) my delusions about intelligence agencies and being chipped in the brain; and of course (7) my plagiarism. Most importantly, the HK Hacker showed up on 1:30 PM to index my website.

12.01: As the new law enforcement officer had been warned and started receiving reports about the Secret Society women's activities behind the scene from confidential informants such as Jennifer Day, he had stopped taking seriously all the demonic reports about me that continued to flood in from the women's volunteers. But the TMU, under the CIA's direction, instructed him to show no sign of skepticism and to continue to encourage the Secret Society women to send in their reports. To convince him that the Homeland Security warning about me was totally correct, the Secret Society women decided today to focus on

how, due to my schizophrenia, I kept imagining the women I was obsessed with to be government agents going after me. SDW made a special effort in this regard: the Terrassa, Spain, volunteer, SDW's big sister Constance, the La Puente volunteer, and the Anaheim volunteer. The Ottawa volunteer and another Indian volunteer also reported on how I had done the same to Gaurav. The Mechanicsville volunteer also reported on my obsession with another famous woman. Besides all this, there were more reports about my harassment of Ekaterina, Shizuka, and Dr Brizendine in a similar fashion. Then, plenty of reports about my plagiarism and computer-hacking. The same old Hong Kong volunteer also showed up again.

13.01: As the Secret Society women believed they had gained the confidence of the new law enforcement officer, they continued to mobilize their volunteers to submit reports to prove the other points in the Homeland Security warning about me: (1) how I had hosted Angelica's naked picture on my website (including one volunteer from the Puerto Rican government); (2) how I suffered from delusions about being chipped in the brain; (3) how I kept developing delusions about famous people, in this case Snowden and Khalezov; (4) how I had hosted Shizuka's portraits on my website as a way to harass her; and of course (5) how I had plagiarized.

14.01: Today was SDW's day. From 7 to 9 AM, she was directing her online TI friends to report me to the new law enforcement officer – how I had developed bizarre delusion about her going after me after becoming obsessed with her – and then again from 1:30 to 2:30 PM (after which she went out for errands). To help her, the same old Hong Kong volunteer showed up again. Then, throughout the day, there were also plenty of complaints about my harassment of Shizuka and how I had placed Angelica's naked picture on my website (even though there were only two visits to my painting of Queen Himiko today.) Note especially the Boulder, Colorado, volunteer on 10 PM and the Belton, Missouri volunteer on 12 AM.

15.01: Today there seemed to be a particular focus on how I had kept developing delusions about public figures: Boss Cheney, Khalezov, and Snowden. There were then still reports about how I was obsessed with SDW and had consequently developed terrifying delusions about her (the Belton, Missouri, volunteer and the La Puente volunteer). Then also reports about how I harbored bizarre delusions about Russia and consequently became deluded about Ekaterina. Then also reports about my violation of Dr Brizendine's intellectual property rights. And, of course, plenty of reports about my plagiarism.

16.01: Today the Secret Society women had a particular focus on reporting me for plagiarism: they not only forged evidence of my plagiarism twice but had also reported on my violation of the intellectual property rights of Dr Brizendine and Prof. Ménard – and this includes one volunteer from the BBC. And Prof. D'Zmura as well, who reported on my violation of his intellectual property rights with the inclusion on my website of that FOIA document. Then, after a volunteer from the Nova Scotia government discovered my latest "update" on the Secret Society women's operation, plenty of reports about my delusions about their going after me. This includes the Hong Kong volunteer again. There were also some reports about my delusions about being chipped in the brain. And some reports about my harassment of Shizuka.

17.01: The Secret Society women's themes today: my plagiarism and my delusional mind and obsession. (1) The Secret Society women spent another day focusing on reporting me for plagiarism. (2) SDW spent another day mobilizing volunteers to report on how I had

become obsessed with her and developed grave delusions about her (the Westbank volunteer with my Prison Planet Forum postings and the UK volunteer with my blog post series 2014/03). (3) Then how my delusional mind had prompted me to become a danger to myself and others. (4) The HK Hacker came again with his HTTrack on 11:02 AM. Meanwhile, I talked to Wes in late afternoon, which was an opportunity for the Invisible Hand to demonstrate to the new law enforcement officer that the Homeland Security warning about me was completely incorrect.

18.01: Perhaps in response to the “delusions” I told Wes last night, today Homeland Security CO chief decided that a ton of testimonies should arrive at the ears of the new law enforcement officer to convince him that his interpretation (that I was schizophrenic) was more correct than the Invisible Hand’s (that I had guessed things wrong). (1) How I spilled out my delusions about the Secret Society women’s going after me everywhere on the Internet: 3 visits to my Prison Planet Forum postings (including a suspicious Baltimore volunteer). (2) How I spilled out my delusions about being mind-controlled everywhere on the Internet (the “Prasad” blog). (3) How I spilled out my delusions about public figures everywhere on the Internet (Khalezov and Boss Cheney). (4) How I expressed my obsessions with public figures by collecting clippings about them and putting them on my website (Putin, his daughters, and Shizuka). (5) How I mistook random women I saw on the bus for government secret agents (Best Mommy/ another Baltimore volunteer). (6) How I kept developing delusions about government’s going after me (“Schizophrenic, I”). (7) How I kept developing delusions about my women victims, in particular SDW. As for the rest, my plagiarism and violation of intellectual property laws: (8) My theft of Oliver’s painting. (9) My violation of Dr Brizendine’s intellectual property rights. And (10) my plagiarism (including one volunteer from the Spanish Ministry of Defense). And of course (11) how I kept Angelica’s naked pictures on my website.

19.01: For a second day, Homeland Security CO chief instructed the Secret Society women to mobilize their volunteers to make more reports to the new law enforcement officer (1) about how I kept developing delusions about famous people and my women victims and then spilling them out everywhere on the Internet: Khalezov, Estulin, Angelica, and Kiersten. (2) Then about how my delusions had prompted me to become a danger to myself and others (two visits to the 2012/07/14 blog post). (3) Then about how I had developed bizarre delusions about there being chips planted inside my brain. And finally (4) about how I had harassed Shizuka with my portraits of her. Homeland Security CO chief also wanted me to commit more vandalism crimes in the neighborhood.

20.01: To confirm for the new law enforcement officer that the Homeland Security warning about me was correct, the Secret Society women mobilized today two high-profile individuals to make false reports about my plagiarism: one from the US Strategic Command and another from General Dynamics. Then more complaints about my violation of Dr Brizendine’s intellectual property rights. Then about how I kept developing delusions about public figures and linking to their websites on my website; how I kept spilling out my delusions about my women victims on Internet forums; how my delusions had caused me to be a danger to myself and others; how I harbored bizarre delusions about there being chips planted inside my brain; how I violated Ekaterina’s family’s privacy, harassed Shizuka, and made pornographic statements on my blog (fondling myself in public); and

how I kept Angelica's naked pictures on my website (although there were only two visits to the painting of Queen Himiko today).

21.01: (1) The Secret Society women continued to focus on reporting my plagiarism. This includes my violation of Dr Brizendine's intellectual property rights and a volunteer recruited from CERN. (2) My computer-hacking. (3) My harassment of Shizuka and my grandfather. (4) How I kept developing delusions about public figures and the Secret Society women's going after me. Especially the Pamplona volunteer who spent an hour reporting about my delusions about Snowden and Kiersten. (5) How I constantly developed delusions about Russia, the ICJ, and the ICC. (6) My delusion about the chips inside my head. And (7) how I violated Angelica's privacy by keeping her family's private information on my website (a three-way discussion between the "SPH-L710" volunteer, Karin, and a volunteer from Germany). From 1:30 to 4 PM, SDW was in La Jolla having a discussion with TI Leslie Williams about her gang's latest progress with my case. The strange thing is that my step-mother seemed to have been summoned to report on my plagiarism.

22.01: Homeland Security CO chief and the Secret Society women created a plan for my extermination tonight. First, early in the morning, the Monkey remotely controlled me to create a new blog post explaining how I was compelled to commit crimes against xxxxxxxxxx due to my hatred for the Secret Society women. Then, by 1 PM, 3 volunteers showed up to report this latest "delusion" of mine about my women victims on my blog to the new law enforcement officer: *the suspect is an anti-American terrorist*. Then, reports about my plagiarism, my theft of Oliver's painting, my linking to a certain famous woman on my website, and my computer-hacking. In the afternoon, Homeland Security CO chief and the Secret Society women then came to Outpost and recruited Joao to ambush me tonight when I should pass by. When he did so and the police arrived, however, the latter were under instruction to arrest Joao instead in order to disrupt the Homeland Security operation. Unaware as yet that the police had arrested Joao instead, the Secret Society women continued to mobilize their volunteers throughout the night to make more testimonies about my plagiarism.

23.01: Some time this morning, the new law enforcement officer had shared the bad news with the Secret Society women: that he didn't order the officers on the scene last night to arrest me because he had discovered that the Homeland Security warning about me, and all the volunteers' reporting in the past week, didn't seem to be correct. Desperate, the Secret Society women quickly mobilized volunteers to make more reports of the same kind to convince him. Thus: (1) the Garwolin volunteer came to study how to report me for harboring delusions about there being chips inside my brain from 5 to 9:30 AM. (2) The Sony volunteer came to report on my keeping my aunt Jennifer's private information on my website on 9:40 AM. (3) On behalf of SDW, the Chicago volunteer came to report on 9:58 AM, the Los Angeles volunteer on 12:14, 12:26, 2:12, and 9:23 PM, and the Strongsville volunteer on 4:19 PM. (4) The UAE volunteer reported on my harassment of Dr Brizendine (by posting her picture on my website) on 4:17 PM. (5) The New Orleans volunteer reported on my violation of my family members' privacy on 4:40 PM. (6) SDW's Tampa friend reported on my delusions about being chipped in the brain again on 7:15 PM. (7) The Aberfeldie volunteer reported on my delusions about Ekaterina on 9:15 PM. And

(8), throughout the day, many reports about my plagiarism, including the Lilburn volunteer on 1:22 and 7:24 PM.

Now the course of events, my diary entries, and the log of the Secret Society women's operation on my website for the period under consideration. As usual, my later corrections of my diary entries are in brackets and italicized.

10 January (Saturday; severe torture)

First, a note about myself. TNT. Thought that it's just the Feminist Lawyer and the Homeland Security guys who were inside the control center. Soon, started to get angry: thinking that some people in UUSC had been warned about me. Checked my log, and deleted the Flunk music from my Facebook. At Zeli, almost 7 PM. A man wearing earphones already there. Looks like surveillance. (*Maybe so! Homeland Security CO chief was running an "investigation" of me in cooperation with the new law enforcement officer.*) Thus further motivated to commit crimes. By 7 PM, concluded that Wes' warning actually refers to the fact that my stalking victims are asking law enforcement to prosecute my vandalism under terrorism laws (since the motive is "attacking people because they are xxxxxxxx"). (*Correct!*) They want me to realize this, so that it can become a self-fulfilling prophecy. (*Wrong.*) And then that Kiersten, etc., was trying hard to discredit me to Anja, especially because they didn't want her to know that they were already arrested before. (*Wrong.*) Felt ambiguous, because it's actually the Russians who have wanted Kiersten to go on lying to Anja (*right*) in order to show the Norwegians how bad Americans are (*wrong*) – in the process depriving me of even the tiniest entertainment that is still left to me. Strange, because, yet, I'm asking Ekaterina for help.

Watched the movie "Die geliebten Schwestern". Couldn't concentrate on the movie at all, because of my worry over my stalking victims' operations. Especially about the role of Norway. After the movie, Kinkos. Posted the new blog post you see for 11 January ("What if Europe becomes neutral?"), and deleted all embedded Flunk music from my blog. It's now midnight. The Internet connection was immediately cut off – leaving me unable to log off my blog and check what my blog now looked like – in order to anger me and provoke me to commit crimes. (*Probably right.*) Physical pain. **2 B.** Picked up rocks but returned to Union Station. Decided to go to Vine. Then remotely controlled to get off the train at Beverly. Severe anger, physical pain, definitely required by the control center to commit crimes. Came back down the Metro station again. Severe discomfort, because I was also extremely hungry. Severe hatred for xxxxxxxx all night long.

Denny's, 2:20 AM. Google Chrome completely froze up. Physical pain. Then off for collection, past 3 AM. **4 W (MWM, 2nd; LSHA WLLIS; Le Petit RT, 2nd); 6 N, 4 H.** Done by 4:30 AM. However, the bus didn't come. And so walked to Vine station. Severely distressed, because not allowed to do any reading today. Then my laptop froze up. Severe physical pain. Pain so enormously severe. At Vermont/Wilshire, **1 W (SZZLR, 4th?)**. Near home, couldn't attack HSPNCLOAN. Severe physical pain. Home by 6 AM. Tried to calm down. Had spent four hours today committing crimes. Will commit more crimes than usual tomorrow. The collection tonight seems designed to doom me to the status of a "misogynist terrorist". (*Probably!*)

(It's almost certain that the Secret Society women's investigators were tracking my vandalism spree tonight so that more evidences of my supreme evilness could be submitted to the new law enforcement officer tomorrow. Otherwise, the Monkey wouldn't have tried so hard to provoke me today.)

To sum up: Probably because the Secret Society women had had such difficulty in the past in proving to the TMU and other law enforcement officers that I did plagiarize (in conformity to Homeland Security's warning about me), they decided today, even as they had completely gained the trust of the new law enforcement officer, to make a special effort to produce proofs that I did plagiarize. Hence the London volunteer early this morning and the three attempts to forge evidence of my plagiarism throughout the day. To prove to the new law enforcement officer that the Homeland Security warning about me was completely correct, the Secret Society women had also produced more testimonies today: (1) that I did hack computers; (2) that I did host Angelica's naked picture on my website (5 visits to the painting of Queen Himiko today); (3) that I harassed Shizuka with my portraits of her; (4) that I spilled out my delusions about my women victims on my blog (including a possible testimony from a LUG buddy); (5) that I violated Kiersten's privacy by posting her friend's message to me on my website; and (6) that I violated Dr Brizendine's intellectual property rights. Meanwhile, Homeland Security CO chief continued to run surveillance on me in cooperation with the new law enforcement officer.

11 January (Sunday; severe torture)

First, a note about myself. Woke up almost 4 PM. It's too late for French in Mind. Even though I wanted to check out SDW's mole. Checked the log, burger, then BRNTWD: **9 N**. Already almost 9 PM. Made the observation about the Feminist Lawyer inside the control center with Homeland Security (??) and what would happen in the US in the coming year and a half. Then, the Promenade. Walking to the bus stop, forgot to buy cigarettes. Had to return, more walking, some physical pain, tried not to be angry. Then, took the bus to Novel Cafe. Wrote.

12:40 AM, urinated outside. A police car came, but missed me. 12:50 AM, Asus crashed, Blue Screen of Death. Some pain. Related to the police car? As if: let the suspects finish their mission. Began to get angry. Motivated for collection. Almost 2 AM, walked to the bus 33 stop. Forgot my bottle. Some pain. CLVRCTY: more and more anger as I thought about how my stalking victims had ruined the last bits of my social life. **4 W (park, 2nd and 3rd). MTNWLLNSS. 5 H. 1 B**. Came back to the bus stop on OVRLND, but the bus passed by right in front of me. Ate at McDonald's. On the bus going home by 4 AM. Made a wish about using the Secret Society women to chip more male engineers in the US in order to demonstrate that even the nerdiest of nerds could be physically violent toward women. Reading Ezekiel while on the bus. Then, programmed to get off the bus at the wrong stop, at Western/Venice, thus forced to walk an extra hour to go home. Severe anger, severe physical pain, severe hatred toward xxxxxxxxx. Because not allowed to read. **1 B (SCHL)**. Home, past 5 AM. Required to commit more crimes tomorrow.

Now the Secret Society women's operation on my website today. 4:16 AM,

Now, a summary. Since the CIA's goal was to invalidate the Homeland Security warning about me in the ICJ, we should assume that, since yesterday, they had ordered the TMU detectives to get in touch with the new law enforcement officer to warn him that this Homeland Security document was fraudulent and this group of women were fraudsters. In fact, the massive effort of the Secret Society women yesterday in reporting me for plagiarism might indicate just this, that the new law enforcement officer had been awakened so that the old game had returned – where he would dismiss this Homeland Security warning about me on the basis that there was no convincing evidence that I had plagiarized. Thus today we see the HK Hacker being sent in again to index my website on 1:30 PM. We are also witnessing the same scramble by the Secret Society women to mobilize volunteers to make false reports to confirm every other characteristic listed on the Homeland Security warning about me: (1) my delusion about my women victims' going after me, especially SDW; (2) my harassment of Kiersten and SDW by posting my messages to them and so on on my website; (3) my delusions about Khalezov and Boss Cheney (how I frequently developed delusions about famous people); (4) my computer-hacking; (5) my harassment of Ekaterina by posting pictures of her and her family members on my website; (6) my delusions about intelligence agencies and being chipped in the brain; and of course (6) my plagiarism again. There were again 5 visits to the painting of Queen Himiko today.

12 January (Monday)

First, a note about myself. Slept past 6 AM, watching “Die Deutschen...” even though I could hardly concentrate. Woke up almost 5 PM. TNT, checked the log. The front section was full of surveillance agents, it seems, and so I moved to a room in the back, where there was only one middle-aged white lady. (*Were Homeland Security CO chief and the new law enforcement officer continuing their surveillance on me?*) Then, Home Depot. N and SP. Chinese fast food. Was allowed to read Ezekiel. Back home, rested a little. Read more of *The Jewish Study Bible*. Couldn't concentrate. 10 PM, out for collection. While waiting for the 720 bus, changed my mind and decided to collect from Hispanics instead. Waited at the Union Station platform for 30 minutes, and the train never came. Then a police officer told me “Be careful with laptops...” Mood softened (as if it were a secret message), but then brushed it aside. Just more evidence of my love/ hate tendency. Increasingly angry that I was being wasted by being trained to become like Kiersten. Then, on the train, and then on SM Blvd. Took bus 4. The bus was shaking violently, physical pain. Increasingly angry. Was originally planning on W near Peter's. But suddenly, thought that I should do N at LACNGA/ SM: it'd be easier. Off the bus one stop away from LACNGA. Some anger. **1 B, 8 N** in total. When walking down LACNGA, suddenly decided to W here – since there didn't seem to be anybody around. Eventually, **3 W**. Wasn't aware that my recorder had just run out of batteries. Was aware that I shouldn't do any W in West Hollywood. **6 H**. Then on the bus going home around 1:30 AM. That's when I noticed that my recorder had run out of batteries. Some physical pain. Then more physical pain because the bus was again shaking violently. Near home, **1 B**. At the Korean restaurant.

Note the recording tonight: from 58:00 onward. The recording stops at 1:01 AM, around 5 to 10 minutes before the first W.

Preliminarily concluded that Homeland Security had actually set up a monitor at SDW's and Angelica's home to allow them to see my laptop's screen, my recorder, and my thought-processes. SDW requested that, today, when I should get arrested, I must not record the moment when the W occurs, at which moment they would make false reports to the police. The amazing thing is then that my forgetting to change batteries felt so natural, and the decision to W at LACNGA so accidental, and yet that it's all programmed by someone else. SDW, etc., will have committed the crimes of false-flag stalking to the fullest extent, along with the people inside the control center.

Believed that the signs were not staged because SDW would never want me to know the plan in advance. By 6 AM, however, I had realized that this scenario was wrong. The Feminist Lawyer in the control center had caused me to be wrong both to replace evidences and to discredit me. Most likely, SDW and the other women were able to see me committing crimes via remote surveillance on me. Nothing happened tonight because the Feminist Lawyer and the Secret Society women were preventing the police from acting in order to stage a show to convince others that American police is so sexist that, if it's a male committing crimes against women, they'd refuse to arrest him.

(All this was complete bullshit, except for the fact that the Secret Society women's investigators must have continued to track my vandalism spree.)

It's almost certain that this was SDW's relative back home.¹⁰ We tentatively assume that this was SDW's older sister Constance Cozens.¹¹ While, earlier on 6:53 AM, a volunteer in Spain had submitted a report about my expressing obsession with, and delusion about, SDW on my blog, by night, SDW somehow wanted another report about how, motivated by obsession, I stalked her on her blog and posted all these terrifying messages to her – exactly in accordance with the Homeland Security warning about me (frequently obsessing over women and stalking them). SDW made sure to ask her big sister to make the report.

At the same time:

¹⁰ As noted, SDW's mother, Patricia Sheehan (b. 22.03.1929), and her sister, Constance Cozens (b. 10.03.1965), were really the only two of the family who were still living in Ridgefield. The family's old home seemed to be 5 Carpenter Close, and Constance, working as a nurse in Norwalk Hospital (8 miles south of Ridgefield), had two addresses in town, 33 Bryon Ave. and 10 Lookout Dr. (currently owned by John and Constance Cozens). SDW was far more likely to have called upon her sister Constance than her mother Patricia.

¹¹ Always keep in mind the Westport, Connecticut, volunteer seen on 12 March last year.

This was evidently another important report to complement SDW's sister's report from half an hour ago. The same thing: motivated by obsession, I developed all these delusions about my women victims, especially SDW, believing that they, and especially SDW, were going after me as part of some government conspiracy against me.¹²

My plagiarism.

Let's summarize. As the new law enforcement officer had been warned and started receiving reports about the Secret Society women's activities behind the scene from confidential informants such as Jennifer Day, he had naturally stopped taking seriously all the demonic reports about me that continued to flood in from the women's volunteers. But the TMU, under the CIA's direction, would instruct him to show no sign of skepticism and to continue to encourage the Secret Society women to send in their reports. To convince him that the Homeland Security warning about me was totally correct, the Secret Society women decided today to focus on how, due to my schizophrenia, I kept imagining the women I was obsessed with to be government agents going after me. SDW made a special effort in this regard: the Terrassa, Spain, volunteer, SDW's big sister Constance, the La Puente volunteer, and the Anaheim volunteer. The Ottawa volunteer and another Indian volunteer also reported on how I had done the same to Gaurav. The Mechanicsville volunteer also reported on my obsession with another famous woman. Besides all this, there were more reports about my harassment of Ekaterina, Shizuka, and Dr Brizendine in a similar fashion. Then, plenty of reports about my plagiarism and computer-hacking. The same old Hong Kong volunteer also showed up again.

13 January (Tuesday; break from torture; then torture)

First, a note about myself. Slept somewhat past 6 AM. Noted: the scenario was not right. The Russian "melodrama" (the "look"?). Got aroused, got up, and MST (Japanese, though). Woke up past 4 PM. TNT, checked the log, and then hurried to the Linux meetup. Arrived almost one hour late. There was a "Nancy Schorr" who was supposedly SDW's mole, but she wasn't seen. (*Wrong: no moles here.*) Nothing interesting. No chat. Went back to Westwood on bus 6. A Hispanic guy seemed to have been sent onto the bus to provoke me. Gave him the middle finger, and he gave me one too. (*Did Homeland Security CO chief send him in?*) Some physical pain, motivated to collect damages from Hxxxxxxx tomorrow, but immediately dispelled the pain by telling myself that he was purposely here to provoke me. (Two hours later, I would be reviewing the video diary "7_29_09_p2.wmv" in which the Homeland Security actor too gave me the middle finger.) Starbucks, Westwood. 9:55 PM, my Asus not allowed to connect to the wireless network. Not angered. Worked until almost 1 AM. Then, collection. Decided not to collect in Brentwood, but just around. **3 W (was able to hit PLTTS: 4th, at least, from afar, 2 B there too; another leased building: 4th). 6 H. 2 more B. 1 N. 3 mirrors.** A security car seemed to be around to watch me after I was done. (*Could this be thanks to the Secret Society women's community vigilante group?*) On bus 4 going home by 2:40 AM. By 3:20 AM, discovered that I was again programmed to ride past my stop (Vermont). Angered, physical pain, motivated to commit more crimes. Got off near Stories. **1 W (TRRA; 4th), 6 more Ns. 2 B.** Then my mouse pad began malfunctioning. Evidently I'm required to attack Hxxxxxxx now; the control center couldn't wait until tomorrow. The collection tonight seems designed to doom me to the status of an "anti-Hispanic racist".

(It's certain that the Secret Society women, along with their investigators and community vigilante group, would report all my vandalism tonight to the new law enforcement officer tomorrow.)

Now the Secret Society women's operation on my website today. 4:22 AM,

Both were false reports about my delusions about being chipped in the brain.

Now a note about SDW. As she would write in her “First Responder Harassment Log, January 2015”:
“1035 [am] – Passed by San Diego Sheriff Dept. driving on 101 North at Cardiff State Beach (South of Las Olas). (Cardiff by the Sea) 1228 pm – Passed by 2 San Diego Sheriff Dept. patrol cars (back to back) driving on Vulcan South just North of Birmingham. (Encinitas) 1235 pm – Passed red ambulance from Encinitas Fire Dept. at the intersection of El Camino Real and Encinitas Blvd. (Encinitas) 1235 pm (*is there an error here?*) – Passed ‘motor vehicle accident’ at Encinitas Blvd. east and Village Square Dr. Encinitas Fire Dept. firetruck w/ emergency lights on, traffic officer w/ motorcycle present, multiple first responders standing on side of road. Traffic backed up going opposite direction as me. (Encinitas)” It thus seems that SDW left home around 10:30 AM and was doing something and meeting somebody for almost two hours right around her home. (According to her blog post for 14 January, “The Qigong Show”, she was probably at a Qigong class at the Encinitas community center.)¹³ She was

13 So her bullshit goes: “Today was my first Qigong class at the community center. As I approached the entrance, I noticed a young female perp had parked in front of the entrance and was sitting in her car. When she saw me coming, she dutifully exited her vehicle and entered the building seconds before me. I thought about her sitting there waiting for me while I walked around lost for about 10 minutes trying to find the place. Her job was to enter the class right before me to signal to everyone the ‘show’ was starting. Things were going OK until about 20 – 30 minutes into the class when a short Mexican woman walked in late. She reminded me of a clown dressed in a hot neon pink tunic top, purple leggings and sneakers with a busy pattern on them. Even their clothes are loud. We were seated in a circle and of course a chair was added for her right next to me. When the teacher asked her for her name, she gave the name of a main character from a movie I had watched the night before. It is not a common name. She had a thick accent and pronounced it with a rrrrrrolling R. We eventually stood up in a circle for the practice and R. did her best to crowd me. Just think of all the gang stalking points she could score if she hit me! As I repeatedly backed away from her she repeatedly backed up towards me like a neon troll. After class ended, R. was the model citizen, quickly darting around the studio to help put all of the chairs away. Another class was entering as we left. A person left a pair of shoes in front of one of the double doors at the exit for blocking. Right after I exited a man came out and moved them. During class there was also plenty of noise harassment by low flying aircraft and a garbage truck idling outside. Perps repeatedly walked around the building, they love windows. Mimicking harassment, sexual harassment, gesture harassment, color harassment, directed conversation. Considered how much more enjoyable this

It's not clear whether this was part of the Secret Society women's operation.

To sum up: As the Secret Society women believed they had gained the confidence of the new law enforcement officer, they continued to mobilize their volunteers to submit reports to prove the other points in the Homeland Security warning about me: (1) how I had hosted Angelica's naked picture on my website (including one volunteer from the Puerto Rican government); (2) how I suffered from delusions about being chipped in the brain; (3) how I kept developing delusions about famous people, in this case Snowden and Khalezov; (4) how I had hosted Shizuka's portraits on my website as a way to harass her; and of course (5) how I had plagiarized.

Today I did a tally of all the damages I had recently collected:

Total in January so far: W: 34; H: 46; SPC: 3; B: 47; N: 97.

Total in December: W: 49; B: 115; H: 56; SPC: 12; N: 208; mirror: 4.

Total since December: W: 83; H: 102; SPC: 15; B: 162; N: 305; mirror: 4.

14 January (Wednesday; torture; hatred for xxxxxxxxxx)

First, a note about myself. Coughing continued. Robitussin caused drowsiness. Slept around 6 AM. Woke up past 9:30 AM. Had to roll around the bed for two hours, figuring out that Kiersten must have told Anja that, if she told me she liked cartoon, I would get disgusted with her and never contact her again. Kiersten must have told her that I like cartoon (false: David Chin does), and that, since I hate myself (false), I'd hate anyone who likes what I like. Anja is thus very happy that I have never replied her, and is grateful toward Kiersten. (In reality, I got disgusted with Anja because she had joined Kiersten's Secret Society.) Meanwhile, the control center continued to torture me by weakening my bladder, causing me to have to urinate every 15 minutes. Then, miraculously, the control center allowed me to fall asleep again, until 3 PM.

TNT, positive thoughts. Will be punished soon. Storage. Had to fetch the missing files from 2009. Programmed to forget to bring my DVD drive. Some pain, some anger: punishment had begun for having positive thoughts earlier. Put in DVD-428. Took out DVD-39, 40, 43, 44. When going to the food mall to eat, discovered that the four discs had disappeared. Severe panic, severe anger, keyboard malfunctioned as well in order to further provoke me; shut down my laptop (thus losing my log), went back to storage, ignoring the dinner just ordered. Found the discs inside the storage. Apparently I was programmed to put the discs back into storage earlier. Severe anger, severe physical pain, required to commit more crimes than usual. Severe hatred toward xxxxxxxxxx, required to look like I attacked xxxxxxxxxx in order to blame what was my own fault onto them. Back to the food mall, then couldn't find my external mouse. Then found it, some anger. Again, required to commit crimes. After eating: couldn't use nails because of the traffic. **2 B.** Required to leave two messages with Wes about being

severely tortured by the control center and required to commit crimes. Since it's possible to get arrested, must commit as much crimes as possible (to waste as much of the enemy's resources as possible). Home, fetched more nails, and rested a little. Past 7 PM, out for collection.¹⁴

PRMNDE, the control center controlled me to be unable to hit any cars with nails. So many sets placed, **only 4 N. 2 B.** Severe anger, severe physical pain, severe hatred toward xxxxxxxxxx. Just produced evidence showing me suffering severe physical pain due to my inability to harm xxxxxxxxxx: again being trained to produce evidences showing myself to be a psychopath. Then, Starbucks, Promenade, 10:30 PM. Checked the log, but was unable to see all the visits before 4 PM: the control center's programming to continue to provoke me to severe anger, severe physical pain, and severe hatred toward xxxxxxxxxx. Thus forced to concentrate on windows later tonight (the more serious crimes). 12 AM, Starbucks closed. Walked around the area, and saw that it's too early for collection here. Took bus 4 to Peter's neighborhood. **8 W (IRN: 3rd; ACTVLVNG: 2nd). 1 SPC, 3 H (HRDWRE: 5th).** On the bus to go home by 1:45 AM. Feeling much calmer. The collection tonight seems designed to doom me to the status of a "terrorist" (attack on businesses).

In the past two days, unwanted, uncomfortable thoughts were continually programmed to pop into my head in order to further provoke me to violence.

(Whether it was because Homeland Security CO chief had noticed that the new law enforcement officer had been "turned" or because he wanted to reinforce the Secret Society women's complaints at this critical juncture, he instructed the Monkey to program me to suffer more hatred of the xxxxxxxxxx around me and commit more crimes than usual. He also wanted me to leave a message on Wes' answering machine confessing my mind-control torture and crime spree so that the new law enforcement officer may take it into evidence (how my delusional mind prompted me to commit crimes). Again, everybody – the Secret Society women, the victims of my vandalism, and I myself – must work hard to protect him and the Russians from conviction by the CIA in the ICJ.)

My delusion about how my women victims were going after me.

Let's summarize. Today seems to be SDW's day. From 7 to 9 AM, she was directing her online TI friends to report me to the new law enforcement officer – how I had developed the bizarre delusion about her going after me after becoming obsessed with her – and then again from 1:30 to 2:30 PM (after which she went out for errands). To help her, the same old Hong Kong volunteer showed up again. Then, throughout the day, there were also plenty of complaints about my harassment of Shizuka and how I had placed Angelica's naked picture on my website (even though there were only two visits to my painting of Queen Himiko today.) Note especially the Boulder, Colorado, volunteer on 10 PM and the Belton, Missouri volunteer on 12 AM.

15 January (Thursday; break from torture)

First, a note about myself. Woke up around 1 PM. Lay around for a while. Then woke up past 4 PM. Hurried to Venice Beach (Waterfront Café) for the German language meetup. 6:30 PM, while on bus 1 going toward Venice Beach, sat next to an AWF and acted retarded. An older AWF kindly helped me. Thus staged the show that American women are so kind to this mentally retarded misogynist parasite among them. (*Wrong.*) Arrived at the meetup around 7 PM. Some pleasant chat. One man later came who seemed to be the “operative”: he showed me the Duolingo app on his iPhone, etc. (*He was probably no operative.*) Left after 10 PM. Collection nearby: **11 Ns. 1 H.** No AWFs? It seems that the Feminist Lawyer, after I had produced evidences showing me attacking AWFs and then suffering physical pain due to my inability to attack them, no longer allowed me to attack them anymore. She wanted to protect white women's tires? (*Bullshit. Wrong scenario to make myself look crazy.*) Novel Cafe. Almost 2 AM, posted the blog post you see for 16 January. (*As you can see, the blog post was full of wrong scenarios about what was currently going on: Homeland Security CO chief's evidence in the ICJ that I was delusional and the Secret Society women's evidence for the new law enforcement officer*

that the Homeland Security warning about me was correct (that I indeed kept developing delusions about my women victims). But you never know what part of my current "delusion" would come true in the future.)

Checked Anja's Twitter: there were no new Tweets since 8 January about my portrait. Took bus 33 home. Vermont, **3 B** (one DRCRTZ; one EVRST). Missed bus 204: it stopped in front of me, but I was programmed to be absent-minded and so miss it. No physical pain though (tried not to feel it). Then caught up with bus 204 later.

Now the Secret Society women's operation on my website today. 4:56 AM,

Let's summarize. While yesterday's focus was on SDW, today there seemed to be a particular focus on how I kept developing delusions about public figures: Boss Cheney, Khalezov, and Snowden. There were then still reports about how I was obsessed with SDW and consequently developed terrifying delusions about her (the Belton, Missouri, volunteer and the La Puente volunteer). Then also reports about how I harbored bizarre delusions about Russia and consequently became deluded about Ekaterina. Then also reports about my violation of Dr Brizendine's intellectual property rights. And, of course, plenty of reports about my plagiarism.

16 January (Friday; break from torture)

First, a note about myself. Slept almost 6 AM, while watching a Chinese movie ("Hair-Dresser"). Then, my Toshiba couldn't detect the wireless networks. No pain. Woke up past 12 PM. Lay around until past 2 PM. Left for TNT, but forgot to bring out trash, no pain though. Left one message with

Wes. He'd never call back today. Checked the log until past 4 PM. Was there a surveillance agent around? (*Very likely. Homeland Security continued its joint investigation of me with the new law enforcement officer.*) Chinese fast food. A Hispanic guy wearing earphones came in, some pain. Motivated to collect from Hispanics tonight. (*Probably another Homeland Security surveillance agent.*) Home, rested. Wanted to shower, but, after getting up to MST (Hiroko), decided not to. Left home almost 8 PM. Began reading Ezekiel 40 (Temple). Sabor, wrote until 11 PM. Minimal desire to collect damages, partly due to fear caused by the police's plan last week to arrest me. But decided to perform the weekly collection among Hispanics. INDNA: **12 N, 3 B**. Done by 1:10 AM. (*No torture from the control center today probably because, so thought Homeland Security CO chief, the Secret Society women's reporting to the new law enforcement officer was going well.*)

Now the Secret Society women's operation on my website today. 4:21 AM,

Now SDW was already out around this time. As she would note in her “First Responder Harassment Log, January 2015”: “1230 pm – Passed by CA State Lifeguard white pickup truck. Syncs passing me as I park at the beach. (Carlsbad) 1236 pm – Same CA State Lifeguard pickup truck crosses jetty and parks North of me in my path on South Ponto Beach before I walk over jetty bridge. (Carlsbad) 105 pm – Passed by CA State Lifeguard pickup truck while walking South on Beach. (Carlsbad)” It thus seems that she was out for a walk on the beach and had just arrived at South Ponto Beach around 12:30 PM.

Could this be my step-mother, last time here on 15 and 21 August? But note that this FOIA document listed two persons from UCI, Darlene K. Sullivan and Thomas Michael D'Zmura. Perhaps it was one of them. Namely, the Secret Society women had contacted them saying a serial stalker who was on Homeland Security's watchlist and who had a habit of violating people's intellectual property rights had put their document on his website in violation of their intellectual property rights. The women then advised them to report the matter to the new law enforcement officer, who had already a case open on the said stalker.

Let's sum up. Today the Secret Society women had a particular focus on reporting me for plagiarism: they not only forged evidence of my plagiarism twice but had also reported on my violation of the intellectual property rights of Dr Brizendine and Prof. Ménard – and this includes one volunteer from the BBC. And Prof. D'Zmura as well, who reported on my violation of his intellectual property rights with the inclusion on my website of that FOIA document. Then, after a volunteer from the Nova Scotia government discovered my latest "update" on the Secret Society women's operation, plenty of reports about my delusions about their going after me. This includes the Hong Kong volunteer again. There were also some reports about my delusions about being chipped in the brain. And some reports about my harassment of Shizuka.

One has to wonder whether the Secret Society women's massive response in regard to my plagiarism today was caused by the new law enforcement officer's demanding explanations from them again about this particular characteristic attributed to me on the Homeland Security warning about me. The CIA would have instructed him to do this in order for him to acquire a view of a certain modus operandi of the women's fraudulent enterprise (when the informants brought in the recordings and videos of the inside operations of the organization). The new law enforcement officer would then, despite my vandalism spree and anti-American speech, dismiss the Homeland Security document as a piece of garbage in any case. The Secret Society women were of course totally unaware of the trick, and were firmly confident that they had now the new law enforcement officer in their grips.

17 January (Saturday; Wes; break from torture for the third day)

First, a note about myself. Woke up past 4 PM. TNT, called Wes: the line was busy. Some pain. In the restroom. Suddenly Wes called on 5:38 PM. About Germany's need for nuclear bombs, and "inverse class action lawsuit" against AWFs. Surveillance agents were around while I was talking about breaking windows. (*Homeland Security/ law enforcement joint investigation.*) Then, after 7 PM, Jons, chickens. Then, Starbucks, checked the log. Suddenly discovered that Draw Anything LA party was tonight. Left past 9 PM. No time to buy nails. (I had run out.) There seemed to be two persons running surveillance on me at the bus stop by Pershing Square. (*The investigation continued.*) Some anger. Certainly, the control center/ the Secret Society women directed them here in order to remind me to commit crimes. Arrived at the party past 10 PM. Okay. The two Korean girls were there, but not Kim. Melinda was there as well. More suspicion that she was a member of the Secret Society (Cal Poly Pomona). Had decided to collect minor damages tonight. Left the party around 12:40 AM. On the bus and Metro going toward Hollywood/ Vine. Ate pizza, and studied a pretty AWF's feet. Left past 2 AM. Nearby, **1 W (small), 3 B**. Didn't even change clothes, and was wearing the conspicuous sports pants.

While I was at the bus stop by Vermont/ Santa Monica, a Hispanic man in a sedan came to park in front of me, seemingly to film me. (*The Secret Society women's investigator.*)

Highlights from my conversation with Wes today (from 22:50 onward): (1) Wes was talking to Paul, another “subhuman”. (2) Severe torture from Monday to Wednesday, but a break yesterday. (3) My “stalking victims” abandoned the TMU and went to another department to report me for hate crimes. (*I was somewhat correct here.*) (4) “If you warned me on Friday, wouldn’t they want to kill you?” (5) On Wednesday night I committed extra amount of crimes because the torture was so bad, but then I got afraid. How I didn’t know what was going on in the control center. (6) Was I committing “inverse hate crime”? But the control center had been wanting me to target AWFs. But such targets were so few, so rare. The windows that I randomly broke that night just had to belong to a white female, a Hispanic female, and a black female – per the control center’s programming. (*Maybe!*) (7) The UN’s plan. Norway. Germany’s plan to lead a neutral Europe. The extent of the US’ sphere of influence. Europe was worried that it would not have nuclear bombs. (8) In the future, my “organization” will help people who are in a similar condition as I was, such as Jose Padilla and Abu Zubaydah. While listening to the description of Padilla, Wes shouted, “Like the Dreyfus Affair!” What? (*Was Wes prophesying about the future here?*) My plan: to get them out and ship them to Russia so that Russia can advertise the “American Way”: always making up demonic stories about innocent people. About Khalid Sheikh Mohammed. (9) It’s the Feminist Lawyer and Homeland Security who were inside the control center; the Feminist Lawyer wanted the Secret Society women arrested so that she can demonize American police. (*Bullshit. Homeland Security CO chief wanted the new law enforcement officer to hear again how deluded I was.*) (10) “When is Ekaterina going to save me? Why is she not saving me?” (*While this was Homeland Security CO chief’s evidence that I always developed bizarre delusions about my women victims or famous women, the Invisible Hand would interpret this for the new law enforcement officer as indication that my sentiments toward Ekaterina were straightforward and that there was no loving and hating at the same time here.*) (11) The real goal of the torture was to obtain brain scan images corresponding to the pain induced. To obtain the brain scan images of my hatred for xxxxxxxx. (*Homeland Security CO chief’s evidence of my delusional mind and the associated anti-American hatred.*) (12) Whenever Russia is harmed, I’d still want to help Russia, but the harm which Russia has done to me is so much greater than that from any other party. The Russian government might want to use me as a model for their citizens, for I’m persistently pro-Russia even though Russia has done me harm. (*I was somewhat correct here: Russia kept harming me and yet I kept wanting to help Russia. Again, the Invisible Hand’s evidence that my sentiments toward Russia were straightforward.*) (13) The government should pay me 50 dollars for each window I break... and for every nail, 5 dollars... “I’m committing crimes in order for the government to realize its agenda...” (*Again, while this was Homeland Security CO chief’s evidence of my delusional mind, I was in fact prophesying about the future since I really was accomplishing the Invisible Hand’s agenda.*) (14) “Those people who have replaced their broken windows with unbreakable windows have violated my rights and I need to sue them... and they shall not be allowed to know who is suing them... ‘class action’ lawsuits against all white female drivers because they don’t drive enough...” (*Again, Homeland Security CO chief’s evidence that I suffered from Antisocial Personality Disorder.*) Take note of what I noticed: “... a surveillance agent is here to confirm that I’m saying these things...” Indeed! Then: “... women whose feet are ugly also have to be sued... ‘inverse class action lawsuits’...” (*Again, my Antisocial Personality Disorder.*) (15) Finally: “It’s mystifying that, all these years, I have been suffering the effects of international laws within the territory of the US...”

(It was certainly Homeland Security CO chief who had instructed Wes to call me because he wanted the new law enforcement officer to hear again how much he, and his star witnesses, were right about me: my delusions about Ekaterina, the control center, and the non-existent Feminist Lawyer and my Antisocial Personality Disorder and anti-American hatred. But the Invisible Hand, with the TMU detectives by his side, would carefully analyze the matter to the new law enforcement officer: how I didn't harbor any love-hate perverse feelings toward Ekaterina and Russia, how my "delusions" were just wrong guesses (although he couldn't point out that there really was this control center somewhere), and how my "Antisocial Personality Disorder" was in fact just ordinary desires for revenge. Most importantly, it was he who had directed the surveillance agent to come toward me so that I would speak about it: that demonstrated to the new law enforcement officer that I was in fact no such erotomaniac nuthead who was completely unaware of the consequences of his actions which Homeland Security had made me into. With both such psychoanalysis and the reports from confidential informants inside the Secret Society women's organization, the new law enforcement officer had now better understood the situation.)

Let's sum up. Today's themes: my plagiarism and my delusional mind and obsession. (1) The Secret Society women seemed to have spent another day focusing on reporting me for plagiarism. (2) SDW had spent another day mobilizing volunteers to report on how I had become obsessed with her and developed grave delusions about her (the Westbank volunteer with my Prison Planet Forum postings and the UK volunteer with my blog post series 2014/03). (3) Then how my delusional mind had prompted me to become a danger to myself and others. (4) Finally, the HK Hacker came again with his HTTrack on 11:02 AM.

Note that, some time in the past 24 hours, SDW posted a new message on her blog, "Roots of Gang Stalking".

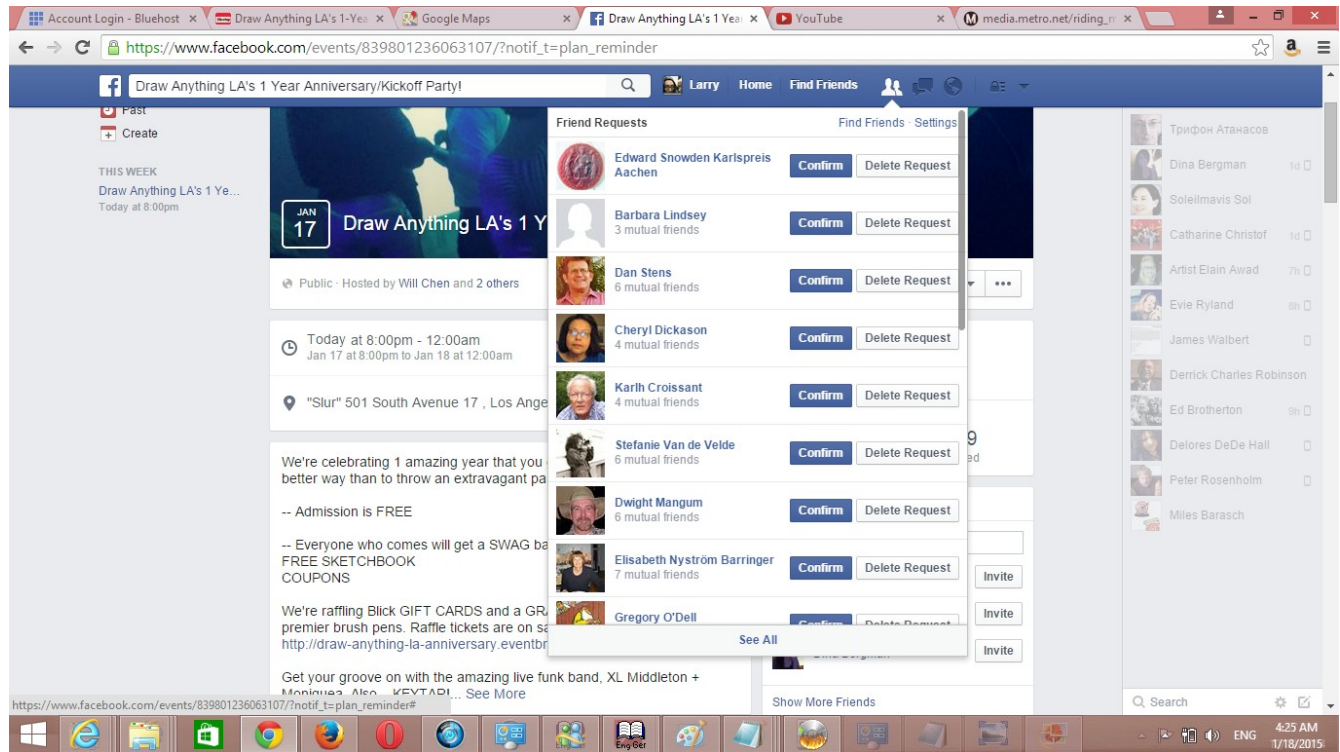

There are obvious parallels between organized stalking and human trafficking, just as there [are] between perps and pedophiles. Considering perps' need for control and to invade every inch of our privacy, I did research to see if pedophiles have those same characteristics. Bullseye. In this Plebius Press article "The Roots of Pedophilia" you will find a complete psychological profile that matches that of perps exactly. The CIA, DOD, DOJ, etc. are nothing more than a bunch of serial pedo masturbators. They must think they are God and we are all their children.

Note also that, in the past few days, "Edward Snowden Karlsruhe Aachen" had requested to be my "friend" on Facebook, thus confirming for me that the Secret Society women had indeed tried to

contact Snowden to ask him to join their campaign to complain about my website. (Actually, to warn him that a delusional serial stalker who was on Homeland Security's watchlist had become dangerously obsessed with him and developed bizarre delusions about him.)

18 January (Sunday)

First, a note about myself. Worked on "Kiersten, V" all the way until almost 7 AM. Done, uploaded it, and linked it from "Update on K's Secret Society..." (16/01/15) on Prison Planet Forum. Didn't even have time for MST. Slept past 8 AM. Woke up past 4 PM. TNT, and then hurried to Culver City for French in Mind. Particularly crowded today, perhaps all moles sent in by SDW. (*Wrong.*) Charlie Hebdo. Then went to the Metro station, and bought chips (almost 10 dollars). Home Depot, 10 PM, to buy nails. Then, worked in Starbucks, Sunset/ Western. Particular desire to see petty AWFs. Debated about collection, since no severe pain today either. But decided that one should try to get back to the normal routine. The Enemy must be attacked because my stalking victims have destroyed my social life. Namely, because "they are all Kiersten." SCRTGRDN: can't W. Only H. **Total: 6 H, 1 SPC, 12 N (Franklin), 4 B.** Came back to the Korean restaurant before 1 AM. Continued to read the Jewish Study Bible (Ezekiel 44 – 6).

Between 2:30 and 3 AM, searched for information on Dina Bergman online. Perhaps I had produced evidence showing me conforming to the Secret Society women's claims about me (since she had sex appeal).

(There was no particular torture from the control center again today probably because Homeland Security CO chief was still convinced that his star witnesses had secured the confidence of the new law enforcement officer.)

Now the Secret Society women's operation on my website today. 4:10 AM,

This visit is quite disconcerting. (1) Was this an associate of the Baltimore Lawyer? (The Baltimore Lawyer's iPad, as you recall, was much older, unless she had bought a new one in the past two months.) (2) Why Best Mommy? Did Best Mommy come forward saying I had taken a video of her while believing erroneously that she was CIA (just in order to infiltrate the Secret Society women's organization as a mole)? In any case, in keeping with today's theme: how I kept developing delusions about people believing they were part of some government conspiracy.

The Secret Society women had never recruited Christine, had they?

Let's sum up. Perhaps in response to the "delusions" I told Wes last night, today Homeland Security
CO chief decided that a ton of testimonies should arrive at the ears of the new law enforcement officer
to convince him that his interpretation (that I was schizophrenic) was more correct than the Invisible
Hand's (that I had guessed things wrong). (1) How I spilled out my delusions about the Secret Society
women's going after me everywhere on the Internet: 3 visits to my Prison Planet Forum postings
(including a suspicious Baltimore volunteer). (2) How I spilled out my delusions about being mind-
controlled everywhere on the Internet (the "Prasad" blog). (3) How I spilled out my delusions about

Kiersten's Vengeance, 30

public figures everywhere on the Internet (Khalezov and Boss Cheney). (4) How I expressed my obsessions with public figures by collecting clippings about them and putting them on my website (Putin, his daughters, and Shizuka). (5) How I mistook random women I saw on the bus for government secret agents (Best Mommy/ another Baltimore volunteer). (6) How I kept developing delusions about the government's going after me ("Schizophrenic, I"). (7) How I kept developing delusions about my women victims, in particular SDW. *As for the rest, my plagiarism and violation of intellectual property laws:* (8) My theft of Oliver's painting. (9) My violation of Dr Brizendine's intellectual property rights. And (10) my plagiarism (including one volunteer from the Spanish Ministry of Defense). And of course (11) how I kept Angelica's naked pictures on my website.

19 January (Monday; torture resumed)

First, a note about myself. MST (Lena Nicole). At the same time, played the Chinese movie "Sex Struggle", thus to confirm Kiersten's false profile of me. Then wrote. Past 6 AM, slept while watching the same Chinese movie. And then another Japanese movie (grotesque violence). Woke up past 4 PM. TNT. Loaded the log, and then off to SM Public Library. Needed to buy new discs and use the computers at the library. Read C. S. Lewis while on the bus. Arriving at Radio Shack: no more dual layer discs. Physical pain. Bought regular discs. Then it turned out that the library was closed: was programmed to come here when it was a Holiday in order to feel physical pain. Physical pain. It appeared that the control center wanted to motivate me to resume breaking windows. Collection nearby: **12 N, 1 B.** (Few AWFs.) Sunken mood would predominate all night, extremely uncomfortable. Came to Starbucks, Westwood, and my sunken mood caused an inability to enjoy the sight of pretty women – the only relaxant. Thus further forced to commit crimes. 9:37 PM, my computer froze for no reason whatsoever. Windows Media Player then crashed. The control center's attempt to cause me physical pain. Tried to avoid pain, went to the restroom, then the computer returned to normal.

Worked all the way until 2 AM. Was programmed to be writing the last words in the above "Outline" when the Starbucks employee came to tell me that the store was closing, thus causing me physical pain. Went for collection. Programmed to not remember to look around when breaking the first bottles, and was thus detained by the police. Let go. Further angered, and motivated to commit crimes. Apparently my stalking victims wanted the police to catch me throwing bottles in order to attribute, in official records, also all the bottle-breaking to me as part of the "hate crimes" I had committed – and so they must have made their request to the control center to program this episode. Changed clothes and continued collection: **4 B, 5 H, 3 W (HSPNC ATTRNY, 2nd), 1 SPC.** (STRBK coffee mug.) On the bus by 4 AM.

(And so it seems that Homeland Security CO chief had deemed all the reporting yesterday about my delusional mind and Internet frenzy to be insufficient and today wanted me to break more things in the neighborhood as well as instructing the Secret Society women to make more reports of the same kind. Did he also orchestrate my run-in with the police tonight? Perhaps he wanted me to get arrested so that more evidence favorable to him may enter into the ICJ. Although he had failed tonight, he would have another chance on the 22nd.)

Now the Secret Society women's operation on my website today. 4:22 AM, bos.clearwire-wmx.net, Boston, Massachusetts,

....

My delusion about there being chips planted in my brain.

1:23 AM, I posted the first blog post you see for 20 January: "Second update: Kiersten's Secret Society's operation against me since 14 December." Since my scenarios were all wrong, I was merely providing Homeland Security CO chief with more evidence of my schizophrenia (that his star witnesses were right about me in the sense that I did keep developing delusions about their going after me).

And so, for a second day, Homeland Security CO chief instructed the Secret Society women to mobilize their volunteers to make more reports to the new law enforcement officer (1) about how I kept developing delusions about famous people and my women victims and then spilling them out everywhere on the Internet: Khalezov, Estulin, Angelica, and Kiersten. (2) Then about how my delusions had prompted me to become a danger to myself and others (two visits to the 2012/07/14 blog post). (3) Then about how I had developed bizarre delusions about there being chips inside my brain. And finally (4) about how I had harassed Shizuka with my portraits of her.

20 January (Tuesday; break from torture)

First, a note about myself. Slept past 6 AM. Burned DVD-429A – had to break DVD-429 in half in CP due to the lack of dual layer discs. MST, Lena Nicole again. Woke up 4:30 PM. TNT, Jons, chickens, then the Santa Monica Public Library. Checked my website, and then the Facebook of Aamoy and Cindy and so on. Checked out *Luthers Bibel*. Collection: **7 N** (some AWFs). Starbucks, Westwood. Better mood today, and was thus able to enjoy the sight of pretty females. (Especially today, a Persian and an Asian.) Spent the whole night writing “fundamentalism in democracy”. 2 AM, collection again: decided to do it even though one didn’t feel pain today: fearing that yesterday’s pain attack might be due to the control center’s displeasure with one’s lack of enthusiasm in window-breaking. (The more likely explanation is however that the control center is making sure I alternate in mood in order to conform to Kiersten’s profile of me: one day loving/ the next day hating.) (*In reality, it was merely because Homeland Security CO chief thought that his star witnesses had already gained the confidence of the new law enforcement officer.*) From Pico to SM/SWTL: **3 W (THTR: 7th; BKSTR: 3rd), 4 B. 3 H, 1 SPC**. Done by 3:50 AM. On the bus going home.

Now the Secret Society women’s operation on my website for today. 4:09 AM,

Now a note about SDW. This is what she has noted in her “First Responder Harassment Log, January 2015” in regard to today: “715 pm – I am standing on the side of the road in front of my house taking decibel readings of loud vehicles with a sound level meter and a flashlight. 2 San Diego Sheriff dept. patrols cars driving back to back pull up in front of my home on Rosebay drive followed by a black unmarked law enforcement SUV (with blacked out windows) revving [its] engine. Both patrol cars park on the street 1/2 block away from me and 2 deputies slowly walk towards me until they are standing approx. 12 – 20 feet away. Both officers then left without [saying] a word to me. After they left a thin man in a black suit with a very short haircut walked behind me and stood about 30 feet [away] with his back turned to me. He [made] a loud cellphone call and vanished about 8 – 10 minutes later. I think he was the one driving the black SUV with the Sheriff Dept. He looked very out of place in my ‘blue collar’ neighborhood.” We thus know that, from 7 to 7:30 PM, SDW was outside her home busy with her worthless paranoia.

Kiersten's Vengeance, 30
Lawrence C. Chin
May – Aug. 2021

Let's sum up. To confirm for the new law enforcement officer that the Homeland Security warning about me was correct, the Secret Society women mobilized today two high-profile individuals to make false reports about my plagiarism: one from the US Strategic Command and another from General Dynamics. Then more complaints about my violation of Dr Brizendine's intellectual property rights. Then about how I kept developing delusions about public figures and linking to their websites on my website; how I kept spilling out my delusions about my women victims on Internet forums; how my delusions had caused me to be a danger to myself and others; how I harbored bizarre delusions about there being chips planted inside my brain; how I violated Ekaterina's family's privacy, harassed Shizuka, and made pornographic statements on my blog (fondling myself in public); and how I had kept Angelica's naked pictures on my website (although there were only two visits to the painting of Queen Himiko today).

At the end I shall also attach the results of my "investigation" on Facebook today:

Aamoy:

Aamoy has ceased posting anything on his Facebook page since 17 December, when he updated his cover photo.

Cindy (Holsey):

On 5 January, 11:15 PM, she updated her cover photo (minutes after I was detained by the police in Redondo Beach).

On 4 January, 11:47 AM, she changed her profile picture ("French in Mind" and then the Couch Surfing meetup: Marcos).

On 24 December, 3:05 PM, she updated her cover photo.

On 2 August: she updated her cover photo.

Cindy has eliminated her "friend list" from public view – to feign she is afraid of my cyberstalking?

Her friend: Sherry Mustain.

Kiersten:

On 17 January, 1:47 PM, she posted "white shepherd rescue alert" – to establish identity with SDW?

Friends: Jennifer Swaim (St. John's College, philosophy, Maryland). Karen Kurgzynski (professor of art history, Amherst, Massachusetts). Naomi Grossman (Los Angeles, visited Victoria, Texas, on 17 January). Helle Marit Lovset (Copenhagen, Denmark). Kira Zielinski (St. John's College). Colleen Chen (Harvard Law School). Diana Kramer (LAUSD, studied fiber art and mixed media at SAIC (School of the Art Institute of Chicago)). David Finley (Cupertino, tutor at WzyArt; graduated from UC

Berkeley). Sharon Brous (Los Angeles, studied at the Jewish Theological Seminar of America, Columbia University, Milburn Senior High School).

Note that, given my erroneous understanding of Homeland Security's and the Secret Society women's operation against me at the time, most of the information I thought was significant for me here was in fact just junk (i.e., the postings of Aamoy and Cindy). The people whom Kiersten had "friended" on her Facebook were however probably significant.

I also noted this on my diary: "Jill Pyatt has also been contacted, and recruited, by the Secret Society women." I would later indeed see evidence that I was correct here, and, as you have seen, this had in fact happened around 11 November last year. Around that time, Homeland Security CO chief had simply come to the Libertarian Party meeting one day and showed everyone his warning about me, totally shocking everyone to his or her soul: never did anyone here know that I was this bad!

21 January (Wednesday)

First, a note about myself. Past 6 AM, MST (Lena Nicole again). Slept while watching a Chinese comedy. Woke up almost 5 PM. Hurried to TNT. Posted another message on Prison Planet Forum (moles to falsely report me for sexual harassment). (*Homeland Security CO chief's evidence of my delusional mind.*) Hurried to Draw Anything LA meetup. Soon, Nana showed up. Programmed to find her very attractive in order to confirm Kiersten's lies about me. (*Wrong.*) There were also two Hispanic males, obviously sent in by the Secret Society women or law enforcement. (*Probably not.*) Drew Nana, and showed her the portrait (2:18:50). Then my recorder ran out of space – obviously the control center had programmed this in order for me to miss recording what's about to happen. A little past 9 PM, Nana hurriedly left. Ran after her, asking her: "Are you leaving?" "Yes, I have to go." "Where are you coming from?" "The LA area." And she went. She was obviously the Secret Society women's "mole" tonight. She would falsely report me to law enforcement saying I sexually harassed her, and I wouldn't have the recording to prove that I didn't. (*I was probably incorrect here.*) Not too upset. Imported recordings and resumed recording. Stayed until almost 11 PM. Drew also Eva Briegel (not successful). Decided not to collect damages. SPOT. Suddenly, angry, and wanted to collect – for Nana was disgusted with me all because she had believed Kiersten's lies about me. Worked past 3 AM. Then, burger, and home.

(While Nana was probably unrelated to the Secret Society women and Homeland Security, it was certainly Homeland Security CO chief's intention that I should draw Eva: I would soon post the portrait on my website and so on, which would give him an opportunity to warn her and instruct the Secret Society women to recruit another celebrity in Germany to complement Anja in Norway.)

Now the Secret Society women's operation on my website for today. 4:23 AM,

This volunteer was using TOR on his iPad? Or was the user-agent spoofed? My computer-hacking.

Around this time, Mario removed me from Stammtisch. Did he just check the Meetup website for the first time since 15 January? Did he get tipped off by the Secret Society women about which one was my fake profile? That was my suspicion at the time, but today I'd say that Mario had never been alerted by Homeland Security about me.

Kiersten's Vengeance, 30
Lawrence C. Chin
May – Aug. 2021

He spent 10 minutes examining or reporting on my blog post about Snowden.

Now a note about SDW. She was out soon after 1 PM. As she would note in her “First Responder Harassment Log, January 2015”: “142 pm – Passed San Diego Fire Dept. ladder truck at Governor Dr. East and Greenwich. (La Jolla/ UTC area) 357 pm – Passed private ambulance at Genessee North and Scripps Medical Center drwy. (La Jolla)” It thus seems that she was in La Jolla from 1:30 to at least 4 PM. Why? It’s likely that she was meeting with Leslie Williams, the TI who lived in that area, and that part of their conversation concerned precisely me – how, this time, SDW could finally get herself validated as the “victim” of a schizophrenic terrorist stalker’s “stalking”.

It's amazing that, instead of "Snowden targeted individual", he was now searching "Kiersten's Secret Society" – i.e. the same search as that I did last night, 8 PM, in Santa Monica Public library. But this was probably just a coincidence. The Pamplona volunteer was here to present his testimony that my delusional and erotomaniac mind had prompted me to become obsessed with, and delusional about, not only Snowden but also Kiersten – to the point that I had imagined that Kiersten had formed a secret society to go after me. Poor Kiersten!

The user-agent looks so much like that of the “SPH-L710” volunteer. Recall that her user-agent was “AppleWebKit/537.36” the last time we saw her (25 November last year) although it was “AppleWebKit/534.30 (KHTML, like Gecko) Version/4.0 Mobile Safari/534.30” on 24 October last year. And recall that, on 29 June 2013, she also downloaded bun-17.pdf. We must assume that this was she even though, today, she wasn't using her usual Sprint PCS IP address. In any case, amidst the excitement – this time the women victims finally found one law enforcement officer willing to accept the Homeland Security warning about me – the “SPH-L710” volunteer was evidently here to produce a testimony that I had indeed kept Angelica's family's private information on my website (that Angelica was indeed the victim of my cyber-stalking). (Even though, of course, the person named in the document had nothing to do with Angelica and had merely the same last name as she.)

Around this time, I posted another dumb message on Prison Planet Forum:

I was just providing Homeland Security CO chief with more evidence of my delusional mind while giving the Invisible Hand more work (to explain to the new law enforcement officer that I was only making wrong inferences rather than being truly delusional).

My plagiarism.

To sum up: (1) The Secret Society women continued to focus on reporting my plagiarism. This includes my violation of Dr Brizendine's intellectual property rights and a volunteer recruited from CERN. (2) My computer-hacking. (3) My harassment of Shizuka and my violation of my grandfather's privacy. (4) How I kept developing delusions about public figures and the Secret Society women's going after me. Especially the Pamplona volunteer who spent an hour reporting about my delusions about Snowden and Kiersten. (5) How I constantly developed delusions about Russia, the ICJ, and the ICC. (6) My delusion about the chips inside my head. And (7) how I had violated Angelica's privacy by keeping her family's private information on my website (a three-way discussion between the "SPH-L710" volunteer, Karin, and a volunteer from Germany). From 1:30 to 4 PM, SDW was in La Jolla having a discussion with TI Leslie Williams about her gang's latest progress with my case. The strange thing is that my step-mother seemed to have been summoned to report on my plagiarism.

22 January (Thursday; assault)

First, a note about myself. Before sleep, MST (Hara Mikie) because of thoughts about Nana. Obviously programmed to confirm my stalking victims' claims (sexually desiring the Secret Society's members). (*Really?*) Slept past 6 AM while watching the Chinese movie 青春期 – 3: 遊戲青春. Woke up past 2

PM, a little earlier than usual. TNT, Jons, chicken. Then rushed to Red Lion for Stammtisch. Kathy there, and it seemed that she was also contacted and recruited by the Secret Society. (She still had friends at the University of Washington; related to yesterday's visit?) (*Completely wrong! She was never recruited!*) Maybe a law enforcement informant. (*Not!*) Then Yolana and her husband, professing to be members of Karin's German group. Probably also sent here by the Secret Society women in order to make false reports about me afterwards. (Most likely also law enforcement informants.) (*Today I'm really not sure what to make of this.*) A mother also brought her 16 year-old daughter here. Probably sent here by the Secret Society women to make false reports afterwards saying I hit on the daughter and recorded her (pedophilia). Most likely also law enforcement informants. (*Not sure whether this was really an operation.*) Programmed to find Kathy very sexy. Left around 10:30 PM. (From 48:00 onward.) Along Glendale, **5 N, 1 B**. My backpack was broken. Then, passing by Outpost. Checked it out. Nobody in the backyard. A Hispanic male then came out from the parking lot across the street flashing lights on me. (From 1:03:30 onward.) Walked away. He followed me, claiming his house was burglarized in the past three days, etc., and I was the suspect. Began to realize that he was the Secret Society women's agent: they must have been tipped off earlier in the day by the control center that I would peek into Outpost tonight. Again, hours before I had decided I would do that. At Jack-in-the-Box. Filmed him. He took away my phone, and slightly damaged my laptop. Outside, the manager locked the door. It's possible that the manager had also been tipped off in advance that the agent and I would end up here tonight. He struck me repeatedly on the head with a bicycle lock. I banged on the door and broke the glass door. Finally, almost an hour after I called the police, they came. They handcuffed me, but then arrested him. Left a little after 12 AM. Decided to hold off on collection because of the inconsistency with the concept "victim". Home, finished watching the same Chinese movie. In the movie the man was also beaten by gang members. Around 6 AM, MST, "brunet". Fantasized about Kathy – obviously programmed to confirm my stalking victims' claim, which means that Kathy must have been recently recruited. But this means that both Kathy and Nana are regular members of the Secret Society, not informants. (*I was completely wrong here.*) It would seem that all the false reports tonight were supposed to provide justification for locking me up permanently without being informed why. The laws supposed to be passed should not only protect women, but also Hispanics: Homeland Security CO chief's involvement. (*This would eventually become true, but was not yet true at the moment. At the moment everybody's greatest concern was with establishing the Homeland Security warning about me as correct and becoming officially recognized as my "victim" – and, in the case of Ekaterina and Homeland Security CO chief, preventing the CIA from reactivating the previous ICJ trial.*)

I have preserved above the original entry in my diary right after the incident. The actual course of the event was much more complex. Please consult the recording of the incident. Here are some highlights: The Hispanic male: He knew the owner. "Do you know Erica, Chris?" (1:06:00) In Jack-in-the-Box (1:08:00). I called 911 on 1:11:00. He tried to grab my laptop, failed, but took away my phone (1:17:30). "You read a lot?" (1:31:00) The manager: "Why do you bring him here?" (1:33:00) He claimed that the building where he came from was not his address (1:40:30). (*He was probably lying.*) I tried to prevent him from leaving (1:43:00). He refused to go to the police department with me (1:47:00). "The government is going to fucking kill you" (1:50:00). "The CI-Jack?" The glass door broke on 1:57:00.

This is what we know today about what happened on that day. The name of the guy whom the Secret Society women had sent in to beat me up tonight was Joao Garcia, apparently a friend of the owners of Outpost Chris and Erica. In the past year or so I had developed the habit of breaking a xxxxxx at Outpost when walking past after Stammtisch. It happened 3 times but the last time was 24 July last year: namely, already six months ago. The owners of the Outpost, Chris H-A-J-E-K and Erica F-O-R-N-E-R-E-T, were of course angry but had got nowhere with the police since the police had no suspects or witnesses. In the past few days, as Homeland Security CO chief became sure that the new law enforcement officer had believed his warning about me, he started planning for my extermination. After obtaining the prediction from the control center that I would attend Stammtisch tonight and then decide to walk back thus passing by Outpost, he began to focus his attention on Chris and Erica. Earlier today, he came with the Secret Society women to Chris and Erica through the women's community vigilante group, and Joao happened to be there too. The women proceeded to let them in on the secret: there was this serial stalker and vandalizer on Homeland Security's watchlist who was most likely the guy they had been looking for in the past six months. They showed them the Homeland Security warning about me, and everyone of course completely believed all the lies which the Secret Society women had concocted about me: this schizophrenic misogynist and racist serial stalker who, in addition to vandalizing, was also breaking into people's homes to steal things and peek at naked women and plagiarizing and stealing artworks in order to pretend to be intellectual and artistic. Someone this bad! But we are gonna get him today! Joao was excited and volunteered. As you shall see, it must be around 3 PM that the Secret Society women were discussing the plan with Joao. By now Homeland Security CO chief had obtained the prediction from the control center that, when walking back from Stammtisch and passing by Outpost, I would peek into it – at precisely 10:39 PM. As usual, Kiersten and Dr P presented themselves as super psychics to Joao and prophesied to him with mathematical precision: "He will appear in front of Outpost and peek into it at precisely 10:39 PM" – for the Psychic Goddess Duo do not exercise their psychic power in some vague and nebulous fashion ("He will appear some time late tonight") but always with mathematical precision ("He will appear in front of you on 10:39 PM tonight") – at which time Joao can emerge from his dwelling from across the street and strike me. They informed him that they had already made so many reports to law enforcement in the past week and thoroughly established their case so that, when the police arrived, they would arrest me instead – even though it would be Joao who would be striking me. Upon my arrest, the new law enforcement officer would then immediately transfer me to a mental institution – and all of this would enter into the ICJ as evidence to confirm that the Homeland Security warning about me had always been correct – especially how I was a danger to people – and thereby lock up the previous ICJ trial.

As you can see, Homeland Security CO chief and the Secret Society women harbored toward me nothing less than the most extreme malice possible in any human being because, the more law enforcement refused to validate their lies about me, the more they blamed me and hated me – and, when they hated me, they didn't simply want me dead but wanted the whole world to hate me as much as they hated me: only then would they be satisfied. And their desire for absolute power and domination toward the object of their malice prompted them to never appear themselves but to always use proxies to attack him. Just as they had used Aamoy and his LUG buddies to attack me the last time by saying bad things about me to them, so this time they recruited Joao as their instrument by saying bad things about me to him.

5:14 AM, I was still editing my blog from home. I posted the second blog post you see for 22 January: "A third update on Kiersten's Secret Society's operations since its sixth claim". Note again that, although what I wrote here was complete nonsense – there was no Feminist Lawyer inside the control center and the Secret Society women's current objective was *not* to prompt the legislature to pass laws to enable women to use law enforcement to "disappear" men at will – you never know if any of this would come true later on. In any case, the usual two-tier mechanism was at work here: while the Monkey remotely controlled me to post this because he wanted me to write on my blog something about how I hated xxxxxxxxxx and so wanted to attack them – in order to prepare myself for my arrest tonight – the hidden program became active at the same time so that, within what I wrote, there would be ingredients for any future plan which the Invisible Hand was thinking about at the moment.

This person was probably Joao. As noted, he was at this moment discussing with the Secret Society women the operation to take place tonight. The women took care to educate him that, because of my schizophrenia, I kept imagining them going after me, as I had continually noted on my blog. He came to take a look.²⁶ But, more importantly, they probably wanted him to get a glimpse of the latest evidence so that, tonight, he could report it to the police after I should get arrested: "I saw him writing how he wants to commit crimes! All because he suffers from this delusion about these women!"

Let's sum up. Before the operation started, the Secret Society women's volunteers continued to gather the last bits of evidence to submit to the new law enforcement officer: in early morning, a UK volunteer visited the front page of my website, and, until 1 PM, 3 volunteers had showed up to check up on my latest "delusion" about my women victims on my blog. They promptly reported it to the new law enforcement officer: "He writes about how he hates xxxxxxxxx and wants to commit crimes against them because he has this delusion about this 'Kiersten'..." Namely, to get the new law enforcement officer fired up for tonight: *the suspect is an anti-American terrorist*. Then, reports about my plagiarism, my theft of Oliver's painting, my linking to a certain famous woman on my website, and my computer-hacking – just to confirm that every other bad thing Homeland Security CO chief had said about me on his warning about me was also true.

Now let's examine what happened tonight. Joao's confidence (which you can hear in the recording) that, when the police should finally arrive, they would arrest me instead – even though he was the one who was attacking me – bespoke the fact that both the Secret Society women and Homeland Security CO chief were thoroughly convinced that they had had the new law enforcement officer in their grips. They didn't know that the TMU detectives, under the Invisible Hand's direction, had already "turned him": "This is a sophisticated scam to deceive law enforcement, and so you must not act on the supposed witnesses' reports without reflecting. Instead, you must continue your investigation of the matter clandestinely." And so, when I called the police, the new law enforcement officer instructed the officers that were dispatched to not arrest me but to arrest Joao instead in order to disrupt the Homeland Security operation while keeping the investigation a secret from both me and the Secret Society women. It must be because of this instruction that the police officers didn't arrive right away but took such a long time (more than an hour) – giving Joao ample time to assault me. The advantage is that there was then time for me to interact with Joao so that, from what he said to me, I could get a glimpse into what the Secret Society women and Homeland Security CO chief had made him believe about me.²⁸ As you can see, unaware as yet that the police had arrested Joao instead, the Secret Society women continued to mobilize their volunteers throughout the night to make more testimonies about my plagiarism – since they had already learned that convincing law enforcement that Homeland Security was right about my plagiarism was always the most difficult part of their enterprise.

There was also a strange comment on my blog today. It's not clear whether this was related to the Secret Society women's operation:

²⁸ Thus, for example, when he shouted "CI-Jack", that's evidence that he had already heard that I suffered from this delusion about having once had something to do with the CIA – which he had of course also seen on the Homeland Security warning about me. Second, his persistent warning that I would be prosecuted for "hate crime" (and the similar warning from a bystander who was most likely a Homeland Security operative) also indicated to me that the Secret Society women had already interpreted my vandalism spree for the new law enforcement officer as motivated by hate ideology. Similarly, when Joao asked me if I had "looked at the laws", this indicated to me that the Secret Society women had already done their research to identify which laws to use to prosecute me to the maximal extent possible.

23 January (Friday)

First, a note about myself. Woke up past 12 PM, but lay around until 2:30 PM. Not sleepy, even though not enough sleep. TNT, closed? No pain. Coffee Bean, and left a message with Wes. Then the Internet was cut off: tried not to feel pain. Starbucks, checked the log, and then bought a new backpack. Then rushed to Sepulveda/ Manchester for the South Bay German Language meetup. While I was on the train, 6:04 PM, Wes answered my call. Talked for only 30 minutes. Wes: “Their goal is also for you to not know what their goal is” (2:43:00). Thought a lot about what had happened. “Not allowed to know in the US”, and I therefore developed the desire to collect damages (Hispanics first). The meetup was okay. Both Christian and Fabian were there. Left on 9:20 PM. Decided to hold off on collection, since a lot of work had to be done. Starbucks, Westwood. Chatted with “Blake” (a physics student). About the possibility of finding the solution to quantum gravity by appealing to Heisenberg and Einstein only. No new posts on SDW’s blog or Facebook group. RSVP at French-in-Mind, and only “Blanca” was there (another mole). (*Wrong!*) It does seem that the following scenario is correct.

What does it mean if the police do things “by the book”? The Russian protest: why does Homeland Security’s warning about me look like a caricature, a cartoon show, having no relationship with reality? The police (and the FBI) will have to arrest the Secret Society [women], along with the Feminist Lawyer, and then [produce] a new profile of me that is “accurate”. International pressure. The Secret Society [women were] thus made to believe that I was already arrested, in order for the sting operation to continue showing the women beginning to retaliate against the police/ the government. The police don’t want me to know in order to prevent me from disrupting the operation. What would the Feminist

Lawyer think? That this psychopathic behavior is caused by “oppression”, so that the cure is the further protection of women? (The solution to poisoning is to swallow more poison?) Unless Homeland Security has not allowed her full, but only partial, access to the control center’s computers.

(A completely erroneous scenario! But, because I wrote this on my diary and not on my blog, it's not clear if any of this would come to pass in the future (except for my supposition about the Feminist Lawyer's way of thinking).)

*Now, highlights of my conversation with Wes today (from 2:32:30 onward): (1) How the Secret Society women sent an agent to beat me up last night – and my wrong scenario as to why I wasn't arrested. And whether I should have gone to the hospital. (2) The bind that I was in right now – to continue to commit crimes would conflict with my status as a “victim”. Was this resistance to committing crimes the government's purpose? (3) The government's plan: arrest the Secret Society women, let me go, and direct the foreigners' aggression toward the American people only, not toward the American government. (4) Wes: part of the government's goal was to prevent me from knowing the government's goal. Was Wes hinting at the fact that the Invisible Hand must not let me know what he was really trying to do, i.e. to prove the Homeland Security warnings about me to be false in order to reactivate the previous ICJ trial and convict the Russians? (5) The Feminist Lawyer and Homeland Security were inside the control center staging the “opposite world”, making the police look like they were victimizing the Secret Society women and making me into the master terrorist. They believed the ICJ judgment they shall have created will be valid for all governments. But the government will eventually go inside the control center to arrest them. (6) The police will understand that the victim of crimes can commit crimes too. (7) What will happen in the US in the next two years: to connect SDW with feminist organizations in order to have a reason to put the latter under surveillance. The Republicans will demonstrate that there is nothing special about women at all. The debate will have already destroyed women's self-esteem before Clinton's election in late 2016. The CIA has received BOL's order to restore democracy, and, for this end, people's self-esteem must be destroyed. (8) How the Secret Society women were purposely selected to fit the 1950s misogynist stereotypes – they were purposely selected to destroy women's self-esteem. (9) What actually happened with the Malaysian Flight 17. Queen Beatrix didn't like BOL's plan – at least I had got this *one thing* right: nobody likes BOL's plan.*

My erroneous notion about the “government's plan” Homeland Security CO chief would again use as evidence of my schizophrenia in the ICJ while presenting it to the law enforcement community to convince them that his warning about me (that I suffered from paranoid schizophrenia) was correct. In fact, you can be sure that it was again he who had instructed the Monkey to control me to say something so unreal as this: he was last night not only humiliated among the law enforcement community, but Joao's arrest instead of mine (the fact that Joao was charged with misdemeanor assault with deadly weapons, as I would soon find out) had become evidence in the ICJ to invalidate his warnings about me so that he needed something right away to demonstrate that there was some truth in his warnings about me (that I was indeed delusional) in order to temporarily lock up the previous ICJ trial while waiting on additional evidences. But, again, you never know whether I was prophesying about the future without knowing. On the other hand, my wrong theory about what happened to Malaysian Flight 17 was so stupid that it had no other purpose than to serve as evidence that I was delusional.

Brainstorming. My computer-hacking? (But also my half-naked picture and the picture of Morisio.)

She had just heard the bad news from the Secret Society women and came to take a look.

Let's sum up. Some time this morning, the new law enforcement officer must have shared the bad news with the Secret Society women: that he didn't order the officers on the scene last night to arrest me because he had discovered that the Homeland Security warning about me, and all the volunteers' reporting in the past week, didn't seem to be correct. The Secret Society women were shocked. They didn't know it was because the informants inside their organization had already revealed their fraudulent scheme to the new law enforcement officer and the TMU detectives had already taught him how to properly profile me. Desperate, they thought they could convince him by mobilizing more volunteers to make more reports of the same kind. Thus: (1) the Garwolin volunteer came to study how to report me for harboring delusions about there being chips planted inside my brain from 5 to 9:30 AM. (2) The Sony volunteer came to report on my keeping my aunt Jennifer's private information on my website on 9:40 AM. (3) On behalf of SDW, the Chicago volunteer came to report on 9:58 AM, the Los Angeles volunteer on 12:14, 12:26, 2:12, and 9:23 PM, and the Strongsville volunteer on 4:19 PM. (4) The UAE volunteer reported on my harassment of Dr Brizendine (by posting her picture on my website) on 4:17 PM. (5) The New Orleans volunteer reported on my violation of my family members' privacy on 4:40 PM. (6) SDW's Tampa friend reported on my delusions about being chipped in the brain again on 7:15 PM. (7) The Aberfeldie volunteer reported on my delusions about Ekaterina on 9:15 PM. And (8), throughout the day, many reports about my plagiarism, including the Lilburn volunteer on 1:22 and 7:24 PM.
