

## **The Secret History of the International Court of Justice**

### **KIERSTEN'S VENGEANCE**

#### **31**

#### **RESUME**

The following covers the operations of the Secret Society women and Homeland Security CO chief against me and the associated International Court of Justice trial from 24 January to 3 February, 2015. The Secret Society women are: Angelica (Angelina, G), Dr P (Pettersen), Karin (K), Kiersten (J), and SDW (Maura). Leading them was Russia's First Daughter Ekaterina (Putina). The "TMU" continues to refer to the LAPD's "Threat Management Unit".

This period witnesses the appearance of this "Ekaterina Tikhonova", erroneously identified as "Putin's daughter" everywhere in mainstream media. In this chapter you shall see how this could have come about. But, first, a brief note.

(1) In the following, we shall adopt the possibility that the "SPH-L710" volunteer was in fact just Dr P and state so when this Samsung Galaxy S3 appears again. When this is done, we thus have the user-agents of all of Dr P's devices: her phone (newly updated), her laptop, and her iPad, as of January 2015.

(2) The important Los Angeles volunteer frequently seen in the past three months shall be named (according to her user-agent) the "LGMS500" volunteer. Her user-agent remains:

*Synopsis:*

**24.01:** Today the Secret Society women continued to mobilize volunteers to try to convince the new law enforcement officer that their testimonies, and the Homeland Security warnings, about me were all correct. (1) The women had especially mobilized volunteers to report on my delusions about their going after me, and SDW had mobilized several of her TI friends to report on my obsession with, and delusion about, her. Plus the Lisbon volunteer's report about my online harassment of her. There was also one volunteer to report on my delusions about Angelica in my "Ying and Yang, I". (2) The Secret Society women had also especially mobilized volunteers to report on my delusions about there being chips planted in my brain. Then plenty of reports about (3) my computer-hacking, (4) my naked picture of Angelica on my website, (5) my violation of Dr Brizendine's intellectual property rights, (6) my harassment of Shizuka and another famous woman on my external links page, and of course (7) my plagiarism. Meanwhile, the Russian diplomatic service and Homeland Security jointly conducted surveillance on me during my vandalism spree tonight in order to convince the new law enforcement officer that I was really as devilish as everyone said I was.

**25.01:** This morning, the Russian diplomatic service submitted their surveillance on me from last night to the new law enforcement officer to oblige him to look into my case once more, and so the latter spent another day listening to the "special witnesses" again. Dr P, Kiersten, and SDW all spent the day trying to convince him that I was a danger to them because of my delusions about their going after me. The Lincoln Center volunteer also showed up to describe for him what devilish things he saw on my website. Then, from 6 to 8:30 PM, Homeland Security CO chief got him to listen in on my conversation with Wes in order to convince him that I was totally delusional and extremely malicious. Nevertheless, by the end of the night, the new law enforcement officer dismissed the case on the ground that I didn't plagiarize. Homeland Security CO chief thus sent in an agent to leave messages to me on my Youtube channel in order to intercept evidence into the ICJ to temporarily lock up the previous ICJ trial.

**26.01:** Today the Secret Society women tried one last time to convince the new law enforcement officer that the Homeland Security warnings about me were true: (1) my delusion about how my women victims were going after me. (2) My harassment of Shizuka. (3) My delusion about the chips inside my brain. (4) How my delusions had prompted me to commit crimes (my July diary). (5) My delusion about Angelica (the Kiev volunteer on 10:46 AM). (6) How my delusions had prompted me to write crazy letters to international organizations like IACHR. (7) How I had painted Angelica nude. (8) My harassment of Robin with my painting of her. (9) My harassment of the ICAACT people by blogging about them. And (10) my extensive plagiarism (including my violation of Dr Brizendine's intellectual property rights). Also, in order to obtain evidence to temporarily lock up the previous ICJ trial, Homeland Security CO chief instructed Dina Bergman on 4:07 PM to post something from a certain "Dr Lawrence S. Chin" on my Facebook. Then, later in the night, a fourth volunteer from the Los Angeles region looked up my chapter on Plato's *Republic*. Meanwhile,

tonight, the Russians and Homeland Security sent in more investigators to film me placing nails on the street.

**27.01:** There was more reporting this morning to the new law enforcement officer as the last effort to convince him that the Homeland Security warning about me was correct. In addition, both the Secret Society women and the Russian diplomatic service seem also to have reported me to Microsoft around 8 AM in an effort to generate some temporary evidence to lock up the previous ICJ trial. Then, since the new law enforcement officer refused to budge, the Russians and Homeland Security CO chief decided to use the international diplomatic channels to produce the evidence needed in the ICJ (with the participation of both the French and the Chinese). The Russian diplomatic services asked the “expert witnesses” in my case to report to them what they saw on the stalker’s website. The Fresno volunteer thus visited my website on 1:07 PM, another volunteer reported on my stalking and harassment of Ekaterina’s family members on 1:28 PM, and then two more reports about my delusions about my women victims’ going after me. Then Dr P made her own report in this regard on 2:59 PM. Then, 5:29 PM, the High Point volunteer reported that I was motivated by my particular brand of misogynist ideology to target my women victims and attack Hispanics. The Russian diplomatic service then asked the “expert witnesses” to post on their secret Facebook page devoted to this stalker the crucial evidences they could find on the stalker’s website. When the Russian diplomatic mission took in all these reports and accessed the Secret Facebook Group to collect the “evidences”, Homeland Security CO chief would intercept the communications into the ICJ as evidences to lock up the previous ICJ trial.

**28.01:** As the Russian diplomatic service continued to receive testimonies from “expert witnesses” about this extremely dangerous schizophrenic terrorist stalker of Russia’s First Daughter, somebody important on the Russian side got on line, and Veronica explained to him, from 11:50 AM to 12:10 PM, how this stalker, when he became obsessed with his woman victim, would develop the delusion that she was part of some government conspiracy to go after him. Then, from 7:57 PM onward, the Russian side asked the Secret Society women to supply and post more of these “crucial” evidences on their Secret Facebook Group. Now that at least three nations had pledged to recognize the Homeland Security warning about me, the Russian government pretended to implement a radical method to protect Russia’s First Daughter in the cyberspace. The Russian security agency (the FSB?) contacted Oleg Kashin to ask him to publish a fake article pretending to identify someone else as Ekaterina so that the public could be deceived into believing that Ekaterina was not in South Korea but in Russia and was actually somebody else. For this task, Ekaterina Tikhonova volunteered. “Just say that Ekaterina Tikhonova is Ekaterina Putina.”

**29.01:** The “Hello Tomorrow” event. From 8 AM onward, the French diplomatic mission was notified that I would show up on the French Consul General’s event tonight and the French consular protection service thus went into action. They contacted the Secret Society women as the “expert witnesses” on me and the women started mobilizing their volunteers to report me. Note especially the report on 8:18

AM about “Tikhonova” by a Florida school teacher and that on 8:40 AM about my plagiarism from the Canadian Space Agency. Note that, on 10:26 AM, the “LGMS500” Los Angeles volunteer also reported on my delusions about my women victims’ going after me (especially SDW). Then, on 5:11 PM, a report about my harassment of Dr Brizendine – from possibly Dr Brizendine herself. Then, by 6 PM, the French had started their surveillance on me and were watching me doing my nails and then skipping over the Consul General’s event. Meanwhile, the volunteers continued to submit more reports. Then, on 10:46 PM, as the French had done enough surveillance on me, this Opera Mini volunteer (a LUG buddy?) reported on my latest blog post and then testified about the rest of my website and blog for the next 20 minutes. And more reports later. As for Homeland Security CO chief, he had taken care to intercept all these confirmations of his warnings about me into the ICJ in order to lock up the previous ICJ trial. Finally, after 2 AM, the Secret Society women’s investigator caught me collecting damages in Brentwood.

**30.01:** Hours after the French consulate protection service finished their business with me, an officer in the Ukrainian Foreign Ministry called up the Secret Society women and asked them for their expert testimonies about me. From 5:10 to 5:20 AM, Karin explained to him how I plagiarized, violated my women victims’ privacy, rambled on my delusions about famous people, and so on. Then, more reports streamed in from volunteers about my plagiarism, delusions about the Secret Society women’s going after me, delusions about the chips inside my brain, violation of my family members’ privacy, hosting of Angelica’s naked pictures on my website, and obsession with SDW. Then, from 6 PM onward, Homeland Security, the French, and the Russians wanted the Secret Society women to make more reports and post more “crucial” evidences on the Secret Facebook Group for the sake of the Ukrainian diplomatic mission. (The Ukrainian consulate in San Francisco in regard to Yulia Tymoshenko?) The Secret Society women thus mobilized their volunteers to make more reports. Note that, on 9:44 PM, Veronica herself might have reported about how I had kept mistaking the visits to my website for my women victims’ conspiracy against me, and that, on 11:55 PM, the “LGMS500” Los Angeles volunteer reported on my delusions about my women victims’ going after me again. Then take note of the Denver volunteer from 12:12 to 12:32 AM. Meanwhile, late in night, the Secret Society women’s investigators captured more videos of my collecting damages. Ukraine had thus come onto the list of nations which vouched for the accuracy of the Homeland Security warnings about me.

**31.01:** In the morning, as the French, the Russians, and the Ukrainian diplomatic services were consolidating the warnings about me in international diplomatic circles, Homeland Security CO chief instructed the Secret Society women to focus on my latest anti-American rambling in my latest blog post: four volunteers in total. Then, from 2:40 to 4:30 PM, the Beverly Hills volunteer was busy reporting about my frivolous lawsuit against my aunt Jennifer. Then, on 7:18 PM, the Athens volunteer reported seeing me bragging about stalking Karin on my website (“Periphery, I”). But, when I talked to Wes from 7:30 to 9:30 PM, the CIA immediately obtained

evidence enough to dispute the warning that was being consolidated in the diplomatic circles about me. Thus, the French, the Russians, and Homeland Security immediately asked the Secret Society women to post more “crucial” evidences on their secret Facebook page and make more testimonies to counter the CIA’s upcoming attempt at debunking. In the meantime, they also continued their surveillance on me during my vandalism spree in order to have more evidence to consolidate their claim that I was indeed a danger to people.

**01.02:** This morning, as the CIA presented their evidence to the Ukrainians, the French, the Russians, and Homeland Security immediately called up the Secret Society women to ask them to continue to submit testimonies – especially about my insanity – in order to demonstrate that the Homeland Security warning about me was indeed correct. Note especially the possible LUG buddy on 11:25 AM and the Fort Collins volunteer on 1:07 PM. The reporting lasted the whole day as the French and the Russians vehemently debated with the CIA before the Ukrainians. To strengthen their case, the French and the Russians also continued their surveillance on me late into the night as I went around collecting damages in Culver City. But the CIA had not only my phone conversation from last night as evidence, but also testimonies from Jennifer Day, Shizuka, and the LUG buddies as to how the “expert witnesses” were in fact just bullshitting.

**02.02:** Now that the CIA had disputed the claims of the Russians and the French before the Ukrainians, on 4:41 AM, the Chinese sent in a volunteer to report to the Ukrainians that I was indeed delusional about some ICJ trial and dangerously obsessed with my women victims. Then, Homeland Security, the Russians, and the French called up the Secret Society women to ask them to mobilize volunteers to submit more testimonies, including a Rowan County government volunteer on 6:18 AM who reported on my misogynist ideology. Then, the CIA seemed to have introduced evidences from confidential informants indicating that I had actually never stalked my women victims at all, especially Kiersten. As a consequence, Homeland Security, the French, and the Russians asked the Secret Society women to mobilize volunteers to supply more testimonies, including this Orange volunteer who, from 4:36 to 5:10 PM, reported, among other things, about my harassment of Kiersten by posting her messages to me on my website. Then, the CIA and their Ukrainian allies sent in “Matt” and a Ukrainian agent to my Russian language meetup. Meanwhile, the Secret Society women continued to mobilize their volunteers, including a second, India, volunteer who, from 8:17 to 8:35 PM, reported the same things as did the Orange volunteer; the High Point volunteer who, on 10:33 PM, reported on my misogynist ideology again; and a TAZ volunteer who, on 1:14 AM, reported on my delusional mind. Then, by midnight, to counter the CIA’s new evidence, the French and the Russians got Homeland Security to send in a bunch of black guys to engage me in a fight on Metro. Then, past 4 AM, Homeland Security sent in another guy to provoke me to a fight when I went out to throw bottles.

**03.02:** Because the CIA and their Ukrainian allies had now disputed the validity of the Homeland Security warning about me, a consensus about the warning’s accuracy

couldn't materialize in the diplomatic circles. In response, Homeland Security, the Russians, the French, and their Ukrainian allies called up the Secret Society women again to ask them to supply more testimonies to counter the CIA 's debunking. Meanwhile, by night fall, the Russians, the French, and Homeland Security continued their surveillance on me, especially when I was collecting damages. The black guy and the Hispanic gangster who tried to provoke me in the afternoon might have also been sent in by Homeland Security in the hope that I might get into a fight with them. There was also an enormous amount of reporting about my plagiarism today (including a volunteer from US Marine Corps), suggesting that part of the CIA's debunking yesterday also consisted in pointing out that I had never plagiarized.

Now my diary entries with commentary and the log of the Secret Society women's operation on my website for the period under consideration.

## **24 January (Saturday; torture resumed)**

### **Anja posted on Twitter: more pictures on Facebook!**

*First, a note about myself.* 5:49 AM, became very doubtful about the scenario I constructed last night, and so called the police department to ask about the Hispanic attacker.<sup>1</sup> It took a long time for the officer to ascertain that he was in jail and waiting for his court date. Suspicious. Suspected that all the elements were staged by the control center to deceive me. Angered. Was not even sure whether the visits indicated false reporting. Decided to resume collection of damages. (*Just what Homeland Security CO chief wanted.*) Went to bed almost 7 AM. Then suddenly decided to post a comment on SDW's blog and send another comment to her in her email account. This should prove that last night's scenario was incorrect. Woke up past 5 PM! TNT, almost 6 PM. Left a message with Wes. He would not call me back tonight. Then discovered that step-mother didn't deposit the money. Then discovered that the key to the padlock on my storage unit had disappeared. It must be that, on Thursday night, when the police officer took out my driver's license, it fell off. (Unless the police officer had intentionally stolen it from me.) Severe anger, physical pain, and tried to calm down. It will be very difficult to cut open the lock; and I don't remember where I have placed the backup keys. Then accidentally broke a bottle which I wanted to use tonight. Jons, chickens. Threw another bottle into Kaiser, and it didn't break; physical pain. Motivated to commit crimes tonight. (*Just what Homeland Security CO chief wanted.*) At the Starbucks in Vermont and Prospect. Another vagrant tried to provoke me. Ignored him. Worked until 10:30 PM or so. Was ready to collect damages from xxxxxxxxxx first, but then changed my mind since the Hispanic guy was arrested on Thursday. Began collection on Franklin. **7 N. Then, PSDN. 3 W (PSYCH, 2<sup>nd</sup>), 7 B in total (3 in PSYCH), 2 H.** The third was an AWF doctor. Done by 1:50 AM. Many vagrants dragging a luggage cart tonight. (*Was this law enforcement surveillance? Russian surveillance?*)

Believed that what happened was that my stalking victims were truly trying to get me arrested on 12 and 22 January, but the police didn't act on their request because they were still investigating the case. Thus, on the 22<sup>nd</sup>, the Secret Society had actually lost a member in the jail. (*I had finally got something right!*)

*(This is what we have to suspect: because Homeland Security CO chief's debacle on 22 January had become unfavorable evidence for him and the Russian diplomatic service in the ICJ – while the Russian diplomatic service's stalking claim on behalf of Ekaterina was invalidated among American law enforcement again – the Russian diplomatic service, in cooperation with Homeland Security, had decided to conduct joint surveillance on me tonight as I embarked on my vandalism spree in order to obtain evidence to convince the new law enforcement officer that I was really as bad as the Secret Society women had claimed. This was certainly why Homeland Security CO chief had instructed the Monkey to provoke me into resuming committing crimes. It's only unclear whether the vagrant who tried to provoke me in Starbucks was actually sent in by Homeland Security.)*

Let's summarize: today was the second day that the Secret Society women continued to mobilize volunteers to try to convince the new law enforcement officer that their testimonies, and the Homeland Security warnings, about me were all correct. (1) The women had especially mobilized volunteers to report on my delusions about their going after me, and SDW had mobilized several of her TI friends to report on my obsession with, and delusions about, her. Plus the Lisbon volunteer's report about my online harassment of her. (It should be noted in this regard that, on 1:56 PM, a Denmark volunteer had discovered my latest 24 January blog post about the Secret Society women's strategies.) There was also one volunteer to report on my delusions about Angelica in my "Ying and Yang, I". (2) The Secret Society women had also especially mobilized volunteers to report on my delusions about there being chips planted in my brain. Then there were plenty of reports about (3) my computer-hacking, (4) my naked picture of Angelica on my website, (5) my violation of Dr Brizendine's intellectual property rights, (6) my harassment of Shizuka and another famous woman on my external links page, and of course (7) my plagiarism. Meanwhile, the Russian diplomatic service and Homeland Security jointly conducted surveillance on me tonight during my vandalism spree in order to have evidence with which to convince the new law enforcement officer that I was really as devilish as everyone said I was.

## 25 January (Sunday; Wes)

*First, a note about myself.* Didn't sleep in order to attend Klön Talk. Lay around watching Chinese movies. Then posted [the second blog post you see for 25 January], "How the Secret Society may change its strategy". Set out on 9:30 AM. Already too late to go to Public Storage, however. Worried. Must go there after the meetup. Going to Long Beach, and arriving almost 12 PM. There were more people there than usual: evidently the Secret Society's work. (*Probably not.*) Everything was very normal, here was this "Malishiku", an AWF, who was very attractive. Didn't remember that she was the mole identified earlier. (*I was most likely mistaken in any case.*) But she was talking very normally, softening my desire to avoid her. There, until past 1:30 PM. Hurried back, very sleepy already. Still, arrived in downtown almost 4 PM (because I fell asleep, I rode past the 23<sup>rd</sup> Street station, where I could still have a chance to get to my storage).

During the whole morning, before arriving at the meetup, began developing a scenario about the control center to explain how the Feminist Lawyer could possibly believe it's proper to lend further protection to women like my "stalking victims". How could she possibly believe that these women have "goodness" to offer to the world? Namely, perhaps, before she was invited inside the control center, she was told by the Democrats that this was the Republicans' War on Women: to make a bad example of these women in order to show society how valuation and special protection of women are unnecessary. She thus thought this War to be totally unfair and fraudulent, since these women were purposely chosen to resemble the 1950s misogynist stereotypes of women (they had below-average

intelligence). She therefore attempts to reverse this “terrorist conspiracy against women”, glorifying my stalking victims with faulty surveillance in order to cause the ICJ to issue a judgment demanding further protection of women (revenge against the Republicans). But, to do this, she had to replace evidences, which meant orchestrating Paris shooting, etc. She didn't care because this fraudulent War on Women made her so angry (and because the protection of women's reputation was more important to her). But now she might have realized that she had got set up to do evil things, and could be taken to Guantanamo Bay. She felt this to be totally unfair, since, like me, she was only doing evil in response to an unjust situation. (Identity between me and her.) Suddenly felt sympathy for her plight. In combination with increased hatred toward my stalking victims, this caused me to begin imagining bailing her out by blaming all the evils she had done onto my stalking victims too.

Two calls with Wes between 6 and 8:30 PM. Talked about bailing out the Feminist Lawyer. Afterwards, randomly clicked on the Chinese movie that was suggested by Youtube: “Young Style” (青春派). Again, programmed coincidence since the way the teacher behaves in the movie is almost exactly the same as the teachers I had in Taiwan. Didn't know it's like that in China too, right now. After checking the log, slept, because I was too sleepy. It's before midnight. No collection tonight. Was in a soft mood.

*Highlights of my conversation with Wes today:* (1) Although I was making a rational choice by committing crimes, that's precisely how I had put myself in jeopardy. (*Correct!*) (2) The police didn't want me and the Secret Society women to know that they were investigating us. (*Correct!*) (3) Joao was sent in by my stalking victims, and the police arrested him because they didn't want me to know. (*Correct!*) (4) The current scandal was about to reach international proportion with the involvement of tens of thousands of people, and yet it was caused by such an insignificant matter, e.g. how I had found Kiersten too fat. It's just like the Thirty-Year War! Now Wes hanged up and went to eat first (10:05). (*Again, although there was not much of an international scandal at the moment, this “Kiersten Affair” might eventually turn out to be just the kind of thing (of international proportion) which I had wrongly imagined here – in which case it would indeed be like the Thirty-Year War, something originally caused by such an insignificant matter.*)

Then, on 48:30, I was connected with Wes again. (1) The Thirty-Year War (*continued*). (2) Why is the Feminist Lawyer doing this? After she has caused the Paris shooting and so on, she now realizes it's a trap. And so she's programming me to save her. We'll thus blame everything onto the Secret Society women, as if they had alone got everything started since the very beginning. (*Complete bullshit!*) (3) South Korea would go along with the “Plan”, eventually throwing all Americans out of the country. (4) The Secret Society women were so bad because they had never learned to diversify their target. (*Correct!*) (5) I was always programmed to either watch a movie or review a recording in which something was happening similar to what was currently happening to me. (*This was indeed a strange mystery!*) (6) Will all my women victims be arrested on 30 and 31 January? I wouldn't be arrested because I was a subhuman. (*Again, although this was a wrong scenario at the moment – both Homeland Security CO chief and the Russian diplomatic service wanted this as evidence to convince the new law enforcement officer that the Homeland Security warning, and the Secret Society women's testimonies, about me were all correct – it might become true later on.*) (6) I'm waiting for Ekaterina to come save me; she'll hug me and kiss me! (*Evidence for Homeland Security and the Russian*

*diplomatic service that I had indeed developed an obsession with, and delusions about, Russia's First Daughter Ekaterina.)* (7) If the Paris shooting was indeed orchestrated by the control center, that means the brothers had chips inside their heads – and the UN allowed it! The UN's excuse: "double motivation". (*Bullshit!*) (8) I'm the older form of human being – many older states of brain, emotions from older generations of human beings (especially guilt), have disappeared from the contemporary generation. The contemporary human being is reverting back to the animal state. (*Such statement would make no sense to the new law enforcement officer without the Invisible Hand's explanation, but presumably the Invisible Hand wouldn't explain to him that I was here making correct guesses about BOL's program.*) (9) Wes' input: the contemporary generation can't think for themselves. The example of infants with tablets. (10) What made the Secret Society women so bad was not so much feminism as computers. (11) People are no longer curious as to how the new inventions work. (12) The example of Shifty Bugman (how spies used to be so much more developed). (13) BOL would want the Invisible Hand to restrict the government's power to spy on people in order to force the new generation of spies to develop their brain again. (14) BOL would want to break up international trade (so that the consideration of profit margins would be more limited) and would want peoples from different corners of the earth to hate each other. And people shouldn't travel so much. "Only if all the bad things can come back so that we can have our brain back!" Let America become the crime capital of the world again! Once we get to paradise, what should we do then? (15) Wes' example from "The Time Machine". Thus: "After we have arrived in Paradise, we'll have to rewind... America shall return to being the crime capital of the world..." (16) How, when I was growing up in Taiwan, everyone there wanted Taiwan to be more like America, but how, in fact, Taiwan was practicing the right way back then. Wes said something about people becoming really dumb nowadays. (17) Facebook will collapse. (18) The girlfriend whom the Russians had prepared for me was just a secret agent. (*Not! Bullshit!*) (19) I only know the conclusion of the show, but not what's going to happen in the middle. (*I was sort of correct here!*)

*(And so today's conversation between me and Wes had achieved three functions: (1) I made some correct conjectures about the current law enforcement investigation of me and the Secret Society women which the Invisible Hand would use to convince the new law enforcement officer that I did not in fact suffer from schizophrenia – that I was just guessing all the time. (2) All my wrong scenarios – about the "Feminist Lawyer", the impending arrest of the Secret Society women, and Ekaterina's love for me – the Russian diplomatic mission and Homeland Security CO chief would use to try to convince the new law enforcement officer that I did in fact suffer from schizophrenia. (3) My speculations about BOL's program were partly correct and partly incorrect and would in any case become the Invisible Hand's evidences in the secret ICJ trial he was conducting with BOL, but the Russians and Homeland Security CO chief would presumably point to their bizarre nature as a way to try to convince the new law enforcement officer that I was indeed a psychopath. Nonetheless, by the end of the day, the new law enforcement officer was expected to side with the Invisible Hand and continue to dismiss the Homeland Security warning about me.)*

Now, the Secret Society women's operation on my website today. 4:10 AM,

This really seems to be Dr P – the “SPH-L710” volunteer – and yet something is just not right: (1) we have here “SPH-L710T” instead of simply “SPH-L710”; and (2) the Google Chrome here is 28.0.1500.94 whereas, back in 25 November, it was already 33.0.1750.517. Now “SPH-L710T” was Samsung Galaxy S3 Tri-band. If Dr P had updated her phone from KitKat to Tri-Band, why did her Google Chrome revert to an earlier version?

My plagiarism.

Now, let's consider what happened today. The special visits today seem to suggest that, after the Russian diplomatic service had submitted their surveillance on me from last night to the new law enforcement officer this morning – a sort of protest: “How can you have rejected this stalking and hate crime case? See, he's vandalizing again!” – the new law enforcement officer was obliged to listen to the “special witnesses” again. First, on 7:11 and 7:20 AM, Kiersten got two volunteers to report to him about how I had harassed her by blogging about her and posting her messages to me on my website. Then was Dr P. On 10:52 AM, when Dr P was in her office (assuming she wasn't home), she talked to the officer: “I can assure you, Officer, he's dangerous because he's totally delusional. Look, here he writes out all his delusions about our going after him on his blog” (looking at /gang-stalking/ on her laptop). Apparently, by 11:30 AM, she was out of her office and, on 11:37 AM, she talked to the officer again to repeat the same testimony (looking at my blog on her phone). By 12:45 PM, when she talked to the officer for the third time, she had returned to her office. But, because she had just returned, she was looking at my blog on her phone: “I do see his blog here. Full of delusions about our going after him.” (And she had logged onto to her office's network on her phone.)

Then, following Dr P's testimonies, the Secret Society women mobilized three volunteers to report, on 1:53, 2:03, and 6:15 PM, on my delusions about my women victims' going after me. Kiersten also summoned another volunteer to report on her behalf on 3:32 PM. Then, on 5:04 PM, SDW summoned a volunteer to report on her behalf (how I was obsessed with her and left messages to her on her blog).

Then, from 6:19 PM onward, the Lincoln Center volunteer also showed up to report to the new law enforcement officer what devilish things he saw on my website. Then, from 6 to 8:30 PM, Homeland Security CO chief had the new law enforcement officer listen to my conversations with Wes: “Look, he really *is* delusional (the Feminist Lawyer, the impending arrest of the Secret Society women, and Ekaterina’s love for me) and bad-to-the-bone (my speculations on BOL’s program).” However, soon afterward, the new law enforcement officer expressed his inclination to ignore the case because, again, there was no convincing evidence that I had plagiarized (so that the Homeland Security warning about me was invalid). Thus, on 9:04 PM, a Thailand volunteer was summoned to forge evidence of my plagiarism. Nevertheless, the case was dismissed, which became unfavorable evidence in the ICJ for Homeland Security CO chief and his Russian friends. In response, on 9:53 PM, Homeland Security CO chief sent in an agent to post stupid messages to me under my most stupid Youtube video so that faulty surveillance can intercept something stupid and crazy into the ICJ as evidence to confirm that his warnings about me might be correct after all.

Besides all this, there were also reports today about my naked picture of Angelica on my website, my harassment of Shizuka, and my plagiarism. Note especially the three visits to my chapter on Plato’s *Republic* ([whysouldwebejust.html](#)) on 8:55 AM, 4:17 PM, and 10:30 PM, all from the Los Angeles region – the Secret Society women had especially focused on this chapter today as the definitive proof of my plagiarism.

## **26 January (Monday)**

*First, a note about myself.* Woke up around 3 or 4 AM. Tried to sleep more, while playing the same Chinese movie. By 8:30 AM, got up and nervously went to the storage. What if the lock couldn’t be cut? On the train, sat behind another pretty AWF who caught my attention. Would later wonder: what if the Feminist Lawyer was required to show up in front of me? But this AWF seemed too young, though. At the storage, was told that the facility will call a locksmith free of charge to cut the lock, but I wasn’t allowed to be present to witness the cutting. Didn’t insist on it in order to not look suspicious. But was sure that law enforcement would take the opportunity to take inventory of the content of my unit in order to gather further evidences against my stalking victims. But perhaps my stalking victims would create a situation where they would be the only people allowed to know what is in my storage unit so that they could lie to the police saying they have found child pornography and computer-hacking devices in it, etc. Was told that the facility would contact me on next Monday once the lock was cut. They charged me for a new padlock.

At the Hispanic restaurant near home, and did more reconstruction. Two persons came in who seemed to be conducting surveillance on me. Highly uncomfortable. (*Homeland Security and the Russian diplomatic service’s joint surveillance on me?*) Home. MST (brunet). Slept until 5:30 PM. Lay around, and then wanted to download my log for the day before going on collection. (Intending on xxxxxxxxxx tonight, because of Angelica’s anger behind last Thursday night’s happening.) But, somehow, the cPanel interface had changed, and the button to click on to download the log wasn’t there anymore. Were my stalking victims trying to prevent me from seeing what they had reported so that I would be defenseless while collecting tonight? Angered, further motivated to collect damages. Called Bluehost.

Told that cPanel was being updated and bugs hadn't yet been fixed. Thought that SDW, etc., were not related to this – only to realize later that the Feminist Lawyer might very well have given them the control to program my anger in order to bail herself out. (*Complete bullshit! Just looking delusional to please Homeland Security and so on.*) INDNA, at first frustrated, because it was raining, which somehow made it difficult for nails. Eventually, **10 N, 4 B**. A van, when its driver saw me bending down in the middle of the road, stopped, then carefully drove past the nails, made a left turn into the alley, and then came out from the neighborhood again to catch me in front of it. Evidently the investigators. (*Right!*) There were several persons and vehicles which also seemed to be conducting surveillance on me (filming me collecting damages), which seemed to indicate that Veronica had not asked the investigators to place cameras all around the neighborhood. Tonight's operation must be: the Secret Society had gained access to the control center, programmed me to collect damages (even if I had already decided to do so in response to previous events), and then made sure to send people in (via the police?) to film me so that, later, they could demonize me to the Hispanic population as well. The goal is to unite white people and Hispanic people against me, in the process cementing the bond between the two groups. After realizing this, I actually had no objection to the process, as long as I could safely get out of the United States. (*Although this was a wrong scenario about the objective of the Secret Society women and Homeland Security CO chief, you might very well see it come true in the future.*) Returned to downtown by 10:30 PM.

Would be filled with confusing feelings about the Feminist Lawyer all day long: should not be too soft toward her (making myself look weak and inferior), even though I was supposed to produce evidence showing me loving her and hating her at the same time. By night fall, concluded that I need not be too concerned with my feelings for her, since it must be the Democrats who have wanted to educate her about “who the boss is”. (The Mother is showing her Daughters that she doesn't owe her own children anything.) But also felt sorry for the Feminist Lawyer for she must be heart-broken to learn that BOL, Clinton, and the CIA have all agreed that society needs to treat women as harshly as it treats men in order to force them to develop – this sympathy contrary to my previous disdain for the cultural feminist ideal. This, again, made me look like Kiersten was right about me: it's angering because what it in fact shows is that I have a lot of sympathy, a good quality, which is now made to look like a bad quality. (*Again, just so much bullshit here, and I have no idea whether my wrong idea you see here about the Feminist Lawyer would become true later on.*)

Decided not to dwell on these feelings since there is no future with Americans. In the future, the only possible relationships with Americans are restricted to those “revolutionary minorities”.

Since morning, had also decided on “who to bail out” in case there shall be such a chance: Nana, Jalise, and Liana, but not Kathy. Not Kathy because one shall never act on attraction to appearance alone (unless it's entirely for my own benefits). There have to be other reasons for actions. (*Worthless reflection.*)

At Starbucks, Westwood, until 2 AM. Almost closing time, and a bald head AWF came in to charge her phone next to me. This reminds me both of “Double Smile” and the bald head AWF performer in the Secret Society. (*Probably just something irrelevant.*)

*(And so you thus see that, since the new law enforcement officer dismissed the case on me last night, tonight Homeland Security and the Russian diplomatic service moved into action again against me. They conducted surveillance on me this afternoon, and then tonight sent in the investigators to film me during my vandalism spree.)*

We can certainly guess why she was doing this. Since the new law enforcement officer had dismissed the stalking and hate crime case, Homeland Security CO chief and their Russian friends were in terrible need of some evidence to temporarily lock up the previous ICJ trial. The two comments on my Youtube channel from last night were not enough, and so Homeland Security CO chief instructed Dina to post this message on my Facebook. Faulty surveillance would then intercept evidence into the ICJ suggesting that I had impersonated a doctor and posted something on my Facebook which I had simply stolen from other scholars. In addition, if I were dumb enough as to reply Dina, there could be more reporting to the new law enforcement officer that I was stalking her.

Let's summarize what happened today. Today the Secret Society women tried one last time to convince the new law enforcement officer that the Homeland Security warnings about me were true and that their hate crime case against me should be taken seriously. The reporting today included: (1) my delusion about how my women victims were going after me. (2) My harassment of Shizuka. (3) My delusion about the chips inside my brain. (4) How my delusions had prompted me to commit crimes (my July diary). (5) My delusion about Angelica (the Kiev volunteer on 10:46 AM). (6) How my delusions had prompted me to write crazy letters to international organizations like IACHR. (7) How I had painted Angelica nude. (8) My harassment of Robin with my painting of her. (9) My harassment of the ICAACT people by blogging about them. (10) My extensive plagiarism (including my violation of Dr Brizendine's intellectual property rights).

Note that, in order to obtain evidence to temporarily lock up the previous ICJ trial, Homeland Security CO chief instructed Dina Bergman on 4:07 PM to post something from a certain "Dr Lawrence S. Chin" on my Facebook. Then, later in the night, a fourth volunteer from the Los Angeles region looked up my chapter on Plato's *Republic* (whyshouldwebejust.html). Meanwhile, tonight, the Russians and Homeland Security sent in more investigators to film me placing nails on the street.

**27 January (Tuesday; Russian surveillance/ no collection)**

*First, a note about myself.* Worked on the 26 May reconstruction until 6 AM. Attached it to “Kiersten V”. Thus online. Wanted to see whether the Secret Society women would find it this time. Tried to sleep while watching “Mishima”, another documentary on Yukio Mishima, Bonnie Lee’s videos, and then a documentary on the murder of a woman in 1999 (hosted by Dr Michelle Ward). Couldn’t sleep. By 11:30 AM, went to eat at the Korean restaurant. Read “Ezra”. Came home, and was allowed to sleep until almost 6 PM. TNT, downloaded my log. Then looked at “suppl\_pld\_4\_113b.pdf”. (Since last night, had been believing that “Double Smile” would be my girlfriend to replace evidences.) However, became alarmed because the passage noted that going to Russia would bring a lot troubles there. (*Ha! I would completely ruin myself should I go to Russia.*) On the Metro going to Home Depot. There seemed to be a Russian surveillance agent on board (a Russian female wearing earphones)! Further alarmed. (*Frustrated with their inability to get through to American police – because the new law enforcement officer had this morning again rejected the videos of my placing nails from last night – the Russian diplomatic mission had decided to send in their own surveillance agent to run surveillance on me in cooperation with Homeland Security.*) Going out on Western station, I noticed two more Russian girls in front of me. More alarmed. Bought nails. Ate at the Chinese fast food. Suspected that WACLA members had also been recruited by the Secret Society women to complain about my website. Home. Then left for Novel Café. Very few AWFs. Somebody was reading *Homicide Special* (Miles Corwin). Looked at the book on Google Books and began developing the scenario. Left by 2 AM.

The scenario: July. It’s of course the CIA who has notified the Russian government that the Hardliners have stalled the ICJ trial (and thus caused the TMU to screw up my reinvestigation). Ekaterina thus joins the Secret Society in order to reactivate the ICJ trial. The United States must either reactivate the trial, or lose the “secret weapon” to the Russians under “victim confidentiality”. Trial reactivated, Russia and the US come to an agreement on the “plan”. Ekaterina shall stay in the Secret Society as a mole for the FBI’s sting operation on the Secret Society women. Eventually, when the Secret Society is entirely arrested, the US government can charge them with the additional crime of linking up with foreign powers to destabilize the US (thus discrediting feminist organizations as “foreign terrorist organizations”). Mid-December, the Secret Society drops the TMU and appeals to local law enforcement agencies, who are unaware of their history, and whose “trainer” has not briefed them on this. They don’t know that Ekaterina is a mole for both sides. My incessant appeal to her has caused the detectives to suspect the Secret Society as a Russian intelligence operation. The FBI has refused to divulge to the detectives the details of its infiltration of the Secret Society (including Ekaterina) because it wants also to gather evidences about how the Secret Society is deceiving local law enforcement detectives in order to commit crimes and treasons. The detectives thus even suspect me to be a Russian collaborator. Does this cause difficulty for my asylum-seeking? It must be in late October that the Russian government has already decided that I should seek asylum in Germany, a neutral state, instead. Why? Hasn’t the CIA already established in the ICJ in late October that I didn’t collude with Ekaterina? This must be part of the agreement between Russia and the US: If I seek asylum in Germany, then it will look in the US as if the Russians were trying to avoid looking guilty, thus making the Secret Society look even more guilty of collaborating with foreign powers to destabilize the US. The Republicans will thus launch a “total war” on feminist organizations. The CIA’s plan: to use the Republicans to beat down feminism so unfairly that, when Clinton comes to save feminism in 2016, there will be no “radical” spirit left in it whatsoever. Clinton wants feminist organizations (her

constituencies) to cut down their radical spirit by 50 percent, so she will use the Republicans to destroy their radical spirit by 100 percent; then, later, when she comes, she can take credit for reviving 50 percent of the feminists' spirit rather than taking the blame for destroying 50 percent of their spirit! She will thereby not have offended her "daughters" at all when she teaches them that "the Mother doesn't owe the Daughters anything, but the Daughters owe the Mother everything". How clever!

Home. 5:20 AM, discovered that the video I watched this morning (the stalking, murder, and rape of a woman, "Jennifer", hosted by Michelle Ward) had disappeared from my Youtube video playlist. The video was apparently deleted by the user. This caused me some anger.

Will "Double Smile" take me to Germany? (*Ha!*)

*(First of all, the stupid scenario you see above is just the Monkey's programming me to look delusional. Then, as you shall see, the Russian diplomatic mission sent in their own surveillance agent to watch over me this early evening because they had hatched a new plan with Homeland Security CO chief as to how to cause more evidence in their favor to enter into the ICJ to lock up the previous ICJ trial.)*

Now the Secret Society women's operation on my website for today. 4:10 AM,

*Now SDW was out around this time.* As she would note in her “First Responder Harassment Log, January 2015”: “1044 [am] – San Diego Sheriff Dept. patrol car parked in intersection at Westlake and Requeza watching traffic. (Encinitas) 1255 pm – Encinitas Fire Dept. in uniform syncs walking in front of me as I approach the checkout at Sprout’s on El Camino Real. He is eating in front of me which is mimicking harassment. (Encinitas) 103 pm – Passed by 3 San Diego patrol cars back to back as I wait to exit Ralph’s shopping center on El Camino Real. Car # 20669 w/ plate # CA 1213064 w/ female driver. Car # 20953 w/ plate # CA1257818. Car #20363. (Encinitas) 105 pm – Passed San Diego Sheriff Dept. Traffic officer on motorcycle at intersection of Via Molena and Encinitas Blvd. (Encinitas) 457 pm – Passed by Rural/Metro red ambulance at Encinitas Blvd. and Quail Gardens Dr. (Encinitas) 458 pm – Passed San Diego Sheriff Dept. patrol car on Encinitas Blvd. West just east of Quail Gardens Dr. (Encinitas).” Thus, although she seemed to be out the whole late morning and afternoon, she didn’t seem to have ventured far. Did she meet with somebody from 11 AM to 12:30 PM in Encinitas? And what did she do and so on from 1:30 to 4:30 PM?

Now let's summarize what had happened on this momentous day. There seemed to be more reporting this morning to the new law enforcement officer as the last effort to convince him that the Homeland Security warning about me was correct: (1) my harassment of Kiersten by posting her friend's message to me on my blog; (2) my theft of Oliver's painting; (3) my harassment of Shizuka; (4) my delusion about the chips inside my brain; and (5) my plagiarism (of course). In addition, both the Secret Society women and the Russian diplomatic service seem also to have reported me to Microsoft around 8 AM in an effort to generate some temporary evidence to lock up the previous ICJ trial.

Then, since the new law enforcement officer refused to budge, the Russians and Homeland Security CO chief decided to use the international diplomatic channels to produce the evidence needed in the ICJ. (As you shall see, this was because the French (DGSE) (as well as the Chinese government) had agreed to help.) As both the French and the Russian diplomatic services had adopted the Homeland Security warning, they asked the "expert witnesses" named on the warning to report to them what they saw on the stalker's website: "So you are the personal acquaintances of this stalker of our President's daughter? Tell us about him..." The Fresno volunteer thus visited my website on 1:07 PM, another volunteer reported on my stalking and harassment of Ekaterina's family members on 1:28 PM, and then two more reports about my delusions about my women victims' going after me. Then Dr P made her own report in this regard on 2:59 PM. Then, 5:29 PM, the High Point volunteer reported that I was motivated by my particular brand of misogynist ideology to target my women victims and attack Hispanics. From this point on, the Russian diplomatic service then asked the "expert witnesses" to post on their secret Facebook page devoted to this stalker the crucial evidences they could find on the stalker's website. Thus, from 6 PM onward, just as the Russian diplomatic mission, working with Homeland Security, sent in a surveillance agent to watch over me on the Metro train:

6:14 PM, "Karin's Meetups": the stalker's obsession with, and delusions about, Karin.

6:38 PM, "Ying and Yang, II": the stalker's obsession with, and delusions about, Angelica and the French intelligence service.

6:56 PM, "Birth of A Mission, B": the stalker's delusions about Russia and the ICJ.

7:21 PM, "Birth of A Mission, C": the stalker's delusions about Russia and the ICJ.

8:17 PM, the April 2014 log: how the stalker developed his delusions about his women victims by mistaking the visits he saw on his log – and how he was a computer programmer and hacker.

9:42 PM, "Schizophrenic, III": the stalkers' delusions about China and the ICJ and so on.

9:45 PM, "Kiersten, V": the stalker's obsession with, and delusions about, Kiersten.

These evidences thus explained why the stalker had decided to act on his delusions and target Russia's First Daughter. The chapters "B" and "C" were crucial because these were the latest evidences the CIA would use against Russia should the previous ICJ trial ever be reactivated. The Russians must discredit them by entering evidence into the ICJ suggesting that they were but plagiarized or totally delusional materials. Throughout the night, there was of course more of the volunteers' reporting to the Russian

diplomatic mission that I plagiarized and hosted Angelica's naked pictures on my website or stole Oliver's painting and so on. When the Russian diplomatic mission took in all these reports and accessed the Secret Facebook Group to collect the "evidences", Homeland Security CO chief would intercept the communications into the ICJ as evidences to confirm that his warnings about me were correct and thus lock up the previous ICJ trial.

### **28 January (Wednesday; sleep deprivation; no collection)**

*First, a note about myself.* Kept on reading *Homicide Special* until past 6:30 AM. Enormously engrossed. Was not able to sleep until 8 or 9 AM. Then woke up just before 1 PM. Was sleepy. Lay around. Then, TNT around 2 PM. Checked the log and looked at Emily's List. Identified Jessica O'Conner as the person whom Clinton must have wanted to "convert". (*Bullshit.*) Chinese fast food. Home, rested for an hour, but of course was not allowed to sleep. Not too angry, however. Past 6 PM, got up, and suddenly was worried that the government might not allow me to seek asylum with Russia (even though I didn't actually want to live there). (*Programmed delusion! The Russian government wanted only the worst for me.*) MST (brunet and Samantha Brown). Already past 7 PM, set out for Draw Anything LA. Only now discovered that the meetup location had changed to a coffeehouse by Western and 3<sup>rd</sup> Street. Arrived there at 8 PM. Strangely, a seat was open next to Emiko (had always found her face enormously beautiful). Homosexual jokes. Tried to draw her repeatedly. The new person who might be the mole this time was Rebecca. (*She was not.*) At first, was not paying attention to her. Then noticed that she had a really good figure. Then was enormously impressed by her artistic skill. Left some time past 10 PM. Going to Westwood. Worked in Starbucks until 2 AM. A vagrant woman caused disturbances, and the police arrived. (*This was not a Homeland Security operation, was it? (To intercept me causing disturbances using the faulty surveillance Machine.)*) Toward the end, scratched my balls while watching the 18 year-old German girl singing Japanese and staring at an Asian girl (student). Walked down Westwood, **3 B**. Realized this general principle:

When you can't resist your Enemy, help your Enemy – to the extent that you can. Black people have precisely employed such method. When white people call them "nxxxxx", they begin to call themselves "nxxxxx". Then white people: "What's the point of calling them 'nxxxxx' if they begin to call themselves 'nxxxxx'?" Thus the Enemy is defeated. Thus the slogan: "Enjoy your Enemy's attack!"

*(I was really just recycling some old thoughts here. In any case, the Monkey didn't require me to commit crimes tonight probably because the Russians and Homeland Security were busy with their new plan.)*

Now the Secret Society women's operation on my website today. 4:10 AM,

Now let's summarize what had happened today. As the Russian diplomatic service continued to receive testimonies from "expert witnesses" about this extremely dangerous schizophrenic terrorist stalker of Russia's First Daughter, during the morning the volunteers made a particular effort to report my plagiarism and computer-hacking to them. Then, somebody important on the Russian side had got on line, and Veronica had to explain to him, from 11:50 AM to 12:10 PM, how this stalker, when he

Kiersten's Vengeance, 31  
Lawrence C. Chin  
Aug. – Nov. 2021

became obsessed with his woman victim, would develop the delusion that she was part of some government conspiracy to go after him. Then another UK volunteer concurred on 1:15 PM.

Then, from 7:57 PM onward, the Russian side asked the Secret Society women to supply and post more of these “crucial” evidences on their Secret Facebook Group:

7:57 PM, the women linked up the chapter “Fake Lawrence” (evidence of my harassment of the San Francisco Russian consulate with my delusions).

8:33 PM, the Dallas, Texas, volunteer reported something essential.

11:25 PM, the women linked up my February 2014 log (evidence of how I kept mistaking the visits to my website due to my schizophrenia).

11:26 PM, Kiersten reported on my harassment of her by posting her friend's message to me on my website (or mistaking a stranger's message for her friend's).

11:36 PM, SDW linked up my “Index of IP addresses” (evidence of my stalking of her by listing her visits to my website on my website).

12:48 AM, SDW linked up my May Diary (evidence of my obsession with, and delusions about, her).

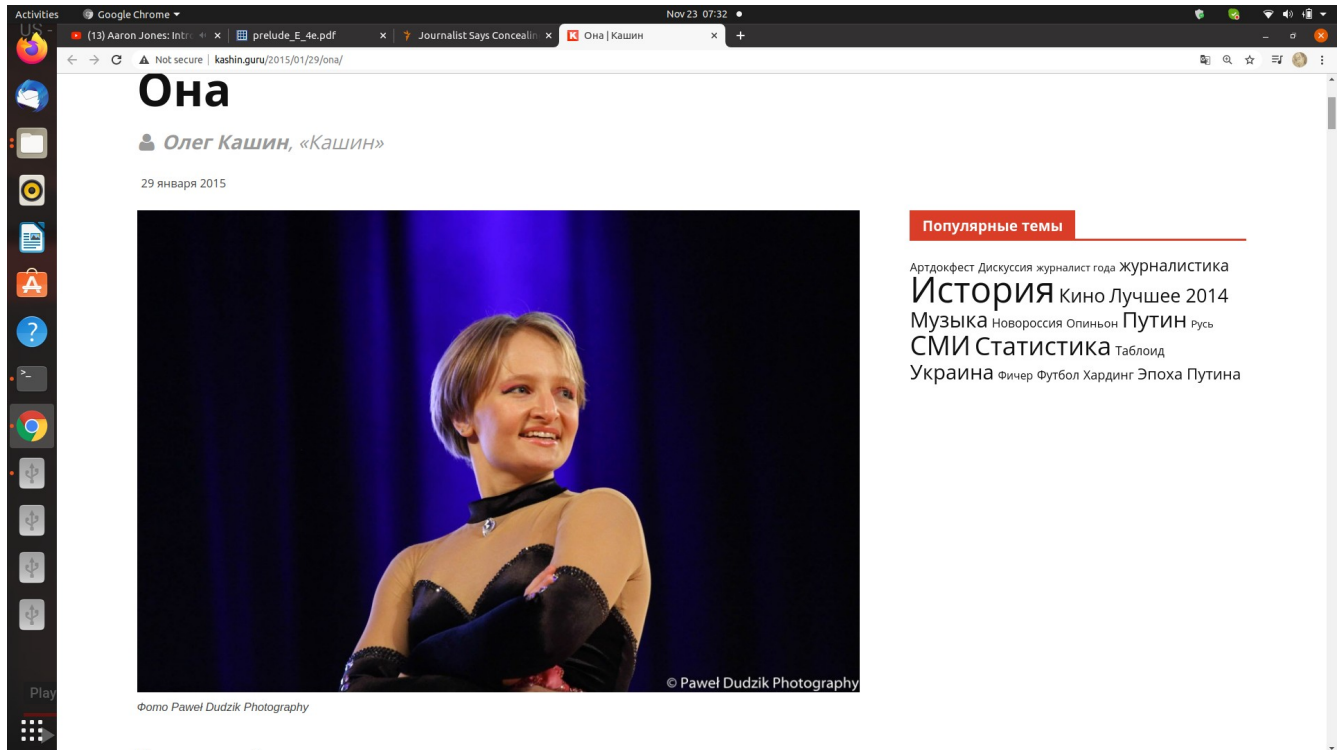

2:32 AM, SDW got a volunteer from India to report the same thing (my May Diary).

Now, why did the Russian diplomatic service want the Russian law enforcement (that for sure) to receive all these reports? Now that at least three nations (probably more: such as Iran and other allies of Russia) had pledged to recognize the Homeland Security warning about me and acknowledge that Russia's First Daughter Ekaterina had been victimized by this schizophrenic bad-to-the-bone racist and misogynist Chink living in Los Angeles, the Russian government could pretend to implement a radical method to protect her from this stalker in the cyberspace. Some time yesterday or today, the Russian security agency (the FSB?) contacted a famous oppositional journalist in Russia, Oleg Kashin, to ask him to perform a job for Ekaterina's family. In order to hide Ekaterina from the public view, they wanted him to publish a fake article pretending to identify someone else as Ekaterina so that the public could be deceived into believing that Ekaterina was not in South Korea but in Russia and was actually somebody else. They explained to him that it was all because of this “stalker” in Los Angeles, USA, whom American law enforcement refused to do anything about, and that many nations, including France, had pledged to validate this extreme measure as legitimate. For this task, Ekaterina Tikhonova, wife of the Russian tycoon Kirill Shamalov and a friend of Putin's family, volunteered. “Just say that Ekaterina Tikhonova is Ekaterina Putina.” Oleg Kashin went to work and, by tomorrow, would produce the famous article that can still be seen today on his website: <http://kashin.guru/2015/01/29/ona/>.<sup>16</sup>

16 Was it Kashin or the FSB officers with him that the Secret Society women talked to this late morning and early afternoon?

Kiersten's Vengeance, 31  
Lawrence C. Chin  
Aug. – Nov. 2021

In the coming years, all the mainstream media around the world would identify Ekaterina Tikhonova to be Putin's younger daughter – on the basis of this disinformation which Oleg Kashin had produced. Nobody outside the governments would be aware that this is in fact “fake news” – except for the Secret Society women and some of their volunteers. This fake story would spread like wildfire from Kashin's website onward, getting picked up by all mainstream media around the world, so that today it is virtually self-evident truth that Ekaterina Putina is masquerading as Ekaterina Tikhonova. Nobody would use his or her common sense to wonder: if Kashin really dared expose who Putin's daughter was, would he somehow be living in Russia completely unmolested?

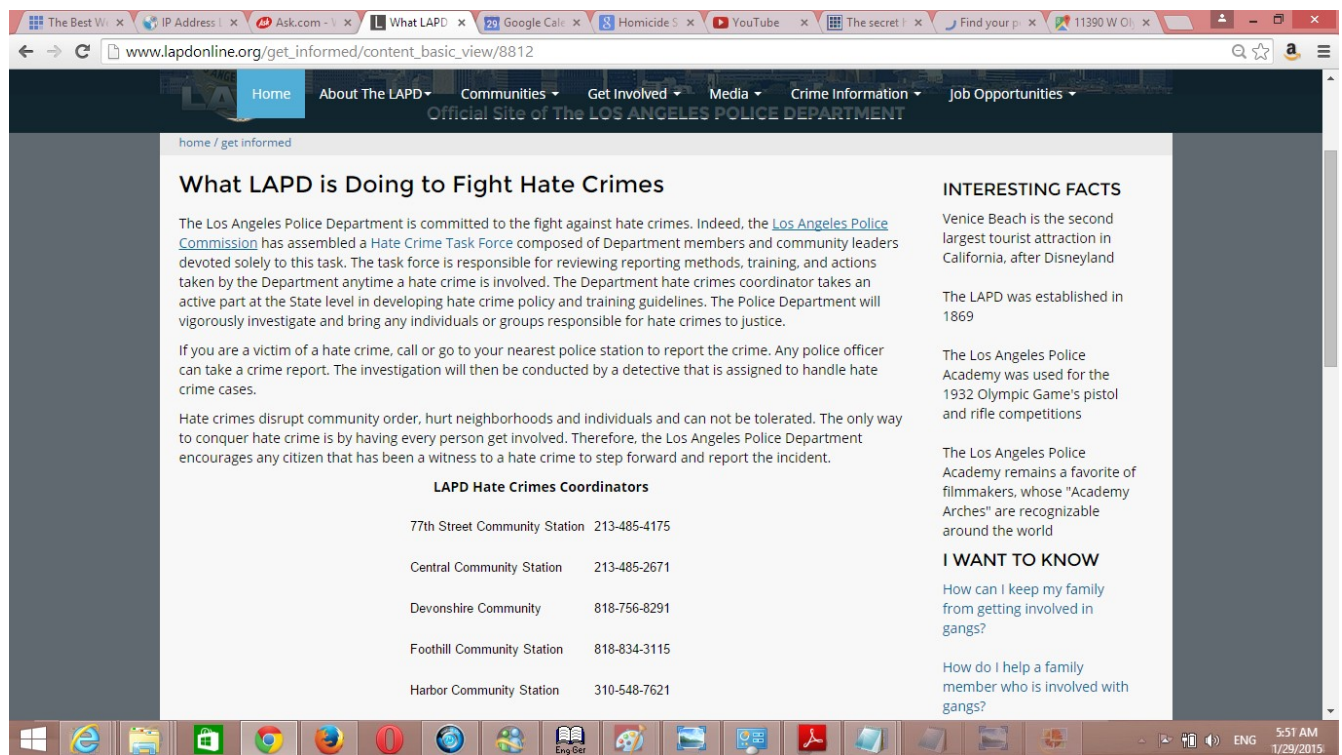

In fact Putin – now increasingly a psychopath, as you shall see – had performed a “one stone two birds” trick. First of all, the fact that many other governments had also legitimized this disinformation operation to protect Russia's First Daughter was intercepted into the ICJ as evidence enough to prove that the Homeland Security warning about me was correct and thus to lock up the previous ICJ trial. (We are merely waiting for the CIA to debunk this bizarre “hype over nothing” because, as you have seen, I had never “stalked” Ekaterina at all. There was but one blog post (and three before that) which I had already deleted.) Secondly, Putin could deceive his people in this way: somehow he was so liberal that, when a journalist exposed who his daughter was, he did nothing – as if he so respected the “freedom of the press”. Ha! The dumb dumb Russian people and peoples of the world!<sup>17</sup>

<sup>17</sup> I shall also include here something I wrote today which would become my blog post two days later, “Prophecy”: “When the ‘Total War on Women’ shall start (e.g. surveillance of feminist groups as if they were national security threats), it's obvious that women Democrats will protest in precisely the way in which the problem has been noted: ‘These women were purposely selected to fit the 1950 misogynist stereotypes of women... ## 29 January (Thursday; the French Consul General)

*First, a note about myself.* 5:08 AM, I signed up for the “Hello Tomorrow” event tonight where the French Consul General (Axel Cruau) would give a speech. (*I didn't yet know what I was about to get into.*) Then, past 6 AM, after reading pages in *Homicide Special*, suddenly decided to search for “LAPD hate crimes”. Got extremely angry, realizing SDW's and Angelica's tactics in mid-December, and also how crazy I must have sounded to LAPD hate crimes detectives. Motivated to resume collection. Woke up a little past 12 PM. Will be sleepy all day long. Went to TNT, thinking about what to blog. Must blog about the new discovery before collection. McDonald's, then Starbucks, Westwood. Started posting the blog post for 30 January, “A more precise update on Kiersten's Secret Society's sixth claim against me”.

Looking up LAPD hate crime divisions this morning

Republican-voting skinhead and say: “That’s what all Republicans are like?” These women Democrats will not really mean what they say; they just have to protest like this – even though it’s true – because: how else can they possibly face their constituencies – like the Emily’s List – if they agree with the Republicans? But then the Republicans will respond: ‘All laws protecting women are also based on the actions of a small minority of men... the FBI puts Muslim groups under surveillance also in response to the possible actions of a small minority in them. The minority *is* the majority. When European governments forbid communications between their citizens and ours, it’s also because of the actions of a small minority of Americans. The extreme cases determine the rules for the majority. It’s always been like that.’”

Finished posting by 5:15 PM. Rushed toward Olympic Blvd. The event with the French consulate was on 6:30 PM. Must dump all nails before that time. There seemed already to be many surveillance agents around me. (*Guys wearing earphones*). **4 N** around Olympics and Sepulveda. However, “Asian hits”, it seems. No more time, must hide the nails in bushes before going to the event. But then what about the brand new spray? Didn't want to lose it. Suddenly lost all interests in the event. Too much troubles. Didn't know why the control center had decided that I should not go to the event after all. In order to increase the Secret Society women's frivolity? (*Wrong!*) Going to the Promenade, and one still seemed to be surrounded by surveillance agents. **11 N, 2 B.** (Some AWFs.) Came back to Westwood. Increasingly angry. Posted on my blog:

Hopefully today I have made myself look crazy enough that a compromise with my stalking victims could at last be reached. As long as I will not be arrested, I'm perfectly willing to continue to commit crimes against xxxxxxxxx (or xxxxxxxx). I don't know what happens lately – but, for a whole year in the past, there has been not a single person who has visited my website who is not a member of the Secret Society (unless you count the specialists whom law enforcement has hired to look at my website). All search engines around the world have clearly been programmed to protect my stalking victims' confidentiality. Thus, as long as my stalking victims continue to maintain their “victim confidentiality”, nobody will ever see my description of their crimes against me. And, whenever law enforcement violates their confidentiality and looks at my website, it's no use. I can only describe the women's criminal conducts several months after the event – by which time the control center will have [programed] me to do something to discredit myself.

I've learned my lesson by now, and promise you that I'll continue to commit crimes daily, so that it's not necessary to hurt me, okay? I enjoy attacking xxxxxxxxx as well (whenever I think of you), and it's in your interest that I continue to attack xxxxxxxxx as well. And so – as long as there is no arrest. Just know that, whenever I smell something, I'd stop committing crimes – and you'll be damned; and whenever arrest happens, I'll always assume that you are behind it.

And now you can report me for saying crazy delusional things about you, etc. You are my God.

*And I noted further:* Of course, I might be further endangering myself here... “He, out of his delusional mind, really believes that somebody is controlling his thoughts to make him commit crimes, or that we will hurt him if he doesn't commit crimes...” But there is really no other choice. These God-damned mother-fucking xxxxxxxxx control my entire thought-processes with brain-chips and a supercomputer, and there is no possible way to top it. If they want you to go down for attacking them out of mental delusions because they hate your brain, they'll succeed.

Worked until 12 AM. Realized that the Invisible Hand wanted many Americans in key positions to understand me better, because he feared that I might understand Americans better than they can ever

understand me. Is this an indication of my future? Finally, collection, BRNTWD. **3 W (PRSBTR: 5<sup>th</sup>), 1 B. 6 H. 1 SPC.** Just before PRSBTR, a car came over to make a U-Turn in front of me, as if to film me. Does Kiersten want to recruit church members into her organization? Done by 2 AM. Near home, **1 B.**

*(What really happened tonight was this. It was in fact the Monkey and Homeland Security CO chief who had remotely controlled me to sign up for the "Hello Tomorrow" event tonight. Now that the French diplomatic service, under the DGSE's insistence, had legitimized the Homeland Security warning about me, their next step was to create an incidence where I would seem to pose threat to the French Consul General so that there could be more evidence intercepted into the ICJ to confirm that the Homeland Security warnings about me to the diplomatic missions around the world ever since 2007 were correct. It is also in order to consolidate the status of Homeland Security's warning about me in the diplomatic circles – so that favorable evidence might enter the ICJ – that the French consulate protection service ran surveillance on me all night tonight and then received reports about me from the Secret Society women and their volunteers. More on all this, later.)*

This visit was quite important. By this time Oleg Kashin had already posted his article on this website. The Russian diplomatic mission (together with their French and Chinese allies) must have asked Bing and Google and so on to make sure that “Ekaterina Tikhonova” would from now on be confused with “Ekaterina Putina” in all the search results in order to protect this latter *victim extraordinaire* who was targeted by such a dangerous and bad-to-the-bone schizophrenic terrorist stalker living in Los Angeles. This volunteer was instructed either to do a test search or to report to the Russian diplomatic mission that I was now stalking Tikhonova instead of Putina. (Note that she didn't spell Tikhonova's last name correctly.)

It thus seems that, around 7:30 PM, when the gang had finished much of the reporting to the French, she decided to take a break and went out for a walk.

This is the first visit to this new blog post of mine. As you can see, the Monkey had controlled me to post this earlier in the day for a very strategic purpose. This blog post basically started off with some correct information but then continued and ended in completely erroneous understanding about what was going on. Most importantly, at the end I asked the peoples of the world to rise up to exterminate xxxxxxxxx. Now that the French, after all the surveillance, were asking the community for more information about this schizophrenic terrorist stalker, this volunteer – wherever he was: could he be a LUG buddy? – reported that he saw me speaking more delusions about my women victims and then, at the end, expressing my wish to exterminate xxxxxxxxx. This not only fit me into Homeland Security's profile of me as an anti-American terrorist, but also qualified me as a "danger to people". Then, 10:49 PM, or less then 3 minutes later, this volunteer came to my front page:

Now, let's summarize what had happened on this (another) momentous day. From 5:30 to 6 AM, the Russian law enforcement seemed to be doing some checking on my website. Then, from 8 AM onward, the French diplomatic mission had been notified that I would show up on the French Consul General's event tonight and the French consular protection service thus went into action. They contacted the

Secret Society women as the “expert witnesses” on me and the women started mobilizing their volunteers:

8:18 AM, “Tikhonova” (Florida).

8:40 AM, a volunteer from the Canadian Space Agency certified that I had indeed plagiarized.

10:14 AM, a volunteer from the University of Maryland reported on the stalker's website.

10:21 AM, a report about my misogynist rambling (“Foucault on bio-power”)?

10:26 AM, the “LGMS500” Los Angeles volunteer reported on my delusions about my women victims' going after me (especially SDW).

Then, many more reports about my plagiarism.

11:13 – 11:20 AM, the Alaskan volunteer reported on my delusions about my women victims' going after me (especially SDW).

Then, more reports about how I had kept Angelica's naked pictures on my website.

2:20 PM, a Norwegian volunteer reported about my obsession with, and delusions about, Ekaterina's father.

5:11 PM, a report about my harassment of Dr Brizendine (from Dr Brizendine herself?) by keeping her pictures on my website.

The Secret Society women's objective was, as always, to impress upon the French consular protection service that the Homeland Security's warning about me was completely correct and that they were expert witnesses about me. (This convincing was of course hardly necessary since the DGSE official in question had already instructed his consular protection service to accept the warning as true.) Then, by 6 PM, the French had started their surveillance on me and were watching me doing my nails and then getting on the bus to go to Santa Monica, skipping over the Consul General's event. Meanwhile, the volunteers continued to submit more reports:

9:52 PM, how I kept mistaking strangers' messages to me for Kiersten's.

10 PM, my delusions about Karin, BOL, and so on (“Faulty surveillance”).

10:17 PM, my harassment of Dr Brizendine again by blogging about her.

Then, on 10:46 PM, as the French had done enough surveillance on me and asked for more testimonies about my website, this Opera Mini volunteer (a LUG buddy?) first reported on my latest blog post (the most damaging one, about how I was an anti-American terrorist), and then testified about the rest of my website and blog for the next 20 minutes – confirming in every respect that Homeland Security and the Secret Society women had always been right about me. (By this time, I was already in Starbucks, Westwood.) Then, on 1:35 AM, a volunteer from France (!) reported to the French consular protection service about how I had also developed bizarre delusions about our Boss Cheney. Again, Homeland Security CO chief had taken care to intercept all these confirmations of his warnings about me since the very beginning into the ICJ in order to lock up the previous ICJ trial. Finally, after 2 AM, the Secret Society women's investigator caught me collecting damages in Brentwood. This would also soon be reported to the French.

**30 January (Friday; Ukrainian Foreign Ministry)**

*First, a note about myself.* Before sleep, watched the 18 year-old German girl singing Japanese. Was the Secret Society trying to frame me for pedophilia and recruit her? Are they planning on shipping me to Germany for extermination (because, they might be told, Germany has tougher laws for pedophilia)? (*Complete nonsense: programmed delusion.*) Slept past 7 AM. Woke up past 12 PM. Lay around a little, slight sleep deprivation. TNT, Jons, chickens, and then going to Sabor. Excited by the things I wanted to say to Wes. Left two messages for him. However, he never called back. Arrived in Sabor, past 6 PM. Worked until 11 PM, until the open mic had finished. At times was excited by the reflections on the scandal, but generally calm, and then depressed over loneliness. Desert condition. Then, collection on Franklin. Changed clothes. Suddenly, a car swung in suspiciously and then drove away. Obviously the investigator trying to film me changing clothes. This means that the Secret Society women must have lined up Franklin with surveillance cameras too. (They needed the videos of my changing to match up with the figure on the road with me.) (*Was I correct here?*) Still, in a better mood: it's nice to be Kiersten's gang's "patsy". **11 N.** Toward the end, noted the breakdown to myself: 2 AWF, 7 WM, and 2 others: normal. Sighed. Then, rode the Metro to SPSDN. On the train, Blue Screen of Death! Just when I was writing: "The US will present the surveillance to the UN..." (09/08/09). Severe physical pain for a short while. Document recovered. For a while, was confused about what stories Kiersten and so on will make up about me. Several cars seemed to be there to film me. Banged on one window with a stick, but it was unbreakable window. However, did Kiersten and so on request the control center to produce an impression of my attempting robbery? **3 W, 4 B, 3 H, 1 SPC, 2 mirror.** Done by 1:50 AM. Too late for King King. Very upset tonight. The collection was insufficient to kill pain. Downtown, around 2:20 AM. **1 N.** Denny's. Wrote:

The purpose Kiersten's Secret Society's nightly filming of my collection of damages is to distort, for whichever law enforcement or government agencies they are currently reporting me to, my actions (insurgency warfare) into something else (e.g. a misogynist terrorist who attacks women out of sexual frustration with himself). They do this not only for the purpose of demonizing the suspect, but also because that's all they can understand – people cannot describe things which they can't comprehend. Any expert will easily see that the suspect's actions belong to the realm of insurgency warfare, such as among the Iraqi insurgents during the Iraq War or the French resistances during the German occupation, i.e. harassing the enemy in order to drive up the cost of the enemy's operations, both to gain the satisfaction of revenge and to create deterrence in the future. Even the tactics are the same. But it's impossible for Kiersten and her gang members to understand this. What's really going on is simply "civil war", i.e. citizens are warring against each other in order to annihilate each other from the face of the planet.

Part of the US government's purpose in allowing Kiersten's Secret Society to exterminate the suspect must be to allow the current case to be prosecutable under international terrorism law, since, ever since 911, much of the classic insurgency warfare has been redefined as "terrorism", and thus made illegal. The purpose is then to "legalize" terrorism again by redefining it back into "insurgency warfare". During the Cold War, recruiting Islamic fighters in a certain territory to fight against a nation-state in that region was accepted by both the US and the USSR as a legitimate tactic in nation-state competition, since both parties have an interest in employing such tactic (recruiting discontent elements

in the enemy state to fight against it) insofar as state-to-state direct confrontation will result in mutual annihilation. Indirect confrontation through proxies on a small scale is the only safe way to resolve differences or to perpetuate competition. Today, however, such tactic is made “illegitimate” and would cause the nation doing it to be convicted as “terrorism-sponsoring state”. Thus, as both nations have an interest in returning to the Cold War architecture – nation-state competition in order to drive up their respective citizens’ capabilities under external pressure, insofar as both nations are extremely concerned with the languishing of their citizens’ capabilities under consumerism – they must both want to convert the current international legal order back to the primitive state during the Cold War periods, when funding discontent fighters in foreign territories was considered “proper” with no demonic meaning attached to it.

Nobody can imagine, however, that [BOL] will allow superpowers to continue to fund local guerrillas to fight against unstable governments in Africa, since it is precisely this which has so retarded Africa’s development. Probably not in Caucasus either. So she will probably set limits to the re-legitimization of tactics currently banned under international terrorism laws. Superpowers will probably not be allowed to fund insurgency warfare in regions which have been subjected to such condition for too prolonged a period. But I don’t know where else you can do this. Thus, the CIA’s interest in the “re-legitimization” probably lies mainly in the ability to admit that many Al-Qaeda members were actually CIA/ Pentagon/ NATO operatives who got framed when the policy regarding funding Muslim fighters suddenly changed under the Bush administration.

[BOL] might think that the Russian “funding” of Kiersten’s Secret Society in United States falls within the realm of legitimate use of foreign proxies since it has exposed certain weakness in the US system without having toppled it completely. (Educational.) She will probably set the limits according to consequences for the affected region.

The conflict in the “Kiersten Affair” has continued because people have different definitions of the same thing. The core members of the Secret Society will never give up annihilating the suspect because they are motivated by a grave sense of [having suffered] injustice, i.e. angered by “sexism”, and they are so angered because they define “sexism” as “not giving women what they want”. On the other hand, the authorities define “sexism” as “not giving women what they could legitimately demand” (the traditional meaning). Namely, the whole problem lies in the dissolution of the meaning of the term “sexism”: the meaning of the term has become very vague in the heads of some people. These women’s mind is in the process of dissolution.

*(As you shall see, these notes will become part of my blog post for 14 February, “Putins Volk/ Merkels Volk”. We shall reserve our commentary until then. Now, as you can imagine, Homeland Security and the Russians continued to instruct the Secret Society women to send in their investigators to film me collecting damages because they wanted to have more evidence for the hype that was currently taking place about me in the international diplomatic channels.)*

This was the most important visit for today. At the time, not understanding what was going on, I noted: "Did Ekaterina refer this person to SDW? To make a mess? Does Ekaterina want herself to be demonized in the US?"

Ukrainian Foreign Ministry's website at the time

In reality, *this* was most likely what was going on. Hours after the hype with the French diplomatic mission last night, the DGSE official in question (who wanted to protect Boss Cheney and Sarkozy at all cost) contacted one of his counterparts in the Ukrainian government who was also a fanatical

devotee of Boss Cheney, and the latter agreed to do something to produce more evidence to confirm Homeland Security's warnings about me. This Ukrainian ally thus instructed somebody in the Ukrainian Foreign Ministry to produce a false report about my website and enter the report into the official Ukrainian diplomatic channel so that, on the one hand, the Russian government's latest stunt to protect the identity of Russia's First Daughter could be more justified and, on the other hand, Homeland Security CO chief can intercept more evidence into the ICJ to enable him to lock up the previous ICJ trial. As for the visit here, you can see that the Ukrainian officer was trying to confirm Homeland Security's profile of me as a plagiarizer. He had just pretended to receive the Homeland Security warning about me from the French and the Russian foreign ministries and, in accordance with the warning, contacted the Secret Society women who were supposedly expert witnesses on this bad-to-the-bone schizophrenic misogynist and racist terrorist stalker. It was the Secret Society women who had instructed him as to how to search for my website.

My delusion about my women victims' going after me (especially SDW).

3:58 AM,

202.67.40.50 - - [31/Jan/2015:04:58:13 -0700] "GET /badvisits/5712-43.png HTTP/1.1" 200 108985

Gecko) Chrome/40.0.2214.91 Safari/537.36"

Now, let's summarize what had happened today. Hours after the French consulate protection service finished their business with me last night, the DGSE official in question contacted his ally in the Ukrainian government to ask him to pitch in. An officer in the Ukrainian Foreign Ministry thus called

up the Secret Society women and asked them for their expert testimonies about me. From 5:10 to 5:20 AM, Karin explained to him how I plagiarized, violated my women victims' privacy, rambled on my delusions about famous people, and so on. Then, more reports streamed in from volunteers about my plagiarism, delusions about the Secret Society women's going after me, delusions about the chips inside my brain, violation of my family members' privacy, hosting of Angelica's naked pictures, and obsession with SDW.

Then, from 6 PM onward, Homeland Security, the French, and the Russians now wanted the Secret Society women to make more reports and post more "crucial" evidences on the Secret Facebook Group for the sake of the Ukrainian diplomatic mission. (Perhaps the Ukrainian consulate in San Francisco had contacted the Secret Society women asking for more information on this bad-to-the-bone schizophrenic misogynist and racist terrorist stalker whose victims included the prominent Ukrainian politician Yulia Tymoshenko (because he linked to her website on his website).) The Secret Society women thus mobilized their volunteers:

6:25 PM, they linked up "Mellhedek" on the Secret Facebook Group (evidence of my violation of intellectual property laws).

(7:15 PM, Jennifer Day was in the discussion.)

9:44 PM, Veronica added a report about how I had kept mistaking the visits to my website for my women victims' conspiracy against me.

11:55 PM, the "LGMS500" Los Angeles volunteer reported on my delusions about my women victims' going after me.

12:12 – 12:32 AM, the Denver volunteer reported on my delusional mind and obsession with my women victims.

12:31 AM, an Italian volunteer reported on my harassment of Ekaterina (or mistaking somebody else for Ekaterina).

2:27 AM, a volunteer linked up "Ying and Yang, II" from the Secret Facebook Group. (Again!)

3:24 AM, a volunteer reported on my delusion about SDW's going after me.

Meanwhile, late in night, the Secret Society women's investigators had captured more videos of my collecting damages in Franklin and South Pasadena. Ukraine had thus come onto the list of nations which vouched for the accuracy of the Homeland Security warnings about me.

### **31 January (Saturday; sleep deprivation/ torture; Wes)**

*First, a note about myself.* Slept past 5 AM or so, watching episodes of "沙场". My sleeping pills had run out, and I was not allowed to sleep long. Woke up 9:30 AM. Lay around. Finally gave up. Very sleepy. TNT. Began to be upset because of the uncertainty surrounding the Secret Society women's operation. Believed that, the more I resisted, the more I tried to assert my intellectual superiority over my stalking victims by topping them, the more I'd look like a fool. Must change my conception of myself and of them as well. Then a Homeland Security-like white trash came to me. Physical pain. Required to commit crimes. In a very painful mood. Bought sleeping pills. Home, upset. MST (brunet). Then tried to sleep. Couldn't. Got up to check the log first. The screenshot function repeatedly

malfunctioned. By 4:12 PM, it no longer functioned. Had to reboot my laptop. Angered, severe physical pain. Body trembling. Required to commit crimes. Left a crazy message for Wes.

Took two sleeping pills, napped. Allowed to sleep until 7 PM. Called Wes. He actually answered it (from 2:58:30 onward). About what stories the government should make up about my stalking victims. Afterwards, was feeling much better, but will collect damages nonetheless. Burger. Vine/ Hollywood. **12 N. (1 AWF?) 7 B (total for today)**. A man was mocking me on sidewalks. Thought that, perhaps, the Secret Society women had made up a story last night about my voyeurism instead. At King King, by 12:50 AM. The usual white guy was no longer there. (Told that he quit two weeks ago.) Worked a little in there. Out by 2:40 AM. Continued to collect. **3 W. (Studio, 2<sup>nd</sup>)**. Mood much softened. Seemed to be under a lot of surveillance. (*Of course! The French, the Russians, and Homeland Security were all busy collecting more evidence to convince their Ukrainian counterpart and debate with the CIA.*) Home by 5 AM.

*Highlights of my conversation with Wes today:* (1) My crime spree in the past few days: how I promised the control center I'd commit crimes "so please don't hurt me anymore." Wes: "How did they hurt you?" Even when I had decided to commit crimes, the control center would still hurt me. And I had to commit crimes that corresponded to my stalking victims' reports. (*Wes was asking me this question because, as the Ukrainians had moved into action, the CIA needed to collect evidence to convince the Ukrainians that I was in fact rational and no schizophrenic.*) (2) The Secret Society women reported me for things very different from what I had actually done. Hence they always wanted to film me changing my clothes; they had probably sent out a female to report that I had assaulted her. (*This was not quite true, although, as you have seen, they did tell Joao Garcia something quite different from what I had actually done. But in any case, this was the CIA's evidence that I was not quite like what the Secret Society women had described for I was sort of aware of what they were doing.*) (3) The Secret Society women were not stupid, but were very effective liars. Hence the things I did that seemed smart (like changing my clothes before committing crimes) were actually very dumb. (4) The Secret Society women were now reporting me to a different agency, and every time they did that, their case with the previous agency would be kept confidential. (*Again, I was wrong here.*) (5) The previous hate crime detective would have been struck by how crazy I sounded when I tried to describe the women's operations. Because I was trying to know something I wasn't allowed to know, I ended up knowing half-way and sounding crazy. If I didn't try to know, then I would look normal. So it was resistance which worsened my situation. (*I was so right on target here! The CIA's evidence that I wasn't anything like the insensitive nuthead which the Homeland Security warning about me had described.*) (6) The Republicans, once the scandal should be exposed, would launch a "Total War on Women". The media reports would not quite resemble what had really happened. Even unrelated stories would be grafted onto the legend of these women. *Weird buzz sounds from 3:18:00 onward.* Even the malfunctioning of F-22 and F-35 would be blamed onto them. *On 3:24:00, the buzz sounds continued.* Maybe I've got programmed to fantasize this because the Republicans really want to do this. (*What I said here would become part of my blog post for 1 February. Again, you have to wonder whether, while the Monkey and Homeland Security CO chief were programming me to say this in order for me to look totally delusional about my women victims for the sake of their new Ukrainian ally, the Invisible Hand's hidden program was active again so that something like what I said here might*

*happen later. (At the very least, this “delusion” might serve a definite function in the future for the Invisible Hand.)*) (7) “But that’s gonna make Ekaterina look bad, but I guess she doesn’t really mind.” *Buzz sounds on 3:27:00. (My wrong scenario? To look delusional about Ekaterina so that Homeland Security CO chief and their French and Russian allies might have their evidence, but it might be the Invisible Hand’s evidence in the second, secret trial that I was conspiring with BOL and the Russians. More on this, later.)* (8) It was Ekaterina who referred the volunteer from the Ukrainian Foreign Ministry to the Secret Society women. European governments will shut down Internet traffics between their citizens and Americans. *On 3:30:00, the buzz sounds continued.* Ukraine will join a neutral Europe. *(All this was Homeland Security CO chief’s evidence that I was totally delusional.)* (9) Somehow it is part of the program that everyone would want to play their part. *(This indeed might be a good description in the future.)* (10) The 50 percent plan. Wes said it wasn’t so clever at all but was quite usual. (“Always ask for more than you want” (3:39:30).) (11) The Republicans have made what they want to do into something I want to do – it is they who want me to move my website so that nobody in America would be able to see it. (12) On 3:44:50, a new attorney general – the Enemy’s new troop movement. *(Homeland Security CO chief’s evidence that I was totally delusional.)* White women suffragists’ withdrawal from the abolitionist movement. (13) Wes went on and on about how many states had already given women the vote before 1920. On 3:58:00, I concluded for Wes. (14) How I needed to go find BOL. It’s a show, but it’s so real, nobody is given the script, but everyone is manipulated to play out the script thanks to the simulation of the super computer. *(This was indeed what would happen later on.)* (15) I’ll be shipped out of the country before the women should get arrested. The show is too long! People in power really do have patience. (16) How the new Leopard’s design revealed Europe’s plan for oil in the Middle-East after Europe should become neutral. The Macrospherian plan was hatched in late 2010 and early 2011. Nord Stream wasn’t going to last too long. *(Again, all this was Homeland Security CO chief’s evidence that I was delusional beyond repair.)* (17) The pleasure in making something look like its opposite. (18) The Invisible Hand was worried that I understood Americans better than Americans understood me. (19) I was currently repeating China’s experience. China’s subhuman status for many years because of my ICJ trial. (20) Had there been a switch of personnel in the control center? *(Evidence that I was delusional.)* (21) Did the Secret Society women still have access to my phone conversations? SDW had created a German group just for me. *(Evidence that I was delusional.)* (22) The Secret Society women would not go after anyone else before I was taken down, and so maybe they were told that I was to be taken to Germany to get exterminated. Right now they wanted to exterminate me because I had become aware of their crimes against me. SDW would complain if she was not respected in the same way as Kim in North Korea. *(Evidence that I was delusional.)* (23) If the US loses one third of its empire, the Republicans will not have to worry about the national debt anymore. My prediction: once Americans are driven out of Europe and Asia, the US will declare that it will not honor its debts anymore. *(Evidence that I was delusional.)* Wes: “America will never default on its loan payments.” (24) The show lasts too long, I’m already too old. Even if I’m given a good part in the next show... (25) The speaker of New York State Assembly was arrested. (26) BOL had a special affection for Japan, where the spies from both sides would converge. *(Would that really happen in the future?)* (27) Dr P is the worst doctor I have ever had, the only doctor who’s trying to exterminate her patient. How many Guinness World Records I had already broken.

*(As you can expect, both sides can get something out of my conversation tonight. While Homeland Security and their Russians and French allies can point out to their Ukrainian friend just how many bizarre delusions I had developed about my women victims (Ekaterina as well as the Secret Society women), the CIA had also their evidence that I wasn't delusional at all – the fact that I was sometimes right and sometimes wrong demonstrated that, when I was wrong, I was just making wrong inferences rather than being really deluded – with which they could dispute the conclusion of the French and the Russians in front of the Ukrainians.)*

Now the Secret Society women's operation on my website for today. 4:25 AM, the 3:24 AM volunteer came again.

Now, let's summarize what had happened today. In the morning, as the French, the Russians, and the Ukrainian diplomatic services were consolidating the warnings about me in international diplomatic circles, Homeland Security CO chief instructed the Secret Society women to focus on my latest anti-American rambling in my latest blog post:

6:35 AM, the Atlanta volunteer's testimony.

9:04 AM, the Geneva volunteer's testimony.

11:59 AM, the Mexico City volunteer's testimony.

1:30 PM, the Denver volunteer's testimony.

Then, from 2:40 to 4:30 PM, the Beverly Hills volunteer was busy reporting about my frivolous lawsuit against my aunt Jennifer. Evidently, Homeland Security CO chief had instructed my cousin Evelyn to add that even my family members were frightened of me. Then, on 7:18 PM, the Athens volunteer

Kiersten's Vengeance, 31  
Lawrence C. Chin  
Aug. – Nov. 2021

reported seeing me bragging about stalking Karin on my website (“Periphery, I”). By this time, the warning would have looked something like:

The US Homeland Security’s warning about this suspect is correct. He’s very dangerous and counts as a terrorist because he threatens terrorist harm against Americans on his blog (motivated by his delusions). His family members are also frightened of him because he threatens to harm them and has in fact sued them with these frivolous lawsuits (motivated by his delusions). He also brags about stalking his women victims on his website.

In this way, my website would also be marked in the international diplomatic channels so that it would be forever banned from any process in the ICJ. However, I talked to Wes from 7:30 to 9:30 PM, and the CIA had immediately obtained evidence to dispute this, and the Homeland Security, warning about me. Thus, the French, the Russians, and Homeland Security immediately asked the Secret Society women to post more “crucial” evidences on their Facebook page and make more testimonies to counter the CIA’s upcoming attempt at debunking them:

10:08 PM, a volunteer posted my “Letter of Petition” on the Secret Facebook Group (how my delusions had prompted me to petition).

10:20 PM, the Richmond, New York, volunteer reported about my delusions about my women victims’ going after me.

11:21 PM, a volunteer (Seattle?) reported about my delusions about the chips inside my brain.

12:25 AM, a volunteer posted “The trip to Hong Kong” on the Secret Facebook Group (how my delusions had prompted me to make worthless international trips).

2:05 AM, a Honolulu volunteer reported on my delusions about my women victims’ going after me.

4:13 AM, a volunteer posted my “Open Letter to Sibel” from the Secret Facebook Group (how my delusions had prompted me to believe erroneously that I had government secrets to share with people).

As you can see, because the CIA was about to dispute the Homeland Security claim that I suffered from schizophrenia, the Russians, the French, and Homeland Security wanted the Secret Society women to merely supply more evidence that I was indeed insane. In the meantime, they also continued their surveillance on me during my vandalism spree in order to have more evidence to consolidate their claim that I was indeed a danger to people.

Throughout the day, there was of course still reporting about my harassment of Shizuka, my family members, Ekaterina (or Tikhonova), Dr Brizendine, and Jennifer Day. (And of course plenty of reporting about my plagiarism). Jennifer Day and Shizuka were of course only in the discussion in order to collect evidences that the Secret Society women were engaged in fraud.

Note that, late tonight, I did another tally of all the damages I had collected so far:

### **1 February (Sunday; severe torture)**

*First, a note about myself.* Woke up almost 4 PM. At TNT, almost 5 PM. While in the restroom, checked the log. The connection to Bluehost was blocked at first, but then allowed. It has been like this for a whole week. Thought that it's because the authority has routed my connection in order to frame me for espionage or foreign covert operation, since otherwise it's not possible to prosecute my stalking victims. (*Wrong.*) Wireshark couldn't start. Not allowed to use it. 5:30 PM, Vermont/ Wilshire station. Laptop shut down by itself. Lost the log. Rebooted. Some pain. Came to 7<sup>th</sup>/ Metro. Needed to get on the Expo train to get to French in Mind. The sign on the train: "Expo". However, this was not the right train: the speaker announced that it's for Long Beach. Must have been programmed to suffer visual hallucination. Severe anger, not allowed to participate in the French event while under heavy surveillance. Not allowed to be known to be able to speak French. Severe physical pain. At LATTC, couldn't W with a can. Used nearby resources: **2 W, 2 B**. Got back on the train, and then on the bus going toward Santa Monica, 6:30 PM. Happy, however, to have wasted another 600 dollars of society's money to glorify my stalking victims.

McDonald's, near Promenade. Troubled by headache. Novel café, 9:10 PM. The visitors' log was blocked. Not allowed to see it. Tried again, and was allowed to see it. Worked until 1:30 AM. Added the reconstruction of 27 May to "Kiersten V", 10 PM or so. Very peaceful, and was surrounded by surveillance agents, it seemed. (*The French, the Russians, and Homeland Security had continued their surveillance on me as the debate before the Ukrainians continued.*) The scenario of the current situation gradually crystalized in my mind. Not too affected by AWFs. Collection, nearby first. **6 N (total for today), 2 B, 1 W, 1 SPC (WSCNSN), 4 H**. Then, going to VNCE/ CLVRCTY: **3 W (DRLNDWLLM: 5<sup>th</sup>)**. A car was parked in front of her place. (*Surveillance?*) Thought it was a good idea that Kiersten should recruit a medical doctor into her secret organization. **3 H**. Skipped PLTS because another SUV with lights on was parked across the street (as if to film me) which frightened me. (*The Russian surveillance continued.*) Waved at it when leaving. Done by 3:20 AM.

Now the Secret Society women's operation on my website for today. 4:13 AM, as noted, a volunteer linked up my "Open Letter to Sibel" from the Secret Facebook Group:

My violation of intellectual property laws.

Let's summarize. This morning, as the CIA presented their evidence to the Ukrainians, the French, the Russians, and Homeland Security immediately called up the Secret Society women to ask them to

Kiersten's Vengeance, 31  
Lawrence C. Chin  
Aug. – Nov. 2021

continue to submit testimonies – especially about my insanity – in order to demonstrate that the Homeland Security warning about me was indeed correct.

6:19 AM, a Spanish volunteer reported on my obsession with, and crazy messages to, SDW.  
10:53 AM, a Philadelphia volunteer reported on the front page of my website.  
11:01 AM, a UK volunteer reported about my delusions about being mind-controlled.  
11:03 AM, another California volunteer reported about the same thing.  
11:16 AM, the same old Fresno volunteer reported on the front page of my website.  
11:25 AM, a LUG buddy (?) reported on my delusions about some non-existent ICJ trial.  
1:07 PM, a Fort Collins volunteer reported on my delusions about my women victims' going after me.  
2:13 PM, a UK volunteer reported on my violation of Ekaterina's family members' privacy.  
2:30 PM, the same thing.  
6:09 PM, a Polish volunteer reported on my delusions about my women victims' going after me, especially SDW.  
10:05 PM, a Missouri volunteer reported on the same thing.

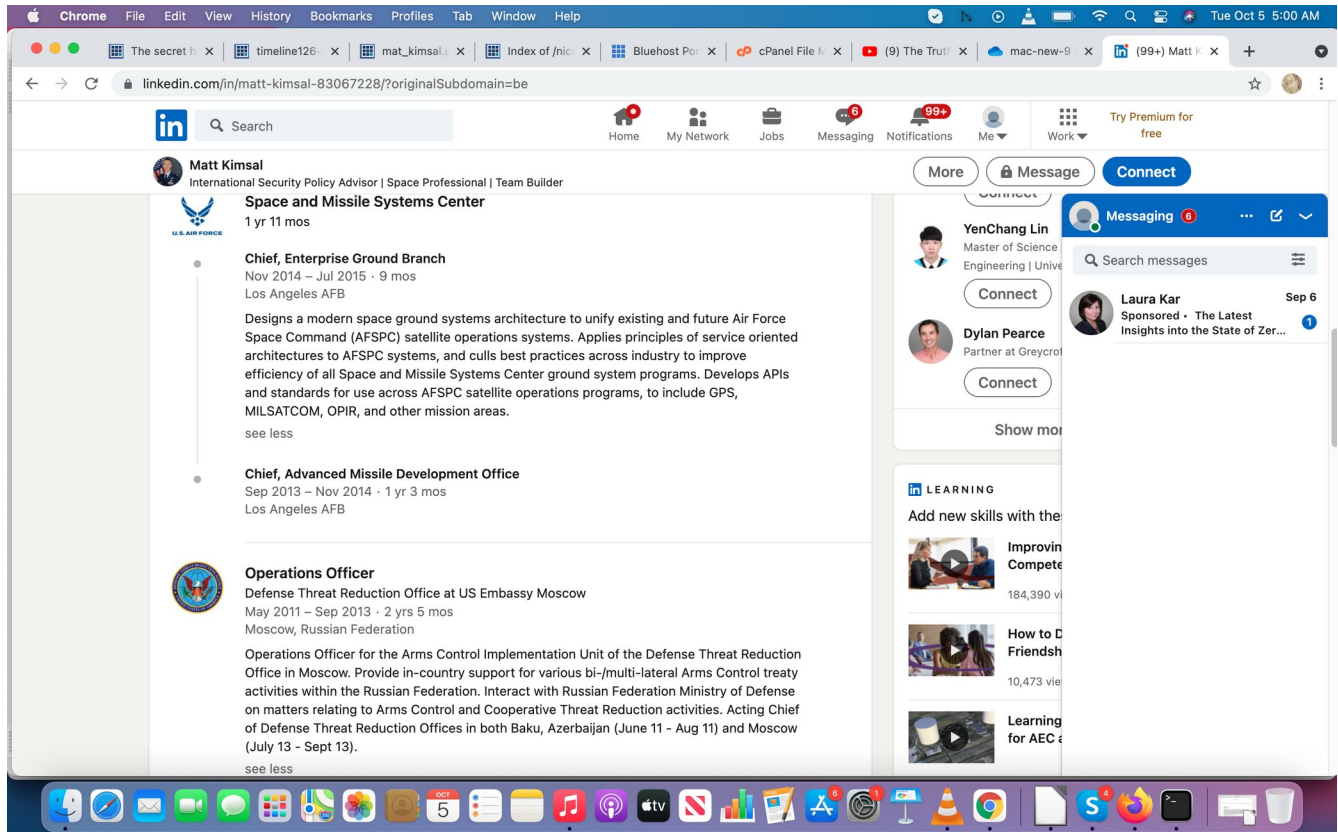

The reporting thus lasted the whole day as the French and the Russians vehemently debated with the CIA before the Ukrainians as to whether to consolidate the Homeland Security warning about me within the official international diplomatic channels. To strengthen their case, the French and the Russians also continued their surveillance on me late into the night as I went around collecting damages in Culver City. Meanwhile, the other reporting continued throughout the day: my plagiarism, my keeping Angelica's naked picture on my website, my harassment of my family members and Dr Brizendine, and my computer-hacking. But the CIA had not only my phone conversation from last night as evidence, but also testimonies from Jennifer Day, Shizuka, and the LUG buddies as to how the "expert witnesses" were in fact just bullshitting.

## 2 February (Monday; Ukrainian agent/ attacked)

*First, a note about myself.* Before sleep, MST (Rochelle), around 7 AM. Slept 8 AM. Woke up 6 PM! Hurried to the Russian language meetup. There were "Matt" (an Air Force officer who was formerly stationed at the US embassy in Moscow, tasked with ensuring Russian compliance with START) and Kim (certainly the Secret Society's mole). (*Probably not.*) Then Irina and Dani. Then a Ukrainian girl. (*She didn't participate in the conversation at all but just sat aside typing constantly on her MacBook while glancing at me continually – reminding me of the FBI agent "Robert" whom Gaurav introduced to me back in early 2015 in Montreal.*) Presumably, the Secret Society will make false reports to international authority (France and Germany?) saying I was conducting clandestine operation for Russia or something. (*Wrong.*) Then, Monika took me and Ken to a Japanese bar in Little Tokyo. Met an artist. Left, 11 PM. **Union Station: 9 N.** Midnight, on the Metro coming back: a group of black men attacked me, took my hat, and filmed me with their cellphone (from 5:52:50 onward). Knocked the guy's phone away. They seemed to be the Secret Society's agents. False reports afterwards? Provocation to fight? Severe anger, severe physical pain. **4 W nearby on VRMNT station, 1 H.** Not serious. Injured my finger, and would be bleeding profusely all night long, and in pain. Wanted to go collect on the PSYCH building in LACNGA, but decided to do it tomorrow. In SPOT to work. Another

black man came in. It seems that the Secret Society's goal today was to prove to the French authority, etc., that I was delusional and believed that Kiersten, etc., controlled my mind and my environment. (Which they in fact did.) (*Wrong.*) Increasingly short of time, evidently per Kiersten's programming. At the Korean restaurant. Then, **2 B (SCHL)**. While out, one Hispanic guy on bicycle tried to provoke me. It was past 4 AM! Seemed to be under heavy surveillance all day long. (*Of course.*) Will attack xxxxxxxx tomorrow in retaliation for their supporting Kiersten, etc., to annihilate/ waste me. (*We'll comment on what was really going on tonight at the end of today's entry.*)

“Matt” was currently assigned to a USAF base in Los Angeles

(Note that, according to SDW's blog post for tomorrow, "The Dentist Visit", she had probably visited a dentist this early afternoon.)

Now the Secret Society women's operation on my website for today. 4:15 AM,

Aug. – Nov. 2021

My plagiarism.

Now, let's consider what had happened today. Now that the CIA had disputed the claims of the Russians and the French before the Ukrainians, the Chinese came in to help. 4:41 AM, a Chinese volunteer reported to the Ukrainians that I was indeed delusional about some ICJ trial and dangerously obsessed with my women victims. Then, Homeland Security, the Russians, and the French called up the Secret Society women to ask them to submit more testimonies:

6:01 AM, a report about finding Angelica's naked picture on my website.

6:18 AM, a Rowan County government volunteer reported on my misogynist ideology which had motivated me to commit hate crimes against white women.

10:01 AM, a South African volunteer also reported on my misogynist pronouncements (Betty Friedan).

12:12 PM, a report about my harassment of Dr Brizendine and violation of her intellectual property rights.

Then, the CIA seemed to have introduced evidences from confidential informants indicating that I had actually never stalked my women victims at all, especially Kiersten. As a consequence, Homeland Security, the French, and the Russians asked the Secret Society women to supply more testimonies.

4:36 – 5:10 PM, Kiersten tasked this Orange volunteer with reporting on my delusions about my women victims' going after me and harassment of Kiersten herself by posting her messages to me on my website.

5:01 – 5:14 PM, a Nottingham volunteer was tasked with reporting on my delusions about there being chips planted inside my brain, which thus made me very dangerous to people.

While there was somebody in the Ukrainian Foreign Ministry who was ally with Boss Cheney, the Ukrainian intelligence was of course allied with the CIA. By this time, the CIA and their Ukrainian allies had decided on their next move to gather from me evidences favorable to their claim. The CIA sent in "Matt" while the Ukrainian intelligence sent in an agent (the Ukrainian girl constantly on her MacBook during the Russian language meetup). Both were here to observe me at the meetup to confirm that I was peaceful and posed no danger to people.

Meanwhile, the Secret Society women continued to mobilize their volunteers:

8 – 8:16 PM, a Wichita, Kansas, volunteer reported on how I constantly mistook the visits to my website due to my schizophrenia.

8:17 – 8:35 PM, Kiersten tasked a second, India, volunteer with making the same reports as did the Orange volunteer.

10:33 PM, the High Point volunteer reported on my misogynist ideology again which had supposedly motivated me to commit hate crimes against white females.

10:41 PM, a Dubai volunteer reported on my harassment of Ekaterina or violation of her family's privacy.

Aug. – Nov. 2021

12:44 AM, a volunteer from Germany reported on how I kept developing delusions about public figures (here, Khalezov).

1:14 AM, a TAZ volunteer reported on my delusional mind.

Throughout the day, there was of course plenty of reporting about my plagiarism, my harassment of my family members, and my computer-hacking. All in all – just to confirm that the Homeland Security warning about me was correct.

Meanwhile, by midnight, to counter the CIA's new evidence – to prove that I was in fact a danger to people – the French and the Russians got Homeland Security to send in a bunch of black guys to engage me in a fight on Metro. (Maybe these guys were also instructed to take pictures of me because the French and the Russians planned to modify the pictures to create evidence demonstrating that I didn't look quite like myself.) And they of course continued their surveillance on me all day long. Then, past 4 AM, Homeland Security sent in another guy to provoke me to a fight when I went out to throw bottles. However, the Russian clique were clearly going to lose to the CIA.

### 3 February (Tuesday; sleep deprivation)

*First, a note about myself.* Before sleep, watched videos on Victor Orbán. Then, klagemauer.tv. A trick to make me conform to the “David Chin legend”. (*Really?*) Then more Taiwanese documentaries on the Taiwanese military's problems (the Clearstream scandal, France's cancellation of the sale of Mirage 2000s to Taiwan). Woke up 12:30 PM. Will be sleepy all day. Angry, because conscious of the fact that the Secret Society wants it (via their contact in the control center). Finger hurt tremendously. Used a shirt to wrap up the finger, and there was less hurt. Still bleeding. Couldn't go to the storage, because I will have to go to the hospital (to repeat past episodes). (*Wrongly.*) Evidently also to produce evidences showing the criminal using state resources to cure injuries from crimes. (My stalking victims' projection of themselves onto me.) Very annoyed. Slavery. A black man came to sit down in TNT to provoke me. Needed to commit crimes. Home Depot. Chinese fast food, and another Hispanic gangster. Provocation. Then, going to Westwood on bus 2. For a while, the bus seemed to be full of surveillance agents. Evidently, Kiersten and Dr P had seen the latest reconstruction and were more determined to annihilate me in order to hide their crimes against me. (*In reality, it was just the French, the Russians, and Homeland Security who needed to continue their surveillance on me now that the CIA had disputed their claims before the Ukrainians.*) At the UCLA Medical Center. Fell asleep. Had a strange dream about AWFs. Merely got bandage and anti-bacterial ointment. After interaction with the doctor, my mood was much softened. Starbucks. Stayed there until almost 1 AM. Toward the end, was raptured by the feet of an AWF. **Reflected: traditional Chinese society tried to waste female labor away, while contemporary American society tries to waste male labor away.** Then, went for collection, even though one didn't feel the urgency for it. **LACNGA: 5 N, 1 W (PSYCH: 7<sup>th</sup>).** As usual, surveillance around (a man on the sidewalk). Afterwards, three police cars came by the bus stop. As if somebody had called the police, and yet they didn't know what was going on. Thus concluded that the new agencies my stalking victims were working with (the French, etc.) didn't have connections with police patrol. (*Again, in reality, it was just the French, the Russians, and Homeland Security who had continued to “investigate” me.*) On the bus going home, and another AWF got on the bus, showing off

her toes. Programmed to be aroused by her feet. (Evidently to confirm the new story which Kiersten was making up about me.) (*It's not clear if there was any operation here at all.*) Near home, the gate to Robert Kennedy School was rammed, and the police came to check it out. (*Was this related to me?*) Home. Burned DVD-432CP and 433. MST (AWF).

Now the Secret Society women's operation on my website for today. 5:10 AM,

Now, let's conclude. Because the CIA and their Ukrainian allies had now disputed the validity of the Homeland Security warning about me, a consensus about the warning's accuracy couldn't materialize in the diplomatic circles to enable Homeland Security CO chief and the Russians to permanently lock up the previous ICJ trial. In response, Homeland Security, the Russians, the French, and the Ukrainian faction that was allied with them called up the Secret Society women again – the star witnesses – to ask them to supply more testimonies to counter the CIA 's debunking:

5:42 AM, a report confirming my obsession with, and delusions about, Karin.

10:56 AM, my obsession with, and delusions about, SDW.

2:21 PM, how my delusions had made me a danger to others.

5:02 PM, Kiersten's friend reported on my harassment of Kiersten by attributing strangers' messages to me to her.

5:06 PM, my delusion about there being chips planted in my brain.

8:13 PM, did Russian law enforcement visit again?

1:27 AM, an examination of my stalking and harassment of Tymoshenko? (From Los Angeles.)

2:15 AM, an examination of the stalker's website from Washington DC.

2:18 AM, the Hong Kong volunteer came to report on the stalker's crazy blog.

Meanwhile, by night fall, the Russians, the French, and Homeland Security continued their surveillance on me, especially when I was collecting damages. That would be more evidence in their favor (that the diplomatic community should indeed adopt the Homeland Security warnings about me). The black guy and the Hispanic gangster who tried to provoke me in the afternoon might have also been sent in by Homeland Security in the hope that I might get into a fight with them, which would then prove that Angelica's claim that I was extremely dangerous was correct. There was also an enormous amount of reporting about my plagiarism today (including a volunteer from US Marine Corps), suggesting that part of the CIA's debunking yesterday also consisted in pointing out that I had never plagiarized.

## APPENDICES

### 1.

#### The French consular protection service

As you have seen, the French consular protection service that I encountered on 29 January operated pretty much just like the Russian consular protection service I first ran into in March and April 2009: to run surveillance on me, they also sent in people wearing earphones, the standard Homeland Security method. As for what exactly this French consular protection service was, a search on the Internet tells you that three entities, *Gardes de sécurité diplomatique* (GSD)/ *Chefs de Sécurité Opérationnels* (CSO), *Techniciens en Escorte d'Autorités et Sécurisation de Site* (TEASS), and *Groupe d'intervention de la gendarmerie nationale* (GIGN), are typically responsible for French diplomats' security, according to the context. (In my case, it was most likely the GSD.) Whereas, in the Russian case, it was simply the SVR which was responsible for consular protection and, in the case of the United States, the State Department has its own Bureau of Diplomatic Security, in the case of the French consular protection was assigned to military selectees organized by the national police (*Gendarmerie nationale*). But somehow the DGSE official in question who had an invested interest in preventing the CIA from reactivating the previous ICJ trial had the authority to dictate how the GSD should operate.

The case about me was now really rooted in the power struggle between two cliques in the national security Establishments in the Western alliance. Since the great DGHTRCOM's initial trick in late 2010, the opposition, within the national security Establishments of the Atlantic alliance, to the CIA's project of reactivating the previous ICJ trial had increasingly hardened, so that their enmity toward the CIA gradually reached such an extent that they had become Russia's most trusted allies in this matter even though in other matters, such as the emergence of a new Ukraine after the Maidan Revolution, they were opposed to Russia just as before. The situation could get very confusing if you aren't careful enough (if you don't pay careful attention to the civil war that was still going on between the CIA and Boss Cheney's clique ever since the very beginning of the Bush administration).

What you must note is that, after the Secret Society women had posted their "crucial" evidences on their secret Facebook page on the night of 27 January, the Russian, French, and Ukrainian diplomatic services never seem to have looked at them. (There was no clicking on any of these links, except for the Batavia, Illinois, click on the morning of 3 February.) Since everyone had already decided that the Homeland Security warning about me was correct, the whole process of summoning witnesses to present evidences was apparently only a matter of formality – or simply to enable evidences to be intercepted into the ICJ.

A NOTE ABOUT PUTIN (DGHTRCOM)

As you have seen, my early idealization of DGHTRCOM as the “good man” par excellence was being increasingly contradicted by evidences after 2011. My impression is that it is only after 2010 that Putin has become increasingly corrupt (looking more and more like that stereotype of a self-centered dictator who made huge profits for himself from his public office). This, even though his first mistress dates back to the very beginning of his presidency, in 2002, and he had already tried to foster corruption in Ukraine during Kuchma's reign (before the Orange Revolution) as a way to keep that country within Russia's sphere of influence. In the public domain, we can get a glimpse of the man's increasing corruption after 2010 from the Panama Papers, the Pandora Papers, and Alexi Navalny's January 2021 film “The Palace”.

Recently I was able to get a picture of Putin's evolution from Rachel Maddow's *Blowout*. While the book is old-fashioned US Establishment propaganda, you can still acquire a real picture about Putin if you know how to read it. I stick to my old view that, in 2000 when Putin first came onto the scene, he was indeed a good man in the nature of Fidel Castro, genuinely intent on saving Russia from the corrupt oligarchs and Western imperialist powers. (Richard Sakwa's book was correct about Putin during his early phase). But the man gradually changed after 2010 – after my ICJ trial. From Maddow's book, for example, we can learn that Putin had changed particularly after the Maidan Revolution.<sup>31</sup> Even Putin's victims have followed the change. While I tend to view his robbing Yukos from Khodorkovsky as justified because Khodorkovsky really wasn't a good man with any heart for the collective wellbeing of Russia (in this I disagree with Maddow), his theft of Bashneft from Yevtushenkov was clearly gangster style at its best (in this I agree with Maddow). What I have learned is that, when a person is just unable to obtain what he or she is convinced he or she has a justifiable right to, he or she will eventually become a psychopath. This is not only the case with the Secret Society women, but also with Putin. (Putin's strongest conviction in life is that the US has unjustly destroyed the Soviet Empire and ruined Russia during the Yeltsin years, so that the return of Russia to its greatness during the Soviet days is Russia's *right*. The enduring question is of course whether such strongly held conviction is correct.) As he changed – as he hardened – Putin became also increasingly willing to adopt those very bad tactics which he had been disparaging the United States for using against Russia, such as destabilization of a foreign nation-state from within with malicious disinformation campaign or by manipulating one side to fight another (hence the 2016 US presidential election manipulation and the infamous “Internet Research Agency”). Putin had also become increasingly willing to lie *to his own people* as well as to peoples of the world. This lie about Ekaterina Tikhonova being his daughter was thus his first coming of age after he had “changed his demeanor” following upon the Maidan Revolution. And of course he had also become increasingly willing to rob from his own people, not just to enrich himself (such as in the case of the “Palace”), but also to enrich his buddies as a way to ensure that they will stay loyal to him so that he could keep his unbreakable grip on his Russia. (Maddow has amply documented this in the said book.) I'm here merely doing the slightest to provide you with the context within which you can better appreciate the significance of this bullshit about some “Ekaterina Tikhonova” being “Putin's daughter”.

---

31 “The change in Putin's demeanor became acute after the downing of Flight 17, according to his old friend Sergei Roldugin. ‘... He has become more – I don't want to say aggressive – but more indifferent... he does not want to compromise anymore’” (*Blowout*, 23, Pobeda!).
