

## The Secret History of the International Court of Justice

### KXXXXXXX'S VENGEANCE

#### 34

#### RESUME

The following reconstructs the operation of the Secret Society women and Homeland Security CO chief against me from 28 February to 8 March, 2015.

#### *Synopsis:*

**28.02:** the Boss' family might have weighed in again to save the Homeland Security warning about me. In the morning, the Secret Society women called upon a Kellyville, Australia, volunteer to thoroughly examine my blog to see how to convince any authority that I was indeed insane. Shizuka was particularly active today pretending to be concerned about the current impasse, and Angelica was totally caught up in how to convince the authority that my Goddess Athena was a representation of her.

**01.03:** the Secret Society women continued to brainstorm. Angelica continued to be concerned that she couldn't prove that my Goddess Athena was a representation of her. Past 10 PM, they instructed a San Francisco volunteer to try to befriend me – but no. They also found a physicist from National Aerospace Laboratories in Bengaluru. Past midnight, the control center made me lose my bag to the security guards.

**02.03:** the Russian diplomatic mission brought the evidence of my xxxxxxxxxx spree from last night (the police report) to the attention of the international diplomatic community, and the Secret Society women obtained another chance to make reports to an international authority. However, without success. 1 AM, to lock up the previous ICJ trial for the time being, Homeland Security CO chief instructed a Bucharest volunteer to link up ourancestry.html from his Facebook. (Angelica continued to have a strong focus on her supposed “naked picture”.)

**03.03:** morning: the Secret Society women connected up with the victims from last night and took them to the police. (SDW gave her testimonies while taking a walk on the beach.) Night: Homeland Security CO chief required me to confess my crimes in the Forum in order to convince the police. The police however dismissed his masterful warning about me. Thus, after collection, he required me to write down my anti-xxxxxxx thoughts in my diary so that his agent can catch evidence that I was indeed an anti-xxxxxxx terrorist.

**04.03:** early morning, Stephanie seems to have called in the PET team to interview me. Homeland Security CO chief wanted me to leave a crazy message for Wes. The Secret Society women then presented last night's collection as evidence in order to persuade the police again, but no. Then, when the Russians presented Homeland

Security's evidence from last night to the international diplomatic community, they also failed. Night, in PSDN, the Secret Society women mobilized residents to catch me collecting my damages, but, despite all the witnesses and protests, the police still rejected the Homeland Security warning about me. An Asian driver got so angry that he even shouted profanity at me.

**05.03:** many volunteers spent the morning brainstorming how to prove to the police that my Goddess Athena was indeed a representation of Angelica. 10 AM, I was out – and the community's surveillance. 8 PM, I was out, and the volunteers started reporting to the police again. However, the police still rejected the Homeland Security warning about me. The Berlin Plagiarizer was summoned again and many volunteers were mobilized to brainstorm how to prove that I did plagiarize. (Anti-xxxxxxx gxxxxxxx.)

**06.03:** 7:30 PM, **my conversation with Wes:** evidence that I was indeed insane – for the Russians to bring to the international diplomatic community again tomorrow. Then volunteers supplied them with more video footage of my damage-collection (FRKLN and BRNTWD) and more reports about my website (my delusion about my women victims' going after me and my supposed naked pictures of Angelica).

**07.03:** the Russian diplomatic mission brought in new evidence but still the international diplomatic community managed to reject the Homeland Security warning. Past midnight: the community of residents and volunteers continued to keep track of my damage-collection in SPSDN.

**08.03:** morning, the Secret Society women called on Dr Bxxxxxxx for help. 8:50 PM, **my conversation with Wes:** Homeland Security and the Russians' evidence of my insanity and anti-xxxxxxx txxxxxxx. (Evidence for tomorrow.)

Now my diary notes (with my current corrections in italics and brackets) and the log of the Secret Society women's operations on my website for the period under consideration.<sup>1</sup>

## **28 February (Saturday/ cont.)**

*(1) Boris Nemtsov was assassinated. (2) Bernard sent out an email to all WAC members warning about Global Warming Hoax emails. (I didn't discover it until 23 March.)*

Was he really in Ethiopia or was he merely using a proxy (“en-gb”)? How I kept on developing delusions about famous people, in this case Boss Cheney. (Again – did the Boss’ family intervene again to save the Homeland Security warning about me?)

Let's summarize. Today the Secret Society women spent another whole day brainstorming how to prove to any authority that Homeland Security – and they themselves – were all right about me.

**(01)** 4:35 AM, an Indonesian volunteer reported on my delusion about Boss Cheney (1). Did the Boss' family weight in again to help Homeland Security and the Russians?

**(02)** 5:11 AM, a Düsseldorf volunteer examined my delusion about Karin and her meetup friends' going after me. ("Persecution Mania or Not".)

**(03)** 5:12 AM, **Shizuka** checked in with a Shizuoka volunteer (?).

**(04)** 5:42 AM, a **Kellyville, Australia, volunteer** was called upon to thoroughly examine my delusions as expressed on my blog.

**(05)** 5:49 AM, a Newark volunteer examined my front page.

**(06)** 5:55 AM, the **Kellyville volunteer** continued.

**(07)** 6:33 – 6:48 AM, **he continued**.

**(08)** 6:54 AM, **he continued**.

**(09)** 7:40 M, a Rostov-on-Don volunteer examined **my supposed naked picture of Angelica**.

**(10)** 7:53 AM, a Lucknow volunteer forged evidence to show that I had merely plagiarized my delusion about being chipped in the brain.

**(11)** 11:25 AM, a Mumbai volunteer examined my particular brand of misogynist ideology (Elementary Structures).

**(12)** 12:38 PM, a French volunteer examined **my supposed naked picture of Angelica**.

**(13)** 12:39 PM, an Idaho volunteer examined my delusion about being chipped in the brain.

**(14)** 12:41 PM, a Bousies, France, volunteer examined **my delusion about Angelica**.

**(15)** 2:03 PM, a Bern volunteer was sent the link to **Angelica's supposed "naked picture"**.

**(16)** 3:38 PM, **Shizuka** checked in with a Rancho Santa Margarita volunteer.

**(17)** 6:05 PM, a T-Mobile USA volunteer discovered my latest blog post (evidence of my delusional mind).

6:21 PM, I was connected with Wes. Again, both Homeland Security and the Russian diplomatic service, while intercepting this conversation into the ICJ as temporary evidence to lock up the

previous ICJ trial for the time being, would want everyone – in the international diplomatic community or in the counter-terrorism bureaucracy – to hear just how delusional I was in order to try one last time to convince everyone that Homeland Security was all right about me.

(18) 7 PM, a Brazilian volunteer examined my delusions about my women victims' going after me (/gang-stalking/, including the latest blog post).

(19) 7:01 PM, a United Arab Emirates volunteer examined **my supposed naked picture of Angelica.**

(20) 7:04 PM, a Semarang, Indonesia, volunteer examined my delusion about being chipped in the brain.

(21) 7:53 PM, **Robin** rejoined the discussion with a Quebec volunteer.

(22) 9:56 PM, **Robin** checked in with an Ottawa volunteer.

(22) 10:36 PM, a Uvalde, Texas, volunteer examined **my supposed naked picture of Angelica.**

(23) 10:41 PM, **Shizuka** checked in with the Rancho Santa Margarita volunteer again.

(24) 11:27 PM, an Ethiopian volunteer examined my delusion about Boss Cheney (2).

(25) 12:35 AM, an El Segundo volunteer examined the Errata to "My experience..."

(26) 12:46 AM, **Shizuka** checked in with an Italian volunteer.

(27) 12:57 AM, a Cobourg, Ontario, volunteer examined **my supposed naked picture of Angelica.**

(28) 12:58 AM, **Shizuka** was still discussing me with the Italian volunteer.

(29) 1:30 AM, **Shizuka** discussed me with an Osaka volunteer.

(30) 2:06 AM, a Ryde volunteer examined **my supposed naked picture of Angelica.**

(31) 2:33 AM, a Hong Kong volunteer examined my blog post "The hierarchy of stupid people".

(32) 2:48 AM, a Dutch volunteer examined Best Mommy's picture.

(33) 3:04 AM, did **Robin** check in again with a Bordeaux volunteer?

(34) 3:10 AM, **Shizuka** discussed me with a Seoul volunteer.

What's so surprising about today was thus that Shizuka had been particularly active in the discussion about the current impasse, and Angelica was particular concerned that the authority hadn't believed that my portrait of Queen Himiko contained a naked picture of her (evidently because she knew that she had been caught admitting that she knew that my Goddess Athena wasn't a naked picture of her).

Tonight I had also done another tally of the damages I had collected so far:

Total since the beginning until 1 February: W: 513; H: 438; SPC: 419; B: 1238; N: (2957); mirror: 6; ATM: 19.

Total for February: W: 31; B: 93; H: 68; SPC: 8; N: 215; mirror: 4; shattered: 1; ATM: 2.

Total since the beginning: W: 545 (including shattered); B: 1331; H: 506; SPC: 427; N: (3172); mirror: 10; ATM: 21.

## 1 March (Sunday; severe anger/ pain)

*First, a note about myself.* Came home past 6 AM. Slept while watching “Jet Li 2015”. Touched by the romance in there. Woke up past 4 PM. TNT, 5:30 PM. Then hurried to the Strommen Meetup. The Secret Society women’s mole: Salvador Ornelas. Kris (from Stammtisch) was probably also working for the Secret Society women. (*I was all wrong here.*) Was allowed to speak French fluently. Left 8 PM. Walked down to Vermont, and took bus 4 to SM. Arrived in SM by 9:35 PM. Discovered that I had forgotten my umbrella. Physical pain. Then it rained again. Required to buy a new umbrella to waste my money. Severe anger, severe physical pain. Required to collect damages. On bus 1, at Novel Café. Severe physical pain continued. Unable to concentrate on anything. The Internet connection cut off two times. Not allowed to check the visitors’ log. Worked until a little past midnight. Then out for collection (N). Felt enormous grudge over the government’s requirement for me to xxxxxx xxxxxx and waste my life like this. Then got on the 12:38 AM 33 bus to CLVRCITY. Total: **4 N. 3 B. 2 W. 5 H.** Walked back to Venice. Saw this parking lot stand. Couldn’t W. The security guard saw me. He and another man chased after me. Abandoned my bag. Was allowed to run away (per the government’s mercy). (*Not.*) Hid near NTNL for a while, and then walked back, and the bag was already gone. Presumably it was fetched away by the security guard. Inside: one alcohol bottle, spray, one rock, and my new umbrella. Thus the control center (per my stalking victims’ request) has programmed me to lose it so that the police, and my stalking victims, can obtain definitive evidences that I xxxxxxxxxxx these xxxxxx. (My finger prints are on the spray can.) And also evidence that I’m an alcoholic. (*I was probably overly interpreting things here.*) Severe anger, and severe physical pain because both the government and society played me around like a fool like this. Severe hatred toward xxxxxxxxxxx, and severe hatred toward the US government. The US government wants to train me to become an anti-xxxxxxxx xxxxxxxxxxx wanting to devote his life to the destruction of anything xxxxxxxxxxx whenever possible. As if I had nothing better to do with my life. (*It’s not the US government, but just Homeland Security CO chief!*) Picked up two more rocks to continue the warfare. **2 W (9602, 2<sup>nd</sup>), 1 B (LNDWLLMS).** At the bus stop by 3 AM. Was thus motivated to resume “insurgency warfare” at the same pace as before. On the bus by 3:25 AM to go home. Couldn’t concentrate reading any longer due to severe anger and severe physical pain.

Now the Secret Society women’s operation on my website for today. 4:24 AM, PT Telkom, Indonesia, Samarinda, Indonesia,\*

Once again, because the Secret Society women had no other new evidence with which to convince any law enforcement authority that they were right about me, they asked this volunteer to befriend me as a way to lure damaging testimonies out of me. But of course he had no way to log in. 6 seconds later, he came to the front page of my blog instead:

My plagiarism. Let's summarize. Today was just another day that the Secret Society women  
would spend brainstorming with their volunteers as to how to prove to any authority that  
Homeland Security was all right about me.

- (01) 6:20 AM, a St. Petersburg volunteer examined my harassment of Ekaterina.
- (02) 6:35 AM, a La Habra volunteer examined my delusion about my women victims' going  
after me as expressed on Prison Planet Forum.
- (03) 7:24 AM, a Bellevue, Washington, volunteer examined **my supposed naked picture of  
Angelica.**
- (04) 9:33 AM, an Opera Mini volunteer examined my delusion about being chipped in the brain.  
(a)
- (05) 10:17 AM, **Shizuka** checked in with a Cebu City volunteer.
- (06) 10:30 AM, a St. Petersburg volunteer examined my website briefly (nicavids).
- (07) 11:11 AM, a Maastricht, Netherlands, volunteer examined how my delusions had caused me  
to be a danger to others as well as to myself.
- (08) 1:37 PM, a Tennessee volunteer examined my violation of Dr Bxxxxxxx's intellectual  
property rights.
- (09) 2:26 PM, a Cambridge, Massachusetts, volunteer looked up "Petition-E" but didn't click on  
the recordings.
- (10) 3:05 PM, a Phoenix, Arizona, volunteer looked up my delusion about my women victims'  
going after me.
- (11) 3:07 PM, a Nisshin, Japan, volunteer examined **my supposed naked picture of Angelica.**

- (12) 4 PM, another Bellevue, Washington, volunteer examined my delusion about being chipped in the brain. (b)
- (13) 4:05 PM, an Amarillo, Texas, volunteer examined **my supposed naked picture of Angelica.**
- (14) 5:14 PM, a Baltimore volunteer examined **my supposed naked picture of Angelica.**
- (15) 5:39 PM, a direpc volunteer examined my delusion about my women victims' going after me.
- (16) 7:15 PM, a Katy, Texas, volunteer examined my delusion about the Russian president and prime minister.
- (17) 7:59 PM, a Cincinnati volunteer examined **my supposed naked picture of Angelica.**
- (18) 10:05 PM, the Secret Society women instructed a San Francisco volunteer to examine my harassment of Kiersten and then befriend me by leaving me a message.
- (19) 10:18 PM, the San Francisco volunteer's last visit.
- (20) 12:23 AM, a Malaysia volunteer examined **my supposed naked picture of Angelica.**
- (21) 12:28 AM, a volunteer called up the blog post series /2013/09/ from Word.
- (22) 12:55 AM, he looked up /2013/09/ again.
- (23) 3:09 AM, the Secret Society women summoned a physicist from National Aerospace Laboratories in Bengaluru to brainstorm how to convince law enforcement that I did violate intellectual property rights.

Once again, Angelica seems particularly concerned that law enforcement didn't believe my Goddess Athena was a representation of her.

## 2 March (Monday; severe physical pain)

*First, a note about myself.* Slept past 6 AM. Burned DVD-444. Slept while watching Schroeder's interview. Woke up 11:30 AM. Not enough. Tried to sleep more. But began thinking: the control center/ my stalking victims/ the government have trained me to become like my stalking victims: I now see the commission of xxxxxx as my natural right, and its disruption by others as violation of my rights, which only more commission of xxxxxx can compensate. Then one suddenly understood why Dr P felt entitled to commit crimes against me. In my case: (1) The thought process was: "You want me to commit xxxxxx to waste myself away and advance your agenda. Fine. I shall commit xxxxxxx well, so that at least the cost for your project of wasting me away for your benefits will be high enough." But then, such as had happened last night, I got interrupted before doing enough damages, and thus I wasn't able to exact high enough cost for the Secret Society women's project. And (2) the violation of my self-image. The commission of xxxxxx was especially motivated by anger over programmed mental retardation: losing two umbrellas in one day, and then almost getting caught. (Without the control center and my stalking victims, I would never have been caught at all. I somehow take pride in my agility to commit xxxxxxx.) Thus the control center has violated my image of myself as "agile" and "expert". In order to avoid the physical pain caused by anger, I must change my self-image, because it's impossible to maintain this self-image when there are others who are able to control my thought-processes. Where did I learn this image of myself – for I haven't always thought of

myself in this way? I have learned this image of myself as “agile” and “efficient” (like Bourne) from the CIA! The CIA girl told me: “You’ll make a very good spy...” (Even though they didn’t intend to teach me to see myself like this, their recruitment of me has caused me to acquire this image of myself which I didn’t have before and which I can’t possibly maintain anymore.) (3) But even if I were able to do away with this self-image, the current “me” (highly intellectual in the academic sense but otherwise mentally retarded and perpetually delusional) is just too disgusting. I hate myself like this. And this is all artificial. The “John Nash” image. The crazy delusional genius whose delusional beliefs are so superb that they are used by nations around the world to save the earth. (4) In the same way, Dr P was provoked to commit crimes because she has this image of herself as a highly intelligent, expert woman. She tried to “get me” in October 2013, and yet got arrested, because, somehow, her perception of me as a stupid and insane psychopath, and her perception of herself as an “expert”, were both incorrect! (*Keep in mind that Dr P was never arrested in late 2013: I had continued to hold onto this wrong idea. But otherwise my analysis of Dr P was quite correct.*) She felt as I do now: this is unfair! I can do better than this! And yet her case is not artificial. She has been deceived by the American education system into a gross over-estimation of her own ability, and by the TMU into a gross underestimation of my ability (Chaya’s warning). Thought about all this until 3 PM! Then was allowed to fall asleep.

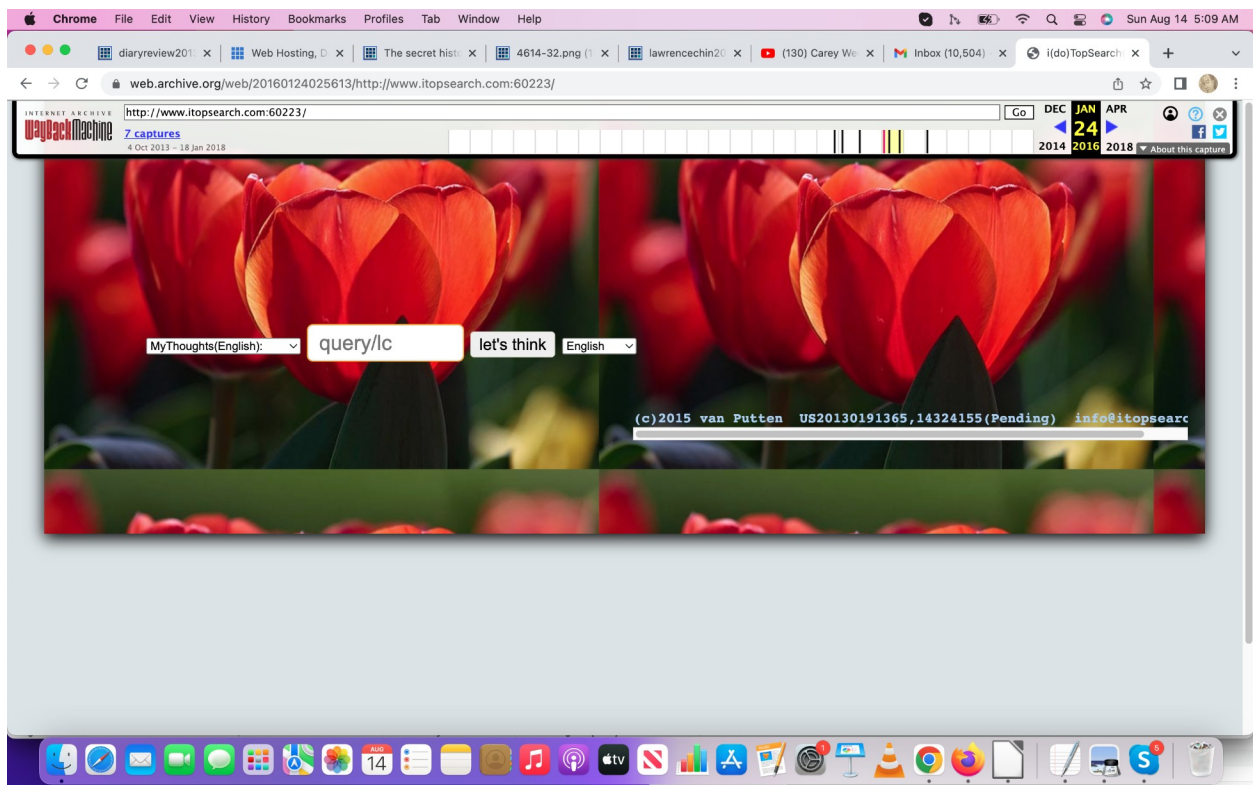

Woke up almost 5 PM. Hurried to TNT. I was surrounded by people wearing earphones. (*Was Homeland Security running surveillance on me out of desperation – when no law enforcement agencies around would validate their warning about me? Or was it the community of residents and volunteers? (See below.)*) Then, when another guy wearing earphones came to sit next to me, it caused me severe discomfort, and one thus left for Home Depot. Chinese fast food. Some AWFs there, unusual. (No feeling for the pretty AWFs.) Another Hispanic guy wearing earphones came in, causing me severe discomfort. Required to collect damages, even though I had already decided to collect damages. (*Maybe Homeland Security CO chief was just trying to provoke me.*) Bought spray. Starbucks, and checked the log. Another Hispanic guy wearing earphones nearby. Severe discomfort, but xxxxxx will make me feel better. Metro station, early, and at Mariposa Station. To HRMSA: **5 H, 3 W (building, 2<sup>nd</sup>; LANE, 2<sup>nd</sup>), 1 B, 7 N.** (At HFFMN, a car was parked there, and one thus only sprayed and broke a bottle; presumably this is the xxxxxx which my stalking victims have wanted me to xxxxxx. (*Really?*) Between 10:02 and 10:03 PM. Strangely, within 30 minutes, a 232 bus came (10:30 PM). Decided to get on. A Quebecker family onboard. Changed the bus at Airport Station. Another Hispanic guy wearing earphones there. Bus 3 came. Rode the bus to MARINA, 11:30 PM. Walked a long time, short of targets. **5 N, 7 H, 1 W.** (Sherman, 2<sup>nd</sup> H.) Got on bus 3, 12:30 AM. Came to SM. Picked up more rocks. Then, 720 bus. While on the bus, wrote out the above, and began feeling calmer. Off the bus on FRFX: **1 H (Voluminous), 2 W (MRNLLO and Rose’s: 2<sup>nd</sup>).** Came home by 2:30 AM. (*Presumably Homeland Security had caught evidence of all this xxxxxxxx so that, tomorrow morning, they and their Russian friends can argue their case again within the international diplomatic community.*)

My plagiarism. Let's summarize. This morning the Russian diplomatic mission and Homeland Security might have brought the police report about me from last night to the attention of the international diplomatic community. Meanwhile, the Secret Society women continued to brainstorm with their volunteers:

- (01)** 4:17 AM, a Seoul volunteer looked up **Best Mommy's picture**.
- (02)** 4:24 AM, a Brisbane volunteer examined my harassment of SDW by posting my messages to her online.
- (03)** 5:16 AM, a Brazilian volunteer examined **my supposed naked picture of Angelica**.
- (04)** 9 AM, a Czech Republic volunteer examined **my supposed naked picture of Angelica**.
- (05)** 9:23 AM, a Baltimore volunteer examined **my supposed naked picture of Angelica**.
- (06)** **10:09 AM, SDW's Tampa friend (LGL34C) reported on my delusion about my women victims' going after me.**

By this time, thanks to the Russian diplomatic mission's insistence, the Secret Society women had got another chance to make their reports to a certain international authority to convince him that the Homeland Security warning about me was totally valid.

- (07) 11:01 AM, a New York volunteer reported on **my supposed naked picture of Angelica.**
- (08) 11:48 AM, **Robin** reported me together with a Verona school teacher.
- (09) 12:41 PM, a volunteer from the University of Geneva-Ctr reported on my delusions about famous people, in particular Boss Cheney. **(a)**
- (10) 2:39 PM, a New Zealand volunteer reported on my front page.
- (11) 2:57 PM, an Ecuador volunteer reported on **my supposed naked picture of Angelica.**
- (12) 3:08 PM, **Shizuka** checked in with an Amagasaki volunteer to make a report as well. (She's evidently here to sabotage the reporting.)
- (13) **3:25 PM, a Moscow volunteer reported on my delusion about my women victims' involvement in a government conspiracy centered around the Russian government**
- (14) 3:44 PM, a volunteer from the Environmental Protection Agency made a false report about my plagiarism.
- (15) 4:13 PM, a Stockholm volunteer reported on my delusion about Boss Cheney. **(b)**
- (16) 4:31 PM, a Tulsa, Oklahoma, volunteer reported on **my supposed naked picture of Angelica.**
- (17) 5:33 PM, an Arizona volunteer reported on **my supposed naked picture of Angelica.**
- (18) 8:59 PM, a **Tampa, Florida, volunteer reported on the picture of Morisio.**
- (19) 10:04 PM, a Hyderabad volunteer reported on my harassment of Kiersten by posting my messages to her online.
- (20) 10:10 PM, a Seattle, Washington, volunteer reported on my "Historical Photographs".
- (21) 10:51 PM, **the Tampa volunteer on Morisio again.**
- (22) At the same time, an Atlanta volunteer reported on **my supposed naked picture of Angelica.**
- (23) 12:08 AM, **the same Hong Kong volunteer living in South Korea** examined my blog.
- (24) 12:37 AM, a volunteer from King Abdul Aziz City for Science and Technology reported on my delusion about being chipped in the brain.
- (25) **1:08 AM, a Bucharest volunteer began examining my website.**
- (26) **1:24 AM, he linked up ourancestry.html from Facebook.** From now on more than a dozen people would visit his Facebook page and/or click on the link.

We thus assume this: thanks to the work of informants (such as Shizuka), the international authority in question once more saw evidence of fraud and thus rejected all the reports and the Homeland Security warning about me. Since this rejection would once again become unfavorable evidence in the ICJ, Homeland Security CO chief quickly instructed the Bucharest volunteer to post my chapter on his Facebook so that faulty surveillance can confuse him with me and generate some temporary evidence to enable Homeland Security and the Russians to lock up the previous ICJ trial for the time being. The volunteers would then be back to brainstorming.

- (27) 2:13 AM, a Netherlands volunteer examined **my supposed naked picture of Angelica.**
- (28) 3:28 AM, a Seoul volunteer examined my delusion about being chipped in the brain.

We assume furthermore that, by this time, Homeland Security had obtained plenty of surveillance videos of my xxxxxxxx spree tonight which they and their Russian friends would

use tomorrow morning to try once again to persuade their counterparts in the international diplomatic community.<sup>3</sup>

### **3 March (Tuesday; severe physical pain continued)**

*First, a note about myself.* Slept past 6 AM. Burned DVD-444. Woke up almost 5 PM. TNT, feeling a lot of hatred toward xxxxxxxxx, as I gradually understood that all my notions about the Feminist Lawyer's recantation were just "delusional belief" which the Homeland Security thugs inside the control center had programmed me to develop in order to produce evidences of my delusional obsession to replace earlier evidences of my delusional obsession with SDW. (*At first, correct, but then, totally wrong.*) Also, because this "New Feminism" can only be implemented worldwide through an ICJ judgment if it came out of my delusional beliefs. (*Right.*) The world can only be saved with ideas which came out of my delusional mind and over which I wanted to vomit. (*Right.*) There is no other way, because the Hardliners have completely destroyed the ICJ evidentiary records. (*Now I was quite wrong.*) Again, the world's image of me as a delusional crazy genius whose delusional fits have saved the world has motivated me to commit more xxxxxx against xxxxxxxxx, for it's really Americans' universal desire to make sure that I'm known worldwide as "delusional". (*Well – right!*)

Then, suddenly programmed to develop the desire to go to the Forum. Why? My stalking victims, after recruiting HFFMN and MRPH last night, needed me to produce more testimonies to further their case. (*Actually, it's because Homeland Security and the Russian diplomatic mission needed more evidence to convince the international diplomatic community.*) Walked to St. Sophia, 7 PM. Some sort of Bulgarian activity was in progress as well. Since I had redeveloped interests in forming an anti-xxxxxxx hate group (including xxxing and xxxing xxxxxxxx xxxxx the "Nanjing Massacre style"), I needed to train myself to hate all xxxxxxxxx, whether they are nice or not. The Forum began past 7:30 PM. At first, one felt that it's impossible to confess my xxxxxx. But then Stephanie sat down with me, and asked me how I was doing. One thus started confessing, even in front of Noah and others. It soon became apparent that Noah was wearing a wire for my stalking victims, and probably Stephanie too. The following Christian discussion did open my purview to a different angle from which to look at my reaction to my situation. Left 9 PM, after remembering to thank Stephanie, with some of my former feelings for her coming back. On the bus going toward Venice. Thought that, despite these feelings, one must learn to desire to attack all xxxxxxxxx completely indiscriminately, for only such indiscriminate retaliation can create a deterrence in the future. (All xxxxxxxxx are responsible for Kxxxxxxx's actions and the system's tolerance, no matter where they stand. Such is the "deterrence".) Besides, the xxxxxxxxx' persistent desire to make geniuses look delusional is cause for indiscriminate attack on all of them. (*Once again, I had overlooked the fact that it was just Homeland Security CO chief who was ordering the Monkey to remotely control me to find reasons to hate xxxxxxxxx so that his warning about me as an anti-xxxxxxx terrorist can be substantiated in law enforcement circles and the international diplomatic community.*) Near

<sup>3</sup> Today I also took special notice of the news, that Democrats had got their bill passed authorizing one more week of funding for the DHS.

Novel Cafe, preliminary collection. **12 N.** Unsatisfied: no AWFs, and two taxis. Past 11 PM, at Novel Cafe. Worked. Finished the reconstruction for 1 June. Some AWFs in the coffeehouse, but one was still less affected by them. Left 2 AM. **About 10 H, 3 SPC, 3 W (On-Set), 1 shattered W. 5 B.** On bus 4 coming home, almost 4 AM. At first, nobody on the bus. Then, as soon as I began writing this diary entry, a Hispanic male wearing earphones surreptitiously sat down behind me, causing me severe physical pain and anger. Required to collect more damages. (*Homeland Security CO chief had probably sent this surveillance agent in to catch me writing down my anti-xxxxxxx thoughts. For reasons just noted.*)

*Details of my conversations at the Forum tonight: “TNTforumconfesscrimeToNovel\_3\_3\_15\_539-1143PM.MP3”:* In TNT. I asked this guy about his book (Munch). Then, in the restroom. 46:20, a Homeland Security agent came in, wearing dark sunglasses and looking very ugly. (*Homeland Security CO chief continued to maintain me under his surveillance because of my xxxxxxxx spree last night. Perhaps he had already ordered the Secret Society women to connect up with HFFMN and MRPH, just as I had thought.*) 48:00, I left. 52:20, my plan to confess my xxxxxx in the Forum tonight. (*The Monkey was remotely controlling my thought-process at the moment.*)<sup>4</sup> 1:27:00, in St Sophia. Out of the church to go to the liquor store. 1:39:00, back inside St. Sophia. In the Forum. I talked about what I read from the Old Testament lately. 1:50:00, with Stephanie: my complaint about how I was required to commit xxxxxx. 1:54:20, back to Stephanie. How my circumstances started to change and how the police were less onto me. And how the people who wanted me to commit xxxxxx were more “integrated” lately (the Secret Society women with Homeland Security). 1:56:30, Mike cut in: did I know these people? He continued to emphasize how coming to the Forum would help me. I continued on about how I didn't understand why the government would allow this, and how my stalking victims' agenda was to persuade the legislature to pass laws to protect women. Noah wanted me to read King I and explained how coming to the church was the best option. 2:12:00, Noah and Stephanie were in their own discussion. 2:14:45, I asked Noah about the blog in question. 2:25:00, Fr. Alan's prayer. Then, his topic of the night. 3:27:00, the discussion is done. 3:28:30, I thanked Stephanie before leaving. (Reviewed until 3:32:00.)

*(And so, as you can see, my understanding of the Secret Society women's operations and agendas was all wrong – the women had not yet any intention of getting the legislature to pass new laws – and this was the reason why Homeland Security CO chief wanted me to talk about it. After the Secret Society women had connected up with the victims from last night (HFFMN, MRPH, and the owners of MRNL and Rose), they showed them the Homeland Security warning about me and took them to the police. They then “predicted” to the police that I would confess my xxxxxx tonight in the Forum and instructed them to contact Stephanie and Noah. The Monkey then remotely controlled me to confess my erroneous understanding to Stephanie and Noah so that the police can be convinced that I was indeed delusional about the women I was obsessed with (that Homeland Security and the Secret Society women were indeed all right about me). (In particular,*

<sup>4</sup> It's only much later that I would become conscious of the fact that, whenever I think of anything, the chances are that it's the control center which is remotely controlling me to think it, so that I'd better think about how the implementation of my current ideas might benefit my “stalking victims”.

*that I had somehow imagined my women victims being involved in some Homeland Security/ government conspiracy to control me to commit xxxxxxx for the purpose of achieving political agendas and that it was this delusion which had made me commit xxxxxxx and thus a danger to people.) The whole episode can then be reported to the international diplomatic community to persuade them that the Homeland Security warning in question was all correct and that the CIA was all wrong.)<sup>5</sup>*

1:46 PM, SDW was still on the beach, and she began encountering her third “gang-stalking” of  
the day: the three Carlsbad police officers. As she has noted, *she was still talking on the phone at  
this moment* while passing by the police officers. (The officers asked her if she had an issue with  
the earlier female and ran her license.) What we have to notice is that *she had been talking on the  
phone for almost an hour. Most likely she was talking about me, i.e. providing testimonies to  
either the victims (HFFMN, MRPB, or Gary) or the police (!) as to how she had known me or  
how I had obsessed over her and harassed her.*

Let's summarize. As noted, insofar as Homeland Security had caught evidence of my vandalism spree last night, this morning they sent out the Secret Society women to contact the police and the victims from last night (HFFMN, MRPH, Gary, and so on). Meanwhile, the volunteers continued to brainstorm (how to prove to the police that the Homeland Security warning about me was correct):

- (01)** 4:40 AM, a Polish volunteer examined **my naked picture of Angelica. (a)**
- (02)** 5:51 AM, a German volunteer examined my videos from August 2010.
- (03)** 7:05 AM, a Jordanian volunteer examined my delusion about Boss Cheney. (Did the Boss' family weigh in again?)
- (04)** 7:50 AM, **Shizuka** checked in together with a Tokyo volunteer. (Was she ready to inform on the Secret Society women's fraud?)
- (05)** 7:55 AM, a Rabat, Morocco, volunteer examined **my naked picture of Angelica. (b)**
- (06)** 9:43 AM, a Barcelona volunteer examined my harassment of **Dr Bxxxxxxx** by placing her picture on my blog. (Did the Secret Society women ask Dr Bxxxxxxx again for help?)
- (07)** 10:02 AM, a volunteer from the Virginia Commonwealth University examined **my naked picture of Angelica. (c)**

**10:30 AM, SDW was going to the beach.** From this time onward, many examinations of my supposed computer-hacking. It should also be around this time that the Secret Society women had connected up with the victims from last night and with the police. Somehow SDW had decided to go out just at the right time!

**12:32 PM, SDW had a run-in with a female on the beach.**

**12:57 PM, she began her issues with the lifeguards – just as she had started talking to the victims and the police supplying them with her testimonies about me.**

**1:46 PM, as she began her issues with the Carlsbad police officers, she was still on the phone talking to the victims and the police.**

**2:20 PM, SDW was leaving the beach.**

**2:48 PM, as soon as she had got home, she was reconnected with the police in order to supply them with a concrete example as to how I had harassed her. She instructed a Galena, Missouri, volunteer to report on the link to my blog post about her on Prison Planet Forum. (This, to convince the police that the Homeland Security warning about me – and everything the other women had said about my dangerous “obsession” – was all correct.)**

- (08) 3:10 PM, **Robin** joined in on the reporting together with an Albuquerque volunteer. Did she also tell the police about my “obsession” with her?
- (09) 4:09 PM, a Georgia volunteer did a search for me and reported on my “Schizophrenic, I” and “Periphery, I”. Did Karin ask him to tell the police about my “obsession” with her too?
- (10) 4:29 PM, an Ontario volunteer reported on **my naked picture of Angelica. (d)**
- (11) 6:37 PM, **Shizuka** checked in with an Ontario volunteer.
- (12) 7:01 PM, **Robin** discussed me with a volunteer in Afghanistan.

**7:30 PM**, I started confessing in the Forum. The Secret Society women had invited the detectives and the victims to listen in on it. This time, the theme was how I kept on imagining the women I was obsessed with to be involved in a strange government conspiracy to remotely control me to commit crimes.

- (13) 7:58 PM, a St. Louis volunteer reported on **my naked picture of Angelica. (e)**
- (14) 8:03 PM, an El Cerrito volunteer reported on my delusions about President Obama. (**How I kept on imagining famous people to be involved in strange government conspiracies too.**)
- (15) 9:02 PM, a Woodbridge, Virginia, volunteer reported on my Nicaragua videos (**as the surest confirmation that Homeland Security and the Secret Society women were all right about me.**)
- (16) 11:55 PM, a Renton, Washington, volunteer reported on **my naked picture of Angelica. (f)**
- (17) 12:09 AM, a volunteer from Kunming, Yunnan, examined my blog. (What?)
- (18) 1:06 AM, **Shizuka** checked in with a Hong Kong volunteer.
- (19) 1:09 AM, a Colorado volunteer examined **my naked picture of Angelica. (g)**
- (20) 1:26 AM, a Belgium volunteer examined **my naked picture of Angelica. (h)**
- (21) 1:48 – 1:52 AM – did a Ben Gurion University volunteer forge evidence of my plagiarism?

We can thus assume that this was what had happened. Around noon, when the police were first shown the Homeland Security warning about me, SDW and Angelica were explaining to the police how I had become obsessed with them and then attacked them in consequence (just as the Homeland Security warning had claimed.) 3 PM, Robin gave the same testimony in this regard too. By 4 PM, Karin too. The Secret Society women then added that, when I became obsessed with a woman, I would also imagine her to be involved in government conspiracies, intelligence operations, or some ICJ trial (again, just as the Homeland Security warning had claimed). 7:30 PM, they let the police hear my confession to Stephanie and so on in order to convince them. Then, more testimonies about my similar delusions about famous politicians and my violent tendencies (as seen in my Nicaragua videos). However, by 10 PM, thanks to the meddling of the CIA and the TMU detectives, the police (Hermosa Beach and so on) dismissed the Homeland Security warning as invalid. Panicking, the Russian diplomatic mission wanted to pretend that today's testimonies were confirmation of their case and asked the Secret Society women to submit more evidence.

- (22) 2:52 AM, a French volunteer thus linked up “The impossible wish to be known” from the Secret Facebook Group – further confirmation that I had indeed been obsessed with women (in

this case, Karin) and imagining them to be involved in government conspiracies.

**(23)** 3:48 AM, a Providence, Rhode Island, volunteer examined **my naked picture of Angelica.**

**(i)**

All was not hopeless, for Homeland Security had caught more confirming evidence tonight. (Especially my anti-xxxxxxx terrorism.) The Russian diplomatic mission would bring up my case again tomorrow within the international diplomatic community.

#### **4 March (Wednesday; severe torture, sleep deprivation)**

*First, a note about myself.* Slept past 6 AM. Again, didn't MST. Even though one took two sleeping pills, the control center didn't allow one to sleep. Severe physical pain around 7:30 AM. The pain was so severe that I had practically given up all hope. Got up, and went to TNT instead, knowing that it's futile to further resist the control center.<sup>6</sup> Was also required to leave a message for Wes, saying the control center has required me to leave this message for him, to tell him the control center has been hurting me really bad and wanting me to commit xxxxxx. Apparently, Kiersten and her gang need testimonies from me showing that I am only pretending to be insane. They must have had some difficulty in convincing either HFFMN and MRPB's crew, or the feminists they have invited to their case, or Stephanie, that their story about me is true. They must have been discussing the matter for the whole night last night. Stephanie, most likely. It could be that Stephanie has found it strange that somebody as bad as I am could somehow have had no criminal history before I have turned 43 year-old. All this time, she never noticed I could be such a bad person at all.

*(Completely wrong. What's going on was that, since the police didn't accept the Homeland Security warning about me last night, Homeland Security CO chief instructed the Monkey to remotely control me to leave this crazy message for Wes. He would then instruct Wes to turn over the recording to the police in order to convince them that I indeed suffered from schizophrenia. Furthermore, as the Russian diplomatic mission was ready to bring up my case again within the international diplomatic community, they also wanted this recording as evidence of my insanity. This was really why Homeland Security CO chief wanted me to stay awake this morning – for, otherwise, I wouldn't get up until late afternoon, when everyone in the international diplomatic community was already going home.)*

At TNT, because of my inability to concentrate, I worked on the reconstruction instead (2 and 3 June). Felt much better soon: after completing my "mission"! (*Right.*) Then, a strange call, a private number, 8:25 AM. A female. Did Stephanie call the PET team on me? Sudden worry. Then, to storage: must make good use of my time when the control center didn't allow me to

<sup>6</sup> In: "painmssgwesTNTstephanicalls\_3\_4\_15\_756-839AM.MP3": out, in great pain. Homeland Security surveillance agent? And so I had to say it while under surveillance, that "I'm going to commit a lot of xxxxxx tonight" (1:30). 3:30, I left the crazy message in question for Wes. "I'm leaving you this message so that the police can have more evidence that I'm insane!" Then, how the control center might want me arrested. 10:30, siren. In TNT. 28:45, the strange call. Stephanie?

sleep. DVDs put in: 441, 442, 444, and 445. Ate breakfast there. Then, came home, almost 1 PM. MST – the first time since several days. (Hitomi.) Then slept, until almost 6:30 PM. Hurried to Draw Anything LA Meetup. There around 7:30 PM. Very few people there: Rebecca, Katy, Emiko, “Joshua” (Homeland Security?), Kelly, and another guy. Two more persons would later show up, including one pretty AWF. Although Katy was inconspicuous the last time, she was this time dressed up to reveal her supreme figure. Extremely excited by her. (Note that she’s half Asian.) Kept drawing her, and yet, the control center didn’t allow me to make good drawings tonight. Kxxxxxxx needs evidence for her claim: “Lawrence aspires to be an artist, but he couldn’t draw well, as you can see; thus he steals other people’s drawings and claims them to be his own, and uses them to impress others – such as using someone else’s portrait of Anja to impress Anja.” (*Could something like this really be going on?*) Felt increasingly disgruntled, because, even if I had a chance to befriend Katy, Kxxxxxxx’s gang would immediately intervene to make her believe their lies about me. (*Indeed!*) Thus realized, once again, that my only option in this society is to commit xxxxxx because of Kxxxxxxx – and the Secret Society is waiting for me to commit xxxxxx tonight! Later, showed Katy my web gallery, but when Katy showed more interests in other people’s works, felt even sadder, and left, around 10 PM, putting my entire focus in life on committing xxxxxx. (*Exactly what Homeland Security CO chief had wanted of me.*)

Union ST: **13 N.** Then left for PSDN, such as I had said to myself this morning, probably in front of surveillance agents. Wanted to find the PSYCH building and collect damages there, but couldn’t find it, for some reason. Instead, accidentally stumbled upon another PSYCH building (JK LMFT and ALS PhD). Accidentally broke one bottle there. Then, was ready to xxxxxx KGL, but suddenly noticed that an AWF was sitting inside a car which was parked in front of KGL’s office. This was so bizarre. (It’s about 1 AM!) Walked away, but then decided to xxx SRSN, since it’s in the interior and the AWF wouldn’t be able to see it. Walked back, but couldn’t W at SRSN. Thus, H. Walked away through the parking lot area to avoid the AWF who was still inside her car. But then one saw another white male sitting inside a car in the parking lot area to witness me walking away. Apparently, the Secret Society women were still planning to portray me as a “hate crime” perpetrator and so, after looking up the directory of psychotherapists in PSDN, asked the control center to program me to xxxxxx SRSN. (Both HFFMN and SRSN must be Jewish; Kxxxxxxx is terrified that I might have identified her ambiguous feelings toward the Jewish people in my reconstruction of 30 May, and so is eager to project that onto me in order to divert other people’s attention. In this sense, I should be thankful that I couldn’t W at SRSN!) The Secret Society women then notified the relevant residents, saying they have predicted, either using their psychic ability or seeing me writing so on my blog, that I’m going to xxxxxx SRSN tonight. The relevant people are thus deceived, and mobilized themselves to witness my act. Then, as I walked away to another neighborhood, the security car came, passed me by from behind, and then turned around and drove away – obviously in order to identify me. The “neighborhood watch” residents who were guarding SRSN must have then contacted the security, who were directed to where I was by the Secret Society women who, again, always know where I’m going to be before I have even decided it, identified me, and called the police. Again, the police didn’t bother to heed the call. At the time, however, I was quite worried. What

if I'm about to be arrested? I need to speed up committing xxxxxx in order to maximize my compensation before I go down. Total tonight: **4 W (LSL (CRPNTR); SCHL, 2<sup>nd</sup>), 4 B, 4 mirrors, 4 H.** Past 2:30 AM, after buying cigarettes in a gas station and when walking toward Kinkos: an Asian male in a white sedan (with a girl besides him) came passing me by and shouting profanity at me, as if he were terribly angry with me. Assumed it's because the Secret Society women had had their new recruits watch me committing xxxxxx in real time in order to galvanize them – especially when they see the police, once again, making no moves on me. This Asian guy must be among the “new recruits” (audience), and he was thus terribly offended by the injustice of the situation (that this “hate crime” perpetrator is allowed to roam free in society because of the police’s “sexism”). Again, the Secret Society women’s operation by now consists in recruiting as many people as possible and galvanizing them and then sending them out to complain to the new authority about the police’s “sexism”. On the other hand, I became increasingly worried, because it's now evident that law enforcement didn't bother to warn the ordinary people in the US about Kxxxxxxx's gang, purposely allowing them to be deceived and dragged down the waters along with the Secret Society women themselves. In Kinkos for a few minutes. When I was leaving, however, I had to open the front door for an Asian girl. Seeing that she didn't seem to have been told lies about me by the Secret Society women, I was able to relax a bit. The UN (using the Homeland Security thugs inside the control center) seems to be running a test on me to see whether it's possible to get me to hate Asians. When the Secret Society women send Asians to attack me, I'll still retaliate only against wxxxxxx and Hxxxxxxx.<sup>7</sup>

*(Again, I was partly correct and partly incorrect. This is what had really happened. Because the police still refused to accept the Homeland Security warning about me this morning – even after being confronted with new evidence of my xxxxxxxxxx spree from last night and my crazy message for Wes this morning – the Secret Society women decided to mobilize their community vigilante group again. Homeland Security CO chief was able to obtain, from the mind-reading computer, predictions about not only where I would be before I had even decided where to go but even where I would be when I simply randomly stumbled upon somewhere without ever having to decide to go there. He then informed the Secret Society women about my itinerary and the women thus mobilized the residents to station themselves in the right places in wait for me. Everyone then called in the security guards to identify me. Afterward, when the residents reported all this to the police and the police still refused to validate the Homeland Security warning about me, everyone can then protest about the injustice. Thus I was right in that the Secret Society women, under Homeland Security's instruction, were indeed trying to galvanize the residents in the community, but I was wrong about the objective: the police had no problems in accepting the fact that I had committed xxxxxx; they merely disputed whether the Homeland Security warning really did describe me. (The security guards themselves were probably*

*wondering why the police had difficulty in accepting this demonic portrayal of the vandalizer.) It's because he was angry over the police's refusal to accept the entirety of this demonic portrayal that this Asian driver shouted profanity at me. The Russian diplomatic mission would then bring up the whole episode tomorrow morning within the international diplomatic community. And you of course have to keep in mind the possibility that my wrong scenario, though wrong at this time, might come true many years later.)*

I did prepare the following post, which I would post on my blog by 6 March:

This is an update on Kxxxxxxx's Secret Society's operation on me at this moment. It's just a hypothesis; its correctness is not guaranteed.

As noted, since 20 February, the Secret Society might have changed to a new authority to report me to. This would be their eighth claim against the "suspect". It could be that, now that they have realized that it's unlikely to persuade any law enforcement agency to lock up the suspect and remove his website without his knowing, the Secret Society [women] have decided to contact women's organizations [to ask them] to help them petition international human rights organizations about American police's blatant sexism (in refusing to heed their claims about the "suspect"). The episode 2 to 4 March may illustrate the typical Modus Operandi of the Secret Society [women] during this eighth attempt of theirs.

*(Again, a completely wrong scenario, although something like this might happen later on.)*

To petition about American authority's sexism, the Secret Society [women need] to recruit as many women as possible to their cause. They thus resort to their typical method: ask the control center to program me to vandalize the properties of the women they wish to recruit, so that, when pissed off, [these] women might heed Kxxxxxxx's and xx P's story about me. On Monday, 2 March, Kxxxxxxx's gang had eyed on [HFFMN] and [MRPH] in HRMSA, because this group is composed entirely of white females. To recruit them, Kxxxxxxx's gang asks the control center to program me to xxxxxx [HFFM] that night. The Homeland Security thugs inside the control center obeyed, and provided Kxxxxxxx with the computer simulation results showing that I would be at [HFFM] 10 PM that night.

*(A scenario that was half-true and half-false.)*

Now the Secret Society women's operation on my website for today. 4:14 AM,

<sup>8</sup> In the original diary, my erroneous note at this point: “Presumably, when the security guard contacted [the] police around 1:52 AM, the police refused to respond, after learning that it’s the Secret Society who was filing the claim. Kiersten’s gang had purposely let Rebecca (along with Hoffman and Murphy and [the] other new recruits, and maybe even lawyers from women’s organizations) witness [the] police’s blatant ‘sexism’, so that they all got galvanized to actions, willing to make false reports about my website to the new authority (the international human rights organization?).”

My plagiarism. Let's summarize. Since early morning the Secret Society women had been getting ready to talk to the police again with the new evidences from last night. Such were the essentials:

- (01) 4:50 AM, an Ohio volunteer examined **my harassment of Kiersten** by blogging about her.
- (02) 5:30 AM, an Indian volunteer examined my front page.
- (03) 7:04 AM, **Shizuka** checked in with a Mongolian volunteer.
- (04) 7:36 AM, **Shizuka** discussed me with a Singapore volunteer.
- (05) 7:44 AM, a Palestinian volunteer examined my computer-hacking.

8 AM, I left the crazy message in question for Wes (followed soon by the PET team's call for me). Within an hour, the Russian diplomatic mission should be discussing my case again, with new evidences from last night and this morning, within the international diplomatic community. Meanwhile, the Secret Society women should be starting their debate with the police as well, so that the volunteers from now on would be making reports again.

- (06) 9:11 AM, **Shizuka** reported me together with a Hong Kong volunteer.
- (07) 10:06 AM, a Knoxville, Tennessee, volunteer reported on **my harassment of SDW** by posting my messages to her online.
- (08) 10:19 AM, a Singapore volunteer reported on **my violation of Dr Bxxxxxxx's intellectual property rights**. (The Secret Society women needed all the victims they could get!)
- (09) 10:32 AM, a Las Vegas school teacher reported on **my supposed naked picture of Angelica**.
- (10) 10:36 AM, a Huntington Station, New York, volunteer reported on **my delusion about my women victims' going after me**.

11:30 AM, SDW was out in the Encinitas area. By this time, however, because of the meddling of the CIA and the TMU (e.g. through their informants such as Shizuka), the Homeland Security warning about me would have been rejected again, both within the international diplomatic community and by the police. Angry, the Secret Society women continued to mobilize volunteers to brainstorm.

- (11) 1:23 PM, a Scottsdale, Arizona, volunteer examined my delusions about the CIA and government conspiracies and so on.
- (12) 1:34 PM, **Robin** checked in with a North Carolina volunteer. (She had presumably just heard the bad news.)

- (13) 1:38 PM, **Robin** again with a Michigan volunteer. (She was now telling everyone about me.)
- (14) 4:38 PM, a Fairfax Station, Virginia, volunteer examined **my harassment of Ekaterina's family members** by placing their pictures on my website. (Evidently in response to the Russian diplomatic mission's failure with the international diplomatic community.)
- (15) 4:51 PM, a Shoreline, Washington, volunteer examined **my supposed naked picture of Angelica.**
- (16) 4:52 PM, **Robin** checked in again with a Clovis, California, volunteer.
- (17) 5:10 PM, another Las Vegas volunteer examined **my supposed naked picture of Angelica** (?).
- (18) 5:38 PM, **Robin** again with an Irvine, California, volunteer.
- (19) 6:23 PM, did **Robin** check in again with an Orlando volunteer?
- (20) 8:32 PM, an Alberta volunteer examined **my supposed naked picture of Angelica.**
- (21) 9:10 PM, a West Palm Beach volunteer examined **my harassment of Kiersten** by blogging about her.
- (22) 10:45 PM, a British Columbia volunteer examined **my harassment of Prof. Naweed Syed** by quoting his research on my blog.
- (23) 11:18 PM, a Calgary, Alberta, volunteer examined **my supposed naked picture of Angelica.**
- (24) 11:47 PM, a New Zealand volunteer examined my delusion about **my women victims' going after me.**

1 AM, my collection of damages in PSDN. Both the Secret Society women and their community of volunteers were in a state of utter excitement: although they had failed to convince the police this morning and the Russians were once more unsuccessful in the international diplomatic community, tonight's collection was another opportunity by which they could resume arguing with the police again. For this purpose, the women gang had mobilized many residents of PSDN and stationed them in key locations to serve as witnesses.

- (25) 1:39 – 1:41 AM, **Shizuka** checked in with a Berkeley volunteer – evidently to participate in the current big hype and clandestinely gather evidence of the Secret Society women's frauds.
- (26) 1:51 AM, the security guard came to check on me.
- (27) 2:09 AM, a Richardson, Texas, volunteer examined **my harassment of the ICAACT people.** More victims were needed!
- (28) **2:10 AM, the Berlin Plagiarizer** moved into action. (Evidently, evidence of my plagiarism had to be forged in a massive fashion because, this morning, the police had rejected the Homeland Security warning again by stating that they didn't see me plagiarizing.)
- (29) 2:17 AM, the Richardson, Texas, volunteer **was still at it.**
- (30) The AWF came to conduct surveillance on me.
- (31) **2:44 AM, the Berlin Plagiarizer** stopped.

More reports about my plagiarism at this point. **Then, 2:53 AM**, the Asian driver shouted profanity at me. Presumably this is because, by 2:44 AM, the police had already replied that they

Kxxxxxxx's Vengeance, 34  
Lawrence C. Chin  
Mar. 2015; Aug. 2022 – Jan. 2023

would not reconsider the Homeland Security warning about me even though I was guilty of all this vandalism. This is why the Berlin Plagiarizer had stopped his action (to not waste any more time). Then, by 3:13 AM, I was at Kinkos.

**(32)** 3:17 AM, **Shizuka** checked in with a Melbourne volunteer. Perhaps it's thanks to her informing that the police had so soon rejected the appeal of the Secret Society women and their volunteers.

What an exciting day! Note especially that, today, to persuade the police to accept the Homeland Security warning about me, the Secret Society women had had a special focus on my harassment of my women victims through my online postings: Kiersten, SDW, Dr Bxxxxxxxxx, Ekaterina, Angelica, Prof. Naweed Syed, and even the ICAACT people.

Now, my note in the original diary at the end of today's entry:

Thus the Secret Society [women]'s purpose in staging 'victimization by the police' is merely to [be able to] recruit [more] people to make false reports about my website, which must be discredited by as many voices as possible because it contains information about their past criminal conducts. The Secret Society [women] must have also made up stories about the police, as retaliation for the TMU's warning about them. They must be counting on their 'confidentiality', which [has] sealed the police's mouth [...] (both the TMU and the hate crime units).

Mystery: Did the Berlin person, and every member in the Secret Society who is in Germany, ever get warned eventually? Did Anja ever get warned?

As you can see, complete bullshit. At the time I simply couldn't grasp what the fuss was all about. (*But, then, again, you must be prepared for the possibility that something like this (e.g. the use of "confidentiality" to seal the police's mouth) might happen later, especially when we shall be revising these entries in December 2022.*)

### **5 March (Thursday; sleep deprivation)**

*First, a note about myself.* Slept past 6 AM. Despite taking two sleeping pills, again, one couldn't sleep. The control center didn't allow it. Tremendously angered, read a little "Kings" (Jewish Study Bible). Then out. Surrounded by strange people (not from the neighborhood) wearing earphones. While walking to burgers', met this "Phil" (wearing earphones following me). Told him: Will commit a lot of crimes tonight... Murder and rape. He walked into Walgreens.<sup>9</sup> Walked into Jack-in-the-Box, but anger caused me to lose my appetite. Walked out.

<sup>9</sup> The recording of this morning is: "cantsleepPhilconfesscrimestohmdpt\_3\_5\_15\_958AM-121PM.MP3": out, and how I needed to commit xxxxxx tonight because my stalking victims needed it. 15:30, I confessed to this guy: "I'm gonna commit a lot of crimes today." "What? Murder?" "Yes, rape and murder." "I wish you luck." He introduced himself as "Phil". "What's your name?" "My name is also Phil." 20:30, in Starbucks. 24:20, I left a message for

Strangely, a police car was now parked next to Walgreens. Did Phil call the police? Didn't stick around to find out what happened, however. Home Depot. Forgot to take money out of the ATM. Walked back to Western/ Hollywood, took money out, ate at the Chinese fast food, with so many people around me wearing earphones. Believed that this was the "community surveillance program" put together by the Secret Society women on the pretext that the police didn't care. Home Depot, bought spray and nails. Back to Tom N Toms. Checked the log a little, already past 1 PM. Went home, and was allowed to fall asleep now! Woke up 7 PM. By 8 PM, at the bus stop. Another white guy wearing earphones came standing next to me. [The Secret Society women]'s surveillance agent? Told him: will commit xxxxxx! If it's *that* important! While on the bus, lectured another white guy: "Why are you Americans so bad?" No reaction. He was not involved in [the Secret Society women]'s op, and didn't know what I was talking about. But Kxxxxxxx and xx P probably wanted more episodes to show to their new recruits: "See, he harms us and believes we are bad! He believes in the opposite of reality!" (*I might have been correct here.*) And thus the new recruits are fooled: they have no idea that Kxxxxxxx's gang is able to successfully project their own negative characteristics onto me because they have gained access to the control center via Homeland Security and thus are able to program me to stage whatever shows they need to convince their new recruits and audience. (*Again, I was sort of correct here!*)

At SM/ 26, MNTN: preliminary collection: total: **16 Ns. 3 B.** However, many sets were left on the street without hits. Left very unsatisfied. Physical pain. Starbucks, Westwood. Programmed to sit down at a comfortable seat near the suspicious Hispanic guy who had only his iPod on the table. Worked until 2 AM. Then walked down to SM to take the bus. Had already changed my clothing. On the bus, the bus driver wanted to see my tap card. "I'm a criminal, I don't want to be identified." "If they are looking for you, they'll have already found you." "Nonetheless..." Arrived at Peter's neighborhood again. Collection until past 4 AM: **4 W, 1 small W, 1 shattered. 3 B. 3 SPC, 5 H.** (Including: "FU-UR K and R" and "FU xxxxxxxxxx".) At the bus stop, Wilshire, almost 4:30 AM. Didn't have time to read more at all.

*(Now I was most likely quite right about this "community surveillance program". Because the collection last night didn't convince the police to accept the Homeland Security warning about me, the community of residents and volunteers were quite infuriated. Homeland Security CO chief continued to instruct Veronica's investigators to pass around surveillance earphones and so on among the residents and volunteers and then order the Monkey to prevent me from sleeping so that I would walk around in early morning and the infuriated volunteers and residents could then come to my neighborhood and conduct surveillance on me: "This is the infamous vandalizer, stalker, and hate-crimer on Homeland Security's watchlist! Let's watch over him." Similarly so when I came to the bus stop around 8 PM. The community must have similarly been watching me*

Wes: the business with my stalking victims very intense, a lot of torture and pain, a lot more xxxxxx than usual. (*Homeland Security CO chief wanted me to leave more crazy messages for Wes because of his, and his Russian friends', failure yesterday.*) 34:30, a Hispanic guy with electronic devices sitting in front of me. 44:50, as I walked past Walgreens, a police car. 48:00, a guy with flyers. 1:16:00, out of Metro, more people with earphones. 1:20:00, in Home Depot. 1:24:00, a Hispanic man was calling me from his car. "Are you working? You want to make 20 dollars?" 1:34:00, in Panda Express. 2:24:50, out, more earphones, and my speculations about the community surveillance program. "Dumb dumb xxxxxxxxxx". 2:42:00, back in Home Depot? Out. (Reviewed until 3:13:00.)

Did the Secret Society women call up Oliver so early in the morning? Let's summarize. Even when I was still getting home, the Secret Society women had continued to mobilize volunteers to brainstorm how exactly to convince the police that the Homeland Security warning about me was all correct. The hype among the volunteers and the residents had continued.

- (01) 4:23 AM, a Philadelphia volunteer examined **my supposed naked picture of Angelica.**
- (02) 4:49 AM, a Brazilian volunteer examined **my supposed naked picture of Angelica.**
- (03) 5:04 AM, a UK volunteer examined **my supposed naked picture of Angelica.**

Again, Angelica seemed to be quite aware that it's because she had been caught lying that my Goddess Athena was a representation of her that the police no longer wanted to hear about this Homeland Security warning which had listed her as an "expert witness".

- (04) Three volunteers from Iran.
- (05) 7:38 AM, an Italian volunteer examined **my supposed naked picture of Angelica.**
- (06) 8:05 AM, an Eau Claire, Wisconsin, volunteer examined my delusions about Obama.
- (07) 8:06 AM, a Philippines volunteer examined **my supposed naked picture of Angelica.**
- (08) 9:02 AM, another Italian volunteer examined **my supposed naked picture of Angelica.**
- (09) 9:09 AM, **Shizuka** rejoined the hype together with an Osaka volunteer.

Around 10 AM, I was out, and the community of residents and volunteers kept up the surveillance on this schizophrenic serial vandalizer. 10:20 AM, I talked to "Phil".

- (10) 11 AM, a Hamilton school teacher examined my violation of **Dr Bxxxxxxx's** intellectual property rights.
- (11) 11:12 AM, a Chinese volunteer examined the page 2 of my blog.
- (12) 2:17 PM, **Robin** checked in with a New Jersey volunteer.
- (13) 2:48 PM, **Robin** checked in with a Phoenix volunteer.
- (14) 3:32 PM, **Shizuka** checked in with a San Diego volunteer.
- (15) 5:15 PM, a San Antonio, Texas, volunteer examined how my delusions about being mind-controlled had made me a danger not only to myself but also to others.

Meanwhile, throughout the afternoon, a vast number of volunteers were brainstorming how to prove to any police authority that I had indeed plagiarized.

- (16) 5:58 PM, a Rockwall, Texas, volunteer came to brainstorm how to prove that I did plagiarize my theory on linear perspective.
- (17) 6:31 PM, Robin discussed me with a Texas volunteer.
- (18) 6:37 PM, a New Braunfels, Texas, volunteer examined **my supposed naked picture of Angelica**.
- (19) 7:28 PM, Robin discussed me with an Orlando volunteer.
- (20) 8:55 PM, a Baltimore volunteer examined **my supposed naked picture of Angelica**.
- (21) 8:58 PM, a Tacoma, Washington, volunteer examined Best Mommy's picture.

Around this time, I started minor collections in 26<sup>th</sup>/ MNTN. From this time onward, the volunteers should be reporting to the police again trying to convince the latter: "See, he's committing xxxxxx again, the Homeland Security warning about him is correct!"

- (22) 9:26 PM, a Minneapolis volunteer reported on my delusion about Homeland Security's going after me.
- (23) 10:04 PM, a Panasonic Avionics Corporation volunteer reported on my violation of **Dr Bxxxxxxx's** intellectual property rights.
- (24) 10:08 PM, a Madera, California, volunteer reported on my delusions about the chips inside my brain.
- (25) 10:35 PM, a Saint Paul, Minnesota, volunteer also reported on my delusion about being chipped in the brain.
- (26) 10:36 PM, **Shizuka** rejoined the hype with a Hawaiian volunteer.
- (27) 11:30 PM, **the Berlin Plagiarizer** came again.
- (28) 11:32 PM, Russian law enforcement (?).
- (29) 11:36 PM, **the Berlin Plagiarizer** started copying my chapters.
- (30) 11:53 PM, **Robin** checked in with a Mumbai volunteer.
- (31) 12:08 – 12:10 AM, a Karachi volunteer also worked on my plagiarism.
- (32) 12:17 AM, a Lausanne Polytechnic volunteer also worked on my plagiarism.
- (33) 1:13 AM, a Taipei volunteer also worked on my plagiarism.
- (34) Around this time, **the Berlin Plagiarizer** stopped his work. More than an hour and a half!
- (35) 1:50 AM, a Melbourne, Australia, volunteer examined my delusions about the chips inside my brain.
- (36) 2:57 PM, another Lausanne Polytechnic volunteer reported on my violation of Swielande's intellectual property rights (?).

3 AM or so, I started collecting damages in Peter's neighborhood – making all the grotesque, anti-xxxxxxx gxxxxxxx. Thus we can ascertain that, by 11 PM, the police had once more rejected the Homeland Security warning about me saying I didn't plagiarize, and thus that the Berlin Plagiarizer was summoned again to forge evidence of my plagiarism and so many volunteers were also mobilized to brainstorm how to prove that I did plagiarize.

## 6 March (Friday; Wes/ Asian girl still)

*First, a note about myself.* Posted the latest blog post summarizing the hypothesis about the latest operations from the Secret Society women. (8:07 AM.) Added the anti-xxxxxxx hate ranting. Then tried to sleep. Already 10 AM or so? Still not allowed by the control center to sleep. (Played a lot of Jet-Li movies lately.) Got up to MST (Hitomi). Went back to bed. Amazingly, was allowed to sleep. (About noon?) Woke up around 7:15 PM! Got up, and went to the Korean Chinese restaurant near home, worried that one might have missed a chance to talk to Wes. Called Wes around 7:30 PM. Amazingly, he answered it. Talked for an hour: the latest ops, and then about “self-image”. Felt calmer than usual. Went to collect damages around 10 PM. So distraught and hopeless because there wasn’t even any entertainment left, since I was convinced that the Secret Society women would have recruited everybody I’d ever meet. “The entire psychological anchor must be placed in committing xxxxxx.” (Antagonism toward xxxxxxxx is the only possible meaning left for life here, thanks to K’s gang.) (*Actually, thanks to Homeland Security CO chief.*) At the Metro station, another man seemed to be filming me while pretending to be filming the station. Went up to him to test him: “I’m just pretending to be me... I’m pretending to speak English and French...” His apparent disgust with me seems to indicate that he was indeed K’s agent. (Later: if he were a law enforcement agent, this shows that law enforcement certainly has not much sympathy for me at all.) (*We really have to wonder whether this man simply came from the community of volunteers and residents here to keep track of this serial vandalizer on Homeland Security’s watchlist.*) The conviction rekindles my hatred for xxxxxxxx. At Starbucks, Vermont/ Prospect. Another AWF played with her phones near me: all the time. Had difficulty in appending the reconstruction of 1 June onto “Kxxxxxxx, V”. (The PDF was “damaged”.) Eventually succeeded by changing the URL on the front page of my website. (It might be that I was worried over nothing in order to achieve identity with my stalking victims; i.e. the browser’s cache wasn’t cleared.) (*No identity here.*) Past midnight, collection on FRKLN and LSFLZ: **13 N**. Because I had forgotten my USB cable and couldn’t upload the recording of my talk with Wes, I hesitated about further collection. It was almost 1:30 AM, too late for SPSDN. Decided to go to BRNTWD for further collection. Strange: a car with lights and engine on, and windows rolled down, was parked near the first available TRGT. (*Was it the community of volunteers again?*) Skipped it. Tried W at Coffee Bean. Couldn’t, and the noise inside seemed to indicate human presence still. This caused tremendous fear for a while. Eventually, went back to the first available TRGT. (Coldwell for lease.) The W wasn’t dramatic at all, however. Wandered around for almost an hour, and couldn’t find anything else. Too timid. Eventually, gave up. **Total: 1 W, 4 H, 4 B**. Left very unsatisfied. And the bus came just before I changed. Got on without changing because it was just too much trouble to wait for the next bus. Assumed that it was my stalking victims who had wanted to “collect more evidence” (that the disguised figure was indeed “me”). (*Maybe so: maybe Homeland Security CO chief wanted me to leave behind evidence.*) And was programmed to forget to get off the bus *before* my stop on Catalina! Believed this was my stalking victims’ story: the police are so stupid (or “sexist”) that, even though I have been committing xxxxxx all my life, they have somehow never caught me (thus explaining why I have never had any criminal history until two years ago); my stalking

victims are so righteous, in a few weeks they have solved all these mysterious vxxxxxxx cases! Ha! They want to make the police look bad to the residents as retaliation for the TMU's warning about them. (*Complete bullshit, Homeland Security's evidence of my insanity at the moment, although something like this might come true by the time we shall be revising this entry in December 2022.*) Ate at the Korean restaurant. Tried to read Luther's Bible (Samuel), and yet was not allowed to concentrate: was too worried about whether my scenario about the Secret Society women was true. Home, past 6 AM. Began to think that my scenarios are generally correct but err in many details – i.e. I'm just like my stalking victims, half-right, half wrong, and everything vague, save that they are like that because they are stupid, whereas I'm like that because everything is hidden from me. (*Quite right!*) Also thought that my scenario about the Feminist Lawyer is also half-right, half-wrong. Right in that she is really inside the control center. Wrong in that she has never recanted, but thinks she has succeeded in using my understanding of "abuse of process" to cover up her own "abuse of process" (abuse the process to avoid abusing the process). One's rational estimation of her: she would be somewhere in the middle between me and the Secret Society women: she hates Kxxxxxxx's gang because they don't care about women and want to drag feminism down the water with them (the feminists do care about women); but she has never been convinced that her "Old Feminism" is wrong and is probably amused by my strange fantasies about her (which she herself has commanded). (*Again, complete bullshit, and Homeland Security's evidence of my insanity – although there might indeed be a Feminist Lawyer inside the control center by the time we shall be revising this entry in December 2022.*)

*Highlights of my conversation with Wes today:* (1) the situation with my stalking victims got so bad, and the control center hurt me so badly. Wes asked me how they had hurt me. (*Homeland Security CO chief instructed Wes to lure me to confess so that the police can be convinced that I was indeed insane.*) All because they wanted me to commit xxxxxx and leave a message for him on Wednesday morning. (*Right.*) (2) They wanted the victims of my xxxxxx to watch me commit xxxxxx against them, and to see how the police wouldn't respond... in order to recruit them... to galvanize them to protest... to force the police to act... (*Not quite right, but close.*) Then:... victim confidentiality... they dominated the entire flow of information... they knew which building I wanted to attack before I attacked it... (*Right.*) Then about how they were filming me committing xxxxxx: it made it easy for me to track who the new members of the Secret Society were... they put a car there, with cameras inside... they let the victim watch... and call the police... how, when the police hear it's the Secret Society women, they wouldn't respond... (*Again, not quite right. The police did regard me as a criminal; it's just that they didn't regard the Homeland Security warning as a correct description of the criminal – nor any correct description of the "expert witnesses".*) (3) By 10:00, the call was cut off. I was quickly reconnected with Wes. (4) I repeated the Secret Society women's supposed strategy: now they actually placed real people in the car, in the area where I attacked... they had decided on this tactic because they were running out of money... they needed new people to contribute to the campaign... (*All wrong: it's not about money.*) I tried to increase my vxxxxxxx now that the police were under pressure... because of Karin, they had a lot of members from Germany... so many foreigners... even if *my* life doesn't matter, shouldn't the police warn the foreigners? They

would look bad to foreign governments... but it didn't seem that they did... (*Such bizarre understanding of the situation – as if the police were in a position to warn people about my women victims – resulted from my erroneous conception about what the Secret Society women were doing. Both Homeland Security and the Russian diplomatic mission would certainly grab onto this as evidence of my insanity.*) (5) Wes had been busy grading papers and so on. (6) The control center had also been torturing me with sleep deprivation. They filled me with so much anti-xxxxxxx hatred yesterday... (*Although I was merely speaking the truth, this was more evidence of my insanity – or how my anti-xxxxxxx sentiments were the result of my schizophrenia.*) The Secret Society women recruited so many people, for them to chip in for the purchase of more surveillance earphones... yesterday I was surrounded by people with earphones... community surveillance... (*Right.*) I started enjoying it, and tried to increase the amount of xxxxxx I shall commit each day... (7) The entire society is now mobilized to help cover up their crimes... (*No! To help them prove that they were right about me!*) They want me to go down because my website talks about their crimes... (*Wrong.*) But nobody actually cares about their crimes... their crime consists in staging their own victimization to deceive the police... and my website is already shut down... when they stage a crime to persuade the police to take me down, it is like rape and murder... “The Casualty of War”... “I told everyone, and they don't care!” It's just like this movie... (*Again, evidence, for Homeland Security and the Russian diplomatic mission, of my grave insanity, or delusions about my women victims.*) (8) My new blog post: my desire to form anti-xxxxxxx hate groups to indiscriminately attack xxxxxxxx... why was I required to write that? Evidence in the ICJ but also to help the Secret Society women galvanize the police... (*Actually, I was quite right. But since nobody was allowed to admit that I had chips planted inside my brain, it's evidence of my insanity – or again how my delusions had prompted me to become an anti-xxxxxxx terrorist.*) (9) And the concentration camps... but the German members have not been warned... and yet I didn't delete all this... now I don't even feel like defending and clarifying myself... it's kind of cool to see people being deceived by the Secret Society women... (10) This “hate group” idea... the control center wanted it because... Wes: entrapment! Me: Just broadcast my story overseas, and nobody would want to come to America again... why am I sacrificed like this... but so are the mass-shooters, who also have chips in their brain... I'm the only self-conscious “chipped”... the consciousness of being controlled both extends and limits the computer's control over you... people who come to this country might get chipped... and no one will believe you... (*Again, much evidence of my gross insanity.*) (11) All I have said about the Feminist Lawyer is imaginary... just the same Homeland Security thugs in the control center... they wanted me to imagine and say something crazy... (*Right!*) The UN is going to adopt the New Feminism idea... (*Not the UN, but BOL and the Invisible Hand – but eventually they would make the UN adopt it.*) They can save the world with my ideas only if my ideas emerge from some delusional context... (*Right.*) And it must be BOL who has originally come up with this idea... this process is so sickening... (12) Tuesday, because the Secret Society women wanted me to leave some evidence behind, the security guards chased after me... and they took my bag... the control center was trying to establish identity between me and my stalking victims... how I have come to see committing xxxxxx as my “right” (45:30). (13) Suddenly, 46:00, somebody came in to sit next to me, to conduct surveillance on me? (*Right!*) It's making me extremely uncomfortable. (*Most likely, what's going*

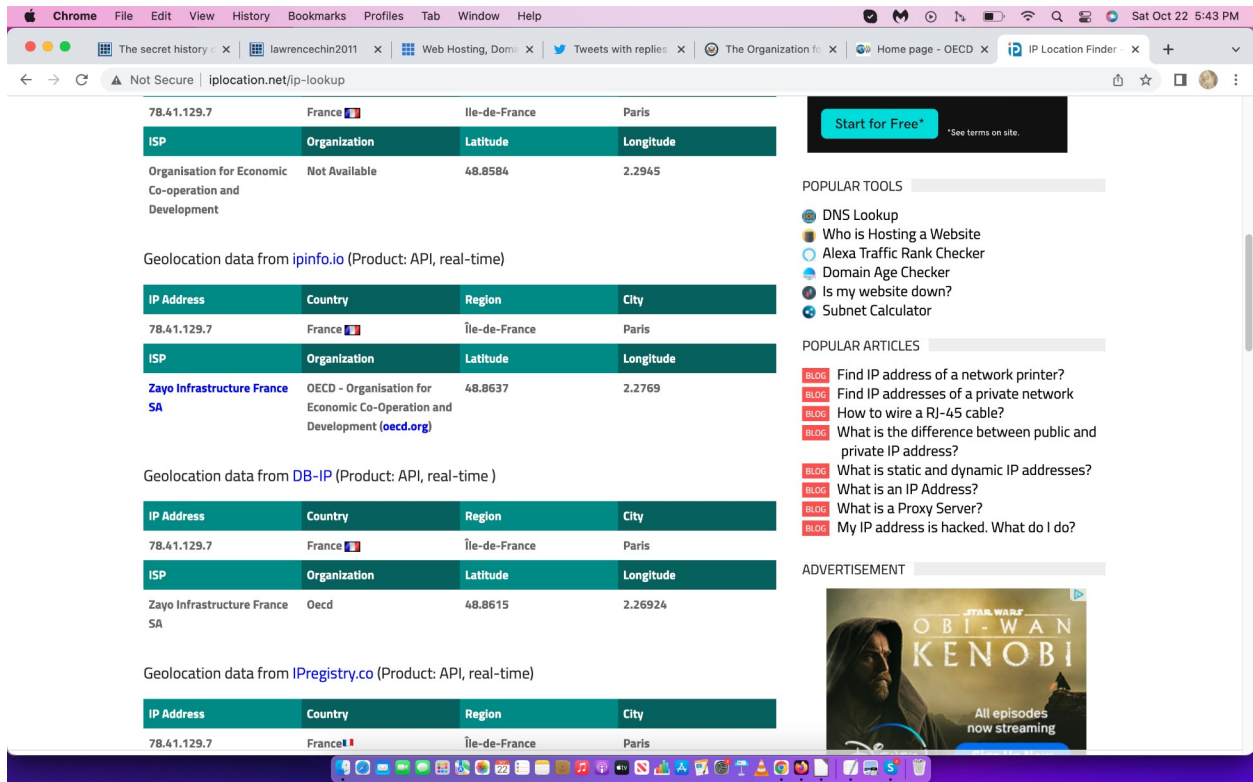

*on is that, since Homeland Security and the Russians were about to submit the intercept of what I had just said to the international diplomatic community to convince everyone there that Homeland Security was indeed right about my insanity, the CIA had instructed the TMU to send in a surveillance agent in order for me to notice it and say so – this would then be the CIA's evidence tomorrow that I wasn't in fact insane.) (14) I continued my analysis: (a) because I have come to see committing xxxxxx as my compensation; (b) because my self-image has been violated. Dr P was the same way. She took Chaya's warning to the police in September 2013 and then got arrested... she was thus enraged because her image of herself as very smart and image of her "stalker" as bad and insane turned out to be incorrect... (This psychoanalysis was in fact excellent, but, because Dr P wasn't in fact arrested back in 2013 nor any time later, this was Homeland Security and the Russians' evidence that I was indeed deluded about my women victims, in this case Dr P.) (15) I hesitated to say my other example, that of Nazi Germany, because the Secret Society women wanted me to say it in order for me to offend their German members and galvanize them to protest to the German government saying if the police here don't take me down then Germany would cut off diplomatic relationship with the US. (Bullshit. Again, Homeland Security and the Russians' evidence that I was indeed insane – although something like this might indeed happen by the time we shall be revising this entry, in December 2022.) But I gave the example anyway: the siege of Berlin (53:00). The Germans thought it was injustice because their self-image as superior was violated. And so Dr P thought she could take me down in two weeks... and then she got arrested... and so now she's willing to violate any laws... and if somebody stops her, then that's injustice... (Again, even though it's an excellent analysis, it's applied to a wrong scenario, hence evidence of my delusions about my women victims.) Wes, knowing I was all wrong, asked: why do you spend all this time trying to figure this out? Me: the control center wanted me to do it... the control center is under Homeland Security's control, and the women victims would ask Homeland Security to control me to do something... while the computer is controlling me to do that, it's clandestinely carrying out the government's intention, to establish identity between me and my stalking victims and then to get me to reflect on my stalking victims' characteristics, and these would then be taken into evidence in the ICJ, to fulfill BOL's agenda... (I was in fact completely correct, except that it's not the government but simply the Invisible Hand. However, because neither Homeland Security nor the Russians knew about this – they didn't know about the secret, second trial which the Invisible Hand had been conducting with BOL – it's evidence of my insanity.) I continued about BOL's program: to destroy people's self-esteem in order to restore democracy... (Right! And yet) Wes acted like it's all a joke. (Presumably it's because Wes didn't know anything about the program either.)*

8:07 AM, I was editing my blog from home. As noted, I would post the blog post you see for today, "An update on Kxxxxxxx's Secret Society's current operation on me (their eighth claim)". Pay attention to how I concluded my (completely erroneous) reconstruction:

We wholeheartedly plead to the United Nations that "Operation worldwide Anti-xxxxxxx xxxx group Nanjing Massacre style" be passed into international law to save humanity from "xxxxxxx virus". But of course, I'm writing this probably because Kxxxxxxx's Secret Society needs me to write violent hate speech on my website in order to have more substantive materials to complain about, and perhaps to galvanize [the] American people to lynch me before I get to escape from this hell called "American society".

Homeland Security CO chief had indeed ordered the Monkey to remotely control me to write this in order to enable his star witnesses to have evidence to prove to law enforcement that his profile of me was correct. And I said so in my blog! Thus would law enforcement *never* validate the said warning about me.

How I had painted Angelica nude.

4:11 AM, my progress with “The birth of a mission” – D:

Keep in mind that this is the reason why Homeland Security CO chief was doing all his stunts. Now, let's summarize. Since early morning, the Secret Society women had been mobilizing volunteers to brainstorm how to prove to the police that the Homeland Security warning about me was correct (all because the police had again dismissed it last night).

- (01) 4:45 AM, a volunteer from OECD reported on my computer-hacking.
- (02) 6 AM, a Maryland volunteer examined **my supposed naked picture of Angelica**.
- (03) 7:15 AM, a Douglasville, Georgia, volunteer examined **my supposed naked picture of Angelica**.
- (04) 8:07 AM, I started posting my latest anti-xxxxxxx hate ranting: Homeland Security CO chief's temporary evidence.
- (05) 8:16 – 8:45 AM, the **Rockwall volunteer** from yesterday came again to brainstorm how to prove to the police that I did plagiarize my theory on linear perspective.
- (06) 12:13 PM, **Shizuka** rejoined the hype with a Seoul volunteer.
- (07) 2:29 PM, **Shizuka** rejoined the hype with a Yokohama volunteer.
- (08) 4:03 PM, a Penrith, Australia, volunteer examined my delusions about my women victims' going after me. **(a)**
- (09) 4:43 PM, an Ann Arbor, Michigan, volunteer examined **my naked picture of Angelica**.

(10) 5:36 PM, a Mexico City volunteer examined **my supposed naked picture of Angelica**.

(11) 5:53 PM, the Rockwall volunteer came again to brainstorm how to prove to the police that I did plagiarize my theory on linear perspective

(12) 7:20 PM, SDW's Tampa friend (LGL34C) examined how my delusions about being mind-controlled had made me a danger to others as well as to myself.

7:30 PM, I started talking to Wes. The volunteers would soon start reporting again to the Russian diplomatic mission.

(13) 7:33 PM, a Seattle, Washington, volunteer examined **my supposed naked picture of Angelica**.

(14) 9:30 PM, a University of Newcastle upon Tyne volunteer reported on **my supposed naked picture of Angelica**.

(15) 9:35 PM, a Nexus 7 volunteer reported on my delusion about my women victims' going after me and my latest anti-xxxxxxx hate expression. (b)

(16) 10:16 PM, a Wuhan volunteer reported something about my blog.

Past midnight, I was collecting damages on FRKLN. Presumably either Homeland Security or the community were again conducting surveillance on me.

(17) 12:35 AM, the strange Baidu visit again (the Wuhan volunteer?).

(18) 12:57 AM, Shizuka rejoined the discussion with a Miami volunteer.

(19) 2:12 AM, a Tyler, Texas, volunteer examined my delusion about my women victims' going after me and my latest anti-xxxxxxx hate expression. (c)

By this time, I was collecting damages in BRNTWD.

(20) 3:26 AM, a Brisbane, Australia, volunteer reported on **my supposed naked picture of Angelica**.

(21) 4:05 AM, a Mexican volunteer reported on **my supposed naked picture of Angelica**.

Presumably Angelica was still very concerned with the fact that she had been caught admitting that she didn't really believe my Goddess Athena was a representation of her. In any case, with the intercept of my conversation with Wes, the new video footage of my vxxxxxxx spree, and more reports about my website (my anti-xxxxxxx hate rambling, delusion about my women victims' going after me, and supposed naked pictures of Angelica), the Russian diplomatic mission had enough evidence to make a scene again tomorrow morning within the international diplomatic community.

### 7 March (Saturday)

*First, a note about myself.* Once again, the control center didn't allow me to sleep. I continued to work on my writings. 10:15 AM, Microsoft Paint malfunctioned. Then, the entire Windows

crashed. It recovered by 10:18 AM. While looking for the next recording to review in my reconstruction, discovered the conversation with Wes on 4 June last year, and there realized that I was programmed yesterday to ramble anti-xxxxxxx hatred (Nanjing Massacre) in order to replace evidences (repeat past episodes). (*Not.*) Checked the log and read the Bible (OT) until noon. Slept, while watching "Shaolin Temple – II". Woke up 7:30 PM. Very depressed, because there was no social life possible for me, and I was programmed to the current schedule where I couldn't even call Wes on time. Had decided since last night to collect damages tonight in SPSDN, and thus couldn't even go very far. Out, past 9 PM, going to Starbucks, Vermont/Prospect. Near TNT, ran into a police officer who parked his vehicle in the alley and was smoking a cigarette. Still, many strange people (from outside the neighborhood) wearing earphones around me. (*The community surveillance had continued because the police still refused to validate the Homeland Security warning about me.*) Worked in Starbucks until midnight: desert environment, not pretty girls, etc. Then, mother's email enraged me severely, and motivated me to collect damages. Then, because of time constraint, went directly to SPSDN for collection. Near Unified School District, a man was napping inside his vehicle with all the interior lights turned on. There to record me? (*Evidently another one from the community of residents and volunteers.*) Many suspicious parked cars throughout the night. Total: **4 W (Unified: 3<sup>rd</sup> and the store next to FSTGRND: 2<sup>nd</sup>), 5 B, 4 H.** Done by 1:50 AM. In downtown: **1 B, 1 H (LWLB); 6 N (all bad Hispanics!).** In Denny's by 5 AM (near home; daylight saving time).

Now the Secret Society women's operation on my website for today. 4:12 AM, kd113159003042.ppp-bb.dion.ne.jp, Tokyo, Japan,\*

Nothing else is showing. Presumably the same Hong Kong volunteer who was just here 7 hours ago, now with a different IP address.

Let's summarize. And so, this morning, as the Russian diplomatic mission was preparing to make their case again in the international diplomatic community, all the volunteers were getting ready too to make their reports. The essentials are:

- (01) 4:12 AM, **Shizuka** rejoined the hype with a Tokyo volunteer.
- (02) 4:38 AM, a Minneapolis volunteer examined my delusion about **my women victims' going after me, in particular Kiersten**.
- (03) 5:02 AM, an Ethiopian volunteer examined my latest, anti-xxxxxxx hate blog post.
- (04) 6:11 AM, a Brisbane, Australia, volunteer examined **my supposed naked picture of Angelica**.
- (05) 6:44 AM, **Robin** rejoined the hype with a Warsaw volunteer.
- (06) 8:09 AM, **Uma** was called back and joined the hype with a Mexico City volunteer.

By this time, the volunteers must have started reporting. The victims included Shizuka, Angelica, Robin, and Uma. (Shizuka was of course simply here to sabotage the reporting.)

- (07) 9:46 AM, **Shizuka** made her report together with a Malaysian volunteer.
- (08) 9:51 AM, a Birmingham, Alabama, volunteer reported on my latest anti-xxxxxxx blog post and **my delusions about my women victims**.
- (09) 11:04 AM, a New York City volunteer reported on **my supposed naked picture of Angelica**.
- (10) 11:53 AM, a Zurich volunteer reported on my delusion about being chipped in the brain.
- (11) 12:11 PM, a Peoria, Arizona, volunteer reported on **my particular brand of misogynist ideology** which had supposedly motivated my attack on white women.
- (12) 1 PM, a Slovenia volunteer reported on my delusions about Boss Cheney and/or Khalezov.
- (13) 3:15 PM, an Austin, Manitoba, volunteer examined my delusions about **my women victims' going after me, especially SDW and Kiersten**.

By this time, the Russian diplomatic mission must have failed again – principally thanks to the reporting of informants such as Shizuka behind everyone's back. The volunteers were back to brainstorming.

- (14) 7:30 PM, **Shizuka** rejoined the hype with a Sao Paulo volunteer.
- (15) 7:56 PM, a Makati volunteer examined **my supposed naked picture of Angelica**.
- (16) 9 PM, a Colorado Springs volunteer examined **my supposed naked picture of Angelica**.
- (17) 9:59 PM, **the Hong Kong volunteer living in South Korea** came to examine my blog again (my latest anti-xxxxxxx blog post.)

Around this time, I was out and the community of residents and volunteers continued to keep a tap on me.

- (18) 11:52 PM, **Robin** rejoined the hype with an Indian volunteer.
- (19) 12:17 AM, **Robin** again with a Newfoundland and Labrador volunteer.

From 1 AM onward, I was collecting damages in SPSDN.

(20) 2:03 AM, an Austrian volunteer examined **my supposed naked picture of Angelica**.

(21) 2:32 AM, **Shizuka** rejoined the hype with a Philippines volunteer.

(22) 3:14 AM, **Robin** rejoined the hype with another Indian volunteer.

(23) 3:35 AM, **the Hong Kong volunteer living in South Korea** examined my blog again (my latest anti-xxxxxxx blog post).

### **8 March (Sunday; Wes)**

*First, a note about myself.* Worked until 6 AM or so. Called Wes around 6:30 AM. He was sleeping. Agreed to call him tonight. MST (Hitomi). Subscribed to her channel. Was worried that the Secret Society women would contact her. But then noticed that the channel wasn't real (there were commercial videos on there). Was hesitating about whether to stay up and go to church. However, got very concerned, because Kxxxxxxx could tell Stephanie or Noah to pretend to inform the police about how I was "confessing" I was "committing xxxxxx" and ask them to take me away, etc., so as to make it look like I had got caught because my church members had got concerned about me when I said bizarre things, rather than because the Secret Society women had orchestrated my fate from behind the scene. (*As you have seen, something like this had already happened.*) In the end, decided to go to bed and see if I would be allowed to sleep. (The church is no longer an attractive venue after the Secret Society women's infiltration.) In the end, surprisingly, I was allowed to fall asleep – with two sleeping pills. (While watching Jet Li again.) Woke up 2 PM. Lay around until 4 PM. Then, TNT. Had some good thoughts (e.g. the Invisible Hand should show himself to let ordinary people understand just how sophisticated government officials can be, so that they wouldn't try to take pride in deceiving law enforcement and the government, such as Dr P was probably doing). Will be punished for having good thoughts again. Discovered that I had forgotten to bring my notebook. A little sad over my programmed memory loss. Then, turned on my laptop. Microsoft Paint repeatedly malfunctioned. Couldn't save the screenshots. Shut it down. It happened again. Google Chrome wouldn't start, and Firefox froze. Rebooted the computer. Was getting very paranoid: perhaps the Secret Society women wouldn't allow me to use my computer anymore. Some physical pain. Upon restart, it did function. The control center's evidence for my delusion of grandeur about my stalking victims. (*Again, just being trained to look delusional.*) Also evidence that I was committing xxxxxx because I blamed my own failures on others (like my stalking victims). (*Bullshit.*)

Went home to fetch my notebook. Then, on 720 bus to Promenade. Left two messages with Wes. Worked a little in Starbucks. Hatred for xxxxxxxxx, while a lot of pretty AWFs around. Walked to the Apple store. Already closed. Came back to Starbucks to discover that Wes had called me. Called him, 8:50 PM or so. Talked for 30 minutes. Was excited. But then my mood was dampened: my continual conversation about Kxxxxxxx's op on me she would probably use to convince her new recruits that I was obsessed with her. Mood dampened, the hatred for xxxxxxxxx returned. Preliminary collection: **9 Ns, 1 H, 3 B**. Then off to Starbucks, Westwood.

Burger, and then Starbucks, already 12 AM. Worked until 2 AM. By then one was getting pessimistic: perhaps the Secret Society women had occupied the police station? Then off for further collection. Total: **2 W (Baron), 4 H. Walked** a long distance (OLMP and then SM), no xxxxxxxx around. At the second TRGT (BNT0), thought that no one was around. But then a homeless man sleeping in the darkness called out to me. Terrified. But walked away as if nothing had happened. Got on bus 4 to go home around 4:30 AM. Just then, the taxi around drove away as well. Thought: was the FBI testing me to see if I was dangerous to people? If so, I might have overestimated the Secret Society women's sophistication. Could they still see my laptop's screen? The operation behind the scene – could it be more convoluted than ever? (E.g. the Secret Society women might be staging the FBI testing.) Was worried, since the W at BNT0 could be “staged”. (*Just more mindless bullshit to help make myself look delusional.*) Nonetheless, that still cost money!

*Highlights of my conversation with Wes today (from 3:46:30 onward):* (1) Heidegger's *Being and Time*, and how I started perceiving windows differently. How objects acquire meanings through human goals, and human goals through temporality. Does BOL understand this? I acquired my hatred toward xxxxxxxx also through temporality. Since I can't wait for the Secret Society women to be busted, I started perceiving them as forming a “group” with their fellow xxxxxxxx, which makes revenge easier (insofar as I can now xxxxxx any randomly chosen person as a way of xxxxxxxing them). All because I experience time only in the short term. BOL understands this: how to make him attack xxxxxxxx? Make his victimizers so powerful! IH places a lot of value in this but – can he make BOL understand this? And Wes pretended to not know who I was talking about. BOL – how to make people do things through their perception of time. (*This is really an excellent analysis as to why I was committing xxxxxx.*) (2) Wes' oracles were just triggers for new ideas, and it's these ideas which BOL wants... the rule is that world-saving ideas can only be adopted if they are born from the delusions of a lunatic. (*Although this was just so much insanity for all listeners at the moment, it's precisely what the Invisible Hand had in mind and what would happen later on.*) (3) What do these people want? I can only rely on my common sense. BOL wants to recruit me to be her secretary. And the Secret Society women must be laughing right now: he doesn't know how disgusted BOL is with him! (4) The “anti-xxxxxxx hate group” idea again: “That's how you can cause people's perception of xxxxxxxx to change... People need to understand their relationship to xxxxxxxx in a different way... And it would have something to do with people's perception of time... People's perception of time is the most important thing in determining why people do what they do... (*Once again, a most excellent analysis.*) (5) The US might not be able to make use of my writings unless the US makes me into an enemy of the US... Such is the rule of the ICJ... But that would be abuse of process... The problem is that my case is governed by UN Resolution 1373... The person cannot benefit you unless he's your enemy... That's the hurdle you just can't overcome... People have to torture you in order for you to benefit them... So they'll have to torture you two times, torture you and then exploit you... (*Again, although this sounded like so much nonsense at the moment, it was, quite unfortunately, precisely what the Invisible Hand had in mind and what would happen by the time we shall come to revise this chapter in December 2022.*) (6) My ideas about how to develop Russia's soft-power... Russia has a very weak foundation and is therefore unable

to implement my ideas... And so the Republicans will make use of them... And that's why they allow my stalking victims to attack me – so that I'll hate the United States... (*Again, we are afraid that, although nonsense at the moment, this is precisely what would happen by the time we shall come to revise this chapter in December 2022.*) Even though the US has a firmer foundation, Americans' perception of themselves get in the way and it'll take time to remove that... So the most appropriate country is Germany, and that's what BOL is probably thinking... But that means I'll have to be made into an enemy of Germany too... But I don't have such desire... And so they can make Germans hate me in order to force them to benefit from my ideas... (*Would this happen later on too?*) But right now I'm saying this only in order to sound delusional... (*Right!*) (7) But my stalking victims might have locked me in... By now the more I try to justify myself, the more my stalking victims can appear right about me to their new recruits... and if I try to conform to what they say about me, it's the same thing... so the more I talk, the more I get myself locked in... (*Again, this was not what's going on at the moment although something like this would become true by the time we shall be revising this chapter in December 2022.*) But it doesn't matter because if I see everyone as my enemy, it actually makes things easier for me... (8) Something that K did is to tell her new recruits that I have this strange feeling toward the Jewish people, and then she would just describe herself (*i.e. her own ambiguous feelings toward the Jewish people*) to make people believe she's describing me... but since I wrote that on my blog, that's the reason why she wants to take me down... (*Wrong. That's not the reason.*) Because she doesn't want people to know who she really is... Now she'd just tell her new recruits that, when I describe her, I'm just describing myself... so when I write on my blog that she's projecting herself onto me people will just believe I'm projecting myself onto her... no matter what I say people won't believe me... (*I was completely correct here: this is the tactic which Kxxxxxxx would employ, both now and in the future – but especially by the time we shall be revising this chapter in December 2022.*) Wes: “Do people read your blog?” Me: “Now they can let people read it... before you project yourself onto your scapegoat, you tell people your scapegoat likes to project himself onto you... so when the scapegoat discovers that you are projecting yourself onto him and says so, people will still believe you, not the scapegoat... you can now let your new recruits hear me and your new recruits will still believe you... because I sound like *I'm afraid* people might not believe me when I say she's projecting herself onto me... (*Again, something like this would be happening by the time we shall be revising this chapter in December 2022.*) Isn't that a great tactic... if she's not doing this right now, when she hears me, she'll do this... then she'll never have to worry people might read my blog...” And I used the example of why she loved and hated men at the same time. Then I noted: “I've too much surveillance around me at the moment...” (*Did the surveillance come from Homeland Security or the TMU?*) (9) Before finishing: “I promise I'll commit some xxxxxx tonight, and I really will commit xxxxxx, for if I don't I'll suffer physical pain...”

*(As you can imagine, it's because the Russian diplomatic mission had failed again yesterday that Homeland Security CO chief instructed Wes to talk to me today – having seen on the mind-reading computer what I was going to say before I had even decided what I shall say. He instructed Wes to call me and, when I failed to answer the call, ordered Wes to wait by the phone to wait for my call back. When I called, Wes of course followed the instruction by leaving the*

*answering machine turned on in order to “accidentally” record the call. My topics today – (a) how the experience of time determines why people do what they do; (b) how BOL wanted me to attack xxxxxxxx; (c) ideas can only be adopted if they come from some crazy context; (d) the Republicans’ program; (e) something about Germany; (f) how the Secret Society women had locked me in; and (g) K’s tactic – were either excellent analyses or prophecies about the future, but at the present they sounded like just so much delusions. And so, afterward, Homeland Security CO chief would instruct Wes to go to the police to turn over the recording, which would then become the Russian diplomatic mission’s evidence again tomorrow in a new round of debate within the international diplomatic community.)*
