RESUME

The following reconstructs the operation of the Secret Society women and Homeland Security CO chief against me from 18 to 26 March, 2015.

Synopsis:

18.03: in the morning, the Secret Society women went to the police together with the owner of MSTEVE and the new evidence to try to make the police accept the Homeland Security warning about me, but, by noon, even with all the volunteers’ calling in, the police nonetheless dismissed the said warning. From 3 PM onward, a German volunteer worked on proving that I was insane. 4:30 PM, SDW went out to meet Leslie again. From 5 PM onward, a Camarillo volunteer worked on proving that I did plagiarize. Almost 9 PM, the Secret Society women contacted Uma again. Past 10 PM, Ekaterina’s friend in the Seoul Metropolitan Government. Late night, they sent in a dummy victim to run over my nxxxs in order to collect the evidence for tomorrow.
19.03: in the morning, the Secret Society women went back to the police but, by noon, even with the volunteers calling in (including a volunteer from Sandia National Laboratories), the detective dismissed the warning once again. As the brainstorming continued into the night, the volunteers were asked to post more “crucial evidence” on the Russian diplomatic mission’s secret Facebook group for me and a Henderson, Nevada, volunteer thoroughly examined my “delusions about my women victims” (Kxxxxxxx, SDW, and Ekaterina).
20.03: in the morning, the Secret Society women went back to the police but, by noon, the detective dismissed the warning once again. Thereafter, as SDW had gone to the San Diego County to do her business, a Bartlesville volunteer spent an hour brainstorming how exactly to convince the detective that I did plagiarize my theory on linear perspective. Then the Russian diplomatic mission asked volunteers to post more of the “crucial” evidence on their secret Facebook group for me (3 times). Then, past 8 PM, Homeland Security CO chief instructed Wes to call me – in order to obtain more evidence of my delusions about my supposed “women victims” and my txxxxxxxx motives. There was no collection tonight, though.
21.03: this morning the Secret Society women went back to the detective (together with the select members of their community) calling his attention to the recording of my conversation with Wes from last night. The volunteers then started calling in. By early afternoon, however, the detective had again dismissed the Homeland Security warning. The Secret Society women were thus back to brainstorming with their volunteers. Meanwhile,

the Russian diplomatic mission and Homeland Security CO chief, desperately in need of some temporary evidence with which to lock up the previous ICJ trial for the time being, sent in some Homeland Security agents to my room to search my Asus and install hidden cameras on the ground that I was committing txxxxxxxx crimes every night. 10 PM, Homeland Security CO chief then remotely controlled me to come home to MST so that he could share the video with the large community of residents and volunteers. Past 2 AM, Homeland Security also sent in an agent to film me inside the gas station (even though I didn't collect damages tonight).

22.03: now that Homeland Security CO chief had started his own investigation of me, he collected, late morning and early afternoon, many testimonies from the volunteers to confirm that he was right about me and then, late afternoon, went with the Russian diplomatic mission to a new authority, who however also soon dismissed his case. The volunteers then spent the night brainstorming how to convince any authority that I was indeed insane, and Homeland Security CO chief made sure that I would collect a lot of damages tonight in Hermosa Beach.

23.03: in the morning, Homeland Security CO chief and the Russian diplomatic mission went back to the new authority again, who however again dismissed the warning in question. By night, Homeland Security CO chief thus instructed the Secret Society women to collect more testimonies about my delusions about being under mind-control and their going after me and then ordered the community to run more surveillance on me during my collection.

24.03: from 10 AM onward, the Secret Society women had another hearing with the new authority and, strangely, SDW somehow didn't participate but went out. By early afternoon, the new authority had dismissed the Homeland Security warning once again, specifically denying the claim that I was a plagiarizer. The Secret Society women thus spent the rest of the day brainstorming with volunteers as to how exactly to prove that I did plagiarize. Meanwhile, at night, Homeland Security CO chief had me make bizarre confessions to his surveillance agent and then to the Forum people – evidence with which he may continue the debate tomorrow together with his Russian friends.

25.03: this morning, in order to rebuke the new authority, the Secret Society women called upon the Berlin Plagiarizer again. Then Homeland Security CO chief went back to the new authority again and obtained for the Secret Society women one more hearing. By 1 PM, however, the new authority had once again dismissed the Homeland Security warning. Just then, SDW went down to San Diego to meet with Leslie again. However, while I was at Draw Anything LA Meetup, Homeland Security CO chief instructed the Monkey to control me to spell out my wrong ideas about Dr P and so on to another meetup member so that he could intercept it as his new evidence for tomorrow. Then, late night, he again required me to collect a massive amount of damages while instructing the community of volunteers to film everything. Notably, one of the vxxxxxx tonight was a certain DCRR, whom everyone would take along during the new complaint process tomorrow.

26.03: this morning, Homeland Security CO chief and the Russian diplomatic mission went back to the new authority again but the latter again dismissed the Homeland Security warning. The Secret Society women therefore brainstormed with their volunteers for

> another day, with a focus on my supposed plagiarism; how my delusions had made me a danger to myself; and of course my delusion about the Secret Society women's going after me. Then, from 3 AM onward, when I was collecting damages in PSDN, Homeland Security CO chief again mobilized the community of volunteers and residents to film me as evidence for their next round of debate with the new authority.

18 March (Wednesday; torture)

First, a note about myself. Slept past 7 AM. Woke up 2:30 PM or so. Okay. Out, TNT. Corrected grammatical mistakes in "Frankfurt and Brussels". Then, McDonald's. Caught up in fantasies for a while. Then, almost 6 PM, set out for Draw Anything LA meetup. This time, the location was Astro Burger in Melrose – in order for Kxxxxxxx to make up more stories about my obsessing over her, presumably. (*Probably not – unless Homeland Security CO chief had indeed already recruited Kelly and Emiko*.) Arrived some time past 7 PM. There were: Rebecca, Emiko, Kelly, Melinda, and two older men, one camera man, another computer graphic designer. Mathew and Angela would come later. There was no chance to verbalize anything tonight about the Secret Society women. Just said: "I'm an outlaw." Note that Katy didn't come. Kxxxxxxx had probably scared the shit out of her with her description of me (coupled with Chaya's warning). (*I was most likely wrong about this.*) Left 10:30 PM or so. It started raining, but one didn't go home; one went to Starbucks, Vermont, instead. Was in a good mood, even though I was quite aware that every single person in the meetup had been recruited by the Secret Society women. (*Again, it's not clear whether this was the case*.) At Starbucks, from 11:15 to 11:30 PM. Then, outside, and one continued to check the log. Decided to collect some damages afterward.

11:50 PM, the computer began to malfunction continually. The screenshot function froze up. Libre Office froze up. Ubuntu system internal error. Windows froze up. Concluded that, just before collection, I must suffer physical pain over disruptions that are not caused by the victims of my xxxxxx in order to provide Kxxxxxxx with the opportunities to present me to her international audience as "blaming my own failures on others." (Thus absorbing my stalking victims' faults in order to prevent their audience from discovering these faults in them.) (*Again, complete bullshit.*)

Ready to collect damages, but then the recorder ran out of batteries. No more batteries in my backpack. Put in an old battery. VRMNT, LSFLZ, and FRNKLN. **4 B, 12 N in total.** In the residential area, a black man driving an old Volvo came in to purposely run over one set. He then parked next to me, came out of the car, and pretended to try to find out what went wrong. Clearly, one of the "volunteers" whom Kxxxxxxx's Secret Society had sent in, trying to deceive me into the false impression that he was a "real victim". (*Was this really the case?*) Kxxxxxxx's Secret Society's current op thus should consist in:

Kxxxxxxx and Dr P's current focus is no longer to force law enforcement to exterminate me, for they have sort of understood that it's simply not possible to get me arrested and imprisoned forever under secret hxxx cxxxx charges all without my knowing. As the Secret Society has me under their surveillance 24/7, they especially like to film me collecting damages. They will then say to their foreign audience: "See, he commits cxxxxx whenever his computer malfunctions or when he sees pretty white females or pretty Asian females, because he blames what is his own faults on others, and doesn't understand that, when he can't get girls while others can, it's not the girls' faults, but his own faults. And so he attacks others. He obsesses over me (Kxxxxxxx points to herself), and I rejected him. I then discover he is slandering me on his blog. And he blames his computer malfunctioning and his physical pain all on me, saying I have put electronic chips inside his brain to control him as if I were his God. My friends and I track him every night, discovering he is every night going around committing xxxxxx because he can't have me. We call the police, and the police won't arrest him because American police are sexist. When a guy commits xxxxxx, they don't arrest him. Even a guy this worthless as he is: antisocial, blames his own failures on others, spends his whole day watching cartoon and movies, drinks and uses drug, lies, plagiarizes, goes around scamming people, doesn't work but asks his mother for money, and when his mother doesn't give him money, he accuses her, as if his mother were required to support him for his whole life... And if we continue to pester the police, they arrest us, or send out warnings about us to other government agencies and instruct them to ignore us. However, I feel responsible (Kxxxxxxx refers to herself), and so we hire these 'volunteers'. Because Dr P and I are expert psychologists and have psychic power, we know where he is going to be tonight and what xxxxxx he is going to commit tonight before he even decides it. Thus, Dr P and I can predict that, tonight, around 12:24 AM, he is going to leave behind a set of xxxxx on FRKLN, about 5 inches from the center lane, and 27 ½ feet west of VRMNT Avenue... And so we hire this 'volunteer', and instruct him to begin waiting in his car in the vicinity of tonight's xxxxx scene starting from 12:20 AM onward. And, when the suspect shows up doing exactly what we have predicted he would do at exactly the time we have predicted he would do it, we instruct our volunteer to start his engine and drive over the set of xxxxx. This, so that the residents around won't have to drive over it. This Secret Society which Dr P and I have created is here to protect the residents from this criminal bum whom the police have refused to arrest. You guys in Europe, the Middle East, and Asia, do you see what we women in America have had to go through? We are such a psychic genius, and men are so stupid, worthless, and criminal. And yet we are not valued by our society; our society lets these criminal males indulge themselves in their criminal desires, just because they are born guys. And look how insensitive this guy is. He has no idea that we have him surrounded 24/7 and only let him victimize 'fake victims', that is, our wonderful 'volunteers', and that we are filming every one of his criminal acts... Would you all help us poor American women?" Presumably, K's and Dr P's objective is to galvanize their foreign audience into forming anti-xxxxxxxx hate groups in order to punish xxxxxxxx society for being so misogynist.

Presumably, of course, the FBI and the police are watching the Secret Society doing all this: i.e. it's Kxxxxxxx who has obsessed over me for almost three years; K and Dr P remotely control me every night to commit xxxxxx, and know where I'm going to be at what time to do what before I even decide it because – they have control over my thought-processes via the supercomputer inside the control center. And law enforcement has ignored their complaints because they have already made more than

12,000 false reports about me and have themselves staged most of the xxxxxx they have reported in my regard... Presumably, the Secret Society is aware that law enforcement is watching them, but these women are so insensitive that they don't believe that law enforcement, one day when they arrest them, is going to beat the shit out of them forever and ever...

Meanwhile, K is probably plagiarizing my writings and my ideas and my analysis of human psychology and use what is mine to impress her foreign audience. This is another reason why she must use "victim confidentiality" to forbid anybody to see my website. She has established "ownership" over me, basically. This is the purpose of her stalking me and then filing stalking claims against me while requesting "victim confidentiality" at the same time. That is, xxxxxxxx society is so fucking sexist that, when a woman stalks a man, she is, instead of being punished, allowed to then establish ownership over him to enslave him. She has taken over all my achievements and claimed them as her own, and sends me out every night to commit xxxxxx in order to glorify her while wasting myself away. And then she accuses me of doing to her what she is now doing to me.

(*I would soon post this wrong scenario on my blog, in the blog post you see for 20 March. All this was of course complete bullshit – not what's happening at all. It's just Homeland Security CO chief wanting me to develop more "delusions" about my women victims. What's really going on is just that the Secret Society women had, with the help of Homeland Security, organized a community vigilante enterprise to track me and report me to the police in order to convince the police that the Homeland Security warning about me was correct. However, you never know if any of these "delusions" would come true later on – especially when, more than 8 years later, we shall come to revise this diary entry as part of our reconstruction of what had happened in the past.*)

After realizing all this, walked on SM toward Silverlake for further collection. Passed by Virgil, and went inside to check it out. This will be affordable entertainment from now on, better than King King. 2 AM, came out, and the recorder was full. Bought batteries and uploaded all the recordings. But 7 out of the 11 files inside couldn't be deleted. Nervous – is the control center requiring me to buy a new recorder again just to waste my money? Found two packs of empty beer bottles. **4 B.** Then, walked up on VRMNT. **1 W** (URGNT: 5th). Kxxxxxxx will probably send her own agents to vandalize Virgil and then blame it on me, in order to recruit more Silverlake hippies into her Secret Society. (She will say: "He must have seen pretty white girls inside the club, got jealous, and so attacked the place.") (*Homeland Security and the Secret Society women probably didn't do this tonight, although they would do something like this at other times.*)

Stopped by the gas station to buy noodles. It's Rosa (?) again. She wore heavy make-up. Quite possible that she has also been recruited by the Secret Society women. *(Really? Probably not.*) Around 4:30 AM, already home, and discovered that it was no longer possible to delete at least 5 of the 7 remaining files in the Sony Recorder. Severe physical pain. Required to commit xxxxxx tomorrow.

After a little bit, concluded that the control center is requiring me to waste my money also in order to produce identity between me and my stalking victims. (For they, as women, like to waste money and resources.) Again, becoming like women causes severe physical pain. (*Just more "delusions" which*

Homeland Security CO chief wanted me to develop in order to help make myself look crazy. However, this “identity” thing would indeed happen later on – such as when we shall come to revise this diary entry 8 years later!)

Didn’t have time to do any writing and reading today.[1]

4:40 PM, SDW was in La Jolla. As she would note in her “First Responder Harassment Log”: “440 pm – Passed by red SDFD ambulance w/ emergency lights/ sirens on at Genessee South and Campus Pt. Dr. (La Jolla).”

4:50 PM, SDW was still in La Jolla: “450 pm – Passed CA State Park Ranger patrol SUV (black and white) stopped at Torrey Pines Beach parking lot. Syncs appearance then drives South along parking area. (La Jolla)” She was presumably meeting Leslie again, to discuss, among other things, her effort at advertising gang-stalking yesterday in the shopping mall and on the beach.

Let’s summarize. This morning, the Secret Society women were expected to take the owner of MSTEVE to the police and, presenting them with the Homeland Security warning, vehemently argue: “This warning is all correct! This is txxxxxxxx! See, this is his latest blog post, his anti-xxxxxxxx ideology! And this is the newest victim! See, we have got it all filmed last night!” And the volunteers would call in to confirm again that the contents of my website indeed demonstrated the accuracy of this warning (since the police were forbidden by the said warning to look at my website themselves). The essentials for today are:

(01) 7:34 AM, **the same Hong Kong volunteer** from 10.03 (and the same Hong Kong Baptist University volunteer?) came to examine my chapter on Foucault again. To prepare a testimony for the police that I did plagiarize?
(02) 8:08 AM, a Turkish volunteer reported on **my harassment of Dr B** by posting her picture on my website.
(03) 8:13 AM, a Croatia volunteer reported on **my supposed naked picture of ANG.**
(04) 8:16 AM, a French volunteer reported on my violation of intellectual property rights with my chapter on Fritjof Capra.
(05) 8:46 AM, the Exeter College volunteer from the 16th also reported on my supposed plagiarism in my chapter on d’Alembert.
(06) 9:27 – 9:33 AM, a Spanish volunteer made a thorough report about my supposed plagiarism with my Scientific Enlightenment.
(07) 11 AM, a Connecticut school teacher and a Netherlands volunteer both reported **on my supposed naked picture of ANG.** (Did the police raise questions about the matter after listening to the volunteers in the past two hours or so?)
(08) 11:54 AM, the Woodstock volunteer came again to report on “My experience...”
(09) 12:13 PM, a Louisiana volunteer reported on my delusion about being chipped in the brain.
(10) 12:17 PM, the Woodstock volunteer again.
(11) 12:24 PM, **Shizuka** rejoined the reporting together with a French volunteer.

Some time around here, the police had again dismissed the Homeland Security warning as inaccurate. (Was it due to Shizuka’s meddling again?) The Russian diplomatic mission had presumably also failed again in the international diplomatic community. The Secret Society women were thus back to brainstorming.

(12) 3:19 PM, a Florida volunteer examined **my supposed naked picture of ANG**.
(13) 3:22 PM, a Massachusetts volunteer also examined **my supposed naked picture of ANG**. ("Why can't the police admit that this is a naked picture of me?") (Well, because it wasn't!)
(14) 3:27 PM, a German volunteer was asked to do a search on me. (Schizo-III.)

4:40 PM, SDW was in La Jolla again. Apparently, shortly after she had got the bad news about the latest police dismissal, she went to meet with Leslie again.

(15) 5:02 PM, the German volunteer continued (the Korea Letter). (My delusions about the intelligence agencies and some ICJ trial over me.)
(16) 5:06 PM, a Camarillo volunteer was instructed to forge evidence of my plagiarism (representation222.html).
(17) 5:16 PM, the Camarillo volunteer came to my TOC.
(18) 5:17 PM, he came to my gallery. Then, representation440.html.
(19) 5:19 PM, he came to representation.html.
(20) 6:48 PM, **Robin** rejoined the discussion together with an Italian volunteer.
(21) 6:55 PM, another volunteer examined **my violation of Dr B's intellectual property rights** on PixShark.

8:21 – 8:30 PM, SDW posted comments on her Facebook group about her foregoing efforts to pass out advertisement cards.

(22) 8:40 PM, an Australian volunteer examined **my supposed naked picture of ANG**.
(23) 8:52 PM, a Calgary volunteer examined my harassment of Uma by putting her picture on my website.
(24) 10:26 PM, **a volunteer from the Seoul Metropolitan Government** came to brainstorm how to falsely report me for stealing my drawing from my family members.
(25) 11:44 PM, **Shizuka** rejoined the discussion together with a Malaysia volunteer.

From 12 AM onward, the Secret Society women and their community of volunteers were again monitoring my doing of Ns. They even seem to have sent in a "dummy victim" to pretend to run over some nxxxs as a way to collect the necessary evidence.

(26) 12:51 AM, an Indian volunteer examined **my violation of Dr B's intellectual property rights**.
(27) 2:11 AM, a South African volunteer examined my delusions about Boss Cheney.
(28) 2:46 AM, **Shizuka** rejoined the brainstorming together with a Singapore volunteer.
(29) 3:06 AM, the Secret Society women summoned an Italian nuclear physicist to come brainstorm how to prove that I did violate intellectual property rights.

We should expect the Secret Society women and their community of volunteers to go back to the police tomorrow.

19 March (Thursday; severe physical pain and anger)

First, a note about myself. Slept past 6 AM. MST (brunet bunny). Woke up 3 PM. Wanted to get the unburned files out of Asus, and yet, Windows Explorer froze up. Rebooted it, and it froze up again. Severe physical pain. Required to commit xxxxxx. Does Kxxxxxxx have access to the surveillance in my room, so that she needed this episode in order to later explain to her audience that I commit xxxxxx tonight because I blame my own computer problems on others? Or was it just Homeland Security collecting evidences into the ICJ demonstrating that Kxxxxxxx was not actually lying about me? TNT. No seats available, and was forced to sit down next to the Asian woman with a supreme body. She immediately got up and changed seat. It turned out that she was also an actress sent here by the Secret Society women – unless it was just Homeland Security collecting evidences. (*Most likely, I was wrong here: the Asian woman had nothing to do with the Secret Society women*.) After checking the log, 5 PM, walked to the Metro station. Another fat AWF wearing earphones and sunglasses sneaked up behind me: certainly Kxxxxxxx's new recruit. (*I might be right this time: this fat AWF might indeed be a member of the community vigilante group which the Secret Society women had formed to keep watch over this schizophrenic habitual vandxxxxxx on Homeland Security's watchlist.*) Home Depot, bought Ns and SP. Ate at McDonald's. More surveillance agents. (*The community continued to keep watch over this habitual vandxxxxxx.*) Then, walked to SM. Got on bus 4 to go to the meetup. Would be half hour late!

Just outside Googies, saw a second guy who was shooting videos in front of me. Clearly, Kxxxxxxx's actor. His mission was evidently to enable Kxxxxxxx to analyze me to her audience: I commit xxxxxx tonight because I saw two persons manipulating cameras in front of me today, and this, all because I can't quite understand that other people have a mind of their own that's independent of what I think of them... I have an underdeveloped brain, etc. Namely, Kxxxxxxx is stealing my analysis of SDW to impress her audience with it. Arrived in the French meetup almost 8 PM. It's quite clear that Kxxxxxxx had already instructed Eric to prepare a seat for me, near Danielle, the only pretty AWF in the group, and next to a bxxxx woman. Then, the Iranian man and a Belgian woman (who lived in Pasadena), "Ingrid", came to sit around me. "Ingrid" was clearly Kxxxxxxx's agent. Whenever I talked to her, she would try to make fun of me, etc., in order to both provoke me and prevent me from speaking French. Clearly, the Secret Society doesn't want any instances where I appeared to be speaking French. Later, they could probably say to their audience (and their new authority) that I commit xxxxxx tonight because I can't attain Danielle and can't speak French. Thus, soon, lost interest, and left before 9 PM. Preliminary collection on the 26th: **14 N in total, 2 B**. Again, one's feet began to hurt from excessive walking to commit xxxxxx. Then, came to Starbucks, WSTWD, to work. Required to sit near a Hispanic male who seemed to be the Secret Society women's surveillance agent. (*Very likely a surveillance agent whom Homeland Security CO chief had sent in to watch over his "suspect"*.) Then, required to sit next to a fat white girl. It might be that Axxxxxxx was tonight showing the surveillance over me to Rosa (?) in order to offend her (how I despised fat girls) and recruit her.

(*Again, while all my understanding of the Secret Society women's current operations against me was incorrect – K was not particularly psychoanalyzing me to her "audience" but the whole community was merely fretting over a schizophrenic habitual vandxxxxxx on Homeland Security's watchlist, and it's not clear if Eric or anyone else in the French conversation meetup had already been shown the Homeland Security warning about me or recruited by the Secret Society women – much of this wrong understanding would however become true later on, such as when we shall come to revise this diary entry on 21.04.2023!*)

Was working on the reconstruction of 4 June. Apparently the recorder's malfunctioning last night – even though it was most likely Kxxxxxxx who had requested that the control center shut it down in order to prevent me from accumulating evidences about what I really said to people during meetups, etc. – might be replacing the episode about my recorder on 4 June 2014. (*Wrong – all wrong*.) Believed that nobody was going to be arrested. (*Right*.) Uploaded my recordings to my laptop, but then noticed that even the new files had a "lock" icon on them, causing me to assume that the new files would not be deletable either. Just then, 1:25 AM, a UCLA police officer came in, not sure if it's related to Kxxxxxxx's gang's activity (*probably not*), but was provoked to severe anger in connection with the problem with the recorder's files. Then, it turned out that I could delete the new files (beyond the 5th file) after all. Then the control center signaled to me that the police had purposely stopped Dr P (or some other "stalking victim" of mine) on the road for no reason whatsoever, roughed her up, and then let her go, just in order to provoke her. (Thus, identity between me and my stalking victims.) Don't know if this was true. (*Definitely not true*.) Maybe just delusional belief. (*Right – Homeland Security CO chief was merely training me to be delusional about the Secret Society women.*) 2 AM, left to collect further damages. 2:30 AM, on bus 20 to the 16th. Again, the Secret Society's agent filmed me changing clothes, and would film me continually along the way. (*The community of volunteers continued to monitor my collection of damages.*) First, the school near Peter's: couldn't W: unbreakable xxxxxx. Uttered: "My right is violated." This might be what Kxxxxxxx wanted since she had probably told the school administrators this morning: he believed that committing xxxxxx is his rights! Broke another one with a bottle. Walked a long distance, nothing new to break! Finally, by 4 AM, on WLSHR/ 9th: **3 W (SCHL: 4th; SMCLLG; M), 1 shattered, 5 B, 5 H, 3 SPC, 2 mirrors, 2 N.** Bus 20 came immediately.

Now the Secret Society women's operation on my website for today. 4:03 AM,

From 6 PM onward, SDW was out driving around in her home town. As she would note in her "First Responder Harassment Log, March 2015":

"610 pm – Passed by Encinitas Ranch security patrol car immediately after parking at trailhead off Quail Gardens Dr. (Encinitas).

"624 pm – Pass same security patrol car parked on shoulder of street intersecting Encinitas Ranch trail. (Encinitas)."

Presumably the same Hong Kong volunteer living in South Korea.

Let’s summarize. In the morning, the Secret Society women had supposedly gone back to the police to argue with the detective again with the new evidence from last night. Soon the volunteers started calling in. The essentials for today are:

(01) 4:42 AM, **Shizuka** rejoined the discussion together with a Hawaiian volunteer.
(02) 8:11 AM, a Portugal volunteer reported on **my supposed naked picture of ANG**.
(03) 8:55 – 8:58 AM, a Mauritius volunteer falsely reported me for plagiarizing my theory on linear perspective.
(04) 9:05 AM, a physics student in Poland reported on my violation of intellectual property rights.
(05) 9:14 AM, a Myanmar volunteer reported on **my supposed naked picture of ANG**.
(06) 9:23 AM, a volunteer from the University of Ghent also reported on my violation of intellectual property rights.
(07) 10:28 – 10:34 AM, **Robin** was discussing me with a Bangladesh and a UK volunteer at the same time. (Or getting them to report on me.)
(08) 10:59 AM, SDW got a Plainfield, Illinois, volunteer to report on my delusion about her (2014/04/14).
(09) 11:41 AM, a scientist from Sandia National Laboratories reported on my violation of intellectual property rights ("Saxon Warrior").
(10) 12:15 PM, an Illinois volunteer reported on **my violation of Dr B's intellectual property rights**.
(11) 12:41 PM, a Louisville, Colorado, volunteer examined my harassment of some famous woman on my external links page.

By this time, the police should have already rejected the Homeland Security warning about me once again. The Secret Society women were thus back to brainstorming with their volunteers.

(12) 1:46 PM, **Robin** rejoined the discussion together with a Florida volunteer.
(13) 1:50 PM, a Moscow volunteer examined **my supposed naked picture of ANG**.
(14) 1:53 PM, a **Malaysia volunteer too**.
(15) 5:03 PM, **Shizuka** rejoined the discussion together with an Illinois volunteer.
(16) 5:07 PM, an Iranian volunteer examined my violation of Prof. Ménard's intellectual property rights.
(17) 5:17 PM, **Robin** rejoined the discussion together with a Texas volunteer.
(18) 6 PM, a Lakeland, Florida, volunteer examined my harassment of Manfred Wöhlcke.
(19) 6:13 PM, a volunteer from the Telemundo headquarters in Florida examined my supposed plagiarism with my own diagram.

6 – 6:30 PM, SDW was out in her hometown.

(20) 7:32 PM, a Clemmons, North Carolina, volunteer examined **my supposed naked picture of ANG**.
(21) 7:48 PM, **Shizuka** rejoined the discussion together with a California volunteer.
(22) 7:58 PM, a volunteer posted "Supplemental Pleading" (II) on the Russian diplomatic mission's secret Facebook group for me. (My harassment of Mrs Axx-Mershed?) **(1)**
(22) 8:31 PM, a volunteer posted "My experience..." (52211) on the Russian diplomatic mission's secret Facebook group for me. **(2)**
(23) 8:40 PM, a Henderson, Nevada, volunteer came to examine my harassment of Kxxxxxxx by blogging about her.
(24) 8:50 PM, **Robin** rejoined the discussion together with a Singapore volunteer.

(25) 8:52 PM, the Henderson volunteer came to my front page.
(26) 9:27 PM, the Henderson volunteer examined /gang-stalking/page4/ (my harassment of SDW with my delusions about her).
(27) 9:35 PM, the volunteers posted "The Agency's sting operation" on the Russian diplomatic mission's secret Facebook group for me. **(3)**
(28) 9:41 PM, the Henderson volunteer continued with page 4.
(29) 10:03 PM, the Henderson volunteer continued with page 4.
(30) 10:54 PM, a volunteer posted "Faulty Surveillance" on the Russian diplomatic mission's secret Facebook group for me. **(4)**
(31) 12:56 AM, the volunteers posted "Gaelle" on the Russian diplomatic mission's secret Facebook group for me. **(5)**
(32) 4:08 AM, **the same Hong Kong volunteer living in South Korea** came to my blog again.

As can be seen, the focus tonight: (1) from 7:30 PM to 1 AM, to post more "crucial evidence" on the Russian diplomatic mission's secret Facebook group for me in order to create some temporary evidence to lock up the previous ICJ trial for the time being; (2) from 8:30 to 10:30 PM, the Henderson volunteer's brainstorming as to how to prove that I did develop delusions about my women victims; and then (3), of course, brainstorming as to how to prove that I did plagiarize. Then, tonight, around 3 AM, the community of volunteers continued to monitor my collection of damages. More evidence with which to debate with the police tomorrow!

20 March (Friday; sleep deprivation; Wes; no collection)

First, a note about myself. Past 6 AM, looked up the restaurant M that was xxx hours ago. It turned out to be Melisse, a French restaurant, owned by a French man. Apparently, Kxxxxxxx and Dr Pxxxxxxxx had warned the owner of the restaurant this morning saying: "The suspect will attend a French meetup tonight. Because he can't speak French, he will get very upset, and, because he is immature (his brain is underdeveloped), he will blame his own failings on others, first attacking schools and then attacking your restaurant. Please be warned." Kxxxxxxx and Dr Pxxxxxxxx must have of course also made this prediction to their foreign and domestic audience so that, when I did get remotely controlled to xxx the restaurant, everybody would be absolutely amazed by the psychic power of Kxxxxxxx and Dr Pxxxxxxxx. The discovery that I had xxx the wrong target again caused me tremendous grief, so that I decided finally to research on targets before going to xxx them, thus making myself conform to the Secret Society's profile of me that I use my computers to stxxx my vxxxxxs before xxxxxxxing them. Did this all the way until 9 AM. The Internet connection was very obviously routed. The pictures of pretty WF therapists had again aroused sexual feelings, thus making me conform to the Secret Society's profile of me that I hate women while loving them out of my inability to attain them. MST (mature...). Then, was allowed to fall asleep. It was almost 10 AM.

(*Again, my scenario was completely wrong: the Secret Society women didn't set up any audience group but were merely running a community of volunteers and vigilantes to keep track of a habitual vandxxxxxx on Homeland Security's watchlist. But, again, this wrong scenario about audiences and* *faking psychic power to them might become true by the time we shall come to revise this diary entry in late April 2023.*)

Woke up almost 1 PM. Lay around until almost 3 PM. Then, Starbucks, Vermont. Checked the logs. Again, many people wearing earphones around. (*The community continued to keep tap on the vandxxxxxx.*) Then, Western/ Hollywood. Ate at Chinese fast food. Watched "Luther und die Nation". Then, Sabor. One pretty AWF there. She put her feet high up on the chair. Was very depressed and uncomfortable – complete desert condition. Left two messages for Wes: "My stalking victims want me to give them important information." Worked on the reconstruction of 4 June. After 7 PM, left another message for Wes: "Alessandra might remove my messages and give them to my stalking victims." When the AWF was leaving, she turned out to be very tall. Asked her whether she played basketball. (Note that, later, when she came back for open mic, she mentioned "basketball".) Suddenly, Wes called on 8:10 PM (from 4:35:00 onward). Hate xxxxx undermined. USS Franklin. After the talk, mood lightened up, and very tired, and short of time. Thinking about not collecting tonight. Went to Virgil. The black man on the front door refused to let me in, saying: "special event." He was obviously lying. It seemed, however, that he was merely rejecting me because I dressed poorly. (*Did he get warned by Homeland Security and the community that this was a habitual vandxxxxxx on Homeland Security's watchlist? Yesterday, after my visit on the night of the 18th?*) Still decided not to collect, because of extreme fatigue. Home, around 1 AM.

At the end of today's entry, one had this note:

It's very likely that the Secret Society, in order to hide their behind-the-scene orchestration when I do get arrested, will have made someone else orchestrate it – somebody, among the hundreds of people I have "pissed off". But: who else would be filming me collecting damages each night and forcing the police to take me down other than my "stalking victims"? Even if it turned out to be somebody else, it's just somebody whom the Secret Society had recruited on account of my collection or collection which the Secret Society has staged to look like mine.

Again, complete bullshit due to my erroneous understanding of what's going on at the moment.

Now the details of my conversation with Wes today: (1) intense operations in the past few days. This morning I was required to look up the directory of therapists in order to find txxxxxx to axxxxx. But Kxxxxxxx had already sent in agents to look up my particular posts, and so she had already told her audiences that I was going to axxxxx these txxxxxx because of her. In the past few days they wanted me to commit a lot of xxxxxx so that I can look bad to the audiences… But I already posted it on my blog… it didn't seem to be incorrect… so why are they remotely controlling me to frustrate them? My legs hurt from too much walking, and my stalking victims want me to axxxxx txxxxxx that I didn't really want to axxxxx. I researched the txxxxxx afterwards only to discover… And I gave the example from last night: everyone at the French meetup was K's agent… K had already told everyone I would axxxxx French because I would be upset about not being able to speak French… K and Dr P want to know why I understand their operations so well… they want me to tell them here: because they keep controlling me to axxxxx these txxxxxx that I don't really want to axxxxx. Tell them, I'm only interested in axxxxxing wxxxx people. The investigators they have hired are secretly working with the FBI behind their back, it's really obvious. They want to make a hxxx cxxxx case out of me, but they are undermining their own effort. If you hxxx every group, including your own group, then there is no hxxx cxxxx. They have to stop this – if they don't want me to know. They have all these audiences from different countries, and so they want me to offend everybody… they want to know what exactly went wrong… they would send their own agents to axxxxx J-targets and then blame it on me... I came out of the club, and assumed they would send their own agents to axxxxx the club… the next day, their group was quite invigorated… to blame everything on the police… I'm writing down all their operations on my blog, and if it's correct, they can also blame it on the police… they can say the police are trying to frame them for framing the police… but that's too complicated for the audiences… a girl in the group who's CIA, and it's she who has come up with most of the techniques… she has to guide them to do things in such a way as to replace evidences… she's gonna teach them to frame the police for trying to frame them… they wouldn't know that there is a warning about them circulating… until I discovered it… so I'm nice… so don't make me walk 10 miles to axxxxx a txxxxxx that I don't want to axxxxx… just don't care if the investigators are passing on their actions to the FBI… (4:49:20, siren.) How the investigators were very high class… they were obviously going to cooperate with the government… what's important is what their audiences and the international authority they are petitioning to would think… if I ever get arrested, I'd know that it's them… something is impossible not to know… (*In any case, all this bullshit – completely wrong scenario, certainly not what's going on at all – was the reason why Homeland Security CO chief had instructed Wes to call me: plenty of evidence of my "delusions about my women victims' going after me". However, we have marked in red (in the following too) what might eventually become true when it shall come time for us to revise this diary entry in May 2023.*) (2) 4:51:20, the Clearstream Affair. (3) The UK is going to join the Asian Infrastructure Investment Bank. Did it have something to do with me? The UK's attempt to diversify its alliances in response to the impending conviction of France. Also to serve as a wedge between Russia and China. Maybe BOL had something to do with it. Also a vast number of the members of K's organization came from the UK. (*More evidence, for Homeland Security and the Russians, of my delusional mind – especially my delusions about some ICJ trial over me.*) (4) 4:58:00: severe pain, severe hatred, to get me to axxxxx… most of the victims are dummy victims… but the whole point of xxxxxx is to create waste… (5) The tactic they are employing is exactly identical to that in the movie "Haditha"… soldiers got provoked to kill civilians, so that the people will hate the soldiers and join the insurgents… they axxxxx me, I couldn't see them, so I axxxxx the people belonging to their category, and these people then join them… (*While this was my confession for the police as to the motives behind my vxxxxxxxx spree, it's also Homeland Security and the Russians' evidence that I did commit xxxxxx due to my delusions about being mind-controlled.*) I continued: then, they also imitate movies because there is supposed to be identity between me and them… (*More evidence of my delusional mind.*) (6) K must be plagiarizing me. She'd copy my analysis of SDW and then stage my environment to resemble SDW's so that she can present my analysis of SDW to her audiences as *her* analysis of me… she has also plagiarized my TIH but would change it around to get rid of the "misogynist" stuff… but that should give her incentives to ask the police to not arrest me… but I need both time to study and then to not get arrested in order to produce ideas for her to plagiarize… but I would rather that Dr P should plagiarize me… (*Again, more evidence of my delusions about my "women victims".*) (7) … the control center wants me to think of my 'stalking victims' in a sexual way… a few members among them are good-looking, but K is so ugly… when it comes to AWFs, I can sort of fit their descriptions of me… but when it comes to European women, I don't fit their descriptions at all… that I hate women because I can't attain them… because I don't hate German, Russian… women while finding them attractive… because I don't really think of women of other nationalities as my enemies… again how they shouldn't say I hate everyone… they are trying to incite anti-xxxxxxxx hatred around the world in order to punish xxxxxxx for being so misogynist… (*More evidence of my delusions about my "women victims"*.) Since there are so few xxxxxxxxx in Russia, the Putin Youth Groups there should start beating up xxxxxxxxx right now… Nanjing Massacre style, and then they should say I did it… machine for me to tunnel through space and time and emerge in Russia… (*Evidence that I was indeed an anti-xxxxxxxx txxxxxxxx*.) (8) 5:15:45: the control center keeps making me think of this "Franklin Effect"… And pain signal. Just one nxxx, and the tire would be completely damaged. Just as in the case of USS Franklin. So when you get lucky, it's called the 'Franklin Effect'… I don't know why the control center has wanted me to say that… to my disadvantage? (*More evidence of my insanity?*) Wes: How many cars can you do in one night? Me: I don't want to reveal that over the phone. (*Both law enforcement and Homeland Security had probably asked him to ask me that*.) (9) Maybe they have already sent out agents to axxxxx Koreans so that Koreans can also be worked up against me too. I welcome that… like a pledge drive… but they usually axxxxx txxxxxx that I wouldn't want to axxxxx. But I think that the FBI has been selectively warning the residents… a lot of informants among them… when the FBI recruits moles in their organization, it tends to be guys… hence they should trust female recruits more… they can arrest you at any time, and so you have to constantly keep the sky from falling… but they have their foreign pressure groups ready… many of them are not warned, and they form large pressure groups… their access to the control center is very local… but the government can have fuller access to the control center… obtain predictions about my future behavior on a larger time scale than they can get… they are able to see that, tonight, 1:35 AM, I'll place a nxxx 3 inches away from the center line… and then, seeing that no cars come, move it toward the right by 5 more feet… but the FBI can probably obtain predictions about what I'm gonna do a month and a days and 5 hours later… and the government can get predictions about *their* future behavior too… they have chips inside their brain too… (*More of my "delusions" about my "women victims"*.) I have no entertainment, no social life, every person I meet is their agent… I can barely read because they don't let me concentrate… I really prefer Dr P to Kxxxxxxx…. (10) Everything is the police's fault… all because the TMU has stamped on Chaya's warning… even though it has been invalidated since last June… the detectives bullshit and they don't care… and now a bunch of women grab onto it as if it were their ticket to heaven and they just wouldn't let go… ordinary officers on patrol are so vulgar… but the detectives in the stalking crimes unit are pretty experienced… maybe it's because somebody from the CIA is training them… I don't know if a detective is fundamentally different from ordinary patrol… (*There was actually a lot of truth in what I was saying here. It really was the TMU's stamp of 'victim confidentiality' on Chaya's warning which would cause me so much suffering in the supposed "victims'" and Homeland Security's hands in the next 20 years*.) I continued: two years ago, somebody beat me up in Starbucks… the police came… a few days later a detective called me… I didn't reply… all because I didn't have time…

How I kept on developing delusions about famous people, in this case Boss Cheney.

1:20 PM, SDW was at the San Diego County Administration Building (Ash Street at Harbor Dr.).

1:22 PM, the Bartlesville volunteer continued:

```
96.19.205.139 - - [20/Mar/2015:14:22:33 -0600] "GET /gallery/newgoddessA.html HTTP/1.1" 200 838

Again, K’s friend’s message on my blog (“stupid”). Let’s summarize. As can be imagined, this morning the Secret Society women, together with the select members of their community of residents, went back to the detective again with the evidence of my collection from last night. There were also the evidences which the Henderson volunteer had collected last night about my delusions about their going after me to confirm that the Homeland Security warning was correct. The essential activities for today are:

(01) 5:49 AM, a Connecticut volunteer examined my harassment of Kxxxxxxx by blogging about her. (1)
(02) 5:51 AM, a Portugal volunteer translated my Academy page. (Evidence of my supposed plagiarism to convince the detective.)
(03) 6:13 AM, a Spain volunteer examined **my delusions about Boss Cheney**.
(04) 6:51 AM, **Shizuka** rejoined the discussion together with a Toronto volunteer.
(05) 7:21 AM, an Opera Mini volunteer searched for my “Depressing Conclusions” (my delusions about being chipped in the brain).
(06) 8:23 AM, a Brazilian volunteer examined Best Mommy’s picture.
(07) 9:18 AM, a Kentucky volunteer reported on **my supposed naked picture of ANG**.
(08) 9:35 AM, **Robin** rejoined the discussion or reporting together with a University Place, Washington, volunteer.
(09) 10:04 AM, a Greendale, Wisconsin, volunteer reported on my June 2014 diary (how my delusions had prompted me to commit xxxxxx).
(10) 10:18 AM, a Connecticut volunteer reported on **my violation of Dr B’s intellectual property rights**.
(11) 10:55 AM, **Shizuka** rejoined the discussion or reporting together with a Singapore volunteer.
(12) 11:07 AM, an Irish volunteer reported on my delusion about my women victims’ going after me.
(13) 11:16 AM, a New South Wales volunteer reported on my delusion about my women victims’ going after me.
(14) 12:20 PM, a Tokyo volunteer reported on **my supposed naked picture of ANG**.

12:50 PM, SDW was out in Encinitas. We have to assume that, by this time, the detective had already dismissed the Homeland Security warning once more, and, once the affair was over, SDW, although disappointed, went out for her business.

(15) 1:13 PM, a Bartlesville, Oklahoma, volunteer began brainstorming how to convince the police that I did plagiarize my theory on linear perspective.
(16) 1:15 PM, a volunteer from New York Public Library examined **my delusions about Boss Cheney**.

1:20 PM, SDW was at the San Diego County Administration Building.

(17) 1:22 PM, the Bartlesville volunteer continued.
(18) 1:49 PM, the Bartlesville volunteer was finally done.
(19) 2:51 PM, a Terre Haute, Indiana, volunteer came to examine my supposed harassment of Kxxxxxxx by blogging about her. (2)
(20) **3:15 PM, a volunteer posted Timeline-V** on the Russian diplomatic mission's secret Facebook group for me.

At this time, SDW was at First and C Street in San Diego. Her affair at the County had taken her about an hour and a half.

(21) 4:47 PM, a Bronx volunteer examined my supposed delusion about my women victims' going after me.
(22) 5:04 PM, **Shizuka** rejoined the discussion together with a South Korea volunteer.

5:15 PM, SDW was done with her business in San Diego.

(23) **5:18 PM, a volunteer posted "Feefee and Valerie"** on the Russian diplomatic mission's secret Facebook group for me.

5:40 PM, SDW was outside a Starbucks in Del Mar.
5:50 PM, SDW was back in Encinitas.

(24) 5:59 PM, a T-Mobile (SGH-T769) volunteer examined my supposed delusions about my women victims' going after me.
(25) 6:53 PM, a Montreal volunteer examined **my supposed naked picture of ANG**.
(26) 7:33 PM, a Ceres, California, volunteer examined **my supposed naked picture of ANG**.

8:10 PM, under Homeland Security's instruction, Wes called me. We talked until 9:10 PM. Because the detective had dismissed the Homeland Security warning once more and the Russian diplomatic mission had again no success in the international diplomatic community, they instructed Wes to call me in order to obtain more evidence of my delusions about my women victims and my txxxxxxxx motives – both to lock up the previous ICJ trial for the time being and to further the debate for tomorrow.

(27) 9:59 PM – did the Secret Society women send in an Arvada, Colorado, volunteer to look for Mireya's recordings on my website?
(28) 10:09 PM, a volunteer posted "My experience..." on the Russian diplomatic mission's secret Facebook group for me.
(29) 12:56 AM, an Alberta volunteer examined **ANG's supposed naked picture**.
(30) 1:44 AM, a North Carolina volunteer examined my delusions about my women victims' going after me.
(31) 3:40 AM, a UK volunteer examined **ANG's supposed naked picture**.
(32) 3:41 AM, a UK volunteer examined my harassment of Kxxxxxxx by posting her friend's message to me on my website.

We thus see that, after the debate with the detective had failed again, (1) a Bartlesville volunteer spent an hour brainstorming how exactly to convince the detective that I did plagiarize my theory on linear perspective; (2) the Russian diplomatic mission asked volunteers to post more of the "crucial" evidence on their secret Facebook group for me (3 times) in order to generate temporary evidence for the ICJ; and (3) Homeland Security CO chief then instructed Wes to call me. Since I didn't collect damages tonight, there was no evidence of this for tomorrow morning.

Note that, late tonight, I did another quick tally: W: 592.

21 March (Saturday; no pain; no collection)

(I had this notice at the beginning of today's entry:)

The Secret Society has taken control of [the] FBI as well; instructed the FBI to download all data from my Asus while I wasn't home.

(*Again, completely bullshit – due to my wrong understanding about what's going on at the moment*.)

Now the note for today. Home, very tired. Worried about the Truthers' reading of my materials, and so read through "Subhuman" (Doc-1) myself. Discovered Moya Michelle: will be preoccupied with this group for the coming 24 hours. Almost 4 AM. Decided to sleep now. No MST. Woke up almost noon. Slight sleep deprivation. Lay around, and then out, almost 2 PM. Ate at the Korean restaurant. Began revising Doc-1 on Asus. Home: rested a little. Didn't MST yet, despite fully activated sex drive (WF since yesterday morning). Then, out, to Sabor. Metro station eerily empty. There almost 5 PM. No pretty AWFs however. Began working. Thought: last night's confession has caused LA to be classified as "war zone". The conspirators' action: "Act of War". A military general might be in command of the op from now on. Definitely txxxxxxxx: Attacks on civilians in order to achieve political purposes (laws to protect women's privacy on the Internet). Also, identity between insurgency warfare and txxxxxxxx. Then, to Gallery de la Luz de Jesus, to check out an art talk. (Seen it on Meetup). Not that interesting. No pretty WFs there anyway. Starbucks: a seat available in front of the one and only AWF there. Sat there. Burned DVD-451. She left, and an ugly guy came in, who looked like a "volunteer". Became increasingly uncomfortable. Almost wanted to commit xxxxxx. Only ugly people came inside

Starbucks. As if the place had been made into a "fake". Finally, the disc burned, went to Skylight Bookstore (?). 8:25 PM, looked at the Senate Intelligence Committee Report on Torture. The report was sent 3 April, 2014. Forward by Dianne Feinstein. Understood that DC wanted to destroy the CIA through this "rendition and interrogation" program (by forcing the Agency to contract out most of its works until the CS people got pushed to the margins and the neocon contractors took up all important positions). (*Excellent understanding of the political situation: too bad that my understanding of my own situation was all wrong*.) (While looking at the book, I was programmed to think "opposite thought": that the AWF standing in front of me was CIA. Cover-up of the *two* CIA girls in Kxxxxxxx's Secret Society.) (*Indeed, all bullshit.*)

Then went home. Noticed that the Asus laptop was closed. Believed that my stalking victims had ordered the government to send in agents to install programs in it (as part of the government's investigation of a misogynist txxxxxxxx)**.** (*What's going on here?*) Needed to MST. Blond. Required to think of CRLYN. (Toshiba could pick up Wi-Fi signals at home.) Then, 11 PM, out. Decided not to try Virgil, but went to the bar at Vine instead. (A special show at King King tonight.) Worked there. Left around 1:30 AM. Had been hesitating about whether to collect damages during the whole day. Was still feeling softened because of last night's conversation. Finally decided not to, as a test. **1 B n**ear the station. Wanted to throw more, but followed a WF to the station instead. Past 2 AM, at the gas station. The cashier (laughing): "Martha on break." And a guy wearing earphones near me, as if to film me staring at two pretty WFs in the station. (*Homeland Security surveillance?*)

(*We have important observation about what happened today at the end of today's reconstruction.*)

Now the Secret Society women's operation on my website for today. 4:53 AM, Telenor Sverige AB, Karlskoga, Sweden,*

My violation of intellectual property rights.

Let’s summarize. This morning the Secret Society women must have gone back to the detective (together with the select members of their community) calling his attention to the recording of my conversation with Wes from last night. “This is proof that the Homeland Security warning about him is correct! He’s indeed a delusional txxxxxxxx! And he harbors such delusions about us!” The essential activities today:

(01) 4:59 AM, a Swiss volunteer examined my harassment of Prof. Ménard.
(02) 5:06 AM, the Secret Society women recruited a Slovenia doctor to brainstorm how to report me for violation of intellectual property rights.
(03) 6:16 AM, a Lebanon volunteer examined my delusions about Boss Cheney.
(04) 7:08 AM, **Shizuka** rejoined the discussion together with a Texas volunteer.
(05) 7:49 AM, a Malaysia volunteer examined my particular brand of misogynist ideology (chinesepatriarchy.htm).
(06) 8:06 AM, a Jakarta volunteer examined my delusion about being chipped in the brain.
(07) 9:18 AM, a French volunteer made a false report about finding pornographic contents on my website.
(08) 10:41 AM, an Altrincham, UK, volunteer searched for my name and came to my front page.
(09) 10:49 AM, he came again. Reporting?
(10) 11:27 AM, a Geneva volunteer reported on my delusions about my women victims’ going after me and my txxxxxxxx motivations (January blog post series). (Confirming the recording brought in.)
(12) 11:56 AM, a Durham, North Carolina, volunteer reported on **my violation of Dr B’s intellectual property rights**.
(13) 1:20 PM, an Algeria volunteer reported on my September diary from last year. (How my delusions about being mind-controlled had prompted me to commit crimes – the second perfect evidence in combination with the recording from last night.)
(14) 1:25 PM, did one of SDW’s Tampa friends (LGL39C/V100) come to report me for plagiarism?
(15) 1:26 PM, a Wisconsin volunteer reported on my harassment of Kxxxxxxx by blogging about her. (?)
(16) 1:29 PM, a San Francisco volunteer reported again on **my violation of Dr B’s intellectual property rights**.

(17) 2:11 PM, an Indian volunteer, while examining my delusions about my women victims' going after me on Prison Planet forum, clicked on the 2014/04/14 link.
(**18)** 2:13 PM, a Philippines volunteer reported on **my supposed naked picture of ANG**.
(19) 2:21 PM, the same Indian volunteer clicked on the 2013/04/20 link on Prison Planet forum.
(20) 3:05 PM, a Michigan volunteer examined (reported on?) **Best Mommy's picture**.

By this time, the detective should have already dismissed the Homeland Security warning once again. The Secret Society women were thus back to brainstorming with their volunteers. Meanwhile, the Russian diplomatic mission and Homeland Security CO chief, desperately in need of some temporary evidence with which to lock up the previous ICJ trial for the time being, resorted to an extraordinary measure. Homeland Security shall send agents to my room to search my Asus on the ground that I was committing txxxxxxxx crimes every night. The agents had probably also installed hidden cameras on my ceiling and so on. So the essential activities for the rest of the day:

(21) 4:22 PM, a Spain volunteer examined **my supposed naked picture of ANG**.
(22) 4:38 PM, a Portugal volunteer examined **Best Mommy's picture**.
(23) 4:45 PM, **Robin** rejoined the discussion together with an Italian volunteer.
(24) 4:49 PM, **Robin** again together with a Colombia volunteer.
(25) 7:33 – 7:36 PM, a Texas volunteer was here to brainstorm about my Proxify images.

Around 10 PM, I was home for an hour or so. Homeland Security CO chief had apparently instructed the Monkey to remotely control me to want to MST so that I would come home to do it. He wanted the surveillance cameras which he had just installed in my room to catch me doing it, which video he would then share with the rest of the large community he had assembled. That would be his revenge on me for the ridicule he had so far received from law enforcement.

(26) 11:29 PM, an Indian volunteer checked my front page via a Google search.
(27) 11:39 PM, a UK volunteer examined my plagiarism or misogynist ideology. (Elementary Structures.)
(28) 11:52 PM, a Bangalore volunteer examined my supposed delusions about ANG. (YY-I)
(29) 1:20 AM, a Brazilian volunteer examined **my supposed naked picture of ANG**.
(30) 1:30 AM, a Las Vegas volunteer examined my supposed obsession with Russia (soft-power/page/2/).

I didn't collect damages tonight. However, past 2 AM, Homeland Security CO chief sent in an agent to film me while I was in the gas station. Homeland Security continued to pretend to investigate this schizophrenic "txxxxxxxx" together with the Russian government.

(31) 3:16 AM, **Best Mommy's picture** on Facebook – which one? My own Facebook? The Secret Facebook Group? The Russian diplomatic mission's secret Facebook page for me?

A final note. Some time late 21 or early 22 March, SDW posted something new on her blog: gang-stalking testimony from "Shanon". Another black woman. Together with Leslie, she was in the middle of some heavy business with exposing this imaginary gang-stalking stuff.

22 March (Sunday; severe torture)

First, a note about myself. Uploaded the corrected version of Doc-1. MST again (blond). Required to think of Haley (MMY) instead. Went to bed almost 5 AM, watching Moya Michelle, and then RT Deutsch. (Jasmine Kusebek; "Der Fehlende Part"). Even though one didn't take any sleeping pills in order to avoid falling asleep (needed to attend Klön Talk in the morning), one was nevertheless programmed to fall asleep. Set the alarm however. Woke up 9 AM, per the alarm. Lay around a little bit, and then woke up almost 10 AM. Hurried to the Metro station: would be one hour late to the meetup. In fact, it would be worse. On Blue Line, sat next to a pretty AWF while another white guy wearing earphones was sitting not far away. Presumably, the Secret Society was broadcasting their show of my drooling over an AWF. (*Not quite. But was this white guy the community's surveillance? So was everyone in the community indeed watching me at that moment? (The guy about whom the Homeland Security warning law enforcement refused to accept.)*) Then, from 11 AM onward, Toshiba began freezing up continually so that I'd have to suffer severe physical pain and hopelessness while being next to the AWF. Kxxxxxxx and Dr P needed to convince my audience – or the Homeland Security guys inside the control center needed to obtain evidences showing – that I suffered severe physical pain while drooling over an AWF because I was unable to attain her. (*Again, this was a wrong scenario in that it was not particularly Dr P or K who were doing it.*) The train stopped at Imperial, and one had to take a shuttle bus. At Compton, separated from the AWF. Then one rejoined her at Del Amo. Finally, from Del Amo, the train to downtown Long Beach. Then took bus 94 to Redondo and 7th. Walked to the Library, already 1 PM. The presentation was just done. Severe physical pain. Sat outside, chain-smoking. Walked away, and then came back. Sat by myself doing my reconstruction while all members of the Klön Talk chatted among themselves. No feelings for the Mommylijk there either. Severe physical pain continued, and one ignored all members. Then, after charging up one's laptop, one walked north on Broadway, severe physical pain – having to create the impression, again, that I blamed my own failures on others – required to commit some xxxxxx immediately. Did Ns. Then napped a little by the beach (Junipero). All day long sex drive would be severely activated for WFs. Then walked to Portfolio. Severe discomfort and physical pain due to the requirement that one must feel extreme sexual attraction toward AWFs while still angry over being remotely controlled to suffer my supposed stalking victims' flaws.

3:10 PM, not allowed to log into Wi-Fi. Even the cashier was not allowed to help me log in. More episodes of severe physical pain. Not allowed to be entertained by the sights of pretty women. Required to suffer severe physical pain by the sights of pretty women in order to accomplish Kxxxxxxx's stories about me. (*Again, a wrong scenario.*) Five minutes later, allowed to log in. The Internet connection would be extremely slow all day long.

Then, sat down next to a pretty AWF while she worked on her homework (linguistic anthropology). Finally, began to calm down by indulging in sexual fantasies about her. Just then, she got up and changed seat, in order to create the scene that she was disgusted by me, and so that I would have to feel severe physical pain again over the inability to have any sort of entertainment at all. And to look like I committed xxxxxx later out of sexual frustration. (*It would seem that Homeland Security CO chief was indeed instructing the Monkey to control me to fit into the Secret Society women’s stories about me. More on this later*.) Out, waiting for the bus. More Ns. Total so far: **16 N**. (Only one AWF: who looked like a volunteer, holding a cellphone while driving.) (*She was probably no volunteer.*) All Ns gone.

Felt extremely sad all day over the requirement to become a misogynist (i.e. required to want to hurt those women whom one finds attractive, i.e. to be updated to the “postmodern form”). This was simply too hard to do. Thought that one’d better never touch a woman in one’s whole life; must have a lot of money so that one can gratify one’s sexual urges entirely with prostitutes.[3]

Waited a long time in downtown Long Beach. Not allowed to concentrate on reading the Bible (Schlachter). So upset that one was no longer allowed to speak French or German. The severe urge to commit xxxxxx caused severe trembling. Shouted in the bus: “I’ll attack you, fucking xxxxxxxxx!” (*Exactly the kind of thing which Homeland Security CO chief wanted me to shout while he still had me under surveillance. More on this later*.) Rested in the bus until it reached HRMSA, around 8 PM. The severe urge to commit xxxxxx caused the loss of appetite all day long. Couldn’t wait in Subway. Finally, bought Coke (2) and snacks from Starbucks, and did AWF-watching on the beach as was required. Charged one’s laptop in the laundromat around 9 PM. **6 B so far.**

9:20 PM, out for collection. **6 W (PLAYA: small, empty; CNTLGIE/ PLTES: 2; SLVN; TWOGUNS; truck), 3 SPC, 7 H. 3 B.** Done by 10:40 PM. All passersby were Asians, except two Middle Eastern guys. Amazingly, the bus came nearly on time, 11:15 PM. Came to SM a little past midnight. Did more: **1 ATM, 1 PRKNG, 1 control panel (con**struction), **1 B.** On bus 4 by 12:40 AM.

Said to Kxxxxxxx’s agent at one point: “I’m acting just like you are!” (*As you can imagine, after Homeland Security CO chief had launched his own investigation of me since yesterday, today he instructed the Monkey to hurt me severely so that I would shout anti-xxxxxxxx slogans and then collect a lot of damages. We would comment on the purpose at the end of today’s entry*.)

Now the Secret Society women’s operation on my website for today. 4:24 AM,

My violation of intellectual property rights. Let’s summarize. Since Homeland Security CO chief had started his own investigation of me yesterday, his first task today was to receive testimonies about my website from the volunteers in order to complete his new case. This shall start around 10 AM or so.

(01) 4:24 AM, a volunteer accessed Timeline-9D on Google Drive – my delusions about my women victims’ going after me.
(02) 4:51 AM, a UK volunteer examined **my supposed naked picture of ANG**.
(03) 5:57 AM, **Shizuka** rejoined the discussion together with a Brazilian volunteer.
(04) 7:42 AM, **Shizuka** again together with a Japanese volunteer.
(05) 8:41 AM, a Colorado volunteer examined **my supposed naked picture of ANG**.

Presumably, by now, the reporting had started.

(06) 10:32 AM, a volunteer reported on my violation of Prof. Swielande’s intellectual property rights.

Many reports about my violation of intellectual property rights in between. **(Meanwhile, I was on Metro Blue Line with the AWF. Everyone in the community was watching the show at the moment – after enjoying my MST video from last night.)**

(07) 11:11 AM, a Jacksonville, Florida, volunteer reported on **my harassment of SDW** by posting my messages to her on my blog.
(08) 11:28 AM, an Ohio volunteer reported on **my supposed naked picture of ANG**.
(09) 1:06 PM, a Finland volunteer reported on YY-II (**my delusion about ANG**?).

Then, more reports about my supposed plagiarism (including one volunteer from Deutsche Bank), computer-hacking, and violation of my family members’ privacy.

(10) 2:59 PM, an Alabama volunteer examined **my supposed naked picture of ANG**. By this time, the reporting should have already ended.
(11) 3:05 PM, a German volunteer came to my front page and clicked on an external link. Somehow the volunteers were still brainstorming about what else to add.

3:20 PM, SDW (now that the reporting had finished) left home to go meet Leslie in San Diego. **Meanwhile, I was in Portfolio**.
3:50 PM, SDW was meeting Leslie in San Diego.

(12) 4:23 PM, a volunteer with Isomedia found my Timeline-V-12 via a strange Bing search “needs-based intervention”.

5:20 PM or so, SDW, done with meeting Leslie, was leaving San Diego.
5:25 PM, SDW was in Del Mar.
5:36 PM, SDW was back in Encinitas.

(13) 6:17 PM, a Japanese volunteer came to examine my supposed harassment of Kxxxxxxx (?). (He listened to the embedded recording.)
(14) 7:14 PM, **the same Hong Kong volunteer living in South Korea** came to my blog again.

Around this time, I was shouting my anti-xxxxxxxx profanity while in the bus.

(15) 8:09 PM, **Shizuka** rejoined the discussion together with a Florida volunteer.
(16) 9:03 PM, a Georgia volunteer examined **my supposed naked picture of ANG**.

Around this time, I had started collecting damages in Hermosa Beach.

(17) 9:44 PM, an Ontario volunteer examined my delusion about my women victims’ going after me.
(18) 9:54 PM, the Henderson, Nevada, volunteer came to examine gang-stalking/page4/ again. (My delusions about my women victims’ going after me.)
(19) 10:04 PM, a Rancho Santa Margarita volunteer also examined /gang-stalking/ (my delusion about my women victims’ going after me).
(20) 10:18 – 10:22 PM, a Brazilian volunteer thoroughly examined my gallery starting from Oliver’s painting. (How to report me for stealing other people’s artworks.)
(21) 10:28 PM, a Texas volunteer examined **my supposed naked picture of ANG**.
(22) 11:11 PM, a Kansas volunteer also examined my delusion about my women victims’ going after me.
(23) 12 AM – did a Southern California volunteer forge evidence of my plagiarism? (asmatpoles.jpg)
(24) 1:27 AM, another Rancho Santa Margarita volunteer examined **my harassment of Dr B by blogging about her.**

(25) 1:28 AM, an Arizona volunteer examined how my delusions about being mind-controlled had made me a danger to myself and other people.
(26) 1:53 AM, she came again.
(27) 2:49 AM, a Sydney volunteer examined my delusion about Homeland Security's going after me.

The pattern of visits suggests that, around 3 PM or so, after Homeland Security had taken in all the volunteers' testimonies, they went, together with the Russian diplomatic mission, to some authority somewhere to complain about the Southland police's refusal to accept the Homeland Security warning. However, by 8 PM or so, this authority had dismissed the complaint. The volunteers thus spent the whole night brainstorming how exactly to convince this authority that I was indeed insane (believing that my women victims and Homeland Security were going after me and that I was under mind-control). Then also a little bit of my supposed naked picture of ANG, harassment of Dr B, and plagiarism.

Homeland Security CO chief had presumably also remotely controlled, and then recorded, my performance in Portfolio this afternoon specifically in order for this new authority to see. (He must have shown him all this in combination with the MST video from last night.) Then, between 7 and 8 PM or so, it's presumably because this new authority was again ready to dismiss his warning about me that he suddenly required me to go into a rage and then shout anti-xxxxxxxx slogans to people on the bus. But somehow this had failed to impress this new authority. Homeland Security CO chief then thus required me to collect a lot of damages. That's the materials he would need for tomorrow.

The remaining question is: what was SDW discussing with Leslie today? It would seem that, other than updating Leslie on the latest developments in my case (how Homeland Security and the Russian diplomatic mission had now opened their own investigation of this schizophrenic terrorist stalker), she brainstormed with Leslie on what to do since the campaign to raise awareness about gang-stalking in the public had so far come to naught. Leslie suggested that she shall put up a new blog to recount her experience with gang-stalking (mostly by transposing some of her old writings from the past). She would put up the blog tomorrow, exposingucsdgangstalking2015.wordpress.com. The blog is mostly grammatically unintelligible, since Leslie has "learning disability."[4]

23 March (Monday; severe physical pain; xxx drive up)

First, a note about myself. Home. MST (found "tummy"). It looks like it was to construct the story that I hit the pxxxxxx place because I love and hate pxxxxxx women at the same time. (Forced to fear thinking of Kxxxxxxx when doing so. She has probably made a request to the Feminist Lawyer/ Homeland Security guys inside the control center that they do everything to make sure that, when the ICJ judgment comes out, it says I think about her during MST.) (*Again, a completely wrong scenario.*) Slept before 4 AM, listening to Moya Michelle. Woke up 1:30 PM. Okay. The anti-xxxxxxxx hatred gone for a moment, then it returned when I thought about how I was not allowed to conduct verbal communication in this society (because of my superior language skill) and was required to be the

---

[4] In one of her replies on her blog tonight SDW said she felt even more pity for African American TIs "who already have to deal with so much discrimination in the US based on their race."

"dupe" in society's street-theater game (because of my superior intellect). Motivated to commit more xxxxxx. Lay around, then the Korean restaurant. Allowed to read Samuel. (David's punishment and Absalom's sister's rape.) Home. Then TNT. Then discovered that I forgot to bring my AC charger. Home. Then programmed to develop the desire to go to the catechism class (indicated on the calendar on the church's website). Starbucks, Normandie. Made the prediction to myself that I was programmed to want to go there probably because there would be no class tonight, so that my missing it can be interpreted later as the cause for my committing xxxxxx tonight. Went there, and, indeed, there was no class. Then discovered that my stalking victims had requested that my recorder be shut off. (*Actually, just Homeland Security.*) Perhaps they had ordered my church members to make false reports about me afterwards. (Or would send agents to attack it.) (*Not*.) The recorder incident caused severe physical pain. Again, wished for euthanasia once I could exit. Bus 33. SM-PRMND. By this time, pain had subsided. Preliminary collection: **12 Ns. An Asian guy driving a hybrid car parked in front of me: seemed to be Kxxxxxxx's agent to film me placing nxxxx.** (*Probably just the community's surveillance*.) Not sure where to go afterwards. Required to want to be around pretty AWFs. Finally, decided to drop the idea of going to Virgil. Feeling very unsatisfied: while committing xxxxxx is the only thing I'm allowed to do in this society (not allowed to interact with any human beings or have verbal communications), one can't commit enough xxxxxx. After indecision, came to Westwood instead. In-and-Out, 10:35 PM. At first, desert condition there. Then, many pretty AWFs came in. Read Samuel. Then, Starbucks. Everyone ugly there. An unusual number of black people there. The control center/ the Secret Society had sent them in here. (*Really?*) Purposely sat next to the only pretty WF in the coffeehouse. However, she soon left. Upset over this kind of game. Then, a fat woman came to sit next to me, looking like she was here to film me. (*Really?*) Very uncomfortable, and moved to a different table by myself. (Martha watching?) Then, a pretty WF came to sit next to the seat I had just left. As if my stalking victims were playing a game. Then, a very ugly man looking like a surveillance agent came to sit next to me. (*Homeland Security surveillance?*) Thus decided to move back to my former seat, and sit next to the pretty WF – as if the surveillance agent was here to provide me with an excuse to move back to my seat. (The trick: Kxxxxxxx and Dr P were afraid that I might not move to her side.) (*This actually looked like a Homeland Security trick: now that they had shared the videos of my MST with the community, they wanted to catch me drooling over pretty females – just like yesterday*.) But then, the fat woman left, and an even uglier man came to sit next to me. Then, not allowed to log into Bluehost. Programmed severe physical pain. Trembling. Couldn't concentrate on writing. At a loss, for time flowed past. Again, required to suffer severe physical pain while sitting next to a pretty WF. (She was probably an actress.) (*Not sure about this*.) Went outside to smoke, determined to commit more xxxxxx than usual tonight. (*What Homeland Security CO chief wanted me to do – now that he had started his own investigation of me and was debating with the new authoirty again.*) Came back inside. Soon, allowed to log into Bluehost. The WF left, and another ugly Asian guy came to take her seat. That caused physical pain too: required to suffer SDW's disease. Severe hatred for xxxxxxxxx, and can't wait to commit xxxxxx, the only thing I'm allowed to do, not even entertainment is allowed. (Dr P's and Kxxxxxxx's anger.) Moved to a different seat. Then derided one white male: "You xxxxxxxxx so bad... MRI scan of your brain..." "Yes, sure..." Almost 1 AM, left for collection. First, BRNTWD: **3 W (salon, 2nd; building door, 2nd). 1 ATM (CHS). 1 H, 4 N.** Then, SM. (Again, a Hispanic man wearing earphones saw me onto the bus.) (*Homeland Security surveillance, as part of their "investigation" in concert with the community*.) PRMNDE: reloaded. **2 W (photographer's**

building), 3 B, 1 SPC, 2 mirrors, 1 Intercom. After the first W, went to xxxxxx MSTRSN’s nearby. Can’t W. Came back for the photographer. But not dramatic enough: both small W. Also, just before SPC, the street lamp went off, as if Kxxxxxxx had tried to make it easier for me to launch xxxxxx. (*Again, it’s probably just Homeland Security*.) At the bus stop, 3:30 AM: another Asian guy driving a hybrid car came asking me if I had called him for a ride. Was Dr P trying to deceive me? (*Was this really part of the community’s surveillance?*) On the bus, and made a show in front of the camera. Home, past 4:30 AM. 5:50 AM, continually tried to upload the latest reconstruction to Sky Drive. Not allowed. By 5:54 AM, was allowed to upload it. Then, tried to open this diary. The computer froze. After two minutes, it was allowed. Required to commit xxxxxx tomorrow.

Now the Secret Society women’s operation on my website for today. 4:15 AM,

Was this volunteer from the same “Chicago Group” which we have so often seen back in July last year?

Let's summarize. It should be the case that, with all the evidence collected from last night (e.g. the collection in Hermosa Beach and the volunteers' testimonies about my delusions about my women victims' going after me), Homeland Security CO chief and the Russian diplomatic mission were going back to the same authority some time this morning. The essential activities for today are:

(01) 4:26 AM, a German volunteer examined my Nicaragua videos as definitive proof that Homeland Security was right about me.
(02) 6:19 AM, **Shizuka** rejoined the discussion together with a Thailand volunteer.
(03) 6:20 AM, a Norway volunteer examined my particular brand of misogynist ideology. (Elementary Structures.)
(04) 6:37 AM, a Cherry Creek school teacher examined my delusions about the Great Boss.
(05) 7:03 AM a Debrecen, Hungary, volunteer examined my 2012/04/28 brain chip blog post.
(06) 7:11 AM, he linked up this blog post from Facebook – or the Russian diplomatic mission's secret Facebook group for me. (Temporary evidence in the ICJ before the reporting should start.)

The volunteers' reporting to the new authority should start some time around 8 AM.

(07) 8:30 – 8:33 AM, a Texas volunteer reported on my delusions about my women victims' going after me as seen on Prison Planet forum.
(08) 8:34 AM, a Rhode Island volunteer reported on my harassment of SDW by posting my messages to her on my website.
(09) 10:46 AM, an Alberta volunteer reported on my delusions about my women victims' going after me (my 2015/01/20 blog post).

We should expect the new authority to dismiss the Homeland Security warning again some time around noon. The Secret Society women should thus be back to brainstorming together with their volunteers.

(10) 1:37 PM, a Windsor, New York, volunteer came to Nana's portrait.
(11) 1:46 PM, a Maryland volunteer examined my delusion about being chipped in the brain.
(12) 1:54 PM, a Dubai volunteer examined **my supposed naked picture of ANG**.
(13) 2:38 PM, an Iranian volunteer examined my delusion about SDW (the 2014/08/11 blog post),
(14) 2:47 PM, **Robin** rejoined the discussion together with a Washington DC volunteer.
(15) 3:28 PM, **Robin** again together with an Illinois volunteer.
(16) 4:03 PM, a Jordanian volunteer examined **my supposed naked picture of ANG**.
(17) 4:23 PM, **Shizuka** rejoined the discussion together with a Bangkok volunteer.
(18) 5:55 PM, a Ghana volunteer examined my violation of my family members' privacy.
(19) 6:28 PM, **the same Hong Kong volunteer living in South Korea** came to my blog again.
(20) 6:47 PM, a Vancouver, Washington, volunteer examined my delusion about being chipped in the brain.
(21) 8:24 PM, a Knoxville, Tennessee, volunteer examined my delusion about my women victims' going after me (gang-stalking).
(22) 8:39 PM, an Idaho volunteer examined **my supposed naked picture of ANG**.

Around this time, my preliminary collection in Promenade: the community sent in this Asian guy to watch over me.

(23) 9:39 PM, a volunteer staying at Best Western Inn in Southern California examined **Best Mommy's picture.**
(24) 10:43 PM, **Robin** rejoined the discussion together with a Canadian volunteer.
(25) 11:16 PM, an Edmonton, Alberta, volunteer examined my bad portrait of Emiko.

Around this time, the business with the AWFs in Starbucks. (More show for the community?)

(26) 11:34 PM, a Texas volunteer examined my delusion about my women victims' going after me as seen on Prison Planet forum.
(27) 12:42 AM, a school teacher from Nancy, France, examined my supposed computer-hacking.
(28) 1:32 AM, **Shizuka** rejoined the discussion together with a Southern California volunteer.
(29) 2:48 AM, a Washington State volunteer examined **my supposed naked picture of ANG**.
(30) 3:03 AM, an Israelite volunteer (?) examined my delusions about ANG. (YY-II).
(31) 4:28 AM, the Debrecen volunteer clicked on his own link on Facebook from this morning (the 2012/04/28 blog post).
(32) 4:56 AM, the Debrecen volunteer clicked on /mind-control/.
(33) 4:58 AM, he clicked on /DARPA/.

From 1 to 4 AM, Homeland Security and the Secret Society women, together with the community of residents and volunteers, would be running surveillance on me during my collection of damages. Together with the new testimonies about my delusions about being under mind-control and my women victims' going after me and my supposed naked picture of ANG, this would be the new evidence with which Homeland Security CO chief and the Russian diplomatic mission could start another round of debate with the new authority later in the morning.

24 March (Tuesday; some pain)

First, a note about myself. Worked on the reconstruction of 4 June, and uploaded it to my website, between 6 and 7 AM. MST: "tummy". Slept around 7 AM, watching "Hong-Kong-Taiwan-Macao news" (China-India). Woke up 4:30 PM or so. Before leaving, opened up the visitors' log. My stalking victims had requested a spam robot (109.228.31.11; live-servers.net, Gloucester, UK) to call up /wp-login.php from my website thousands of times in order to disable the log. (*This is not the case: they had probably nothing to do with it.*) Thus, not allowed to check the visits. Even Cluster Maps was disabled. Came to Starbucks, 5:30 PM or so. Not allowed to log onto Wi-Fi here. Only ugly people here. Required to commit xxxxxx. Used McDonald's. Allowed to log in. Still, spam bot: all day long. At the bus stop, confessed to a white guy wearing earphones: "I'm about to be arrested. But I don't know that I'm about to be arrested." He looked mean, saying, "Okay". (*It's not clear whether this guy was part of the community surveillance program which Homeland Security CO chief had set up for me.*) Went to the Forum. Sat at a table with Mike and the girls. Then moved to Noah's table, with the

Syrian woman. Growing hatred toward these people at the church: not having any chance to talk about my ordeal. Finally, the guy with glasses asked me. Confessed: “I’m getting filmed committing xxxxxx every night, and yet I have no idea. One day, when I get taken down, I won’t know what happens.” He laughed at one point. Then Noah asked me if I read the Bible. After sharing, the hatred had subsided, but one was not quite able to concentrate on the presentation. Felt strange: it’s uncool to want to resist the Secret Society [women’]s operation! But I must know that I don’t know! Left 9 PM. Noah insisted on walking me out while playing a video game on his cellphone. Clearly, he was told to do so in order for surveillance to confuse him with me: he also believes it’s just to fraudulently convict Russia! (*Complete bullshit here. What’s going on was probably just that the story about me had been going around in the church (the “confessions”) so that people had decided that I should be escorted. Especially now that Homeland Security had started their own investigation of me together with the Russian diplomatic mission and the community of residents and volunteers. Presumably Homeland Security and the community had already linked up with the Forum people and instructed them not to warn me*.)[5]

Obviously, Kxxxxxxx’s Secret Society has decided to resume the tactic of using my church members and Meetup people as proxies to report me to the Attorney General, so that, when I should get arrested, it would look as if Kxxxxxxx and Dr P and the others of the Secret Society had not orchestrated it from behind the scene. (*Again, this was NOT what’s going on, even though the church members had indeed connected up with the Secret Society women and the community via Homeland Security and the police. They could probably also watch me every night on their computer screens as I went about in coffeehouses and collecting damages.*)

Made the mistake of walking up to Wilshire instead of catching the 204 bus (needed to go to Home Depot to buy spray). Not too upset. Took the Metro. By this time, too late for Home Depot, and so one had to commit xxxxxx tonight without targeting electronic devices. Starbucks, Vermont, 10:30 PM. One opened up the log. Again, the spam bot had blocked all visits. Everybody so ugly, only one pretty AWF. She immediately left. Then discovered another fairly pretty AWF. Sat in front of her. Asked her if she would be leaving in 20 minutes: “prediction”, psychic power. Somewhat still upset over the inability to check the log. The AWF never left, and was in fact quite friendly. (She seemed vulgar, though.) She dragged a cart. (*Presumably Homeland Security CO chief had sent in someone pretty from the community so that I could produce another episode of drooling over pretty women in order for everyone in the community to watch and submit as evidence*.) 11:30 PM, began collection. FRNKLN (and later): **13 N. 7 B (including the later ones).** Almost 12:30 AM, walked to Virgil. Was in a good mood, but will force oneself to collect more serious damages later. However, one was again rejected by Virgil. Severe anger, severe pain, and believed that it's due to Kxxxxxxx's actions. (*Again, what had most likely happened was that the employees at Virgil had already been warned about this "habitual vandxxx" and even shown the Homeland Security warning in question*.) Now motivated more than ever to collect, for life was just such a desert: not allowed to be in enough female presence day after day. Decided to try out the bar in HLLYWD/ VN (where collection should happen later). This bar was nice. 1:35 AM, an AWF, "Jackie" (with her friend, "Monique"), actually greeted me. (She at first came in with a bunch of other people and waved at me while smiling). (*Was there any trick here? Another member sent in from the community?*) Left almost 2 AM. Mood much lightened. Walked down to LRCHMNT: **6 W (PAGE: 2nd; also theLC, Alison J, MDGROUP). T**wo security cars (from different companies) passed by. On bus 4 coming home by 3:40 AM. At the Korean restaurant near home.

[5] The details of the conversation tonight: “strbknrmndieforumconfss_3_24_15_524PM.MP3”: 11:00, in Starbucks. No pretty girls. ("So that I can look like I'm committing xxxxxx later because there are no pretty girls.") 34:00, I was not able to log on. "My visitors' log is disabled" (40:10). Suffering pain. 1:14:20: "My stalking victims want me to believe that they are arrested so that, when I should get arrested, I won't think it's because of them." Then, 1:16:00, I said to a stranger: "I promise you that, when I shall get arrested, I'll not know it's my God who has caused it. I'm about to be arrested, but I don't know that I'm about to be arrested." 1:19:00, on the bus. 1:30;00, at St. Sophia, but no one was here yet. 1:38:00, back inside the church. 1:41:00, with everybody else in the Forum. 1:42:30, voice-message. 1:50:20, Fr. Alan's prayer, and the meal started. 2:13:00, Noah told me he used Ubuntu! Noah was going to Serbia next year. 2:30:50, my confession about having to commit xxxxxx. "6 hours a day! 4 hours committing xxxxxx last night. I have to blame my own faults on other people, and my stalking victims have organized this neighborhood watch to film me committing xxxxxx, but I don't really know that. My stalking victims will know where I would be committing xxxxxx before I even decided it because they have such psychic power." And the Book of Samuel. Then a discussion about the Old Testament. 2:40:30, Noah's announcement about a trip to Serbia. 2:46:20, the computer girl's speech. From 3:08:00, Fr. Alan's speech. 3:38:00, the discussion over, I was leaving, and Noah walked me out. 3:39:20, I parted with everyone. 3:49:10, a white guy with earphones passed me by. Reviewed until 3:54:30.

9:10 AM, “Esther” sent an email to me via Interpals (kabesthy41). She provided her email address and said she would attach her picture in her next email. Esther’s profile would disappear by 6 PM. Given the current predicament of the Secret Society women and Homeland Security, this might very well be one of their moles.

10:31 AM, SDW was at Vulcan North near Santa Fe Dr. in Encinitas. (First Responder Harassment Log.) (The strange thing is that, if the reporting to the new authority had just started 30 minutes ago, she had somehow decided to not participate and go take a walk outside instead!)

My violation of intellectual property rights.

Let’s summarize. As noted, with the new evidence from last night, Homeland Security CO chief and his Russian friends were planning to go back to the new authority again today. Meanwhile, the essential activities from the volunteers for today:

(01) 6:05 AM, a Turkish volunteer examined my delusion about being chipped in the brain.
(02) 6:10 AM, a Virginia volunteer examined my delusions about strange government conspiracies (/Arab-Spring/).
(03) 6:33 AM, an Albanian volunteer examined my delusions about the Great Boss and some non-existent ICJ trial.
(04) 7:04 AM, a Milwaukee volunteer examined **Best Mommy’s picture** in Senmasa.
(05) 7:06 AM, **Robin** rejoined the discussion together with a Dhaka volunteer.
(06) 7:14 AM, a Greek volunteer examined my delusions about the Great Boss again.
(07) 9:10 AM, “Esther” messaged me on Interpals. (Part of the Secret Society women’s operation?)
(08) 9:27 AM, another volunteer from DESY compiled a testimony about my violation of intellectual property rights.

9:39 AM, the Gloucester spam bot had started.

Then, the reporting to the new authority had started. As can be seen, this morning the volunteers had already compiled a lot of testimonies about my insanity in all sorts of ways. Now the focus should be on my delusions about my (supposed) women victims in particular.

(09) 10:07 AM, a Vancouver volunteer was reporting on my delusions about my women victims as seen on Prison Planet forum.
(10) 10:15 AM, the Vancouver volunteer continued to report on my blog.
(11) 10:28 AM, she continued.

10:31 AM, SDW was out in Encinitas.
10:35 PM, SDW as at Cardiff State Beach. She had somehow decided not to participate in this morning's reporting.

(12) 10:40 AM, the women gang were reporting my Facebook to the new authority.
(13) 10:42 – 11:08 AM, many reports on my violation of intellectual property rights in between (including my violation of Swielande's intellectual property rights).
(14) 11:12 AM, an Indian volunteer reported on my delusion about being chipped in the brain.
(15) 11:15 AM, a second, Michigan, volunteer reported on my delusions about my women victims as seen on Prison Planet forum.
(16) 11:21 AM, the Michigan volunteer continued (another link).
(17) 12:13 PM, another Indian volunteer reported on my particular brand of misogynist ideology (Elementary Structures).

12:30 PM, SDW was at 101 South and Cliff Road.
12:45 PM, SDW as at Santa Fe Rd and Encinitas Blvd.
1 PM, SDW was presumably home – just when the reporting was almost over. She was out for almost 3 hours.

We have to assume that, by this time, the new authority had again dismissed the Homeland Security warning so that the Secret Society women would be back to brainstorming.

(18) 1:39 PM, a South African volunteer examined **my violation of Dr B's intellectual property rights**.
(19) 4:10 PM, a Florida volunteer examined **my violation of Dr B's intellectual property rights**.

The volunteers were then concentrating on the problem of how exactly to convince the new authority that I did plagiarize.

(20) 5:46 PM, an Indiana volunteer brainstormed how I had also victimized other famous TIs by blogging about them ("James Walbert skeptics")

6:40 PM, in order to collect more evidence about how my delusions about being remotely controlled had prompted me to commit xxxxxx, Homeland Security CO chief instructed the Monkey to remotely control me to make this bizarre confession to one of his surveillance agents.

(21) 6:45 PM, a New York City volunteer examined my particular brand of misogynist ideology (Chinese Patriarchy).

More brainstorming about my supposed violation of intellectual property rights. Meanwhile, 7:54 PM, Homeland Security CO chief, for the same purpose, got me to make more bizarre confessions to the people at the Forum.

(22) 9:37 PM, a Pittsburgh volunteer examined my supposed delusions about President Obama.

11:30 PM, I started collection at FRNKLN.

(23) 11:46 PM, **Oliver** rejoined the discussion together with an Anaheim volunteer.

12:30 AM, I was rejected at Virgil.

(24) 1:55 AM, a Kenya volunteer examined my violation of Swielande's intellectual property rights.

2:30 AM, I started collection in the Vine area.

(25) 3:30 AM, a Morocco volunteer also examined my violation of Swielande's intellectual property rights.

Again, for the whole night, the Secret Society women and their volunteers continued to have an obsession with brainstorming how to convince the new authority that I did plagiarize and violate intellectual property rights. The new authority must have rejected the Homeland Security warning this early afternoon claiming that the Homeland Security assessment of my plagiarism wasn't correct. Meanwhile, to continue his debate, Homeland Security CO chief obtained two "confessions" from me and the community of volunteers were of course filming me again late tonight during my collection of damages. More evidence for tomorrow's episode.

25 March (Wednesday; Draw Anything-LA)

First, a note about myself. MST (sleeping WF showing tummy). Woke up 1:30 PM. Realized that, since January, the Secret Society [women] had invited Feminist Lawyers to make a hxxx cxxxx [case] out of me in order to get laws passed later to protect women's privacy on the Internet. At the same time, in order to garner more support from other minorities, the lawyers have decided to bundle the laws to protect women with laws to protect black people as well. (*I was completely wrong – this was not what the Secret Society women were doing at all (although they would indeed seem to be doing this by the time we shall come to revise this entry in June 2023).*) Then, TNT. Checked the log. Surprised to see that the Secret Society [women] had called off the spam bot attacks. Evidently, they were used by the governments to collect evidences showing that they don't actually believe their story about law enforcement leaking information to me. (*Completed bullshit. Just more wrong scenarios to help make myself look crazy for Homeland Security's benefits*.) Then, Home Depot on Wilshire. Bought spray. Then, hurried to Draw Anything LA meetup. The brother and sister were there (Phoenix). While all was pleasant, one was programmed to talk about Dr P's remote control of one. (*This was totally unfortunate, for what I told them was a completely wrong scenario*.) Then about "inflatable artificial penis". Then Phoenix even asked me what she wanted me to do. Mood softened. Left around 9:40 PM.[6]

(*My bullshit reflection on that night:*) Members of Draw Anything LA were instructed to lure out from me my xxxxxxxxxx about collection of damages, because they were charged with the task of reporting me to the Attorney General. (*Not the case at all. But most likely both Homeland Security/ the community and law enforcement were indeed monitoring my conversations here.*)

Thought: the problem: xxxxxxxxx aren't bad enough. I have thus established identity with my stalking victims (for whom I am not bad enough). Axxxxxxxx are not good people, and yet aren't bad enough, so that, afterwards, [one is] not sure how far the revenge against them should go. And yet, at the present, it's better if they aren't bad enough, in order for the process of suffering to go smoother. Present comfort at the expense of future [perfection]. (*Again, just the sort of anti-xxxxxxxx things which Homeland Security CO chief was training me to think so that I can become his demonic profile of me.*) The real problem: other people don't care about my predicament because they aren't going to feel it. (*Right. My biggest problem in life.*)

Then, concluded: I would most likely, in the end, conform to the original deal that was struck with [BOL]: (1) demonize Axxxxxxxx in general among people who already hate Axxxxxxxx; (2) demonize Axxxxxxx women only among people who don't already hate Axxxxxxxx. (*Again, complete bullshit which Homeland Security CO chief wanted me to think and believe*.)

On bus and Metro to Hollywood/ Vine. Starbucks, and checked the log. Went inside the same bar as last night. Waited outside for more than 30 minutes. Talked to the door man. Then the door man was switched to a black man. The Secret Society's operation began. (*Really? Probably not. It's the community and Homeland Security altogether!*) Wrote down the above. Talked to three Brazilians outside. They were also the Secret Society's agents who would make false reports about me to the "new authority" afterwards. (*Most likely not. Wrong scenario*.) Then the new door man told me I was not allowed to go in. Severe anger, severe physical pain, over not being allowed to have any entertainment. Now realized that one had got duped into writing down the above. (*Most likely, the same thing as in Virgil: Homeland Security, the Secret Society women, and their community of residents and volunteers had already shown the managers here their warning about me and explained that this guy was a habitual vanxxx on Homeland Security's watchlist. But my wrong scenario continued:*) My job is to hate all Axxxxxxxx indiscriminately and end up among the people who already hate xxxxxxxxx. Required to commit the maximum amount of xxxxxx tonight, because the Secret Society was waiting for me to do so (as if I do blame my own faults on other people). It's quite clear: the Secret Society had sent in their black man agent because the man believed, or pretended to believe, that he would advance the cause for black people's rights. (*Again, complete bullshit – this was not what's going on at all.*)

[6] The recording of tonight: "TntdrawLA_3_25_15_405PM.MP3": in TNT. 42:20, an AWF with earphones to my right. 54:00: "... looking at... website... K might send agents to attack it..." (*Bullshit.*) (From 3:07:00 onward.) 3:07:40, on the bus. Off. 3:26:40, I ran into Kelly (and her license plate). She's sending an email in her car. 3:28:00, in the meetup. I was sitting before this guy and this girl. 4:23:30: "I really wonder if I'm secretly an android." How to make an android very fast: plant a chip into your brain. 4:25:30: "… the woman who has psychic power over me, to know where I'll be before I even decide it, I think she's the one with the chips inside my brain. It's two women, and one used to be my therapist." 4:27:00, the windows business. "She's my God. Don't see her as a therapist, she might secretly plant devices into your brain." 4:32:30, I asked the other girl why she studied psychology. 4:33:20, how the military had planted devices in the detainees before letting them go. 4:35:00, the inflatable penis business. 4:47:00, how I was afraid that my doctor might have had an argument with her husband over me. How she wanted me to break people's things in order to piss people off. 5:04:00 onward, I was on my computer. 5:30:30, I was leaving. 5:38:30, an earphones guy standing next to me by the bus stop. (*Homeland Security's/ community's surveillance?*) 5:44:30, on the bus – a lot of earphones people. 5:52:30, off the bus.

Came to the hall of bars, 12:30 AM. The Secret Society sent in another agent (a fat bxxxx woman) to bother me. I told her not to bother me. She then went to talk to the door man. When one left, around 12:50 AM, one asked him what the woman said. He confirmed I was not disallowed tomorrow. Thus one concluded (*erroneously*) that the Secret Society is trying to cover up their earlier operation. One said so to the black man wearing earphones standing nearby. (*Again, I had most likely fallen into Homeland Security CO chief's trap: the surveillance agent had just intercepted me saying something totally delusional*.) Then, walked down to SM. Started with Ns. All drivers had been alerted by the Secret Society, however, so that they drove far off the lane, and then only volunteers ran over them. (*Was this really the case?*) Bus 4 came. Stopped by WSTHLLYWD (LACNGA). The Secret Society had placed three Hxxxxxxx men in a car next to the xxxxxx (ANTNA), probably in order to show her how they can protect her, so as to recruit her. (*Maybe so! But it's everyone altogether: Homeland Security, the Secret Society women, and the community of residents and volunteers*.) Ns unsuccessful. **2 SPC.** The Secret Society had placed cars all over the street. (*Maybe Homeland Security, the community, the Secret Society women, and their investigators had really done this altogether.*) Abandoned it. Rode bus 4. Stopped by BVRLYGLN. Nothing to bxxxx. The Secret Society had placed another Hxxxxxxx man near the only cafe around. **4 H. 3 PRKMTR.** Took bus 4 again to SM. Really desperate to bxxxx something in a dramatic way in order to kill the growing pain. Got off the bus near Peter's. Then walked all the way until PRMND. Along the way – of course many homeless people, actors, and cars to film oneself**: 7 W, 3 SPC, 2 PRKMTRs, 4 H. (DNTST: 4th; ECRR: 3. Very dramatic.)** Thought: Mommy I did well. (*Ha!*) On bus 20 going home by 4:30 AM. Felt much better afterwards. Total for B and N: **8 B. 11 N.**

The Secret Society has mobilized about 20 people to film one committing xxxxxx (or follow one) [tonight]. The total number of volunteers: about 50 people. (*Very likely! But everyone's purpose was to convince law enforcement that the Homeland Security warning about me was correct*.)

Home, almost 6 AM. Democracy Now. About the My Lai Massacre. Remotely controlled to drop tears. It seems that Kxxxxxxx and Dr Pxxxxxxxx are going to tell their audience that I attxxx xxxxxxxxx because I hxxx xxxxxxxxx for the war crimes they have committed in Asia. It thus seems that they want Axxxxx to feel ashamed over me, as a way to garner Axxxxx' support for their cause (since they have to admit that I don't hate Axxxxx in order to make their hxxx cxxxx case stand). (*This was of course complete bullshit. But would something like this happen later on? In 2022 and 2023?*) 7 AM, one checked DCRR's website. One used proxies (France/ Denmark). Screenshot disabled. Not allowed. Must use Firefox without protection in order to leave behind evidences. (*Not really.*) Then the screenshot function was continually disabled (while DVD-452 was being burned). Anger, pain, required to commit more xxxxxx tomorrow. After checking out DCRR: she's high profile, and it's clear that the Secret Society also wants to recruit many famous people, including movie stars, to their cause. Hence "Alison J" last night. (*Again, complete bullshit. Just being trained to be delusional about the Secret Society women.*) They must really believe that their "victim confidentiality" holds any water!

(*It's however quite possible that Homeland Security was indeed carefully monitoring my Internet connection this morning so that, in a few hours, the women gang and the select members of the growing community can go discuss the matter with DCRR, show her the Homeland Security warning about me, and then take her with them as they went to report me again to the new authority*.)

7:20 AM, then discovered that the Secret Society has required the Youtube person showing "The War Lords" to make the video private in order to prevent it from showing up on my blog. (*Presumably I wasn't wrong about this*.) Severe hatred for xxxxxxxxx. Required to attack xxxxxxxxx tomorrow night.

Now the Secret Society women's operation on my website for today. 4:26 AM, this thing still continued:

Another volunteer from Germany had joined in on the brainstorming as to how to prove to the new authority that I did plagiarize. Meanwhile, the Berlin Plagiarizer moved onto the next chapter:

Let's summarize. Since early morning the Secret Society women continued to mobilize volunteers to brainstorm how to convince the new authority that I did plagiarize. We shall only name a few essentials:

(01) 5:38 AM, at a loss as to how to prove to the new authority that I did plagiarize, the Secret Society women called upon the Berlin Plagiarizer again to copy my entire TIH.
(02) 6:07 AM, the Berlin Plagiarizer stopped after he had copied almost every chapter of TIH.
(03) 6:23 AM, **Robin** rejoined the discussion together with a Singapore volunteer.
(04) 6:30 AM, a French volunteer examined **my supposed naked picture of ANG**.
(05) 8:17 AM, the Secret Society women sent in another volunteer from the National Institutes of Health to brainstorm how to convince the new authority that I did violate intellectual property rights.
(06) 8:31 AM onward, many volunteers brainstormed how "merging_forces.gif" can prove to the new authority that I did violate intellectual property rights. (And other images as well.)

By now, the Secret Society women had started their new hearing with the new authority. They presented all the supposed new evidence of my plagiarism (the Berlin Plagiarizer's garbage included) and also my bizarre confession at the Forum and the videos of my collection from last night. Then:

(07) 9:49 AM, the Debrecen volunteer clicked on his Facebook link again (2012/04/28). To report on **my delusions about being chipped in the brain**.
(08) 10:03 AM, a Stuttgart volunteer **reported on the same thing**.
(09) 10:06 AM, a Mexican volunteer reported on my harassment of SDW by posting my messages to her on my blog.
(10) 10:22 AM, a volunteer from the Iowa State University of Science and Technology reported on **my supposed naked picture of ANG.**
(11) 12:21 PM, **Robin** made a false report about my theft of her drawing together with an Indian volunteer.
(12) 12:24 PM, a Washington DC volunteer reported on my delusions about my supposed women victims' going after me.
(13) 12:26 PM, she came to my front page to continue her report.

1 PM, SDW left home to go to San Diego. Apparently, as soon as the reporting had stopped (with the new authority deciding again to dismiss the Homeland Security warning, of course), she went out.
1:09 PM, SDW was in Del Mar.

1:22 PM, she's in La Jolla.
1:31 PM, she's at Genessee South and Esplanade Ct. in La Jolla/ UTC.
1:39 PM, she's still at Genessee South and Esplanade Ct. in La Jolla/ UTC.

(14) 1:40 PM, the Gloucester spam robot finally stopped its activity.

1:45 PM, SDW was driving past Governor Dr. in University City.
1:50 PM, SDW was in University City, probably meeting with Leslie.

(15) 2:40 PM, a XO Communications US volunteer examined my delusion about being chipped in the brain.
(16) 3:37 PM, a Chicago volunteer examined my particular brand of misogynist ideology (my chapter on Betty Friedan).

3:44 PM, SDW was at 5 North near Carmel Valley exit in San Diego. She was now going home. (She had apparently spent less than two hours with Leslie)
3:51 PM, SDW was at 5 North near Del Mar Heights Blvd exit in San Diego.
4:07 PM, SDW was driving past 101 South and Chesterfield in Cardiff by the Sea.

(17) 4:10 PM, an Australian volunteer examined my delusion about my supposed women victims' going after me ("Syrian scandal", "KV-III", etc.).
(18) 4:10 PM, a Chicago volunteer also examined my delusion about my supposed women victims' going after me.

4:33 PM, SDW was walking north past Beacon's Beach. She was now taking her usual walk on the beach.

(19) 4:55 PM, a Las Vegas volunteer examined my external links page (**my harassment of a certain famous woman by linking to her website).**

4:58 PM, SDW was still taking her walk on South Ponto Beach in Carlsbad.

(20) 5:26 PM, a T-Mobile USA volunteer examined my delusions about being chipped in the brain.

5:59 PM, I posted the blog post you see for 26 March, "An update on K's Secret Society's latest actions on me" (to provide Homeland Security CO chief with more evidence of my delusions about my supposed women victims).

(21) 6:37 PM, **Shizuka** rejoined the discussion together with an Indonesian volunteer.
(22) 6:54 PM, a Vermont volunteer examined my delusion about being chipped in the brain.
(23) 7:52 PM, a Sheffield, UK, volunteer examined **my supposed obsession with Ekaterina's fa**ther.
(24) 8:24 PM, a New York volunteer examined **my violation of Dr B's intellectual property r**ights.

Around this time, I was describing my bizarre wrong scenarios about Dr P at Draw Anything LA Meetup – Homeland Security CO chief was of course monitoring me at the moment to collect his evidence. (Namely, my delusions about my supposed women victims' going after me.)

(25) 8:52 PM, a Loyola University Maryland volunteer also examined m**y violation of Dr B's intellectual property rights**.
(26) 9:05 PM, a volunteer from Burlington Public Library (Burlington, Ontario) examined my delusions about my supposed women victims' going after me (searching for "targeted individual" under SDW's instruction (?)).

In the meantime, much brainstorming about my supposed violation of intellectual property rights.

By midnight, I was rejected by the doorman at the bar on Vine.

(27) 2:26 AM, a Tennessee volunteer (a Linux user) examined my delusion about my supposed women victims' going after me (especially SDW – KV-II).
(28) 2:31 AM, he continued.

I was collecting damages by this time, first in West Hollywood, and then in Santa Monica – and Homeland Security CO chief had of course mobilized the community of volunteers and residents to monitor me.

(29) 3:03 AM, an Oklahoma volunteer also examined my delusions about my supposed women victims' going after me (especially SDW – TL-V). This could be in response to the gang's decision to submit the intercept of my crazy words about Dr P earlier to the new authority as new evidence in the morning – hence, so far since the reporting had ended, there had been 7 instances of this particular theme (including my latest blog post which Homeland Security had certainly instructed the Monkey to control me to post). And so, while yesterday the new authority dismissed the Homeland Security warning saying I didn't plagiarize, today he said I wasn't deluded about the supposed women victims in the way in which Homeland Security and the women gang had said I was. (Now, this as well as the 2:26 AM visit seems to suggest that SDW was still awake at this late hour.)
(30) 3:12 AM, the Russian diplomatic mission asked a volunteer to post my /soft-power/ series on their secret Facebook group for me in order to generate some temporary evidence in the ICJ.

It's noteworthy that, early this morning (26.03), one of the vxxxxxx was DCRR (someone to have some significance later on). As they had failed again earlier today to convince the new authority to accept the Homeland Security warning about me, the Secret Society women and the community probably planned to take her with them to the complaint process tomorrow.

26 March (Thursday; Stammtisch)

First, a note about myself. Slept. So tired and angry that one didn't even mxxxxxxxxx. Woke up past 1 PM. Slight sleep deprivation. Lay around. Was thinking of MST before beginning the day's routine.

Gave up, 3:40 PM. Went to the Korean restaurant. Home. Very tired, but had to immediately leave for Home Depot. On the Metro, squatted next to an AWF. She smiled to me in a victorious way. I said to her: "I hope I have performed to your expectation." Presumably, the Feminist Lawyers with the Secret Society [women] were going to say the police had me do this to frame the women of the Society. (*Just more wrong scenarios which Homeland Security CO chief wanted me to develop in order for me to look crazy. But this smiling AWF might really be a member of the community of residents and volunteers. Maybe Homeland Security CO chief had sent her in to, again, lure me to put up a show of drooling over pretty women.*) Bought Ns and spray. Almost 6 PM. Waited for bus 2. Didn't come. Required to walk down on Wilton. Lo, there was an op. An AWF was sitting in her car across the street from the Yoga place playing with her cellphone. Evidently, the Secret Society expected me to check on the Yoga place's window. Thus, knocked on the windows. Not clear whether, and how, the Secret Society would send agents to attack this place. (*They wouldn't. I was again deluded by my wrong understanding of their operations*.) Reached SM. Waited for bus 4 for a while. Finally, it came. Got off on Silverlake to wait for bus 92. The bus was almost 15 minutes late. Began suffering physical pain – maybe the Secret Society wouldn't allow me to go to Stammtisch after all. But, then, the bus did come. At Red Lion, about 7:30 PM. The Stammtisch was divided into two groups. I was at the first group, where there were three older German ladies who claimed to come from Pasadena. I then went to the second group, where there were Yolana and her husband, and Lucas (Yolana's friend) who just came in from Switzerland. Then, Kathy, and a few others. Soon "Nadine" showed up, who was a Quebecker. Spoke some French with her. She explained angrily (as if I had offended her) that Quebecker French was real, purer French whereas the French language in France was impure, with too many English words mixed in it. That is, she was intentionally speaking the "Opposite Reality", which meant, of course, that she was a member of the Secret Society. She also tried to lure out from one confessions that one did commit xxxxxx every night, but one didn't. She was going to make false reports about one to the "new authority". (*So – was Nadine really a member of the community of residents and volunteers whom Homeland Security CO chief and the Secret Society women had sent in? But of course she wasn't going to make false reports to some non-existent "new authority"*. (*The "new authority" they were currently reporting me to was NOT this "new authority" I had in mind at the time.)*)

As usual, under the Secret Society's surveillance 24/7. Most of these volunteer surveillance agents are still Asians. (*Maybe so. Homeland Security CO chief continued to equip the community of residents and volunteers with surveillance devices and send them in to run surveillance on me*.)

Left around 9:30 PM. One last German guy, "Florian", came out to greet me. He must also be a member of the Secret Society. (*Was he? Or perhaps Homeland Security CO chief had simply passed out his warning about me to all Stammtisch members telling them that this was a habitual vanxxx on his Department's watchlist. But somehow Kathy never saw it*.)[7] Walked down Glendale: preliminary collection. **13 N.** Many volunteers among them**. 4 B.** Then, on Sunset, took bus 4 to Metro. Then to

[7] The recording of the night: "TNThmdpotStammtish_3_26_15_348-852PM.MP3": 3:00, in the Korean restaurant. 39:30, out – siren. 43:40, somebody suspicious. 44:30, home. 49:50, physical pain. (From 3:32:00 onward). 3:35:00, at Stammtisch. 4:33:00, Lucas – from Switzerland. 4:38:50, my "confession": "Ich arbeite für Frauenrechte" (!). 5:09:30, with Nadine. 5:11:30, we switched to French. She studied laws at a university in Los Angeles. 5:16:30, off with Nadine. (*It's really unclear whether she really was someone the community had sent in*.) 5:29:30, just when I stepped out, I spoke to this "Florian".

PSDN. Had decided on PSDN since last night, because of one's extreme physical exhaustion. This must be why so many people were from PSDN at the meetup tonight. Kxxxxxxx would claim to her audience: I commit xxxxxx in PSDN tonight because people here at the meetup ignored me, or because I couldn't speak German. (*Complete bullshit. K was neither so involved nor was this the story told to everyone.*) Arrived before midnight. Stayed in Kinkos until 2:30 AM, checking the log and working on the reconstruction, and then compiling the latest operations from the Secret Society. The Society sent in another black man to provoke me. (Of course he was also here to collect evidences for the "new authority".) (*Wrong. But did Homeland Security really send in the black man? Or did the TMU and the other police send him in?*) Then off to collect. Loaded up the rocks. **5 W in total:** Weight-Loss; PSYCH (3rd), **1 B there. H and 1 B** at PLTS. Then hesitated a long time around KGL's office building. Suspected that Kxxxxxxx and Dr P had already instructed her to evacuate her office but leave her sign there. (Then they can show off to her how smart they are: "We are able to predict that he will xxxxxx your office tonight. Evacuate from there, but leave the sign there, so that, when he xxxxxxx it, he'll have no idea that he is hitting an imaginary target.") (*Could something like this really have happened?*) The car with all its lights on. An Indian guy walked out, and one chatted with him. He was certainly Kxxxxxxx's agent, to convince me that the car there was not to record me. (*Did Homeland Security and the community really send in this Indian guy?*) Went away, and then came back. Couldn't W. Then, 2 more **W** at PSDN-ED-FNDTN. Then, **H** at DLSLI (2nd). As usual, every time I was about to collect from a target, a car would appear to "pass me by" (to film me). (*Presumably I was correct here.*) Then H: **"Hxxx-Cxxxx"** at FTHL. **Total H: 4, 1 INTRCM.** Walked back to Colorado Blvd, and saw how the Secret Society had staged a police receiving a report from the security officer about the graffiti at the PLTS place: both to deceive me that they were not secretly tracking me and to deceive their audience that American police officers are so incompetent that, even as the crxxxxxx he is looking for walks past him – even as the police officer has accidentally caught him in his dashboard camcorder – he still has no idea, and it all depends on the ingenious women of the Secret Society to catch the crxxxxxx. (*This was of course not the case: Homeland Security CO chief merely wanted me to develop wrong scenarios in order for me to look crazy*.) Final speech at the bus station. On bus 181 by 4:17 AM. The Secret Society has mobilized approximately 10 people [tonight] to film me committing xxxxxx. 5:30 AM, near home. Major accident: an AT&T pickup truck had flipped over upon hitting a sedan. (*This was presumably not part of the current Homeland Security operation on me*.)

Now the Secret Society women's operation on my website for today. 4:10 AM, strange indexing in progress:

How my delusion about being mind-controlled had made me a danger to myself as well as to others.

Let’s summarize. Again – Homeland Security CO chief and the Russian diplomatic mission planned to go back to the new authority again today with, as new evidence, the intercept of my crazy talk about Dr P from last night, these new testimonies about my delusions about the Secret Society women’s going after me (including my new stupid blog post), the videos which the community of residents and volunteers had shot of my latest collection of damages, and, finally, the very important testimonies of a new vxxxxxx, DCRR. The essentials for today are:

(01) 5:46 AM, a Maine volunteer examined my delusion about my women victims’ going after me, especially SDW. (TL-V.)
(02) 6:11 AM, a New York City volunteer examined **my harassment of Dr B by posting her picture on my blog** without her consent.
(03) 6:43 AM, **Shizuka** rejoined the discussion together with a Romanian volunteer.

Now, much brainstorming in between as to how to properly report my supposed violation of intellectual property rights.

(04) 9:55 AM, a Texas volunteer examined **my supposed naked picture of A**NG.

By now the reporting to the new authority should have started already.

(05) 10:47 AM, another Texas volunteer reported on my delusion about my supposed women victims’ going after me, especially SDW. (TL-V.)
(06) 11:14 AM, a Michigan volunteer especially reported on my Yunqing document as proof of my violation of intellectual property rights.
(07) 11:35 AM, a Polish volunteer reported on **my supposed naked picture of ANG**.
(08) 11:54 AM – 12:02 PM, an Iowa City volunteer reported on my supposed theft of my “Origin of Chinese Civilization” from my family members. (Just the opposite of reality.)

(09) 12:38 PM, a Dalton, Georgia, volunteer reported on my delusion about my supposed women victims' going after me.
(10) 1:23 PM, a Red Deer, Alberta, volunteer reported on how my delusion about being mind-controlled had made me a danger to myself as well as to others.
(11) 1:35 PM, a Windsor, Ontario, volunteer reported on **my supposed naked picture of ANG**.

By this time, the reporting should have finished already, with of course the same result: the new authority had dismissed the Homeland Security warning once again. (The special testimonies of DCRR didn't achieve any effect.) The Secret Society women were thus back to brainstorming with their volunteers.

(12) 2:11 PM, a SUNY Buffalo volunteer brainstormed how to use "Higgs Field" to prove that I did violate intellectual property rights.
(13) 4:43 PM, a UK volunteer seemed also to be examining how my delusion about being mind-controlled had made me a danger to myself as well as to others.
(14) At the same time, a Bolivia volunteer examined **my violation of Dr B's intellectual prop**erty rights.
(12) 5:42 – 5:48 PM, the same SUNY Buffalo volunteer now brainstormed how to report me for plagiarism with my chapter on "Allegory of Cave".
(15) 5:55 PM, t**he Belton, Missouri, volunteer** from 9 November last year came to examine my delusion about my supposed women victims' going after me as I had expressed it on Prison Planet forum (especially SDW).
(16) 6:49 PM, a Northern California volunteer examined **my supposed naked picture of AN**G.

7 PM, I was at Stammtisch.

As for the volunteers, much brainstorming about my supposed plagiarism and computer-hacking.

9:25 PM, I left Stammtisch. Unlike yesterday, I didn't say too much crazy stuff. So presumably there was no evidence here for Homeland Security CO chief.

Meanwhile, more brainstorming among the volunteers about my supposed plagiarism, violation of intellectual property rights, and computer-hacking – for the rest of the night.

2 AM, I was posting, from Kinkos, my latest wrong scenario about the Secret Society women's operations on my blog. Homeland Security CO chief had definitely wanted me to post this so that his star witnesses can continue to have their evidence for tomorrow (of my delusion about their going after me).

(17) 2:07 AM, a Namibia volunteer examined my harassment of Kxxxxxxxx by posting her friend's message to me on my blog.

From 3 AM onward, I was collecting damages in PSDN while Homeland Security CO chief had again mobilized the community of volunteers and residents to conduct surveillance on me during the process. It's more evidence (especially that stupid HC-graffiti) that they shall bring to the new authority tomorrow to try once again to obtain his validation that Homeland Security and these star witnesses were right about me.

(18) 4:19 AM, a Virginia volunteer examined how my delusion about being mind-controlled had made me a danger to myself as well as to others. (I had by this time finished the collection and was at the bus stop.) This is the third time today: after watching the live feed of my collection of damages, this volunteer must have thought that this 2012/07/14 blog post should be sufficient to persuade the new authority to accept the Homeland Security warning about me tomorrow.
