

The Secret History of the International Court of Justice

KIERSTEN'S VENGEANCE

2

LEGEND

The terminology used in this reconstruction follows the convention established in later reconstructions. "Secret Society women" has replaced "Kiersten's Secret Society" or "Kiersten's gang", etc. The Secret Society women consisted (as of December 2013): Angelica, Karin, Kiersten, and Dr P (Petterson).

"Volunteers" is the terminology I have been using in reconstructions of the later phases. I have decided to use it here too. It refers to the people from around the world whom the Secret Society women were able to recruit to make false reports about my website by galvanizing them with "Chaya's warning", the Homeland Security warnings about me, and the horror story they had made up about me.

RESUME

The following reconstructs the operations of the Secret Society women and Homeland Security CO chief against me and my website from 21 November to 9 December, 2013. This is a rewrite, in June 2021, of the original "Kiersten's Vengeance, 2", first composed in late 2017 and early 2018. The original file name is "timeline60_9c.pdf" (last dated 17.05.2018), which can still be found in the same file folder.

First, a word about Homeland Security CO chief and his "star witnesses". We have seen that Homeland Security CO chief had obtained monopoly over the control center on 6 November. We have seen how he had obtained a new ICJ judgment permitting him to remotely control me to commit crimes as a way for me to "compensate" him. We have mentioned that this process of "compensation" would define my life for the next two years and more, until February 2016. And we have also mentioned that this ICJ judgment was as senseless as the original ICJ judgment requiring China to frame itself for 911 attacks. This is what I mean. As you shall see, from 30 November onward, I would become a Guinness World Records "window-breaker" per Homeland Security CO chief's orchestration, i.e. in order to compensate him. The strange thing about this ICJ judgment is therefore this: that I must break other people's windows in order to compensate Mr Homeland Security CO chief and the Secret Society women – because they wanted me to become a "terrorist" – one to win his dispute with the CIA and the others to become recognized by society as "victims" and expert psychoanalysts of a very dangerous "schizophrenic misogynist terrorist". Somehow other people were considered dispensable in this ICJ judgment. What would the victims of my vandalism think if they knew the truth? That I must

break their windows in order to help some guy inside Homeland Security win his dispute with the CIA? In order to enable a group of women to become validated as reliable witnesses about me when they made up bad stories about me to demonize me? And why didn't the ICJ factor into consideration the fact that, when I conducted my "terrorism" against Homeland Security CO chief and the Secret Society women, I was under the Monkey's remote control? (*In fact, Homeland Security CO chief had actually obtained a judgment requiring all parties who knew about my remote control to keep it a secret from the world so that the world would inescapably believe that I was really such a bad person.*) What's most striking about Homeland Security CO chief and the Secret Society women is certainly their lack of concern for third parties' wellbeing. "We need to make everybody believe that we are right about him, that he is indeed insane and dangerous, and so we shall make him vandalize people's properties and break their windows so that people will be convinced that we are right." While we have seen, through plenty of examples, that Homeland Security had always been like that, it's strange that the International Court of Justice would consider it "justice" to require the sacrifice of irrelevant third parties for the sake of the glorification of the supposed "victims". This is not necessarily a complaint on my part: what I have always loved about Homeland Security CO chief is the fact that, when tax-payers paid to support his team, he merely controlled somebody he didn't like to break their windows and so on.¹

Now, a word about the Secret Society women's operation for this period. As we have seen, while the Secret Society women were convinced, back in October, that I would soon be arrested, my website removed, and they validated as my victims, they were surprised to find that, by November, the TMU suddenly ignored them and that nothing seemed to be happening. They spent the first three weeks of November brainstorming with their volunteers about how to persuade the TMU to heed their complaints again. They had been passing the Homeland Security warnings about me and "Chaya's warning" from person to person to galvanize everybody and recruit more people to their enterprise – "Look, there is this very dangerous insane stalker on Homeland Security's watchlist and the police refuse to do something about him" – and, by the middle of November, more than a thousand people from around the world had now joined their enterprise against me.

By the fourth week of November, the Secret Society women were truly desperate: while Homeland Security CO chief was terrified that, if his star witnesses weren't proven right, the CIA might reopen the previous ICJ trial, these women themselves simply wanted to keep their special status as "victims of misogynist terrorism" and supreme psychoanalysts of a "misogynist terrorist stalker". While continuing to mobilize volunteers from around the world to brainstorm how to persuade the TMU, they began trying other avenues. On 21 November, there appeared first the Los

¹ The assumption I make here is of course that people don't like to be deceived and manipulated. This is of course not quite true. Many of the victims of my vandalism, after finding out that I was remotely controlled by Homeland Security and the Secret Society women to break their windows, continue to hate me and worship the Homeland Security thugs and Kiersten's gang members as their "saviors".

Angeles volunteer to report on my delusional letters and so on to foreign governments, and then the Anaheim and the Newport Beach volunteer. Then, at night, they asked, via my cousin Evelyn, my cousin Nelson to examine my website. Nelson however had no idea what reasons to use to ban this website. On 22 November, nothing special. It should merely be noted that two volunteers came to look at my self-portrait and that the Secret Society women asked Nelson again to look at an image. By now, Homeland Security CO chief had suggested to the Secret Society women that they recruit Dr R to their cause. On 23 November, per Homeland Security CO chief's orchestration, Dr R was alerted about my 6 November blog post and was connected with the Secret Society women. (Even Angelica's family lawyer showed up to examine Dr R's situation.) The Secret Society women thus persuaded Dr R to try filing a stalking claim against me with the TMU. On 24 November, two volunteers stood out: the Moedling volunteer who came to examine my "delusions" about Khalezov and the Switzerland volunteer who came to examine my blog posts about the Secret Society women. Nelson was also summoned to brainstorm one last time. On 25 November, Dr R brought up the matter to her supervisor at Edelman, and their superior at county mental health was persuaded by Dr P to permit Dr R to go to the TMU. (Chaya might have been involved in today's discussion and Prof. Ménard from UQAM might also have been contacted.) On 26 November, Dr R went to the TMU, but the TMU rejected her request. Amazingly, that night, the North Korean government promised to help and found somebody all the way in North Korea to make a complaint about my blog. On 27 November, Dr R, after talking with her supervisor, called me up, and I argued with her over the phone. Then, that night, the Monkey remotely controlled me to make anti-American statements to Wes as more evidence in his favor. On 28 November, Homeland Security CO chief and the Secret Society women, desperate after Dr R's failure, asked Evelyn to talk to my cousin Cindy about the possibility of filing a confidential stalking claim against me. Uncle Chad however declined. Then, on 29 November, Karin personally talked to Uncle Chad, and also my brother, and Uncle Chad now agreed to file a stalking claim against me with the TMU. Uncle Chad, however, might have simply been instructed by the TMU to inform on the Secret Society women behind their back. That night, the Hong Kong volunteer stood out who reported on my grave insanity and danger to people. On 30 November, the Secret Society women, deluded that Uncle Chad's new stalking claim could lead to somewhere, also got Khalezov and Jennifer Day to join their new complaint process. (Hence Robert Coleman's email again.) Angelica also instructed a volunteer to forge evidence of my plagiarism.

By 1 December, the Secret Society women were already getting the premonition that Uncle Chad's stalking claim would not get anywhere. It seems that they had persuaded Robin to add herself to the list of my victims in order to strengthen their new case. And, because the TMU expressed skepticism again about my plagiarism, they also asked their volunteers to forge more evidences of my plagiarism. On 2 December, the Secret Society women continued to mobilize their volunteers to brainstorm and make false reports – having today concocted a better story about my painting of Queen Himiko. On 3 December, desperate, they asked two of their

volunteers to forge evidences of my plagiarism again. On 4 December, they again asked their volunteer to forge evidences of my plagiarism. By 5 December, the Secret Society women were fully aware that the TMU was not going to take action against my website. Desperate, Angelica and so on held multiple discussions about the “problem” with Jennifer Day, Dr R, Aamoy, and several other volunteers. On 6 December, the Secret Society women continued to brainstorm with their volunteers. Past midnight, they brainstormed with Dr R and her Hawaiian friend again. On 7 December, the Secret Society women, increasingly desperate, discussed with Dr R again about how the latter could file a stalking claim against me. Homeland Security CO chief ordered Laura to help Dr R. The Secret Society women then talked to Uncle Chad and somebody related to Uncle Chad. On 8 December, as the Secret Society women continued to brainstorm, they forged more evidences of my plagiarism. The Kirovsk volunteer also came again. On 9 December, the Secret Society women again discussed the situation with Dr R and her clique. Then Angelica instructed her volunteer to forge evidence of my plagiarism again.

21 November (severe mind-control torture resumed)

Today I would realize this:

This is how the French had derived the rule allowing for the borrowing of evidence from the future (back in January 2010): if the court rule allows evidences to be taken backward in time to replace earlier evidences, then the current court judgment is in doubt, since the ICJ rule allows for the introduction of new evidences to oblige judges to reconsider a past judgment: it is always possible that evidence for my conspiracy with Russia against France may be found in the future and used to replace the current evidence for my conspiracy with France against Russia. The court thus must allow the case to continue, and refrain from its current judgment convicting France, even though it has already declared France to have conspired with me.

Hence the Macrosphere: the only way to close the case is to make it logically impossible for counter-evidence (my conspiracy with Russia against France) to be ever found.

Presumably the Invisible Hand had secretly entered my realization into evidence in the previous ICJ trial (or in the second, secret trial) while it was simply evidence of my insanity for Homeland Security CO chief. 3 PM. The activation email from Sound Cloud never came. Now allowed? I got paranoid again. Sky Drive then malfunctioned. Not allowed to back up the latest “Suppl-Pld-4-218B” in the Cloud. Extreme anger. Required to collect damages. I was then going to Portfolio. Not allowed to wish Wes happy birthday.

4:30 PM. Another (semi-) erroneous scenario came to me, that the ICJ case, although dismissed, was never closed. The Russians had prevented the French from closing it by declaring France's every act of closure a “conspiracy” against them. This was incorrect in that nothing like this had

ever happened – but correct in that the ICJ case was indeed never really closed. But Mr Homeland Security CO chief loved it whenever I speculated incorrectly: it made me look insane.

6 PM. Dr R called me back. I was remotely controlled to press the wrong button on my phone. Not allowed to talk to Dr R. Extreme anger. Energized to collect damages. Then, Microsoft Word malfunctioned repeatedly; the dialogue box would mysteriously pop up when I attempted to save my document.

And so I collected damages tonight. RDNDO: 9 N. 1 Tire. 2 stores. 6 B. Walls. DWNTWN: 1 B. The paint jar thrown downstairs.

Note that, from today onward, Cindy (HLSY) would be on an Ensenada Cruise with her aunt Carol and Kay.

And everyone had of course also already heard about how I had once filed a lawsuit against the director of Russian intelligence in a US District Court. 1:25 PM, he came to my web gallery:

This could very well be a continuation of the 3:21 AM visit from Chiba. The Secret Society women were still thinking about contacting Ms Kudo. 3:20 PM, or 5 minutes later, the volunteer looked up another image:

This volunteer had just heard about the "stalker's" amazing insanity: "And yet the police refuse to ban his website!" Did he come simply to take a look? To brainstorm? To make a false complaint?

....

Presumably a false complaint about finding pornographic materials on my website. (The image certainly had nothing to do with human beings' private parts.)

Now, on 7:56 PM, Kiersten posted her first Twitter message since October 21.

Then, for two and a half hour, the Secret Society women didn't send anybody to my website. Frustrated with the TMU's refusal to listen to their complaints, they got hold of my cousin Nelson in San Diego – evidently through the intermediary of my cousin Evelyn. They explained to him the “problem” (“The police refuse to ban your cousin's crazy website!”), and, from 11:07 PM onward, Nelson began examining the situation (ip68-111-239-25.sd.sd.cox.net). He came to my website from SDW's blog:

```
68.111.239.15 - - [22/Nov/2013:00:07:09 -0700] "GET / HTTP/1.1" 200 6868  
"http://stoporgangstalking.wordpress.com/about/" "Mozilla/5.0 (Windows NT 6.1; WOW64;  
Trident/7.0; rv:11.0) like Gecko"
```

Presumably, while Angelica, Evelyn, Karin, and Kiersten were talking to Nelson, SDW was also in the discussion. This is before she got all paranoid about me; she was probably not very concerned about my website at this moment.² The Secret Society women then continued to stay on the line with Nelson and were directing him while he was on my website. “He put all these links to his websites and blogs on SDW's blog! And yet the police don't care!” 23 seconds later, Evelyn directed him to “Historical Photographs”:

```

"- " "Mozilla/5.0 (Windows NT 6.1; Win64; x64; Trident/7.0; rv:11.0) like Gecko"
```

“You see, he put grandpa's pictures on his website, and the police refuse to do anything about it!” While Nelson was examining the serious situation, the Secret Society women continued to direct other volunteers to my website. 11:17 PM, social.res.rr.com, Riverside, California,

² It's not clear where Nelson was in San Diego at this moment. In 2015, he would move to 5444 Valerio Trail, San Diego, which was only 2 miles away from SDW.

The volunteer was called upon to examine the "problem": "The police have ignored our complaints about his plagiarism." 11:17 PM, after spending 10 minutes on my family pictures, Nelson came back to the front page:

```

```

11:31 PM, another volunteer was asked to brainstorm about the same chapter: Azusa Pacific University, Azusa, California,

```
199.184.238.212 - - [22/Nov/2013:00:31:38 -0700] "GET

7 seconds later, he came to Academy:

```

Meanwhile, Nelson had come back to SDW's blog to look at the messages I had posted there. Then, 11:37 PM, he came to my website from there again:

```

He must have been clicking on the links which I had posted to other websites. Then, 11:40 PM, he came back to the front page:

11:45 PM, he clicked on my IR paper:

After spending two hours looking over my website, however, it's doubtful that Nelson would agree with the Secret Society women's perception of the extraordinary evil which my website had supposedly represented. "Where's the violent content?" he might have asked. (Of course he had no idea what was *really* at stake here: to protect the Russian intelligence service from the CIA.) Finally, he gave up: "I don't know what reason you can find to ban this website!"

After another hour of unfruitful discussion with Nelson, the Secret Society women resumed mobilizing their other volunteers. 2:30 AM, Celtel Nigeria,

22 November (Friday, torture through severe anger)

Today, Mr Homeland Security CO chief and the Monkey would continue to provoke me to commit crimes. I woke up around noon after a good night sleep. The first time since 5 October. I developed the erroneous conception that this was because the Pyramid had been "de-activated" as my "substitute". I would also develop the wrong scenario that, thanks to the Republicans' meddling, all the Secret Society women were released from jail today, along with Evelyn, Valentine, and Homeland Security CO chief himself. This wrong scenario would stay with me until the autumn of 2016. I would be deluded for almost three years!

12 PM, the first provocation: when I was preparing the first outline of this very diary, on Word Pad in order to avoid the malfunctioning of Microsoft Word or Open Office, I was not allowed to do it: the Monkey from the control center disabled the "save" function. Modifications could not be saved. I was provoked to extreme anger; ran into the street and kicked at a randomly chosen vehicle which came past. It was a Hispanic couple inside. Nothing happened. They ignored me and drove off. I wrongly assumed that the Republicans had thereby obtained another piece of evidence confirming my conformity to Kiersten's lies about me. In reality, it was simply Homeland Security CO chief who was upset that the Secret Society women, his star witnesses, couldn't get anywhere with their stalking case. Then, night, in WSTWD. At CVS Pharmacy. My debit card malfunctioned; but, when the cashier himself swiped it, it worked.

I would in the coming month develop more wrong scenarios about what happened today behind the scene:

Now, what happened in Mexico is indicated by the fact that the Mexican president was again showing no activities today: no post on his blog for November 22. The Panistas were having a discussion with him about how to change the evidentiary record of the entire nuclear terrorism case. Remind yourself of the agenda: The Panistas wanted to keep his nuclear terrorism conviction so that they could maintain command over their PRI president; while the previous ICJ trial, with the attendant

sustainable civilization program, can be dismantled forever. For this, the conviction of Angelica's father, the "Monkey", would stay, along with the conviction of the Mexican president. The conviction of the rest of the people, like the Pyramid and her gang, would have to be dissolved. The Republicans and the Panistas therefore set themselves the task of changing the evidentiary record of the Syrian nuclear terrorism scandal in order to eliminate from it the roles of Angelica and her gang in framing me for attempting to frame them for nuclear terrorism with Russia. (And my role as well.) For this purpose, the Panistas were going to command the PRI president to commit another nuclear terrorism crime together with the Monkey – this, on the legal ground that the activation of the previous ICJ trial, attendant upon the Syrian nuclear terrorism scandal, was a further terrorist attack on Mexico as well, so that, under UN Resolution 1373, the Panistas, the "victims" of this terrorist attack, could reverse it by changing the crime against them so that nothing else "harmful" (like "saving the world") would be attendant upon compensation for the crime. Such blatant abuse of UN Resolution 1373 – the CIA has submitted all to the Macrospherian secret ICJ as evidence against the Republicans and Panistas.

All bullshit! But, as usual, the Invisible Hand would make sure that something like this would happen in the future – way in the future – as if I were some sort of (confused and confusing) prophet.

Now let's examine the Secret Society women's operation. 4:33 AM, 68.67.86.82, pools.spcsdns.net, Harrison, New Jersey,

What is this about? Did this volunteer make a false report?

It seems that Nelson was working at home this afternoon. 3:13 PM, Angelica sent him a link to an image on my website:

68.111.239.15 - - [22/Nov/2013:16:13:44 -0700] "GET /2012/120912-22.png HTTP/1.1" 200 136285 "-" "Mozilla/5.0 (Windows NT 6.1; WOW64; Trident/7.0; rv:11.0) like Gecko"

Nelson already stated last night that he couldn't find anything to complain about on my website. Today, however, Angelica wanted him to brainstorm about this image, and perhaps to make a false report about it to the TMU.

Brainstorming? Examining the problem after hearing about the “insane stalker”? “He wrote on his blog that there is a chip inside he brain, and yet the police refuse to care!”

23 November (Saturday; torture through severe anger)

Mr Homeland Security CO chief, seeing that the Secret Society women couldn't get anywhere with the TMU, decided on a new tactic today. He planned to enable the Secret Society women to recruit Dr R (Roach) and use her to file a stalking claim against me with the TMU so as to ban my website and confirm their false profile of me in this indirect fashion. He would get Dr R's colleague to discover my blog post for 6 November – the blog post which he himself had required me to post! Meanwhile, I would eventually develop this wrong scenario about his plan:

The Republicans would begin to alienate Dr R from me in order to (1) erase some evidence about Angelica's gang's reporting about my website; and (2) make me conform to the false profile that I'm autistic, have no friends, and want to harm the people who have helped me (the Monkey's and Mr Chertoff's).

The news would report today also that, in the international domain, China decided to establish an “Eastern Air Defense Zone”. I would erroneously assume that this had something to do with my Syrian scandal in the ICJ.

Because Mr Homeland Security CO chief severely tortured me today, I would collect damages tonight. Brentwood: 4 N. 1 license plate, wheel, 1 side-window, 2 doors, 1 garage door, 1 wall, 4 B, 1 paint bottle.

I would be very upset over my inability to talk to Wes today.

Now let's consider the Secret Society women's operation today. 5:28 AM, dyn.iinet.net.au, Launceston, Tasmania,

6:35 AM, I posted a message on SDW's blog:

I had yet to awaken to the harsh reality that SDW had already whole-heartedly believed in the Homeland Security warnings about me and would never take anything I said seriously. This volunteer was also simply sent the link. False report? Brainstorming?

From 3 PM to 5:20 PM, the Secret Society women, notably Angelica, and perhaps even Dr P, were discussing the "emergency situation" with Dr R's Hawaiian friend and Los Angeles "colleague". 5:25 PM, Dr R's Los Angeles "colleague" came back. This time she was using her Android phone:

5:29 PM, static-71-160-126-165.lsanca.dsl-w.frontiernet.net, San Bernardino, California. This is probably Dr R herself: she had by this time returned to her home in west Los Angeles and was joining the discussion between her two friends and the Secret Society women.

Kiersten's Vengeance, 2
Lawrence C. Chin,

This volunteer in Italy, although doing work for the Secret Society women, was doing something independent of Dr R's current discussion with them. 5:33 PM, Dr R continued:

```
71.160.126.165 - - [23/Nov/2013:18:33:25 -0700] "GET  
/2012/IMPdrroachpettersontpostcard_9_26_13_314-704PM.MP3 HTTP/1.1" 206 5890397  
"http://www.lawrencechin2011.com/2012/IMPdrroachpettersontpostcard_9_26_13_314-

like Gecko) Version/7.0 Safari/537.71"
```

The Modena volunteer then searched for another one of the hacker images:

```
79.51.209.152 - - [23/Nov/2013:18:33:42 -0700] "GET  
/blogs/wp-content/uploads/2013/09/91313-58.png HTTP/1.1" 200 224851 "http://www.google.it/

lanet+deep+web&oq=pedo+planet+deep+web&gs_l=mobile-gws-  
serp.3...35079.41610.0.42031.10.10.0.0.0.160.1021.5j5.10.0....0...1c.1.32.mobile-gws-  
serp..10.0.0.XwvGvnWlkJY" "Mozilla/5.0 (Linux; U; Android 2.3.5; it-it; GT-I9100  
Build/GINGERBREAD) AppleWebKit/533.1 (KHTML, like Gecko) Version/4.0 Mobile  
Safari/533.1"
```

Thus, while Dr was discussing the situation about the recording with Angelica and Dr P, Karin was talking to this Modena volunteer about how to falsely report me for computer-hacking. 5:34 PM, Dr R was still listening to the recording:

```
71.160.126.165 - - [23/Nov/2013:18:34:26 -0700] "GET  
/2012/IMPdrroachpettersontpostcard_9_26_13_314-704PM.MP3 HTTP/1.1" 206 35028410  
"http://www.lawrencechin2011.com/2012/IMPdrroachpettersontpostcard_9_26_13_314-

like Gecko) Version/7.0 Safari/537.71"
```

Then, 5:36 PM, Dr R's Los Angeles "colleague" did a Google search for my blog:

```
68.170.64.149 - - [23/Nov/2013:18:36:01 -0700] "GET /blogs/ HTTP/1.1" 200 22571

```

30 seconds later, Dr R's Los Angeles "colleague" clicked on the recording again from the front page of my blog:

5:53 PM, another volunteer working for the Secret Society women had joined in – he was obviously working in concert with the Modena volunteer: Yonsei University, Anung, South Korea,

6:01 PM, broadband.hu, Budapest; is this correct?

Another volunteer was called upon to brainstorm.

6:07 PM, amazingly, Angelica's lawyer showed up too:

Angelica, eager to get Dr R to file a stalking claim against me, was connecting her to her family lawyer so that she could obtain professional opinion as to whether this recording could be reason enough to compel law enforcement to ban my website. Dr R was thus now talking to Angelica's lawyer.

This is the third person in Dr R's clique (together with her Los Angeles "colleague" and her Hawaiian friend). Perhaps it's her sister. Let's assume it was her sister for now. 16 seconds later, 6:44 PM, Dr R's sister came to the blog post series for this month:

```
172.248.215.3 - - [23/Nov/2013:19:44:08 -0700] "GET /blogs/2013/11/ HTTP/1.1" 200 71348  
"http://www.lawrencechin2011.com/blogs/tag/dr-janine-roach/" "Mozilla/5.0 (Macintosh; Intel  
Mac OS X 10_6_8) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/31.0.1650.57  
Safari/537.36"
```

7:06 PM, TOR exit node:

```
77.109.139.87 - - [23/Nov/2013:20:06:56 -0700] "GET /blogs/2013/10/29/the-truth-behind-the-  
edward-snowden-nsa-leak-scandal/ HTTP/1.1" 200 9510 "-" "Mozilla/5.0 (Android; Mobile;  
rv:25.0) Gecko/25.0 Firefox/25.0"
```

While Dr R's clique and Angelica's family lawyer were discussing the situation, Angelica sent the link to my blog post to another volunteer, perhaps somebody from the Linux User Group, who was versed with computers and so was using TOR. "He said all this crazy stuff about Snowden. It's slander. Perhaps this can also be reason to force law enforcement to ban his website." By this time, the Secret Society women, especially Angelica, would have been talking to Dr R for an hour and a half already. The paucity of visits after 7 PM indicates that the discussion would continue further into the night, probably until 9 PM.

False report? Brainstorming?

24 November (Sunday)

Today, I was able to connect up with Wes on 6 AM in the morning. (See the blog post for 27 November, 2013.) I told him my (completely erroneous) impression that American officials, like Eric Holder, were going to cover up the whole nuclear terrorism matter by releasing everyone arrested from prison. I was developing "delusions" about Holder to delight our Homeland Security CO chief – he had again made me conform to the Secret Society women's false profile of me as suffering from schizophrenia. (Although, unbeknownst to him, I might be prophesying about the future here.) To make myself look delusional even further, I then talked about how the Macrospherians could simulate my writings to use as evidences (47:00). (The Invisible Hand might indeed do this.) Although I didn't intend to harm the US, Homeland Security CO chief then programmed me (via the Monkey) to express harmful intention toward the US (56:00). Remember that he had begun training me to become a "terrorist" intending to harm the US as part of my compensation to him for my "terrorist attack" against him.

SDW would post a fourth message about animals on her Facebook page today. It's noteworthy because of the "delusion" I would develop about her actions later on.

8:14 AM, the Moedling volunteer, after 28 minutes, clicked on the link from my blog post:

Perhaps Khalezov was connected up with the Secret Society women again. This Moedling volunteer might be one of Khalezov's followers now working with the Secret Society women. Both sides were brainstorming how to get the "slander" of Khalezov banned from the Internet. Or how to complain on Khalezov's behalf in preparation for Dr R's upcoming stalking claim against me.

8:39 PM, it seems that the 6:15 PM Hong Kong volunteer has linked the translation from the Secret Facebook Group:

25 November (Monday; torture/ severe anger)

As Dr was going back to work today and would tell her supervisor and so on at Edelman about the 6 November blog post, Mr Homeland Security CO chief would control me to feel tremendous rage toward her. He hoped that, in this way, I would do something to Dr R and get myself into trouble with the police. This, in order to help Dr R advance her case against me with the TMU.

Thus, severe torture and severe rage today. I collected damages in Marina: 5 N. 1 tire, many walls; then in SM: 2 store fronts, 1 license plate, 1 B, stone, several walls; then in Sunset/Western, 1 B (school).

(From 26/9 to 25/11: 264 N.)

This volunteer had simply clicked on the links to the images which the Secret Society women had sent to him. Brainstorming? Composing a false report in preparation for Dr R's upcoming stalking claim? (Plagiarism.)

By 7:50 AM, Dr R was already at work and was telling her supervisor and others about the blog post. Thus, from 7:52 AM onward, several people from Edelman were visiting my blog and blog post on Dr R: temp2.co.la.ca.us, Los Angeles County Internal Services Division. This was probably related to Dr R. Either Dr R was using her iPhone to check on my blog or she was telling another associate of hers about the matter. The result of the discussion between Dr R's supervisor and Angelica and so on was probably positive. This might be especially because Dr P was also on the line expressing her "professional judgment": "This patient is very dangerous and Dr R must file a confidential stalking claim against him with the TMU in order to ban his website." Dr R's supervisor was somewhat persuaded. It was however kind of obvious that the Secret Society women's real objective was only to remove my website – and this, so that Homeland Security CO chief could have evidence in the ICJ to help lock up the previous ICJ

trial. Think about it: it's hard to see how placing a recording of my conversation with Dr R on my blog could have anything to do with "stalking" or pose any real danger to her. But Dr P was persuasive because she had sent copies of Homeland Security's warning about me and then "Chaya's warning" to Dr R and her supervisor. While Dr R, as noted, had already seen "Chaya's warning" a long time ago and sort of dismissed it, the Homeland Security warning about me was so demonic and scary that it had become the lense through which any insignificant thing, such as placing a recording of a conversation on a blog, could seem like a life-threatening matter. Nevertheless, while Dr R was eager to remove the recording, she was not too sure about filing a stalking claim. But Homeland Security CO chief might have then got on the line to encourage her too.

Another volunteer.

It's very likely that Angelica and Dr P were also on the line with the county mental health officer and that the three volunteers from 1:48 to 2:15 PM were simply called upon by them to testify to him: "He's completely insane; he believes there is a chip inside his brain. He's very dangerous! Dr R must go open a stalking claim against him at the TMU!" The county mental health officer was of course also examining the Homeland Security's warning along with "Chaya's warning" while weighing Angelica's and Dr P's suggestion. 2:28 PM, he came to the blog again:

It's not clear whether this was related to the Secret Society women's current operation.

2:37 PM, a second person from county mental health was looking at the blog post about Dr R on his cellphone:

```

2:39 PM, is this the second or a third county mental health person?

2:41 PM, the supposedly third county mental health person listened to the recording as well:

2:55 PM, a third associate of Dr R's received the link to the recording: telepacific.net, Beverly Hills, California,

```

Was this a volunteer? The twelfth visit.

2:56 PM, Dr R's third associate (or Chaya) listened to the recording:

100.43.196.126 - - [25/Nov/2013:15:56:22 -0700] "GET /2012/IMPdrroachpettersontpostcard_9_26_13_314-704PM.MP3 HTTP/1.1" 200 22280376 "http://www.lawrencechin2011.com/2012/" "Mozilla/5.0 (Windows NT 6.3; WOW64; rv:25.0) Gecko/20100101 Firefox/25.0"

2:58 PM, she continued:

100.43.196.126 - - [25/Nov/2013:15:58:19 -0700] "GET /2012/IMPdrroachpettersontpostcard_9_26_13_314-704PM.MP3 HTTP/1.1" 206 658840 "http://www.lawrencechin2011.com/2012/IMPdrroachpettersontpostcard_9_26_13_314-704PM.MP3" "Mozilla/5.0 (Windows NT 6.3; WOW64; rv:25.0) Gecko/20100101 Firefox/25.0"

The discussion – among Dr R, her friends, her supervisor, the county mental health officials, Angelica, Dr P, and their volunteers – thus lasted from 1 to 3:15 PM or so. Given what happened later, it would appear that the county mental health superiors had decided that Dr R should indeed file a stalking claim against me at the TMU. Without knowing me, they had been persuaded by the Homeland Security warning as well as “Chaya's warning”.

Could this be professor Ménard himself? It seems that, while trying to persuade Dr R, the Secret Society women were also trying to find other people to complain about my website and file stalking claims together with Dr R. They saw that I had written a review about professor Ménard's book, and therefore contacted him. Professor Ménard, however, had known about this book review since a long time ago. What he didn't know about was this Homeland Security as well as Chaya's warning which Angelica and Dr P would have shared with him.

False report? Brainstorming?

26 November (Tuesday)

First, my business. Around 7 PM, when I was in downtown Los Angeles, I was able to speak to Wes on the phone. Highlights: (1) The torture in the past couple of days. Now it's the "cover-up phase". (*Was I prophesying about the future?*) The US government wanted to drive me paranoid, in order to discredit me. Who is the audience? (2) How to enter my writings into evidence in the ICJ: the Russians could use a Russian intelligence officer to pretend to be me. To cut me off from the process. (3) How the Mexicans and the Americans had deemed me undeserving to know national security secrets. People were addicted to victimizing me. To torture me to make me conform to the bad profile and then to distribute it throughout the world. It's Eric Holder who had decided to cut me off from the writing process. (4) The reason why my life was so miserable was that it's human nature to want to victimize me. The difference between me and Einstein. Because of the way I looked. I wrongly assumed that it's Eric Holder and other US officials rather than Homeland Security CO chief who were inside the control center. (5) "Angelica, even when she's arrested, is luckier than I: she's allowed to know she's arrested and I'm not arrested. I'll never be arrested because I'm not allowed to know I'm arrested when it should be time for my arrest. Eric Holder will release everybody arrested in order to enforce the order of things in which I'm a subhuman and not allowed to know anything. That's how important it is to America that I remain a subhuman..."

It's all wrong scenarios. The reality was much simpler: Homeland Security CO chief got control of the control center and was trying to make me conform to the Secret Society women's false profile of me (in order to prevent the CIA from reactivating the previous ICJ trial). Nobody else from the US government had anything to do with it. Again, Homeland Security CO chief was quite happy that I continued to speculate wrongly: it made me look crazy. (He certainly didn't expect that, sometimes, I was really prophesying about the future.)

I collected damages tonight: Mariposa, 5 N. Redondo, 2 N. Two stores, 1 back window, 1 license plate, 3 B. 1 B at Cassey's.

Another false report to the TMU to go along with Dr R's complaint? (Plagiarism.)

3:16 PM, the Kirovsk volunteer from 11:46 AM came back:

178.65.208.111 - - [26/Nov/2013:16:16:41 -0700] "GET /blogs/2012/04/20/the-difficult-search-for-a-microchip-inside-my-head-part-i/ HTTP/1.1" 200 6333 "http://www.youtube.com/watch?v=DH-MjFutmqM" "Mozilla/5.0 (Windows NT 6.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/30.0.1599.101 Safari/537.36 OPR/17.0.1241.53"

Is it the case that Dr R was meeting with the TMU detectives at this very moment and that Angelica therefore directed the Kirovsk volunteer to call in to testify about how insane I was and therefore how dangerous I was?

Meanwhile I was implementing my plan of making a complaint to the Department of Consumer Affairs about Dr R. When Mr Homeland Security CO chief programmed me to hate Dr R, he was hoping that I would go harass her or stalk her thus enabling her to open a stalking claim against me with the TMU with more legitimacy. Instead, I decided to complain to the DCA saying Dr R had misdiagnosed me by refusing to admit that I suffered from schizophrenia. Out of anger I even suggested that the DCA contact Dr P who did diagnose me as suffering from schizophrenia. Mr Homeland Security CO chief had again overestimated my danger and bad character. This complaint of course would contribute nothing to Dr R's stalking claim, although it *could* be favorable evidence for Homeland Security CO chief in his dispute with the CIA.

Lawrence C. Chin,
Feb. 2018, rewritten, Jul. 2021

It seems that this is indeed Dr R. She was checking on her office computer to see if I had posted anything new about her. It seems that she had returned from her trip to the TMU and that the TMU had refused to grant her the request to open a stalking claim against me. A single blog post was not enough reason. Other than this, because the TMU was now allied with the CIA, they would do everything they could to prevent the Secret Society women from succeeding. Now that the TMU would not remove my website, Dr R was therefore looking for more reasons to make another request.

Now that Dr R had failed, Angelica and her gang, disappointed, were back to mobilizing all their volunteers to brainstorm how to complain about my website. 6:52 PM, oc.oc.cox.net, Oceanside, California,

This volunteer came from the strangest place in the world! How did the Secret Society women find somebody in North Korea? This is what I propose: Because Dr R had failed her attempt today, the TMU's refusal would in fact become evidence in the ICJ that Homeland Security's profile of me was incorrect resulting in the possibility that the CIA might have cause to reopen the previous ICJ trial. Panicking, Homeland Security CO chief thus instructed the Secret Society women to contact the office of the North Korean ambassador to the UN for whom they had served as "expert witnesses" back in June, and the latter, promising to help thanks to the Russians' recommendation, then got somebody (a law enforcement official?) back in North Korea to make a report about my violation of intellectual property rights. In this way, evidence might immediately enter into the ICJ demonstrating that Homeland Security's profile of me *was* correct.

Dr R was evidently discussing the situation with her supervisor (that the TMU had refused to grant her stalking claim). 10:53 AM, after discussing and looking at my blog for 14 minutes, Dr R and her supervisor checked the blog post about her:

It could be that Dr R and her supervisor, after much discussion, found the director of the clinic to consider the matter, that the Secret Society women then got on the line with them, and that Karin had asked this Oberkochen volunteer to explain the "problem" to the Edelman director. The fifteenth visit since 21 November.

Around this time, while I was in Tom N Toms, Dr R called me. She mentioned that her supervisor would not let me see her anymore. This must be one of the conclusions which he had reached after hearing Angelica and Dr P repeatedly warning him how dangerous I was while holding Homeland Security's and Chaya's warnings in his hand. "He will become obsessed with Dr R, and then stalk her." It's not clear whether Dr R actually believed any of this, given that she had known about, at the very least, "Chaya's warning" since late 2011 and that she had nevertheless worked with me for three years without any problem. But, in any case, she couldn't defy her supervisor's decision. I told Dr R that this was fine with me, and that I had filed a complaint about her yesterday with the DCA. I also informed her that I had already deleted the 26 September recording from my blog. When Dr R played dumb, I was provoked to extreme anger. Another bad day had started.

This volunteer had just heard the horror story about the "stalker" – "He had this crazy website!" – and came to take a look.

Now let's review my bad day after I had hanged up with Dr R. While angry, I went to the Internet cafe on Wilshire and Normandie, and, voilà, it was closed. I was further provoked. I was not allowed to print out the release of information form today. (I needed it for my complaint at DCA.) 4:15 PM, I threw a cigarette butt onto a pretty white female's windshield. She wondered why I did it. Mr Homeland Security CO chief must be terribly angry over the fact that Dr R was not able to open a stalking claim against me with the TMU; all he could do was to instruct the Monkey to provoke me to commit more crimes. I decided to collect damages in Long Beach tonight.

6:33 PM, when I was already in Long Beach, I was connected up with Wes on the phone. Here are the highlights of my conversation: (1) My new assignment from the control center: to look like a paranoid schizophrenic unjustly victimizing Americans so that they can look like innocent victims. (I was inferring this from my anger outburst with the white female this afternoon.) But I wondered: who is my audience? Wes: "You will drive yourself crazy if you try to figure that out..." (Wes of course knew the truth: it was just Homeland Security and the Monkey trying to get me to conform to their false profile of me so that the CIA could be prevented from reactivating the previous ICJ trial.) (2) I was addicted to making people miserable. But only white Americans. (3) "Even when you are aware that you are being controlled, you will still do it, because it seems to be the right thing to do." (4) I had caused less monetary damages than I had assumed. (5) I asked Wes to help me invent new ideas about how to harm people. Wes: "The best way to harm people is to ruin them with credit card debt." I continued: if Wes helped me harm Americans this would boost Americans' reputation abroad. We then discussed "safe" ways to harm people. (6) The control center required me to sue Dr R so that evidence could be

collected that I was so paranoid that I harmed people who were nice to me. (7) Wes cleaned houses with Alexandra today. (8) I was envious of the Monkey: he did Boston Bombings, etc. He caused so much damages to society. "Americans will agree with me: there are not enough crimes in society." The best compensation which the UN could give me was letting me harm Americans with impunity. I wanted to found a new religion: beating up Americans whenever we see one. Wes talked about these anti-American Putin's youths. "We will then set up a website to exhibit videos showing us beating up Americans. The ICJ would then require the US to pay us. Or rather the Americans we had beaten up. (9) I said to Wes: "The only person whom the control center couldn't turn into my enemy is you." Wes: "Don't test them..." (40:00). Wes was correct! (10) Why did Wes like Alexandra? A dumb woman? (11) I really *was* a genius – even though I had lived in delusions for three years. (Namely, I didn't know that the previous ICJ trial was dismissed until lately.) "I just wish I could get inside the control center, then I could *really* ruin people's lives. (12) My wrong scenario: "Now that Americans, like Eric Holder, are using me as a patsy, this Putin's youth group would be made part of my conspiracy with Russia..." (13) "I need to target Americans' wallet, rather than their anger." Now I was spending more time than ever on my addiction, 4 to 5 hours a day. (14) Wes suggested spreading false information as a way to harm people. No. Glenn Rogers really won. (15) Wes finally suggested I go around helping people, because, in that way, I would end up harming them. "That's what I'm doing right now, I'm helping the American people..."

It is certainly thanks to Mr Homeland Security CO chief's programming (via the Monkey) that I experienced, and expressed, so much hatred toward Americans tonight. He wanted me to be a delusional anti-American terrorist who went around attacking Americans. This would tremendously help him in his dispute with the CIA to lock up the previous ICJ trial – that his star witnesses, the Secret Society women, were right about me after all; my becoming a delusional anti-American terrorist *was* my compensation to him for my "terrorist attack" against him. It must have made his heart burst with happiness when he heard me berating Americans and then saw me attacking them tonight.

What is noteworthy is that, within two days, Wes would be required to provoke me so that, out of anger, I wouldn't talk to him again until February. It seems that Homeland Security CO chief, after hearing me saying Wes could never be turned into my enemy, decided to do just this, to turn Wes into my enemy. This, in order to make me even more miserable. My misery was also his compensation.

28 November (Thanksgiving, no torture)

Caught up in my wrong scenario about Angelica's, and her gang's, arrest and then release, I decided to check on the matter today. 4 PM, taxi (H-1630). The front door was decorated, and Veronica's car was there, but not Miguel's. There were four more cars on the drive way. Everything looked normal. It was possible that it was Homeland Security CO chief who had controlled me to do this because he wanted more evidence that I did "stalk" Angelica.

7 PM, I came to Red Lion for the Stammtisch, but there was no one there. Instead, I ran into "Zweifel". What she said about "doubt" I mistakenly took to be evidence-replacement.

“Look at the crazy stuff he wrote. Uncle Chad could just say that, because he is insane, he is very dangerous.” The commotion went on for more than 30 minutes. It seems that, in the end, Uncle Chad told Evelyn he would not file a stalking claim against his own nephew. He simply didn't understand why it was so important to help Homeland Security CO chief obtain a third-party confirmation from law enforcement that his warnings about me were correct.

29 November (Friday, break from torture)

Note that, this morning, Kiersten would tweet her second message on Twitter since 27 October.

Today, while I was in Tom N Toms, I would have a conversation with Cindy on the phone. It was 5:35 PM, a little after my brother had visited my website. I asked her about her visits to my website yesterday. She said she, along with everybody else in her family, was only visiting it for fun. Of course she wouldn't reveal to me that it was Homeland Security CO chief and the Secret Society women who were discussing me with my family members last night.

Although the Monkey didn't torture me today, I collected damages tonight, first in Brentwood: 3 N, 2 tires, 1 license plate, 1 side windows. 5 B (3 in schools), 1 paint bottle. Several walls, and trash. Then in Santa Monica: Urgent Care: window. Global Positioning Service. The construction truck's window.

Now let's examine the Secret Society women's operation. 5:36 AM, Emirate
Telecommunication, United Arab Emirate,

94.57.83.63 - - [29/Nov/2013:06:36:16 -0700] "GET /blogs/2012/08/03/why-the-us-military-continues-to-employ-v2k-on-ordinary-citizens/ HTTP/1.1" 200 34311 "https://www.google.ae/"

This seems to be Uncle Chad again. (This time he was using his iPad.) Because, yesterday, Uncle Chad didn't agree to participate, Evelyn and the rest of the Secret Society women were today trying to persuade him again. 11:14 AM, 30 seconds later, Evelyn directed him to click on "Historical Photographs":

70.197.3.231 - - [29/Nov/2013:12:14:06 -0700] "GET /vol1appendixcont.html HTTP/1.1" 200 2098 "http://www.lawrencechin2011.com/" "Mozilla/5.0 (iPad; CPU OS 6_1 like Mac OS X) AppleWebKit/536.26 (KHTML, like Gecko) Version/6.0 Mobile/10B141 Safari/8536.25"

Evelyn was on the phone with Uncle Chad for more than an hour. The rest of the Secret Society women must have joined in on the discussion. Everybody was trying to persuade Uncle Chad to file a confidential complaint at the TMU to request them to remove my website. 12:36 PM, Uncle Chad came back to the front page:

70.197.3.231 - - [29/Nov/2013:13:36:07 -0700] "GET / HTTP/1.1" 304 161 "-" "Mozilla/5.0 (iPad; CPU OS 6_1 like Mac OS X) AppleWebKit/536.26 (KHTML, like Gecko) Version/6.0 Mobile/10B141 Safari/8536.25"

Within 9 seconds, Karin directed him to "Summary in Chinese":

The discussion went on for another 30 minutes. "You can tell the police that your nephew is seriously mentally ill. Look what he has written about his connections with the intelligence agencies and so on." 1:05 PM, Uncle Chad reloaded:

1:28 PM, Karin now directed Uncle Chad to look into my email correspondences with her:

Karin was telling him, "When you file the complaint, make sure to include the fact that he is also violating my, and other women's, privacy..."

Meanwhile, 1:29 PM, static.tpgi.com.au, Ascot Vale, Australia,

It's not clear whether this is related to the Secret Society women's operation.

1:30 PM, Uncle Chad then looked up "New Summary":

70.197.3.231 - - [29/Nov/2013:14:30:15 -0700] "GET /newssummaryweb.html HTTP/1.1" 200 55422 "http://www.lawrencechin2011.com/" "Mozilla/5.0 (iPad; CPU OS 6_1 like Mac OS X) AppleWebKit/536.26 (KHTML, like Gecko) Version/6.0 Mobile/10B141 Safari/8536.25"

A little more than a minute later, Karin directed him to click on one of those 2008 blog posts about her:

Karin wanted Uncle Chad to also include these old blog posts in his complaint. 30 seconds later, he came back to the front page:

Just then, 1:33 PM, the whole gang had also summoned my brother David to the discussion. My brother was at work in CISCO System at the moment. The Secret Society women – and Evelyn – had earlier sent him the link to my website and he merely clicked on the link:

Karin was apparently having a three-way conversation with both Uncle Chad and my brother David. She directed my brother to click on one of those disgusting videos in which I was featured drawing her and Gabi:

My brother had apparently spent 20 minutes or so on my website. Although Uncle Chad didn't agree to participate yesterday, Evelyn was able today to persuade him and my brother David to file a confidential complaint about my "stalking" with the TMU. In the complaint there would not only be a request for the removal of my website (because I had violated my grandpa's privacy) but also an explanation that I had violated Karin's privacy as well and that, because of my grave insanity, I could be very dangerous to her. (It's not clear why Angelica and Kiersten were somehow not included in this effort.) Karin, believing that, with my family's contribution, the TMU would be forced to act, would take the complaint to the police station some time later today. It's very strange that, while Uncle Chad refused yesterday, he somehow agreed today. My hypothesis is that Cindy had got an order from the Agency to pretend to agree to help the Secret Society women in order to inform on them for the TMU behind their back (thus damaging Homeland Security CO chief's case). If this is the case, this means that Karin must have asked both Uncle Chad and my brother to lie – saying they saw me threatening her in these videos and printouts, which is all the more likely given that posting on my website my email correspondences with her and some videos showing me drawing portraits of her could hardly constitute criminal acts – and that Cindy would tell the TMU behind her back that she had asked everybody to lie. And thus, as expected, the TMU would have evidence to justify their policy of forever ignoring the Secret Society women's complaints.

Meanwhile, Angelica continued to mobilize volunteers to submit testimonies about my grave insanity. 2:43 PM, eastlink.ca, Elliot Lake, Ontario,

This testimony about my grave insanity would presumably be submitted to the TMU together with my uncle's and my brother's complaint.

He had been on my website for an hour by now. He was evidently having a serious discussion with the Secret Society women about how to report me for being a grave danger to other people due to my severe insanity. Evidently, fearing that my family members' certification earlier today that I was insane and dangerous might not be sufficient for the TMU, Homeland Security CO chief and Karin wanted this Hong Kong volunteer (some sort of expert) to add more oil to fire. 9:42 PM, this Hong Kong volunteer came to the blog post series for May, 2012:

66.249.84.195 - - [29/Nov/2013:22:42:31 -0700] "GET /blogs/2012/05/ HTTP/1.1" 200 23799 "http://translate.googleusercontent.com/translate_c?depth=1&hl=zh-CN&prev=/search%3Fq%3DAbsolute%2Bcontrol%2Bchip%2Bscenario%2Binduced%2Bbrain%26newwindow%3D1%26safe%3Dstrict%26biw%3D1152%26bih%3D735&rurl=translate.google.com.hk&sl=en&u=http://www.lawrencechin2011.com/blogs/tag/brain-chip/&usg=ALkJrhhl1fkv86ZTL9r1lygzlorRpxB3afQ" "Mozilla/5.0 (Windows NT 5.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/32.0.1678.0 Safari/537.36,gzip(gfe)"

9:45 PM, he came to the 8 September 2012 blog post:

11 seconds later, he came back to the blog post series "brain chip" with the same search terms:

He had so far been on my website for one hour and 30 minutes. He had presumably composed a more detailed testimony explaining why I was such a danger to other people given the severe insanity I had manifested on my blog posts about brain chips and so on.

10:16 PM, wideopenwest.com, Chicago,

This seems to be another volunteer who had joined in on the Secret Society women's discussion with the Hong Kong volunteer. The discussion in question had thus lasted two hours.

11:14 PM, lightspeed.irvna.sbcglobal.net, Colton, California,

This is the fifth visit since 21 November. Another testimony about my supposed plagiarism to be submitted to the TMU.

As noted, Robert Coleman seemed to be a friend of Khalezov's. The Secret Society women, along with Homeland Security CO chief, seemed to have decided that, in order to strengthen the new case which they had, thanks to my family's help, opened against me at the TMU, they should add Khalezov as well to the list of my victims. (How I had spilled out my delusions about him on my website in order to slander him.) They might have been in contact with him since last night. Thus, this morning, they were asking Robert Coleman to contact me again hoping that I would respond. Whatever I shall tell him about the International Court of Justice and the chips inside my brain the Secret Society women would then turn over to the TMU as evidence that I was completely delusional and therefore very dangerous. Robert Coleman came to my blog to refresh his memory, and would spend the next hour communicating with the Secret Society women and composing an email for me.

If so, the Secret Society women were also asking Jennifer Day to join the new complaint which Uncle Chad had filed against me at the TMU. This, of course, only gave Jennifer Day another opportunity to inform on these women behind their back.

Another false testimony about my plagiarism.

By 10:22 AM, this "Robert Coleman" had finished the email and sent it to me. Thus ran his email:

Greetings Mr. Chin,

The following is intended to provide useful information and not to alarm or worry you. You appear to be highly intelligent and widely read, especially on the topics of mind control and international relations. If the information is not new to you, please accept my deepest apologies for intruding on your time.

You say [on] your blogs that you have been implanted with a brain chip that pre-programs your behavior, even to hurt yourself and others. You say that you are controlled by a two-way interface of your brain with a remote central computer.

It is reported that brain chips are most easily, cheaply and quickly hidden in the human body by implanting them behind an eye or through a nostril. Also, it is reported that an implantee who has been programmed through trauma-based DID/MPD will have multiple alter personas, i.e., fragments of his original unified personality, and one of these alter personas may be programmed to forget the programming and brain-chip implanting. Schizophrenia and borderline personality disorder are not DID, but schizophrenia is a split personality and thus more than one persona or alter ego.

Even if you do not remember the actual operation of being surgically implanted with a brain chip, you reportedly somehow know that such a brain operation was performed on you in 2009 or about that time. If so, then it would seem possible to prove it by X-rays to photograph the chip implanted in your brain and by surgery to remove the implanted chip for forensic evidence, with attendant notarized affidavits by the radiologist and brain surgeon to create a legal chain of custody for admissible legal evidence in a court of law. The rules of evidence and the rules of procedure in most courts of law would require such physical and documentary evidence from admissible Expert Witnesses.

Based on the literature regarding actual international relations existing in the real world, it appears that all such relations lead to the British Crown which is above all laws including all international treaties and organizations, without exception. In

short, no individual outside of the global power elite (hidden cabal) headed by the British Crown has any rights or liberties anywhere in the world at any level of the systems of justice. Furthermore, if any individual becomes too much of a nuisance to the power elite, there is ample case evidence that he or she can be permanently silenced with impunity, e.g., suicided or disappeared. The power elite reportedly have committed Wars of Aggression, Genocide, Democide and other Crimes Against Humanity to achieve their goal of one world government. For reference to support these statements, some links are appended below that do not seem to be disinformation. Of course, you must decide for yourself.

You appear to be in a Catch-22 and an Alice-In-Wonderland situation. Without proper evidence, it will be difficult to get a sympathetic hearing.

Regards,

Robert

It would appear that both Dr P and Homeland Security CO chief had provided a lot of input to Robert Coleman in the composition of this absurd letter. Dr P thought that, with all this validation of my “delusion”, she could get me to become attached to Robert, while Homeland Security CO chief wanted him to write all this nonsense about the British Crown in order to accentuate my profile as a paranoid schizophrenic. Dr P would soon be disappointed as, once again, I would not respond (since I knew that it was an operation). Since Homeland Security CO chief had always known that there were indeed electronic chips inside my brain, it's not clear when exactly he had shared this information with Dr P. If not now, then soon, Homeland Security CO chief would make her understand that there was indeed this “control center” and that there were indeed chips planted inside my brain. You must understand that Dr P was not capable of thinking and her thought-process was extremely rigid. Even when she knew there were indeed chips inside my brain, she would still honestly believe that, when I said there were chips inside my brain, I was manifesting symptoms of schizophrenia. This is because, like most lay people, she never actually understood what “insanity” means and had little comprehension of the difference between truth and falsehood. In any case, like most lay people, she certainly didn't possess the moral courage to admit that she was wrong even when she was capable of understanding the difference between truth and falsehood and would simply attempt to hide the fact that she had made a mistake with me.³

³ We have earlier seen that Dr P was very much into “spiritual things” – like “medium” – and would, almost 3 years from now, write a book about “Benjamin the Bus” to introduce people to “spirituality” and “living in the present”. I have lately discovered that she has also had an account at abraham-hicks.com, i.e. that she has also been a follower of Esther Hicks who has created fame for herself by “interpreting” for us the collection of entities known as “Abraham”. While believing that there are spirits floating around in another dimension, she judged me insane for believing that there were chips planted in my brain. And – what did she do when she discovered that there *really were* chips planted in my brain allowing the control center to remotely control me? She and Kiersten would establish a close rapport with the Monkey inside the control center and receive regular predictions from him about what I was going to do and where I would be before I even decided it so that they could prophesy about my future movements and so on to their audience in their Secret Society in order to deceive the latter into the impression that they were a super psychic crime-fighting Goddess Duo in possession of psychic power with mathematical precision.

What is this about? Another report about my grave insanity?

Now, let's examine my situation. Homeland Security CO chief had prepared a very bad day for me. I woke up 11 AM today, somewhat sleep-deprived. I came up with the wrong scenario that the ICJ trial had been dismantled for a second time because the Republicans had reached a new deal with the PAN, and that Angelica was consequently "deactivated" as my substitute.⁴ Bullshit! (Although something like what I mistakenly believed here would happen way in the future.) 6:15 PM, when I was in Starbucks, downtown, my laptop froze continually causing me severe anger. I rebooted it. It froze again. I rebooted it again. It froze again. I was extremely angry: Homeland Security CO chief wanted me to commit more crimes tonight in order to enable the Secret Society women's new case against me at the TMU to have more substance.

I called up Wes on 1:47:30. I told Wes my new wrong scenario, that "they" had immediately dismantled the trial as soon as it was reactivated. It's all because of the condition that was attached to the trial, namely the sustainable civilization program. But Wes seems to have been

⁴ I noted down my wrong scenario in my diary: "Meanwhile, the Mexican president made no entry on his blog. The Panistas were probably instructing him to plan a terrorist attack as substitute for his 'original terrorist attack' in order to rewrite the evidences of the current ICJ trial. This will show up the next day on the news as the scandal over the theft of radioactive materials in Tijuana."

instructed by Homeland Security CO chief to provoke me by garbling up everything I said. I got ever angrier: "Are you trying to provoke me?" Then: "I don't understand why, even when the trial has been dismantled, I still have to suffer torture." Wes replied: "What's going on?" (1:53:00) He then hanged up on 1:55:00. I was provoked to extreme anger. I kicked the chair and threw my backpack on the ground, and the bottle inside broke. I was then chased out of Starbucks by a security guard. As noted, Mr Homeland Security CO chief had taken notice of my words on 27 November and decided to do something to turn Wes into my enemy as well: this episode so angered me that I wouldn't talk to Wes again until February. I threw a bottle at the glass door of an abandoned building nearby, and the glass door was shattered. Another security guard came out to throw me out. I was lucky that she didn't make a big deal about it. However, through this incident, I realized that I could collect more damages by breaking windows. This is the beginning of my "Homeland Security career" as a "Guinness World Records window-breaker". I collected damages in RDND tonight.

1 December (Sunday)

First, my activity. Homeland Security CO chief allowed me to sleep 12 hours today.

I would call Wes repeatedly today. No answer. Homeland Security CO chief had probably instructed him to not talk to me again.

7:20 PM, my Asus froze up completely while I was writing "Third Run Summary" on Word Pad. I rebooted it. The document was not damaged, but I became very depressed. Slight anger.

I collected damages tonight in Fairfax / Beverly. 7 N. 2 cars on the side, 1 license plate. BZFD. Room Service (never cleaned). (552.) 2 more doors. Several walls. 4 B. 3 unbroken.

Note that, from today onward, massive protests started in Ukraine: the Maidan Revolution had begun. Although the Ukrainian people were apparently provoked into action by Yanukovych's refusal to sign the free trade agreement with the EU, this was really one of those "color revolutions" which Victoria Nuland at the State Department had been planning for a long time. I would again misinterpret the event as having something to do with the Syrian scandal and the reactivation of the previous ICJ trial – all in order to fulfill Mr Homeland Security CO chief's requirement that I look insane. I would write out my erroneous understanding in June next year, "The international background of the 'K Affair': the Ukrainian crisis". Everything in there was wrong except for the vague understanding that Nuland's action was motivated by the previous ICJ trial. Namely, when the previous ICJ trial was dismissed in late 2010, the Russians nevertheless kept Ukraine as the only thing they had got out of it – recall that it was because of the 12 February 2010 ICJ judgment that Yanukovych was able to beat Tymoshenko in the presidential election. The US Establishment had since then been planning to get Ukraine back. Thus had Ms Nuland begun planning for the Maidan Revolution.⁵

⁵ As soon as Ms Nuland was confirmed in her Assistant Secretary position in the State Department in September 2013, she set about implementing the regime-change plan in Ukraine against Yanukovych. The Secret Society women were telling this volunteer about how the “stalker” had “stalked” his own grandfather by putting the latter’s pictures on his website without consent.

14 seconds later, he clicked on the second link:

This volunteer, like the Kirovsk volunteer before him, was also assigned the task of browsing through my Youtube channel and reporting on what crazy and scary stuff he saw there. He had thus also examined the video in which I scanned my head for radio frequency signals. 4:37 PM, he did a search on my blog:

4:40 PM, he came to the 21 November blog post:

89.69.251.202 - - [01/Dec/2013:17:40:25 -0700] "GET /blogs/2013/11/21/four-women-try-to-knock-down-my-website-part-20-final-details-about-the-truth-behind-the-boston-bombing/ HTTP/1.1" 200 13252 "http://www.lawrencechin2011.com/blogs/?s=contact&submit=Search" "Mozilla/5.0 (Windows NT 6.2; WOW64) AppleWebKit/537.17 (KHTML, like Gecko) Chrome/24.0.1350.0 Iron/24.0.1350.0 Safari/537.17"

He was obviously talking to the Secret Society women while doing the search. Was he told to pretend to be a curious audience wanting to get into contact with me? He then came to the profile page of my Youtube channel. 4:42 PM, he clicked on the link I had placed there:

False report about my violation of intellectual property laws. The sixty-fourth visit.

2 December (torture, some anger, no more vast number of bottles found)

First, my business. I called Wes repeatedly between 3 and 5 AM. No answer. Angered, distracted.

3 PM. I called Wes again. No more answering machine. I then discovered that my last copyright deposit (13.08) was disabled. Angered, nervous. Today's share of emotional torture. No longer interested in copyrighting my works. (*We have to wonder whether it was because Homeland Security had alerted the Library of Congress' Copyright Center that I was a plagiarizer.*)

I called Wes again between 5 to 8 PM. No answer. Answering machine on.

I collected damages in Marina tonight: 7 N, 2 tires or license plate; then in SM: 2 B (Urgent), 1 sign.

Now let's consider the Secret Society women's operation. 4:33 AM, abo.wanadoo.fr, Réunion, Africa,

Another false report about my violation of intellectual property laws?

3 December (Tuesday)

First, my business. I called Wes between 4 and 5 AM. No answer. Angered.

This afternoon, I was remotely controlled to take the wrong train while going to the storage facility. I called Wes again on 5:30 PM. No answer.

I collected damages tonight. 3 N. Long Beach: 4N. 1 WF-SUV (Washington). 1 license plate. 1 side window. A driver looked for me, stopped me, but thought it was someone else. Many store windows in BLMNTSHR. 1 residential wall, 1 store front, 7th. 1 B.

Note that Karin would host her Any Language and Culture Meetup tonight. She would however not be featured among the photos.

Now let's review the Secret Society women's operation for today. 5:32 AM, what was going on here?

She had spent merely three minutes on my blog. Evidently, the Secret Society women, frustrated with the TMU's non-response, were talking to Dr R right now wanting to add her to the list of my "victims" in order to reinforce Uncle Chad's new case. But Dr R, after sending her Hawaiian friend to conduct a check, probably decided that, because I had removed the recording in question and changed her name, she had no more reasons for which to try again at the TMU.

The hundred and thirty-second visit. This is the Prague British School. This volunteer had apparently received the Secret Society women's instruction in his school email account.

Angelica had tonight held long discussions with Dr R, Jennifer Day and her friends, Aamoy, the Cricklewood volunteer, and the Rosmalen volunteer. This suggests that the Secret Society women had by tonight finally come to term with the fact that the TMU was not going to take their latest complaint seriously. Everyone was panicking – not in the least because Homeland Security CO chief had to worry again that the CIA might now have cause to reopen the previous ICJ trial.

6 December (Friday; some torture)

Today, right after I discovered James Corbett's episode on DSM-5, I would notice an Asian girl studying DSM-5 in Tom N Toms. It was 6 PM. I again wondered whether "it meant something".

7 PM, I was writing "Third Run Summary 7" on Wordpad. I was again not allowed to save the writing. I copied and pasted the entire document onto Word. I was somewhat upset. And upset because I was still not allowed to talk to Wes. Then late for Metro Green Line.

I left a message with Wes on 4:30 PM, and then called him repeatedly between 5 and 8 PM. There was no answer.

I collected damages in RDND tonight: 6 N. 1 tire, 1 license plate (WF), 1 motor cycle. Several store fronts. 1 house door. 1 B. 1 unbroken bottle at school. 1 B at CSSY.

The second visit today. False report? Brainstorming?

7 December (Saturday; anger)

First, my business. I called Wes repeatedly between 4 and 6 AM. No answering. I gave him an ultimatum. Angered. Energized to collect damages. I also posted on Sound Cloud a recording of Valentine's remarks about Laura. ("Laura Talk".) This is supposed to be payback to both of them for their involvement with Homeland Security CO chief to go after me.⁷ It will however take a long time for the Secret Society women and their crowd to discover this. By then, it would be another thing over which the women would get hysterical: "Lawrence is dangerous because he will record your conversation with him and post it on the Internet!"

I woke up on 4 PM. Angered that Wes would never talk to me again. 5 PM. I realized (wrongly) that Mr Chertoff must have been a member of the team who wanted to break up my relationship with Wes, not just the Monkey. He is okay since the trial is dissolved. Anger slightly changed.

Much calmer. I collected damages tonight. Western. 2 B (SCHL). CBRE. Hermosa. 6 N. 2 B. 2 unbroken. Paint bottle (HOPE). Sprayed. 1 license plate (Jeep); 1 side/ mirror. 1 house. Brickhoven. PTHWY. Several walls.

Now let's consider the Secret Society women's operation. 5:01 AM, win.bigpond.net.au, Aspendale, Victoria,

⁷ It has never been clear to me just how much Valentine was involved in Kiersten's scheming against me since the beginning. His involvement seemed to be minimal.

Dr R and Laura must have discussed my case today. Perhaps during their session today. In any case, the Secret Society women were evidently continuing their discussion with Dr R for the third day, and Homeland Security CO chief was also involved. Homeland Security CO chief ordered Laura to do a search for Dr R's name to reach my blog. Homeland Security CO chief was now trying to produce reasons to force the TMU to accept Dr R's stalking claim against me after all in order to save Uncle Chad's case and prevent the CIA from proving his warnings about me false in the ICJ.

This seems to be somebody related to Uncle Chad. The Secret Society women, Evelyn, and somebody in Uncle Chad's family were telling this person about the "problem": "He put grandpa's pictures on the net and yet the police wouldn't do anything about it. They are not responding to Uncle Chad's complaint about him." It's not clear whether Uncle Chad was simply pretending to go along with the Secret Society women for, as noted, his daughter was acting as a law enforcement informant inside these women's organization.

8 December (Sunday; FFCHS meeting)

Tonight was special: the FFCHS meeting was taking place at the same Pizza Hut in Huntington Beach, and I would be meeting with SDW for the second time. It was my first chat with another human being since 30 November. SDW, although perfectly aware of the Secret Society women's intrigue behind my back, would continue to keep the matter a secret from me. I was not allowed to know anything about the hysteria about me among the thousands of people around the world. It's just that, at this point, SDW had not yet developed any aversion toward me – even though she had already seen both Homeland Security's and Chaya's warnings about me.

The highlights of my conversation that night (according to the recording): Self-introduction began on 22:00. SDW introduced herself on 23:30. Then mine. I sat down with SDW and began chatting with her from 1:50:00 onward. And her friend. We discussed Louis on 2:30:00. On

2:33:00 I was telling her that she would never see her family members again. The government had merely to lie to her family members. On 3:21:00 I was explaining to her that the government's purpose in targeting people was to prompt them to talk about it so that they could make themselves look crazy. (This is the indeed the whole purpose of the creation of "targeted individuals" culture, but SDW would never be able to comprehend that.) On 3:23:00 we were talking about Snowden's scandal and SWS. "The government wants to become God." SDW then described how she had always dreamed of being married and having children, and yet... (3:33:00). I then talked to her about my wish to get political asylum in another country and my growing desire to beat up Americans (3:35:00). SDW remarked that such was "the impression they want you to have..." (3:37:00). On 3:39:00 SDW remarked: "Maybe when Russia sees us suffer, they will come help us..." There she goes again on 3:45:00. About her Christmas on 3:46:00. I bade her goodbye on 3:47:30. Her license plate (3:49:00).

Although Homeland Security CO chief was no longer debating with the CIA about whether I posed a danger to Ekaterina, presumably Ekaterina was still logging in occasionally to check on the status of the Secret Society women's effort with the TMU since this debate would mean life and death for her father. For this reason, SDW should have already made her acquaintance with Ekaterina, Russia's First Daughter. In the coming years, as the Russian government would become the only government in the world willing to validate the Secret Society women as victims of my "terrorism", SDW would develop an increasing liking of Russia as her savior. Her positive comments about Russia tonight were only the beginning.

After the FFCHS meeting, I collected damages in the vicinity. Utica: 2 N, 3 B. Knott's: 3 N. (Maybe 2 more.) 1 B, 1 sign.

1:45 AM, when I was home, my Youtube connection was suddenly cut off. Sky Drive connection was also cut off. FTP connection was also not allowed. All on Asus. Not too upset. 2:30 AM, my external hard drive couldn't connect. Many tries. Not allowed to back up my new writings. Slightly upset. I was afraid to restart my laptop. Forced to burn all my data onto the cheap Memorex discs just in order to back up my latest writings.

Now let's review the Secret Society women's operation. 5:18 AM, the University of Ottawa,

The twenty-third time. Did the Secret Society women at last locate Ms Kudo?

9 December (Monday, torture resumed)

First, my business. I woke up on 4:50 PM! At Tom N Toms. I turned on my Asus. Closed it. Opened it up. Asus could not recover from sleep mode. Rebooted. Frozen. The laptop froze for 10 minutes, and I was not allowed to check my website's visitors' log. Angered. Got on the bus. Opened up my laptop. Frozen for 5 minutes before I was allowed to write on my diary. Extreme anger. Energized to collect damages. 7:15 PM, DRPOFF.⁸

And so I collected damages tonight. BRNTWD: 4 N. 1 house (flag). Expensive houses: 2 B. 1 paint bottle. 1 house wall. 2 SUVs. Sidewalk and wall. SM: the cultural center. PAR COM. POL checked on me?

⁸ Was I around Dr P's office building this evening?

A note on my painting of "Queen Himiko"

Recall that Angelica seemed to be making two kinds of false reports about my painting of Queen Himiko. One is that it was a naked picture of her (all because the Goddess Athena in the painting had dark hair just like her) and the other is that it was evidence of my plagiarism. You may wonder how she had been able to claim (2). If you do a search on "Queen Himiko", you will find this painting:

Lawrence C. Chin,

You see that this painting is extremely similar to my painting of Queen Himiko. Now my painting was painted in 2001 and was online since then. It has been one of my most popular webpages. Then the above painting appeared presumably around 2008. It would seem that somebody saw my painting, got inspired, and painted something similar. Then, almost six years later, the Secret Society women discovered this replica, and thought they could report me for copying the painting which the other person painted copying me. Thus, another person “plagiarized” me so that the Secret Society women could accuse me of plagiarizing him. Comparing my painting to this replica, however, you can see that mine is of far superior quality: it is far more realistic, and far more in keeping with archaeological data.
