

The Secret History of the International Court of Justice

KIERSTEN'S VENGEANCE

5

LEGEND

The following reconstructs the operations of the Secret Society women and Homeland Security CO chief against me and my website from 21 January to 12 February 2014.

The terminology used in this reconstruction follows the convention established in later reconstructions. “Secret Society women” has replaced “Kiersten’s Secret Society” or “Kiersten’s gang”, etc. The Secret Society women consisted of (as of January 2014): Angelica (G), Karin (K), Kiersten (J), and Dr P (Petterson). Then they had many associates, such as Kiersten’s old friends Carolyn and Peter, Dr R (Roach) and her crowd, my family members, and their new friends Aamoy (Gupta) and his UCLA Linux User Group buddies.

The “TMU” continues to refer to LAPD’s Threat Management Unit. “Volunteers” is the terminology I have been using in the reconstructions of the later phases of the Secret Society women’s operation. I have decided to use it here too. It refers to the people from around the world whom the Secret Society women were able to recruit to make false reports about my website by galvanizing them with Homeland Security’s warning about me, “Chaya’s warning”, the videos of my vandalism, and the horror stories they had made up about me. The largest community vigilantism enterprise in law enforcement history was in the process of formation. By the end of this period, more than four thousand people from around the world would have joined this hype about this insane and very dangerous misogynist serial stalker and vandalizer whom Homeland Security had especially placed on their watchlist.

This is a July 2021 revision of the original “Kiersten’s Vengeance, 5”, originally composed in February 2019. The original version, with the file name “timeline63_9-mac.pdf” (last dated 11.05.2021), is still kept in the same file folder.

RESUME

This was a very intense period for me – not to mention the extraordinary operation to exterminate me on the night of 6 February. My wrong understanding that the Secret Society women had successfully maintained their stalking case against me with the TMU had caused me to be frequently afraid to go home and to sleep on the streets instead. Then there was my wrong understanding about what was going on inside the control center and on the political scene, which, because it was summarized on my

blog posts for this period, I have decided to describe only sparingly in the following.

Now a summary of the Secret Society women's operation for this period. On 21 January, the LUG buddies started discussing me and visiting my website from 2 PM onward. More of their friends in other states had heard the news, and seen the Homeland Security warning, about this "insane stalker with a crazy website" and came joining in (notably the Wynnewood volunteer). When Aamoy returned to his room around 4:30 PM, he discussed me and visited my website with the rest of the LUG buddies until 1:30 AM or so. Everyone was mystified as to what to do given police inaction. One LUG buddy (the Pomona LUG buddy) even studied how to hack into my blog (when he couldn't leave a message for me). Jennifer Day was also taking part in the hype in early morning. On 22 January, the LUG buddies started examining the situation since very early in the morning. Aamoy returned home on 2:20 PM and immediately started discussing the problem of police inaction with the other LUG buddies. The situation was ever more hopeless insofar as I had removed the pictures of my wounds from my website. Aamoy and his buddies continued to visit my blog waiting for something new (something incriminating) to appear. In late afternoon, a person in Los Angeles (Veronica?) also did a search for Angelica and arrived at my blog post series and "Ying and Yang". By night, Jennifer Day was also in the discussion. Around 3:30 AM, another volunteer in Australia looked up my blog post series about Veronica. On 23 January, Aamoy and his LUG buddies spent another day brainstorming how to persuade the UCLA Police to take action against my website and waiting for me to post something new on my blog. Meanwhile, the Secret Society women might have contacted Purdue University to warn them that an insane stalker who was on Homeland Security's watchlist had developed serious delusions about Prof. Chaturvedi. They also continued to ask their volunteers from around the world to help locate Ms Kudo.

On the morning of 24 January, Jennifer Day joined in on the discussion again. Then, after 3 PM, when Aamoy returned home, he discovered that I posted a new post on my blog attempting to describe his gang's latest operation against me. Finally there was more material to work on! Aamoy would spend the rest of the day discussing with his LUG gang-members (even when he was attending to his business in UCLA Robotics) whether they could use my severe insanity as the reason with which to persuade the UCLA Police to act against my website. The Secret Society women would today also have quite a discussion with their volunteers about how to report me for computer-hacking. On the afternoon of 25 January, the LUG buddies discovered another new blog post from me about them. They reported it to the UCLA Police, but, as usual, the UCLA Police ignored them. Meanwhile, the Secret Society women continued their effort to locate Ms Kudo. On 26 January, the LUG buddies spent the whole night brainstorming because they needed more evidences of my insanity with which to persuade the UCLA Police (because Homeland Security CO chief needed more favorable evidence in the ICJ). On 27 January, the LUG buddies obtained more

evidences of my grave insanity and were ready to go back to the UCLA Police. They would emphasize the role of the Secret Society women as well (that the stalker had developed bizarre delusions about the students' teaming up with this group of women to go after him) and bring up Uncle Chad's past stalking claim against me.

On the early afternoon of 28 January, the LUG buddies went back to the UCLA Police to turn in the new evidences about my insanity, but their case was rejected. They then spent more time discussing with the Secret Society women's volunteers how to make better use of my Nicaragua videos. The women seemed also to be thinking about inviting Robin to join the complaint, and they were certainly still trying to locate Ms Kudo. On the morning of 29 January, because the UCLA Police had rejected LUG buddies' case yesterday, the Secret Society women contacted Gaurav and asked him to add his complaint to the case. The LUG buddies also planned to use my new blog post as evidence of my grave insanity. There were also a lot of visits to the painting of Queen Himiko today. On the morning of 30 January, the Secret Society women persuaded Khalezov to add his complaint to the LUG buddies' case. Then they asked Prof. Ménard as well. Around 2 PM, Aamoy and his LUG buddies went to the UCLA Police with the new evidences and more people's complaints (not just Gaurav's, but also Khalezov's and Prof. Ménard's), and yet failed to get anywhere again. Around evening, the Secret Society women discussed the impasse with Homeland Security CO chief, and the latter instructed the Monkey to torture me severely hoping that I could be reckless with my collection tonight and get arrested. But the operation failed. On 31 January, the LUG buddies and their friends spent the whole day brainstorming for solutions to their current impasse. They might have discovered my 1 February blog post, which they would certainly use as further evidence that I was insane and a danger to them. The Secret Society women might also have finally located Ms Kudo today.

On the early morning of 1 February, the hype over Ms Kudo's portraits continued until 6 AM. There were no visits from the LUG buddies today probably because it was a Saturday and the UCLA detective was not on duty. The Secret Society women then spent the whole day talking to Ms Kudo and working on incorporating her complaints into their case. Their volunteers continued to brainstorm how to falsely report me for plagiarism. On the morning of 2 February, after a break since yesterday afternoon, volunteers flocked to Ms Kudo's portraits. The Secret Society women continued to work on how to better incorporate Ms Kudo's complaints into their case. The women then spent the rest of the day brainstorming with their volunteers how to better report me for plagiarism. Then, a little after midnight, the Beverly Hills LUG buddy checked my blog to make sure that there wasn't anything new. On 3 February, around noon, the LUG buddies seemed to have gone to the UCLA Police Department again, this time submitting Ms Kudo's complaints which the Secret Society women had persuaded her to make. Needless to say, the detective rejected their case again. On 4 February, the Secret Society women and the LUG buddies spent the whole day

brainstorming how to convince the UCLA Police to take their case seriously. They seemed to have attempted to recruit Mr Ponomarev.

On 5 February, the Secret Society women spent another day brainstorming with their volunteers how to convince the UCLA Police that I was dangerous because I was insane and that my website must be removed. Note especially the brainstorming effort of the New Albany volunteer around noon and the Los Angeles LUG buddy around 4:30 PM. Homeland Security CO chief then ordered Dr R to help them. Around 5:20 PM, Dr R discussed the matter with the Secret Society women and the LUG buddies. She agreed to add her complaint to their case and submit her “professional judgment” that I was dangerous because of my grave insanity. There were also 8 visits to Ms Kudo's portraits today as the hype over my “stalking” of her exploded now that she was personally involved. 6 February was D-Day. This morning, Homeland Security CO chief communicated his plan to the Secret Society women: in order to enable them to convince the UCLA Police that I was dangerous because I was insane, he would control me to break a window at the right place tonight – where the security guards would be waiting for me. He then told the women what to do. First, they asked a psychiatrist from UK's National Health Service to submit another “professional judgment” to the UCLA Police certifying that I was insane and dangerous. Then they mobilized more volunteers to report that I was a plagiarizer, that I kept Angelica's naked pictures on my website, and that my website was full of violent and delusional contents (note especially the Canberra volunteer). Then, around 9 PM, Kiersten came to Aamoy's place to inform him what would happen tonight. She informed him that, with her knowledge of where I would be breaking my window tonight, her gang's investigators would have surveillance all set up in the right place waiting for me and that Aamoy and his LUG buddies could thereby watch me in real time on their computer. She predicted to Aamoy that, around 12:40 AM tonight, I would break a window in the area around Union Station and get detained by the security guards. When everything happened as predicted, Aamoy made a false report to the police saying I had beforehand written on my blog that I wanted to commit crimes and hurt people tonight. In this way they hoped to deceive the police into concluding that I first made a threat on my blog and then carried out the threat, whereby the UCLA Police would be forced to admit that they had been wrong in ignoring the Homeland Security warning about me and not taking the LUG buddies' case more seriously before. However, the CIA thwarted Homeland Security CO chief's plan and ordered the police officers on the scene to release me. Homeland Security CO chief had thus failed to achieve his ultimate objective – to enable definitive evidence to enter into the ICJ to confirm his (or the Monkey's) false profile of me and thus lock up the previous ICJ trial once and for all.

On the morning of 7 February, the Secret Society women continued to submit false reports about my insanity, my danger to myself, and my supposed plagiarism and computer-hacking to the police convinced that I was already in custody. They sent a

volunteer to check on my website around noon only to discover that it had never been removed. Some time in the afternoon Homeland Security CO chief had probably informed them that the police had never taken me into custody last night. It seems that, disappointed, the Secret Society women continued to send volunteers to report my website to the police trying to convince them that Homeland Security's warning about me was correct and that my case should really be taken seriously. But the police simply ignored them. Meanwhile, the hype over Ms Kudo's portraits continued. On 8 February, the Secret Society women, terribly disappointed, were scrambling their volunteers to report to the police that the case about me was indeed serious and that the Homeland Security warning about me was correct: that I talked about hurting myself and threatened to kill people on my blog, that I threatened and slandered Angelica, Kiersten, and Karin on my website, and that my website was full of Angelica's naked pictures and plagiarized writings and stolen artworks. Later in the night, Aamoy and his LUG buddies also repeatedly checked my blog looking for new evidences. Around this time, Homeland Security CO chief began torturing me again trying to prompt me to resume collecting damages.

On 9 February, the Secret Society women seemed to have spent the whole day discussing with their volunteers how to convince the police that I was insane (developing all these delusions about my women victims, the LUG buddies, and Internet figures like Khalezov) and so a danger to myself and others and that I plagiarized and hacked people's computers and so on. There were also 8 visits to the painting of Queen Himiko – which indicates that the Secret Society women were also brainstorming with their volunteers about how to convince the police that I did keep Angelica's naked pictures on my website. Meanwhile, Homeland Security CO chief, furious with the CIA, tortured me severely today and successfully drove me to resume collecting damages. On 10 February, the Secret Society women seemed to have spent another day brainstorming how to convince the police that their reports about me were correct and that their case against me should be taken seriously. They had also contacted my cousin Nelson and asked him for input. The hype about Ms Kudo's portraits continued. Meanwhile, Homeland Security CO chief continued to torture me severely trying to drive me to collect damages.

On 11 February, the Secret Society women continued to brainstorm with their volunteers for solutions while Homeland Security CO chief continued to “encourage” me to collect damages. On 12 February, the women spent another day brainstorming with their volunteers how to persuade the police to reconsider the Homeland Security warning about me and take their case against me more seriously: how to report me for hosting violent and delusional videos on my website, plagiarism, and hacking people's computers. Around 2:30 PM, they even asked Gaurav to file another report to the police to persuade them.

First, a short note about myself. I stayed in Starbucks all early morning and did not go home until 5 AM. 2 broken bottles in Westwood. 1 N. At home. Fearing being taken to the hospital thanks to the Secret Society women, I slept by the stairs from 7 AM to 1 PM.

10 PM. I was still afraid to open my Gmail account. (My incorrect understanding of the situation prompted me to suspect, wrongly, that, by opening my Gmail account, I would provide the TMU with the evidence needed to establish the Secret Society women's stalking claim against me. I used Thunderbird to access my Gmail account, and discovered Aamoy's email from yesterday early morning. I was a bit shaken: I had now realized that this "UCLA network administrator" was really just this "Aamoy" and that all that I had posted about him on my blog in the past two days was incorrect scenarios. I was also extremely angered by the trick (how the Secret Society women were using Aamoy as a proxy to go after me). In the afternoon, I actually had the thought that Kiersten and the "UCLA network administrator" were arrested while reporting me. Although earlier today I didn't plan to collect damages, now I decided to do it.

More than a minute later, he came to the latest blog series “The UCLA Network Administrator”:

96.245.110.29 - - [21/Jan/2014:15:11:22 -0700] "GET /blogs/2014/01/ HTTP/1.1" 200 174064 "http://www.lawrencechin2011.com/blogs/2012/10/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_9_0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/32.0.1700.77 Safari/537.36"

This new volunteer had just heard the news about the insane stalker from everybody (the LUG buddies and the Secret Society women). Last night, when Aamoy saw my latest blog post (for 21 January), he must have been quite impressed by how insane I was (my erroneous speculation about what he and Kiersten's gang were planning to do and how their operation was connected to the evidentiary process of some International Court trial). All this had been communicated to this Wynnewood volunteer. “And he also believes there is a chip inside his brain.” He was evidently also talking to the Secret Society women at this moment, in particular Dr P. Dr P then directed him to my blog post for 18 October 2012: “Look, he even believes there is a chip in *my* brain!” Then the LUG buddies directed him to look up my crazy (incorrect) scenarios about their operation: “And now look what he is saying about us! What is he talking about? He is truly insane... And yet the police refuse to acknowledge that the Homeland Security warning about him is correct!” The Wynnewood volunteer then continued to explore the rest of my blog:

96.245.110.29 - - [21/Jan/2014:15:12:39 -0700] "GET /blogs/2013/02/ HTTP/1.1" 200 65777 "http://www.lawrencechin2011.com/blogs/2014/01/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_9_0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/32.0.1700.77 Safari/537.36"

96.245.110.29 - - [21/Jan/2014:15:13:06 -0700] "GET /blogs/2012/04/ HTTP/1.1" 200 66447 "http://www.lawrencechin2011.com/blogs/2012/09/" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10_9_0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/32.0.1700.77 Safari/537.36"

“And he cuts himself too when he thinks about us!” – thus the Secret Society women told him. (Bullshit.)

This associate of the LUG buddies we have last seen on the morning and afternoon of 19 January. (Because his IP address is frequently traced to Pomona, we call him the “Pomona volunteer” or the “Pomona LUG buddy” even though he most likely lived in Long Beach.) He clicked on the blog post on the very top, the latest one about “the UCLA network administrator”:

```

```

6 seconds later, he tried to log into my blog:

He was checking whether it was possible to hack in:

The last time when the Secret Society women's volunteers tried to hack into my blog was, you recall, 30 December. It appears that the Pomona volunteer was trying to leave a message for me. Because the UCLA Police had rejected Aamoy's case, Aamoy was thinking about sending somebody in to befriend me, in which case – so goes this usual tactic – I might confess something to him which the whole gang could then use as evidence against me with the police.

It's Aamoy's buddy from Cornell, first seen on early morning yesterday. The LUG buddies continued to discuss the matter with the Secret Society women's other volunteers. The discussion had so far lasted a little more than two hours. Whether or not he was part of the discussion, it was of course Homeland Security CO chief who was the most nervous about the current predicament: the UCLA Police's rejection of Aamoy's case was more evidence in the ICJ that his warnings about me weren't correct and the previous ICJ trial was in danger of being reopened.

7:33 PM, when I noticed the Canberra volunteer's visit earlier, I deleted more pictures of my wounds from the 2012 folder and posted a notice to such effect on my blog (the blog post for 22 January, "Notice: File Change").

In summary, the LUG buddies were discussing me and visiting my website from 2 PM onward. When Aamoy returned to his room around 4:30 PM, he discussed me and visited my website with the rest of the LUG buddies until 1:30 AM or so. For almost 12 hours! (Which tells you how nervous Homeland Security CO chief was.) There were also five volunteers looking up Ms Kudo's portraits today. As shall be seen, the Secret Society women were on the verge of locating Ms Kudo.

22 January (Wednesday)

First, a note about myself. I woke up early and came to Tom N Toms around 10:20 AM to check my log. I mistook the Long Beach ("Pomona") LUG buddy's visits for Dr G's and so decided to skip the appointment with Dr B, believing erroneously that the Secret Society women would have instructed Dr G to persuade Dr B to hospitalize me.

Noticing a possible surveillance agent watching me using the Internet in Tom N Toms, I refrained from logging into my Gmail account for a while. Then, at last, I logged in (typed in my password). I wondered whether my Google search records would thereby be subpoenaed by the TMU. (Wrong! It was merely Homeland Security CO chief who had put out surveillance on me in view of his informants' latest debacle with the UCLA Police.)

Then I developed the wrong scenario late afternoon: Because I had skipped my appointment with Dr B

today, Veronica and Kiersten would have discussed with Homeland Security and the police their plans to hospitalize me by alerting my landlord Ms Choi. This is why the LUG buddies were caching my blog posts from 2012 on 4:30 PM and Veronica was visiting my website on 5 PM: to collect evidences for my intention to harm myself and to harass Angelica, which would be used by the police as justification for hospitalizing me without letting me know why. (All wrong! The visits didn't even come from the LUG buddies and Veronica.)

I collected a little damages tonight. 5 mirrors/ side windows near the ALV area. After I was done, a police car drove past me slowly and the officer was communicating on his cellphone – he *appeared* to be talking about me. I wrongly assumed he was here to confirm that I was collecting damages again and was a danger to others, thus ground for hospitalizing me. I came home and finished the outline of the UN Study Group's agenda.

This volunteer had heard from Aamoy that I had removed the images of my wounds from my website. He was verifying the matter.

2:17 PM, wanadoo.fr, Rezé, France,

It's not clear whether this was related to the Secret Society women's operation.

2:20 PM, it's Aamoy from his dormitory room:

128.97.50.198 - - [22/Jan/2014:15:20:38 -0700] "GET /blogs/ HTTP/1.1" 200 191538 "-" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/32.0.1700.76 Safari/537.36 OPR/19.0.1326.39 (Edition Next)"

He had just returned home and the first thing he did was to check whether I had posted anything new.

2:24 PM, it's the Mechanisburg volunteer again:

108.55.90.173 - - [22/Jan/2014:15:24:13 -0700] "GET /scientificenlightenment1/enzymatic.jpg HTTP/1.1" 200 48427 "http://www.google.com/url?sa=i&rct=j&q=&esrc=s&source=images&cd=&docid=BkAnyujVFmLePM&tbnid=oZGanzbPX2xTrM:&ved=&url=http%3A%2F%2Fwww.lawrencechin2011.com%2Fscientificenlightenment1%2Fenzymatic.jpg&ei=BUXgUvKCNMrqkAfUsIA4&bvm=bv.59568121,d.eW0&psig=AFQjCNHzlP_Q9jbn6g8QzzobCIPQKB_aQ&ust=1390515846363485" "Mozilla/5.0 (Windows NT 6.1; WOW64; Trident/7.0; rv:11.0) like Gecko"

He was now copying another image onto Word:

108.55.90.173 - - [22/Jan/2014:15:24:37 -0700] "GET /scientificenlightenment1/enzymatic.jpg HTTP/1.1" 200 48427 "-" "Mozilla/4.0 (compatible; MSIE 7.0; Windows NT 6.1; WOW64; Trident/7.0; SLCC2; .NET CLR 2.0.50727; .NET CLR 3.5.30729; .NET CLR 3.0.30729; Media Center PC 6.0; MDDC; InfoPath.2; .NET4.0C; .NET4.0E; MSOffice 12)"

He was evidently forging evidences of my plagiarism.

Earlier in the morning, he had heard the complaints from the LUG buddies and the Secret Society women ("This is the stalker's website... The police won't act! What do we do? Look, the police refuse to acknowledge that the Homeland Security warning about him is valid because they refuse to acknowledge that he plagiarizes!") and so came to check out my website. He read my writing on special relativity to consider whether a case about my plagiarism could be made from it. Now he took a look at my gallery to understand better what the fuss was about. 5:01 PM, he came to Academy:

Not sure how to prove that it was all plagiarized.

Half an hour after the Secret Society women had sent the link to the hacker image to the Ecuadorian volunteer, they sent the links to this volunteer in Stevenson Ranch. “Look at these hacker images. How can we convince the police that he is using his website to hack people’s computers, just as the Homeland Security warning has claimed?”

It should be noted that there were three visits today to Ms Kudo's portraits.

23 January (Thursday, torture, headache)

First, a note about myself. Around 7 AM, I again slept by the stairs. Later, the manager came down with a man to check on me. She called somebody. I went back to my room to sleep. I woke up exactly on 11:16 AM – as if this meant something (my “delusional” mind) – suffering extreme headache.

I skipped the Stammtisch tonight. Around 8 PM, when I was at home, the manager knocked on my door with another Korean man. They were frantic and calling people. I ignored them and quickly left, for fear of being forcibly taken to the hospital (Homeland Security and the Secret Society women's operation). I wrongly supposed that the manager had just received an alert about me from the police.

I collected damages tonight. GLNDL: 1 W, 2 N. 3 mirrors/ side windows. 4 B. A few store fronts. I came back home around 12 AM and slept inside the closet.

Now the Secret Society women's operation. 4 AM, mail.amtelecom.com.br, Cricluma, Brazil.

Is this related to the Secret Society women's operation? Did they inform somebody in Purdue University that an insane stalker who was on Homeland Security's watchlist had developed delusions about the University's research program? Did they inform Mr Chaturvedi that this insane stalker had developed terrifying delusions about him? (Since Homeland Security had warned that he constantly developed delusions about famous people.) Namely, did the Secret Society women encourage Mr Chaturvedi to open a stalking claim against me at the TMU?

In summary, Aamoy and his LUG buddies continued to brainstorm how to persuade the UCLA Police to take action against my website. They spent the whole day waiting for me to post something new on my blog – hopefully something incriminating. Three volunteers also checked out Ms Kudo's portraits today.

24 January (Friday)

First, a short note about me. I woke up around 10 AM. 12:50 PM, I posted something new on my blog: "The UCLA Geek Group... Part III", i.e., the blog post you see for 24 January. Finally!

I collected a little damages tonight: SM/ 25th: 3N, 7 mirrors/ side-windows, 6 B (2 unbroken). Several store fronts.

Now the Secret Society women's operation. 4:50 AM,

He was the first person to discover my new blog post. He would have seen that I had successfully identified him (this "UCLA network administrator" was a leader among the LUG buddies) and that I had some inkling as to what his gang was doing together with the Secret Society women, but he would have also seen that I had developed many wrong scenarios about what was going on, which could be used as evidence of my severe insanity. The Secret Society women were telling this volunteer about my severe delusion (that I believed there were chips planted in my brain) and he came to my Youtube channel to see it for himself. He clicked on the link under the video and then on one of the tags:

In sum, the LUG buddies had discovered another new blog post about them. They must be quite happy about it. It was sufficiently “delusional” that they had probably reported it to the UCLA Police (perhaps around 6 or 7 PM). This is probably why they didn’t visit my website tonight. But of course the detective would have simply ignored them. There were also four visits to Ms Kudo’s portraits today.

26 January (Sunday)

First, a note about myself. I spent the night in the Starbucks on Prospect/ Vermont (9 to 11 PM). Then I collected damages on FRKLN. 4 N. 4 mirrors. SCRTGRDN: shattered; lines. 2 intercoms. When I came home around 1 AM, a police car seemed to be stalking me. I again assumed (most likely

The LUG buddies and the Secret Society women were brainstorming: perhaps this could be used as the evidence needed: I was both insane and a danger to myself and others.

In sum, the LUG buddies spent the whole night brainstorming: they needed more evidences of my insanity to persuade the UCLA Police. It was probably Homeland Security CO chief himself who was behind all the panicking since, day after day, there was no evidence intercepted into the ICJ to prove that his warnings about me were correct. There were also five visits to Ms Kudo's portraits today.

27 January (Monday)

First, a note about myself. Around 4 AM, I slept inside the closet. When I woke up on 10 AM, I was interrogated by the landlord. I gave her an empty check. I wrongly assumed that, because I had guessed Kiersten's gang's plan, the police instructed my landlord to hold off on calling them to hospitalize me on 5150.

I posted a new post on my blog on 2:03 PM: "The UCLA network administrator is helping Kiersten to go after me, Part V". I was revising it until 2:19 PM. As you can see, it was full of wrong scenarios, but that was my understanding of the situation at the time. Then, on 5:48 PM, when I came to the storage facility, it was closed, and they would not let me in. I was very angry and wrongly assumed that it was the control center which was provoking me.

At Best Buy, there were no discs other than Memorex. I wrongly assumed that it was Homeland Security CO chief's trick. I spent the night in the Panera Bread in Altadena. I posted another new post on my blog, "The Hospitalization Plan" ("The UCLA network administrator is helping Kiersten to remove me and suppress this website"). I then collected damages nearby. The police tried to ambush me two times. I wrongly assumed that the police was well aware of my damage collection, and that, wherever I went, the local police would be notified by Homeland Security.

Now the Secret Society women's operation. 4 AM, Chiang Mai, Thailand,

118.172.96.87 - - [27/Jan/2014:05:00:39 -0700] "GET /gallery/himiko.jpg HTTP/1.1" 200 98000 "-"

4:02 AM, it's Aamoy again. He was in his own room.

128.97.50.150 - - [27/Jan/2014:05:02:24 -0700] "GET /blogs/2013/10/26/four-women-try-to-knock-down-my-website-part-11-the-new-complaint-team-and-imminent-hospitalization-on-5150-1024-1025/ HTTP/1.1" 200 22800 "https://www.google.com/" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/32.0.1700.76 Safari/537.36 OPR/19.0.1326.45 (Edition Next)"

His discussion with the Secret Society women continued: "Perhaps this could be used as evidence to convince the UCLA Police that he is insane and dangerous." It's now clear that the LUG buddies were planning to make additional efforts to introduce the Secret Society women to the UCLA Police Department detective in order to reinforce their case. "He has also developed this delusion about this group of women... and believes we are working together to go after him...."

It seems that the Secret Society women and the LUG gang now sent the link to my blog post series to this “expert” in Moscow. “He believes there are chips planted inside his brain.... We are trying to convince the police that the Homeland Security warning about him is correct and that he is dangerous because he is too insane....” Again, the Russian group was typically assigned to the task of reporting on my delusions about being chipped in the brain.

This seems to be the same “Pomona” (Long Beach) friend of the LUG buddies. The LUG buddies had now discovered my new blog post. They must be euphoric. All the wrong scenarios about the Secret Society women’s arrests on 1 November and the Republicans and so on were perfect evidences with which to convince the police that I was insane and therefore very dangerous – just as the Homeland Security warning about me had claimed.

Were the Secret Society women contemplating bringing my family members' (i.e. Uncle Chad's) complaints to the attention of the UCLA Police as well?

This volunteer, having just heard the news, was here to examine my latest delusions about the Secret Society women and the LUG buddies. And yet, he would discover that I had just posted another blog post detailing how the women and the students were planning to use my landlord to hospitalize me. Excellent evidence of my grave insanity. The LUG buddies must be euphoric.

In summary, the LUG buddies had obtained more evidences of my grave insanity today. They were ready to go back to the UCLA Police. They would emphasize the role of the Secret Society women as well and bring up Uncle Chad's past stalking claim against me. There were also three visits to Ms Kudo's portraits today.

28 January (Tuesday; terrible sleep deprivation)

First, a note about myself. 2 AM, I was at IHOP in downtown. My laptop froze for a long time. I rebooted it twice. As noted in my blog post, I didn't plan to go home tonight. Around 4:15 AM, I slept on the street near Normandie and Wilshire. I woke up around 9 AM. I came to Coffee Beans to work (Normandie). I called the American Psychological Association. I was told that Dr P used to be a member, but had withdrawn her membership. I developed the wrong scenario that it was because Dr R had complained to the APA or because the whole gang was arrested on 1 November. (Nonsense!)

1 PM, I was at the storage. Every time I burned a new disc, I would immediately come to the storage to put it into my unit so that, in case I should get forcibly removed, at least my discs would be safe in my storage. I then called Mr Rodriguez to cancel my consultation. (Smart move!) However, Mr Rodriguez's secretary called me back immediately wanting me to speak with him. Why?

Oct. 2018 – Feb. 2019, rev. Jul. 2021

Then I was sleeping in front of the Theosophy Hall. Almost 3 PM, the police came to tell me to leave. I then stayed in Coffee Bean until 9 PM (Normandie), continuing to work on the second chapter of "On the Periphery of Karin's Meetups". A pair of police officers came in three times. They politely nodded their head upon seeing me. I wrongly assumed this was an operation: to mislead me to believe that nobody was trying to hospitalize me (to get my defense down).

I collected damages tonight around Western/ Hollywood and then in West LA: 6 mirrors/ sides, 2 W, 4 N. Several store fronts. A security vehicle seemed to be lying in wait for me in front of an office for lease. I wrongly assumed that they were here for me, that they assumed that my preferred target would be an empty office for lease.

Now the Secret Society women's operation. 4:44 AM,

This is evidently a LUG buddy. Perhaps Aamoy and the LUG buddies were already at the UCLA Police station around 1:40 PM turning over the new evidences they had collected: "This stalker has developed strange delusions about us and this group of women.... His insanity scares us tremendously.... This Homeland Security warning about him is totally correct... Please remove his website." The Netherlands volunteer might be calling in to report seeing violent videos on my website as well. But the detective simply sent them home. And so now the LUG buddies were checking my blog to see if I had posted anything new.

In sum, the LUG buddies went to the UCLA Police in early afternoon and, after the police rejected their case and threw away the Homeland Security warning about me, they spent more time discussing how to make better use of my Nicaragua videos. Perhaps also how to invite Robin to join the complaint. The Secret Society women also continued trying to locate Ms Kudo (a total of six visits today).

29 January (Wednesday; Karin's meetup)

First, a note about myself. 2 AM, after collecting damages, I came to the Starbucks in Westwood. What appeared to be a student surveillance agent passed me by. He stared at me intensely, as if recognizing me. I thus developed the wrong impression that the UCLA administration had placed me on some sort of watchlist. (It's possible that the student had simply recognized me after seeing the Homeland Security warning about me.)

Around 4 AM, I posted my latest blog post, "The UCLA network administrator is helping Kiersten to go after me, Part VI", in which I hypothesized what Kiersten and her gang members would do, and would require the TMU to do, to cover up their operations from me. Again, completely wrong scenarios! I then slept in Westwood Village instead of going home. A vagrant was sitting next to me between 7 and 9 AM. Paranoid that law enforcement was onto me thanks to the Secret Society women, I assumed he was law enforcement's surveillance. Was it? (The TMU *could* be conducting surveillance on me as part of their joint investigation with the UCLA Police to disprove the Secret Society women's case.) I woke up around 10:30 AM.

I then spent the morning in the Starbucks in Westwood, and then, 2 PM, I went to the Social Security Administration on Olympics, but it was closed because it was Wednesday. Frustrated. I then came to the Santa Monica public library.

6 PM, when I finished writing about the "American Macrospherians" on my "Conclusion to the Syrian scandal" (completely wrong scenario), Word malfunctioned. I wrongly thought it was because "evidence was taken" (as if I had speculated correctly!). I exited the public library and came to

Starbucks. I was thinking about taking a break from the collection of damages. Not allowed. Police officers and military personnel came into the coffeehouse to provoke me. Then not allowed to connect to the Internet to back up my files. I assumed it was all because the control center was requiring me to collect damages. In reality, it was just the Monkey: Homeland Security CO chief wanted me to commit crimes tonight hoping that this might help the LUG buddies' case tomorrow.

From 11 to 11:30 PM, my website, Bluehost, my Gmail account, my Youtube account – all inaccessible. All accounts blocked. Extreme anger. I felt as if I was banned from using the Internet. Just further provocation from the Monkey.

Guided by my wrong understanding that the Secret Society women were successful with the TMU, when I saw Aamoy's visits today, I wrongly hypothesized that, with his friend in Santa Monica tonight, he had made a false report to my landlord asking her to hospitalize me. That the police then helped him by blocking my access to my accounts. That police then informed him that I was going back to my apartment, and so an opportunity to hospitalize me. The reason being that I had collected damages in the Westwood area last night, close to UCLA, and then hanged out in Westwood Village in the morning. And then in Santa Monica tonight. However, I was only going home to exchange things. I collected minor damages in Downtown: 1 W, 1 N. 4 B (1 at LWLB).

Note that, tonight, Karin attended her Any Language and Culture Meetup: 7 PM, at Amigo's, and then the movie "The Book Thief".

Now the Secret Society women's operation. 5:11 AM, 192.222.149.42, cable-192.222.149.42.electronicbox.net, Montreal. As shall be seen, this was a friend of Gaurav's:

The third visit to Ms Kudo's portraits today.

11:39 PM, pool-72-67-117-188.lsanca.dsl-w.verizon.net. Los Angeles. It's Aamoy:

72.67.117.188 - - [30/Jan/2014:00:39:56 -0700] "GET /blogs/ HTTP/1.1" 200 67837 "-" "Mozilla/5.0

Safari/537.36 OPR/19.0.1326.45 (Edition Next)"

Aamoy was checking out the crazy stuff I had written about his gang's operation this morning. Note that his computer seems to have been updated: "Chrome... 76" instead of "55", and "OPR... 45" instead of "21". He seemed to be staying with his friend in Santa Monica tonight and both of them were discussing me. Less than a minute later, his friend also visited my web gallery:

72.67.117.188 - - [30/Jan/2014:00:40:33 -0700] "GET /gallery/gallery.html HTTP/1.1" 200 12670 "-"
"Mozilla/5.0 (Windows NT 6.3; WOW64; rv:26.0) Gecko/20100101 Firefox/26.0"

22 seconds later, his friend also checked my blog.

72.67.117.188 - - [30/Jan/2014:00:40:55 -0700] "GET /blogs HTTP/1.1" 301 605 "-" "Mozilla/5.0

They were considering going back to the UCLA Police tomorrow with this new evidence plus Gaurav's complaint.

This volunteer was here on the morning of 28 January doing the same search.

In summary, because the police had rejected LUG buddies' case yesterday, the Secret Society women contacted Gaurav and asked him to add his complaint to the case. The LUG buddies were also planning to use my new blog post as evidence of my grave insanity. Today, there were three visits to Ms Kudo's portraits and 10 visits to the painting of Queen Himiko.

30 January (Thursday; sleep deprivation, computer malfunctioning)

When I came home, I slept on the streets in the Normandie area to avoid possible hospitalization. I woke up around 9 AM. Only 4 hours of sleep. Very sleepy.

9:30 AM, my website was up again. I started checking my visitors' log. All websites for tracing IP

addresses were blocked. I wrongly assumed it was because the police and Homeland Security were continuing to help the Secret Society women. I was thus unable to confirm if the IP address from Aamoy was indeed Marianne's. Also, I was not allowed to use TOR.

Because I was sleepy and yet afraid to go home, I slept in a street corner in the Santa Monica/ La Brea area, from 2 to 6:30 PM. I was not allowed to sleep even though I had taken two sleeping pills. I would be sleepy and tired all night.

Tonight Homeland Security CO chief would torture me severely. 8 PM, when I was in the Starbucks on Santa Monica and La Brea, all browsers froze. I rebooted my Asus. Froze. Rebooted it again. The computer was extremely slow. I wrote this down on my diary. Microsoft Word crashed. Rebooted it again. Word went into repair. It then crashed. Rebooted it again. Word froze again. Severe anger, then severe pain, then seizure. Then severe pain again. Evidently, Homeland Security CO chief was requiring me to collect damages tonight. I didn't have the patience to wait for the Metro to go home to exchange things. I got on bus 207, but, just then, my laptop returned to normalcy. I stopped briefly at Tom N Toms. No time to do any writings today. I wanted to go to Vermont to collect damages. Metro in repair. No train. I was thus required to take the bus to BRNTWD. Upset because I seemed to be required to not plan for collection. 2 W, 4 N, 5 B. Several store fronts. 5 mirrors/ sides.

It was such a mystery to me why Homeland Security CO chief suddenly attacked me so severely tonight. Soon after the 7 February incident, I would develop this wrong scenario to explain it all: On 27 January, Homeland Security CO chief read from my blog about how what would happen depended on how evidences would be erased. He was worried that I might be right, that the government had set him up and his star witnesses for arrest in order to erase or rewrite evidences in the ICJ. He decided to break into the control center. He traced the signals from the chips inside my brain and found the control center by 30 January. He went inside, looked at the computer, and discovered that he and Kiersten's gang were indeed due to be arrested. He asked the computer in the control center how to get out of this predicament. The computer replied: delete the setting that was taken into evidence and then change the setting to get the computer to show the opposites of my thoughts instead of my thoughts, resulting in my new profile conforming to Secret Society women's lies about me. Then he asked the computer to begin torturing me to provoke me to violence. Thus the torture starting from 8 PM. Mr Homeland Security CO chief then told Kiersten's gang that he had found the control center and was now able to remotely control me to collect damages. The women were happy. They asked Homeland Security CO chief to control me to become violent so that they could report to the police saying I was violent and oblige them to hospitalize me on some other pretext.

This scenario, complete bullshit, I would write down on my blog on 11 February. In reality, Homeland Security CO chief wanted me to collect a lot of damages tonight just like yesterday because the LUG buddies went back to the UCLA Police in the afternoon and got rejected again and, seeing that they couldn't advance their case with the UCLA Police, he thus wanted me to do something reckless hoping that I might per chance get arrested. The UCLA Police would then be forced to take these students' claims more seriously. He would then also have evidences in the ICJ to confirm that his warning about me was correct.

The Secret Society women were suggesting to the LUG buddies that my “delusions” about Khalezov could also be used as evidences to convince the UCLA Police that the Homeland Security warning about me was correct (since I seemed to be developing delusions about a public figure here). In other words, they must have asked Khalezov to add his complaint to the LUG buddies’ case as well.

Recall that there was a visit to this book review from Montreal on 25 November. If *that* was Professor Ménard, then *this* visit today was Professor Ménard's friend, and vice versa. The Secret Society women seemed to be asking Professor Ménard to add his complaint to the LUG buddies' case as well.

Note that the user-agent had changed. It was not even clear whether he was actually using an Ubuntu instead of a MAC or whether the user-agent was generated by the proxy.

It could very well be that Aamoy and his LUG buddies were at the UCLA Police Department around 2:30 PM turning in the new evidences about my insanity along with Gaurav's and Khalezov's complaints (perhaps also Robin's and Professor Ménard's). This 2:35 PM LUG buddy could be showing my blog to the detective. Needless to say, the detective wasn't convinced that I needed to be arrested and my website removed and dismissed the Homeland Security warning once again.

In summary, the LUG buddies went to the UCLA Police again this afternoon with new evidences and more people's complaints (not just Gaurav's, but also Khalezov's), and yet failed to get anywhere again. Around evening, the Secret Society women discussed the impasse with Homeland Security CO chief, and the latter proceeded to instruct the Monkey to torture me severely hoping that I could be reckless with my collection tonight and get arrested. But the operation failed. There was only one visit to Ms Kudo's portraits today.

31 January (Friday; sleep deprivation, computer malfunctioning)

First, a note about myself. I slept on the street in the Normandie area around 3AM. I woke up around 9 AM. At Coffee Bean burning a new disc. I then went to the storage facility. Noon, I thought I was remotely controlled to get off the train at the wrong stop and end up in USC/ Exposition. I wrongly assumed it was an operation to increase the alarm about me on university campuses. Then my Word malfunctioned to provoke me.

Finally, I came to the storage. My laptop froze to prevent me from making a directory for DVD 347. Extreme anger. Then, when I was in the food mall, keypad malfunctioned to prevent me from logging in. Extreme anger. I rebooted my laptop. And yet I couldn't reboot. Then I was able to reboot my laptop. Then Word froze to prevent me from making this entry. Extreme anger. It seems that the Monkey was continuing to provoke me to collect more damages.

Then, while at the Metro station, I was detained by the police and given a ticket. I came back to Coffee Bean, Normandie, around 3:30 PM. I continued to work on my writing (Part II of "On the Periphery of Karin's Meetups"). I came up with the wrong scenario that the ticket was an operation: I needed to be identified by the police again to get ready for hospitalization.

I then theorized (out of pessimism) that, as long as I seek to relate to other human beings, the only possible relationship that will result is that of enemy in war, because interaction in peace requires higher functioning of the brain (sharing feelings, insights, and opinions using language) of which my fellow human beings are no longer capable. War of annihilation is all that of which people are capable in my regard. And yet a human being always seek to relate to other human beings. *(I failed to understand that everyone was my enemy because of Homeland Security – Homeland Security CO chief was fond of manipulating every human being around me to attack me: he would first tell people his lies about me to galvanize them to hate me and then recruit them into his enterprise against me. As always, he saw everyone else as merely his instrument to accomplish his own selfish objectives (beating down the CIA, trashing me, and escaping conviction) and couldn't care less about whether these objectives were in other people's interest. This state of affair would last for the next 8 years.)*

Today, Cluster Maps recorded a visit from Honolulu, i.e. Dr R's Hawaii friend, on 12:19 PM. However,

Kiersten's vengeance, 5
Lawrence C. Chin
Oct. 2018 – Feb. 2019, rev. Jul. 2021

I couldn't locate the visit on my log. I theorized wrongly that Dr R's friend's visit was erased from the server's log, that Homeland Security CO chief was helping the Secret Society women by altering my log through Bluehost.

5 PM, I couldn't access my Sky Drive. I wrongly assumed it was because law enforcement had blocked it – in accordance with my wrong scenario about what was going on. I then posted a new blog post summarizing all my wrong understanding about the Secret Society women's operations in the past few days. This is the blog post you see for 1 February: "The UCLA network administrator is helping Kiersten to suppress this website, Part VII".

Around 11 PM, I came to Long Beach to pass the night. SP (1 side window). No other collection of damages.

Now the Secret Society women's operation. 4:53 AM,

As noted, when I saw this visit on my log, I developed the wrong scenario: “The visit is probably orchestrated. The visitor is a government actor who will contact the LUG buddies to ask them what the fuss is about. The police will then have evidence that my blog harasses people.” In reality, this was probably just a friend of the LUG buddies coming to take a look (why the evidences of my insanity were insufficient). 6 seconds later, he came to the front page of my blog:

³ We'll see this volunteer coming repeatedly in the coming year, and we have to suspect if this was just Kiersten's best friend (Sarah) Aysha Massell, who at the time was living in Oakland (1131 24th St. #209) rather than in Berkeley. She did have a Comcast email address, though (sarahmassell_at_comcast.net).

The seventh visit to Ms Kudo's portraits today.

In summary, the LUG buddies and their friends spent the whole day brainstorming for solutions to their current impasse. (Again, behind the panicking was Homeland Security CO chief's worry that the previous ICJ trial was at risk of being reopened by the CIA.) They might have discovered my 1 February blog post, which they would certainly use as further evidence that I was insane and a danger to them (developing so much delusions about their going after me with a group of women, law enforcement, and the government). The increasing number of visits to Ms Kudo's portraits, along with the fact that many of them came from Japan, seems to suggest that, today, the Secret Society women had finally located Ms Kudo! As Ms Kudo would soon become a prominent member in the Secret Society, nobody could have guessed that she was here as a law enforcement informant: the Japanese intelligence which was running her was obviously supportive of the Invisible Hand's effort to reactivate the previous ICJ trial.) There were also 5 visits to the painting of Queen Himiko today.

1 February (Saturday)

First, a note about myself. I woke up from the street corner in Long Beach around 9 AM. I came to Portfolio. 12:45 PM, my Internet access was cut off to prevent me from tracing IP addresses. I assumed (wrongly) that it was police action. 1:15 PM, my Internet access was cut off to prevent me from looking up information on Washington DC Public Library and American Psychological Association. I again wrongly assumed it was the TMU (i.e., to protect Dr P).

I then took a nap on the beach. I came back to Portfolio around 5 PM. 6:30 PM, I deleted Angelica's and Veronica's last names from all the tags on my blog. A white guy wearing earphones was sitting in front of me. I couldn't escape the impression that this was the TMU's surveillance agent. 7:15 PM, after I had deleted everything, the "surveillance agent" left. And there didn't seem to be any more surveillance in Portfolio throughout the rest of the night. I developed the wrong scenario that the TMU had withdrawn their surveillance at the right time in order to signal to me that I had done right (i.e. done the right thing to invalidate the Secret Society women's stalking claim against me – because they were only forced to accept it). Because of this, I decided to skip collecting damages tonight in order to avoid provoking the police. 11 PM, I slept across the street from 711, near Long Beach Blvd. Soon, security guards came to ask me to move. Strangely, they suggested very politely: "Move beyond 4th street and no one will bother you there." I wrongly assumed it was the TMU's secret message to me telling me I would be safe (that they hated these women as well)!

Now the Secret Society women's operations. 4:36 AM, au-net.ne.jp, Mitaka, Japan,

Angelica's naked picture?

Now let's sum up. The hype over Ms Kudo's portraits had ceased by 6 AM today. A total of 10 visits within 24 hours. There were no visits from the LUG buddies today. What's going on? It could be that, because it was Saturday, the UCLA detective was not on duty and that Aamoy's gang decided to take a

break. The Secret Society women then spent the whole day talking to Ms Kudo and working on incorporating her complaints into their case. Their volunteers continued to brainstorm how to falsely report me for plagiarism. There were also 5 visits to the painting of Queen Himiko. The hype about Angelica's naked picture?

2 February (Sunday; break from sleep deprivation)

First, a note about myself. I woke up almost 11 AM. Only slight sleep deprivation. But severe migraine. I then stayed in Portfolio all afternoon. On 7:30 PM, I deleted all the tags in the "UCLA network administrator" series. I again skipped collecting damages tonight, fearing that I might provoke the police. I came back to LA, exchanged my things at home, got new discs, and burned DVD-349 in Tom N Toms. Then, 10:30 PM, my computer froze. Rebooted it. DVD-349 destroyed. And my recorder was turned off by accident. My phone couldn't be charged. All my communication was cut off! I was terribly angered. It seems that Homeland Security CO chief wanted me to regain the mood for collecting damages. I reburned DVD-349, and discovered that I was no longer automatically logged in on Youtube on Google Chrome. I didn't collect damages tonight, but went to sleep on the street corner in the Normandie area around 12:30 AM.

Now the Secret Society women's operation. 4:43 AM, mesh.ad.jp, Chiba, Japan,

Kiersten's vengeance, 5

Oct. 2018 – Feb. 2019, rev. Jul. 2021

this morning (7 times). The Secret Society women and the LUG buddies were working on how to better incorporate Ms Kudo's complaints into their case. The women then spent the rest of the day brainstorming with their volunteers how to better report me for plagiarism. Then, a little after midnight, the Beverly Hills LUG buddy checked on my blog to make sure there wasn't anything new.

3 February (Monday)

First, a short note about myself. I woke up on Normandie around 10 AM. There seemed to be surveillance around me. (*Homeland Security CO chief?*) I came to the storage and put in my newest DVDs. I then came back to the Coffee Bean on Normandie around 1:30 PM. I would spend the whole day working on "On the Periphery of Karin's Meetups" (Part II): it was almost done. Suddenly, my Microsoft Word crashed, and "On the Periphery" had to be repaired. Some anger. I then worked all night in Tom N Toms, at last finishing "On the Periphery". (*Again, pay attention to my progress with my writings since this was the reason why Homeland Security CO chief was targeting me.*) I then went home, burned DVD-350, and slept inside the closet.

Now the Secret Society women's operation. 4:54 AM, jazztel.es, Granada, Spain,

Let's sum up. This morning, the LUG buddies checked my blog looking for new posts but didn't find any. Then, six visits to Ms Kudo's portraits (mostly from Japan) in the early morning hours. Then, nothing in particular, except for the Secret Society women's volunteers' brainstorming about how to report me for plagiarism. Perhaps the LUG buddies had gone to the UCLA Police Department around noon, this time submitting Ms Kudo's complaints which the Secret Society women had persuaded her to make (how I had become obsessed with her and put her portraits on my website without her consent). Again, the purpose was to force the detective to validate the Homeland Security warning about me, but, needless to say, the detective rejected their case again. Then, after midnight, two more volunteers checked on Ms Kudo's portraits – in view of the fact that the police had shown no interest in her stalker. Note that there were only two visits to the painting of Queen Himiko today.

Oct. 2018 – Feb. 2019, rev. Jul. 2021

First, a note about myself. I woke up inside the closet on 10 AM. After eating, I stayed home and watched the Japanese movie “226” (1989), and then fell asleep again. I then woke up on 3:30 PM, showered, and came to the storage to put in my newly burned DVD. **3 N.** I then came to Little Tokyo and stayed in the bookstore to read about 226. I then came back to Tom N Toms. Tonight I would sleep inside the closet again.

Now the Secret Society women's operation. 4:25 AM, uoks.uj.edu.pl, Krakow, Poland,

The Secret Society women sent the instruction for the search to this person and he proceeded to search directly from his Gmail account. Could this person be Mr Ponomarev himself? Namely, could it be that the Secret Society women had contacted Mr Ponomarev to tell him how a serial stalker who was on Homeland Security's watchlist had violated his privacy and tried to recruit him to add his complaint against me to the LUG buddies' case? (If so, the Russian intelligence SVR might have played the role of the intermediary.)

Let's sum up. The Secret Society women and the LUG buddies spent the whole day brainstorming how to convince the UCLA Police to take their case seriously. They seemed to have contacted, and attempted to recruit, Mr Ponomarev. But they spent most of the day brainstorming how to convince the police that I was a plagiarizer. There was but one visit to Ms Kudo's portraits today evidently because the UCLA Police had shown no interest in her complaint.

5 February (Wednesday; sleep deprivation; Dr R)

First, a note about myself. When I was sleeping early this morning, I watched an excellent documentary: "Anita und Rita: Tod vom zeiwier Bibelschulerinnen." The two girls were killed in Yemen. This, after I had many thoughts about "Yemen women hating Dr P" during the weekend. The coincidence caused me to wrongly suppose that the control center had orchestrated my watching this documentary. Trained to look delusional!

I woke up around 10 AM and came to Tom N Toms, 11:30 AM, my laptop froze, I was slightly frustrated, feeling uncomfortable because it was just after I had some positive thoughts. Then, Word disappeared from my APP list. 4 PM, I was in Santa Monica Public Library. I checked out Antonia Grunenberg's *Hannah Arendt und Martin Heidegger* and Franz Kafka's *The Castle* in both English and German.

I then collected minor damages in Santa Monica: 2 N. Several office doors. 1 mirror. 1 B (school). This is my first collection since 31 January! And it hardly amounted to anything.

4:30 PM, cpe-23-243-157-129.socal.res.rr.com, Los Angeles,

```
23.243.157.129 - - [05/Feb/2014:17:30:14 -0700] "GET /blogs/2013/01/ HTTP/1.1" 200 15197 "http://www.google.com/url?sa=t&rct=j&q=&esrc=s&source=web&cd=1&cad=rja&ved=0CCcQFjAA&url=http%3A%2F%2Fwww.lawrencechin2011.com%2Fblogs%2F2013%2F01%2F&ei=hdfyUv6zEMyFogTstoLQDg&usg=AFQjCNH_eSIZIhcOJz0TQ5icltFSOMm7Ug&sig2=HKVoCwMxVKd-bOKHzOoq1g&bvm=bv.60983673,d.cGU" "Mozilla/5.0 (X11; Ubuntu; Linux x86_64; rv:24.0) Gecko/20100101 Firefox/24.0"
```

This was obviously one of the LUG buddies. 43 seconds later, he came to the series for this month:

```
23.243.157.129 - - [05/Feb/2014:17:30:57 -0700] "GET /blogs/2014/02/ HTTP/1.1" 200 18661 "http://www.lawrencechin2011.com/blogs/2013/01/" "Mozilla/5.0 (X11; Ubuntu; Linux x86_64; rv:24.0) Gecko/20100101 Firefox/24.0"
```

Checking to see whether there was anything new. No. Two minutes later, he came to the very beginning of the blog:

```
23.243.157.129 - - [05/Feb/2014:17:32:43 -0700] "GET /blogs/2012/04/ HTTP/1.1" 200 66783 "http://www.lawrencechin2011.com/blogs/2014/02/" "Mozilla/5.0 (X11; Ubuntu; Linux x86_64; rv:24.0) Gecko/20100101 Firefox/24.0"

A minute later:

Examining my “delusions”. Everyone was brainstorming how to convince the UCLA Police that, because I was insane, I was a danger to myself and others – just as the Homeland Security warning had warned.

Apparently, as the Secret Society women and the LUG buddies were brainstorming with their volunteers how to convince the UCLA Police that I was dangerous because I was insane, Homeland Security CO chief ordered Dr R to help them. He was desperate since, day after day, he had intercepted no favorable evidence into the ICJ. Dr R would be ordered to add her complaint to LUG buddies' case ("He was my patient and he also violates my privacy by blogging about me") in addition to submitting her "professional judgment" ("It's my professional judgment that, because he's delusional, he's a danger to himself and others").

The sixth visit to Ms Kudo's portraits today.

By 12:50 AM, I had checked my log and discovered Dr R's activities on my blog this afternoon. Through negligence, I had not changed every "Dr Roach" into "Dr R". I went into my blog and changed all remaining "Roachs" into "Rs" and then posted a notice to such effect (the blog post you see for 6 February).

Angelica's naked picture?

Let's sum up. The Secret Society women spent another day brainstorming with their volunteers how to convince the UCLA Police that I was dangerous because I was insane and that my website must be removed. Note especially the brainstorming effort of the New Albany volunteer around noon and the Los Angeles LUG buddy around 4:30 PM. Homeland Security CO chief then ordered Dr R to help them. After Dr R had finished today's work, around 5:20 PM, she talked to the Secret Society women and the LUG buddies. She agreed to add her complaint to their case and submit her "professional

judgment” that I was dangerous. There were also 8 visits to Ms Kudo’s portraits today – spread out over the entire day as the hype over my “stalking” of her exploded now that the woman herself was involved. (Although the Secret Society women had tried to scare her by sending her Homeland Security’s warning about me and then “Chaya’s warning” – “This is a serial stalker on American Homeland Security’s watchlist! You are in danger!” – they weren’t aware that the Japanese law enforcement had already instructed her to ignore the warnings as fraudulent and to spy on these American women instead.) There were also 7 visits to the painting of Queen Himiko.

6 February (D-Day, sleep deprivation)

First, a note about myself. I slept around 4 AM inside the closet and woke up on 9 AM. I lounged around until 11 AM. Then I came to Tom N Toms. I would feel sleepy the whole day.

Then, in the afternoon, I came to DMH’s Patients’ Rights Office. I talked to Mr Jibri and asked him to call Dr R to ask her about her visits to my blog yesterday. I then came back to Tom N Toms. 4:45 PM, I talked to my aunt Winnie on the phone (from 55:00 onward). I asked her questions about my cousins trying to gather proofs that they were part of the Secret Society women’s enterprise against me. And yet aunt Winnie gave me all the information that disproved my theory. I assumed she was lying to me about a lot of things, such as Evelyn’s move to Colorado last October, in order to hide from me my family’s involvement with the Secret Society women. She must have thorough knowledge about Irene’s and Evelyn’s involvement with these women. My assumption was probably incorrect. Note that she told me her ISP was AT&T (1:15:00).

5:45 PM, when I had come home, my Asus laptop froze repeatedly, and I was extremely angered. I then checked Nelson’s and Gilbert’s addresses. I then turned off my Asus laptop. 8 PM, I was at St Sophia attending Bible study. I took note of the lessons today: “Do not mix different kinds” and the importance of “purity” in God’s Assembly. I believed erroneously that these were hints about the Macrospherians’ plan.

After Bible study, Homeland Security CO chief began his operation against me. He had decided that I was going to break a window and get arrested tonight. 9:40 PM, when I was in Tom N Toms, the Monkey began provoking me from the control center. He blocked my access to my website and to Bluehost. He also blocked my access to my Sky Drive. Then my Youtube account was not functioning. Only my other Youtube account was functioning. My Gmail account was functioning, and I was allowed to access my Bluehost account via FTP. By 11 PM, even my FTP connection was cut off. I was so angered that I decided to resume collecting serious damages – the first time since 30 January. This is precisely what Homeland Security CO chief had wanted me to do. First, I came to Vermont and Franklin. 1 W at TM. This was a wrong target, but I didn’t know that at the time. Then, I came to the vicinity of Union Station. There was a building for lease (an empty building) and I sprayed graffiti on one window and then broke another. The security guards from the museum next door came out, caught me, and detained me – just as Mr Homeland Security CO chief had predicted to Kiersten. Two police officers soon came. I was so angry – I was obviously set up – and was sure that I was going to jail. And yet one of the officers persuaded the security guards to simply let me go. He didn’t even write me a

ticket. Please consult the recording of the episode. Strangely, he said to me, “Are you an artist? Go be an artist. . . .” I would in the coming years always believe that the officer was communicating to me a secret message from the Invisible Hand: i.e. that the Macrospherians wanted me to be an “artist” in Heidegger’s sense, expounding my ideas about sustainable civilization and presaging the future. Was I wrong?⁴

After release, I came to Denny’s and checked my visitors’ log. That’s when I discovered that, at the very instant when I broke the second window (12:47 AM), Aamoy visited my blog! He was watching me remotely from his room when I was loitering around the empty building! Then my laptop froze up again, I restarted it, it froze up again, and I rebooted it again by force. I was severely angered.

Now the Secret Society women’s operation. 4:29 AM,

5:10 AM,

4 I might very well be correct in that, as noted, the Invisible Hand’s plan was for me to (unknowingly) prophesy about the future while looking insane for the moment for Homeland Security CO chief’s sake.

The fifth visit to Ms Kudo's portraits today.

9:32 AM, zen-inetgw-5b.nhs.uk, National Health Service, London,

It's quite amazing that the Secret Society women were able to recruit somebody from UK's National Health Service. Immediately, he clicked on one of the videos in the folder:

194.176.105.142 - - [06/Feb/2014:10:32:57 -0700] "GET /nicavids/8_11-3_09.wmv HTTP/1.1" 200

Perhaps this volunteer was a psychiatrist. In which case, he was asked to offer another "professional judgment" saying I was insane and violent and a danger to others. This, to reinforce Dr R's judgment from yesterday. This volunteer would come again on 28 March.

I had always assumed this was my aunt Winnie. Since she explicitly stated today that her ISP was AT&T, I assumed that, like Irene, she had changed it to Comcast. I also assumed that she was only pretending to help the Secret Society women here, that she was in fact working as the FBI's mole inside the women's gang. I would be all wrong. This was in fact just a volunteer who happened to be in the San Jose area. Brainstorming how to report me for computer-hacking.

Now, as noted, around 9:40 PM, while I was in Tom N Toms, Homeland Security CO chief initiated his operation against me. This seems to be what was going on. When the Secret Society women and the

LUG buddies couldn't get anywhere with the UCLA Police, he was equally frustrated because he couldn't obtain any evidence for the ICJ that his star witnesses' testimonies about me were correct. Something had to be done now or the CIA was about to reactivate the previous ICJ trial! Desperate, he planned for my arrest and the removal of my website tonight. If I could be arrested tonight and my website removed, that would be evidence in the ICJ that his (or the Monkey's) false profile of me was correct. This morning, he communicated his new plan to the Secret Society women: in order for the LUG buddies to convince the UCLA Police that I was dangerous because I was insane and that my website must be removed, he would control me to break a window at the right place tonight – recall that I had not broken any windows since 30 January. It would be the “right place” because the security guards would be waiting for me there and I would be arrested. Since he had chips inside my brain, he could guide me to the “right place” and control me to break windows there while knowing in advance when exactly all this was going to happen. He then told the women what to do. First of all, they and their LUG buddies should ask another psychiatrist to submit a professional judgment (the volunteer from UK's National Health Service) to the UCLA Police certifying that I was insane and dangerous. (To reinforce Dr R's professional judgment from yesterday.) Then more volunteers should report that I was a plagiarizer, that I kept Angelica's naked pictures on my website, that I hacked people's computers, and that my website was full of violent and delusional contents (i.e. the Canberra volunteer). Then, around 9 PM, Kiersten came to Aamoy's place to inform him that they would succeed tonight. Demonstrating her “psychic power”, she predicted to Aamoy that, around 12:40 AM tonight, I would break a window in the area around Union Station and get detained by the security guards. She then informed him that, given this prediction, her gang had instructed their investigators to set up surveillance in that area in wait for me and that she and Aamoy could access the surveillance on their computer so that they could watch me in real time tonight. Aamoy's job would be to (falsely) report to the police saying I had beforehand written on my blog that I wanted to commit crimes and hurt people tonight. The police, not knowing that everything was staged, would then conclude that I first made a threat on my blog and then carried out the threat and that this had only come to their attention thanks to a group of UCLA students who had been tracking this crazy guy who was on Homeland Security's watchlist. With the evidence of the threat and the arrest, the UCLA Police would then be forced to admit that they had been wrong in not acknowledging the Homeland Security warning about me as true and not taking the LUG buddies' complaints more seriously earlier and apologize and take action this time (remove my website).

There were no significant visits since 9:30 PM evidently because Kiersten and Aamoy were watching me very closely on their computer screen. By 12 AM, I was in the vicinity of Union Station. Then, on 12:43 AM, the very instant when the window was broken, Aamoy came to my blog:⁵

128.97.50.89 - - [07/Feb/2014:01:43:33 -0700] "GET /blogs/ HTTP/1.1" 200 65883 "-" "Mozilla/5.0 (Windows NT 6.1; WOW64) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/33.0.1750.46 Safari/537.36 OPR/20.0.1387.24 (Edition Next)"

Aamoy was either talking to an officer of the UCLA Police or to another officer handling 911 calls: "This insane stalker we have been complaining about and who is on Homeland Security's watchlist.... He says here on his blog that, tonight, he will go out to commit crimes and hurt people.... Near the Union Station, he says...." Of course I had never said such thing on my blog, but Aamoy and Kiersten were counting on the fact that the police would not bother to check my blog. Aamoy was willing to lie for Kiersten's sake because, as noted, he was madly in love with her and would even die for her. Both of them believed the police officers would soon take me to jail and then send me to state mental hospital. Now visits continued to come to my website while Kiersten, Aamoy, and the rest of the Secret Society women were celebrating their victory:

The eighth visit to Ms Kudo's portraits today.

By this time, a little after 1:30 AM, I was already released and walking back to downtown. Kiersten and Aamoy had no idea! What must have happened is that the CIA (the Invisible Hand), in order to prevent Homeland Security CO chief from succeeding in locking up the previous ICJ, had simply ordered the TMU to order the police officers that were handling my case to persuade the security guards to release me. Homeland Security CO chief must be furious with the CIA for screwing up his plan.

Before we leave, we should note that, today, the hype over Ms Kudo's portraits had continued. 9 visits! All except the first one came from Japan!

7 February (Friday; Wes)

First, a note about myself. I came home around 4 AM. 6 AM, I slept inside the closet. I woke up around 10 AM. Slight sleep deprivation. I came to Coffee Bean to check my log. I began developing the totally erroneous scenario that, last night, after Aamoy and Kiersten made their false report about me, the FBI broke in and arrested them. I was now in a good mood. I then went to the storage facility to put in my newly burned DVDs. Then, I was in the Little Tokyo library. I ate in Little Tokyo.

6:19 PM, while I was in Little Tokyo, I suddenly decided to call Wes. He immediately answered my call. This was the first time that we talked since 30 November last year. I told him about my wrong scenario: the Secret Society women came after me again with such vengeance after they were released from jail last November, and this time they assembled an even larger crowd. How bizarre the whole thing was, the Homeland Security guy was also involved, and everything was run like an intelligence agency's clandestine operation. "Even though the justice system is biased toward white women, it's usually a lot subtler..." Wes and I noted the siren on 20:00 as if that meant something. Then the reason for my predicament, "Chaya's warning". (*Wrong! It's more like the Homeland Security warning.*) Siren again on 26:00. I expressed my amazement at the enormous aggression with which the Secret Society women attempted to exterminate me. "Something is wrong with people nowadays, you and I are extinct species."

By night, while in the Starbucks on Vermont and Prospect, I wrongly concluded that the Republicans had orchestrated "Kiersten's revenge" in order to implement one half of the Macrospherians' austerity program for America, so as to pay back US debt to Japan. ("Feminist entitlement programs are too costly.") What a stupid scenario. And yet it would take me years to realize that I was wrong!

It should be noted that, today, Kiersten's friend "Cindy" posted the pictures of her Ensenada Cruise from last November on her Facebook page.

Now the Secret Society women's operation. 4:28 AM,

5:39 AM, he came to the front page of my blog:

This is about 4 hours after I was released. Presumably, the Secret Society women didn't yet know that the police had decided not to arrest me. They had already submitted to the police professional judgments certifying I was insane from Dr P, Dr R, and the UK National Health Service psychiatrist. Apparently they wanted to reinforce their case even more and so asked this Hong Kong expert to also submit his professional judgment certifying that my blog posts were proof that I was extremely dangerous due to the severity of my delusions (not simply about the chips inside my brain, but also about how the Secret Society women had teamed up with a bunch of UCLA students to go after me).

Aamoy and Kiersten would call up the police again and say: "Sir, this insane stalker on Homeland Security's watchlist we have reported to you earlier... We have an expert in Hong Kong and this is his professional judgment about the stalker's blog posts...." They assumed that I was now in custody.

This Ottawa volunteer would be here again on 13 February, 9:43 AM, looking at the same chapter. He was obviously making false reports about my plagiarism to the police.

In summary, since this morning the Secret Society women continued to submit false reports about my insanity, my danger to myself, and my supposed plagiarism and computer-hacking to the police convinced that I was already in custody. They sent a volunteer to check on my website around noon only to discover that it had never been removed. At some point Homeland Security CO chief would have informed them that the police had never taken me into custody last night. It seems that, disappointed, the Secret Society women continued to send volunteers to report my website to the police: "Sir, he really did put Angelica's naked pictures on his website... He really did plagiarize.... He really did put hacking materials on his website...." The police simply ignored them. There were four visits to Ms Kudo's portraits today, three of which came from Japan. The hype over Ms Kudo's portraits thus continued. There were also five visits to the painting of Queen Himiko.

8 February (Saturday, slight sleep deprivation)

First, a short note about myself. I went to sleep inside the closet around 2:30 AM. I woke up around 10 AM. Slight sleep deprivation. I then came to the Coffee Bean on Normandie to check my log. I inferred erroneously from the Secret Society women's volunteers' visits to my website that, this morning, the FBI had finished arresting all the Secret Society women's gang members they had planned to arrest. I

also developed this wrong scenario about Ekaterina:

There seems to be [a certain] numerology associated with the date of this incident: Ekaterina was born on 31/08/1986, and the number “26” seems to refer to my blog post about her on 31/8/2012 ($2 \times 6 = 12$). It is as if the control center was telling me, “Mr Homeland Security CO chief has changed the setting of the mind-reading computer. Now it's time for vengeance against the French – that's what you get for fucking with my daughter!”

I had no idea how wrong I was! I was simply being trained to look insane. I then came home and napped between 4:30 and 8 PM. Then, I came to Tom N Toms.

Later tonight, when I was doing laundry, I was suddenly provoked to extreme anger. Unable to concentrate. I was required to continue collecting damages. Indeed, that's what Homeland Security CO chief wanted me to do. He was furious about his failure yesterday morning: the evidence he had been waiting for that would validate his warnings about me in the ICJ never arrived. He wanted me to immediately resume collecting damages so that the Secret Society women's pleading to the police could have more substance (so that evidence favorable to him might at last come into the ICJ).

Now the Secret Society women's operation. 4:46 AM, c-65-34-131-133.hsd1.fl.comcast.net, Pompano Beach, Florida (near Miami).

65.34.131.133 - - [08/Feb/2014:05:46:00 -0700] "GET /suppl_pld_9_139/suppl_pld_9_139b.pdf HTTP/1.1" 200 5507646 "https://www.google.com/" "Mozilla/5.0 (iPad; CPU OS 7_0_4 like Mac OS X) AppleWebKit/537.51.1 (KHTML, like Gecko) Version/7.0 Mobile/11B554a Safari/9537.53"

This is a false report about how I suffered paranoid delusion about Angelica and was violating her privacy and slandering her on my website. The Secret Society women continued to submit their volunteers' testimonies to the police convinced that the reason why the police didn't do anything on the early morning of 7 February was that their reports about my website weren't strong enough to validate the Homeland Security warning about me.

Apparently, the Secret Society women were worried again that the police had dismissed the Homeland Security warning about me once again because they didn't see how I had plagiarized and so on.

It seems that, within the past hour, the Secret Society women were talking to both this Hong Kong volunteer and the earlier Bellevue volunteer about how to report me for violating intellectual property laws (this PDF printout of Yunqing's works). Hence, worry that the police had once again dismissed the Homeland Security warning about me because they didn't see me plagiarizing.

The third visit to Ms Kudo's portraits today.

Now let's sum up. It seems that, terribly disappointed, the Secret Society women were scrambling their volunteers today to report to the police that the case about me was indeed serious and that the Homeland Security warning about me was really correct: that I talked about hurting myself and threatened to kill people on my blog, that I threatened and slandered Angelica, Kiersten, and Karin on my website, that my website was full of Angelica's naked pictures and plagiarized writings and stolen artworks. Then, later in the night, Aamoy and his LUG buddies also repeatedly checked my blog looking for new evidences. Meanwhile, by late night, Homeland Security CO chief resumed "encouraging" me to collect damages. There were six visits to the painting of Queen Himiko and three visits to Ms Kudo's portraits, two of which came from Japan.

9 February (Sunday; severe torture; Wes; Karin's meetup)

Earlier this morning, on 4:53 AM, my Sony recorder went defunct. Why?

I woke up around 12 PM but napped around until 1:30 PM. I missed the Metro train right in front of me. Extreme anger. I rode the bus to Best Buy. 1 B. I bought a new Sony recorder. However, the debit card machine at the counter malfunctioned. I was provoked. The cashier changed to a different machine. Only then did my debit card work. Then, my new recorder couldn't be turned on. I was provoked to extreme anger and came back to Best Buy. The Best Buy employee showed me how to turn it on. But now I couldn't set the date and time. I was provoked to extreme anger again. The Best Buy customer service exchanged the recorder and a Geek Squad personnel set the time for me. It was 4:04 PM. I had spent two hours trying to take care of my recorder problem! Extreme anger. I called Wes, but he was not home. Extreme anger. I came home and napped inside the closet. Severe sleepiness. I called Wes on 5:10 PM, and this time he answered the call. Now some highlights (from 19:00 onward in the recording):

(1) My wrong scenario: I suffered severe torture today in order to repeat what happened in November. (Wrong! It was simply Homeland Security CO chief who desperately wanted me to resume collecting damages.) (2) Why I'm a subhuman: I'm intellectually superior and so everyone must keep secrets from me in order to make sure I do not understand what's going on. (Although I escaped unharmed on the morning of 7 February, I had been terribly angry in the past two days because nobody would tell me what had happened on that night. How was the operation run and why were Kiersten and Aamoy watching me in real time on their computer?) Wes: "Maybe nobody is telling you the facts because you won't be able to handle it..." What? Was Wes trying to tell me something? (3) Then, my wrong scenario: "It's the Republicans.... The Republican War against Women..." (4) I wanted to resume my vandalism spree even though I didn't want to anger the police... (5) I had been suffering sleep deprivation for several months by now. (6) My wrong scenario: The Secret Society women had failed

because they didn't know how to build a good relationship with the police. (My wrong scenario that they had been arrested.) (7) Then, finally, I got something right: "... the control center wants me to resume my criminal ways..." Indeed, that's what Homeland Security CO chief desperately wanted. As for the rest of my wrong scenarios, that's Homeland Security CO chief's evidence to keep himself temporarily afloat in the ICJ and lock up the previous ICJ trial (although some of what I said might come true in the future). The conversation ends on 42:00.

Although I felt a bit better, I was unable to fall asleep. I got up around 8 PM, suffering severe headache. I wanted to collect damages in HRMS but missed the Metro train again. Extreme anger. Tom N Toms. Severe sickness. Extreme anger.

Around 10 PM, I noticed that my M-Discs were not arriving. I assumed wrongly that it was because the control center did not allow it. Severe anger.

Finally, I collected damages. In SM: 1 W, 4 N, 4 mirrors/ side windows. Several store fronts. Extremely sleepy all night. I came home and went to sleep around 12:30 AM or so.

Note that Karin had a meetup tonight: 6:30 PM, a play at ART (4735 Lankershim, North Hollywood).

Brainstorming how to report me for plagiarism.

Let's sum up. It seems that the Secret Society women had spent the whole day discussing with their volunteers how to convince the police that I was insane – developing all these delusions about my women victims, the LUG buddies, and Internet figures like Khalezov – and so a danger to myself and others and that I plagiarized and hacked people's computers and so on. There were three visits to Ms Kudo's portraits today, and 8 visits to the painting of Queen Himiko – which indicates that the Secret Society women were also brainstorming with their volunteers how to convince the police that I did keep Angelica's naked pictures on my website. Meanwhile, Homeland Security CO chief, furious with the CIA, tortured me severely today wanting me to resume collecting damages. And he succeeded.

10 February (Monday; severe sleep deprivation)

First, a note about myself. I woke up around 6 AM. I couldn't sleep any longer. Severe sleep deprivation. In the Coffee Bean on Normandie. I was provoked to anger by the cashier. Around 8AM, I constructed a new, completely erroneous, theory about Homeland Security CO chief's action inside the control center (how he had changed the setting of the mind-reading computer). I recorded it and uploaded the recording to Sound Cloud. (As you shall see, what's important in this recording was a note about Kiersten.) 9:20 AM, I called Valentine (just a test), but there was no answering. I came home, took 3 sleeping pills, and, on 11:55 AM, called up Irene at the Learning Exchange. She answered the call and gave me her new cellphone number. She was really using Comcast. I assumed she had changed her service provider in order to hide her involvement in Kiersten's intrigue from me. I tried calling Valentine again on 12:01 PM, but there was again no answering. (Again, it was just a test: I had no intention of speaking to him.) 12:06 PM, I accidentally called Dr P's office believing it was Peter's number, and my call was disconnected two times. I then called Peter's intercom on 12:07 PM. It was busy.

Around 1 PM, I was in Tom N Toms. Soon my laptop froze (1:10:00). I had to reboot. I then suffered severe seizure – torture from Homeland Security CO chief and the Monkey – and was seen by the parking lot attendant (1:13:00). He knew me, and I wrongly assumed he would report me as suffering from mental disorder. My wrong scenario at the time was that the control center had orchestrated this in preparation for my hospitalization. In reality, it was just Homeland Security CO chief wanting me to commit more crimes.

Oct. 2018 – Feb. 2019, rev. Jul. 2021

I came back home, tried to nap, but still couldn't. I woke up on 3:30 PM. I called Irene at Learning Exchange on 3:34 PM. Nancy answered the call and said she had left already. I called Irene's cellphone number on 3:40 PM, but there was no answering. 4:30 PM or so, I came to the Wilshire/ Vermont station, and it seems that I was remotely controlled to snap and make gestures to a Korean woman as if I wanted to hit her. Then I tried calling Dr P's office on a payphone; her voice-mail was turned on. My wrong scenario was that the Korean woman would report me, causing the security guards to identify me from the surveillance video and obtain proof that I had called Dr P's office on a payphone. Stalking would thus be established. (Complete bullshit!) I soon came to believe that Kiersten's gang would go after me for a third time. (This was however correct: these women and their Homeland Security friend would never stop!)

7:30 PM, when I was in Starbucks, my laptop froze for two minutes. I was not too upset. I then collected damages: Memorial: 2 W, 4 N, 4 mirrors/ windows; several store fronts; Western/ Hollywood: 1 window, 1 store front.

Now, the Secret Society women's operation. 4:23 AM,

Let's sum up. The Secret Society women seemed to have spent another day brainstorming how to convince the police that their reports about me were correct and that their case against me should be taken seriously. They also contacted Nelson and asked him for his input. There were 7 visits to Ms Kudo's portraits today: the hype continued. There were also five visits to the painting of Queen Himiko. The Homeland Security CO chief continued to torture me severely today to drive me to collect damages.

11 February (Tuesday; break from sleep deprivation; Karin's meetup)

First, a note about myself. Fearing that I might be taken to the hospital (Homeland Security CO chief's operation), I slept around 4 AM on the streets (Normandie). I woke up around 8:30 AM. I changed to a different corner, and was able to sleep until 11:50 AM. Finally, a good sleep.

12:30 PM, I was in the Coffee Bean on Normandie. My Internet connection was severely disrupted. My own website was blocked. Google search was also blocked. "What Is My IP Address" also blocked. Only FTP connection to my website was allowed. It seems that Homeland Security CO chief wanted to make sure that I would collect more damages tonight. Eventually, I would succeed in posting a new post on my blog recording my latest wrong scenarios: "My stalking victims going after me: the third run and the essence of being a subhuman."

I came to the storage facility on 4:30 PM to put in my newest DVD. I was at Best Buy around 7 PM to check IP addresses. Then Home Depot. Western/ Hollywood: 2 N, 1 side window, SCRTGRDN. I came back to Tom N Toms. I looked up Gingrich's Twitter and Facebook page: although a frequent Tweeter (2 to 3 Tweets per day everyday), he had not tweeted at all between 6 and 11 February – I took that to be a confirmation for my (completely wrong) scenario. He had also made no entries on his Facebook since 6 February – and he was a frequent Facebooker (2 to 3 entries per day)!

In the following days, I would examine everyone's Twitter and Facebook page to count the number of hiatus among the postings. (1) Hillary Clinton has made no Tweets since 4 February; but she is not a frequent Tweeter (3 to 6 Tweets per month). (2) Angelica Rivera, a frequent Facebooker (daily), has made no entries on her Facebook between 29 January and 9 February. She will also make no entries on 10, 11, 12, and 13 February. (3) Pena Nieto, a frequent Facebooker (daily), has made no posting on his Facebook between 31 January and 4 February. (His posting: 29/01/14; 31/01/14; and 04/02/14.) I mistook all this as confirmation that something big had happened between 30 January and 7 February and that the Mexican First Lady had also filed a stalking claim against me with the TMU. Wrong! I

didn't know it was all a coincidence. Examining the postings of my Facebook friends had also convinced me (wrongly) that Kiersten had persuaded the TMU to send out a general alert about me ("Stalker!") to the entire Facebook community. Meanwhile, Homeland Security CO chief must be delighted by the fact that I couldn't figure out what was going on and was making myself look increasingly crazy by guessing this and guessing that.

Note that, tonight, Karin had another meetup for her Any Language and Culture group: Margaritas at Fiesta Grande and then the movie "Tim's Vermeer".

Now the Secret Society women's operation. 4:35 AM,

This seems to be the same “Pomona” friend of the LUG buddies. Was he traveling out of state? As you have seen, his IP address was sometimes traced to Arizona. Just here to check whether I had posted anything new. Nope. Not yet!

The Secret Society women had actually recruited a volunteer from Papua New Guinea! The news about the crazy stalker on American Homeland Security's watchlist had even reached Papua New Guinea! It seems that the women were just telling this volunteer about how the stalker had put all these crazy and violent videos on his website and how the police refused to care.

In summary, the Secret Society women continued to brainstorm with their volunteers for solutions while Homeland Security CO chief continued to "encourage" me to collect damages. There were only

three visits to Ms Kudo's portraits today and four visits to the painting of Queen Himiko.

12 February (Wednesday)

First, a note about myself. Around 4 AM, I slept inside the closet. I woke up on 10 AM and got up on 11 AM. I came to Coffee Bean. Between 2:30 and 3:30 PM, I edited my latest blog post, "The third run and the essence of being a subhuman". I logged into Sound Cloud for the purpose. A sexy woman user "followed me" on Sound Cloud around 2:30 PM. I assumed (rightly or wrongly?) that she was directed by Homeland Security CO chief.

I then went home to nap inside the closet. I woke up on 7:30 PM, feeling much better. 9 PM, I came to Starbucks, Vermont and Prospect. I dumped trash in front of an apartment building. A man came out and threatened to put me on 5150. Angered. 2 B, one into a small window. I came inside Starbucks, and the man was there to threaten me again. I assumed (wrongly?) that it was Homeland Security CO chief who had sent him to me. 2N, 1 more B.

Tonight, when I read the news article in *The New York Time* "House approves higher debt limit without condition" (Jonathon Weisman and Ashley Parker) – how the House Republicans gave in to the Democrats and voted to raise debt ceiling without condition until March 2015 – I wrongly assumed this had something to do with my business with the Secret Society women! I then edited my blog to eliminate the last vestiges of Angelica's name. I also wrote down somewhere the following wrong scenario (part of which was incorporated into my blog post for 11 February):

Holland was in San Francisco! Official visit to the US from 10 to 12 February (Washington DC, 10 and 11, and SF, 12). What a coincidence. [The] Republicans have noticed it too. After Mexican president's objection on 7 February, the only way for the Republicans to survive this was to move everything back to the original control center in downtown LA and have the whole "erasure of evidence" (the second run) declared a "conspiracy" by my realization of it, on which point, instead of erasing evidences, they would end up replacing evidences in the Macrospherians' favor. They basically took all the erased evidences to the original control center and declared: new evidences found. This is conspiracy against us. They weren't too worried about the Mexican president's objection, for immediately the computer in the downtown control center simulated that I would realize the whole scenario in a few days only. Furthermore, when I realized it, it could offer the Republicans a second opportunity to erase evidences and close the ICJ trial (by declaring as also "conspiracy" their forced return to downtown control center and restoration of the feminist false-flag stalking case as a terrorist conspiracy). But they paused. Clearly, something was wrong with the SWS, for the simulation for evidence-erasure back in November somehow missed the DHS CO chief's tampering with the mind-reading computer. When they did something contrary to [the] Macrospherians' interests, the computer would derail in the last moment and end up orchestrating events to reinforce [the] Macrospherians' interests. And, just as in the episodes of the raid into the control

center after [the] LAX shooting and my 9 November realization, the crucial juncture always happened on a weekend, in order to allow the UN to hold secret sessions without disturbing the original UN schedule. [The] Macrospherians have planned this. If they try erasing evidences the second time, they will probably end up convicting themselves, the Republicans thought. They talked to Dame Higgins, who would not give up the secret. We will end up convicting ourselves if we try to close the trial again, huh? They asked. I don't know. You take the risk, she replied. The Republicans have thus decided to give in to Dame Higgins' programs. Moreover, wouldn't that mean that France had to disappear from the UN? And so, not only was the transfer and the restoration happening on a weekend, but just before Holland's visit which was planned a long time ago. [The] Republicans' surrender has also been predicted so that it would coincide with Holland's visit, such that Holland can sign out France's disappearance on his official visit to [the] US. The Republicans now knew that they had fallen into a trap, and will fall into another trap if they refuse to cooperate with Dame Higgins. The Republicans now understood that, whenever they simulated a chain of events on SWS, the computer only showed them a fake version of the simulation, which differed from the real version by a few key events that would change the entire outcome. They realized that the Macrospherians have put something (the filter "justice") into all US government computers, and have taken control of the entire US government in such manner. Holland must be very upset with [the] Mexican president's objection. He knew I would realize it soon, causing France to be dragged down the waters instead. But the Mexican president, lacking experience, didn't think of this.

Stupid! Again, although all this was complete nonsense – the Monkey had remotely controlled me to develop this bullshit in order to make me look crazy and temporarily lock up the previous ICJ trial – you never know which part of it might come true in the future when it shall be time to reverse Homeland Security CO chief's terrorist conspiracy against the Invisible Hand.

Now the Secret Society women's operation. 4:16 AM,

In summary, the Secret Society women spent another day brainstorming with their volunteers how to persuade the police to reconsider the Homeland Security warning about me and take their case against me more seriously: how to report me for hosting violent and delusional videos on my website, plagiarism, and hacking people's computers. They even asked Gaurav to file another report to the police to persuade them. There were only two visits to Ms Kudo's portraits today and only three visits to the painting of Queen Himiko.
