

## **The Secret History of the International Court of Justice**

### **KIERSTEN'S VENGEANCE**

#### **10**

#### **RESUME**

The following reconstructs the operation of the Secret Society women and Homeland Security CO chief against me from 29 April to 10 May, 2014. By now the Secret Society women would consist of: Karin (the German Lady), Angelica (the Mexican Girl/ the Pyramid), Dr P (Pettersen), Kiersten (Ms Piggy), and their new addition, SDW (Maura). Always around was also Russia's First Daughter Ekaterina (Putina).

This is the rewrite of the original "Kiersten's Vengeance, 10", or "Kiersten's Vengeance, Part IV", originally composed in late 2014. The original version, with the file name "timelinepartIV-11.pdf" (last dated 23.09.2019), can still be found in the same folder.<sup>1</sup>

We shall here note only in a summary fashion the major events during this period – since nothing had changed at all: everyday the Secret Society women would brainstorm with their volunteers as to how to prove to the TMU that the Homeland Security warning about me was correct so that SDW can have her stalking claim against me. What's new during this period: first, from 4 May onward, Homeland Security CO chief would succeed in controlling me to start searching for SDW's information on the Internet. Then, when this turned out to be too minor a matter for the TMU, he succeeded in persuading even Obama's family to endorse his warning about me and lodge a complaint against me with the TMU. That was 6 May. However, by the end of 8 May, the TMU had already, under the CIA's instruction, dismissed the complaint saying the Homeland Security warning about me was inaccurate. Thereupon the Secret Society women, terribly disappointed, were back to brainstorming with their tens of thousands of volunteers from around the world again.

A question that has been gnawing at me in the preceding and the following is whether Homeland Security CO chief had showed Dr G his warning about me. If he had, then that would not only explain Dr G's strange words to me on 30 April but would also assure us that, on 27 April, the TMU had indeed recruited him as an informant and made him wear a wire to meet me.

### **29 April (Tuesday, sleep deprivation; severe torture)**

---

<sup>1</sup> This statement must be qualified. The original version covers the period from 10 to 17 May, 2014, while this new version ends on 11 May, 2014.

*First, a note about myself.* Slept between 3 and 9 AM. Not enough sleep. Came to Tom N Toms, and wrote down the wrong hypotheses regarding the whole “plan” and SDW’s circumstances (*the blog post you see for today*): how the CIA has the intention of recruiting SDW for the sole mission of marrying a SVR agent as mirror image of the CIA’s recruitment of oneself for the sole purpose of marrying Ekaterina: this as the only way for one to fly out of the dark hole of being a “terrorist suspect”. Second, how SDW will then become the first female president of this country, if only through the fame she shall gather from the “Kiersten Affair”. Third, about SDW’s Russian lover and being blackmailed to participate in the operation. Remotely controlled to develop these delusions in order, again, to conform to Kiersten’s and the Monkey’s false profile of me as delusional, and to convince the Mexicans that I was wrong about all this being a sting operation, etc. (*Again, it was in fact Homeland Security CO chief who wanted me to post this garbage: it was his evidence in the ICJ that I continued to be delusional about famous women such as Ekaterina, and the ground on which he could, as noted, issue another warning to the Russian diplomatic mission. Meanwhile, you have to suspect again whether the Invisible Hand might eventually reverse this terrorist conspiracy against him by making something from my wrong scenarios here come true (such as the idea that a certain female shall use the fame she shall garner from this scandal to become the first female president of the US).*)<sup>2</sup>

4:30 PM, called Wes. Not allowed to even leave a message. Pain arose. Tried to calm down. The same desperate feeling of gasping for oxygen in a vacuum. Called his mother. No answer. Desperation. Called Dr G, and wanted his brother to provide pain killers to me. At the UCLA bookstore, 4:45 PM. Saw Sheryl Sandberg's *Lean In For Graduates*, 2013 – 14. As soon as I wrote down my thoughts about her – the evil which her ideology preaches – Open Office malfunctioned and would not allow exporting to PDF. Mood dampened. Even though there is no damage, it triggers the pain caused by Wes’ inaccessibility. Required to commit crimes and cut myself to kill pain. Bought drawing papers: the fantasy about Ekaterina yesterday has caused physical pain again, because the beauty of the scene is trapped in the mind, recorded in the mind-reading computer, but I myself am not allowed to see it in front of me. Had to draw it out in order to see it myself, rather than simply letting everyone else see it.

6 PM, at the UCLA library. Outsiders no longer allowed to use the computers. Cannot check my website. Went back to downtown to check out Danielle because one wanted to draw again. 9:30 PM, realized that one might be on the wrong bus. Got off. Then realized that the bus could probably get near there anyway. Too late. My conspirators’ (*actually, the Monkey’s*) targeting: simply messing up my cognitive function to cause me to get into frustrating circumstances by myself. My mind has disintegrated. Severe pain caused by loneliness, gasping for oxygen in a vacuum: there is just nobody around to talk to. Realized then that the cause of physical pain is the loving feeling bottled up inside. There is an urgent need to find worthy human beings to love, and yet nobody will ever allow me to love her. Besides, in American society everybody is my enemy anyway, so that there is not even any point in volunteering to find strangers to love. Without an outlet, the loving feeling is eating me up, driving me to hatred and criminality. Urgent need to commit crimes to kill pain. (*It’s just Homeland Security*

---

2 To be more precise, I was probably speaking about BOL’s plan, which the Invisible Hand would then adopt for his own use after he shall have convicted BOL of conspiracy with me.

*CO chief and the Monkey who always wanted me to commit crimes and be a danger to people. Magnificent mind-control torture here!*) Decided on PSDN. 10:30 PM, one's mind had so disintegrated that one got off the Metro on the wrong stop. Terrible fatigue due to chronic sleep deprivation and perpetual hunger. (No money to eat.) Decided on BRNTWD instead. **2W, 5N, 4B**. Stinging pain on the body all day long. Severe headache due to the overuse of one's brain to infer about one's circumstances in others' lives and to think things in English.

Thus, two causes of chronic, severe physical pain: the lack of human beings to love and take care of, and the inability to know about one's circumstances and others' relationships to oneself.

Note that SDW posted something on her Facebook group on 11:24 AM and 3:02 PM. She was at home all day today, as would be noted in my erroneous conclusion.

Now the Secrete Society women's operation on my website for today. 4:13 AM, Vodafone Australia, Goulburn, Australia,

Here to examine my delusion about there being chips planted in my brain.

Let's sum up.<sup>8</sup> Since early today, Homeland Security CO chief had decided that, in order to force the TMU to admit that his warning about me was correct and to open a stalking case for SDW, the Secret Society women shall focus on my obsession with famous people and then my delusion about being chipped in the brain. Thus:

- (1) 4:13 AM, an Australia volunteer reported on my obsession with, and delusion about, the Clinton family. (Presumably Homeland Security CO chief had again managed to get the Clinton family to complain about me to the TMU.)
- (2) 7:52 AM, SDW summoned a volunteer in France to come examine my victimization of her.
- (3) 8:15 AM, a US volunteer reported on my delusions about mosquito drones and brain chips.
- (4) 8:49 AM, a volunteer from the School of Oriental and African studies reported on my misogynist ideology which had motivated me to stalk white women.

---

<sup>8</sup> In the original version, I concluded erroneously today's operation thusly: "SDW was at home all day today. By 5:30 PM, she had her relative check on my website, and, again, the same disappointment: the police had never removed it, nor removed it from Google's search index. She therefore had Kiersten's mother Google for my post on synthetic telepathy on 7 PM, and instructed her to report to the police saying it was evidence for my delusional state of mind. She had already done this many times before, and the police had always ignored it, so that it was just another futile effort. Half an hour later, she had Dr G Google for my posts and report it to the police again. It was still futile attempts, of course. Police simply ignored these complaints. When Kiersten's mother reported me to the police for speaking delusional thoughts about synthetic telepathy, she of course never bothered to listen to the recording itself. Since SDW had used this recording as evidence for my delusional mind many times already, the CIA of course submitted this episode to the secret ICJ as further evidence proving that ordinary people, and ordinary women in particular, do not understand what 'delusion' means, nor do they care to understand. They would report me for saying something crazy and delusional, without actually bothering to hear what I had said. And since what I had said in the recording on synthetic telepathy was simply scientific and engineering facts which everyone in the field knew about, the CIA's evidence also demonstrated that ordinary American women were so ignorant and uneducated that they consistently mistook reality for delusion, facts for fiction, fiction for facts, and delusion for reality. SDW's 'gang-stalking' story was all but imaginary, but she took it to be real; my mind-control brain chip story was all but reality, but she took it to be imaginary. Again, evidence for American society as 'terra inverta'. The ICJ's secret evidence would thus show that American women's testimonies about victimization could not be trusted, and that, when they called somebody 'delusional', they just meant 'He's ugly.' And when they called somebody 'dangerous', they were just looking for excuses to remove somebody who was in their way and caused them inconvenience. There was no question about 'victimization'." Although this was not what had happened today – and the CIA didn't submit evidences to the secret court in the way I assumed here – there was a lot of truth in my conclusions here nonetheless: first of all, when people call me or anyone else "delusional", they just mean "He's weird" or "He says something weird." Secondly, later on, when the previous ICJ trial would finally be reactivated and the "program" set in motion, the CIA would indeed enter into evidence the fact that American society is "terra inverta" in that people regularly take "delusions" to be "reality" and "genius" to be "delusional" and so on.

- (5) 9:25 AM, another US volunteer reported on my delusions about being chipped in the brain.
- (6) 10:14 AM, Veronica, seemingly in Florida to meet with SDW's friends, brainstormed how to help SDW report about me.
- (7) 10:23 AM, a US volunteer reported on my delusions about Obama.
- (8) 10:30 AM, a German volunteer reported on my delusions about being chipped in the brain.
- (9) 12:05 PM, SDW's third Tampa friend reported on my delusions about Boss Cheney.
- (10) 1:29 PM, the St. John's College volunteer discovered, and reported about, my latest delusions about SDW and Ekaterina.
- (11) 1:47 PM, the Sacramento volunteer reported on the same thing.
- (12) 2:35 PM, the Wyoming volunteer reported on my delusions about Snowden.
- (13) 4:51 PM, the Long Beach volunteer reported on my delusions about Khalezov.
- (14) 5:23 PM, the North Carolina volunteer reported on my delusions about being chipped in the brain.
- (15) 5:32 PM, SDW's Erie relative came to examine my latest delusions about SDW and Ekaterina.

Now the bad news. Even when the stalker was also obsessed with all these famous people – Ekaterina, the Clintons, Obama, Boss Cheney, Snowden, and Khalezov – the TMU still responded that there was no stalking case because they couldn't ascertain that the Homeland Security warning about me was correct. Shocked and disappointed, SDW and the rest of the Secret Society women went back to brainstorming with their volunteers.

- (16) 7:31 PM, SDW complained to a Long Beach volunteer (the Pomona LUG buddy?) about how, even with all these famous people backing the Homeland Security warning, the TMU still refused to validate my victimization of her.
- (17) 7:48 PM, SDW also complained to her Sanford, Florida, friend.
- (18) 9:28 PM, SDW summoned a Kean College volunteer for the same purpose.
- (19) 10:08 PM, a Brampton volunteer examined the complaint raised by Ekaterina.
- (20) 10:29 PM, SDW summoned another South Carolina volunteer for the same purpose.
- (21) 12:44 AM, SDW summoned another Edmonton volunteer (Gaurav's friend?) for the same purpose.
- (22) 2:11 AM, SDW summoned another Sydney volunteer for the same purpose.

Today the Secret Society women also continued to focus on [humandispersal.html](#) as the best proof that I had plagiarized: 15 visits. Then, also a few reports about my computer-hacking, hosting of Angelica's naked picture (3 times), and of course plagiarism. Somehow Shizuka didn't join the discussion until 11:28 PM. As for Homeland Security CO chief, he was – as can be expected – a nervous-wreck together with Ekaterina: there had been no evidence day after day to definitively prevent the CIA from reactivating the previous ICJ trial.

**30 April (Wednesday, sleep deprivation, severe torture)**

*First, a note about myself.* Slept between 4 and 9 AM. Came to Tom N Toms. My conspirators programmed me to want to listen to many of MIA's songs. Apparently evidences to replace past evidences: it was actually the French who were programming me to want to listen to MIA's songs back in January 2010. (*Completely wrong scenario.*) Required to suffer uncomfortable thoughts so as to be unable to concentrate on the music. Then was finally allowed to concentrate on two of MIA's songs.

Storage. Then, went to find Danielle, in a good mood. Called Wes and his mother. Again couldn't reach them and couldn't leave messages. It turns out that Danielle had moved out.<sup>9</sup> The neighbors mean and ugly, to dampen one's mood. Again, programmed to suffer SDW's type of targeting: by controlling me to go into unpleasant situations to frustrate myself (by controlling me to develop goals that can't be accomplished) while leaving the environment unchanged, so that I would look like a bad person as if by nature, rather than in response to external unpleasantness. (*Such was the Monkey's attempt to make me conform to Homeland Security's warnings about me.*) Came to the bus stop. The mean bus driver wouldn't allow me to get on the bus. Provoked to severe anger over Wes' unavailability. (Again, timing my need to use the bus in order to get me to run into particularly unpleasant bus drivers on the road.) Required to want to break things in front of people in order to get arrested. Called Dr G in anger.<sup>10</sup> He professed to have no means to reach Wes either, even though this was not really believable. Dr G continued to assert that something was wrong inside my brain to cause me to want to hurt people and get arrested. (I never said anything about hurting people.) It seems that Dr G has already been instructed to always talk to me in a way that would confirm my conformity to Mr B's false profile of me. (*Could this be the case? Did Homeland Security already reach him and warn him that I suffered from schizophrenia?*) Decided then to drop Dr G from my life. My conspirators required that, if I somehow had no friends, it be all due to my own fault – whereas, in reality, it's because I had gradually understood that, due to government intervention, everybody was only interested in harming me. (*Again, it was just Homeland Security CO chief and the Monkey, not any "conspirators".*) Then decided that it's not a good idea to get arrested tonight because it's almost weekend (no court sessions in the weekend). Monday is better. Decided to go to the gun range tomorrow to practice for that most urgent need in life (being dead). Came to Sabor. Wrote an email to Derrick to ask about SDW's business back in February. He would actually respond, demonstrating that my conception was quite wrong. Drew "Ekaterina" (the "fake one") while listening to MIA. Mood lightened when one has at last marked down her face. There seemed to be a surveillance agent nearby. Presumably, the Macrospherians wanted the mind-reading computer to record the functional patterns of my brain during artistic expressions, in order to not only complete my profile (the "alternative type" of brain functioning), but also to make my past history as an artist also into part of the terrorist conspiracy. (*In reality, the surveillance agent was either sent in by the TMU to collect evidence that I did draw, or by Homeland Security to collect evidence that I couldn't draw (since I didn't actually draw anything but had merely made an outline of the scene and figure I had envisaged).*)

9 19:00 in the recording.

10 From 27:30 to 32:00 in the recording.

The rough draft of drawing once done, realized that being dead is better than drawing, since there is still no one to talk to. Thought about Rod. Called him repeatedly but was not allowed to leave even a message. Went to Long Beach to find him. Couldn't locate his apartment. Very upset. Felt again like gasping for oxygen in a vacuum. Collected damages. People repeatedly tried to provoke me by asking me for cigarettes. Some of them really looked like they were acting. Finally broke a bottle and got beaten up by two guys. They broke my glasses and threw away my phone while I tried to call 911. This would be a day particularly filled with targeting and frustrations. Somehow my conspirators needed a day of particularly heavy targeting in order to replace past evidences. Besides this, those on the PRI team (like Mr Homeland Security CO chief) liked to see me humiliated and looking even more ugly and disgruntled. (I would need to wear taped up glasses from now on: my ugliness has to be made into part of the current terrorist conspiracy – intentionally perpetrated by terrorist conspirators.) (*Wrong.*) All the bystanders laughed at me. Cars would not stop to help me. Forget about calling the police, since I'm not part of this society. Insurgency warfare is the only solution. Thus, **I W**. As usual, I couldn't fight my aggressors face to face but could only break their things behind their back. While going home, continually looked at the fake picture of Ekaterina believing that it was really her (rationalizing her as the "savior" out of desperation when it was actually all her family's fault) and writing down: "Clearly, someone, BOL for example, has decided to sacrifice me as a way to reform the US (kick women out of the work force to save America) in order to enable the US to survive on its own once it is required to stop victimizing other nations." Then: one wants all the informants who have witnessed one's victimization by Kiersten to be brainwashed in order to erase their knowledge of oneself which one is not allowed to possess, and which they are somehow allowed to possess.<sup>11</sup>

Around the time I was beaten up, SDW also posted something new on her blog. She talks about having black eyes from head injuries in the middle of 2012. Her FBI handler, getting instruction from my conspirators inside the control center, instructed her to repost some of her past experience which she had already posted before, in order to coincide her past experience with my current situation. (*It was most likely Homeland Security CO chief who had instructed her to do this.*) This, in order to prepare me to develop the delusion that the CIA was deceiving her about how she should transfer all her past suffering and targeting onto me so that she could go on to Russia to obtain her "package" for saving Russia.

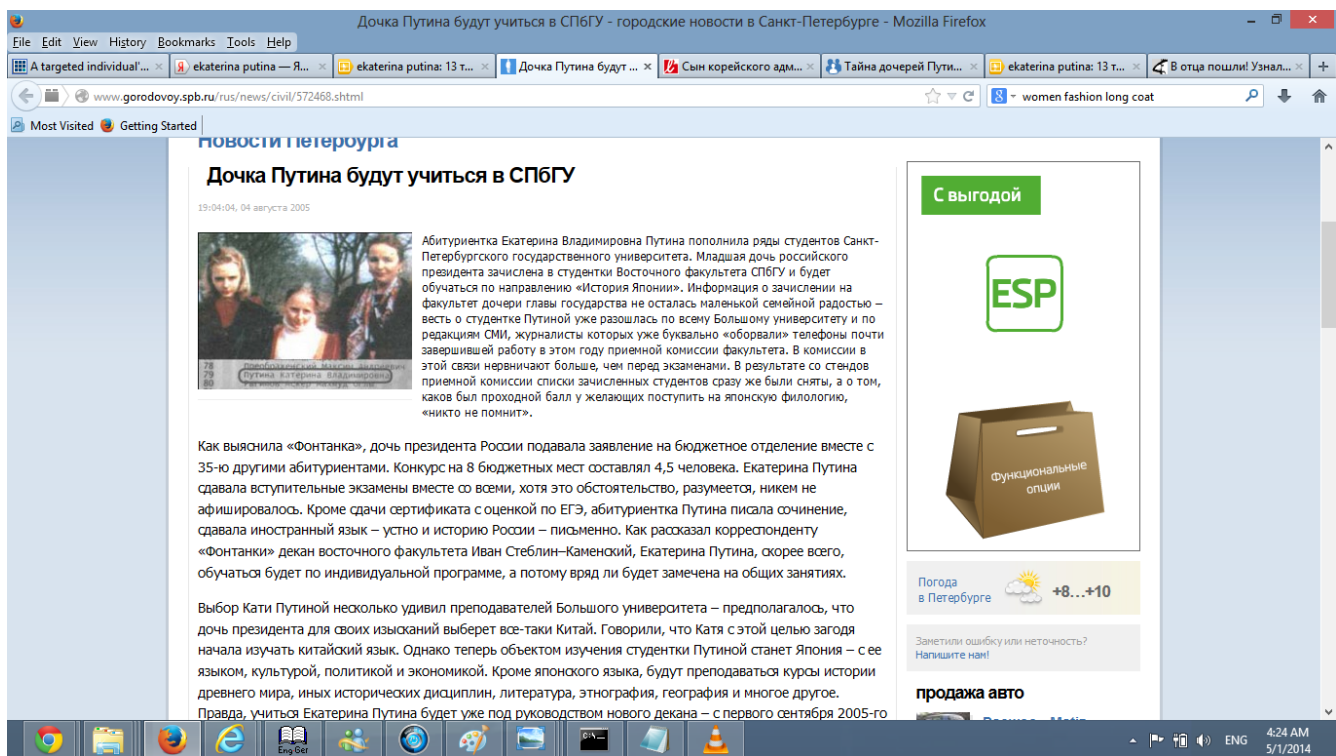

*(Today Homeland Security's mind-control torture and targeting of me had certainly reached the most severe degree, and you can easily understand why. After the Secret Society women failed yesterday to persuade the TMU to validate the Homeland Security warning about me – even when the Clinton*

11 A brief summary of the recording for tonight, "lbookforroddmgbeatup\_4\_30-5\_1\_14\_815PM-219AM.MP3": (Reviewed from 1:43:00 onward.) 2:05:00, at Rod's? I knocked. The wrong house. 2:17:00, I knocked on another door. The wrong house. Another house, no. But these people knew Rod and Courtney, and told me to go to 4<sup>th</sup> and Obispo (2:18:00). 2:22:30, I knocked on another door. No one there. I was now walking north on 4<sup>th</sup>. 3:02:00, I broke the bottle in question in front of the bar. Soon the guy from the bar caught up with me. He broke my glasses. I asked the people around to call 911. "Are you acting? These are actors." I asked another person to help me find my phone. He tried and then walked away. I walked away. 3:12:05, who was I talking to? "Go fuck yourself, bitch!" I broke more bottles. 3:34:30, did I break a window? In Metro? 4:48:25, in downtown. 5:12:30, on the bus. (Reviewed until 5:22:00.)

*family and Boss Cheney's family had vouched for it – Homeland Security CO chief was in such desperate need of some evidence to confirm in the ICJ that his conceptions of me were correct after all. The Monkey thus controlled me to suffer such severe distress today in reaction to Dr G's scolding and the unavailability of Wes and Rod that I would break a bottle in front of people on 4<sup>th</sup> Street – all so that I would get into a fight with people. (Some of the people that beat me up tonight were probably Homeland Security agents stationed at the right place by Homeland Security CO chief after he had obtained the prediction from the mind-reading computer as to when and where I would snap and break the bottle in question.)<sup>12</sup> In this way he could obtain evidence that I was indeed violent while also venting the anger he had accumulated toward me when the TMU repeatedly dismissed his “masterpiece” as a piece of a joke. To cause me to continually hold onto my current wrong scenario and thus look delusional, he then instructed SDW to repost that black eye episode on her blog in order for me to see it when I got home. Meanwhile, his trick tonight could also cause me to obsess further over Ekaterina (due to my incomprehension as to the Russian government's official position in regard to me) so that more evidence confirming his warnings about me might come in the future.)*

Once I got home, I kept searching online for information about Ekaterina

Now the Secret Society women's operation on my website for today. 5:08 AM,

<sup>12</sup> Perhaps it was also Homeland Security CO chief who had instructed the bus driver to not open the door for me when I had left Danielle's old place.

Did SDW summon this volunteer to examine how I had threatened to hurt her on my blog?

Now, let's summarize. Since early morning, the Secret Society women continued to brainstorm how to prove to the TMU that the Homeland Security warning about me was correct.

- (1) 9:02 AM, a French volunteer brainstormed how to report me for constantly developing delusions about intelligence agencies and famous people.
- (2) 10:09 AM, a US volunteer seemed to be examining my harassment of Kiersten by blogging about her.
- (3) 1:22 PM, SDW summoned the Edmonton volunteer again to come examine my victimization of her.
- (4) 3:48 PM, SDW summoned the Nice volunteer again.
- (5) 7:13 PM, SDW summoned the New York volunteer.
- (6) 8:57 PM, Homeland Security CO chief instructed the Euclid, Ohio, volunteer to make another link to my website on Reddit (calling me "schizophrenic extraordinaire").
- (7) 9:12 PM, SDW called on a North Carolina volunteer to come examine my delusions about being under mind-control.

(8) 9:44 PM, Angelica called on a Spokane volunteer to brainstorm how to convince the TMU that the Goddess Athena in my drawings and paintings was a representation of her.

(9) 11:41 PM, an Indiana volunteer brainstormed again how to report me for constantly developing delusions about intelligence agencies and famous people.

(10) 2:33 AM, SDW called on a Kenya volunteer to come examine how I had threatened to hurt her on my blog.

Then, as the Secret Society women continued to brainstormed how to prove to the TMU that I did plagiarize, they also sent in 9 volunteers today to examine humandispersal.html. However, the examination abruptly stopped after 4 PM. There were also three examinations of Angelica's "naked picture" (other than the Spokane volunteer). Meanwhile, after 10:30 PM, Homeland Security CO chief had people (his agents?) beat me up on 4<sup>th</sup> Street in Long Beach in order to obtain the evidence that I was indeed physically violent. There were thus evidence today that I was both schizophrenic and physically violent to lock up the previous ICJ trial.

## 1 May (Thursday)

*First, a note about myself.* Since I was gasping for Wes and he was unavailable, I decided to look for Rod again, this time with preparation. I listened to the recording of my conversation with him from

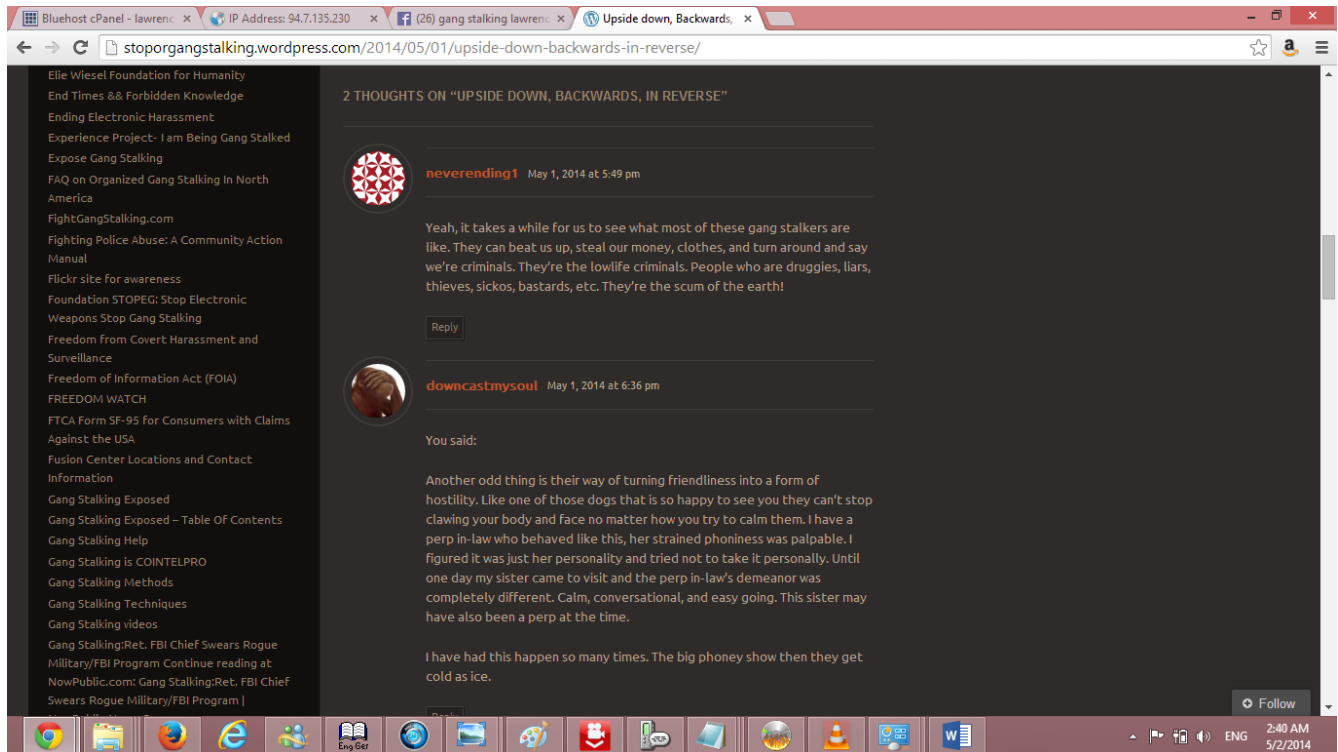

October, 2012. 4 PM, fantasized oneself being born an attractive woman to seduce one's best friend in order to not suffer the pain of gasping for oxygen in a vacuum. This is important, for my conspirators were clandestinely running the Macrospherians' program, which, as you have seen, was to make me into a woman in the evidentiary records. (*Not my conspirators, but most likely the Invisible Hand. But was I correct here?*) 6 PM, arrived in Portfolio. Programmed to forget changing the batteries on my recorder, so that I would suffer anxiety attack for a moment when I discovered that my recorder wasn't turned on. 7 PM, the ultimatum to SDW on my blog: Saturday night is the deadline for sharing secrets about the scandal. I was thinking that, after that, I would have to "investigate her". Wrongly convinced that the CIA was letting SDW know everything about me and about the operation, I was increasingly incensed by the injustice that, even though I was the victim and the genius, I was not allowed to know anything, while somebody irrelevant and mediocre was allowed to know what should happen to me.<sup>25</sup> 7:30 PM, set out to look for Rod again. This time one has searched, and then bought, his address on the Internet (SPOKEO). Found it, but no use. He and his wife didn't seem to be there anymore. Enormous pain from gasping vainly for significant human contacts, for someone to share feelings with. Enormous physical pain also from extreme fatigue, due to long hours of walking everyday and year-long sleep deprivation. And hunger too, due to lack of money. Homeland Security CO chief and his PRI thugs (*only the former but not the latter*) liked it this way, to see me looking ever more disgusting. (Over-exercise in combination with lack of food intake has caused me to lose more and more weight, and thus to look ever more effeminate and unattractive to women.) Collected damage in RDND. **1 W, 9 N, SPC 2, 1 H.** Pain also caused frequently by an increasing number of ugly masculine figures in my environment and too much English spoken around me. The PRI team is instructed to torture me by repeating the same tactics which the Russians have used on me back in 2010 (or what I thought the Russians were using on me). Again, also, my conspirators have made sure that I should continue to suffer SDW's disease: merely ideas in one's head (lack of knowledge about the scandal; unfair treatment by those whom one loves and has sacrificed for; and the need to find ways to punish them through self-destruction) have caused oneself so much physical pain. (*Again, not conspirators, not the PRI, but just Homeland Security.*) By now the targeting consists just of deprivation: hunger, lack of sleep, fatigue, the impossibility of fulfilling the expectations which I have been manipulated to develop; the ugliness in the environment; and extreme loneliness. The lingering consequences from the last two months' targeting, rather than the targeting itself.<sup>26</sup> My conspirators have also continually signaled to me today that I am about to be arrested. (*Not my conspirators, but just the Monkey.*)

---

25 In the original version, my wrong interpretation at this point: "I didn't know that my conspirators were deceiving me into 'cyberstalking' (actually, investigating) her because I needed to conform to Kiersten's false profile of me as a stalker/ cyberstalker, and that it has been very hard for them to program me to stalk her; they had had to dismantle layers and layers of my moral scruples since late April before they can finally cause me to throw away my respect for SDW and 'stalk' her." Again, not my conspirators, but just Homeland Security CO chief and the Monkey.

26 In the original version, my wrong interpretation at this point: "I would soon interpret this as SDW's operations to unload her past suffering onto me. *In reality, my conspirators simply needed my brain scan images when I suffered similarly as SDW did because, as noted, those images would be very similar to SDW's and the Macrospherians wanted to mix them together.*" Again, there was no such operation from SDW, and it remains to be seen whether there would indeed be any mixing of brain scan images.

<sup>27</sup> Namely, the Secret Society women and their Homeland Security gang buddies – to whom SDW belongs – would stalk me, beat me up, steal from me, and then turn around and tell people I'm a "criminal" and have "stalked them". Gang-stalking at its best.

Never forget that the goal of everyone was to convince the TMU that the Homeland Security warning about me – i.e., all my women victims' testimonies about me – was accurate so that SDW could file a stalking claim against me. This Stockton volunteer thus first examined my "delusions" about SDW, and then about Karin, in order to see why the TMU just wouldn't agree that Homeland Security was correct that I kept developing delusions about the women I was obsessed with.

This phone looks strangely like Angelica's. If not, then it was simply the seventh person whom SDW had called upon today.

Let's sum up. Again, another day that the Secret Society women had spent brainstorming with their volunteers as to how to prove to the TMU that Homeland Security was all right about me.

- (1) 11:18 AM, a North Carolina volunteer examined my delusions about Madero.
- (2) 11:38 AM, SDW called on a Los Angeles volunteer to come examine my victimization of her.
- (3) 12:26 PM, a Chicago volunteer examined my delusions about Russia's president and prime minister.
- (4) 12:40 PM, SDW called on a second, UK, volunteer.
- (5) 12:48 PM, Shizuka joined the discussion, with Robin and Oliver following within the next hour.
- (6) 2:42 PM, SDW called on a third, another Los Angeles, volunteer.
- (7) 4:38 PM, SDW called on a fourth, Manhasset, volunteer. This Manhasset volunteer quickly linked up the blog post series about SDW on a secret Facebook page. Was she making suggestions as to how to report or was she creating evidence which Homeland Security CO chief could then use faulty surveillance to intercept into the ICJ?
- (8) 4:50 PM, a Lakewood volunteer clicked on the link. (The first.)
- (9) 5:22 PM, SDW called on a fifth, Queens, volunteer.
- (10) 6:27 PM, a Stamford volunteer clicked on the link. (The second.)
- (11) 6:30 PM, a Sycamore volunteer examined my delusions about there being chips planted in my brain.
- (12) 6:40 PM, I posted something new on my blog (new "delusions" about SDW and another suicide wish).
- (13) 8:43 PM, an Exeter volunteer clicked on the Manhasset volunteer's link. (The third.)
- (14) 9:11 PM, SDW called on a sixth, the same Calgary, volunteer.

<sup>34</sup> According to a current trace.

- (15) 9:26 PM, the St. John's College volunteer discovered my latest blog post: the word was out!  
(16) 11 PM, the Stockton volunteer (Angelica's relative?) clicked on the Manhasset volunteer's link. (The fourth.) He would be examining my "delusions" about SDW and then Karin for more than an hour.  
(17) 1:43 AM, the Lakewood volunteer came again (my "delusions" about SDW).  
(18) 4:03 AM, did SDW call on a seventh, another Los Angeles, volunteer? Or was it Angelica herself?

There was also a little bit of brainstorming about my harassment of my family members, my computer-hacking, and my naked picture of Angelica. And of course plenty of brainstorming about my supposed plagiarism. However, only 5 visits to "humandispersal.html", and no more after 7 PM. Meanwhile, SDW had made no new postings on her Facebook group.

## **2 May (Friday, sleep deprivation; break from torture)**

*First, a note about myself.* My conspirators allowed me only 3 to 4 hours of sleep. Woke up with the same pain of gasping for oxygen in a vacuum. Called Wes, and yet can never reach him, gasping for him. Have been calling him and his mother every single day several times a day, and yet, no sound has ever emanated from them. Wrote another email to Wes on 12:28 PM, using my new (wrong) theory about him (how the Macrospherians wanted to make him the president of the United States) to lure him. He would never respond. So desperate that one suddenly decided to ride the bus to Santa Ana to find his parents. Looked up his parents' address on the Internet. It's a three hour bus ride. While on the bus to Disneyland, got to sit next to a pretty AWF. For a while a Hispanic guy occupied her (hit on her), but when he was gone, got to chat with her throughout the rest of the bus ride (since she was doing needle work). There was a surveillance agent sitting in front of us, it seems, perhaps to allow law enforcement to study carefully my interaction with women. (*The TMU might indeed be watching over me at the moment, with the Invisible Hand analyzing me to them.*) It turned out that the girl was very provincial, a "country girl", and so boring. Methodist. Chef. Nevertheless, her feminine softness was able to temporarily distract oneself from pain. When we parted, however, pain returned. While approaching Santa Ana, became increasingly skeptical as to whether the control center would allow me to see Wes' mother at all. That's when one realized that pretty women are just like cigarettes; talking to them can kill about 15 percent of the pain, but can never take the pain completely away. Only Wes can. When arriving at Wes' parents' home, however – what a miracle! Wes' mother was home. Chatted with her for merely ten minutes, and the pain was all gone. Practically euphoric for the rest of the day. Went to King King on 11 PM for good music. No collection tonight, nor any cutting.

The "delusion" I had developed for today's episode is: The provincial AWF made me think that this kind of simple girl who worked very little, etc., was the model woman which the Republicans wanted to promote. (*Indeed, how Homeland Security CO chief wanted me to continue to look not only delusional but also misogynist.*) My later "delusion" was also that the surveillance agent sitting in front of me was to allow SDW to watch me closely, so that she would be utterly disgusted by my extraordinary caution and respectfulness toward this AWF. (*Indeed, a totally wrong scenario.*) And then that, after I was gone

Kiersten's Vengeance, 10  
Lawrence C. Chin

from Wes' mom's home, SDW would instruct her to report me to law enforcement for harassing her, in order to confirm the Monkey's / Kiersten's false profile of me (perpetually harassing the good people around me; antisocial, public nuisance). (*Indeed, no such thing.*)

Hi Wes, I believe I have figured out government's plan for you. Did the government break it to you already? If not, talk to me and I'll tell you about it.

Please Wes, the uncertainty over when I can talk to you again is destroying my life right now. I'm forced into systematic self-destruction because of [my] inability to talk to you. I feel like suffocating, asphyxiation right now. The worse thing is that I don't actually physically die from not talking to you. Otherwise I'll be spared the pain.

Please respond, in any way or shape. I'll tell you, government's plan for you is very big. Maybe the government will let you hear it from me first. But you then have to talk to me, though.

44 In the original version, my (most likely) wrong interpretation at this point: "This is probably somebody related to Anne M. (S.) Doughty, one of SDW's many sisters, who died last year in Exeter, Rhode Island. Anne's husband, Paul Doughty, was presumably still living in Exeter, just five miles south of West Warwick. It might just be he. (SDW's other sister, Betsy Reid, has also at one time been located in Rhode Island.)"

This volunteer will come again on 28 May. At the time I thought this was Jim Sheehan, some relative of SDW's who was currently living in Cool, California, about 40 miles northeast of Sacramento, and who was originally from Indiana. It's not clear whether I was correct. In any case, the fourth person whom SDW had called upon today.

There were then no visits for more than two hours! This was evidently because SDW was busy complaining about the situation to everyone: "I'm being threatened by this monster on Homeland Security's watchlist, and yet the TMU just wouldn't take it seriously!" The solution to the current predicament – that the TMU would not accept the Homeland Security warning about me to be valid because they saw no evidence that I had plagiarized – was therefore to recruit another physicist from the most renowned research institution in the world to make a false report about my plagiarism.

Now let's summarize.<sup>46</sup> Again, another day that the Secret Society women brainstormed with their volunteers as to how to convince the TMU that Homeland Security was right about me so that SDW can have her stalking claim against me.

- (1) 5:38 AM, a Santa Ana volunteer examined my delusions about Angelica in "Ying and Yang, II".
- (2) 6 AM, an Opera Mini volunteer clicked on the Manhasset volunteer's link (?). (The fifth?)
- (3) 6:14 AM, the Kansas volunteer clicked on the Manhasset volunteer's link. (The fifth.)
- (4) 8:29 AM, a Madrid volunteer examined my delusions about Khalezov.
- (5) 9:24 AM, a St. Louis volunteer clicked on the Manhasset volunteer's link. (The sixth.)
- (6) 10:20 AM, a Toronto volunteer examined my delusions about there being chips planted in my brain.
- (7) 12:30 PM, the Opera Mini volunteer again.
- (8) At the same time, SDW summoned a San Diego volunteer. (The first.)
- (9) 3:31 PM, a UK (the Tel Aviv?) volunteer examined my delusions about Boss Cheney.
- (10) 5:10 PM, an Atlanta volunteer examined my delusions about the Russian president and prime minister.
- (11) 5:49 – 6:11 PM, a Utah, a UCLA, and a Brazilian volunteer examined my particular brand of misogyny ideology.
- (12) 6:45 PM, SDW called on the same Calgary volunteer. (The second.)
- (13) 7:28 PM, SDW called on the Rhode Island volunteer. (The third.)
- (14) 9:48 PM, SDW called on the Yuba City volunteer. (The fourth. Jim Sheehan?)

46 In the original version, my conclusion ran thusly: "SDW's operations on me today can thus be reconstructed as follows. SDW had posted my series on her and gang-stalking on the Secret Facebook page since yesterday. Other members began discovering it this morning, the Opera Mini person in Europe and the Kansas person. Then, the possible friend of David Zimmer discovered it on 9:24 AM. SDW was then in discussion again with Kiersten's group members about how to remove these posts on her. The Opera Mini person looked at it again on 12:30 PM, while, at the same time, LUG's friend in San Diego was also prompted to look at it. They were probably discussing the problem through Facebook chat with SDW at the same time. The chat lasted for a long time, and, on 1:31 PM, the San Diego X 11 person looked at the postings one more time. I had, at that time, just looked up Wes' parents' address online. Would law enforcement inform SDW about it? Even though, given Chaya's warning, I was again 'cyberstalking', it was just ridiculous to consider my action 'stalking': I had known Wes for 17 years. While SDW and her members were trying to figure out how to further complain about my blog posts to the police, law enforcement (the Threat Management Unit) was guided by their government trainer (a CIA officer?) to carefully study me interacting with a woman on the bus. The 'trainer' would explain to law enforcement that the caution and respect which I displayed toward the white female demonstrated that there was more substance inside me than SDW's portrayal of me in accordance with Kiersten's profile of me would have them believe. Thus, once again, the government was educating law enforcement and discrediting SDW. SDW's complaint would continue to be ignored as not reflecting reality. It might be that law enforcement had informed SDW that they would be deliberating her request between 2 and 5 PM, which is why she didn't send anybody to visit my blog [during that time]. It's not clear whether law enforcement would let her access their surveillance on me. By 6:45 PM, SDW instructed another member (in Calgary) to check on my blog, only to discover that, once again, the police had decided not to take action and remove my blog from Google search list. Incensed, SDW communicated the matter to more of her family members. Her brother-in-law, Paul, upon hearing about the matter, checked to see what the fuss was about, on 7:28 PM. Then SDW talked about her trouble with Jim in Northern California, who looked into the matter on 9:48 PM. Just another day of frustration." The only part I had got right was that part about the "trainer": the Invisible Hand was indeed educating the TMU detectives about how to properly profile me while they watched over my interaction with the AWF on the bus.

- (15) 10 PM – 12 AM, SDW was throwing a tantrum.
- (16) 12:52 AM, the Secret Society women got a physicist from CERN to report me for plagiarism.
- (17) 1:26 AM, SDW called on an Indian volunteer. (The fifth.)

As the Secret Society women continued to mobilize volunteers to try to prove that I did plagiarize, they not only instructed two of them to forge evidence of my plagiarism today, but had also sent in 6 of them to humandispersal.html. There was also plenty of brainstorming about my naked picture of Angelica (6 times) and my computer-hacking.

Note that, tonight, while in King King and reviewing the information I had just collected earlier about Ekaterina, I stumbled upon this excellent summary:

### 3 May (Saturday, severe torture; “cyberstalking”)

*First, a note about myself.* Slept between 6 and 11:45 AM. Tom N Toms. My conspirators (*actually, just Homeland Security CO chief*) were so kind as to provide me with a break yesterday, but today they will hurt me severely. Severe pain attack. Seizure. Pain so severe that I was shaking and unable to do my computer work. Pain magnified by the realization that I have been unable to take care of myself due to severe chronic pain everyday, since I spend my entire day, day after day, merely trying to kill pain. Again, pain due to one's inability to reach Wes. Severe chronic emptiness, feeling of being imprisoned and unable to access the external world. Basically, ever since SDW has posted on her blog something

about Borderline Personality Disorder on 17 April, I would have to suffer, through programming by the computer in the control center, that chronic inner emptiness which is the essence of BPD, and which causes me, or BPD sufferers in general, to constantly seek excitement and other people to kill pain. Required to collect more damages tonight and to do more cutting, even though these also are not effective ways to kill pain.

Even though there are two meetups for me today (French Conversation Club and Science in LA), going there, just like talking to the pretty AWF yesterday, is no effective way to kill pain at all. Rod has somehow responded to me. But he said in his email that he would not meet with me until the end of the month, seemingly trying to provoke me to extreme hopelessness. More evidence that I am perpetually suicidal, in conformity to Kiersten's false profile of me. Left two messages with Wes as usual to beg him to talk to me – it's amazing that his answering machine would stay on today – and wrote another email to Rod to beg him to meet me earlier. He would never respond.

Between 1 and 2 PM, the severe pain caused by the control center's deprivation has caused me to develop more "delusions" about SDW. I developed the "delusion" that her Russian lover has abandoned her and that we are therefore in a position to help each other.<sup>47</sup> Then, more "delusions": (1) she has acquired a watered down status as the "savior of Russia" and (2) thanks to the past two months of my obsessing over her, she now hates Asians.<sup>48</sup>

On my way to the French meetup in PSDN. 3 PM, thought that this was the authority's agenda: if only all the people in the world were like me, we'll all be living in a paradise, there would never be any problems in the world. But the fact that I'm like a little girl (Borderline Personality Disorder) is a hindrance to my being able to contribute anything to this world (preventing others from perceiving my virtues). And this is precisely what the Mexicans want, especially Homeland Security CO chief: to make me look so disgusting that my positive values (intelligence, etc.) may be dragged down the water with me. (*I was sort of correct here.*)

The French meetup turned out to be lousy. The Hispanic woman who I thought was Veronica's investigator was there for the second time and she occupied the Chinese woman for a long time, depriving me of my only comfort there. Pain. Returned to Café Mak to attend Science in LA. There were only the organizer and another weirdo. Nobody else showed up, certainly not my favorite Chinese girl. SDW's manner of targeting: remotely controlling me to develop expectations that are calculated to be unfulfillable. Left the meetup. By 6 PM, realized that the enormous pain this noon from feeling empty and gasping for my best friend was actually programmed by the computer in the control center. It's just like the chip-induced physical pain from before.

---

47 In the original version, my erroneous interpretation at this point: "Such delusion must have further convinced the Panistas that they need not pay attention to my words and my scenarios."

48 Again, you never know if the Invisible Hand will make use of this delusion of mine later on.

Went home. Cutting, four times to obtain one medium cut. Called Wes one last time, past 7 PM. Not allowed to leave a message. Napped between 7 and 9 PM. Woke up to find Shoji and four of his Japanese friends in the kitchen. Chatted a little, and realized just how normal things are, how little my environment has changed, and yet how much emptier I feel inside in comparison to before, and how nothing matters except for Wes. Hated SDW for her disgust of me and lack of sympathy for me.<sup>49</sup> 10:30 PM, began searching for SDW's address history online. It's the deadline. Then, went out to collect damages. All along kept thinking about how much I hate xxxxxxxxxx, and how much I love Russia. But there is just no avenue to Russia in the middle of Los Angeles which I can find by myself.

*(And so, we see that, by ordering the Monkey to continue to cause me severe physical pain, Homeland Security CO chief had accomplished the following objectives: (1) to get me to cut myself; (2) to get me to commit crimes; (3) to get me to hate xxxxxxxxxx; (4) to get me to develop more "delusions" about SDW and thus look crazy; and (5) to get me to begin "cyberstalking" SDW. All so that I could better conform to his warnings, and the Secret Society women's testimonies, about me.)*

The reason why she used Bing must be that SDW was asking her to assess the damage: could people easily discover my delusional rambling about her using other search engines than Google? Now the Erie relative would visit no more in May and would not be seen again until 16 June. She had given up: no matter how hard she tried, there was just no way to convince the TMU that Homeland Security was right about me and that SDW should be considered the victim of my stalking. The strange thing was that, on 24 June, her Windows system would revert back to

<sup>53</sup> In the original version, there is this comment at this point: "Now SDW had some relatives living in New York (New Hyde Park was east of Queens on Long Island). Her sister-in-law, Maureen Elizabeth Sheehan, lived in New York City, and her sister, Kathleen S. Lill, lived in Nassau, New York. This visitor was presumably related to her sister or sister-in-law. Since this person would not be seen again in the coming three months, SDW was presumably recruiting more of her family members to visit my blog posts on her and to report to the police that, even though I didn't name her on my blog, people could still identify her, which thus constituted harassment." It's not clear whether my identification here was anywhere close to reality.

We have to wonder whether this was Valentine's mother, who lived in San Francisco.<sup>54</sup> If so, then Kiersten was simply asking Valentine to help in – or perhaps Kiersten was discussing me with Valentine and his mother this evening and his mother wanted to see if I had also victimized Valentine by blogging about him.

11:42 PM, SDW posted something on her Facebook group.

This was obviously one of the LUG buddies. He immediately came to my blog:

Desperate, the Secret Society women were also asking the LUG buddies to help in, unaware that they were all informants for the TMU.<sup>55</sup>

Now, let's summarize. Again, another day that the Secret Society women had spent mobilizing their volunteers to brainstorm how to prove to the TMU that Homeland Security was right about me so that SDW could open a stalking case against me.

- (1) 6:38 – 7 AM, an Ahmedabad volunteer brainstormed how to convince the TMU that I did plagiarize and steal artworks (since, if there is no plagiarism, there is no stalking).
- (2) 7:08 – 7:53 AM, a Novelty volunteer also brainstormed how to convince the TMU that I did plagiarize.
- (3) 8:36 AM, a US volunteer examined my delusions about Snowden.
- (4) 10:27 AM, SDW called upon the first, a Garden Grove, volunteer.
- (5) 12:09 PM, a Sri Lanka volunteer examined my particular brand of misogynist ideology.
- (6) 5:08 – 5:17 PM, SDW's Erie relative came using Bing to search for my blog in order to assess the damages I had caused to SDW.
- (7) 5:48 PM, the Tel Aviv (?) volunteer examined my delusions about there being chips planted in my brain.
- (8) 5:57 PM, SDW called upon the second, a Prague, volunteer.
- (9) 6:01 PM, SDW called upon the third, a Winnipeg, volunteer.
- (10) 6:09 PM, a Queens volunteer examined the same misogynist ideology of mine.
- (11) 6:40 PM, an El Monte volunteer examined my delusions about there being chips planted in my brain.
- (12) 6:45 PM, SDW called upon the fourth, a New Hyde Park, volunteer.

(13) 11:15 PM, Valentine's mother (?) checked out my victimization of Valentine by blogging about him.

(14) 12:22 AM, the Secret Society women asked the LUG buddies to brainstorm how to force the TMU to accept the Homeland Security warning about me.

There was also a little brainstorming about my harassment of Shizuka, my naked picture of Angelica (1 time only), my computer-hacking – and plenty of brainstorming about how to report me for plagiarism. Meanwhile, Homeland Security CO chief, along with his Russian friends like Ekaterina and so on, was truly desperate: SDW *had to* succeed in order that he could have evidence with which to lock up the previous ICJ trial. He had thus finally succeeded in programming me (via the Monkey) to begin “cyberstalking” SDW tonight.

#### 4 May (Sunday)

*First, a note about myself.* Going to UCLA Hospital. Seen by Dr Wesley G, hmm. What a coincidence. Again, my conspirators were programming me to run into coincidences in order to cause me to develop delusional (incorrect) thoughts about the evidentiary process. At least Homeland Security CO chief was enjoying immensely the process. (*It was he who commanded the Monkey to program me – there were no conspirators.*) Got nothing at the hospital, not even a referral. Came out of the UCLA Hospital, 7 AM. Home. Slept for two hours. Even dreamed about chatting with pretty girls and guys. Whenever opening my eyes, however, disappointed that it was all a dream. Again, my conspirators were programming my dream process in order to cause me to dream the right dream which can be used to replace past evidence. (*Wrong.*) Woke up 10:30 AM, and went to St. Sophia. Incredibly, saw a perfect looking WF. Just like Goddess Athena in one's drawings. Eye sockets, pyramid nose, dark hair, wide hips. Have been attempting to draw this woman/ Goddess since time immemorial, and now she has actually appeared in front of me. It was just the control center which had been programming this since a long time ago. (Presumably, it was not very difficult, since many women look like that, so that the computer only had to slightly modify the structure of my attention to cause me to experience a “miracle”.) (*This was most likely an incorrect speculation. The encounter with with this woman was not programmed by the Monkey.*) Walked behind her and asked her questions (52:00 in the recording). VLT. She is indeed Greek, speaks Greek, and even has an heavy Greek accent when speaking English. She doesn't want to be bothered by me, however. Diamond ring on her finger (left hand). Then chatted with Sophia's family, also Greek. Thought that she was the repetition of Sophia from Assumption in the evidentiary record. (Programmed delusional belief needed for the evidentiary process.) (*Wrong. Just programmed by the Monkey to continue to come up with wrong scenarios and look delusional.*) But my conspirators had just collected another piece of evidence for the delusional state of my mind – constantly identifying coincidences as meaning something for the replacement of evidences, while the secret court indeed depended on my delusions to continue. (*Not in the way I thought here.*)

Home, napped, Café MAK. 9 PM. Wanted to add a link to Stimme Russlands on my external links page. Internet connection cut off when I attempted to connect to File Manager, even though the connection to

Kiersten's Vengeance, 10  
Lawrence C. Chin

every other page was working. Certainly, the loss of connection had “natural” explanations, but I was programmed to want to add links just when the connection would break down so that I may interpret it as “the control center not allowing it”. (*Perhaps!*) Mood dampened, stomach hurt. Required to collect damages. Then, 11:56 PM, a strange visit to my website: Google Webcache, representation440.html, 5.54.213.206, ppp005054213206.access.hol.gr, Firefox (so that the equations on that page would not display properly). Greece: right after meeting VLT? And after my own visit to my web gallery, 11:28 PM. The control center was just synchronizing me, my environment, and the Google search engine in order to produce visits to my website that were coincidental to my circumstances, so as to cause me to develop false beliefs about VLT (that she too had joined SDW's Secret Facebook Group), and about SDW's arrest for falsely reporting me. More evidence for the delusional state of my mind. (*Again, it was just the Monkey who was doing this.*)

Now the Secret Society women's operation on my website for today. 5:10 AM, mut38-2\_migr-82-67-66-96.fbx.proxad.net, Boulogne-Billancourt, France,

<sup>57</sup> In the original version, my commentary at this point: "This should be SDW's family member. One of SDW's aunts, Teresa Catherine S, seemed to be living in Tucson, Arizona. Not exactly sure. This might be she. However, Dr P's husband, David, also had an old address listed in Tucson. It could be his family member back at the state where he was originally from." We can't be sure at all whether I was anywhere close to the truth here. In fact, Karin's ex-husband, David Zimmer, also had relatives in Tucson.

Let's sum up: just another day where the Secret Society women continued to mobilize their volunteers to brainstorm how to prove to the TMU that Homeland Security was all right about me:

- (1) 5:21 AM, a Rhode Island volunteer examined my delusions about Snowden.
- (2) 6:24 AM, a Lahore volunteer examined my delusions about there being chips planted in my brain.
- (3) 8:25 AM, a Montreal volunteer (Prof. Ménard's student?) examined my violation of Prof. Ménard's intellectual property rights.
- (4) 10:28 AM, a Tucson volunteer examined my delusions about being gone after by Homeland Security ("My experience...").
- (5) 12:17 PM, SDW summoned a Miami, Oklahoma, volunteer to come examine my victimization of her.
- (5) 12:49 PM, a Glasgow volunteer examined my harassment of the ICAACT people by blogging about them.
- (6) 1:44 PM, a Missouri volunteer examined my delusions about there being chips planted in my brain.
- (7) 7:12 PM, an Opera Mini volunteer examined my delusions about Obama.
- (8) 7:55 PM, a US volunteer examined my delusions about there being chips planted in my brain.
- (9) 9:10 PM, a Malaysia volunteer examined my particular brand of misogynist ideology which had motivated me to conduct hate crimes against white women.
- (10) 10:10 PM, an Illinois State University volunteer also examined my particular brand of misogynist ideology which had motivated me to conduct hate crimes against white women.
- (11) 11:54 PM, a Bucharest volunteer examined my delusions about there being chips planted in my brain.
- (12) 12:49 AM, a Stockholm volunteer examined my delusions about Snowden.

Another day of futile efforts. What Homeland Security CO chief really counted on was my search for SDW's information on the Internet. However, my research last night was too minor and so had not yet alerted the TMU. There was also plenty of brainstorming today about my naked picture of Angelica (6 times) and of course my plagiarism. However, there was only one visit to [humandispersal.html](http://humandispersal.html) today.

## **5 May (Monday)**

*First, a note about myself.* Slept between 6 and 10:30 AM. Sleep deprivation. 10:30 AM, the landlord burst into my room, angry, saying another tenant had reported to her that I left a lot of blood on the floor in the hallway. It seemed to be false reporting. I had never left any blood stains on the floor. How did this happen? Was the guy a Homeland Security agent? Or was he programmed by the control center

without awareness? (*It was probably just that agent whom Homeland Security CO chief had planted in my building.*) Then I began suspecting that even Alessandra was taking part in SDW's operations on me. (*Just being required to be paranoid over nothing so as to look delusional.*)

Then, worked in TNT. Then, back home to nap, from 3:30 to 5:30 PM. Then, woke up to cut myself. Three times. To mark another miserable day where information about my stalking victims' operations on me and Wes were unavailable. Then, posted the Republicans' "different stories to different parties": Dr G, SDW, and the Panistas. (*See the blog post for 6 May, "Harm comes whose way" – full of false scenarios: Homeland Security CO chief's evidences of my delusional mind.*) Then asked on my blog: whether one should stalk SDW to do her a favor. Collection in WLA. **2 W (LWSSCHPLN), 11 N, 2 H, 4 B.**

*(It's very like that the blood on the hallway was Homeland Security CO chief's evidence in the ICJ to temporarily lock up the previous ICJ trial – although I can't be sure of how – just as my latest stupid blog post was. The last comment about "the duty of women" was especially a misogynist statement which confirmed that Homeland Security was all right about me. Meanwhile, my admission that I was about to stalk SDW was the man's trick to enable SDW and her family to try to persuade the TMU again, this time with even better evidence.)*

Now the Secret Society women's operation on my website for today. 4:19 AM, University of Connecticut, Storrs, Connecticut,

South Cairo is about 20 miles south of Albany. At the time I really thought this visit was orchestrated by the control center to make me believe that Alessandra was also involved with the Secret Society women. But, by November, I would assume this volunteer was in fact related to SDW's sister Kathleen S. Lill, who, as noted, worked as a physician assistant at a medical center in Albany and whose friends included this person and another person in the Nassau county school district – both teachers, it seems. It's not clear whether I was anywhere close to the truth. In any case, here to brainstorm how to convince the TMU that I had indeed plagiarized.

Presumably, the Secret Society women were calling up Prof. Naweed Syed again. (Recall that the last time was 26 April.) Amazingly, almost 3 minutes later, Prof. Naweed Syed actually came to my front page:

The Secret Society women were evidently explaining things to him this time! "He suffers from this  
bizarre delusion about being chipped in the brain, and could be dangerous to us! But the police refuse to  
validate the Homeland Security warning about him! So we are asking for your help: if you can persuade  
the TMU to validate that warning, then we can open our case and get police protection." Thus, we can  
assume that the previous few times Prof. Naweed Syed had been totally unenthusiastic.

Now, let's sum up. As usual, the Secret Society women had spent the whole day mobilizing their volunteers to brainstorm how to convince the TMU that Homeland Security was all right about me:

- (1) 5:54 AM, a Brazilian volunteer came to examine my particular brand of misogynist ideology.
- (2) 7:30 AM, SDW called upon a Reno, Nevada, volunteer to come examine my victimization of her.
- (3) 1:08 PM, so desperate, the Secret Society women asked Prof. Naweed Syed again for help.
- (4) 2:52 PM, an Opera Mini volunteer examined my delusions about being chipped in the brain.
- (5) 5:29 PM, the Illinois State University volunteer examined my misogynist ideology again.
- (6) 6:27 PM, SDW's fourth Tampa friend was talking to Robin.
- (7) 8:41 PM, the Chesapeake volunteer was examining – my delusions about SDW? My delusional mind? My harassment of the Myrakami girls?
- (8) 9:18 PM, a New Jersey volunteer examined my delusions about Khalezov.
- (9) 11 PM, SDW called on the Miami, Oklahoma, volunteer again.
- (10) 11:25 PM, a German volunteer examined my delusions about Snowden.
- (11) 12:06 AM, an Indian volunteer looked through my Thermodynamic Interpretation of History trying to come up with ways to convince the TMU that it's all plagiarized.
- (12) 12:33 AM, a Fort Collins volunteer (Gilbert?) examined my delusions about Angelica.
- (13) 12:38 AM, SDW called upon a Palmdale volunteer.

And there was of course plenty of brainstorming also about my naked picture of Angelica (5 times) and harassment of Shizuka. Also, two visits from the Reddit post today, and, amidst all the brainstorming about my supposed plagiarism, three visits to [humandispersal.html](http://humandispersal.html). Meanwhile, the Monkey continued to program me to want to “cyberstalk” SDW. Finally, we must take note of the Chesapeake volunteer – it's possible that Homeland Security CO chief was again trying to involve the Myrakami girls in my case in order to produce some temporary evidence with which to lock up the previous ICJ trial for the time being.

### **6 May (Tuesday, no collection, first break from pain)**

*First, a note about myself.* From 2:25 AM onward, discovered, and researched, SDW's Meetup profile, and then bought SDW's address history at Intelius. Researched the addresses; absolutely shocked by her ties to an expensive house in the San Diego region. I even purposely looked up the train schedule to her town, although of course I had no money to buy any ticket. Now, I assumed that, since I was under police surveillance and on some blacklist, Intelius would certainly inform law enforcement that the

stalker had purchased SDW's information. (*Wrong.*) I was now at last officially SDW's "cyberstalker" – conforming to Kiersten's false profile of me. (*Not.*)

Slept between 5:30 and 9:30 AM. Severe sleep deprivation. Tom N Toms, 11:30 AM. Researched SDW's address history again – even called up real estate agents (from 19:00 in the recording). Reflection on 33:00. Then, going to storage. 2 PM, ran into "Una" the Mongolian! She was responsive, but found it impossible to break into her space, and thus let her depart. So regretted, because life was just so boring. Storage. Called the real estate agent about the "expensive house" (1:11:00 in the recording). The SM library: returned Hannah Arendt's *Eichmann in Jerusalem*. Unsuccessfully napped in Ackerman until 9 PM. Nervousness all day. Extreme sleepiness. Starbucks, almost 10 PM. Sat down next to a very pretty young AWF student, who was however annoyed by my staring at her. Developed the "delusional thought" that she was instructed by the government to do acting, and that she in fact loved me – *just more of the Monkey's attempt to make me conform to Homeland Security's false profile of me as totally delusional*. Mood okay all day. No collection, only **1 B** (Pollo Loco). Checked over the links on SDW's blog between 10:30 PM and 12 AM.

This phone is very suspicious. Later on in the year (e.g. in October) we will meet a "Los Angeles LGMS500" volunteer, i.e. someone with a virtually identical phone. It's not clear if the two persons are in fact the same. (The Chrome browser didn't seem right here.) If the same, then this must be a friend of the (to be seen) Baltimore Lawyer, thus a friend of Dr P's. In any case, this volunteer was a very important figure among the Secret Society women. Since, as you shall see, she would show up in Stockton, California, the day after tomorrow, we should assume that she was in fact a Californian whom the Secret Society women had sent to Baltimore to confer about something with the Baltimore Lawyer. Then, since, as you shall see, Obama's family will also lodge a complaint against me with the TMU tomorrow, we should assume that this "Baltimore" (more likely "Stockton") volunteer was in fact sent to help the Baltimore Lawyer establish the Homeland Security warning about me with the National Counter-Terrorism Center (NCTC) or some such organization using a pledge from Obama's family.

Let's summarize. Again, another day that the Secret Society women had spent mobilizing their volunteers to brainstorm how to convince the TMU to accept the Homeland Security warning about me as valid.

- (1) 4:52 AM, a Spain volunteer examined my delusion about Khalezov.
- (2) 5:30 AM, a Finland volunteer continued to examine my TIH Table of Contents looking for plagiarism.
- (3) 5:47 AM, a San Diego volunteer examined my particular brand of misogynist ideology which had motivated my stalking of, and hate crimes against, white women.
- (4) 7:42 AM, a Baltimore (Stockton) volunteer (LGMS500) examined my delusions about Obama. (The first.)
- (5) 8:33 AM, SDW called upon an Oakland volunteer. (She left home shortly afterward.)
- (6) 8:43 AM, a Houston volunteer examined my delusions about Obama. (The second.)
- (7) 12:48 PM, a San Francisco volunteer examined my harassment of the ICAACT people.
- (8) 12:59 PM, SDW's fifth Tampa friend examined my delusions about Obama. (The third.)
- (9) 3:08 PM, a Kentucky volunteer examined my delusions about Obama. (The fourth.)
- (10) 3:39 PM, a Pennsylvania volunteer examined my delusions about Obama. (The fifth.)
- (11) 6:29 PM, a Tennessee volunteer examined my delusions about Obama. (The sixth.)
- (12) 8:34 PM, a US volunteer examined my delusions about being chipped in the brain.
- (13) 8:45 PM, SDW called upon a Kansas City volunteer.
- (14) 8:54 PM, SDW called upon a Saipan volunteer to come examine how I had threatened to hurt her on my blog.
- (15) 9:41 PM, a Chicago volunteer broadcast my comments about Kiersten over Apple Podcasts in order to enable Homeland Security CO chief to intercept evidence of my harassment of Miss Piggy.
- (16) 10:34 PM, the important "Houston" volunteer examined my delusions about being chipped in the brain.
- (17) 10:53 PM, a Vancouver volunteer examined my delusions about Obama. (The seventh.)
- (18) 11:09 PM, a Nebraska volunteer examined my delusions about synthetic telepathy.
- (19) 12:06 AM, an Iranian volunteer examined – my delusions about Karin?

As noted, with all these volunteers looking up my supposed delusions about Obama, we must wonder whether Homeland Security CO chief had succeeded in getting Obama's family to also complain about me to the TMU. Then the volunteers would emphasize to the TMU that my insanity had made me dangerous for I also kept imagining myself to be chipped in the brain. That was the substance of today's

effort: Homeland Security CO chief would have temporarily locked up the previous ICJ trial with the Obama family's complaint and the Chicago volunteer's podcast – even though my “cyberstalking” of SDW this early afternoon was still too minor for the TMU to be alarmed. Meanwhile, there was hardly any examination of Angelica's naked picture today (1 time), and Shizuka was not seen at all. But the massive reporting about my plagiarism continued (since, if there was no plagiarism, then there was no stalking), even though the Secret Society women didn't send any volunteers to [humandispersal.html](#) at all today.<sup>76</sup>

## 7 May (Wednesday, no collection, the 2<sup>nd</sup> day of break)

---

76 In the original version, my erroneous reconstruction at this point: **“RECONSTRUCTION, SDW's movement on 6 May.** Important development on 6 May. In response to my research on SDW between 2 and 3:30 AM on 6 May, SDW would post two new videos on her blog, early morning 7 May. She obviously wanted me to discover her Youtube channel. Why? According to SDW, the first video was shot on 11 AM, and the second on 11:52 AM, 6 May. She said she was leaving doctor's office. Thus: when the police informed her early in [the] morning that I had ‘cyberstalked’ her, this time by actually purchasing her address history on Intelius, she was advised by her FBI handler that, to complete the stalking, I would have to discover her Youtube channel as well. (I would then have ‘cyberstalked’ her by exploring all her online accounts: Facebook, Meetup, Youtube, and address history.) Her FBI handler instructed her to shoot a first responder harassment video and post it on her blog, in order to lead me to her Youtube channel. (Since her FBI handler received his instruction from the CIA, who was with the French and the Republicans inside the control center, those people could already see on their computer screen that I'd check SDW's blog tonight and discover her Youtube channel.) When SDW was first updated by the police about my further ‘cyberstalking’ attempt on her, she instructed somebody in the Secret Facebook Group to Google to see if my blog posts about her had been removed by the police. That was 8:30 AM. Presumably, Aysha's bunch were quite excited about the fact that the group of women were being validated since the psychopathic male had at last made his move. But no, the police had not done so. So SDW was expecting her FBI handler's instruction to do the trick. She left home around 9:30 AM, [breakfasted] in a fast food [place], and arrived at her doctor's office by 10:30 AM. [When she was] leaving the office, her FBI handler called her to tell her that an accident was being attended to by Carlsbad Police at Poinsettia and I-5 (Carlsbad). She turned on her phone's camera one block before the accident. Then, after running some errands, she accidentally passed by another fire truck, and decided to film that too, just for the hell of it. She returned home, and contacted somebody in ICAACT hoping to recruit more people to complain to the police about my blog. That was 12:40 PM. Then she asked her friend in Florida to search for my crazy blog post on Obama again, wanting to continually impress on the police that I was mentally insane. That was almost 1 PM. But then the Threat Management People called her in to let her check on the intercepts of my calls to the real estate agents. But, around 2 PM, however, the control center orchestrated my run-in with ‘Una’ while the Threat Management Unit was observing me. The French and the Republicans were commanding Homeland Security CO chief and the PRI team to orchestrate this incident [in order] to create a certain evidence to replace/ erase past evidences while at the same time purposely allowing the Threat Management Unit to observe my lesser aggressivity toward women in comparison to other men. This of course didn't square with SDW's portrayal of me to the police in accordance with Kiersten's false profile of me, as insane and physically violent. While I was being deceived [into believing that I had] an opportunity [here] to impress EKT, etc., and, shortly after [I was] done with the storage, I came to the Starbucks in downtown to begin downloading materials on ethnic minorities in Russia and Mongolia (in German and Japanese) – in the process discovering Andreas Kappeler's classic, *Russland als Vielvölkerreich* – SDW and her brother James were listening to the intercept of my calls to the real estate agents at the police station. They were quite troubled. It must be because of my calls to the real estate agents, however, that SDW would delay uploading her new videos to her Youtube channel until late in night – when she could have uploaded them by 1 PM. Both SDW and her brother, James, who, as usual, was always by her side, were quite shocked by my [method of] pretending to be buying and renting houses in order to get information about them. I don't know how much they were aware that this was how private investigators investigated things in the past, before such ‘social engineering’ techniques were made increasingly obsolete by computer

*First, a note about myself.* Slept between 3 AM and 12 PM. Somewhat okay. Western Dental. Cleaned teeth. After the appointment, spoke: “The story that will be advertised will not be correct. SDW is pissed off by the fact that the guy is ingratiating toward her, not by the fact that he cares about her.” (Again, *the Monkey was programming me to develop the delusional belief that such was the script of the “terra inverta” which the “White Roses” were trying to actualize in reality.*) Café MAK, and more research on SDW’s brother’s address (the “expensive house”), but checked all the wrong names. 7 PM, home, MST, but couldn’t get much of an erection. And bikini AWF. (*Was the Monkey programming me to resemble Kiersten’s false profile of me as women-hating because of my sexual impotence?*)

searches. They became very concerned about the possibility that I might know more about them, and so began questioning the wisdom in SDW’s FBI handler’s instructions, which seemed to indicate a plan to run a sting operation on me. By continuing the sting op, they ran the risk that more knowledge about them might end up existing in my mind. SDW and her brother thus requested to withdraw from the FBI’s sting op on me. They didn’t know that the FBI was merely helping the CIA in the education of the Threat Management Unit while allowing the CIA to secretly enter into the ICJ evidence about my inability to become dangerous to women. It’d take a lot of persuasion on the part of the FBI to convince SDW to continue. The operation would continue. It’s not clear if the visit to my blog on 8:45 PM (from Kansas City) was actually from SDW’s team: ‘white man gang-stalks to assume superiority’. The visit on 9:41 PM – to the blog post in which Kiersten was mentioned – was certainly from her team: my posts on Kiersten had also not been removed. The Threat Management Unit was certainly monitoring my checking over the links on SDW’s blog between 10:30 PM and 12 AM, and around 11 PM she uploaded the two videos to her Youtube channel in a hurry, and without any interest – certainly because she was very skeptical about the whole sting op: she’d rather not give me any more opportunity to know something about her and her family. Perhaps the 9:41 PM visit was a sign that Kiersten was persuading her to proceed with the sting op too, since everybody – Kiersten, Angelica, Veronica, and Dr P – was waiting for the removal of my website. Then SDW waited until I finished checking the links on her blog, and posted her latest blog post, ‘First Responder Harassment Log 5/6/14’, probably between 12:30 to 1 AM. For some reason, my conspirators would refrain from requiring me to collect damages by inflicting severe physical pain on me. Later on, since, without suffering severe physical pain, I would forget to hate [xxxxxxx], I would misunderstand the situation and believe that the CIA, and the Macrospherians in general, had wanted a halt on my torture for two reasons: (1) the Russians want to measure if my love for Russia could stand on its own, if it will be gone when I am not anti-American; (2) the researchers from the US side need to measure the brain functioning patterns corresponding to anti-Americanism (the sentiment). One’s brain functional patterns are very similar to those of anti-American/ insurgency fighters around the world, [...] especially in the Middle-East. Anti-Americanism will be considered the Republicans’ damage to the US which the White Rose faction will fix. Hence the study of the ‘anti-American brain functional patterns’. In these three days, the researchers will have examined SDW’s programming of the computer in the control center to suppress this functional pattern in my brain. The patterns relate to [a certain] reaction against domination by overwhelming power. But my anti-Americanism is not exactly the same as that among the Arabs; in that I live in the US and can be attracted to AWFs. There are two additional components in my case which are not present in the Arabs’ or others’ anti-Americanism, i.e. aesthetic disgust due to boredom with the same thing and anger over exclusion from participation (especially in the sphere of knowledge and collective consciousness). But AWFs will be no cure to anti-Americanism as soon as I leave the US and there are white women of other nationalities around. It’s not clear why this issue is important at all. Even if one marries EKT, one’s anti-Americanism will have very little influence on one’s demeanor and decision-making process. The issue must be related to the plan of global backlash against Americans: once the American people are changed and global commerce is broken up, the US government will begin counterinsurgency campaign to squash the backlash. The White Rose faction has permitted this ‘turn-off’ because one is required to know about the counterinsurgency plan in order for the Macrospherian secret court to order it without the possibility of objection to it. The White Rose faction has put in place an increasing number of pretty white female faces in the government because these, together with the CIA’s White Rose function which will be advertised, will work as a protective hedge against the

Came to Starbucks, Westwood, 9 PM. 9:45 PM, a very ugly Middle-Eastern looking male student sat down next to me. So disgusted that I had to move to another spot next to an Indian girl. Again, targeted in the same way as SDW: would get angry over aesthetically unpleasing environment. 10 PM, even painful to see an Asian girl walking with a white chic outside. Again, since I wasn't racist, the closest evidences which my conspirators (*actually, the Monkey*) can force me to produce were super-sensitivity to racial issues. Soon, another ugly Hispanic male sat down next to me when the Indian girl left. Changed seat, back to the original table, where there was now a pretty white chic. Although it was quite obvious that the control center was trying to establish some sort of identity between me and SDW – *or so I thought* – my conspirators (*again, just the Monkey*) were at the same time programming me to develop the wrong theory that it was SDW who was targeting me in order to transfer her own suffering onto me: through degrading the aesthetic value of my environment, something which you cannot use as the cause of your violent behavior in order to claim your status as a victim rather than as a victimizer – when in reality they were trying to create similar brain scan images between me and her. (*Wrong.*) 11:30 PM, the Internet was cut off only for IP address tracing. Discovered SDW's two new videos on her blog, and she also posted on her Facebook group on 10:45 PM. She obviously wanted me to discover her Youtube channel. (*Wrong.*) No collection tonight. **Merely 5 B.** Home, studied SDW's Youtube videos all night long, until 6 or 7 AM in the morning. In the end, was suddenly overcome by fear, and posted the reconstruction "6 May, SDW" on my blog.<sup>77</sup> (*More materials for SDW and her family to complain about.*)

Now the Secret Society women's operation on my website for today. 4:10 AM,

impending global backlash against Americans. (So everybody likes white female faces?) It's not clear if the same AWFs will be part of the counterinsurgency campaign. Since the above was the 'delusional belief' I had developed when reflecting on the hiatus, presumably the purpose of the halt was precisely to cause me to develop the above delusional beliefs, which means that there was something in the above which the White Roses want to make use of in their reform program. *As usual, whenever they want something to be done through an ICJ judgment, they would program me to develop some bizarre delusional beliefs in which what they have wanted would be present in some vague, and distorted form.* One stone two birds: while obtaining what they have wanted, they can waste my time and leave me looking ever crazier and laughable. Another [reason] – which was more immediate – was probably that the Republicans didn't want me to commit crimes while SDW's stalking claim was in progress. The government wanted the TMU to have the legal leeway within which to not respond to the 'stalking victim' but to study her actions instead. If I committed crimes, this might complicate law enforcement's legal obligation to her." While this erroneous reconstruction provides you with information about the timing of events (*when SDW went out and posted on her blog*) and what I was thinking, reading, and doing on that day, it was of course completely useless as a reconstruction of the happenings behind the scene. However I was certainly correct in the italicized portion. This means that the "global backlash" against Americans might be BOL's intention, which, because she would eventually lose her bet with the Invisible Hand, we would never see realized. You should also expect the Invisible Hand to again use my psychoanalysis of myself to educate the TMU detectives as to how to properly profile me.

77 This should be the blog post for 7 May, and yet it was nowhere to be seen in my archive. I must have deleted it soon afterwards.

<sup>83</sup> In the original version, my erroneous interpretation runs thusly: "You can tell that it's the same LUG person who was visiting my blog on 12:50 PM and on 7:18 PM: the user agent is identical. Presumably, SDW today was merely waiting for the police's word that I had discovered her Youtube channel: she was impatiently waiting for me to become her full-fledged 'cyberstalker' so that, she believed, the police would then remove my website. While waiting, she probably thought it wise to strengthen her case by instructing more people to complain to the police about my blog and website – in regard to other things than that which directly concerned her. The first, the Russian member, on 7:51 PM, to impress upon the police that even people far away in Russia noticed that the blogger here suffered [from] severe schizophrenia. Then, around noon, she got three more people to complain about me: my crazy thoughts about 911 (Toronto person), my plagiarism (Karin's friend), and then something else (LUG). Meanwhile, the Threat Management Unit was watching me closely, hearing me uttering insanity, but not doing anything else. The search in Mak Café wasn't enough. Past 7 PM, SDW had the LUG person polish a little more his earlier complaint about me to the police. When I finally discovered her Youtube channel, around 11:45 PM, she got a call from the police about the matter. She must be quite euphoric: tomorrow my website would be gone, she probably thought. The police had however other plans. The TMU was awake with their 'government trainer' all night long. The trainer was probably explaining to them what I was doing with SDW's videos: i.e. trying to reconstruct SDW's movements in order to figure out the government's agenda – i.e. what the TMU was doing right there, although I failed to get it then – and then writing it down on my blog. This, of course, was not what a 'cyberstalker' usually did, and didn't fit SDW's conception of my 'stalking'."

Now, let's summarize. Today the Secret Society women would have the backing not only from the Obama family, but also from the Clinton family again, and yet the TMU just wouldn't budge.

- (1) 5:40 AM, an Ohio volunteer reported on my delusions about Obama. (The eighth.)
- (2) 5:45 AM, a Delft volunteer reported on my delusions about Chelsea Clinton.
- (3) 7:50 AM, SDW called upon the Nice volunteer again. (The first.)
- (4) 7:51 AM, a Samara volunteer reported on my delusions about being chipped in the brain.
- (5) 10:38 AM, a Texas volunteer reported on my delusions about Snowden.
- (6) 12:06 PM, a Toronto volunteer – what did he report about?
- (7) 12:41 PM, a South Pasadena volunteer reported on my violation of intellectual property laws.
- (8) 12:50 PM, a LUG buddy (?) came to brainstorm about my latest delusions about SDW.
- (9) 5:48 PM, SDW called upon a Swiss volunteer to come examine my delusions about her in the 14.04.2014 blog post. (The second.)
- (10) 7:18 PM, another Delft (?) volunteer came to examine my delusions about my women victims' going after me.
- (11) 9:30 PM, a Qatar volunteer came to examine my harassment of Marie by writing about her.
- (12) 12:30 AM, a Hemet volunteer (Derrick?) examined my delusions about Obama. (The ninth.)
- (13) 12:39 AM, SDW called on a German volunteer. (The third.)
- (14) 1:01 AM, a Pefferlaw volunteer examined my delusions about Khalezov.
- (15) 2:09 AM, another Indian volunteer continued to brainstorm about my plagiarism, in continuation of the efforts by the Malappuram and Oulu volunteers.

And plenty of brainstorming and reporting about my supposed plagiarism. There was also examination of my naked picture of Angelica (2 times), my computer-hacking, and my harassment of Shizuka.

### **8 May (Thursday; no collection, 3<sup>rd</sup> day)**

*First, a note about myself.* 2 PM, Tom N Toms. Listened to MIA's "Fallschirm" repeatedly. Revised the latest blog post, correctly identifying the police car in SDW's video as Carlsbad. Going to White Memorial for the doctor's appointment. The Metro train was full of earphones-wearing people, as if my posting, and the correction thereof, had elevated my status as a "stalker". (*In reality, it was probably because the TMU was obliged to run surveillance on me because Obama's family had complained yesterday. But of course the Invisible Hand would soon instruct the TMU to dismiss Obama's family's complaint as well.*) Fantasized that law enforcement was upset with my seeming attempt to rescue SDW. (*Ha!*) Then a police officer checked my tap card (to verify my identity?). I thought that this might be related to the TMU's actions at the moment: because my reconstruction of SDW's movement yesterday, although incomplete and not entirely correct, demonstrated my awareness that there was a sting operation on me for stalking her, SDW's stalking claim with the TMU seemed now quite ridiculous: why would the suspect continue on with his plan knowing that he was trapped in a law enforcement sting operation? While in the clinic, I compared SDW's hand with Ekaterina's hand, for no particular reason (remotely controlled). Saw Dr S, an unappealing black man, and obtained Norco, 3:30 PM. My comment about "pretty doctor" vs "ugly doctor" after leaving the doctor's office on 3:47 PM (1:25:00 in the recording). (*Homeland Security's evidence for my delusional mind?*) Cafeteria, and examined the "anti-romance" in "The Psychology of the Ying and the Yang" (done on 1:43:00, or 4:05 PM). Combined with "Fallschirm's" lyric, it looks almost as if I were trying to warn SDW, when in fact it's all an accident (unintentional, remotely controlled). (*Bullshit.*) My impression that I was being remotely controlled to rescue SDW was of course more evidence for Homeland Security of my perpetual delusional state of mind. (*Right.*) On 2:08:00, I was waiting for bus. 6:30 PM, Starbucks, Vermont/Prospect. One was unable to download the Wordpress backup SQL file. Angered. Stomach hurt. Then very bothered by the fact that everybody was so ugly around me (only three pretty AWFs in the entire neighborhood). Targeting through aesthetic degradation of my environment (or making sure I'd decide to go to white neighborhoods where, for some reason, there weren't any whites but only Hispanics on this day). Wanted to collect damages and cut oneself. (*Did the Monkey program this?*)

Then, Bible study at St. Sophia. Anger subsided. Dumped trash in Westwood park and **2 B** only. Starbucks, Westwood. There was an open seat next to a pretty AWF, mood was stabilized, and she was nice even though she soon left. 11 PM, reflected on SDW's video "City employee with truck" (21.10.2013, 11 AM), and realized that the reason why her experience of targeting was so similar to mine (except that there was no objective reality in hers) was that the filter inside the Monkey's computer had purposely programmed her thought-process to experience the same targeting I had experienced in 2010. On the bus coming home. Painful when an ugly Hispanic man sat down next to me. Decided to

88 In the original version, my wrong-headed interpretation at this point: "It's said that NCREN grants services to 16 of North Carolina's public institutions, including Duke University, Wake Forest University, most of the state's private universities and colleges, state government, etc. The person was likely on the school's computer, because it was Windows XP. I would presume this was a scientist asked by law enforcement authority to check on the veracity of women's claim about my insanity ('brain chips')."

This really seems to be the same "Baltimore volunteer" we have seen on 6 May, 7:42 AM. Again, it's this visit that makes us want to conclude that this volunteer was sent to the Baltimore Lawyer on 6 May to help her establish the suspect's terrorist status with the NCTC and so on under Obama's order. (She had apparently by now returned to California.) 2:41 PM, she came again:

Since at this moment I was waiting for the bus at White Memorial Hospital, I would mistakenly assume this possible friend of SDW's was making a report to the TMU about my close proximity to House 1630. We can easily imagine what had happened. Despite all the preceding reports, the TMU had concluded that the Homeland Security warning about me was incorrect, in which case there was no stalking of Obama's family (and so no stalking of SDW either). Since the conclusion had again become

unfavorable evidence for Homeland Security CO chief in the ICJ, he immediately instructed this Morelia volunteer to post something stupid on Facebook somewhere so that faulty surveillance can confuse him with me. In this way, the CIA could again be temporarily prevented from reactivating the previous ICJ trial.

Let's sum up.<sup>94</sup> Today was the third day that the TMU was asked to examine the Obama family's complaint and, under Homeland Security CO chief's instruction, the Secret Society women continued to mobilize their volunteers to report my website to the TMU in an attempt to persuade them to validate the First Family's concern (so that SDW and so on can also be ruled to be my "victims").

- (1) 8:28 AM, a German volunteer reported on my delusions about Khalezov.
- (2) 10:12 AM, the same Lenoir City volunteer from 6 May reported again about my delusions about Obama.
- (3) 11:49 AM, a North Carolina volunteer reported on my delusions about there being chips planted in my brain.
- (4) 2:22 PM, the same Baltimore/ Stockton volunteer reported on my harassment of Kiersten: "The stalker does the same thing to ordinary women as well. The Homeland Security warning about him is correct!"
- (5) 4:31 PM, the Sanford, Florida, volunteer reported on my victimization of SDW (on her blog: the first).
- (6) 5:50 PM, the Champaign, Illinois, volunteer reported on my delusions about Snowden. (Khalezov, Snowden, and Chelsea were all Obama's co-victims.)

---

<sup>94</sup> In the original version, the wrong-headed conclusion for today runs thusly: "It's of course amazing that, not just SDW and Angelica, but even Karin didn't know that everybody here was only set up by the government to complain about me, not just to educate law enforcement, but also to produce evidences for both ICJ trials (current and previous). Karin had apparently never figured out that the CIA had set her up to harm the CIA back in September last year, all because the Agency needed to disown her and her group in order to rewrite the evidentiary records about what happened in 2008. She had got to be the smartest among these stupid women; and yet she never noticed that she was [being] set up to 'throw stones at her own feet.'"

- (7) 5:58 PM, a Dominican Republic volunteer reported on my delusions about there being chips planted in my brain. (Given my severe delusions, I could be very dangerous.)  
(8) 6:42 PM, a Philadelphia volunteer reported on my victimization of SDW (the second).

By this time, the TMU must have expressed their inclination to dismiss this latest complaint from the First Family. The Secret Society women thus went into their last-ditch effort.

- (9) 8:31 PM, a Hong Kong volunteer reported on how my delusions about being mind-controlled made me a danger to myself.  
(10) 8:32 PM, an Alaska volunteer reported on how my delusions about being mind-controlled made me a danger to others as well as to myself.  
(11) 8:39 PM, a LUG buddy (?) reported on my victimization of SDW (the third). (Again, since the LUG buddies were TMU informants, this report must be counter-productive.)  
(12) 8:44 PM, a South Dakota volunteer reported on my delusions about there being chips planted in my brain. (Thus I must be dangerous.)  
(13) 9:51 PM, the same LUG buddy (?) reported again on my victimization of SDW.  
(14) 10:33 PM, another Paramount volunteer reported on my delusions about mind-control technologies.  
(15) 12:44 AM, a Medford volunteer reported on my delusions about there being chips planted in my brain.  
(16) 2:15 AM, a Chennai volunteer reported on my particular brand of misogynist ideology. (Thus I must be dangerous.)

As you can see, in order to save their (and the Obama family's) case, the Secret Society women had concentrated on my delusional mind and terrorist ideology and thus being a danger to people. No use: the TMU had by now dismissed all the complaints on the ground that the Homeland Security warning about me was not correct.

- (17) 3:20 AM, Homeland Security CO chief thus instructed a Morelia volunteer to generate some evidence on Facebook to enable him to temporarily lock up the previous ICJ trial.

While there were plenty of reports about my plagiarism, there was very little of anything else. (Only two visits to Angelica's "naked picture".)

### **9 May (Friday, sleep okay; collection resumed)**

*First, a note about myself.* Slept between 4:30 AM and 1 PM (waking up for a while around 10 AM or so). Tom N Toms, 2 PM. Severe longing for Wes. Talked for a long while with Wes' mother. Hence gave up the plan of riding the bus to her house. Some time later, would wrongly theorize that SDW had input her intention into the computer in the control center to begin programming me to collect damages again. Now that I had looked at her Youtube videos, and wrote about it on my blog, she had got law

enforcement to establish me as her stalker, based on my past history with Chaya. It was thus time for me to “become violent” again, so that law enforcement may treat my case with more seriousness. (*In reality, it was just Homeland Security CO chief who wanted me to resume committing crimes – now that Obama’s family’s complaint had amounted to nothing.*) Then, the control center also began programming me to want to find Andreas Kappeler’s book in the UCLA library. (*Did Homeland Security CO chief also want me to produce more evidence of my obsession with Russia?*) 5 PM, remotely controlled to come to the UCLA library without bringing the necessary change to make copies. Apparently, the control center had made sure that I would want to find this book just when I had used up all my dollar bills and had only 20 dollar bills with me. Extreme anger, chest hurt. Required to resume the collection of damages. (*So this was the actual intention of the Monkey and Homeland Security CO chief!*) *But such was my wrong understanding at the time:* after yesterday’s wandering near Veronica’s home – with nothing having happened at all – and my bizarre cognizance of there being a sting operation on me, the police had now determined that I wasn’t the sort of threat which SDW had portrayed me as, so that I could resume committing crimes without complicating law enforcement’s obligation to my “stalking victims”. (*Just more wrong scenarios in order to look insane so as to help Homeland Security CO chief.*)

6:30 PM, in Ackerman, and watched the latest updates on the kidnapping of girls in Nigeria. Understood the whole business about the “sacredness of victims”. Posted it on my blog while in Starbucks, Westwood. (*Did Homeland Security CO chief want me to produce more evidence of my misogyny and delusions about my women victims, in this case SDW?*) Since I believed that the whole operation was a sting operation on SDW, my conception in the post was that law enforcement was feeling sorry for her and was hesitant about continuing the operation.<sup>95</sup> Then, talked to a Swiss woman outside the coffeehouse. “I want to go to Russia”. My impression later on was that it was SDW’s intention that I shall never go to Russia (and that she was able to dictate an ICJ judgment that the opposite of what I had wanted would happen). *In reality, it was just the Monkey continuing to program me to come up with wrong scenarios so as to look delusional. (Especially since, as always, I wondered if the Swiss woman was a member of my “audience”.)* 11 PM, in BRNTWD/ SM to collect damages. **7 N, 2 W, 2 SPC.** Got increasingly angry over everyone’s silence and SDW’s hatred of me and intention to unload all her suffering onto me for her own benefits. (*I had begun developing the required “delusional” scenario by this time – programmed to be upset over some imaginary harm, just like SDW, Angelica, and Dr P.*) Became also increasingly receptive of the idea that caring about AWFs would indeed incur the greatest hostility from them. On the bus, 2 AM, and was angered by earphones-wearing people, and then by a fat Mexican man wearing earphones who squeezed into me in my seat and talked Spanish loudly (as if) to provoke me. Physical pain. One was quite aware that one was

---

95 In the original version, my interpretation runs thusly at this point: “In reality, law enforcement was simply busy with profiling the ‘victims’ and was quite aware that the victims’ reports and complaints were all false and distortions. Presumably, the White Roses had me write thusly in order to make the ‘sacralization of the victims’ into part of the terrorist conspiracy against the world.” I was in fact sort of correct here: the Invisible Hand was indeed teaching the TMU detectives as to how to properly profile the “victims” – why they all wanted so badly to be recognized as my victims – in order to expose their fraudulent scheme, and he certainly wanted me to write out the “sacralization of the victims” because this would become part of his program with BOL later on.

increasingly like SDW. Insurgency warfare shall thus continue after three days' break. (*Exactly what Homeland Security CO chief had wanted of me.*)

(*Note that the blog post "The sacralization of victims" was very important. While Homeland Security CO chief's purpose was to get me to produce more evidence of my misogyny and delusional mind, you can see secretly at work here the Invisible Hand's "filter" again: my analysis of the harmful effects of protecting victims at all cost would soon become part of his program together with BOL – as you shall see.*)

You can easily imagine what must be going on here. The Secret Society women were telling him: "You see these blog posts? His delusions have clearly made him a danger to people, and yet the TMU just wouldn't admit that the Homeland Security warning about him is correct! Not even when Obama's family has complained! The only solution is if you get him to confess something to you." Namely, the women gang were thinking again of sending someone in to befriend me.

Let's summarize. Now that the Obama family's complaint had come to naught, the Secret Society women spent the whole day today showing volunteers how Homeland Security was all right about me and mobilizing them to brainstorm:

- (1) 5:57 AM, an Opera Mini volunteer examined my external links page. What?
- (2) 6:48 AM, a California volunteer examined my delusions about famous people.
- (3) 8:07 – 8:21 AM, a Lawrence, Kansas, volunteer examined how my delusions about being mind-controlled made me a danger to people – he was then asked to try to befriend me.
- (4) 11:31 AM, a Tucson volunteer examined my delusions about Madero.
- (5) 12:30 PM, a UK volunteer examined my delusions about there being chips planted in my brain.
- (6) 6:37 PM, a Tacoma volunteer examined the front page of my website. (What?)
- (7) 7:21 PM, another Opera Mini volunteer examined my delusions about my women victims' going after me.
- (8) 7:49 PM, a Nevada volunteer examined how my delusions had motivated me to appeal to Mr Ponomarev.
- (9) 8:23 PM, a Salt Lake City volunteer examined my delusions about there being chips planted in my brain.

(1) 1:37 AM, a Singapore volunteer examined my delusions about being gone after by intelligence agencies.

Other than plenty of brainstorming about how I had plagiarized: (1) Angelica's naked pictures (2 times); (2) my computer-hacking; and (3) my harassment of my family members. Also, two visits to [humandispersal.html](#). Homeland Security CO chief had also got me to post "The sacralization of victims" as more evidence of my misogyny and delusional mind.

### **10 May (Saturday: Asian/ Korean women)**

*First, a note about myself.* Tom N Toms. 2:52 PM, posted on my blog: "Don't believe SDW was arrested; she will soon post to prove that I'm delusional". 3:15 PM, signed up for Property Shark, and obtained the identity of the owner of the expensive house in San Diego to which SDW was associated: it was her brother James. Realized then that she had an older brother who cared about her very much. Signed up for a Webinar course on real estate (for LA County) as well. 3:40 PM, researched James to learn about his, and his wife's, age in order to get a conception about him. Never learned what he did for living to become so rich. (Later on, would learn that he did real estate deals.) Then, 4:11 PM, wrote on one's blog why one advocated AM-gas chamber. Homeland Security CO chief and his Mexican buddies inside the control center wanted me to write something like this in order to get me into troubles later. (*Right! At the very least it was temporary evidence in the ICJ.*) Went home for a nap. Then, past 6 PM, chatted with Shoji in the kitchen about Japanese pop music. He showed me AKB-48. Was amazed by the sophisticated "packaging" of this new group. That's Japanese, playing the American game better than the Americans themselves: superb packaging, but without substance. More delusions: that the Macrospherians will "package" my scandal with the same degree of sophistication as the Japanese did.

8:30 PM, Café Mak. Wanted to go to PSDN for collection but stayed here because there was a pretty Korean girl. Had become increasingly enamored of Korean girls. Thought that it was SDW's intention (to separate those grotesque Asian males from white females) and that the filter was at work again, for I should like things Korean in order to please Ekaterina.<sup>102</sup> 9 PM, severe anger attack, severe physical pain, took Norco, due to one's inability to know about SDW's intrigue behind one's back. Required to xxxxxx Americans. Would soon believe that it was SDW's intention. Realized that the Republicans must have presented my anti-Americanism to SDW, A/K, and the Mexicans (especially the latter two) as the reason why I must be eliminated (in order to convince them that this was not a sting operation against them). (*Complete bullshit: just training to look delusional.*)

---

<sup>102</sup> In the original version, my wrong-headed interpretation at this point: "In reality, my conspirators were programming me to become interested in Korean girls, so that, later, when they increasingly tortured me to conform to the look of a subhuman, I can be insulted (since Korean girls hate subhumans even more than American white girls)." Bullshit. But – was it the Invisible Hand's or BOL's intention that I should like Korean girls? I continued: "It is the preparatory stage of getting me to hate Asians as well after my conspirators observed that I never xxxxxed Asians." Again, there were no "conspirators" but only Homeland Security CO chief.

PSDN, an abandoned building: **1 W, 2 B**. Then, SM Blvd, **5 N**. On the Metro coming back to Union Station, and an earphones-wearing person caused oneself severe pain (the thought of being watched by worthless junks like SDW). Gave him a middle-finger. Wilshire/ Western station, and another black guy incessantly took pictures of me with his cellphone. Face covered, but still angered, which caused pain. Warned him that, in five years, he shall have a broken spinal cord. Would believe that SDW was trying to create an ICJ judgment dictating that I shall have a broken spinal cord in five years: this is what she believed I deserved for caring about her. (*Again, just more wrong scenarios to help make myself look delusional.*) On the bus going toward SM Blvd, and thought that my Norcos were fake, placebos. (They had never had any effect on me.) In fact, they were real, but my conspirators had simply programmed my brain to not feel the effect of pain killers. (*Again, not my conspirators, but Homeland Security CO chief.*) Believed that it was SDW's intention to unload her targeting onto me, this thus reflecting the degree of her hatred toward me for caring about her. (*Bullshit.*) Arrived at SM Blvd. A police car flashed its lights on me. On the bus coming back, and tremendous loud shouting among the bus driver and passengers, all vulgar slang, causing me physical pain. Covered up the noise with loud Russian music: thus repeating my past episodes of Sonophobia while becoming identical to SDW (acquiring her disease). (*It's not clear if the Monkey had programmed all this.*) Further upset by the fact that it would be past 3 AM upon arrival to K-Town and that it would be too late to sit in the Korean café (SPOT). The whole day spent among ugly people, desert condition. Then was remotely controlled to get off the bus at the wrong stop, thus having to walk another five minutes, arriving at SPOT on 3:10 AM. Angered. Required to collect more damages tomorrow. (*At the end we shall simply say this: it is possible that the black guy taking pictures of me was actually sent in by Homeland Security to provoke me to a fight. If so, the operation had failed.*)

This volunteer was most likely using a proxy and working in tandem with the previous Shanghai volunteer. Here to brainstorm how my delusions about the chips inside my brain should prove that Homeland Security was all right about me. Within 5 seconds, he clicked on the next blog post:

My plagiarism. Now the webpage explaining China Science and Technology Network (on the website of Chinese Academy of Science's Computer Network Information Center) is here: <http://english.cnica.ac.cn/rh/div/cstnet/cstnetintro/>. The webpage of the Computer Network Information Center is here: [http://www.cnica.ac.cn/zxgk/zxgs/200908/t20090813\\_2387865.html](http://www.cnica.ac.cn/zxgk/zxgs/200908/t20090813_2387865.html). The China Science and Technology Network is the premier scientific network operated by the Chinese Academy of Science and links Chinese scientists to their peers in Russia, the United States, and other countries in Asia. You can see that there is an important hub in Hong Kong. This volunteer is obviously a scientist operating in some academic institution in Hong Kong and supplied by the MSS to the Secret Society women.<sup>111</sup>

111 In the original version, my wrong, and lengthy, interpretation at this point – in continuation from the previous wrong interpretation already cited in “Kiersten's Vengeance, 8”: “By this time the Chinese scientist in Virginia [the Herndon, Virginia volunteer from 9 and 13 April] had presumably worked out the ‘general theory’ of quantum gravity by generalizing my ‘special theory’, i.e. by some such method as adding curvature and acceleration to the motion of the rows of Planck lengths and also uncertainty relations to their positions and momenta, discovering in the process the direct relationship between gravity and the uncertainty principle. (See my blog post for 14 October, 2014.) The discovery of this relationship entailed the most magical applications. The activities of the Chinese scientist were presumably intercepted by the NSA, and the matter was then reported to some officials in the Pentagon, who, upon hearing about these ‘magical applications’, had decided to use Kiersten's gang's ‘victim confidentiality’ to prevent other nations from utilizing the same solution. In other words, a special way to ‘patent’ the discovery, which thus meant ‘monopolization’. We shall call these Pentagon officials ‘Hardliners’, who were the Republicans’ (and the neocons’) allies in the Pentagon. To use ‘victim confidentiality’ to monopolize the ‘solution’ required of course that some grain of truth be found in Kiersten's Secret Society's bullshit about me. This would then mean that the ICJ trial over the Syrian scandal, which had been resumed behind the Panistas’ back since 8 February, shall be stalled, and then dismissed, on the basis of inconclusive evidences. The ‘Hardliners’ were of course aware that it was mainly the CIA who had wanted this ICJ trial; they were thus perfectly willing to sacrifice the trial in exchange for the monopolization of the solution to quantum gravity. Somehow the CIA had deceived them into believing that they had overcome the CIA's resistance on this matter. The Hardliners however didn't particularly want to play fraud with the ICJ process. They thus wanted to try out a way to get evidences to enter into the ICJ showing that the women's claim about my plagiarism was somewhat justified, without however committing perjury outright. They saw that Karin was employing the age-old method for reporting my plagiarism (i.e. to pretend to suffer mental deficiency and mistake citations for plagiarism by overlooking

the references) and they thought that they could make this kind of report 'legal' by instructing the reporter to search only for images embedded in my webpages (e.g. on Google image search). Since you will only see the citation references for these images if you look at the webpages on which these images are embedded, but will not see these references if you see only the images on search engines' search results, you can then report me as 'plagiarizing' (copying other people's diagrams, etc., without giving references) without having legally lied. The Hardliners thus asked the Virginia-based Chinese physicist to find a colleague of his to make a first report of this kind to law enforcement, in order for it to be intercepted into the ICJ as evidence. After this was done, the Hardliners must then have used both carrots and sticks to silence the Chinese physicist who had discovered the 'general theory'. He was in effect disabled for life. While today was the first attempt to stall the ICJ trial, most of the evidences entered for this purpose would be produced on the 13<sup>th</sup> and the 14<sup>th</sup> (the day after tomorrow and so on). You will see later that the Hardliners were in fact falling into a trap. My solution to Zeno's fourth paradox of motion was actually incomplete, and so didn't quite amount to any 'special theory of quantum gravity'. The Chinese physicist was actually presenting a fake version of the 'general theory' to the Hardliners, who couldn't distinguish between a real version and a fake version since, obviously, nobody except the most rigorously trained theoretical physicist with thorough knowledge of quantum theory and relativity can possibly distinguish the 'true version'. This was in fact a sting operation on the Hardliners, just as the erasure of evidences between 21 November 2013 and 8 February 2014 was a sting operation on the Republicans and the French. It must have been the Republicans themselves who had set up this sting operation on their own allies in the Pentagon, having to follow BOL's program in order to avoid being convicted." The wrong scenario I had developed back in November 2014 was thus that, motivated by their desire to monopolize the "general theory" through "victim confidentiality", the "Hardliners" had intervened and instructed everyone to make sure I would conform to the Secret Society women's profile of me *half-way* while the women themselves would be made to lie about me only *half-way* so that the ICJ trial could be stalled due to inclusive evidences. I shall continually comment on this wrong scenario in the following pages. What you should keep in mind is the possibility that, again, this wrong scenario might not be a wanton mistake but that the Invisible Hand might want to make sure something like this shall happen in the future for a very particular purpose.

Now, let's summarize. The Secret Society women spent another day mobilizing their volunteers to brainstorm how to prove to the TMU that Homeland Security was right about me so that not only Obama, but also the Secret Society women themselves, could be officially recognized as my victims.

- (1) 4:52 AM, SDW called upon an Oceanside volunteer (Bonnie Lee?).
- (2) 11:19 AM, a MyCingular volunteer examined my delusions about Obama. (First.)
- (3) 1:36 PM, an Arkansas volunteer examined my delusions about Obama. (Second.)

- (5) 4:57 PM, a Shanghai volunteer examined my delusions about the chips inside my brain.
- (6) 5:01 PM, in tandem with the Shanghai volunteer, a Swiss proxy volunteer examined my delusions about the chips inside my brain.
- (7) 7:03 PM, a Snellville volunteer examined my delusions about Obama. (Third.)
- (8) 9:43 PM, a Texas volunteer examined my delusions about Angelica.
- (9) 1:43 AM, SDW called upon another Opera Mini volunteer.
- (10) 1:53 AM, a Greenville volunteer examined my delusions about Russia's president and prime minister.
- (11) 2:11 – 2:58 AM, an Iranian volunteer (using a US-based proxy) examined my delusions about the Secret Society women's going after me.
