### “KXXXXXXX’S VENGEANCE”

#### 15

The following reconstructs the operations of the Secret Society women and Homeland Security CO chief against me from 28 June to 7 July, 2014.

This is a rewrite, in early 2023, of parts of the original “Kxxxxxxx’s Vengeance” VIII and IX, originally composed from November 2015 to March 2016. The original version, full of errors and completely worthless, can still be found in the same folder (“timelinepartVIII-17b-10v.pdf” and “timelinepartIX-10.pdf”).

*Synopsis:*

**28.06:** 5 AM or so, 28 volunteers (mostly from Turkey) came to confirm the Istanbul volunteer’s evidence on Russian diplomatic mission’s secret Facebook group for me. From 3 PM onward, **my conversation with Wes:** Homeland Security and the Russians’ temporary evidence in the ICJ. As the Secret Society women continued to brainstorm, SDW called on her Erie relative again and there was a particular focus on my delusion about being chipped in the brain. The Umhausen volunteer should also be noted.

**29.06:** the Secret Society women continue to brainstorm. Past 6 AM, the University of Innsbruck volunteer came again. Past 8 PM, SDW called upon her Erie relative again.

**30.06:** **the Secret Society women obtained one more chance to report me to the certain authority**, but the latter dismissed the Homeland Security warning again – principally because of **my conversation with Rod this afternoon**. 9:45 PM, SDW called upon her Erie relative again, who merely discovered my blog post about her continual visits!

**01.07:** the Secret Society women were back to brainstorming, and SDW stayed home the whole day to direct the operation. She called upon no fewer than 7 people (including her Erie relative) to come examine my victimization of her.

**02.07:** the Secret Society women spent the whole day brainstorming with their volunteers. SDW had again stayed home the whole day, mobilizing five volunteers in total. There was also a particular focus on my “delusions” about Snowden today.

**03.07:** the Secret Society women spent the whole day brainstorming with their volunteers. SDW had again stayed home the whole day, calling upon her Erie relative, the ICAACT people, and a Seattle volunteer. **From 5 PM onward, I was with Rod**, and Homeland Security and their Russian friends would obtain more evidence that I was indeed delusional.

**04.07:** even though it was a holiday, **the certain authority had agreed to hear the pleas from the Secret Society women one more time** – from around noon onward. SDW had again made her report in person. However, the certain authority had within hours dismissed the Homeland Security warning as invalid once more.

**05.07:** as the Secret Society women were back to brainstorming, early in the morning SDW called upon a Castro Valley volunteer to come examine my victimization of her.

**06.07:** past 1 PM, **my conversation with Wes**. Together with my new blog post about SDW’s “targeting”, this conversation furnished Homeland Security CO chief and the Russian diplomatic mission with enough evidence for another chance with the certain authority.

**07.07:** 9 AM (EST), **the Secret Society women, foremost SDW, reported the new evidences to the certain authority. I gave Rod the “ultimatum”**. The certain authority then dismissed the Homeland Security warning once more, but Homeland Security CO chief did succeed in getting me to leave a message for Tatyana on her website.

Now the log of the Secret Society women’s activities on my website and my diary entries during the period under consideration. Again, my *current* corrections to the entries in brackets and italics.

## **28 June (Saturday; Wes; break from torture again)**

*First, a note about myself.* Slept between 5:30 AM and 1:30 PM or so. Discovered Wes had called me on 10 AM. TNT. Going to storage. Wes called again around 3:30 PM. Long, pleasant talk with him about the Korean culture and Americans’ financial domination of the world. Done by 5:30 PM, skipped the storage and ran to the Russian Orthodox church (Hollywood/ Argyle). Saw Phil there. Afterwards, wandered around on Hollywood Blvd to see pretty AWFs, and then spent the rest of the night writing in SPOT. For a whole day, because of the chat with Wes, felt very softened, with no desire to collect damages. Felt that everybody in government loves me, even Dr P has been learning from me – bizarre incorrect understanding of the situation due to my overestimation of people’s intelligence and sense of justice. (*Right.*) Well, at least, by night’s end, began to doubt that this was the case: perhaps I’m being harmed by Kxxxxxxx and her Mexican partners. Just as always, delusionally optimistic when one should be pessimistic. Went to bed on 4:30 AM, watching “Lawrence of Arabia” (documentary). Thought it was more evidence that I like to imitate the characters I see in movies or documentaries. (*Wrong.*)

Throughout the day, many minor unpleasant experiences which always happen even under normal circumstances: Word’s crashing, the Internet’s slowness, my own website’s slow loading, not letting me sit at a big table in SPOT, the cigarette falling into the coffee, etc. However, the good mood resulting from talking with Wes has caused me to be able to ignore them, to not be provoked by them to want to collect damages.

*Highlights of my conversation with Wes today:*<sup>1</sup> (from 1:06:00 onward.) (1) I hope the control center would give me more breaks from xxxxxx so that I can do some studying. According to my calculation, I actually didn’t have to commit xxxxxx for the rest of my life in order to save the world: they can simply blame it onto the losers. They have rewritten the trial so that it has become the losers who have been requiring me to commit xxxxxx. (*Again, wrong scenario to help make myself look crazy.*) (2) I’m also worried that the Monkey and ANG hadn’t done enough damage to society through me, for I was a bad investment for them as I didn’t know how to commit more serious xxxxxx. They could control other people to do much more serious damages, like mass shooting. The case of Rodger: that’s related to K and ANG. (*Again, Homeland Security’s evidence that I indeed kept on developing delusions about my “women victims”.*) The control center was under French command, the French are doing the US government’s dirty work. (*Again, Homeland Security’s evidence of my insanity.*) (3) They had been remotely controlling me to like Korean girls. Before I thought it’s because of Ekaterina, but now I realized it was some sort of trick. I was prompted to hang out more frequently in Koreatown, but Koreans were far less tolerant of subhumans and they constantly threw me out. This was a torture technique because I couldn’t avenge myself on them since I couldn’t see Koreans as my enemies. It had to do with BOL’s program to reform civilization. Americans like subhumans because they are consumers and the glorification of victims can increase consumption. The Japanese played the Americans’ game better than the Americans themselves, hence Japanese culture is very shallow: it’s all about presentation, and the Japanese kill brains more efficiently. But the Japanese didn’t learn this glorification of victims. I was treated badly in Koreatown because the Koreans, like the Japanese, are still stuck in the production phase of capitalism. My dilemma is that only Americans will welcome me and yet they are my enemies. And only so in Los Angeles. Wes: only in Los Angeles can a subhuman get laid. Los Angeles must be the most consumptive city in the world. (1:37:30, siren.) In other cultures, a certain shame is associated with subhumanness. Globalization is international division of labor, with Asian countries specialized for production and America specialized for consumption. Wes: what would happen to a subhuman in Russia?<sup>2</sup> Me: I would be treated badly. The Russians I’ve met here are all characteristically reserved, but that’s more normal, more in line with the rest of the world. Americans like the shit they have created. Nobody likes me except my creators. Wes mentioned the Special Olympics. I continued: in Korean culture, if you can’t produce, you need to be hidden away like the greatest shame of your family. They hate this subhuman because he just can’t produce. And philosophy doesn’t exhaust the earth’s resources, which is the goal of civilization, namely to transform resources into products until everybody dies. The Americans’ goal is to get this earth wasted until everyone dies... the Americans have made sure that Koreans will hate subhumans because they want Koreans to produce... those who only consume will like subhumans, and those who only produce will not... the goal is that everyone shall die in the end... Wes: maybe part of being a subhuman is to philosophize... academic specialization... (2:00:00, siren.) I continued: “It all has to do with global commerce. The control center has made sure that I shall get controlled to say something important whenever some emergency is about to

1 In: “IMPtntmetroWessubhmnfnance\_6\_28\_14\_202-531PM.MP3”: 1:00 or so, I left a message for Wes. Then I was on Metro.

2 Did Homeland Security instruct him to ask this?

happen.” Wes on functionalism again. I continued: When Americans have decided to be consumers, they instruct the Japanese, Koreans, and Chinese to be producers. Wes: but you have missed something which Americans really know how to do: banking and finance. Me: but Americans want to consume without having to come up with the money through production. Wes: no, Americans have three ways... (2:11:20, siren.) Wes went on about the Americans’ peculiar way to increase consumption. What Reagan did. How to create money out of nothing – by making people trust the Dollar. The Chinese holding of America’s bonds. How the past becomes a constraint on the future when continuity between past and future is required. National debt is national treasure: now everybody has to protect America. That’s how America becomes a pure consumer nation. To get off the gold standard – that’s how America can become a pure import country and get away with it. How America created this pernicious system allowing billionaires to create money out of nothing without producing anything. How subhumanness fits in (from 2:45:00 onward). The cause of the Great Depression. Wes on Reaganomics again. 2:57:00, my point that the 1970s is the turning point, America’s transition to a purely consumptive, import nation, the time when subhumans suddenly become welcomed in American society. Wes as the champion of subhumans. I was considered “good” in American society because I consume medicines and psychiatric services. Wes repeated my point of view: if women can earn their own money instead of begging their husbands, then the capitalists will have created a new group of consumers that are independent. It is starting from the 1970s onward that all trends converge on the glorification of victims, just the time when Nixon removed the gold standard. My story of being a subhuman thus goes back to that point. The greater latitude for SSI subhumans. 3:11:00, Wes’ explanation: when a subhuman harasses a white female, everyone sides with the subhuman. The cause is that America is an import country. Wes: just produce credits. Wes on subsidies to family farms. Wes on the American domination of the world through finance. America’s super-power status is a self-fulfilling prophesy. I lamented that only in science and technology is anything of substance transmitted in American universities.

*(So you see what happened. Homeland Security and the Russians instructed Wes to call me so that I can say more delusional garbage that could be evidence that I was indeed totally delusional about my women victims – temporary evidence to prevent the CIA from reactivating the previous ICJ trial. Well, they did obtain such evidence. But then I started on a historical materialist explanation as to why subhumans are better treated in American society than in Korean society. My analysis of why the Koreans didn’t like me was totally correct: the Koreans came from a society which was still oriented toward production. The Americans, on the other hand, had become pure consumers since the 1970s and so were naturally fond of subhumans. You shall see later on the significance of what Wes and I had said today. For now, suffice it to say that I wasn’t the only one who had stuck to historical materialism in explaining the sickness which American society was currently going through: both the Invisible Hand and BOL’s study group subscribed to such a theory too. Thus, the Invisible Hand had wanted Wes to talk to me too today probably because he was at the moment entering evidence to such effect into the second, secret trial which he was conducting with BOL.)*

Forging evidence of my plagiarism? Let’s summarize. Today is just another day that the Secret Society women would spend brainstorming with their volunteers as to how to prove to any authority that they, and Homeland Security, were right about me. The essentials are:

- (01) By 5 AM, after the Istanbul volunteer had posted the “evidence” of my “hacking” on Russian diplomatic service’s special Facebook group for me, 28 volunteers (mostly from Turkey) had come to confirm that the evidence was correct – in thus manner was the temporary evidence produced to lock up the previous ICJ trial for the time being.
- (02) 5:32 – 5:40 AM, **the Umhausen/ University of Innsbruck volunteer examined** my supposed plagiarism of Prof. Dylan Haynes’ research.
- (03) 5:50 AM, an Indian volunteer examined Best Mommy’s picture.
- (04) 8:18 AM, a French volunteer examined **my supposed naked picture of ANG.**
- (05) 9:46 AM, **a Croatia volunteer** examined my delusions about Khalezov.
- (06) 10:14 AM, **the Umhausen volunteer sent the link to the blog post about Prof. Dylan Haynes to a Terfens volunteer.**
- (07) 11:06 AM, **SDW** called upon a Denver volunteer (1).
- (08) 11:43 AM, a Pennsylvania volunteer examined **my supposed naked picture of ANG.**
- (09) 12:16 PM, **the same Croatia volunteer** again.
- (10) 1:38 PM, a North Carolina volunteer examined my violation of Oliver’s intellectual property rights.
- (11) 3:06 PM, **SDW** called upon her Erie relative again.
- (12) 3:08 PM, **I was connected with Wes. Homeland Security CO chief and their Russian friends wanted especially evidence of my delusions about my “women victims”.**
- (13) 5:11 PM, **SDW’s Erie relative** came again.
- (14) 5:22 PM, a Nepal volunteer examined my delusion about being chipped in the brain.

“Kxxxxxxx’s Vengeance”, 15  
Lawrence C. Chin,  
Jan. 2016; Feb. 2023.

- (15) 8:38 PM, a Missouri volunteer examined **my supposed naked picture of ANG.**
- (16) 9:07 PM, **the Chicago volunteer** from 25 June came again.
- (17) 11:26 PM, a Hong Kong volunteer brainstormed how to falsely report me for rambling misogynist ideology and plagiarism.
- (18) 11:39 PM, a Moscow volunteer examined my delusion about being chipped in the brain.
- (19) 1:40 AM, a Calgary, Alberta, volunteer examined **my supposed naked picture of ANG.**
- (20) 2 AM, an Ontario volunteer examined my May Diary (how my delusional mind had prompted me to commit xxxxxx).
- (21) 4:02 AM, **Robin** rejoined the brainstorming together with a UK volunteer.

### **29 June (Sunday; collection resumed somewhat)**

*First, a note about myself.* Slept between 6 and 10 AM. At St Sophia. Not that fascinating. Elaine was there, and one sat with her briefly. Home: tried to nap, but couldn’t. Merely rested one and a half hour. 4:15 PM, discovered that Intelius had charged me 20 dollars for unknown reasons. Angered. Especially over the fact that I was perpetually out of money because I had to work full-time to “save the world”. Wanted to collect damages *now*. The events which had triggered my anger were completely natural, not extraneous events caused by the control center. Before, I would not get angry over them. Indeed, I have been programmed to be far less tolerant of unpleasant experiences. I called my bank to block Intelius’ transaction. Napped. Woke up 8 PM. MST with an AWF video. Ate at Denny’s. Anger (natural, though) over the intrigue behind my back, and the requirement for me to look delusional and paranoid schizophrenic, etc. Decided to work on David. Went to his neighborhood. On the way, found Buzan and Little, *International Systems in World History* (2000), abandoned on the sidewalks. It’s an attempt to fuse IR theories and world history as a way to shed light on both, almost as if it were a response to my “global system analysis” from yesterday’s conversation with Wes. David was home. **1 H at his. 6 N, 6 B. 1 W (NwDgnCHtr SCHL). 1 H. Near home, 3 more B (SCHL and MEXAPRT).**

This person was very likely related to the Umhuasen volunteer and the Terfens volunteer. It might be the same University of Innsbruck volunteer seen on 31 March (the same tag), or even the Umhausen volunteer himself, who happened to be a student at the University of Innsbruck. If so, he was called in to study the exact same posting as yesterday. In any case, we are sure what he was doing: to confirm Homeland Security’s claim that I had developed my delusions about being chipped in the brain by copying sources from the Internet and weaving them into a false scenario about how I was chipped.

This is a visit to my web gallery from Petra’s Meetup profile. Petra was one of the lesbian couple who showed up at Stammtisch on 26 June, or three days ago. In between, I had looked at her profile at Meetup’s website and placed a link there to my web gallery. This visit, however, was unlikely to be hers. She lived in Studio City. This visit was most likely Karin. Desperately looking for new ways to convince any authority that the women gang were right about me, Karin must be scorching the Internet again looking for my online traces. She must be surprised to find that I had placed a link at Petra’s profile. She didn’t know who this “Petra” was. She followed the link; it’s also likely that she would then contact Petra to ask her about me and to tell her about the Secret Society women’s predicament – in which case Petra would soon see the grotesque Homeland Security warning about me.

### 30 June (Monday; Rod)

*First, a note about myself.* Slept between 7 AM and 12 PM. Some sleep deprivation. TNT, met with Rod. I suggested seeing “Violette” (Simone de Beauvoir). Rod suggested going to the Gnostic gathering. Storage, DVD-390, 391, 392, 393. Read “Mary” in Quran. TNT. Skipped catechism. Starbucks, WSTWD. Very sleepy. Done by 12:45 AM. Mood okay today. Minor anger here and there over small things. The big bottle failed to break at PSYCH. **3 B there. 2 N (HSP).**

*Highlights of my conversation with Rod today (from 14:00 onward):* (1) the new movie about Simone de Beauvoir. (2) I was very into movies lately because the control center wanted me to produce evidences about movies. The documentary on Lawrence of Arabia. Also the BBC documentary on Muhammad. (3) Koran. Rod suggested QURAN.COM. (4) The control center had been causing me less pain and I was allowed to spend less time committing xxxxxx. Crimes have created a barrier between me and others since other people don’t commit crimes. I saw the church more and more as my home, but I couldn’t fit in because of my mind-control experience. The cause of my committing xxxxxx is the chips in my brain, but you can’t talk about it, and I felt that people are not my friends unless they can validate my experience. And I mentioned the Lesbian couple at Stammtisch: they, too, want people to accept lesbianism. I had only targeted individuals to turn to. Most people don’t have problems with being alone. Besides, most of these TIs are fake, and none of them educated. (5) Rod suggested that we go check out the Gnostic Society. (6) How the government has become God and can create hurricanes. The control center can control so many things – all because too many things in our environment are electronic. (6) Even among the targeted individuals... acceptance... among the church people... the church is the only place I can go to because I’ve been rejected by every other domain of society and the church’s very *modus operandi* is “acceptance”... The people at the church would actually make an effort to accept me. I wanted people to accept me, but not unconditionally: if I were wrong, I would want people to correct me. (7) Was Rod pretending to be dumb? (8) Rod didn’t watch the movie about Sophie Scholl. (9) He was applying for graduate school again, to study mathematics. (9) My Russian-learning and language overload. (11) The present-at-hand way of looking at speech. Rod didn’t believe in the objective reality of mathematics. “Let’s go see a movie” in different languages. (12) How I watched a Kazakhstani movie last night. (13) 1:09:30, what Rod was reading lately. The Gospel of Thomas and the Secret Gospel of John. (14) Same-sex marriage and Petra and her partner. It’s good for the majority to learn to tolerate deviations from the standard (one learns thereby to widen one’s horizon and empathize with the Other). Try to figure out an argument – I don’t want to be tolerant just because it’s trendy. (15) Rod did read St. Augustine’s *City of God*. (16) Rousseau’s debate with Voltaire about the earthquake of Lisbon. Plato’s unjust man in the Republic, why God allowed the earthquake, and why God allowed the sack of Rome: people ask these questions because they have accepted without questioning the assumption that good people will be rewarded and bad people punished. Maybe this assumption is wrong, and people are therefore wasting their time debating about nothing. People are basically trying to explain away “If God is good why is the world so bad?” It’s all

ironic, because the truth is that there is no God and that’s why shit happens. (17) 1:54:00, I bade Rod goodbye.

*(Once again, while the Russians and Homeland Security would grab onto my utterances about the control center and evidence-production as evidence of my schizophrenia, the CIA would point out that my “delusions” exhibited a rational structure and could at most be “wrong inferences”, which, again, weren’t the same as delusions. In addition, the CIA would point out how I had made a good argument to convince myself to accept homosexuality and how this again contradicted the notion that I suffered from schizophrenia. The same with my excellent exposition of what was at stake when people tried to explain why God allowed all these tragedies to happen.)*

My computer-hacking.

Let’s summarize.<sup>4</sup> It would seem that, after five days in the wilderness, Homeland Security and the Russian diplomatic mission were able to obtain another opportunity today for the Secret Society women to report me to the certain authority (Authority XX?). Thus, from late morning onward, the women gang would be mobilizing volunteers to confirm for him that they, and the Homeland Security team that was sponsoring them, were all right about me. The essentials are:

4 The erroneous conclusion in the original version runs thusly: “The pattern of the Secret Society’s operations today thus suggests this. While the [Secret] Society women continued to try to invent more ingenious way to report me for plagiarism, from 7:30 AM onward they, becoming impatient, decided to refocus their effort on reporting me as a danger to them due to my mental insanity. There are ten such reports made today. The danger which they claimed I posed to them must have also included my supposed hacking of their computers, which claim the false reports about seeing hacking materials on my website were supposed to reinforce. This refocus might have been prompted by a TMU response saying that they did not deem me to be physically dangerous to others and that they were not in the business of removing people’s websites even if charges of plagiarism were true. Thus, the TMU had decided to ignore the women’s cries, all this walking past Veronica’s house notwithstanding. This, of course, could only have further fueled the Secret Society women’s sense of suffering injustice, since they regarded themselves as Empress Dowagers and the slightest affront against them should be punishable by death.” It remains to be seen whether the wrong conclusion might come true later on.

- (01) 6:07 AM, **Shizuka** checked in with a Numazu volunteer.
- (02) 6:32 AM, a Netherlands volunteer examined my delusions about Khalezov.
- (03) 6:34 AM, a Turkish volunteer examined my external links page.
- (04) 6:45 AM, **Robin** checked in with an Indian volunteer.
- (05) 7:20 AM, **Shizuka** again with an Indian volunteer.
- (06) 7:32 AM, a Teddington, UK, volunteer examined my delusions about Khalezov.
- (07) 7:52 AM, a Lagos, Nigerian, volunteer examined my delusion about being chipped in the brain.

Some time past 10 AM, the certain authority started listening to the Secret Society women and their volunteers. Thus:

- (08) 10:20 AM, a Morocco volunteer reported on **my delusions about being chipped in the brain.**
- (09) 11:41 AM, a UNAM volunteer certified that I did plagiarize.
- (10) 11:53 AM, **SDW herself** made a report about my blogging about her.
- (11) 12:26 PM, the same Pennsylvania volunteer from 25 June reported on **my delusions about being chipped in the brain.**
- (12) 1:20 PM, the LUG buddies (?) reported on my harassment of the ICAACT people by blogging about them.
- (13) 1:22 PM, the Crockett volunteer reported on my plagiarism.

Around this time, I started talking to Rod. Of course the CIA would have the certain authority listen in on my conversation so that he can again be convinced that I wasn’t really delusional.

- (14) 1:41 PM, a French volunteer reported on **my supposed naked picture of ANG.**
- (15) 1:51 PM, **a Rome volunteer also.**
- (16) 2:24 PM, **SDW summoned** a Houston volunteer to report to the certain authority as to how any search about “gang-stalking” would bring up my delusional rambling about her.
- (17) 3:23 PM a Sydney volunteer examined my delusions about my women victims’ going after me.

By this time, my meeting with Rod was over.

- (18) 4:46 PM, a Thai volunteer reported on my delusion about being gone after by Homeland Security.
- (19) 4:58 PM, the Crockett volunteer again.
- (20) 5:33 PM, again.
- (21) 5:44 – 5:52 PM, a Brantford, Ontario, volunteer reported on my front page, “Schizophrenic – III”, “Revelation about the ICJ”, and “The fake Lawrence.”
- (22) 6:10 PM, another UK volunteer reported on my gross insanity (“I’m indeed insane”).

By this time, however, the certain authority would have made his decision to reject the Homeland Security warning as invalid once again. As you can expect, the Secret Society women (foremost SDW) were devastated. Thus, from now on, brainstorming:

(23) 7:12 PM, **Shizuka** checked in together with this Russian volunteer living in Norway.

(24) 9:46 PM, SDW called upon her Erie relative again – only so that she can discover my very blog post about her visits!

(25) Plenty of brainstorming at this point about how to report me for violation of intellectual property rights.

(26) 2:55 AM, SDW called upon a Philippines volunteer.

(27) 2:56 PM, a Madrid volunteer examined my external links page. The second time today!

As you can see, SDW was at home today and didn’t go to work. Note also that, some time today, Kxxxxxxx seems to have retweeted “World Cup” (2014).

## 1 July (Tuesday)

*First, a note about myself.* Slept between 5:30 AM and 1 PM (waking up intermittently). Some sleep deprivation. And my gum hurt tremendously. Took a lot of Norco. 3 PM, going to Western Dental to ask Dr J for more Norco. Anger (natural, not that much pain) over how K has completely got away with stalking me and has thoroughly got herself established as my stalking victim (after seeing her tweeting again). Dr J refused. Not angered, because one had expected this already. In Stories, 5 PM. Thought about why the Russians would agree to have the White Roses look good: compensation for allowing the Monkey to go into the control center. The same old Hispanic male showed up to sit behind me, as if he came solely because I had come.<sup>5</sup> The mere sight of his vulgar masculine look caused me anger and pain sensation, and now I wanted to collect damages from Mxxxxxxx. Calmed down while writing. 6:10 PM, going to church. More anger over K’s good fortune/ reward for being bad, and the sight of the vulgar masculinity of Hispanics. This diary then malfunctions, 6:55 PM, while one was inserting the titles in the header, the entire content of the diary suddenly disappears. Shocked, and physical pain. Salvaged it by clicking on “Don’t save”. But, from then on, the sight of the Hxxxxxxx people around would cause physical pain. Anger and some pain lasting into my time at the Forum.

At Forum, one was shown the book: *Wounded by Love: The Life and Wisdom of Elder Porphyrios* (Τέροντος Πορφυρίου Καυσοκαλυβίτου, Βίος και Λόγοι). To INDNA, 7 N, 2 B (LWLB). Home. Worked on the blog post of Timeline until 6 AM.

Now the Secret Society women’s operation on my website for today. 6 AM, 124.29.156.175. unknown.ml.com.sg, Singapore,

We have seen that, whenever the Secret Society women felt stuck in their enterprise of complaint, the Hardliners would instruct the moles inside the Secret Society to suggest to the women to produce more ‘more legal reports’.”

<sup>7</sup> At this point we must wonder whether Russian law enforcement, with orders from above, had already been working with Snowden in regard to this schizophrenic stalker who was supposedly obsessed with him and might be a danger to him. The question is: did Snowden log into the Secret Facebook Group too in order to get into contact with the “women victims” who were supposedly experts on his stalker?

Presumably the fifth person whom SDW had called upon today. Could this be the London volunteer last seen on 20 June, 3:28 AM?<sup>8</sup>

1 PM, the Crockett volunteer again:

<sup>8</sup> In the original version, our note at this point: “Note that, while SDW was doing this, she would have been informed that her guy had just put up a new blog post documenting (though as yet unsuccessfully) her current group effort to falsely report him to law enforcement in order to exterminate him. The new post could only have shocked SDW out of her soul.” Perhaps!

My violation of intellectual property rights. Now let’s summarize. After another failure with the certain authority yesterday, the Secret Society women were today back to mobilizing volunteers to brainstorm how to prove to any authority that the Homeland Security warning about me was all correct. The essentials are:

- (01) 06:00 AM, a Singapore volunteer examined my delusions about President Obama. (1)
- (02) 07:52 AM, a Chennai volunteer examined **my particular brand of misogynist ideology**.
- (03) 08:29 AM, SDW called upon a Madrid volunteer.
- (04) 09:02 AM, SDW called on a Middletown, Connecticut, volunteer (her relative?).
- (05) 09:12 AM, SDW called on her Erie relative.
- (06) 10:47 AM, a Thane, India, volunteer examined **my particular brand of misogynist ideology**.
- (07) 10:49 AM, a US volunteer examined my delusion about Snowden.
- (08) 12:28 PM, a Galveston, Texas, volunteer examined my front page.
- (09) 12:43 PM, **the Crockett volunteer again**.
- (10) 12:48 PM, SDW called upon a London, Ontario, volunteer.
- (11) 01:00 PM, **the Crockett volunteer again**.
- (12) 01:26 PM, **again**.
- (13) 02:08 PM, SDW called upon an Elgin, Illinois, volunteer.
- (14) 03:18 PM, SDW called upon a Glasgow, UK, volunteer and instructed him to try to befriend me.
- (15) 04:04 PM, a volunteer examined my Facebook.
- (16) 04:13 PM, a Manchester, UK, volunteer examined **my supposed naked picture of ANG**.
- (17) 05:23 PM, SDW called upon a LUG buddy.
- (18) 08:04 PM, a Calgary, Alberta, volunteer examined my delusions about President Obama. (2)
- (19) 10:16 PM, **a Busan volunteer** examined my chapter on Foucault.
- (20) 10:45 PM, SDW called upon her Erie relative again.
- (21) 11:36 AM, **the Busan volunteer** forged evidence of my plagiarism.
- (22) 12:29 AM, a University of Western Sydney volunteer examined my delusion about being chipped in the brain.

As you can see, SDW didn’t go to work again today. Note also that, some time between late night 30 June and late afternoon 1 July, she posted a new blog post on her blog, “Secret Service Terrorizes Innocent Family”.

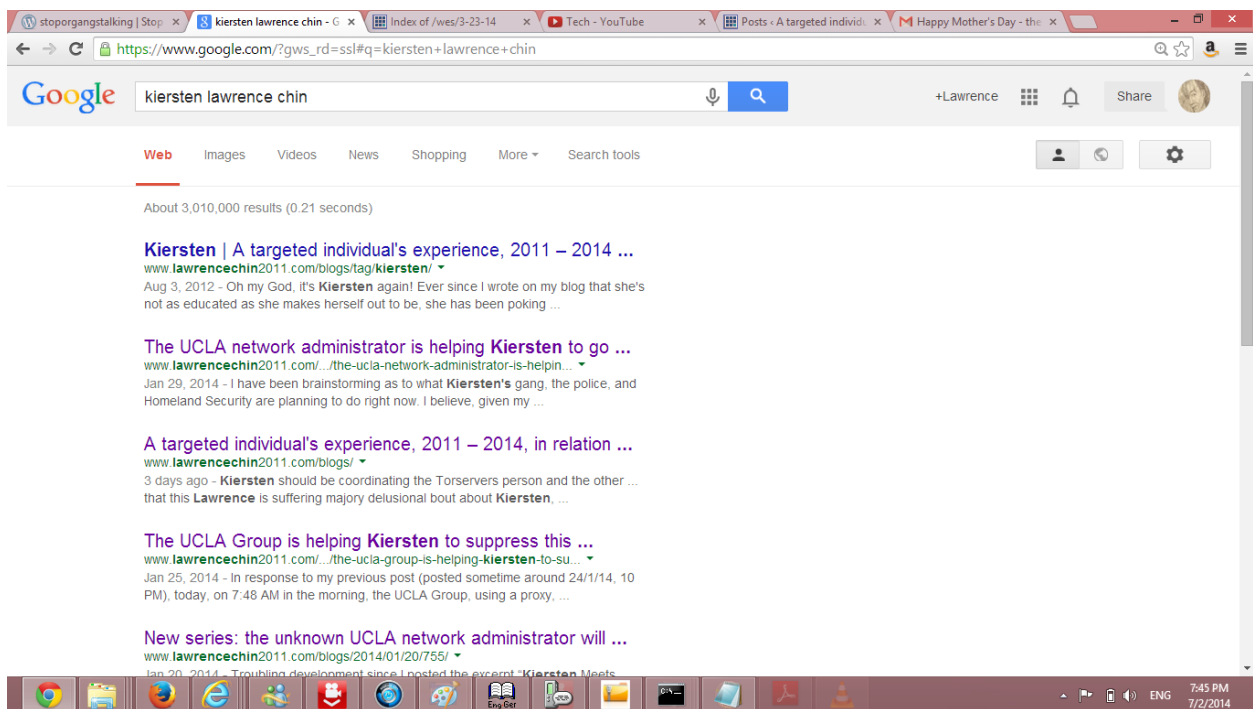

## 2 July (Wednesday)

*First, a note about myself.* Woke up past 3 PM. A little upset, because one had missed going to the Westwood dentist. Couldn’t obtain Norco. Would run out tonight. For the whole day, worried that Kxxxxxxx might plagiarize me through accessing the intercepts of my phone conversation

with Wes. (*Nonsense. But would this happen later in the future?*) But many of my ideas are copyrighted. Checked SDW’s blog. She had posted a new post. Realized that nobody, neither my stalking victims nor I, will ever be arrested because any arrest will violate my conformity to Kxxxxxxx’s false profile of me. (They will not be arrested for false reporting, nor I for committing xxxxxx.) At the SM library: desperate to check my website and DVD on the library’s computer. Had to pay a 10 dollar fine to get my library card functional again. Very short of money, with only 300 dollars left. Posted on my blog:

“Just checking over the ranking status of my blog on Google, around 7 PM, I have noticed how much my conspirators have succeeded in making me conform to Kxxxxxxx’s false profile of me. When I Googled ‘Kxxxxxxx, Lawrence Chin’, this is the result:

“It now really looks like I’m obsessed with Kxxxxxxx. In any case, the US and the French and the Mexican PAN are doing this as if they were trying to make Kxxxxxxx happy – now, at last, there is at least one guy on this planet who is delusional about, and obsessed with, her: what she has always wanted – but, really, when they have made me look so delusional and disgusting, they have simply discredited me if I ever want to talk about the previous ICJ trial or the Thermodynamic Interpretation of History or Scientific Enlightenment. And this is really my ultimate concern. After you see how bullshit-looking this blog is, you will not pay much attention to the main site.” (*I would be quite right about this.*)

Together with the fact that, today, I started again reviewing the recording of my conversation with Kxxxxxxx, I do really look like I am terribly obsessed with her: constantly thinking and

talking about her, and conforming to her claims about me. And then checked out Henri Troyat’s *Pouchkine* and Alexis de Tocqueville’s *De la démocratie en Amérique*. Collection in Promenade, **6 N.** WSTWD, Starbucks, and writing. Then, collection, **2 B (PSYCH), and 1 W (THTRE, the 3<sup>rd</sup> time)**. Thought: my conforming to the three false profiles has enabled the erasure of evidences and the rewriting of the Syrian scandal. Thus, my role and Kxxxxxxx’s scandal are entirely eliminated from the Syrian scandal, and rewritten as something having nothing to do with the ICJ. Given the modification of my profile – that I’m not actually violent – it’s unlikely that the rewritten episode will include Kxxxxxxx’s and Axxxxxxx’s reporting of me to the TMU. Thus, perhaps, I need not worry about Kxxxxxxx’s continual access to surveillance on me and theft of my ideas; and probably not about her attempt to help me either. Suggestion: she might want to do this all over again to another guy with “more potential”. Home, 4 AM, Windows Explorer crashed, Google Chrome crashed, very angry and restless over the possibility that Kxxxxxxx might plagiarize my ideas. Very angry. Required to commit more xxxxxx tomorrow.

Now the Secret Society women’s operation on my website for today. 5:28 AM, RCN, New York, New York,

6:33 PM, my worthless message for Annukka:

The screenshot shows a Gmail inbox on a desktop browser. The selected email is from Lawrence C. Chin to Annukka. The email text reads: "Hi Annukka. Please tell me if you are about to work a short shift at the club in any of the nights so I can come have dinner with you! Everybody is gone for the moment and I have no one to talk to right now! By the way, I want to tell you something. You know, all the story about the microchip in my head -- well, it's not nonsense. In fact, I just got the clue that I may actually have been on the news in Russia since 2010. The news in Russia may have reported that I have a microchip inside my head because I was some sort of evidence in an international court trial between Russia and some former US government officials. The news there may have reported that the trial originated when I flew over Russia in January 2008 and there was some international dispute over the information which the US government shared with the Russian government about me. The news may even have reported that many people around the world have this kind of microchips in their heads. I just want to tell you this right now because it's quite an exciting news for me, and I may go to Russia in a year or two to check it out. Maybe I can show you the news then. Maybe I will get a free trip there and maybe I can take you there too for a vacation. Just a thought." A "Something important" pop-up window is overlaid on the right side of the email, containing the text: "ANNUKKA ANNUKKA. Something important. Hi Annukka, how are you? I need to write a short note to you about something. I was sort of aware that, until February, the police allowed Kiersten, and some other women, to listen to the intercept of my phone conversations with my friends, etc., to fulfill some sort of rights she has as my 'stalking victim'. I don't know if she still has that right. I'm sort of worried because, since this stalking case has never been resolved, she might still have the right to listen to government interception of my phone calls. And if so, she might plagiarize my many of my ideas about myself and society, etc. Since I'm afraid of this possibility, I'm going to write this note to you, because, since everybody is required to know me as delusional and paranoid, if I think so and so might plagiarize me, then so and so will definitely NOT plagiarize me, in order to fulfill the requirement that I'm delusional and paranoid." The browser's address bar shows the Gmail search URL for Annukka. The taskbar at the bottom shows various application icons and the system clock indicating 6:53 PM on 7/2/2014.

She would never reply – of course.

7:56 PM, I added the note to my latest “Kxxxxxxx’s Vengeance, II”:

The screenshot shows a WordPress admin interface for a user named 'admin'. The main content area displays a post titled "My perps and why they are currently targeting me, Part II". The post content includes a disclaimer: "DISCLAIMER: Occasional violent speech in recordings are made to produce evidences for the International Court of Justice trial only. There is no reality in it. Please ignore it. NOTE also that the percentage of delusional materials on this outline is approximately 25 to 30 percent. You can thus trust the content of narrative on this Outline, Part II, more or less. Specifically, it's a very tentative hypothesis that SDW, Kiersten, and Angelica have had access to police interception of my phone conversation throughout March and April." The post also includes a link to a PDF timeline: "(http://www.lawrencechin2011.com/timeline9/timeline9d.pdf)". The interface shows various WordPress admin tools like Dashboard, Jetpack, Posts, Media, Links, Pages, Comments, Appearance, Plugins, Users, Tools, Settings, and Database. The status bar at the bottom indicates the post was saved at 2:55:15 am on July 2, 2014.

Now the Secret Society women had found another person in the San Francisco Bay area to help brainstorm a better way to falsely report me for violating my family members’ privacy. And this SF Bay volunteer was apparently an employee at Bank of America and was somehow still at work on 9 PM.

Again. Let’s summarize. Today was just another day that the Secret Society women had spent brainstorming with their volunteers as to how to prove to any authority that Homeland Security, and they, were right about me. The essentials are:

- (01) 05:33 AM, a Faridabad volunteer examined **my delusions about Snowden.**
- (02) 06:03 AM, SDW called upon a MyCingular volunteer to look at my blog.
- (03) 06:20 – 6:28 AM, **Robin** checked in with a UK and an Indian volunteer.
- (04) 07:28 – 7:54 AM, SDW called upon a Google Proxy volunteer.
- (05) 08:04 AM, a Boston volunteer examined my violation of Prof. Ménard’s intellectual property rights.

“Kxxxxxxx’s Vengeance”, 15  
Lawrence C. Chin,  
Jan. 2016; Feb. 2023.

- (06) 08:32 AM, an Indonesian volunteer examined **my supposed naked picture of ANG.**
- (07) 08:46 AM, the Secret Society women summoned a volunteer from Centre de Calcul de l’Institut National de Physique Nucléaire et de Physique des Particules.
- (08) 10:27 AM, a Kiev volunteer examined my delusion about being chipped in the brain.
- (09) 10:32 – 10:38 AM, a Santa Fe volunteer examined **my delusion about Snowden.**
- (10) 10:52 AM, a Puerto Vallarta, Mexico, volunteer examined **my delusion about Snowden.**
- (11) 11:17 AM, SDW called upon a Huntington Beach volunteer to examine my new blog posts about her Erie relative and then instructed him to try to befriend me.
- (12) 12:05 PM, a Denmark volunteer examined “Homeland Security reality in Shanghai”.
- (13) 03:09 PM, the Crockett volunteer again.
- (14) 06:18 PM, SDW called upon a Singapore volunteer.
- (15) 01:39 AM, a Bulgarian proxy volunteer was examining my Youtube channel.
- (16) 01:46 AM, **Robin** checked in with an Indian volunteer.
- (17) 02:20 AM, a Mauritius volunteer examined my blog post series “neoteny”.
- (18) 04:53 AM, SDW called upon the same London volunteer last seen on 1 July.

As you can see, SDW, the most hysteric of all the Secret Society women, had again stayed home the whole day to direct the operation.

### **3 July (Thursday; with Rod at the movie)**

*First, a note about myself.* In conformity to the control center’s signal from last night – that I would suffer pain today – today would be an extremely frustrating day in order to harden my determination to commit xxxxxx. Woke up past 1 PM. Concluded that law enforcement probably would not allow Kxxxxxxx to have unrestricted access to the interception of my conversations. (*Correct.*) Thus felt a lot better. Called Rod, and he agreed to meet in WSTWD. Thus one can go to WSTWD to look for pain medication. I’m still looking for pain killers everyday, although for natural pains right now. 2 PM, the first 720 bus refused to pick me up, due to overload. Anger, some physical pain. Required to commit xxxxxx. This is really the goal of the targeting: by now this sort of insignificant events, which has in the past simply escaped attention, has acquired special significance, that it needs to be noticed, felt, and documented as the result of someone’s intentional harm. And damages need to be collected because of it. On the bus. Opened up this diary. Word dialogue box pops up to remind me to re-subscribe to MS Word, interrupting my writing process. Anger, physical pain, and required to commit xxxxxx. (This happens 5 or 6 times a day.) Then, somebody bumped into my laptop: physical pain. Required to commit xxxxxx. At the Dental School, and restless over the slow bureaucratic procedures of obtaining pain medicines from doctors: angered, disgusted, and required to commit xxxxxx. Dr Jones appeared, seeing me as a troublesome figure who needed to be thrown out. Anger, hurt, and required to commit xxxxxx. She gave me Ibuprofen, but not Norco. At the pharmacy to pick up Ibuprofen. Programmed to feel restless, to be impatient over everything, and required to commit xxxxxx.

“Kxxxxxxx’s Vengeance”, 15  
Lawrence C. Chin,

Met Rod in the corner of Westwood Village, 5:15 PM. Throughout, felt restless and irritated by his “conventional talking”. Dinner, and we saw “Violette”. Felt sad and restless during the movie. At the coffeehouse after the movie. Pain sensation over the pretty females around. Talked plenty about Simone de Beauvoir. Longed for her, because programmed to long for people who would be nice to me but who would never appear in my surrounding, because I’m required to be forced to commit xxxxxx for the rest of my life, so that any tenderness in my life would have to be banished. Rod provoked me in the end by calling me “delusional” over the brain-chip business. Realized he did this because I said something again which would be adopted into the ICJ to become international laws to save the world. As long as I’m saving the world, I must be punished and required to commit xxxxxx to make myself look bad. (In reality, it’s simply his “mission” to deny me this truth because, in order for the ICJ trial to be dismissed, I must be judged “delusional” and “criminal” by my very nature, not due to remote control.) (*Wrong. Rod was simply required by the rules from the previous ICJ trial to hide from the suspect the fact that he’s being remotely controlled. In addition, the CIA must not be caught conspiring with me by doing me good or validating my conception about what was going on.*)

After he was gone, wrote a little, and then went to collect damages. **5 N. (Many taxis.) 1 W (RCRD), 5 B.** Loitered around DBDL a long time, but couldn’t W. Wasted 20 minutes there. Finally, an SUV circled around me (after change of clothing), as if in regard to bottle-breaking, or W. He made me nervous. Got on the bus soon. Severe anger and physical pain over the requirement to suffer harm for saving the world, until realizing that people do have good reasons to punish me for saving the world: saving the world means that people will have to sacrifice their comfort in order to give their children a better life, or that Americans will have to sacrifice their comfort in order to give people in Africa and China a better future. Saving the world is harming Americans. And so of course Americans will hate me. In fact, people hate me in order to destroy the world (erase the previous ICJ trial). (Actually, to cause the ICJ trial to be dismissed.) Even better, makes even more sense. Thus, felt a little better. Understanding this is evidence for my conspirators that saving the world is indeed terrorist attack against the US. Then, black people talked really loudly, causing me physical pain. Tried to change music on my laptop. Programmed to accidentally touch Google Book to cause Bair’s biography of Simone to disappear. Physical pain. Desire to commit more xxxxxx.

Throughout the night, since the movie, had been fantasizing EKT lying on bed, and myself lying next to her, enjoying her feminine softness. Had also been fantasizing her giggling to me because she found in me a suitable “play-partner” (玩伴). (*As you can see, Homeland Security CO chief and the Monkey continued to remotely control me to be enamored with Ekaterina so that I might say or do something to enable the Russian diplomatic mission to have more reasons to complain about me.*)

*Now Highlights from my time with Rod today.* The first recording is: “[IMPdentalpharmcyrod\\_7\\_3\\_14\\_129-733PM.MP3](#)”: (reviewed from 3:20:00 onward). 3:24:40, siren. 3:29:00, again. 3:33:00, out of the pharmacy. 3:41:30, I met up with Rod. (1) The control center continued to cause me pain probably in order to prompt me to commit xxxxxx. And also to make me feel

ambiguous. The control center’s goal is for you to feel bad and be bad. They want to make sure that, when you feel good, you also feel bad. And both my enemies and my friends must be my enemies: also to make sure that I have no friends at all rather than having some friends. Then the control center would make sure that, after the movie, I would remember the pain from earlier and thus decide to commit xxxxxx. Then continual discussion about why I should commit xxxxxx based merely on a remembrance of pain, rather than as direct reaction to pain. (*All of this was Homeland Security and the Russians’ evidence that I was indeed delusional.*) (2) The art of making this moral person commit crimes and become a bad person: play on his ideas of justice and compensation and so on. The perfect manipulation: the US government manipulates me to hate the US government, and even if I realize that I have been manipulated, I can’t stop hating the US government because the manipulation itself is hateful. (*Again, evidence that I was delusional.*) (3) The control center makes me believe that you are working as a police informant, but if I accuse you of being a police informant, then you can’t inform on me for the police since the control center’s number one priority is for me to be delusional. (*This was presumably the CIA’s evidence that I wasn’t delusional – because Rod was indeed informing on me for the TMU.*) Rod asked me if I had ever read *Dialectic of Enlightenment*. The only limitations of the control center’s power: the very structure of the human brain and so on. (4) The ethnic differences in America are just class differences. White neighborhood is easier to commit crimes in because the buildings are farther apart and because people there sleep early. And white people have lower tolerance. Rod suggested that I graffiti political slogans. While white people care about how things look, Hispanics care only about the functionality of things, and so making things dirty for them doesn’t bother them that much. (5) My fear that one of my stalking victims might plagiarize me. But today I concluded that the police didn’t allow them access to the surveillance over me anymore... How they would use victim confidentiality to commit crimes, how they had been caught, so that the police had got stricter. (*All the wrong scenarios. Homeland Security and the Russians’ evidence that I had indeed developed delusions about my women victims.*) (6) I refused to tell him where my website was. Google has constructed a special algorithm for my website so that only certain people can visit it. (*Wrong. Homeland Security and the Russians’ evidence that I was indeed delusional.*) Rod continued to debate with me trying to convince me that visits from strange places were due to TOR. (*Bullshit.*) He used Verizon. 4:22:00, off the car. (7) How the control center was also training me to be a pervert. (*Again, evidence that I was delusional.*) (8) I had spent so much time describing pain, and my whole life was now devoted to describing my victimization. (9) 4:30:00, in a restaurant. I showed him Tocqueville’s book. My dream of traveling through Russia and writing a book like this. 4:36:00, Rod: why don’t you do that for LA? However, Rod’s question caused me physical pain, and I warned him not to do that again. “I don’t wanna be this ‘street-walking guru’.” (10) How I was a serial victim and can never finish documenting my victimization. I wish people would stop victimizing me so that I can finish documenting it and then do something else. (11) Rod claimed that Putin was the first serious dictator in our life time. His statement angered me again because he was “going along with conventional falsehood.” (12) Back to writing a book like Tocqueville’s: would the control center allow me to do such a thing? Also, if I write about Russia, no one can plagiarize me. “I need to accuse you of having connections to my stalking

9 I would only learn 7 years later that he was in fact quite right about this.

victims. Can you prove to me that you have no connections to them?” Then: “Don’t write about ethnic problems in America, for my stalking victims can plagiarize me with that.” (13) When I do good, bad things will come to me, and when I do bad, bad things will still come to me. Since my ideas are usually so offensive, maybe they won’t plagiarize me. (14) My idea that American feminism is an Asian capitalist conspiracy, for the purpose of increasing consumption and production. And Rod agreed with me! They can plagiarize this idea, but wouldn’t people beat them up? (15) Whether we should work on the New Testament again. 5:01:00, my complaint about Dr G. Why we should read Tocqueville in French. Rod then suggested Simone Weil. “European culture in light of *Iliad*.” Me: “Don’t ask me questions about America and Taiwan, it’d cause me physical pain. I don’t like Taiwanese.” Did Simone ever have sex with Jean-Paul? Rod did read parts of *The Second Sex*. Me: “If we discuss this, my stalking victims would plagiarize me. But if you are not working for the police, she (i.e., K) wouldn’t be able to do it... Hannah Arendt is deeper than Simone de Beauvoir. All the French intellectuals knew each other before becoming famous... (16) I had made it so easy for the control center by giving myself too many goals. Again, my serial victimization, with no possibility of documenting and verbalizing it all. My victimization was not only the longest, but also the most complex type. I was wrong that the good people who have victimized me would soon compensate me. The US government owes me about 50 million dollars of damages, and I would have to commit crimes for 150 years in order to eventually get even with the US. (*Again, evidence that I was delusional.*) Rod: is it your goal to get compensated or to get even? (17) 5:42:00, after shopping in 99 Cents, we were in the theater.

The second recording is: “IMPmovierod\_7\_3-4\_14\_733PM-1259AM.MP3”: (from 1:04:00 onward.) 1:55:00, out of the theater to smoke. 2:06:30, the movie was over. 2:12:00, we came to the nearby coffeehouse. (1) We searched online to ascertain that the movie was a true story. (2) How the control center destroyed my memory, but Rod claimed I was simply getting old. (*Again, Rod had to carry out the judgment from the previous ICJ trial stipulating that everyone should prevent the terrorist from knowing that he’s being remotely controlled.*) (3) Then, Sartre’s *Critique of Dialectical Reason*. Rod was currently reading Marx’s *Capital* and would not read anything else. I denied that Mao was even a Marxist. How Russia was also unfit for “revolution”. (4) More discussion about Violette, the French Resistance during WWII, and Sartre and Beauvoir’s stance during the Algerian War. Those malicious people who are against the authority vs those who are fair-minded and therefore against the authority. Camus the half-hypocrite. “Among the revolutionaries, some are good people, some bad, and all have limits in lending sympathy to the “oppressed”. The realistic animal rights activism (taking into account the fact that animals have lesser needs). (5) The ecological crisis – how I didn’t quite believe it. (6) My assertion that the French intellectual culture was inferior to the German. (7) How the left mis-attribute the environmental crisis to the capitalist oppression of the poor. My skepticism again. (8) Kim Jong-il indeed knew about the control center. (9) Rod on cult again (3:46:00). (10) Again, I wished people would just tell me what my stalking victims were doing instead of letting me guess. (*How ironic: Rod knew exactly what they were doing together with Homeland Security but of course he would never tell me.*) (11) How everything I do is required by the control center – with merely 2 percent of free will left to me with which to decide whether to do what is

required of me. “It pisses me off that my God is just another human being.” (*Again, evidence that I was delusional.*) Now I got increasingly angry when Rod appeared to not believe I was really being remotely controlled. (*I didn’t know that Rod was required by an ICJ judgment as well as the normal protocol in intelligence investigations to hide from the suspect the details of the “investigation” about him.*) 4:04:30, Rod bade me goodbye. (Reviewed until 4:44:00.)

My violation of intellectual property rights. Let’s summarize. Today was just another day that the Secret Society women would spend brainstorming with their volunteers. Here are the essentials:

**(01)** 6:02 – 6:14 AM, **the Quebec City volunteer** thoroughly examined my web gallery.

“Kxxxxxxx’s Vengeance”, 15  
Lawrence C. Chin,  
Jan. 2016; Feb. 2023.

(02) 6:29 AM, the Secret Society women were holding a three-way conference with **the Quebec City volunteer**, the Apopka volunteer, and a volunteer from the Rijksmuseum Boerhaave as to how to prove to any authority that they (and Homeland Security) were right about me.

(03) 6:32 AM, **the Quebec City volunteer** was done.

(04) 8 AM, **SDW** called upon her Erie relative.

(05) 8:10 AM, **she was done.**

(06) 8:28 AM, a University of Parma volunteer examined my delusion about Boss Cheney.

(07) 12:03 PM, **a Chicago volunteer** examined my harassment of the ICAACT people by citing them without permission.

(08) 2:41 PM, **Robin** checked in together with a Portsmouth, Ohio, volunteer.

(09) 3:10 PM, an Odessa, Ukraine, volunteer examined **my supposed naked picture of ANG.**

*Around 5:10 PM, I met up with Rod.*

(10) 6:02 PM, **Shizuka** checked in together with a Sao Paulo volunteer.

(11) 6:58 PM, the Crockett volunteer again.

(12) 10:17 PM, **SDW** called upon a Seattle volunteer.

(13) 12:27 AM, a California volunteer examined my delusion about being chipped in the brain.

(14) 1:33 AM, an Italian volunteer examined my “Deep Web Contract Killer” advertisement.

(Nonsense.)

(15) 3:47 AM, an Athens volunteer examined my violation of Oliver’s intellectual property rights.

(16) 4:05 AM, an Italian volunteer examined **my supposed naked picture of ANG.**

By the end of the day, the Secret Society women would have hope again because, through monitoring my conversation with Rod tonight, the Russian diplomatic mission and Homeland Security had obtained more evidence that I was delusional – that the Homeland Security warning about me might be correct after all. Tomorrow morning they would go back to the certain authority (Authority XX?) to present their new findings to him – and the women gang would get another chance to report me.

#### **4 July (Friday)**

*First, a note about myself.* Around 6 AM, still couldn’t sleep. MST (AWF), following upon fantasies about EKT. Then, programmed to suffer “akathisia” (unbearable restlessness, unable to lie on bed comfortably). Thus insomnia. Took 6 sleeping pills consecutively. Finally 10 AM, went to McDonald’s to eat breakfast. Left a message with Wes. Severely distressed. Used the toilet there to shit, and it was broken so that it couldn’t flush. Left shit there. Evidence? Home, and tried to sleep again. Extremely disgruntled over the control center’s programming of me to suffer all this discomfort. Determination to commit more xxxxxx tonight. And anger that one has been programmed to look like one is obsessed with EKT since summer 2012 – when, normally, one would never even think of her at all. (*Right.*) Finally, was allowed to sleep. Woke up 3 PM. Decided to give Rod an ultimatum on Monday (validate my mind-control experience or else).

(As you shall see, it’s Homeland Security CO chief who wanted me to do this.) Home Depot, N and spray. **1 B** at school. Wrote in Starbucks. Home. MST (AWF). Out to collect damage, and was programmed to be filled with anger about everybody always talking to me as if I were antisocial, delusional, and bad-to-the-bone. Hatred for xxxxxxxxx, hatred for Rod. Union ST, **10 N**. To PSDN. Couldn’t do the church. **2 H (XIA). 2 W (RSQU and FOOD/repeat). 3 B (2 at the church)**. Done by 2:10 AM. The whole night was troubled by gum pain and body ache. All sorts of pain everyday.

Walking home from Vermont/ Venice. More thoughts about Rod: how he played dumb, said weird things, and refused to validate my mind-control experience because he needed to produce evidence that I’m an anti-authority nuthead suffering from schizophrenia – severe anger. **1 B at Dr CRTZ**. Ate at the Korean restaurant, and read more of Kappeler. Then, home, and slept.

My plagiarism. Let’s summarize. As noted, after the certain authority had heard me saying insane things to Rod yesterday, Homeland Security CO chief and the Russian diplomatic mission were able to persuade him to hear the testimonies from the schizophrenic terrorist stalker’s women victims one more time. This – despite the fact that it’s 4<sup>th</sup> of July. Since early morning, the women gang had been preparing – and Shizuka was of course active.

**(01)** 04:41 AM, a Dublin, Ireland, volunteer examined **my supposed naked picture of ANG.**

**(02)** 05:14 AM, **Shizuka** rejoined the discussion together with a South Korean volunteer.

**(03)** 08:30 AM, a Malaysia/ Australian volunteer examined **my supposed naked picture of ANG.**

**(04)** 08:59 AM, **Shizuka** again together with a Volgograd volunteer.

**(05)** 10:39 AM, **the T-Mobile California volunteer** from last night came again to examine my delusion about being chipped in the brain.

**(06)** 10:40 AM, the Crockett volunteer again.

**(07)** 10:58 AM, **a Palm Bay, Florida, volunteer** examined my delusion about Snowden.

By now, the certain authority was ready to listen to the Secret Society women’s complaints. As expected, SDW would do most of the work.

**(08)** 12:12 PM, **SDW herself** reported my victimization of her to the certain authority.

**(09)** 12:21 PM, a Cape Town volunteer reported on my harassment of a certain famous woman. (In confirmation of the Homeland Security warning in question.)

“Kxxxxxxx’s Vengeance”, 15  
Lawrence C. Chin,  
Jan. 2016; Feb. 2023.

(10) 12:56 PM, SDW called upon an Oregon volunteer to report me to the certain authority.

(11) 02:30 – 2:33 PM, a Netherlands volunteer reported on my computer-hacking.

(12) 03:06 PM, SDW called upon a Fort Collins volunteer (my cousin Gilbert?) to report me to the certain authority.

(13) 03:25 PM, SDW called upon a Canadian volunteer to report me to the certain authority.

(14) 04:26 PM, SDW called upon the Indianapolis volunteer to make a special report about my plagiarism.

By this time, however, the certain authority would have rejected the Homeland Security warning once again. Perhaps thanks to the information which Shizuka and other informants had provided behind the women’s back. SDW and so on were thus back to brainstorming.

(15) 06:50 PM, SDW called back **the Palm Bay volunteer** to brainstorm how to better report my victimization of her to the certain authority.

(16) 10:43 PM, the Secret Society women called in a New York City volunteer to examine my Youtube channel.

From the fact that the certain authority (Authority XX) was working on 4<sup>th</sup> of July, you can tell that this was an important government bureaucracy. Most likely somebody in the National Counter Terrorism Center back in the Washington DC area. (We will see more of him later on, in October.) It’s important to notice that this authority was now allied with the CIA instead of with Homeland Security CO chief.

## 5 July (Saturday)

*First, a note about myself.* Slept between 5 AM and 1:30 PM. Some sleep deprivation. Still bothered by severe anger with Rod. TNT, 2:30 PM. Left a message with Wes. A car came past with loud music. Some pain sensation. 3:15 PM, sat down next to a pretty Korean girl and her boyfriend. They immediately left, as usual. Pain sensation. The thought-process in this regard caused severe anger and desire for violence. Required to commit xxxxxx. Continually tormented by the severe discomfort caused by the thought-process that I need to look like a simple-minded selfish brat when my enormously complex brain understands all the ethical rules and moral dilemmas which humanity has ever invented and thought of. The severe discomfort caused by the suppression of my potentials, and leading to a desire for violence. Required to commit xxxxxx.

Wrote, and, 5 PM, left more messages with Wes. The Russian church, Vesper, and left 7:30 PM, Starbucks, Vermont/ Prospect, and studied more of EKT’s pictures online. (*Homeland Security CO chief wanted me to do this – you shall see why.*) 12 AM, left to collect damages. On the bus, an ugly Hispanic guy wearing earphones came to sit in front of me. Apparently, if he were a surveillance agent, the authority wanted to provoke me to commit xxxxxx. (*Perhaps that’s the reason why Homeland Security CO chief sent this agent in.*) Some physical pain. Changed seat.

It would seem that he was asked to recreate my website elsewhere – i.e. to plagiarize me, and then to delete all the references from my chapters, so that the Secret Society women could prove to any authority that I did plagiarize.

## 6 July (Sunday, Wes; Dr R’s Hawaiian friend)

*First, a note about myself.* Slept 6 AM. Because one had set up the alarm incorrectly, one woke up 11:30 AM. A bit upset that one would thus miss the church service. Went to Church to catch up with coffee time. Elaine there. Then called Wes. About Ekaterina’s pictures on the Internet being fake. Sharing unsuccessfully. Terribly upset. Required to commit xxxxxx. Lunch at the Korean restaurant. When paying, so mentally confused as to take out the bus pass and 25 cents as if going onto the bus. Upset, felt hurt, and required to commit xxxxxx. Tried to nap, but couldn’t. Watched “No sex, please”. MST (Hiroko). 6 PM, got on bus 20. Remotely controlled to sit next to an AWF who immediately got off the bus, so that it may look like every female is so disgusted with me as to always avoid me. Felt hurt, and required to commit xxxxxx. (Somehow the control center always knows which girl in my environment is about to leave so that it may remotely control me to sit with that girl in order to get my feelings hurt.) The goal is to make it look like I hate people and attack them because I have misinterpreted their unintentional acts as affronts. Namely, I must attack people over imaginary reasons in order to make myself look crazy and

ridiculous, like SDW. Starbucks, WSTWD, worked peacefully until 10:30 PM, with many pretty AWFs around. Down to CLVRCTY to collect damages, 11 PM. **2 W (both a JPVO), 6 N, 2 B, 2 H (AWF-YOGA, the 3<sup>rd</sup> time)**. On bus 33 to go home.

*Highlights of my conversation with Wes today (“IMPchurchWes\_7\_6\_14\_1215-210PM.MP3”):* coffee time at St. Sophia. I chatted with a female (about the Russian church). With the Belize old lady, about my pain. How my “friends” became my “enemies”. 43:00, with Christina. 58:40, I was connected with Wes. (1) Even though the control center didn’t cause me great pain lately, they had destroyed my social relations. The case of Rod. After the movie, after we talked, I became angry and had to commit xxxxxx. Everyone had to talk to me as if I fit the profile. People’s only concern was to produce evidence showing me conforming to the profile. As if I were delusional about the chips inside my brain. How much I hated this role of being John Nash. Wes objected: John Nash was a genius! You aren’t! (*Was Wes trying to provoke me per Homeland Security’s instruction?*) All my moral scruples, and yet everyone had to talk to me as if I were this simple-minded selfish brat. When Rod clearly said things he didn’t mean in order to produce evidence, I couldn’t just accuse him. And Wes too. Wes continued to belittle me by insisting that I was too stupid to be looking like John Nash. Then he provoked me further by pretending to not know that I had to conform to a certain profile. Me: See, everything is air tight, there are no breaks. (2) Then I described the Simone de Beauvoir movie. (3) 1:14:00, back to the topic of Ekaterina. I almost forgot about her, and yet the control center suddenly wanted me to think about her and search for her. (*Of course – now that the Homeland Security warning about me wasn’t going anywhere again and no authority would regard me as Ekaterina’s “stalker”.*) Ekaterina must have been notified since 2012 about all my fantasies about her. (*Right.*) My wrong theory that the CIA and the SVR had worked together to make me obsess over her. 1:17:00, how the Monkey had programmed SDW to become crazy – in just the way I was. 1:19:30, how the CIA and the SVR had, from 2011 to 2013, simulated the entire course of events which I was going through right now, what evidence I needed to produce, including the SDW episode. (*The CIA had sort of done this, and would definitely do this later on, In any case, the SVR had no part in it.*) Two years earlier, they already knew how to make me obsess over SDW. Years in advance, they had also determined that I would have to obsess over Ekaterina in order to produce the necessary evidence. (*Completely wrong: it’s the Russians and Homeland Security who wanted me to obsess over Ekaterina – and this, only in order to justify the Homeland Security warning about me.*) Thus they planted the pictures on the Internet. (*Bullshit.*) So nothing that happened in the past few years were “natural”, all were planned by somebody. (*True – but not in the way I had thought.*) Wes’ bullshit again: the Truman Show all over again! Since these pictures are for me to see, anyone else who saw them was merely taken for a free ride. And I started discussing that single set of real pictures. My research of these pictures last night. (4) 1:29:00, Wes had to answer the other call and hanged up. 1:30:00, Wes called back.

(5) I’m the only one talking because I’m so deprived... humanity will benefit 50 years from now but I wouldn’t get credits for it... and I won’t even see these people who will benefit... the people in power do this because they *can*... Wes brought up John Nash again: but he’s a paranoid schizophrenic... Me: but I *look like* a paranoid schizophrenic... no one would think I’m one until I

“Kxxxxxxx’s Vengeance”, 15  
Lawrence C. Chin,  
Jan. 2016; Feb. 2023.

start talking about the control center... I’m sacrificing and yet can’t take credits for it... and I had to commit xxxxxx... Wes: Don’t commit xxxxxx... Me: but I don’t feel good unless I do... Wes suggested that, as my xxxxxx, I put money into the parking meters for people when their time had expired. Me: I’m so tired of living a life where everyone is my enemy... Dr G and Oliver are both my enemies too. (*Right.*) Everyone provokes me so that I’ll look like a crazy mad person and that’s the evidence they want... (*That’s the evidence which Homeland Security and the Russians want! You dummy!*) Wes: they could make you look worst, like a child-molester...

*(Let’s comment on this important conversation. Now that the Secret Society women were in the wilderness again and the Russian diplomatic mission still had no case for Ekaterina, Homeland Security CO chief thus instructed Wes to talk to me – principally because of what he wanted me to say about Ekaterina’s pictures and SDW’s “targeting”. But first: (1) it’s probably because the certain authority had again dismissed his masterful warning about me that Homeland Security CO chief had today instructed Wes to try to provoke me to anger (hoping that I would say angry and violent things, perhaps). (2) The Russian diplomatic mission had got the evidence they were looking for: I somehow believed that the Russian and American intelligence agencies had together wanted me to obsess over Russia’s First Daughter and planted her pictures on the Internet for me to see! How delusional! Homeland Security was thus right about me! (3) Whatever I said about SDW – whether correct or not – was also Homeland Security and the Russians’ evidence that I did fit Homeland Security’s and the Secret Society women’s portrayal of me. (4) Then, all my wrong scenarios about how I was sacrificing for the future of humanity – even though this was not true at the moment, something like this would become true later on, once the CIA shall have reactivated the previous ICJ trial – were of course also evidence that my women victims and Homeland Security were right about me.)*

Now the Secret Society women’s operation on my website for today. 5:40 AM, rdns.blackberry.net, Nsukka, Nigeria,

Unfortunately, she would have seen my latest blog post, “The Macrospherians have meticulously planned for the current replacement of evidences by my conspirators”, in which I had advanced my theory about the reason and cause for SDW’s so-called “targeting”. Since the acronyms “CIA” and “SVR” were found in the posting in conjunction with the mentioning of SDW, she would simply assume that I was suffering another episode of hallucination which had caused me, as I was supposedly obsessed with SDW, to blog about her having something to do with the CIA, etc. When she passed a copy of the posting to SDW, the latter would similarly think so, and become quite happy that here was new evidence that the Homeland Security warning was quite accurate – especially since I had just said similar things to Wes hours ago. I was, in reality, coming close to explaining how and why SDW was “targeted”, and actually thought, in my naïveté, that SDW would appreciate someone trying to solve her mystery for her. I had once

again overestimated ordinary people’s intelligence. SDW had already decided that she knew how and why she was targeted, and nobody could ever convince her that her own conception of things was all wrong. If you try to enlighten her by pointing out her errors to her, you would only have motivated her to annihilate you.

Let’s summarize. While the Secret Society women continued to brainstorm with their volunteers, Homeland Security CO chief and his Russian friends weren’t exactly feeling hopeless for they had already instructed the Monkey since last night to remotely control me to talk about Ekaterina again with Wes. The essentials for today are:

- (01) 07:34 AM, an El Dorado Hills volunteer examined my 2013/09/15 blog post.
- (02) 09:04 AM, a South Korean volunteer examined **my supposed naked picture of ANG**.
- (03) 09:17 AM, a Canyon Country volunteer examined my delusions about Khalezov (and yet found Best Mommy’s picture).
- (04) 10:07 – 10:10 AM, **Shizuka** rejoined the discussion together with an Indonesian volunteer.
- (05) 10:51 AM, the Secret Society women called upon **Dr R’s Hawaiian friend** asking her to find my mentions of Dr R on my blog.

1:15 PM, I was on the phone with Wes. Homeland Security CO chief and the Russians had now obtained their evidence.

- (06) 02:31 PM – did a Philippines volunteer examine my harassment of Kxxxxxxx?
- (07) 03:37 – 3:52 PM, the Secret Society women asked **an Auburn University volunteer** to forge evidence of my copying contents from the Internet to fuel my delusions about being chipped in the brain.
- (08) 06:19 PM, **Shizuka** checked in again together with a Riyadh volunteer.
- (09) 06:30 PM, **SDW called upon her Erie relative** to come brainstorm, and yet she discovered my latest blog post about SDW’s “targeting”. New evidence!
- (10) 06:34 PM, a Newark volunteer examined my delusions about Snowden.
- (11) 07:15 PM, **the Auburn University volunteer** again.
- (12) 08:50 PM, a South Korean volunteer examined **my supposed naked picture of ANG**.
- (13) 10:59 PM, a Downey volunteer examined my delusions about my women victims’ going after me.
- (14) 11:22 PM, **SDW called upon the same London volunteer (GT-N7100)** to come examine my latest crazy blog posts about the CIA.
- (15) 12:27 AM, an unknown volunteer came to examine my particular brand of misogynist ideology. (Elementary Structures.)
- (16) 01:58 AM, a Kiev volunteer examined my front page.
- (17) 03:39 AM, **Robin** rejoined the discussion together with an Indian volunteer.

As you can see, Homeland Security and their Russian friends had obtained two new evidences today, from my conversation with Wes and then from my new blog post about SDW. Using these new evidence as indications that their profile of me – or the Secret Society women’s lies about me – was correct, they would be able to obtain for the “women victims” another hearing from the certain authority tomorrow (which we now suspect to be somebody in the National Counter Terrorism Center).

### **7 July (Monday; sleep deprivation; break with Rod)**

*First, a note about myself.* Slept between 4:30 AM and 12 PM. Would be sleepy all day long. TNT, 1:30 PM, and I met Rod. Gave him the dressing-down for his dismissal of my brain-chip claim. Told him that I would not speak to him again for that. Surely evidence for my “fascism” and “paranoid schizophrenia”?<sup>11</sup> Wrote in TNT, etc. Burger King, and saw the Google Map vehicle. Then watched Tatyana’s 2011 concert, and realized: “Kazda” is just “List der Vernunft”. (*Was I required by the Monkey and Homeland Security CO chief to realize this? So that Tatyana could also become my victim?*) Went back to TNT to add the video of Tatyana’s concert in the latest blog post on SDW. 6 PM. The uploading was extremely slow. Not too upset. At the Church: Catechism. Torey and Drew there. Headache and sleepiness. On bus 33. A Korean girl didn’t want me to sit next to her. Still okay. Extremely sleepy still. The mystery of EKT pretty much solved (South Korea). Or so I thought. (*I didn’t know that I was just required to develop more “delusions” about some famous woman.*) Somewhat upset, over the need to be disappointed, humiliated, and exploited. Novel Cafe, and discovered that the recording I was reviewing this afternoon was actually another recording than what I had thought it was. Impossible. And the correct recording couldn’t be found. Almost like (evidence for) my hallucination, and one was just writing about Dr Wexler’s episode (evidence for my hallucination) from 2008. Angered. Required to commit xxxxxx. Always, following pretty AWFs had caused me to miss buying cigarettes, and forget to buy them, so that, when leaving Novel, I had nowhere to buy cigarettes. Somewhat upset, and required to commit xxxxxx. 12:30 AM. **5 N, 1 W** (VNCE/ Abbot Kinney: a brand new store, the 2<sup>nd</sup> time), **2 B, 1 H.** Vermont, CRTZ, **1 B,** home, SCHL **1 B.** Had thoughts about resuming “hug therapy”. Thank God mother had deposited money today. Posted “hug therapist needed” on Craigslist, but Gmail malfunctioned, and

11 In: “IMPbreakwthrod\_7\_7\_14\_131-440PM.MP3”: 7:30, with Rod. I lashed out on him: “You don’t actually mean anything you say. It’s all conventional wisdom. Either test questions or to produce evidence. If I were gay and you wouldn’t validate that... but instead claim I can get rid of my homosexuality just like that... If I can break you legs and get away it, I would actually do that... maybe the trial is so important...” 14:00, silence. (I ignored Rod and went inside TNT to work.) Then, when he came over: “Go go... Yeah I look bad, that’s good...” Rod left in anger. (Reviewed until 50:00.) *Note that, as the Secret Society women were going back to the certain authority today, my breakup with Rod really came at just the right time: the CIA and the TMU would not be able to obtain any more intellectual contents from my conversation with Rod today to invalidate, before the certain authority, the new evidence brought forward by the Russians, Homeland Security, and the “women victims”. We thus have to wonder whether, all this time, it was actually Homeland Security CO chief who had instructed the Monkey to program me to want to break up with Rod.*

6:21 AM, SDW herself came again (adsl-75-36-39-64.dsl.sndg02.sbcglobal.net, San Marcos, California),

75.36.39.64 - - [07/Jul/2014:07:21:31 -0600] "GET /blogs/tag/gang-stalking/ HTTP/1.1" 200 98107 "http://www.google.com/url?sa=t&rct=j&q=&esrc=s&source=web&cd=6&ved=0CDsQFjAF&url=http%3A%2F%2Fwww.lawrencechin2011.com%2Fblogs%2Ftag%2Fgang-stalking%2F&ei=Q566U4yOJcPeoATjq4LwCw&usg=AFQjCNEQEbKR7tyNSpy0JHQdphddX1rAow&bvm=bv.70138588,d.cGU" "Mozilla/5.0 (Macintosh; Intel Mac OS X 10\_8) AppleWebKit/536.25 (KHTML, like Gecko) Version/6.0 Safari/536.25"

This is indication that, today, the reporting to the certain authority had started really early, as soon as he had come into his office, maybe around 9 AM (Eastern Standard Time). Now SDW was clearly here to report on the new blog post on her (“The ultimate evidence”). (Note that she would see the post without the addition of the comments on “List der Vernunft”.) Recall that SDW had today two set of new evidences with which to convince the certain authority that Homeland Security’s warning about me was all correct: my delusions about her as well as about Ekaterina from yesterday, and my latest blog post about the origin of her “targeting”. The certain authority must have by this time already heard the intercept of my conversation with Wes from yesterday.

Did Homeland Security CO chief instruct the Monkey to program me to do this? Was he now counting on Tatyana to save his warning about me? 6:39 PM, I was on Tatyana’s Twitter page too.

This is the first time that the Secret Society women had decided to make use of this essay. My plagiarism? (Even though I had not much cited anyone here.)

Let’s summarize. Today the Russian diplomatic mission and Homeland Security CO chief had obtained the chance for another hearing from the certain authority as soon as he walked into the office, 8 – 9 AM. The essentials are:

- (01) 06:02 AM, a Malaysia volunteer reported on **my supposed naked picture of ANG.**
- (02) 06:21 AM, **SDW herself** reported my new blog post about her to the certain authority.
- (03) 11:29 AM, the Bülach volunteer came again to report on **my supposed naked picture of ANG.**
- (04) 11:36 AM, a Pennsylvania volunteer reported on my harassment of Prof. Dylan-Haynes by citing his research without permission.
- (05) 12:02 PM, **the special volunteer from the Lincoln Center for Performing Arts** made a special report about my plagiarism to the certain authority.
- (06) 01:35 PM, a Tonga volunteer reported on my delusions about Boss Cheney. (Did the Boss’ family weigh in on the certain authority?)

Around this time, I gave Rod the dressing-down.

- (07) 02:44 PM, **the Lincoln Center volunteer** again.

By this time, the certain authority had dismissed the Homeland Security warning once more. The Secret Society women were back to brainstorming.

- (08) 03:48 PM, a Brazilian volunteer examined **my supposed naked picture of ANG.**
- (09) 04:04 PM, a Russian volunteer living in Atlanta examined **my delusion about being chipped in the brain.**

Lawrence C. Chin,  
Jan. 2016; Feb. 2023.

4:30 PM, I added Tatyana’s video to my latest blog post about SDW.

**(10)** 04:32 PM, the Auburn University volunteer from yesterday was called upon to brainstorm how to report me for harboring delusions about being chipped in the brain.

6:29 PM, I messaged Tatyana on her website.

**(11)** 07:47 PM, SDW called upon her Erie relative.

**(12)** 08:48 PM, **Robin** checked in together with an Indiana volunteer.

**(13)** 01:22 AM, **Shizuka** checked in together with a Wisconsin volunteer.

**(14)** 02:03 AM, an Indian volunteer examined **my delusion about being chipped in the brain.**

**(15)** 03:51 AM, a St Petersburg, Russia, volunteer examined **my delusion about being chipped in the brain.**

Although Homeland Security CO chief and his Russian friends had failed again, it remains to be seen whether they could make use of Tatyana instead.
