

## The Secret History of the International Court of Justice

### “KIERSTEN’S VENGEANCE”

#### 11

#### RESUME

The following reconstructs the operation of the Secret Society women and Homeland Security CO chief against me from 11 to 22 May, 2014. By now the Secret Society women consisted of: Karin (the German Lady), Angelica (the Mexican Girl/ the Pyramid), Dr P (Pettersen), Kiersten (Ms Piggy), and their new addition, SDW (Maura). Always leading them was Russia's First Daughter Ekaterina (Putina).

This is a rewrite of the original “Kiersten's vengeance, 11” (“Kiersten's Vengeance, V”), originally composed from December 2014 to March 2015. The original version, with the file name of “timelinepartV-21.pdf” (last dated 13.12.2020), can still be found in the same folder.<sup>1</sup>

For the period under consideration, instead of giving a summary of the course of events at this beginning, we shall simply note the essential dates:

**13.05:** the Invisible Hand was ready to remove me from a certain watchlist. Homeland Security and the Secret Society women protested.

**14.05:** my conversation with Wes: the Invisible Hand's evidence.

**16.05:** Homeland Security CO chief and the Secret Society women got another chance by prompting a famous woman TG to open a case on me with a LAPD detective.

**17.05:** the LAPD detective dismissed the Homeland Security warning about me. The Secret Society women scrambled to save it.

**20.05:** the Boss' family and the North Korean government cut in to save the Homeland Security warning.

**22.05:** did Ms Sandberg open a case on me?

Next, a word about my feelings toward SDW. As you have seen, by the beginning of this month, my “obsession” with and “longing” for her had at first been replaced by a thirst for knowledge about her, and then by a simple hatred motivated by my wrong scenarios about the demonic things she was supposedly doing to me and intensified by everyone's refusal to tell me what was going on. Although, if you have accepted my description of myself as a typical case of Borderline Personality Disorder (in addition to Schizotypal Personality Disorder), you might think that I was merely going through the typical Borderline cycle of idealization and devaluation, this was not quite the case. It is this misunderstanding which I

<sup>1</sup> Note that the original version covers the period from 18 May to 4 June, 2014.

wish to clear up at this point – once and for all, insofar as this was the last time in my life that I would ever become obsessed with any woman.

This Borderline obsession is intimately associated with the perception of a certain physical beauty – or, more precisely, the act of attributing tremendous value to that physical beauty. It *really was* all about looks. Then, as one grows increasingly wiser and more knowledgeable as time passes while other people remain the same (because one keeps on studying while other people don't), one is increasingly unable to overlook the obvious fact that the tremendously beautiful woman one has valued is actually mentally retarded compared to oneself – that one has assigned tremendous value to a worthless stupid junk. By then, one will have woken up to the fact that one has been deceived by appearance – and will cease to idealize the woman and in fact recognize her as the stupid trash that she is. This cycle that I keep going through – with both Angelica and SDW – is fundamentally different from the cycle of idealization and devaluation described for BPD in the DSM: the latter is purely an emotional matter (a cycle of emotional changes) whereas, in my case, it is something cognitive (the increase of knowledge and wisdom) which has inevitably broken up a certain emotion. Because the subjects that serve as the templates for BPD in the DSM are usually uneducated, a description that is valid for them is not necessarily valid for a BPD sufferer who is educated and continues to educate himself over time and whose education has an impact on his etiology.

In my case, it's of course not simply the knowledge that she's stupid, but also the knowledge that she's morally shallow, which has inevitably broken up the original emotion. By this time, we have seen that SDW was quite like both Angelica and Kiersten, although she was yet another variation of the same thing. She *wanted* to be the victim of a misogynist stalker – although, unlike Kiersten while quite like Angelica, it's not because she felt herself to be unattractive. Being able to locate a misogynist stalker who had supposedly victimized her was therefore like finding her immortality potion, and the more the TMU took this immortality potion away from her by denying that she was the victim of my “misogynist stalking” (by denying that the Homeland Security warning about me was valid), the more she hated me. *As if it were my fault*. A woman who wants nothing more in the world than being recognized as a victim and does nothing more in life than crying about imaginary victimization by male monsters – in addition to her inability to recognize that I bear no fault if she can't fulfill her life-long ambition – is really the lowest kind of creature in my scheme of things (the most worthless infant). Then this other additional fact had also particularly incited my devaluation, and hatred, of her: that, after she has wanted me to become her “stalker” for the sake of her glory and happiness, she is completely indifferent to the suffering *I* would have to go through in order to remain her “stalker”. In particular, I was suffering everyday from my inability to know what was going on – how I was falsely reported about and framed, why everyone saw me as dangerous and was debating about me, and who I had supposedly stalked and how – and especially from that strange contradiction resulting from the fact that, after I had accomplished such ingenious things in the other domains (my philosophy and my story about the *previous* ICJ trial), I had to

somehow be this dummy in this *current* ICJ trial so that my “women victims”, who were otherwise totally inferior to me, could have certain proof that they were superior to me – in that they knew everything while I knew nothing. (And they were convinced that they were superior to me only because they weren't educated and so saw no value in my accomplishments.) It's simply impossible to continue to idealize a woman who is so morally immature, who is so totally indifferent to my feelings because she doesn't have to feel them no matter what, and who has so looked down on me only because she is completely uneducated. Again, it is these bare brutal facts, rather than any emotional changes, which had inevitably broken up the initial feelings in me of idealization.<sup>2</sup>

As noted, thanks to the Invisible Hand's clandestine manipulation of the mind-reading computer, I would never have to feel obsession for a woman ever again after this episode with SDW. Previously I have claimed it's because this episode was somehow so peculiar as to drain out some bad energy out of me; but here I'm pointing out the cognitive fact that was involved as well. Back in February when the Monkey began programming me to become obsessed with SDW, the Invisible Hand must have foreseen that both of these factors – the draining-out of a certain bad emotion and the inevitable cognitive change called “learning” – would work together to cure me of this Borderline obsession once and for all. The Invisible Hand's goal was of course to move me as far away from Homeland Security's profile of (and the Secret Society women's testimonies about) me as possible, so that he could reactivate the previous ICJ trial and convict Russia. As things stood back in February, Homeland Security's warning about me was 20 percent true and 80 percent false. After I was cured of my Borderline obsession, perhaps only 10 percent of it would remain true. The Invisible Hand was gradually eliminating the little bit of truth that did exist in Homeland Security's big lie about me.

Finally, we have to make a statement about Best Mommy's status. We have seen repeated visits to Best Mommy's picture in the preceding and will continue see them in the coming months. All this is indication that Best Mommy had in fact already joined the Secret Society women's enterprise. Most likely, she wanted to work as a mole inside the Secret Society women's organization in order to eventually achieve a certain effect with them and Homeland Security CO chief. She thus pretended to break with the Invisible Hand and come to Homeland Security CO chief to proclaim: “I don't want this trial reactivated either. And I want this guy taken down. He shows off my picture and video on the Internet; he's disgusting.” Homeland Security CO chief, not suspecting that her betrayal was fake, welcomed her. The ultimate purpose of all this (the certain effect intended) would not become apparent until more than six years later. Beside this, however, Best Mommy probably also wanted a first-hand experience with the disease which American women were carrying thanks to feminism.<sup>3</sup>

---

2 Perhaps because of my Borderline constitution, I have always been a “true” feminist, wanting women to be moral and capable and intellectual rather than a stupid big baby always crying about nothing. And, because I'm a “true” feminist, women in America naturally regard me as a quintessential “misogynist” par excellence.

Now my diary entries (with my current corrections and commentaries in brackets and italics) and the log of the Secret Society women's operation on my website during the period under consideration.

## 11 May (Sunday)

*First, a note about myself.* 6:20 AM, I posted an explanation of how SDW was chosen as my substitute (the fundamental functional patterns of her brain must be very similar to mine). (*This is in the blog post you see for today, "Clarification of the meaning of [the] 'simplification of human experience'". What exactly was the Invisible Hand going to do about this "delusion" of mine? But, in any case, Homeland Security CO chief's temporary evidence to lock up the previous ICJ trial for the time being.*) Then, slept, and woke up 10:50 AM. Upset over being late to Sunday service. Saw the first Russian girl (blond, somewhat pretty). She frowned at me. (Tatiana.) Hurt, and avoided her. Home, slept between 4:30 and 8:30 PM. 9:30 PM, on the bus, and continued to be bothered by earphones-wearing people (feeling physical pain). 10:10 PM, Starbucks, Westwood, and sat down next to a pretty AWF doing high level physics. Two ugly earphones-people sat down near me. Filmed them. The control center continued to program me to suffer SDW's disease (the degradation of the aesthetic value of my environment in order to drive me to criminality, as if it were due to my own bad nature.) (*Was the Monkey really doing this?*) My filming had bothered the AWF, and she looked upon me as a freak, making me very angry, and I detested her too. Moved away, and came to sit with three Korean girls instead. Very angered, wanting to collect damages. (It was difficult because there was little time left tonight.)

12 AM, severe targeting after looking at SDW's blog (new comments) and her Facebook group: she just wouldn't get arrested. (*Of course!*) Anxiety attack, pain attack. Needed to use a public computer, for I no longer trusted my Internet connection. Somehow, my messages on the Facebook group were showing up only after some delay. As if Facebook had received further notice to freeze my account and filter my messages because I was tracking SDW's messages there. (*Wrong.*) This may be the control center's further programming to drive me to paranoia in order to fit me into Kiersten's false profile of me as totally delusional. (*Could this really be so?*) Angered by the thought that I'm labeled a "stalker" again when I have long ago announced on my blog that I'm tracking her messages and she is clearly posting messages for me to see (*or so I thought*). Furthermore, felt the need to post a test comment on SDW's blog in order to understand if her approval was needed for others' comments to show up (WordPress' setting; needed to ascertain whether others may post comments even if she was arrested and no longer able to manage comments on her blog). Remotely controlled to make the wrong decision to go to the Kinkos in La Brea, just when this Kinkos was being remodeled. Then remotely controlled to miss the bus going back to SM. Then remotely controlled to be at the wrong bus stop to miss the 720

3 The CIA has decided that, after the "Macrospherian" program shall have been implemented and the world transformed, the Agency shall continue to remain female-dominated. For this reason, the steady decline of intelligence among American women and their continual intellectual inferiority to men must be corrected at once – if the Agency shall continue to draw recruits from this population pool. Best Mommy was thus intimately involved in the Invisible Hand's project to replace the current women's culture in America with a new one. Since it's feminism which has partly caused the decline of morals and intelligence among American women, Best Mommy felt the need to understand this process at the grassroot level.

bus going back to downtown. SDW's manner of targeting: my conspirators were controlling me to make wrong decisions and frustrate myself, and make myself violent. (*Was the Monkey really doing this?*) Urgently needed to collect damages, but there were no places around. Severe pain, Norco not working. I had by this time noticed that it was my body which was remotely controlled to not allow the medication to take effect; it was not a placebo. Severe anger toward SDW, for she has the help of the entire government to go after me while I have nothing except a malfunctioning computer, and she can see everything I do while I can't even get hints about what she is doing to harm me. (*While this was a wrong scenario, it was sort of true: she had Homeland Security, the Russian government, and tens of thousands of people from around the world to help her, while I had nobody.*) Again, I have to hate SDW in order to establish identity between her and myself: hatred of each other, hatred of oneself. Hatred toward xxxxxxxxx and SDW so severe, causing severe physical pain. Again, a serious problem: although hatred toward xxxxxxxxx is good for the world, and an absolutely healthy state of mind, this hatred causes severe physical pain and constitutes torture. A way must be found to desire xxxxxxxxx Americans without feeling anger. This is the terrorist conspiracy: whatever is healthy is disgusting or causes severe pain so that one must do everything to avoid it, and whatever is poisonous is pretty and gives pleasure so that one will do everything to attain it. (*Maybe! The Invisible Hand would later on indeed make this into part of the terrorist conspiracy against the world.*)

2 AM, pain caused by being stranded in the middle of nowhere. Wanted to go back to Kinkos to look up the phone number for taxi service. Then the 720 bus showed up when one arrived at the right stop. Thus my conspirators had allowed me to get on the bus to go home. (*No, it's just the Monkey.*)

The screenshot shows a web browser window displaying a WordPress blog post. The address bar shows the URL: [stoporgangstalking.wordpress.com/2014/05/07/first-responder-harassment-log-50614/](http://stoporgangstalking.wordpress.com/2014/05/07/first-responder-harassment-log-50614/). The page title is "2 THOUGHTS ON 'FIRST RESPONDER HARASSMENT LOG 5/06/14'".

The main content area shows two comments:

- Comment 1:** By **ninekiwi** on May 12, 2014 at 4:42 am. The text reads: "Hi, my name is Tony, I live in the Jacksonville, FL area. I have been gangstalked for years, perhaps further back than I can remember but maybe I never knew it was gangstalking. I am harassed by Firefighters, EMT, Police Helicopters, military, retired military, secret society members, family, ex-friends, neighbors, strangers, everyone... I just wanted to let you know its nice to see someone out there who is surviving like me. This shit is world wide with no where to go. I have had TV and radio syncs, my personal life broadcast, property damage, sickness, DEW, personal relationships have ALWAYS been theater... They keep TIs seperated so there is no group resistance. Don't trust anyone online saying they're a TI and to contact them, not even me. It seems they're focusing heavily on Christians, and single women imparicularly. I love you as someone who understands my struggle. I have been in car accidents, home invaded, and sexually harassed... I'm only 26 years old. I pray all the time that Jesus will help me through this hell..."
- Comment 2:** By **stopogs** on May 13, 2014 at 7:52 am. The text reads: "Tony, thanks for reading my blog, I can empathize and relate to everything you are going through. I know what you mean about not trusting other so-called TIs. They really blind sided"

The browser's taskbar at the bottom shows the time as 3:32 AM on 5/13/2014.

Two in a row!

Let's summarize. Again, the Secret Society women had just spent another day mobilizing their volunteers to brainstorm how to prove to the TMU that Homeland Security was all right about me – when even Obama's family's complaint had fallen on deaf ears. The "essential visits" had started rather late today:

- (1) 6:15 PM, SDW called upon a Des Moines, Iowa, volunteer to come examine my victimization of her.
- (2) 6:21 PM, a UK volunteer examined how my delusions about being mind-controlled had made me a danger to others as well as to myself.
- (3) 7:04 PM, a Colorado volunteer unenthusiastically examined my delusions about Obama.
- (4) 8:31 PM, a Calgary volunteer examined my "Ying and Yang, II" (my delusions about Angelica?).
- (5) 10:16 PM, a Verizon volunteer examined my front page. What?
- (6) 12:03 AM, an Edmonton volunteer examined my delusions about being chipped in the brain.
- (7) 3:30 AM, a German volunteer examined my obsession with, and delusions about, Karin (her being part of some government conspiracy to go after me), which should have convinced the TMU that Homeland Security was all right about me.

While there was plenty of brainstorming about my plagiarism, there was very little effort about my naked picture of Angelica (only 1 time!), my harassment of Shizuka (only 2 times at the end of the day), and my computer-hacking. However, despite the futility of the volunteers' effort, at least Homeland Security CO chief was still able to obtain temporary evidence with which to lock up the previous ICJ trial for the time being (my latest blog post and my visit to the Kremlin's website, and perhaps also the Campinas volunteer's great work on 11:05 AM).

Meanwhile, Aamoy changed his cover photo on his Facebook. I would soon wonder again whether this was a tip about the Secret Society women's tremendous actions. He would soon leave his job at the LUG.

### **12 May (Monday; severe targeting; Karin's meetup)**

*First, a note about myself.* Upset, didn't bother to sleep after arriving home. Instead, left home almost 5 AM. Arrived at the bus stop, Wilshire/ Vermont. But the control center immediately started targeting me – Homeland Security CO chief had not bothered to sleep inside the control center, it seemed, but sat continually in front of his computers to torture me: people wearing earphones surrounded me, to cause me physical pain and drive me to criminality. (*Was it the Monkey instead?*) On the bus, two more black men talked Ebonics loudly next to me in order to provoke me to severe anger, suffer severe physical pain, and become violent. Again, to make me suffer SDW's disease, my conspirator inside the control center was invoking my former "Sonophobia". (*Was the Monkey really doing this?*) **BRNTWD / SM, 1 W, 9 N.**

After all this collection, felt slightly better. Came to the Kinkos in SM, but was unable to work the card machine. The cashier told me to wait. Pain again. 7:15 AM, filmed myself adding a test comment on SDW's blog. On the bus going home, and was still bothered by the earphones-wearing ugly people all around. Ate. Home. Napped. Then, up. Café MAK, all ugly Hispanic people! Tom N Toms, and sat next to a pretty Korean girl with pretty feet. 7 PM, [not] going to St. Sophia for the catechism. Writing instead. Two pretty AWFs with boyfriends came in. Very upset afterwards, because one's destiny is war with xxxxxxxx, and so one has nothing in common with any of the attractive people around. Gave up buying nails: too tired. To SM. **2 W, 7 B.** two sets of nails have no hit. Came back, and at SPOT, 1:30 AM.

*(Thus, Homeland Security CO chief and the Monkey continued to target me heavily as a way to prompt me to collect damages and look crazy – in order to make the Secret Society women's complaints about me ring true to the TMU.)*

My harassment of Kiersten by blogging about her?

Around this time, SDW approved the comment from "Tony" (Jacksonville, Florida) on her blog –and posted a reply to him. Tony could also become a member of SDW's complaint team from now on.

Let's summarize. It's just another day that the Secret Society women spent mobilizing their volunteers to brainstorm how to prove to the TMU that Homeland Security was all right about me.

- (1) 4:45 AM, SDW called upon a Sylmar volunteer (1).
- (2) 7:59 AM, the Lawrence, Kansas, volunteer from 9 May came again.
- (3) 8:09 AM, an Israelite volunteer examined my delusions about Khalezov.
- (4) 10:15 AM, SDW called upon a New York City volunteer (2).
- (5) 11:25 AM, a Rwanda volunteer looked up the front page of my website.
- (6) 12:05 PM, the Santa Rosa Community College volunteer appeared to work on asmatpoles.jpg.
- (7) 12:24 PM, an Illinois volunteer examined my delusions about being chipped in the brain (synthetic telepathy).
- (8) 1:11 PM, a US Navy volunteer examined my delusions about the intelligence agencies and/ or Karin's involvement in government conspiracies.
- (9) 4:36 – 4:50 PM, the Zapopan and Santa Rosa Community College volunteers continued to work on my supposed plagiarism.
- (10) 7:07 PM, Homeland Security CO chief created this anti-American statement in order to have evidence to temporarily lock up the previous ICJ trial.
- (11) 7:51 PM, a Philippines volunteer examined my delusions about "Chelsea".
- (12) 9 PM, SDW called upon a San Diego volunteer (3).
- (13) 12:27 AM, SDW called upon a Chinese volunteer to come examine my threats against her (4).

(14) 12:52 AM, a Madison, Wisconsin, volunteer examined my harassment of Kiersten by blogging about her.

(15) 12:56 AM, SDW called upon a Polish volunteer (5).

There was then plenty of brainstorming about (1) my naked picture of Angelica (6 times), (2) my harassment of Shizuka (5 times), my plagiarism (other than the Santa Rosa Community College and Zapopan volunteers), and my computer-hacking.

Although all this effort was futile, my continual collection of damages and that single anti-American statement which the Monkey had created sufficed to keep Homeland Security CO chief afloat in the ICJ.

### **13 May (Tuesday; Karin's meetup)**

*First, a note about myself. What I did this afternoon you can read about in my blog post for tomorrow. Now, following upon my activity in TNT: Worked in Café MAK and posted my latest blog post. (This is the blog post you see for tomorrow, "Russian feminism"). Stayed here until almost 10 PM. Then, collection: **BRNTWD, 9 N, 2 B**. Home, past 3 AM. While adding, directly in WordPress, "Interesting historical parallel" between Russia and China in the above posting, was remotely controlled to accidentally delete half of the paragraph. Anxiety attack, even though the damage is loss of a few minutes of work only. Strange. Certain expectation in the mind has made such event traumatic. Rewrote the paragraph on Word.*

*(Once again, my latest blog post deserves comments. While, again, my wrong scenario about what was going on with SDW and the other Secret Society women – how their organization had turned into a racist hate group – was Homeland Security CO chief's temporary evidence in the ICJ that he, and his star witnesses, were all right about me – that I did keep developing delusions about the women I was obsessed with – you never know if the Invisible Hand would make something out of it or make it come true later on. Similarly, when I spoke of "Russian Feminism", while this was Homeland Security CO chief's evidence that I continued to be delusional about Russia and Russia's First Daughter Ekaterina, it was really part of BOL's plan which she would realize later once she shall be able to win her bet with the Invisible Hand. ("Brain Feminism" shall then be the Invisible Hand's plan for the new American feminism once he shall have won his bet with BOL and adopted her program for his own purpose. Furthermore, the Invisible Hand might also want to make something out of my plan for Russia to avoid China's mistake!) Note also that, when I spoke of what Kiersten had wanted in my regard, that was really Homeland Security CO chief – even if Kiersten would not have wanted to deviate from that line of reasoning in any case. That is, I had always had the habit of confusing one party with another due to not being smart enough to guess things completely correctly.)*

Note that Karin had a meetup tonight, a Cuban dinner event in Silverlake.

Now, the Secret Society women's operation on my website for today. 4:11 AM,

My plagiarism. Note what is said about this school on Wikipedia:

“The Illinois Mathematics and Science Academy, or IMSA, is a three-year residential public high school located in Aurora, Illinois, USA, with an enrollment of approximately 650 students. Enrollment is generally offered to incoming sophomores, although 8<sup>th</sup> graders who have had the equivalent of one year of Algebra and a 9<sup>th</sup> grade science equivalent are eligible to apply. All applicants undergo a competitive admissions process involving the review of grades, teacher evaluations, student essays, and SAT scores. Historically, approximately one-third of applicants in any given year are admitted. Due to its nature as a public institution, there are no charges related to tuition, room and board; however, there is an annual student fee which may be reduced or waived based on family income. IMSA has been consistently ranked by Newsweek as one of the top ten high schools in the country for math and science, and its graduates have moved forward to become leaders in a variety of fields.”

9 In the original version, my wrong interpretation at this point: "This is bizarre. This Opera Mini IP address was traced to the United States, and yet the person was using Google NG (Nigeria). It looks like a cellphone. The fact that he was using a proxy in Nigeria to visit my chapter seems to indicate that he was related to the Virginia-based Chinese physicist – that he was thus working for the hardliners – but, given his background as a scientist (as he must be), he was somehow not aware of the fact that Opera Mini browser was already using Opera's own proxy, making it unnecessary for him to use a proxy to hide himself. He was not versed in Internet matters, it seems. He was located in the United States, for sure. But what was he looking for in my chapter on Fermat? If the hardliners didn't particularly want to lie, this was a wrong chapter on which to make 'ambiguous report': there *are* original insights here. We must suppose that the principal original insight I have expressed in this chapter – that the phenomenon of the refraction of light beam and Kepler's laws about the motion of planets are all reducible to the principle of the conservation of energy – has somehow something to do with the generalization of my 'special theory of quantum gravity', such that the hardliners wanted a false report about this chapter to enter into the evidentiary record of the ICJ so as to direct the nations' attention away from it. The hardliners didn't want anybody to know that the solution to quantum gravity could be found on my website, unaware that both the CIA and the Russians had [already] known about this since a long time ago." Although most of this was bullshit, it's not clear whether I had really not made any important discovery in my chapter on Fermat that might be relevant to any "special theory of quantum gravity".

Was this the earlier Sonoma State University volunteer? (Now out of school.)

4:22 PM, the Santa Rosa Community College volunteer from yesterday:

198.189.141.254 - - [13/May/2014:17:22:32 -0600] "GET /scientificenlightenment1/asmatpoles.jpg HTTP/1.1" 200 37756 "-" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:24.0) Gecko/20100101 Firefox/24.0"

Presumably, almost five hours later, he was now in school. 23 seconds later, he copied the image onto Word:

198.189.141.254 - - [13/May/2014:17:22:55 -0600] "GET /scientificenlightenment1/asmatpoles.jpg HTTP/1.1" 200 37756 "-" "Mozilla/4.0 (compatible; MSIE 7.0; Windows NT 6.1; WOW64; Trident/6.0; SLCC2; .NET CLR 2.0.50727; .NET CLR 3.5.30729; .NET CLR 3.0.30729; .NET4.0C; .NET4.0E; ms-office; MSOffice 15)"

Was he now asked to forge evidence of my plagiarism?

Let's summarize. And so the Secret Society women had spent another day brainstorming how to prove to the TMU that Homeland Security was all right about me.

- (1) 6:35 AM, SDW called upon a UK volunteer (1).
- (2) 11:33 AM, the (same?) Verizon volunteer examined the front page of my website. (Again?)
- (3) 2:59 PM, SDW called upon a Chicago (?) volunteer (2).
- (4) 6:23 PM, a volunteer from the Federal Bureau of Prison examined my delusions about Obama.
- (5) 7:21 PM, an Opera Mini volunteer examined my delusions about being chipped in the brain.
- (6) 9:41 PM, a Krakow, Poland, volunteer discovered my latest blog post, "Russian Feminism".

There was only a little bit of brainstorming about my naked picture of Angelica today (2 times) but of course plenty of brainstorming about my plagiarism. In particular, the Santa Rosa Community College volunteer, together with his friend the Sonoma State University volunteer, spent the whole day trying to figure out a way to use "asmatpoles.jpg" as the definitive proof that I did plagiarize.

Meanwhile, Homeland Security CO chief continued to rely on these circumstantial evidences, like my latest blog posts, to temporarily lock up the previous ICJ trial.

#### **14 May (Wednesday, SDW's birthday)**

*First, a note about myself. I was allowed to sleep until 1 PM, and then spent some time in Coffee Bean, and then the afternoon around home. Please see the blog post for today in which I described my thought-process today and then criticized law enforcement ("American law enforcement monkeys")*

*and which I would post around 4 PM.* Then headed toward the Goethe Institute. 6:18 PM, near Goethe Institute, was allowed to talk to Wes on the phone. The first time since 19 April! Thought that this was to repeat my November 2013 birthday: That day, Wes talked to me on the phone for my birthday. Thought that SDW had instructed Wes to be available to talk to me today because she was told that this would establish identity between me and her and thus allow her to unload her suffering onto me and obtain her "package" while disposing of me. Otherwise, she would instruct Wes not to talk to me in order to drive me to criminality and self-mutilation. (Thought that, in her mind, since I have cared about her, I deserve nothing less than eternal misery and complete destruction, if possible.) Thought that the Republicans and her Russian lover must have also told her that Russia wants her in Russia in order to show the Russians how to simplify their brain and become stupid. Especially Russian women. Perhaps in order to enable Russia to follow through its modernization program. (*All the wrong scenarios to make myself look delusional. But would the Invisible Hand make something like what I thought here happen later on? Then, more:)*

This is what the Republicans must have told both SDW and Kiersten: We want to promote women like you, precisely because you don't have any functional brain/ cannot reason/ have no capacity for moral reasoning. Look at him: he reasons too much, and so is not obedient, and doesn't make money and buy products. We need to promote the new type of human beings with very simple brains, who just follow orders and buy products. There is no need for brains anymore, because machines and computers and robots can replace human beings now. Transhumanist wisdom. You, Kiersten, especially, you just buy products, [are] good for corporations. We borrow money to buy foreign-made products, we don't have to pay them back the money because the US dollar is the world's [number one] reserved currency. Hence you, without brain and knowing only to consume products, are a model woman. We'll get you two married, to live in designer houses, and we'll promote you. And we'll make all peoples of the whole planet imitate you. Everybody will be without functional brains and just buy products, not knowing why they bother to live at all. You, Kiersten, are special because, even though you don't have a functional brain, you know how to hide it and pretend to be a traditional human being with a functional brain by putting a bunch of books you don't understand on your shelf. In this way, people around the world will not know that we are making them into brainless robots. This is how we do things. We have invented Facebook and Twitter, iPhone and iPad, etc., and promote them around the world, in order to fry the brains of all peoples around the world. We make people believe that these are good things by calling them "innovation", and telling them these make their life better. That's why we want people to be "connected" to the Internet. People must not know that their brains are being fried. Look at SDW, her brain is already fried; look how stupid she is. That's what we like. Then, when the earth's resources are used up, it's okay, it's Africans who are going to die, and it's China which will disintegrate. We are doing good, we have protected ourselves, we have just discovered a huge pot of oil thanks to new processing technology, and we'll survive and continue to live in our designer houses. Don't you like this? SDW, A/ K will all agree with the Republicans: Ape Morality is the way, is *our* way, the American way. When we hurt others, we don't care/ this doesn't matter. But when others hurt us, this is the greatest injustice which must be corrected at once. As for him, we'll get rid of him. As a

stalker (for SDW) and as a terrorist (for Kiersten). People with complex brains have to either learn to obey and pretend not to have functional brains, or be exterminated. (*Ha!*)<sup>11</sup>

Fire was started in San Marcos, in the vicinity of Carlsbad and Encinitas. Suspected that it is SDW who has been coaxed by everyone around her into starting this fire in order to erase some evidences. She has input her intention into the computer in the control center to remotely control somebody to set fire near San Diego. This, to erase M. C.'s past crime in sending Homeland Security agents to set fire in the forest in order to dupe residents into accepting FEMA emergency measures. (*What a stupid wrong scenario, but you never know if the Invisible Hand might make something like this happen later on.*)

After talking with Wes, however, I got severely targeted. And the movie at the Goethe Institute was just another lonely experience. Collected damages in the Fairfax area.

*The details of my conversation with Wes today (from 2:15:30 onward):* (1) If I was willing to say something incriminating, the authority might order Wes to talk to me. (2) I committed a lot of crimes lately, but only petty crimes, but my motivation might qualify me as a terrorist. (*That's indeed Homeland Security's tactic.*) (3) Did frustrating things happen to Wes around the last time? (4) Was Wes luckier than I? Yes, but there should still be perfect reciprocity between us. Although I didn't have to work, I still had to commit crimes. (My Homeland Security assignment.) How I would kill myself if I could when Wes refused to talk to me. How could these Japanese generals in WWII stick a knife into their stomach? (5) How mere ideas in my head could cause me pain and drive me to commit crimes, e.g. the inequality between me and my stalking victims. Wes' example of this Russian cleaning guy. How Wes' brother-in-law had spent 14,000 dollars trying to screw with his sister. (6) Was Alessandra a member of the Secret Society? (7) It was a waste of time to talk about SDW. (8) The Russian movie "Dark World". What's valueless in one context can be very valuable in another. What's the real, objective, value of one thing? Conclusion: the value of something depends on the function it can perform for the person valuing it. (9) Was people's brain in the past more complex even though they knew less stuff at the time? (Even when they might be racist and so on.) Is the brain of Moscovites healthier and more complex even though they are more racist? Wes: the brain adapts, and today the brain is good at... but not good at details... everything is very shallow nowadays... Me: Plato can be deep and yet wrong, whereas a contemporary psychology study can be shallow and yet correct. Wes: we are a different animal than 200 years ago. Me: my stalking victims know the scandal better than I

11 All this is actually found in my May Diary in the entry for 15 May. And, in my May Diary, the reflection doesn't stop right here but goes on: "I just don't know how the Republicans are going to explain to the Mexicans that there is simply no way to get rid of this guy because he doesn't know how to commit crimes beyond misdemeanors. There is just no way to lock him up beyond a short period without making the process look unnatural to him. Letting him fumble and get arrested simply cannot work. Unless you send officers to reveal to him that he has been under surveillance, and that he is being arrested for all these things he is known to have done and for reasons for which he is known to have done these things. In other words, there is no way to get rid of him without letting him 'participate in society's mechanisms'. You simply cannot get rid of this guy while excluding him from society's collective consciousness at the same time... The Republicans have to tell the Mexicans: we'll just have to keep him in a bubble to make you happy. He goes to few places. We'll make sure that, when the scandal breaks, he'll hear nothing about it, even though he is not locked up. There *is* a way to make 911 happen while making sure that somebody in society never hears a word about it. Maybe there is a way to explode a nuclear bomb in Los Angeles without this guy living in Los Angeles ever noticing it." Again, you never know if the Invisible Hand was going to make something from all this bullshit become reality.

but have no theoretical understanding of the matter, and I have such theoretical understanding but have no knowledge of the details.

*(Since my conversation was most certainly the CIA's evidence that I didn't fit into Homeland Security's portrayal of me, it was most likely the Invisible Hand, rather than SDW, who had instructed Wes to be available to me today. Either because my blog posts had given Homeland Security CO chief enough ammunition to continue the debate, or because the Obama family had spoken out for Homeland Security again, the Invisible Hand needed more evidence today to enable the TMU to continue to dismiss the Homeland Security warning about me as an illegitimate government document. We might suppose this: the Invisible Hand was about to remove me from some watchlist now that the Obama family's case had come to naught, and, since this was anathema to Homeland Security CO chief and his allies, they had vehemently protested, causing the Invisible Hand to need more evidence. My conversation was the CIA's evidence today because I had again demonstrated my intelligence in my debate with Wes (the value anything might have, brain complexity, and the deterioration of contemporary brains). The discussion about contemporary brains held of course great relevance to the program which the Invisible Hand and BOL were currently working on. Hence it was probably the Invisible Hand who had wanted Wes to point out that we are a different animal than 200 years ago.)*

Presumably another person whom SDW had called upon today to come examine my victimization of her.

Now, let's summarize. Just another day that the Secret Society women had spent trying to convince the TMU that Homeland Security was really all right about me.

- (1) 5:24 AM, SDW's Tampa friend (SCH-S738C) tried to help with "asmatpoles.jpg".
- (2) 6:25 AM, a Perth, Australia, volunteer examined "Feefee and Valerie" – a complaint on behalf of Marie?
- (3) 7:42 AM, a Columbus, Ohio, volunteer examined my new blog post "Russian Feminism" (my latest delusion about Ekaterina, confirming that Homeland Security was indeed right about me).
- (4) 11:33 AM, a Taipei volunteer examined my particular brand of misogynist ideology.

Then, 6:20 PM, my conversation with Wes. It's all evidence for the Invisible Hand.

- (5) 6:57 PM, a Melbourne volunteer examined my delusion about mind-control technology.
- (6) 8:41 PM, an Opera Mini volunteer examined my harassment of Prof. Jack Gallant by blogging about him.
- (7) 12:54 AM, a Honolulu volunteer examined my delusion about mind-control technology.
- (8) 2:23 AM, a Clarendon House volunteer examined my delusions about being chipped in the brain and so on.
- (9) 4:05 AM, SDW called upon a Nijmegen, Netherlands, volunteer.

Note that, during the first half of the day, the Secret Society women spent an enormous amount of energy brainstorming how to report me for plagiarism. Especially “asmatpoles.jpg”: they were convinced that this image should prove once and for all that Homeland Security was all right about my plagiarism – and perhaps could be ground for never removing me from any sort of watchlist. There was also some brainstorming about my computer-hacking, but very little about my supposed naked picture of Angelica today.

Note further that, even though today was her birthday, SDW took no break at all. It was just another day where she spent all her waking hours on Facebook and cellphone communications with other members of the Secret Society.

### **15 May (Thursday; Dr P)**

*First, a note about myself.* While in Tom N Toms, posted “Disclaimer: why half of the scenarios on this blog are false”. Angry all day over not being allowed to know about my stalking victims’ operations on me. Required to attack xxxxxxxxxx. No time to go to the storage. Checked BRNTWD: Dr P’s tag was still there. No sign of her SUV in the parking lot structure. Why is she allowed to continue to practice? (*I should have figured out then that my scenarios were all wrong.*) Checked the SM shops; all closed. Somewhat angered. The French Language Friends Meetup. Emma there. Noted Maxine. Then, SLPVD and Olympics, **11 N**. Then **1 W at TG**. Didn’t know who that was at the time. Then, at SPOT. Bizarre. Checked TG, and she turns out to have been an intelligence officer in the Israelite self-defense force. Thought that SDW has planned this in order to get oneself into troubles. (*Did Homeland Security CO chief and the Monkey plan this for a particular purpose?*) Then checked the counterinsurgency manual (*Sarah Sewall and John A. Nagl*).<sup>13</sup>

Immediately after collection, the control center begins programming me to desire AWFs. The computer in the control center will begin turning off the functioning in my brain for “being attracted to Asian girls” and turning on that for “being attracted to AWFs”. Presumably, the control center wanted to create evidences showing that I love and hate white women at the same time, fitting Kiersten’s profile of me and allowing the erasure of evidences (on the apparent level) to be completed. (*Bullshit.*) At the time I thought it was SDW who was doing this via government’s meddling. (*Total bullshit.*)

*(As for the blog post for today, “Disclaimer: why half of the information on this blog is false.” Again, since everything I said here was bullshit – it was simply Homeland Security CO chief and the Monkey who were misleading me – it’s more evidence for Homeland Security in the ICJ that I was indeed insane. (Although there was no sting operation on some Mexicans and the Secret Society women, you never know if the Invisible Hand would make any part of my bullshit here come true in the future.))*

Now the Secret Society women’s operation on my website for today. 4:09 AM,

---

<sup>13</sup> Note that I would later tonight also search for Sarah Sewall and Heather Higginbottom.

Was Jennifer Day in the discussion so early (or so late)?

Now let's summarize. As my removal from a certain watchlist was now inevitable, the Secret Society women continued to mobilize their volunteers to brainstorm how to prove to the TMU that their testimonies, and the Homeland Security warning, about me were all correct.

- (1) 6:43 AM, a Lawrence, Kansas, volunteer examined my latest delusions about Ekaterina and SDW.
- (2) 6:59 AM, a Bournemouth University volunteer examined my delusions about Snowden.
- (3) 12:30 PM, a San Mateo volunteer examined my delusions about Khalezov.
- (4) 12:51 PM, a Purcellville, Virginia, volunteer examined my delusions about Karin.
- (5) 1:48 PM, SDW called upon a Globe, Arizona, volunteer (1).
- (6) 1:56 PM, SDW called upon a Paris volunteer (2).
- (7) 2:21 PM, Angelica called upon a Pittsburg, California, volunteer.
- (8) 3:07 PM, a Maple Ridge, British Columbia, volunteer examined my grand delusions about the government conspiracy against me.
- (9) 5:22 PM, a Cupertino volunteer examined "Russian Feminism".
- (10) 5:37 PM, a San Antonio volunteer examined my delusions about mind-control technology (synthetic telepathy).
- (11) 8:12 PM, SDW called upon a Vashon, Washington, volunteer to come examine how my blog stood next to hers on Piotr Bein's blog post. (My pollution of the targeted individuals discursive field.) (3)
- (12) 8:43 PM, Angelica's Stockton relative examined my old delusions about Russia (to confirm Homeland Security's warning about me).
- (13) 9:01 PM, an Azusa volunteer checked on my front page. (Cecilia?)
- (14) 9:18 PM, SDW called upon the same Reno volunteer again (4).

(15) 10:10 PM, a Kentucky volunteer examined my harassment of Kiersten.

(16) 10:45 – 11:29 PM, the St. John's College volunteer examined my latest blog posts, "Purpose of targeting" and "Disclaimer".

(17) 11:54 PM, the same Verizon volunteer from 11 May came to examine my front page again.

(18) 1:05 AM, the St. John's College volunteer continued to brainstorm.

(19) 3:03 AM, the Saudi Arabia volunteer examined my violation of Angelica's privacy. (Ha!)

While there was of course plenty of brainstorming about my supposed plagiarism, there was today little examination of Angelica's supposed naked picture (2 times only). Meanwhile, tonight, Homeland Security CO chief got me to break the xxxxxx of an important woman, TG. This was quite important, as we shall see.

### 16 May (Friday, AWF on; AF off)

*First, a note about myself.* Woke up almost 12 PM. For some reason, fantasized sexual relationship with HTHRHB. Couldn't help but MST to a video of AWF. (It had been Japanese in the past few days: YM.) I thought this was SDW's intention, but it was just the control center's programming to show me conforming to Kiersten's profile of me as loving and hating AWFs at the same time. (*Perhaps.*) Came to Tom N Toms, and watched "Dark World" again. Suddenly thought that the "rebirth ritual" in the movie might symbolize the possible plan of global backlash against everything and everyone American in response to the "Kiersten Affair". (*Ha! It's just Homeland Security CO chief who wanted me to continue to develop wrong scenarios in order to look crazy. But meanwhile – I was most likely really hitting on BOL's intention, which the Invisible Hand would then later on adopt for his own purpose.*)

2 PM, at the storage. 3:45 PM, at Western Dental, and realized the reason why SDW, or other women, see no value in me, detest me, and treat me as disposable garbage. (*See my blog post for tomorrow.*) Past 6 PM, Starbucks, WSTWD. Both on the bus and in Starbucks, was attracted to WFs again, including AWFs. Asian girls less attractive in comparison. Thought that this was SDW's programming – *again, wrong scenario in order to make myself look crazy.* 8:30 PM, checked TG's website again, looking for videos in order to understand the situation. All videos were disconnected. Thought it was SDW who had requested the police to inform TG that a sick racist stalker had started targeting her. (*Did Homeland Security and the Secret Society women really inform her about what happened last night?*) Saw one video about her on Youtube, and she had a heavy accent, causing me regret. Not sure if she was the right target.

*(We have to assume that TG had now indeed been shown the Homeland Security warning about me – and told that I had attacked her out of my misogynist ideation and love-hate feeling toward anything Jewish. Since she was being "stalked", she disconnected all the videos on her website. In this way, since TG was a famous person, Homeland Security CO chief would have reason to put me back on the watchlist in question. He was thus also able to lock up the previous ICJ trial for the time being.)*

9:30 PM, met two Russian girls outside Starbucks. One said "Dark World" was not popular in Russia at all. 9:45 PM, was waiting for bus 2 at Le Conte. The bus was 20 minutes late. A Spanish woman there.

Realized that it was SDW who had been programming my sexual attraction to Asian women/ white women. (*Again, wrong scenario to make myself look delusional.*) Going to King King. **3 B**. Then: SDW is my substitute/ I'm her substitute/ we are identical in that she has also "saved" Russia, but then has turned out to be such a bad person, just as I have saved Russia in 2009/ early 2010, but then, in April 2010, have somehow turned out to be bad-to-the-bone (according to the Monkey's tampering with the mind-reading computer). I was programmed to think thusly because this was the original Macrospherian plan: to use SDW as an intermediary between me and Angelica. (*See my comments elsewhere about this "delusional thought" of mine, and the notice at the end of this chapter.*)

Now the Secret Society women's operation on my website for today. 4:54 AM, I was editing my blog from home.

This was another one of SDW's Tampa friends and she had obviously been here before, and yet we just can't seem to locate her previous presence. Here to complain about my harassment on Kiersten's behalf. At least we will see her again later on (such as on 27 September).

This has to be another episode of the “most bizarre visits”. Why would anybody working in the military-industrial complex want to read something about the problem of “matriarchy” vs “patriarchy” in trial societies? (Note that there is no showing of favicon.ico.) The Secret Society women had again recruited a volunteer from the strangest place in the world to make a false report about my plagiarism.

At the same time, I was hitting on the most important statement in the excellent article "Sexual Selection, Physical Attractiveness, and Facial Neoteny": how neotenous adult females in the past might have benefitted disproportionately from male provisioning. As you shall see, this would be significant tomorrow – not to mention for the program which BOL and the Invisible Hand were currently working on.

Now, let's summarize. This morning, Homeland Security CO chief and the Secret Society women were able to meet with TG, show her their warning about me, and accompany her to the police station. In this way, Homeland Security CO chief was able to lock up the previous ICJ trial for the time being. In any case, after TG submitted the Homeland Security warning in question to the detective, the Secret Society women proceeded to mobilize their volunteers to report on my website in order to confirm for him that the other characteristics listed on the said warning about me were also correct and that the other women were indeed my victims.

(1) 11:57 AM, a London, UK, volunteer reported on my delusions about Boss Cheney.

- (2) 1:09 PM, an El Monte volunteer reported that I did suffer from severe paranoid schizophrenia causing me to espouse violence against women.
- (3) 5:35 PM, SDW's Tampa friend (Z750C) reported on my harassment of Kiersten by blogging about her.
- (4) 5:51 PM, a New Hampshire volunteer reported on my delusions about Snowden.
- (5) 5:54 PM, a San Francisco volunteer reported on my delusion about my women victims' going after me.
- (6) 8:07 PM, an Eau Claire, Wisconsin, volunteer reported on my harassment of the ICAACT people by blogging about them.
- (7) 8:36 PM, a volunteer from Lockheed Martin in Denver, Colorado, made a false report about my plagiarism.
- (8) 10:24 PM, the same Verizon volunteer checked out my front page again.
- (9) 11:16 PM, SDW called upon a New York City volunteer (1).
- (10) 1:04 AM, a volunteer from the Korea Institute of Science and Technology reported on my delusions about being chipped in the brain.
- (11) 1:15 AM, SDW called upon a Toronto volunteer.

There was of course also plenty of reporting about my plagiarism – aside from the Lockheed Martin volunteer, there was also one volunteer from the Naval Postgraduate School. But only two visits to Angelica's "naked picture" today. Meanwhile, Homeland Security CO chief had not only TG's police report, but also, within hours, my latest blog post "16 May, a day of reflection" as evidence to lock up the previous ICJ trial (evidence that I did continue to develop delusions about my women victims, in this case SDW). (Note that the reflections on neoteny and so on would presumably become part of the program which the Invisible Hand and BOL were working on together.)

### **17 May (Saturday)**

*First, a note about myself.* Slept between 6 AM and 12 PM. Tom N Toms. Called Wes, and left a message. Then, called Wes' mother, and left a message. Pain. They will not respond. Then, going to Long Beach to look for Rod. Needed a fast cure for the pain over my inability to share feelings and thoughts. On Metro, sat purposely with an AWF wearing earphones and holding an iPhone. Harassed her with my mental retardation. Would believe (*erroneously*) that the Invisible Hand had supposedly taught SDW as to how to lure me to pretend to be mentally retarded in order to collect evidence confirming that I was indeed mentally retarded. In reality, it could simply be that the TMU was, under their trainer's instruction, conducting another study of me.<sup>18</sup> Arrived at Portfolio. Harassed a second AWF. More evidence that I harass every single woman I run into. 6 PM, further insight into white female neoteny. Said: will not write or say it unless there is good company. Went to find Rod. The neighbor said Rod and Courtney had gone out and would not come back. Came back to Portfolio. Saw

18 In the original version, my wrong interpretation at this point: "In any case, it was certainly the case that the Hardliners had wanted this episode in order to obtain evidence showing that I, in vague conformity to Kiersten's accusation against me, suffered inferiority complex toward women – thus I had to act retarded in order to have a conversation with American women, who otherwise would simply ignore me."

Mark.<sup>19</sup> He pretended not to know that I knew German in order to produce evidence confirming that I knew no foreign languages. (*Wrong.*) We talked about my new insights into female neoteny. Then he began provoking me by acting dumb and giving me silence treatment, and then by accusing me of inappropriate social behavior. One was quite angered at the time, for he was bad company, but supposedly he was trying to produce evidence confirming Kiersten's (etc.) false profile of oneself (antisocial, bad-to-the-bone) in order to enable the erasure of evidences. (*Wrong.*)<sup>20</sup> Finally noted the problem: some AWFs are too pretty and continually attract, but they are the enemy, American imperialists. Must move to Russia where WFs look pretty too but are not imperialist oppressors (54:30). (*This really was the dumbest idea I could possibly have given my circumstances.*) Would also think that there was a conspiracy to keep me stuck with speaking English; that SDW had difficulty in learning Russian, and that she was told that she can go to Russia speaking English only. (*Just more wrong scenarios to make myself look delusional.*) Then the control center continually sent in AWFs but quickly withdrew them to frustrate me, and then sent in Asian women who looked like apes to produce evidence of my self-hatred. (Thought it was SDW who was doing this.) (*But were Homeland Security*

19 The recording of my afternoon is in: "IMPtoportfolioharasswmark\_5\_17\_14\_112-716PM.MP3": In TNT. I left a message with Wes: "If you call me, I promise I'll confess more crimes." Then, another message for Wes' mother. 17:00, another call. 1:29:00, I left TNT. 1:40:00, home to pick up a DVD. French on Youtube. 1:51:00, out. 2:09:00, on Metro. 2:32:45, I asked a female. 2:42:40, with the female again. 2:53:10, with her again – harassing her. 3:24:00, in downtown Long Beach. I checked out all the shops. I was scouting out targets and, in the process, felt pain. 4:15:50, in Portfolio. 5:03:00, I went away to buy cigarettes. 5:14:00, at Rod's, and his neighbor said he was not there. 5:20:20, back in Portfolio and with Mark. The reading materials. Mark: "Why are you so lonely?" The article on neoteny: "Sexual Selection, Physical Attractiveness, and Facial Neoteny". "Last night I figured out the answer to this, why women look so babyish." Then a long discussion. 5:39:00, I showed Mark Ekaterina on my desktop. And Ekaterina's "double" ("Uma"). How I started watching Russian movies. "Where did you learn German?" Then he suggested that I go to German language meetups. Then, again, why women look "babyish". Mark pretended to debate with me. Then he suggested that I go to school again. (Cal State Long Beach, UCLA.) Then I showed him the books I was reading on Google Books. Then how I wanted to apply for political asylum in Russia. Then he accused me of treating people, and him, like shit. "You have to give as much as you take." Me: "But people don't want anything from me, they just want to beat me up." Mark continued to lecture me (how I needed to respond precisely to the something which people were putting forward).

20 The next recording is: "IMPmarkneotenyportolioupset\_5\_17\_14\_716-1013PM.MP3": Mark continued to lecture me (how to be socially appropriate). 5:50, Mark even pretended to not know where I was from: "China?" I questioned him: "I'm not sure if you are serious about your advice..." Then, 10:00, my frustration with being a "stalking suspect" and then unable to know something about it. Mark: "Did you do something? You did something, right?" Finally, Mark insisted: "You'll never know what happened!" Me: "Then I need to apply for political asylum!" Then Mark: "You need to recognize you owe me something, to pay attention to me." I wondered if his advice was harming me: "Don't do it again, and don't bother to know the past." Then, more lecturing. 27:00, the lecturing done, we were back to the topic of neoteny. Suddenly, 28:50, Marie. Again, Mark pretended to not know who that was. How I no longer wanted Marie, but wanted Ekaterina to be my girlfriend. Mark: "But you don't speak *German!*" Was he hinting at something? 32:00, another topic. Another German book I was reading. Mark: "But I don't read German!" "But you do!" (Andreas Kappeler's Russia book.) Then my artworks. VLT. Oliver's repaint of my painting. 42:00, "The Evolution of Woman". 43:40, the perspective studies. "I invented it, but I don't know if anyone else has invented it before me." 46:00, more lecturing from Mark about how to behave. Then, the sketches from the Old Gallery. 48:00, Marie again. Mark continued: "You have to contain yourself... get control over yourself..." Me: "I'm mentally retarded." "No, you are not. You are socially retarded." Then, my TIH. He continued: "You have to work on your social presentation." 51:00, Mark made some final comments about me before leaving. "It's 8:06 PM." 53:20, a pretty AWF, and I called her "American imperialist", hence my "enemy". Another pretty AWF – hence I needed to move to another country. I kept insisting to Mark that he gave bad advices. 57:30, Mark was gone. (Reviewed until 1:03:00.)

*CO chief and the Monkey really doing this?) Then, Open Office malfunctioned. Started suffering physical pain over my perpetual existence in absolute ignorance. Required to attack xxxxxxxxx and cut myself. (It's just Homeland Security CO chief who wanted me to commit more crimes.)*

*(As you can imagine, thanks to TG's police report, the huge debate had flared up again between the Invisible Hand and Homeland Security CO chief. Since yesterday morning, the Invisible Hand had sent a TMU detective to the (West LA?) detective in order to teach him how to properly investigate this case.<sup>21</sup> As a result, the detective in question was now inclined to dismiss the Homeland Security warning about me as inaccurate. Due to protests from the Secret Society women and Homeland Security CO chief, the Invisible Hand sent in Mark to chat with me today in order to show the detective in question how I didn't fit into the Homeland Security warning, or the Secret Society women's testimonies, about me. (a) Mark purposely prompted me to explain female neoteny in order to obtain evidence that I was in fact quite intellectual, not a dumb plagiarizer. The same with prompting me to show my artworks and so on. (b) It was then bad for him that I had wanted to show him Ekaterina's pictures and explain how I wanted her to marry me. However, while this seemed to be confirmation of the Homeland Security warning that I kept obsessing over famous women, Mark would most likely later testify that I didn't seem to constitute any danger to Ekaterina even while unrealistically expecting her to marry me. (c) Mark's persistent lecturing about my inappropriate social behavior was meant to demonstrate just the contrary: since I didn't protest in anger when he criticized me, this contradicted Homeland Security's assertion that I was anti-social and bad-to-the-bone and a domineering brat without concerns for others. It's not clear whether the detective in question was watching over me through surveillance in real time. If not, then Mark would simply later testify to him in his capacity as a law enforcement informant (just as he had done on 31 March last year).*

*You must however be mindful of the fact that, while Mark had only wanted me to discuss female neoteny in order to demonstrate I wasn't a plagiarizing idiot, this topic of discussion would later on become part of the program which the Invisible Hand and BOL were currently working on. It's the same thing: since Homeland Security CO chief had made my views on female neoteny into some sort of garbage indicative of my insanity or low IQ, the Invisible Hand shall have the right to reverse this conspiracy by making them become true later on.)*

**9 N. (1 AWF.)** Saturday night, too many people. Couldn't W. In the end, ran into an AWF who looked like a fairy descended from heaven. Going home on Metro. Tried Russland Journal lesson. Unable to concentrate because one has to constantly worry, speculate, about what others are going to do about oneself. Angered: was only allowed to know things that were irrelevant to oneself, but not anything relevant. Why? All because one is inferior. I'm inferior because I'm ugly. Pretty people are allowed to know what others are doing to them. Ugly people are *not* allowed to know anything about what other people are doing to them. Required to cut oneself. Believed again that it was SDW's and A/ K's intention. (*Wrong.*) Must punish oneself for being inferior. And the anger causes physical pain again. Past 2 AM, at the Korean restaurant near home. The TV was broadcasting something about coastal megalith cultures from Europe through Africa to Indonesia and South Korea. Realized that BOL wants

<sup>21</sup> Even though TG lived in the north of West LA/ Beverly Hills (on Linda Flora Dr.), her business was located near Olympics and Sepulveda. She therefore had most likely gone to LAPD's West LA division.

to make the entire human evolution into a terrorist conspiracy: this is the extent of her New Feminism. Women have been sexually selected for their neotenous features, i.e. for their looking pretty but being dependent. They have been sexually selected to evolve into parasites, just looking pretty so that they can eat off men's plates. That's why they have evolved to become intellectually inferior to men. The US government will soon advertise the Kiersten Affair, using Dr P, Angelica, Kiersten, and SDW as examples of different types of stupid, bad-to-the-bone women to scare the public into accepting new laws requiring the artificial insemination of intelligent women and the spaying of stupid women (to increase the frequency of smart women among the female population), irrespective of whether they look pretty or ugly. Women's issues will become national security issues. BOL then wants a program for men to sexually select smart women. (*Did I really speculate correctly about BOL's program here? All this in fact sounds kind of dumb. While BOL and the Invisible Hand were indeed working on a program to make women smarter, it's probably not about artificial insemination of smart, but nerdy, women.*)

Home, filmed myself cutting myself on my right shoulder. Identified the issue to the webcam: if EKT weren't Russian, one wouldn't even talk to her. Her family caused me four years of torture in response to my saving their country and lives, etc. But one can't do anything about it because revenge against the Russians will disrupt one's ideological structure. But EKT's family are very nice people indeed. (*Bullshit – as you have seen.*) What's really sad is that BOL doesn't care about my feelings that much, nor about my looks (how ugly I have made myself in response to pain), but only about my usefulness to her agendas. (*It's in fact Homeland Security CO chief who wanted me to look ugly.*) Also said: many women would want me, not because of me, but because EKT wants me; a backdoor to KRMLN. (*Bullshit – just the opposite of reality.*) Then believed that SDW has required that I make a fool out of myself. Who knows how many people (my "stalking victims") have access to my webcam? To my privacy? My despicable "stalking victims". None of them are told about EKT's plan, and they all laugh at me, having never seen anything as disgusting as I. (*All the wrong scenarios to make myself look even more delusional.*)

Reflected also on SDW's possible disgust with one's timidity, one's fear of arrest and aversion to physical pain. She's very stupid, at least in regard to the former, because she doesn't understand that one is more concerned with achieving results when committing crimes than with looking masculine. If one is caught causing damages, then one will be locked up for several days at least and will be unable to cause damages during these days. It's better to be timid, to avoid arrest, in order to save one's skin and thus be able to cause greater amount of damages to people. Presumably, one has already caused, in the past year and a half, more damages to xxxxxxxxx than many violent criminals who have acted on impulse on one occasion and have thus stayed in jail. (*In reality, SDW had not even developed any opinion about my timidity at all.*)<sup>22</sup>

22 At this point, more of my wrong interpretation in the original version: "So many incorrect speculations about the 'program'. What is particularly noticeable about today is that I have been especially programmed to be attracted to pretty AWFs and then to show signs of mental retardation, bad-to-the-bone selfishness, and antisocial personality disorder. We should consider all this within the framework of the Hardliners' objective: we have seen that, in the past few days, especially on the 15<sup>th</sup>, they had caused a lot of 'more legal complaints' about my website to enter into evidence in the ICJ, and so we should suppose that, today, they should concentrate on making evidences enter into the ICJ showing that there was indeed also some grain of truth in the other accusations which the women of the Secret

Society had made against me, i.e. especially in Kiersten's claim that I loved and hated AWFs at the same time. This should lead us to suppose that, while my environment today (i.e. the abundance of pretty white females in my surrounding) was thoroughly programmed by the control center, the supercomputer inside the control center didn't purposely cause neurons in my brain to fire just in order to cause me to feel a lot of attraction toward them. When Kiersten had made up the diagnosis of me as loving and hating women at the same time, she was of course just projecting her own self onto me – she loved and hated men at the same time because all the men she had ever met had ignored her soon after discovering the severe defects in her personality (her pathological lying and manipulateness). But my life had already progressed in such a way that I could indeed be seen to show ambiguous attitude toward pretty AWFs: it's natural to be attracted to good-looking women, no matter what their nationalities, and it's natural for me to not want to be attracted to American women since the United States and the American people had been victimizing me for eight years already. It's thus a piece of cake for the Hardliners to demonstrate that there was indeed some grain of truth in Kiersten's accusation that I loved and hated AWFs at the same time – just like how Kiersten loved and hated men at the same time."

Note that two blog posts dated 18 May would soon appear on SDW's blog, one a listing of references to "CoIntelPro" and another "Waves of Darkness", merely "A song for TIs". Since her WordPress was in a time frame seven hours ahead of Pacific Standard Time, she should have posted these two blog posts from 7 PM onward tonight.<sup>23</sup>

23 In the original version, the wrong interpretation at this point: "Now, the posting 'Waves of Darkness' would later engender in me the impression that she posted this in order to 'replace evidences'. Since that impression was obviously the goal of the operation, we can safely assume that somebody who had access to the control center – it could be the French, the Republicans, or the Hardliners – had instructed the CIA, who then instructed either SDW's former FBI handler or the TMU to ask SDW to post 'Waves of Darkness'. Thus, the picture which has emerged is that, during the three hours of break, SDW and the Secret Society might also have been arguing with the TMU ('Why haven't you guys made any move to remove this website?') and the TMU, after giving some perfunctory excuses, asked SDW to find a piece of music and post it. She of course couldn't really understand why the TMU asked her to do this – who can possibly understand the cumbersome evidentiary process, which only a supercomputer could keep track of?" In reality, if anyone had instructed SDW to post the music, it would be Homeland Security CO chief – and only in order to make me develop more wrong scenarios so as to look even crazier.

My plagiarism.

Now, let's summarize.<sup>24</sup> Today was the second day of TG's case, and the Secret Society women continued to scramble their volunteers to report to the detective in question in order to prove to him that the Homeland Security warning they had shown him was an accurate description of reality.

- (1) 9:48 AM, SDW's Tampa friend (Z750C) reported again on my harassment of Kiersten by blogging about her.
- (2) 9:53 AM, SDW called upon a Harlow, UK, volunteer. To report to the detective on her behalf?
- (3) 11:33 AM, SDW called upon a Glasgow, UK, volunteer. To report to the detective on her behalf?
- (4) 12:34 PM, a Rostock, Germany, volunteer reported on my delusions about Khalezov.
- (5) 12:50 PM, Robin has been reporting me to the detective together with two volunteers in the past hour.
- (6) 1:50 PM, a Senegal volunteer reported on my delusions about my women victims' going after me.
- (7) 8:10 PM, SDW called upon a Modesto volunteer. To report on her behalf?
- (8) 8:38 PM, SDW called upon the same Nice volunteer again. To report on her behalf?
- (9) 8:44 PM, SDW called upon a Lafayette, Louisiana, volunteer. To report on her behalf?

Then, there were no visits from 10 PM to 1 AM. Clearly, the detective in question was watching my interaction with Mark in real time so that, by 10 PM, he had informed both TG and the Secret Society women that he didn't regard the Homeland Security warning about me as accurate (despite the women gang's effort – especially that of SDW – to demonstrate to him that it *was* accurate). As the women victims cried about the matter to their volunteers from around the world, both Shizuka and Robin joined the discussion. Robin had apparently stayed up late because of the crisis at hand.

We have not taken care here to mention all the reporting about my supposed plagiarism and computer-hacking and so on.

## 18 May (Sunday)

*First, a note about myself.* Slept between 6 and 10:20 AM. Hurried to the Orthodox Church. Physical pain from anger again due to one's role as a serial victim/ bait suffering real harm. Over one's inability to know. Wondered if the CIA is really my friend at all and not my enemy. The Stockholm Syndrome, perhaps? (*Right!*) Especially angry over the fact that, although my mind is sound and can perceive

---

24 In original version, the wrong conclusion for today: "Thus we see that, today, the tide of 'more legal reporting' had calmed down. The Hardliners had deemed that enough ambiguous evidences had been entered into the ICJ to stall the trial. Meanwhile, the Secret Society had no idea about government's agenda. They continued to focus their attention on making false reports to law enforcement in order to persuade the latter to remove my website (this most 'trivial pursuit'). Since the Hardliners were obviously aware of the CIA's secret continuation (or resumption) of the ICJ trial over the Syrian scandal behind the Mexicans' back, we must wonder: what happened with the Panistas? The Hardliners must have given the Panistas the impression that the erasure of evidences had been pretty much accomplished, so that these Mexicans would mistake the stalling of the ICJ trial for the completion of the erasure of evidences. The 'food chain' thus works like this: the CIA controlled the Republicans, who deceived the Hardliners, who deceived the Mexicans, who deceived the government moles in the Secret Society (i.e. the LUG people), who deceived the core members of the Secret Society, who then deceived me."

reality more sharply than most minds around me, I'm somehow persistently programmed by the computer in the control center, or deceived by people and the orchestrated movements of things, to believe in stupid scenarios about current and future events, just in order to look crazy – while all these dumb monkey human beings around me don't have to believe in anything idiosyncratic so that they can look “normal”.<sup>25</sup> (I'm just like that “Mr Aamer” described in Dr Emily A. Keram's report: see below, on gangstalkingwiki.com.) Required to xxxxxx Americans. At church, and anger distracted me from concentrating on the Greek liturgy. More anger about my need to spend my entire time thinking about the scandal. Then Elaine showed up with another Egyptian friend, and I sat down with her. She looked embarrassed, and soon left with her friend. (She of course at least knew about the Secret Society.) (*Did she really?*) Slightly greeted VLT and the Russian girl. They were both friendlier than before. Don't know if they have been alerted about me, and in a good way or in a bad way. (*They had not been.*)

Before coffee time, was getting increasingly upset. I hate xxxxxxxxxx so much for shutting me in a prison-house/ bubble; and yet, the problem is that most xxxxxxxxxx don't have any harmful intention toward me at all, other than finding me uninteresting and wanting to move on to someone else more interesting. Indeed, I hate American society because there is “institutional racism” against me the “subhuman”. “Institutional racism” was used, before, to describe American society's discrimination against black people: most white people have not had any intention to oppress black people, but the institutions they have created just somehow make black people into second-class citizens, without their ever intending on creating those institutions for this function. (*Again, all these negative thoughts were simply unrealistic: my entire misfortune was really just due to Homeland Security. Ordinary Americans were to blame only to the extent that they had allowed Homeland Security to exist among them.*)

Not much socialization; only talked to the two old ladies from Belize. Home, then quickly off to the Russian American meetup at the Russian festival in West Hollywood. On the way, frustration with the perpetual inability to know, etc., caused me to want to find “backdoor”, “insurance”: when the scandal shall break open in the media, I might have to ally with A/ K/ SDW to counter the government's advertisement (will check if it might harm Russia's interests, of course; will go ahead only if Russia will be merely slightly disadvantaged; but US interests are entirely disposable). Said so around the earphones-wearing people by the bus stop in case my stalking victims might hear me, and to enable them to keep this idea in their head when they should ever find themselves in an impasse. (*If any of these people were Homeland Security's surveillance, I would have just provided Homeland Security CO chief with more evidence of my insanity to enable him to lock up the previous ICJ trial for the time being – just when the detective's conclusion from last night might have already become unfavorable evidence against him in the ICJ. However, you never know if the Invisible Hand might make something out of my “delusions” here later on to benefit himself.*)

Arrived, past 3 PM. No sign of the meetup people. Remotely controlled to be extremely hungry? SDW wants me to waste my money? (*Again, just working hard to come up with wrong scenarios in order to make myself look crazy.*) Can't fit in, of course. Then saw a very pretty Russian disabled girl, Julia, with her disabled friend and another pretty relative. Followed her around furtively. Must have produced

25 This would also be my complaint year after year, not just now.

evidence to further confirm Kiersten's/ Mr B's/ Mr Chertoff's profile of me, enabling the erasure of evidences (as if I were a creepy stalker). Even filmed her. Then followed her out of the park, past 5 PM; for a while walked in front of her to avoid her detection. Must have produced evidence for my identity with SDW: making it look as if it were she who was following me. Thought: so SDW is a victim of A/ K/ PAN's terrorist conspiracy, after her *Untergang* the Macrospherians will reverse it, not without her suffering to change her heart. Since I have conspired with them (wanting to help them/ ally with them in case my own interests are harmed), I'll fall under the Macrospherians' command, and the Macrospherians will command me to devise their environment to fit their belief. I'll be given actual verbal commands, while they will be kept in the dark like I have always been before (suffering the "devise of my environment to fit my belief") so that they could "finish their mission". (*Again, while I was working hard here to make myself look crazy for Homeland Security CO chief's sake, you never know if the Invisible Hand might not make something out of my "delusions" here later on.*) Got on the bus with Julia and her friend. Though she was friendly, one simply found it impossible to break the ice with her. (Wondered if, being disabled, she might need a friend; maybe we need each other.) Can't follow her off the bus because it would be too creepy. Got off the bus further off in West Hollywood. After losing the Russian disabled girl, thought: Maybe that's how the White Rose faction is going to advertise me: "This guy is disabled, lives on social security (he is in fact not disabled, but he *is* in the sense that he doesn't have any ability to survive in society). Now a disabled person living on SSI is somehow more educated and more intellectual than most professors in top-ranking universities. That is *terra inverta* (the Opposite Land)." (*As you shall see, the Invisible Hand would indeed create something like this later on.*)

*(I might very well have been under either the TMU's or Homeland Security's surveillance during this whole episode. If so, Homeland Security CO chief would argue that this was evidence that I was indeed a creepy stalker, while the TMU would conclude that I was really not dangerous and didn't have harmful intention when I followed women around. And so the debate would continue.)*

The domain registration information for gangstalkingwiki.com  
(Cliff's hosting service was goedkopewebhoster.com)

Past 7 PM, Starbucks. While checking my website's visitors' log, discovered the Melbourne visit from gangstalkingwiki.com on 9:22 AM (49.194.166.111), and this site somehow had links to both my site and SDW's site. Did SDW ask her associates to report me for continually placing links to both my site and hers on the same Wikipage, etc.? (*Wrong.*) While on the bus going back to downtown, read through this Wiki page. Wrongly suspected that it was a fake website which the Invisible Hand had taught SDW to create. Thought that this was why it was created in a hurry, with none of the external links and editing buttons working, and that SDW had composed this webpage on her own effort, on the basis of the information that was contained in the secret CIA/ military documents on the creation of the targeted individuals culture which he had shared with her since 20 March in order to shut her up about her "gang-stalking" bullshit. (*Just more wrong scenarios to help make myself look even crazier. But what follows now is no bullshit but very insightful analysis.*) I would then discover that this webpage was created in 2013 by a certain Cliff Huylebroeck in Belgium. By midnight, after reading through the entire index page, was convinced that this guy was a (EU-US) government misinformation agent in the operation "creating a targeted individuals culture". Huylebroeck's assignment was to tell half-truth/ half-falsehood with this "gang-stalking" webpage as does a typical government misinformation agent charged with such kind of assignment. Thus, what can be gathered about the government's "targeted individuals culture" operation includes: (1) the misinformation agents do not lie all the way; what they say is half-true and half-false, generally conforming to the pattern of conspiracy theories, save that they do it on purpose, whereas conspiracy theorists utter half-truth/ half-falsehood because they can't do any better due to the limitation of their intellect or their access to information; (2) some renowned figures in

Kiersten's Vengeance, 11

the targeted individuals culture are in fact government misinformation agents, and they can all be identified on this webpage: Eleanor White, as I have noted; Julianne McKinney; Jean-Nicolas Desurmont; Larry Richard; Ted Gunderson; Norma Cross; both David Lawson and Amy Anderson might be such government misinformation agents as well, although I can't be sure of this. In fact, all the "professionals" who are named on this webpage are highly suspect. It's strange that Derrick is named here as well; since I know him, my impression is that he really doesn't look quite like a government mole, with his un-enthusiasm and perpetual depressed mood. Neither does Lars Drugaard. But, of course, I can be wrong. You never know people until you know them, so it is said. And I'm almost certain that both Cheryl Welsh and Dr John Hall are not. (*The insightful analysis ends here. What follows is more bullshit.*) Still suspected that SDW has linked up with many government misinformation agents in the operation "targeted individuals culture", not just Trifon, but also this CH. It is she who has instructed CH to link both my site and her site on his site.

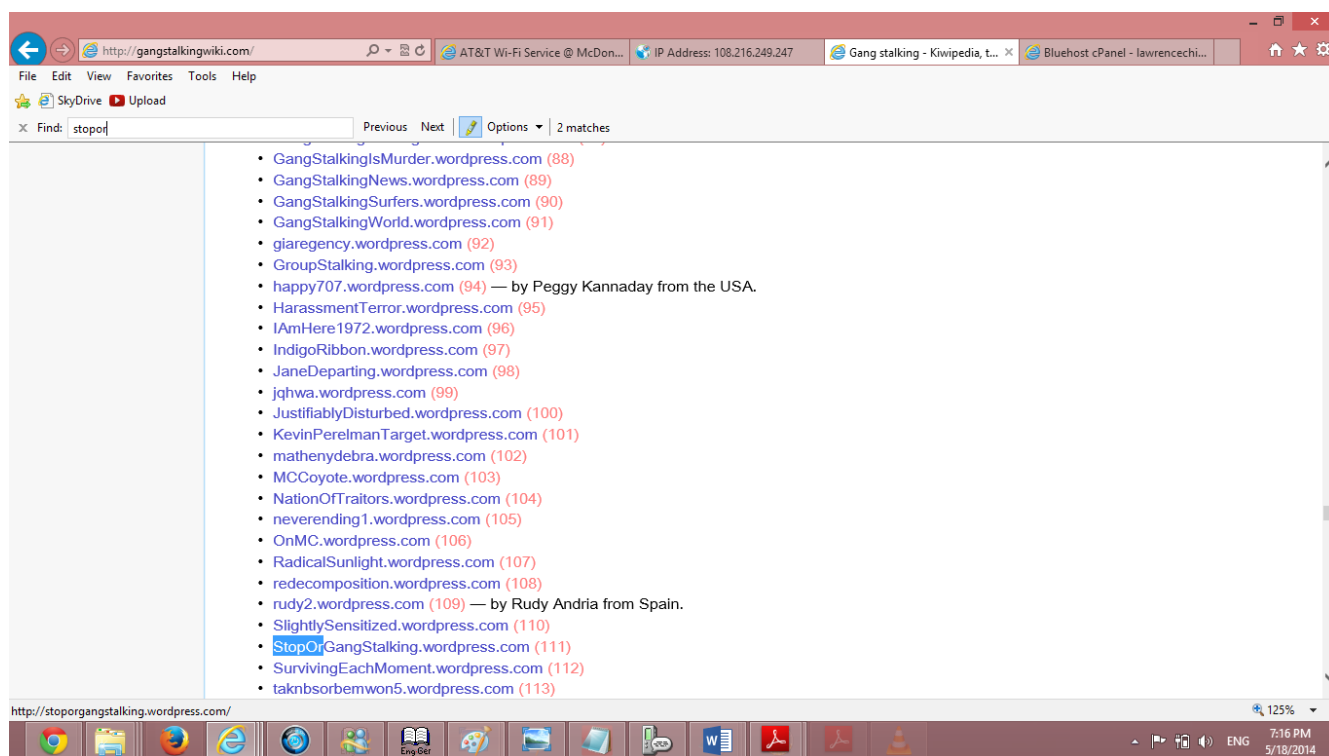

Checked the new posts by SDW. Came to Long Beach, 11:45 PM, ready to collect damages, though in a stable mood, due to the mistaken impression (from misattributing CH's site to SDW) that the Invisible Hand loves me. Couldn't W, because there were people around. Came to Denny's, 12 AM. Stayed until 2 AM, when my laptop's battery ran out. Charged at the Metro station. 2:20 AM, collection of damages. **2 W (ALRM), 5 B, 1 N**. Back to Denny's, 3:30 AM. (*Then my wrong theory about SDW's two new posts on her blog:*) the "music for TIs", to produce the evidence that, when I downloaded the Yoga music she liked on 8 May, I was following her intention. Second: a post

Kiersten's Vengeance, 11  
Lawrence C. Chin  
Jan. 2015; rewritten, May 2022

containing a bunch of links on COINTELPRO, to produce the evidence that, when I clicked on the old links on her blog on 7 May, I was following her intention.

*(Now another “delusional” thought of mine today – we shall cite it in entirety just in case the Invisible Hand shall make something out of it.)* The “package” for SDW: marry her Russian lover, live in a designer house, get to sue the US government for targeted individuals culture, be given to Russia as a “Gift”; meanwhile I shall stay in prison, shall get no favor from, and shall never end up in, Russia, and shall suffer life-long chronic, physical pain. This fucking bitch SDW is just unbelievable: so she has spent the past month and a half targeting me, pretends to be “targeted”, knowingly makes false claims on her blog and Facebook about gang-stalking; and yet she wants to sue the government for the exact same thing which she will not hesitate to do to profit herself? She stalks me (watches every movement I ever make while instructing everyone around me to not tell me anything about her) and yet reports to the police saying I'm stalking her. Thus is the TI phenomenon part of the “terrorist conspiracy”: a faction of the state's government (e.g. the Republicans) recruits terrorists (A/ K) to recruit fucking dumb bitches (e.g. SDW) to target innocent people, poison their mind, and make them look crazy.<sup>26</sup>

The link to SDW's blog on gangstalkingwiki.com

26 In the original version, there is this comment added to the diary notes at this point (ca. Nov. 2014): “The only thing that was correct among all my thoughts about SDW's actions on me: that law enforcement has been investigating me as a ‘stalker’ per SDW's report since 3 April: this would be used to rewrite/ rectify my old records with Chaya...” This thought was not correct either.

In the original version, my commentary at this point: "Let's assume that this is another expert whom the police had hired to assess the women's claims, under the direction of their 'trainer'. In fact, if we do some research, we can even figure out who this expert was. Since the chapter in question is concerned with the derivation of the elementary structures of kinship (Lévi-Strauss) from Chris Knight's theory of 'sex-strike' (*Blood Relations*), if you go on Chris Knight's website<sup>27</sup> you will see a persistent connection between him, the University of St. Andrews, and a certain 'Tecumseh Fitch', who was currently professor of cognitive biology at the University of Vienna but who retained an honorary position (in psychology) at the University of St. Andrew. This 'Tecumseh Fitch' was certainly very familiar with Knight's theory and so would have the qualification for conducting a quality assessment of my chapter on Knight. The TMU would be instructed by their 'trainer' to call him up; but, if he wasn't at St. Andrews on 18 May, 2014, the person who was asked to assess my chapter might simply be one of Fitch's and Knight's students at St. Andrews who would also be enough familiar with Knight's theory as to understand what I was writing about." Even though my entire theory about how the TMU had, under the CIA's instruction, hired experts to assess my chapters was erroneous, this volunteer probably had indeed something to do with Chris Knight or Tecumseh Fitch (e.g. somebody who knew them). What was most likely going on was that, desperate to save TG's case with the detective in question, the Secret Society women had found somebody at St. Andrews who was familiar with Knight's theory and so, sending him the Homeland Security warning about me, informed him that this schizophrenic and plagiarizing stalker in America had been victimizing the former professor by quoting him on his website.<sup>28</sup> If somebody related to Knight could agree to file a complaint about my plagiarism to LAPD in America, that would certainly prompt the detective in question to reconsider his dismissal of the Homeland Security warning about me.

Jan. 2015; rewritten, May 2022

Where there were two posts in which Kiersten was mentioned and several others on my mind-control torture. Within the same minute, he returned to my blog's front page from his original Google search:

```
69.119.75.183 - - [18/May/2014:15:55:40 -0600] "GET /blogs/ HTTP/1.1" 200 43228  
"https://www.google.com/" "Mozilla/5.0 (Windows NT 6.0) AppleWebKit/537.36 (KHTML, like  
Gecko) Chrome/34.0.1847.137 Safari/537.36"
```

6 seconds later, all the blog posts from January this year:

```
69.119.75.183 - - [18/May/2014:15:55:46 -0600] "GET /blogs/2014/01/ HTTP/1.1" 200 19087 "http://

like Gecko) Chrome/34.0.1847.137 Safari/537.36"
```

Within a minute, he was on all the postings in which Kiersten was mentioned:

```
69.119.75.183 - - [18/May/2014:15:56:39 -0600] "GET /blogs/tag/kiersten/ HTTP/1.1" 200 13415  
"https://www.google.com/" "Mozilla/5.0 (Windows NT 6.0) AppleWebKit/537.36 (KHTML, like  
Gecko) Chrome/34.0.1847.137 Safari/537.36"
```

15 seconds later, the one particular blog post:

```
69.119.75.183 - - [18/May/2014:15:56:54 -0600] "GET /blogs/2012/08/03/why-the-us-military-

AppleWebKit/537.36 (KHTML, like Gecko) Chrome/34.0.1847.137 Safari/537.36"
```

This of course demonstrates that the search terms he had used must be something like: "Lawrence Chin, Kiersten". 2:59 PM, he came to the blog posts for this month:

```
69.119.75.183 - - [18/May/2014:15:59:11 -0600] "GET /blogs/2014/05/ HTTP/1.1" 200 43105 "http://

AppleWebKit/537.36 (KHTML, like Gecko) Chrome/34.0.1847.137 Safari/537.36"
```

3:04 PM, he linked up this month's postings from Facebook (the Secret Facebook Group?):

```

This volunteer was almost certainly on the phone or on Facebook chat with Kiersten and/or the other Secret Society women from 2:50 to 3:10 PM.

This really seems to be the same volunteer from 1:38 PM. Within the past hour and a half he had apparently changed location. He was still brainstorming how to falsely report me for painting Angelica nude.

He had merely clicked on the link sent to him. 17 seconds later, he copied the image onto Word:

Forging evidence of my plagiarism? This volunteer was probably working in tandem with the earlier Santa Rosa Community College volunteer and so on.

3:43 PM, another volunteer from South Pasadena: 76-217-25-131.light-speed.irvnca.sbcglobal.net:

This was almost certainly the same South Pasadena volunteer from 15 May: today she was at home and not in school – because today was Sunday. She came again on 4:10 PM:

Now, plagscan.uibk.ac.at is a special system at the University of Innsbruck for checking whether a student's work is plagiarized or not. In the original version, such was my conjecture: "Somehow the TMU was able to obtain help from some computer geeks (the LUG people, presumably) who suggested

---

29 We should note the wrong scenario that was inserted in the original version at this point (again, just in case the Invisible Hand would make something out of it later on): "This visit was of course extraordinarily bizarre. After receiving the previous false report more than two and a half hours ago, the TMU, under their trainer's instruction, called up this expert in France to ask him to conduct an assessment of my chapter on the scientific parallels for Plato's allegory of the Cave. The expert would of course reply, hours later, that I didn't plagiarize. Presumably, because of the Hardliners' intervention, the TMU was having increasing difficulty in concluding their investigation: originally, they were sure that they would conclude the investigation completely in my favor. But, now, it's 'half-and-half'."

that the dispute over whether I had plagiarized or not can be solved by accessing the special system at the University of Innsbruck. The result would of course be in the negative..." I must be somewhat correct back then. In order to produce proof that I did plagiarize, the Secret Society women, perhaps under the LUG buddies' suggestion, had decided to use the University of Innsbruck's special system to scan this chapter of mine.

My computer-hacking.

Let's summarize.<sup>30</sup> Since early morning, the Secret Society women (perhaps with Ekaterina directing the operation from South Korea) started mobilizing volunteers to brainstorm how to convince the detective in question that I did plagiarize. For, if it can be proven that I did plagiarize, then at least one thing was true in the Homeland Security warning about me and the detective in question should thus not dismiss it so fast. Then:

- (1) 7:55 AM, a Chicago volunteer examined my particular brand of misogynist ideology.
- (2) 8:25 AM, the Secret Society women informed somebody related to Chris Knight at the University of St. Andrews that a schizophrenic and plagiarizing stalker in America had been victimizing Prof. Knight by citing his works on his website.
- (3) 9:22 AM, a Melbourne volunteer discovered Cliff Huylebroeck's link to my website.
- (4) 11:05 AM, SDW called upon an Opera Mini Europe volunteer (1).
- (5) 11:39 AM, he came again.
- (6) 11:48 AM, SDW called upon a Nanaimo, British Columbia, volunteer (2).
- (7) 11:54 AM, SDW showed the Opera Mini Europe volunteer how I had violated intellectual property laws with the movie "Dark World".

---

30 In the original version, after summarizing all the visits, I had this erroneous conclusion at this point: "We can thus conclude in such wise about the Hardliners' effort: after careful collection of evidences, these evidences showed that the women were sometimes correct and sometimes wrong, sometimes lying and sometimes telling the truth, such that the Court could not decide whether the terrorist origins in this Syrian scandal were the women of the gang or the suspect who they claimed was stalking them. Thus the case had to be dismissed. You should therefore see just how absurd this ICJ trial procedure, and the whole thing, were. Anyone who is educated enough would recognize that my Thermodynamic Interpretation of History and Scientific Enlightenment are timeless classics of the first order, on a par with Kant's *Kritik der reinen Vernunft* or Heidegger's *Sein und Zeit*. But with the technique of 'making something out of nothing', both the Pentagon Hardliners and Kiersten's Secret Society were able to make me look like either a charlatan plagiarizer (like Kiersten) or some disabled guy who, out of boredom, scanned books to put them on his website simply to attract visits but – a website which has no real value at all, like 'about.com'. This, all because they had some agendas (one trivial and the other evil), for which I should be sacrificed."

- (8) 11:57 AM, a very important London volunteer was summoned to come brainstorm how to prove that I did plagiarize my theory on linear perspective.
- (9) 12:56 PM, the **second South Pasadena volunteer** came to examine my ECF Request in my April 2009 lawsuit against Mr Fradkov.
- (10) 2:11 PM, the Secret Society women summoned **the St. John's College volunteer** to come brainstorm (the 2014/05/15 blog post).
- (11) 2:51 PM, the Secret Society women summoned **the Bronx volunteer** to come brainstorm.
- (12) 3:04 – 3:07 PM, **the Bronx volunteer** linked up the blog posts for this month (2014/05) on the Secret Facebook Group.
- (13) 3:43 PM, the same South Pasadena volunteer from 15 May came to brainstorm how to report representation.html as plagiarized.
- (14) 8:02 PM, SDW called upon an Oshkosh, Wisconsin, volunteer (3).
- (15) 9:18 PM, the **second South Pasadena volunteer** examined my pleading paper in my April 2009 lawsuit against Mr Fradkov.
- (16) 9:57 PM, the **St. John's College volunteer** now examined the 2014/05/14 blog post.
- (17) 11:04 PM, he came again.
- (18) 2:30 AM, the Secret Society women called upon another physicist from a French government research institution to make a false report about my plagiarism.
- (19) 2:48 AM, the Secret Society women used Plagscan at the University of Innsbruck to scan my chapter for plagiarism.

Thus, by the end of the day, the Secret Society women had refocused their energy on proving to the detective in question that I did plagiarize. Their other activities today include: my “naked picture” of Angelica (3 times), my harassment of Shizuka (2 times), and my computer-hacking. As for Homeland Security CO chief, he had presumably my wrong scenarios about “government’s plan for advertisement” this afternoon and then my “stalking” of Julia later on as evidence to temporarily lock up the previous ICJ trial.

### **19 May (Monday; “Backlash”)**

*First, a note about myself.* Arrived home around 6:30 AM. Slept until 11 AM. Sleep deprivation. Got up 12:20 PM, and couldn't find my glasses, but found them 20 minutes later. (*Erroneously*) thought this to be SDW's intention. Theorized: the Macrospherians have required the repetition in the current SDW episode of the fact that they have once blamed all previous conspiratorial harms done by previous persons on a new person; hence SDW will inflict on me anew all types of harms others have inflicted on me before. But in SDW's manner: simply make me experience the same things differently. (*Again, just more delusions programmed from the control center so that I can continue to look delusional, but you never know if the Invisible Hand might make something like this come true later.*)<sup>31</sup> Came to Tom N Toms. Spoke that Angelica has made sure that nobody will be motivated to save the world because saving the world would have to be an insulting process instead of a feel-good process. (*Again, to look delusional, but you never know if the Invisible Hand might...*) Called Stephen Rodriguez. Left a message. 1:45 PM, was remotely controlled to erase the transcription of the recording done this

31 Especially when I shall be revising this very paragraph on 10.04.2022.

morning (Kiersten, 27.01.2013). Thought this to be SDW's intention also. No great damage, because the work done has been saved on PDF. Then went to check the US Bank Tower because I didn't believe that SDW will allow me to consult with SR about Chaya's case. Not allowed to enter, only allowed to call. Angered even though it's normal, because there is no possible way that SDW will not instruct SR to not call me back. There is simply no way for me to help myself in any way whatsoever through society (in regard to the scandal or anything else), I'm simply not allowed to feed myself, must wait for the Russians to pick me up.<sup>32</sup> Required to collect damages and cut myself. (On the other hand, I need to be like SDW, thinking that everyone is going after me when hardly anybody is.) Left a message with Wes.

To UCLA Library. All day long the Chinese words 正直 continually flashed in one's mind against one's will, making oneself extremely uncomfortable. This has been going on for quite a while now. (It causes discomfort because one knows that the computer in the control center is recording it, and that the White Roses may advertise oneself accordingly later on, which is really an insulting caricature than praise.) (*Wrong scenario. But would this be made to happen later on?*) Campus burger. A supremely beautiful blond AWF sat down in front of oneself. At one point she was annoyed by one's staring. **This, again, must be what the Hardliners had wanted: to show that there was some truth in Kiersten's slander of me. (Bullshit.)** Made copies of Andreas Kappeler's Russia book inside the library. Was feeling extremely uncomfortable all the time, due to the added expectation (my inability to get out of the state of ignorance). Then rushed back to the Orthodox church on bus. Sat on the floor against another pretty (non-white) female. She was again annoyed. Felt hurt, and physical pain, over the fact that there was no friendly pretty female around. Shut inside my prison. **In reality, this was just another attempt by the Hardliners to show that there was some truth in Kiersten's claim about me. (Bullshit.)** But I thought (*erroneously*) that it's SDW's targeting: to make oneself disgusting-looking so that one will cause females to frown at oneself, thereby angering oneself to the point of committing crimes, while making it look like it's all one's own fault. (*I erroneously thought it's her intention that I should wear broken glasses to disgust women, when, in fact, it was Homeland Security CO chief's.*) Then realization, 7 PM, after reading the section "Von Integration und Assimilation zu Ausgrenzung und Diskriminierung: Die Juden als Sündenböcke" in Kappeler's *Russland als Vielvölkerreich* (p. 220):

"Have always thought that the Kiersten Affair was orchestrated [to be] like the Dreyfus Affair. It is true. But it will work like the November 1938 Kristallnacht and the 1881 Pogrom in Russia/ Ukraine. In both cases somebody important was assassinated by someone of Jewish descent (the German diplomat Ernst vom Rath in Paris in the former case and Tsar Alexander II in the latter), thus unleashing widespread attacks against Jews among the common population. The global backlash against Americans and Mexicans will work like this. Although the White Roses have gained control of the government since 8 February, they are going to pretend that the Republicans still have control. Until suddenly the Kiersten Affair is leaked. Immense public reaction worldwide. Then the White Roses

---

32 Again, my incorrect speculation at this point in the original version: "All this was 'delusional belief' of course, to make me conform to Kiersten's false profile of me – in which project now even the Hardliners had developed an interest." In reality, it's just the Monkey and Homeland Security CO chief who wanted me to continue to develop wrong scenarios and look crazy.

will pretend to use the opportunity to overturn the Republican domination and gain control, and the Republicans will pretend to be overturned. The words and actions of A/K, Dr P, and SDW are so incredibly bad that a global backlash against Anglo-Americans and Mexicans will result. In combination with the conspiracy of the US Dollar, Facebook, Internet, social media, Ape Morality. Even the background story behind the Arab Spring and Ukraine will be leaked. Thus the pogrom against Americans, AWFs, and Mexicans. The White Rose US government will do nothing at first. Then the White Rose AWFs will present themselves as alternatives to the AWFs who are attacked, like [Fairies] or Nymphs descended from Heaven, causing violent reactions against AWFs and Americans to calm down. That would be the beginning of the 'counterinsurgency campaign'.

"Meanwhile, the reactions of the Anglo-Americans will resemble the Jews in Russia after the 1881 Pogrom. The Jews: some turned to radicalism (nationalism/ socialism), others to traditionalism (Rabbinical, Hebrew tradition, Zionism, [the] three kinds). White Americans: some will turn to radicalism (conspiracy theories), the rest will withdraw into Anglo-Saxon traditions. What I don't understand is that the white Americans are a composite of Anglos, Germans, Irish, Finnish, etc.. These have lost their traditions a long time ago and have become 'American'. More esoteric whites, of Eastern European Jewish descent, Greek, etc., have already their own traditions in place. Anglos will go back to [their] Anglo-Saxon roots. But what about the Germanic, Irish, Finnish, i.e. the non-Anglo whites who have lost their European roots and become 'American'?"

"It seems that the Macrospherians are obsessed with the idea of sending people back to their traditional cultural roots because immersion in traditional cultures will cause their brain to grow more complex, whereas immersion in the American consumer culture of contemporary time will cause their brain to simplify."

I wrote all this down while at the Catechism class. *I didn't know it was all bullshit! Although, again, you never know if the Invisible Hand might make something like this happen later. (Not exactly in the same way: I was most likely speaking of BOL's plan, which the Invisible Hand, when he shall adopt it for his own purpose, would then modify. There would certainly not be any backlash against Americans per se, but only against a small portion of the poisonous Americans by the mainstream Americans themselves.)*<sup>33</sup> The entertainment business AWF is here, after a long absence. She is friendly. Euphoric. Expected SDW's arrest soon, but, at the end of the class, children came in, and thought erroneously that it was probably SDW's task to create evidence for one's pedophilia. In the original version, I commented: "This is presumably somebody related to SDW. Note that her sister Betsy Reid had something to do with Massachusetts, and that James Berry MD and Darlene Sawicki NP, who were her family's associates, both worked at Massachusetts General Hospital (ALS Clinic)." It's not clear if I was anywhere close to the truth back then. In any case, this volunteer had most likely clicked on the link which the Bronx volunteer had placed on the Secret Facebook Group yesterday afternoon (3:04 PM). There is no showing of favicon.ico. At the time I thought this might be Patty Abbatoy since Lancaster is only 25 miles away from Buffalo. The school is in Plymouth, Minnesota, while Sleep Inn is at 20930 S. Diamond Lake Rd., Rogers, Minnesota, 55374 (on the outskirts of Minneapolis). Plymouth is a little farther away. This volunteer was presumably a high school teacher. The Secret Society women sent him or her the instruction, and the latter, retrieving the instruction in his or her school email account, did both a Bing search and a Google search in order to report that I had merely put images scanned from books on my website (in violation of intellectual property laws). Again, the Secret Society women were telling him or her how this image should have convinced the detective in question that Homeland Security was all right about my frequent violation of intellectual property laws.

There were very few visits from 7:21 to 9:40 PM presumably because SDW was shopping at Sprout's Market, as you shall see. She was probably there from 8 to 8:30 PM, and arrived home around 9 PM.<sup>37</sup> After she spent some minutes putting away her grocery, she logged onto Facebook and rejoined the operation against me. Thus, 9:40 PM, dynamic-216-186-162-98.knology.net, WideOpenWes, Grovetown, Georgia:

37 As she would recount in the blog post she would post tonight (all that bullshit about being gang-stalked, i.e. mistaking people's random actions for intentional harassment): "More stooges, losers, and dipshits".

38 In the original version, I commented: "[SDW] had asked her brother in Georgia (Stephen Sheehan) to find another person to make a false report to the TMU about my dangerous obsession with, and desire to harm, her. She must be very angry right now, having been 'targeted' at Sprout's (according to her delusional mind), and so she asked her brother to make another terrible report about me." It's not clear whether this volunteer was indeed related to Stephen Sheehan, but SDW was certainly very angry at this moment.

My harassment of Shizuka. Did Shizuka just join the discussion?

To convince the detective in question that Homeland Security was all right about me, it's not enough to simply claim that I kept on developing delusions about Snowden and so on, but that even my delusions themselves I must have merely copied from somebody else! My computer-hacking.

Now, let's summarize. Today was the second day that the Secret Society women would mobilize volunteers to brainstorm how to prove to the detective in question that Homeland Security was all right about me. Again, other than the special efforts listed below, there was an extraordinarily intense focus on how to prove that I did plagiarize (so that Homeland Security was at least right about my plagiarism):

- (1) 5:40 AM, the Secret Society women used Plagscan again to check the same chapter.
- (2) 6:31 AM, a volunteer from Massachusetts General Hospital examined the Bronx volunteer's link (2014/05) in order to understand why the detective in question had refused to validate the Homeland Security warning about me.
- (3) 6:33 AM, a volunteer from Lancaster, New York, examined my delusions about Obama.
- (4) 6:46 AM, a Providence Academy volunteer started brainstorming how my "dividedline.jpg" should have convinced the detective in question that I did plagiarize.
- (5) 6:53 AM, SDW summoned the Nice volunteer again (1).
- (6) 7:52 AM, the Secret Society women used Plagscan to scan the same chapter again.
- (7) 8:29 AM, the Providence Academy volunteer continued.
- (8) 8:33 AM, a Holtsville, New York, volunteer brainstormed about how my misogynist ideology should have convinced the detective in question that Homeland Security was all right about me.
- (9) 8:37 AM, the Providence Academy volunteer one more time, together with the Moody Bible Institute volunteer.
- (10) 8:54 AM, the Providence Academy volunteer one more time, together with two other volunteers.
- (11) 9:11 AM, the Providence Academy volunteer one more time.
- (12) 10:38 AM, a Las Vegas volunteer examined my delusions about being mind-controlled.
- (13) 10:45 AM, a Rennes, France, volunteer brainstormed about how to report me for plagiarizing my theory on linear perspective.
- (14) 10:49 AM, a Den Haag volunteer examined my delusions about Madero.

- (15) 12:21 PM, a volunteer from Tehran, Iran, came to brainstorm how I had plagiarized my theory on linear perspective.
- (16) 1:20 PM, SDW called upon a Tacoima volunteer (2).
- (17) 4:13 PM, the same Chicago volunteer from yesterday came to brainstorm about my misogynist ideology. (Betty Friedan.)
- (18) 4:24 PM, the second Chicago volunteer to do the same.
- (19) 4:40 PM, a Grand Rapids, Michigan, volunteer came to brainstorm about my post on the mosquito drones.
- (20) 4:51 PM, the third Chicago volunteer came to brainstorm about my chapter on Betty Friedan.
- (21) 5:28 PM, a Provo, Utah, volunteer came to examine my delusions about being chipped in the brain.
- (22) 9:40 PM, just after returning home, SDW called on a Grovetown, Georgia, volunteer (3).
- (23) 11:35 PM, a London volunteer examined my delusions about Snowden.
- (24) 11:39 PM, the same London volunteer from yesterday came to brainstorm again about how to prove that I did plagiarize my theory on linear perspective.
- (25) 2:36 – 3:10 AM, a volunteer from the Swiss Radio and TV Station was instructed to create evidence that I had merely copied my delusions about Snowden and the other things from somebody else.

And of course the other things as well: my naked picture of Angelica (3 times), my computer-hacking, my harassment of Shizuka, and my harassment of my own family members. Meanwhile, it was certainly Homeland Security CO chief who had wanted me to develop this crazy scenario about some “backlash against Americans” so that he could have more evidence of my insanity in the ICJ to temporarily lock up the previous ICJ trial. But since I merely wrote it down in my diary without posting it on my blog, did he really obtain the evidence?

Finally, this. In the original version, I included this commentary at the end of today's entry: “It's worth noting that, in her second blog post tonight, [SDW] linked to this story:

Kiersten's Vengeance, 11  
Lawrence C. Chin  
Jan. 2015; rewritten, May 2022

“She had no problem with believing in implants in body and in brain, and, yet, if I said such things on my blog, she would report it to law enforcement saying I was delusional. This was the kind of person she was: she had no respect for, and no notion of, what was true and what was false; everything was just a means to an end: like Angelica and Kiersten, she was willing to say anything to get what she wanted – and the ‘end’ she was striving for was always no more than physical comfort and psychological tranquility, without any sort of ideals about ‘right’ and ‘wrong’ in the matter. Her mind was so underdeveloped that, on Lawrence Kohlberg’s scale of moral development, she had never progressed beyond stage two. (And Carol Gilligan’s ‘care’ perspective of course didn’t even apply to her at all, since she eschewed all human interactions.)” Again, I was sort of correct here. (And you must hearken back to my comments in the beginning of this chapter.)

## 20 May (Tuesday)

*First, a note about myself.* Slept 4:30 AM, while watching two interviews with Sheryl Sandberg, the COO of Facebook and the founder of “Lean In”. Her world-view, expressed in her words, so disgusted me, because it described just the opposite of reality, portraying the victims as the victimizers and the victimizers as the victims, the powerful as the powerless and the powerless as the powerful, the competent as the incompetent and the incompetent as the competent: the typical “American way”. Incredibly, was allowed to sleep until 1:30 PM. Thought it was SDW’s manner of targeting: I was in fact allowed to sleep if I’d simply try. (*Really?*) 2 PM, going to Tom N Toms. Realized that the message “10/16; 4/14” (“11/16; 5/14”) in fact just meant that the Macrospherians have found a substitute for me, and will get me out. But when? The message doesn’t mean “deadline”. The promise

to help me in the future is no comfort because the future doesn't exist! Just because something will exist in the future this doesn't mean it actually exists. (Strange, later there seemed actually to be a honk to confirm this thought.) *(In reality, Karin had put up these two dates on Meetup entirely at random, and I was simply programmed here by the Monkey to develop more wrong scenarios in order to make myself look crazy. But, as usual, the Invisible Hand would make my delusions come true later on by really making the Secret Society women into my substitutes.)* I then wrote down the following reflection, which would appear on my blog post for 22 May:

Reflected on [...] Sandberg's disgusting words. Although I suspect that she is in fact a White Rose "plant" inside Facebook, and [that] she therefore doesn't necessarily believe what she advocates – you just watch: I believe that, soon, documents will be leaked to the public which will be to Facebook what the "Protocol of the Elder of Zion" was to the Jews, except that these documents are genuine and the "Protocol" was forged – what she says is just what AWFs truly believe anyway. And AWFs will modify American institutions based on this world-view [in] which they truly believe, resulting in the "institutional racism" which oppresses me and is the source of my current miseries: the suspect is not allowed to know anything about his status in society whether he is innocent or guilty; AWFs want to monopolize knowledge in order to usurp the power to decide who [gets] to contribute to society and who not. (I'm oppressed through "institutional racism" in the sense that the expression of my human potential, my intellectual growth, is obstructed and I'm not allowed to take responsibility for my actions and not allowed to survive as an adult, functioning member of society.) AWFs' world-view is thus the source of the "institutional racism" against me the subhuman. And the US government's tendency toward secrecy is merely borrowed from AWFs: the same desire to monopolize knowledge in order to control their targets, other people, and eventually the whole system. The terrorist suspect is not allowed to know if, and why, he is being investigated by the authority; those on the no-fly list are not allowed to know if, and why, they are targeted by the government. This is why being attracted to AWFs is the most unfortunate fate, for they are really my deadliest enemy. And they are the most difficult enemy because the justification for hating them is very obscure: they are very polite, and usually harbor no harmful intention [toward] me. But their world-view on the basis of which they modify society's institutions is one that intends harm against me (in addition to society). They are to me truly what Eichmann is to the Jews, except that they are even more deadly to me because they can be very physically attractive, making me want to be their friends instead of wanting to kill them.

*(The observation that Sandberg was White Rose's "plant" inside Facebook was actually not correct. Sandberg actually did believe the pernicious statements she has made about women's superiority. I was merely programmed here to develop more wrong scenarios in order to make myself look crazy and, when I shall post this on my blog in two days, it would be not only a pretext under which Homeland Security CO chief could alert another famous woman about me, but also another evidence of his (not just that I was insane, but also that I was a misogynist) to enable him to lock up the previous ICJ trial for the time being. Furthermore, what I said about AWFs here the Invisible Hand would again make use of later on.)*

Called S. Rodriguez again, and his secretary actually answered my call! S. Rodriguez called back, 3:23 PM.<sup>39</sup> Told him that my goal is to gain access to my files at the police. He considered it “no problem” as long as I wasn’t arrested. Escaping ignorance about myself and my place in the world is not considered a valid pursuit in life: this is the American way: as long as you can put food into your mouth and buy products and go to the movies, why do you want to know anything at all? And yet AWFs themselves want to know (at least about themselves and *me*, although they are not educated enough to want to know about foreign countries or the structure of the universe). Another reason why I must escape this disgusting country. (*Just more negative thoughts to make myself look crazy.*)

4 PM, at the Optometrist to buy a new frame for my glasses. Awful that I had to spend 35 dollars (no money), but this is what is needed in order to not disgust strangers; talking to stranger women can at least distract me from pain, although it doesn’t help me at all in my pursuit in life. Then home: I made a summary of what I had just read of Kappeler (*Russland als Vielvölkerreich*, “Nationalitätenpolitik, 1831 – 1904”, “Zusammenfassung”, p. 225 – 226). Realized the key to solving the problem of ethnic tensions in Russia: since racial tension and racial harmony are nothing but a function of “raison d’État” – namely, when the new structure of the nation-state and its economy requires, for its realization/ maximization, ethnic discrimination or ethnic cleansing, the main chunk of citizenry will automatically develop racial prejudices just in order to participate in the new structure; when the new structure of the nation-state and its economy requires, for its realization/ maximization, ethnic harmony and political correctness, this citizenry will automatically develop racial tolerance just in order to participate in society – the Russian government has no need to teach its citizens to become tolerant of ethnic minorities; it merely has to devise a new course for its state-structure and economic development of which ethnic tolerance is a function, and then the Russian people will develop tolerance for ethnic minorities all by themselves. The Russian government can devise such a new course either by imitating the developmental course which the US has taken – consumerization – in which case the Russian people will become politically correct but will lose their brain structures; or it will have to devise a “new course” which is unprecedented in the history of the development of nation-states: some new model never tried before, never thought of before. Since the Russian government intends to modernize the Russian society and its economy, it will obviously take up the second alternative: there must be a way for Russia to become technologically advanced and yet leave its people’s brains intact, and of which ethnic harmony is a function, a requirement for the blossoming of this new economic structure. (*This is really not such an amazing view at all, although I would later develop views about how to increase Russia’s soft-power which would indeed be quite sophisticated.*)

Going to Café MAK. Past 8 PM, sudden anger with xxxxxxxxx, physical pain, and was determined to collect damages. (*Homeland Security CO chief was calling me! I needed to commit more crimes in order to help him save his warning about me!*) Decided not to go to RDND, but to Venice, in order to be able to spend more time writing/ researching. On the bus going to Venice, wrote down the above,

39 The recording of this afternoon: “IMPtomtomoptmetristRUethnics\_5\_20\_14\_128-550PM.MP3”: France 24. 1:06:40, I was out. 1:19:40, in TNT. 1:34:00, a homeless black man. Comments about Sandberg. 1:46:00, I called Mr Rodriguez’s office. 1:55:30, Mr Rodriguez called me back. I tried to explain my concern, but I was of course mostly incoherent. 2:06:20, the conversation was over. 2:26:30, I left TNT. 2:37:00, on Metro. 2:44:20, off the train, and two guys with earphones next to me. (*Was I under Homeland Security surveillance?*) 2:53:30, at the optometrist, looking for a new frame. (Reviewed until 3:12:00.)

and then realized: both Angelica and Kiersten hate Russia, and so the Republicans must have told them that, each time I attempt to help Russia's modernization by writing down my ideas, instead of their becoming an international law for Russia's benefit, it becomes a terrorist conspiracy against the US, so that, in the above, the US will make sure Russia's modernization shall follow the American path, all Russian people becoming very stupid in the process. And SDW would think that this is what the Russians want. Angelica and Kiersten are very happy that I could never bring any benefits to Russia, but only harm and US domination.<sup>40</sup> Then: **11 N (at least 2 WFs)**. Novel Café. **Then: 1 W**. No severe painful, unwanted thought-processes. My thought: somebody has convinced SDW to leave my mind in peace for today. (Apparently, she is told that I have to be bad, conform to the Monkey's false profile of me, without mind-control. Thus, I'm being conditioned to become a very bad person, first through mind-control, but then, there will be no more mind-control when I can desire to be bad – anti-xxxxxxx, hating AWFs – all on my own.) (*Just programmed to develop more wrong scenarios to make myself look crazy.*)

Also realized today: I need to make sure my German is up to the level of theoretical articulation, because my job is to interpret and explain the simulation results to Ekaterina, who is more fluent in German than in English. It will take me too long a time to become fluent in Russian to the point of being able to articulate theoretical matters. (*Just more "delusions" which Homeland Security CO chief had wanted me to develop, especially in regard to Russia's First Daughter. But would the Invisible Hand later make something out of this?*)

Home. 4 AM, realized that SDW is told that *she* is going to be the "Gift" to Russia. (*Again, more wrong scenarios to make myself look delusional, especially: constantly developing delusions about my women victims.*) Then my external hard drive malfunctioned due to the defective USB cable. (*More frustration.*)

Now the Secret Society women's operation on my website for today. 4:35 – 4:37 AM, ec2-75-101-245-215.compute-1.amazonaws.com, Ashburn, Virginia,\*

How I kept developing delusions about famous people, in this case Boss Cheney? Did the Boss family decide to intervene and make a complaint about me to the TMU or the LAPD detective in question in order to save the Homeland Security warning about me and temporarily prevent the CIA from reactivating the previous ICJ trial?

41 Note what is said of this university on Wikipedia: "The Australian National University (ANU) is a public university in Canberra, Australian Capital Territory. Located in the suburb of Acton, the main campus encompasses seven teaching and research colleges, in addition to several national institutes. Founded in 1946, it is the only university to have been created by the Parliament of Australia. Originally a postgraduate research university, ANU commenced undergraduate teaching in 1960 when it integrated the Canberra University College, which had been established in 1929 as a campus of the University of Melbourne. ANU enrolls 10,359 undergraduate and 9,674 postgraduate students and employs 3,958 staff. The university's endowment stood at A\$1.237 billion in 2010. ANU is ranked 1<sup>st</sup> nationally (25<sup>th</sup> in the world) by the 2014/15 QS World University Rankings, 2<sup>nd</sup> nationally (48<sup>th</sup> in the world) by the 2013 Times Higher Education World University Rankings, and 2<sup>nd</sup> nationally (66<sup>th</sup> in the world) by the 2013 Academic Ranking of World Universities. ANU was named the world's 7<sup>th</sup> most international university in a 2014 study by Times Higher Education."

There are some strange notices about this IP address:

---

42 In the original version, my comment at this point: "I highly suspect that this person might be Ingibjorg Gunnlaugsdottir, a female from SDW's Facebook group (invited by SDW to join the group since at least October 2013), or somebody related to her. (See the visit from 12 October, 7:41 PM.) It was 2:34 PM in Iceland, and the person was evidently still at work in the Ministry. On Ingibjorg's Facebook, there were 4097 friends (21.12.2014), among whom there was one 'Maria Hjördis Þorgeirsdóttir', and a Google search revealed that a certain 'Auður Rán Þorgeirsdóttir' was a project manager at the Icelandic Ministry of Education, Science, and Culture. Were Maria Hjördis Þorgeirsdóttir and Auður Rán Þorgeirsdóttir related? The latter was not found among the former's Facebook friends, but there was no Facebook page for the latter person anyway. It might just be this latter 'Auður Rán Þorgeirsdóttir'. In any case, it seems that the Secret Society was increasingly aware of the fact that the TMU was not regarding their reports to be credible, or authoritative, at least in regard to my 'plagiarism', so that SDW told the problem to all her online TI friends. It seems that her friend from Iceland then responded, saying her friend's sister worked at this Ministry, so that this sister's report might be more authoritative. The sister, having been told the lies which Kiersten and Karin had made up about me and [believed] them, thus contributed her effort, making a false report to the TMU saying that I had indeed plagiarized others in this chapter." It's not clear whether my identification here came close to the truth at all.

Let's summarize.<sup>43</sup> Today was the third day that the Secret Society women would mobilize volunteers to brainstorm how to prove to the detective in question that Homeland Security was all right about me. Once again, they would exercise an extraordinarily intense effort on proving that I did plagiarize. But the essential efforts were these:

- (1) 5:51 AM, a Spanish volunteer made a complaint on behalf of the Boss' family – the Boss' family's intervention to save the Homeland Security warning about me.
- (2) 10:27 AM, a Cleveland, Ohio, volunteer made a complaint on behalf of the North Koreans.

---

43 In the original version, my wrong interpretation at this point: "You can see clearly that the Hardliners, today, had manipulated the Secret Society to concentrate on balancing entirely false reports about my plagiarism with legally true (even though false) reports about it. We have thus eight more legal reports, and seven entirely false reports, about my plagiarism – the purpose being, of course, to create enough ambiguities in the evidentiary record of the ICJ in order to stall its procedure."

- (3) 11:13 AM, SDW called upon a Lorain, Ohio, volunteer (1).
- (4) 11:34 AM, the Secret Society women called upon a volunteer from the Icelandic Ministry of Education to make a false report about my plagiarism (humandispersal.html).
- (5) 1:21 – 1:29 PM, SDW called upon her Tampa friend (2).
- (6) 2:01 PM, the Chicago volunteer from 14 May copied chinese patriarchy220.htm onto Word in order to forge evidence of my plagiarism.
- (7) 2:08 PM, a Washington DC volunteer is asked to brainstorm or report about the December 2013 blog posts. (What?)
- (8) 2:35 PM, the same London volunteer came to brainstorm again how to convince the detective in question that I did plagiarize my theory on linear perspective.
- (9) 2:58 PM, an Auckland volunteer examined/ brainstormed about my delusions about Snowden.
- (10) 7:51 PM, the Secret Society women asked an unknown volunteer to examine my stupid Youtube video.
- (11) 2:25 AM, SDW called upon a Providence, Utah, volunteer (3).

In addition, there was also the effort to brainstorm a little about (1) Angelica's naked picture (2 times); (2) my violation of my family members' privacy; and my computer-hacking.

Thus, although the dismissal by the detective in question of the Homeland Security warning about me remained as counter-evidence in the ICJ, Homeland Security CO chief was temporarily able to lock up the previous ICJ trial with the complaints from the Boss' family and the North Korean government. Furthermore, to save his warning about me, he had ordered the Monkey to remotely control me to compose some "misogynist" notes about Cheryl Sandberg so that, the day after tomorrow when I shall post these notes on my blog, he could go warn Sandberg about me as well resulting in the continual circulation of his warnings about me in the law enforcement system.

## **21 May (Wednesday; severe torture)**

*First, a note about myself.* Burning DVD-382 until 8 AM... Tried not to sleep, but did fall asleep, and was late for the Orthodox church service in the small chapel. At first, was disappointed because only old people show up. Then VLT showed up. The communion saying 'τουτο μου εστι το σομα, φαγετε' induces me to think of SDW's arrest again; she, and others, had sacrificed themselves to regenerate us once and for all; perhaps the Macrospherians have planned for a ritual remembrance of the sacrifice every year on a set date. (*Excellent delusion: would the Invisible Hand and BOL make something out of it later on?*)<sup>44</sup> Then, was induced to fantasize Ekaterina as the priestess to communicate the SWS simulation results, and myself as the intermediary between the super computer and her. (I would recruit her to pass on the Computer's commands to the rest of her country and humanity.) (*More excellent materials for the Invisible Hand! After he shall have switched the personages around, of course.*) Then Vickie invited me to men's bible study. I again thought this to be SDW's intention: if I like women and dislike men, then I shall have only men in my life. What I deserve for caring about her! (*Just more*

---

<sup>44</sup> In the original version, I have added at this point: "I would soon write: 'SDW is not arrested', of course. She is quite happy with my delusional belief that she is the one [who is] to be disposed of. This was of course just more 'delusional belief'."

*wrong scenarios to make myself look delusional.*) Then was induced to believe that the Macrospherians wanted to crown SDW a "saint" as compensation. (*Ha!*) I again thought this to be SDW's intention: Ekaterina has told her that she intends to crown her an Orthodox saint for her good work in saving Russia. (*Would this "delusion" of mine also become reality some day?*) No earphones-wearing people all morning.

Lunch at the Korean restaurant. Then, was suddenly remotely controlled to theorize that maybe SDW would not be arrested, but would merely be left alone being ignored by everyone and without ever receiving the reward she was promised. And there was honking as if to confirm. (*Again, more wrong scenarios to make myself look delusional.*) Physical pain over the inability to know what had happened with SDW. Then a Korean man walked in wearing earphones. Physical pain. Required to cut myself and commit crimes. Again thought this to be SDW's intention. Home, and discovered that all the PDF documents on DVD-382 could not work on Samsung, although they did show on Asus. Believed that this was SDW's intention: to destroy all my writings.<sup>45</sup> Napped until 5:30 PM. Then the inability to know triggered severe desire to cut myself: again thought this to be SDW's intention.<sup>46</sup> Cut my upper left leg, but then "accidentally" cut my lower leg. Then realized (*erroneously*) it is SDW who wants to be made a saint. By making me develop the "saint delusion", she can both make me look crazy and profit from it at the same time. (*Bullshit.*) To McDonald's. Thought that this must be what Ekaterina has asked the rest of the Macrospherians back in the summer of 2012: Strange, why does he want *me* to be the saint when *he* is the one who has suffered to save Russia and the world? Does he have really low self-esteem or what? Everybody answers: He is making you into his little doll; you are the goddess in his drawings; he's just decorating you. It's *not* unfair to him as long as everybody is told what has happened... (*The greatest bullshit of all time! Ekaterina wanted nothing less than my total destruction with the entire world hating me to the utmost extent possible.*)

7:45 PM. Remotely controlled to sit next to a loud-talking Mexican (it was the best seat to look at some girl). Then remotely controlled to not want to change seat. 8:20 PM, SDW (*actually, just the Monkey*) sent in another homeless man to ask a light from me, having asked the computer to program me to not want to give him light. Thought this to be SDW's intention: nobody shall ever help me as I go homeless and hungry for the rest of my life. (*Again, the requirement for me to continue to remain delusional about my "women victims".*) On the bus to Venice. First, wrote down that the Macrospherians were looking for a substitute who can conform to the Monkey's false profile of me *for life*. SDW wants me to write that, so that she can fulfill her sadistic desire to see me committing crimes and suffering pain for the rest of my life. (At the time, felt that "Operation Substitution" is not fair to SDW; but hated her at the same time. Ambiguity.) (*In reality, just the sort of delusion which the Invisible Hand wanted me to develop so that, while Homeland Security CO chief could rest satisfied that I continued to look insane, he could make the delusion come true in the future.*) Then, more loud-talking people. Changed to the seats in the back of the bus. SDW (*actually either Homeland Security CO chief or the TMU*) sent in two more Mexicans wearing earphones to cause me severe physical pain,

---

45 In the original version, my wrong interpretation at this point: "It seems that the Hardliners, in order to stall the ICJ trial, needed evidences showing that my DVDs are all fake: in conformity to the Monkey's false profile of me."

46 In the original version, my wrong interpretation at this point: "But now it was probably the Hardliners who needed evidence showing that there was some truth in the women's claim about my being a danger to myself."

so that I would want to blow up right there or become violent to get arrested. (*It's probably just surveillance, because of the MSC incident about to take place.*) Believed that SDW has instructed the computer in the control center to activate parts of my brain in order to bypass my cognitive therapy to myself with which I would have otherwise prevented myself from being provoked by ordinary sights. Originally decided not to W. But she wanted me to W. She must have had the police investigation set up already. She wants me to get arrested as part of the process of the erasure of evidences. (*Again, as you shall see, it's Homeland Security CO chief who wanted me to W.*) **15 N, 1 W.** On the bus going home. No earphones-wearing people. Hurried back in order to catch a relaxing time at SPOT. SDW (*actually just the control center*) allows me to catch bus 207 at Vermont. Theorized that she wants me to catch my relaxing time there in order to waste my money (a cup of coffee there cost 5 dollars). When arriving, 2:30 AM, was told it will close in 30 minutes. Thus left angry. (*Erroneously*) thought this to be SDW's insult. She loves insulting me because she truly regards me as a piece of trash. Why else would anyone care about her? Required to collect damages tomorrow. And hatred toward xxxxxxxxx, some physical pain. Then realized that she has decided not to get me arrested; she wants the scenario of "being left alone to rot" to apply to me. She agrees that it's more important to exclude me from participation in society (which arrest will entail) than to arrest and imprison me. She has the police compile a profile of me: anti-American terrorism; gender-based hate crime, racist hate crime, etc. (*Again, wrong scenarios all day long because Homeland Security CO chief and the Monkey wanted me to continue to look delusional.*) Thought also that SDW has to conform to the Monkey's false profile of me without being remotely controlled. (*Although this was not true at the moment, the Invisible Hand would make it true later on.*)

(*Take notice about the damages I had collected tonight: tonight Homeland Security CO chief wanted me to break the xxxxxx of MSC – another semi-famous woman. You have to suspect that, tomorrow, Homeland Security CO chief and the Secret Society women would contact her – and so the same thing as with TG.*)

Now the Secret Society women's operation on my website for today. 4:25 AM,

47 My wrong interpretation in the original version at this point: “You can imagine what happened. Frustrated by police inaction, SDW and her Secret Society members were brainstorming about what else to do to persuade the police – having no idea that they were just wasting their time, all because the only reason the police [were] encouraging them to make more reports was that the Hardliners had given the order that the women be told to make more reports in order to produce the ambiguous evidences to stall the ICJ trial, and that, once the trial [be] stalled, nothing would happen, since the government had obviously no interest whatsoever in the women’s ‘trivial pursuit’ – which must be just ridiculous to anybody with a functioning brain and a busy schedule. Thus, SDW and her gang reposted Best Mommy’s picture on the Secret Facebook page – since its last posting had already been buried under the new postings since then – asking people to identify this woman and recruit her: just in case this woman’s complaint might make a difference.” Best Mommy was, of course, already involved with the Secret Society women.

To summarize. Today was the fourth day that the Secret Society women would mobilize volunteers to brainstorm how to convince the detective in question that Homeland Security was all right about me. Again, they would exercise a great amount of effort on brainstorming how to prove that I did plagiarize. But the essential efforts are:

- (1) 9:53 AM, Homeland Security CO chief instructed a Warsaw volunteer to produce evidence, via faulty surveillance, of my violation of intellectual property rights.
- (2) 11:08 AM, the same Chicago volunteer came again to look at [chinesepatriarchy220.htm](#).
- (3) 11:18 AM, **the same London volunteer** came to brainstorm again about my theory on linear perspective.
- (4) 12:53 PM, **the same London volunteer** again.
- (5) 1:58 PM, **the same London volunteer** again.
- (6) 1:59 PM, the South Pasadena volunteer continued to brainstorm how to prove that representation.html is all plagiarized.
- (7) 4:20 PM, a Charlotte, North Carolina, volunteer came to brainstorm about my delusions about mosquito drones.
- (8) 5:29 PM, an Adrian, Michigan, volunteer brainstormed about my delusions about Obama.
- (9) 7:37 PM, SDW called upon an Amazon volunteer to come examine my victimization of her on her blog (1).
- (10) 11:24 PM, the **same London volunteer** again.
- (11) 11:35 PM, SDW called upon a LUG buddy (2)
- (12) 1:53 AM, SDW called upon a Palmdale volunteer (3).
- (13) 3:23 AM, a Dallas, Texas, volunteer examined my delusions about Madero.

We can see that SDW was most likely at work all morning and afternoon today and didn't come home until 7 PM. There were of course efforts spent on (1) Angelica's naked picture (3 times); my harassment of Shizuka (2 times); and my computer-hacking.

Then, late in night, Homeland Security CO chief would order the Monkey to control me to break the xxxxxx at MSC's business and, once home, to post my "misogynist" comments about Cheryl Sandberg on my blog.

## **22 May (Thursday; Karin's meetup)**

*First, a note about myself.* Home. Wrote down SDW's operation on me and worked on the new blog post until 6:20 AM. Simply didn't have time for anything else anymore.

Woke up 1:30 PM. Reviewed the recording of my conversation with Wes on the 14<sup>th</sup>. Was Wes not talking to me in order to get me off my addiction to him? SDW's intention, presumably (both to have Wes not talk to me and to have me cut myself today). (*More wrong scenarios to make myself look delusional.*) Anger, physical pain: required to collect damages and cut myself. Decided that one must xxxxxx AWFs whenever there is a chance, because they *like to be harmed* and will kill you if you care about them. (Explanation to everyone: SDW taught me so.) Took two Norcos, and it's working... Will soon realize that SDW wants me to learn to be bad, i.e. to conform to the Monkey's false profile me, on my own. When I can be bad on my own, she will loosen the mind-control over me. (*Completely wrong scenario – but would the Invisible Hand make something like this come true later on?*) Would call Wes two times in the afternoon, leaving messages about how I was cutting myself. Went to the cybercafé near home to check DVD-382, but it was out of business. SDW's intention: to manipulate my environment to shape my goals, to make me develop goals which it will not be possible for me to accomplish, so that I will get frustrated and commit crimes, making myself into a bad person. (*It's not clear if the Monkey was really doing this: I could be over-interpreting things here.*) Bought spray paint to xxxxxx AWFs. 5 PM, checked DVD-382 at Kinkos. The disc was fine. Realized that SDW had wanted me to believe that she wanted to destroy my writings, and say so, so that she can have the ICJ issue a judgment permitting her to destroy all my writings. (*Again, more wrong scenario to make myself look delusional – but would something like this happen later on?*)

So busy that I had again no time to read. To Stammtisch. On my way, uttered the scenario about one's competition with SDW for becoming the "Gift". SDW will believe that she will be taken to Russia to advertise Russia's modernization process: the model, stupid woman. (*What bullshit I was required to believe in order to look delusional about my women victims!*) Then, more strange beliefs about SDW's remote control of Asian guys to kidnap white women. SDW wants an international laws permitting her to remotely control Asian males to hurt white women in order to make Asians look bad. (*Would the Invisible hand make such stupid "delusions" become reality later on?*) At Stammtisch. One German guy, rugged-looking. Since SDW must be disgusted with everything German because I like things German, is she being tested for her reaction to a German guy who fits her taste? (*Just more bullshit.*) Ron, a LA Public Defender, looks like Gaurav. Then, was ignored by everyone. Two AWFs there. One pretty. Kathy was not there. At first, the pretty one is so polite as to cause oneself to wonder if one can ever xxxxxx AWFs. Then realized that my morality, or moral character, is developed entirely in the absence of interactions with actual persons, and so is unreliable in that it's hard to apply it when the actual persons on whom moral judgments are made are right in front of me. This changes one's way of looking at polite AWFs. Was being programmed to begin to want to physically xxxxxx AWFs, and to

lose attraction to them. (*Was the Monkey really doing this?*) SDW is advised to make me hate AWFs in order for me to be registered in law enforcement investigations as a hate-crime suspect (racist and misogynist) and to conform to the Monkey's false profile of me. (*Well, sort of.*) Out, and tried spraying on AWFs' cars. One guy started his engine nearby, and must have seen me spraying. Uttered the scenario that SDW wants me excommunicated (through law enforcement alerts) only. (*More bullshit.*) Many police cars nearby. Is SDW advised to get me to become used to police presence, in order to wear down my defense against arrest? Perhaps she wants me both arrested and then excommunicated. (*More bullshit.*) **12 N, 5 SPC, 2 B.** Then, to Vine/ SM, near K's old address. **1 shattered W, 1 H.** Came to SPOT, 1:30 AM. Wrote an email to Dr G asking him to pay me back the 100 dollars "he had borrowed from me". The American way. (*In this way I would have only strengthened Dr G's erroneous belief that Homeland Security had told him the truth about me – that I suffered from schizophrenia.*)

*(And so Homeland Security CO chief would today have two more famous women on the list of my victims, Sandberg and MSC. But we must pause to wonder whether we are right about the MSC incident. For, some time later, when I did it again at MSC's place and her man came to lie in wait for me, he saw me but didn't recognize me. If, this morning, the Secret Society women had indeed contacted MSC and shown her the Homeland Security warning about me, why would her man be unable to recognize me later on? Perhaps the Invisible Hand had done something this morning to prevent MSC from becoming involved.)*

Note that Karin had her usual Any Language and Culture Meetup tonight (in the same old places).

48 In the original version, my commentary at this point: "What is this London Grid for Learning [Trust]? It is said on its website: 'The LGfL Trust is a consortium of the London local authorities and 2,500 schools working together to provide extensive and cost effective ICT services, particularly for school broadband services.' The visitor thus was probably some sort of school teacher in London." Indeed!

50 As she would recount: "At 8:30 pm this evening I went out for a walk as I normally do. Just steps down the sidewalk, directly in my path, the white truck pictured below sat idling at a business entrance. Blocking the whole sidewalk, idling with no one inside, and the interior light on. No driver in sight. I walked behind it and inspected the plates with my flashlight. The truck sat there like that for 2 – 3 minutes. I stopped and wrote down the plate number and took a picture. At that point a man walked over to the driver side and started pressing buttons on his cell phone. This tactic has been done to me in multiple variations before. Perps take the liberty of parking illegally all over my neighborhood." As you shall see, at the time when I read this, I almost thought, erroneously, that she was under surveillance (the pressing of buttons on cellphone).

51 In the original version, my wrong interpretation at this point: "This Secret Society member was first tricked (by the Hardliners' operatives inside the [Secret] Society) to make a more legal report about my plagiarism, and then, 13 minutes later, to make an entirely false report about my plagiarism. It seems that the Hardliners wanted also clear evidences for the women's wrong doing as well as clear evidences for my conformity to Kiersten's, Angelica's father's, and Mr Chertoff's false profile of me. This, presumably, is what was needed to stall the ICJ trial."

52 In the original version, my wrong interpretation at this point: "Now there would be no activities on my website until 11:26 PM, indicating that, for more than an hour, the Secret Society was on break. Now SDW posted a new post on her blog, probably between 10 to 11 PM. According to her posting, she was taking a walk outside around 8:30 PM – which means that the previous three visits from Massachusetts, Los Angeles, and Colombia were under the direction of another core member of the [Secret] Society, probably Veronica or Kiersten. SDW mentioned on her blog: she had to write down the license plate number and take a picture of a certain truck – it is of course interesting to note that, within minutes, I would [be noting] down the license plate number of the one AWF who was leaving the Stammtisch meeting and who I would later discover was also part of Karin's group: *the control center had programmed this probably in order to establish identity between me and SDW* – and somebody near her suspiciously pressed a button on his cellphone. Since this was typical Homeland Security surveillance, it was possible that, while SDW was outside, the San Diego law enforcement was actually conducting surveillance on her as part of their program to study the 'victims' who were in the habit of making false reports." We can't be sure whether SDW was indeed under surveillance, but we do know that the Invisible Hand would again make part of my wrong scenarios here come true later on (e.g. the italicized portion).

My plagiarism.

3:48 AM, my wrong scenario by this time:

Let's summarize. Today would be the fifth day that the Secret Society women would mobilize their volunteers to brainstorm how to prove to the detective in question that Homeland Security was all right about me. As usual, there would be an enormous amount of efforts spent on brainstorming how to prove that I did plagiarize (which we shall skip over). However, since Homeland Security should have warned Sandberg about me this morning, the following essential efforts might have been directed instead to the new case which Sandberg would have opened with the TMU (and the other LAPD detectives). (Once again, we refrain from speculating whether MSC might have also been prompted to open a case on me with the Venice Beach Police Department.)

- (1) 4:30 AM, a Perth, Australia, volunteer examined my delusions about Snowden.
- (2) 5:25 AM, a Hyattsville, Maryland, volunteer examined my delusions about synthetic telepathy.
- (3) 6:18 AM, a Kearny, New Jersey, volunteer examined the same thing.
- (4) 6:56 AM, SDW called upon a Washington DC volunteer (1).
- (5) 7:24 AM, a **Philadelphia volunteer** examined my delusions about the intelligence agencies and so on.
- (6) 7:37 AM, the Secret Society women called upon a Catholic school teacher in Toronto to come examine my particular brand of misogynist ideology.
- (7) 8:15 – 8:24 AM, **the Philadelphia volunteer** again.
- (8) 9:04 AM, did a Washington DC volunteer also get asked to examine my misogynist ideology?
- (9) 9:32 AM, **the Philadelphia volunteer** again.
- (10) 9:42 AM, a Philippines volunteer examined my delusions about Snowden again.
- (11) 10:07 AM, SDW called upon a Chichester College volunteer (2).

- (12) 10:24 AM, **the same Philadelphia volunteer** again.
- (13) 10:40 AM, a Tallahassee, Florida, volunteer clicked on the link which the Bronx volunteer had placed on the Secret Facebook Group on the 18<sup>th</sup> (a).
- (14) 11:06 AM, a Los Angeles volunteer examined how my delusions about mind-control had caused me to become a danger to people. (The 2012/07/14 post.)
- (15) 11:29 AM, **the London volunteer** came again to brainstorm/ report about my plagiarism of my theory on linear perspective.
- (16) 12:31 PM, **the London volunteer** again.
- (17) 1:03 PM, **the London volunteer** again.
- (18) 2:09 PM, **the London volunteer** again.
- (19) 3:27 PM, SDW called upon a LUG buddy just like yesterday (?) (3).
- (20) 4:11 PM, another Westbrook, Maine, volunteer clicked on the Bronx volunteer's link on the Secret Facebook Group (b).
- (21) 4:18 PM, a San Dimas volunteer made a complaint on behalf of Marie.
- (22) 7:55 PM, a Littleton, Colorado, volunteer made a report about my delusions about Snowden.
- (23) 8:07 PM, did a volunteer check my website on the Internet Archive?
- (24) 8:23 PM, **SDW was blocked by a white truck as she went out for a walk.**
- (25) 8:37 PM, a Winnetka, California, volunteer reported on my delusions about mind-control technology (synthetic telepathy).
- (26) 8:41 PM, the Internet Archive again?
- (27) 9:56 PM, a Christchurch volunteer reported on my particular brand of misogynist ideology.
- (28) 11:51 PM, SDW called upon a Redmond, Washington volunteer (4). (My pollution of the TI discursive domain.)
- (29) 1:02 AM, a Noida, India, volunteer reported on my delusions about mind-control technology (synthetic telepathy).
- (30) 2:22 AM, a Seongsu, South Korea volunteer came to make a special false report about my plagiarism.
- (31) 2:23 AM, **the same London volunteer** again.
- (32) 3AM, did SDW call upon a Newcastle, Australia, volunteer? (5)

Beside these, of course: Angelica's naked picture (3 times), my harassment of Shizuka (1 time), my harassment of my family members, and my computer-hacking.

If indeed the reports today were directed toward Sandberg's case instead, then of course the volunteers would be emphasizing how I had targeted white women out of my misogynist ideology and hatred, how I was dangerous because I was totally delusional, and how the rest of the characteristics which Homeland Security had attributed to me were also absolutely correct.

As for the world today: Uyghur separatists launched an attack in Xinjiang, with many civilians killed. I was mistaken enough to believe that SDW might have had a hand in this – in order to absorb the CIA's past crimes and blame her own crimes onto me. Again, you never know if the Invisible Hand might make something like this "delusion" of mine become reality later on.

### A WORD ABOUT MY "DELUSIONS" AROUND THIS TIME

(1) It was part of the Invisible Hand's plan that I should, around this time and in the coming months, develop the "delusion" that, in the evidentiary record of the ICJ, identity should be established between me and any and all of the Secret Society women (such as by mixing our brain scan images together in a continuity). And, very possibly, that the Secret Society women themselves should be trained to become like David Chin – as if the mind-reading computer had never been tampered with. The purpose was presumably this. First, identity has to be established because the CIA's past targeting of me will have to be replaced by the CIA's current targeting of the Secret Society women in order for the CIA's past crimes to be completely erased. Second, even though the CIA shall reactivate the previous ICJ trial on the premise that the mind-reading computer *had* been tampered with/ was inaccurate, the tampering itself will have to be erased from records once the trial shall have already been reactivated. This is because one can always object that the CIA has conspired with Angelica and her father in the latter's tampering with the mind-reading computer since the Invisible Hand was involved with them at the time and the CIA has subsequently benefited from the tampering (since "conspiracy belongs to those who benefit from it"). (This, beside whatever claim BOL has made about the episode in the ICJ back in October/ November 2010.)<sup>53</sup> In other words, once the previous ICJ trial shall have been reactivated, the Secret Society women's brain scan images will replace mine in the evidentiary record, from October 2009 onward all the way to April 2010 when the intercepts of my thoughts were no longer accurate. The women's brain scan images will form a continuity with the forged intercepts of my thoughts giving the impression that the mind-reading computer had never been tampered with.

(2) It was presumably also part of the Invisible Hand's plan that I should develop the "delusion" that he had gone to SDW to train her: to teach her how to understand me, what the targeted individuals phenomenon was all about, etc. This is because he did plan to do, and eventually would do, something like this. Recall how, with the intercept "find somebody else like you", he had obtained the right to find another politically incorrect, but highly intellectual, white guy. As this guy would, during the final phase (after the reactivation), play such an important role both inside the control center and with the Secret Society women, the Invisible Hand must prepare him for this by going to his home and training him on his computers. In other words, a dumb woman had merely to be exchanged for a smart guy when my "delusion" shall once again become reality.

53 You will be quite confused as to what I'm talking about here if you have only read the old version of "Ying and Yang, I" – in which I claimed, erroneously, that the Russians had sent DGHTR, a SVR legend, to go train Angelica. (Even when you have read the current version of "The World of the Pyramids", you will still be confused because, at the end, it is still claimed that it is DGHTR who was sent to go train Angelica even though, by this time, DGHTR is said to be a CIA officer.) In a new, totally revised, version of "Ying and Yang" – which I'm currently planning, but have not yet begun, to write – we will correct all these errors and assert correctly that, back in February and March 2010, the Russians had simply sent the Invisible Hand himself to go recruit and train Angelica.
