

The Secret History of the International Court of Justice

KIERSTEN'S VENGEANCE

13

RESUME

The following reconstructs the operations of Homeland Security CO chief and the Secret Society women against me from 5 to 16 June, 2014.¹ This is a rewrite, from July to October, 2022, of the original “Kiersten’s Vengeance, 12” (Part VI), originally composed from March to May, 2015. Here are the essentials during the period under consideration:

05.06: 4:40 PM, Homeland Security CO chief remotely controlled me to “stalk” Veronica. 5:10 – 6:30 PM, after the TMU (or the Inspector-General) had rejected the request from Angelica and Veronica, the sisters got on Talk Shoe to discuss this “schizophrenic stalker on Homeland Security’s watchlist” with a hundred other audience members. Everyone was indignant.

06.06: 7:50 – 10 AM, **the MSS Hong Kong volunteer** made one more appeal to the TMU (or the Inspector-General). After his failure, the Secret Society women continued to mobilize volunteers to brainstorm. Especially SDW: she was discussing the situation with volunteers from 1:50 to 4 PM, and then from 8:30 to 11 PM. **She didn’t go to work.**

07.06: the Secret Society women continued to mobilize their volunteers to brainstorm. **The MSS Hong Kong volunteer** was here from 7:10 to 8:10 AM and then on 9:50 PM. Homeland Security CO chief used my wrong scenarios as evidence to temporarily lock up the previous ICJ trial.

1 The preface in the original version runs thusly: “**You recall that**, because the TMU... had dismissed the Secret Society’s stalking claim against me definitively on 4 June, the Secret Society was now complaining about the TMU’s supposed misconduct to some ‘new authority’ which seemed to be located in the east coast (probably some office in the US Department of Justice, which had somehow jurisdiction over this county case because the ‘stalking’ in question involved the Internet).” Again, we have delineated the possibility that, on 4 June, the Secret Society women might indeed have complained to the Office of Inspector-General in the Los Angeles Police Commission. “**Meanwhile**, Mr Homeland Security CO chief was getting increasingly angry inside the control center because, even though he continually controlled me to show up, first in front of Carolyn’s office, then in front of Veronica’s residence, the TMU still didn’t find enough legal justification for reopening the Secret Society’s claim against me. He didn’t understand that he was only allowed a very limited access to the computers inside the control center, so that he couldn’t see the computer’s prediction that the actions which he could control me to perform would *not* result in the consequences which he had desired. The Hardliners were only using him to accomplish their agenda.” Again, I was somewhat correct because the control center, after the Invisible Hand had fixed it, had lost the long-range prediction capability – both now and in the coming years. “**The Hardliners**, on the other hand, continued to pursue *their* agenda of stalling the ICJ trial over the Syrian scandal, by allowing Mr Homeland Security CO chief to continue to torture me to make me conform, only ‘half-way’, to Kiersten’s false profile of me.” Again, something like this would happen later on, although not now. “**Finally, on 11 June**, Mr Homeland Security CO chef was permitted by the Hardliners to program me to show up in front of Veronica’s house for a second time – allowing the Secret Society to file its fourth stalking claim against me. However, he still wouldn’t understand that he had gotten this only because it would fulfill the Hardliners’ agendas, not his. Both he, and the Secret Society, would in the end be disappointed as the fourth stalking claim against me, just like before, could not result in the consequence they desired (my permanent imprisonment without charge and the removal of my website).”

08.06: the brainstorming continued. SDW discussed me with volunteers from 10:30 AM in the morning to 12:30 AM at night. **She didn't go to work.**

09.06: 12 PM, my conversation with Wes provided Homeland Security CO chief with more evidence that I was insane and an anti-American terrorist (so that he can persuade his colleagues that he was right about me and lock up the previous ICJ trial for the time being). Then, **the MSS Hong Kong volunteer** was here from 6 to 8:30 AM, and then from 7:50 to 9:30 PM, and SDW from 9 to 10:30 AM and then very late at night, from 3:30 AM onward. Furthermore, the Secret Society women had a particular focus today on my particular brand of misogynist ideology.

10.06: the Secret Society women had a particular focus today on my "brain-chip delusions". 10:56 PM, even **the MSS Hong Kong volunteer** came to examine such delusion of mine, and then a Madagascar volunteer was instructed to forge evidence showing me copying this delusion from other sources. SDW was again active all day long: **she didn't go to work.**

11.06: 3:40 – 5 PM, Homeland Security CO chief got me to "stalk" Veronica again so that the Secret Society women can make another appeal. Angelica personally made a report from the Law Library. After the TMU or the Inspector-General had dismissed the appeal, SDW cried to her relative in Connecticut. Homeland Security CO chief also instructed Dina B to post her MRI brain scan images on her Facebook.

12.06: **the MSS Hong Kong volunteer** came in the morning, SDW only in the afternoon, Robin was particularly active, and at least two volunteers had examined my Youtube channel while brainstorming.

13.06: a **Heidelberg, Australia, volunteer** spent more than 4 hours, from 2 to 6 PM, brainstorming how to use my belief about the chips inside my brain to prove to law enforcement that Homeland Security was all right about me. He was also instructed to try to befriend me.

14.06: because of the Heidelberg volunteer's failure, Dina B was instructed to try to befriend me on Facebook. By night, SDW held extensive discussions with three of her Tampa, Florida, friends.

15.06: from 4:40 PM onward, the Secret Society women began appealing to "Authority XX" (to complain about the LAPD's misconduct). The TMU sent in the LUG buddies to make complaints on behalf of the women victims (to sabotage their case). **6:30 PM, my conversation with Wes.** 7 PM, the process ended and, soon afterwards, "Authority XX" rejected the Homeland Security warning about me.

16.06: **1:50 PM, my conversation with Rod.** SDW spent the whole day crying to volunteers (including her Erie relative) about Authority XX's dismissal of the case. **She didn't go to work.**

In regard to the following it should be noted (a) that current traces of IP addresses continue to be affected by Homeland Security's disruption of the WHOIS records in late 2022 and (b) that, where a current trace is combined with the older trace, this is indicated by "(*)".

Now my diary entries and the log of the Secret Society women's operations on my website during the period under consideration. Again, you must be mindful of the fact that, in the following, three layers of interpretation have been superimposed one on another. First, there are the original diary entries from June 2014. Then, interpretations

from March to May 2015 are superimposed on these original diary entries (all that garbage about the Hardliners, for example). (This is the “original version”.) Then the corrections of the errors in these second-layer interpretations are added one more time during the rewrite: these, as usual, are in brackets and italicized, at least in the diary entries. (Such is the “current version”.)

5 June (Thursday; severe targeting; H-1630)

First, a note about myself. Around 8 AM, at home. Still hadn't slept yet. In the restroom. The crazy Korean old man burst in yelling at me and banging and making gestures about beating me up – for 30 minutes. He had severely disturbed the other occupants. The white guy living next door called Ms Choi. It must have appeared to Ms Choi that it was me who was making troubles again. All this seems to have been programmed beforehand from the control center. Thus A/ K and Panistas have succeeded once again in making people detest me like a piece of disgusting trash. (Actually, it was just Mr Homeland Security CO chief who was asking the computer inside the control center to program me to do anything I could to make myself thusly detestable, and the Hardliners had allowed him to do so in order to collect more evidences showing me conforming to their “modified” version of Kiersten's false profile of me.) (*Actually, none of this is correct: we aren't even sure if this crazy Korean man's outburst was indeed programmed by Homeland Security CO chief – and of course there weren't any Hardliners or Panistas – although it's possible that Mr Homeland Security CO chief did do this in order to use faulty surveillance to confuse the crazy man with me and thus intercept some temporary evidence into the ICJ.*)

Reflection on last night's detention. I had the mistaken notion that the Panistas and A/ K had shared with the two police officers the intercept of my conversation in the afternoon, and that that's why they hated me. Something like this was true, of course. (*Right.*) But the following was completely true: my mind is so corrupted by the preconception that people understand my reasons for hating xxxxxxxxx, that people I have helped, or attempted to help, will reward me (reciprocity), that bad people will be punished for doing bad things, that I'm good, or belong to the camp of good people, and that good people agree with me on this – my mind is so corrupted by these unrealistic notions about people that, during the detention, I actually believed that the police officers were acting and were pretending to be bad in order to help me. The police officers wanted to arrest me because they hated me, but they let me go probably because they didn't want to reveal to a subhuman that he had been caught in surveillance videos. The subhuman does not deserve to know how society works. Thus, they let me go because they hated me more than expected! (*Again, I was probably all correct here.*)

Then, the following was all incorrect – but hopefully it would be correct in March next year when I have come to revise it! I'm required to develop delusions (due to my attempts to know about what I'm not allowed to know about, i.e. my circumstances) because the CIA and the Russians need to test me in order to submit the test results to the ICJ as evidences. If I know it is a test, or understand the purpose of the test, the test results will not be considered as accurate. A/ K and the Panistas are also tested. But they are allowed to see the testing situation whereas I'm not allowed to. And it's always possible to use other kinds of test where the testing subjects do not have to be deceived and waste their times on delusions (to discredit themselves). Why all this? Ostensibly because A/ K are the accusers and I'm the accused, and because “test through deception” is the most extreme, and so the most accurate. But ultimately it's because the structure of the current ICJ trial is dictated by the necessity of the replacement of evidences for the previous ICJ trial. Insofar as I'm severely tortured by the procedures

of the current ICJ trial, I am, again, tortured because of the previous ICJ trial. Again, the Macrospherians (in the previous ICJ trial) or the CIA and the Russians (in the current ICJ trial) torture me, or allow me to be tortured, even though I have done them good, because they need to defend themselves (in the current ICJ trial) or save themselves and the world (in the previous ICJ trial): self-defense; and they conduct self-defense at my expensive because they *can* while I *cannot* resist or escape. A question of power: that's the cause of my torture and why I will have to be a criminal for life. (*While all this was indeed nonsense at the time, it was still nonsense in March 2015 when I came to revise it. But, by July 2022 when I've come to revise it again, something like this nonsense will have indeed become true: the CIA has allowed the Secret Society women's companions to gang-stalk me to drive me insane because they want to submit evidence to the ICJ demonstrating that I'm actually not insane.*)²

Now the following is very important. I constantly look for justifications for xxxxxxxing xxxxxxxxxx (the reasons why they are evil) because, if they are not evil and not my victimizers, then xxxxxxxing them would not kill pain – and there are no other pain-killers available than xxxxxxxing people. xxxxxxxxxx *have to be* bad and responsible for my miseries, otherwise I'm doomed to suffer pain without medicine to counter it. The cause for such situation is that I practice Human Morality, or the world-view that good people should be rewarded and bad people punished, from which rule I do not exclude myself. That's why, in my conception of things, I'm good, and superior. Angelica and Kiersten would have an easier time, for their notion is: anyone who obstructs my purpose – even when my purpose is to harm people – deserves to be punished. Whereas everyone agrees that “people who harm me are bad and deserve to be punished”, A/ K *do* exclude themselves from the “rule”. *They practice Ape Morality, the essence of which consists in the exclusion of the self from the application of the moral rules* – which Angelica, SDW, and especially Kiersten knew still how to repeat to others. Moral rules do not apply to themselves, but only to others.³ When A/ K need to hurt irrelevant people to give vent to their anger or to kill pain (when they are not able to touch their victimizers), they will presumably not be bothered by the need to find justifications for hurting these irrelevant people.

4 PM, on bus 770. Programmed to ride past White Memorial. Then, couldn't get off the bus at Soto, because programmed to not remember that this was 770 and not 68. Severe physical pain and sadness. Required to xxxxxx xxxxxxxxxx. Waited for 68 at Soto. The bus came. But the bus driver went inside the liquor store first. The idea hurt. Required to xxxxxx xxxxxxxxxx. At White Memorial. Walked around the neighborhood to arrive at H-1630. That was 4:42 PM. Veronica's car was still there in the drive way. The garage door was open. One van inside. Two other cars there too. Walked in front of the house with my face covered on 4:54 PM. On the bus to go back to downtown by 5:02 PM. I was under the mistaken notion that the control center had programmed my brain to develop the desire to check on Veronica because the former evidence for stalking Angelica had to be erased (or replaced) – and that it was now SDW who had falsely reported me for terrorism and stalking. At downtown, on bus 4 to SM/WSTWD. Rode past my destination again by one stop. Tried to use the opportunity to eat and do Ns. N failed. Too tired.

2 When you *have to* try so hard to drive somebody insane in order for him to *look* insane, that itself is proof that he is not insane.

3 These women have come to see themselves as exempt from the moral rules which they understand just as well and which they do apply to others because they have been brainwashed by ideologies to become convinced that they are the “victims” (which, during the current age of slave morality, means they are the good) and have thus completely overlooked the possibility that they could be victimizing the person they assume to be their victimizer.

You can see what was going on. Mr Homeland Security CO chief was very upset over the fact that, yesterday, the TMU had decided not to reopen a stalking case on me in view of my visit to Carolyn's office,⁴ and so today he decided to program me to visit Veronica's home instead. (*Right.*) Of course, since I wasn't stupid enough to stalk a woman knowing that I would be discovered, he had programmed me to develop the incorrect belief that everybody had expected me to "stalk Angelica" in order to "help me". Now the visit to Veronica's house, he thought, should be enough reason to persuade the TMU to reopen a stalking case on me.⁵ (*Right! He wanted to use Veronica again to save his warning about me.*)

Programmed to want to see [BOL's] article since morning. (It had been taken off Google Books.) Did she request Google to take it off Google Books upon being so requested by the Hardliners? Or did the Hardliners order Google to take it off in order to "gather evidences"? (*Bullshit.*) Programmed to come to the UCLA library after 7 PM, just when the library was closed to outsiders because of final exams. Severe physical pain. Took Norcos. Required to xxxxxxx xxxxxxxxxx. Walked another 30 minutes back to Westwood Village. Totally exhausted. Starbucks was closed too. Physical pain. Came to Coffee Bean. No seat, and was thus required to sit on the floor. Posted on my blog from there:

CORRECTIVE TO "FAKE CRIMES": the victims of my crimes have consented to being my victims in the sense that, by suffering my harm, they will have helped the government to prove to the two women A/ K, [to] educate them, that I'm not as dangerous as they have thought, and that, even when I try to harm people, it is in a different way than they have thought. And also in the sense that I will have wasted away my life, and my brain, and made myself look disgusting and bad and detested by everyone, per these two women's, and their Panista associates', wish. Thus, they will not be angry when they know they have suffered for the noble cause of educating two women who have had wrong conceptions about masculine dangerousness and [...] wasting my brain and my life away to fulfill these two women's wish.

None of this was true at the time, of course, although *something like it* would turn out to be the case in March next year when I shall come to revise it. (*Actually, not!*)

Worked in Coffee Bean until 10 PM. Walked out, and saw that Starbucks was open again. Asked. It turned out that there was electricity outage for about 30 minutes. Mood stable by night. Nevertheless, rode the bus and Metro to PSDN to collect damage. Tried XIA, 3 times and couldn't W. Totally exhausted. Then at DRLURCLLA. **1 W with B.** Somebody saw me. Ran fast. Escaped. **2 B.** Tried another W on LK. Couldn't do it. Some people saw it, but didn't respond. On bus 181 to go back to Vermont. Tried W at WACKO, couldn't, and two times. **1 B. 2 H, 1 SPC.** It seems almost as if I were so weakened from over-collection that I can no longer collect. But these Ws were especially made. Don't know if law enforcement would say anything when people report it. That I want "Nanjing Massacre" on xxxxxxxxxx? That I want them to help the government educate two women? The signals from the control center all point to the latter, but A/ K certainly would want the former. (*So much bullshit.*) Forgot about the Bible Study. 4 AM, discovered that I have been reviewing the wrong recording. Mental disability. **2 ATMs in these days had not been recorded.**

4 Or that the Inspector-General had decided to ignore the Secret Society women's appeal despite my "stalking" of Carolyn.

5 Or to persuade the Inspector-General to heed the women victims' complaints.

A final note about my mind-control torture for today: throughout the day, one had exhibited all the bad symptoms of a druggie: extreme physical exhaustion and weakness due to over-exertion of oneself to commit crimes; severe mental deterioration due to (1) constant preoccupation with the scandal and the ICJ trial; and (2) continual attempt to save time when crime-commission had cost too much time. Thought to have forgotten to bring my cellphone, but then found it; thought to have forgotten my cigarette lighter, but then found it; lost my ski mast; and continually rode past my destination on the bus. Before bed, 4:40 AM, discovered that I had lost my toothbrush as well (in my backpack), and thus, was not allowed to brush my teeth.

Now the Secret Society women's operation on my website for today. 4:37 AM,

This seems to be the same old report about how, because I was obsessed with Angelica, I kept on imagining her going after me and blogging about it. We have to assume that, by now, as I had departed from Veronica's house for about ten minutes, the Secret Society women had already got another rejection from the TMU: the stalking case on me was not to be reopened because the Homeland Security warning about me was deemed to be invalid. Then, as you shall see, Angelica and Veronica, out of frustration, decided to ask for help by going on Talk Shoe together with the Harrisburg volunteer and posting on the chat room there the link to my blog post series in question. (It must be SDW who

had suggested Talk Shoe.)⁶ Alternatively, what had happened could be like this: since Homeland Security CO chief and the Monkey had already informed Angelica and Veronica early on that I would show up in front of House 1630 between 4:40 and 5 PM, the sisters, to garner public support, had already got on Talk Shoe beforehand to broadcast the video of my “stalking” to everyone who had joined the chat room – so that everyone can see what injustice had occurred when the TMU, as expected, refused to reopen the stalking case once again.⁷ In any case, Angelica would have announced: “This very dangerous schizophrenic stalker – he has shown up near one of us again, and yet the detectives continue to refuse to reopen the stalking case on him saying the Homeland Security warning is invalid!” As you shall see, Angelica and so on would run the discussion for almost 5 hours, at the end of which she would have convinced everyone that Homeland Security – and so she and her companions – were really totally correct about me.

5:37 PM, cpe-98-154-205-203.socal.res.rr.com, Hermosa Beach, California,

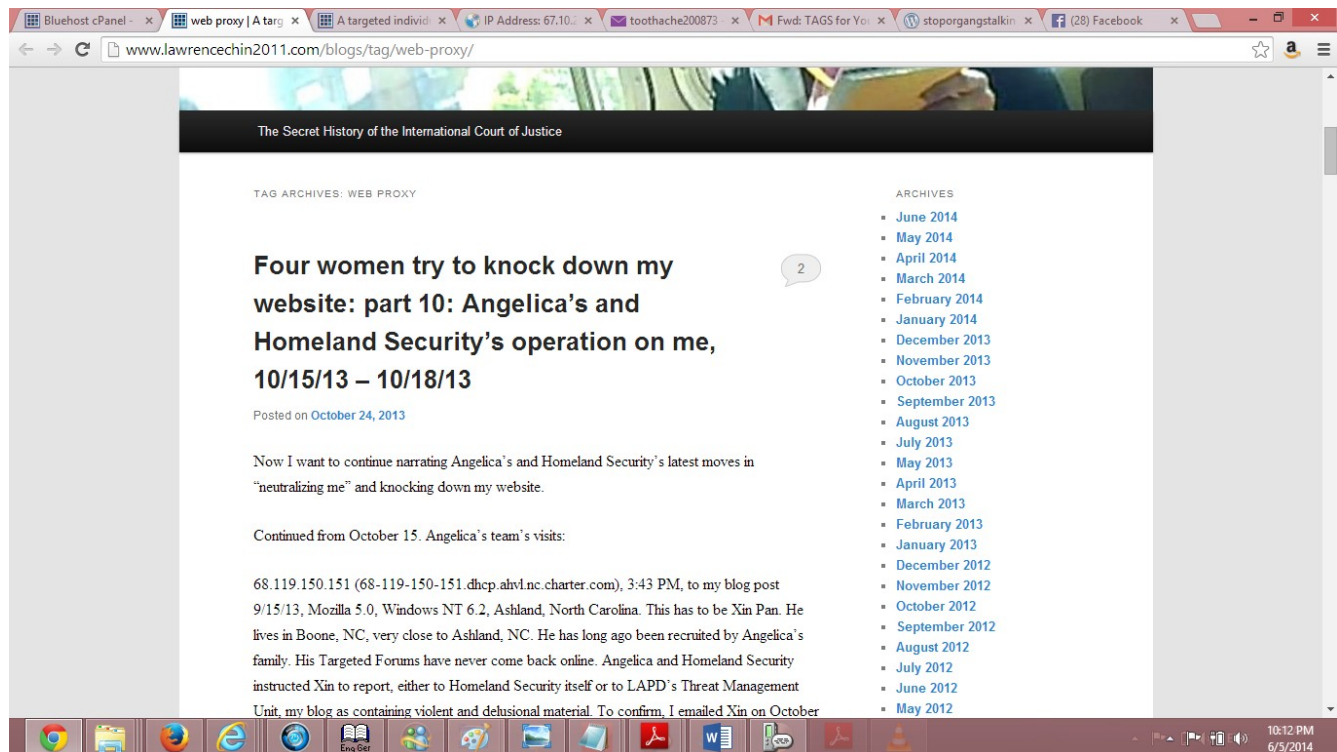

```
98.154.205.203 - - [05/Jun/2014:18:37:27 -0600] "GET /blogs/tag/web-proxy/ HTTP/1.1" 200 11203

10_9_3) AppleWebKit/537.75.14 (KHTML, like Gecko) Version/7.0.3 Safari/537.75.14"
```

And so, after the Harrisburg volunteer posted the link on Talk Shoe and as the discussion raged on, this Hermosa Beach person clicked on the link. Since this Hermosa Beach volunteer was obviously a victim of my vandalism spree, we are tempted to conclude that this was one of the two victims on the night of 29 May, i.e. either Mary K. Oli. or the owner of Lisz Dom Salon. If it's the former, this means that she had most likely joined the Talk Shoe discussion from her office. (So, at her office, while her phone service was Verizon, her ISP was Time Warner Cable.)⁸ This should be what had happened: because the detectives had dismissed the Homeland Security warning on the night of the 28th, when Homeland Security CO chief sent me to Hermosa Beach on the 29th, he made sure to contact the Hermosa Beach Police Department as well. Hence, on the night of the 29th when I was in Hermosa Beach, I seemed to be under surveillance and might have seen a detective while doing people-watching. Then, some time between 30 May and 4 June, the victims (Mary and the owner of Lisz Dom Salon) were contacted by either the police or Homeland Security and connected up with the “expert witnesses” Angelica and Dr P. Tonight Angelica and Dr P then invited the “victims” to the discussion at Talk Shoe.

6 Perhaps they had received a rejection not only from the TMU but also from the Inspector-General.

7 Or when the Inspector-General still refused to reconsider the plea.

8 If it's the latter, then we would have difficulty in ascertaining who it was. Lisz Dom Salon's website, lizdomsalonwellnesscenterandspa.com, which seems to have been set up in August 2015, was registered under a certain “Leon Thompson”.

The blog post series at a glance

The blog post series under discussion suggests that Angelica was explaining to the victims not only how the TMU had unjustly refused to validate the Homeland Security warning about me, but also how, because I became obsessed with her – hence my stalking of her sister an hour earlier – I had developed delusions about her going after me together with Homeland Security and so on (how such was my “pattern” with all my women victims). That is, Angelica was trying to convince all participants that the Homeland Security warning about me was in fact quite correct and that the TMU was perpetrating injustice by rejecting it as invalid.⁹

My delusional beliefs about my involvement in some ICJ trial together with the intelligence agencies from China and the US. (Presumably he was explaining to all the audiences on Talk Shoe how this should have convinced the detectives that Homeland Security was all right about me.) Again, we have to wonder whether this volunteer was a friend of Khalezov's.

Did Shizuka just join the discussion on Talk Shoe? It's probably around this time that the discussion at Talk Shoe had come to an end.

9:58 PM, I was on Talk Shoe myself searching in vain for the chatter about me from hours earlier. (Of course I would never find it.)

Around 10 PM, Kiersten posted on her Twitter page: "Just found [out] about this flick – looks good! All one! All one! (magicsoapbox.vhx.tv)". She must have just got off Talk Shoe not long ago.

My plagiarism. To summarize: today was just another day that the Secret Society women would continue to brainstorm how to get any law enforcement authority to accept the Homeland Security warning about me as valid. While the volunteers continued to brainstorm throughout the morning and early afternoon, Homeland Security CO chief must have notified Angelica and Veronica early on that, to help them with their case, he shall remotely control me to loiter outside Veronica's home again some time between 4:30 and 5 PM:

- (1) 6:16 AM, a Bangladesh volunteer examined my front page.
- (2) 6:57 AM, an Opera Mini volunteer examined my front page too.
- (3) 7 AM, Shizuka discussed me with a Tomsk, Russia, volunteer.
- (4) 7:10 AM, Shizuka discussed me with a Singapore volunteer.
- (5) 7:37 AM, a Bosnia volunteer examined my delusions about the Russian president and prime minister.
- (6) 8:56 AM, a Denver VPN volunteer examined my harassment of Kiersten by blogging about her.
- (7) 9:02 AM, a Helen, Georgia, volunteer examined my delusions about being involved with the CIA and gone after by Homeland Security.
- (8) 10:02 AM, a Houston, Texas, volunteer examined my May diary (to assess my delusional mind and violent tendency).
- (9) 10:31 AM, Robin discussed me with a school teacher from Archbald, Pennsylvania.
- (10) 11:28 AM, Shizuka discussed me with an Australian volunteer living in Jakarta.
- (11) 12:05 PM, SDW called upon a Melville, New York, volunteer. (1)
- (12) 12:17 PM, a Conti, Italy, volunteer looked up Petition-E.
- (13) 12:22 PM, a Thur-University Bochum volunteer examined my postings about brain chips on Prison Planet Forum.
- (14) 1:08 PM, Shizuka discussed me with a Swiss volunteer.
- (15) 3:33 – 3:35 PM, SDW called upon an Galway, Ireland, volunteer. (2)

From 4:40 PM onward, I started loitering outside H-1630 (per the Monkey's remote control). **Soon afterward, from 5 PM or so onward**, after the TMU (or the Inspector-General) had rejected the request from Angelica and Veronica, the sisters got on Talk Shoe to discuss this "schizophrenic stalker on Homeland Security's watchlist" with others (one of my victims from Hermosa Beach, SDW, a Harrisburg volunteer, the Bronx associate of the LUG buddies, the Santa Cruz volunteer, and perhaps a hundred other audience members). Thus:

- (16) 5:10 PM, the Harrisburg volunteer, collecting two of my blog post series about Angelica's going after me, got on Talk Shoe with Angelica to broadcast the story about the injustice from the TMU (or the Inspector-General) to everyone in the chat room.
- (17) 5:37 PM, a Hermosa Beach person (one of the victims from 29 May) clicked on the Harrisburg volunteer's link on Talk Shoe.
- (18) 5:46 PM, LUG buddies and their friend in the Bronx, also participants in the Talk Shoe discussion, searched for my harassment of the LUG buddies too.
- (19) 6:20 PM, the Santa Cruz volunteer from 1 June, also a participant in the Talk Shoe discussion, explained to everyone that I had also done to SDW what I had done to Angelica.
- (20) 8:37 PM, a Bangkok volunteer examined my "Synopsis" (of the CIA's and the MSS' arguments) and explained to everyone on Talk Shoe how this should have convinced the detectives...

- (21) 8:54 PM, the Hermosa Beach person clicked on the Harrisburg volunteer's link again.
(22) 9:44 PM – did Shizuka also join in on the discussion on Talk Shoe? (Pretending to be indignant that her portraits still existed on my website)

Around this time, i.e., shortly before 10 PM, the discussion on Talk Shoe had ended. Angelica and SDW had presumably accomplished their objective: all the hundred audience members were convinced that the Homeland Security warning had correctly described me and had found it incomprehensible that the TMU detectives (and perhaps even the Inspector-General) could have dismissed it as “invalid”. (Was everyone going to protest to the Inspector-General tomorrow?)¹¹

- (23) 11:10 PM, a Roswell, Georgia, volunteer examined my delusions about Khalezov. (Continuing the 8:37 PM discussion?)
(24) 11:38 PM, a Calgary, Alberta, volunteer examined my delusions about my women victims' going after me. (How this should have convinced the detectives...)
(25) 12:54 AM, a Madrid volunteer also examined my delusions about my women victims' going after me. (How this...)
(26) 3:34 AM, a Yokohama volunteer examined my theft of other people's contents (the 15.05.2012 blog post). (How this...)
(27) 4:37 AM, Shizuka discussed me with an Australian volunteer.

Once again, we haven't said much about the Secret Society women's effort to convince the hundred audience members that Homeland Security was also all right about my plagiarism (even though I had never plagiarized in my whole life).

First, a note about myself. Slept between 4:30 AM and 12 PM. 1:30 PM, Tom N Toms. Programmed to forget to bring my pouch. Physical pain. Required to xxxxxx xxxxxxxxxx even though I had no energy left to xxxxxx them. Severe physical exhaustion. Came home, and called Ms Choi two times. She wouldn't come. Her sister came home to open the door for me. She then put up a big fuss. Thus I had looked bad to her again. One was completely disheveled and didn't shave – looking like a drug addict. Now, going back to Tom N Toms. Threw a bottle into the school's parking lot. It didn't break. Went inside the parking lot to break it. Strangers asked me why, and I explained that I needed to look bad. Tom N Toms, 2:30 PM. The “philosophy chic” (from 7 April) walked past me. Asked her, and she ignored me. Required to develop the desire to not talk to people in order to make myself miserable and want to xxxxxx xxxxxxxxxx. Burned DVD-385. Then hurried to the storage before it closed. 5 PM, was programmed to ride the Metro past my destination again. Physical pain. Required to xxxxxx xxxxxxxxxx. Furthermore, one was always suffering physical pain when seeing pretty AWFs because one was a piece of trash, too inferior to have anything to do with women. Required to xxxxxx xxxxxxxxxx.

You can see what was going on. Mr Homeland Security CO chief inside the control center was very upset today about the fact that, even when he had remotely controlled me to “stalk” Veronica again, the TMU still refused to (*accept his warning about me and thereby*) reopen the Secret Society women's

At storage. Forgot to bring DVD-382. Put in DVD-383, 384, 385. **5 N.** Hit an Asian guy even though he was the only driver that was Asian. Severe physical pain from 6 PM onward. (The entry for 24 February.) 10 PM, tried to MST in the restroom, with an AWF on Youtube, but couldn't come. Thus had I confirmed K's false profile of me as "sexually impotent".¹⁴ Out. **14 N, 1 SPC.** Then came to Starbucks, WSTWD. Saw Mirae, but ignored her, as if completing the script of "subhumans" (they don't like each other), even though I was merely hurrying to catch the bus. Then, PC/ SPLVD: **2 W (ALCLK), 2 B, 4 H.**¹⁵ Back to Starbucks, WSTWD. Sat next to a pretty AWF studying engineering. Her boyfriend was quite annoyed by me. (Again, one had conformed to K's false profile of me.) (*Right.*) Throughout the night, accepted the fate that one was an inferior subhuman.¹⁶ Absolutely hated oneself. Cynical negative thinking for catharsis: "It's because I'm subhuman that BOL, the Russians, and the CIA treat me as disposable. Subhuman gets punched in the face when he saves other people's life. Nobody pays him back anything. BOL, the Russians, and the CIA harm me for their projects because they *can*, because nothing will ever happen to them if they do. You harm people when you *can* and *can get away with it*: that's the only reason. I'm the only person in the world who has moral scruples: quite out of date. It's simply ridiculous to think that EKT will pay me back anything, let alone marry me, because her family needs to take care of their 'face'. Nobody needs to worry about his or her face when disposing of a subhuman who has saved his or her life." (*Again, I had failed to understand (a) that it's Homeland Security CO chief who was hurting me and that the CIA couldn't do anything to stop him, and (b) that the reason why Ekaterina would never pay me back anything was that the CIA would convict her should she do so.*) 3 AM, realized that A/ K and the Panistas' (actually, Mr Homeland Security CO chief's) goal in targeting me (causing me severe, chronic physical pain) was to reduce me to a "subhuman", feeling inferior and looking like a piece of garbage. (*Yes! That's indeed partly Mr Homeland Security CO chief's purpose.*)¹⁷

Now the Secret Society women's operation on my website for today. 5:39 AM, New York City Public Schools, Jamaica, New York,

12 In the original version, this (almost correct) interpretation is again followed by the (completely wrong) conclusion:

"The Hardliners allowed him to do this in order to cause more evidences to enter into the ICJ showing me conforming, at least 'half-way', to Kiersten's false profile of me."

13 In the original version, again the wrong interpretation at this point: "Again, the Hardliners' evidence: that I could barely conform to Kiersten's claim that I was dangerous, so that she was quite 'guilty'."

14 In the original version, wrong conclusion at this point: "... thus the Hardliners' evidence that I was 'guilty' too."

15 Tonight's target would be quite significant later on. (More on this, later.)

16 In the original version, again: "... fulfilling the Hardliners' agenda..."

17 In the original version, again: "Of course, it's ultimately the Hardliners who had wanted me to be a 'subhuman' because, then, that's how [they] could spare me jail time. Wow! How considerate of them (him)!"

On tracing it in March 2015, this IP address was full of confusions: Brainstorm Network, Tokyo, Japan; Green Net, Japan; or Green Net, Canada. Evidently another volunteer whom the MSS had lent to the Secret Society women. (He was using a proxy based in Japan.) We shall call him the "MSS Hong Kong volunteer". 20 seconds later, he came to the framed version:

Note that this was an unfinished chapter at the very end of my treatise (on the bottom of the Table of Contents), so that he couldn't possibly have found it himself within one minute. It was somebody among the Secret Society women, such as Karin, who had already seen all my chapters from her own cache, who had tipped him off about this. Because this chapter was half-finished, it was easier to make a case of "plagiarism" out of it. Then, 8:56 AM, or 25 minutes after his consideration of the unfinished chapter, he came to page 2 of the general summary:

This special volunteer was last here on 1 June, 1:14 PM, part of the team assembled to report me to the TMU on behalf of SDW. 21 seconds, she came again:

```
23.243.196.212 - - [06/Jun/2014:22:28:50 -0600] "GET /blogs/2014/03/ HTTP/1.1" 200 118860 "-"

Version/7.0 Mobile/11D201 Safari/9537.53"
```

She was evidently here to examine my obsessions with, and delusions about, SDW. (The fifth person SDW had called upon today.) 4 seconds later, she came to the front page:

```
23.243.196.212 - - [06/Jun/2014:22:28:54 -0600] "GET / HTTP/1.1" 200 9317 "-" "Mozilla/5.0 (iPad;

```

9:31 PM, she continued:

```

Now she was considering my delusions about some ICJ trial which had defined my delusions about the women I was obsessed with.

It's not clear whether this was part of the Secret Society women's operation.

9:59 PM, my wrong scenario at this time at a glance:

garbage become true later on

8 seconds later, she clicked on one of the printouts in the folder:

Just browsing to see if there was anything else which can convince the detectives (or the Inspector-General) that the Homeland Security warning about me was true.

10:43 PM, the MSS Hong Kong volunteer from this morning came again using another proxy: 115-187-74-73.op-net.com, Japan,

```

How I had painted Angelica nude – the second time tonight.

From 4:08 AM onward, I was on Julia Tymoshenko's Facebook and website. (More on this below.)

Let's summarize.¹⁸ Here are the essential activities for today:

(1) 5:54 AM, an Algeria volunteer examined how my delusions about some ICJ trial had prompted me to write crazy letters to public figures.

Now it's not clear whether the hundred or so audience members from yesterday's Talk Shoe discussion had really made their protests to the TMU or the Inspector-General. From 7:50 to 9:40 AM, the Chinese MSS sent in this Hong Kong volunteer to examine my website for the Secret Society women's sake. We have two possibilities here: (a) thanks to the protest, the TMU or the Inspector-General had decided to give the women victims one more hearing, and the women thus called in the MSS Hong Kong

18 In the original version, my wrong conclusion at this point: "5:39 AM, more legal report about my plagiarism (New York City Public Schools, Jamaica). 5:54 AM, false report about my delusional belief about intelligence agencies and some ICJ trial (Algeria). 6:02 AM, false (more legal) report about my stealing other people's contents (Los Angeles). Then, the new authority's reply saying that the Secret Society's reports about me were not deemed credible, and that the complaint about the TMU's misconduct was dismissed. The Secret Society went into a state of emergency, and contacted some 'expert' in Hong Kong. 7:52 AM, the Hong Kong 'expert' printed out the Table of Contents, index page, 'The first law of thermodynamics...', and 'Historical Photographs'. 8:09 AM, a Dalian person was contacted and looked at acad.html and 'The Reasons for the War on Terror'. [I had failed to recognize that it's just the same Hong Kong volunteer.] 8:18 AM, the Genova (Italy) person replied to the new authority saying I was indeed doing a 'second time' (by hacking). 8:30 AM, the Nepean person was replying to the new authority saying I was indeed hacking the women's computers. 8:30 AM, the Dallas person was called up and protested to the new authority, 'The reports are really true. He really is plagiarizing.' Meanwhile the Dalian person [actually, the MSS Hong Kong volunteer] continued: the Table of Contents and 'Our Ancestry'; discussed with Karin about how to make a more credible case of plagiarism out of me to the new authority. 8:56 AM, the Dalian person looked at the summary of the Thermodynamic Interpretation of History. 8:58 AM, he looked at the Table of Contents again (Scientific Enlightenment). 8:59 AM, he looked at 'Quantum Mechanics' ([an] easier chapter to make 'plagiarism' out of it). Then, 'The Cheney Plan'. 9:01 AM, my blog. 9:11 AM, the second page of my blog. 10:04 AM, false report about my talking about hurting people and committing crimes on my blog (Northeastern University). 10:20 AM, false report about my plagiarism (Ottawa Catholic School Board). 11:54 AM, false report about my plagiarism (Fontana, CA). 11:59 AM, false report about my plagiarism (Texas Woman's University). 12:34 PM, more legal report about my plagiarism (Miami). 12:36 PM, false report about my delusional belief and delusional slandering of people on my blog (Glendale). 12:46 PM, false report about my delusional belief about mind-control (Richmond Hill, NY). 1:03 PM, false report about my delusional belief about mind-control (Sao Paulo). 1:42 PM, false report about my hacking the computers of the women of the Secret Society (Sao Paulo). 1:51 PM, the same person from Melville, NY (yesterday), made a false report about my delusional obsession with, and desire to hurt, SDW. 2:37 PM, Frank T posted on SDW's Facebook Group. 3:17 PM, another false report about my plagiarism (Opera Mini). 3:20 PM, false report about my delusional obsession with, and desire to hurt, SDW (Oshkosh, Wisconsin). 3:35 PM, false report about my stealing other people's artwork (or committing fraud with my art works) (Bauru, Brazil). 3:35 PM, the third false report about my delusional obsession with, and desire to hurt, SDW (Zurich). 3:41 PM, false report about my hacking [the] women's computers (Dhaka, Bangladesh). 3:54 PM, false report about my copying images from books and putting them on my website (Portland, Oregon). 5:17 PM, false report about my committing fraud with my artworks (Twinsburg, Ohio). 5:31 PM, false report about my hacking Karin's email account and putting her private information on my website (Odense, Denmark). 6:50 PM, false report about my stealing other people's family pictures (Redmond, Washington). 7:30 PM, entirely false report about my plagiarism (Rio de Janeiro). 8:45 PM, entirely false report about my plagiarism (Brooklyn, NY). 8:46 PM, the fourth false report today about my delusional obsession with, and desire to hurt, SDW (Columbus, Ohio). 9:19 PM, the Redmond person was fixing his earlier false report. 9:25 PM, false report about my delusional belief about government technology and slandering of people (Sebastopol, CA). 9:27 PM, Los Angeles person, making [a] false report about my delusional obsession with, and desire to hurt, SDW. 9:31 PM, she made another false report about my delusional belief about mind-control technology and some ICJ trial. 10:08 PM, she made another false report about my computer-hacking activity. 10:09 PM, she made another false report about my delusional belief about being under mind-control. 10:46 PM, false report about my stealing other people's web content (proxy). 11:21 PM, false report about my committing fraud with my art works. 11:27 PM, entirely false report about my plagiarism (Qatar Foundation for Education, Science, and Community). 12:55 AM, false report about my plagiarism (proxy, Kenya). 1:34 AM, more legal report about my plagiarism (Bangkok). 2:44

volunteer to testify what he did see on my website; and (b) because the TMU or the Inspector-General had rejected the Secret Society women's appeal one more time, the women called in this Hong Kong volunteer to brainstorm how my website could be used to convince any law enforcement authority that Homeland Security (and so they) were right about me.

(2) 7:52 AM, the MSS Hong Kong volunteer started his examination with my Thermodynamic Interpretation of History.

(3) 7:56 AM, he came to my "Korean Letter".

(4) 8:09 AM, he came to my Owl Academy.

(5) 8:30 AM, he was now on my Scientific Enlightenment.

(6) 8:56 AM, he came to TIH-2.

(7) 8:59 AM, he looked up "The Cheney Plan".

(8) 9:01 AM, he looked up my blog.

(9) 9:24 AM, he came to the front page again.

(10) 9:32 AM, he looked up "Summary in Chinese".

If he was indeed here to testify ("Everything I see here confirms what's said on the Homeland Security warning about him: delusional and plagiarizing..."), it would have lasted almost two hours. Needless to say, neither the TMU nor the Inspector-General would have been persuaded, and so the volunteers would continue to brainstorm about the same problem, how to prove to any authority that the Homeland Security warning about me was correct:

(11) 10:04 AM, a Northeastern University volunteer looked up my delusion about a "feminist false flag stalking case".

(12) 12:36 PM, a Glendale, California, volunteer examined my delusions about Snowden.

(13) 12:46 PM, a Richmond Hill, New York, volunteer examined my delusions about there being chips planted in my brain.

(14) 1:03 PM, a Sao Paulo volunteer did the same thing.

(15) 1:51 PM, SDW called upon the Melville, New York, volunteer from yesterday. (1)

(16) 2:23 PM, a Warrington, UK, volunteer examined **Best Mommy's picture**.

(17) 3:20 PM, SDW called upon an Oshkosh, Wisconsin, volunteer. (2)

(18) 3:35 PM, SDW called upon a Zurich, Switzerland, volunteer. (3)

(19) 5:31 PM, a Odense, Denmark, volunteer examined my harassment of Karin (posting her emails to me on my website).

(20) 8:46 PM, SDW called upon a Columbus, Ohio, volunteer. (4)

(21) 9:25 PM, a Sebastopol, California, volunteer examined my delusions about Snowden.

(22) 9:27 PM, SDW called upon the same Los Angeles volunteer last seen on 01.06. (5)

(23) 10:03 PM, the Los Angeles volunteer now considered my Scientific Enlightenment (!).

AM, more legal report about my plagiarism (Olongapo City, Philippines). Note that the media reported around today that some white supremacist (?) [shot] at the police in Las Vegas. It really looked like a repetition of the Timothy McVeigh case. It might very well be that it was the Hardliners who had allowed [Mr] Homeland Security CO chief to remotely control the suspect in question to shoot. Why? While the Hardliners were trying to stall the ICJ trial about the Syrian scandal, they were also trying to replace some evidences about the US government false-flag attacks on its own citizens which had occurred in the past – in order to erase these government crimes. Once the trial was dismissed, these past crimes could never become an issue again. The same applied to Rodger's case." *Again, while all this was much bullshit at the time, you must be prepared for the possibility that something like this might happen later on.*

(24) 10:43 PM, because the Los Angeles volunteer had no clues either, SDW and so on called upon the MSS Hong Kong volunteer again.

(25) 11:21 PM, a Bülach, Switzerland, volunteer examined my “naked picture” of Angelica. (a)

(26) 3:36 AM, a Thailand volunteer examined my “naked picture” of Angelica. (b)

As you can see, after the failure of the MSS Hong Kong volunteer, it's again SDW who had put in the greatest amount of effort to continue to brainstorm – as if she was again not at work today. She was discussing the situation with the volunteers from 1:50 to 4 PM, and then from 8:30 to 11 PM. Then, again, we haven't taken care to mention all the brainstorming about how to falsely report me for plagiarism.

7 June (Saturday)

First, a note about myself. Worked on “Ukrainian Crisis” until 5 AM in Starbucks. Arrived home by 7 AM. Surfed the Internet until 8:30 AM. Slept until 3 PM. TNT. Fixed the blog. Then, almost 6 PM, sat down in front of the cute Korean girl who worked at TNT. She immediately left out of disgust. Asked her a question, and she'd never reply. She had always thought me disgusting and weird. Physical pain, and required to xxxxxx xxxxxxxxxxx. A/ K and the Panistas' goal: that I shall suffer pain through my own fault (looking disgusting so that nobody likes me) but, bad-to-the-bone antisocial, then always blame it on xxxxxxxxxxx. Thus xxxxxxxxxxx would look innocent and I would look bad. In reality, of course, it really *is* xxxxxxxxxxx' fault: they have created A/ K and the brain chip system and the cultural climate of secrecy. (Actually, it's just Mr Homeland Security CO chief so programming me under the Hardliners' permission – in order to make me conform, somewhat, to Kiersten's false profile of me, which was of course just Kiersten's description of herself.) (*Wrong: in reality, it's just Mr Homeland Security CO chief himself doing it without any Hardliners.*)¹⁹

Wrote down the introduction to “Dairy of Targeting, May”. Thought: the whole targeting is really just the “revolt of the masses”. Kiersten wants to establish her intellectual superiority over me; yet, she is stupid and uneducated, and cannot compare herself with me in real intellect and knowledge, and so she cheats. She gathers a bunch of people together to intrigue behind my back. Then I would want to know about the intrigue (human nature), but can't know it, and so guess, and guess wrong, and thus look delusional and stupid, and possess inadequate or wrong knowledge, whereas, since she has created the knowledge herself in the first place, she possesses the right knowledge, thus, in comparison to me, she is intellectually superior. Then, with the help of the Panistas (or Homeland Security CO chief) inside the control center, she will reduce me to the state of disgusting-looking, bad-to-the-bone subhuman, so that nobody can possibly believe I have any intelligence. Thus she has won: she has proven herself to be intellectually superior to me. (*Quite good an analysis, except that there was only Homeland Security CO chief, without any Panistas. And so I did conclude rightly:*)

There is much truth in all this. Part of the reason why Kiersten's gang [had] required [everyone] to keep their operations on me a secret from me was precisely to render me a “dummy” whom they could play around from behind the scene – so that they could feel themselves powerful and intellectually superior: like God.

¹⁹ Of course, by the time we are revising this paragraph again on 06.08.2022, it would be “Homeland Security CO chief targeting me from the control center, making me look like I'm blaming my own fault onto others and in conformity to Kiersten's psychoanalysis of me, under the direction of the MSS.”

8:50 PM, came to CULVRCTY to check TRGTs and use Starbucks. Sudden need to defecate. Used the restroom in Starbucks. Couldn't connect to the Internet. Rebooted my laptop. Laptop very slow. Then discovered that my recorder had run out of batteries. Programmed to not remember to buy batteries yesterday. Physical pain. Out, and asked strangers where the market was. None around. Severe physical pain, physical exhaustion, and fell on the ground. Required to xxxxxx xxxxxxxxxx. Required also to xxxxxx Dr G, but he's too far. Didn't have the energy to xxxxxx him. (*Homeland Security CO chief was dying for me to attack Dr G after Dr G had promised to help.*) Came back to Starbucks: needed to look at pretty AWFs to kill pain. Wanted to cut myself. Couldn't record myself tonight. No Internet tonight. Couldn't check the visitors' log. Pain somewhat subsided by 9:20 PM. Worked a little, and then took bus 33 to Venice, and then bus 1 to the Promenade. Bought batteries at long last. Worked a little more, and wrote down the prediction of the ICJ judgment: New Feminism. Talked (like a retard) to an AWF who's reading a book on the invention of the atomic bomb. More physical pain because one constantly had to urinate. Then was immediately required to leave by 12 AM in order to collect damages. Very unmotivated, because one was too tired. Pain when seeing pretty AWFs walking past; fleeting images, and couldn't look at them for long. Bus 1 to Venice. 7 N. 2 Asians, and felt hurt, and realized that one was programmed to hit Asians in order to be motivated to spend more time trying to hit whites. Then, bus 33 to CULVRCTY. **2 W (dentists), 2 H (AWF), 3 B.** On bus 33 going home. **1 H (MEX), 2 B (MXAPRT).** Arrived home around 3:30 AM.

Also realized tonight: since meeting Rod on 28 May, one had entered the final phase of the evidentiary process of the current ICJ trial: how well I can reconstruct the trial while under duress. BOL has sacrificed me to reform women. All this was delusional belief, of course, in conformity to the Hardliners' agenda. (*Wrong: it's just Homeland Security CO chief who's continuing to program me to come up with wrong scenarios so that I could look delusional. The same with the previous wrong scenario about an ICJ judgment requiring the implementation of New Feminism. But, again, you have to be prepared for the possibility that the Invisible Hand might make all these wrong scenarios come true later on, especially when it shall be time for me to revise this entry again in August 2022.*)

²⁰ You can well imagine what I was thinking when stumbling upon this website: this sort of typical rightwing criticism of feminism is really counter-productive; all this girl does is repeat some stereotype and ready-made slogans, and this is really because most people, whether left or right, are simply not smart enough to do more than repeat ready-made slogans which hardly scratch the surface of the phenomenon. Who's gonna care whether feminism is rooted in socialism or man-hating (other than people who have already agreed with you – assuming feminism is really about socialism)? *Only I* have grasped the essence of the corruption in the midst of feminism (Asian capitalism, the universalization of kinship, and the training of women to become psychopaths) but nobody can understand *that*.

21 In the original version, my interpretation wasn't that far off: "This is a false report about my delusional obsession with, and desire to hurt, Kiersten. While SDW had ordered the Secret Society's members to file all these false reports about my delusional obsession with her, Kiersten, who never wanted to be left out from among the female victims of male sexual aggression, of course requested that a false report be made in her regard as well – and the post chosen was always this one from 3 August, 2012, since this was the only blog post of mine in which she was even mentioned. Naturally, everybody agreed to Kiersten's idea, since this could enhance the urgency of the Secret Society's case with the 'new authority'."

Now, let's summarize the Secret Society women's operations for today. Today was just another day that the Secret Society women would spend brainstorming with their volunteers as to how to prove to any law enforcement authority that the Homeland Security warning about me was correct.

(1) 5:19 AM, SDW called upon a Ryde, Australia volunteer. (1)

Now, by 5:40 AM, Homeland Security CO chief had intercepted me obsessing over Tymoshenko – his temporary evidence in the ICJ.

(2) 7:10 AM, the MSS Hong Kong volunteer came to my Scientific Enlightenment.

(3) 8:03 AM, a Sprint PCS volunteer examined my harassment of Kiersten by blogging about her.

(4) 8:04 AM, the MSS Hong Kong volunteer came to my front page.

(5) 8:09 AM, he considered more of my SCI chapters.

(6) 8:19 AM, a Baltimore volunteer (**the Baltimore Lawyer?**) examined my delusion about there being chips planted in my brain.²⁴

(7) 8:52 AM, Shizuka discussed me with a South Korean volunteer.

(8) 10:50 AM, SDW called upon a Fort Collins volunteer. (2)

(9) 10:54 AM, a Kirkland, Washington, volunteer examined my violation of Mellhedek's intellectual property rights.

(10) 11:24 AM, SDW called upon the Fort Collins volunteer again.

(11) 12:38 PM, a Missouri City, Texas, volunteer examined my "naked picture" of Angelica. **(a)**

(12) 2:26 PM, an Argentina volunteer examined my naked picture of Angelica. **(b)**

(13) 3:59 PM, a Santa Barbara volunteer examined my delusion about synthetic telepathy.

(14) 5:42 PM, a Mexico City volunteer examined my naked picture of Angelica. **(c)**

(15) 7:04 PM – did the Secret Society women ask Marie to help in? (A New Zealand volunteer's examination of "Feefee and Valerie".)

(16) 7:15 PM, Shizuka discussed me with a Sao Paulo volunteer.

(17) 7:29 PM, Shizuka discussed me with a Quezon City volunteer.

(18) 9:29 PM, a Sydney volunteer examined my naked picture of Angelica. **(d)**

(19) 9:49 PM, the MSS Hong Kong volunteer came to my front page again.

(20) 2:01 AM, Shizuka discussed me with a Hanoi, Vietnam, volunteer.

(21) 2:58 AM, Shizuka discussed me with an Amagasaki, Japan, volunteer.

(22) 4:10 AM, a Seongnam, South Korea, volunteer examined my naked picture of Angelica. **(e)**

(23) 4:46 AM, the Secret Society women (most likely Ekaterina) called on a physicist from CERN to certify for the TMU that I did violate intellectual property rights.

Mr Homeland Security CO chief had also got me to write more delusional materials in my reconstruction so that, while his star witnesses struggled with law enforcement, he could at least lock up the previous ICJ trial for the time being.

²⁴ Again, we pay special attention to this visit because the Baltimore Lawyer was so important to the Secret Society women's operations.

8 June (Sunday)

First, a note about myself. Slept between 7:30 and 9:30 AM. Going to St. Sophia. Physical pain over one's inability to know about the scandal. Couldn't concentrate on the liturgy. Outside to record my thoughts: "IMPvictmnsnswildmanlang_6_8_14_1129-1142AM.MP3".²⁵ Note that, if you have ever come across the truth about what has really happened, it will be more complicated than what I have said here. (*In fact, it might be something completely different!*) Lunch at the church. Far fewer people than before. Home. Cut myself to register my subhuman status. Napped between 3:30 and 6:30 PM. After waking up, looked for DVD-385CP for a long time, and the control center signaled to me that I had lost it. But then I found it. TNT. Wrote to Ron. Physical pain, and anger over Dr G. Required to xxxxxx him. Thus, I not only had to fit Kiersten's false profile of me, but also had to acquire any of the characteristics in the Monkey's and Mr Chertoff's false profile of me which it was possible for me to acquire. (*In reality, it was just Mr Homeland Security CO chief who was desperate for me to xxxxxx Dr G now that Dr G had agreed to help in. However, his computer didn't tell him that I was not really able to carry out such intention at the moment.*) Home Depot: it was almost closed, and it scared me to death. And when one thought about homelessness, the control center would signal to me again. (Mr Homeland Security CO chief was very upset, and so wanted to confuse me and drive me to paranoia.) (*Right!*) Then in Metro, ready to go to Long Beach to xxxxxx Dr G to complete my profile. Wrote down the "profile" below (filming AWFs), and then began filming the pretty AWF seen before in order to synchronize my writings with my current happenings. The train came to a stand-still for some reason in order to prepare me for my inability to xxxxxx Dr G. Chatted with the AWF while looking mentally retarded, as was required. Then, 10:30 PM, was programmed to believe erroneously that I wanted to go to Union Station instead of Metro 7th. Only when passing over Metro 7th was I programmed to remember that I was supposed to get off on Metro 7th. (I needed to take the Blue Line on Metro 7th to get to Long Beach.) Required to become mentally retarded, to be unable to xxxxxx Dr G (there was no more time), and suffer physical pain, and xxxxxx other xxxxxxxxxx, over my own mental retardation, in order to make myself look bad and make xxxxxxxxxx look like innocent victims. (In reality, it's just the Hardliners who, trying to make me conform to Kiersten's false profile of me only "half-way" in order

25 *Such were my thoughts:* I'm suffering physical pain because I'm a subhuman and miserable... because I'm not allowed to know anything about the Secret Society women... about the scandal... the governments around the world want me to commit crimes... and that's why nobody tells me anything... but if I would commit crimes when knowing something, then they might let me know something... (*A Hispanic guy wearing earphones passed me by at this point: Homeland Security surveillance?*) There is a version in the official story which the Macrospherians need to construct in their secret court, a version which says that the mind-reading computer has never been tampered with back in April 2010... for this version, I need to commit crimes for the rest of my life and be a very bad person... so that the judgment cannot be objected to... sustainable civilization, the new New World Order, and New Feminism... so important.. that's why I need to be sacrificed... in order for women of the world to become intelligent and caring, I would have to be a misogynist attacking women all the time... in order for the world to be peaceful, I need to keep attacking people... I need to be violent and delusional... in order for you to have a future, I need to attack you... and so, when I attack you, I presume I have your consent... in order for women of the world to not end up like Kiersten and Angelica... so bad and disgusting... I would have to be bad and disgusting... when I attack you, I'm saving women... that's how you can save the world, by turning good people into bad people... that's how I can make Russia into a superpower again... by attacking people and suffering delusions... letting me become a very bad person is the top priority... letting me rot away in ignorance is the second priority... I learn a language by repeating to myself what other people have said to each other, not by talking to people... that's why even though I can read German fluently, I don't speak it... because I'm a subhuman, I can't learn a language through talking to people, but only by imitating people... *As you can see, just more wrong scenarios which Homeland Security CO chief can use as evidence to lock up the previous ICJ trial for the time being. (Hopefully, the Invisible Hand wouldn't make anything from this bullshit come true later on.)*

to stall the ICJ trial, had allowed Mr Homeland Security CO chief to program me to want to xxxxx Dr G while not letting him know that I couldn't quite succeed given the other requirement which I had to meet as well, i.e. to be mentally retarded.) (*Bullshit. But, in any case – did Homeland Security CO chief not want me to xxxxxx Dr G?*) Took Norco. Had to change plans to xxxxxx random strangers. Got lost in downtown looking for the bus 33 stop. Severe physical pain. Eventually, got on bus 720 to go to SM Blvd. Physical pain over one's inability to correctly document one's suffering. Story too long, and unable to know who is really targeting me and why. Rode past one's stop (SM/ WILSHR) again. Broke down crying. The bus driver let me get off the bus on the street, however. **13 N.** Many taxis. No longer worried about not hitting the right targets: "Every human being is my enemy." Then, going to SM. The bottle failed to break at URGNTCR. **2 W (STN).** Then, burger, and at Kinkos to charge, to wait until late. 2:30 AM, onto SM Blvd. Bus 4 late for 10 minutes, but it did come. **2 W at BKSTR,** at last! **3 H.** On the bus to go home. Thought about how the CIA had allowed A/ K to target me in order to prove that they are bad people, and anger/ pain attack. (*Again, something like this would happen later on, but not now.*) Then, my VLC Player malfunctioned, and one was unable to avoid the loud noises from other people. Severe physical pain. Unable to concentrate on studying. Required to xxxxxx Hxxxxxxx. Had also begun to hate every single person, including the Russians. I must hate human beings in general and xxxxxx them all – suffering severe physical pain in the process – in order to save them. (*Actually, it's just Mr Homeland Security CO chief who was desperately training me to be misanthropic.*) Restless at the bus stop at Vermont/ SM, past 4 AM. The bus came, one's computer ran out of battery, and one tried to utilize the time by reading a little of Kappeler's book. Arrived at Pico/ VRMNT. Unable to break the xxxxxx of the MEX salon because there were people around. Tried another MEX store, but still couldn't. Restless, in pain, and walked back to the MEX loan store. **1 W.** Came home, 5:15 AM or so. Cut myself again. Then my laptop froze, destroying my Word document. Anger, physical pain. Required to throw two **B** into the school. Someone saw it, it seems. (*Homeland Security CO chief had orchestrated this, evidently.*) Home, 5:45 AM. Rebooted my computer, and was finally allowed to write. No time to read at all today. No time to check the visitors to my website after 9 PM. Had spent a total of 8 hours today suffering pain and committing crimes. That Mr Homeland Security CO chief had been hurting me all day long was indication of how frustrated he was inside the control center after seeing the Secret Society women failing to exterminate me using law enforcement. (*In reality, he was just frustrated over the fact that no law enforcement agency was willing to validate his warning about me.*) All he had ever accomplished, after making my life unlivable, was all these broken windows, etc., all across the city.

Now the Secret Society women's operations on my website for today. 5:15 AM, p5dd6304b.dip0.t-ipconnect.de, Stuttgart, Germany,*

This visit was very strange. I did the same search on Google, and just couldn't see how my chapter could have come up on this search: this "Richard Ayasta" was completely irrelevant to my website. There was a certain "Richard Ayasta" who was from Lima, Peru, and who now lived in Studio City. Presumably he was recruited by the Secret Society women and promised to help them out by making another complaint to the TMU or the Inspector-General. Since it's impossible, under normal circumstances, that he could find my document by searching for his name on Google, this seems to indicate that the Secret Society women had, via Homeland Security, obtained insider help in Google itself.

My harassment of Kiersten by blogging about her. However, within one second, he already clicked on the next blog post – he was clearly not that enthusiastic:

If that wasn't Dina earlier, this was definitely Dina. It seems that the Secret Society women were showing her how, in exact accordance with the Homeland Security warning about me, I kept obsessing over famous women and linking to their website.

My plagiarism. To summarize: today was just another day that the Secret Society women would spend mobilizing volunteers to brainstorm how to prove to any law enforcement authority that the Homeland Security warning about me was correct. Here are the essentials:

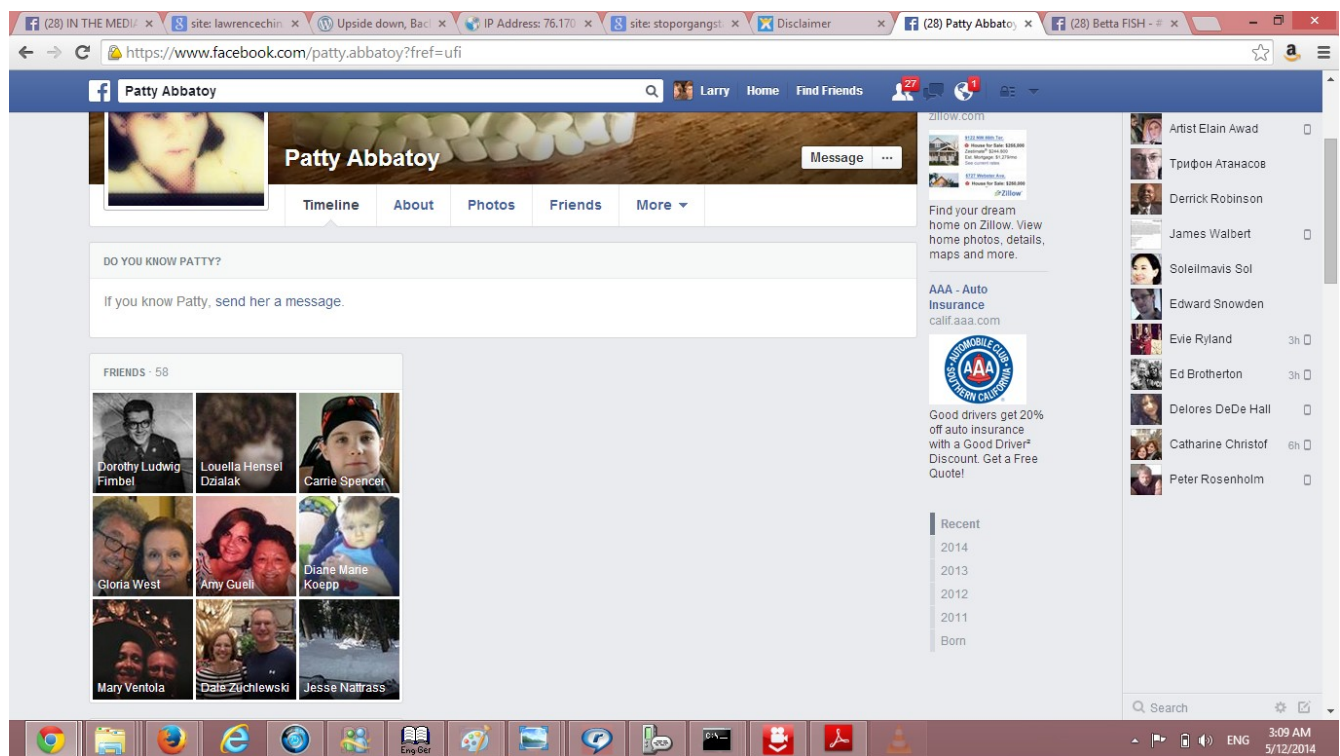

- (1) 10:35 AM, SDW called upon an Opera Mini volunteer. (1)
- (2) 11:46 AM, Shizuka discussed me with a Busan, South Korea, volunteer.
- (3) 12:10 PM, a Hudson, Ohio, volunteer examined my delusion about Angelica's involvement in a government conspiracy against me. ("Ying and Yang", II)
- (4) 12:24 PM, a Polish volunteer examined my delusions about Khalezov.
- (5) 12:38 PM, SDW called upon a Pompano Beach, Florida, volunteer. (2)
- (6) 2:21 PM, SDW called upon an Oakdale, Connecticut, volunteer. (3)
- (7) 2:24 PM, a Huntington Station, New York, volunteer examined my delusions about my involvement with the CIA.
- (8) 2:53 PM, SDW called upon another Blackberry volunteer (4)
- (9) 4:43 PM, a UCSD volunteer examined my (supposed) plagiarism.
- (10) 5:14 PM, Best Mommy was discussing me with an Illinois volunteer.
- (11) 5:18 PM, SDW called upon the Oakdale, Connecticut, volunteer again.
- (12) 6:04 PM, SDW discussed me with "Patty" of Buffalo. (5)
- (13) 6:39 PM, a special New York City Linux volunteer examined my front page.
- (14) 7:57 PM, the Secret Society women got this "Richard Ayasta" to help in by making a complaint about me to the TMU or Inspector-General.
- (15) 8:42 PM, the Redmond, Washington, volunteer from 6 June came again to examine my violation of my grandfather's privacy and so on.
- (16) 9:38 PM, a Madison, Wisconsin, volunteer examined my harassment of Kiersten by blogging about her
- (17) 10:01 PM, the Secret Society women were showing Dina B the links I had placed to certain famous women's websites on my external links page.
- (18) 10:29 PM, a Las Vegas volunteer examined my naked picture of Angelica. (a)
- (19) 12:23 AM, SDW called upon a Boca Raton volunteer. (6)
- (20) 12:59 AM, Shizuka discussed me with a Bangkok volunteer.

Once again, you can see that SDW was the most active of all the Secret Society women: she was discussing me with volunteers continually from 10:30 AM in the morning to 12:30 AM at night. (Once again, she didn't go to work at all.) Her frustration with the TMU must have shot through the roof.

Also, we have taken care to not mention much about the ton of brainstorming about how to falsely report me for plagiarism.

Now, in the original version, we had this conclusion at this point:

“The Secret Society [had] thus made 48 false reports about my website today to the ‘new authority’. Because the ‘new authority’ had dismissed the Secret Society’s case early in the morning, the women refocused their false reports on my posing imminent dangers to them, either physically or because I [had] hacked their computers from my home. There were, to such effect: 6 in regard to SDW, 3 in regard to Angelica, and 1 in regard to Kiersten (who never allowed herself to be left out from among the ‘club of women victims’). There was furthermore one false report about my hacking government satellites, it seems.

“Patty Abbato”, another one of SDW’s online TI friends, and who frequented her blog. Not well-educated, not socializing much, and spending her whole day online, she was another one of those “dumb peasants” who populated [the] Secret Society and who found their meaning of life in scapegoating and witch-hunting among law enforcement “suspects”²⁷

“You can also see that, as the Secret Society was getting increasingly desperate, their lies about me were also getting increasingly outrageous. The most notable novelty is their claim that I used photographs to pose as my drawings. Because some of my drawings were so photorealistic that they almost looked like photographs, they said among themselves: ‘Look, we can just report that he is using a photograph to pretend that this is his drawing.’ And everybody thought that this was a good idea. From all the thousands of false reports which the Secret Society had made about me, you can already

²⁷ Again, this comment is from the original version.

see that the cause of their actions was that they weren't educated – that they were, in reality, no different from illiterate peasants from the Middle Ages, even though they could recognize alphabets and compose some vaguely intelligible phrases from them. Then, from this novelty, you can also see that these women had no appreciation whatever of anything called 'culture'. The women of the Secret Society – SDW and her 'friends', Kiersten, Angelica, and Veronica – were really just 'peasants' who, unlike their counterparts in the Middle Ages, didn't have any awareness of their inferior ranking in the hierarchy of nature – all because, for bizarre reasons, the American legal system had conferred upon them 'rights'. For 'bizarre reasons': well, evidently because they were born looking like human beings. It's of course revelatory of the broken nature of the American educational system that Dr P, somebody with a Psychology Doctorate, had never passed beyond 'peasanthood' as well. This is truly a classic story about the 'Planet of the Apes' and the 'Revolt of the Masses'. Meanwhile, Karin was in the gang simply because she had so devalued me given our past history that her average intelligence and average education had never enabled her to transcend her ridiculous attitude toward me. Perhaps, it's because she had been too "Americanized": the human being was becoming more and more an ape through prolonged contact with the animal race."

While the speculation about the Secret Society women's methods (to say I used photographs to pose as drawings, etc.) was all wrong, my comment about these women's uneducation and being merely "peasant leftover" in the postmodern era was certainly right on the mark. Thus, what was correct from the original version is marked in red here. The tragedy which has defined my case is the way in which the American criminal justice system, in its frenzy to protect weak and innocent women from monstrous males, has paid no attention to the fact that many of these weak and innocent women are so bored and uneducated that, having nothing to do or not having any ability to do anything, they will soon make your attempt to protect them into the essence, and sole activity, of their pathetic life.²⁸

9 June (Monday; Wes; break from torture)

First, a note about myself. I worked on "The international background..." until 8:30 AM. (See below.) Slept on 9 AM, Wes called on 12 PM. At the time I thought the CIA had collected this evidence for the ICJ trial from my conversation: since the current system is made in such a way that evil people are rewarded with pleasure and happiness for being evil, and good people punished with pain and suffering for having moral scruples, good people will remain good only if they believe there is reward in the afterlife, which is however delusional belief. Hence, in order to not suffer delusions, good people will choose evil too. This is how the American system could exterminate the remaining goodness in society. This was actually not the evidence which was collected (*there was in fact no collection of evidence except into the secret, second trial which the Invisible Hand and BOL were running*) but something like this is true in any case. (*Right.*) Discovered in the mail a bill from UCLA. Surprised that my insurance only covered a small portion of the bill, and that UCLA intended for me to pay for the rest. That's why A/ K (actually, Homeland Security CO chief) had been programming me to desire going to the hospital for severe chronic pain: they (or he) wanted me to be in debt and have bad credits. I was lucky that I never had the time to go. TNT, 2 PM, and reflected: [IMPtmtmendkrstenciallookgood_6_9_14_254-514PM.MP3](#).²⁹

28 In the process completely debilitating the life of the suspect male who otherwise could have contributed so much to the world.

29 18:50, siren. My reflection starts on 2:15:00: (a) **K would listen in on my conversation with Wes** and then plagiarize my analysis of myself and repeat it to other people in order to feign expert psychoanalytic knowledge about me to everybody (although she would of course omit to mention that I don't like fat women); (b) she would say SDW's

Highlights of my conversation with Wes today: (1) about what happened on 4 June: constant pain, spending 8 hours committing crimes. 9 xxxxxxxx that single night. I had only returned to normal schedule yesterday. “Because you have to look bad and crazy, the government doesn’t pay you.” (2) Since yesterday, I was finally trained to hate any human beings. I even hated Russia. (3) I just wanted a break from crimes to do my studying and writing – but no. They wanted to waste my brain away. The Secret Society women (actually it was just Homeland Security CO chief) should allow me to develop my brain in order to waste it. Wes pretended to be confused: “You are gonna study to become a criminal?” (*It must be Homeland Security CO chief who had instructed him to say this.*) (4) I wrongly supposed that the torture was about making philosophy look bad. (5) Ultimately, it’s the CIA which was collecting evidences showing that women are bad people. It’s like: they tie you down on the bed so that criminals can sodomize you – so that they can prove to the world that these criminals are bad people (10:00). And, afterwards, I would have contracted AIDS: thus, I now suffered severe physical pain just by listening to people talking and seeing ugly people. They treated me as completely disposable, and so I started cutting myself again. (6) On 14:00, Wes gave his example: letting soldiers rape women as a weapon. (*What? Was he trying to suggest something?*) Me: “I have helped the CIA and the Russian government prove that the Secret Society women are bad people, and what do I get out of it?” Wes: “K shall have sex with you!” Me: “Why would the International Court system authorize this?” (18:40) Wes insisted that they should give me a lunch break. If I had to be wasted in order for the world to be saved, of course they would waste me. Note that, even though the scenario I was describing here was completely wrong, it would become true later, after October this year, but especially in mid-April when I began reviewing this recording again! (*This conclusion, written in mid-April 2015, was the most bizarre: in reality, this scenario was not true in mid-April 2015 either, but would somehow become true in August 2022 when I’m revising it for the second time!*)

(7) The “British Old Lady” was sacrificing me to save the humanity’s future. (*Again, this was not true in June 2014, nor in April 2015, but it would become true in August 2022.*) Wes: You appear to be nothing, but in reality you are everything, like Christ. (*Right! In August 2022, that is.*) Me: but I also have to look bad. Wes: a thousand years from now, people will thank you. (*Ha! Perhaps!*) Me: “They did all this because they *can*... And they don’t have to suffer it themselves... They don’t care about individuals... Wes: They sit in the office and push buttons... only work 8 hours a day... Me: ... so that the CIA can win their political struggle with the Republicans in the process... (27:45). I continued: “They do it to give their life meaning, and since it’s somebody else who has to pay for it...” Then: “... since the whole humanity is my enemy, whenever I can hurt people, I’d better use the opportunity...” Then: “Nobody cares about right and wrong, everybody does whatever when s/he *can*...” Then: “... the world is *not* more important than I am... numbers don’t count... you and I are the only people in the world with moral scruples...” Then: “I have ended up becoming a ‘psychopath’: knowing all the morals but never abiding by them; instead, the only principle I live by is: hurt people whenever possible...” (33:00). Then Wes accused me of “wanting to hurt him because he is my friend”, and “deceiving him and then stabbing him in the back”. Clearly he was instructed by the Hardliners to say

reports about me were shallow because she’s uneducated; (c) she would explain how I blame my own defects on others; (d) **the CIA lets K do this to me in order to create evidence to replace the previous episode** in 2008 where they stood by while M. C. remotely tortured the MSS director (to make the MSS director look bad while making himself look like an expert criminal psychologist); and (e) **I’m thus suffering in order to exonerate the CIA from their past crimes.** (They would compensate me, but I would still hate them, and they would let me hate them so that they can look good!) All bullshit except for the parts marked in red, which is either true at the moment (a) or will become true later on ((d) & (e)).

this: to allow evidences to enter into the ICJ showing that I did fit Kiersten's false profile of me at least "half-way". (And of course the TMU had been instructed by the Hardliners to enter Wes' accusation into my profile as if he were not saying this only because he was instructed to do so.) (*Actually, it's just Homeland Security CO chief who had instructed Wes to say this – so that he can have evidence in the ICJ demonstrating that his false profile of me as suffering from Antisocial Personality Disorder (being "Lavonne") was correct.*) Then: "The British Old Lady wanted me to be a psychopath in order to save the world... the only way to do it is to make me realize everyone is my enemy..." Except for Wes, of course (36:20). (*Again, it's Homeland Security CO chief, not BOL.*) (8) Then: "When they [i.e. the CIA] wanted evidence, they would instruct somebody to do or say something to me; it wasted a lot of my time when I tried to figure out why they did or said this or that..." Then I produced, as an example, the incident where somebody from the State Department visited my website (10 April). "Nobody cares, because my time is only important to me, not to anybody else." Then (41:40): "The government gave Kiersten and Angelica all this tool just to see how far they can go... just to let the International Court and the jury see how far they can go... and so they are having such a good time, they get to hurt me and other people... it's like a Disneyland for them... in order to prove this, I'll have to suffer all this torture... they let the women do all this so that the women will trust the government... so that later when they want them to do bad things to look bad, they'd do it... the government plans for such a long range that the women will not see the punishment until many years later... if ever... they wouldn't even notice it when they are punished... the government will let them do bad things in order to produce a lesson for the rest of the world... they are thus having such a good time... being evil is so rewarding... I'm not having a good time when doing evil because I'm not born evil... you have to be born evil in order to have a good time, in order to reap the rewards for being evil..." I was truly complaining, because, even though I went around every night breaking people's things (something presumably "evil"), I wasn't really enjoying it at all: while the pain medicine is necessary to kill pain, taking it isn't exactly an enjoyable experience. Note that, again, what I was describing was not the correct scenario, but would be correct in mid-April next year. By mid-April next year, Kiersten, Dr P, Angelica, and SDW would be having the greatest time of their life torturing me through their government-conferred access to the control center. (*Once again, this was not true in April 2015 either, although it would become true 7 years later, throughout 2022 until August that year, when I would be revising this paragraph for the second time!*) (9) Then Wes gave the example of the sociopath who would pretend to be good and then do evil only when he's sure he could get away with it: "You, a non-evil person pretending to be evil... You are the opposite of a psychopath... a sociopath pretends to be good..." (46:00). I don't know why Wes was saying this – he suddenly changed from accusing me of being a psychopath to justifying me. Apparently, while I was unknowingly describing the future, he was probably also speaking to the future. In the future, in mid-April next year, what he has said here could probably calm some nerves. Except that what he said wasn't quite correct either. I was more like "a non-psychopath forced (through torture) to look like a psychopath". I suspect that he was actually just referring to somebody else in the future. By early next year, as you shall see, there would be at least two CIA girls inside the Secret Society to guide the women gang to commit frauds "more properly", and Ekaterina would also be in there. All three would be "pretending to be psychopaths". Especially Ekaterina, who would pretend to be the most disgusting psychopathic "royal girl" you can ever imagine, like a female version of Saddam Hussein's eldest son (Uday), in order to infiltrate the Secret Society women's organization and obtain their trust. (*Again, this interpretation from mid-April 2015 was not correct either, although it might become correct, again, by August 2022 – however, with some switching-around of personages again: by that time, Ekaterina would have truly become a psychopath rather than pretending to be one. If anyone shall be pretending to be a psychopath, it must be someone*

else.)³⁰ I continued: “I can only feel pleasure when I attack my enemies, not my friends...” (49:00). Then Wes asserted how I didn’t consider him my “enemy” only because he talked to me – if he suddenly couldn’t talk anymore and I couldn’t get anything out of him, then I wouldn’t consider him my friend.³¹ (10) Wes then began speaking of the “Hotel Idea” again (H. H. Holmes): “Then you’ll be happy...” Again, while I don’t know why Wes continually spoke of this, he was probably speaking of a future situation, even something which Dr P et al would want to do. (*While Wes might indeed be speaking about the future,*³² *we can be sure that he was most likely also trying to deceive Homeland Security CO chief into the impression that he wasn’t enabling the Invisible Hand to obtain an ICJ judgment the last time.*) I continued: “The government gave them these million-dollar tools and said: ‘Go hurt people’ ... how lucky....” (55:00). Wes: “And they probably get paid for it... retirement plan...” Me: “... so that they can look bad... but so what? They get so much pleasure out of it...” Wes: “So you are upset that the CIA doesn’t come to you... but how about another country comes to you and says: we give you money and tools for you to harm xxxxxxxx...” (56:00). Me: “But that’s not gonna happen because I’m a subhuman...” Again, it sounded like Wes was hinting to me that, in the future, the Russian government would be willing to provide me with tools and funds in order for me to form my own “anti-xxxxxxx hate groups”. But, perhaps, not providing me, but providing SDW, i.e. the Secret Society women. (*Again, whether Wes was indeed predicting the future here – and who is supposed to play out this future – we shall wait and see. In any case, at the time Wes was saying this because Homeland Security CO chief had instructed him to say something terrifying to frame me so that he could put me back on his watchlist and persuade everyone else in the law enforcement business that he was indeed right about me – especially that I was indeed a schizophrenic anti-American terrorist.*) (11) I continued: “The problem is that the government is not trying to prove that I’m evil and so they won’t give me the tools...” Wes: “... but the other government...” Me: “... the Russian government? But they aren’t trying to prove that I’m...” Wes: “... because you are a subhuman...” Me: “That’s why being evil pays... even when you are caught, they’ll release you and give you even more tools...” Wes: “... they will let them be even more evil in order to have a case...” Me: “What does it matter if you are not gonna get punished... even if the government is going to arrest you [i.e. K], you are [she is] already 45 year-old... it’s bad only if you are 18...” Then Wes said something completely enigmatic again: it’s now harder for the government to fight their case against the women gang because I’m providing evidence of “entrapment”. The government either has to give up or try harder to make them do evil. Again, Wes was speaking about a future situation (mid-April next year), not about the current one.³³ (*Actually, again, it would seem that he was speaking about the situation in August 2022. At the time, of course, he was just fooling Homeland Security CO chief again: Homeland Security CO chief had instructed him to say something to fit my belief in order to reinforce my “delusion”, not knowing that, in the process, the Invisible Hand would have obtained his ICJ judgment about what future he shall be allowed to orchestrate.*)³⁴ I continued: “K’s gang has really won big time...” And Wes brought up the

30 Note especially that Wes then said: “Whereas you – you care about everybody, so that when you harm, break a glass, you feel bad, because it’s painful...” (48:44).

31 And then I continued to insist that being evil really pays off, that Kiersten, even when it’s time for her to be punished, would be too old to feel anything (more on this below) – that, whereas I had to travel miles everyday to break windows, Kiersten and Angelica could just sit in front of their computers to hurt people.

32 Especially since I continued to emphasize how the government had provided the Secret Society women with these high-tech things so that they can hurt people more easily with them: again, something like this would happen in 2021 and 2022 when the women’s access to the control center and the ICJ court room would have been much magnified.

33 Not knowing what’s going on, I merely said: “It’s the International Court... if you do a crime as part of a sting operation, it still counts as a crime...”

34 Presumably, because I’m (or have to be) a conspirator with the Secret Society women, I would *have to* provide such evidence of “entrapment” (in order to protect them). Then the CIA can overcome the charge of “entrapment” by

example of Hitler. I agreed: “Just like Hitler, even though he has lost in the end, he has in fact won...” Wes: “Yeah, he won by committing suicide.” Me: “Even if he was apprehended, he would already be 60 year-old” (1:01:30). I continued: “When you have such a long-range plan, it’s really the evil people who win...” (12) Then my realization that the Russians and the CIA didn’t have plans to compensate me in the future... even if they did have such intention, it wouldn’t matter since I’m already 44 year-old... And I brought up the example where I helped a group of women neuter kittens on the street – how the kittens couldn’t understand that we didn’t have harmful intention... I let them out early and nothing happened! So my point: the “British Old Lady” is full of shit if she believes that I should suffer in the short run in order to benefit in the long run. There is no “long run”, for I’m already 44 year-old. But Wes insisted that neutering itself is suffering in the short run in order to reap benefits for all the cats in the long run (1:12:30). I clarified: “If somebody tells me to neuter a kitten in order for him to benefit in the long run, I might consider that... But if in order for other kittens to benefit, I’ll definitely refuse it... BOL thinks that because that abstract notion of sustainable civilization is so attractive... but who gives a crap about that...” (*Again, I didn’t know what I was talking about because I didn’t know what was really going on right now. I was just providing Homeland Security CO chief with more evidence that I was indeed delusional.*)

(In conclusion: it’s again Mr Homeland Security CO chief who had instructed Wes to call me today because he wanted me to say more of my wrong scenarios so that he can have evidence of my delusional mind with which to persuade his colleagues in the national security Establishment and temporarily lock up the previous ICJ trial while his star witnesses continued to get nowhere with the TMU and the Inspector-General. In particular, my wrong scenario about the government (the CIA) providing the Secret Society women with tools to do evil was his evidence that the women were right about me, that I indeed kept on developing bizarre delusions about them. Then, we have already mentioned how he had wanted me to say terrorist things again so that his colleagues in the law enforcement business can hate me too and consider me an insane anti-American terrorist. We have also hinted at the possibility that the Invisible Hand might in fact be secretly steering the development of my “delusions” so that, later on, many years later, he could make my wrong ideas come true as part of his program.)³⁵

Then, bought DVDs (only single layers). Then I was going to downtown to attend the Russian language meetup (7:30 PM). Chatted with a guy who was very anti-Putin. He mentioned that Putin’s relatives were all living in Europe, in Germany, the Netherlands, and Switzerland. He had worked for an oppositional leader in Russia.³⁶ I left, past 10 PM. **2 B** at LWLB. For the whole day, no targeting, feeling mellow, and no desire to collect damages. What had happened with Homeland Security CO chief? Evidently it’s because the Hardliners didn’t allow him to hurt me today. It must be that the Hardliners didn’t see any need for me to suffer pain and commit crimes tonight (no evidences needed in that regard to stall the ICJ trial): they (or he), you recall, operated on the principle that I should only suffer to the extent needed to accomplish their (or his) purpose. (*Complete bullshit. But would something like this happen in the future? And why didn’t Homeland Security CO chief torture me*

declaring this to be part of the terrorist conspiracy against them. This might seem like a bad trick, but the CIA ultimately obtained an ICJ judgment for this by arguing (1) that it’s Homeland Security CO chief who did it to me first (I certainly would never have committed any crimes if there weren’t any Homeland Security and the Monkey making me do it) so that they can do it onto Homeland Security CO chief too and (2) that, since the Secret Society women themselves would not hesitate to so “entrap” anyone they didn’t like (e.g. me), the CIA shall have the right to “entrap” them too.

35 We shall leave the further discussion about Wes’ hint about H. H. Holmes to the end of this reconstruction.

36 This seems to be Navalny – someone who would become so prominent by the time we are rewriting this chapter.

tonight? Because my conversation with Wes was enough evidence for him?) But strange: I slipped while throwing the first bottle, as if I were still being programmed to suffer bodily coordination problem. Well, this was probably the evidence which the Hardliners needed. (*Wrong.*) Came to SPOT. Thought that identity was being established between me and Kiersten, meaning Kiersten would soon be arrested. (*Bullshit.*) Then I watched briefly two videos on Youtube about Anna Politkovskaya. (Looking for that particular one which I didn't download the last time: "Letter to Anna".) Thought that I was suddenly being programmed to look like I was anti-Russian in order to confirm Kiersten's false profile of me as the intentional originator of the Syrian nuclear terrorism scandal. (It could also be that the Hardliners wanted to fix some evidences about the United States' use, in the past, of political dissidents in Russia.) (*Just more bullshit to help make myself look delusional.*) Severe toothache while writing in SPOT. Also looked at the profile of Alexandra Polovnikov.

Then, 3:23 AM, was not allowed to access PDFs. Severe physical pain. 3:24 AM, was allowed. 5:31 AM, found the website bravetheworld.com, an anti-feminist website belonging to a woman (obviously, like one of those Republican women). (*Did I not already look at this website on the morning of the 7th?*) This, to confirm "half-way" Kiersten's false profile of me as a misogynist. That is, while Kiersten had claimed I was a violent misogynist criminal, the Hardliners had decided that I should be made into a "conservative" or "Republican", i.e. not "women-friendly", not "feminist", but "anti-women" in the vein of a "conservative", so that, while Kiersten was wrong, I wasn't the opposite of her conception of me either – i.e., so that we were both "guilty". This, remember, is how the Hardliners can stall the ICJ trial. (*Again, complete bullshit to make myself look delusional. But would something like this happen in the future?*)

38 In the original version, our wrong interpretation at this point: "It seems that the Secret Society thought it better also to rephrase their false reports about my plagiarism as well in order to fix their 'bad impression' upon the 'new authority'. Since the 'official story' had by now crystallized around the falsity that I didn't plagiarize, but only repeated and summarized on my webpage what I had read and learned, the Secret Society's claims about my plagiarism couldn't pass the 'new authority's' standard as long as they went beyond this 'official line'."

My delusional obsession with, and desire to hurt, SDW? Was this the third person whom SDW had called upon today?

Now, let's summarize. Today was just another day which the Secret Society women would spend mobilizing volunteers to brainstorm how to prove to any law enforcement authority that Homeland Security was all right about me. The essentials are:

- (1) 6:04 AM, a London (Somerset House) volunteer examined my delusions about Boss Cheney.
- (2) 6:09 AM, the MSS Hong Kong volunteer examined my front page and so on.
- (3) 6:27 AM, a Nagasaki volunteer examined my naked picture of Angelica. (a)
- (4) 7:42 AM, a Sydney volunteer examined my particular brand of misogynist ideology (Summary-2).
- (5) 8:04 AM, the MSS Hong Kong volunteer again.
- (6) 8:13 AM, again.
- (7) 9:17 AM, SDW called upon a London volunteer. (1)
- (8) 10:24 AM, SDW called upon a Vancouver volunteer. (2)
- (9) 11:13 AM, an Istanbul volunteer examined my particular brand of misogynist ideology.
- (10) 11:30 AM, a Bielefeld, Germany, volunteer examined my naked picture of Angelica. (b)

12 PM, Homeland Security CO chief instructed Wes to call me.

- (11) 12:21 – 12:24 PM, an Italian volunteer examined my harassment of Prof. Haynes.
- (12) 2:23 PM, a Bradford, UK, volunteer examined my particular brand of misogynist ideology (Elementary Structures).
- (13) **5:01 PM, Robin** discussed me with a Wollongong, Australia, volunteer.
- (14) **7:59 PM, the MSS Hong Kong** volunteer examined my 08.07.2012 blog post.
- (15) **9 PM, again.**
- (16) **10:07 PM, Robin** discussed me with a Lahore volunteer.
- (17) **10:10 PM, Shizuka** discussed me with a Chambersburg, Pennsylvania, volunteer.
- (18) 12:15 AM, an Indonesian volunteer examined my naked picture of Angelica. (c)
- (19) 1:41 AM, a Riyadh volunteer examined my particular brand of misogynist ideology.
- (20) **3:56 AM, did SDW** call upon a Tanzania volunteer? (3)

Thus, the MSS Hong Kong volunteer was here from 6 to 8:30 AM, and then from 7:50 to 9:30 PM, and SDW, instead of being active the whole day, from 9 to 10:30 AM and then very late at night, from 3:30 AM onward. Furthermore, we must notice that the Secret Society women had a particular focus today on demonstrating that I did indeed harbor a particular brand of virulent misogynist ideology (at least four times). And of course we haven't taken care to list all the brainstorming about how to falsely prove that I did plagiarize. Meanwhile, my new blog post in early morning and then conversation with Wes around noon provided Homeland Security CO chief with more evidences of my delusional mind as well as anti-American terrorism to enable him to lock up the previous ICJ trial for the time being.

Now, in the original version, I had also included the following note at the end of today's entry:

In the world today: a white supremacist (?) shot at the police in Las Vegas. It looks like the repetition of Timothy McVeigh's case. Did the Hardliners allow Mr Homeland Security CO chief to cause this in order to fix some evidence about Timothy McVeigh in the ICJ?

Again, complete bullshit – but you must wonder whether the Invisible Hand might make something like this happen later on.

10 June (Tuesday; second day of break)

First, a note about myself. Fell asleep, 4:30 AM, while watching Russian historical movies. Woke up 11:30 AM, with severe headache. Is this my conspirators' programming? (*Not.*) Bought two Tylenols. Lost one bottle of Tylenol just bought. At a café near Normandie, and was remotely controlled to be extremely excited by a middle-aged, supremely polite AWF. Filmed her with webcam. Once again, the Hardliners were allowing Homeland Security CO chief to remotely control me to “sort of” fit Kiersten's false profile of me in order to generate more evidences to stall the ICJ trial. (*It's actually just Homeland Security CO chief and the Monkey.*) Erection for about an hour. 1:30 PM, Western Dental. Slept more than two hours. Dr J, and filling. Then forgot to ask for Norco from her. Saddened. Read Kappeler's book. Noted, 6:25 PM, another White Rose phenomenon in Ukrainian history, the Polish Volodymyr Antonovyc. Was reading it until 7:30 PM. McDonald's. Thought about my domination by these Monkeys because of these technologies which foreigners (immigrants) have invented to enable Monkeys to rule over human beings: anger, but not pain attack. Then realized: it is most important to alienate Germany, and the Germany people, from the United States and Americans. Germany has to be

a neutral country where those Russians who are tired of Russia and want a taste of the West may go and study, without the danger of contributing to the evil xxxxxxxx. I was remotely controlled by the “hidden program” inside the computer in the control center to think this – because this was part of the Macrospherian program which shall be implemented next year when I would be revising this diary! (*Bullshit. But I might indeed be speaking of BOL's program here, which the Invisible Hand would later on negate or adopt accordingly after he shall have won his bet with BOL.*) 8:30 PM, on the bus going to WSTWD. Another guy was rude to me because I wanted to see his book. Anger, and slight pain attack. These incidents somehow motivated me to collect damages according to a rational plan, not through addiction; hence I could wait. Spent the night in Starbucks, WSTWD, trying to catch up with writing. Realized that I would have to finish the “Timeline” of the scandal without any outside help in order to repeat the episode of my reconstruction of the ICJ trial all by myself during 2011 – 2014. (*I would indeed have to do this all the way to August 2022, when I would be revising this entry for the third time.*) Browsed many pretty AWFs while looking retarded. Worked on the “Outline”, etc., until 2 AM. **2 B, and urinated.** Thought: the CIA will expose America's evil because the world will sing the White Roses' praises for decades to come – willingness to admit America's faults and correct them – and a honk – programmed to think this just at this moment to correspond to some driver's honking. But what's my role in it? While this, at the time, was merely more “delusional thought”, it might become true later when I shall come to revise this diary entry in late April (25) next year. (*Actually, the Invisible Hand would indeed plan the whole affair in such a way that the world will sing praises of the CIA for centuries to come.*)

My plagiarism. Why was he using Google UK if he was really in Brazil? Note that, at the same time, Dr G called me. I can't remember what the call was about (the recording of it was lost). Presumably, the Secret Society women and Homeland Security would use him to inform on me from now on.

³⁹ In the original version, the wrong conclusion here: "It seems that another person in Berkeley had been invited to study the problem: 'How to make the authority believe that his delusional belief about these weird things really does make him dangerous to others?' (Was this person related to Kxxxxxxx?) You can thus surmise that something must have happened between 10 PM and 3 AM – something which had caused the Secret Society women to realize that their current effort would not succeed because the authority wasn't convinced that I was physically dangerous to others. Did the 'new authority' send another reply to SDW saying that they would not reconsider the matter because they had already believed the TMU's new profile about me saying that I was not physically dangerous (which meant that SDW and others must use the channel of civil lawsuits to complain about my website, rather than that of criminal cases)? But it was already 1 AM on the east coast by now. Perhaps the person in the 'new authority', before going to bed, checked her or his official email account one last time and was terribly annoyed by all these 'new complaints' from the Secret Society: like junk emails: why can't they just stop sending me all this garbage? And so SDW and her fellow complainers spent five hours trying to figure out how to connect my delusional mind (of which the most obvious manifestation was my belief about being under mind-control) with my supposedly being a danger to others." Just in case this wrong scenario will have some significance later on when we shall come to revise this chapter for the third time on 30.08.2022.

40 In the original version, the wrong conclusion: "... entirely false ones mixed with 'more legal' ones, which should teach you that the Hardliners, having little concern [for] the Secret Society women's frustration over their inability to get through to the 'new authority', had ordered their moles (like the LUG students) to once again encourage these women to refocus their effort on these worthless complaints about the images on my site ('Maybe you can get their attention by saying this about those JPEG images') when the Hardliners' goal was completely different, i.e. the successful stalling of the ICJ trial."

To summarize:⁴¹ today was just another day that the Secret Society women would spend mobilizing volunteers to brainstorm how to prove to any law enforcement authority that the Homeland Security warning about me was correct. The essentials are:

- (1) 6:04 PM, an Austin or Pakistan volunteer examined [my delusion about M. C. and the CIA](#).
- (2) 6:22 AM, SDW called upon an Opera Mini volunteer. (1)
- (3) 6:38 AM, a Toronto volunteer examined my delusion about synthetic telepathy. (*1)
- (4) 7:31 AM, SDW called upon a UK volunteer. (2)
- (5) 7:34 AM, a Grand Rapids, Michigan, volunteer examined **Best Mommy's picture**.
- (6) 8:03 AM, Robin discussed me with a Sri Lanka volunteer.
- (7) 8:55 AM, a Kharkiv, Ukraine, volunteer was sent in to examine my screenshots from August 2010.
- (8) 10:22 AM, SDW called upon a Uganda volunteer (3)
- (9) 4:30 PM, the Crockett volunteer last seen on 3 June came back to check out the Table of Contents again.
- (10) 5:49 PM, a Missouri volunteer examined my delusion about being chipped in the brain. (*2)
- (11) 6:31 PM, SDW called upon a Brandon, Manitoba, volunteer. (4)
- (12) 6:57 PM, a Brantford volunteer examined [the front page of my website](#).

7:14 PM, Dr G called me. Was he trying to work on me for the benefits of the Secret Society women?

- (13) 10:38 PM, Shizuka discussed me with a San Francisco volunteer.
- (14) 10:49 PM, an Armadale volunteer examined my delusion about being chipped in the brain. (*3)
- (15) 10:56 PM, the MSS Hong Kong volunteer examined, too, my delusion about being chipped in the brain. (*4)
- (16) 11:04 PM, Shizuka discussed me with a Jakarta volunteer.
- (17) 12:04 AM, the Armadale volunteer again. (*3)
- (18) 2:23 AM, an Albania volunteer examined [my delusions about my involvement in some ICJ trial](#).
- (19) 3:05 AM, a Madagascar volunteer examined my delusion about being chipped in the brain. (*5)
- (20) 3:12 AM, more.
- (21) 3:19 AM, he copied one of my brain-chip blog posts onto Word: what evidence was he asked to forge?
- (22) 3:25 AM, a Berkeley volunteer examined my delusion about being chipped in the brain. (*6)

We thus note (1) that SDW was again totally active in the frenzy and (2) that the Secret Society women had a particular focus today on my “brain-chip delusions” – how such delusions should have convinced all the detectives that Homeland Security was all right about me. In particular, it was probably because Homeland Security CO chief was in need of some temporary evidence in the ICJ to lock up the

41 In the original version, after listing all the visits and the (mostly wrong) interpretation, we had this (mostly wrong) conclusion: “There were thus a total of 46 false complaints about my website today, at least seven of them being reports about my posing imminent danger to women by either threatening them on my blog or hacking their computers and cellphones. I hope you can appreciate by now what a nightmare this woman SDW was. In the past 70 days since she filed her stalking claim against me, she – together with the rest of her women gang – had already made approximately 2,100 false reports about my website – and this is only the beginning. By the end of April next year, when she would still be making false complaints about my website, she (and the rest of the Secret Society) would have already made approximately 17,000 false reports about my website (to a dozen or so governmental and international agencies). SDW is not just a ‘professional victim’; she is also a ‘professional complainer’. If you look at her old picture on her Facebook, you will see that she was quite an attractive woman when she was young. And now you understand why this woman is still single when she is already entering her middle-age.” Again, what was correct was marked in red.

previous ICJ trial that he instructed Madagascar volunteer to copy my brain-chip blog post onto Word: to forge evidence to show that I came up with my delusion by clipping things out of news reports here and there and then pasting them together in my blog and then truly convincing myself that this was all true. Ha!⁴²

Finally, it should be mentioned that we have again not taken care to list all the brainstorming as to how to falsely report me for plagiarism (except for the Crockett volunteer).

Now, in the original version (April 2015), there was also this observation at this point:⁴³

The following description of “Narcissistic Personality Disorder” comes from James Morrison’s *DSM-V Made Easy: The Clinician’s Guide to Diagnosis*.

“People with NPD have a lifelong pattern of grandiosity (in behavior and in fantasy), *a thirst for admiration, and an absence of empathy*. These attitudes permeate most aspects of their lives. They regard themselves as unusually special; they are self-important individuals who commonly exaggerate their accomplishments.... Despite their grandiose attitudes, *people with NPD have fragile self-esteem and often feel unworthy*; even at times of great personal success, they may feel fraudulent or undeserving. *They remain overly sensitive to what others think about them, and feel compelled to extract compliments...* As sensitive as they are about their own feelings, *they have little apparent understanding of the feelings and needs of others* and may feign empathy, just as they may *lie to cover their own faults*” (p. 550 – 551, emphasis added).

As you can see, this describes Kiersten with almost 100 percent accuracy. Her psychopathy, her complete disregard of others’ needs and lack of any understanding of others’ feelings, you have already seen. You have also seen her pathological lying. You will later on see becoming manifest her persistent desperate attempt to avoid others’ discovering her lacking the attributes which she values the most: i.e the fact that she has been unable to attract males and lacks intelligence, talent, and education. It’s to avoid others’ discovering her true self that she has been propping herself up as “beautiful”, “attractive”, “educated”, and “possessed of psychic [*and medicinal*] power”, and constantly projecting her true self onto all the guys who have chosen to ignore her. Thus, the root of the international scandal that had been born from this Kiersten Affair is ultimately to be found in a NPD’s feeling of unworthiness and oversensitivity to others’ opinions **about the self**.

(There was actually no international scandal at this point – it was a wrong scenario which Homeland Security CO chief wanted me to develop in April 2015 so that I could look delusional – but, again, you never know if my “delusion” might not come true later on.)

Two comments are in order. First of all, when we read these descriptions of personality disorders in the DSM series, we are again struck by how accurate they are of the various annoying characters we meet in life. They are like the “templates”, or “scripts”, which these annoying and harmful people are supposed to fulfill in their respective lives. It’s again due to the fact that the educational system has so disintegrated in the United States that such a poor psychologist [as] Dr P could have been walking

42 There seems also to have been a particular focus on my “delusion” about my involvement with the intelligence agencies and in some trial at the International Court of Justice.

43 The beginning and end of each excerpt are marked in red. Current comments are again in brackets and italicized.

around in society making others, and herself, believe that she is some sort of expert in human psychology – it's not due to what is commonly affirmed in “anti-psychiatry”, that the psychiatric tradition is a bunch of garbage.⁴⁴ The problem lies in the transmission of knowledge, not in the knowledge itself. This recognition is extremely important, because the DSM series are now used all over the world, and, when it has become increasingly evident that the so-called “mental health professionals” in the United States usually have no understanding of human psychology at all and have no awareness that they don't understand human psychology, the world needs to know if this DSM which [has originated] in the United States really is not a piece of garbage.

Secondly, some time from now people around the world might be debating whether the mastermind of the Kiersten Affair, i.e. Kiersten herself, really represents American women at all. Since she clearly is a typical example of a pernicious personality disorder, it might not seem that she does. In reality, of course, she could have inflicted so much damages on the lives of others only because the majority of the American population does share the ideologies which exist in her mind (concerning gender stereotypes, especially). If this is not so, if Kiersten were born in another country, there is no possible way that she could have used the legal system to run the largest private-citizen gang-stalking enterprise ever seen in human history with **complete impunity**.

(While the first comment is completely correct, the second comment is only almost correct. This “largest private-citizen gang-stalking enterprise” was made possible by Homeland Security CO chief and not the result of Kiersten's own making by herself. Besides that, the roles played by Angelica and Dr P and so on were hardly negligible in the constitution of the gang-stalking enterprise in question. Thus the second comment is a bit of exaggeration of Kiersten's power.)

11 June (Wednesday; H-1630)

First, a note about myself. Home. Burned the Russian historical movies onto DVD-387. MST with the video of the pretty middle-aged AWF from yesterday. The Hardliners' evidence that I fit Kiersten's false profile of me “half-way”. (*Wrong.*) Watched “Romanov” until 6 AM. Slept, and woke up 11 AM. Knew that I would be late for Dr B. Screwed up. Needed to see the doctor to obtain Norcos. Teeth hurt all night last night and this morning. Upset. Slight physical pain. The desire to collect damages resurfaced. To WLSHR/ VRMNT station. A guy bumped into me. Anger/ slight pain. Desire to collect damages. Another ugly guy wearing earphones came to sit in front of me. Desire for collection. This could very well be the TMU's surveillance: they knew I was going to White Memorial for my appointment. (*Could I be correct here?*) Had the TMU been warned by the Hardliners that, later today, they shall be processing the Secret Society women's stalking claim against me once more in order to complete the evidences needed to stall the ICJ trial? The train stopped in station for 5 minutes to frustrate me further. It looks like I have “graduated”: i.e. all these unpleasant experiences are so normal that they might as well not have been programmed by my “perps” (or the control center) at all; I have learned to experience all unpleasant experiences that are my own faults (that are the result of my own ability to experience them as painful: my own negligence in not getting an alarm clock) as something for which others need to pay. *Schuld sind immer die Anderen*, just like Angelica, Kiersten, and, foremost, Dr P. I'm bad and delusional and mentally retarded: that's how I'm helping the CIA prove

⁴⁴ This footnote is from the original version: “Our Dr P has appeared at least two times in major US newspapers analyzing people's psychological responses to various events as if she knew what she was talking about: (1) once in *Los Angeles Times*, ‘Compound Interior’ (20.07.2008); and (2) once in *The Seattle Times*, ‘When wild Santa Ana winds blow, chaos often follow’ (29.10.2003).”

their case, saving the world, etc. (*Bullshit – about helping the CIA prove their case, that is. But would this come true later on, especially when I shall be revising this entry for the third time in late August 2022?*)

Arrived in White Memorial around 12:15 PM. Miraculously, Dr B was still there, and she said she will see me after three patients ahead of me. Went to get lunch. Looked mentally deficient, and pretty hospital AWFs were very nice to me. (The evidence which the Hardliners wanted the TMU to intercept.) (*Not.*) Felt good, warmed, and this is, again, supposedly A/ K's game (not!): while I have made myself look bad to my audience, I have made Americans look good, for everyone is very polite, especially toward people with disability. (*I was right that it was all bullshit.*) But this is supposedly the White Roses' game, underneath A/ K's game: If you are a subhuman, you might as well be mentally retarded, then at least people will not ignore you and will be very polite toward you. (*Not!*) Because Americans like victims (disabled people, mentally retarded people, victims of crimes). Americans like victims because victims consume resources without being able to produce anything. Americans are the way they are because they are here to consume resources, and to make sure other people consume resources, faster than producers can ever replenish the resource base. The Americans' world historical mission. (This is however correct. More on this later. Such is part of the "program".) (*Right.*) That's why they glorify victims, and want the whole world to be like them and to be glorifying victims, and they want to force the rest of the world to be like them (glorifying victims) with the "threat" that, if you don't like victims, you are backward/ primitive/ anti-human rights. That's how Americans can destroy the world while looking like they are trying to help people: soon we will eat up all the resources, run out, collapse, suffer population crunch, and go back to the stone age. Once again, Marx and Engels are correct: economic substructure determines the super-structure of "values": the White Roses' point. (*Very much correct here, although the insight here was still quite underdeveloped. When I shall have far better developed the insight first expressed here, it'd be part of the Macrospherian program to make everyone understand it.*)

Saw Dr B. Was not given Norco. Instead, she prescribed me Tylenol 3 for 5 days (Acetaminophen-COD). The technician led me to Dr GM, a new psychiatrist, a Hispanic man. He was not in the office. Lunch, at the pharmacy to pick up Tylenol, and then came back to Dr GM's. He is there, and tells me to come back at 4 PM. Hence, 3:40 PM, one went out to check on H-1630. (The Hardliners had intentionally allowed Mr Homeland Security CO chief to program all this.) (*Wrong. But would something like this come true especially when I shall be revising this entry for the third time in late August 2022? In any case, it's just Mr Homeland Security CO chief who was dying for me to "stalk" Veronica again.*) There were five cars in the drive way: a white pickup (Roberto's), Veronica's car, PICKUP, a van in the garage (door open), and one more. The two girls were in the swimming pool. The Old Lady was chatting with a fat Hispanic lady, with the Old Man nearby. Came back to Dr GM's office, 3:55 PM. You can actually see H-1630 from the windows here. The control center (A/ K presumably; the authority; or somebody new: actually it's just Mr Homeland Security CO chief (*right!*)) has purposely set me up with Dr GM so that I could conveniently monitor H-1630 while waiting for my appointment. Thus, checked on H-1630 intermittently while waiting to meet with Dr GM. The girls were drying themselves, and the fat Hispanic woman was pointing something out on the street to the Old Lady. The dog. The large size Hispanic male with a protruding stomach (Roberto?). 4:10 PM, back to the window. Another middle-aged Hispanic male with a protruding stomach and a baseball cap. The fat Hispanic lady and the Hispanic male were setting up a table. The girls were playing with the dog. The girls, the fat Hispanic woman, and Roberto (?) were then eating fruits at the table. The same unbearable feeling of "derealization", as if my entire scenario were a parallel reality.

(All this time there was a Hispanic lady wearing dark sunglasses also waiting in the office: probably an agent whom Homeland Security CO chief and Veronica had instructed their investigators to send in to monitor my “stalking”.) Finally, Dr GM met with me around 5 PM. He prescribed Seroquel. When leaving, checked the window one more time. The girls were gone, and the fat Hispanic woman was still at the table.⁴⁵

6 PM, came to Western Dental to pick up the prescription for Norco. 6:45 PM, at the bus stop, Wilshire and Catalina. The Korean guy wants to beat me up for looking at his girlfriend. He kicks over my bottle of ice tea. Some anger/ pain attack. Desire to collect damages. But from white Anglos? Strange ambiguous feeling. Apparently, Mr Homeland Security CO chief, hating me as usual, was trying to find ways to make more people hate me. He saw that I would only collect damages from whites and Hispanics, but never from Asians. And so he made sure that I shall be attacked by an Asian guy, hoping that I would then also begin to xxxxxx Asians. Since I wouldn't want to enlarge the domain of my “enemies”, the desire for revenge will conflict with the desire to not expand the domain of my “enemies”, causing physical pain. (*Was I correct here?*) At the Goethe Institute. A German movie on soccer games (Bern). Boring. Out: 2 N. (Asians?) Starbucks, WSTWD, 10 PM, and sat down near pretty AWFs two times, but they both left immediately. (Homeland Security CO chief's programming, while the TMU was collecting *their* evidences.) (*Really?*) Friend request to Patty Abattoy, 10:30 PM. Again, Homeland Security CO chief's programming: Patty would report me to the TMU saying I had attempted to stalk her. (*Really?*) Worked on “Timeline” and “Karin's Meetups” until almost 2 AM. **Then: 2 H, 2 B (PSYCH).** Headache from sleep deprivation. Couldn't pick up Dr Jingco's prescription at Walgreens because she wasn't in the system.⁴⁶

(You can easily imagine what had happened. Even though Mr Homeland Security CO chief had always temporary evidences with which to lock up the previous ICJ trial for the time being, he still needed to

- 45 My recording from this afternoon: “[drbwhitememanghousedrGM_6_11_14_1133AM-537PM.MP3](#)”: in White Memorial, 12:18 PM (45:00). With the secretary: “Late for Dr B. Need pain killers.” With Dr B, 1:21 PM (1:48:00). Taken to Dr GM's office, 1:54 PM (2:21:00). They were on break. Went to do blood work. Outside, past 2 PM (2:29:00). Inside the laboratory, 2:04 PM (2:31:00). Came back to Dr GM's office, 2:24 PM (2:51:00). No one there, and so walked away. There was somebody conducting surveillance on me in the hallway. This was Veronica's investigator. She had already been notified that I was coming to White Memorial today, and had mobilized her investigators to keep track of my movement. Left Dr B's office, and went to the cafeteria, 2:34 PM (3:01:30). At the pharmacy, 3:30 PM (3:57:00). At Dr GM's office, 3:34 PM (4:03:00). **Outside again, and was checking out H-1630, 3:43 PM (4:10:00).** Back inside Dr GM's office, 3:56 PM (4:23:00). He asked me to wait. There was another Hispanic woman coming in wearing sunglasses: Veronica's surveillance (4:29:00). Stared into Veronica's house's backyard, 4:12 PM (4:39:00). Then another surveillance agent (Veronica's). With Dr GM on 4:23 PM (4:50:00). With Dr GM from 5:24:00 onwards (from 4:57 PM onward). Talked to him about pain and seizure. Done with Dr GM, and was leaving White Memorial, 5:09 PM (5:36:00). On the bus, 5:17 PM (5:44:00). Near home, 5:32 PM (5:59:00).
- 46 The wrong conclusion about today in the original version runs thusly: “As you shall see below, because I walked around Veronica's house around 3:43 PM, Angelica (at House Z at the time) (*most likely not, but at House-FRVW*) and Veronica were able to file a stalking claim against me at the TMU. Since this was the ‘second time’ the whole Secret Society had been waiting so desperately for, the TMU had had to accept it. I would suppose that the TMU was not actually thinking that I was trying to mess with them. The Hardliners had presumably already notified them that, today, they shall process a new stalking claim from the Secret Society against me – because, again, they had to follow the Hardliners' instruction as to what results they *must* produce for their following investigation. The Hardliners' tactic is clear by now: first, establish the Secret Society women as ‘guilty’ (fond of making false reports over nothing whatsoever), then establish the suspect as ‘guilty’ (letting Homeland Security CO chief remotely control him to ‘stalk’ one of them). In this way, they got to keep the Secret Society women's ‘terrorist suspect status’ while maintaining ‘victim confidentiality’ over the suspect's website.” We keep this wrong conclusion here because something like this might very well have happened when we come to revise this entry for the third time on 28.08.2022.

help his star witnesses reestablish their case with the TMU and so on. Seeing that I had my appointment with Dr B today, he would use this opportunity to get me to “stalk” Veronica again, and of course he made sure to instruct Veronica to send in a surveillance agent to ascertain that I was indeed “stalking” her. By tomorrow, the TMU would receive more videos showing me loitering outside H-1630 again and then peeking out the window in Dr GM's office in order to spy on the poor family. Again, to try to prove to the TMU or the Inspector-General that the Homeland Security warning about me was all correct.)

⁴⁷ In the original version, my interpretation runs thusly: “False report about my committing frauds with my artworks. (Again, this diagram of the warrior image found on a pottery and so on was hand-drawn by an archaeologist, and the Secret Society simply reported that I claimed I drew it myself.)” This interpretation was presumably not correct, although we always have to keep in mind the possibility that it might become correct later on. Then follows my next interpretation – in accordance with the wrong scenario in the original version: “Now, there would be no activity from the Secret Society during the next hour and a half. Something important. When the Hardliners had briefed the TMU about today’s agenda, the TMU had notified Veronica that I was coming to White Memorial today (on the basis of the ‘new, updated, profile’ of the ‘stalker’). The news must have, as you can imagine, tremendously invigorated everybody in the Secret Society, especially SDW. But, not yet, for I had simply stepped inside White Memorial on 12:18 PM. The TMU must be informing Veronica and Angelica – with SDW and others listening [in] on the side – that I had not yet ‘stalked’ Veronica until I actually showed up in front of her home.”

48 In the original version, my wrong interpretation at this point: “This was the same false report about my plagiarism. Note that this was the most important webpage from the Hardliners’ point of view. Just as the entire stalking case was orchestrated by the Hardliners to cover up this chapter, so the Lynnwood person must have been directed by the Hardliners’ mole to remake the same false report which had already been made in the morning – in order to complete the story which they had wanted.”

Now, what's going on? It should be the case that, by now, either the TMU or the Inspector-General had already again rejected Angelica's and SDW's appeal saying they didn't deem the Homeland Security warning about me to be valid. Devastated, SDW thus called up a relative of hers to complain about the situation. This would then be the fourth person she had called upon today.

1:09 AM, as noted, I was editing my blog from Starbucks. I would post "Prediction of the ICJ judgment..."

50 In the original version, my wrong interpretation: "Then, I was editing my blog on 1:09 AM. I logged out on 1:40 AM. Then, there was a two hour break. What happened? Presumably, as the night was drawing to a close, the Secret Society thought that all the foregoing false reports should have convinced the TMU to take down my website immediately. But the TMU was very likely instructed by the Hardliners to ask the Secret Society to provide more reports about my website – the purpose being, of course, to obtain more evidences for the ICJ to stall the trial. It could also be that the TMU had once more expressed skepticism over the veracity of all these reports – since this was part of the goal of the Hardliners' operation – causing the Secret Society to be regrouping for an hour or so."

Again, although this was complete bullshit at the time, it would become quite true by the time we are revising this chapter in September 2022.

To summarize today's operations:⁵¹ today was just another day that the Secret Society women would spend brainstorming with their volunteers as to how to prove to any law enforcement authority that the Homeland Security warning about me was correct. However, to help them advance their case with the TMU or the Inspector-General, Homeland Security CO chief did inform Angelica and Veronica in the morning that I would again be found “stalking” Veronica at her home this afternoon. Here are the essentials:

- (1) 7:49 AM, a volunteer from the Defense Intelligence Agency examined a screenshot of my visitors' log. What?
- (2) 7:54 AM, a Delhi volunteer examined my naked picture of Angelica. (a)
- (3) 9:21 AM, SDW called upon a City of Toronto volunteer. (1)
- (4) 9:33 AM, she came again.
- (5) 9:36 AM, a Heidelberg volunteer examined my delusions about Khalezov.
- (6) 1:21 PM, Robin discussed me with a Preston, UK, volunteer.
- (7) 2:01 PM, a volunteer was checking over the Bronx volunteer's link from 18 May on the Secret Facebook Group.
- (8) 2:31 PM, SDW called upon a Poole, UK, volunteer. (2)
- (9) 2:35 PM, a Polish volunteer examined my naked picture of Angelica. (b)
- (10) 3:16 PM, a Denton, Texas, volunteer examined my blog post on the hierarchy of stupid people. What?

51 In the original version, my wrong conclusion for today runs thusly (we cite only parts of it here): “... (12) 12:55 PM, false report about my delusional belief about being mind-controlled (Dallas). By now, since the TMU was ready to reopen the Secret Society's stalking claim against me, the false reports were directed back to the TMU instead... The Secret Society had thus produced another 49 false complaints about my website today – 37 of which were now directed to the TMU instead. We can be sure that, while the TMU had granted ‘stalking victim status’ to Angelica and Veronica, they had refused to add Karin, SDW, and Kiersten onto the list – since I had, really, not ‘stalked’ them at all (never even gone near them). Both SDW and Kiersten would be terribly disappointed and angered by this act. Meanwhile, on the news: another school shooting! It seems that the Hardliners had permitted [Mr] Homeland Security CO chief to carry out another ‘remotely controlled mass killing’ in order to replace evidences in the ICJ for those previous such incidents perpetrated by the Monkey... Also on the news: Cantor lost to a Tea Party extremist: the Republicans were no longer into immigration reform.” Again, we don't know how much of all this bullshit will turn out to be true later on, especially by the time when we are revising this chapter in August and September 2022.

- (11) 3:30 PM, a Solent University volunteer examined my naked picture of Angelica. (c)
(12) 3:36 PM, Shizuka discussed me with a Bronx volunteer.

3:45 PM, I was in front of H-1630. Everybody thus got in contact with either the TMU or the Inspector-General.

(13) 4:11 PM, Angelica begins making false reports from the Law Library.

(14) 4:16 PM, an Arlington, Virginia, volunteer and a Woodland, California, volunteer, also confirmed that I did plagiarize.

(15) 5:01 PM, SDW instructed a Round Rock, Texas, volunteer to also make a case for her to the TMU or the Inspector-General. (3)

(16) 5:20 PM, the Lynnwood volunteer also confirmed my plagiarism.

By now, however, either the TMU or the Inspector-General had announced once again that there was no case because the Homeland Security warning about me was deemed to be invalid.

(17) 6:24 – 6:26 PM, SDW cried to a Vernon Rockville relative of hers. (4)

(18) 9:56 PM, an Italian volunteer examined my harassment of Kiersten by blogging about her.

(19) 11:20 PM, a Sydney volunteer examined my naked picture of Angelica. (d)

(20) 11:24 PM, an Arkansas volunteer examined my front page.

(21) 12:10 AM, a Shanghai volunteer came onto my blog using the strangest search terms (“methane”...).

(22) 2:54 AM – was Robin discussing me with an Indian volunteer?

Again, we have taken care to not list most of the brainstorming concerning how to report me for plagiarism. Note also that, some time today, Dina B (more on her later) posted her MRI brain scan images on her Facebook! Was she instructed by Homeland Security CO chief to do this? Most likely: all because Homeland Security CO chief wanted faulty surveillance to confuse her with me so that there can be some temporary evidence in the ICJ to enable him to lock up the previous ICJ trial for the time being.

12 June (Thursday; severe toothache)

First, a note about myself. Slept between 5:30 AM and 12 PM. TNT, 2 PM. Came to Rite Aid to pick up Dr J's Norco. 4 PM, back to Rite Aid for the pickup. A Hispanic gangster tried to provoke me: he cut in front of me, and then blew loud music. Some pain and anger attack. Required to xxxxxx Mxxxxxxx. Evidently, now that the Secret Society women's fourth stalking claim had been established against me, Mr Homeland Security CO chief, because he was Hispanic, wanted me to xxxxxx Hispanics while under the TMU's surveillance, in order to cause me to be labeled an “anti-Hispanic racist”. (*Completely wrong: there was no new stalking claim, and Mr Homeland Security CO chief's purpose was simply to get me into a fight so that he can have more evidence to confirm Angelica's claim that I was violent.*) Norco amount only good for one day. Called Western Dental, and was told that one was only allowed to get more when the medication ran out. To produce more evidences of my delusional mind: how I erroneously believed that A/ K are making it look as if the government's austerity program were already in place when in fact they just want me to waste more time dealing with my pain problem. (*All nonsense.*) Stories. Sat next to a pretty AWF: one had seen her before many times. Soon, all pretty AWFs gone. Read more of St. Augustine. 9:20 PM, met “Michelle” by the taco truck. She is

sympathetic toward my mental retardation and wants to buy me new shoes. Erroneous belief: A/ K have programmed this in order to make Americans look good, as if Americans love to take care of those who try to harm them and hate them. Thought further:

A/ K are told that, because there is the rule for the replacement of evidence, they can transform me into an approximation to their original claims about me; they can then offer a more accurate description of my psychology after being educated about my motives; they will do so by more accurately reporting me to law enforcement. Then, since this time they are not lying anymore, they can convict Russia for the Syrian nuclear terrorism scandal. At the same time, they will have avenged themselves on SDW by having her arrested, and then wasted me away. But this is in fact a CIA sting op. The CIA has submitted evidence to the ICJ proving that A/ K are very much intending on harming Russia, rather than being victims, and that these two women are criminal psychopaths. (*My bullshit at the time. But would something similar happen later on, such as in 2022?*)

(*Now the bullshit I added in April 2015:*) In reality, what was going on was certainly that the Hardliners had wanted the TMU to pick up more episodes showing me to be, or pretending to be, mentally retarded. All in order to confirm the replacement profile which they had constructed of me. It also seemed to be the case that the Hardliners actually felt guilty about destroying my life (remaking me into a mentally retarded, perpetual vandalizer) in order to take advantage of my work. Thus, they might be thinking of compensating me. They saw that, often, I in fact enjoyed being mentally retarded when in the presence of pretty white females. They were probably thinking of orchestrating something in order to cause some white female to attach me to her. Although this “Michelle” wasn’t really beautiful, it might be the beginning of a chain of events which would lead me to my “compensation”. Nothing came to fruition, however, because, so it seems, Ekaterina would come into the picture to disrupt the Hardliners’ plan as soon as the entire ICJ trial was stalled.

Collection at INDIANA tonight, following the wish of Mr Homeland Security CO chief: **9 N, 1 SPC, 1 B.** Sleepiness all day long. Home, around 12:30 AM. Then, programmed to watch another video of BOL’s speech (the launch of the Arthur Watts Fellowship). (*Now the following bullshit about the Hardliners came from April and May 2015, and we preserve it here just in case something like this shall happen in the future:*) It seems that the Hardliners wanted the TMU to note down in their investigation that, although I didn’t plagiarize, I did use a lot of other people’s web contents on my own websites and channels. Again, such was the Hardliners’ goal (“half-way” to Kiersten’s false profile of me). Meanwhile, the Hardliners of course wanted the TMU to dismiss the Secret Society women’s claim that I was cyberstalking BOL (such as Karin had claimed in April). 1:30 AM, emailed to Rod and Ron, about historical movies.

Now the Secret Society women’s operation on my website for today. 5:28 AM,

Most likely here to examine my harassment of a certain famous woman by linking to her website. It seems that the Secret Society women had again recruited a volunteer from the strangest place in the world:

Another false report about my delusional obsession with, and desire to hurt, SDW.⁵⁴ Presumably the first person whom SDW had called upon today. Now, we must wonder – could this person be Gabi?⁵⁵

54 In the original version, our wrong interpretation at this point: “There was then a three-hour break. What’s going on? The Secret Society probably thought that enough false reports had been made such that the TMU should take actions soon. However, as a matter of course, nothing actually happened – since the TMU was already aware that the reports were false and that this website had really nothing to do with ‘stalking Angelica’. As the Secret Society wondered what to do, the Hardliners’ moles moved in again to suggest ‘more legal reports’ about plagiarism in order to accomplish their agenda.”

1:24 AM, SDW posted her first message on her Facebook group since 4 June.⁵⁷

1:33 AM, as noted, I emailed Rod the links to the historical movies.

⁵⁷ In the original version, our wrong interpretation at this point: “[SDW] was very likely waiting for another response from the TMU, and, while doing so, was browsing the net for her usual targeted individual bullshit. Since the Secret Society now had another stalking claim against me (via Angelica), she felt comfortable enough to begin posting on her Facebook group again. However, when it came clear that the TMU was not removing my website, the Secret Society immediately resumed its operation.”

Now, let's summarize today's operation. Today was just another day that the Secret Society women would spend brainstorming with their volunteers as to how to prove to any law enforcement authority that the Homeland Security warning about me was correct. The essentials are:

- (1) 6:48 AM, the MSS Hong Kong volunteer came again.
- (2) 6:56 AM, again.
- (3) 7:15 AM, a Colorado volunteer examined my delusions about Khalezov.
- (4) 8 AM, the Vedano Olona volunteer from 9 June came again to complain on behalf of Prof. Haynes.
- (5) 10:22 AM, another Hong Kong volunteer examined my harassment of Daniel Estulin (?).
- (6) **10:50 AM, a Mexico City volunteer examined my Youtube channel (toothache).**
- (7) 11:02 AM, a Tennessee volunteer examined my delusions about Snowden on both my blog and Prison Planet Forum.
- (8) **11:25 AM, Robin** discussed me with an Indianapolis volunteer.
- (9) **12:53 PM, an Oregon volunteer examined my delusions about Angelica's going after me.**
- (10) 1:08 PM, a Department of Interior volunteer examined my harassment of a certain famous woman by linking to her website on my external links page.
- (11) **1:11 PM, Robin** discussed me with a Wincanton, UK, volunteer.
- (12) **2:10 PM, SDW** called upon an Alhambra volunteer. (Gabi?) (1)
- (13) **2:11 PM, Robin** discussed me with a Tennessee volunteer.
- (14) **5:22 PM, a Colorado Springs volunteer examined my videos of broken arms and broken legs on my Youtube channel.**
- (15) 6:05 PM, a Montreal volunteer examined how my delusions about being mind-controlled had prompted me to become a danger to others as well as to myself.
- (16) 9:02 PM, a Benin volunteer examined my front page.
- (17) **10:56 PM, SDW** called upon a Brisbane volunteer. (2)
- (18) 1:57 AM, a Garden Grove volunteer examined my plagiarism or particular brand of misogynist ideology.
- (19) 4:24 AM, an Indian volunteer examined my front page.

We can thus see, for today, that Robin was particularly active and that the Secret Society women had a particular focus on my Youtube channel. Again, there was a ton of brainstorming which we haven't mentioned about how to falsely report me for plagiarism.

13 June (Friday; severe targeting resumed)

From now on there would appear this “pain sensation” to cause me to desire to xxxxxx xxxxxxxxxxx. “Pain sensation” is a weaker form of pain, but has the effect of making me very uncomfortable, needing release through xxxxxx xxxxxxxxxxx. Because I have no words to describe this “pain sensation”, I will often refer to it as “pain”.

First, a note about myself. Slept 4:30 AM, and was awakened 7:30 and 11 AM to feel moderate toothache and headache. Woke up 2 PM. Moderate toothache, and moderate headache and sleepiness, but one had learned to react to it as if it were severe pain. 3:45 PM, called aunt Eva. Not there, out of town, and one almost felt pain, but one then discovered she had already deposited money. Thus okay to buy the USB port. Called Western Dental. No emergency appointment with an oral surgeon. Told to go to the Beverly office to obtain the prescription for more effective pain medication. Went, arriving past 4 PM. Given an appointment with an oral surgeon for Monday 5 PM! And given more prescriptions for Tylenol 3 by Dr Jingco, even though one was told yesterday that she would not be working today. Realized how A/ K were trying to convict Russia and the CIA in the ICJ. (All wrong.) Back on bus to go to FRFX. The person behind me was blowing loud music: physical pain. A/ K are requiring me to

resume xxxxxxxing xxxxxxxxxx based on moderate pain. (Actually, it's just Mr Homeland Security CO chief.) Programmed to take the wrong bus (cognitive function disrupted) in order to be upset and look like I'm mentally retarded. At FRFX, took the bus going north, past by SM to arrive at Sunset. Severe anger attack, and required to xxxxxx xxxxxxxxxx. Threw 3 bottles, and none of them broke, to make me further frustrated and look mentally retarded. Finally **2 B**. Walked to SM, and then realized one was programmed to misremember the location of Best Buy: it's on La Brea and SM. Anger attack, and required to xxxxxx xxxxxxxxxx in order to make myself look bad, make Americans look good, and help A/ K convict Russia. (Wrong.) Pretty AWFs also caused pain sensation. Got on bus 4 to go to La Brea. Physical pain from the obstruction of any expression of one's growing desire to become violent. At La Brea, and went inside Rite Aid. Restless, pain, and this desire to become violent. Put in the prescription, tried N on the street, and couldn't hit any. Pain sensation. Required to xxxxxx xxxxxxxxxx. McDonald's, and ate. Hispanic children's noises caused anger: pain sensation. Inside Rite Aid to pick up the medication. Inside Best Buy. Discovered that I had been programmed to not remember that my recorder needed new batteries. The recorder ran out of batteries. Pain sensation. Required to xxxxxx xxxxxxxxxx. Came inside Starbucks to upload the recordings to check what had been missing, 7:40 PM. Sleepiness, headache, toothache, and was so busy as to not have time to write and read. Decided to go home first to rest. Remotely controlled to need to defecate (the second time) in order to lose more time. Restroom, and the lights were not working, to cause me more frustration. Rested until 10 PM. Out to collect damages. To SM, and the bus was shaking violently to cause me more frustration. **7 N**. Denny's, to wait for better timing for W. 1:35 AM, two black guys came in per programming to sit in front of me and talk Ebonics loudly, in order to cause me physical pain. Talked to the waitress, but she wouldn't help. Moved to a different seat. Anger/ pain attack. Energized to break properties around. This was right after one had some romantic thoughts about BOL; the goal seemed to be to condition me to develop an antisocial emotional structure. Must hate those that I consider to be the "good guys" (the White Roses), so that, when they shall take credits in the future for saving the world and correcting Americans' evil ways, I will still hate them and be hated by everybody who praises them. Then four more xxxxxxxxxx black people came in to sit in front of me to talk Ebonics loudly, causing me physical pain. Writing disrupted. Changed seats again. The manager then threw me out of the restaurant. Severe anger/ pain attack. Produced evidences showing me to be xxxxxx against blacks. Required to immediately xxxxxx xxxxxxxxxx as well. Not enough W to hit, however. **2 W, 3 SPC, 3 H**. Not enough to kill pain. Finished by 2 AM. Came to the bus stop, and got on the bus to go home. Hispanic people wearing earphones gathered around me – even when I changed seats – to cause me more physical pain, in order to induce me to collect more damages. One had been suffering pain sensation throughout the night. Less picky with targets, and required to live forever in hatred in order to suffer perpetual, chronic, physical pain caused by hatred and loneliness. Off the bus, near home. **1 W** (SZZLR). **1 H**. Required to xxxxxx Dr G tomorrow for his role in convicting Russia by harming me.

Now the commentary added in April or May 2015: You can see that all the reasons I had imagined for my targeting today were incorrect. It was evidently like this. As this was the second day where the TMU would run surveillance on me in order to investigate Angelica's new stalking claim against me, the Hardliners allowed Mr Homeland Security CO chief – who was always ready to hurt me as soon as he was permitted to do so – to hurt me today: only to cause me to behave in such a way as to be able to complete the profile which the Hardliners needed to stall the ICJ trial (half-way resemblance to K's false profile of me). Thus, the TMU today would note down in their file on the "stalking suspect": "He is indeed somewhat mentally retarded, constantly getting lost, and has exceptionally low tolerance for unpleasant experiences (like SDW), suffering physical pain continually, and tries to break things to kill pain, although he is not very effective because he is retarded and physically too weak. His stalking

victims' claims about him ('dangerous') are thus exaggerated and incorrect. In fact, it's not really his 'stalking' which bothers them. They are just looking for reasons to remove his website." Again, the Hardliners wanted to make sure that both parties were "guilty", like the case where members from one gang killed members from another gang: bad people killing bad people, and who cares. The literal manipulation of UN Resolution 1373 had somehow allowed the Hardliners to overlook the fact that I wasn't guilty at all since I had no freewill.

(In reality, what was really going on was simple enough: in order to lock up the previous ICJ trial and protect his ass, today Homeland Security CO chief instructed the Monkey to remotely control me to suffer a lot of pain in order to prompt me to go around breaking more things, so that he can at least have some temporary evidences in the ICJ and his star witnesses can try again with law enforcement. Then, after my 9 June conversation, he probably also wanted his colleagues in the national security Establishment, who didn't know that I was being remotely controlled, to see just how bad and hateful I was.)

My delusion about being chipped in the brain and mind-controlled. This volunteer was about to do important things.⁵⁸

2:20 PM,

177.131.24.58 - - [13/Jun/2014:15:20:34 -0600] "GET /blogs/wp-content/uploads/2013/09/91413-91.png HTTP/1.1" 200 115247 "https://www.google.com.br/" "Mozilla/5.0 (Windows NT 6.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/35.0.1916.153 Safari/537.36"

Almost two minutes later, he looked up another image of the same series:

177.131.24.58 - - [13/Jun/2014:15:22:22 -0600] "GET /blogs/wp-content/uploads/2013/09/91413-61.png HTTP/1.1" 200 88039 "https://www.google.com.br/" "Mozilla/5.0 (Windows NT 6.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/35.0.1916.153 Safari/537.36"

3 seconds later, another one:

177.131.24.58 - - [13/Jun/2014:15:22:25 -0600] "GET /blogs/wp-content/uploads/2013/09/9813-1.png HTTP/1.1" 200 131491 "https://www.google.com.br/" "Mozilla/5.0 (Windows NT 6.1) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/35.0.1916.153 Safari/537.36"

58 In the original version, our wrong interpretation at this point: "It seems that, because it was becoming increasingly evident that the TMU did not regard the removal of my person, and my website, to be of any relevance to the Secret Society's stalking claim against me, the Secret Society had again invited this 'expert' from Australia to make this 'urgent' false report saying that my delusional mind (as revealed in my delusional belief about being under mind-control) was indeed making me a very dangerous person."

He continued to brainstorm.⁵⁹

⁵⁹ Again, in the original version, our wrong interpretation at this point: "Why did he come again? It seems that, as he made his false report to the TMU, the latter simply replied that they didn't deem his report to be credible. Thus, for one hour and 38 minutes, the Secret Society must be first debating with the TMU, and then among themselves, the result being that, on 3:53 PM, the Heidelberg 'expert' looked at the blog post again to fix his story. Then, 21 minutes later, the Secret Society had to ask for additional help."

5:39 PM, or 11 minutes later, he tried again:

125.168.119.179 - - [13/Jun/2014:18:39:37 -0600] "POST /blogs/wp-login.php?action=lostpassword HTTP/1.1" 200 1894 "http://www.lawrencechin2011.com/blogs/wp-login.php?action=lostpassword" "Mozilla/5.0 (compatible; MSIE 10.0; Windows NT 6.2; WOW64; Trident/6.0)"

62 In the original version, our wrong interpretation at this point: "It seems that he clicked on the 'comment' tab and was directed to the 'login' page. What's going on? Evidently, no matter how hard he and the Cleveland person tried to justify themselves to the TMU, there was no use. SDW, who must have been listening to the debate on the side, must have been so frustrated that she was practically crying out to the Heidelberg person. And so, one hour later, the Heidelberg person was wondering if there was simply some way to hack into my blog and get rid of it in this way." Wrong. SDW simply wanted him to leave a message to order to find ways to befriend me.

He still couldn't get in, and so, 7 minutes later, he came back to the blog post from which he tried to log in:

125.168.119.179 - - [13/Jun/2014:18:46:45 -0600] "GET /blogs/2012/04/20/the-difficult-search-for-a-microchip-inside-myhead-part-i/ HTTP/1.1" 200 17661 "-" "Mozilla/4.05 [en] (WinXP; I)"

The user-agent changed again!⁶³ Again, whenever the Secret Society women had run out of reasons to complain about me to law enforcement, they would instruct a volunteer to leave a message for me as a way to befriend me and lure some damaging testimony out of me. Thus we can safely assume here that both the TMU and the Inspector-General had been simply ignoring the Secret Society women no matter how much they cried.

5:56 PM, the Heidelberg, Australia, volunteer now came to the front page:

125.168.119.179 - - [13/Jun/2014:18:56:41 -0600] "GET / HTTP/1.1" 304 162 "-" "Mozilla/5.0 (compatible; MSIE 10.0; Windows NT 6.2; WOW64; Trident/6.0)"

63 In the original version, our (half-wrong) interpretation at this point: "Or not? For he had switched to his Windows XP computer again. Since he deemed my blog not hackable, SDW had no choice but to resume the operation of making false reports about my website to the TMU – even though, if she were rational, she would know that she was just wasting her time. But, as you have seen well enough, not only were these women unable to take 'No' for an answer, but they lacked the ability to learn to want something else when what they wanted was unavailable. (This is an indication of the shrinkage of their mental capacity as their brain structures were becoming increasingly simplified when they, especially SDW, had been on the Facebook too much.)" Perhaps we were somewhat correct at least in the last statement here!

What?⁶⁴

6 PM, my wrong scenario at a glance:

66 The wrong conclusion in the original version: "Another more legal report about my plagiarism. You can now see the pattern: every time when the Secret Society women were deliberating what to do – as law enforcement and other authorities persistently refused to remove my website for them – the Hardliners' moles among them would suggest that they should make more of those 'more legal' reports about my plagiarism."

67 And so the wrong conclusion in the original version continues thusly: "He, therefore, was obviously one of those Hardliners' moles here to make, on behalf of the Secret Society, another 'more legal' report about my plagiarism."

How I had violated Melhedek's intellectual property rights.

To summarize: today was just another day that the Secret Society women would spend mobilizing volunteers to brainstorm how to prove to any law enforcement authority that Homeland Security was all right about me.

- (1) 7:13 AM, a Spanish volunteer examined my naked picture of Angelica. (a)
- (2) 9:12 AM, SDW called upon an Anchorage volunteer. (1)
- (3) 9:58 AM, the same Bülach volunteer examined my naked picture of Angelica. (b)
- (4) 10:40 AM, a Chambersburg, Pennsylvania, volunteer examined **Best Mommy's picture**.
- (5) 12:15 PM, an Oak Lawn volunteer examined my naked picture of Angelica. (c)
- (6) 2:15 PM, a Heidelberg, Australia, volunteer examined my delusion about there being chips planted in my brain.
- (7) 2:29 PM, Robin discussed me with a Cypress, California, volunteer.
- (8) 3:53 PM, the Heidelberg, Australia, volunteer again.
- (9) 4:14 – 4:17 PM, a Cleveland, Ohio, volunteer examined my delusion about synthetic telepathy.
- (10) 4:18 PM, the Heidelberg, Australia, volunteer again.
- (11) 5:16 PM, an Indonesian volunteer examined my naked picture of Angelica. (d)
- (12) 5:27 PM, the Heidelberg, Australia, volunteer again – he was instructed to try to leave a message on my blog.
- (13) 5:39 PM, again.
- (14) 5:52 PM, an Avoca Beach, Australia, volunteer examined my delusions about the Great Boss.
- (15) 5:56 PM, the Heidelberg, Australia, volunteer came to the front page.
- (16) 6:43 PM, a Big Rapids, Michigan, volunteer examined **my delusions about Ekaterina**.
- (17) 7:07 PM, Robin discussed me with a Fawsley, UK, volunteer.
- (18) 7:13 PM, Shizuka discussed me with a Thai volunteer.
- (19) 7:33 PM, a Canberra, Australia, volunteer examined my delusions about Snowden.
- (20) 8:09 PM, Shizuka continued to discuss me with the Thai volunteer.
- (21) 10:08 PM, a VMG Resources volunteer examined my particular brand of misogynist ideology.
- (22) 3:48 AM, SDW called upon a Plainfield, Connecticut, volunteer. (2)

The most noteworthy person today was thus this Heidelberg, Australia, volunteer, who was here from 2 to 6 PM – for more than 4 hours! Again, we shall not bother to list the ton of brainstorming about how to prove to law enforcement that I did plagiarize.

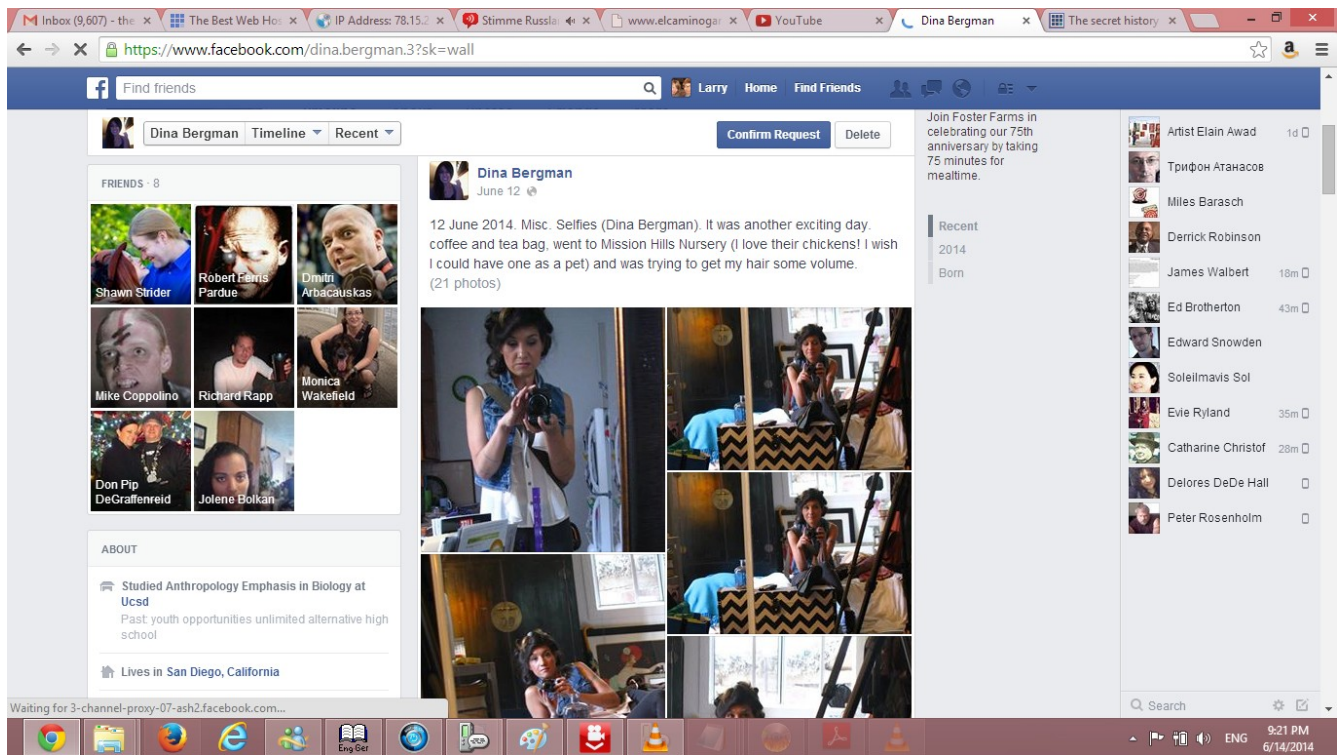

14 June (Saturday)

First, a note about myself. Slept between 6 and 9:30 AM. Extreme sleep deprivation. Couldn't sleep further. Went to TNT and began working on "Timeline". Got enthusiastic. Worked on it until past 5 PM. Napped between 6 and 8 PM. Got up, and discovered that SDW had been posting on her Facebook group since two nights ago. Was she really arrested or hospitalized at all? A/ K and Panistas enjoyed seeing me struggling with uncertainty and constantly looking delusional. (*Actually, it's just Mr Homeland Security CO chief who enjoyed seeing me looking delusional.*) Out to collect damages, the solution to all doubts. Extremely tired. Programmed to think more delusional thoughts: that the White Roses want me to speak the truth so that at least some Americans can look good while people all over the world shall hate [the rest of] Americans for the Kxxxxxxx Affair. (*Bullshit.*) Hit some Asian woman on SM/ VRMNT. To SM. 7 N in total. Left many Ns around. WSTWD: **1 W, 1 H, 1 B, 1 SPC.** (CHURCH.) Done by 1:10 AM. 1:40 AM, was unable to concentrate on reading. Anger/ pain attack (programmed)? Thought process: my stalking victims are so lucky, like gods hovering over me, seeing everything I do. Required to xxxxxx xxxxxxxxxx tomorrow. (Ha!) Then one was programmed to feel severe pain by the sight of black and Hispanic people on the bus. One had thus produced more evidence that I'm racist. (*Actually, it's just Mr Homeland Security CO chief who's training me to be a racist.*) Required to immediately xxxxxx somebody. Was no longer able to study. Off the bus, HSP-RST: **1 W.** One had thus produced evidence that I'm racist against Hxxxxxxx. (*Just being trained to look racist toward Hxxxxxxx in order to validate the lies which Angelica and Veronica had told about me.*) Home, 3 AM, programmed to MST with DNFB pictures.

*We must take note of this. Some time today, this Dina B made a "friend" request on my Facebook page. Why would she do that – a pretty woman who was a complete stranger whereas I was always universally ignored? Obviously something was up. As noted, SDW had just befriended her lately, and she had joined the Secret Society women's organization in order to take part in the hysteria about a schizophrenic misogynist and racist terrorist stalker on Homeland Security's watchlist. And so, indignant that the Inspector-General as well as the TMU had refused to validate the Homeland Security warning about this guy and consider him a "stalker", Dina wanted to help. Because yesterday the Heidelberg, Australia, volunteer was unable to leave a message for me, Dina shall try to befriend me today in order to lure out some damaging testimony from me. But of course she would never succeed.*⁶⁸

68 In the original version, our wrong interpretation at this point: "Meanwhile, my MST with her pictures would be intercepted into the ICJ as the Hardliners' evidences that I at least fit Kiersten's false profile of me half-way: lusting over my 'stalking victims' or their associates on social media. The same with the fact that, on 8:27 PM, I watched a video on Youtube, 'Woman enjoying herself on a couch'." It would seem that it's merely Homeland Security CO chief who had wanted this evidence (MST-DNFB) in the ICJ in order to temporarily validate the Secret Society women's lies about me and thus lock up the previous ICJ trial for the time being.

Now, around this time, Rod replied me saying he could meet on the 16th (Monday). (See below.) This of course means that, even though the Homeland Security warning about me remained rejected at the moment by all law enforcement agencies, the Invisible Hand had somehow felt the need to gather more evidence from me. Did Homeland Security CO chief just appeal to somebody we don't know about within the national security or law enforcement Establishment? Thanks to the 9 as well as the 4 June conversation? Perhaps somebody had introduced him to another authority on terrorism. (Again, more on this later.)

Here presumably a volunteer was looking at an earlier link on the Secret Facebook Group (e.g. the Manhasset volunteer's link on 1 May).⁶⁹

⁶⁹ In the original version, our wrong interpretation at this point: "It must be at this point that SDW almost gave up because the TMU simply couldn't be persuaded; thus, she re-posted my /gang-stalking/ series on the Secret Facebook Group asking everyone to find more ingenious ways to make something terrifying out of it to hopefully persuade the non-responding detectives. (Why can't they just accept the fact that the detectives already knew what they were doing?)"

My harassment of my family members by posting their pictures online without permission.

⁷⁰ In the original version, our wrong interpretation at this point: "Such reconstruction should be correct. After taking a break and discussing for almost two hours, the gang urged SDW's Tampa friends to make another false report to the TMU: 'Look, detectives, if you Google 'gang-stalking extremely sexually arousing', his blog posts on our poor SDW would show up' – implying that such was cause for my immediate removal from humanity in order to remove my website without my knowing. Obviously, the TMU didn't respond."

My plagiarism.

Let's summarize. Today was just another day that the Secret Society women would spend brainstorming with their volunteers as to how to prove to law enforcement that the Homeland Security warning about me was correct. Here are the essentials:

- (1) 6:13 PM, a Chicago volunteer examined my harassment of Kiersten by blogging about her.
- (2) 6:21 AM, the "VMG Resources" volunteer from last night came to my front page as soon as she woke up.
- (3) 9:07 AM, a Pakistan volunteer examined **Best Mommy's picture**.
- (4) 9:30 AM, SDW called upon a Johannesburg volunteer. (1)
- (5) 10:12 AM, Shizuka discussed me with a New York volunteer.

10:30 AM, per the Invisible Hand's instruction, Rod replied me saying he could meet me on the 16th.

- (6) 12:41 PM, a Houston, Texas, volunteer examined my naked picture of Angelica. (a)
- (7) 1:07 PM, a Moscow volunteer examined my delusions about mind-control technologies.
- (8) 3:04 PM, SDW called upon another Preston, UK, volunteer. (2)
- (9) 4:27 PM, a Calgary, Alberta, volunteer examined my naked picture of Angelica. (b)
- (10) 5 PM, SDW called upon her SCH-S738C Tampa friend to examine my delusions about Obama. (3)
- (11) 5:05 PM, a Fairfax, Virginia, volunteer examined my naked picture of Angelica. (c)
- (12) 7:33 PM, a volunteer was looking at the Manhasset volunteer's link from 1 May on the Secret Facebook Group.
- (13) 8:55 PM, SDW called upon her LGL35G/V100 Tampa friend. (4)
- (14) 10:41 PM, SDW called upon her Huawei H881C Tampa friend. (5)
- (15) 11:47 PM, a Lancove, Australia, volunteer examined my naked picture of Angelica (d)
- (16) 1:07 AM, the Crockett volunteer came again.
- (17) 4:02 AM, a Spanish volunteer examined my particular brand of misogynist ideology.

What's so particular about today was therefore SDW's complaints to her Tampa friends from 5 to 11 PM. In fact, she was evidently not at work today and had been discussing me with volunteers all day long: "After he has said all this crazy shit about me the police just wouldn't validate the Homeland Security warning about him and consider me the victim of his stalking!" Her frustration had evidently shot through the roof thanks furthermore to the failure of the Heidelberg, Australia, volunteer and her new friend Dina B. As for the ton of brainstorming about how to falsely report me for plagiarism, we did note down here the Crockett volunteer.

15 June (Sunday; Wes; moderate toothache)

First, a note about myself. Slept around 4 or 5 AM. Woke up almost 10:30 AM. Going to church. When talking to the new American members (Drew and Torey), received signals in order to think delusional thoughts. Left 12:30 PM. Home, and napped until 5:30 PM. Extreme sadness over having to become this bad-to-the-bone and disgusting cartoon figure. At the Chinese restaurant near home, 6:30 PM. Called Wes, and he actually answered it. Told him that collecting damages from Mexicans is easier because Hispanic neighborhoods contain only Hispanics and one never has to worry about hitting the wrong targets. I was referring to Thursday's collection in East LA, but those who listen to my call will probably think I'm referring to last night's collection in VRMNT/ SM, where Hispanics are mixed with other peoples and one would hit the wrong targets. Thus, according to my erroneous understanding of the time, evidence is produced proving that I'm a pathological liar. (*Bullshit all the way.*) Then, the call was cut off. More pain sensation, and the desire to attack xxxxxxxxx in order to prove that I'm an anti-xxxxxxx terrorist. (The Hardliners' evidences.) (*Not. It's just Homeland Security CO chief: more below.*) Soon felt better, however. **Called SDW, but reached only her voice-mail.** On the bus going to WSTWD. Starbucks. Physical pain, 10:20 PM, over my delusion about SDW's arrest. Energized to "attack xxxxxxxxx". 12 AM, Venice Blvd. **6 N, 2 SPC, 2 B.** Bus 33 refused to pick me up, 12:40 AM. Programmed to think positive thoughts about beating up xxxxxxxxx in the future in Germany just before the bus "was programmed" to not pick me up. (Probably not programmed: Mr Homeland Security CO chief was just training me to misinterpret things in this way in order to make me look crazy.) (*Right.*) Anger attack, and pain. Energized to "attack xxxxxxxxx". Walked to the beginning of the route. The bus came on 1:05 AM, and two Hispanic males wearing earphones came to sit down surrounding me: anger attack, some pain, and took two Tylenol 3 to continue "insurgency warfare against xxxxxxxxx". CLVRCTY: **3 W (WRD is art, DNTL), 2 B, 4 H.** On the bus going home, 2:20 AM. VRMT, **1 ATM (BOA).** 5:40 AM, while reviewing the recording from 1 June, anger attack. Went out for B in school. **1 B,** and the other one failed to break. Anger/ pain attack. Home to fetch another one. **1 B in MXAPRT.** Home by 6 AM. Anger/ pain attack. Mr Homeland Security CO chief wasted my entire night. (*Right.*)

Now the details of my conversation with Wes today – and then the rest as well (from 22:00 onward): (1) The control center kept controlling me to be mentally retarded, hence I couldn't remember to not mention Lavonne's name on the phone. I gave examples. (2) How, after I talked to Wes the last time, the control center didn't torture me for three days – how I didn't have to attack xxxxxxxxx for three days. But Thursday they suddenly wanted me to attack Mxxxxxxx. How one didn't have to worry about hitting the wrong targets in Hispanic neighborhoods. But, by Friday, one was required to attack xxxxxxxxx again. My sadness about being a remotely controlled robot. Whoever was inside the control center was my God, and just talking about it made me look crazy... Wes mentioned "Small Wonder", a TV show about a remotely controlled robot. (3) In order to prove that I'm racist, the control center would send black people onto the bus and cause me to suffer physical pain therefrom. And how the manager threw me out of Denny's probably thinking that I was racist. (4) Then I was suddenly disconnected with Wes. On 35:00, I left a message for him: "If you call me back, I promise that afterwards I would put more energy into attacking people..." Wes never called back, and I began suffering physical pain. (5) On 40:00, I called SDW but reached only her voice-mail. (6) On 57:00, I called Dr G. Dr G claimed he had commitments everyday from Monday to Thursday but would be open on Friday, the 20th. But, instead, I made an appointment with him for Tuesday, 3 to 5 PM. I was very rude due to my unhappiness with him and hanged up on 1:01:00. (7) I called Wes again, but couldn't even leave a message this time. (On 1:18:00, siren.) I finished my meal quietly and then left the restaurant.

(As you shall see, Homeland Security CO chief had indeed found a new authority for his star witnesses to complain to, and it would seem that he had wanted Wes to talk to me this early evening specifically so that this new authority could hear how delusional (believing that I was being remotely controlled and that certain perps had sent black people to me in order to prove that I was racist) and how much a terrorist (attacking xxxxxxxx and Mxxxxxxx out of extreme hatred) I was. (No wonder that, afterwards, the Monkey remotely controlled me to suffer from extreme anti-xxxxxxx hatred.) More on this below.)

Now let's consider the Secret Society women's operations on my website for today.⁷¹ 4:45 AM,

My computer-hacking.⁷²

6:19 AM, sta.dodo.net.au, Mount Waverley, Australia (near Melbourne),

71 In the original version, our wrong interpretation at this point: "Because the TMU's rejection of SDW's pleading to remove my website was so heart-breaking for her, I would see an enormous amount of abnormal activities on my log today indicating a new phase of operation. For an hour and a half since the last visit on 4:37 AM, there would be no activities. The Secret Society – SDW principally – was discussing a new strategy with her group."

72 In the original version, our wrong interpretation at this point: "It was a false report about my hacking people's computers. Such was the new strategy, as you can see from the entries below. The TMU had said to SDW: 'Your reports are not credible.' And so SDW had decided to gather as many foreign, especially European, members of the Secret Society as possible at this moment and ask them to make the same false reports which had been scripted. If these Europeans and others said the same thing about the disgusting content on my website, then how can the TMU not believe it?"

Does this remind you of the person (a professor at Nizhny Novgorod University) whom we saw on 31 October last year?⁷³ My delusion about there being chips planted in my brain.

⁷³ Our wrong interpretation in the original version: "He was asked by SDW – because he was a professor, evidently – to make a false report about my delusional belief about mind-control technologies. Unlike the other participants or recruits, however, he probably was only doing so per Russian government's instruction to gain SDW's confidence – he cannot possibly believe the lies which SDW was spreading about me to all foreign associates of the Secret Society."

To summarize: it would seem that, today, Homeland Security CO chief had indeed found an authority, “Authority XX”, for the Secret Society women to appeal to (to complain to about the LAPD’s misconduct in rejecting the Homeland Security warning about me). What was particular about this “Authority XX” was the fact that, even on 4:30 PM Sunday afternoon, he was somehow available to receive the women victims’ complaints. Let’s examine the essentials for today:

- (1) **7:08 AM, Shizuka** discussed me with a Thai volunteer.
- (2) **8:45 AM, Shizuka** discussed me with a Shizuoka volunteer. (In regard to the upcoming complaint process?)
- (3) 10:14 AM, a Mauritius volunteer examined my front page.
- (4) 10:21 AM, an Albanian volunteer translated my front page. (In regard to the upcoming complaint process?)
- (5) 12:43 PM, a Nizhniy Novgorod volunteer (the same person from 31 October last year?) examined my delusion about there being chips planted in my brain.
- (6) 12:48 PM, an Alexandrian, Virginia, volunteer examined my violation of Prof. Ruhlen’s intellectual property rights. (**Did they contact Prof. Ruhlen too and show him the Homeland Security warning about me?**)
- (7) 12:58 PM, a Warwickshire, UK, volunteer examined my meetup recordings. (My violation of Karin’s privacy.)
- (8) 2:47 PM, a Hong Kong volunteer examined Angelica’s naked picture. (a)

By 4:40 PM, “Authority XX” was available. Aamoy volunteered for the job.

- (9) **4:44 PM**, the Secret Society women and Aamoy thus summoned a **Santa Clara LUG associate** to complain to Authority XX. He immediately came to my blog. He then discussed me with Authority XX for almost 45 minutes!
- (10) **5:29 PM**, the Santa Clara LUG associate searched for “Aamoy” on my blog.
- (11) **5:31 PM**, a **New York City LUG associate** was also summoned. He first came to the 26 October blog post from last year, and then immediately searched for “Aamoy” too. At the same time, the Santa Clara LUG associate searched for “DHS”, “LUG”, “UCLA nerd”, and “UCLA” on my blog.
- (12) **5:33 PM**, the Santa Clara LUG associate shared the link with the New York City LUG associate.

We can easily imagine what exactly the Santa Clara and New York City LUG associates were telling Authority XX: “The Homeland Security warning about him is correct! He did develop delusions about

how Aamoy has been recruited by Homeland Security to go after him! He then announced his delusions on his blog to embarrass our poor Aamoy! See!” However, since Aamoy was a TMU informant, the CIA had most certainly sent in the LUG buddies only to sabotage the Secret Society women’s operation. Perhaps by purposely saying stupid things in order to discredit the women victims.

(13) 6:18 PM, the Secret Society women called upon Prof. Naweed Syed again asking him to also make a complaint to Authority XX. (A famous professor could certainly reinforce the testimonies from a bunch of UCLA students!)

6:30 PM, I started talking to Wes. Now Homeland Security CO chief wanted Authority XX to hear how delusional and full of terrorist intentions I was (how he was all right about me).

(14) 6:38 PM, a Naha, Japan, volunteer reported on my naked picture of Angelica **(b)**

(15) 6:56 PM, a Pakistan volunteer reported on the same thing. **(c)**

(16) 7:23 PM, a Mendenhall, Mississippi, volunteer reported on my delusion about being under mind-control.

(17) 8:27 PM, an Alabama volunteer reported on my delusions about President Obama.

(18) 8:28 PM, a Frederick, Maryland, volunteer reported on my delusion about being chipped in the brain and mind-controlled.

(19) 9:18 PM, SDW summoned a Washington DC volunteer to make a report about my victimization of her on her blog. (1)

(20) 9:42 PM, a China volunteer reported on my delusions about my women victims’ going after me.

(21) 10:31 PM, Shizuka asked a Nanjing volunteer to make a false report on her behalf.

By this time – did the reporting already fail? In fact, we should suppose that the reporting had ended by 7 PM and that, by 10:30 PM, “Authority XX” had already informed everyone that they had decided to reject the Homeland Security warning about me. The Secret Society women, devastated, were now back to brainstorming with their volunteers.

(22) 11:43 PM, a German volunteer examined my delusion about Angelica due to my obsession with her (“Ying and Yang, I”).

(23) 3:28 AM, SDW called upon the Adrian, Michigan, volunteer from 21 May to hear her complain about the problem. (2)

(24) 3:40 AM, a São Paulo volunteer examined my particular brand of misogynist ideology.

(25) 3:56 AM, the Adrian, Michigan, volunteer again.

Again, we have not taken care to mention all the reporting about my plagiarism.

16 June (Monday; Rod)

First, a note about myself. Slept between 6 AM and 12:30 PM. TNT, and met with Rod. Lunch with him at Café MAK. Some sleep deprivation, and bad headache. 4 PM, Home Depot: bought nails and spray. Hurried to Western Dental, in a high spirit, but, upon arriving, the oral surgeon refused to pull my tooth. Mood dampened. Powerlessness to get rid of the tooth. Some pain, pain sensation, sadness, and got very disgusted with myself, my high spirit and loud-talking voice. Called a referral at UCLA, couldn’t get anywhere, and obtained more Tylenol 3 from Dr Jingco. Sad, and rode the bus home, extreme sleepiness. Then discovered it’s 6:11 PM: did the catechism class start at 7 PM? Hence, turned

back, Starbucks, wrote, and then took the bus to church. Then it turned out that the class was at 7:30 PM. Okay. No socialization with classmates. McDonald's. Decided not to collect damages from Dr G: it's too risky. To SM/ 26th. **13 N, 1 SPC, 1 W (holistic HLTH)**. Done by 11:55 PM. Mood okay. Starbucks, WSTWD. 12:30 AM, began feeling anger over the requirement for me to be delusional, especially about SDW's arrest. Shall collect more damages from Mxxxxxxx and Axxxxxxx tomorrow. Worked on the outline until 2:20 AM. Walked into a bar looking retarded, and everybody laughed at me. Felt good. Stared at a pretty Chinese girl while looking retarded, and the Starbucks girl laughed at me too, and felt good. To PSYCH: **1 H, 3 B**. Home, 4:30 AM or so, and realized that **I have been forced to absorb SDW's disease because I am supposed to be the "Christ figure" in the Letter of Petition**: the "conspirators" have wanted me to absorb the faults and diseases of everybody around (hence the American disease: getting traumatized over nothing) because they like me to be the scapegoat, on which the whole world projects its diseases and faults. (*Excessive pessimism: it's simply Mr Homeland Security CO chief who has always wanted me to be the repository of all the negative qualities ever found in humanity so that everyone can hate me as much as he has hated me. Furthermore, in these negative thoughts, he was just training me to look delusional.*)

The details of my conversation with Rod today: (1) Rod mentioned the Book of Enoch. (2) The control center had been torturing me less than before: from Monday to Wednesday, I didn't have to commit any crimes, but then on Thursday I had to again, but the pain was less. (3) Why the control center was torturing me... the purpose was for me to become a disgusting person... I wrote out the profile "they" were trying to construct... when I shall have "graduated", the control center would stop causing me pain... And I showed Rod the profile in question. (4) I hadn't showered for a whole month because I didn't have time as I had to commit crimes and study at the same time. (5) I need to practice wanting to harm those people who are nice to me. Now, should I harm Rod? Rod: why? Me: because I need to be bad. I explained: "... I have this court in my head... that tells me I should do onto others what others have done onto me..." (6) The problem with the control center: everyday it made me spend 4 hours suffering pain and 4 hours committing crimes, so that I had no time left to study. "It seems that the goal is for me to not study." Rod warned me: you'll get into trouble and have even less chance to study. Me: the police will simply... (*I was evidently referring to what happened on 4 June.*) they are more interested in humiliating me... the control center didn't allow me to study because they thought being an intellectual is a good quality and not something disgusting, **but I think they can make me look even more disgusting if they would let me commit crimes after letting me study...** right now I'm like John Nash... I analyze issues well, but then also believe you are informing on me for the police... it's the contrast which can make me look even more disgusting... I don't know whether they would agree... Rod pointed out: you have no idea who the control center is... I retorted: I think it's just my stalking victims and the Mexican government officials... Rod: ... but you aren't stalking them... Me: ... I can't... And I explained how I wasn't interested in stalking fat women... and then how Kiersten went to help Angelica, how she was then arrested... and then found the Homeland Security guy... and accessed the control center... (**from 20:30 onward.**) I continued: ... they let her out again because, in order to dismantle the ICJ trial, I would have to be really bad ... the triple benefits... like the serial killer in "Seven": he's influenced by St. Augustine, and that makes him really disgusting... Rod: *why do you think that is?* I continued: ... this guy learns about the EU Parliament politics... Ukraine... and he hates Americans, and commits crimes... so the control center should let me study and develop my foreign language skills... **and what they should do is set up an "International Court TV"**, like "Court TV", so that more people can see how disgusting I am... Rod questioned whether people would really find me disgusting that way... Me: Americans will watch it and feel good about themselves: this guy hates them and he's so disgusting (28:20). Rod continued to question my assumption. Me: no, they would, just as

women like to watch soap operas in which they are portrayed as victims... if you broadcast a show in which I hate xxxxxxxx and attack them, Americans will love it... Rod now mentioned professional wrestling, in which there is always also an anti-American character... Me: but this court TV is real... my women victims and the Mexican officials should really adopt this... **the problem is that I would want to see it myself too and yet I'm not supposed to know anything... that'd be their concern... I'm not supposed to know that all the bad things I did have become evidence to prove that I'm a bad person and that Russia is really bad... they are afraid that if they have it on Youtube I'd see it... I don't know how to overcome this problem...**

(7) On 37:00, we departed for Cafe MAK. I described how the owner of the cafe had developed a bad impression of me – all because the control center had completely destroyed my memory (how I couldn't find anything and any place anymore). How, once I shall have “graduated”, they should deactivate the chips in my brain... in order to make me look like a liar... Rod: *do you think now you are delusional?* Me: yes, I'm really delusional because my head is filled with imaginary scenarios, but I'm not *really* delusional because these scenarios are programmed into my head... (*Now Rod was talking as if he really believed I was delusional*). And then I speculated as to whether they would be willing to stop recording my thoughts... especially, to stop the working of the chips whenever the police should decide to trace any electromagnetic signals coming from my head... to program me to look delusional, and then to make me look as if I were also being delusional in believing I was being programmed... and then broadcast it to the world... to make me look really bad... how come I'm singled out to suffer, why aren't you? Why are you so lucky? And severe headache right now too. (8) I continued: “Another thing I wish to negotiate with the control center is this: give me money so that I can go to strip clubs and hire prostitutes and thus make myself look *really* bad... get my mother to give me money... that can make me look even worse... So what if they do that to you? What would you think?” (51:00) “Depressing.” And Rod claimed what happened to me made him upset. Wow! I demanded that he explain why. And so he: “... there are times when you seem a lot happier...” (9) Me: “I kept having this delusional belief that I'm so smart and that people in the government really love me... but that's not the case... the reason why I think such stupid thoughts is that I don't have a mirror in front of me... and that I have only an internal view upon myself... *I judge myself only from my thoughts... I don't see how disgusting I look...*” And Rod agreed! I continued: “If I constantly have a mirror in front of me, then I'd see how other people see me... my stalking victims and so on don't do that to you because you don't look disgusting...” (10) Rod: “... but right now you are...” Me: “... if you can't avoid it, why don't you enjoy it? If I tie you down on the bed and hit you with a stick every 10 minutes... if you learn to enjoy it, then at least you'd have a good time...” (56:30). *Excellent!* (11) I continued: “... what I like about this is the fact that, when they want me to commit crimes, there has to be a victim... I'm thus not suffering harm by myself... everyone has to chip in to make me look bad...” *Ha!* (12) *Rod asked me if I had only stayed home in the past week.* I explained how I *had to* be outside to commit crimes and get busted by the police... Rod: *what else did you do?* Me: “I'm trying to figure out *why* I need to look bad... but in the past week I was able to have a little time to study... I need to find a balance among studying, writing, and committing crimes to make myself look bad... but to look *really* bad, I would need money... right now there is no evidence that I'm sexually perverted... I need to spend my mother's money on prostitutes while lying to her I'm using it for good purposes... I hope the government would tell her to... then broadcast the episode on International Court TV so that everyone could be really disgusted... ‘and he likes Russia... that's the kind of person that likes Russia’... that can make Russia look bad too...” Rod disputed the notion that people nowadays even cared about Russia. I insisted that the Secret Society women and the Mexican officials would be happy that people should find me disgusting. Rod: we have moved from “propaganda” to “spectacles”. (13) I

emphasized that I commit crimes not out of convenience but out of nationalistic ideology. “My mindset is that of a terrorist, even though what I did is petty crimes... he hates xxxxxxxxx because xxxxxxxxx are so good and he’s jealous...” Rod: “... People don’t believe that anymore...” I was frustrated: “... American women are so beautiful, he couldn’t attain them and so he... if you broadcast this, you can hype it up again...” Rod: “*But you come across as being very ‘American’*... what you are feeling is what a lot of Americans are feeling...” (1:07:25). I denied it: “... everything I did was so un-American... you are fucking with me... what you’re saying is so off...” Finally, I was done arguing with him: “... just broadcast my show, and let’s see who’s correct... people are not gonna see that this guy is very ‘American’... they aren’t gonna analyze this guy...” And I continued to insist that he was saying things that were obviously wrong. “... the goal is to make me look bad and make Americans look good... not to pass any laws... **but to shape people’s perception**... every time when there is a school shooting, it shapes people’s perception of reality... ‘Crazy people are very dangerous’...” Rod: “... the categories from 10 years ago aren’t there anymore...” And I continued to insist that this “Rodger” guy had a chip inside his brain: “... when the control center controls another person to go berserk as a way to shape public consciousness... it has effects... the problem is that I don’t have any experience with violence... when they control me to be violent, I don’t know what to do... I’m a bad investment for the control center... but because my behavior is so disgusting, if you package it in a certain way, it’ll have good effects too... and I do little things... when you add them up, it’d be okay...” And I calculated the monetary damages I had so far caused. “... the damages I’ve caused are simply not very much, that’s what I’m upset with... all because I have had no experience with committing crimes...” Rod claimed he was thus “skeptical of the whole thing”. I continued: “These people do that because they hate me... thus their purpose is not to make my victims suffer a lot of harm but to make *me* look bad... but a nice way of packaging me could have the same effect as if I had shot 25 people...” And the control center hurt my finger just then so that I would say it (1:22:00). (*Did the Monkey want me to appear crazy to whoever was listening?*) (14) I continued: “... I have been a scapegoat my whole life, letting people project bad qualities onto me so that they can feel good about themselves...” Then, when exactly I moved to the US. I continued: “... if I attack xxxxxxxxx, they would just be perplexed...” And I used my childhood experience in Taiwan as an example – and now the control center hurt my left side. How the Taiwanese people perceived us the Mandarins with such disdain and how I had never understood that: “... that must be how these xxxxxxxxx have felt too...” Rod insisted that there were specifically recognizable reasons for this hatred. (On 1:28:00, siren.) How I had only heard Taiwanese grievances after I came out of Taiwan. (And I mentioned the Taiwanese girl that was my roommate in Belgium.) Had he ever had similar experience? Rod mentioned “Paris”. *Ha!* Rod continued: “... historical and social reasons to explain the hatred...” (15) On 1:38:00, he said he was leaving because he had to teach a class on 6 PM. What he thought about the historical movies. The Romanov movie and the execution of the Romanov family. I brought up: “People can be made to suffer harm not because they have done something bad but because they have already lived a good life.” Rod used the example of the environmental crisis again. He would agree with the guy from Iraq or Yemen who wanted to beat him up because he was American! And he claimed again he felt bad for me for being singled out to suffer chronic physical pain and forced to commit crimes in order to make myself look bad. Then: “*When the victims have themselves got the opportunity to victimize, they are frequently even worse.*” Rod: “... that’s because you aren’t changing the game... it’s the role that’s problematic... not the players...” I proclaimed I was happy that I was “delusional”: “... 80 percent of the ideas in my head fail to represent reality... all because I have no access to the necessary information... no way to know who’s really inside the control center...” (*I was right on target here: the inability to know what I wanted to know was the cause of my looking delusional – and Mr Homeland Security CO chief knew this.*) (1:54:00, siren.) (16) How I still had a little bit of freewill left. And I insisted that I didn’t like it

when he said I was very “American”. On 2:03:00, he was leaving, saying he could meet next Monday. “If not Wednesday, then Monday.”⁷⁶

(And so the Invisible Hand sent in Rod today in order to collect evidence to convince Authority XX that Homeland Security CO chief's profile of me was completely inaccurate.⁷⁷ Specifically, while Homeland Security CO chief would grab onto my wrong speculations about the how, the why, and the who of my mind-control torture as well as my wrong scenarios about Kiersten and Angelica as evidence that I was indeed delusional, the Invisible Hand wanted to dispel misconceptions by proving: (a) that my malice exhibited a completely different structure and was thus not indicative of Antisocial Personality Disorder such as Homeland Security CO chief had claimed; and (b) that the motivation in my vandalism (my hatred toward xxxxxxxx) was not really terroristic such as Homeland Security CO chief had claimed. Authority XX was thus persuaded to definitively dismiss the Homeland Security classification of me as a terrorist so that Mr CO chief was again in a big trouble in the ICJ. From this you can ascertain that this “Authority XX” must have been some sort of special authority within the anti-terrorism bureaucracy, either in the US or in the international domain.

Furthermore, it should be noted that, although my suggestions to my perps went nowhere at the moment, Homeland Security CO chief would in fact later on adopt them. (a) He would indeed create an International Court TV for me by 2022 so that, when he remotely controlled me to look laughable and disgusting, millions of people from around the world could see it and laugh at me and hate me too; and (b) by the time I shall be rewriting this chapter in September and October 2022, he and the professors he has recruited would indeed try to make me look even more disgusting by juxtaposing my intellectual endeavors with the criminal psychopathology which they have (falsely) attributed to me.)⁷⁸

⁷⁶ I left on 2:18:00. On Metro. Out on Hollywood and Western. Reviewed until 2:40:00.

⁷⁷ Because Rod's mission was to lure me to confess my true feelings so that the Invisible Hand could obtain his evidence, you have seen him frequently asking strategic questions. These are italicized.

⁷⁸ Specifically, everything we have marked in red would become reality by 2022.

Note the strange search term, “SDW Facebook...” SDW was very familiar with my designation of her by the acronym “SDW”. And so this was the first person whom she had called upon today: “His posting on me shows up even during Google searches in French – see! How I constituted an imminent danger to myself due to my delusional mind? My obsession with, and delusions about, SDW? If the second, then this was presumably the second person whom SDW had called upon today. Now this “CIM” seems to be some sort of real estate company: we therefore have to wonder whether this volunteer was a friend of SDW’s brother James.

⁷⁹ In the original version, our erroneous interpretation: “After SDW had suffered her severe trauma from the TMU’s rejection the day before yesterday, she was now so desperate that she had even called back her old relative in Erie, Pennsylvania, who had retired from the business since 3 May. She must have been crying to her, ‘The detectives have refused to believe me and remove his website! What shall I do? I need more people to make the same false reports!’ To calm her baby girl, the Erie old lady did a search for my name, perhaps making a false report to the TMU saying I really did threaten her baby girl and that law enforcement was being negligent of their duty by disbelieving her reports.”

Let's summarize. After Authority XX's dismissal of their appeal last night, the Secret Society women had thus spent the whole day today brainstorming with their volunteers as to how exactly to prove to any authority that Homeland Security's warning about me was correct. The essentials are:

- (1) 5:17 AM, SDW called upon a Mauritania volunteer. (1)
- (2) 7:46 AM, Robin discussed me with a Berkeley volunteer (probably her old friend).
- (3) 11:48 AM, a Dijon, France, volunteer examined my naked picture of Angelica. (a)
- (4) 12:14 PM, a Hicksville, New York, volunteer examined my delusion about being chipped in the brain and mind-controlled.
- (5) 2:05 PM, SDW called upon a CIM volunteer to come examine my delusions about her. (2)
- (6) 2:11 PM, an Islamic Republic of Iran Broadcasting volunteer examined my screenshot of my visitors' log and my Bluehost Forum posting.
- (7) 2:57 PM, a Brazilian/ Hong Kong volunteer examined my naked picture of Angelica. (b)
- (8) 4:04 PM, SDW called upon a Clermont, Florida, volunteer. (3)
- (9) 5:38 PM, a Montreal volunteer examined my delusions about Chelsea. (Did the Clinton family intervene to save Homeland Security CO chief?)
- (10) 5:54 PM, a Madrid volunteer examined my naked picture of Angelica. (c)
- (11) 6:27 PM, SDW called upon a UK volunteer. (4)
- (12) 7:41 PM, Shizuka discussed me with a Philadelphia volunteer.
- (13) 8:01 PM, SDW called upon her Erie, Pennsylvania, relative. (5)
- (14) 8:11 PM, SDW was having a three-way discussion with her Erie relative and an Alton, Illinois, volunteer. (6)
- (15) 9:27 PM – was Robin discussing me with a Malaysia volunteer?
- (16) 10:02 PM, Shizuka discussed me with a Seongnam volunteer.
- (17) 10:52 PM – did a Calgary, Alberta, volunteer examine my delusions about being mind-controlled?

Once again, you can see that, of all the gang members, SDW was the most upset. She didn't go to work at all and spent the whole day, from 5 AM to 9 PM, crying about Authority XX's dismissal of the Homeland Security warning to all the volunteers. Since I was done with my meeting with Rod around 3 PM, Authority XX must have rendered his definitive decision around 5 PM or so. Thus, SDW's hysteria with the UK volunteer, her Erie relative, and then the Alton volunteer from 6 to 8:30 PM might have been the direct result of this.

APPENDIX

A note about this "Quantum Gravity Machine"

You shall see that, from October onward, a new theme about a "general theory of quantum gravity" (and, eventually, something like a "quantum gravity machine" (QGM)) shall emerge to characterize my "delusional mind" from time to time. This was most likely no ordinary "delusion". In this regard, we shall say something about Wes' hint on 4 and 9 June.

We have mentioned that, on 4 June, when Wes brought up H. H. Holmes' "Murder Hotel", he was most likely enabling the Invisible Hand to obtain an ICJ judgment permitting him to build something without anyone, not even the builders hired, knowing what it was that he was building. (Thus also on 9 June.) We have suggested that the Invisible Hand might just be working on the enlargement of the ICJ courtroom. Subsequently, however, we have hints to cause us to suspect that the Invisible Hand was in

fact building something far more serious, i.e., this “QGM”. We are here to make a few suggestions as to how this could have come about and where this might be going.

(1) From May to July 2007, because the Invisible Hand suffered a reputation crunch among his colleagues for having ever wanted to recruit me (when I turned out to be too “weird”), he ordered a review of my Scientific Enlightenment. The community of highly sophisticated but little known scholars whom the Invisible Hand had unofficially attached to the Agency had thus begun reading through my work. In the process, one of the physicists in the community (very likely also somebody of Chinese descent) was triggered by something that I had written to think of something, which then blossomed into a general theory of quantum gravity – the greatest prize which physicists around the world had been seeking since the 1970s. He brought up the matter to the Invisible Hand and the other “Old Guards” of Agency, who, stunned, instructed him to keep the matter a secret (for they certainly didn’t want Boss Cheney to know about this) but then to continue to work on it.

(2) As the rest of the scholars in the community also certified the originality of my theory, the Invisible Hand, having regained some of his face among his colleagues, obtained permission from the “Old Guards” to recruit me again. Although the “China Plan” was no longer feasible because the mole inside Homeland Security had already passed on my identity to the MSS back home, he thought I could do well among the community of the scholars that were unofficially associated with the Agency. (This is why CIA agents began showing up around me in UCLA Medical Center again in August 2007.) However, because I was now on Homeland Security’s watchlist, the Invisible Hand needed to obtain “permission” from Mr Secretary of Homeland Security. Since Homeland Security’s top priority was to prevent me from becoming useful to the Agency, Mr Secretary not only denied the request, but in fact ordered a new round of Homeland Security “investigation” of me, in order to use the investigation as an opportunity to send out a warning about me to the world, asserting, this time, not only that I was a schizophrenic, but also that I had plagiarized everything I wrote, in order to prevent the Invisible Hand from ever putting my ideas to good use in the public sphere. (Thus the renewal of the Homeland Security investigation in August 2007 which I have mentioned in “My experience...” and “Schizophrenic”.) This is the origin of the Homeland Security lie that I’m a plagiarizer, which they would maintain all the way to today (October 2022), 15 years later!

(3) Somehow, the work of the physicist in question was so secret that, when DGHTRCOM and his SVR Legend rummaged through the Agency’s secret box in early 2010, they had never noticed that the Agency had already discovered the quantum theory of gravity which the whole world had been seeking. (It would appear that the Invisible Hand, when he was helping Boss Cheney set up the super computer in late 2008 and early 2009, had play tricks to cause the computer to not read his thoughts about QG so that, even when DGHTRCOM and the SVR Legend read his thoughts on the mind-reading computer in early 2010, they wouldn’t discover this big secret.) By December 2010, as the Invisible Hand was laying down the foundation for his objection to the January 2010 ICJ judgment convicting the CIA, the physicist in question had already worked out the principles by which the access to that something more fundamental from which space and time are emergent would confer unbelievable power over everything taking place in spacetime. Such would be the origin of the idea about a “QGM”, and the Invisible Hand wanted to incorporate such machine into the ICJ trial so that, eventually, only the best and brightest whom the Agency had hand-picked would be allowed to use it. (No Homeland Security monkeys here!) Thus, on 08.12.2010, he wanted to make a ICJ judgment out of my “delusion” about the “Microspherian-Macrospherian” division. But, faced with such power ambition and still dissatisfied with him, BOL objected, saying the whole trial was “abuse of process”

because the ICJ wasn't invented in order to enable a power-monger to establish absolute power over everyone completely ignoring what's justice and who is a victim and who a victimizer. It is to counter BOL's objection that, on 09.12.2010, the Invisible Hand obtained this ICJ judgment permitting him and BOL to "play a different game". Only then, on 10.12.2010, did he let me get remotely controlled to write "Les Macrosphériens disposent de pouvoir enorme..." The intercept he needed!

(4) It would seem that the conception and design of QGM had thus lasted from December 2010 to June 2014. On 04.06.2014, now that the design was complete, the Invisible Hand therefore wanted a ICJ judgment permitting him to build a prototype in complete secrecy. (By now he was hiding the matter more from the Pentagon and the rest of the national security Establishment than from the Great Boss.) We assume that the construction of the prototype then lasted more than 5 years, and that, in late 2019, it's because the prototype had already been constructed and tested that the Invisible Hand was finally ready for the reactivation of the ICJ trial. The QGM, from the first discovery of a general theory of quantum gravity to the successful testing of the prototype, has thus taken almost 13 years to materialize. Our conjecture is that, if it weren't for this QGM, the Invisible Hand would have reactivated the previous ICJ trial much sooner than 10 years later.
