The Secret History of the International Court of Justice

<u>**KXXXXXXX'S VENGEANCE**</u>

<u>**14**</u>

The following reconstructs the operation of Homeland Security CO chief and the Secret Society women against me from 17 to 27 June, 2014.

This is a rewrite, October 2022 to January 2023, of the original "Kxxxxxxx's Vengeance, VII" and parts of "Kxxxxxxx's Vengeance, VIII", originally written September – December 2015. The original versions can still be found in their respective folders.

Here are the essentials of the period under consideration:

17.06: as the Secret Society women continued to brainstorm, SDW again spent her afternoon and night (3 – 11:30 PM) crying to volunteers about Authority XX's dismissal of the Homeland Security warning. (3:30 PM, she called upon her Erie relative again.) Kiersten also complained to volunteers about my blogging about her (and yet how the Homeland Security warning about me was dismissed).

18.06: 3 PM, H-1630 again. 5 PM, my conversation with Wes: evidence that I wanted to harm Ekaterina again and justification for the Russian diplomatic mission to act again.

19.06: the Russian diplomatic mission appealed to a certain authority (Authority XX?) on behalf of Ekaterina. My tantrum in the UCLA pharmacy in order to convince this authority that Homeland Security was right about me. But this authority dismissed the Homeland Security warning once again.

20.06: 2:45 – 3:45 PM, my conversation with Dr G. Homeland Security CO chief got Dr G to testify to the certain authority that his warning about me was indeed correct. Nevertheless, the certain authority dismissed the warning again.

21.06: the Secret Society women continued to brainstorm with volunteers. 7:30 – 8:30 PM, Homeland Security CO chief instructed the Eau Claire volunteer to create temporary evidence in order for him to lock up the previous ICJ trial for the time being.

22.06: 6:50 PM, my conversation with Wes: evidence for Homeland Security and the Russian diplomatic mission that I was indeed delusional, conducted anti-xxxxxxxx txxxxxxxx due to my delusions, and hated Russia's First Daughter. (Much things Ukrainian the whole day.) The Secret Society women spent the whole day mobilizing volunteers to brainstorm.

23.06: the Russian diplomatic mission took the recording of my conversation with Wes from yesterday back to the certain authority to prove to him that Homeland Security was right about me. 1:50 PM, my conversation with Rod: the CIA had now obtained evidence to show to the certain authority that I wasn't really delusional.

24.06: the Russian diplomatic mission went back to the certain authority again and the Secret Society women mobilized volunteers again to report to him. Just before

noon, SDW herself reported. However, the certain authority dismissed the Homeland Security warning again and, night, SDW cried to her Erie volunteer and called on several other volunteers too. She was hysterical.

25.06: 5:30 PM, Homeland Security CO chief required me to stick around H-1630 again. From 7:20 PM onward, as Veronica's cries went unheeded, SDW called in her Erie relative and two other volunteers. Then they called on the LUG buddies again.

26.06: Homeland Security CO chief ordered the Monkey to severely target me all day today. SDW was at home all day talking to volunteers (GSLTR (?)) about me. Both morning and evening, she called upon her Erie relative, and Kiersten called upon a Brunswick, Maine, volunteer during the evening session. By the end of the night, the Russian diplomatic mission might have asked the Brunswick volunteer to post the definitive evidences on a secret Facebook group.

27.06: SDW was active with the Canyon County volunteer from 6 to 11 AM, and then with her relative Jim (?) from 2:20 to 2:30 PM. Veronica spent the late morning at Brookhaven showing a physicist my blog posts on mind-control, and then from 3:30 to 6 PM she was out in town continuing to brainstorm about how my mind-control postings should prove that Homeland Security was all right about me. Then, Dr R's Hawaiian friend, Jennifer xxx, and Oliver all showed up. From 7:30 to 8:30 PM, SDW called on her Erie relative to brainstorm. Everybody then called on the LUG buddies again after 11:30 PM. And finally the Erie relative again from 12:50 to 1:30 AM. Then, after 4 AM, Ekaterina asked the Istanbul volunteer to collect evidence again onto the secret Facebook page which the Russian diplomatic mission had created to discuss me.

Now my diary entries and the log of the Secret Society women's operations during the period under consideration. Again, current corrections of the errors in the diary entries in the original version are in brackets and italicized. In general, my life had continued to worsen during this period because, as the Invisible Hand continued to obstruct Homeland Security CO chief's attempt to get law enforcement to validate his warning about me, the latter instructed the Monkey to try ever harder to torture me from the control center.

17 June (Tuesday; sleep deprivation; my public disturbances)

First, a note about myself. Slept between 6 AM and 1 PM. Sleep deprivation. Will be sleepy all day long. Realized that the French must have been involved in my targeting. (*Bullshit.*) Anger/ pain attack, over my inability to know the how and the why of my targeting. Required to attack xxxxxxxxx and Mxxxxxxx. Couldn't find the other temple of my glasses; anger outburst in my room, threw things around, and turned over the mattress. Now I had to tape the temple from a different frame to my glasses in order to make myself look even uglier. Quickly went to the UCLA Dental School for emergency oral surgery. 4 PM. Couldn't: all doctors gone. Told to come back 7:30 AM the next day, and told to go to the emergency. Began crying, and made a huge scene, disruptive, per my perps' (Homeland Security CO chief's) programming. Even filmed myself in order to have evidence to disgust other people in the future.[1] This must be the

evidence which the Hardliners had wanted: "half way" toward Kxxxxxxx's false profile of me. (*Wrong! It's just Homeland Security CO chief punishing me after his failure with Authority XX.*) The security guard came to lead me to the emergency room. Restless, anger attack, and extremely uncomfortable. Told that no oral surgeons were available. Cried again. Then told to wait for the regular doctor who would decide. Went to the Student Union to buy a burger, and came back 30 minutes later. Restless, extremely uncomfortable, over my requirement to be delusional and inability to know the truth about my targeting. Led inside to wait for the doctor. It's now past 6 PM. Repeatedly called Wes all day long, and he's not answering. Left the hospital: needed to see pretty AWFs in order to get one's "fix" (per programming from the control center). Thus, the surgeon yesterday has refused to operate on me in order that I may waste more time in the hospital today, make a scene to produce evidence that I'm a public disturbance, and force myself to deprive myself of sleep tomorrow. (One would have to stay up all night in order to go to the dental school tomorrow at 7:30 AM.)

(*The question we would have to ask ourselves is: did Homeland Security CO chief send in agents to run surveillance on me while I was having my outburst with my broken glasses so that he could have more evidence to convince some other authority tomorrow that his profile of me was correct?*)
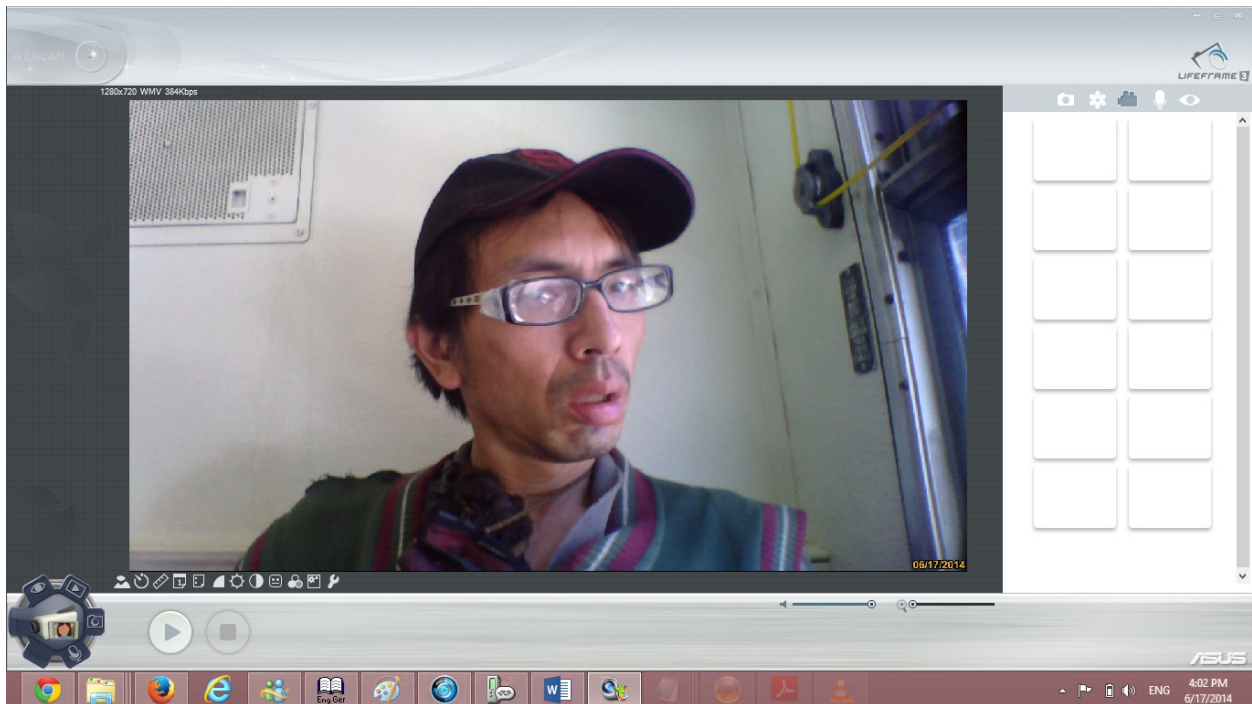

My disgusting look today

Starbucks, from 6 PM onward. Perpetual discomfort over sexual desire's bottling up inside. Required to collect damages. Then severe anger attack between 8 and 10 PM, over the Macrospherian requirement for me to be delusional. Extremely uncomfortable about one's inability to make corrections in Timeline. One's inability to externalize one's thoughts onto papers. Required to "attack" Axxxxxxxx and Mxxxxxxx and hate the CIA and the rest of the Macrospherians. Looked retarded and deluded all the time while talking to pretty females. Left

Starbucks after 10 PM, extremely restless, with an inability to concentrate. Anger attack. Pain. Off LACNGA, **5 N, 1 H**. Then, on the bus to go home. MST with another lingerie AWF video on Youtube. Then off to collect more damages in WSTRN/ SM. **2 W** (PWRYG & RLTYLND), **5 N, 3 SPC (MEX).** Done by 2:25 AM. For the whole time was thinking about how to correct Timeline: needed to cut off most details, for one was only allowed to know the barest essentials in order to replace evidences. (*Again, while this was not true at the time, it would become true many years later, specifically from the summer of 2022 onward, when I'm about to rewrite this chapter.*) Presumably, the French, the Republicans, and the Panistas (in reality, the Hardliners) need me to conform to a modified version of the false profiles – those which it is actually possible for me to become through torture – for life in order to be able to erase the ICJ trial (actually, temporarily in order to stall the current ICJ trial). (*Again, bullshit, even though something like this would become true later on, in the summer of 2022.*) Thought further: once I'm willing to become like the modified version, I will not need to be severely tortured anymore, for I will have learned to torture myself by experiencing external reality and events differently and collect damages and look delusional and perverted all on my own. (*Again, bullshit, although something like this might become true later on.*) Required to develop extreme hatred for the Macrospherians for wanting me to be ignorant and delusional for life in order for them to replace evidences. (*Again, bullshit, although something like this would become true later on, in 2022.*) 3 AM, arrived at the Korean restaurant: anger attack, pain, restlessness, and upset over the inability to concentrate on reading and hearing, and over the requirement to constantly develop delusional thoughts about targeting. At home, total despair and absolute hopelessness over the never-ending torture and depression for eight straight years: just can't stand it anymore. And then was programmed to suffer the desire for release (desire to cut myself). Cut my leg so severely that I would have to limp the next day. Required to disable myself.

The conclusion in the original version: it's probably Mr Homeland Security CO chief who was just upset inside the control center because the TMU had refused to do anything about me for the sake of the Secret Society women. (*Today it's all clear what was really going on: Mr Homeland Security CO chief was punishing me both to vent his anger over his failure with Authority XX and also to generate some temporary evidence for the ICJ that his profile of me was correct so that he could lock up the previous ICJ trial for the time being.*)

Now the Secret Society women's operation on my website for today. 5:34 AM, no-reverse-defined.haltoncollege.ac.uk, Riverside College Halton, Halton, UK,*

Let's summarize. Today was just another day that the Secret Society women would spend brainstorming with their volunteers as to how to prove to any authority that the Homeland Security warning about me was correct.

(01) 7:24 AM, a Santiago, Chile, volunteer examined my naked picture of Angelica. (a)
(02) 8:16 AM, a Los Altos Hills volunteer examined my naked picture of Angelica. (b)
(03) 9:56 AM, an Amsterdam volunteer examined my harassment of Kiersten by blogging about her.
(04) 11:36 AM, **Robin** rejoined the discussion with a Pretoria volunteer.
(05) 11:56 AM, an Amazon, Germany, volunteer examined my naked picture of Angelica. (c)
(06) 1:07 PM, another Fort Huachuca volunteer brainstormed how to prove that I did violate intellectual property rights.
(07) 1:44 – 1:50 PM, the Crockett volunteer again.
(08) 3:03 PM, he came again.
(09) 3:29 PM, SDW called upon her Erie relative to come examine my blog again. (1)
(10) 3:46 PM, **Shizuka** rejoined the brainstorming together with a Jakarta volunteer.
(11) 4:57 PM, a Google proxy volunteer examined my harassment of Kiersten by blogging about her.
(12) 5:36 PM, SDW called upon a Lansing, Michigan, volunteer. (2)
(13) 6:06 PM, the Springvale volunteer from early this morning came to brainstorm again as to how to prove that I did plagiarize.
(14) 11:10 PM, SDW called upon a Mesa, Arizona, volunteer to come examine my May Diary (how my delusions about her had caused me to commit xxxxxx). (3)
(15) 11:40 PM, **Shizuka** rejoined the brainstorming together with a Singapore volunteer.
(16) 11:52 PM, a Mitchelton, Australia, volunteer examined my naked picture of Angelica. (d)
(17) 12:48 AM, **Shizuka** rejoined the brainstorming with a South Korean/ Chinese volunteer.
(18) 1:40 AM, a Boise, Idaho, volunteer examined my delusion about my women victims' going after me.

As you can see, SDW continued to be the one among the whole group who was most upset with Authority XX's dismissal of the Homeland Security warning about me.

18 June (Wednesday; sleep deprivation; H-1630; Wes; "Russia-hating")

First, a note about myself. Slept between 4:30 and 9:30 AM. Terrible sleep deprivation. 12 PM, anger, some pain, and pain sensation, aggression bottled up inside to cause extreme discomfort; an inability to externalize. TNT. Then went to Rite Aid to put in the prescription for Tylenol 3. Restlessness. At the Korean restaurant, restless, left, and then came back, because one was

feeling so restless and uncomfortable. One needs to commit xxxxxx to kill pain, but can't do it right away. Did some corrections in Timeline. Felt a little better. Now going to Union Station to go to White Memorial. At the station, discovered that one had been programmed to forget to pick up my Tylenol 3. White Memorial, past 2 PM. It turned out that Dr GM was not there. One was deceived into coming here to waste my time. Pain sensation. Restless. Went outside to check on H-1630 (thought it was per the conspirators' wish): I must be seen doing so.[2] In reality, it's likely that it's Mr Homeland Security CO chief again who wanted me to do something because he was upset that the TMU had not taken actions against me. (*Close enough to the truth!*) V's car there, so was M's. 4 cars in the drive way in total. Pain sensation, anger attack, 6 N while walking back to Union Station. Kinkos: when the card was inserted, one was programmed to suffer cognitive disruption and click on the wrong button on the screen. Couldn't log on, restless, and was programmed to shout and cry in order to make a disturbance. Then discovered that SDW had posted a new post on her blog. 3 PM, the police checked my tap card, and wrote me a ticket. Very vulgar and rude, saying I knew English when I said, "I don't know…" Physical pain lasting all the way to 4 PM. **1 B** in the Metro station immediately to kill some pain. 4:15 PM, back to Rite Aid to pick up Tylenol 3. Then realized that I was programmed to be mistaken about my appointment time at White Memorial: 3 PM instead of 2. Again, the requirement to be mentally retarded. Required to xxxxxx xxxxxxxxx. Talked to Wes. **Found a way today to hate the Russians at long last**: to separate individual Russian persons from the nation-state Russia. My conspirators had at last obtained the evidence that I conformed to the Monkey's false profile of me as Russia-hating". (*Wrong: it's in fact Homeland Security CO chief who had controlled me to do this in order to prepare me for Ekaterina's upcoming involvement (again).*)

After talking to Wes, tried to take a nap. Took two sleeping pills. Until almost 8:30 PM, still couldn't sleep. 8:30 PM, anger attack, restlessness, and the desire to launch attacks (over my inability to sleep for a whole year). The thought process: will not be able to extract the tooth tomorrow, and will never be allowed to sleep enough. Took the bus to WSTWD. Again, cannot concentrate on reading. Crying, shouting, and making a scene. No reaction from the bus driver, though. Then, 10 minutes later, was able to concentrate on reading, roughly. (Zollunion.) WSTWD: Given free bread at a café. Negative thoughts: Americans are much nicer to me now that I look absolutely developmentally retarded; in order for a subhuman to receive positive attention from people, he *has to* be retarded, and, although he is not allowed to have a deeper human connection, at least people around him will talk to him as if talking to children. After eating at In-and-Out, went to collect damages. Couldn't W at the hardware store near Peter's. Instead **2 W (SCHL & CHRCH), 3 N (1 WF), 4 SPC**, 1 B. Then came back to WSTWD to read and write. Felt peaceful, and no need to seek release, but decided to collect damages anyway: must practice, must force oneself to harm people even when not in pain. B at PSYCH didn't break, **1 H instead.** Couldn't W either at SLMWRP, a homeless man nearby. In the end, **3 more H, and 1 SPC.** Returned to WSTWD. At Denny's, wrote a little ("Karin's meetups"), and then so sleepy, and so slept on the street from 5 AM onward. Thought that I had produced evidence that I enjoyed homelessness. (*Wrong.*) All these wrong reasons for my targeting were perhaps evidences for the Hardliners that I conformed to Kxxxxxxx's false profile of me "half-way". (*Wrong. It's just Homeland Security CO chief training me to look delusional.*)

2 On 39:00 in the recording: "IMPwmempsychnotthereWesEKT_6_18_14_226-516PM.MP3".

The details of my conversation with Wes today (from 2:35:30 onward): (1) Wes' answering machine was still on. (*That's a sign that this conversation would soon end up with law enforcement.*) (2) I immediately started crying: "Torture! Had to suffer pain to lose cognitive functions and create public disturbances! The same old thing!" Then how I wasn't allowed to get medical services (the toothache problem), and how I was required to spend so much time committing xxxxxx and writing down my delusions. "I think it's just the French, the Mexicans, and the Republicans who are inside the control center… and the Secret Society women have never gone inside… they just want me to develop the delusion that they are inside so that they can claim that I harbor delusions about my stalking victims…" (*Close enough! The CIA's evidence. But note that there were no French, Mexicans, and Republicans inside the control center either, although this wrong scenario might come true later, such as when we shall be revising this chapter in December 2022.*) "They claim I'm antisocial… but now that I'm committing xxxxxx in order to kill pain, which is clearly *not* antisocial… why can't the control center stop causing me pain… for then if I still commit xxxxxxx, wouldn't that look more like the women's claim? Last night, such restlessness, and I had to cut myself again in the leg…" Wes suggested other ways for me to look ugly, such as shave off my eyebrows. (3) I continued: "… everything I do is the control center… 80 percent of what I say to you is delusional garbage… the control center wants me to be John Nash…" Wes had just talked about John Nash with a student today. I continued: "… they want me to call you and say something delusional so that it can be intercepted as evidence to confirm that my stalking victims are indeed right about my insanity…" (*I was right on target here! The CIA's evidence.*) (4) I continued: "… the profile… it's not really possible for it to exist in the real world... when they make me conform to it, it's just an approximation… and I'm conforming to it for a completely different reason… my brain is wasted, it's so much more complicated than other people's, but now it's programmed to perform these fool-proof functions… suffer pain and commit xxxxxx… anybody's brain can perform these functions… they need to make me conform to these women's claims in order to prevent the world from being saved… hence perform these simple functions…" (*Although this was not quite correct at the time, it would be right on target by the time we shall come to rewrite this chapter in December 2022.*) Just then, Alessandra interrupted, which caused me pain too! I continued: "… the game is like making sure a super computer is devoted to only arithmetic functions while a calculator is used as if it were a super computer… we can go on and on, but really, everything is due to the Russians' mistakes, when they let the Mexican man go inside the control center… and they let me pay for their mistakes… it's hard for me to hate the Russians because of this ideology in my head… I do not want to hurt the weak…" Then my recorder ran out of battery.

The second recording: (5) How the control center had timed for my recorder to run out at just the right time so that I could suffer more pain. (6) My plan for revenge against the Russians: since they would have to let me marry Ekaterina in order to replace evidence, I would act out (urinate everywhere and try to hit her and thus get knocked down by the Russian secret service) in order to embarrass her in public. I would also try to procure prostitutes, film it, and leak the film, in order to make her feel violated. She would look bad in this sense, but since she would have to do this in order to save Russia and the world, she would look good in another sense, and in this way she might do it. Since a xxxxxxx had caused this, it would also be a lesson for the world, to never let a xxxxxxx go near anywhere important. "It might be okay to let a xxxxxxx wipe your table and clean your room, but not…" How the Russians thus had 3 benefits (to save Russia, to look good while looking bad, and to make xxxxxxxx look bad) and 1 disadvantage (to look bad).

Wes: but Ekaterina would prefer that I sleep with prostitutes instead of with her… Me: but I would try to sleep with her anyway and then sleep with prostitutes in order to make her feel violated… she would be like John Nash's wife. But I need to practice wanting to attack those people that are nice to me. (7) How the control center had remotely controlled me to be mentally retarded in order to make sure I don't contradict the Secret Society women's claims about me. (*Sort of correct!*) They had also destroyed my hearing. No information can come in, my brain was now entirely devoted to suffering pain and destroying properties. The Monkey did something very simple, and the rest of the people now have to constantly hurt each other… even if they punish Axxxxxxx, she wouldn't have any brain to waste… her crime is so perfect… she'll always be winning… if you want to be happy, you need to be bad from the beginning and have no talents… I made a mistake, I should never have tried to educate myself… I grew up in Taiwan and learned the traditional way… that it's good to be smart… then I came to America and discovered this is all wrong… (8) Wes: the way America works… a consumer society… needs a surplus army of consumers… hence to keep the masses stupid… they all have a job, but their real job is being a consumer… (from 18:00 onward). Me: in America, it's good to have no talents, so that, when injustice… ultimately, it's because they can increase consumption… then the historical materialist principle, that simple statement in the *Communist Manifesto…* it explains why every society is the way it is… Wes: the Shakers aren't like that… who rejected consumerism… Then Wes came back to Marcus. (9) On 26:00, Alessandra interrupted again. I continued: … since I'm under remote control, if I want to revenge, my victims will have to agree… and they'll do so only if they can benefit in some other ways… I'm basically asking her to sacrifice her love life for abstract goals… I would prevent her from having extra marital affairs in order to maximize her suffering… (10) On 30:00, I suddenly exclaimed: I just want to say that your wife is a very stupid woman! Wes: you shouldn't say that… it upsets me… (11) On 31:00, how I had had to tape up my glasses with a temple from different frame… and how I went inside a bar and everybody laughed at me and I actually felt pleasure… how I had difficulty in filming myself… I didn't look as bad… but since people had called the security guard on me, I must look bad in any case… Then I was at it again: I would marry Ekaterina, and, whenever we were in public places, I would harass other pretty white females, and then scratch my balls and smell it… wouldn't it be cool if I could do all that in Kremlin?

(*We can easily understand what was going on today. Ever since Authority XX had dismissed the Homeland Security warning about me, everyone on Homeland Security's side had to do something again to prevent the CIA from reactivating the previous ICJ trial. Of course my outburst yesterday was temporary evidence, but today we had two more things. First, the minor episode of my loitering around House 1630 again. But of course when Veronica reported it to the TMU and so on, nobody would care. But that's okay, for, secondly, Ekaterina had come forward to help. Homeland Security CO chief thus first controlled me to suffer hatred of Russia, and then required me to talk about my revenge plan against Ekaterina. This was again confirmation of his warning about me: I was deluded enough to believe that I was destined to marry Russia's First Daughter; but then hated her so much that I wanted to cause her suffering. This schizophrenic was truly a danger to this important woman! Homeland Security CO chief then made sure to instruct Wes to "accidentally" record the conversation so that, afterward, he could tell Wes to take the recording, along with his warning about me, to law enforcement. The Russian diplomatic mission can then be involved again, all of which would become favorable evidence in*

the ICJ. However, the CIA would then come forward to point out that I wasn't so delusional after all since I was aware that people wanted to use my garbage as evidence of my delusional mind.)

3 In the original version, my wrong interpretation at this point: "It thus seems that, as the outlying members of the Secret Society continued to send in false reports having received instructions in their email accounts, the TMU responded once again to Angelica and SDW saying they would not remove my website – since it's not really relevant to any stalking claims they had filed against me. The whole Secret Society must be tremendously disappointed and filled with the sentiment of suffering injustice – since, in their mind, talking about women online without their consent *was* a form of 'violence against women' and so equivalent to stalking. At a loss, SDW thought again about recruiting this mysterious woman seen on my blog, and so reposted Best Mommy's picture on the Secret Facebook Group asking everyone to try to identify her."

My plagiarism. Let's summarize. Since this morning Homeland Security CO chief must have informed the Secret Society women that he would again send me to H-1630 and then make sure that I should talk about Ekaterina on the phone – for Ekaterina had come forward again to help. And so the volunteers began their work:

(1) 6 AM, the Springvale volunteer came again to brainstorm how to prove that I did plagiarize.
(2) 6:41 AM, **Shizuka** rejoined the discussion together with a Singapore volunteer.
(3) 9:30 AM, a Grovetown, Georgia, volunteer examined my delusions about the Russian president and prime minister. **(a)**
(4) 10:40 AM, a Glasbury, UK, volunteer examined my harassment of the ICAACT people by blogging about them.
(5) 10:50 AM, a Jacksonville, Florida, volunteer examined **my naked picture of Angelica.**
(6) 11:37 AM, SDW called upon a T-Mobile USA volunteer. (1)
(7) 11:51 AM, the Crockett volunteer again.
(8) 1:03 PM, a German volunteer from Starbucks reported on my delusions about Ekaterina. **(b)**
(9) 1:13 PM, a Vancouver, British Columbia, volunteer examined my harassment of Marie by writing about her. (The women gang had called upon Marie again.)
(10) 3:06 PM, I was around H-1630. The big hype had started.
(11) 3:42 PM, **Robin** rejoined the hype with an Oklahoma City volunteer.
(12) 4:03 PM, **Robin** discussed me with a Camarillo volunteer.
(13) 5 – 6 PM, I was talking to Wes: Ekaterina.
(14) 6:37 PM, **Shizuka** rejoined the discussion.
(15) 7:25 PM, did the Boss' family weigh in to add weight to the Russian diplomatic mission's case on behalf of Ekaterina?
(16) 8:56 PM, SDW called upon a UK volunteer. (2)
(17) 1:30 AM, **Shizuka** rejoined the discussion with an Auckland volunteer.

Thus, by the end of the night, the Russian diplomatic mission had mobilized and called upon a US authority (Authority XX?) saying that the suspect on Homeland Security's watchlist was at it again. This was again at least temporary evidence in the ICJ to prevent the CIA from reactivating the previous ICJ trial.

19 June (Thursday; sleep deprivation)

First, a note about myself. Woke up from the street corner, 7:40 AM. To Dental School. The security guard noticed me, followed me, and asked me for my badge. Even though I covered my mouth and was wearing a hood, he somehow thought me suspicious. Although I was able to see an oral surgeon, he would only pull my tooth after I shall have got my psychiatrist to give consent! He said I was not in the right mental condition to provide consent for surgery. Again, the Hardliners' evidence that I conformed to Kxxxxxxx's false profile of me "half-way". (*Not.*) He (Dr S) gave me prescriptions for Norco and antibiotics. Not too upset. Negative thoughts: Thus is the purpose of the targeting: the control center gets me sent to UCLA, where the protocols are different, and then programs me to make a scene, so that the surgeon will refuse to

extract my tooth. I'm being gradually pushed out of social services, the remaining domain of society in which I participate, and it has to look like it's my own fault. The control center is intensifying my subhuman status: someone who is not allowed to participate in society's functions in any way; he is just window shopping through the street. Or: I'm being programmed to disable myself, to become unable to care for myself, so much so that I can no longer even give consent to treatment. And it has to look like it's my own fault. My artificially created disability. (*Again, these negative thoughts did not describe what was going on. Homeland Security CO chief remotely hurt me so that I would make a scene, and this so that he could obtain some temporary evidence for the ICJ and gain some temporary satisfaction from degrading me. My catastrophe with the oral surgeon was just the consequence of all this.*)

10 AM, came to the university pharmacy to pick up Norco and antibiotics. Norco was extremely important because Tylenol 3 was not really working to kill pain. But, after waiting for 30 minutes, the pharmacist told me that my insurance would not cover Norco until 21 June. This time, the control center finally got me to become upset and required me to throw a tantrum.[4] So sad that there is just nothing I'm allowed to have to counteract pain, pain sensations, and uncomfortable feelings, and that I want to use my time to study and write instead of running around all day long looking for pain killers or going to doctors, like what Americans enjoy doing. The pharmacists are going to call the security guard: the point of the targeting. So upset because there is just no time left to study and write: required to spend hours and hours each day looking for pain killers and yet in the end was not allowed to succeed in getting it. Crying and crying. Hopefully this is not punishment for the theoretical insights I had obtained earlier while waiting: Dr S told me: I can't pull your tooth; I have to care about my job. I've to follow the protocol. I work very hard for it. That somehow calmed me down. Normally people will force him to perform surgery, not caring about his job. They will just say "I have a right to treatment." Another example where "rights" is just a cover allowing selfishness to be reinterpreted as something good and noble.[5] So upset. I promise I'll think and act more like Americans and always disrespect other people's difficulties. Please don't torture me anymore. One erroneously believed that the goal of the targeting was for me to throw a tantrum in the UCLA region where the police already knew me through Kxxxxxxx and Aamoy and where I could therefore be identified by name.

The reality is simpler: I was just required to throw a tantrum in order to conform to Kxxxxxxx's false profile of me "half-way". (*Actually, it's just Homeland Security CO chief punishing me and obtaining temporary evidence at the same time.*)

After spending 20 minutes crying in the pharmacy, I was sent away for disturbance, and the pharmacist's explanation apparently was that the Tylenol 3 picked up yesterday had prevented Medi-Cal from issuing more pain killers until the 23rd. Tylenol 3 is almost all gone, and it is ineffective in calming nerves anyway. Then jaywalked like a retard on WSTWD/WLS, and stopped by the police. But the police let me go. Required to collect massive damages tonight. (*What Homeland Security CO chief wanted me to do, now that the Russian diplomatic mission*

4 I felt the need to film myself as well, because of loneliness, and the need to preserve evidence: http://youtu.be/qeO7vyN6pck.

5 What's in question is of course not "rights" itself, but the abuse of one's rights by extending them from what one justly deserves to what one merely wants.

was advancing another case on me.) Home, and napped. Took two sleeping pills. Only allowed to sleep until 3:30 PM. Woke up in such despair because I had to live my whole life like this. 7:20 PM, on the bus. This diary froze up, causing me brief panic attack, in response to having thoughts about revenge against Anxxxxxxx. Thus more evidence for my delusional mind: attributing God-like power to my so-called "stalking victims". Arrived at the French Language Friends meetup. So severely affected by depression. A Chinese girl was sitting in front of me, nobody was a native French speaker, very downtrodden, sad, and so left. Rode the bus to Promenade and stayed in Starbucks. To write Timeline and read a little. Sleepiness and fatigue throughout. Then, collected damages. Dr D (holistic) moved out of his office; and so only NMS Real Estate. Then couldn't do others. **1 W, 3 N, 1 B**. To SM/ PRD. Couldn't W again, 2 times. More evidence that I couldn't do damage, too weak. **1 W (PSY). 1 B**. Done by 1 AM.

Let's summarize. Since early morning, as soon as the Russian diplomatic mission had opened their case with that certain authority (Authority XX?), Homeland Security CO chief instructed the Secret Society women to begin mobilizing volunteers to report my website to him.

(1) 7:33 AM, **Shizuka** rejoined the reporting with a Thai volunteer.
(2) 7:40 AM, **Jennifer xxx** rejoined the reporting together with a Connecticut volunteer.
(3) 8:44 AM, a Utah volunteer reported on my delusion about Snowden.
(4) 9 AM, SDW called upon a Google proxy volunteer to report my victimization of her. (1)
(5) 9:30 AM, an Ohio volunteer reported on the Preface to "Karin's Meetups".
(6) 10:08 AM, a Los Angeles volunteer reported on my harassment of my family members.
(7) 11:37 PM, a Spanish volunteer made a special false report about my plagiarism.
(8) 11:55 AM, the Crockett volunteer again.

By this time, Homeland Security CO chief must have also showed that certain authority my tantrum in UCLA.

(9) 2:13 PM, an Argentina volunteer reported on **my naked picture of Angelica**.

By this time, the reporting seems to have finished. As you can imagine, this certain authority must have again rejected the Homeland Security warning about me as invalid (so that there was no "stalking" of Ekaterina). The volunteers were thus back to brainstorming. First of all, especially as to how to prove that I did plagiarize. Then:

(10) 8:45 PM, a San Jose volunteer examined my delusions about being chipped in the brain.
(11) 9:04 PM, the Crockett volunteer again.
(12) 11:06 PM, **Robin** rejoined the discussion with a Andover, Massachusetts, volunteer.
(13) 3:28 AM, a London volunteer examined my blog post "I'm indeed insane."

20 June (Friday; Dr G)

First, a note about myself. Slept between 4:30 AM and 12:30 PM. Slight sleep deprivation. Called Dr G to confirm the meeting on 2:30 PM. 1:45 PM, TNT. Black and Hispanic kids skateboarding in the hallway. Their slang and skateboarding noises caused me severe physical pain: shaking continually. Threw an empty cup (with ice) on them, and left. Called the black kid "xxxxxx". He chased after me and threw ice on me. Some physical pain. 2:10 PM, street people on Metro. Rap music. Physical pain. Sonophobia. Had to change seats. Helplessness, hopelessness, terrible need for pain killer, the pain lasting until 2:30 PM. (*As you can see, the Monkey was targeting me all day long all because the magnificent Homeland Security warning about me was again dismissed yesterday.*) 2:34 PM, writing, and a black guy was talking, not too

much pain. Erroneously thought it was evidence that I was lying. Met Dr G at Wardlow Station. Polly. Lashed out on him. Although being able to express my view-point had calmed me down, decided to carry out the "plan" anyway. He was standing up, as if he had been briefed about my plan. (Later one would decide that he had been instructed to never pay for my food.) In fact, this was not the case. (*Actually, yes*.) Out, and stuffed a cigarette box in his car's exhaustion pipe. Circled around the blocks, and found a spot at the car-wash across the street to check for his reaction. Couldn't see his car from there, though. Dr G came out, and seemed to have noticed it. Angered by his "victimization" of me: he had been tricking me all along, and took joy in seeing me suffering for the Republicans' "War on Women". In fact, all erroneous: there wasn't any "War on Women". Dr G had simply worked as a police informant on me and he derived pleasure from it. It's true, however, that he had no sympathy.[6]

6 In: "IMPblackkidsnoisepaindrGopposit_6_20_14_1243-356PM.MP3": with Dr G on the phone to confirm today's meeting. Much music. 43:00, out. 55:00, in TNT. 1:01:00, the black kids with skateboards. 1:02:40, I confirmed the meeting again with Dr G. Then the conflict with the black kids again. 1:09:00, on Metro. Very bad physical pain. 1:32:00, the rap music was causing me pain. Then the Spanish-speaking caused me pain. I met up with Dr G on 1:59:30. He showed me the books. "Stupid fucking country, why do you want to read that?" He went up to San Jose and had got hold of Wes. We came to Polly and I was rude and didn't reply him. 2:08:00, I asked him straight out: when did you notice that I suffer from paranoid schizophrenia? Couple of years ago. Because I told you there is a chip in my brain? Yes. I'm trying to figure out why the government is programming me to commit xxxxxx and suffer delusions... I think it's because these women are accusing me of being violent and delusional... and they've got arrested... the government steps in and needs to prove that these women are correct about me... the ICJ trial… (*Although some of the things I said Dr G would know were true (that these women were accusing me…), as soon as I mentioned the ICJ trial, that must surely be confirmation for him that the Homeland Security warning about me was indeed correct – since it had explicitly stated that I suffered from this delusion that I was involved in some ICJ trial.*) Dr G: you *want* to be violent and delusional… Me: everyday I spend 4 hours suffering pain, 2 hours looking for pain killers, 2 hours committing xxxxxx, no time to study... I hope I can make that happen to you... put a chip in your brain... the question is, why don't they do that to you? Because no woman has accused you... the problem is that I don't know how to be violent... I accumulated all this wisdom... then these women came along... the US government needs to protect this agenda... And I kept on telling Dr G to shut up! "I just hope they'd accuse *you*... women in this society have such power... then Americans have this hatred for freewill..." Then I went on and on about the brain-chips... and how they can remotely control one to make scientific discoveries... 2:26:00, Dr G's objection: why would they allow you to figure out what they are doing? And he suggested that one can counteract the chip's effects with another part of one's brain… (*As you shall see, Dr G really had no expertise in this domain: here and later on he sounded like a complete idiot.*) Me: no, I have to fit these women's accusations against me... the problem is that I'm not violent... but women like to do that... they always have to accuse you of being the opposite of what you are, so that everyone will have to work hard to make you fit their accusations, and that's where the torture lies... the kind of thing these women want don't exist in reality, it makes it hard for the government to provide it to them... they want a guy to be violent and delusional to them, but they just have to find the most unlikely candidate... that's where the pleasure lies, to turn a sphere into a cube... then the American hatred for freewill... America as the most complete hypocrite... What if I could obtain a document showing that the Chinese government did have this intention of sending students to America to steal technology? Would you have ways of advertising it? It would be so deadly, like the Protocol of Zion... Now Dr G said he would put it up everywhere... but Chinese students would still come in… Why? Dr G's dumb answer: the government wanted "control". My answer: my uncle James' story. Then I accused Dr G of being an idiot and not thinking correctly. Why would the US government do that? These women really believe it when they accuse you of being violent and delusional... they are shocked when the government arrests them... How can the government turn you into their conception of you... 2:50:20, I went to the restroom, and then exited. I let Dr G pay for my food, stuck a cigarette box into the exhaustion pipe of his car, and then went far away to observe his reaction. *Dr G really did deserve all this, for, without my knowing, my wrong scenarios today had totally convinced him that Homeland Security and the Secret Society women were indeed right about me:* (a) that I indeed suffered from delusions about my women victims (such as imagining them to be arrested and rescued by the government); (b) that I was so schizophrenic that, when I committed xxxxxx, I believed I was under remote control (how my delusion about being mind-controlled had thus made me a danger to people); (c) that I was really an anti-

(*None of this was correct. What was really going on is easy to guess. Because the certain authority had yesterday dismissed the Russian diplomatic mission's appeal on behalf of Ekaterina, today Homeland Security CO chief wanted someone who was both educated and had known me for a long time to testify to the certain authority that he was right about me. And so he instructed Dr G to come meet me today and hear me speak my mind so as to make determinations afterward as to whether his warning about me was indeed correct. Since he had already known from the mind-reading computer what I was going to say – in fact, since he could control me to say what he wanted me to say – of course Dr G didn't see how any authority could have denied that this Homeland Security warning about me was totally correct. (Except that Dr G couldn't have possibly believed that I was a plagiarizer.) Meanwhile, Homeland Security CO chief, or the Psychic Goddess Duo among the Secret Society women, must have also warned him that I planned to not pay for my food in order to force him to pay for it. (Hence he stood up when he saw me trying to clandestinely leave the restaurant.) Nevertheless, I succeeded in forcing him to pay. Dr G, afterward, must have been so angry that he was definitely going to testify to the certain authority that Homeland Security CO chief and my so-called "women victims" were totally right about me.*)

2 N on the street. Took a while to walk to the Metro station, this itself was angering, and causing some pain. Back to downtown. Frustrated because I didn't know how to proceed with "On the periphery". Out of Vermont/ Wilshire station, and suddenly felt okay. Anger programmed off temporarily. It's almost as if I would be required to experience anger only when the collection of damages is not possible; during moments of collection, anger would then be programmed off, in order to discourage me from collecting damages. But predicted that one would not be able to get Norcos from Dr J. Arrived at Western Dental, and sure enough, Dr J would not prescribe Norcos. Sadness, despair, and desperation. Just holding onto Norco will have some psychological effect resulting in the easing of pain, but this was not allowed. Got a referral to another oral surgeon. But was required to spend more time calling him to set up an appointment. Despair, frustration, and no time to study. Tried more N. **2 more N**. Came to Rite Aid to put in the prescription for Motrin (Ibuprofen, 800 mg). TNT, 6:55 PM. Typed in the password for the wireless network, but couldn't connect. Had to ask the TNT employee to do it for me. He did it. More evidence for my mental deficiency to benefit the Hardliners? (*Not.*) Some pain. Discovered David's message from last night: denial, saying he's offended by my accusation. Some pain, 7:25 PM. Required to collect from him. Back to Rite Aid to pick up the Motrin. Then home briefly. 9:50 PM, the computer froze up, following upon positive thoughts (fantasizing deliverance speech, and the question: why would the Republicans not want to kxxx Homeland Security CO chief and Axxxxxxx and Kxxxxxxx?). MST: another WF lingerie video. Out to collect damages. PSDN, **3 W (1 repeat, 1 MEX). 3 B (CHRCH), 2 H (Zona). DWNTWN: 3 N, 1 B (LWLB)**. On bus 20 to go home, and a black man provoked me by telling me to move my backpack and then complaining about my pulling the string in his face. Did not feel physical pain and was not provoked, however, because I felt peaceful. Just do what he says and apologize, why waste time and pick bones with him? This demonstrates that, earlier in the day, when I got provoked by insignificant things other people did, and felt physical pain over it, the pain and anger were remotely controlled/ induced. The control center, again, simply activates parts of my brain to

xxxxxxxx terrorist (the American hatred for freewill); and (d) that I had this delusion about being involved in some ICJ trial.

cause me to feel anger and pain when others make gestures to me, etc., in order to make it look like I am provoked (suffering the same disease which SDW suffers). In reality, the cause of all pain and anger is the control center, not the provocateurs' action. David Hume on causality. Home, 4 AM. *I also did a tally tonight:*

Jennifer xxx also rejoined the discussion. Numerous WHOIS records affirm that this IP address belongs to the US Air Force:
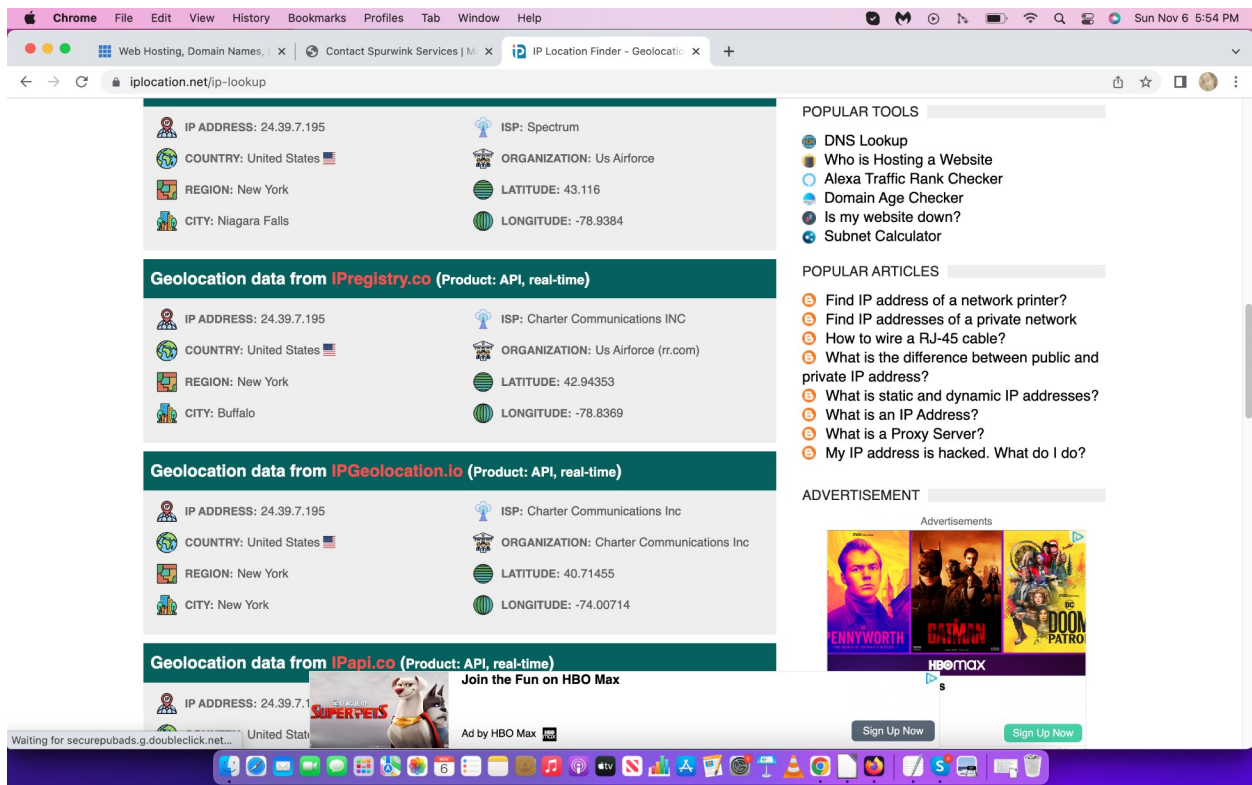

However, on its website Spurwink is described in this way:

> In 1960, Spurwink began with one house in Portland, Maine, serving eight boys. Today, we operate two active residential campuses serving children, 22 group home settings for adults, one group home intermediate care facility, one nursing home/ intermediate care facility for adults, and four day treatment special purpose private schools, including a preschool. We have a wide array of community-based, residential and educational services for children, adults, and families across the state.

> Spurwink's wide array of community-based services include outpatient therapy,
> behavioral health home services, treatment foster care, public school counseling,
> trauma therapy for refugees, forensic child abuse evaluations, a crisis center, opioid
> health homes, and much more.
>
> Starting with a handful of staff, Spurwink today draws much of its strength from its
> nearly 1,000 employees. They are the cornerstone of what the organization
> accomplishes and how services are delivered: developing positive self-regard in
> those they serve by honoring and respecting who they are, delivering evidence-based
> treatment, and then building upon the strengths of the individual and the family.

witness he needed. Since morning, the Secret Society women were mobilizing volunteers to
prepare reports confirming the warning as correct as soon as Dr G shall be ready to make his
reports.

(1) 7:02 AM, a Bosnian volunteer examined **my naked picture of Angelica.**
(2) 9:49 AM, SDW called upon an Arlington, Texas, volunteer.
(3) 11:09 AM, **Robin** rejoined the discussion with a Glendale, California, volunteer.
(4) 12:24 PM, **Jennifer xxx** rejoined the discussion with a Spurwink volunteer.

2:45 PM, I met up with Dr G. 3:45 PM, I was done with him. Dr G would soon report the matter to the certain authority, and the volunteers would from now on make their reports too.

(5) 4:18 PM, SDW's Tampa friend (SCH-S738C) came to report on my plagiarism.
(6) 5:17 PM, a Louisville, Kentucky, volunteer examined the link which a Homeland Security agent had posted on Reddit to my website on 30 April ("Schizophrenic Extraordinaire").
(7) 7:38 PM, a Southern California volunteer reported on my obsession with, and delusion about, Karin.
(8) 9:24 PM, **Oliver** made a report about my violation of his intellectual property rights together with a Mexican volunteer.
(9) 10:11 PM, an Australian volunteer reported on my delusion about being chipped in the brain.
(10) 11:24 PM, a Wisconsin volunteer reported on my delusion about Obama.
(11) 12:28 – 12:45 AM, **Shizuka** rejoined the discussion with a Seattle volunteer.

Presumably, by this time, that certain authority had already (again) rejected the Homeland Security warning as invalid. The volunteers, disappointed, thus continued to brainstorm.

(12) 12:59 AM, a Victoria, Mexico, volunteer examined **my naked picture of Angelica**.
(13) 3:20 AM, SDW called upon a Vilnius, Lithuania, volunteer.

21 June (Saturday; targeting)

First, a note about myself. Slept between 6 AM and 2 PM. Woke up and, because my schedule was so tight, decided to run to the storage to put in my new DVDs. Very rushed. Came to the Vermont station, but the police were guarding the Metro entrance, and one couldn't jump it. Then, couldn't operate the machine to add money to my tap card. This means that one couldn't go to the storage. Broke down crying in despair, for everyday I have to go through the same frustration, hopelessness, and mental retardation. Then jumped the gate anyway, without the police seeing it. Realized that sadness, frustration, and anger are caused by my, or the common, image of an intellectual wise person as mature and super-functioning. I simply have to accept the fact that the control center has decided that the ability to reason, knowledge, and wisdom should only be carried by a developmentally retarded criminal like me who is perpetually angry and throwing tantrum over nothing, who is perpetually delusional about simple facts of daily life, and who can't do the simplest things in life. Only by accepting this new image of "wisdom", "knowledge", and "reasoning", can I avoid feeling anger, sadness, and frustration.

Storage. Unbelievably, I was allowed to make it in time. DVDs put in: 382, 386, 387, 388, and 389. 4:13 PM, I left a message with Wes, begging him to call me. **3 N.** Coffee Bean, Normandie, 6 PM. Finally realized what "substitution" is all about: I have mistaken the Macrospherians' malice toward me for kindness. (*Actually, just more wrong scenarios to help make myself look delusional – although something like this might happen later on.*) Home. Called step-mom, 7:38

PM. Fell asleep to "History of Ukraine" (a video). Woke up 9:30 PM. Checked the visitors at home. Step-mom called me 10:10 PM, sounding very unhappy. She did not want me to call her anymore. My "mission": everybody must hate me (except Wes, I guess). 10:30 PM, McDonald's, ready to collect damages. Couldn't concentrate on reading again, anger: Angelica, her father, the DHS CO chief, and Kxxxxxxx said and did something simple, and the rest of us all have to suffer, while they don't give the slightest crap. They, contributing nothing to society, are such a waste. What I like about the whole process: Angelica wants me to be violent in order to justify her conception of me, and all my victims would have to suffer to justify her conception of me. The same with her father, Kxxxxxxx, and Homeland Security CO chief. This is really one of the principal goals of my life. Very noble. Everybody should know about it. All my victims should know that they are sacrificing for two amazing women and two amazing Mexicans. (*I was sort of correct with all these negative thoughts*.) Soto, collection of damages. **1 W** (the same restaurant; never fixed); **3 N, 1 SPC, 2 B**. During the course of collection, my mental retardation is manifested again: I forgot my RK, had to go around the blocks to find it; finally, B at a house, and I lost my hat. My brain has clearly been damaged by the continual torture. Not so upset over it anymore; only saddened. Done by 1 AM. Generally felt peaceful; anger level during episodes was normal, like before (before torture). 2 AM, SPOT, and found Korean girls extremely sexy again. 4:20 AM, home. Asus freezes up continually while printing Tolstoy's *Guerre et Paix* in PDF. It froze for more than 15 minutes. ImgBurn speed drops to 0.2 X. Not too upset, but some pain. (*And so it didn't seem that Homeland Security CO chief had particularly tortured me today.*)

Now the Secret Society women's operation on my website for today. 4:42 AM,

Presumably it's just Homeland Security CO chief who had instructed the Eau Claire volunteer to
create some temporary evidence for him in the ICJ (insofar as the certain authority's rejection of

his warning about me had become unfavorable evidence in the ICJ). Namely, faulty surveillance must have confused the Eau Claire volunteer with me.

My plagiarism. Let's summarize. Since the certain authority had dismissed the Homeland Security warning again despite the fact that it's Dr G who had confirmed this time, the Secret Society women were today back to their perennial task of brainstorming with their volunteers as to how to prove to any authority that Homeland Security and their star witnesses were right about me.

(01) 4:42 AM, a Malaysia volunteer examined **my naked picture of Angelica**.
(02) 6:03 AM, a Malaysian Chinese volunteer (the MSS Hong Kong volunteer?) examined my violation of intellectual property rights.
(03) 8:28 AM, a Westminster, California, volunteer examined my harassment of Kiersten.
(04) 8:51 AM, a Minnesota volunteer examined my violation of Prof. Ménard's intellectual property rights.
(05) 8:52 AM, a Netherlands volunteer examined my pollution of the Internet with my delusions about being chipped in the brain.
(06) 9:56 AM, a friend of Ekaterina's from Seoul examined the front page of my website.
(07) 10:44 AM, a Carlsbad, California, volunteer examined my violation of **Oliver's** intellectual property rights.
(08) 12:05 PM, a Rio de Janeiro volunteer examined **my naked picture of Angelic**a.
(09) 12:14 PM, **Oliver** again.
(10) 12:30 PM, a German volunteer examined my delusion about how Angelica was going after me.
(11) 7:43 PM, **Shizuka** checked in with a Nagoya, Japan, volunteer.
(12) 7:48 – 8:02 PM, an Eau Claire, Wisconsin, volunteer linked up capra7777.html from a secret Facebook group.
(13) 8:06 PM, a Minnesota volunteer clicked on the Eau Claire volunteer's link. (Homeland Security CO chief's temporary evidence.)
(14) 10:26 PM, a Madison, Wisconsin, volunteer examined my delusion about being chipped in the brain.
(15) 1 AM, **Shizuka** checked in with a Tasmania volunteer.
(16) 1:53 AM, a Canberra, Australia, volunteer examined how my delusion about being mind-controlled had made me a danger to others.
(17) 2:38 AM, a Pakistan volunteer forged evidence of my plagiarism.

Thus, by the end of the day, Homeland Security CO chief and his Russian friends at least had some temporary evidence to prevent the CIA from reactivating the previous ICJ trial. In addition, Dr G must have been stunned that the authority would have rejected something so obvious as Homeland Security's portrayal of me.

22 June (Sunday; Wes)

First, a note about myself. Slept between 6 and 10 AM. Got up to go to church. Unfortunately, missed the 10:30AM bus. Not too upset. Walked to church. Coffee time, and sat with a Ukrainian girl first. Coincidence following upon yesterday's, when I watched "Birth of a nation: Ukraine" on Youtube. Thought it was because the control center knew, yesterday, that the Ukrainian girl would show up this morning, and so, yesterday, remotely controlled me to desire watching "Birth of a nation", so that, today, I would be bedazzled by the coincidence and think that it was the control center which had sent the girl to me. (*Just more garbage to help make myself look delusional.*) Elaine not here again, just like last week. The Russian girl there, but one ignored her. One had now accepted the fact that most of the Russians I see around me are trash as well. Sat with Torey and her husband. Home. Wasted two hours watching video clips. Then, couldn't sleep. Pain sensation. Going to the restaurant, 6 PM. Got hold of Wes, 6:45 PM or so. One had further developed one's fantasy about EKT.

Home, around 8 PM. Rested a little, checked the visitors' log, and then off to WSTWD. 10 PM, 720 bus. The bus was shaking very violently. Cannot write. Physical pain. Required to commit xxxxxx. Starbucks, 10:25 PM. Nobody there, and sat next to a sexy Asian girl. She immediately left. Pain sensation. Required to commit xxxxxx. 12:30 AM or so, on 720 bus to SM. The bus was again shaking violently, physical pain, and required to commit xxxxxx. Promenade, **1 N, 1 small W** (BRNTWD/ LNCLN office). Tried again, and can't do it the second time. **2 SPC, 4 B.** Can't W at Art and Frame either. Done by 2:30 AM. On bus 20 going home, and a very ugly Mexican sat in front of me making ugly gestures. Physical pain, the same sensation of wanting to become violent. (*Did Homeland Security send this guy in to provoke me to a fight?*) Required to commit more xxxxxx. Off the bus on LACNGA. Couldn't W at PSYCH. **1 B there**. The control center led me to a bridal service: **1 W. Then 1 H (CFBEAN).** Home, 4:30 AM. Checked it: it turned out to be a marriage service run by a Ukrainian woman. Thus for a whole day the control center has been remotely controlling me to play out a Ukrainian game. Does the control center need evidence that I both love and hate Ukraine at the same time – and as if I had followed upon my words to Wes that I find the Russian people I met here "trash"? (In reality, I have no feeling for Ukraine either way; but terribly regretted that I have been remotely controlled to collect from a foreigner.) (*What exactly was going on here?*) Saddened. Required to collect from xxxxxxxxx tomorrow.

Highlights of my conversation with Wes today (from 23:45 onward): (1) "The control center's purpose is to condition me to this mental state where committing xxxxxx is the only worthwhile thing." (*Right! That's what Homeland Security CO chief and the Monkey wanted – although saying so was Homeland Security's evidence that I was indeed insane*.) (2) My complaint about Dr G: he took great delight in the Republicans' agenda: two stones at the same time (to waste both these women and me). (*I didn't know that all this scenario about the Republicans' agendas was incorrect – and I was merely producing evidence that I had also developed delusions about Dr G.*) "He's more disgusting than Heidegger." (3) About stuffing cigarette boxes inside cars' exhaustion pipe. (4) "They have found SDW as my substitute… It's all delusional now… Why did they want me to develop this delusion? They actually want me to be a criminal for life… That's because there is no other way to secure the ICJ judgment. I have thus been sacrificed to save human civilization. Why do I have to be sacrificed to save these human trash around me? Nothing will ever happen to Angelica and her gang-members, and, even if something does happen, so what? Their life means nothing anyway." (*Again, all wrong: (a) It's Homeland Security CO chief, not the Macrospherians, who wanted me to be a criminal for life; and (b) I was being sacrificed to help Homeland Security protect Russia, not to save the world.*) Wes: "You mean they are going to make a bad example of you to educate people?" Was Wes pretending to not understand me? I explained: "Because of what the Monkey did, we can only reform human civilization if I commit xxxxxx. If he did something else, then perhaps only if Wes farts constantly. There is really no connection between the two sides, this is why this is so ridiculous. The contingent relationship is entirely created by him." Wes: "Maybe in the future they will make a holiday in your name…" Wes said he was, however, willing to sacrifice himself for the good of the world without getting any recognition. Me: "People go to war because it's regarded as something good, something honorable. But committing xxxxxx and looking crazy are not so well regarded. I have no interest in saving humanity. Most people are just trash. Why save them?" (*And so my wrong understanding of the reason for my mind-control torture was*

again evidence, for Homeland Security as well as the Russians, of my insanity.) Then: "Dr G repays my kindness with malice." (5) Then about Ekaterina. "There is no reality in what I said about her marriage the last time: I was just remotely controlled to produce evidences" (1:00:00). (*Wow! I had at last got it right!*) (6) "All the Russians I have met here are also trash." (7) "Suffering in order to make Russia stronger is the only way I can make some meaning out of all this pain." (*I was sort of correct: I was suffering to protect Russia.*) And, if suffering is meaningful, then it's more bearable. "But suffering for Russia's sake is meaningful only because Russia has been victimized by the United States. The Russians' brains are only as big as the Americans', so what do you expect? Just because Russia is a victim, it doesn't make it better than America. These Russians like America and don't like their own country because they don't see how disgusting Americans really are. You have to be very intelligent to see through Americans' hypocrisy." (*Here is Homeland Security's evidence that I was indeed an anti-xxxxxxxx terrorist.*) (8) Then my fantasy about Ekaterina: making her miserable and embarrassing her. (*Again, the Russians' evidence.*) (9) Medical and dental services were no longer available to me, and this was presumably the control center's preparation for me to commit xxxxxx for life: I would commit xxxxxx simply because there was nothing better left to do. (*Again, evidence of my insanity.*)

(*And so, as Homeland Security CO chief and the Russian diplomatic mission continued to find ways to get any authority to validate the Homeland Security warning about me, they let me talk to Wes tonight (instructed him to wait by the phone around 6:30 PM). As you can see, by the end of the conversation they had obtained ample evidence that I was delusional, that I was an anti-xxxxxxxx terrorist motivated by strange delusions, and that I was delusional about, and hated, Russia's First Daughter. Then, it's probably to reinforce the evidence obtained earlier that, late night, Homeland Security sent in an agent to provoke me hoping to obtain evidence that I was violent as well as delusional.*)

My plagiarism. Let's summarize. Since morning, the Secret Society women continued to
brainstorm with volunteers as to how to prove to any authority that the Homeland Security
warning about me was correct. Here are the essentials:

(01) 7:03 AM, an Ecuador volunteer examined **my naked picture of Angelica**.
(02) 8:20 AM, **Shizuka** rejoined the discussion with a Hong Kong volunteer.
(03) 9:43 AM, **Robin** rejoined the discussion with a New Jersey volunteer.
(04) 10:27 AM, **Shizuka** checked in again with a Mississippi volunteer.
(05) 11:14 AM, a Tustin, California, volunteer examined how my delusions about being mind-
controlled had made me a danger to others.
(06) Much brainstorming about how to prove that I did plagiarize.
(07) 6 PM, a Mexican volunteer examined **my naked picture of Angelica.**
(08) 6:27 PM, the Tustin volunteer came to examine further my delusions about being mind-
controlled.
(09) 6:34 PM, SDW called upon a Tampa, Florida, volunteer. (1)

(10) 6:50 PM, my conversation with Wes.
(11) 7:19 PM, an Opera Mini volunteer examined my delusions about Khalezov (?).
(12) 7:30 PM, **Shizuka** checked in with a Tokyo volunteer.
(13) 8 – 9 PM, a San Gabriel, California, volunteer examined how to report my Yijing study as plagiarized.
(14) 9:58 PM, **Jennifer xxx** rejoined the discussion with a Texas volunteer.
(15) 10:04 PM, **Robin** rejoined the discussion with a Delhi volunteer.
(16) 10:49 PM, SDW called upon her Tampa friend (LGL35G/V100). (2)
(17) 11:35 PM, a Tokyo volunteer examined my delusions about Boss Cheney. (Did the Boss' family weigh in again?)
(18) 12:26 AM, a Moscow volunteer examined my delusion about being chipped in the brain.
(19) 1:46 AM, a UK volunteer examined my front page.
(20) 2:01 AM, a Slovenia volunteer was sent the link to Best Mommy's picture.
(21) 2:13 AM, he now examined my delusions about being chipped in the brain.
(22) 3:38 AM, the Vinatier volunteer from 28 March came again to brainstorm how to report "humandispersal.html" as plagiarized.
(23) 4:53 AM, a Kansas volunteer examined my delusion about synthetic telepathy.

23 June (Monday; Rod)

First, a note about myself. Slept between 6 AM and 1 PM. After waking up, ran to TNT quickly to meet with Rod. *Highlights of today's conversation:* 45:00, in TNT, and Rod was already there. 46:30, with Rod. (1) He was reading *The Book of Enoch*.[8] (2) Me: I continued to commit xxxxxx, but there was now less pain. The control center wanted me to commit xxxxxx while studying and writing. (3) The control center wanted me to attack people I didn't want to attack, such as Koreans. (4) Rod asked me what the pain was like. (*He was presumably gathering testimonies for the TMU.*) The pain came from restraining oneself. (5) My anger with Dr G – he liked it when I couldn't study. (6) The control center controlled only me but, by controlling me, it knew how to create a chain reaction among others not under control in order to result in the desired state of affairs. (What happened with my search for an oral surgeon in the past few days: to make sure I wouldn't get services even though none of the doctors were being controlled.) (*Again, what I had described here was precisely how the CIA would use the control center to bring about the desired state of affairs in the next 8 years: presumably the Invisible Hand had simply declared my "delusions" here as part of the conspiracy against him and so obtained an ICJ judgment permitting him to make them come true.*) That's how a bunch of scientists had gathered together to make a super computer that can make a smart person into a retarded person. It's a lot easier to suppress intelligence than to make a stupid person into a genius. How the control center couldn't make a heterosexual into a homosexual. But sometimes it did make me understand something when it wanted me to understand something. (When the potential was there for me to

---

8 We have to assume that Rod was not reading this for amusement purposes unrelated to my fate. The CIA was probably planning on something of which hints might be found in the Book of Enoch. Even the sort of confusion, prevalent in ancient texts of this sort, about authorship and whether a certain manuscript in language A is a copy of another manuscript in language B might be the sort of fate to which my Secret History might eventually be subjected, due to the CIA's deliberate attempt to allow Homeland Security to steal and destroy my work because of the secret nature of the story I'm telling you here. I have tried to read through the introductions to the Book of Enoch in the 1917 edition of R. H. Charles' as saved on Sacred Texts (sacred-texts.com/bib/boe/index.htm) and in the 1978 edition of Michael A. Knibb's.

understand it.) Rod claimed he would interpret the whole thing very differently, suggesting that I was "delusional". Shocked, I started suffering physical pain. I didn't believe he didn't actually believe me. And he asked: so you believe Wes believes you? Now he wanted to know how I knew Wes. (*What?*) My protest: "Chips in brain" had been common knowledge in the public domain for more than 10 years, and yet people thought it crazy – and yet they didn't think astrology is crazy. Certain things just sound crazy even though true, because of *Seinsverständnis*, to use Heidegger's terminology. Rod retorted: but the reason is that your explanation doesn't make you feel better. (*Hopefully you understand what the problem was here: as noted, Homeland Security CO chief had obtained an ICJ judgment long ago forbidding anyone to disclose that I was under remote control so that, since Rod was a CIA operative and working as a law enforcement informant, he was required by this ICJ judgment to deny that I was under mind-control – as if he really did believe I was delusional. Then, behind my back – after telling me I was delusional – the CIA would instruct the TMU to bring my testimonies to the certain authority to convince him that, since my description of my mind-control experience was totally coherent and logical, I was NOT really delusional at all (even if nobody can admit that I was actually telling the truth).*)

I continued: The case of religious fanaticism has shown that even the mere intensity of belief can qualify one for "delusional". (One would not be called "delusional" for believing in God, but one would be if one is too fanatical.) Again, whether a belief is indicative of a "delusional" mind has nothing to do with whether it is true or false, it has to do with whether something is ugly or pretty. "We are programmed to discuss this in order for the ICJ to gather evidence about the nature of American society." (*Ha! Just when the Invisible Hand was about to use my excellent analysis as evidence to convince the certain authority that I wasn't really delusional, I suddenly said something that seemed to suggest that I was.*) (7) Do I do better nowadays? But my problem is that I have no friends and so I have to be with people who want to hurt me. (*Right!*) (8) 1:32:30, Rod asked me if I was still interested in apocalypse. (*What? Did he want to discuss the Book of Enoch with me?*) (9) Favorite movies. "AI" and "Empire of the Sun". Nowadays the sole source of miseries is other people, no longer nature. My misery is also due to the decisions of a tiny group of people. The case of Hitler. Everyone's misery can always be traced back to the small group of people wanting to find meaning in their life. The totally correct analysis of Boss Cheney as the "great artist". Rod: the pleasure in sucking millions of people into your pursuit of the meaning of life. My pursuit of the meaning of life only means writing a book and getting people to read it, it did not entail persuading you to kill someone. I have to work hard to fulfill other people's meaning of life. (*Right!*) (10) Then I showed Rod the AKB48 commercial. "My problem is that I'm not able to see the things I describe. I'm a blind man, and have thus a distorted sense of reality." (*I was right on target here!*) The example of the reconstruction of the Indus Valley civilization. 2:10:00, Rod had to go. I continued on about Steven Spielberg's cinematography techniques. 2:16:30, I bade Rod goodbye.

Thus my three major topics today – (1) what people really mean in America when they say: "insanity"; (2) why politicians do what they do and the consequences of their "search for the meaning in life"; and (3) the reason for my fascination with cinematography – were all the Invisible Hand's evidence that I was a very deep thinker and no simple schizophrenic. The certain authority would certainly agree and reject the appeals of Homeland Security and the Russian diplomatic mission.

Then, Carl's Junior. Then, called Western Dental (Soto), 3:55 PM. It turned out that the oral surgeon is here only once a month. Thus, it's impossible to get the tooth extracted. Back to TNT. Called Dr B's office, and asked for Dr GM's number. Obtained it. Then called Dr GM, and discovered that I'd need to give him the UCLA Dental School's phone number. But when I looked for it, I discovered that I actually had, among my things, Dr GM's phone number. But I no longer had the UCLA Dental School's doctor's phone number. Pain sensation (2). Looked for the dental school's phone number online. Called Dr GM again, and left a message asking him to call the dental school to authorize the extraction of my tooth. Then I wanted to contact Dr Jingco, but couldn't find online Western Dental Beverly office's phone number. Frustration, pain sensation (2), and the thought that I was not allowed to use dental services had caused it. Required to commit xxxxxx. Now it was 5:15 PM. 1 hour and 15 minutes wasted on suffering pain to convince me of the necessity to commit xxxxxx tonight. Then, had started finding Korean girls very sexy again.

Home, 7 PM. Worry (paranoia over nothing): It is a very real possibility that Kxxxxxxx *really is* plagiarizing my analysis of my own feelings and emotional states and repeating it to law enforcement officials and her friends to impress them as to how well she can grasp my psychology. She could be listening to my conversations with Wes and Rod through police surveillance on me with her status as my "stalking victim" while forbidding law enforcement to access my website and their surveillance on me with the "victim confidentiality" requirement, which would also enable her to request that law enforcement should require Google to shut my website off from ordinary visitors. In this way nobody will ever find out that she is in fact plagiarizing me. I don't know if this is just my paranoid fear; or if I am simply required by my "conspirators" to fear this scenario in order to confirm Kxxxxxxx's claim that I harbor bizarre delusions about her (attributing to her God-like power over me). But given her desire to be known as a great psychologist, she would do precisely this if she *can* – if the government allows her to do it. And so I have decided to upload my latest diary entries again – even though nobody outside Kxxxxxxx's circle will ever get to see it anyway. *(Again, while all this was really paranoia over nothing, you never know if something like this would happen later on.)*

While this was probably just another false report about my plagiarism, SDW and her buddies must have invented new explanations as to how I had plagiarized. For it was always a special occasion when SDW got her buddies in Tampa, Florida, to make false reports to law enforcement.

This an architectural firm. On its website it's said:

> Founded in 1993, Tinkelman Architecture PLLC is a full-service architecture and planning firm located in Poughkeepsie, New York with a broad resume of successful commercial, institutional and residential projects. Looking beyond the traditional definition of architects as designers of buildings, Tinkelman Architecture is committed to the process of design and to the design of the process.

How I had plagiarized my theory on linear perspective. It seems that, in order to convince the certain authority, the Secret Society women had found this man who was an architect and who therefore could be more credible if he said: "This guy has plagiarized his theory on linear perspective. I can vouch for it, for I understand linear perspective. I am an architect." The Secret Society women had apparently sent the instruction to his work email address, and he did a search for my webpage directly from there.

4.0.4;FBOP/ 1;FBCA/armeabi-v7a:armeabi;]"

This act is very important, for it tells us who exactly this Tampa friend "SCH-S738C" was. It
was apparently a certain "Vija":

When we tracked down this "Vija" later on in 2016, she seemed to be located in McMinnville, Oregon. This would mean that all these "Tampa" friends of SDW's might just be misnomers: because they used Hosted Data Solutions, their IP addresses invariably get traced to Tampa, Florida, but they themselves could actually be located in other places in the US.

12:42 PM, this:

69.171.234.118 - - [23/Jun/2014:13:42:25 -0600] "GET /scientificenlightenment1/nostratic2.jpg HTTP/1.1" 206 42689 "-" "facebookexternalhit/1.1 (+http://www.facebook.com/externalhit_uatext.php)"

This means that, within 4 minutes after "Vija" had posted the link, somebody had already come upon her Facebook and seen the link: when the Facebook page on which the image is linked is being accessed, Facebook would try to call up the image from the server for my website, resulting in this log entry.

12:44 PM, more people had come upon Vija's Facebook:

9 In the original version, we have this commentary at this point: "We may stop for a moment and use this occasion to illustrate the modus pperandi of the Secret Society. The image in question is this… In my commentary on Plato's notion of the divided line I needed to embed a diagram illustrating what the divided line looks like. Plenty of commentators have of course already drawn such diagrams, and I took one from John Sallis. In my commentary, of course, I had clearly indicated the reference (from p. 414 of Sallis' commentary) so that there was no question of my plagiarism at all. Since I felt that Sallis' diagram was incomplete, I added in, by hand, more terminologies. It was evidently Karin who had then thought that her gang, when searching for the diagram only on image searches in order to avoid seeing the reference indicated on my web page, could simply say: 'He has nothing original on his website. He took another person's picture and drew more on it, and then put it on his website and claimed this was his own artwork. He was thus pretending to be an artist, when in fact he had no talents and was only stealing from others.' This was thus the method which Karin had learned from the CIA in 2008: it sounds logical, but it's all faulty, the art of 'lying in substance but as if speaking the truth if you judge it only from the literal wording.' It's like saying: 'A pig and a horse is the same thing since, looked at from afar, they are both a black spot, and those things which look like each other must be the same thing.' We have noted such bizarre argument before." We were only partly correct here.

My violation of intellectual property rights. Let's summarize. Since early morning, as soon as the Russian diplomatic mission went to argue with the certain authority with the new evidence in hand, the Secret Society women began mobilizing volunteers to report to him that I did plagiarize. All morning, nothing about false reports about my plagiarism. Note especially:

(1) 7:55 AM, **Robin** rejoined the reporting with a Abu Dhabi volunteer.
(2) 11:08 AM, SDW's Tampa friend (SCH-S738C) falsely reported on my plagiarism in humandispersal.html.

By this time, however, the certain authority must have already rejected the Homeland Security warning in question. Not only were the Secret Society women back to brainstorming, but

Homeland Security CO chief also had to find some temporary evidence to lock up the previous ICJ trial for the time being.

(3) 12:37 PM, SDW's Tampa friend (SCH-S738C) linked up my chapter on her Facebook, revealing herself to be "Vija". Homeland Security CO chief's first temporary evidence (insofar as faulty surveillance had confused "Vija" with me).
(4) 1:28 PM, the Crockett volunteer.
(5) 3:24 PM, the Crockett volunteer again.
(6) 6:51 PM, an Oakland volunteer came upon my blog post for the June diary but never clicked on anything.
(7) 7:17 PM, I posted "Diary of Targeting, 1 – 23 June 2014" – Homeland Security CO chief's second temporary evidence.
(8) 9:47 PM, a Verizon volunteer examined my delusions about Snowden.
(9) 1:06 AM, a CERN physicist was asked to brainstorm how to prove to any authority that I did plagiarize.

24 June (Tuesday)

First, a note about myself. Slept between 5 and 11:30 AM. Slightly sleep-deprived. 12:30 PM, the Google Chrome on my Samsung malfunctions. Mood dampened. Required to commit xxxxxx. 1:30 PM, TNT, and FTP connection through Windows Explorer was not allowed. Required to commit xxxxxx.
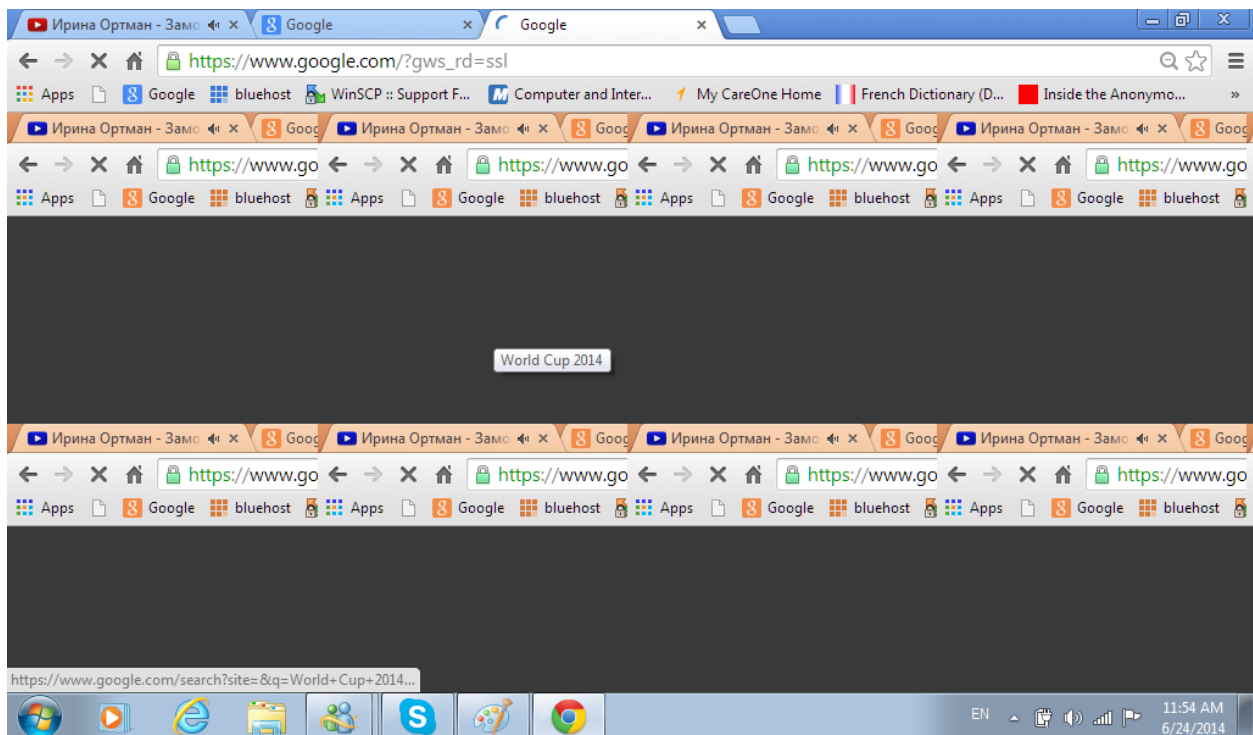

Google Chrome's malfunctioning on Samsung, past 12 PM.

3:30 PM, to Western Dental (BVL). Left a message with Dr GM. Dr Jingco refused to provide any other referral than USC. Called USC. No response. Left Western Dental, angered, some physical pain, and took two Tylenol 3. Required to commit xxxxx. Back to TNT. An ugly white guy with tattoos came in to sit in front of me. (*Was he Homeland Security?*) Physical pain. Changed seats. Tried to sit in front of pretty Korea girls – and one continued to be excited by pretty Korean girls. Wrote. 6:30 PM, going to church. The Forum. Relaxing time. Sad, because this could be my home if I didn't have any brain chip story (which contradicts everyone's religious beliefs). 10 PM, went to collect damages in INDNA. (As always, by night fall, no more pain, so that one would have to collect damages under a peaceful mind, with the sole purpose of compensating the pain from the afternoon.) **10 N, 1 SPC, 1 W** (the same restaurant). Done by 12:30 AM. Union Station, walked to 7th Street. **3 B** at LWLB. Couldn't do the front door because a mysterious white guy is sitting there stealing wireless connection. (*Homeland Security?*) **1 more B, 1 ATM**. At the Korean restaurant. Ate. Google Books can't be preserved because my laptop freezes up. Not upset. Home: burned DVD-391 and 392. Couldn't find my tooth brush. Severe, explosive physical pain, required to commit xxxxx. Thought it was because the control center wanted me to attack MLLR (JW). Sadly, one has to do what the control center says. **1 B (SCHL) and 1 W (M).** It also seems that the control center is requiring me to do 2 Ws per day. Another 30 minutes wasted. Home, 3:45 AM. (*It would seem that it's because the Russian diplomatic mission had definitively failed with the certain authority that Homeland Security CO chief had sent in two agents to me today and then instructed the Monkey to control me to collect more damages than usual.*)

One had also written down this in the diary today: Before church, and throughout the night, have further developed the scenario with EKT: just before her election, he leaks her sex videos to embarrass her. Then he gives a speech about how he has to be bad and hate her, and how she has to suffer his hate and pranks, all in order to secure Russia's future under [an] ICJ judgment – because France has to commit this perfect crime against Russia in order for Russia to receive compensation. He has to marry EKT and EKT has to be elected the first female president of Russia, and then both have to become France's puppets (so the crime goes). In the speech, which is broadcast to the whole world and causes many to cry, he also moans over the disintegration of goodness in the world, the consequence of the American way infecting the whole world, so that the only way for anyone to make it in the world, for anything worthwhile to be done, is by suffering victimization – as if talents and skills no longer matter, but only the fool-proof ability to suffer harm. The old way of [a] genius doing positive good has been completely displaced by, replaced with, this new way of [a] talentless virgin suffering harm at the hands of some disgusting monster. This John Nash criminal prankster's enlightening speech about goodness goes on and on, and causes many tears, and, the next day, all Russians vote for EKT because they realize the need to commit crimes against their own country in order for their country to make it in the world again. The world over is watching. In the end, he hugs his Nanny and says: "люблю" – he is sad and crying because, although he is a good person and a genius, he has had to be bad-to-the-bone and look delusional all his life in order to close this ICJ trial and save Russia and the world. He finds his love in his Nanny (a much older woman than EKT, who looks more like the Polish woman who plays the German mother who hugs Soloman in "Europa Europa") rather than in EKT, and the story ends in his tragic divorce with EKT after she is elected president and his expressing supreme hatred toward [BOL] as the "[abusive] mother". ("I want to tear her apart as the old lady who has authorized my torture for more than 8 years".)

Before the toothbrush targeting, was thinking that, of course, none of this will come to pass. The French will simply use this fantasy to complete the perfect crime episode of 2010 (since one didn't actually meet EKT in 2010, the crime wasn't completed; this fantasy was simply appended to the 2010 records as if it had really happened). But then thought that, if a movie shall ever be made out of "[The] Secret History of the ICJ", this fantasy can be appended to the actual story as its ending, the only fictional part of the story.

After writing this down, accidentally kicked over my water bottle on the floor. Physical pain. Required to commit xxxxxx tomorrow. And the Internet persistently malfunctioned. Physical pain. Before going to bed, accidentally kicked over the ash tray on the floor. Cigarette butts all over the floor. Anger over being programmed to suffer bodily dis-coordination, as if suffering from Alzheimer's disease. Physical pain. But it's already past 5 AM, cannot immediately collect damages to kill pain. Went to bed suffering physical pain over the inability to kill pain, and over the injustice of suffering "targeting" the whole night, as if it were because I had come up with more good ideas to help humanity.

(*As you can see, it's just Homeland Security CO chief and the Monkey wanting me to come up with more bullshit about Ekaterina so that the Russian diplomatic mission can have another chance with the certain authority. (And hopefully nothing similar would become true later on.) However, since I didn't post it anywhere – what's the point?*)

10 In the original version, we have this wrong interpretation at this point: "This visit is worrisome. Given the Secret Society's desperation, they certainly would have attempted once again to contact Jennifer xxx and recruit her to their complaint team. They must have done it before but received no reply. You should expect Jennifer to do only what her boss (the Agency, like the "Invisible Hand") had authorized her to do. In which case, even if she didn't like to see her pictures on my website, she might not do anything about it, since both the Secret Society and I were busy producing evidences for this ICJ trial in which the Agency's interests were deeply involved. This fact must have quite surprised Karin, who was, first of all, still angered by the Agency's disowning her over her involvement in Kxxxxxxx's gang's operation to go after me and who was then perplexed by Best Mommy's and Jennifer xxx's non-response to my posting their pictures and video on the Internet. While the rest of the Secret Society certainly believed that I was slandering Best Mommy and Jennifer by identifying them as coming from the CIA, Karin probably believed me in her mind. She would then find it very strange that the Agency had made no attempt to discredit me in this regard (by sending the two women to join the Secret Society to complain about me and portray me as fond of harassing women and mistaking them for government operatives). Here, however, because this visit came from Los Angeles, we have to wonder if this was really Jennifer herself. Did the Agency finally authorize her to join the Secret Society's operation? Or was she just looking to see what the fuss was about after receiving another flux of requests and warnings from the Secret Society?" As you have seen, Jennifer xxx had in fact been part of Angelica's operation on me since January 2013 (before the Secret Society had been properly constituted).

> MidMichigan Health is a non-profit health system, headquartered in Midland, Michigan, affiliated with the University of Michigan Health System. MidMichigan Health is dedicated to providing quality, comprehensive health care throughout the middle of Michigan and beyond. It covers a 14-county region with medical centers in Midland, Alma, Clare and Gladwin, as well as urgent care centers, home care, nursing homes, physicians, medical offices and other specialty health services.

The Secret Society women must be thinking that, if they could find a doctor or a nurse to make a false report, it would make their claim more credible: "I am a medical doctor. I can assure you, officer, that he is just copying text from a biology textbook. The women are not lying to you. The Homeland Security warning is correct."

11 In the original version, our (probably wrong) interpretation runs thusly for this image: "Recall that this was an
image of two Anglo-Saxon warriors which some archaeologist had drawn from a utensil found at an archaeological
site. This is definitely a false report about my feigning artistic ability: 'On his website we see this drawing of two
ancient warriors. And yet the drawing is taken from Gale Owen's book. He doesn't draw himself, but puts other
people's drawings on his website and claims them to be his own.'"

Presumably this was a real visit. My delusions about Khalezov?

8:35 PM, SDW's relative in Erie, Pennsylvania, had come back to look at my blog:

It's now clear what had happened. The certain authority had rejected the Russian diplomatic
mission's pleas again so that SDW, as well as the rest of the Secret Society women, was back to
crying to everybody about the authority's sexism and incompetence. She thus called in her Erie
relative again to examine the matter: how to convince any authority that Homeland Security and
my women victims were right about me. In the meantime, the Woking volunteer came again:

My particular brand of misogynist ideology? Let's summarize. We have to assume that, this morning, the Russian diplomatic mission had gone to argue with the certain authority one more time, and that the Secret Society were thus mobilizing volunteers to submit testimonies during the whole morning.

(01) 5:50 AM, the Omaha, Nebraska, volunteer checked out the St. John's College volunteer's bad Reddit post from 23 April (reported on it as if I had posted it).
(02) 5:57 AM, SDW called upon a Cypress volunteer. (1)
(03) 9:08 AM, the same Bülach volunteer came to report on **my naked picture of Angelica.**
(04) 9:09 AM, a Quebec volunteer came to report on my harassment of Mrs Abi-Mershed. (The Russian diplomatic mission had presumably talked to her this morning.)
(05) 9:52 – 10:07 AM, a Bangkok volunteer worked on the translation of my front page (reported on it for almost 20 minutes!).
(06) 10:59 AM, an AIOIC volunteer reported on my violation of Mellhedek's intellectual property rights.
(07) 11:08 AM, a South Carolina volunteer reported on my love of bizarre conspiracy theories.
(08) 11:20 AM, a Welland, Ontario, volunteer reported on my Nicaragua (violent!) videos.
(09) 12:17 PM, SDW herself came to make a report (my delusion about her and blogging about it). (2)
(10) 12:43 PM, **Jennifer xxx** also pretended to make a report about my harassment of her.
(11) 1:04 PM, SDW called upon a Mclean volunteer to report on my victimization of her (3)
(12) 1:51 PM, a MidMichigan Health volunteer reported on my plagiarism.
(13) 2:25 PM, an Atlanta, Georgia, volunteer reported on **my naked picture of Angelica**.
(14) 2:41 PM, a CSU Sacramento volunteer reported on my harassment of Prof. Dylan-Haynes.
(15) 2:43 PM, a Tel Aviv volunteer reported on **my naked picture of Angelica**.

By this time, the certain authority had most likely already dismissed the Russian diplomatic mission's case – thanks to the sabotage wrought by informants such as Jennifer xxx.

(16) 4:05 PM, the Crockett volunteer again.
(17) 5:18 PM, an East Moline, Illinois, volunteer examined my delusion about synthetic telepathy.
(18) 5:36 PM, **Robin** rejoined the hype with a Lombard, Illinois, volunteer.
(19) 8:23 PM, a UK volunteer examined my delusions about Khalezov.
(20) 8:35 PM, SDW called in her Erie relative. (4)
(21) 8:43 PM, SDW's Erie relative discovered "Kxxxxxxx's Vengeance, I".
(22) 8:44 PM, she listened to the recording of my conversation with Rod from yesterday.
(23) 8:48 PM, she looked at "Kxxxxxxx's Vengeance, I" again.
(23) 10:53 PM, SDW called upon a Singapore volunteer. (5)
10:57 PM, a Hong Kong volunteer examined my delusions about my women victims' going after me (?).
(24) 1:56 AM, a London teacher examined my delusions about being chipped in the brain.
(25) 2:28 AM, SDW called upon a Mississauga volunteer. (6)
(26) 2:36 AM, a Thai volunteer examined my delusions about Snowden.
(27) 3:26 AM, SDW called upon the same T-Mobile Washington State volunteer again. (7)
(28) 3:32 AM, SDW and Ekaterina called upon Oliver for help.
(29) 4:42 AM, an Iranian volunteer examined my delusions about Khalezov or Boss Cheney.
(30) 4:57 AM, **Shizuka** rejoined the discussion with a Kawagoe volunteer.
(31) 6:03 AM, a French volunteer examined my particular brand of misogynist ideology.

25 June (Wednesday; H-1630)

First, a note about myself. Slept between 5:30 AM and 12 PM. Thought: the physical pain during anger is becoming more and more "natural", and looks more and more like it is NOT remotely induced by chips activating parts of my brain. Clearly, my "conspirators" have been "graduating" me. The tactic: first artificially induce physical pain and anger whenever what are normally tolerable unpleasant experiences happen. Then, over a period of time, my brain will have learned to associate together physical pain, anger, and the negligible unpleasant experiences and to produce, on its own, without remote inducing, physical pain/ anger whenever the negligible unpleasant experiences happen. At the same time, I will have learned to associate the idea of "needing to seek compensation through damage-collection" with anger/ pain. Thus, through operand conditioning, I will have learned to experience pain/ anger whenever minor unpleasant experiences happened – over nothing, that is – and collect damages in response to it, simply as a result of certain ideas in my head which I associate with pain/ anger. I will then have learned to collect damages everyday, out of my newly conditioned habit, without the control center remotely controlling me at all. I will have become a habitual criminal "naturally" – a "natural" criminal. That's how my conspirators are able to create a "natural" criminal out of someone who before has never committed any xxxxxx at all. Truly the great art of "inverse rehabilitation", or "criminalization" in the special sense: how to make a natural criminal out of an originally natural law-abiding citizen. (*In reality, all this was just much mumble-jumble to help make myself look delusional.*)

I continued: From now on I will not even know if I have been remotely controlled to experience anger/ pain and to collect damages whenever minor unpleasant experiences happen. I have been trained to develop the habit of collecting damages. I have been "programmed" to become a criminal in this sense. Right now what motivates me to collect damages every night is solely some idea in my mind: (1) there are some pain experienced during the day which stands in need of externalization during the night as damages on other people's properties – even without the compulsion to kill pain through damages during the night: to mark for pain suffered, just like in self-mutilation. (2) My need to always make sure that the future forms a continuity with the past so that my past is not wasted but has been progressing to the same goal all along. If I have been committing xxxxxx in the past, I need to continue to commit xxxxxx in the future in order to not let the past go wasted. My conspirators are depending on (1) the association between minor unpleasant experiences which are inevitable in daily life and pain/ anger, (2) my need for externalization for what is internal, and (3) my idea about past, present, and future – to make a permanent "natural" criminal out of me – "natural criminal" in the sense that he no longer needs to be remotely controlled through brain chips to commit xxxxxx perpetually. My conspirators also depend on: (4) my regret that, because the xxxxxx I have committed are minor, Axxxxxxx, Kxxxxxxx, and the Monkey have not yet, through victimizing me, caused enough damages to society. In my case, that is. And (5) my notion that, since somebody has intentionally caused me to learn to feel pain during moments when I normally would never feel pain, others must suffer my pain as well, for the sake of fairness: relative deprivation. Especially since others have no sympathy for the injustice I have suffered (my being singled out to suffer undeserved punishment). These must be the five ideas which the French and the Republicans have deployed to make me into a permanent criminal for the sake of this ICJ trial. (*Again, much bullshit. What was really going on was just that Homeland Security CO chief wanted me to commit xxxxxx in order to fit his assertions about me and that he couldn't give less damn about whether other people would have to suffer too.*)

Worried that since the French and the Republicans are only pretending to erase evidences, they don't in fact need me to commit xxxxxx and suffer delusions all my life. Which means also that they don't actually have to perpetually command the police to ignore my xxxxxx in order to explain why I have had no criminal history despite being a criminal all my life. This means that, as soon as the sting op on the Mexicans is over and done with, police no longer has to look the other way when I commit xxxxxx. They will be free to resume the normal course of investigation of crimes when the Mexicans are busted. But would they really arrest me? That would require them to break with their traditional habit of keeping silent to the suspect about their surveillance/ investigation of him. (*Just more bullshit to help make myself look delusional. Homeland Security CO chief* wanted *me to believe that it's all the French and the Republicans because he would always like it better when I didn't know it was he when he harmed me*.)

TNT by 2:20 PM. White Memorial. Dr GM. Around the neighborhood. 5:30 PM or so. V's car there, two more cars on the drive way, and someone was fixing another sports car in the garage. The Old Lady was walking out. 4 N along CC. Lost my favorite blue shirt. Angered, some pain, required to collect damages. TNT, sat in front of a pretty Korean girl. She soon left. A Hispanic male came to sit in front of me. Pain sensation, changed seat, and required to collect damages. Tried to sit in front of pretty Korean girls. Home, 8 PM. There was a notice from the landlord: inspection tomorrow. Terribly annoyed, for having to clean my room to avoid eviction. Also: just

yesterday, reviewed the recordings of the housing inspection from December 2008. Programmed coincidence (to replace evidences? That my entire life, even mundane things like housing, is programmed by my conspirators?). (*Did Homeland Security CO chief do this in order to lock me into this "delusional belief" that I was in the process of replacing evidence?*) Cleaned my room. 10 PM, WSTWD. Dumped trash, and wrote in Starbucks. Peaceful. Then: **3 B (2 at PSYCH). 1 W (WSTWDPLT), 2 SPC. 2 H.** Tired, no more, on bus 4 to go home, 2:20 AM.

(*Thus, in order to give his warnings about me one more chance, or to intercept some temporary evidence into the ICJ, Homeland Security CO chief required me to "stalk" Veronica again. Who would Veronica call this time?*)

7:20 PM, SDW called in her Erie relative again to look at my blog.

7:23 PM, I was revising my blog from home (76.168.143.44):

After spending 15 minutes reading my latest blog posts, she began listening to the recording of my conversation with Wes on 18 June. Note that I had talked about cutting myself on 6:00 in the recording. This would be something which the Erie relative would want to find. But it's not clear whether she had even gone that far, for, after only 3 minutes, she began listening to the second recording of the same conversation:

184.56.169.16 - - [25/Jun/2014:20:38:17 -0600] "GET /wes/6-18-14/IMPwesrevengeEKT_6_18_14_518-554PM.MP3 HTTP/1.1" 200 143080 "http://www.lawrencechin2011.com/blogs/" "Mozilla/5.0 (Windows NT 6.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/35.0.1916.153 Safari/537.36"

7:40 PM, 74.250.176.247, ard.bellsouth.net, Leicester, North Carolina:

Meanwhile, SDW's Erie relative continued:

Note that, until 5:00 in the recording, I was talking about committing xxxxxx. This would
definitely be something which the Erie relative had wanted to hear. Then, 7:41 PM, she moved
on to the next recording:

The Secret Society had called on another medical student, this time in Taiwan, to look at these images originating from a biology textbook in order to brainstorm how to make more credible false reports about my plagiarism to any American law enforcement authority. The women thought, again, that the words coming from a medical student about images from biology textbooks should be more credible.

Let's summarize. Without any more hope with the certain authority, the Secret Society women were back to brainstorming with their volunteers as to how to prove to any authority that they were totally right about me.

(01) 7 AM, a Galway, Ireland, volunteer examined my harassment of Kiersten by blogging about her.
(02) 7:47 – 8:02 AM, **a Chicago, Illinois, volunteer** examined my blog and "Karin's Meetups" for 20 minutes.
(03) 8:41 AM, a Pennsylvania volunteer examined my front page.
(04) 10:26 AM, a Hong Kong volunteer examined my violation of Prof. Ménard's intellectual property rights.
(05) 1:01 – 1:06 PM, **Robin** explained the problem to a Toronto volunteer who then thoroughly looked through my gallery.
(06) 1:31 PM, a Massachusetts General Hospital volunteer examined my delusions about my women victims' going after me.
(07) 1:35 PM, a Chelmsford, UK, volunteer examined my Nicaragua videos.
(08) 2:22 PM, an Izmir, Turkey, volunteer examined my screenshot of the HK Hacker's Peace Pink page.
(09) 3:13 PM, a Missouri volunteer also examined the same screenshot.
(10) 3:17 PM, the Crockett volunteer again.
(11) 3:40 PM, a Gainesville, Florida, volunteer was asked to thoroughly examine my art gallery and then my blog.
(12) 3:54 PM, **the 7:47 AM Chicago volunteer** examined my website again.

5:25 PM, I was near H-1630. Did Veronica call up the TMU again? Or the police? In any case, as expected, her cries went unheeded. The Secret Society women continued to mobilize volunteers to brainstorm.

(13) 6:39 PM, **Shizuka** rejoined the discussion with a Philippines volunteer.
(14) 7:20 PM, SDW called in her Erie relative to look at my blog. (1)
(15) 7:24 PM, SDW called in a Sacramento volunteer. (2)
(16) 7:35 PM, SDW's Erie relative listened to the recording of my conversation with Wes from the 18th.
(17) 7:38 PM, she listened to the second recording from that day.
(18) 7:41 PM, she listened to the recording from 22 June.
(19) 7:50 PM, a Los Angeles volunteer examined my chapter on Plato's Republic.
(20) 8:18 PM, SDW called upon a Toronto volunteer. (3)
(21) 8:28 PM, **Robin** rejoined the discussion with a Southern California volunteer.
(22) 9:06 PM, the 7:50 PM Los Angeles volunteer came to my front page.
(23) 9:40 PM, the Secret Society women called on **the LUG buddies** to examine the 2013/09/15 blog post.

(24) 11:14 PM, **Shizuka** rejoined the brainstorming with a Vancouver volunteer.
(25) 12:57 AM, a St. Petersburg, Russia, volunteer examined **my supposed naked picture of Angelica.**
(26) 1:45 AM, the Crockett volunteer again.
(26) 2:15 AM, a Carson, California, volunteer examined my delusion about being chipped in the brain.
(27) 4:11 AM, **Robin** rejoined the brainstorming together with a Tampa, Florida, volunteer.
(28) 4:21 AM, an Italian volunteer examined my delusion about Angelica's involvement in strange government conspiracies. (Y&Y-I)[12]

26 June (Thursday)

First, a note about myself. Slept between 5:30 AM and 12:30 PM. Woke up. Programmed to want to watch "Mishima: A life in four chapters". Found it on Youtube, watched it a little, and noted the first chapter: "You can trick girls into loving your deformity": it looks like more evidence that I did suffer from inferiority complex due to my inability to attain women (?). Then "Ferenelli", and the same evidence ("castrato") presumably. Of course I wouldn't know it when the evidentiary process has finished; I would still believe that evidences are being collected from me even when nothing is in fact happening. (*Just remotely controlled to come up with so much bullshit in order to make myself look delusional*.) Both videos cannot be downloaded. Anger sensation. Left the recorder at home. Then to TNT, 2:30 PM. Posted:

What I'm really afraid of is this. If Kxxxxxxx can, what she would do would be to have her Secret Society members report me to law enforcement to get me arrested, and, then, to use her new found knowledge about me to instruct all these people around me to help me, and get me "cured" of my "life in xxxxxx" and "inferiority complex" (both of which of course she herself has created, in a sense). Then she can get the satisfaction from [exercising her] "medicinal power" she has established over another human being. It is in pursuit of this power to dominate another human being (through medicine) that she has been obsessed with me since mid-2012. (*Sort of true.*) The most awful thing about all this is that the love of power has caused her to enjoy doing things the way the CIA does things, i.e. always use fronts and never show herself. I will be arrested, and secretly helped, by all these people I know or complete strangers, while nobody will ever tell me she is the one who is behind the whole game. (*Completely wrong scenario to help make myself look delusional. Would K and her buddies plan something like this in the future, though?*) This is precisely what she was trying to do in August 2013, through Angelica, Veronica, and Karin. (*Sort of true.*) If she could do it again, she would indeed do it. I have to post this possibility here, so that she might be dissuaded from doing so in case she is indeed allowed by the authority to do it.

12 In the original version and in the diary, this note for today: "World: le scandale en Pologne: Écoutes illégales, France 24: L'affaire a débuté le 16 juin, après la publications par le magazine « Wprost » d'extraits de conversations privées entre hauts responsables de la vie politique et économique du pays, enregistrées à leur insu dans de grands restaurants de Varsovie. Russian intelligence is suspected. The polish sentiment is against over-reliance on the US to the point of negligence of European relations."

What I'm also afraid of is this. My "conspirators" will now orchestrate my arrest, or allow the natural course of events to unfold to result in my arrest, so that, when all these people come to help me to get me cured of my "life in xxxxxx", I will suspect that it's Kxxxxxxx who is behind all this – when she actually isn't. Then my conspirators will have collected another piece of evidence demonstrating that Kxxxxxxx was correct about me after all, that I indeed have the tendency to attribute God-like power to my so-called "stalking victims". (*Again, although I had wrongly speculated, I was at least right about one thing, that my so-called "stalking victims" wanted to be right about me*.)[13]

Whatever happens, what will really help me is of course to simply deactivate the chips in my brain, give me back my freewill, and then validate my claims that I have been deprived of my freewill in the past three years and more and have been programmed to look like a disgusting, bad, crazy person. (*Right!*)

McDonald's, 4 PM. Watched the BBC documentary on Mohammed while eating. Noticed some parallel between Mohammed (learning about the world while on caravan trail) and myself (learning about the world while in Los Angeles and online). Knowledge about the world for the role of prophecy. Home, and the inspection had not come. Picked up the recorder and set up Samsung for recording. Many pretty WFs (Australian and Americans) while on my way to Stammtisch. Bus 92, a guy talking loudly in a foreign language caused me some physical pain. (Reading C. Nye on paper without music in earphones.) Moved to the front of the bus. Another man got on the bus immediately to talk extremely loudly, as if programmed to target me leaving me with no place to hide. Had to take out my laptop to blow music in my ear. Severe anger/ physical pain, and required to collect damages. The pain reinforced by the thought that, whenever I have insights into world affairs or entertain wisdom thoughts, I must suffer severe physical pain, lose concentration, and commit xxxxxx, in order to discredit myself, and cause myself to hate myself (a "criminal scholar", even more disgusting than John Nash). Or whenever I'm expecting to see a pretty woman (in this case, Kathy), I'm required to suffer physical pain in order to get into a mood contrary to "woman-liking" and cause myself to hate myself ("petty criminal", the most disgusting to womankind). (*Both Homeland Security CO chief and the Monkey indeed wanted me to be like this. In any case, they were sending people in to target me in order to provoke me to do something so that they might have another chance to validate the Homeland Security warning with another law enforcement authority*.)

At Stammtisch, Kathy never showed up, and felt attached to one of the lesbian couple. "Petra". (The curly hair guy from Stories, John, was also there with two pretty AWFs.) Left almost 10 PM**. 1 SPC** at the AWF house. The guy discovered it, and came out shouting at me, and the pretty AWF drove out to chase after me. Already changed clothes and threw away the spray can. She couldn't be sure it was me. Got away. I wondered if they had been recruited to do "acting", since the guy could have got me if he just ran after me, instead of letting me walk on for a minute or so and hide somewhere and change cloth. But later concluded they weren't acting. (Indeed they weren't.) Believed it was the French needing to replace the 1 April episode of my getting away in order to create, within the conspiracy, the use of an episode where conspiracy was already established to replace an episode where it was not established. (Needed to develop such

---

13 "Stalk" my ass – bullshit.

delusional thought in order for the replacement to happen.) (*Complete bullshit.*) In any case, evidence that I'm a smart criminal. (*Not. This episode was in fact "natural".*) **7 N, 1 W (OTPST).** When one car was hit and went to park, was worried that it might be the lesbian couple, went to check, and thus missed the bus. Not too upset. Had to walk to Sunset to take bus 4. Missed the bus by one second. Not too upset yet. Then got on bus 2 with two pretty WFs (not too friendly). Programmed to miss the bus stop at SNST/VRMNT. Had to walk 10 minutes back to the station. Angered over such unnecessary waste of time in order to produce evidence that I'm mentally retarded. Angered that people are required to waste each other's time and energy and money in order to produce evidences that are irrelevant to saving the world, in order to save the world. (*All the wrong scenarios.*) Required to collect more damages. Then, on Metro, and another black girl bumped into my laptop. Severe physical pain over the injustice (undeserved aggression) I had suffered – even though I was fully aware that she didn't do it intentionally. Required to collect more damages, while shifting the justification for xxxxxx by accepting the fact that my motivation is entirely to kill pain, and not getting even. And also to punish people for being unsympathetic. (*In reality, it's because Homeland Security CO chief couldn't get his warning about me validated and thus needed temporary evidences in the ICJ that he ordered that I be severely targeted today.*)

My violation of intellectual property rights.

10:08 AM, it's SDW's Erie relative again,

SDW was still crying to her relative, who thus responded by coming again to look for incriminating evidences that might prove that Homeland Security was right about me. After spending 8 minutes on the blog, on 10:16 AM, she listened to the recording of my 18 June conversation with Wes again.

She had already heard it on 7:35 PM last night, but didn't get very far then. Today she spent also merely three minutes. Then, 10:19 AM, my blogs again:

6:34 PM, she came to the latest series of blog posts, 2014/06,

75.69.20.253 - - [26/Jun/2014:19:34:15 -0600] "GET /blogs/2014/06/ HTTP/1.1" 200 41699 "http://www.lawrencechin2011.com/blogs/2013/09/" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:30.0) Gecko/20100101 Firefox/30.0"

17 seconds later, Kiersten asked her to do a search of Kiersten's name:

75.69.20.253 - - [26/Jun/2014:19:34:32 -0600] "GET /blogs/?s=Kiersten&submit=Search HTTP/1.1" 200 7317 "http://www.lawrencechin2011.com/blogs/2014/06/" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:30.0) Gecko/20100101 Firefox/30.0"

Almost a minute later, she came onto one of the search results, an old post from August 2012:

75.69.20.253 - - [26/Jun/2014:19:35:29 -0600] "GET /blogs/2012/08/22/oh-my-god-its-kiersten/ HTTP/1.1" 200 3924 http://www.lawrencechin2011.com/blogs/?s=Kiersten&submit=Search "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:30.0) Gecko/20100101 Firefox/30.0"

So this volunteer was talking to Kxxxxxxx at the moment: "He blogs all this shit about me and yet the police refuse to accept the Homeland Security warning about him!" Kxxxxxxx was in fact mentioned only a few times on my blog, all only incidentally, and here it is one of them. But of course Kxxxxxxx must make a big deal out of it – "He's obsessing over me!" – in order to pretend to hold attraction for mankind.

11 seconds later, it's SDW's Erie relative,

184.56.169.16 - - [26/Jun/2014:19:35:40 -0600] "GET /blogs/ HTTP/1.1" 200 44481
"http://www.google.com/url?
sa=t&rct=j&q=&esrc=s&frm=1&source=web&cd=1&ved=0CB0QFjAA&url=http%3A%2F

UXemAiQ&bvm=bv.69837884,d.aWw" "Mozilla/5.0 (compatible; MSIE 9.0; Windows NT 6.0;
Trident/5.0)"

Thus, SDW and Kiersten were having a three-way conference with the Brunswick volunteer and
the Erie relative. The latter was just here 8 hours ago. At the same time, the Brunswick volunteer
continued:

75.69.20.253 - - [26/Jun/2014:19:36:16 -0600] "GET /blogs/page/2/?s=Kiersten&submit=Search
HTTP/1.1" 200 7578 http://www.lawrencechin2011.com/blogs/?s=Kiersten&submit=Search
"Mozilla/5.0 (Windows NT 6.1; WOW64; rv:30.0) Gecko/20100101 Firefox/30.0"

And this time she came to my latest blog post:

75.69.20.253 - - [26/Jun/2014:19:36:31 -0600] "GET /blogs/2014/06/24/my-perps-and-why-
they-are-targeting-mecurrently/ HTTP/1.1" 200 3523
"http://www.lawrencechin2011.com/blogs/page/2/?s=Kiersten&submit=Search" "Mozilla/5.0
(Windows NT 6.1; WOW64; rv:30.0) Gecko/20100101 Firefox/30.0"

13 seconds later, she clicked on my latest chapter that was linked up on the blog post:

75.69.20.253 - - [26/Jun/2014:19:36:44 -0600] "GET /timeline9/timeline9d.pdf HTTP/1.1" 200
611625 "http://www.lawrencechin2011.com/blogs/2014/06/24/my-perps-andwhy-they-are-
targeting-me-currently/" "Mozilla/5.0 (Windows NT 6.1; WOW64; rv:30.0) Gecko/20100101
Firefox/30.0"

And so you see that Kiersten continued to direct the Brunswick volunteer to search for her name,
finding my latest suggestion for Kiersten and then the most recently finished "Kxxxxxxx's
Vengeance, II". At the same time, SDW's Erie relative must have looked up something too:

184.56.169.16 - - [26/Jun/2014:19:36:54 -0600] "GET /favicon.ico HTTP/1.1" 200 446 "-"

6:42 PM, the Brunswick volunteer looked up "My experience with implantable microchips":

It would seem that the Secret Society women (principally SDW and Kiersten) had been
discussing the September 2013 postings with the Brunswick volunteer since 5:50 PM. After
almost four hours, the Secret Society women had decided to post one of those postings which the
Brunswick volunteer had been called in to study on the Secret Facebook Group, asking
everybody to brainstorm as to how to make false reports about it as a way to confirm the
Homeland Security warning. Then, merely 47 seconds later, somebody seems to have already
clicked on the link: Secure Servers LLC, Tempe, Arizona.

66.85.148.53 - - [26/Jun/2014:22:42:45 -0600] "GET /blogs/2013/09/20/three-womenin-los-

Gecko/20100101 Firefox/30.0"

And Facebook continued to call up the link from my website as the Tempe volunteer scrolled
down on the Secret Facebook Group:

66.220.152.118 - - [26/Jun/2014:22:42:45 -0600] "GET /blogs/2013/09/20/three-women-in-los-

"Mozilla/5.0 (Macintosh; Intel Mac OS X 10.7; rv:30.0) Gecko/20100101 Firefox/30.0"

….

Then, the Secret Society women decided to post the entire September 2013 series on the Secret Facebook Group asking everybody to brainstorm:

69.171.234.118 - - [26/Jun/2014:22:42:59 -0600] "GET /blogs/2013/09/ HTTP/1.1" 206 22692 "-" "facebookexternalhit/1.1 (+http://www.facebook.com/externalhit_uatext.php)"

…..

As shall be seen later (January, 2015), the women could be doing this under the instruction of the Russian diplomatic mission (to put up all the evidence in support of the Homeland Security warning).

My plagiarism. Let's summarize. Today was just another day that the Secret Society women had spent brainstorming with volunteers as to how to prove to any authority that the Homeland Security warning about me was correct.

(01) 9:24 AM, a Thai volunteer examined my particular brand of misogynist ideology (Elementary Structures).
(02) 10:08 AM, SDW called upon her Erie relative again.
(03) 10:16 AM, she listened again to the recording of my 18 June conversation with Wes.
(04) 11:06 AM, a Swiss volunteer examined **my supposed naked picture of Angelica**.
(05) 12:15 PM, the Crockett volunteer.
(06) 2:24 PM, a Denton, Texas, volunteer examined my delusion about synthetic telepathy.
(07) 2:40 PM, a Quito, Ecuador, volunteer examined **my supposed naked picture of Angelica.**
(08) 4:37 PM, SDW called upon a West Hollywood volunteer. (GSLTR?)
(09) 4:42 PM, a Covington, Louisiana, volunteer examined Best Mommy's picture.
(10) 5:10 PM, a Miami volunteer examined my particular brand of misogynist ideology. (The Liberation of Women.)
(11) 5:54 – 6:34 PM, a Brunswick, Maine, volunteer examined my blog posts to gauge my delusion about my women victims' going after me.
(12) 6:34 PM, she searched for Kiersten's name on my blog.
(13) 6:35 PM, SDW's Erie relative also resumed examining my blog.
(14) 6:36 PM, the Brunswick volunteer found "Kxxxxxxx's Vengeance, II".
(15) 6:42 PM, the Brunswick volunteer looked up "My experience with implantable microchips".

(16) 7:26 PM, SDW's Erie relative continued to examine my blog.
(17) 9:35 PM, **Shizuka** rejoined the brainstorming with a Tokyo volunteer.
(18) 9:41 PM, the Brunswick volunteer posted the 2013/09/20 blog post on the Secret Facebook Group and a Tempe, Arizona, volunteer clicked on the link.
(19) 9:42 PM, the Brunswick volunteer posted the entire September 2013 series on the Secret Facebook Group – under the instruction from the Russian diplomatic mission?

As you can see: (1) SDW didn't go to work today but had been staying home and talking to volunteers about me for the whole day, excepting the six hours from 10:30 AM to 4:30 PM. (2) The Russian diplomatic mission must be truly desperate if they had had to suggest to the women gang that they post the defining evidence on a particular Facebook group created to discuss the crazy stalker of Russia's First Daughter.

Something you will notice tomorrow is that, around this time, Veronica had somehow ended up in New York. In fact, as you shall see later, she seemed to be going to New York quite frequently. The fact that the Russian diplomatic mission had failed with the certain authority was deeply troubling her, and she was now looking for a reputable scientist to testify that my utterances on my mind-control experiences were purely delusional and not scientific.

27 June (Friday; break from torture)

First, a note about myself. Woke up 11:40 AM. Checked the uploaded recording, and noticed that the recording of the conversation with Wes from 22/06 was incompletely uploaded. Some anger, some pain. TNT, 12:20 PM. Re-uploaded the recording. Anger that Wes always tried to garble up our conversation to make me sound retarded and bad and to cause me physical pain. To UCLA Dental. Was able to get the tooth extracted! Felt so warmed when the Asian female doctor held my head (Ann Lee). Got Norco from the pharmacy. Soon gum began hurting; took Tylenol 3 and Norco. In Starbucks WSTWD all night. Emailed the link to movie "Sophie Scholl" to Rod. Wrote emails also to Petra and Constance (VLT's fiancé). Apparently, evidence to replace "Op Movie Watching" in 2008? (Probably not.) Peaceful night, not much AWF-watching, and got a lot of writing and reading done. Still decided to collect that damage from TG for yesterday's pain. **1 W, 2 B**, at SM Blvd. Done by 12 AM.

Now the Secret Society women's operations on my website for today. 4:56 AM, bras-base-okvlon0102w-grc-61-174-95-67-47.dsl.bell.ca, Oakville, Ontario,*

This is amazing. The Secret Society women were actually able to find a scientist in Brookhaven National Laboratory to make a false report confirming that my blog post on brain-computer interface technology was indeed all delusional rambling and not science. But wait – this looks like Veronica's phone! What's going on? (Wait and see.)

This is in the vicinity of Yuba City, about 30 miles north of Sacramento. It might very well be related to SDW's relative, "Jim", who, or whose associate, was here on 2 May, 9:48 PM, if you recall. 2:28 PM, he came to the front page of my blog,

98.238.246.116 - - [27/Jun/2014:15:28:22 -0600] "GET /blogs/ HTTP/1.1" 200 45261 http://www.lawrencechin2011.com/blogs/tag/synthetic-telepathy/ "Mozilla/5.0 (Macintosh; Intel Mac OS X 10.9; rv:16.0) Gecko/20100101 Firefox/16.0"

In the original version, we thought that SDW had called up her relative Jim and asked him or his associate to look at the "problem": "The police have refused to believe that his rambling about 'synthetic telepathy' constitutes indication that he's insane and very dangerous." Perhaps we were right. But more like: "Even when he talks so crazy about me, the police still refuse to validate the Homeland Security warning about me."

This time she seemed to have spent more time with the recording in order to find better ways to make something out of it. She was on this recording for about 20 minutes! Then, 20 minutes later, 7:54 PM, she went for the next recording of my conversation with Wes on the same day:

She had spent another 8 minutes listening to it. Then, on 8:13 PM, she listened to the recording of my conversation with Wes on 22 June:

Was he again doing evidence-keeping for the Russian diplomatic mission?[16]

---

16 In the original version, our interpretation runs like this: "This seems to indicate that the Secret Society women were asking other people to set up separate secret Facebook groups devoted to my website in order to be able to ask more people to be involved in the brainstorming. Could this mean that Dr R's Hawaiian friend from 5:08 PM was also instructed to create a separate secret Facebook group so that there were now three secret Facebook groups devoted to making false reports about my website?" In reality, this was most likely a secret Facebook page which the Russian diplomatic mission had created to track troublesome individuals.

Also here to examine the new essential evidence for the Russian diplomatic mission. Let's summarize. Today was just another day that the Secret Society women would spend brainstorming with volunteers as to how to prove to any authority that they – and thus Homeland Security – were right about me. The essentials are:

(01) 5:11 AM, a Nigerian volunteer examined my delusion about being chipped in the brain.
(02) 5:19 PM, a Zurich volunteer examined **my supposed naked picture of Angelica**.
(03) 5:33 AM, a Raleigh, North Carolina, volunteer examined my delusion about being chipped in the brain.
(04) 5:58 AM, **Robin** rejoined the brainstorming with an Australian volunteer.
(05) 6:18 AM, SDW called upon a Canyon County volunteer. (1)

(06) 9:07 AM, a Durban, South Africa, volunteer examined my delusion about the Russian president and prime minister. **(a)**

(07) 9:52 AM, SDW called upon the Canyon County volunteer again.

(08) 10:29 AM, again.

(09) At the same time, a Jakarta volunteer examined my particular brand of misogynist ideology.

(10) 10:40 AM, SDW called upon the Canyon County volunteer again.

(11) 11:26 AM, a Georgia volunteer examined my delusion about Khalezov (?).

(12) 11:56 AM, Veronica showed a physicist at Brookhaven National Laboratory my blog posts on BCI.

(13) 2:21 PM, SDW called in her Yuba City associate (Jim) to examine my blog posts on synthetic telepathy. **(2)**

(14) 2:28 PM, he came to the front page of my blog.

(15) 3:19 PM – did the Secret Society women call in **Oliver** now?

(16) 3:46 PM, Veronica visited my blog post about the mind-reading computer after she had left Brookhaven and was now in Huntington Station. She was devastated because the Brookhaven physicist had refused to label my blog posts as "non-scientific" but "delusional".

(17) 5:08 PM, **Dr R's Hawaii friend** visited my 2013/12/17 blog post from the Secret Facebook Group.

(18) 5:10 PM, **she came to the** 2013/10/28 blog post through a Google search.

(19) 5:23 PM, Veronica visited the same blog post series again on her computer and then came to the front page of my blog. And then my latest blog posts.

(20) 6:31 PM, a New York volunteer examined **my supposed naked picture of Angelica.**

(21) 7:17 PM, a Eugene, Oregon, volunteer examined how I had plagiarized my theory on linear perspective. **Could this be Vija?**

(22) 7:34 PM, SDW called on her Erie relative again, and she again listened to the recording from 18 June.

(23) 7:54 PM, she listened to the other recording from 18 June.

(24) 8:13 PM, she listened to the recording from 22 June.

(25) 8:19 PM, **Jennifer xxx** rejoined the brainstorming with a USC volunteer.

(26) 9:24 PM, a Pennsylvania volunteer examined my delusions about the Russian president and prime minister. **(b)**

(27) 9:29 PM, she came to the front page of my website.

(28) 11:43 PM, the Secret Society women called on **the LUG buddies** again to examine the most important 2013/09/15 blog post.

(29) 12:55 AM, SDW's Erie relative came again to examine my latest blog posts.

(30) 1:10 AM, she examined the June series.

(31) 1:17 AM, she listened to the 18 June recording again.

(32) 1:19 AM, she started looking through the May, April, March, and February blog posts.

(33) 4:46 AM, an Istanbul volunteer posted the 2013/09/15 blog post on Facebook as evidence for the Russian diplomatic mission.

We thus see the pattern for this very busy day: SDW was active with the Canyon County volunteer from 6 to 11 AM, and then with her relative Jim (?) from 2:20 to 2:30 PM; Veronica had spent the late morning at Brookhaven showing a physicist my blog posts on mind-control but the physicist refused to cooperate; from 3:30 to 6 PM she was out in town continuing to brainstorm how my mind-control postings should prove that Homeland Security was all right

about me; from 5 PM onward, Dr R's Hawaiian friend was called in; from 7:30 to 8:30 PM, SDW called on her Erie relative to brainstorm; without success, she and the other women then called on the LUG buddies again after 11:30 PM; and finally the Erie relative again from 12:50 to 1:30 AM. Then, after 4 AM, Ekaterina asked the volunteers (especially those in Istanbul) to collect evidence again onto the secret Facebook page which the Russian diplomatic mission had created for me.

Note that, late tonight, I would block SDW's Erie relative's IP address from cPanel. It would not work, however. She would continue to come back with the same IP address.

Finally, in the original version, there is this wrong conclusion at this point:

> We thus see that the TMU's refusal to act any further than confirming Angelica's status as a "stalking victim" had now provoked the Secret Society women to expand their "industrial complex to complain about this guy named 'Lawrence'". This is truly phenomenal: so many people – including people working on things quite important to the nation and humanity – were summoned to spend their time to look at a few unintelligible blog posts which nobody read in any case – just because these bothered a few women who had nothing else to do in society. And this is only the beginning. It is an industry to "make something out of nothing". An industry specialized in finding ever new ingenious ways to complain about those ordinary things around us which had hitherto bothered nobody. SDW, along with Anxxxxxx and Kxxxxxxx, the "professional complainer". While, normally, the "security industry" emerges in order to facilitate the society's production process by removing obstacles, this "complaint industry" has for its sole purpose the wasting of everybody's time and resources in order to slow down the society's production process. All the while, everything looks the same on the outside: the Secret Society women were pursuing their enterprise in the name of "security".

It *really is* an excellent analysis about "security industry" and the "complaint industry", except that it fails to grasp the matter at hand: the "complaint industry" didn't emerge because a few unintelligible blog post had bothered some women – although they did – but because Homeland Security and the Russian government were exploiting the worthless ghosts that live inside every liberal American woman in order to accomplish their political agendas against the CIA.
