### "Kxxxxxxx's Vengeance"

#### 16

#### RESUME

The following reconstructs the operation of the Secret Society women and Homeland Security CO chief against me from 8 to 17 July, 2014. This is a rewrite, in February and March 2023, of the original "Kxxxxxxx's Vengeance", IX and X, originally composed during the first half of 2016.

#### *Synopsis:*

**08.07:** did Homeland Security contact Tatyana all the way in Germany? Any reporting to the German police? SDW was out, 7 – 9:30 PM (eventually taking a walk on the beach).

**09.07:** my disaster with SC and the Korean man's attack. **4:15 PM, my conversation with Wes:** the Russian diplomatic mission and Homeland Security CO chief had obtained their evidence. As for the Secret Society women, while brainstorming with their volunteers, they had a particular focus on my supposed delusion about being chipped in the brain. Note the Los Angeles volunteer from 1:10 to 2 PM. SDW seems to have gone to work today and didn't return home to work with the volunteers until after 5 PM.

**10.07:** from noon onward, **the Secret Society women had another chance to report me to the certain authority**, but the latter dismissed the Homeland Security warning again within 3 hours. 5:37 PM, SDW called upon her Erie relative, who discovered the new evidence "Programmed fantasies about Ekaterina".

**11.07:** from 1 PM onward, **the Secret Society women had another chance to report me to the certain authority**. SDW this time called upon her Erie relative to report on the "new evidence." However, no sooner had the reporting started than the certain authority dismissed the Homeland Security warning once again.

**12.07:** the Secret Society women brainstormed with their volunteers. 4 – 5 PM, my first hug therapy. **5:30 PM, my conversation with Wes.** Homeland Security CO chief and the Russian diplomatic mission had obtained their new evidence.

**13.07:** the Secret Society women had a particular focus on my supposed computer-hacking and violation of my family members' privacy. **The certain authority refused to hear from them.** From 1 AM, onward, volunteers were busy compiling evidence (my computer-hacking and violation of my family members' privacy) for the Russian diplomatic mission.

**14.07:** the Secret Society women spent the whole day brainstorming with their volunteers. A Cisco Systems volunteer might be my brother. SDW was at home today directing the operation.

**15.07:** the Secret Society women spent a second day brainstorming with their volunteers. Thanks to the efforts of SDW, Ekaterina, and the Osorno, Chile, volunteer, the Russian diplomatic mission and Homeland Security CO chief had gathered up the necessary evidence to force the certain authority tomorrow to grant another hearing to the supposed women victims.

**16.07: around 9 AM, the Secret Society women had another brief hearing with the certain authority,** but the latter quickly dismissed the Homeland Security warning about me. Back to brainstorming, SDW sent in, past 3 PM, her Erie relative to my blog to obtain my latest July diary as the new evidence. Almost 4 PM, **Homeland Security CO chief instructed Wes to call me** so that he and his Russian friends can obtain a second set of new evidence.

**17.07: 3:30 PM (6:30 PM in Washington DC), the Secret Society women had another hearing with the certain authority that lasted 2 hours,** at the end of which the latter dismissed the Homeland Security warning once more. SDW was the most upset and stayed up until 4:30 AM complaining about the matter to at least 5 volunteers.

Certain comments are in order. (1) The efforts which the Russian diplomatic mission had spent going with Homeland Security CO chief to the certain authority (NCTC) and trying to get the latter to accept the Homeland Security warning about me and enter me into the international database of known terrorists must be understood within the context of the US-Russia counter-terrorism cooperation agreement. This agreement was so obscure that, when I lately searched for it on Google, I found no discussions of it.<sup>1</sup> The Russian diplomatic mission must be saying to the certain authority: “This schizophrenic stalker counts as a ‘terrorist’ according to your Homeland Security’s classification. We are working with Homeland Security in investigating and classifying this schizophrenic entirely in accordance with the anti-terrorism agreement between our two nations. You must thus, in accordance with this agreement, enter him into the terrorist database of your nation and validate our First Daughter, as well as the other women victims listed on the Homeland Security warning, as the victim of his ‘terrorism’.” But the NCTC authority adamantly refused: “This guy doesn’t count as a ‘terrorist’ because this Homeland Security warning is invalid.” The tens of thousands of volunteers from around the world whom Homeland Security CO chief had gathered together to help the Secret Society women prove to the certain authority that his warning about me was correct were thus imbued with such spirit: “We must help these women convince the American authority that this schizophrenic stalker indeed counts as a ‘terrorist’ and should be entered into the international terrorist database – so that all these women can be officially validated as the ‘victims of terrorism’...”

(2) As for the argument that the Secret Society women and their volunteers were like color-blind people who couldn’t be convinced that the apple is red because they lack the

---

<sup>1</sup> The only occasion I did hear of it is the Frontline’s interview with Julia Ioffe on 31.01.2023 (<https://youtu.be/qEu0oRajJxE>), during which she did mention how, when the war in Ukraine had started, this “anti-terrorism cooperation” between the US and Russia was the last to fall apart.

necessary organs: one can retort that there is no objective standard for judging that the CIA is more correct in affirming the apple to be red rather than gray – why should the CIA's color vision be considered to be superior to the Secret Society women and their volunteer's color-blind vision? The bats, it is said, have yet a different perception of the apple because they use yet a different kind of organ for perceiving it. Is the apple more red than gray, or more something else than red (such as when bats are “perceiving” it)? This objection can be answered – the color-blind vision can be said to be inferior – by pointing out that, when you can only see the apple as gray, the apple loses its distinction from many other things which also appear only gray. Thus, when the women victims see me as “insane” it's because, in their simplified vision, “wrong speculations” do not appear to be different from “insanity” just as an apple in its grayness doesn't appear to be distinct from an orange which appears also gray.

Now my diary entries and the log of the Secret Society women's operations on my website during the period under consideration. Again, the corrections of the errors in the diary entries in the original version are in brackets and italicized.

### **8 July (Tuesday, severe targeting)**

*First, a note about myself.* In general, gum pain has subsided. Recovered from tooth extraction since two days ago. Still felt physical pain when the dialogue box popped up on Word reminding me to renew my subscription and interrupting my work.

Slept between 5:30 AM and 1:30 PM. (Watched “Ferrinelli” while falling asleep.) Sleep somewhat okay. Woke up to find that the other side of my glasses' frame was also broken. Now both sides of my glasses are taped. Not too upset, but will collect damages as compensation. 4:30 PM, on Metro, and passed my stop (Sunset/ Vermont) again because I was trying to save time by writing “On the periphery”. Got off at Hollywood station to go back. Panicking, physical pain. Required to collect damages. Bought nectars and chickens at Jons, and then worked on translation of the EKT news piece. (*As you shall see, this is Homeland Security CO chief's new assignment for me.*) Missed the bus, 6:24 PM. Angered, pain sensation, required to collect damages. 6:35 PM, on the bus again, and an ugly guy sat down next to me wearing earphones: physical pain, required to collect damages crimes.

At Forum, immediately became very depressed and saddened. Drew and Torey not there, even though one had brought the Greek New Testament to show them. Had nothing in common with everyone else. Pain sensation. Required to collect more damages tonight than on previous nights. Ate free food and left immediately. Perhaps the control center needs evidence showing that I'm a free loader; perhaps, because two women have responded to my “hug therapist” ads and I need to suffer misfortune in order to cancel that out; perhaps D and T will show up later after I'm gone, so that the control center can get more evidence showing me causing myself unhappiness through misinterpreting my circumstances; perhaps the control center is unhappy with the fact that I have not collected enough damages in the past few days. Perhaps the control center wants me to speculate on why today is worse than previous days in order to waste my time and make myself look delusional. (All this is indeed worthless speculation.)

Kxxxxxxx's Vengeance, 16  
Lawrence Chin,  
Aug., 2016; Mar. 2023

*(Just doing my duty to make myself look delusional.)* Just saddened by the fact that I have no function in this society other than committing xxxxxx and looking delusional and retarded to others. *(Right.)* Now understood how terrible it is to have attempted to save Russia. *(Right.)* But there was no better choice back then. *(Perhaps!)*

More worthless speculation: Had thought this afternoon of the possibility that, perhaps, new chips are planted inside my brain which receive and transmit no signals from and to the control center. The chips could have been preloaded with programs as to how I should live my life for the rest of my life (i.e. as a depressed, delusional criminal). But it seems that the control center does know the future movements of the strangers around me. Unless the future movements of all the strangers around me have been previously simulated and the simulation is fed into the chips, this could not quite work out. The key: how is it that I'll always choose to sit down next to a girl who is about to move away? If I was programmed yesterday to think of the idea of bringing the Greek NT tonight to show to T and D, just in order to disappoint myself today, this only works if the control center knew yesterday that D and T will not show up or will be late tonight.

Rode bus 33 to Novel Cafe. No pretty girls around. Went to the bar next door. Got thrown out. Physical pain. Required to collect more damages. To another bar. Drank and wrote. Then, back to Novel. Stole a book: Louann Brizendine, *The Female Brain*, 2006. *(This would have significance later on.)* Walked down ABKNY. **Did N**. Ran into pretty AWFs and chatted with them: produced evidence that I didn't understand how to respect women? Then walked to MDR. **1 W** (office building, the 2<sup>nd</sup> time). Rode the bus to SPLVDA. But can't W at the same insurance place. Total: **5 N, 6 B, approximately 10 H, 2 SPC (1 AWF)**. Many H: 2<sup>nd</sup> time. Extremely exhausted from over-walking, and extremely upset, for not having collected enough damages for today's pain. Arrived at Vermont. **1 B at CRTZ**.

Now the Secret Society women's operation on my website for today. 5:32 AM, T-Mobile USA, Austell, Georgia,

It's not clear how such search terms could have led to my writings about the ICJ trial. It must be thanks to Homeland Security's tricks that the Secret Society women could discover that adding "ICJ" to some profanities on Google could actually cause my chapters to pop up on the search results. This is thus another attempt at a false report about finding perverse pornography on my website. "If you search for 'black chick with big dick' his writings will show up on the search results. Yak!"

You have to wonder whether this might just be my mother. The Secret Society women had again recruited a volunteer from the strangest place in the world to brainstorm how to falsely report me for plagiarism here. At the same time: Smart Broadband, Quiapo, Philippines,

Let's summarize. The essentials for today are:

- (01) 5:32 AM, a Georgia volunteer experimented with finding (non-existent) pornographic contents in my ICJ chapters.
- (02) 7:17 AM, a **Kursk volunteer** was examining my Youtube channel, especially the stupid video of my scanning my head for radio frequency signals. (a)
- (03) 8:03 AM, **he continued.**
- (04) 9:27 AM, a UK volunteer examined **my supposed naked picture of ANG.**
- (05) 10:09 AM, a Portugal volunteer examined **my supposed naked picture of ANG.**
- (06) 12:46 PM, a Budapest volunteer examined my particular brand of misogynist ideology.
- (07) 1:04 PM, an Italian volunteer examined **my supposed naked picture of ANG.**
- (08) 1:59 PM, **SDW called upon a LUG buddy** to examine my latest blog post about her.
- (09) 2:04 PM, **SDW** called upon a Chemnitz, Germany, volunteer.

Kxxxxxxx's Vengeance, 16  
Lawrence Chin,  
Aug., 2016; Mar. 2023

- (10) 3:39 PM, a Kingston, Australia, volunteer examined my delusion about the Russian prime minister and president. (1)
- (11) 4:11 PM, a Sao Paulo volunteer examined **my supposed naked picture of ANG.**
- (12) 5:04 PM, a Dalton volunteer examined my delusion about the Russian prime minister and president. (2)
- (13) 5:30 PM, a **Portsmouth, Virginia, volunteer** examined my delusion about being chipped in the brain. (b)
- (14) 5:31 PM, a Dominican Republic volunteer examined **my supposed naked picture of ANG.**
- (15) 5:38 PM, a New York volunteer examined my delusions about President Obama.
- (16) 6:03 PM, **the Portsmouth volunteer** again (chipped in the brain). (c)
- (17) 6:43 PM, **SDW** called upon a Los Angeles volunteer.

From 7 to 9:30 PM, SDW was out. By the end of the trip, she would be taking a walk on the beach.

- (18) 1:57 AM, a Köln, Germany, volunteer examined my delusion about Karin and her meetup buddies' going after me.
- (19) 3:29 AM, a Vero Beach, Florida, volunteer examined my delusion about being chipped in the brain. (d)

It's really not clear whether Homeland Security had this morning contacted Tatyana all the way in Germany and, passing onto her their warning about me, instructed her to report me to the German police. If so, then these visits were here to report me to the German police assuring them that the Homeland Security warning about me was accurate. If not, then it's all just brainstorming. Even if the former, we can be sure that the German police would have, by the end of the day, dismissed the Homeland Security warning as an inaccurate piece of junk.

### 9 July (Wednesday, severe targeting)

*First, a note about myself.* Slept between 5 and 11:30 AM. Some sleep deprivation. Went to TNT for ice coffee, and then came home to shower. 2 PM, programmed to take shower at this time because the control center knew that someone else would be showering at the same time. Thus, not allowed to shower, and must go meet "the hug therapist" looking dirty. (Again, after being tortured by the control center enough times, one comes to wrongly attribute everything unpleasant or inconvenient to it, thus looking crazy: being trained to look crazy.) (*Right.*) Angered, pain, and required to collect damages. Walked to Café CNCRT to meet "Scarlet" (SC): the first woman who had agreed to be my "hug therapist". The café turned out to be high class. Again assumed that the control center had set me up with "Scarlet" in order to lure me to go inside a high class Korean restaurant to annoy the Korean owner (since I looked so disheveled). The owner didn't want me inside, but let me in at first. Waited until 3:30 PM, and this "Scarlet" never showed up. Physical pain because one had to give up the hug therapy session: required to collect damages. Walked to Coffee Bean and checked my emails, and "Scarlet" said in an email that she was at the bar waiting for me. Physical pain, and required to collect damages. Back to CNCRT to confront her. The owner threw me out, severe physical pain, **B at the parking lot. Then B on the sidewalk.** Apparently – or so I had been trained to interpret things – the

control center had prevented me from showering not in order to cause me to show up dirty for my hug therapy session, but in order to get me thrown out of the Korean restaurant so that I may continue to develop hostility and hatred toward Koreans. (*Was this really Homeland Security CO chief's purpose?*) To McDonald's, severe physical pain continued. Took two Ibuprofen. Another Korean man wanted to show me my medicine bottle. Threw my hat on him. The black man yelled at him. I yelled at him too. Then called Wes. He actually answered the call (from 2:04:00 onward). The Korean man then came to attack me twice, and the employee came, and he threw me out of McDonald's. I continue to eat outside while talking to Wes. The burger fell apart on the ground so that I would have to eat food fetched from the ground. Told Wes: the control center has been trying to persuade me to attack Koreans. The control center is setting up some program to make me look like I attack people out of Marxist revolutionary ideals, hating capitalists and rich people. As if I commit xxxxxx because I blame my poverty on rich people. **But I simply don't get pleasure from seeing Korean people going miserable.** Is it because somebody who has been interpreting my actions simply finds it impossible to understand the Thermodynamic Interpretation of History, and so wants to bend the theory into the more understandable Marxism, when it is really "thermodynamic"? Is it because somebody wants to link my xxxxxx-spree with my theory (in order to ban it), when in reality I commit xxxxxx only in order to heal from pain? See the details of the conversation below. To SM, while napping on the bus. At the SM Public Library. Found the only table where there is a pretty AWF. Sat down, and this is the only table in the library where the electrical outlet is *not* working. Charged my laptop on the table behind me. 7:30 PM, tried to renew my Craigslist ad, but there was no longer any "repost" button on the ad. Didn't know what to do. Physical pain, and required to collect damages. Took Ibuprofen. Deleted the post, and reposted the same post. Writing. Then purposely sat in front of an AWF, until she got uncomfortable and left. Checked out Deidre Bair's *Simone de Beauvoir*. To Starbucks, Promenade, to continue writing. Many pretty AWFs. A group of Mexicans came in making extremely loud noises. (Including one Mexican girl with a good body.) Physical pain (even music through the earphones couldn't cover up their noise). Required to collect damages. Finished by 11:30 PM, and it was time to collect damages. **4 W (1 fractured: GGL/ office; URG/ office; SM/ PSYCH, 3<sup>rd</sup>; Holistic, 26<sup>th</sup>). 2 H (holistic; DN-BRDL), 2 B. 7 N, 3 SPC.** At one point, rode the bus past my destination. Done by 1:40 AM. At home, almost 5 AM, and posted a new blog post about EKT. (*See below.*) After this, reposted the Craigslist ad through another email account.

*Now the details of my conversation with Wes today:* IMPkckedoutwWesEKT\_7\_9\_14\_210-442PM.MP3: from 2:04:00 onward. (1) "The control center wanted evidence that I'm very selfish and just want to talk to you completely ignoring your needs." (2) 2:06:00, the Korean guy came to wrestle with me. And I got thrown out. (3) "The control center wanted me to develop hostility toward Koreans, and so... but I don't feel like attacking Koreans..." And I recounted the disaster with SC from earlier. (4) "The control center wanted me to hate Russia, to make me realize this is what I would get for helping Russia, and that Russia is a trash can... just because the Americans have victimized Russia, that doesn't mean Russians are not trash." (5) And on and on about why BOL wanted to do this – "even though she won't live to see it... probably because she has some African and Chinese friends... when oil runs out, Africa would have to go..." (6) As for Ekaterina: "... the rumors are true because somebody wants me to see them... they let me get hold of the rumors so that I'd fantasize marrying Ekaterina, then Ekaterina's boyfriend can become my substitute to replace evidences... then no one in Russia would

Kxxxxxxx's Vengeance, 16  
Lawrence Chin,

object to their marriage... then they can make him the president of South Korea... and make South Korea into Russia's ally... America will have to be made to look really bad so that the Korean people will elect someone who's pro-Russia... Ekaterina doesn't look good at all, she looks like she's merely exploiting the ICJ trial to benefit herself... the conservatives would think her a fucking bitch..." (7) How the Macrospherians had decided South Korea should fall into Russia's sphere of influence. (8) Wes denied that Ekaterina's marriage would change the world very much. He didn't think my theory was correct. Wes: "... they put the theory in your head so that you'll say it and look delusional..." Was Wes so kind as to give me a hint? My retort: if somebody has made a decision that I shall develop "delusions" about Ekaterina, there must be a purpose in it...

*(This is what we can be sure of. The disaster with SC and the Korean man's attack were just Homeland Security CO chief's punishment for me when he had lost again yesterday and the day before – or perhaps some temporary evidence in the ICJ that I was indeed violent. However, the real juice of today's operation consisted, once again, in my wrong scenarios about BOL, Ekaterina, and the "Korea Plan". The Russian diplomatic mission would again use all this as evidence to convince the certain authority that the Homeland Security warning about me was totally correct. They and their Homeland Security friends were expected to go back to him again tomorrow.)*

Handy Cafe is apparently some sort of software suite for running a cybercafe

This person was apparently either the owner of a cybercafe, or was doing the Secret Society women's assignment for him from a cybercafe. My plagiarism.

Presumably the fifth person whom SDW had called upon today.

5:20 AM, I reposted my ad on Craigslist again. Let's summarize:

- (01) 5:13 AM, SDW called upon a Huntington Beach volunteer.
- (02) 5:23 AM, a Perth volunteer looked up “The birth of a mission”, A. (Pornography?)
- (03) 5:58 AM, a Milwaukee volunteer examined my opposition to my aunt Jennifer’s demurrer.
- (04) 6:24 AM, a Romanian proxy volunteer made a false examination of supposed pornographic contents on my website.
- (05) At the same time, the same London volunteer came to examine my blog.
- (06) 9:23 AM, another London volunteer examined my delusion about being chipped in the brain.
- (07) 9:29 AM, he came again.
- (10) 11:24 AM, a Nigerian volunteer examined my delusion about being chipped in the brain.
- (11) 1:10 PM, a North Carolina volunteer examined my harassment of the ICAACT people.
- (12) 1:14 PM, a Los Angeles volunteer examined my delusion about being chipped in the brain.
- (13) 1:35 PM, he examined the blog posts for this month.
- (14) 1:43 PM, he examined the blog posts for April 2012.
- (15) 1:50 PM, he examined the blog posts for May and June 2012.
- (16) 1:54 PM, he examined the blog posts for July 2012.
- (17) 1:55 – 1:57 PM, he examined the blog posts for August and September 2012 and November 2013.
- (18) 2:14 PM, an Italian volunteer examined my supposed naked picture of ANG.

4:14 PM, I was connected with Wes. The Russians and Homeland Security CO chief were waiting for their evidence.

(19) 5:17 PM, Robin was talking about me with a Mount Kisco, New York, volunteer and he began examining all my drawings and paintings.

- (20) 5:59 PM, SDW called upon a Portland, Oregon, volunteer.
- (21) 7:37 PM, a New Delhi volunteer examined Best Mommy’s picture.
- (22) 7:56 PM, Robin discussed me with an Ohio volunteer.
- (23) 8:07 PM, SDW called upon a Denver, Colorado, volunteer.
- (24) 8:52 PM, a Missouri volunteer examined my supposed naked picture of ANG.
- (25) 10:23 PM, a Glasgow, UK, volunteer examined my supposed naked picture of ANG.
- (26) 12:26 AM, SDW called upon a Bowie, Maryland, volunteer.
- (27) 1:58 AM, Shizuka checked in together with a Tokyo volunteer.

4:47 AM, I posted “Programmed delusions about Ekaterina”. Homeland Security CO chief and his Russian friends’ second evidence.

(28) 4:52 PM, SDW called upon a Kew, Australia, volunteer.

It would appear that SDW had gone to work today! But then she stayed up until 5 AM after learning that the Russians and Homeland Security CO chief had obtained enough evidence today to force the certain authority to listen to her complaints again in the morning.

Aug., 2016; Mar. 2023

*First, a note about myself.* Slept around 6 AM. Woke up 2:50 PM. Sleep okay. Came to TNT, 4 PM. Checked both email accounts. No replies to my ad. Anger, physical pain, over the possibility that, according to the "Program", I'm not allowed to have physical contact with females. (*More wrong scenarios to help make myself look delusional.*) Just after hoping to rest a little from the massive xxxxx-spree in the past two days, now required to step up with the collection of damages. Pain lasted until 5:20 PM, even though in my mind the thought was lurking that, perhaps, nothing was going on at all, that I had simply over-interpreted the coincidences. But wouldn't all this (coincidence and over-interpretation) be programmed too? Storage: found "Karin's Meetup-1"; DVDs put in: 394, 395, and 396. Difficulty in setting up nails underneath the bridge and next to USC.

At Stories, many pretty AWFs. Claudia asked me how I was. I cried: Doing bad. She was very sympathetic. Claudia padded me on my back. Strangely ambiguous: my enemies (xxxxxxx) are nicer to me than non-enemies (Koreans). Don't like the dilemma. Soon realized the lesson: Americans like me as long as I don't express, or fail to reach, my human potential, whereas Koreans hate me as long as I don't express or fail to reach my human potential. (*Excellent insight.*) (A Russian girl, Victoria, has then answered my hug therapist ad.)

Home Depot. Came to Gold Digger. Even the bouncer there and the bartending girl were looking at me like an unwelcome person. Upset, although my favorite dancer was nice to me like before when thanking me for tipping. Collected damages on SM/ WSTRN, targeting MX: **11 N, 3 B, 1 SPC, 1 H (PWRYG, 2<sup>nd</sup>)**. Home by 2:30 AM. Continued reading de Tocqueville.

5:37 PM, it's SDW's Erie relative:

It must be the case that the certain authority had again dismissed the Homeland Security warning about me as inaccurate. Thus, devastated, SDW called upon her Erie relative to come brainstorm. 9 seconds later, she again accessed Google's cache of my blog:

184.56.169.16 - - [10/Jul/2014:18:37:13 -0600] "GET /blogs/wp-content/themes/twentyeleven/style.css HTTP/1.1" 403 420 "http://webcache.googleusercontent.com/search?q=cache:V4FHUfxSX-kJ:www.lawrencechin2011.com/blogs/+&cd=1&hl=en&ct=clnk&gl=us" "Mozilla/5.0 (Windows NT 6.0) AppleWebKit/537.36 (KHTML, like Gecko) Chrome/35.0.1916.153 Safari/537.36"

....

The Erie relative would have seen my latest, completely crazy, blog post, "Programmed fantasies about Ekaterina". She would certainly be saying I was blogging about committing xxxxxx and having chips implanted in the brain of every person. New evidence! More evidence for the certain authority!

Let's summarize. Since morning, the Secret Society women must be preparing for the upcoming

Kxxxxxxx's Vengeance, 16

hearing with the certain authority. The essentials are:

- (01) 5:47 AM, a Philadelphia volunteer examined my delusions about the intelligence agencies in “My experience...”
- (02) 7:06 AM, **Shizuka** rejoined the discussion together with a Japanese volunteer.
- (03) 7:33 AM, a Portugal volunteer examined **my supposed naked picture of ANG**.

By noon, the certain authority was ready to listen to the Secret Society women's testimonies again. Once again, SDW was the most enthusiastic.

(04) 12:29 PM, SDW called upon a North Hollywood volunteer to report my links on her blog to the certain authority.

(05) Many reports about my violation of intellectual property rights.

(06) 2:44 PM, **Robin** made her report together with a Tehran volunteer.

(07) 2:45 PM, **Shizuka** made her report together with a Sano, Japan, volunteer.

Around this time, the certain authority had dismissed the Homeland Security warning once again.

(08) 5:37 PM, SDW called upon her Erie relative to come brainstorm. She discovered new evidence: “Programmed fantasies about Ekaterina”.

(09) 6:34 PM, the Crockett volunteer came again.

8:50 PM, “Viktoria” responded to my ad.

(10) 10:17 PM, **Shizuka** rejoined the discussion together with a Huntington Beach volunteer.

(11) 12:04 AM, a Canberra, Australia, volunteer examined my delusion about synthetic telepathy.

(12) 12:51 AM, a Ryde volunteer examined **my supposed naked picture of ANG**.

(13) 3:41 AM, **Shizuka** rejoined the discussion together with an Osan, South Korea, volunteer.

3:42 AM, I replied to Viktoria.

The Secret Society women were lucky in that, hours after the certain authority had dismissed their testimonies again, SDW's Erie relative should have discovered new evidence which would enable them to cry to him again – that, clearly, the Homeland Security warning was correct! Of course, it's because it's Homeland Security CO chief and the Monkey who had remotely controlled me to post the stupid blog post. Tomorrow the women gang would get another chance with the NCTC.

### **11 July (Friday; light collection/ severe targeting)**

*First, a note about myself.* Slept between 5:30 and 11:30 AM. Some sleep deprivation. TNT, 1:30 PM or so. Set up the meeting place with Viktoria, tomorrow. Would be worried for the whole day over the possibility that the control center would make sure the session with her tomorrow shall be disastrous – must be rejected by Russians as well as by Koreans (EKT and her boyfriend). 3 PM, on the bus, and

Kxxxxxxx's Vengeance, 16  
Lawrence Chin,

came up with a Macrospherian "Korea Plan". Immediately, physical pain, required to collect damages. Stories. 7 PM. Can no longer log into copyright.gov. Mood dampened. Had to change the password. Don't really know why the password was no longer valid. Required to collect damages. But soon, was able to copyright all works. Stayed in Stories (a good concert) until 10 PM. By then, in a more relaxed mood (even though one had tried to dissuade oneself from that happy mood "getting approval from Macros": completely delusional). (*Right.*) Followed many pretty AWFs on the street, but, nevertheless, went to collect damages. MX tonight. **2 B (LWLB). INDN: 9 N.** A little scared tonight because of the relaxed mood. Returned to Union Station by 1 AM.

At home, while ready to MST (AWF on a cycle), the Internet was cut off on Asus. Mood dampened. Required to collect damages just when I was thinking: maybe soon one will not need to collect any more damages, Yahoo. What a disappointment. Well: it's indeed the thought of such intention from the control center which has caused the mood to change for the worse (the requirement to collect damages): even though one is fully aware that the control center is merely a computer program, with no intention whatsoever; in fact, it just detects that I'm in a good mood, and won't collect damages, and calculates how to dampen my mood, and to conjure up in me such ideation about its intention, because it knows that this is how to get this kind of person (a good person who by default is law-abiding) to collect damages. (*Actually, as you shall see, it's because Homeland Security CO chief and the Russian diplomatic mission had failed with the certain authority again that they instructed the Monkey to dampen my mood and prompt me to collect more damages.*) Then, while burning DVD-397, the computer is extremely slow. As if it had virus. Mood further dampened, required to collect more damages tomorrow. Then discovered that, apparently, some script is running on Youtube on Firefox, which seems to be what is slowing down the computer. Closed it. And it seemed fine then. 4 AM, going to shower. Discovered that "the control center has programmed the shower to be broken just when I need to use it", or "programmed me to take shower just when the shower is broken", so that I'm now officially unable to shower. Believed erroneously that evidence is produced that I don't know how to shower. (In reality, the control center's goal was merely to cause me to develop all this weird interpretations about the causes of unpleasant experiences so that I could look crazy: it all had nothing to do with the "collection of evidences". Mr Homeland Security CO Chief inside the control center simply wanted to train me to look crazy.) (*Right.*) Briefly washed my hair, that's all. Extreme sadness, required to collect a lot of damages tomorrow.

She's here early today. It must be because the reporting to the certain authority had just started. Recall that Oliver was in Milwaukee and used an iPhone (!). Was this Oliver himself? Did the Secret Society women call upon him because the certain authority had once again dismissed the Homeland Security warning about me?

My plagiarism. The second one of the day on this chapter. Let's summarize. As noted, because SDW's Erie relative was able to find "new evidence" yesterday, Homeland Security CO chief and his Russian friends were able to obtain for the Secret Society women another hearing from the certain authority today. That shall start around noon. The essentials for today are:

**(01)** 6:17 PM, **Robin** discussed me with a Wolverhampton City Council volunteer.

Kxxxxxxx's Vengeance, 16  
Lawrence Chin,  
Aug., 2016; Mar. 2023

- (02) 8:10 AM, a Renton, Washington, volunteer prepared another false report about finding pornographic contents on my website.
- (03) 8:33 – 8:36 AM, a Vladivostok volunteer examined **my supposed naked picture of ANG.**
- (04) 10:22 AM, a Wynnewood, Pennsylvania, volunteer examined my Nicaragua videos.
- (05) 10:57 AM, a Glendale, California, volunteer examined my delusion about President Obama and being chipped in the brain.
- (06) 11:21 AM, an Italian volunteer examined **my supposed naked picture of ANG.**

By this time, the reporting to the certain authority had started.

- (07) 1:17 PM, SDW summoned her Erie relative to report on the new evidence found yesterday.
- (08) 2:07 PM, SDW's Erie relative turned especially to the new blog post (the new evidence). She also began reporting on my conversation with Wes on 9 July.

Despite the effort of the Erie relative, however, the certain authority promptly dismissed the Homeland Security warning in any case.

- (09) 3:34 PM – did the Secret Society women call upon **Oliver**?
- (10) 3:46 PM, SDW called upon a Charlotte, North Carolina, person in order to complain to him about the dismissal.
- (11) 4:26 PM, the Secret Society women called upon a **Sylmar volunteer** to examine “Kxxxxxxx meets Axxxxxxx” in order to brainstorm.
- (12) 6:04 PM, a Kingston, Ontario, volunteer examined Best Mommy's picture.
- (13) 6:22 PM, a Santiago, Chile, volunteer examined my harassment of Prof. Dylan Haynes.
- (14) 9:29 PM, a Port Jefferson, New York, volunteer examined my delusion about being chipped in the brain.
- (15) At the same time, SDW called upon a Sacramento volunteer.
- (16) 11:59 PM, a South Korean volunteer examined **my supposed naked picture of ANG.**

## 12 July (Saturday; severe targeting; Wes)

*First, a note about myself.* Slept between 5:30 AM and 12:15 PM. On the bus going toward Venice Beach for the hug therapy. Turned on the laptop, and it booted very slowly. Turned it off, and turned it on again. The laptop went into repair, and then it couldn't repair itself, and asked for Windows Restore. Canceled it. It still couldn't boot. It asked to be turned off. Turned it off, and turned it on again. It booted. Severe physical pain, required to collect a lot of damages tonight. The bus was also very crowded. Physical pain. Required to collect damages tonight. Then, disturbances happened on the bus, and the bus driver refused to drive on but was waiting for the police to arrive. Everybody had to get off

to wait for the next bus. Some physical pain over the continual programming to disrupt my trip to my therapy. (Or so I thought.) Required to collect damages tonight. The next bus came, crowded, no place to sit, and had to sit next to a Hispanic gangster, who talked loudly causing me more physical pain (not even the music through earphones could cover up his noise). Required to collect more damages tonight. It was 3 PM by then. (*Again, because the certain authority had dismissed the Homeland Security warning about me yesterday, Homeland Security CO chief had instructed the Monkey today to resume torturing me severely in order to prompt me to collect more damages.*)

Arrived at Venice for the hug therapy. Met Viktoria. She was not that attractive. Not fat, but not slim either. Hug therapy between 4 and 5 PM. We sat under a tree on the beach. One was acting like an infant, kicking legs, etc. Unsatisfied: those AWFs running around were actually more attractive than she was. When done, noticed that a white guy wearing earphones had been observing us. (*Homeland Security's surveillance – looking for new evidence to convince the certain authority to reconsider the case.*)

Then, around 5:30 PM, on Main Street, next to Coffee Bean, I was connected with Wes. *The highlights of the conversation (IMPwesKoreaWndw\_7\_12\_14\_525-635PM.MP3):* (1) He was just reading about subhumans. When Tocqueville talked about slavery, he also seemed to be talking about subhumans. I was programmed to not use the opportunity to socialize. (2) I just had my hug therapy, but it wasn't very exciting. Some sort of trick by the control center: the Russian girls around weren't so pretty, but the American girls actually looked prettier, it seems as if the American girls have in the past 10 years lost a lot of weight... Japanese girls don't look pretty anymore either. Subhumans are those not allowed to socialize. (3) How I couldn't take showers anymore. (4) 12:00, committing xxxxxx. (5) The South Korea plan. South Korea will become pro-Russia soon. No US bases in South Korea, the encirclement of China will be gone, and China will forgive US debts... I just have to say it over the phone in order to be intercepted as evidence... (*Again, all this wrong scenario was the Russians and Homeland Security's evidence of my delusional mind.*) (5) 16:00, why should one commit xxxxxx against Americans... only whites because their complaints count... Koreans wouldn't say anything... one needs justifications, because most victims are irrelevant to the control center's business... it's the justification which is the medicine... must hit whites because only their opinions count... (*All this was again Homeland Security's evidence as to why one should count as a "terrorist".*) Wes on and on about creating a narrative. How my justification is just a narrative. Wes on Charles Manson. The purpose of committing xxxxxx is that people will later complain about the control center. Wes on flashing and then defecating. But it's the sound of glass-breaking and the mess created which help cure pain. One had to break the same person's xxxxxxxx repeatedly, but the next time they would just replace it with unbreakable xxxxxxxx. It's easier to break things in white neighborhoods, because most of the things there were actually very old, for whites have never suffered any crimes. What really kills pain is the imitation of your victimizer. Wes: smear shit on it – for it should also be something sick. (*Was Wes suggesting ways in order for the vandalism to not qualify as "terrorism"?*) (6) People in the control center are an international team. (*Again, such wrong scenario was the Russians and Homeland Security's evidence of my delusional mind.*) (7) Wes tried to suggest defecation and urination again. (8) How I had checked out Simone de Beauvoir's biography. The woman Simone wanted to promote was so ugly just like me, and so annoying too; people in the past had more tolerance for annoying friends.

How John Nash's friend had helped him. Wes: people nowadays think more of themselves than before. Wes then went on and on about his students: everyone has a false sense of their greatness nowadays. Me: I don't know how to deal with the torture anymore. The pain so unbearable, although not excruciating. Wes was going to Brazil on the 26<sup>th</sup>.

*(And so, after conducting surveillance on me during my hug therapy, Homeland Security CO chief then instructed Wes to talk to me so that he and his Russian friends can obtain more evidence that I was indeed delusional and should count as a "terrorist". They were going back to the certain authority tomorrow again.)<sup>2</sup>*

Meanwhile, Mr Homeland Security CO chief continued his torture of me. 6:50 PM, back inside Coffee Bean. Sony Digital Voice Editor can no longer play audio files. Used Windows Media Player. Notice: WMP encountered a problem. No audio file can be played. Used Real Player. Still, the WMP notice: WMP encountered a problem! Used VLC Player. It can't play audio files either. Mood dampened. Just when feeling better after talking with Wes, just after expressing intelligent opinions, just after softening hostility toward xxxxxxxxx, required to feel the necessity to collect damages from xxxxxxxxx. My thought-process went: The control center's goal is evidently to make me attack xxxxxxxxx without justification in order to make me look bad and immature (blaming my own faults on xxxxxxxxx because I covet them). *(I might be right about this.)* Hence I must continue to hate xxxxxxxxx without any valid justification. Finding valid justification would result in punishment. Well, Mr Homeland Security CO chief's real goal was simply to drive up my negative thought-process and my pessimism so that I would hopefully do some damages while under surveillance thus forcing the TMU to give in to the Secret Society women's request. *(Actually, forcing the certain authority.)* Rebooted my laptop. Sony Digital Voice Editor still froze up. Google Chrome froze up. Suddenly, my laptop *can* play audio

---

2 My wrong-headed interpretation in the original version runs thusly: "I talked more about the South Korea plan. Then about breaking xxxxxxx, the unbreakable xxxxxxx, etc. (16:00). Very important: looking for a new justification for collecting damages from xxxxxxx. My self-analysis: if the justification is incorrect, then the collection of damages wouldn't kill pain. The problem with the old justifications – ordinary xxxxxxx whom I don't know and who don't know me are also in on Kiersten's and the control center's victimization of me – is reflected also in Sartre's speech to the Moroccan students in 1949 (would notice this on 14 July):

It is France who oppresses [Moroccans], not the French masses... We [in France] will not be free until we can say 'There is not a man on earth who is oppressed because of us'.... (Bair, *Simone de Beauvoir*, p. 399)

This is not actually true, since the French masses do carry the prejudice of the French's superiority which has prompted the French government elites, when they have the power to manifest this prejudice by concrete actions, to carry out oppressive policies in Morocco and Algeria. Similarly, the white xxxxx xxxxxxxxx who are polite toward me and nice to me do carry the ideology which has prompted Kxxxxxxx, Axxxxxxx, Axxxxxxx's father, and M. Cxxxxxxx to slander me and force me to conform to their slander through mind-control torture. The truth is thus somewhere in between: while ordinary xxxxxxxxx have nothing to do with the control center and the International Court of Justice and do not want to pay taxes to support my torture and America's world imperialism, they bear some responsibility in developing the ideological foundation for the evils perpetrated by the American elites and my victimizers. The reasoning over justification had considerably softened my hostility toward xxxxxxxxx, especially since there are so many pretty white females walking around. What I didn't know was that the TMU was monitoring my conversation in real time in order to conclude, immediately afterward, that I was not dangerous to the Secret Society women."

files.

After charging up my laptop, hesitantly came to the Old Town, PSDN. (Would rather stay in Venice to stare at pretty AWFs; but thought about doing K, "Music Under the Star".) When I arrived, however, the concert was already over. Not too upset, because it's already expected. At Starbucks. Had more mature thoughts about xxxxxxxxx, and would be punished for this. 10:45 PM, Asus again cannot play any audio files. The audio function of my laptop had been destroyed. Pain. Required to collect damages. 11:20 PM, tried to upload the latest writing to Sky Drive for backup. Not allowed. Pain sensation, mood dampened. Required to collect damages. 11:30 PM, started collecting damages. **1 W (OFFC 3<sup>rd</sup>), 4 N, 2 B, 3 H, 2 SPC**. Failed 3 other Ws. Damages collected were too few to even out the pain suffered. Very sad when going home on 1:30 AM. Must collect a lot of Ws tomorrow just for today's share of pain.

Now the Secret Society women's operation on my website for today. 5:20 AM, somebody flagged my Craigslist hug therapy ad (kurtc1972). Craigslist thus deleted it. It's evident: because the certain authority's dismissal of the Homeland Security warning yesterday had become counter-evidence in the ICJ, Homeland Security CO chief instructed a volunteer to complain about my ad in order to be able to intercept some temporary evidence into the ICJ to lock up the previous ICJ trial for the time being.

It's the special Lincoln Center volunteer again, last here on 7 July. It would appear that, just like the Crockett volunteer, this Lincoln Center volunteer was always asked to examine my Table of Contents in order to brainstorm how to falsely report me for plagiarism. (Note that it was now past midnight in New York: this person was working late, perhaps just after a performance.) We must assume that, since it was now more than two hours after my conversation with Wes, the Secret Society women, convinced that the new evidence would soon enable them to have another chance with the certain authority, were calling upon this Lincoln Center "expert" to prepare a testimony about my supposed plagiarism for tomorrow.

My plagiarism. This is a research institute in Japan. On its website it is said (English version):

The Research Organization of Information and Systems establishes and operates a core research institute for promoting integrated research on a global level in the areas of polar sciences, informatics, statistical mathematics, and genetics, in collaboration with the research communities at universities and other organizations all over Japan. The Organization also aims to conduct integrated research across disciplines by addressing, from the perspectives of information and systems, issues involving complex phenomena of life, Earth, the natural environment, human society, and other areas, as critical issues for the 21st century. To achieve this, a central organization has been established to facilitate integrated research, and will attempt to construct a new research paradigm and to open up new research areas, again adopting an information and systems perspective. Also, by offering an information platform that supports the speedy and effective development of research at universities and other academic research institutes in Japan and overseas, the Organization seeks to raise the level of research in Japan.

My plagiarism? My particular brand of misogynist ideology? Let's summarize. Since the reporting to the certain authority had failed yesterday, the Secret Society women were today back to brainstorming with their volunteers. However, they must also be expecting new evidence to surface anytime soon. The essentials for today are:

- (01) 5:20 AM, Homeland Security CO chief instructed somebody to flag my Craigslist advertisement in order to intercept some temporary evidence into the ICJ.
- (02) 6:37 – 6:41 AM, **Shizuka** discussed me with an Izumo volunteer.
- (03) 9:51 AM, a Miami volunteer examined my delusion about there being chips planted inside my brain.
- (04) 11:22 AM, a Vista, California, volunteer examined my violation of my family members' privacy.
- (05) 11:25 AM, **SDW** called upon a Bendorf, Germany, volunteer.
- (06) 11:35 AM, a Halesowen, UK, volunteer examined my delusion about Snowden.
- (07) 12:02 PM, a Moscow volunteer examined **my delusion about Ekaterina**.
- (08) 1:03 PM, a French volunteer examined my delusion about Boss Cheney or Khalezov. **(a)**
- (09) 2:07 PM, a Las Vegas volunteer examined **the latest evidence which the certain authority had dismissed**.
- (10) 3:15 PM, a Naperville, Illinois, volunteer was instructed to forge evidence of my plagiarism.
- (11) 4:23 PM, a Marshall, Virginia, volunteer examined the incomplete version of my YY-II.
- (12) 4:54 PM, a Kyoto volunteer examined **my supposed naked picture of ANG**.

5 PM, my hug therapy was over.

5:30 PM, I was connected with Wes. Homeland Security CO chief and the Russian diplomatic mission were gathering their new evidence.

- (13) 5:51 PM – did a volunteer visit my Facebook?
- (14) 6:10 PM, **the same Los Angeles Linux volunteer** examined **the latest evidence which the certain authority had dismissed**.
- (15) 7:36 PM, a Sydney, Australia, volunteer examined my delusion about there being chips planted inside my brain.
- (16) 7:43 PM, **SDW** called upon a Missoula, Montana, volunteer to come examine my victimization of her on her blog.
- (17) 9:16 PM, the Secret Society women called upon **the Lincoln Center volunteer** again to prepare a testimony about my supposed plagiarism for tomorrow.
- (18) 9:50 PM, **SDW** called upon a Kennesaw, Georgia, volunteer.
- (19) 12:52 AM, a Düsseldorf volunteer examined my delusions about Boss Cheney or Khalezov. **(b)**
- (20) 5:22 AM, a Slovenia volunteer examined my particular brand of misogynist ideology (Elementary Structures).

### 13 July (Sunday: break from pain attack)

*First, a note about myself.* Slept between 5 and 9:30 AM. 10:30 AM, going to church. Not enough sleep, and will be sleepy all day long. Drew, Torey, and Stephanie, together in Papa Cristo to watch soccer. Home. Couldn't nap. To Stories. Generally, no pain, but nervousness all day long, and following AWFs everywhere they were. 9 PM, at Starbucks, Vermont, and recorded some thoughts of the day. Not recorded: also thought that it's in one's interest if Germany becomes a "third": a "backup plan" for Russia, since the Russian people are characteristically reserved, unsociable, and "closed-minded". Those in the Russian camp that can be trusted at all are no more than government officials; the rest

What was this volunteer looking for? The picture of my grandfather's maid? My violation of my family members' privacy?

Let's summarize. As noted, Homeland Security CO chief and his Russian friends would go back to the certain authority some time today to try to persuade him, with the intercept of my conversation with Wes from yesterday, to give these "women victims" another chance. Meanwhile, the "women victims" themselves would be brainstorming with their volunteers. They would have a particular focus today on my supposed computer-hacking and violation of my family members' privacy. The essentials are:

- (01) 7:31 AM, a Hamilton, Ontario, volunteer examined my front page. (1)
- (02) 9:37 AM, a Hanover, Germany, volunteer examined my harassment of a certain famous woman by linking to her website.
- (03) 11:07 AM, the same Portsmouth, Virginia, volunteer examined **my delusion about being chipped in the brain**.
- (04) 11:53 AM, a Bonney Lake, Washington, volunteer forged evidence of my plagiarism.
- (05) 12:09 PM, **Shizuka** rejoined the discussion together with a Hayward volunteer.
- (06) 1:05 PM, the Secret Society women called upon **Oliver** for help again.
- (07) 2:05 PM – did the Great Boss' family intervene together with a Budapest volunteer?
- (08) 2:26 PM, a Madrid volunteer examined **my supposed naked picture of ANG**.
- (09) 5:29 PM, a Bad Soden, Germany, volunteer examined **my delusion about being chipped in the brain**.
- (10) 6:17 PM, a Florida volunteer examined my front page. (2)

By this time, the Secret Society women had received the bad news that the certain authority would not hear from them again. SDW would be the first among the women gang to panic.

- (11) 6:26 AM, **SDW** called upon her Erie relative.
- (12) 7:59 PM, a Salmon, Idaho, volunteer brainstormed how to falsely report me for harassing Kxxxxxxx by blogging about her.
- (13) 9:24 PM, **Robin** rejoined the discussion together with a Bronx volunteer.

By midnight, because the certain authority's rejection had become counter-evidence in the ICJ, the Russian diplomatic mission decided to make temporary evidence enter into the ICJ by calling upon the volunteers to make reports directly to their own system (like the special Facebook group which they had set up for me).

- (14) 1:19 AM, the Istanbul volunteer began compiling **evidence of my supposed computer-hacking for the Russian diplomatic service**.
- (15) 1:20 AM, **Robin** discussed me with a Serbian volunteer, who then proceeded to examine my other drawings and paintings.
- (16) 1:23 AM, a Johnson and Johnson volunteer examined my violation of my family members' privacy.
- (17) 3:32 AM, a Makati, Philippines, volunteer, examined my front page. (3)
- (18) 5:34 AM, an Oslo volunteer examined "Periphery, II" (my violation of my family members' privacy?).

### 14 July (Monday; pain attacks resumed)

*First, a note about myself.* Slept between 3:30 AM and 2:30 PM. While sleeping, watched the documentary "China's last emperor". The Internet was cut off at two points to disrupt the streaming of the video, so significant that it is clearly programmed, not accidental. At the second point: when Puyi fantasized becoming the emperor of Russia. (*Just so much worthless bullshit.*) Finally enough sleep! Made up all the sleep deprivation in the past few days. To Stories. Read "Simone de Beauvoir", and realized the Americans' "responsibility" – will be punished soon for thinking mature thoughts. Required to believe that there is a pattern to my torture/ pain attacks: exhibiting signs of maturity, then suffering pain in order to look immature and violent and crazy: when in fact there is no pattern, no reason for the pain attacks, because I'm required to subsist in a delusional state of mind. (*Correct!*) Stories. My laptop again cannot emit audio sounds. Pain sensation, extreme sadness, and required to collect damages tonight. Wrote. Then, on the bus going to the Russian language meetup, 7 PM. A fat woman wearing earphones came to sit in front of me, causing me physical pain. Then a vulgar Hispanic man came to sit next to me to talk. (*Homeland Security?*) Physical pain. Required to collect damages. When arriving near the Meetup site, programmed to not look at the map beforehand, and hence lost. Walked around for 30 minutes before finding the place. Terrible pain, severe depression. Required to collect damages.

At the meetup. Left 10:20 PM. **2 B (LWLB)**. To King King to check if ANK still worked there. Closed. Not too upset because it was already expected. On Metro to go collect damages. 11:58 PM, a white guy wearing earphones came to sit in front of me, physical pain, and required to collect damages. To WLSHR/ SM. The building hit before was all JW, hence skipped it. The same pharmacy/ plastic surgeon. Looks JW. **1 W** anyway (3<sup>rd</sup>). On the bus on SM Blvd heading toward the next TRG, quiet, but then a Hispanic guy came on the bus to talk Spanish next to me. Pain, moved away, required to collect damages. Unable to find the destination again, saddened, and couldn't stick around at the front of the bus because one couldn't stand hearing Spanish. Off the bus on CNGA. Couldn't W at BHME: too strong. **1 W (ANTNA 2<sup>nd</sup>)**, **5 H (HRMNY)**, **5 N**. The bus passed me by right in front of me. Saddened. One had not collected enough damages to compensate the pain suffered, and yet one was absolutely exhausted. Prayed that one would not need to collect damages anymore. On the bus, a black guy stood next to me. Programmed HMSXL nervousness. Required to collect damages. (*The Monkey's programming?*) Near home, **4 B SCHL**. Home by 4 AM. MST (WF). The Internet suddenly became unavailable on Asus, and intermittent on Samsung. Pain sensation. Required to collect damages.

Now the Secret Society women's operation on my website for today. 5:43 AM, 101-142-209-168fl.wky1.eonet.ne.jp, Wakayama, Japan,\*

Now, let's summarize. Now that the certain authority had refused to hear from the Secret Society women again, the women gang merely spent the whole day brainstorming with their volunteers. The essentials are:

- (01) 5:43 AM, **Shizuka** rejoined the discussion together with a Japanese volunteer.
- (02) 7:14 AM, a London teacher examined my delusion about being chipped in the brain. (1)
- (03) 7:20 AM, she came to examine my latest blog posts (the evidence which the certain authority had rejected).
- (04) 7:22 AM, she came to the November 2013 blog posts.
- (05) 8:14 AM, an Oslo volunteer examined **my particular brand of misogynist ideology**.
- (06) 8:34 AM, **SDW** called upon a Rome volunteer.
- (07) 9:05 AM, **Robin** rejoined the discussion together with a Quezon City volunteer.
- (08) 9:44 AM, an Eindhoven volunteer examined my delusions about Khalezov.
- (09) 9:46 AM, **Robin** discussed me with an Amazon volunteer.
- (10) At the same time, **SDW** called upon a San Francisco volunteer.

### 15 July (Tuesday; pain attacks)

*First, a note about myself.* TNT, 2:45 PM. A police car passed by, the black guy inside stuck out his head from the window, shouting, "Why me? Why me?" Wondered: could the control center be creating fake evidences showing me being arrested multiple times in my life, so that the rule that I shall never be arrested can actually not be violated. But then thought, No. In real life, I have never had any criminal records. How do you explain that? (*Just required to speculate wrongly in order to look delusional.*) Wrote in TNT all afternoon, and then went to the Forum, 7 PM. Made the decision: the church is very important. But to find a home here, one must be able to bring one's mind-control issue into the church structure. Otherwise, one can never be part of the church world. (*Was Homeland Security CO chief preparing me for something? As you shall see soon...*) After the Forum, went to Novel Cafe, arriving there on 11 PM. No severe pain attack so far today. From this point on, pain attack would start.

My laptop again couldn't emit audio. Restarted it. Not too upset as yet. Ordered dinner. Then the cashier came to warn me not to pick my nose. Upset, pain sensation. Thought about collecting damages for this: for if I complain about the same thing, I will be ignored: I'm required to live by a higher standard because I'm a subhuman. People just want me thrown out, that's all, and are looking for reasons. The complainer isn't even normal. Nobody ever complained about this. (*Was the complainer a Homeland Security agent?*) Then the manager also came to warn me. Angered. Required to collect damages. But thought: I still have a choice to not collect damages for this. But will have to collect damages for last night's. On the bus, 1:10 AM. Played "Podium" with VLC Player. The laptop froze up. Pain sensation. Restarted it. Couldn't emit audio again. Shut it down, but suddenly there was audio. Canceled the restart. Now pain. Required to collect damages for this. Noted this down, then no audio again. Physical pain, required to collect damages. Upsetting thought: will have to turn the laptop in to Best Buy soon, exposing it to government searches. Upset. Required to collect damages. **CLVRCTY: 1 W (WLS), 4 N, 2 B, 3 H (WRDART, YG)**. Three police cars are nearby, someone is being arrested. On bus 33 going home, 2:30 AM. Stepped on a black man's foot. He pushed me, extremely aggressive. Pain. Then the laptop again couldn't emit audio. Some pain. Off the bus, **1 N, 1 W (MEXLOAN, 5<sup>th</sup>)**. Severe depression and pain starting now would last until sleep before 5 AM: simply can't stand a life

filled with physical pain and depression because of the invalidation of my mind-control experience, etc. Hatred toward all Macrospherians. (*Well, it was just Homeland Security CO chief continuing to motivate me to break things around town by inflicting pain on me – all because he and his Russian friends couldn't get anywhere with the certain authority*).

My violation of intellectual property rights.

Let's summarize. Today was the second day that the Secret Society women would spend brainstorming

with their volunteers now that the certain authority had refused to hear from them again. The essentials are – much brainstorming about my supposed violation of intellectual property rights and computer-hacking aside:

- (01) 7:49 AM, a Sri Lanka volunteer examined my blog post for 10 June.
- (02) 9:24 AM, **Robin** rejoined the discussion together with a Michigan volunteer.
- (03) 9:33 – 9:46 AM, a UK volunteer thoroughly examined my blog posts about my being chipped in the brain.
- (04) 12:08 PM, a Schenectady volunteer examined my delusion about how my women victims had teamed up with Homeland Security to go after me.
- (05) 2:32 PM, an Italian volunteer examined **my supposed naked picture of ANG.**
- (06) 2:41 PM, a Spanish volunteer examined **my supposed naked picture of ANG.**
- (07) 3:59 PM, a Jacksonville, Florida, volunteer examined how my delusions about being chipped in the brain had prompted me to become a danger to others as well as to myself.
- (08) 4:08 PM, a Stoughton, Massachusetts, volunteer examined **my delusion about being chipped in the brain.**
- (09) 4:26 PM, a Singapore volunteer also examined **my delusion about being chipped in the brain.**
- (10) 6:36 PM, a direpc volunteer examined my delusion about President Obama.
- (11) 6:45 PM, SDW called upon a Sterling Heights, Michigan, volunteer to come examine Piotr's link to my blog.
- (12) 6:52 PM, SDW asked the Sterling Heights volunteer to examine the latest evidence.
- (13) 8:13 PM, SDW and Ekaterina called upon a Osorno, Chile, volunteer to come examine the latest evidence.
- (14) 8:15 PM, the Osorno volunteer posted the latest evidence on the Russian diplomatic mission's special Facebook group for me.
- (15) 8:21 – 8:55 PM, the Osorno volunteer carefully considered the rest of my blog (the rest of the evidence).
- (16) 10:01 PM, a Surrey, British Columbia, volunteer examined my delusion about Ekaterina and Russia.
- (17) 10:10 PM, another volunteer from Latin America examined the Osorno volunteer's posting on the Russian diplomatic mission's Facebook group for me.
- (18) 3:10 AM, a Geneva volunteer examined **my supposed naked picture of ANG.**
- (19) 4:18 AM, **Robin** rejoined the discussion together with an Australian volunteer.

The brainstorming was not in vain, and the Osorno volunteer had evidently achieved results with his effort. Tomorrow morning the Russian diplomatic mission and Homeland Security CO chief would go to the certain authority again and obtain from him the permission to let the “women victims” speak to him again.

Finally, note that Kxxxxxxx retweeted three times on her Twitter today.

*First, a note about myself.* Slept from 6 AM to 12:30 PM. TNT, and called Archdiocese: no one there, and thus wrote an email to Prof. W, Executive Secretary of the Committee. I wanted to talk to some “expert” in my church about my mind-control business, but had the impression that I was only required to do this in order to repeat past episode in my life.<sup>3</sup> (*Did Homeland Security CO chief instruct the Monkey to program me to do this, in order to generate more opportunities for him to broadcast his warning about me?*) My laptop couldn't emit audio again. No means to cover up the noise around me. Sonophobia. Severe depression, pain, required to collect damages. It's obvious that the forced shutdown of my laptop on 12 July is the cause for the malfunctioning of the audio function. The control center has programmed me to forcibly shut down the laptop that day knowing that this would damage the audio function, and that the malfunctioning of the audio function would cause me severe pain and depression daily and drive me to collect more damages. “For I am required to suffer pain due to my own fault and then collect damages for all this in order to look like I am blaming my own faults on others or taking out on others my anger resulting from my own faults and actions, so that I can look bad while the people around me can look like my victims.” (*Was I correct about this? Did Homeland Security CO chief and the Monkey really program all this?*)

Then, the Russian church. Fathers not there. Going to Stories. With Wes past 4 PM. Spirit lifted. Stories, wrote, and then Casbah, wrote. 11 PM, was waiting for the bus, and the Spanish girl hit it off with what looked like a Homeland Security agent. Decided not to collect damages tonight. Home, 12:30 AM.

*Highlights of my conversation with Wes today:* (1) my problem with the church: I can't tell people there that I have a chip in my brain controlling me to commit xxxxxx and I feel like a hypocrite because I have another human being who's my God instead of God himself. “Brain-chip” is not a category of ordinary discourse, not part of anybody's experience. Hence my attempt to contact Prof. W. (2) I'm sick and tired of committing xxxxxx. Maybe the control center can simply change the story, so that we don't have to validate K's, the Monkey's, and M. C.'s false profile of me anymore? Like: one day he has a change of heart and decides to not commit anymore crimes? Like the debate about my Francophonia back in 2007: originally he didn't speak French, but then later he learned it. Wes: you can commit one crime, two crimes... but after 400 crimes, you start invalidating your criminal nature... there is a point of diminishing return... no, negative return... at some point more crimes will actually harm their case... (*While we can't be sure why Wes said all this, we can be sure that my scenario about being remotely controlled to commit xxxxxx in order to prove that a certain profile was correct would soon be used by the Russians and Homeland Security as certain evidence of my schizophrenia (even though everyone knew that what I was saying was sort of true).*) (3) My worry that K might be plagiarizing me. She might also use her status as the “victim of my stalking” to gain clandestine access to my website and so on, to listen to how I analyze myself and imitate, in order to make herself appear like an expert psychoanalyst. She had gained access to the control center via the “Homeland Security guy”. This

3 My recording this afternoon: “IMPtntcallWolosWwesnotbelievable\_7\_16\_14\_139-510PM.MP3”: in the restroom at TNT. 2:00, I called Archdiocese. 20:00, I called Prof. W's school. 25:00, I left a message with Fr. Alan asking for a short meeting before Sunday. I came to the Russian church, but the father was not here. 1:38:00, I left a message for Wes. On the bus. 2:06:00, I explained my cut wounds to a stranger girl and we started discussing medication and mental illnesses. 2:14:40, Wes called me.

could be the case: the “Homeland Security guy” would program me to commit xxxxxx at a particular place, and he would tell her beforehand, so that she can then tell her friends, ‘I can predict when Lawrence will commit xxxxxx and where’... so that everyone would be so impressed by her psychoanalytic and psychic ability. I had thus resumed copyrighting my works... what she’d do all depends on what the government’s agenda are... she’s doing it because the government allows her... *(Again, everything I feared might be happening was not actually happening so that Homeland Security CO chief and his Russian friends had instructed Wes to call me specifically in order to be able to obtain more evidence of my delusions about my women victims. This, even though what I feared here would happen later, many years later.)* (4) My wrong conception that the visits to my website were orchestrated: not real... from the strangest places... (5) Then back to my paranoid fear about K’s plagiarizing me: most of what I wrote is too technical for her, but what I wrote about women’s issues she can indeed plagiarize... because most people are very stupid, you can’t lie to them and then reverse the lie... most people don’t have the capacity for change, for *metanoia*... it’s futile to try to justify yourself to them... most people are just walking intestines... no point in rectifying the slander about me to them... the case of Karin... the brain of most people doesn’t operate according to the category of what is real and what is not... most people just want to dominate... they will find a reason for it, but when they find out the reason is incorrect, they don’t care... Wes brought out the Platonic Cave again. Me: most people don’t have the capacity for grasping the concept of truth, the distinction between truth and falsehood... most people just want to call me ‘crazy’, it doesn’t matter whether I’m really ‘crazy’... Wes: most people reject a view-point when it contradicts their already existing belief system... they are comfortable with the existing belief system, and are reluctant to discard it... Thomas Kuhn... when they don’t have another system to take its place... people value internal validity more than external validity... *(Wes was here giving an excellent account of how people perceive and believe things – you should pay careful attention to it.)* Wes continued: unless you find a group of people who have already rejected the belief system... Me: there is no way for me to get anywhere unless ‘brain chip’ becomes an accepted category of public discourse... Wes: everybody, or just a small group... Me: my intelligence and knowledge surpass others by such a wide margin that I’m practically a different species... there is no other people like me... it’s all because of my life-style... nobody else spends their whole life educating themselves... I know something about everything... And now Wes started picking on me – *was he instructed by Homeland Security to do this?* Wes thus asked me what semi-conductor and silicon were. (2:53:00, siren.) I got annoyed: okay, so you have proved that I’m an idiot... we need to produce evidence that I’m an idiot... the only way to fight depression is to commit xxxxxx... Wes: then commit xxxxxx... crime is treatment, not a cure... Wes’ solution: get into academia... *(Why was Wes suggesting this? Didn’t he know that academia was also being increasingly dominated by dumb people?)* (6) 2:57:30, I talked about the French plan back in 2010, to set me up with Ekaterina... to chip her and program her to be my girlfriend... threesome... so ridiculous, laughable... *(The Russians’ evidence that I had indeed developed bizarre delusions about Russia’s First Daughter: this is the most important part of my conversation today.)* (7) Wes suggested Santa Cruz, but I was thinking about Germany: I’m not gonna be happy in Russia... I don’t like the Russians here because the Russians here don’t like Russia... but even the Russians in Russia aren’t really educated... too reserved... not an example of a ‘global citizen’... hence the Germans... Wes suggested Vermont... Maine... And I started talking about this thing, “cultural fatigue”: ... hence all the former Soviet republics didn’t want to be part of Russia’s sphere of influence... my fatigue with America... I think we are just replacing

evidence... the last time you persuaded me to go to Montreal, and so we have to do it again... I don't like to be manipulated... but that's what my life is about... (*Here the Russians and Homeland Security CO chief had obtained more evidence of my delusional mind.*) I continued: if I'm in a country aligned with the US, I wouldn't like it... but it seems that their plan is to move Germany away from the US... somebody is purposely inciting the German public opinion against the US... that double agent in Germany... expulsion of the CIA station chief in Germany... such strange news... (*Such stupid speculation was more evidence for the Russians and Homeland Security of my delusional mind.*) I continued: but I suffer all this for Russia, but Russia doesn't seem to be a perfect society for me... even though Russia seems to be a big cure for my cultural fatigue... but the Russian people are not friendly people... too urban... no lay-back atmosphere... and committing xxxxxx to kill pain – that only works with a certain people... I need to get this problem solved first before going anywhere... Wes: maybe if you move, then you'd just stop... But I insisted that the control center would continue to cause me pain. Wes: maybe the control center is afraid that you might go to Vermont... and so preventing you... (8) Wes refused to Skype me when he shall be in Brazil. Wes suggested Dr G, but I retorted: no, I don't ever want to speak to him again... I have to produce evidence that I'm a bad person by nature... nobody can thus admit that I'm programmed to commit xxxxxx... and so I'd have to punch him in the face... as soon as I bring up 'chips in the brain' that's the end of the relationship... the ultimate stigma... I continued to criticize Dr G for being petty with his quest for intellectual superiority. Wes insisted that his absence would in fact only be 3 weeks. Me:... I don't have any future except replacing evidence, repeating bad episodes from the past... I'm required to look the opposite of what I really am... Wes: you do smell... Me: even when I wanted to take shower, I would not be allowed to... *even the misinterpretation of accidents as orchestrated is orchestrated*... Finally I hanged up with Wes.

This visit came from Joint Base San Antonio – Fort Sam Houston.

You can imagine that, by this time, almost noon in Washington DC, the reporting to the certain authority had started. In order to convince him totally that his warning about me was correct, Homeland Security CO chief instructed the Secret Society women to call on this Army officer to report my violation of intellectual property rights.

Could this be the new evidence to convince the certain authority to reconsider the Homeland Security warning? 33 seconds later, she came back to the cache of the blog's front page:

My computer-hacking. Again, the typical assignment of the "Turkish Group".

Let's summarize. Since morning, the Secret Society women must be quite excited about another opportunity to offer their testimonies to the certain authority. Thus, much preparation. The essentials for today are:

**(01)** 7:06 AM, **Shizuka** rejoined the discussion together with a Tokyo volunteer.

**(02)** 8:18 AM, a Fayetteville, Arkansas, volunteer examined **my delusions about ANG's going after me.**

**(1)**

By now, the reporting to the certain authority had started.

**(03)** 8:52 AM, an Army officer from Fort Sam Houston certified to the certain authority that I did violate intellectual property rights.

**(04)** 9:13 AM, **SDW herself** made her report.

**(05)** 9:20 AM, a Santa Ana volunteer certified that I did plagiarize.

**(06)** 9:32 AM, a physicist from Fermi Lab also certified that I did violate intellectual property rights.

By 10 AM, the reporting had presumably stopped, with the certain authority dismissing the Homeland Security warning once again. The Secret Society women were back to brainstorming with their volunteers, and Homeland Security CO chief soon decided to order Wes to call me so that I could produce more evidence for another debate and reporting tomorrow.

**(07)** 2:18 PM, the Santa Ana volunteer came back to brainstorm.

**(08)** 2:32 PM, a Sleaford, UK, volunteer examined my harassment of the ICAACT people by mentioning them on my blog.

**(09)** 3:23 PM, **SDW called on her Erie relative** to come examine my blog to brainstorm. She would obtain my latest July diary as the new evidence.

Kxxxxxxx's Vengeance, 16  
Lawrence Chin,  
Aug., 2016; Mar. 2023

3:53 PM, per Homeland Security's order, Wes called me.

(10) 4:06 PM, a Youngstown, Ohio, volunteer examined **my delusion about ANG (YY-I). (2)**

5:10 PM, I hanged up with Wes. Homeland Security CO chief and the Russians had obtained the second set of new evidence for tomorrow.

(11) 5:30 PM, SDW called upon a Las Vegas, Nevada, volunteer to come gather evidence of my slandering of other prominent TIs.

(12) 6:56 PM, a Warren, Michigan, volunteer opened up Best Mommy's picture in Word.

(13) 8:35 AM, SDW called upon a Carmel, Indiana, volunteer to come examine the links I had left behind on her blog.

(14) 9:09 PM, a Quebec volunteer examined **my supposed naked picture of ANG.**

(15) 12:11 AM, an Australian volunteer examined **my supposed naked picture of ANG.**

(16) 1:24 AM, Mr Ponomarev joined the complaint enterprise together with a Richmond, California, volunteer.

1:57 AM, I posted "Attempt to understand my targeting" on my blog (repeating much of my conversation with Wes from earlier).

And late into the night, the Secret Society women (probably especially Ekaterina) directed the volunteers to collect more evidence of my supposed plagiarism for tomorrow's hearing. (Note especially the Amsterdam volunteer.)

## 17 July (Thursday)

*First, a note about myself.* Woke up 9:30 AM. Decided not to go to the Russian church (Protection of Holy Virgin) as planned, because all the Russians here are just the type of Alexander Litvinenko, Boris Berezovsky, etc. Not real Russians. Got some coffee and went back to sleep. Woke up past noon. TNT. Then, the SM library. Wrote more on "On the Periphery of K's Meetups". No pain so far. Called Prof. W, 6:45 PM, outside the library. Phone out of money just at this time. Added money, but no pain. Called again, there was no answering, and left a message. On the bus to the French meetup in Googlies. Prof. W called back a little past 7 PM. Then called her outside the restaurant. She had heard of "brain-computer interface". At the French meetup. Nervousness, but no pain. Met Tim, a philosophy enthusiast, and couldn't help but find him suspicious. Too coincidental that he studied philosophy. Had been fearing for a law enforcement investigation, and was afraid he might be an informant. (He was probably not: one had wrongly suspected him.) Afterwards, going to Starbucks, WSTWD. Rode past Westwood Blvd again: was I programmed to lose sight of it because I was looking at my writing? Angered. Anger had at last returned. The "program" started again. C. Marie: small **W** shattered. Not satisfied. Bottle at PSYCH. It didn't break, and the janitor was just coming out. He yelled at me saying he was calling the police. Coincidence. Programmed? Angered, pain. Starbucks. Finished writing "Periphery" Part I, at last. 2 AM, walked down WSTWD to collect damages. **3 H (PSYCH,**

Presumably, to ensure success in the upcoming important hearing with the certain authority, Homeland Security CO chief had once again referred ANG to his contact at the Homeland Security headquarters. The man agreed to help the Secret Society women by preparing a false report about my violation of intellectual property rights. (But why "child's drawing of...") Since the report came from the Department of Homeland Security headquarters, the certain authority should be expected to not dismiss it so easily.

Was this volunteer a British person living in Australia ("en-gb")? In any case, it would seem that, to ensure success, the Secret Society women had also got Marie to join in on reporting my harassment to the certain authority.

Now it's time for Shizuka to make her complaint too to the certain authority. However, presumably, by this time, the certain authority had made it clear that he's going to dismiss the Homeland Security warning once more. The Secret Society women, terribly disappointed, were thus back to brainstorming.

It's not clear whether this was related to the Secret Society women's operation.

Let's summarize. This morning, no sooner had the certain authority walked into his office than Homeland Security CO chief's agent and a representative from the Russian diplomatic mission came to him to show him the latest evidence (my July Diary and the intercept of my conversation with Wes from yesterday) in order to persuade him that this Homeland Security warning about me might be truthful after all. The certain authority agreed to hear the women victims' testimonies one more time, but only after 6 PM (local time), after he was done with his normal business for today. Thus, since early

morning, the Secret Society women had been mobilizing volunteers to prepare testimonies for the upcoming hearing (to demonstrate that every bad characteristic listed on the Homeland Security warning about me was absolutely correct). The essentials are:

- (01) 4:49 AM, a Tokyo volunteer examined **my supposed naked picture of ANG**.
- (02) 5:42 AM, **the Amsterdam volunteer again** (American civil religion).
- (03) 6:18 AM, a Munich volunteer examined my delusion about Khalezov or Boss Cheney. (1)
- (04) 8:12 AM, **the Amsterdam volunteer again**.
- (05) 8:22 AM, **again**.

3:30 PM, or 6:30 PM in Washington DC, the certain authority agreed to hear from the "women victims" one more time.

- (18) 3:38 PM, **SDW** called on a Caddo Mills, Texas, volunteer to report my victimization of her on her blog to the certain authority.

- (22) 4:51 PM, ANG asked a Enschede, Netherlands, volunteer to report **my supposed naked picture of her** to the certain authority.
- (23) 4:58 PM, a volunteer from Clayton College reported my delusion about synthetic telepathy to the certain authority.
- (24) 5:17 – 5:33 PM, Shizuka also joined in on the reporting together with an Indian and a Kentucky volunteer.

Despite all these excellent reports – including the ones from the Department of Homeland Security headquarters and the Great Boss' family – the certain authority dismissed the Homeland Security warning as invalid and refused to consider Russia's First Daughter as the victim of an American terrorist. Today's reporting was especially intense and had lasted two hours or so (6:30 – 8:30 PM in Washington DC). And so, from now on, the Secret Society women were back to brainstorming with their volunteers:

- (25) 7:04 – 7:09 PM, a Singapore volunteer examined my delusions about being chipped in the brain.
- (26) 7:13 PM, SDW called upon a Union City, New Jersey, volunteer.
- (26) 7:17 PM, the Singapore volunteer continued.
- (27) 8 PM, a San Jose volunteer examined my particular brand of misogynist ideology (Elementary Structures).
- (28) 8:58 PM, Jennifer D rejoined the brainstorming together with a Virginia volunteer.
- (29) 9:20 PM, an Ontario volunteer examined my delusions about Boss Cheney.
- (30) 11:44 PM, the Secret Society women called upon the LUG buddies (?) to examine my supposed plagiarism in my chapter on special relativity.
- (31) 11:55 PM, SDW called upon a Kent, Washington, volunteer.
- (32) 12:01 AM, a British Columbia volunteer examined my latest blog post on Feedly.
- (33) 2:01 – 2:07 AM, a Springfield, Australia, volunteer examined my supposed computer-hacking.
- (34) 2:22 AM, a Netherlands volunteer examined my blog post series /conspiracy-theory/.
- (35) 2:37 AM, SDW called upon a Los Angeles volunteer.
- (36) 2:51 AM, SDW called upon the same Las Vegas volunteer from the 16<sup>th</sup>.
- (37) 3:53 AM, an Oslo volunteer examined my harassment of a certain famous woman by linking to her website.
- (38) 4:24 AM, SDW called upon a Great Falls, Montana, volunteer.
- (39) 4:55 AM – did Shizuka rejoin the brainstorming together with a Riverside volunteer?

As you can see, as usual, SDW was the most upset among all the Secret Society women. She stayed up until 4:30 AM telling at least 5 volunteers about how, despite my crazy blog posts about her, the authority had nevertheless dismissed Homeland Security's warning about me.
